Y.M.C.A. REPRESENTATIVE TO SPEND SOME TIME HERE

Proposition to Erect Building on Royal Avenue Is Again Talked of—Three Storey Block.

C. R. Sayer, western travelling representative of the Y. M. C. A., spent some time in the city yesterday in consultation with a number of business men who some time ago volunteered assistance in connection with a project to establish a Y. M. C. A. in this city. A meeting was to have been held in the afternoon, but owing to some misunderstanding it did not materialize, but it is intended to remedy this at an early date.

Early in January next, Mr. Sayer proposes spending two or three weeks in the city for the purpose of interesting the business and professional men in the enterprise, and also to raise the funds necessary to ensure the erection of a suitable building. Some months ago a desirable site was secured on Royal avenue, on which a certain amount of work has already been done, including the laying of the cement foundation.

The plans at present under consideration call for the construction of a three storey building, with a basement containing a large swimming tank. The first and second floors will be occupied by gymnasiums and reading rooms, while the third floor will be given up to bachelors' quarters, where young men, strangers in the city, will be accommodated with good rooms at moderate rate.

SAYS MIXING OF BLOOD IS WIPING OUT NEGROES

New York, Nov. 26.—Miss Lillie Devereux [illegible] created something of a sensation yesterday at a meeting of the Society for Political Study at the Hotel Astor in a discussion on [illegible] by saying, after referring to [illegible] made by others to the [illegible] in criminals annals: "The blood is now so mixed with [illegible] that the real negro is becoming [illegible]. In 100 years from now [illegible] there will be one left [illegible] broadly speaking, will [illegible] of negro blood in their [illegible] say that I will regret it."

VETERAN PROSPECTOR OF YUKON KILLS HIMSELF

[illegible], Nov. 25.—Charles David [illegible], a famous Yukon prospector, committed suicide today by a rifle shot in the head. He was best known in [illegible] creek. Despondency is thought to be the cause. Beside him was a novel with an open marked [illegible] entitled "A diseased Mind."

Last evening twenty young people, friends of Miss Katie Bourke, were entertained by that young lady at her father's residence, Carlson street, yesterday evening, being assisted in her duties as hostess by her little sister, Queenie. Progressive whist was one of the diversions of the evening, the first prize being won by Miss M. Eastman and the consolation by Miss Byrne.

CITY COUNCIL WILL HOLD CONFERENCE

New Dam at Coquitlam Will Again be Discussed with B.C.E.R. Officials.

At the special meeting of the city council called for tomorrow afternoon the important matter of the proposed Coquitlam dam to be built by the Vancouver Power company will come up for discussion, as well as the proposal to commence the Lulu Island bridge at once.

Several interviews have been held with the representatives of the company notably those of April 16 with General Manager Buntzen, and June 26 with Assistant General Manager F. R. Glover; on both occasions carefully worded resolutions were passed, in the former case advocating the construction of a new dam and later that the [illegible] more than three feet higher than [illegible]. Again on Sept. 11 an interview was held with representatives of the company and Consulting Engineer Schuyler, and statistics were submitted for a huge dam far higher than the city council had ever contemplated. Since that time the members of the council have made their annual visit and seen for themselves what is needed. The officials of the Vancouver Power company want to know the intention of the mayor and aldermen at once, as the present season is suitable for the required work, and they hope to have the Cloverdale-Westminster section in operation early in the new year, while the Eburne line will also be electrified at once.

Failing the company succeeding in securing the raising of the dam to get enough water for power purposes, it may be compelled to acquire the franchise of the Stave Lake Power company, which also has a franchise to supply power in the city.

In order to discuss these matters, General Manager Sperling, Mr. Schuyler, and others have been invited to attend the meeting, as well as representatives of the board of trade and Coquitlam district council. The object of the meeting is to give the company a further opportunity to put its plans before the council before Mayor Keary goes to Victoria.

ROOSEVELT MAKES PLEA FOR NEGRO

Washington, Nov. 26.—President Roosevelt today in delivering the address at the laying of the corner stone of the Young Men's Christian Association building for colored people, discussed the relations of the white and black races, and made an earnest plea for "the square deal" in America's future treatment of the negro. He made the distinction that it was not social equality for which he was arguing, but "equality of treatment before the law—equality of opportunity to earn a living," and he insisted that "performance of duty should be the test applied to the white and colored man alike."

MANIAC PARADES AISLE THREATENING TO KILL

Liquor Crazed Pressman Terrorizes Passengers on Train by Wielding Ugly Gun.

Tacoma, Nov. 26.—Crazed with liquor and suffering under the sting of a supposed insult, George Wagenlander, a newspaper pressman of Portland, Ore., ran amuck on Northern Pacific train No. 34, en route to this city from Portland late last night and terrorized the passengers of the car in which he was riding by pacing the aisle, gun in hand, and threatening to kill the first person who dared to move.

Finally, Conductor Egan stepped into the car, and realizing the situation walked boldly up to the demented man and requested to look at the gun. Wagenlander handed over the firearm and the conductor overpowered him.

Wagenlander was turned over to the police authorities, and after several hours in jail, had completely forgotten his wild escapade.

BOMB THROWER HURLS MISSILE AT A TRAIN

Calcutta, Nov. 26.—A bomb was thrown at a train coming into Calcutta, filled with European passengers. A hole was torn through one of the cars, but no passengers were injured. The outrage threw the station into a panic, and, in the confusion, the dynamiter made his escape. The police immediately commenced a hot search for the offender, but there is little hope that he will be apprehended.

The bomb thrower is believed to be a native and a member of the revolutionary cabal which has been manufacturing infernal machines for months planning a wholesale slaughter of the white residents of India.

AUSTRIA WOULD HAVE COMPULSORY INSURANCE

Vienna, Nov. 26.—The government has introduced in the Lower House of the Austrian Reichsrath a bill dealing with social insurance.

It extends the present provisions for compulsory insurance against illness to all workmen and servants, including agricultural laborers. Insurance against old age is also made obligatory in the case of all workmen employed in industrial concerns, agricultural laborers, servants, and employers whose annual income does not exceed $500. The number of persons affected is 10,000,000.

The state will make an annual grant of $166,500 toward the costs of administering the funds, and after the fifth year will place $17 for each contributor.

New Insurance Company.

Winnipeg, Nov. 26.—Stock sheets have been issued and work of organizing a new fire insurance company which will be backed almost exclusively by western capital has already been well advanced preparatory to asking a charter at the next session of the legislature. It has been called the Manitoba Prudential, but as the name may conflict in a measure with a life insurance company of that title a change may be considered necessary.

Women Voters Meet.

A meeting of the women voters which was thoroughly representative in character, was held yesterday afternoon at the residence of Mrs. J. R. Gilley, Eighth street, to discuss the forthcoming municipal election. An interesting address was delivered by the provincial superintendent of the W. C. T. U., Mrs. Spofford, and it was decided to meet again shortly, before the election comes on. The decisions arrived at at the meeting are being held private by request.

Old Relic Unearthed.

A curiosity in the form of a four-edged bayonet was unearthed a few days ago by Leo Grossman, of Chilliwack, when digging in his mother's garden on Westminster street. The weapon had evidently been there for many years judging from the amount of decay from rust. Old fighting men are unable to account for its presence as the four-edged bayonet seems to have been obsolete long before their time.

LIBERALS SECURE LEASE ON NEW HEADQUARTERS

Two Young Liberals Will Be Given Seats on Senior Executive—Club to Move in January.

At the regular meeting of the Liberal association yesterday evening it was decided that the Hardman hall, McKenzie street, be leased for three years, with a three or six year extension option, it being the intention of the association to make its headquarters there, moving early in the new year. The hall will be fitted up and in proper shape by Jan. 1, according to the proprietor.

Notice of motion to amend the constitution to permit of the addition of two members to the executive board was given. The two new members will be appointed by the recently organized Young Liberals, the selection being left to that association. As soon as this addition is made, the executive board, including the officers, will be composed of fifteen members.

GERMANY SUFFERS FROM SURPLUS OF UNEMPLOYED

Berlin, Nov. 26.—The working class of Germany are today facing harder times than they have experienced in a generation, and the situation has become so acute that the labor unions throughout the fatherland are clamoring for government assistance. To meet the serious situation, the Berlin municipal authorities are already considering the inauguration of extensive public works to provide employment for those who are involuntarily idle.

It is estimated that more than one-fourth of Germany's wage earning class is unemployed at present and that by the middle of December the proportion will have reached one-third.

CHARGE THAT OFFICERS EXCHANGED ASIATICS

San Francisco, Nov. 26.—Charges that officers and members of the crew of the Pacific mail liner Mongolia have been guilty of smuggling Chinese into this country by substituting returning Asiatics as sailors for newly arrived Mongolian sailors with shore leave, were investigated today. The investigation is expected to extend to other vessels plying between the Orient and this port.

LARGE DREDGING DEALS IN KLONDYKE

Dawson, Y. T., Nov. 26—A report has been received that Russell Knit has bonded his ten miles of dredging ground, two modern dredges on Walker's Fork, in the Forty-mile country; to Davison brothers, managers of the Alaska Consolidated Gold Dredging company, for $500,000. Several other giant dredging deals are pending in the Klondyke.

May Lose An Eye.

Regina, Sask., Nov. 26.—Roy Hamilton, of the Canada Permanent staff had one of his eyes injured in a game of basketball at the Y. M. C. A. One of the players stuck his thumb into Hamilton's eye and he may lose the sight as a result. The ball of the eye is filled with blood and the retina is detached.

Breaking Up Illicit Liquor Trade.

St. John, N. B., Nov. 26.—New Brunswick officers are working in conjunction with Maine officials in an attempt to break up the boundary line liquor traffic. They have arrested J. K. Wise, John Collins, Alonzo Ratcliffe and Ledbetter.

KETCHELL IS CHAMPION.

San Francisco, Nov. 26.—Stanley Ketchell won the middleweight campionship from Billy Papke with a knockout blow in the eleventh round this evening. Both men fought gamely from the start, honors being fairly even all through. A large amount of money changed hands over the fight, the betting being slightly in favor of Papke.

NEW CRUISER WILL BE USED ON B. C. COAST

Liberal Government in Earnest Concerning Protection—Tenders Called for.

Vancouver, Nov. 26.—Apart from the activity displayed by the Dominion government since elections in respect to improvements in the harbor at Vancouver, the fact that the government's pledges were not mere pre-election promises, is proven by the appearance of an advertisement this week in prominent newspapers for a new cruiser for British Columbia for the fisheries protection service.

Tenders addressed to G.J. Desbarats, acting deputy minister of marine and fisheries, Ottawa, will be recieved up to January 15, 1909, for the construction of a twin screw steel cruiser for fisheries protection service in British Columbia waters, of the following leading dimensions, namely: Length, over all, 259 feet; breadth of beam moulded 32 feet, and depth from top of keel to top of beams at side, 17 feet; to be delivered at Victoria, B.C.

Plans and specifications of this new steamer can be seen at the department of marine and fisheries, Ottawa, at the offices of the collector of customs, Toronto, Hamilton, Collingwood, Vancouver, B. C., and Sydney, N. S., and at the agencies of the department of marine and fisheries at Montreal, Quebec, St. John, N.B., Halifax, N.S., Charlottetown, P.E.I., and Victoria, B. C.

The same plans and specifications can be procured by application from the department of marine and fisheries and at the agency of the department of marine and fisheries, Victoria, B. C., up to the seventh day of January, 1909.

AUSTRALIA COULD FOLLOW CANADA'S EXAMPLE

London, Nov. 26.—In reference to the statement of the premier of South Australia regarding the vacant governorship in the state, namely that there wasn't a position of honor in South Australia which should be regarded as beyond the reach of their most distinguished citizens, the Earl of Crewe states that if Australians desire to adopt the Canadian system, the imperial government will probably agree.

Testing Mission Boat's Engines.

Testing has been commenced with the engines of the new medical mission boat, the Good Samaritan, which the Methodist denomination of British Columbia is constructing to be used on the waters between Seymour narrows and the Nass river. James K. Rebbek, of Victoria, is testing the Cowie engines which are being used, and it is expected that the boat will be ready in a few days. Captain Oliver is donating the boat to the church, and this represents a valuable consideration. She will be able to render effective aid to the missionary work, and various bodies in the church will, it is expected, make themselves responsible for the maintenance of the crew. Provision will be made for the boat to deal with the sick, and if necessary, accommodation can be made for a short service to be held on board.

FOOTBALL CLUB WILL HAVE CONSTITUTION

Committee Appointed to Draw Up Rules—J. Bruce Elected Captain for the Season.

A largely attended meeting of the Westminster Football club was held last evening, when a number of important matters were dealt with. E. R. McMillan occupied the chair. One of the principal matters dealt with was to appoint a committee to draft a proper constitution for the club, those appointed being President McMillan, Manager Davis, W. Anderson, F. Bridge, A. G. Beaton and T. H. Wilson.

Four nominations were received for the office of captain, J. Bruce, C. Kirby, R. Sawyer and J. McGowan. The ballot resulted Bruce, 7; Kirby, 6; Sawyer, 5, and McGowan, 2. Bruce was then declared captain, and Kirby was chosen vice-captain unanimously.

Considerable discussion took place on the advisability of engaging a special car tomorrow for the game at Vancouver, and at length it was decided to do so, the car leaving the B. C. E. R. depot at 1 p.m. Last week the car proved a success, and it is hoped that the city will rally to the support once more, the club being at present in need of funds. Treasurer Ryall reported on the state of the club exchequer, which owing to the large initial expenditure is very low, in fact A. H. Gibson suggested an appeal to the citizens, which Manager Davis thought premature at the present time. There is, however, money yet to come in, and the club has had to play a number of out matches.

The club was well satisfied with a report that the cup won in the recent match with the Celtics during the exhibition week was now ordered and would be available in a few days. There has been some difficulty as to the arrangements made with the exhibition directors when the match was settled.

Complimentary tickets were ordered to be issued to employers of labor who had found work for the players and otherwise assisted. A vote of thanks was passed to the players for the successful results so far. J. Lawrence was confirmed in his position as trainer.

The team for Saturday was chosen as follows: Goal, Lock; backs, Clark and Kirby; halves, Mroce, Sawyer and Leamy; forwards, Hayes, Shawcross McGowan, Carse and Caydzien; reserves, Reid and Rice.

Shamrocks—Goal, Lamble; backs, McKeown, Mercer; halves, Sugden, Graham, Davis; forwards, Jones, Waffington, Jones, Bruce, Mitchell.

EDDY PAPER TO PLEASE FASTIDIOUS

Boston, Mass., Nov. 26.—The Christian Science Monitor, the fourth of the journals to be published by Mrs. Mary Baker G. Eddy, appeared on the streets of this city today, sold as a two-cent daily paper. According to Mrs. Eddy's promise, the twelve pages of the new daily contained "nothing that would be displeasing to the most fastidious taste, nothing morbid, gruesome or vile."

Baseball Club Is Up Against Very Serious Proposition

There is an anxious time in store for the officers and executive of the Westminster Baseball club who were on the active list in 1907, visions of warrants, subpoenas, summonses and other instruments of the law looming large in the immediate future in consequence of an unpaid debt contracted early in the season, when a quantity of baseball paraphernalia was secured, on trust, from the Cunningham Hardware company. The debt remains unpaid, the club treasury not being replete with coin at any time. During the past few days a request for payment has been received by those supposed to be responsible for the contracting of the debt, a hint being incorporated in the statement that immediate settlement would avoid unpleasantness in which the process server would play an important part.

There is an element of comedy in the episode, as J. A. Cunningham, manager of the Cunningham Hardware Co., was manager of the baseball team at the time the goods were ordered. As the chief executive of the club, Mr. Cunningham is held by several of the players to be really responsible for the contracting of the debt, but as far as can be ascertained, he has not yet been billed for the amount. The spectacle of J. A. Cunningham, ex-manager of the Westminster Baseball team, being sued by the Cunningham Hardware company for unpaid debts would be just a trifle funny.

An emergent meeting of the 1907 executive was held yesterday evening in the Columbian office to discuss ways and means of raising the necessary funds to wipe out the debt. Only a few members attended, although many had been summoned. It was decided to open a subscription list at once, J. D. Taylor, honorary president of the club, contributing $10 as a starter. Another member promised to come forward with $2.50.

As the total amount owing to the Cunningham Hardware company is only $25, the more optimistic of the fans are hoping that the patrons of the sport will come forward with the $12.50 necessary to wipe off the debt. If necessary a smoking concert will be given to raise the funds.

District to be Represented at A.-Y.-P. Exposition

There is every possibility that Westminster and the Fraser Valley district will be represented at the A. Y. P. exhibition in Seattle in 1909, the initial steps towards securing this having been decided upon at an executive meeting of the Publicity association yesterday afternoon, when it was decided to approach the city council and the board of trade with reference to the making of a large display at the big fair. As concessions are being rapidly taken up at the A. Y. P. grounds, early action will be necessary in order to secure a good location. There is every reason to hope that the suggestions advanced by the publicity promoters will be favorably entertained by the two bodies to be approached, as much good work has already been accomplished by this association.

Publicity Commissioner A. W. McLeod, in giving a short resume of the work which he had accomplished during the past two months, explained that over three hundred replies had been received in answer to small advertisements inserted in a number of high class magazines and newspapers. During the past two days over thirty requests for detailed information concerning the Fraser valley have been received.

It was decided that any real estate agent or other person interested in the work of association should be entitled to look over all communications received inquiring for lands, etc., so that the parties desiring to locate here might be placed in touch with local people.

A majority of the replies to the advertisements intimate that the writers will move to British Columbia in the spring. In the meantime the campaign of publicity will be vigorously carried on, so that as many intending settlers as possible may be induced to come to this district.

Statistics Show Birth Rate in America Still Decreasing

Ithaca, N. Y., Nov. 26.—"During the period from 1850 to 1900 the proportion of children to 1000 women of child-bearing age decreased in the United States by 152, or an average of about thirty in each decade. If we assume that the change will continue unchecked for a century and a half in the direction in which it has been in progress during the last forty years, there will be no children left."

This startling statement came out in the lecture on "Birth and Birth Rate," delivered by Prof. Walter F. Willcox in the course on sanitary science in Goldwin Smith hall yesterday.

"Let me not be understood as predicting the continuance of this movement," continued Prof. Willcox, "but often the best method of bringing home to ourselves the vast sweep and significance of the changes revealed by statistics is to project them into the future and see whither they lead. It is one of the main duties of statistics to point out the whirlpools in the stream along which society is going before the grip of the current become irresistible, and thus to arouse a desire to change the course.

"The true reason for the fall in the birth rate is that in modern times, mainly within the last half century, births and birth rate have come under the control of human will and choice in a sense and to a degree never before true.

"Our leading American authority, Dr. John Shaw Billings, put it as follows:

"The most important factor in the past in the change is the deliberate and voluntary avoidance or prevention on the part of a steadily increasing number of married people who prefer to have but few children. Before this change began the birth of a child in the vast majority of cases was not an indication of a deliberate preference for that result on the part of both or either of the parents.

"There is not a single one among the experts who denies that this is the great underlying cause of the modern decline in the birth rate of all civilized communities."

Prof. Willcox also gave statistics to show that marriage is less common among college graduates of both sexes than it is in the average of the entire population. The figures regarding the birth rate among college graduates show that the highly educated part of the American people not only does not increase the population at all, but on the contrary, fails to reproduce itself.

GROTESQUE IMAGE STOPS HICCOUGH FIT

New York, Nov. 26.—When science had failed to cure a case of hiccoughs that had endured for 124 hours and two eminent physicians sat helpless, a little image of "Billikins" was thrust before the patient's eyes, and he hasn't hiccoughed since.

The person for whom the little god of luck did such wonders is Charles T. K. Miller, the theatrical man, who had been operated on for a kidney trouble only a few days before and whose life had been despaired of.

RICH CARGO ARRIVES ON THE GLENFARG

Victoria, Nov. 26.—With silk valued at nearly a million dollars and a valuable shipment of sealskins and sea otter pelts taken by Japanese sealers valued at another half million, the steamer Glenfarg of the C. P. R. fleet arrived this morning with a rich cargo of 3263 tons. A heavy gale was encountered in mid-ocean, but no damage was sustained.

POSSESSED WEALTH, BUT HE DIED ALONE

Kamloops, Nov. 26.—James Guest, an old-timer of this place, was found dead in his cottage a few days ago. He was about 70 years of age. His body was in a badly emaciated condition. In his pocket was a bank book showing a credit of $8600. Cash to the amount of $163 was also in his pockets.

MINT AT SAN FRANCISCO IS COINING COPPER

Coins for Pacific Coast States to Be Produced in California—Philippines Also Supplied.

San Francisco, Nov. 26.—The local mint has completed 160,000 pieces of the 300,000 copper coins recently ordered by the treasury department, and is prepared to fill the entire order when the demand requires. It is estimated that a ton of pure copper will be required for this work. The mint here has now been awarded the right to coin all subsidiary coins required on this coast, and in addition is at work on $8,000,000 in silver coins for the Philippines. The completion of this task will take four months' steady work. A few of the new $5 gold pieces known as the "counter-sunk" design have been coined, the results of the tests at Washington being awaited before more are turned out by the coin factory. The design is said to be very artistic.

TENDERS

Tenders are invited for the grading of gas holder site, per cubic yard.

For details inquire of Mr. Rennie, secretary, care Vanstone Heating & Plumbing Co.

City Elections

Notice is hereby given to the electors of the City of New Westminster that I require the presence of the said electors at the City Hall on MONDAY, the 7th day of December, 1908, at 11 o'clock a.m., for the purpose of electing a Mayor and three School Trustees for the year 1909, and at 12 o'clock noon of the same day, for the purpose of electing seven persons as Aldermen for the said year of 1909.

The mode of nomination shall be as follows. Each candidate shall be nominated in writing; the writing shall be subscribed by two persons as proposer and seconder, who shall be duly qualified electors and residents in the City, and such nomination paper shall contain a statement signed by the person nominated that he consents to such nomination.

The nomination papers shall be delivered to the Returning Officer at any time between the date of this notice and (in the case of Mayor and School Trustees) 12 noon of the 7th day of December, 1908, or (in the case of Aldermen) 1 o'clock p.m. of the same day.

In the event of a poll being necessary, such poll will be opened on the 14th day of December, 1908, at 9 o'clock a.m. and will remain open until 5 p.m. of the same day at the following places: The Council Chamber, City Hall; the Fire Hall, Sapperton; and the Waterworks Storehouse, at the corner of Auckland and Eleventh Streets; of which every person is required to take notice and govern himself accordingly.

Given under my hand at the City Hall, New Westminster, the 24th Day of November, 1908.

W. A. DUNCAN,
Returning Officer.

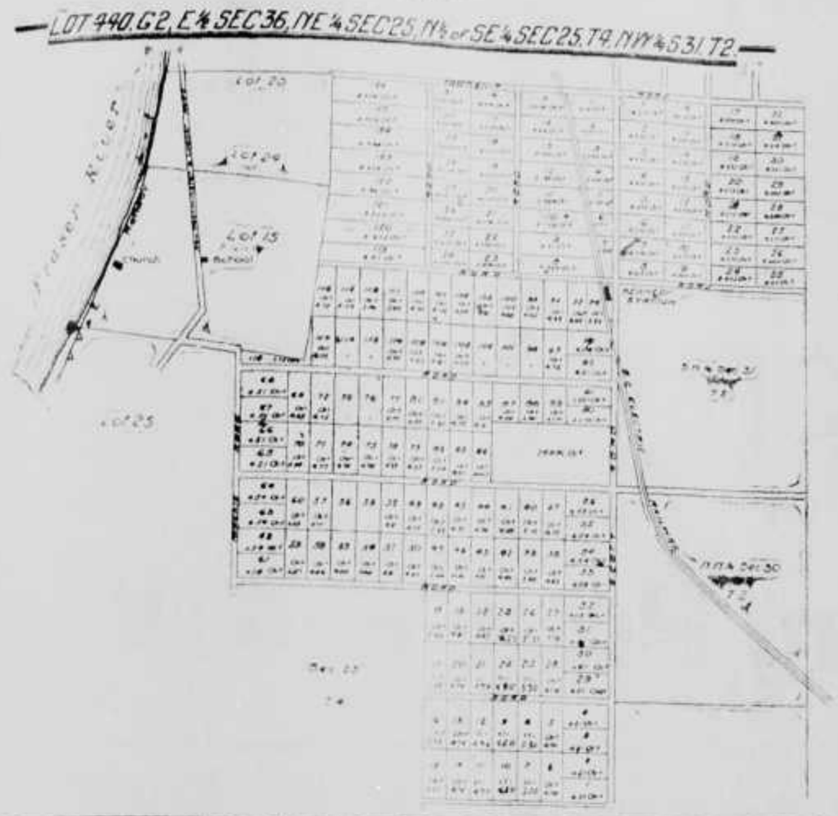
—PLAN—

—OF SUBDIVISION OF—

—LOT 440, G2, E½ SEC 36, NE¼ SEC 25, N½ of SE¼ SEC 25, T9, NW¼ 53, T2—



If you contemplate buying a

5-Acre FRUIT FARM

Be sure you secure one near town

: : ON THE TRAM LINE : :

Our subdivision is positively the only one on the market supplying either or both these conditions, and when you consider it is an indisputable fact that more money has been made by purchasing land near growing centres of population than by all other schemes combined, you will readily understand the wisdom of those who have already invested with us.

It stands to reason that land so situated is bound to increase in value much more rapidly than if miles away from town or electric tram. The present low prices will not hold good much longer.

We are opening all roads in our subdivision, so that every lot will front on a good road.

The soil is just the right sort for fruit culture, and the clearing so light that the wood and shingle bolts will sell for enough to about pay for it.

The price we are asking per acre for our splendid South Westminster homesites is only $75.00 to $100.00, and we have a number of choice blocks left to be sold at these ridiculously low figures, which will soon be raised.

If you do not want one of them yourself, just make a present of one to each of your children (it would be the very best kind of life insurance) and even if you do not plant the land out in fruit, it will almost certainly add to its present value fully 100 per cent. each year for the next ten years, making it worth in that time $1,000.00 per acre, a very reasonable expectation. We can give you a deed at once.

LINER COLLIDES IN FOG OFF SANDY HOOK

Eight Passengers and Several Members of Crew of Steamer Finance Missing.

New York, Nov. 26.—Eight passengers are missing and several members of the crew may have been drowned when the steamer Finance, of the Panama Steamship company, was cut in two in collision with a liner off Sandy Hook in a dense fog today. It is said that the ship struck the Finance was the Georgic. The first observation of the accident was made by the watchman in the marine observatory tower at Sandy Hook, who says the water about the scene was dotted with lifeboats. It is supposed the crews of the Georgic and the oil tank ship Hesperus, which was near by, went to the rescue of those aboard the Finance. The wrecked vessel carried eight passengers in addition to her crew.

On account of the heavy fog, which now is lifting slowly, it is impossible to obtain positive information regarding the loss life.

SAILORS ARE SEARCHING HULL OF LINER SARDINIA

Death List of Wednesday's Disaster Now Totals 123 Persons—Ship Is Still Burning.

Valetta, Isle of Malta, Nov. 26.—The The admiralty issued a statement at noon saying that the search of the hull of the liner Sardinia, which burned just outside the harbor yesterday, shows that the death list includes 123 persons.

The search of the hull is being conducted by men from the warships, but it is slow work and is very difficult, as the fire is still burning. The ship is so hot that it is almost impossible for the sailors to remain aboard.

SNOW-SHOVELERS KILLED BY TRAIN

Carberry, Man., Nov. 26.—John Gregg and William McMaster, Canadian Pacific sectionmen, were killed outright today in the Carberry yards by the Brandon local. Both were sweeping snow out of a frog at the west end of the yards. Apparently they did not hear the approaching train. They were thrown about seventy feet and fell on the rails of a siding track. Death must have been instantaneous.

LAMAS OF TIBET HEAD REVOLUTION

Victoria, Nov. 26.—The steamer Tango Maru, arriving last night from Japan, brought news of a revolution in Tibet, where the Lamas had taken the field against China. Troops were sent from Szechuan to restore order.

E. A. Paige.....Managing Director

FRIDAY, NOV. 27, 1908.

IN STATU QUO.

Like the seasons there is a troubling of the waters prior to the first Monday in December, and the seven little canoes and the warship just feel the ripple. Last year it was the moral question which rose to the surface, and great things were expected, but the city is as good in that respect as it has been for twenty years and not a whit better. Now the crest of the wave is local option, and one or two Government officials feeling safe are trying to disturb conditions, and a united voice of a section of the community is expected on this question. In the five hundred women voters supposed to be on the list, but which are not there, only a very small number can be depended up to support any change in existing conditions. These no doubt will act as women invariably do without reason and without regard to consequences.

Taken as a whole we think New Westminster will compare favorably with any place its size on the American continent, and there are very few infractions of the license law, and the obligations the license holders owe to the public have been very well observed. There might be a stricter inspection of the kitchens and back premises of both hotels and restaurants, and a more frequent cleaning up would conduce to the public health, but the conduct of the licensed houses as a whole is worthy of commendation. If it were otherwise we would be the first to condemn and demand the disciplining of the license holders. There is one point not fully considered in dealing with this local option movement, which is that the exponents of the temperance cause have not as yet provided accommodation to take the place of the licensed houses to any extent, neither do the temperance transients patronize temperance boarding houses, but seem to prefer the better accommodation of the licensed hotels.

The general complexion of the City Council will be unchanged, but there is one department that needs change and a thorough overhauling and inquiry, that is the Board of Works. There should be some better system of the keeping that would command the confidence of the ratepayers, and the Board of Works should direct, rather than be controlled by, the superintendent. We do not wish to suggest that there is anything dishonest in the administration of this department, but we think too much power is given into the hands of one man, and that without the semblance of check. There is no department of the council's business that needs such a strong guiding hand as that of the Board of Works, and a change at the head would be beneficial.

There should be some consideration given to the increase of the cost of government in the City Hall, and while not casting any reflection upon the staff, or their salaries, it is up to the Mayor and Council to step and consider.

HIGH SENSE OF DUTY.

While Mr. Mackenzie King is to be congratulated upon his appointment as an Imperial Commissioner at the International Anti-Opium Conference at Shanghai next January, the high sense of duty he recognizes toward his constituents shows him to be of the true stuff that makes a statesman. His plain matter-of-fact reasons for declining the high honor mark him as a man who is not in public life for a consideration, monetary or otherwise, and that he considers the voice of the electorate to be above any other honor that could be given him. Sir Wilfrid Laurier points out in his letter, in reply to Mr. Mackenzie King's declination, that there is the larger duty, the interests of the Dominion of Canada, which calls for some sacrifice on his part and that of his constituents in North Waterloo, and which on account of his being fully conversant with every phase of the opium problem makes him the ablest representative we could have on the conference. His entrance into Parliament may broaden his field of usefulness as one of Canada's greatest diplomats.

STATE OF MICHIGAN UNDER QUARANTINE

Washington, D.C., Nov. 26.—The department of agriculture under telegraphic instructions from Secretary Wilson has placed the entire state of Michigan in quarantine insofar as concerns the interstate and foreign shipment of cattle, sheep and other ruminants, and swine, because of the prevalence of foot and mouth disease. The restrictions imposed are identical with those applied to New York, Pennsylvania and New Jersey.

LONDON UNEMPLOYED REFUSE TO STARVE

London, Nov. 26.—Thousands of the unemployed of London, carrying a large banner bearing the words, "Work or revolution—the government must decide," marched through the fashionable districts of the city yesterday afternoon.

This is the first of a series of similar demonstrations. Speaking of the procession today, one of the leaders said:

"We are going to let the west end know that the east end does not intend to starve."

NOTICE.

Notice is hereby given that the time for the reception of tenders for Vernon, B. C., Public Building has been extended to the 30th December, 1908.

Plans and specifications are also to be seen at Victoria and Vancouver, B. C. By order,

NAPOLEON TESSIER,
Secretary.

Monster Trade Sale

GREATER BARGAINS and BIGGER PRICE REDUCTIONS THAN EVER!

We are after the business. We have the goods, too, and at prices never before quoted in the west. It makes no difference what department—in every section the same rigorous price reduction is noticeable. Come and investigate; see the values for yourself and save many dollars.

.. Important Millinery Announcement ..

We have disposed of our millinery stock and have leased our present millinery premises. In selling same, however, we rate our stock at a certain figure. In taking stock we find that goods far in excess of the amount stated to our purchasers is in this section. So we are making a whirlwind sale of seasonable millinery in order to reduce this stock to a certain low figure. This must be accomplished before the 1st of December. Everything in the millinery section is cut in half. You know what enormous saving this means to you. No reserve; but the lady is cutting prices on every article right in two.

BIG BLANKET SALE

Union Blankets in Grey

CITY NEWS

The charge against Albert Cook of an assault on his father at Pitt Meadows was withdrawn yesterday in the district court.

Knock the cover off a box of "B. C." cigars and try one. It will make a "hit." **

The Flyer came in yesterday from Ladysmith with a load of coal for the Gilley Brothers.

Gamon's for Royal City Mixture. **

J. R. Kennedy, ex-M.P., announces definitely that he will not be a candidate for either the mayoralty or one of the aldermanic seats.

Just arrived three pound tins Ridgeway's tea, one dollar, at Kyle's, Front street. **

Preparations are being made for the cantata to be rendered at Queen's Avenue church on December 22. The training is in charge of H. Chamberlin and Herbert Macness.

Royal City Cleaning and Dyeing Works, pressing and repairing. Phone 278. **

An attempt is being made to construct officers' quarters for the local Salvation Army corps near the present citadel on Eighth street. Subscribers are asked to communicate with Capt. Quaife, P. O. box 951.

The best place to get fall bulbs and first-class cut flowers is Davies' greenhouse. Tel. B 208. **

The funeral of the late Daniel Ford, of Mission, who died on Tuesday, took place yesterday to the Catholic cemetery, Rev. Father O'Boyle officiating. A requiem mass was sung at St. Peter's Cathedral.

Art. Anderburg's pool tournament at the Colonial hotel pool rooms will commence on Monday. Valuable prizes given. **

It will be necessary for those householders having votes to declare by Tuesday next, as Monday is the last day for receiving same. Several who have put in the claim have not made the necessary declaration.

The Canadian-Mexican liner Georgia arrived in the river yesterday and proceeded to load pecling boxes for the Mexican trade at the Brunette sawmills wharf. Today the Ivanhoe will reach the city and proceed to the Fraser river mills to load lumber.

Representatives of the city council and the board of trade will go out to Fraser Mills by the 3:15 p.m. train today to inspect the mill at the invitation of the managing director, A. D. McRae. The visit will be interesting and instructive.

The C. P. R. engine 153, which was ditched on the new Bourne line near Bryne road last week, was removed yesterday to the yards at Vancouver. Engineer Mack, on 134, took the locomotive out, the machinists having been at work upon the derailed engine for two days, getting her on the rails again and putting it in such a position as to be able to be removed.

A delivery team belonging to H. T. Kirk ran away yesterday from the front of the store, but becoming entangled in a telephone pole opposite Mallins, Coulthard & Co's. office were unable to get further. Not much damage was done to the rig.

Cut flowers and bulbs of all kinds. Tidy. **

The McKinley and Watson roller skating rink, which is now nearing completion in the new K. of P. block, Eighth street, will be open to the public on or about Saturday, Dec. 5. The upper floors of the hall will not be ready for occupancy until the first week in February.

For sale—Seven roomed house, bath room, pantries, closets, woodshed; horse stall, carriage house; fruit trees; on full lot. For further particulars apply to owner, 192 Eighth street. **

The highest score ever made in a bowling competition on the coast was obtained last evening by Vancouver bowlers in a match with Bellingham rolled at the Pender street alleys. The figures were: Bellingham, 724, 727 and 814, total, 2265; Vancouver, 996, 1027, 922, total, 2945.

Dr. Price's Baking Powder, twelve ounce tins, 35c at Kyle's, Front street. **

There are always people who stand ready to buy real estate in any part of town or suburbs, if the property and the price are both attractive. If a real bargain in real estate is offered it will find quick takers. If the value is not there the buyer is not apt to be found, and this is as it should be. Of course real estate in this city is not really "offered" for sale unless it is adequately advertised. Most people know this. Some people are learning it every week. **

A meeting of the executive of the Citizen's Temperance league will be held this evening at which the approaching municipal election will be considered. The business men's ticket is not quite complete, four of the present aldermen, and two other well known citizens being on it. An attempt is being made to find a seventh suitable man. It is understood that J. D. Kennedy will be invited to stand for alderman. Other names of prominent citizens are mentioned for office.

Clear Havana cigars of exclusive merit—the "Brillante," made by the B. C. Cigar factory. **

At the annual meeting of the Young Conservatives yesterday evening, the following officers were elected for 1909: Honorary presidents, J. D. Taylor and Thomas Gifford, M. L. A.; president, F. J. MacKenzie; vice-president, C. G. McLean; secretary, C. D. Peele; assistant secretary and treasurer, J. S. B. O'Brian; executive, S. Swanson, F. McIntosh, W. F. Hansford and J. H. Vidal. The chair was occupied by W. F. Hansford, the retiring president. Speeches were delivered by W. Norman Bole, K. C., and J. D. Taylor, M. P. elect. About sixty attended.

All dealers handle "B. C." and "Old Sport" cigars. The old reliable brands. **

At a meeting of the Epworth league held yesterday evening in Wesley church, Vancouver, it was decided to divide the Vancouver and Westminster leagues, and officers were elected for the Vancouver league. An organization meeting for the Westminster district at which officers will be elected will probably be held next week. There are eight senior leagues in the new local district, three in the city. The Westminster league will probably undertake the maintenance of an officer on the new boat, the Good Samaritan, to work on the mission work in the north.

Officers of Granite lodge No. 16, K. of P., for the ensuing year were elected yesterday evening as follows: T. H. Barbaree, C. C.; Rev. T. Wardlaw Taylor, V. C.; F. C. Morrison, prelate; E. Rowkley, M. of W.; A. McDonald, K. of R. and S.; A. Ferguson, M. of F.; C. B. Deans, M. of E.; F. McIntosh, M. at A.; J. Berridale, inside guard; L. Grimmer, outside guard. A committee consisting of Alex. Ferguson, F. P. Maxwell and T. Hembrough was appointed to interview the members of Royal lodge on Monday evening with a view to holding a rally in about two weeks' time, when all past and present active members of the K. of P. order in this city will be invited to attend.

We invite you to call and inspect our well selected stock of Home Furnishings. Everything new and up-to-date. Prices marked in plain figures. A pleasure to show goods

Advantages of a Bank Account

It is well to pay bills promptly, but not to pay the same bill twice. Sometimes bookkeepers, by mistake, send out bills after they have been paid. If you pay by cheque, however, the cancelled checks are returned to you, and can be produced as receipts.

Checking accounts are, therefore, more than a convenience. They are an insurance against over-payment. Every man or woman who pays bills should do so with checks.

START TODAY by opening an account with

PASTOR PUTS UP SIGN "PLEASE REMOVE HATS"

North Yakima, Nov. 26.—Following his crusade against hat wearing in church, Rev. F. C. Whitney, pastor of the First Baptist church here, has made arrangements to have a large sign printed and hung conspicuously in the front of the auditorium of the new church, into which the congregation will move in a few weeks. The placard will say, "Please Remove Your Hats," and all women adorned with millinery are expected to obey. Should there be any who stubbornly refuse to accede to the request thus put forth, one of the polite ushers will step up to her, tap her gently on the shoulder and present a card which will read, "Please Remove Your Hat." Mr. Whitney has determined that he will preach to uncovered heads and is prepared to go to great lengths to carry his point.

Virginian and Lonsdale Collide.

Seattle, Nov. 26.—The Merchants' Exchange yesterday received word that the American steamer Virginian, of the Hawaiian-American line, and the British steamer Lonsdale were in collision at Salina Cruz. The Virginian was not damaged, but the Lonsdale was slightly damaged.

TIMBER HOLDINGS TO BE DEVELOPED

American Lumbermen Visiting Vancouver Will Extend Investments in B. C.

Vancouver, Nov. 26.—A trio of prominent American lumbermen jointly representing several million dollars has arrived here with a view to making large investments in British Columbia timber limits. It comprises Messrs. J. C. Turner, W. A. Burnham, New York, and D. C. Rounds, of Wichita, Kan. The visitors, who are guests at the Hotel Vancouver, already own extensive interests in the state of Washington and British Columbia.

Mr. Turner today intimated that their cruisers would shortly examine various timber propositions on Vancouver island and the mainland. If any of the deals now in contemplation are closed sawmills of large capacity will likely be built later on.

Mr. Turner is president of the J. C. Turner Lumber company, a corporation with a paid-up capital of one million dollars. It is heavily interested in sawmills in the Southern States and has large lumber yards in New York city. Mr. Rounds is one of the biggest operators in the southwest. He controls numerous lumber yards in Oklahoma. All three are leading shareholders in the H. L. Jenkins Lumber company whose $400,000 sawmill at Blaine, Wash., was recently destroyed by fire, and the Vancouver Timber & Trading company, which is logging very extensively in this province. Mr. Turner stated today that plans for a new sawmill to replace the one recently destroyed have been completed. Estimates of the probable cost are being secured prior to starting the work of rebuilding.

"I regard British Columbia timber as a good investment," said Mr. Turner. "It is certain that the lumber schedule will be revised at the next congress. Any reductions which may be carried out will tend to help the Canadian lumber industry. When the tariff was last revised I did not see the wisdom of allowing foreign lumber to swamp our market at a period when the trade was depressed, but then took occasion to declare that different conditions would likely prevail at a later period. I feel confident congress will make some reductions, but it is improbable that the duty on lumber will be completely removed."

THE STAGE

"The Lion and the Mouse."

The wide distinction won by Charles Klein's "The Lion and the Mouse" throughout the country, places this drama in a field of popularity in which there are few others. A most timely theme was chosen by the capable and celebrated playwright and his masterful treatment of the topic carried the play into instantaneous and seemingly everlasting vogue. Henry B. Harris played his part exceptionally well, before the clever actors he employed were given an opportunity by his ever apparent expenditure, in properly mounting the play. An estimate was recently given, embracing the number of people who had witnessed the Klein drama during its remarkable career and after deducting a conservative number for those who may have seen it more than once, the total still remained in the tens of millions. Mr. Harris sends "The Lion and the Mouse" to the Opera House on Wednesday to renew its acquaintance with local patrons of the theatre's best offerings.

"Little Johnny Jones."

"Little Johnny Jones" comes to the Opera House on Thursday, when doubtless the legion of followers of that most popular of all musical comedies will wear the smile that will not be eradicated, for a surety no jollier, snappier, or more rib-tickling play has visited the classic precincts of this town for many a day. George M. Cohan has succeeded in evolving a musical comedy with a real plot, and there is just enough love interest in "Little Johnny Jones" to keep the folk who lean towards the sentimental side of life in a delightfully preoccupied condition.

Song hits galore are found in "Little Johnny Jones." Startling situations are found in "Little Johnny Jones." A chorus who are never idle is found in "Little Johnny Jones," and through it all stalks "The Unknown" who says everybody in the world has got a mean disposition because they do not countenance his convival views of life. This unique character must be seen to be appreciated. It is a classic in so far as musical comedy is concerned.

NEGROES ARE LYNCHED IN FRONT OF PULPIT

Southern Mob Wreaks Vengeance on Murderers — Bodies Riddled.

Tiptonville, Tenn., Nov. 26.—Three dead bodies dangling from the improvised scaffold in front of the pulpit of a negro church five miles from this city was the spectacle that greeted a crowd of persons gathered today to view the work of the mob which took from the Tiptonville jail last night Marshall, Edward and James Stineback, the negroes who shot and fatally wounded two deputy sheriffs.

After the story of the proposed lynching had been sent out late yesterday, and thus became known in Nashville, Sheriff Haines and others received telegrams from Gov. Patterson pleading with them "for God's sake to prevent the proposed lynching."

Attorney General Caldwell, at Union City, telephoned a number of men here including Cheek Rarrus, father of the special deputy killed by the negroes. Mr. Rarrus said that he was willing that the law take its own course, and he advised the mob to disperse, but notwithstanding these endeavors the negroes were finally taken from the jail by the mob, placed in a wagon and driven to the church, where the negroes had committed their crimes. Here the trio were hanged, and many shots were fired into their bodies.

FREIGHT RATES ON SALMON ARE INCREASED

Vancouver, Nov. 26.—Local railroad offices received copies of the new freight tariffs today and shippers in Vancouver will be interested to learn that there is a general increase of rates all round.

The new eastbound tariff is officially known as "East, No. 2 E." and the westbound as "West No. 4 D." All shippers will be supplied with the new tariffs within a short time by R. H. Cumiss, of the transcontinental freight bureau, Chicago. The new rates will go into force on Jan. 1 next. The raise of the rates on eastbound salmon is the one of most interest in this province, while the increase on the westbound freights from eastern American points to British Columbia and other Pacific coast terminals runs from 5 to 10 cents per 100 pounds.

NEW ZEALAND PLANS FOR NEW MAIL ROUTE

Ottawa, Nov. 26.—Canadian Trade Commissioner Larke, at Sydney, N.S.W., reports that the New Zealand government has made a contract for a steamship line to Tahiti, where connection will be made with a line for San Francisco. This would enable mails to be carried from Sydney to San Francisco in nineteen days.

Evangelists for Kootenay.

Toronto, Nov. 26.—The evangelistic committee of the general assembly of the Presbyterian church, which met here today, decided to start four simultaneous evangelistic campaigns in Kootenay district at the request of the Kootenay Presbytery. In their work the committee will be assisted by an American committee, Dr. Zartman, who came from New York for this body, today making the announcement.

The social evil is being discussed at Chilliwack arising from the conviction of women for conducting houses of ill-fame. The citizens of the Valley City are determined that this unhappy feature of urban life shall not take root in their midst.

MANY OPPORTUNITIES TO SAVE BY Buying Our Special LINES

We are continually offering exceptional values in seasonable merchandise of every description. Note carefully the low pricing for this week.

TWO SPECIAL SNAPS IN Ladies' Union and Wool Combinations

An opportunity to clean out the balance of a wholesaler's small stock at a big reduction was seized by us. We give our customers the benefit of our fortunate purchases.

At 95c each:

Two dozen only at this price, and we shall immediately clear them out so as not to interfere with our regular stock. Sizes are 32 to 38, and the regular price would be $1.50 each; while they last, each 95c

At $1.50 each:

Thirty only ladies' wool combinations of exceptionally fine, soft finish, good weight and nicely shaped; all sizes. Regular values $2.25; while they last, each $1.50

Ladies' Wool Undervests 50c each

The greatest snap which we have picked up in ladies' underwear for some time. You will think the same about them when you see them. Full length sizes, soft and comfortable.

Regular value in the regular way of buying them would be 75c each. We sell the lot while they last, at, each 50c

Attractive AND Serviceable Voille SKIRTS

Made of fine French voile with thirteen, fifteen and seventeen gores; full flare, very nicely flared, trimmed with rows of ribbon of varying width around bottom or down seams. One particular line is made in directoire style; a most graceful some skirt. Prices range from $8.75 to $25.00

ONE LOT Ladies' Tweed COATS Half Price

Twenty only in this lot, but there is no reason why you should not have one if you come early. They are made of all wool grey tweeds; three-quarter length, trimmed with straps and buttons. Regularly priced at $8.00, $12.50 and $18.50. Now half price at $4.00, $6.25, $9.25

Black Sateen and Moreen Underskirts AT 95c each

Regular $1.25 and $1.35.

Full flare gored underskirts, with deep accordeon pleated frills. Sold usually as a special value at these regular prices. This offers an exceptional snap for this week; lengths are 38, 40 and 42 inches. Each .95c

Pleated Delaines NOW 60c per yard

Regular 75c.

Forty-two inch all wool delaine in half inch pleat, suitable for use in ladies' and children's skirts; colors navy, brown, cardinal, sky, cream and black.

Ribbon and Silk Ends UNDER-PRICED

Suitable ends of plain and fancy silks, wide Dresden and striped ribbons for fancy work bags, etc., in lengths of from half to one yard.

Hundreds of remnants of baby ribbon and other narrow ribbons in all widths, patterns and colors.

NEAT and Comfortable Neck Mufflers.

Two popular styles shown in these all wool neck protectors. One style is 24 inches long and five inches wide at the ends, narrowing considerable around neck. The other style is made in chest protector shape with band collar fastened at back of neck with dome fasteners; colors are navy, sky, Alice blue, cardinal, brown, black and white and mixed patterns. Each 65c and 75c

ANOTHER NEW LOT OF Frilling and Neck Ruches

It seems as if we could not get these dainty frillings in fast enough; the demand for them seems to grow every day. A new assortment has just arrived by express consisting of wide and medium width frillings; Bess collarettes and boxed frillings in all shades of sky, pink, Maine and cream and black and white.
