LEAN-UP CAMPAIGN REACHES COUNCIL

oval of Restricted District Demanded by James Cunningham, Who Wishes to Build Business Block —After Long Discussions, Matter is Referred to Police Committee.

first notice taken officially, by mayor and aldermen of the city known as the "ten-n" in years was taken last eve-at the council meeting when ving the receipt of a long com-ication from James Cunningham ng with the evils of the district, scussion ensued on ways and s of ridding the city of the wo-who reside on McNeilly and age streets. After a lengthy dis-n of the subject in which the r and several aldermen express-themselves freely, mainly favoring form movement, Mr. Cunning-'s letter read as follows:

am owner of lot 16, block 2 in city and I have plans ready for construction of a block of build-which I will erect thereon for mercial purposes. The demand stores on Columbia street in-ses daily and it is evident that lower level of the city along the of the river where the indus-s are busy being located will be of the busiest sections of the n. In order to meet the condi-s the owners of property in their interests at least must make a start. I will take a hand myself. re I expend capital, as a neces-precaution, I must call your at-on to the locality where this erty is situated. It is fronting lumbia street, just west of the R. property and Vancouver ss it every half hour. Un-rately it is bounded by Mc-and Ramage streets, and front-on these two, there are twenty-houses of prostitution in full t, I am infomed, day and night ich is truly a great disgrace to us I emphasize the "all" as we as ens are responsible for every sance and disorder having the re nsibility and power vested in us do away wth all such, now and ever.

As one of those men, who have ared in the labor of making the , investing my means in several rs for my own and the good of the blic in general, for a period of 44 ars, I request you gentlemen to e the first step and use your pow-to have these dreadful places of many closed and the unfortunate men and their chums compelled to ave the city. On you now rest the nsibility to act.

The people expect this from you im-diately and I may intimate that if u decline to take hold of this burn-g question in the public interest, e consequence wil lbe costly and r reaching.

After the letter had been read by e clerk, Ald. Garrett jokingly moved at the matter be referred to the nance committee, evidently having mind the many fines that come to e city coffers from that section, r later revised his motion and sug-sted that the communication be re-erred to the police committee. Ald. rdine of the finance committee ated that the matter should be rned over to the police committee and he hoped they would take hold of e question.

Ald. Garrett stated: "We will take hold of the question but we want the co-operation of the council, or at least a majority of the council to help. The matter should have immediate attention. I do not know where the women will go but there should be a place for them. The city should get rid of them because for one thing, they are right in the center of the city, on good business property. Some say that they are better in the center of the city because the police can look after them there, but I don't think so. People living along the hill can look down and see these women, and at night young boys go to their places. I know that for a fact. I do not hesitate to say that I will do what I can to make the place better."

Mayor Keary asked Ald. Garrett what he would recommend, to which Ald. Garrett replied that the subject required consideration and discussion among the members of the council before he would be prepared to recommend a plan of action.

Ald. Henley stated that he had been in British Columbia 38 years and he knew the trouble they were having in Victoria and Vancouver because of the women of the underworld having been scattered about the residential district. He was in favor of giving the matter every consideration before doing anything that would tend to scatter the women to the upper sections of the city.

Ald. Smith was in favor of cleaning out McNeely and Ramage streets and promised to give a good plan his support.

Mayor Keary expressed the opinion that the whole difficulty laid in the trouble to find a suitable place to move the women to. Lulu island had been suggested as a suitable location, but if they were moved there more policemen would be required to maintain order. It had been suggested to him by ministers that the upper portion of the city would be a suitable place for them, but speaking personally he would not care to have the women moved near his residence.

Ald. Smith took objection to Mayor Keary's attitude with reference to keeping them down town or where they are. Ald. Smith pointed out that his place of business was right near the restricted district and members of his family were often obliged to go there. He was strongly in favor of ordering a removal.

At this juncture Ald. Jardine suggested that further discussion of the subject be left to the committee of the whole. It seemed to be generally agreed that the women should be removed but the question of finding a place for them would need thorough investigation before action could be taken.

The communication was then referred to the police committee.

Ald. Gray reported verbally that in answer to the application of Mrs. Fern, of 10th avenue, to have electric lights installed in her residence, the electrician had secured the privilege of stringing wires on the B. C. Electric poles and was therefore in a position to grant the request.

Ald Johnston reported that the B. C. Telephone company in answer to his request had promised to remove a number of poles from Carnegie Square and leave only sufficient to carry cables which will be installed in place of the many wires that are at present strung along the square. The report was received and adopted.

Ald. Jardine reported for the finance committee to the effect that he had instructed Archibald Bros. plumbers, to proceed with repairs to the roof of the city hall and with the city hall furnace. He stated that no other bids had been received. On motion, the action of Ald. Jardine was endorsed.

The following communications received attention:

L. A. Lewis, manager of the Brunette Saw Mills Co., applied for the installation of a 4 or 5 inch water main from the street main to their new $25,000 shingle mill near the glass works. The company required the water for fire protection purposes. The application was referred to the water committee for a report.

E. W. Lyman applied to have a crossing constructed over the sidewalk near his residence on Fifth avenue. The request was turned over to the board of works.

A. Hardman applied for permission to open McKenzie street for the purpose of laying a drain. On motion permission was granted, on recommendation of Ald. Henley, who explained that as it would connect with a box drain there could be no objection.

R. H. Benson, of Coquitlam, applied for permission to lay building material on Royal avenue near Eighth street. A similar application was received from W. J. Sloan, who is preparing to build on Agnes street between Fourth and Sixth street. Permission was granted in each case.

Theo. Charis, of Vancouver, wrote applying for the council's approval of his plans for the subdivision of the

(Continued on Page Four.)

MAYOR KEARY MAKES GOOD LIVE REPORTER

Rustles Copy For Columbian When He Has Something For Publication.

An interesting scene occurred last evening in the council chamber when all other business having been disposed of, his worship the mayor, dispatched the clerk to the offices to get a bunch of correspondence which he stated he was obliged to ask the aldermen to listen to. Mr. Duncan, city clerk, returned and at the bidding of the mayor read over the half dozen or more letters, which comprised the correspondence between the mayor, the attorney general and Chief Justice Hunter with reference to the need of a supreme court judge to attend to New Westminster's needs.

The first letter, dated August 5, was written by the mayor to the attorney general asking him to intercede with the minister of justice in behalf of New Westminster in her need of a judge to attend to the court work, and the second was a reply from the attorney general acknowledging receipt and stating that the mayor's letter had been passed along to the chief justice. Then came the chief justice's reply to the effect that so far as he knew there were no grounds for Mayor Keary's complaint. The mayor then wrote again insisting that the complaint had not been exaggerated and mildly resenting a comparison between Nanaimo, Nelson and Fernie, and New Westminster, which was contained in the chief justice's letter. In reply to which the honorable the attorney general replied that he would see what further he could do in the matter.

"Do you approve of my action?" asked the mayor, when the letters had been read, in reply to which an alderman wished to know whether the letters had been before the council previously, or if not why they had been given to the press before coming before the council.

The alderman inferred that the reading of the documents was unnecessary, adding that he had seen them all in the Columbian of that day. It was a question, he stated, whether such matters should not be dealt with by the council before going to the press.

This was an unexpected dampener on the mayor's little stunt as a popular champion. He had done all these things, and expected nothing from the aldermen but "Good boy, we endorse you." It was not necessary that the aldermen should know anything about the stupendous plans for the public which the head of the civic administration was carrying out. It was only for them to listen, be awed and approve. His answer to the reproach in effect that he had chased off to the Columbian with the correspondence was that he was not looking for newspaper notoriety more than some other person.

It is apparently known to the aldermen as well as to other persons that his worship is devoting no little share of his attention to rustling "copy" for the Columbian. Yesterday he furnished for it two leading "stories" and went out of his way to do so, notwithstanding that he had withheld one of the same news items from the Daily News.

It appears as though the unholy alliance had been re-established, if one is to judge by the exchange of courtesies between Editor Taylor and the mayor. How long it will last is a matter for speculation; but it is safe betting that there will be snarling on each side of the fence, when their individual schemes come to a sudden clash a few months hence.

It is apparent that each is depending on the other being handed a "lemon."

To Fight Coal Prices.

Ottawa, Aug. 26—There is every probability of the Ottawa Allied Trades and Labor council following the example of their colleagues in Montreal and moving towards some action on the coal question. In Ottawa there has been an increase of 50 cents per ton without any apparent good reason for it. It is alleged that there is a combine, and it is quite possible a formal legal charge may be laid against some of those concerned.

JAPS MANUFACTURE SAHKE IN CAMPS

Intoxicating Liquor Brought In From Outside Districts And Sold in City.

Sahke, the Japanese national beverage, is being manufactured in several lumber and construction camps within a short distance from this city, and the liquor is being brought right into New Westminster and sold to the Japaese resdents regularly, according to reliable information secured yesterday by the News.

The Japanese employees in the lumber mills have openly admitted that they are buying sahke from some of their countrymen, and not later than Sunday last, a glorious drunk was indulged in by the boarders in the Jap house in the west end of the west end of the city. When questioned as to where the liquor was obtained, several of the Japs stated that they had been drinking sahke, manufactured in a camp a short distance from Port Moody, and brought to the city on Saturday afternoon by a couple of the men who make a practice of supplying their fellow citizens with their favorite thirst quencher, and who, incidentally, make a good thing out of it, as there is said to be a heavy proft on sahke, the cost of manufacture being comparatively low.

Sahke is a fermented liquor, manufactured in much the same manner as rye whisky, with the difference that rice is substituted for wheat. A still is used by the illicit distillers, who are reported to be turning out large quantities of the liquor every day. The manufacture or use of stills is prohibited by the government, and anyone using them is liable to heavy fine and imprisonment.

So far as is known, the police have no intimation that the Japanese are manufacturing and selling sahke, but it is possible that they will make an investigation within the next few days and attempt to round up the western moonshiners.

GREAT NORTHERN BUYS SITE FOR RAILWAY YARDS

A considerable portion of the property used by the Royal City Planing mills for lumber yards has been transferred by that company to the Great Northern railway, an announcement to this effect having been made by a prominent member of the mill company yesterday.

No statement has yet been made by the railway company as to what will be constructed on the property, but it is understood that the site will be used for freight sheds and railway yards. Plans of the proposed yards have already been filed, and construction work will be commenced within the next couple of weeks. The B.C. Mills Timber and Trading company has already commenced removing the lumber from the area which extends from Tenth to Twelfth streets, and from the B. C. Electric railway to Columbia street.

Prominent officials of the G. N. R. were here from Seattle and St. Paul last week for the purpose of outlining to the local officials the plans along which to proceed. Among them were Chief Engineer Hogeland, and Assistant Engineer Stewart, of Seattle.

While here the officials inspected the route of the proposed line from Abbotsford to Cailliwack, which it is understood will eventually become part of the proposed Coast-Kootenay line.

TOO LATE.

Fishermen who labored on the river in pursuit of spring salmon with seven inch mesh nets on Sunday evening report that the run of sockeyes were large and that many of them secured sockeyes in their big nets. It is likewise reported that many of them, interpreting the regulations to mean that the season did not close until 12 o'clock Sunday evening, fished with sockeye nets until midnight after which they put their larger nets in the water. At any rate the fish stalls were well suplied yetserday with sockeyes.

There was a large number of spring salmon and steelheads taken from the river yesterday.

CONSTRUCTION WORK HAS COMMENCED

Sinclair's Survey Is Chosen as Best Route by B.C.E.R. Officials—Trams Within Twelve Months---News Forecast, Denied by Columbian, Proved to Be Absolutely Correct.

As announced exclusively in the News several weeks ago, and given as emphatic denial the same day by the Columbian, the line of the B. C. E. R. tram to Chilliwack, as far as Cloverdale, will follow the Sinclair survey. No formal announcement has been made, but R. H. Sperling, general manager of the company, accompanied by a number of officials and interested parties, turned the first sod of the new line yesterday afternoon at two-thirty o'clock. The first shovel of earth along the new line was removed near the Scott road, Section 36, township 2. Those present when Mr. Sperling commenced the construction work were: His Worship Mayor Keary of New Westminster; His Worship Acting Mayor Stewart of Vancouver; F. R. Glover, assistant manager; James Milne, general superintendent; Charles Garden, chief engineer; D. J. McQuarrie, local manager Westminster branch, and F. N. Sinclair, locating engineer.

The route of the tram as far as Cloverdale will be through the following sections and townships: Commencing at the end of the New Westminster bridge the line will run through sections 20, 30 and 36 of Surrey municipality then branches east into section 36, township 4, Delta. Swinging into Surrey once more, the surveyed line crosses the following sections in township 2, viz., 31, 30, 29, 20, 16, 15, 11, 12, where the line runs into section 7, township 8, following this into Cloverdale.

The section of the line from Cloverdale has not yet been decided upon, and it is not likely that it will be announced for some time to come. Although none of the officials will admit the fact, it is understood that the line to Cloverdale will be running before there is much construction work done east of this point, and tramcars will most likely be running into Cloverdale within twelve months from date.

At the present time, about twenty-five men are at work on the Cloverdale line, and this number will be increased to several hundreds as soon as the men can be obtained. Section Foreman George Gairns has been appointed in charge of all the construction work on the Sinclair survey, and an attempt is to be made to keep the men at work throughout the rainy season. The majority, if not all, the men to be employed on the construction work will be white men.

The country through which this section of the line runs is already well settled, a large number of farms having been under cultivation for years. Some parts of the country are timbered, but the large number of camps along the route will soon have the standing timber removed. The land is for the most part suitable for general farming, and is almost all level country.

Properties in this section have been moving rapidly of late weeks, several having been sold two or three times since the first article concerning the intentions of the company appeared in the News. The fact that the Columbian followed its usual rule of denying the story, using General Manager Sperling's name in connection, affected at least one local capitalist, who was on the point of investing in Surrey real estate when the Columbian's "denial" was brought to his notice.

Is he sorry today for having hesitated?

FAIRVIEW ATHLETES TEMPT THEIR FATE

Aspiring Intermediate Lacrosse Club of Vancouver Will Play Here Thursday.

Final arrangements were made last evening by Bert Galbraith and W. Warwick with the Fairview intermediate lacrosse team to play a match with a picked team from this city at Queen's park on Thursday evening.

Messrs. Galbraith and Warwick went over to Vancouver last evening, and met the executive of the Vancouver team and arranged final details for the match. It is understood that a return match will be given the Vancouver bunch about a week later.

The Fairview club has a reputation for turning out a good bunch of stick handlers and they will certainly bring their best athletes to New Westminster. The locals are expecting the tussel of the season, and are consequently picking out their best men for the match. The game will undoubtedly be the fastest intermediate event that the oval at Queen's park will have seen this season.

The match will commence sharp at 6 o'clock in order to conclude before darkness falls. Admission fee will be charged at the gate, not exceeding two-bits.

Lawn Tennis Tournament.

The New Westminster lawn tennis club tournament is now in full swing and will continue till the end of the week. Yesterday's events were carried out successfully and some good scores were made. Following are the events for today and tomorrow: 4.15 Tulk vs. J. H. Johnston; 4.15, Wright vs. DeBeck; 5.15, Louis & Grant vs. Macrae & Stewart; 5.15, McLeod vs. O'Brien; Wednesday: 4.15, McLeod vs. Diamond; 4.15, Youis vs. Sargant; 5.15, Lafferty & W. G. McQuarrie vs. O'Brien & Sutherland; 5.15, Taylor & Johnston vs. White & Partner.

ODDFELLOWS PLAN BIG TRIP TO BLAINE

Presentation of Jewel to P. G.M. Ellesperman Occasion For Special Visit.

A special Oddfellows excursion to Blaine on Thursday, September 5, has been planned by the local lodges, and a special train has been arranged for with the G. N. railway company. The occasion of the visit is the presentation of a jewel to Past Grand Master Ellesperman, customs officer at Blaine. Lodges taking part in the ceremony will include the two local lodges, Amity and Royal City, five lodges from Vancouver, one from Cloverdale, three from Bellingham and the Blaine Lodge No. 80. The special train will consist of four coaches, and will leave this city at seven o'clock in the evening, returning, leaving Blaine about two o'clock on Friday morning. Tickets, $1.50 for the return trip, are on sale by the members of a committee appointed to look after the arrangements at a meeting last evening.

M. J. Phillips was appointed as chairman, the committee consisting of A. P. Halliday, J. W. Macdonald, D. E. MacKenzie, C. S. Keith and Newton R. Brown. The gathering at Blaine will be a memorable one in the annals of Oddfellowship, not only on account of the large number of members who will take part, but because of the fact that the Canton branch of the order, the highest order of the Oddfellows, will be represented. The Canton order will meet the local Oddfellows at the railway station on their arrival, and will escort them to the hall.

E. D. Orre, formerly of Edmonton, passed through the city yesterday on his way to the Aootsa lake country, where he has some large land interests. Mr. Orre intends to spend some considerable time in the north before returning, during which he will do a little prospecting in addition tor looking after his other interests.

Voting Contest

A LIBRARY OF 125 VOLUMES WILL BE GIVEN AWAY!

THIS ELEGANT LIBRARY INCLUDING 125 VOLUMES AND HANDSOME CASE WILL BE GIVEN BY VOTE TO THE LODGE, SOCIETY, CHURCH OR SCHOOL IN NEW WESTMINSTER SECURING THE LARGEST NUMBER OF VOTES IN THE FOLLOWING MANNER:

The merchants listed below will give with each 10c cash purchase one vote.

The contest began Aug. 23rd, 1907, and will close Jan. 23rd, 1908, at 7 p. m.

A ballot box is placed in D. S. Curtis & Co's drug store, where votes are to be deposited.

At the close of the contest the Lodge, Society, Church or School having received the largest number of votes will be awarded the library.

Current accounts when promptly paid are entitled to votes.

Remember, votes can be secured by trading with the firms listed below.

Library is on exhibition at W. E. Fales' furniture store.

D. S. Curtis will count the votes.

C. N. R. BUYS LANDS AT PORT SIMPSON

Indians Hold Out For Million Dollars -Big Future For This Port.

Vancouver, Aug. 26—Winnipeg parties, said to represent the Canadian Northern railway have entered into negotiations with the Tsimpsian Indians for the purchase of the reserve at Port Simpson. The provincial offer will be considered at a tribal council to be held at the end of the fishing season. Chief Duderand will then proceed to Winnipeg with full instructions and authority to close the deal. The Indians, it is understood, will hold for $1,000,000. As the Indian residents at Port Simpson number amout nine hundred and fifty, a deal on the above basis would give each man, woman and papoose about $1000 apiece.

This was the news brought down from Port Simpson by Stanley Boys, who arrived yesterday on the Princess Royal. Mr. Boys is a partner of the firm of Messrs. P. F. Godinrath & Co., of this city, and which has just started the publication of the North Coast, a weekly, at Port Simpson.

"The Indians are now engaged in the salmon fishing on the Skeena river, but at the end of the season will hold a council to discuss the offer. According to report they are not satisfied with the terms proposed, and will demand $1,000,000 for the surrender of their rights. The Indians divide the waterfront at Port Simpson with the Hudson's Bay company, but are the largest landowners. Their reserve embraces a big island near the harbor entrance and an area of land extending back seven miles from the waterfront to Georgetown, where a sawmill is in operation. At all events, the council will authorize Chief Duderand to go to Winnipeg for the purpose of closing the deal. The Indians are all anxious to sell, as they say they need the money.

"The offer made the Indians for their reserve is said to be a good one, but the figures have not been disclosed." said Mr. Boys today. "It was the sole topic of conversation at Port Simpson during my visit there. The proposition came from Winnipeg. Some say it was made by a Winnipeg land company, but the prevailing opinion is that the real negotiators will prove to be the Canadian Northern railway, which seeks Port Simpson as its Pacific coast terminus. Indeed that place has advantages as an ocean port not surpassed by Prince Rupert, as it has a deep-water harbor and is well sheltered.

SITE TAKEN OVER.

Tranquille Sanitarium Will Be Ready for Occupation Shortly.

Kamloops, B. C., Aug. 26—Within six weeks' time patients will be received at the temporary quarters upon the property just taken over by the Anti-Tuberculosis society at Tranquille. Such is the announcement of Dr. Fagan, chief of the provincial health department. The purpose of his visit here was to formerly take over the property and to place it in charge of a manager appointed by the board of directors of the company The property is situated upon Kamloops lake, just opposite Tranquille station on the main line of the C. P. R. It is about six hundred acres in extent and the cost of it to the society, together with the stock upon it, was $57,000. The stock is valued at $20,000.

A thoroughly competent manager Shaw, by name, has been secured. He will manage the farm and it is believed by the members of the society that it can be run at a profit, which will go far to meet the cost of maintenance.

Wharves at New Alberni.

Victoria, B. C., Aug. 26—The terminus of the Alberni railway is to be at New Alberni. Mr. Marpole, interviewed by the Times, said that foreshore had been acquired from the Andersons and leased to mill companies, two of which had already arranged to go there. Ocean wharves are to be built. The line is to pass through Old Alberni. Gangs of men are being sent up at once to commence clearing the roadbed for the railway. Work is to be pushed as fast as possible. Surveys are being continued to Cowichan lake and the line will be built if arrangements are made with the lumber companies for enough business at remunerative rates. Surveyors are busy between Comox and Campbell river. The company will apply for a subsidy for that road next session and will build soon.

HON. FRANK OLIVER DISCUSSES THE JAPS

Speaks in Winnipeg Concerning Trip to the Coast—Defines His Position.

Winnipeg, Aug. 26—Hon. Frank Oliver, minister of the interior, is in the city. The minister's journey westward was to look into Oriental immigration into British Columbia.

"I find everybody employed," said Mr. Oliver, commenting on the outset of the commercial prosperity of the province. "There is an unsatisfied demand for labor; wages are good, and, generally speaking, conditions are buoyant."

The minister then proceeded to discuss the Japanese influx:

"This," he said, "is a little different from any Oriental question that has arisen hitherto. The labor organizations object, and all laboring classes naturally object, because of the consciousness of the presence of a large number of men who are competent and able to work for very much lower wages. But the feeling of opposition extends, beyond this class. There is a panicky feeling among the inhabitants generally that they do not know what is behind the movement. They are not in a frame of mind to reason the matter on the general economic side. They fear that it is a preconcerted movement; that there is a responsibility behind it, some sort of mysterious responsibility that they do not understand, and do not know the limits of. Employers who recognize only economic considerations, are measurably in favor of the introduction of Japanese, on the ground that they are competent workers and supply a requirement which every one admits to exist. But, instead of there being a clear division between employers and the working classes, as was the case in regard to Chinese and Hindu labor, there is a mingled opposition, comprising employers and the mercantile classes. Everyone except the employer who is up against it badly for labor in order to meet some urgent demand, seems to share the feeling of distrust engendered by the suddenness and volume of the influx.

"It is only this spring that the movement has taken place, and its suddenness has alarmed people. Another important feature of the case is that the immigrants are not coming from Japan, but from the Sandwich islands; and although they are Japanese citizens, the Japanese government has no legal control over their movement. There is no restriction to the movement to the Sandwich islands; and, after they obtain permission to go thither, they may go whither they choose. Some years ago the Japanese government entered into a tacit understanding that only so many would be allowed to leave Japan for Canada; and seeing that they cannot be held responsible, suspicion is aroused. This is acentuated by the statement—I cannot quote my authority—that the people who are landing in British Columbia hold passports to the Sandwich islands, dated only this spring. If their passports were dated years ago it could be readily conceived—so it is argued—that the conditions of the labor market there might be the cause of the present influx."

Half Will Remain in Canada.

London, Aug. 26—Members of the volunteer artillery team now in Canada have written home expressing their appreciation of the welcome given them there, and of the kindness with which they have been treated ever since their arrival.

Only about half the team will return to England. Of the remainder a number have already secured positions of different kinds in Canada and others will stay there and take their chances.

VILE TRUST RUNS CROOKED LOTTERIES

San Francisco Cursed With Swindling Combine—Exposed by The Call.

San Francisco, Aug. 24—San Francisc I is cursed with the vilest trust in the world—a crooked, criminal, swindling combine—according to a story in the San Francisco Call. It is a lottery merger, originated and operated for the purpose of plundering the public. Millions of dollars of fradulent profits are for the most part divided among four San Francisco lottery kings.

San Francisco is the last stronghold of the lottery From every section of the United States it has been driven out by the government after a campaign covering half a century. Only a few weeks ago the government won its greatest victory when it shattered the Honduras lottery, the successor to the notorious Louisiana.

Having choked the fraud in every other part of the country, the government has now turned its attention to San Francisco. It is making plans to drive the game from the only spot of American soil where it still flourishes.

It will be shown that the lotteries in San Francisco have been consolidated into a trust managed by millionaires who pretend to have standing in the community; that these fortunes have been built up by a long continued process of swindling the public; that the men behind these enterprises have steadfastly corrupted the city government; that they have paid tribute to the political bosses, that they have debauched the police department; that they have openly defied the laws; that they have reaped enormous profits through trickery and deceit; that they have maintained a political lobby for corrupt purposes; that they have been represented by one of the most prominent members of the state Senate of California; that their game is so conducted so as to make it a "sure thing" proposition for themselves; that they do not pay the premiums advertised; that their lists of drawings are a species of the vilest of frauds; that the winning numbers are selected by the company itself in the secrecy of its offices; that the profits from the fraud are figured with mathematical exactness.

The post-office department, the secret service and the attorney-general's office have joined together to smash the San Francisco lottery trust and to expose the men who have made milions out of it. The ordinary methods of trust-busting are not employed in this case.

BIGGEST ON EARTH.

Chicago's Traditional Ambition—Big Automobile for Police.

Chicago, Aug. 26—The city of Chicago is building an auto which it is promised will be to the other automobiles what the English battleship Dreadnaught is to the other naval vessels. It is on account of the automobile's size that the city is doing the work itself as special patterns had to be made for it.

The machine is to be used as a police patrol wagon. It is to be of steel body, seventy horse power, and large enough to carry 18 policemen and the chauffeur. The use expected to be made of the vessel is to carry a good sized squad of policemen to any point where there is more serious trouble than the men immediately available can handle. It will be able to go much faster than the present patrol wagons and carry more men.

Somebody Stole the Letters.

Ottawa, Aug. 26—Both the Dominion and the local detectives are endeavoring to ascertain who has been stealing letters from a box at the quarters of the Canadian Order of Forresters here. Checks have been abstracted and after the name of G. W. Steacy, the lodge secretary, was forged on them, they were passed at the Merchants and Crown banks here, and also at an express office here. The Dominion police are acting, as there is a possibility as to the letters disappearing in the course of mail transit, but this is slight and it is almost certain that some one acquainted with the premises has got keys, opened the box, abstracted the letters and committed forgery. The banks cashed the checks as the amounts were small, but they are coming in for criticism for doing so without calling for identification. They offer to make good the losses. Every effort will be made to locate the guilty parties and prosecute them.

EAT NEMO AND LIVE

WITHOUT NEWSPAPERS.

Business in Butte Suffered Considerably for Several Weeks.

Newspapers throughout America have been discussing the incident at Butte, Montana, where for thirty-nine days the newspapers suspended publication owing to labor troubles. The aspect which has chiefly appealed to them, however, was the effect on the trade of Butte caused by the stoppage of newspaper advertising. It appears that the Butte merchants turned to the use of billposting, hand bills, and circular letters to bring their offerings before the public, and that the result was almost disastrous.

Theaters lost their patronage, stores were empty of customers, manufacturers and wholesalers felt the drop in trade. Even the stock exchange was affected, as investors and speculators refused to credit the information given by the circulars issued, which necessarily lacked the guarantee afforded by a reputable daily paper.

The episode conclusively proved the immense superiority of newspapers over other forms of advertising, but that was by no means its most interesting feature. From a sociological standpoint the effect on the public was remarkable. The absence of reliable information as to passing events caused all sorts of trouble in Butte at the time.

Agent at Hazelton.

Victoria, Aug. 26—F. W. Valleau has been appointed provincial government agent at Hazelton. The appointment comes as a result of the development of that portion of the province during the present summer. Previously the provincial government offices for the entire district have been at Fort Simpson, but the rush to this territory from the east, the influx of capital and of immigrants and the development of the industries both mineral and timber in the neighborhood have necessitated this action. The provincial government has recognized the needs of the section in this matter and the creation of the new office will prove a great convenience to the inhabitants of the Hazelton district.

Painful Accident.

Nelson, B. C., Aug. 26—Archibald McVittie, the well known land surveyor, met with a painful accident yesterday afternoon. While taking a cork from a "pop" bottle he struck the top of the bottle with a stone, and in the explosion that followed a piece of glass penetrated the pupil of the eye. A careful examination of the eye revealed the fact that it was permanently injured, and this afternoon the eye was removed. There will be much sympathy with Mr. McVitte in his trouble.

GAGGED, BOUND AND BEATEN

Montreal, Que., Aug. 26—Gagged, bound, and beaten almost into unconsciousness, David Cadieux was found early on Saturday morning on Parc Lafontaine by passers-by, who beheld his pitiful plight and heard his groans. When the two people who picked him up and removed the gag from his mouth unbound his limbs, and gave him time to explain the details of what had happened to him, he told a strange story—a story that speaks volumes for the daring and brutality of the "thugs" that haunt Montreal's streets, highways, byways, and public parks in the hours of the evening. While passing through the park on Friday night, he was attacked by thugs, who, after robbing, gagged and bound him. For several hours after the hold-up Cadieux lay struggling on the ground, in vain trying to rid himself of the gag that scarcely allowed him to breathe, and to free himself of the ropes that bit into the flesh of his arms and legs. At length the pedestrians, who happened nearby, attracted by the sound of the unfortunate man's groans, approached to where he lay and released him.

Suicide at Kelowna.

Some time between four and six o'clock on Wednesday morning Henry Gruyelle, of Kelowna, carried out a threat which he had been making for a week previous. He had been showing symptoms of insanity for some time and on several occasions threatened to take his own life, which he did as stated on Wednesday morning. He shot himself in the right temple without ever removing the rifle, which was a .22, from the rack. So complete was the job that he only lived a short time, although there was still life in the body when found about six o'clock.

Expert's Secret Mission.

New York, Aug. 26—On the French liner la Touraine, in from Havre, on Sunday, was a passenger registered as Henry H. Spennfebren. According to the report circulated on the ship, he is a submarine expert who comes here on a secret mission to the navy department. He took special pains to conceal the nature of his mission to this country. He brought over some strange-looking apparatus, which he kept concealed, only allowing the customs men, to glance at it. He is German, but it was said that he had lived in France for some years.

Tenders—Burnaby Municipality

Tenders are called for clearing and grading Tenth avenue (inter municipal) from Fourteenth street to Twentieth street, in four sections of ten chains each.

Specifications can be seen at the Municipal hall or on the proposed work.

Tenders to be delivered at the hall before five in the afternoon on Friday, August 30, 1907.

VOICE OF THE WEST.

The Tribune, of Winnipeg, is a Conservative paper, but there are some prominent persons and some prominent doctrines of the "grand old" party for which it has no use. One of the persons is Mr. Roblin, premier of Manitoba, and one of the doctrines is Protection, with a big P.

The other day, the Tribune quoted from its local contemporary, the Telegram, the following paragraph:

"When Thiers was asked by Napoleon III. why he advocated a protective tariff for France, the answer was: 'Sire, because I want the tall chimneys to smoke.' And the farmer of this country has just the same active commercial interest in the advancement of Canadian manufactures. It is a desirable condition when patriotism and economic self-interest march abreast, and this they have done under the policy of protection inaugurated by the Conservative party."

After admiring the "logic" of the argument, which it illustrates by pointing out that free trade makes "the tall chimneys smoke" in Britain, and taking a passing whack at Mr. Roblin, the Tribune quotes again the sentence about the desirability of patriotism and self-interest marching abreast and adds:

"Yes, no doubt it is very 'desirable,' from a manufacturer's viewpoint—but the part that makes the people of the West weary is the fact that they have to furnish all the patriotism, while the oppressive monopolies handle the 'self-interest end.'"

AN APPRECIATION.

Talking about the Voice of the West, here is what an up-country paper which interviewed Hon. Frank Oliver on his way east, has to say about him:

"All who have come in contact with Hon. Mr. Oliver in his present visit have been greatly impressed with his candidness and frankness. He seems to be a man particularly fitted for the important position he fills in the Laurier cabinet, a man of great patience, untiring effort, sterling worth, honor and integrity."

And we believe that also is an honest and fair expression of the opinion of the general public.

CLEAN-UP CAMPAIGN REACHES COUNCIL

(Continued From Page One)

south half of lot 17 and south east quarter of lot 18, block 3, subdivision The mayor was authorized to sign the plans.

An application for permission to open the street at Albert Crescent for the purpose of connecting a residence with the sewer was received from Archibald Bros., plumbers. The application was granted, the work to be done under the supervision of the board of works.

The monthly report of the market business for the month of July was received form D. E. McKenzie, market clerk. The commission account for July amounted to $84.55; stalls account $75.55. The report was received and filed.

Mr. McKenzie also wrote applying for two weeks holidays, the term to date from about the 10th of September. The request was referred to the market committee with power to act.

W. R. Gilley applied for an opportunity to meet the committee of the board of works and lay before them his plans for a new wharf. The clerk was instructed to notify Mr. Gilley of the date of the committee's willingness to meet him.

Messrs. Whiteside & Edmonds wrote on behalf of their client, H. Schaake, applying for a lease of the Reserve situated in the west end of the city which the city is now endeavouring to secure from the Dominion and Provincial governments.

When the Hon. Frank Oliver, Minister of the Interior was here about two weeks ago, he assured Mayor Keary that the Dominion government would relinquish its claim to the property This leaves the provincial government yet to be negotiated with, and his worship reports that the city's application has been promised favorable consideration by the head of the provincial government.

The reserve covers about twenty-five acres and is situated between Sitxeenth and Eighteenth streets and south of Fifth avenue and abutting on the Fraser river.

The letter was referred to the finance committee for a report.

An application for a lease of a portion of the same property was received from F. P. Morrison and associates who stated that they wished to erect a shingle mill with a capacity of 200 thousand feet a day, on 200 or 250 feet abutting on the river. The writer, Mr. Morrison assured the council that his people were prepared to demonstrate their financial ability at any time, and were prepared to go ahead with the construction of the mill as soon as the lease could be secured. The application was referred to the finance committee for a report.

W. W. Sanderson, of Stratford, Ontario, wrote inquiring as to the prospects in this city for opening a clothing manufacturing business. He stated that he and his partner wished to organize a company capitalized at $50,000, for that purpose and wished to locate in some western town where a free site and exemption from taxation could be obtained.

On motion the clerk was instructed to write Mr. Sanderson giving him the required information.

At the request of the mayor the clerk read a file of correspondence which comprised the inter-communication between the mayor, the attorney general and Chief Justice Hunter, with reference to the appointment of a permanent supreme court judge to act in this city. His worship then asked whether the council was prepared to endorse his action, and in reply thereto, Ald. Shiles moved that the action of the mayor be endorsed. Ald. Johnston asked the mayor whether the subject had heretofore been dealt with by the council, to which the mayor replied that he had been instructed some time ago to take the matter up. Ald. Johnston remarked that he approved of the action of the mayor, but pointed out that the correspondence had been given to the press before it had been dealt with by the council. He was of the opinion that all matters requiring this attention of the council should frst come before that body.

Under the head of reports, the chairman of the finance committee recommending the payment of an account amounting to $102 to the Royal Columbian hospital. He also reported recommending the payment of the following accounts for schools:

John A. Lee	$424.65
H. Hoy	67.50
C. A. Welsh	2.00
T. J. Trapp & Co.	7.70
Vanstone, Htg. & Plb. Co.	1.50

The Colonist	1.50
Daily News Pub. Co.	7.50
Vancouver Daily Province	1.55
C. H. Clow	200.00
H. Bennett	532.15
Wm. Turnbull	122.50
Marshall & Bowell	71.25
W. D. Purdy	473.44
Royal City Planing Mills	45.00
C. P. R. Telegraph	5.09
Total	$2219.13

The recommendations were adopted.

Cobalt, Aug. 26—The camp is all agog with the report of a very rich gold find near Night Hawk lake, a large sheet of water, and slightly south of Abitibi lake. It is stated that two Swedes have found a vein of gold boring rock 130 feet across and already traced it two miles. Lurid stories are told of its wealth.

ABDUCTION STORY WAS SIWASH'S INVENTION

After several conflicting rumors concerning the attempted abduction of a young Indian maiden by a Hindu have been given to the police, the facts have at last come to light. An Indian woman, about forty years of age, and almost blind, left the encampment on Friday afternoon for the purpose of picking berries. She was accompanied by her little girl, seven years of age, who was acting as guide for her mother. After going into the woods for some distance, the woman and the girl lost their way and wandered around for a couple of hours before being discovered by a search party which had set out to find them.

The Hindu, Hurla Singh, was a fiction invented by some of the Siwashes, who have a grievance against the East Indians because some of them have found work around the canneries. In this case, some [illegible] mind apparently found an excuse for an outcry against the Hindus, and a distorted report of the facts brought to the notice of the police.

LOOKING FOR MOSELY.

Company's Liabilities Are $2[illegible] Accused of Many Frauds.

Montreal, Aug. 26—Detectives looking for Frank E. Mosely, who was manager of the now defunct Mosely Shoe & Leather company, detectives are acting on the complaint of Mosely's creditors that has been found to be guilty of obtaining money on warehouse receipts for goods that did not belong to him. The total liabilities are about $[illegible],000. Paul Galibert, leather manufacturer, has been victimized to the extent of $24,000; James Robb, wholesale boots and shoes, to the extent of $33,000.

McLEOD, MARK & CO.

"The Farm Land Specialists," New Westminster

CITY NEWS

W. E. Fales, is spending a few days in Seattle, and expects to return home about Wednesday of this week.

Guns for hire at Geo. R. Speck's, Trapp block, Columbia street

H. L. DeBeck and family returned yesterday from Boundary bay, where they have been spending the summer holidays.

Mrs. C. E. Shiles, of Ottawa, will receive with Mrs. D. A. Shiles on Wednesday, August 28, from three to six o'clock in the afternoon.

We are selling two dozen bottles of lemon and vanilla extract for 15 cents per bottle at the Good Cheer Store, 255 Front street.

A ladies' bicycle is at the police station awaiting a claimant. The wheel has been there for the past few days, but no trace of the owner can be found by the bluecoats.

The Swedish Lutheran Ladies society will hold a meeting in the Eagles' hall on Saturday of this week, from eight o'clock until midnight. A general invitation to attend is given by the members.

For cut flowers, bouquets or funeral designs telephone T. Davies & Son, B 208.

Tenders for the construction of the maternity cottage and nurses home as accessories to the Royal Columbian hospital are to be all in the hands of the Secretary W. H. Keary today. There will be a meeting of the board of directors within the next few days to open the tenders and it is the intention to start building operations without delay.

Money to loan on mortgage on approved security. White & Shiles, Columbia street, city.

Three months with hard labor was the salutary lesson given W. J. Ahearn, a man who has refused to support his wife for the past three months, in the police court yesterday morning. Evidence was adduced to show that Ahearn, who was formerly employed in the provincial asylum, had not contributed anything towards his wife's support for some time, although he had received money from some of his relatives only a short time ago.

If you require snaps we can supply you. 3 lbs. for 25 cents at Kyle & Son, 255 Front street.

The two Japanese, S. Ishoboshi and Kaunagi, who appeared before the police magistrate at Steveston yesterday charged with brutally assaulting a Swede fisherman, were mulcted in the small sum of $20 and costs. The prosecution established a strong case, but owing to some legal technicality, the more serious charge had to be dropped, and the Japs got the benefit of the light sentence. Haunson, the Swede, who was accused of stealing a fishing net, was liberated, no evidence being adduced against him.

Rubbers for everybody at Kyle & Son, 255 Front street.

Two workmen engaged on the new office building which is being constructed by the Brunette Saw Mill company at Sapperton met with a bad accident at 3 o'clock yesterday afternoon by falling from a scaffolding a distance of thirty feet to the ground. The men Messrs. A. S. Moore and Miller, both residents of Sapperton sustained broken legs, and were quickly removed to the Royal Columbian hospital for treatment. Five men in all fell with the weak scaffolding, but three of them were fortunate enough to come off without suffering serious injuries.

Fruit and poultry farm in Surrey, five miles from New Westminster, good house and well; 15 acres cleared, balance part Alder bottom. Price $25 per acre. Easy payments. White & Shiles & Co., 250 Columbia Street, New Westminster. 8-16-7

Constable Tooth, of Penticton, arrived in the city on Sunday evening with a lunatic for the asylum. Accompanying him was a constable from Grand Forks in charge of another insane patient. The constables took their charges to the city lockup, but the jailer demurred having these unfortunates foisted upon him, as all the cells were occupied. The constables refused to remain in charge of the lunatics, and after spending some time trying to call up the asylum attendants over the telephone without success, the insane men were taken to one of the hotels by their keepers. They were admitted to the asylum in the early morning.

Miss Hazel Scott, of Vancouver, returned home yesterday after spending some time in the city, the guest of Miss Mable Carty.

For good school shoes go to Kyle's Good Cheer Store, Front street

The Hon. J. H. Turner, agent general for British Columbia in London, England, is expected to arrive in Victoria from the old country on Thursday of this week.

E. A. Thomas, a member of the Vancouver police force, now on his vacation, spent yesterday in the Royal City, accompanied by his brother, J. W. Thomas, of the Okanagan valley.

For all kinds of cut flowers and potted plants, see Tidy, the florist.

Miss Powers has received notice that one of her former pupils, Arthur Cotton, has taken honors, in both Division one and Divison two, mathematical drawing, in the Royal Drawin gsociety, London, England. He will receive his certificates next week.

7- room modern house, close in; convenient to Central public school, immediate possession. Snap $1370; terms. Abbott & Hyde, next Guichon hotel.

C. J. Piper, of Piper's Siding, has posted an application in the water commissioner's office for a record of 25 inches of water from a small creek emptying into Burnaby lake. The water is being applied for agricultural and domestic purposes.

Choice creamery butter at 30 cents per lb. at Kyle & Son, Front street.

A Siwash, employed in the fishing business at Steveston, was drowned yesterday afternoon, falling off a boat a little distance from the town. It is reported that the Indian had been given several bottles of whisky a short time previously, and was drunk at the time he fell overboard. The body has not yet been recovered.

SEVEN JAPANESE CAPTURED BY POLICE

Attempt to Sneak Into the Country Frustrated—Vessel Liable to Heavy Fine.

Victoria, Aug. 26—News has been received from Union Bay of the capture of seven Japanese, who, it is alleged from the German steamer Wanguard while coaling at that point. The Wanguard arrived at Union Bay from San Francisco at the beginning of the week, and while coaling the seeven Japanese went ashore. They are not members of the crew, and the immigration officials, when the news of their landing leaked out, immediately set the provincial police to work looking for them, with the result that the whole septette were successfully rounded up yesterday.

The Wanguard arrived from Guayamas, Mexico, at William Head quarantine station on Friday last on her way to Union Bay to coal, and failed to report the presence of the Japanese on board. The steamer is now at Union Bay and will probably be detained until the matter has been straightened out by the immigration officials. The Japanese are all safely in custody, and will be deported on the German steamer when she sails.

Under the quarantine laws every vessel entering a Canadian port is required to report all cases of sickness and to give a list of passengers, crew and stowaways to the quarantine officers. For contravention of this regulation a heavy fine is set, and in default of payment the vessel can be seized by the authorities and sold to meet the penalty. As the Wanguard failed to report the presence of stowaways at William Head it is likely that the owners will be mulcted.

A REAL LIVE PRINCE.

Prince Louis Phillipe de Bourbon a Resident of Nelson.

It is not every city in the Dominion can boast of the distinction of entertaining a real live prince. As a matter of fact only a very few cities on this continent have ever been honored with a visit from a prince, let alone have one residing in their midst. There are, however, any number of Nelsonites who can boast of royal blood in their veins being the descendants of Irish kings, and they are only waiting to get a little money together to revive the title. It is therefore with pardonable pride that the Daily Canadian announces the fact exclusively that for some months there has been residing in Nelson a prince of the royal blood of France, Prince Louis Phillipe de Bourbon. The prince has been travelling incog., and in order to disprove the oft-repeated charge that the de Bourbons were parasites, Prince Louis has been engaged in menial work, viz., a porter at the Strathcona hotel. It was the prince's greatest desire that the secret should be kept inviolate, but some person, who evidently knew something of the de Bouroon family, discovered the secret, and revealed it to several well known citizens. As a result the prince has called upon the Daily Canadian, and made a clean breast of the whole business. From his highness' account of his family tree, it transpires that he comes from the collateral branch of Louis XVI's family, and while he lived for many years in the United States he was born in France. He has a brother and a sister now living in the United States. It is their intention to take up their permanent residence in Nelson, at least until such times as there is a change in the form of government in France, when they sincerely hope the de Bourbons will come into their own. While this is official, it must not in any way be regarded as a court circular.—Nelson Daily Canadian.

Mansfield Tries Christian Science.

Chicago, Aug. 26—An inter-Ocean special from New York says: Despairing of being cured by regular physicians, Richard Mansfield has turned to the Christian Science faith. A healer who has a diploma from Mrs. Eddy's church and is vouched for by prominent scientists, is installed at Mr. Mansfield's cottage at Seven Oaks, near New London, Conn., having come down with the invalid from Saranac Lake, N. Y. During the last four months Mr. Mansfield tried many physicians and many remedies, but his condition is no better now than when he left New York for his European trip. He has sought health in the German baths in the English watering places, in Canadian resorts and in the Adirondacs, and now he has hopes of finding it on the shores of Lond Island sound.

GLADYS IS A RICH GIRL

New York, Aug. 26—Miss Gladys Vanderbilt's twenty-first birthday occurred today, when, according to the will of her father, the late Cornelius Vanderbilt, she came into absolute possession of the estate left in trust for her, which amounts to the neat little sum of $12,500,000. Miss Gladys is the youngest of the five direct heirs to the vast fortune amassed by the third head of the house of Vanderbilt She and her mother have been visiting in European waters

Mrs. Vanderbilt has cabled to have "the Breakers" opened. She and Gladys are coming over for the late season, and, incidentally for business reasons—the redistribution of the Vanderbilt millions, which according to that document of fatherly love and wrath, the Vanderbilt will, was to be finally adjusted when Gladys came to legal age.

Nanaimo Loses a Chinaman.

Nanaimo, Aug. 26—While travelling near Chinatown, today the Rev. Mr. Knott, the Indian missionary found a Chinaman suspended by a rope around his neck, in front of his cabin, the last house at the south end of Chinatown. The man's name is Ah Moon and he is about 50 years of age. He had been in poor health for some time, suffering from stomach trouble. Yesterday he was to have consulted a doctor. From appearances he must have committed suicide some time early in the morning and doubtless his body was seen previously by other Chinamen as it was in plain view from the road. This is one of several suicides in the district of Chinamen who have imagined themselves incurably ill.

WOMEN ANNOYED.

Charge That Mayor Broke Promise and Granted License.

Sioux City, Iowa, Aug. 26—Charges of bad faith and broken promises were hurled at Mayor Sears and the city council by the women of North Riverside, because the council, after promising the ladies that consent to operate a salcon in that suburb would be refused, granted it at a recent meeting.

When the matter came up a month ago, a delegation of the most prominent church women of the city visited the council chamber and the aldermen, in open session, turned down a saloon petition and passed a resolution promising that no saloons would be permitted in the suburb. Four weeks later a local saloonist filed a petition for a permit, which was granted.

The mayor declined to sign it, and threatened a veto, later attaching his signature when some of the male protesters withdrew their opposition. The women appeared again at the council meeting and the aldermen postponed action a week.

Liabilities, One Million.

Troy, N. Y., Aug. 26—The big collar, cuff and shirt corporation of Curtis, Leggett and Company, went into bankruptcy today because of the stringency of the money market and inability to meet notes. The labilities are estimated at $1,100,000, the assets are placed at $2,000,000. United States district court Judge Ray, at Syracuse, today appointed Seymour Vansantvoord and Charles G. Cleminshaw, of this city, and Julian Scott, of Bainbridge, receivers of the company.

LIQUID VENEER

MAKES OLD THINGS NEW

Liquid Veneer instantly restores the brilliant newness and finish of Pianos, Furniture, Picture Frames Interior Woodwork, Hardwood Floors, and all polished, varnished or enameled surfaces.

It renews and redresses everything it touches. Revarnishing is unnecessary, becauses scratches, stains and dirt instantly disappear, leaving a smooth, brilliant surface.

Liquid Veneer is not a varnish, but a surface food that is absorbed by the old finish, instantly restoring the latter to its original brightness. Easy to use—only a piece of cheese cloth is necessary. Dries instantly.

One delighted customer writes that it is worth $100 per bottle. The price is only 50 cents.

A few trial bottles at 10c. each

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

In the Matter of the "Trustees and Executors Act," and in the Matter of the Estate of Augustus William Lundbom, Deceased.

All persons having any claims or demands against the estate of Augustus William Lundbom late of Surrey Centre, British Columbia, deceased, are hereby requied to file with the undersigned their names and addresses and full particulars of their claims, and the nature of the securities (if any) held by them, duly verified, on or before the 31st day of August, 1907.

Notice is hereby given that after the said date the executors will proceed to distribute the said estate amongst the parties entitled thereto, having regard only to the claims of which they shall then have had notice, and they will not be liable for the proceeds of the estate, or any part thereof, so distributed to any person of whose claim they had not notice at the time of distribution thereof.

Dated this 24th day of July, 1907.

F. W. HOWAY,
Solicitor for John McKenzie and John Churchland, executors of above estate.

LAND REGISTRY ACT.

TAKE NOTICE that application has been made to register Margaret Robson as the owner in Fee Simple, under a Tax Sale Deed from The Corporation of the Township or District of Surrey, to Margaret Robson, bearing date the 7th day of November, A D., 1901 of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as lot 7, subdivision of Northwest quarter of Section 19, Township 2.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, otherwise I shall register Margaret Robson, as owner thereof in fee. And I hereby direct that publication for thirty days in a daily newspaper published at New Westminster of this notice will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 18th day of July, A.D., 1907.

C. S. KEITH,
District Registrar.

To Fredrick Throssell and H. Burton.

All persons served with this notice, and those claiming through or under them, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

TIMBER NOTICES.

TAKE NOTICE that Henry M. O'Connor of New Westminster, B.C. occupation timber cruiser, intends to apply for special timber licenses over the following described lands, situated in vicinity of Draney and Rivers Inlets, New Westminster Land District, Coast District Range 2.

1. Commencing at a post planted at the southwest corner of Timber License 11,508, thence west 40 chains, thence north 80 chains, thence east 120 chains, thence south 40 chains, thence west 80 chains, thence south 40 chains to point of commencement, and containing 640 acres more or less.

H. M. O'CONNOR.

"The Milwaukee"

"The Pioneer Limited" St. Paul to Chicago, "Short Line" Omaha to Chicago, "South West Limited" Kansas City to Chicago.

No trains in the service on any railroad in the world that equal in equipment that of the Chicago, Milwaukee & St. Paul Railway. They own and operate their own sleeping and dining cars on alll their trains and give their patrons an excellence of service not obtainable elsewhere.

H. S. ROWE, General Agent, 134 Third St., cor Alder, Portland, Or.

PRIESTS SHOOT THE CHUTES

Prince Albert, Aug. 26—Two Roman Catholic priests who essayed to shoot Cole Falls rapids, near the forks of the Saskatchewan river, a few days ago, had a narrow escape from a watery grave. They left Prince Albert in a Peterboro canoe well loaded with supplies, one of the fathers being bound for his post at Cumberland house, while the other intended taking a holiday trip to Fort a la Corne and returning by rail. They passed two rapids successfully, but at the third the canoe was capsized. The supplies were lost in the river, but the canoe floated bottom up and the fathers both managed to cling to the craft. In this perilous position they were swept on by the rushing waters, beaten and bruised against the rocks, but holding on for dear life.

One of the fathers retained his paddle, and eventually he climbed on to the boat and towed his companion ashore, some miles below the scene of the upset. Their plight on reaching the shore was bad as there was no habitation within five miles, but by midnight they found shelter in a settler's shanty, and next day went on to Fort a la Corne, where supplies and guides were obtained.

NEWSPAPER IN TROUBLE

Regina, Sask., Aug. 26—Rimmer & Trant, solicitors of this city, have served the Standard with a writ for libel on behalf of a widow named Mrs. Kelly, who claims damages amounting to several thousand dollars. The allegation appears to be that when the lady was detained for a short time by the police on account of a supposed theft of jewelry, the newspaper published certain statements reflecting on her moral character. Mrs. Kelly announces her intention of pursuing the matter to the courts.

Color Line Drawn.

London, Aug. 26—The color line is drawn here as well as in the United States. This is proved by the experience of the Strand workhouse guardians, who have had great trouble in placing a colored orphan boy in the way of making a living for himself.

He was declared ineligible for the navy, while in the army there is no place for hm except in a colored regiment in West Africa or the West Indies. So the guardians sent him to learn seamanship on the mercantile marine trainin gship Exmouth but he was so severely "ragged" by the other boys that the ship's commander demanded that he be taken away.

The authorities thereupon intimated that if it was made impossible for a colored boy to remain on the Exmouth, public support for the tra ning ship would be withdrawn. So the lad is now staying on the ship, but having far from a happy time.

He's Crazy, All Right.

Kamloops, Aug. 26—A man named Moseley, who has been in the district for some months, was brought in yesterday by Constable Fernie, and is now held until his sanity can be enquired into. A couple of days ago word was sent in to the office that Moseley had disembowelled his horse with an axe, and had become dangerously violent. He has been acting strangely ever since he came to the country, but it appeared to be a harmless mental affliction which manifested itself in a peculiarly religious way, and this last outbreak indicates a change in his condition.

Wonderful Cliff Discovery.

Denver, Colo., Aug. 25.—A. J Flynn, vice president of the Denver Archaeological society, has made a wonderful discovery in the cliff dw ller region of southwest Colorado, it being a place six stories high, in a good state of preservation, the largest and most perfect buildings yet found among these ruins. It is constructed of blocks of stone more regularly cut than those found in average cliff dwellings. When shrubs have been cut away and its front made clear it will command a view of the entire canyon in which it stands.

Hotel Guests

Gaichon—C. D. Bell, W. R. King, W. J. Gibbons, Vancouver; T. L. Henderson, Seattle; R. B. Collison, Surrey.

MATSQUI SHARES IN PROSPERITY

Municipality Will Be Greatly Benefitted by Advent of Tramway Line.

"More progress and advancement is noticeable in the municipality of Matsqui than in any other section of the Fraser valley."

This is the way J. A. Eastman summed up his observations taken while travelling through the district last week, on his return to the city yesterday. Mr. Eastman accompanied by M. Nelems, started out last Friday on a trip through the district and drove through Surrey, Langley, Matsqui, Sumas, and a portion of Chilliwack, and had an excellent opportunity of sizing up the crops and general development of the country. Mr. Eastman is convinced that the crops in Matsqui are unequalled in Westham, ..slands, or in the Mud bay district. He report sthat he saw oats that will yield 100 bushels to the acre, and wheat that will run 45 bushels to the acre at conservative estimate.

Alex. Cruickshanks, one of the pioneers of the district, and one who has done more to advance the municipality than any other, has a 640 acre farm in grain, 500 of which is cropped with oats. Mr. Cruickshanks has brought in to the district a crowd of excellent farmers from Washington and Oregon, all of whom are getting along splendidly, and are aiding in the advancement of the municipality. As an evidence of how the muicipality is going ahead, Mr. Eastman reports that they have five public schools, and will have a high school within the next few weeks. The trustees are now negotiating with a teacher in the east to take charge of the high school. The municipality is also constructing bridges, roads, etc. During the last few years they have constructed five miles of gravel road each year without drawing on any extra revenue.

Mr. Eastman states that Matsqui has 12,000 acres of good arable land, 5,000 of which is yielding a bountiful harvest this year.

Because of the lack of transportation facilities, Mr. Eastman states the greater portion of the trade of the district is going across the line. He is convinced that this is so, from personal observation. He is of the opinion that the B. C. Electric tram line, when completed will remedy this state of affairs. At present the farmers are entirely out of reach of New Westminster, the nearest Canadian city, and as they can get to Sumas, Blaine, Bellingham, and other United States points quite easily, they do so, and the American towns gain what New Westminster loses in trade.

STOCK COMPANY ARRIVES

The members of the stock company which Irving Beers has brought from the Eastern States to hold the boards at the New Westminster opera house during the season just opening arrived yesterday morning and registered at the Windsor hotel. They are a likely looking company and so far fulfill the expectations aroused by Mr. Beers' promises. Of their histrionic abilities, the public will be able to judge later.

The leading lady, Miss Majorie Rambeau, is well known in the eastern theatrical world, and it was by rare good fortune that Mr. Beers was able to induce her to take a half interest in his enterprise.

Other members of the troupe are Mr. Edmond, Miss Lillian Burnett, R. T. Love, Miss Nellie Gibson, Miss Alice LaQuea, Vincent Noore, Miss Edith Osborn, Dialto Edwards, Joseph Seley and James Conway. Mr. Esmond became involved in a train wreck near Seattle on Sunday and was accordingly delayed. He will arrive today accompanied by Miss Rambeau's mother.
