MIDNIGHT BLAZE DOES MUCH DAMAGE

Brunette Office, Store and Post Office Destroyed by Fire —Damage Considerable---Fire Department Worked Four Hours and Succeeded in Saving Mill.

About one o'clock Sunday morning, fire completely destroyed the store, office and post office at the Brunette saw mills, and but for the calmness of the night and the indefatigable work of the members of the fire department, assisted by many of the Sapperton residents and mill hands, would, in all probability have consumed many thousands of dollars worth of lumber and machinery.

A few minutes after one o'clock yesterday morning, the watchman noticed smoke issuing from the office, and having awakened the store keeper Mr. Johnston, immediately turned in the alarm. With alarming rapidity the flames gathered strength, and by the time the hose from No. 1 hall arrived on the scene, the building was one mass of flame. The Sapperton firemen were already at work, endeavoring to keep the blaze confined to the office, but in spite of their exertions, the sparks were communicated to the post office and store, which was soon blazing furiously. The buildings, which were constructed of lumber, were as dry as tinder, and the steady stream of water which was kept constantly going seemed at first to have no other effect than raising clouds of steam. Chief Watson, seeing that the buildings already on fire were practically lost, turned his attention to the saving of the rest of the property.

Directly off to the side from the burning office is a large shed used for storing lumber, at present full of dry cedar boards, which if consumed would have meant a serious loss. About seventy-five feet at the rear is the cook house. A continual stream of water was kept playing on the shed, and though the heat was intense and sparks were dropping all the time, the water soaking into the dry sides and roof managed to extinguish them before they could be fanned into a blaze.

Three times the roof of the cook house caught fire, but being noticed in time and a stream of water directed on the place, the building escaped damage.

Nothing was saved from the buildings, as owing to the fierce heat and flames, certain death would have resulted from an attempt to enter, and everything that was in the store and post office was completely destroyed. No estimate has yet been placed on the extent of the damage, as, apart from the value of the buildings, a large stock of groceries was on the premises, all of which was a total loss. The fire was eventually subdued by about four in the morning, the walls of the buildings alone remaining, burnt through to the thinness of paper in many places, thus testify to the fierceness of the flames that raged within.

The work of reconstruction will be commenced as soon as possible, but it is not probable that it will be on the same site, which is in many ways unsuitable, people having to cross the railway track to get to the store or post office, besides being exposed to the sparks from passing engines.

The new buildings will be in all probability be erected on the large vacant lot across Columbia street and directly opposite the mill.

No less than three fires have been detected and subdued before any harm was done during the past week, the only explanation being sparks from passing engines. The cause of yesterday's fire has not been ascertained, but the general impression is that a spark from the Owl train engine is responsible for the damage.

BLUE MOUNTAIN HAS MUSICAL EVENING

SUCCESSFUL CONCERT, FOLLOWED BY SOCIAL TIME, GIVEN IN SCHOOL HOUSE.

A charming musical entertainment was given by the residents of the Blue Mountain district in the school house last Friday night. The program all through was bright and interesting, and the large audience testified its appreciation by continuous rounds of applause.

The "Maple Leaf," splendidly rendered by the choir, opened the entertainment, following which Mr. Oswald, who presided durig the evening, delivered a few appropriate words. The program having been disposed of, refreshments were then served to the performers and the audience, an all round social time enjoyed. The following are some of those who took part in the etertainment: Mr. Standish, the Misses Harrison, Baker and Shaw, Mr. Austin, Percy Baker, M. Baker, W. Holmes, J. W. Austin, G. McGee, F. Shaw, Mr. Sinclair and Mrs. Standish.

Mr. Baker assisted on the organ throughout the entertainment, the success of which was in a large measure due to the excellence with which he accompanied the many vocal artists. At the close of the evening, the National anthem was sung, after which the meeting dispersed, bringing to a close one of the most pleasing and successful entertaiments ever held in the Blue Mountain district.

Col. Scott celebrated his golden wedding Saturday in style at Port Moody, a large number of the gallant colonel's relatives and friends travelling to the little burgh to take part in the festivities. Four generations of the Scott family were present at the gathering, and the celebration is one that will long be remembered at Port Moody. In addition to providing an abundance of good things for his guests, Col. Scott remembered a number of his friends who were unable to attend the celebration.

FIVE TUGS CANNOT TOW BOOM OF LOGS

FRASER RIVER CURRENT PROVES TOO STRONG FOR COMBINED FORCES—WATER RISING.

Five tugs, the Royal City, Linda, Edna, Fyler and Clive, struggled against the Fraser river current yesterday evening for a couple of hours in an attempt to take a boom of logs to the Fraser river mills. In spite of the fact that the boom was only a thirteen swifter, no progress could be made against the swift current, and the attempt to take the boom up to the mills had to be postponed for a few hours.

Smaller booms went up yesterday to the Brunette and the Fraser River mills, but the journey was only made with difficulty. The attempt last evening to take up a boom of logs with the assistance of five tugs is unusual enough to excite more than passing comment.

Although the river is rising, it is still well below high water mark, and no danger is anticipated. Latest reports from Chilliwack say that the water is steadily rising there, but there is no uneasiness among the farmers.

PRISON OFFICIALS REMEMBER McNIVEN

RETIRING INSTRUCTOR RECEIVES HANDSOME GIFT AND ADDRESS FROM BROTHER OFFICERS.

After closing the prison Friday evening, a very interesting event took place in the guard room of that institution. Two chairs as a gift from the officers, had been sent to Mr. McNiven's residence during the afternoon, and Mr. McNiven who had just severed his connection with the institution, was presented with an address which is given in full below. Deputy Warden Bourke occupied the chair, and while regretting that the warden's illness prevented him from attending the meeting, knew he voiced the warden's feelings as well as his own when he expressed much regret at Mr. McNiven's departure.

Several of the officers spoke on feeling terms of the long years of friendship between themselves and Mr. McNiven. The address was as follows:

John McNiven, Esq., Instructor,
B. C. Penitentiary,

Dear Sir: As you are about to sever your connection with this institution, we, your brother officers, feel that we connot allow you to depart without some token of the esteem in which you are held by us, both as an official and as a man.

We regret that the nature of your duties has subjected you to physical hardships during periods of inclement weather, thus necessitating your resignation. But you are still in the prime of life, and have, in the natural order of things, many years of active usefulness before you. In forecasting this future, we are guided by the past. We look back on your service of nearly eighteen years, and we cannot recall a solitary instance in which your conduct has been other than that of a faithful official and a true man. In this record of yours, we have the reasonable assurance that the same line of conduct, the same genial disposition, will abide with you to the end and contribute to a successful career in whatever walk of life you may prefer to enter.

In the discharge of your duties you have displayed qualities invaluable in a service of this sort. In addition to the even tenor of your disposition, always regulated, one might say, mechanically, your will-power has been so strong, your judgment so clear, your sense of justice so keen, and your attitude towards the unfortunates under you so considerate and humane, we feel that, though it may be easy to fill the position you vacate, it will be difficult to find a man who can take the place of John McNiven.

As a citizen no less than as an officer, you leave with us lasting impressions. The man who is interested in the welfare of his neighbor, who is faithful to his family, to his country, and to his God, is an ideal citizen, and such a citizen we have always beheld in you.

In asking you to accept the accompanying gift, it is scarcely necessary to say that the value of the momento is not by any means commensurate with the feelings of friendship behind it, for you carry with you the best wishes of every officer of the institution.

Bidding you an affectionate farewell, and wishing yourself, Mrs. McNiven and family good health, happiness and prosperity,

We remain, yours very sincerely,

J. C. Whyte, warden; D. D. Bourke, deputy warden; W. A. De Wolf Smith, surgeon; Albert E. Vert, P. chaplain; F. Lardon, R. C. chaplain; Jas. W. Harvey, accountant; H. Disney, C. T. instructor; W. J. Carroll, hospital overseer; Benj. Burr, storekeeper; R. J. Robertson, steward; John Imlah, A. Coutts, C.MacKenzie, Jas. Doyle, D. C. Mackenzie, instructors; H. McKee, C. N. watchman; M. Lavell, N. watchman; F. Stewart, W. A. Patchell, keepers; C. C. Cameron, T. Sampson, R. Atkins, R. Dynes, A. McNeill, W. Walsh, Ed. Walmsley, P. Devine, E. E. Anderson, F. T. Theroux, J. Dunlop, P. Smyth, guards.

FATHER AND SON DROWN TOGETHER

VANCOUVER PRINTER LOSES HIS LIFE WHILE ATTEMPTING TO RESCUE HIS CHILD.

Drowned while heroically attempting to save the life of his eight-year-old son who had fallen over the side of a sailing boat at Deep Cove, North Arm, Vancouver, about eleven o'clock yesterday morning, with over twenty row boats and gasoline launches within hailing distance of him, and unable to attract the attention of the occupants, was the sad ending to the life of Mr. Norris, a printer who owned a business at 524 Pender street, Vancouver.

Mr. Norris, accompanied by his young son and another lad, went out for a sail early yesterday morning on Deep Cove. The party had been out on the water about an hour when Mr. Norris' son somehow fell overboard. His father plunged in after him, and managed to grasp him after swimming a short distance. Several people saw Mr. Norris dive off the boat, but as he had mentioned to them before going out that he intended taking a swim, no one suspected that a tragedy was taking place, and it was only when the frantic cries of the lad who was left alone in the boat attracted their attention that they realized what was taking place. By the time the first gasoline launch arrived on the scene, the father and son had disappeared. Up to a late hour last night, the bodies had not been recovered.

The young lad who accompanied Mr. Norris was only about ten years of age, and although he made every effort to alter the course of the boat after Mr. Norris plunged overboard, he was unable to do so, and the boat was carried out some distance before a launch went out to his assistance. The sad fatality is the first boating accident of the season in Vancouver, and is made all the sadder from the fact that Mr. Norris and his son might easily have been rescued if only the people in the other boats had realized what was happening.

Snowstorm in Chicago.

Chicago, June 1.—The first June snow storm in the history of Chicago occurred today. Working people traversing the Hyde park district early this morning found their clothing flecked with snow flakes. Later snow fell in the shopping district.

PARENTS ORGANIZE SCHOOL FOR CHILDREN

HUNDRED WELL TO DO FAMILIES CLUB TOGETHER TO EDUCATE THEIR OFFSPRING.

St. Petersburg, June 1.—About a hundred well to do families of this city have clubbed together with the object of bringing up and educating their 400 children in common, the disturbed conditions of the country having disorganized the schools.

They have hired a large building, to which they have made extensive additions. Here the children assemble and delegations of parents attend daily to carry out the program of instruction. Free course is given to the child's will, no task is imposed, no punishment inflicted. The child just attaches himself to that teacher and learns that particular branch to which he is attached. There is a large garden for the children to play and work in, and all the domestic arrangements are carried on inside the institution and with the co-operation of the children.

Monte Cristo Mines Re-open.

Everett, June 1.—The first car of ore shipped from the Monte Cristo mines since 1900 was received today at the Everett smelter. Carload shipments are expected to resume soon in the district, giving the town its old-time aspect of activity.

FATHER MURDERS REPROVING SON

BRUTAL SPANIARD CHASTISES YOUTH WITH A HATCHET WITH FATAL RESULTS.

Madrid, June 1—A telegram from Escobal, province of Oviedo, gives particulars of an extraordinary crime committed by a farmer, Uedro Herodia. The latter sold his vote and determined to entertain his friends with the money.

His son Alberto could not conceal his indignation when his father boasted that he had sold his vote at a good price, and expressed his disapproval in strong terms. He refused to take part in the feast and went to his room.

When the feast came to an end the father resolved to chastise his son, and, seizing a hatchet, murdered the young man. Arrested a few hours afterward, the father declared that he counted on the influence of the deputy to whom he sold his vote to cover up his crime.

C. J. P. Fford, who returned from Shanghai, China, last week, arrived in New Westminster Saturday, and will remain here for a couple of days. Mr. Fford proposes to take up his residence either in Victoria, Vancouver or New Westminster, and the chances are strongly in favor of the latter city being the place finally chosen. When in Shanghai, Mr. Fford was seriously ill for some considerable time, and it was on account of this that he was compelled to return to B. C. He is still far from robust, but rapidly gaining strength, and expects that a few weeks of B. C. climate will be of great benefit to him.

RED SHIRTS WIN OUT IN RAGGED LACROSSE

First Championship Game Not Up to Standard---Many of the Players Woefully Weak on Both Teams--- Defence Reliable, But Home Out of Joint.

Although New Westminster won the initial championship lacrosse match of the season on Saturday in the game against the Vancouvers at Recreation park by the satisfactory score of six goals to four, the enthusiasts were far from satisfied with the day's entertainment provided by the competing teams. There is no disguising the fact that, taken as a whole the game was disappointingly poor. The boys were not playing anything like the game they are capable of putting up, and the way in which passes were missed and muffed, and chances for goal shots thrown away, was shameful, while the poor combination work on the field was far from satisfactory.

As a result of Saturday's showing some important changes in the lineup will be made for Saturday's game against the Maple Leafs, and the team will be strengthened before the locals tackle the hill boys. Either Spring or Gray will be placed between the flags, while Alex. Turnbull will play in his old position. Len Turnbull is not likely to play this week.

Although the game finished with New Westminster in the lead, and with two goals to spare at that, the red shirts did not have things all their own way by any means, and the Vancouvers looked dangerous at times. A glance at the score card, published below, will reveal the fact that Vancouver led shortly after the beginning of the third quarter, having scored three goals in succession. It was only after this that the New Westminster lads really woke up, and showed what they could do when called upon to save the day. The prettiest playing of the day was seen in the third and last quarter, when the local boys outclassed the Vancouvers for a few minutes. At the beginning of the game, things were rather the reverse, and the Terminal city athletes were throwing the rubber around in a dangerous manner.

The weakness of the New Westminster team on Saturday was apparent on the home, passing and shooting being very poor in several cases. Len Turnbull was a serious offender, and muffed several passes in an aggravating fashion. Bryson was not playing up to his usual game, McConaghy, his check, hovering too near to Jack to allow him any liberty when things were humming around the Vancouver goal. Henry failed to make a favorable impression by his playing, his passing being decidedly weak. Len Turnbull came in for some sharp criticism on account of the way he missed several passes or allowed the ball to be taken away from him. Wintemute was a little better than Len, but there is lots of room for improvement in his playin and he will likely be in better shap by the end of this week.

Billy Turnbull played a very fa game, although he can do better, and has shown to better advantage on the field on previous occasions. Pat Feeney, the News-Ad, to the contrary notwithstanding, is as fast as he was last year, or else the Vancouver bunch are even slower. Anyhow, Pat got away with the ball every time it came his way, and that was pretty often. Jimmy Gifford played a star game, and was particularly active during the time brother Tommy was putting in time because the referee insisted upon it. George Rennie was in fine form, while T. Gifford was as reliable as ever. Sandy Gray and Galbraith were kept busy on several occasions, but generally managed to get there with the goods.

Eichoff, the New Westminster net crustodian, apparently does not inspire the same confidence in the other players as Sandy Gray, when the latter is filling that responsible position, and the defence men are afraid of getting away from the goa and leaving Eichoff as lone guard. He can save the net all right, but the boys are never sure where he will throw the ball, a favorite dodge being to get it away up in the air, when it is liable to land almost anywhere on the field, but generally in a dangerous position. He made some pretty saves during the game, however.

For the Vancouver team, Gibbons in goal was a veritable stonewall, and the number of dangerous shots he saved can be reckoned by the dozen. Ritchie played well, and as also did Matheson. Force, a Y. M. C. A. intermediate, is not likely to be retained on the team after the showing he made. It was his first senior game. Crowford was busy all the time, but he did very little real work. The home men worked hard, but lacked combination.

IRISHMEN RIOT IN EMERALD ISLE

CRUSADE AGAINST HOLDERS OF GRAZING FARMS OF TIPPERARY—MANY INJURED.

Dublin, June 2.—The latest phase of the land agitation in the congested districts of Ireland is taking the form of a crusade against the holders of grazing farms on the eleven months' lease system, and is developing with great rapidity. King's county and North Tipperary are the centers of rioting. In bygone days these counties saw many evictions and today the peasants are determined that the land shall be redistributed to small holders.

Reports are received daily of the gathering of large bands of peasants who destroy gates and fences and clear the grazing ranches of cattle which they drive back over miles of country to the farms of the owners. In the cases of men who had leased ranches they were compelled to abandon their holdings because of intimidation. There have been some serious conflicts between the police and peasants and many persons on both sides have been injured. There have been numerous prosecutions but the sympathy with the peasants is so strong that in one or two instances even the magistrates have declined to concur in the conviction of the disturbers of the peace, one magistrate even going so far as to declare himself ready to go to prison with the defendant.

In parliament the opposition declares the Irish league to be responsible for the growth of this movement, using it as a means to force the government to grant the Irish demands. Chief Secretary for Ireland Birrell, speaking in the house of commons today, admitted there was considerable cause for anxiety, but denied the existence of any evidence of a widespread conspiracy.

Her Head Was Hot.

Lady Dorothy Nevill in her reminiscences tells this story of the two Misses Walpole, her cousins: "On one occasion, when both of the two were well over ninety, Miss Fanny, the younger, who had that day been rather ill, only joined her sister in the sitting room just before dinner. On her arrival downstairs the latter (Miss Charlotte by name) remarked: 'Fanny, I am going to be ill too. I feel so hot about the head. It must be apoplexy.' 'Nothing of the sort!' exclaimed Miss Fanny, making a dash at her sister's head. 'Your cap's on fire, and I'm going to put it out.' And so the brave old thing did."

The First Dancers.

People have danced for thousands of years and will probably continue to do so for ages to come. This custom is of ancient origin. The first people to dance were the Curetes, who adopted dancing as a mark of rejoicing in 1543 B. C. In early times the Greeks combined dancing with the drama, and in 22 B. C. pantomimic dances were introduced on the Roman stage. At the discovery of America the American Indians were holding their religious, martial and social dances.

Daily Duties.

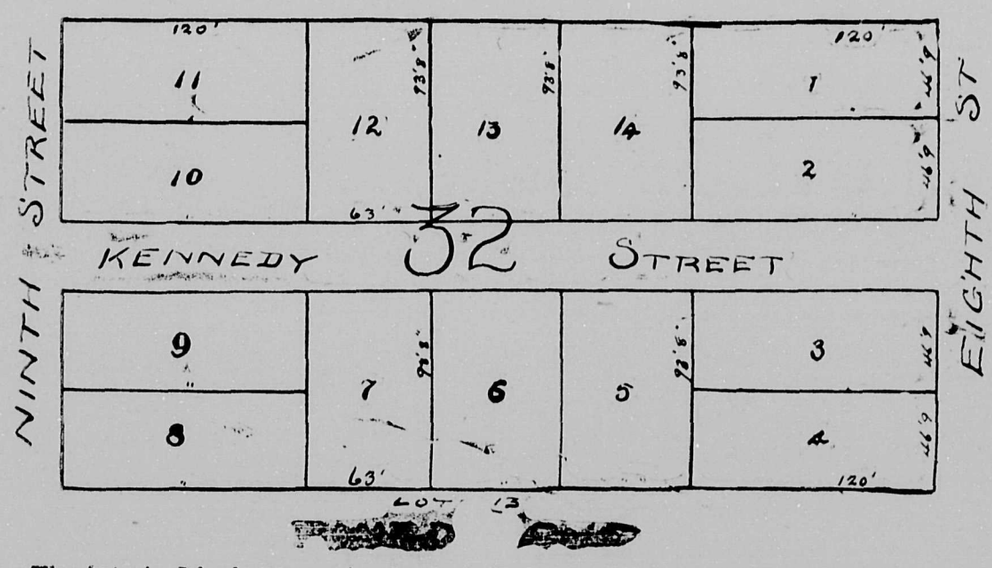
B. Tullock at a meeting of the Royal United Service institution held the other day in London.

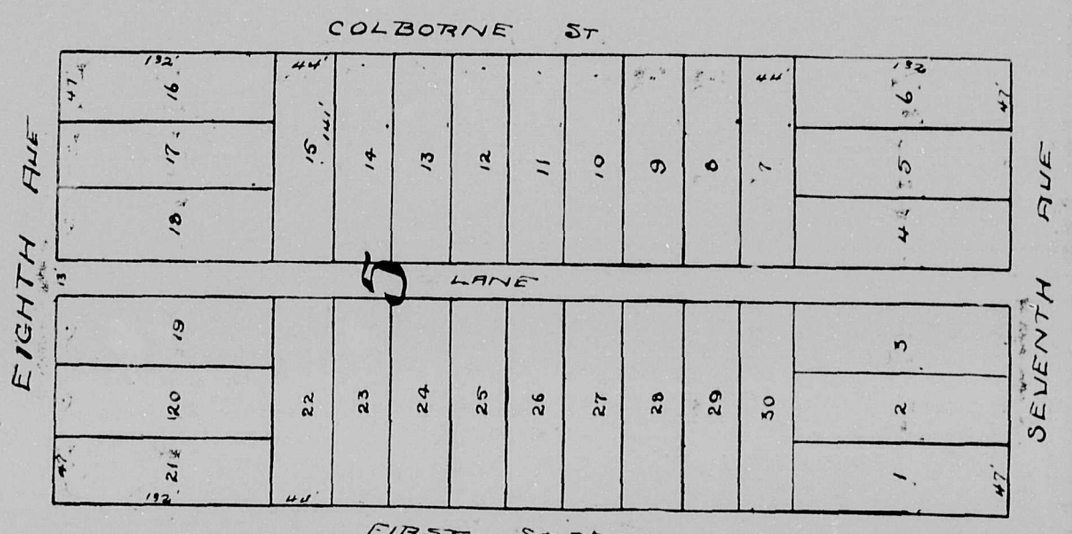
Auction Sale of Residential LOTS

Building lots in the City of New Westminster are in strong demand. Prices are good and values are increasing. The city sale held recently demonstrated the value of Westminster property and established prices at a sharp advance over prevailing quotations.

Here is your chance to secure choice lots at less than market value:



The lots in Block 32 are in the heart of a rapidly growing residential section, they front on graded streets 66 feet wide, only three blocks from the Vancouver tram line and the same distance from the city car line. They are 63x93 1-2 and 46.9x120. The upset prices are: Lots 5, 6, 7 and 12, $450 each; 8, 9, 10 and 11, $500 each. This is less than the market value. Some lots in the same block are held at $1000 each.



Block 5 is also in a popular residential district, being only four blocks from the city car line and only one block from Queen's Park and the Exhibition grounds. These lots are in a locality where building lots are in good demand, and where they will rapidly increase in value. There are 30 lots in this block. The end lots are 47x132, and the side ones 44x142. The upset prices are: Lots 1 to 6, inclusive, $125 each; 7 to 15, $75 each; 16 to 30, $125 each.

Terms of sale: One-quarter cash, bal. 3, 6 and 9 mos., 7 per ct.

ADVERTISE IN THE NEWS

COUNCIL MEETING

Matsqui Council.

The council met on Saturday, May 25 in the municipal hall at 11 a. m., with the reeve and all councillors present. Communications were dealt with.

From M. Ferguson requesting the council to put the bridge and road running in front of the hall on the proper section line. The council found this did not encroach on Mr. Ferguson's land and was within the 66 feet road allowance; received and filed.

From V. Lehman asking that a committee be appointed to inspect the contract let by Councillor Jackman, as not being in the interest of the majority of settlers; received and filed.

From the V. V. & E. Railway and Navigation company re assessment of their right of way through the municipality. It was resolved in the absence of notification by previous movers to assess as usual for the current year.

From the provincial road inspector stating he was in a position to loan the council a road grader for a specified time for Matsqui prairie roads, on condition that all freight charges and expenses be met and again returned in good condition. On motion this was accepted and Mr. Sprott requested to forward the same to Riverside landing as soon as possible.

From the Vancouver Cire Clay Co., Clayburn, stating they stood ready to confirm their offer to supply and drive piles for bridging the main slough if the council would proceed with the rest of the work. On motion of Councillor Jackman and Morrison this was accepted and Councillor Cruickshank was directed to see to having this done and to purchase the necessary lumber for the bridge.

From J. A. Morrison requesting the council to give him credit for one day statute labor performed last fall. The reeve stated he would inspect and report both on this and A. S. Murray's at next meeting of council.

From H. R. Phillips requesting the council to notify any contractors who took gravel from the east side of the Township line road to leave a sufficient slope to the bank so as not to cause any injury to his fence or he would hold the council liable for damage. On motion of Councillors Morrison and Jackman, it was resolved that Mr. Phillips be notified to remove his fence off the road limits on this Township line, leaving the full allowance of 66 feet.

A petition was here presented from George Behrner and thirteen others requesting a ditch of sufficient depth be made as an outlet drain for a certain portion of the Harris road. On motion Councillor Johnston was directed to call for tenders.

Reports.

Councillor Jackman reported on the condition of Gledhill road as well as to gravel, the new piece of road in front of Williams, and the corduroy road now laid close by leading to Puddonville. On motion this was ordered to be attended to.

Councillor Morrison reported on the Patterson road and also the needs of slashing out the Township line road between 13 and 14 as well as gravelling same, and on motion this work was directed to be done. Councillor Morrison reported that E. White's contract had not been completed and returned Mr. White's check to the council. Also that Marsh's hill was in a very bad state of repair; this was laid over.

Councillor Cruickshank reported and gave an outline of pressing work needed in his ward and on motion of Councillors Johnston and Morrison $1000 was appropriated.

Councillor Johnston reported placing William Elliott and J. Sandberg on the pathmaster's list.

The clerk reported on the financial condition of the council, the expenditure up to date by far exceeding the revenue.

Motions.

Moved by Councillors Jackman and Johnston that Councillor Morrison call for tenders for grading on Craig road and procure what lumber the pathmaster required for use on his beat. Carried.

Moved by Councillors Johnston and Morrison that pathmasters be paid for postage in notifying absentees liable for statute labor. Carried.

The Matsqui Highway bylaw, was on motion, reconsidered, adopted and finally passed, and the signature of the reeve and corporation seal ordered attached and published according to law.

Accounts.

R. Robb, $1.50; C. E. Gephart, completion of contract, $150; Edwards & Gledhill, do., $125; D. Nicholson, gravelling Mt. Lehman road, $7.50; Brunette Saw Mill Co., lumber supplied to Beaver slough bridge, $16.16, freight on same, $2.05; J. Sandberg, filling culvert on Page road, $2.50; Machel & Dalton, balance of contract digging ditch, $3.15; district registrar, $2.65; Halverson & Hengen, nails supplied in 1906, $3.25; C. M. C., $20.80; T. H. Lehman, bounty on wild cat, $2; W. V. Turner, do., on 20 musk rats, $2; R. Tingley, bounty on 14 musk rats, $1.40.

The council adjourned to meet again in the municipal hall on Saturday, June 29, at 11 a. m.

The Koran says all flies shall perish with the exception of one, the bee fly.

It is regarded as a death warning in Germany to hear a cricket's cry in the night.

The Tapuya Indians of South America assert that the devil assumes the shape of a fly.

The grasshoppers are said to forewarn people in Germany of the visits of strange guests.

The Spaniards in the sixteenth century thought that spiders indicated the existence of gold wherever they were in abundance.

Although a sacred insect among the Egyptians, the beetle receives little notice in folklore. It is unlucky in England to kill one.

The ancients believed that there was a close connection between bees and the soul. An old Welsh tradition is that bees came from paradise, leaving the garden when man fell, but with God's blessing, so that the wax is necessary in the celebration of the mass.

FRUIT OF MONOPOLY.

Such investigation of railway smashes as we have had has brought out the fact that a considerable number of them are due to a broken rail. As the number of wrecks has been on the increase lately—as there have been an unprecedented number of broken rails—writers who devote special attention to railway matters have been advancing various theories to account for the ascertained facts. Increase in load and in speed is the cause assigned by some writers, and these writers differ as to the exact way in which this cause acts to produce the disasters. We have the general statement that improvement in construction and maintenance of the permanent way has not kept pace with the advance in load and speed; but in reply to this it is pointed out that the rails laid down today are a good deal heavier than those which were in general use five or six years ago. The Railroad Gazette now comes forward with the statement that in January, February and March of 1901, in New York state, the number of broken rails removed from railway tracks was a fraction less than ten per month; while during the same period of the present year, the number was nearly two hundred and eighty per month; and it adds that these were new rails, laid last year!

"This record," says the Railroad Gazette, "may be directly characterized as disgraceful—a disgrace to the reputation of the rail manufacturers, who are fully able to remedy the known defects if they wish to do so. The only answer which the rail manufacturers have brought against the charge is that traffic has grown materially heavier in the last few years, and that track structures, ballast, etc. are insufficient for the strain which is put upon them, with the result that high spots and low spots occur in the track, causing breakages which cannot be avoided. They suggest as a remedy the use of a still heavier rail section, weighing perhaps 150 lbs. to the yard. But it has been conclusively shown that the 100-lb rails of 1905, 1906 and 1907 have made a far worse record in breakages than the 80-lb rails rolled five years ago, therefore, it is evident that no help is to come from increased weight of section until better processes of manufacture are co-ordinately employed."

And who are these rail-manufacturers? The U. S. Steel trust, which has had a practical monopoly for the past five or six years, and which is able to pay enormous dividends. This is one more striking object lesson as to the consequences of eliminating the healthy element of competition.

ABOUT "PREFERENCE."

The Toronto News, which acknowledges no party bonds, but hits out right and left as it pleases, has a paragraph about the much-debated question of preferential trade, which will bear reproduction. The view expressed is one which cannot well be taken exception to, although one would like to know just what is meant by the phrase broadening or widening the basis of taxation. It is a phrase which cannot be safely accepted without full explanation. The News says:

"On the question of Imperial Preference there can be no clear issue in Canadian politics. The position of Sir Wilfrid Laurier cannot be successfully assailed. We cannot afford to interfere between the British parties or to coerce British opinion. If the basis of taxation in Great Britain is to be widened, and a preferential relation with the colonies established, it must be through the clear and mature apprehension of the British people that the domestic interests of Great Britain and the broad interests of Empire will be served by fiscal reform. Local liberty with Imperial unity, to use the impressive and statesmanlike language of Sir Wilfrid Laurier, applies with as much force to the United Kingdom as to the overseas dominions."

Most people always use—and will always use WINDSOR SALT. Pure—fine—perfect in subtle savour.

133

A German naval officer has issued a book in which he announces his conviction that the next great war will be between Japan and the United States. He points to the complaints of Japan about the treatment of her citizens who are living in California as likely to grow in bitterness; and believes that Japan sees in American possession of the Philippines and in the construction of the Panama canal a menace to the fulfilment of her ambitions in the Pacific.

It may be well to say, in view of statements printed by certain reckless and irresponsible journals, that both Winston Churchill and Sir Robert Bond have denied publicly that the latter created a scene at the conference. He spoke strongly about the rights and wrongs of Newfoundland, but he did not speak in a rude or unbecoming manner.

SACRED CANTATA.

Combined Choirs Will Render "Jesus of Nazereth."

The sacred cantata "Jesus of Nazareth," written by Oswald Allen, will be presented tomorrow evening in the West Presbyterian church, commencing at eight fifteen. The combined choirs of the West Presbyterian and Olivet Baptist churches, assisted by an orchestra of ten pieces, will take part in the production. Practices have been going on for considerable time, and the cantata gives promise of being one of the best rendered pieces of its kind that has ever been presented in this city.

The following will take part in the program:

Violins—J. A. Smith, S. Robson, W. Bracher; viola—C. H.Robson; cello—W. Greenhalgh; bass—J. T. Cosens; cornet—A. M. Insley; horn—F. Jackson; piano—Miss Villa Hall; organ—Miss Jamieson; conductor—A. G. Macfarlane.

Mrs. Hardman, who has been for some time in the St. Mary's hospital, was operated on for the second time Saturday morning. At a late hour last night she was reported to be progressing very favorably, and it is confidently expected that she will be sufficiently recovered in the course of a few days to be removed to her own home.

J. Little was brought to the Royal Columbian hospital yesterday for treatment. Mr. Little, who has been bridge contracting up on the Pitt river, had the misfortune to have his ankle badly broken while moving a heavy piece of timber. The fracture was set on arrival at the hospital, and the patient is reported to be progressing favorably.

As a guide to real estate values in the city it is unique, containing, as it does, the big sales of the preceding month. The publication is issued free, and can be obtained from W. J. Kerr, real estate broker and auctioneer, Columbia St.

Mrs. T. R. Pearson, accompanied by her son Leslie, and Miss Millichamp, will leave Wednesday afternoon for the old country. The party will go via the C. P. R. to Montreal whence they will take passage on one of the larger ocean liners, so as to enjoy the delightful scenery of the lower St. Lawrence. Mrs. Pearson expects to extend her visit in England over a period of about two months.

Saturday morning the B. C. E. R. assumed formal possession of the water front property transferred to them a short while ago, by Gilley Bros., and which this firm is at present occupying. Although Gilley Bros. have secured the old Bell Irving wharf at the foot of Ninth street, it is not probably that they will move from their present premises before next spring.

Real estate seems to be moving in the city of New Westminster judging from the records of the registry office for the past month, the receipts being nearly double those of the same month of last year. The receipts for May, 1906, were only $1012.16, while for last month, the sum of $1971.54 was taken in, making an increase of nearly 98 per cent. over last year's returns for the same month.

A fire which has caused inestimable loss at the Comox coal mines will probably be felt here by the local dealers. Coal is not coming in in overwhelming quantities, and at present some of the dealers have difficulty to fill orders for points on the river. One party, speaking on the subject recently, considered that the reduction of the output from the Comox mines may cause a noticeable scarcity of the article in the near future.

William Carter, a farmer of Port Haney died on Saturday at the St. Mary's hospital, death being due to a complication of diseases, aggravated by old age. The deceased, who was seventy years of age, was attended by Dr. R. Eden Walker during the four weeks he was at the hospital. The body will be shipped to Port Haney today by W. E. Fales, and will be buried there tomorrow. The deceased had no known relatives in this province.

Government Agent C. C. Fisher, in considering the application of the Mission Lumber Co., for ten miners' inches of water to be taken from a stream flowing through lot block S of section 20, township 17, granted only five inches of the desired amount. Application was made by C. M. Woodworth for 20 inches of water to be taken from Clementina falls. Application for 5 inches of water was received from F. M. Dalton of Vancouver. Both applications will be heard tomorrow.

W. E. Laking, of the Cloverdale Milling company, was in the city on Saturday in connection with the adjustment of the insurance against the loss suffered on Wednesday, May 23, when the mills were razed to the ground, the dry kiln alone escaping. The valuator was at the scene of the fire on Friday, and estimated the loss approximately at $10,000, of which only $2,200 is covered by insurance. Mr. Laking intends rebuilding a shingle mill and starting business again as soon as possible.

Charged with attempting indecent assault on two little girls of this city, Gus. Baldwin was sentenced by Magistrate Corbould on Saturday morning to two months imprisonment in the provincial jail. Baldwin, who has been following the calling of solicitor for a local clothes cleaning firm, called at a certain house, and finding no person around the place excepting two little girls, aged nine and four years old respectively, attempted to indecently assault the younger Though the evidence showed that the more serious offence had not been committed, it was proved that the man had taken liberties with the child which were not justifiable, and on these grounds the magistrate imposed sentence.

A quiet exodus of Hindus has been taking place from this city during the past few weeks, and at the present time, there are only about one hundred of the dusky Sikhs making their home in New Westminster. The large rookery on Tenth street, dignified by the name of boarding house, is now entirely deserted, while several of the other big buildings, where a few months ago the Hindus were living huddled together like cattle, are also empty. The few who remain in the city are living in small groups of from six to twelve men, and are observing the sanitary laws of the land much better than was the case six months ago. A large number of the Hindus have saved money since they have been here, and their condition has improved materially in consequence.

NOTICE

On and after June 1st all accounts must positively be paid by the 15th of following month, otherwise new orders will not be filled.

REAL ESTATE TAX BY-LAW, 1907.

A by-law to fix the rate and provide for the collection of taxes on the assessable property in the city of New Westminster for the year 1907.

The municipal council of the corporation of the city of New Westminster enacts as follows:

1. There shall be raised, levied and collected, for the year 1907, upon the assessed value of all the rateable real property in the said city, as shown on the last revised assessment roll thereof, a rate of 24 mills in the dollar, for the following purposes:

(a) To provide for sinking fund and interest on debentures issued by the corporation, and outsanding, 17 mills and 96-100ths of a mill in the dollar, less 10 and 33-100ths of a mill received in general revenue.

(b) To provide for the payment of charges for school purposes, 16 mills and 28-100ths of a mill in the dollar, less 4 mills and 89-100ths of a mill received from education department.

(c) To provide a general revenue for the use of the corporation for the year 1907, 4 mills and 98-100ths of a mill in the dollar:

2. Every person who is assessed on the revised assessment roll for the current year shall cause to be paid to the collector of the said city, at his office, city hall, the full amount of the taxes for which he or she is rated under this by-law, together with all arrears (if any) within thirty days after demand has been made for the same, and any person who refuses or neglects to pay such taxes within the time hereby limited shall be subject to the provisions of the "New Westminster Act," 1888, and amending acts, with respect to the collection of taxes.

3. The collector is hereby authorized to receive the taxes levied under this by-law in instalments of not less than one-quarter of the taxes levied on any lot, and to allow the discounts provided for in clause 4 hereof.

4. A discount or reduction of one-sixth of the amount paid will be allowed on all taxes levied under this by-law if the same be paid to the collector on or before the first day of August, 1907, 10 per cent. of the amount paid, if paid on or before the first day of September, 1907; 7 1-2 per cent. of the amount paid, if paid on or before the first day of October, 1907, and 5 per cent of the amount paid, if paid on or before the first day of November, 1907; but no discount or reduction shall be allowed on arrears.

5. This by-law may be cited as the "Real Estate Tax By-law, 1907."

Done and passed in open council the 20th day of May, A. D., 1907.

W. H. KEARY, Mayor.
W. A. DUNCAN, City Clerk.

NOTICE TO CREDITORS.

In the matter of the estate of Charles Blair, late of New Westminster, B. C., deceased.

NOTICE IS HEREBY GIVEN pursuant to the "Revised Statutes of British Columbia" 1897, Chapter 187, that all creditors and others having claims against the estate of the said Charles Blair, who died on or about the 20th day of April 1907, are requested on or before the 22nd. (22) day of June, 1907, to send by post, prepaid or deliver to the undersigned solicitors for Roderic Sample and Dr. Edwin J. Rothwell, executors of the last will and testament of the said deceased their christian and surnames, addresses and descriptions, the particulars of their claims, the statements of their accounts and the nature of the securities (if any) held by them.

AND FURTHER TAKE NOTICE that after such last mentioned date the said executors will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the said executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of such distribution.

Dated this 22nd. day of May, 1907.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2.000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ROOSEVELT RECEIVES BROADSIDE FROM LONG

NATURE WRITER CALLS PRESIDENT HEARTLESS BRUTE. BARBARIAN AND PLAGIARIST.

New York, June 1.—Dr. William J. Long, the nature writer, who was attacked by President Roosevelt in a recent magazine article, today fired another broadside at the president. He accused the chief executive of palgiarism and vividly pictured his cruelties of hunting, citing instances from Roosevelt's published stories of experiences with big game. Concluding his statement, Dr. Long said:

"It is not your hunting to which I object, for I also am a hunter, but your unnecessary brutality and barbarism. The bloody endings over which you gloat, bring little self-satisfaction to a thoughtful man, who has seen the last look in the eyes of a stricken deer and, who remembers that even this small life has its mystery.

"You are not a sportsman, though you have slain thousands; you are not a naturalist, though you have measured hides and horns; you do not and you cannot understand the hearts of the wild things, though you have made a grievous quantity of them bleed. It needs no eye witness nor any affidavit to support this statement. You have yourself furnished all the proof."

S. O. E. Parade to Church.

The Sons of England held a church parade to St. Paul's R. E. church last evening, where a specially prepared service was rendered for the occasion. Over fifty members of Rose of Columbia lodge, supported by the presidents and officers of Western Jubilee and Rose of Columbia lodge, Vancouver, attended the service and a number of Daughters of England were also present. The Rev. A. deB. Owen, taking the lament of the Jews in Babylon for the subject of his sermon, contrasted the condition of the Jews with that of native sons of England in this favored country. With privileges and possession, however, came responsibility and he impressed upon his hearers how incumbant it was upon them to live up to their great heritage and the traditions of the British empire whose queen, the late "Victoria the Good," had, in answer to a foreign prince, indicated the Bible as the secret of England's greatness. The church was decorated with the emblems of the order for the service, those being red and white roses, the Union Jack and the Bible. Large portraits of the king and queen also occupied conspicuous positions in the sacred building.

No Hope Left.

London, June 1.—After four days' of fruitless search for Lieutenants Caulfield and Leake, the young engineer officers who went up in a balloon from Aldershot last Tuesday on the occasion of the visit of King Edward and Prince Fushima to the camp, hope has been officially abandoned.

A summons has been issued for J. Michel, of Abbotsford, to appear before Magistrate Pittendrigh and answer to the charge of having threatened to shoot his neighbor, C. Hill-Tout, who stated, when lodging the complaint, that Michel had ordered him off his place, using the words "I will shoot you if you don't get of my land." Mr. Hill-Tout is firmly convinced that had he not taken to his heels, the threat would have been put into execution. The case will be heard tomorrow morning in the court house at ten o'clock.
