BABES ARE LOST IN THE FOREST NEAR FAIRFAX

Children Wander Into Woods While Picking Wild Flowers And No Trace of Them Can Be Found—Bloodhounds on the Trail—Kidnapping Not Feared.

Seattle, May 28.—Two small children of Superintendent Sterling, of the Northwestern Improvement company's mines at Fairfax are lost in the forests that surround that town and this morning the frantic parents appealed to Sheriff Lou Smith for aid. The sheriff telephoned Deputy Sheriff Bob Hodge at Black Diamond, that officer with his bloodhounds to take the scent from Fairfax and search the dense woods.

The children wandered from home yesterday and are supposed to have entered the forest in search of wild flowers as part of their day was usually spent in gathering the pretty blooms now so abundant.

The parents have no idea that the little ones have been kidnapped as they were seen by a party of miners at the edge of the woods shortly before their disappearance.

Deputy Sheriff Hodge has two of the finest hounds in the state. Two others belonging to him are now at Walla Walla. The dogs have been frequently used to trail criminals and Hodge is confident he will find the missing children tonight or tomorrow.

SIX LIVE MEN FORM PICNIC COMMITTEE

CHIEF WATSON DECLINES PRESIDENCY—TRANSPORTATION MATTERS PROGRESS FAVORABLY.

A good representative meeting of the prominent citizens was held last night in the board of trade rooms to discuss picnic matters in general, hear the report of the transportation committee, and for the election of officers.

After the minutes of the last meeting had been read, the election of officers for the year was proceeded with. Fire Chief Watson, who has taken an active part in all matters relating to the citizens picnic, and has been occupying the chair pro. tem., was requested to preside permanently, but the chief, though willing to do all in his power to push the thing along, positively declined the honor, excusing himself on the grounds that he had too many other matters to attend to which would effectually prevent him occupying any position which would take up too much of his time.

He was, however, at the urgent request of the meeting prevailed upon to act upon the general committee. George Blakeley was then elected to preside for the year, D. McKenzie, secretary and W. Davison will fulfil the duties of treasurer.

The transportation committee, which was elected at the last meeting to look into transportation matters, and consisting of Messrs. McKenzie, Blakeley and Capt. Rogers, reported that they had been to Vancouver and interviewed E. J. Coyle of the C. P. R. Mr. Coyle had received the committee, and had a lengthy discussion with them regarding transportation matters, and though he could not at present promise any special boat for the excursion, the committee was satisfied that no trouble would be encountered in that direction, and a suitable craft would be forthcoming at the required time. Mr. Coyle requested that the gentlemen call again in two weeks, when he will be able to give them definite information as to which boat will be detailed, the carrying capacity, and all other matters of interest to the committee.

Some general discussion on the different places of interest along the coast, and the time it would take to reach them, was indulged in, during which Captains Rogers and Ackerman gave some valuable information and suggestions following which the general committee, consisting of E. W. Cook, F. Maxwell, W. A. Gilley, A. R. Benson, H. Vidal and Chief Watson was appointed. Among those present last night were: G. Blakeley, D. McKenzie, Chief Watson, W. Davison, Capt. Rogers, Capt. Ackerman, F. Maxwell, W. A. Gilley and E. W. Cook.

GIL BLAS ADVOCATES MARRIAGE OF PRIESTS

PARIS PAPER APPEALS FOR ABROGATION OF CELIBACY AMONG CATHOLIC CLERGY.

Paris, May 28.—The Gil Blas in a three-column article headed, Holy Father, Marry Your Priests, comes out today with an almost sensational appeal for the abrogation of the rule of obligatory celibacy for priests of the Roman Catholic church.

If the Gil Blas is to be believed, this appeal is strictly and absolutely a Roman Catholic view. The writer says that he is able to publish the text of a petition which the Pope himself has received from three thousand French priests and curates on the abolition of clerical celibacy.

He declares that the signers are all priests past the marrying age, who speak nowise in youthful warmth, but solely out of the fulness of experience, weighed with the responsibilities confession has thrust upon them.

The paper sent to Rome states that "among all the problems now confronting the prelates of France none is more important than the question of clerical celibacy. The solution of this question should be forthcoming with brief delay, and this solution we do not hesitate to predict should, by human nature, by right, and by the instruction of the Evangel, be a decree abolishing ecclesiastical celibacy, thus rendering marriage optional to the clergy. We write these lines coldly and advisedly, with conviction, and with no other concern than the desire to tell the truth, and nothing but the truth. We say aloud what others think or whisper, guided solely by care for the health of souls, and the future of the Catholic religion in France."

The petitioners declare that the abnormal lives led by priests hinder their power for good.

NANAIMO DEMANDS AN INVESTIGATION OF CHARGES MADE

Complaint Recently Voiced By E. W. Cook Regarding Reception Tendered By Coal City to New Westminster Picnickers Hurts Free Press' Feelings.

As was to be expected, the press of Nanaimo is making a vigorous defence of that city in connection with the charges made at the recent meeting of the citizen's picnic committee by E. W. Cook to the effect that the reception tendered to the New Westminster people by Nanaimo had been far from satisfactory. In a recent issue, the Nanaimo Free Press reproduced the report of the meeting from the News, and commented at length upon the statements made by Mr. Cook. In Monday's issue, it suggests the advisability of the charges made being investigated, and holds out a hope that the statement may have been only the biassed opinion of some disgruntled person.

Although a half holiday was declared in Nanaimo, and a band did play a few tunes during the evening, that is about all the entertainment provided. A baseball match had been arranged between the New Westminster and the Nanaimo teams, but on arriving on the field, the Coalheavers were nowhere to be seen, and, although a few of them were discovered later, the game finally played between New Westminster and a nine made up by the help of outsiders, was not what had been expected.

The saloon men were about the only ones who made provision for the coming of a large crowd, the Nanaimo impression evidently being that all New Westminster wanted in order to fittingly celebrate a holiday was an unlimited supply of booze.

The condemnation of the manner in which the New Westminster picnickers were treated at Nanaimo is not confined to one or two "disgruntled kickers," it is the almost unanimous opinion of the men who were responsible for the holding of the picnic in the coal city.

The following is what the Free Press has to say:

"It might not be a bad idea in the interests of the good name Nanaimo enjoys for her hospitality throughout the province, for the city council to investigate charges made at a recent public meeting in New Westminster that the New Westminster excursionists here last year were given a poor reception. On the occasion of the Royal City excursion to Nanaimo, a half holiday was declared in the city, a band was out to meet them, and as citizens generally turned out to greet the visitors, they, to use their own words) were well entertained.

"Such a report emenating from New Westminster casting discredit on Nanaimo, will travel the rounds of the city and will do incalculable harm to Nanaimo. The whole affair is a matter worthy of taking up with New Westminster. It may be that the statement made in New Westminster the other night eminated from one or two disgruntled persons and was not the general expression of the citizens of that city. In any event it is worthy of investigation. The whole city will deeply regret that this matter has gotten into public print, but now that it has, it should be thoroughly sifted."

REBUKAH ENTERTAIN.

Mizpah Lodge Visits Beulahs—Ten Candidates Join Order.

The Beulah Rebukah Lodge, No. 5, of this city, was favored last night with a visit from the Mizpah Lodge of Vancouver, over sixty members of the order coming from the Terminal city, among whom were the members of the degree staff. The principal part of the evening was the conferring of the Rebukah degree on ten candidates, which interesting ceremony was carried through with great success, the new members being triumphantly initiated into the mysteries of the order.

After the initiation, refreshments were served and the members of the lodge, assisted by many of the Odd Fellows who were on the scene, indulged in a hearty social time, till the hour of ten o'clock, when the visitors left for Vancouver, escorted as far as the car office by the members of the I. O. O. F. order, thus bringing to a close one of the most enjoyable social events ever spent by the lodge.

Wedding Announced.

The wedding is announced of Miss Helen M. Lawrence, daughter of Mr. and Mrs. H. Lawrence of Leopold street, to H. A. Rodgers of the Spokane Spokesman-Review, and formerly connected with the Winnipeg Free Press. The ceremony will take place at the Queen's Avenue Methodist church this evening at eight o'clock, and will be conducted by the Rev. W. Barraclough. The bridesmaids will be Miss Myrtle Winter and Miss Audrey Lewis, while Mr. Curl, of Vancouver, will support the groom. The wedding tour will consist of a visit to the principal coast cities, and back to Spokane via the American lines. Mr. Rodgers is at present the guest at the home of Alderman and Mrs. J. J. Johnston.

Child Eating Snake.

El Paso, Texas, May 28.—In spite of the fact that a similar charge was investigated and dismissed by a jury some time ago, another complaint has been filed with United States District Attorney Llewilyn of New Mexico that the tribe of Indians in that territory are given to the worship of an enormous serpent to which is fed the new-born babes. It is housed, carefully tended and guarded. The complaint was filed by a Catholic priest, who gave horrible details of the practices which are indulged in.

INDIANS BATTERED BEYOND RECOGNITION

WHITE MEN COME OFF BEST IN ROUGH FIGHT IN SLOOP AT QUALICUM.

Nanaimo, May 28—There have been alarming reports all morning on the streets that a double murder had occurred at Qualicum. Reports of a big fight at that place came over the wires this morning and Chief of Provincial Police Stephenson accompanied by Provincial Constable Trawford left for Qualicum about 2 o'clock this morning, their departure giving rise to the rumors.

From the meagre details that can be procured at present, it seems that about midnight Sunday, the operator at Parksville was awakened by Qualicum Tom and his wife, who said that their son Qualicum and his brother-in-law, Nanoose Louie, had been murdered by two white men in a sloop. They insisted on sending for Mr. Stephenson. The woman said that her son's neck was broken and that he was rigid and had evidently been dead several hours. The other man, she said, had been battered beyond recognition.

Several white men went out to get the bodies and found both Indians badly used up, but still alive, although unable to move. There had evidently been a rought fight as the sails were torn into shreds and everything aboard misplaced. Messrs. Stephenson and Trawford located the men alleged to have beaten the Indians, in the woods at Qualicum, and are now on their way to the city with them.

Ninety-mile Walk.

Nanaimo, May 28.—Mr. Angus, of Victoria does not have to worry about trains. Friday morning he set out from his home on Government street, Victoria, and walked to Duncans reaching there about 9 o'clock that evening. The next morning he started from Duncans at 9:30 and walked to Nanaimo reaching here about 8:30 p. m. He says he did not feel the least tired, after his walk and was prepared, if time permitted, to walk back to Victoria. He returned there by train this morning. The distance from Victoria to Nanaimo, going by way of the road as Mr. Angus did, is about ninety miles.

CANADIAN ARBITRATOR.

Manager of Royal Bank of Canada to Settle Dispute.

Santiago, Cuba, May 28.—The state department at Washington has declined to permit United States Consul Holiday to act on the strike arbitration board, and the latter has substituted for Mr. Holiday, George W. Holiday, acting manager of the Royal Bank of Canada, a Canadian citizen.

The typesetters have joined the strikers, and no newspapers appeared here today.

Serious riots occurred this morning, and the city has the appearance of an arsenal.

Consul to be Promoted.

London, May 27—It is understood that Courtenay Waller Bennett, British consul for California, Nevada, Utah and Arizona, will be appointed consul-general in New York in succession to Percy Sanderson, who resigned recently.

Suspect Liberated.

Nelson, May 28.—Ravelli, the Italian supposed to have been connected with the dynamite explosion at Niagara, in the Boundary, which caused the death of Louise King, has been allowed his liberty, the crown having no evidence to offer against him at the Greenwood assizes.

TANGIBLE THANKS.

J. E. Insley Receives Handsome Gift From Lad He Rescued.

In recognition of his presence of mind and prompt action in saving the life of young Alexander Matheson, who fell over the C. P. N. wharf last Tuesday evening, J. E. Insley was made the recipient of a substatial token of appreciation from the rescued lad, accompanied by the following address:

Dear Mr. Insley,

To say that I am very grateful to you for the prompt manner in which you rescued me from the clutches of "Father Fraser" last Tuesday evening, does not half express my feelings.

Will you kindly accept the accompanying chair as a lasting tribute to the heartfelt thankfulness of,

Yours sincerely,
(Signed) ALEX. MATHESON.

The gift which was presented to Mr. Insley by young Matheson in person, is a Morris chair of the largest size, built of solid oak throughout and beautifully upholstered in red Spanish leather. The costly gift now reposes in the sitting room of the Colonial hotel, and, needless to say, is the admiration of all who have seen it.

SHRINER'S GEMS STOLEN.

Jewels and Valuables Robbed After Railway Wreck.

Allentown, Pa., May 28—Gems valued at about $20,000 and accident insurance policies agregating $50,000 are missing from the effects of Louis M. Ellingbogin of this city, a member of Rajah Temple, and his wife, who were killed in the wreck of the Mystic Shriners' train at Honda, Cal.

The boxes containing Elengbogin effects were received today by counsel for the estate, who found that most of the jewelry that Mr. and Mrs. Elingbogin wore when they left on the trip, together with the accident papers, were gone. It is supposed that the gems and policies were stolen.

Harry Ellis, C. P. R. freight inspector, has been transferred to Victoria, and left for the scene of his new duties yesterday morning.

PIGEON TRAVELS LONG DISTANCE

LIBERATED AT PEMBERTON, AND CAUGHT AT SKOOKUMCHUCK—INDIANS SEE BIG BALLOON.

Alexander Robertson of the Fisheries department, and who has been stationed at Pemberton for some time, liberated some carrier pigeons about a month ago, and one of his best birds is still missing. The bird, to which was attached a Vancouver Homing club tab, marked 1906, is reported to have been seen at Skookumchuck by Messrs. Morris and Logan, who retured to Vancouver yesterday and related the story of their find. Mr. Robertson is anxious to meet these gentlemen, as he would like to regain possession of his pigeon.

Messrs. Morris and Logan report that the Indians at Skookumchuck say that they saw a huge balloon pass over the mountains on April 28 last, at 3 o'clock in the afternoon. It may be mentioned that in Vancouver, there was some talk of a balloon having been seen passing overhead on April 24.

Messrs. Morris and Logan have been working their properties on Twenty-five Mile creek with great success. They have struck a rich vein of bornite, and everything looks well for a prosperous season.

JAPANESE DEIFY THREE FOREIGNERS

MEN WHO WERE DROWNED DURING WAR RECEIVE GREATEST HONOR FROM MIKADO.

Victoria, May 28.—Capt. J. Campbell, of the transport Hitachi Maru, Chief Mate S. J. Bishop and Chief Engineer James Glass, who were drowned when the transport was sunk by the Russian fleet while carrying troops in the war with Russia, having been deified by the Japanese emperor at the annual celebration at the Yasukuni Shrine, Tokio, together with Japanese subjects who sacrificed their lives for the empire, according to mail advices from the Orient.

This is the first occasion that foreigners have been consecrated among the Japanese gods. A Japanese war correspondent who was killed at the Shaho river was also deified. The ceremonies were attended by the emperor, empress and family and court and military officials, as well as by Admiral Moore of the British China squadron and staff and members of various legations.

Plot to Assassinate Kaiser.

London, May 27.—A report from Berlindeclares that a widespread plot among German and Russian students to assassinate the kaiser has been discovered. Many students have been arrested.

TROUBLE IN CHINA.

Swatow, China, May 28.—The revolutionists are now attacking Chung Lang and Tung Chan, wealthy towns in Ching Hai district. Many of the inhabitants have fled to this city.

The uprising is attributed to excessive taxation, the natives refusing to pay the amounts demanded by the authorities. The revolutionists are particularly active in the north, and are reported to have completely destroyed the town of Kuy Tuen, although no confirmation of this is at present obtainable. Many rioters have been shot.

HUNDRED THOUSAND TO LOAF.

Chicago, May 28—Between 50,000 and 100,000 men will be thrown out of work by the railroads of the country before the end of the first week in June, according to the Record-Herald.

It has been the custom in the past for railroads to reduce their pay rolls at the beginning of summer but this year the roads have issued especially stringent economic orders and the working forces will be reduced to the lowest possible point.

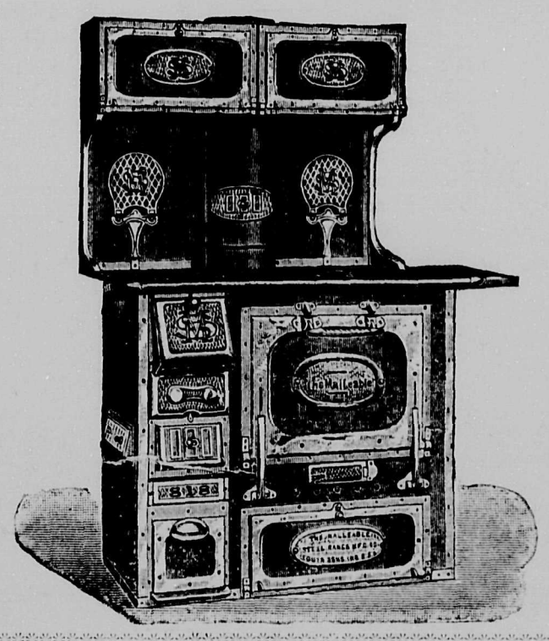
THE MALLEABLE RANGE



It has been said that a malleable and steel range could not be made as attractive in appearance as the old-fashioned cast-iron and steel range, with its meaningless and inartistic superfluity of cast-iron convolutions and ornamentation. Through the adoption of Wellsville polished steel for the body, we have added wonderfully to the finish of our range. It makes the most durable, practical and beautiful finish, and does away with the asphaltum or japan finish formerly employed, which after a few months' actual use became sticky and unsightly. The occasional application of a cloth to the polished steel body causes it to appear clean and bright, in all the beauty of its original blue luster.

In finish, our range is a strictly high-grade product, and that fact should be borne in mind by all when purchasing a new stove.

SWIFTWATER BILL KEEPS HIS OLD LUCK

GRUBSTAKE LAW MADE VOID BY SUPREME COURT—GATES RETAINS ENTIRE FORTUNE.

San Francisco, May 28.—The Grubstake, one of the most honored of Californian institutions, has apparently been utterly done away with by a circuit court decision. Ever since 1849 the system of grubstaking by prospectors for the privilege of sharing in whatever he finds had been in vogue, and more than one great fortune on this coast has come to homestayers who have outfitted mine-hunters. In fact, the validity of such contracts had never before been questioned in this state.

Now Swiftwater Bill, who, on a thousand-dollar grubstake found a fortune of $750,000, has won a verdict declaring that the grubstake cannot collect.

Gates showed his old luck had not deserted him yet when the United States circuit cour of appeals rendered the decision sustaining the district court of Alaska in a suit brought against him by Isaac L. Marks of this city. The action was instituted to recover $150,000 on agreement made by Marks and Gates in Seattle on April 27, 1902. The agreement was that in consideration of $1000 paid by Marks to Gates the latter was to transfer to the former 20 per cent. of all property which should be acquired eitherby location, purchase or otherwise in Alaska by Gates.

COUNCIL MEETING

Burnaby Council.

A meeting of the council was held on Monday evening, May 27, when there were present Reeve Byrne, Councillors Stride, Love, Cliff, Anderson and Rumble .

The third reading of the Beach road appropriation bylaw being fixed for this meeting a deputation comprising Dr. Walker, Messrs. H. L. Edmonds, F. J. Hart, L. Claude Hill and Mr. Knott of Vancouver), attended to urge the abandonment of the bylaw as the intended road would interfere with the privacy of Deer lake, the east shore of which would be surrounded by the grounds of private residences. The council informed the deputation that, as representatives of the whole community, they would require that the public should have free access to the lake from the Pole Line road, but in order that an alternative suggestion as to the location of the road might be submitted, the final passage of the bylaw would stand over till the next meeting on June 1.

Suggestions for submission to the B. C. Union of Municipalities as to amendments to statutes were taken up. The first recommendation was to the effect that no subdivision of land o fles s than half an acre in area should be permitted within a municipal district. The second point adopted was that, subject to the right of appeal to the lieutenant governer in council, every municipal council should have supreme and unrestricted control of all public highways, any charter or private act to the contrary notwithstanding. The third suggestion was that the speed of motor cars within municipal districts be reduced to 10 miles an hour, the onus of proof to lay with the owner or driver.

A bylaw to regulate the width of new lanes, streets and roads, and for governing the submission and approval of maps of townsites and suburban subdivisions was introduced and read a first time.

The resignation of Councillor Skinner was accepted and the seat declared vacant. The clerk was appointed returning officer for the election of a councillor to represent Ward I, nominations to be received by noon on Wednesday June 5, at the municipal hall. Poll if any) at the same place on Saturday June 8.

Councillor Anderson was oppointed a member of the court of revision, vice Mr. Skinner, resigned.

The reeve, with Councillors Cliff and Rumble were appointed as representatives to a conference with Vancouver city and North Vancouver re Second Narrow bridge.

The council adjourned till Saturday June 1, at 2:30 pay day.)

BELATED CONFESSION.

The Daily News has been "called down" more than once for its temerity in publishing articles in which the so called "financial policy" of the McBride government was sharply criticised. What is more important, the papers supporting the government have been unanimous in flouting the Liberal opposition in the legislature because of its criticisms of, and objections to, the said "financial policy." Now read this paragraph, which we clip from one of the most rabid of the McBride organs:

"We could hardly be worse off than we were four years ago when the Bank of Commerce held up the province, through the government, and threatened to stop supplies unless an obnoxious Assessment act was swallowed 'holus bolus.'"

The organ was discussing commercial, not political, finance, if we may make such a distinction; but its words mean that the "policy" of the McBride government was simply obedience to the orders of certain financial magnates, who were careful, of course, to see that their own interests were well looked after. That is exactly what the Daily News has asserted and has been censured for asserting.

Of course it is quite possible that the old proverb about "an ill wind" may apply in this instance: quite probable, that is, that the said "hold-up" and its results have been less harmful to the province that a "policy" originating with the McBride aggregation, and carried out by them without dictation or supervision, would have been.

WHEAT PROSPECTS.

British Columbia has more—much more—than a sentimental interest in the prosperity of the prairie provinces. The more prosperous they are, the better market there will be for many things which this province can supply. The following summary of wheat crop prospects as they appeared a week or ten days ago, will, therefore be of interest:

With a view to discovering what are the results of the late spring, the Winnipeg Free Press, the most widely circulated paper in the west, has made an investigation of the crop conditions. Reports were received from one hundred representative points in the West, and, as a rule, the Free Press reports on the crop conditions are accurate. These reports indicate that, before the middle of May, in Manitoba, 15 per cent. of the wheat was sown and in Saskatchewan 10 per cent. No growth was reported from any point, but everywhere the ground was said to be in excellent condition for receiving the seed and that there is moisture enough to last until the first week in June. Whether or not the crop will be a failure depends on the subsequent weather. The wheat grower says that as a rule, the best crop comes from seed sown early in May and by May 20th the most of the wheat will be sown. The wind has been steadily in the northwest for six weeks and is preventing growth. At present the sun is shining fifteen hours out of the twenty-four and if the wind would move south and stay there it is pointed out that in spite of the cold April all will yet be well. But of cource, the wind will stay northwest as long as it pleases.

Howling wind and driving snow from the great lakes to the Atlantic, while here, well to the north, doors and windows stand open to admit the summer breeze, and the bee and the humming bird sip nectar from a wealth of bloom. Come west, young man, come west!

The chant of triumphant jubilation indulged in by some of the McBride organs on receipt of the news that

In the Kitchen—use WINDSOR SALT. It is a serious mistake to use common salt. Use the fine, pure Windsor.

100

that gentleman had been courteously received by the Colonial Secretary, is very amusing. What on earth did the organs expect? Mr. McBride went to London duly certified as premier of this province and his courteous reception was a simple matter of course.

Venison Once Cheaper Than Pork.

Time was, along in the early forties and the early fifties of the last century, that from the wilds of Morgan and Brown counties hunters would bring venison to market and sell it much lower than pork was sold in that day, pork being preferred by the Hoosier then to the red deer of the woods. It was in that time that an entire wild turkey, full grown, would sell at a price far below the present appraisement of a scrawny spring chicken, and a dozen quail could be bought for less money than it now takes to buy a dozen links of sausage—neither was the quail required to masquerade as "short billed snipe."—Indianapolis News.

Loving Kindness.

My dog tried to bite me. I liked the dog, so I kicked him lovingly in the jaw. He understood that argument.

My grocer tried to cheat me. I liked the grocer. I did not kick him in the jaw, but I told him lovingly that I would not deal with him again. He understood that argument.

My baby tried to slap me. I liked the baby, but I did not kick her in the jaw or even cease to play with her. I kissed her lovingly on her cheek. She understood that argument.—Independent.

A Test For Eyesight.

An interesting test for eyesight may be had by observing Ursa Major—the Great Bear—on a clear starlit night. Not every one is aware that Mizar, the second star in the constellation, is a double star. To observe this doublet demands good vision. Some starry night look up to the sky and see if you can discern it. If you do see it, you can rest content in the knowledge that your eyesight is not defective.

The Original "Village Blacksmith?"

Over fifty members of the West End Methodist church met at the home of Mr. and Mrs. A. Gaudin last night to welcome the Rev. Mr. and Mrs. Magee on their return to New Westminster. Several addresses of welcome were read by the members of the official board, which were suitably replied to by the Rev. Mr. Magee following which a most interesting and enjoyable program, consisting of musical selections, was rendered.

The legal baseball team which will play the Vancouver law expounders was hard at work yesterday evening practicing fancy curves, base slides and some spectacular batting. Trouble seems to be right in the way of the ship Schwarzenbek. What with trying to collect demurrage charges, difficulty in obtaining a crew, and being suspected of shanghaing Mr. Knutson, it would appear that the captain's cup of trouble was pretty nearly full. The climax was reached yesterday, when the anchor chain parted and the vessel started to drift towards the city. Had it not been for the promptness of the crew getting out the port bower and obtaining good holding ground, another unpleasant incident might have been added to the list. Several tugs dragged for the anchor yesterday afternoon and evening without success. The vessel expects to leave this morning under the guidance of Capt. Rogers who will pilot her as far as the mouth of the river, where he will be taken off by the Dominion government cruiser Georgia, which is now lying at Vancouver.

RICH SPINSTER DIES IN A SHACK

Bellingham, May 28—Miss Aesha Clark, one of the first women to cross the plains to California in 1849, died here this morning aged 90 years.

Miss Clark lived alone in a tumble-down shack for many years, in North Bellingham. She owned property in every Pacific coast city and was reputed to be worth several millions. Her heirs are unindentified. She was a native of Baltimore.

HOW THE RAIN CAME.

A Terrifying Event to a Stranger In the Philippines.

For a real lively matinee performance the coming of the rainy season in the Philippines has no end of right to be considered.

This is the experience of one woman who supposedly arrived during the dry season:

Seated at her window she could hear a roaring tattoo in the grove of abaca palms to the south. The noise neared, rose, thundered.

Long, lithe cocoanuts began an inexplicable bending to and fro, their tops circling in trembling descent almost to the earth, then swinging back to the spring of the bow tense trunks in a movement exaggerated and violent, like that of some stage tempest.

Ont in the grove, beaten, trampled down, there advanced into the open a black wall of rain, perpendicular from earth to sky. Ahead of it dust, twigs, rubbish, suddenly ascended to heaven in rotary spirals. Trees were flayed of their leaves. Roofs flew up like gigantic bats.

Then her own house, strongly built, shook as with earthquake. The thatch of the roof sprang vertical, like that stiffens with fear, and between the interstices she saw the muddy sky stream by.

A powder of debris, of dry rot, snowed. Down upon the table, the books, the chairs, little lizards, unperched, struck the floor with a squeak like that of a mechanical doll, remained as dead for a long minute, then scampered across the room and up the walls again. Great black spiders, centipeds, scorpions, fell; sometimes a large rat.

Then the nipa clicked back to position as a box is shut. Breathless silence, a heavy immobility, petrified the world. There came three or four detached, resounding raps upon the roof, and suddenly a furious roaring beating as of stones coming down, great stones chuted in thousands, in millions, and the church, the plaza, the mountain, the whole land, disappeared in a yellow swirl of water.—McClure's Magazine.

Care of Hairbrushes.

A good way to clean hairbrushes is with spirits of ammonia and warm water. Take a tablespoonful of ammonia to a quart of water, dip the bristles up and down in the water without wetting the back, rinse in clean warm water, shake well and dry in the air, but not in the sun. Soap and soda soften the bristles and will turn an ivory backed brush yellow.
