STREET LETTER BOXES NUMBER FORTY-THREE

City Will Be Well Supplied With Mail Receptacles—Three Collections Daily.

Forty-three street letter boxes will be in use in this city before the end of the present year, the work of installing the same being due to commence within a short time. Tenders for the collecting and carrying of the mail from the letter boxes to the post office are being called for, and will be received by the postmaster-general until noon on Friday, October 2.

At the present time there are only eight street letter boxes in the city, six of these being now re-numbered 5, 7, 15, 18, 25 and 32, while the remaining two have been moved from Fifth avenue and Tenth street to Fourth avenue and Tenth, and from Royal avenue and Eighth street to Toronto Place and Eighth street.

The collection of letters will be on the following basis: Boxes Nos. 1 to 43 inclusive, to be collected daily, commencing at 7 a.m. and delivering all contents at the post office by 10 a.m. This route covers a distance of thirteen miles. Route No. 2 takes in boxes Nos. 15 to 36, which are to be collected daily except Sunday, commencing at 1:30 a.m. and completing the round at 1 p.m., the total distance being about five miles. The last route takes in boxes 21 to 36, which are to be collected every day except Sunday between the hours of 5:30 and 6:30 p.m. The actual time of collection at each box will be shown on a metal plate placed in a conspicuous position on the letter receptacle.

Following is the complete list of street letter boxes, together with their location and numerical disignation:

NERVY COBBLER FREE.

Famous German Prisoner Released After Serving Only One Year.

Berlin, Aug. 21.—Wilhelm Voight, the famed cobbler of Koepenick, again has proved the value of his nerve. He was released today after serving only one year of a four-year sentence imposed upon him for standing the whole German army on its ears by his practical joke which incidentally won for him all the funds in Koepenick town treasury and brought about the imprisonment of all the town officers. How the cobbler won his release today is not known, but a few scoffers at army and officials intimate he impersonated the Kaiser and signed his own release papers and walked out.

VICTORIA INTERMEDIATES HERE THIS AFTERNOON

Championship Lacrosse Match BetweenCapital City Athletes and Westminster Boys.

Considerable interest is being taken in the championship intermediate lacrosse match to be played at Queens park this afternoon between the Capital City athletes and a picked Westminster team. That the end of the fourth quarter will see the local lads with a good lead in their favor no one doubts, as Westminster has by far the strongest team of intermediates in this province at the present time. The Victoria lineup will be reinforced by at least four senior players, but even with this strengthening, they are not likely to be able to net the rubber often enough to secure the victory.

The game is due to start at three o'clock sharp. As arrangements have been made for a baseball game to be played on the oval after the lacrosse game, this is the latest hour at which a start can possibly be made, and for this reason a start on time—a rare thing in intermediate lacrosse matches in this city—will likely be in order today.

The complete Victoria lineup has not yet reached the manager of the local team, but it will be almost the same as that met and defeated in Victoria a couple of weeks ago. The Westminsters will have the following strong aggregation on the field: Munn, goal; Peele, point; Marshall, cover point; Galbraith, first defence; Robertson, second defence; C. Spring, third defence; W. Warwick, centre; E. Warwick, third home; A. Smith, second home; Henry, first home; G. Spring, outside home; Swanson, inside home.

TRADES AND LABOR COUNCIL NAMES CONGRESS DELEGATE

R. H. Stoney Will Have Trip Across Continent—Work Reported to Be Slack in City at Present.

At a meeting of the trades and labor council was held last evening to elect a delegate to the trades congress of Canada meeting in Halifax next month. J. J. Randolph, president, occupied the chair. The names of R. A. Stoney and C. Feeney were submitted, the former having a majority vote of one. To raise the money this journey, a smoker will be held shortly and other schemes adopted. A committee to arrange this social gathering was appointed.

Work was reported to be somewhat slack in the city, and owing to the machinists' strike this new union has not yet been organized. Nothing will be done till a settlement with the C. P. R. is arrived at.

It was decided to write W. L. Mackenzie King, deputy minister of labor, asking for the secretary of the council to be the official correspondent in this district of the Labor Gazette, the government publication.

RUSTLERS RETURN TO COMBAT ONCE AGAIN

Not satisfied with having been cruelly trounced twice within the past few days by Bodley's Bad Boys, and still suffering from the stigma of defeat, the aggregation of leather swatters misnamed Rustlers have officially announced another swatfest for this afternoon at Queens park, the tragedy being due to take place immediately after the lacrosse match. No pains or expense will be spared to make a showing against the regular players, an efficient catcher, Francis Bilodeau, having been imported from St. Mungo cannery at enormous cost. Brother Joseph will be in evidence on the field, and has promised to wear his sensational stockings of lurid hue.

These are the teams:

Westminsters—Silver, p; Prouty, c; Sinclair, 1b; Fitzgerald, 2b; Stein, 3b; Wright, ss; Barbaree or Deans, lf; Canfield, cf; McIntyre, rf.

Rustlers—Yuill, p; F. Bilodeau, c; McLean, 1b; J. Lewis, 2b; Donnelly, 3b; J. P. Bilodeau, ss; O. Peele; Garrett, cf; Corbett, rf.

Umpire—Not yet captured.

EXHIBITION WILL WITNESS GREAT GATHERING OF NOTABLE VISITORS

City Council Will Be Asked by Board of Control to Contribute Two Thousand Dollars Out of General Revenve in Lieu of Public Subscriptions—Many Attractions Arranged and Others Projected.

The welcome news was received in the city yesterday that Earl Grey, the governor-general, will visit the provincial exhibition when on the coast next month. The information comes from a well informed source.

The board of control of the R. A. & I. society is assured of the presence of Lord Strathcona, high commissioner for Canada, who comes here to assist in the celebration of the Fraser centennial, his uncle, Mr. Stuart, having been Simon Fraser's chief lieutenant.

These announcements were made by Manager Keary at a meeting of the city directors of the Royal Agricultural & Industrial society last evening at the city hall, called to discuss the amusements for the forthcoming exhibition. He also stated that there was considerable likelihood of Sir Wilfrid Laurier being on the coast about that time, and if so, he would visit New Westminster.

Many Attractions.

T. J. Trapp, president, occupied the chair, and there were present C. A. Welsh and W. H. Keary representing the board of control, and the following directors, Ald. Garrett, J. H. Watson, John Peck, Nels Nelson, Robert Jardine, T. J. Armstrong, Rev. J. S. Henderson, A. Hardman, C. C. Fisher and S. G. Tidy.

In the course of an explanatory statement the manager said the directors in the interior thought the city directors should secure and make all arrangements for the attractions. They had a very good list offered for this year. He might mention that the Sons of Scotland would take over the complete control of the arrangements on Wednesday, Sept. 30, and among their attractions had a relay race, for which there were already five entries. The organization asked for a grant of $400 from the society, which was at once passed.

Manager Keary said that as far as the Fraser centennial celebration was concerned, the contract for the monument was in hand with Mr. McKay, and he had no fear that the money would be forthcoming.

The historical exhibit would prove an immense success, and there were numerous promises of old documents, pictures, etc. They had now to entertain a number of notables, and it would be necessary to elect a reception committee, as there were numerous matters to be arranged to receive their guests. Canoe races, in the old type of canoes, would be very appropriate on the occasion of the centennial, but if Earl Grey did come, as they expected, this feature should be handed over to the superintendent of Indian affairs. Lacrosse had always proved the greatest attraction, and perhaps they would be able to arrange terms to play the St. Catherine's games for the Minto cup during exhibition week. He understood that the executive of the lacrosse club would meet to discuss the challenge next week, to which the president, Rev. J. S. Henderson, assented.

Application for City Support.

Before the committees to carry on the work were elected, Sheriff Armstrong made a request to the city council members to explain why they had declined last year to place the contributions now collected with difficulty from the merchants on the city treasury, as requested by a deputation, or else to take plebiscite of the electors on the subject?

Speaking as mayor, the manager said the council had power to vote the money, which was stated to be about $2000 only, from the city funds.

Ald. Garrett pointed out that the vote of $500 to the lacrosse team had given him much trouble with a number of his supporters, but if a deputation waited on the council again, they would do what they could.

Deputation Appointed.

Messrs. Armstrong and Peck urged that it was impossible to expect the storekeepers to contribute to every object, the exhibition was a civic asset, and should be charged to the whole of the ratepayers. Some at present, while large non-resident owners, paid nothing at all. The sum was too small for the matter to be called in question.

Ultimately it was decided to appoint a deputation consisting of the chairman, Sheriff Armstrong and Mr. Peck to interview the council Monday night, and put the case before them.

Committees.

Some of the principal committees chosen were:

Lacrosse—Rev. J. S. Henderson, R. Jardine and Nels Nelson.

Grounds—Ald. Garrett, J. G. Brymner and A. Hardman.

Decorations—P. T. Bowler, Fire Chief Watson and Ald. Gray.

Special features—Sheriff Armstrong, James Leamy, W. E. Vanstone and J. W. McDonald.

Collecting from wholesalers—George Adams, C. A. Welsh, D. Gilchrist, Ald. Fader, A. Hardman and D. S. Curtis.

Billeting—Ald. Garrett, to select assistants.

The Top Hat Company.

The choice of the reception committee occupied a considerable time, and as one member said, any one with decent manners and a top hat and willing to work, will be eligible. Names of nearly all the principal men in the city were suggested, and about twenty appointed a committee, with power to add to their number, to receive the distinguished guests above mentioned, as well as railway magnates expected from the east and south.

Assurances and Suggestions.

The members of the B. C. Fire Chiefs and Firemen's association will be presented with badges commorating the occasion, when they gather on September 28-30.

Would Exalt Aldermen.

A suggested attraction was a flying machine ascent, and the special bait offered was a trip for the aldermen, which led Rev. J. S. Henderson to remark that they would be "exalted." The expense of this feature, if adopted, will be considerable.

For children's day there will be a great boys' brigade gathering from all the coast and towns, the boys' band of Rev. Silva White's church, Nanaimo, attending. There will be large contingents from Vancouver, as a special rate will be in force on the B. C. E. R. A committee was appointed to arrange details.

Clean Side Shows.

Rev. J. S. Henderson brought up the question, at the request of the Ministerial association, that the board should exercise rigorous supervision over the character of the shows at the exhibition, and the chairman promised this would be done.

Manager Keary said the application for concessions were greater than ever. The construction of the reservoir would restrict the space.

Liquor on the Grounds.

To show how the board of control were protecting the character of the exhibition, it was mentioned that two men from Victoria had that day made an offer to obtain a monopoly to sell beer on the field, as they claimed was done at the exhibition at Victoria. The reply given them, said the manager, was that the directors would not entertain such a proposal at any price. (Hear, hear.) Mr. Nelson cordially endorsed the remarks of the manager and others on this subject.

A baseball committee was elected, under the chairmanship of H. Ryall, to endeavor to arrange a match at Westminster of Northwestern league teams, or, failing them, some first class amateurs.

Cash Plus Caution.

Ottawa, Aug. 21.—The bank statement for July, issued today, is of a most cheering character. It shows that the people of Canada have cash, but are simply not risking it in speculative ventures.

STEAMER WILL CATER TO RIVER FREIGHT TRAFFIC

New Boat Will Replace Favourite on Run from Mission to Westminster—Will Run to Vancouver.

Commencing Monday morning, a new freight steamer will be placed on the Fraser river, running from Mission City to Johnson's wharf, Vancouver, and calling at all intermediate points. The boat, known as the "McCulloch," will leave Vancouver at 7 a.m. on Mondays, Wednesdays and Fridays, and will leave Mission City at the same hour on Tuesdays, Thursdays and Saturdays. The "McCulloch" will berth at the Brackman-Ker wharf in this city.

That the latest addition to the river steamers will come in for a good measure of support from the up-river farmers is assured, as the fact that she will run straight to Vancouver will obviate the necessity of transferring produce to that city over the B. C. E. R. lines, in consequence of which a cheaper rate than at present governs the handling of freight is assured. D. M. MacGowan, who is part owner in the craft, will act as pursar and manager. All communications with respect to the service should be addressed to him.

MINING FOR GOLD IN SASKATCHEWAN RIVER

Company is Preparing to Operate at Edmonton—Have New Invention To Separate Gold from Sand.

Edmonton, Alta., Aug. 21.—Provided that the new gold concentrator, invented by a Montreal inventor, proves successful, next year will see the establishment of large gold washing outfits on the Saskatchewan and the Peace rivers.

Messrs. Haram & Thrope, mineral experts, who represent the new invention, are in the city securing samples of Saskatchewan river gold bearing sand which they are shipping to Montreal to be tested in the new concentrator. The proposition is an extensive one and contemplates mining gold from the river at Edmonton and at Peace river Landing on the Peace river on a large scale. Montreal capital will be largely interested in the enterprise.

The new process separates the gold from the sand by a dry process in place of the old wet process and is guaranteed to save from eighty to ninety per cent. of the gold from the sand. As a result of prospecting on the river here, Messrs. Throps & Haram yesterday secured several samples of sand which to the naked eye bore evidence of gold. These samples are being shipped to Montreal.

START IS TO BE MADE ON FRASER IMPROVEMENT

As a result of the conference of the members of the Fraser river improvement committee yesterday morning with Mr. Turner, acting resident engineer, department of public works, it was decided to ask J. B. Kennedy, M. P., to go to Victoria at once and interview G. A. Keefer, the resident engineer, and arrange for work to be commenced at once on the Fraser river.

The suggestion of Engineer Le Baron that the sand at the river mouth should be stirred up with an iron drag or other means to prevent it forming a bar will be acted upon at once.

Mr. Kennedy left for Victoria during the afternoon.

HOPE ABANDONED FOR WIGAN MINERS

Wigan, England, Aug. 21.—It is now known that seventy-six miners perished in the explosion and the fire that followed it in the Maypole mine. Finding that it would be impossible to recover the bodies still in the pit, the fire having taken such a firm hold, the directors last night decided to flood the mine.

ERA OF PROSPERITY ENJOYED AT MISSION

LargeNumber of SettlersAre Arriving in District—Improving Waterworks.

Mission City, Aug. 21.—(Special.)—Mission City is enjoying at present the most substantial era of prosperity it has known since it was first placed on the map and many new stores, dwellings and other buildings are being erected while the conveniences of the town are being wonderfully improved. The growth is substantial and steady and it is predicted that it will not be long before this place will be one of the most progressive in the whole Fraser valley. The district surroundings are also fast increasing in population and importance and new settlers are locating in this famous fruit belt every few days.

New Buildings.

The principal buildings now in course of erection here include a handsome two-storey cement block containing several stores for H. Windebank on Grand avenue, and a three-storey cement and frame block on Washington street for J. A. Abbott.

Can Talk Over Wires Now.

The improved facilities in the city include a new long distance telephone line to the coast cities, a waterworks system and an electric lighting system. Mission already has a local telephone service and the long distance line is almost completed and will be in operation shortly. The town also has a waterworks service, but new mains are being laid and the whole service will be greatly improved. The electricity for the lighting system is being secured by water power from Silver creek, five miles back of here and the system will be in operation in a short time.

After First Prize.

Mission is making new records every year as a fruit growing and agricultural centre generally, and this year will put forth a great effort to carry off premier honors in the great district competition at the provincial exhibition which opens at New Westminster on September 29. The exhibit will be gathered from all parts of the district and will be taken down to the big fair immediately after the local agricultural show here on Thursday, September 24.

Road Improvement.

The municipal council is doing good work in the opening up of new roads and regrading those opened years ago. The large number of new settlers has brought the necessity of making many new thoroughfares.

Many of the residents of the town are securing a supply of excellent firewood for the winter now by storing up supplies of white birch which is plentiful on the land being cleared and makes as bright and lasting a fire as the oak of Ontario or California.

Three Sawmills.

J. B. Code's new sawmill, which has been in course of erection for several months, is now in full operation. The Mission lumber mill, which has recently changed hands, is being greatly improved by the new owners and the output increased to 25,000 feet per day. Mission now has three sawmills.

Rain is Wanted.

The fruit growers in the district are wishing for rain as the crops are beginning to suffer from the continued dry spell. The fruit crop promises to be well up to the average if not better, while the quantity shipped from this locality will create a record owing to the greatly increased acreage in orchards.

YOUNG TURKS TO MEET TO DISCUSS SITUATION

London, Aug. 21.—According to a special dispatch received here from Geneva this morning, the leaders of the Young Turk party are to meet in that city at the end of this month to discuss the question of deposing the Sultan of Turkey, and in the case of an affirmative decision to select a successor. No confirmation of this statement can be had here.

WAR PATH TAKEN BY TWO INDIAN TRIBES

Tardy News Leaks Out of a Battle on the Liard and Nelson Rivers.

In the remote parts of the interior of British Columbia life is still held pretty cheap, and although the white man is generally safe from molestation, the Indians themselves are wont to settle their little troubles in time-honored fashion, without calling upon the courts or the representatives of the government to assist them.

The latest of these little affrays is mentioned in a report just received by the attorney-general's department from the headquarters of the Northwest mounted police, which speaks of two tribes having gone on the warpath, with the result that some ten men were killed and others injured. The report goes on to say that further trouble is expected.

The scene of the fight is situated in the northeast corner of British Columbia, and it is an object lesson of the immensity of the distances in this province and how little is known of the vast interior spaces, that this foray occured in the spring of last year and yet the news has only just leaked out. The belligrent Indians were the Dog Ribs and the Sikannis, who are understood to be oldtime enemies, and the authorities are not always able to prevent spasmodic outbreaks from time to time.

A more serious report coming from the same source is that a Roman Catholic missionary, who was traveling on the Liard river, alone in a canoe, is thought to have been killed also. The Indian who brought the news stated that while his effects had been found, he himself was nowhere to be seen.

These events are supposed to have taken place near the confluence of the Nelson and the Liard rivers, and such meagre details as are known here are to be found in the report referred to, the essential portions of which are reduced below:

"On June 4 last B. G. Clarke of the Hudson Bay company at Vermilion reported to me having met an Indian (Dog Rib) at Hay river post, 100 miles north of Vermillion, on the Hay river, who had come on a hunting trip from th Liard river, leaving there in the summer of 1907, and this Indian told him that the Siskanni and Dog Rib Indians had been fighting during the early spring of 1907. Ten men were killed and several wounded and he believed that more trouble would follow. The fight occured near where the Liard and Nelson rivers join, and on the Nelson river.

This Indian also reported that a brother of the Roman Catholic mission was traveling on the Liard river, in a canoe, alone. His canoe, clothing and food were found, but that he was missing and could not be found. Some of the Indians believed that he had been killed also.

"The Indian who made his statement to Mr. Clarke left at once to hunt back toward the Liard river and will reach there some time next spring.

Gold in Ireland.

Belfast, Aug. 21.—It is announced that an American company has taken over a large tract of land belonging to Lord Shaftsbury's estate, on the Innishowed peninsula, in which a rich mine of gold and copper was recently discovered.

JAILED ONE WEEK FOR STEALING A NEWSPAPER

Man Who Was Too Mean to Spend One Cent for News is Given a Well Deserved Lesson.

Hamilton, Aug. 21.—The theft of a newspaper, valued at one cent, resulted in George Harris, a respectable machinist who gave his address as 160 King street west, being sent to jail this morning for one week. Harris pleaded guilty to the charge of stealing the newspaper, which belonged to J. R. Wells. For some time the police have been receiving complaints about the theft of newspapers from doorways and yesterday morning Constable Bert Thompson concealed himself near Mr. Wells' door. He had not waited long when Harris came along and picked up the newspaper. H walked away and the policeman followed him. Harris told the officer that he did not have the paper, and then immediately contradicted himself with the statement that he did have it.

At the court this morning, Harris said he never had been in trouble before. The magistrate remarked that the law had to be observed, and sent him to jail for one week.

SEALED TENDERS addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of Thursday, the 20th day of August, 1908, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, of the following sections of the Transcontinental Railway, viz:

(1) District "C."—From a point designated on the plans of the Commissioners near Weymontachene, in the province of Quebec, 196.38 miles west of the north abutment of the Quebec bridge, such point being on the boundary between Districts "C" and "D" westerly for a distance of about 107 miles. Date of completion, 31st December, 1910.

(2) District "C."—From a point designated on the plans of the Commissioners, about 107 miles west of Weymontachene, in the Province of Quebec, westerly to the end of the Grand Trunk Pacific Railway Company's contract, a distance of about 114.97 miles. Date of completion, 31st December, 1910.

(3) Districts "D" and "E."—From a point designated on the plans of the Commissioners, being at the western end of Fauquier Bros.' Abitibi contract, in the Province of Ontario, in a westerly direction for a distance of about 104.24 miles. Date of completion, 31st December, 1910.

(4) District "E."—From a point designated on the plans of the Commissioners, about sixty miles west of the easterly boundary of District "E," in the Province of Ontario, easterly to the end of Fauquier Bros.' contract, north of Lake Nepigon, distance of about 100 miles. Date of completion, 31st December, 1910.

(5) Districts "E" and "F."—From a point designated on the plans of the Commissioners, at the western end of Fauquier Bros.' contract north of Lake Nepigon, in the Province of Ontario, westerly to a point at or near Dog Lake a distance of about 126 miles. Date of completion, 1st September, 1910.

(6) District "F."—From a point designated on the plans of the Commissioners at or near Dog Lake, in the Province of Ontario, to a point at or about mile 2.6 west of what is known as Peninsula Crossing, by alternative routes as shown on the plans, a distance of about 23.76 miles by the northerly route, and 24.13 miles by the southerly route, and the selection of the route to be at the option of the Commissioners. Date of completion, 1st September, 1909.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the offices of the following District Engineers, viz: John Aylen, Acting District Engineer, North Bay, Ont.; T. S. Armstrong, Nepigon, Ont.; and S. R. Poulin, St. Boniface, Man.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners.

A separate tender must be submitted for each section.

Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, but before submitting any tender, should make a careful examination of the plans, profiles, drawings and specifications, and read the terms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are required to accept and agree to be bound by the terms and conditions in the form of contract, specifications, etc., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, as follows:

For Sec. No. 1, District "C"..$150,000
For Sec. No. 2, District "C".. 150,000
For Sec. No. 3, Dist. "D & E". 150,000
For Sec. No. 4, District "E" .. 150,000
For Sec. No. 5, Dist. "E & F".. 200,000
For Sec. No. 6, District "F".. 100,000

Any person whose tender is accepted shall within ten days after the acceptance thereof furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications, and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:

"All mechanics, laborers, or other persons who perform labor for the purposes of the construction of the works hereby contracted for, shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labor, and which are, or shall be, applicable to such works." (The schedule of minimum wages determined upon by said Department will form part of the contract).

"The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply, and upon as good terms, in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners, and also to the laws and regulations respecting fires in the different provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

MARKET REPORT

The business at the weekly market yesterday was up to the summer average, but although there was a fair gathering of both buyers and sellers, the arrival of harvest will make a difference in the attendance for the next two or three markets. The only line in which there was an offering above the demand was in potatoes. In this respect sales were limited, and prices very unsteady. The horse market continues weak, in sympathy with neighboring exchanges.

Meat and Fish.

On account of the hot weather the supply of meat was short, but equal to the demand. The offering of beef was limited, and mutton and lamb found ready sales at usual figures as it was all prime first class stock. Veal was not so plentiful, and the demand continued good for prime medium stock. Of pork there was a small offering, but quite equal to the demand at this time of the year. Prices for salmon and halibut remained at previous figures.

Poultry, Butter and Eggs.

There was a large supply of eggs, and a brisk demand at 35 cents wholesale. All fowls offered sold at about quotations. The call for chickens remained good, while broilers found purchasers at prices according to size. The demand for ducks slightly improved. Butter held at 30 cents a pound.

Fruit and Vegetables.

Fresh vegetables continue to find a ready sale, and all kinds, rhubarb, carrots, parsnips, lettuce, etc. was readily cleared. Mention is made above of the small call for potatoes, which fell a dollar a ton. Apples and plums formed the principal fruits on sale. The call for good apples was satisfactory, for firm stock, but some boxes contained poor quality stock. There was a good supply of plums, and a fair demand for clean stock.

In the Rings.

There was not much business done by either T. J. Trapp or J. Travers yesterday in the rings and prices ruled low. A team sold by the former for $190. Other horse sales were completed at figures ranging from $50 upwards. A few cows changed hands at from $25 to $30, and a Jersey bull at $28. Among the articles passing under Mr. Trapp's hammer were a wagon and groceries, seized by the customs officials near Blaine some weeks since and not redeemed, for about $80.

The Harvest.

Cutting and threshing are occupying the attention of many of the farmers, and the harvests will be bountiful. Both oats and wheat are shaping well, but some districts are much behind the others. Apples are a lighter crop than was expected, but pears and plums look well, and many plums are expected to reach the market shortly. There has been an excellent season this year in the Fraser valley for small fruits.

Official Quotations.

Beef, hindquarters, per lb., 9c to 10c, forequarters, 6c to 6½c; mutton, 13c to 14c; lamb, 15c; veal, medium, 11c, large, 8c to 9c; pork, 8c to 8½c; eggs, retail per dozen, 40c, wholesale, 35c; butter, per lb., 30c; fowl, per dozen, $6.00 to $7.50; chickens, $4.50 to $6.00; broilers, $3.00 to $4.50; ducks, $5.50 to $6.00; blackberries, per crate, $1.25; apples, per box, 75c to $1.00; potatoes, per ton, $15.00 to $16.00; plums per crate, 60c to 70c.

Capilano Will Have Swell Hotel

Vancouver, Aug. 21.—Surveys and plans are now being made for a tourist hotel to be erected at the Capilano which will be on the lines of the famous hostelry at Oak Bay, Victoria. The venture is being undertaken by P. Larsen, of North Vancouver, who took time by the forelock the moment he learned of the proposed extensions of the B. C. E. R. company's lines, and commissioned John S. Pearce, the well known architect, to design a structure to cost $30,000. The new hotel will be built at one of the most attractive points up the valley, and by reason of its accessibility to this city is likely to attract here much of the tourist traffic which now passes on to the island. The necessary surveys are now being made and it is expected that the hotel will be ready for next season's business.

DO NOT FORGET.

Do not forget, the Liberals will carry New Westminster.

"Thirty feet to the gulf."

MALIGNITY.

With its usual indecency the Taylor rag enters into a family gathering and gloats over the possible differences that could be brought about by a frank and open discussion of a matter that affected only the Liberal party, and had nothing to do with the present nominee of the Conservatives who forced himself on a packed convention and held up the gun "that he would run whether it tendered him the nomination or not," and who has whined and fretted like a baby from the day he received chastisement at the hands of the electorate. The indecent course the Columbian and its candidate editor have followed is responsible for the positive hatred the staunch old time Tories have of the man who has whined and whined and is still yelping. Following this idotic course, it has abused and held up to ridicule the honest, faithful gentleman whose honored gray hairs should have made him immune from such scurrilous attacks. And now it matters not to this editor with disordered stomach and brain, which of the two gentlemen he would put against him, he is ready to follow his old course of personal abuse.

The Columbian would like to see both men withdraw from the arena, so that the Tory campaigner would have a new and perhaps easier man to fight.

Either of the two gentlemen or both of them in the field would repeat the dose handed out to the Conservative candidate at the last general election. It matters not who is the standard bearer for the Liberal party, the statesmanlike administration of the Government, of which Sir Wilfrid Laurier is the leader, has so impressed itself upon the people of this country that the endorsation of the electorate is sure, and the Government under whose guidance the Dominion has broadened and prospered will have ample support in the halls of Parliament after the people have spoken through the ballot.

In the meantime if the busybody meddler of Clarkson Street has any time to spare, he will find opportunity to employ his surplus energy in the constituency of Burrard amongst his own ilk and party in trying to bring about the semblance of unity, for the purpose of a campaign, of the many factions into which the Tory machine in Vancouver is divided and when this is accomplished, take to the task of digging up a bunch from the four points of the compass throughout the Dominion that will give the "Rubber Policy Bordenites" the appearance of honesty and integrity, whose patriotism would be indeed strong enough to prevent them knifing the old standbys of the party in the back. We say again that the Liberal party in this constituency is to a man independent, fearless, frank and open, and above all loyal to the great party and the greatest living statesman in the British Empire, Sir Wilfrid Laurier, and when the election is fought, be it soon or be it deferred, the Liberal forces will stand shoulder to shoulder, one strong army marching to victory.

"Thirty feet to the gulf."

THE AMES PEEP SHOW.

In view of the fact that the "Ames Picture Show" is supposed to be moving westward, we give below a suggestion of the Ottawa Citizen revoiced in the Ottawa Free Press that it retrace its steps back to the Capital City. It has not given entertainments good enough to catch even small audiences in the new Provinces and we sincerely hope the operators will send the machine East by express and take a tie pass through to Ottawa.

"The Citizen suggests that the Ames stereopticon troupe be engaged for the entertainment of the electors during the Federal election fight in Ottawa. The Conservatives will require a better attraction than this if they hope to capture votes.

"Judging from the non-success of the Ames stereopticon entertainment in Saskatoon, Sask., this week, it is not one which moves the multitude. In that growing city of the West, a veritable hotbed of politics, even with a provincial campaign in full swing, only forty people turned out to view the 'pictures' and learn of the unspeakable wrong-doing of the present Government. The cause is easily determined. Western people acquainted with the actual conditions know there has been no wrong-doing. There was, therefore, nothing to attract, for they had seen magic lantern 'pictures' before.

"The Citizen doubtless hopes that Ottawans will give more generous support to the Tory spell-binders and their picture machine, but we doubt it. Ottawans know how the slander mill has worked in the Commons chamber and how it has repeatedly been demolished by facts adduced by the Federal ministers. They have learned to look upon it with disgust. And a picture show entertainment can only be regarded as the final and most farcical act of the political comedy."

A deputation waited on Manager Keary from Blaine and Bellingham yesterday to endeavor to interest the board of control of the provincial exhibition in securing cheaper rates on American Day to this city. The promoters of the deputation say that if a special excursion is put on 1000 to 1500 people will avail themselves of it. The matter, as it affects the railways south of the line, is one for the state commission of Washington.

There is a possibility that a ball game with the Vancouver Y. M. C. A. may be arranged for next week, providing the young men can get together a sufficiently strong aggregation to warrant their trying conclusions with the Westminsters. A match was to have been played between the two teams today, but at almost the last moment the manager of the Y. M. C. A. discovered that his catcher could not turn out, consequently the game was dropped.

A final meeting of the Fernie relief committee was held yesterday, when accounts were passed for payment. The receipts from subscriptions have been $1732, all of which, save $145, is paid. This is exclusive of the city contribution, the exact amount of which is not yet known. Of this sum, $1263 has been expended in relief, and a cheque for the balance, $469 will be sent to Fernie at once.

Synopsis of Canadian Homestead Regulations.

Any available Dominions lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

ADVERTISE IN THE DAILY NEWS

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he desires, perform the required residence duties by living on farming land owned solely by him, not more than eighty (80) acres in extent in the vicinity of his homestead. The ownership in land will not meet the requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not more than eighty (80) acres in extent in the vicinity of the homestead, or on a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

Advertising

COSTS MONEY

Too much money is spent on useless advertising by city merchants every month. Many columns might be written on the folly of using certain advertising mediums, but the moral in the end would be that there is only one really sure remunerative advertising medium.

The Daily Paper

Reaches customers past, present and prospective, in all parts of the city and district. These people read the advertisements, study the bargains offered, and realize the need of goods the merchant has for sale.

Newspaper Advertising Best

The Retail Merchants' Association of Chatham is a level-headed organization. At a recent meeting newspaper advertising was discussed, and the general opinion of the members was that newspaper advertising was the best, and program and other advertising of that class was almost useless.

DRUNKEN MINERS HELP CAUSE OF PROHIBITION

Quartzburg Miners Who Voted Grant County Dry Just for Fun, Now Realize their Predicament.

Portland, Aug. 21.—Just for a joke and to see what it would feel like, twenty-four Quartzburg, Ore., miners, all drunk, agreed to vote for local option at the Oregon general election, June 1. They have just found their little jest will force them to travel many long miles into the neighboring county of Baker if they ever want to drink over a saloon bar again.

On election day the two dozen Quartzburgers were compelled to walk six miles to Prairie City for their liquor. It had disgruntled them, so when one suggested, "Boys let's vote the blamed county dry," the rest fell in with joy.

Grant county went dry by a trifling majority, considerably under twenty-four. The saloonmen appealed; they have just lost again, and the county, which is inhabited principally by miners, cattlemen and sheepmen, usually the last to fall into prohibition ways, will be without saloons at least two years.

Tennis Tournament

Today will see the close of the eight-day tennis tournament at the courts, much interest being centred in the different sets. One feature of the tournament has been the small number of games won by default, the players having been on hand on almost every occasion when their presence at the net was required. Prizes will be awarded to the different winners at the close of today's games.

Yesterday's Results.

Motherwell and Miss Corbould won from Wright and Miss Shildrick, 6-4, 6-1.

Diamond and Mrs. Grant won from Eddy and Miss Peele, 2-6, 6-2, 6-3.

Macrae won from Motherwell, 6-1, 7-5.

Miss Corbould and Miss C. Corbould won from Mrs. Grant and Miss Peele, 9-7, 6-4.

Today's Finals.

Macrae and Davis vs. Eddy and Gibson.

Miss Corbould vs. Miss Shildrick.

Winner of Macrae and Davis and Eddy and Gibson vs. Wright and Corbould.

Macrae vs. Eddy.

Motherwell and Miss Corbould vs. Diamond and Mrs. Grant.

PANIC NARROWLY AVERTED IN EDMONTON THEATRE

Edmonton, Aug. 21.—A fire panic with probable injury or loss of life was narrowly averted at the Edmonton opera house during the sacred concert last night. While the building was packed to the doors, the fire apparatus dashed up the street at ten p.m. to a fire at Laporte's pantorium, several buildings west. The crowd near the doors rushed out and others seeing the flames through the windows started to stampede to the doors. Harold Nelson, who was in the midst of the recital of a scene from the Last Days of Pompeii, endeavored with the assistance of Frederic Clark to quiet the audience and managed to keep most of the people in their seats until the exits were all thrown open and the crowd quietly dispersed.
