BOYS MUST NOT SWEAR ON BASEBALL FIELD

Bad Words Tabooed By Association — Umpire Will Severely Punish Offenders.

Hereafter it will go hard with the baseball player who gives expression to his dissatisfaction at a particularly rotten play, or a bum decision on the part of the umpire, for the worst expletives he is permitted to use is "Oh shucks." A more vigorous expression will incur the displeasure of the umpire, while a downright naughty swear word will mean the retirement of the offending player from the game.

This decision was arrived at at a meeting of the executive of the Westminster Baseball association at Blair's cigar store yesterday evening, when a definite stand against profanity on the field of play was decided upon.

New Vice-president.

Clarence Stein was elected vice-president of the association, replacing C. G. McLean, who has decided to make his home in Vancouver in future.

Sam Giles was appointed official umpire, the others sharing this distinction with him being J. A. Cunningham, J. W. Bodley, Dr. Doherty and A. W. Fry.

Game This Evening.

At six o'clock this evening there will be a match between the two strongest teams in the league, the Russells and the Balmorals, which should draw a goodly number of fans to Queen's park, where boys in short pants will be admitted free and grown-ups extended a like privilege, as no charge will be made until later in the season.

Tonight's teams will be:

Balmorals—Sinclair, 1b.; Briggs, s.; Pierrot, 2b.; Smith and Abbott, p.; Barsaree, lf.; Canfield, cf.; Ryall, rf.; Stein, 3b.; Munn, c. Sloan, spare man.

Russells—Malcolmson, c.; McLean, p.; McPhail, p.; Peele, 2b.; A. Sinclair, 1b.; Snell, cf.; Robertson, rf.; Finch, lf.; Buckland, 3b.

Sam Giles will hold the indicator.

INVITATION EXTENDED VISITING JOURNALISTS

Australian Pressmen Will Be Welcome in Westminster—Mayor Wires to George Ham.

Mayor Keary yesterday wired to George H. Ham, who is coming to the coast on behalf of the C. P. R., to receive the Australian journalists on the way to the British metropolis, inviting them to come to Westminster as follows:

"Corporation and citizens generally extend cordial invitation to yourself, and Australian journalists to visit New Westminster for a few hours on way east. If invitation accepted, kindly wire when and number. We will provide electric cars from Vancouver.

W. H. KEARY, Mayor."

His worship at the city council meeting reported his invitation, which is also supported by the board of trade, saying that cars will be placed at the disposal of the company, and a luncheon provided at the Russell hotel. A reply is expected today.

SEPTUAGENARIANS SPEND BIRTHDAY ON HORSEBACK

Summerland, B. C., May 3.—Mr. and Mrs. Harvey Phinney senior, established a record for themselves last week. Mrs. Phinney attained her seventieth birthday and in company with Mr. Phinney who has reached the age of seventy-six, spent a considerable portion of the day on horseback, visiting and receiving the congratulations of a large circle of her relatives and friends. Mr. and Mrs. Phinney are wonders for their age and the fact that Mrs. Phinney had reached the allotted three-score years and ten, came as a decided shock to many of her friends who did not imagine that the lady was within at least ten years of that age. Both of the septuagenarians are upright and sprightly.

Mr. Phinney has a fine orchard and farm yard which is equal in care to the best in the district, and he does the work without assistance.

Loan Shark's Office Raided.

Montreal, May 3.—Under instructions from the crown attorney, detectives this morning raided the office of the Tolman Loan Agency, arrested two girl clerks and took possession of the books and papers. Despite the anti-usury prosecutions of recent months this firm has been advertising extensively and developments will be watched with interest.

One Day's Grace.

Persons whose names have been objected to on the provincial voters' lists have been granted until 11 a.m. on Wednesday to protest and show cause why their names should be retained. This will be their last opportunity to secure their franchise for at least six months.

ELECTROCUTION ENSUES FROM LABORER'S ERROR

Fatality at Substation Due to Man's Hand Touching High Tension Wires.

At the Tenth street power station yesterday morning, Frank O'Neill, a laborer in the employ of the B. C. E. R. was electrocuted by the passage of 20,000 volts through his body. Dr. T. B. Green attempted resuscitation for over three hours in vain, and the body was removed to D. Murchie's undertaking parlors. After a jury had been empaneled to view the body, the inquest was adjourned by Capt. Pittendrigh to this afternoon at his office.

O'Neill was arranging some pulleys which had been used in moving machinery, and went up in the gallery. He stood on an iron railing holding on to a bar above. Apparently against frequent warnings he touched or approached too near one of the high tension wires, and then a streak of blue flame was seen around the man, who soon fell to the floor, fracturing his skull on the concrete bottom. Part of one foot was burned to a cinder, and his hand holding the rope discolored and burned. Owing to the way the man was standing he received the full force of the shock, the rail completing a circuit. He was a married man, his wife living in Vancouver.

REMARKABLE COLLECTION OF COLORED SEA FISHES

Paradise of the Pacific Will Contribute Quota to Unusual Attractions At A. Y. P.

Seattle, Washington, May 3.—In the Hawaiian exhibit at the Alaska-Yukon-Pacific exposition will be seen the most remarkable collection of brilliantly colored sea fishes in existence. The territorial aquarium of Hawaii, in the city of Honolulu, has long been noted for the variety and numbers represented in the collection, but it is principally in respect to the variegated colors and gorgeous tints that the fishes of the "Paradise of the Pacific" are chiefly famous. In remarking upon this peculiarity, Professor David Starr Jordan, one of the world's highest authorities on the subject, said: "No aquarium can boast of a collection of fishes more unique in form and coloring, although some have a greater number."

The Honolulu aquarium will be transported to the Seattle exposition, and the display has been greatly increased in extent and value. The work of the United States Fish Commission in Hawaiian waters has resulted in a number of rare and wonderful discoveries in sea life, and the exhibit as now completed and ready for transportation from Honolulu, is the finest and most comprehensive collection of marine life ever assembled.

SUBSIDY MAY BE CONTINUED FOR AUSTRALIAN SERVICE

Negotiations Are Now on Between Union Steamship Company and Dominion for Renewal.

Vancouver, May 3.—Negotiations are now proceeding between the Dominion Government and the Union Steamship company of New Zealand for a renewal of the Canadian mail subsidy for the steamship service between Vancouver and Sydney. Some weeks ago the Federal Government decided that it would not consider the question of an increased subsidy even though the Canadian-Australian line offered, for a greater remuneration to put three steamships of the Marama type on the run, and make the running time 21 days between Vancouver and Sydney.

It is possible that as a result of the communications now passing between Ottawa and Sir James Mills, managing director of the Union Steamship company, the government will continue the rate of subsidy now enjoyed by the company for another period of years.

ASOTIN MAN TO SHARE $120,000,000 ESTATE

Spokane, May 3.—A Spokesman-Review special from Asotin says:

J. S. Peters, of Asotin, one of the direct heirs of the great Peters estate of Deleware, said today that he has received word from the supreme court of that state that a decision has been rendered in favor of the heirs, and that as soon as legal processes are accomplished the estate will be divided.

Mr. Peters' mother was a daughter of Millionaire Peters, of Deleware. The estate has been lying idle many years and a sharp fight to have the estate given to the churches of Dover has been waged. The estate involves over $120,000,000, and there are approximately 100 heirs.

Mr. Peters is a civil war veteran and has lived in Asotin for several years.

COUNCIL DECIDES TO UNITE IN JOINT ADVERTISING SCHEME

Will Meet Committee of Board of Trade to Formulate Plan—The Provincial Government Gives $18,000 Towards Lulu Island Bridge—Further Improvement in Fire Protection.

The city council appointed a committee last evening to meet the board of trade committee with reference to advertising at the Alaska-Yukon-Pacific exposition. Ald. Fader was appointed chairman of the parks and library committee for the unexpired term of Alderman Garrett. The interesting announcement was made by Mayor Keary that as a result of his visit with Thomas Gifford, M. L. A., to Victoria, the department of works had given $18,000 toward the cost of the Lulu island bridge, if they shared any profits which might be derived from railway companies, and that it should be toll free.

Advertising City.

Mayor Keary said the secretary of the board of trade, and also A. E. White, had interviewed him with reference to publicity work, particularly at the Alaska-Yukon-Pacific exposition. The council could not anticipate what the ratepayers would say to a bylaw, when it was put before them.

Ald. Fader thought it was a very good time to advertise.

The mayor believed $4000 distributed over two or three years would be best spent in the Middle West. They might, however, succeed in attracting a few industries, though they would have all the competition of the Puget sound cities. The only thing which could be done was to have a man there on the fair grounds. The Royal Agricultural society would have a man present during the stock exhibition to get the breeders to show at the provincial exhibition.

Ald. Gray said the Royal City mills were sending an exhibit for the Dominion building, and Ald. Fader said he was showing brick and cement. A man was going round collecting specimens locally for exhibition in the Dominion building.

A committee consisting of Alderen Jardine, Fader and Gray, was appointed to meet the board of trade on the matter.

Grant for Bridge.

The mayor reported on his visit to Victoria last week in company with T. Gifford, M. L. A., and stated that the provincial government would give $18,000 towards the construction of the Lulu island bridge, providing it was absolutely free from tolls. The officials of the provincial asylum for the insane were to assist in the building of a cement sidewalk, which had been sanctioned. The council passed a vote of thanks to Mr. Gifford for assistance given.

Fire Matters.

Chief Watson reported 14 fires in April. He recommended the purchase of 1000 feet of hose, 500 each of Dunlap and Keystone at $1.00 a foot. Four new alarm boxes had been ordered and will be installed when they arrive. He recommended also the appointment of R. C. McKay as captain at No. 1 hall with an increase of salary. The recommendations were all adopted.

Arising out of the long series of fires at the Brunette street portion of the G. N. R. tracks and their old sheds on Fourth street, the mayor and Aldermen Jardine and Johnston avowed their intention to going down to stop the G. N. R. trains, as they feared the town would be set on fire from the locomotives, owing to the absence of spark-arresters. From a semi-official source it was stated that the G. N. R. had ordered the sheds to be pulled down. The aldermen said application to officials was useless.

Richmond Wants Water.

A request for a water extension from C. S. Ferriss on the Richmond municipality boundary led the mayor to point out the difficulty of giving all the extensions necessary when the pipe was only a 14-inch one, and it would not be long before a 24-inch main would be necessary to supply domestic, industrial and irrigation demands. Ald. Adams said the reeve of Richmond wished to meet the council with regard to a share in the cost of a new pipe line, to serve the municipality. Such a meeting will be held at an early date. Mr. Ferriss' application was granted.

Street Lines.

Following an application from the B. C. Packers' association for the street lines, a discussion took place on the duties of the city engineer with reference to giving street lines. The question which divided the council was whether the city was entitled to charge $5 fee for the work of this kind, or not.

Ald. Johnston and Smith thought the city engineer ought to give lines without making a charge, while the mayor pointed out their engineer had neither the D. L. S. or P. L. S. qualifications, yet, and thought should be given to the men thus qualified, who had to make a living.

Those opposed to the work being done free said the engineering department would be overwhelmed with work if the city authorized street lines being given free.

Ald. Johnston and Carter Smith contended that a street line was a different thing to a survey, as it only gave one side of a property, whereas a survey fixed the corners.

An amendment to give the B. C. Packers the line asked, subject to a fee, was carried.

Ald. Johnston and the mayor had an exchange of words later on the same matter when the alderman moved that the city solicitor should be asked to advise on the legality of lines being given free by the city. This will be done.

Free Postal Delivery.

The acting deputy postmaster-general wrote asking for information when the streets had been renamed, and houses numbered, in view of the early inauguration of free postal delivery.

(Continued on Page Seven.)

IMPOSSIBLE TO SIGNAL TO INHABITANTS OF MARS

Baltimore, Md., May 3.—Professor Robert W. Wood, of Johns Hopkins university, the inventor of the rotary mercury mirror for obseving the heavens, denies that he has any idea of going to Stamford, West Texas to engage in any experiments to signal to Mars. Professor Wood states that he has been in communication with those interested in the experiments at Stamford, but only to decline to take part.

"The plans being arranged at Stamford for signaling to Mars," he said today, "are not at all possible. I have not accepted any invitation or cash to participate, and you cannot make the denial too strong. My twenty-inch mercurial mirror is for experiments in observing the celestial bodies. Neither a hundred inch nor a hundred-mile wide mirror is capable of sending signals to Mars."

A dispatch from Fort Wright says that the citizens of Stamford had agreed to put up whatever bonus Professor Wood needed, provided it did not exceed $50,000.

Alaska Salmon May Be Classified as "Sockeye"

Washington, May 3.—There can be no monopoly in the use of the word "sockeye," in denominating the species of salmon canned by any of the great salmon-packing interests of the Pacific coast or Alaska, nor is a packer required to state on the label of his cans the locality in which the salmon is taken, according to a decision by Solicitor Earle, for the department of commerce and labor, in an informal opinion to the United States fish commission.

The latter inquired whether the Alaska salmon law, enacted by congress on June, 1906, required that the label used by the packers should state the locality in which the salmon were taken.

It was pointed out by the commission's communication that the same species of fish which was packed by the Alaska salmon industries and labeled as the "sockeye," was caught also in Puget Sound and the waters of British Columbia, and canned under a label identical with that used for the product of the Alaskan fisheries—that is, "sockeye." But it was stated that while the fish caught in those two localities were of the same species, there was a difference in their quality of food value, the difference in market price being 50 per cent. in favor of Puget sound and the waters of British Columbia.

The commission took the position, therefore, that in view of the alleged inferiority of the Alaskan pack, the failure of the Alaskan packers to indicate the locality of their product on the labels used by them constituted a misrepresentation of the act of congress. The solicitor did not concur in this view.

"The Puget sound packers have no more exclusive right to use the term "sockeye" salmon than the Alaska packers," declared the solicitor. "The word 'sockeye'" being descriptive of species merely, is not subject to exclusive useby the packers of either locality. If the Puget sound packers can a superior article of fish they can easily take advantage of that fact in the trade by labeling their product accordingly.'

He held that the act did not require that Alaskan packers should indicate the locality of their product upon their labels.

Some idea of the importance of this "sockeye" salmon industry may be gleaned from the fact that the total catch of this fish in Alaska in 1908 was 24,942,726, representing a commercial value of $7,318,048.

DR. SPENCER ADDRESES LOCAL OPTION ADVOCATES

Citizens League's First Annual Meeting is Poorly Attended—Treasurer's Report Shows Deficit.

The first annual meeting of the Citizens' Temperance League, which met last night in the Cunningham hall, adjourned to June 8 without electing officers. Owing to insufficient notice being given there was a very slim attendance. After the president, W. E. McLeod, had called the gathering to order, Rev. Dr. Spencer, provincial secretary of the Local Option league, gave an address mainly on the best methods for carrying on the work.

He told them to always look for a busy man for an officer, but advocated enlarging the executive force so as to spread the work and prevent overburdening anybody. To this end he recommended that the city be divided up into several districts including East Burnaby and Sapperton, each in charge of a chairman with a large committee. The chairman with the officers would form the league's executive, and they would make a strong central core for the organization to rally round.

Distributing literature should be a strong feature of the work. The members should also take especial pains to be active in political primar-

(Continued on Page Eight.)

REVISION OF LISTS IS QUIETLY CONDUCTED

Cleaning Up Register for Local Electoral Districts Completed Tomorrow—New Claims Accepted.

The voters' lists for the electoral divisions of New Westminster, Dewdney and Delta, were revised before Government Agent S. A. Fletcher yesterday. Among the representatives of the parties present were K. C. Brown and D. McMurphy for the Liberals, and H. L. Edmonds and F. J. Mackenzie for the Conservatives.

There was little trouble with the long list of objections, many of the names objected to having been enrolled in other electoral districts, and the remainder were given till eleven o'clock tomorrow to show cause why the names should not be removed. The claims of new voters were all admitted, 145 in the city, 142 in the Delta, and 68 in Dewdney.

Of 242 in the city removed, according to objections lodged, 25 are entitled to remain, and in Delta of 183 objected to, 17 names will remain. In Dewdney of the 27 objected, all names save one will be struck out.

CONGRESSMEN FAVOR A LOCK TYPE CANAL

Government Appropriation Urged for Ships to Ply Between Puget Sound and Panama.

New York, Many 3.—Further indorsements of the lock type of canal and assurances of the stability of the Gatum dam were voiced here today by members of the congressional party which returned on the steamer Panama after an unofficial inspection of the canal zone.

Representative James McLachlan, of California, declared that the trip left him all the more convinced of the necessity for the passage of the bill providing for a governmental appropriation or building of ten 5000-ton steamships to ply between Puget sound and Panama.

"The ships that now ply between New York and Colon," said he, "leave here with large cargoes for the isthmus and come back light. With vessels in commission on the Pacific side there would be handed over large cargoes for the Pacific coast for delivery to the port of New York."

A Vicious Reformatory Prisoner.

Toronto, May 3.—Lizzie Lessard, who was serving six months in the Mercer reformatory, was sentenced to three years in the Kingston penitentiary this morning for having maliciously stabbed an attendant, Maggie Mick, in the cheek with a pair of scissors, deliberately smeared with the virus of a very loathsome and incurable disease from which the prisoner was suffering. She pleaded guilty.

Seeking Release of Phillips.

Toronto, May 3.—T. C. Robinette goes to Ottawa tomorrow with a petition seeking the release of Joseph Phillips, of York County Loan fame, who was sentenced to five years' imprisonment. He has served two years.

French Crops Damaged.

Paris, May 3.—Northeastern France is in the grip of an unprecedented cold wave. There have been snowfalls at several places, and it is feared that the fruit crops and vineyards have been seriously damaged.

CANADIAN FISHING RULES ADOPTED

Dominion's Contentions With United States Are Agreed Upon.

Ottawa, Ont., May 3.—The draft of the uniform fisheries regulations governing the boundary waters between Canada and the United States, under the terms of the treaty passed last spring, as prepared during the last six months by the two commissioners, Prof. E. E. Prince, Dominion fisheries commissioner, and President David Starr Jordan, of Leland Stanford university, representing the United States, has been received in Ottawa from Palo Alto, Cal., where the commissioners have just completed their work.

The Water Affected.

The result will be the observance by the United States and Canadian fishermen of the regulations contended for by Canada in the treaty waters from the Atlantic to the Pacific. These waters include the area of the waters at the mouth of the St. Croix river, the St. John river, where it forms the boundary between Maine and New Brunswick; Lake Champlain, Lake Memphramagog, the great lakes and lakes westward, and the waters of Juan de Fuca strait and Puget sound.

Protection Staffs.

Under the regulations as now agreed upon, the United States government will appoint a federal protection staff, with headquarters at Washington, which will correspond to the Canadian fisheries protection service, with headquarters at Ottawa.

In Lake Erie there will be a neutral zone one mile wide reserved down the middle of the lake on which no fishing will be permitted. On special areas, such as the Detroit river, St. Clair lake and St. Clair river, very strict limitations, or absolute prohibition, in respect to some classes of fishing, will be imposed.

As a result of the new regulations agreed upon the preservation of continued prosperity of the international fisheries is assured.

FIRST JUNIOR MATCH OF SEASON TONIGHT

Boys of the East and Boys of the West Cross Sticks at Moody Square This Evening.

The first junior lacrosse match between representative East and West End teams will be played at Moody Square this evening, faceoff at six thirty o'clock. The teams were only organized a couple of weeks ago, when it was decided to award Joe Lally's gift sticks to the first junior teams made up of the younger players. A schedule of games will be drawn up next week. The lineup for this evening's match will be:

West End—Goal, Staton; point, F. Battson; cover, R. Gilley; defence field, Cooper, Cook, H. Battson; centre, J. Burr; home field, Fenton, L. Sangster, T. Sangster; outside, Murray; inside, Feeney.

East End—Goal, Stoddart; point, Sinclair; cover, G. Trapp; defence field, A. Courtenay, J. Armstrong, A. Watson (captain); centre, W. Courtenay; home field, J. Gifford, Kenny, Whittaker; outside, E. McKenzie; inside, T. Lewis.

KEEWATIN IS IN DANGER OF DESTRUCTION BY FIRE

Winnipeg, Man., May 3.—The town of Keewatin, the Ontario centre of big flour milling and lumber industries, 120 miles east of here, is in danger of destruction by the big fire raging all morning in the residential district. Sparks are flying in all directions and the fire apparatus is disabled. Help has been requisioned from other towns.

ASSESS WORKING MINERS TO SUPPORT STRIKERS

Fernie, May 3.—District 18 of the United Mineworkers have placed assessment of five pre cent. of the gross earnings on all members working to support the strikers. T. Lewis, international president, has sent Board Member Rogers of Idaho to help Board Member Morgan to settle the strike.

CASTRO WOULD SUE FOR DAMAGES

Paris, May 3.—Ciprian Castro, former president of Venezuela is reported to be consulting with lawyers here with a view to bringing a damage suit against the French Government for his recent expulsion from Martinique.

LAND REGISTRY ACT

Re subdivision 11 of Lot 79, Group 1, New Westminster District; Lots 18 19 and 20, Block 1, and Lot 1, Block K. V., being part of Lot 6, Suburban Block IV., New Westminster City:

Whereas proof of the loss of certificate of title number 16027A, issued in the names of Charles Frederic Sprott, Francis Kaia Schou, Lucy Christine Schou, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the city of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office, New Westminster, B. C., March 22, 1909.

LAND ACT.

Comox Land District.
District of Queen Charlotte Sound.

Take notice that O. B. Jacobson, of Vancouver, occupation sheep rancher, intends to apply for permission to lease the following described land:

Commencing at a post planted at the west end of Lewis island, thence northerly, easterly, southerly and westerly and northerly, following the shore line around the island to the point of commencement, containing 800 acres more or less.

Staked April 8th, 1909.

OLE B. JACOBSON.

NEW WESTMINSTER CITY ASSESSMENT.

Court of Revision.

Notice is hereby given that the assessment roll for the year 1909 has been returned to me, and remains in my office where it may be inspected by any person having an interest therein, until the sitting of the Court of Revision.

The first sitting of the Court of Revision on the said assessment roll will be held at the City Hall in the said city on Wednesday, the 12th day of May next, at 10 o'clock in the forenoon.

Any person intending to appeal against the assessment must do so in writing to be filed with the city clerk at least seven days before the first sitting of the court.

W. A. DUNCAN,
City Clerk.

City Hall, April 7, 1909

ECZEMA CURABLE? PROVEN!

Attorney at Moline, Ill., Convinced by Oil of Wintergreen Compound.

There is nothing that will convince a lawyer except evidence.

Now, here is some rather startling evidence of a simple home cure for eczema which convinced one lawyer, F. C. Entriken, attorney at Moline, Ill. He tells how oil of wintergreen compound mixed with thymol and glycerine, as in D. D. D. Prescription, cured him in thirty days after thirty-two years of suffering.

"For 32 years," writes Attorney Entriken, "I was troubled with eczema, scabs all over my face, body and head. I could run a hair brush over my body and the floor would be covered with scales enough to fill a basket. I tried everything—salves, internal medicine, X-ray—all without result.

"Just a month ago I was induced to try D. D. D. Prescription. The itch was relieved instantly; so I continued. It is just a month now and I am completely cured. I have not a particle of itch and the scales have dropped off.

"I can only say again, CURE DISCOVERED. I am now starting all eczema sufferers on the right track."

Cure after cure has been brought to our attention, and always that instant relief from the awful itch. FRANK MACKENZIE.

For free sample bottle write to The D. D. D. Laboratory, Department NN, 23 Jordan street, Toronto.

THIRSTY TRUSTIES THWART WHOLESALE WASTE OF WINE

Prisoners Flag Costly Liquors on Way to Sewer—Cellar Empty, But Men Full.

Los Angeles, May 3.—More than a score of prisoners in the city jail accumulated a fine high-priced jag last night, and fuzzy tongues and throbbing heads constitute the regular order of business around the city hostelry this morning. The police themselves were the lavish hosts of the occasion, although they did not know it until afterward.

Last night the order was given to clean out the basement storeroom, where a large quantity of champagnes, sparkling burgundies, sauternes, clarets and other costly wines were stored—the accumulated product of many raids— and pour the liquor into the sewer.

A large number of "trusties" were put at work to help open the bottles and pour it into a drainage trough, which emptied into the sewer. The temptation proved too much.

Some of the "trusties" dammed up the trough and backed the sparkling mixture of costly wines into a nice pool in the room. Then a bucket was brought into requisition and the banquet began. In a comparatively short time there was a Bacchanalian revel taking place which surpassed anything of the kind ever before undertaken at the city jail. The hilarity soon rose to such a height that the police were attracted and discovered the source of the good time, but not until after a large number of "jags" had been successfully negotiated by the delighted prisoners. These were led away to their cells and locked up to meditate on the evils of intemperance. The blocked sewer pipe was opened and in a short time the rest of the forbidden liquor was poured away.

Munyon's Vitaliser makes weak men strong and restores lost powers.

HAS "ROBIN HOOD"---The Flour That is Different Been Used in Your Home Yet? You should Start Now. Don't put off Trying This Wonderful New Flour

Every woman is proud of her cooking successes. The day your husband tells you that that the bread or the pastry "is simply fine" is a happier day than usual for you. Haven't you found it so?

Now, to get the best success in your baking you must use the best flour. There is great variety in flour, far greater than most women think. There is difference in wheat, difference in machinery, difference in methods and in knowledge of milling. This all results in difference in the flour, the final product.

ROBIN HOOD flour shows most surely how great a difference there can be between the best flour and poorer flours. It is made of the best Saskatchewan wheat. Our equipment is the newest and most modern in Canada. Our experience in flour-making is such that we know how to avoid the mistakes and take advantage of the best improvements in the milling industry.

ROBIN HOOD flour has delighted all who have used it in Canada. For one thing, it absorbs more moisture than other flours. Don't forget this when preparing your dough. The loaf made from ROBIN HOOD flour is light, flakey, beautifully sweet and most nutritious. IT IS THE FINEST LOAF YOUR HUSBAND, YOUR CHILDREN OR YOU YOURSELF CAN EAT.

More than that, ROBIN HOOD flour is sold under a positive guarantee. If by any chance you are dissatisfied after you have baked twice with it, your grocer is authorised to refund your money. Could we show greater confidence in ROBIN HOOD flour?

Give ROBIN HOOD flour a fair t trial, and don't forget to note the effect of adding more water than you used with other flours.

"ROBIN HOOD FLOUR" is the Flour That is Making a Sensation in Western Canada. All Over the West it is Being Talked About. The Question Neighbors Are Asking Today is: "Are You Using That New Robin Hood Flour?"

WEALTH IN SEA FOR CANADIANS

Prof. Prince's Interesting Exposition in Lecture at Nanaimo Very Instructive.

Nanaimo, May 3.—Prof. E. E. Prince F.R.S.C., Dominion commissioner of fisheries, gave an interesting lecture at St. Andrew's church. Inspector Taylor occupied the chair, and G. W. Taylor, in charge of the biological station at Departure Bay, handled a stereopticon lantern with which pictures pertinent to the lecture were projected.

Before proceeding to a description and explanation of the lantern views, Prof. Prince expressed his pleasure at being able to address an audience in Nanaimo. Returning as he was from the sitting of an international fishery commission in California, where he wes representing the Canadian government, the time was most opportune. At the present moment, Canada possesses the most varied fishery resource in the world, and he was glad to see that Canada and Canadians were becoing alive as to their great heritage in the sea. "Especially," continued Prof. Prince, "was the place opportune. Nanaimo was fast becoming one of the most important fishing centres in Canada, as is evidenced by the strides the industry is taking within the last few months. From the times of Cabot and Cartier the American continent had been famed for its fishery resources and Canada was fast overhauling the United States in this industry. Although the fish were much the same, the colder waters of the Canadian shores yielded better fish, and heretofore American firms had been depleting the northermost waters of fish which were accredited in the United States statistics as the product of American waters.

"The marvelous growth of the different lines of this industry is a most gratifying indication of what it may yet become within the next few years. The cod fishing in the Atlantic is enormous, excelling the great salmon industry of the west, and at the present time contributing $7,000,000 annually to the wealth of the land. The lobster industry has assumed great proportions, while the smelt which fifteen years ago were not worth $6,000 to the country, are now affording a yearly harvest of about half a million dollars.

"For many years the great whaling resources of the northern waters with its rivers and great lakes teeming with fish have been almost wholly neglected and millions lost annually to the country. In this respect, undue prominence had been given to international embroglios in the matters of treating regarding boundary settlements with the United States. If the energy, which had been expended in protesting against certain awards, had been devoted to developing the fishery wealth of the north, far greater benefit would have accrued. Happily, however, the old Arctic whaling grounds, which were the richest in the world, are being again exploited and even now in the south the industry is being revived and on Vancouver island, at Nanaimo and elsewhere, valuable whaling fisheries were established.

"Taking it again from another viewpoint, the other resources of a country, such as its forests and mines, must necessarily become depleted with the increase in population, etc., but the fisheries may be made a heritage from generation to generation. By proper methods of development its value can continually be increased, and at present, the revival of the whaling industry, and the Pacific halibut fisheries, the utilization of the dog fish, improvements in curing herring and in drying cod, and preparing various fish products, are a happy augury of what the fishery resources may yet mean to Canada."

Lever Brothers, Toronto will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

Mail Service

Following are the hours of despatch and arrival of mails at the New Westminster post office, the hour given in each case being the hour of closing, which is half an hour, as a rule, before the actual despatch. All mails, unless otherwise stated, are despatched and received daily except Sunday. The only mails dispatched and received Sunday are the C. P. R. south and C. P. R. east mails, not including the way mails, Sapperton, Fraser Mills and Coquitlam.

Mails Despatched.

6:00 a.m. (closed at eleven o'clock the previous night)—Vancouver via G. N. R. "Owl." Victoria except Wednesday.

8:30 a.m.—Vancouver via B. C. Electric railway.

Sumas and Seattle, including all U. S. Points east and south, and points between New Westminster and Huntindon, B.C., via C. P. R. south. Coquitlam, Sapperton and Fraser Mills.

8:30 a.m.—Blaine and Seattle, including all U. S. points east and south; also all points between New Westminster and Blaine, via G. N. R.

Note.—Cloverdale and district (Clover Valley, Surrey Centre, Elgin, Alluvia and Kensington Prairie) Hazelmere, Port Kells, Hall's Prairie and Nicomekl despatched daily except on Sunday; Clayton, Monday, Tuesday, Thursday and Saturday; Tynehead and Bon Accord, Wednesday and Saturday. BARLEY BREAD

RELIEVES INDIGESTION

Tulsonberg, Ont.
The Brackman-Ker Milling Co.:
Dear Sirs,—I have been using Barley Bread regularly for the past six months.

I had long been a sufferer from indigestion and compelled to use digestive tablets to relieve this distress. Since using Barley Bread I find it unnecessary to use them as the distress has disappeared. I greatly appreciate the change.

The bread is very pleasant to the taste and the loaf keeps moist a long time. Your truly,
J. A. DARROW.

This Barley Flour has had ten per cent. of the starch changed to grape sugar by germinating the barley—that is why the bread is so easily digested.

WE GUARANTEE THIS FLOUR.

Ask your grocer for 10-lb. trial sack—recipes for bread, scones, cakes, muffins, in each sack.

THE BRACKMAN-KER MILLING COMPANY

THE FAR EAST.

Mr. W. L. Mackenzie King, Canada's labor minister-elect, who returned on Saturday from his extended tour in the Orient, conveys some interesting impressions of his experience in an interview published in the News-Advertiser. One of the chief objects of his journey to the far east was to represent the Dominion upon the opium commission and in regard to this question Mr. King refers to the general recognition of Canada's good work in the ways of restricting the importation of the noxious drug. The commissioner made a special study of industrial matters and expressed his conclusion that, "to preserve the standards which our industrial classes have reached, restriction of immigration is absolutely necessary." He says also that this aspect of the question is realized by the authorities of the great countries across the Pacific hardly less than by ourselves, and so long as we are prepared to act with forbearance and moderation . . . we need have nothing to fear from oriental immigration for many years to come. Such a view must be reassuring to the people of British Columbia, to whom the Asiatic question has proved so troublesome and unpleasant. In this connection it is worthy of note that the legislation of the Government has proved most effectual in reducing immigration from the far east to a very nominal figure indeed. Mr. King was struck by the great industrial development that is taking place in China, and remarks "The dawn of China's awakening is not in the future, but is already present!" It is evident that in the head of the new department we shall have one who is strong, clear-sighted, observant and experienced, and is likely to make the bureau of labor a real advantage to the country.

MR. COWAN'S SHUFFLE.

The shuffle made by the member for Vancouver in connection with the shameful incident which occurred at a meeting recently addressed by him in that city, when brought to book in the House of Commons by Mr. Ralph Smith, is characteristic of the members of the Conservative party in this province. From the report in Hansard we observe that Mr. Cowan had not either the grace nor dignity to admit his mistake in having made use of an unkind and unjust expression in referring to the Prime Minister as a "white livered coward," but sought to absolve himself from public condemnation by taking the mean refuge sometimes adopted by fifth-class men, in attributing the offensive phrase to reporters "who omit the argument and use such catch phrases as will make good reading." But unfortunately for Mr. Cowan the objectionable words appeared exactly the same in all three of the Vancouver daily papers, and it cannot well be pleaded that each reporter was moved by the same desire to manufacture a catch phrase in precisely the same terms. The member for Vancouver asserted that what he did say in reference to the better terms question was "that such white livered treatment was unworthy of a public man." His attempt to modify the serious character of the phrase in this way will certainly not tend to restore public confidence in Mr. Cowan as one who can approach important subjects in that calm, dignified and gentlemanly way that is expected of one who aspires to enjoy some reputation as a politician.

THE NEW SULTAN.

According to the correspondent of the London Daily Telegraph, there is nothing in the personality of the new Sultan of Turkey to justify any hope that he will be useful to assist in carrying forward the constitutional reforms which it is the professed object of the Young Turks to institute. Speaking of Mohemmed V. as he appeared at the selamlik, the correspondent remarks that he was silent throughout the proceedings, and says, "I am unable to see in him a sovereign for the new epoch, a reorganizer of Turkey, or a sultan of progress." Is it that the revolutionists see in this quiet and inoffensive individual one who will hold his sovereignty in a merely nominal way and prove a plastic tool in their hands? Or is it that the aged Effendi occupies the throne simply as a stopgap, to preserve the continuity of the constitution, serving as a temporary head of state affairs until some more worthy occupant can be found?

BOYS AND GUNS.

Hansard gives details of the amendments to the criminal code which the Minister of Justice, Hon. Mr. Aylesworth, proposes to make by his bill, introduced into the Dominion House on the 21st ult. We notice that it is intended to increase the punishment upon any one found guilty of carrying an offensive weapon, a dagger, knife, or dirk, which could have no other purpose than being used for offensive purposes. It seems to us that in this respect some legislation might well be effected with reference to the carrying of such a dangerous weapon as a gun by boys of tender age. Youngsters thus armed are a source of considerable danger to life and property. These youthful Nimrods, who are ready to discharge a rifle or gun at anything and everything that strikes their fancy are a very disagreeable nuisance in this district, anyway, and it is high time that some restrictions were placed upon the carryng of firearms by children.

EARL GREY WILL STAY HIS FULL TERM

Ottawa, May 3.—In the Commons today Sir Wilfrid Laurier announced that Earl Grey would still be in Canada when the next session of parliament opened. His excellency's full six-year term of office will not expire until September, 1910, and though the governor-generals usually leave at the expiry of five years, his excellency's intended departure at the end of this year has been postponed until some time next year.

Will Erect Big Shops.

LAND REGISTRY ACT.

Take notice that an application has been made to register the corporation of the Township or District of Mission, as the owner in fee simple, under a tax sale deed from the collector of Mission Municipality, to the corporation of the Township or District of Mission, bearing date the 7th day of October, A. D., 1908, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the province of British Columbia, more particularly known and described as Lot 12, in Block 36 of Lot 412, Group 1, being part of the northwest quarter of Section 17, Township 17; southwest quarter of northeast quarter of southwest quarter of section 28, Township 17; west half of west half of northwest quarter of Section 35, Township 17; subdivision 6 of south half of southeast quarter of Section 29, Township 17.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the corporation of the Township or District of Mission as owner thereof in fee.

And I hereby direct that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, province of British Columbia, this 8th day of April, A. D., 1909.

C. S. KEITH, District Registrar.

Everything for the garden at Tidy's, phone 184. **

The members of the Cubs baseball team will hold a practice at Moody square this evening.

The sum of $2,880.28 was received in fees at the land registry office in April, an advance of some $600 on the corresponding month of 1908.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, B208. **

A number of tugs were busy in the river yesterday bringing in logs. The Flyer and Dunsmuir took a large boom up to the Fraser mills.

Lawn mowers sharpened and set at Geo. R. Specks, Trapp block. **

Among the visitors to the city yesterday were John Kennedy, of Salt Lake City, Utah, and Daniel Kennedy, of Rossland. They spent the day visiting acquaintances.

That light, delicious, wholesome bread you so much enjoyed at your friend's house was made with Robin Hood Flour. **

Steps are being taken to establish a Masonic lodge at Port Hammond. A dispensation will be applied for at an early date from the Grand Lodge of B. C.

The merriest of musical productions will be seen at the Opera House on Friday when "The Gingerbread Man" is to hold the boards. **

Jail services for the next five Sundays were arranged at the monthly meeting of the Ministerial association yesterday morning as follows: May 9, Rev. A. deB. Owen; May 16, Rev. J. S. Henderson; May 23, Rev. Dr. W. T. Wardlaw Taylor; May 30, Rev. A. E. Vert; June 6, Rev. W. H. Barraclough.

A spiritual meeting will be held in the I. O. O. F. hall on Tuesday, May 4, at 8 p.m. Spirit messages at the close of the meeting. All welcome. *

A social will be held this afternoon at the residence of Rev. F. A. Magee, pastor of the West Methodist church, Twelfth street and Eighth avenue. The mite boxes which have been given out to raise money for the parsonage fund will be opened.

Just arrived, a carload of Robin Hood Flour. Full assortment of sizes, 24, 49, 98, now in stock. Hale Bros. & Co., Ltd. **

The customs returns for the month of April for the port of New Westminster were $18,046.83, a slight decrease on the corresponding month of last year, when large shipments of machinery to the Fraser river mills swelled the receipts.

The pleasantest way to spend Saturday afternoon is to take a river trip to Steveston and back. The SS. Transfer leaves Brackman-Ker's wharf at 2 p.m. every Saturday, returning same evening. Fare one dollar for the round trip. ****

The Fruhling dredge, having been transferred to the Canadian government, has resumed her work on the Fraser river channel, and is now engaged in deepening the Annieville bar. The three wing dams have been constructed, to control the channel within certain limits.

The following letter has been received by Messrs. White, Shiles & Co., of this city: "Gentlemen:—Herewith find receipt for amount in full of loss sustained by me through the fire at my house on Sixth avenue on April 23rd for which please accept my thanks. Also kindly write $—— additional assurance on the house. Yours kindly, (signed), W. J. Smith." **

Yet another locomotive fire at the old V. W. & Y. sheds called the fire brigade from No. 1 hall yesterday afternon. Little damage was done. This is the fourth call this year to these sheds, which the council wish to see destroyed. A brisk fire at South Westminster and another at Bon Accord were burning during the day.

The annual meeting of the Rifle association of A and B company will be held this evening at the armories. B company will parade drill each Tuesday this evening, and will the inspection next month.

The death has taken place of Roderick D. McKenzie, aged 45. The deceased formerly conducted the Delta hotel at Ladner. He leaves a wife and six children. The remains will be taken from Vancouver, where he died, for interment.

The shareholders of the Western Steamboat Company had a lengthy sitting yesterday, when they met to discuss the provision of a new steamer to replace the lost Ramona. A committee consisting of T. J. Trapp, F. J. Hart, J. A. Lee, A. W. McLeod and R. Whitmore, secretary, was appointed to carry on negotiations for the acquisition of a new boat, but beyond that the company is unwilling at present to state its intentions. There will be a steamer on the run again before long.

An extensive bush fire, which has been burning for two days, is doing considerable damage in the portion of Burnaby municipality round the Pole Line road. Men clearing land are said to have allowed a fire kindled for that purpose to get away, with the consequent result. Its control is a source of trouble to the settlers.

NEW WESTMINSTER LAND DISTRICT.

District of Surrey.

Take notice, that Henry T. Thrift intends to apply for permission to lease the following described land: Commencing at a post planted where the southerly boundary of lot 505, group two (2), New Westminster district intersects the quarter section line, prolonged, running north and south through section two (2), township one (1); thence south 160 rods, thence east 160 rods; thence north to a point 200 feet south of the before mentioned southerly boundary of lot 5.5, group two (2); thence easterly parallel to the said southerly boundary of lot 505, group two (2), to a point 62 rods north of the 49th parallel of north latitude; thence west to low water mark and 62 rods distant from the said 49th parallel of north latitude; thence south 62 rods; thence east to the point where the southerly boundary of lot 505, group two (2) intersects the before mentioned 49th parallel of north latitude; then following the said southerly boundary of lot 505, group two (2), to the point of commencement, containing by estimation two hundred and forty acres more or less.

Dated at White Rock, B. C., this 22nd day of February, 1909.

HENRY T. THRIFT.

NEW WESTMINSTER LAND DISTRICT.

Take notice that the undersigned intends to apply to the hon. the commissioner of lands for permission to lease the undermentioned lands in New Westminster district:

Commencing at a point where the section line (prolonged) running east and west between sections seven (7) and eighteen (18), intersects the westerly boundary of lot 505, group two (2), New Westminster district; thence westerly 100 feet, thence southerly and easterly parallel to the westerly and southerly boundary of the said lot 505 to the centre line (prolonged) running north and south thorugh section eight (8), township one (1), New Westminster district; thence south 150 feet, thence easterly parallel with the said southerly boundary of the said lot 505 to a point immediately south of the point where the centre line (prolonged) running east or west through section ten (10), intersects high-water mark; thence north along the westerly boundary of said lot 505 to the point where said centre line of section ten (10) intersects high-water mark; thence westerly and northerly along the southerly and westerly boundary line of said lot 505 to the point of beginning, containing by estimation 60 acres more or less.

Dater at White Rock, B. C., February 23, 1909. E. W. LEESON.

BOERS WILL RALLY TO DEFENCE OF EMPIRE

Once Elusive DeWet Tells British His People Are Now Loyal Subjects.

London, May 3.—General De Wet, one of the big figures in the Boer army in the South African war, addressing a meeting of the Royal Colonial institute, said that "for years South Africa had been like a man trying to walk on one leg while possessing two." Now, however, the English leg and the Dutch leg, animated, by a common purpose, were marching together with a good prospect of reaching their destination.

It was not too much to say that in Great Britain's next great conflict South Africa would play a distinguished part in the defence of those liberties she enjoyed under the Empire. The people, it was true, would speak a dual language for many years to come—the Dutch had a certain sentiment of attachment to the ancestral house of Holland—but to whatever racial descent the people belonged, they would, he felt sure, take a pride in being associated in the arduous work of the Empire.

The new South Africa would possess several excellently equipped parts, many thousands of miles railway, and the bulk of its public debt would be reproductive. It would own the largest goldfields in the world, a practical monopoly of diamonds, unlimited coal supplies and many undeveloped base minerals. With these, and many other advantages, with a settled Government, and a contented population, he had a robust faith that there would arise a greater South Africa destined to play a prominent part in the world's history.

MEGAPHONE AT FAIR IS THIRTY-FIVE FEET LONG

Seattle, May 3.—The big megaphone to surmount John Cort's arena at the exposition grounds was tested yesterday and hoisted into position. As a speaking trumpet, the megaphone is in the championship class. It is thirty-five feet long and the diameter of its bell is greater than the height of an average man.

When a man spoke through the big megaphone his voice could be heard across the grounds at the amphitheater. When the speaker exerted himself, the sound was like the voice of doom. The big megaphone used at Jamestown was thirty feet long; the makers of the one at the Alaska-Yukon-Pacific exposition decided to go the Jamestown fair five feet better.

CRANBROOK SELLS OUT POWER PLANT

Cranbrook, May 3.—The bylaw transferring the rights of the Electric Light Company to the Kootenay Telephone Lines, Limited, was carried by a vote that was practically unanimous. The company has shipped enough copper wire to build a metallic circuit from the Alberta boundary line, where they connect with the Alberta government system, to a point on the international line west of here. They will connect with a Washington system, which will give a connection to Spokane and other cities on the Pacific coast. The class of construction that the company proposes to build will be equal to anything on the continent and superior to anything in British Columbia. Work will be vigorously pushed to a finish, and the Crow's Nest towns will be in better touch with their eastern and western neighbors than ever before.

PEACE CONFERENCE IN CHICAGO OPENS

Chicago, May 3.—More than a thousand delegates and visitors attended the opening of the Second National Peace Conference here today. The sessions will continue until Wednesday night. The reading of a letter from President Taft, in which he expressed his regret at being unable to attend the conference, his wish for the success of the conference and approval of its aims, was one of the features of today's session.

Robert Treat Paine, of Boston, presided when the conference was opened. An address written by Secretary of War Dickinson was read.

RATE WAR MAY END BY PURCHASE OF I. S. CO. BOATS

C. P. R. Negotiating With View to Buying Chippewa and Iroquois, on Vancouver-Seattle Run.

Victoria, May 3.—Negotiations are in progress for the purchase of the steamers Chippewa and Iroquois of the International Steamship company which, if successful, will put a speedy end to the rate war now on between the C. P. R. and International Steamship company and to the 25-cent fare now in effect.

Some weeks ago the two steamers were offered to the C. P. R. and after some negotiations the officials at Montreal refused to take over the vessels. A few days ago Capt. J. W. Troup, superintendent of the C. P. R. British Columbia coast service, left for St. Paul and the report is current that he is going to interview officials of the St. Paul, Minneapolis & Sault Ste Marie Railroad company, owned by the C. P. R. regarding the probable purchase of the Chippewa and Iroquois which would operate under the United States flag for the Soo line in the Puget sound service. No confirmation of the report can be obtained here.

PICTURE MACHINE EXPLODES AND ONE MAN IS DEAD

Peoria, Ill., May 3.—As the result of the explosion in the Cresent Nickelodeon here today, which plunged the entire front of the theatre into flames, W. R. Robinson, city editor of the Peoria Star, and manager of the playhouse, is dead. Walter Woodrow, the moving picture machine operator, is severely burned. Two women fainted following their escape from the building. Over three hundred persons were in the theatre, but the crowd walked out without exhibiting any signs of panic.

Synopsis of Canadian Homestead Regulations.

Any available Dominions lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residing upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

Synopsis of Canadian Northwest Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land each year for three years.

(2) A homesteader may, if he desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

OIL AND STEEL MEN TRY TO CONTROL COPPER

W. E. Corey and H. H. Rogers Said to Be at Head of Movement Against Guggenheim Interests.

Pittsburg, Pa., May 3.—Henry H. Rogers, the multi-millionaire, and W. E. Corey, president of the United States Steel Corporation, according to reports, are in an immense deal to amalgamate the copper finishing interests of the country.

According to the information the start will be made by consolidating the Westinghouse company and the General Electric company on a basis of 40 per cent for the stock of the former and 60 per cent for the latter. After this has been effected, the plans call for the wresting of the control of the raw copper market from the Guggenheims. In making the assertion that the plan was sure to go through, the informant declares that Corey will be president of the new "trust," and James Gayley will be his chief lieutenant. It is also asserted that Rogers made the overtures to Corey, the former being the master mind who will engineer the deal while the latter will carry on the working portion of the program to perfection.

Among other persons said to be interested are Senator George T. Oliver, his brother, David B. Oliver; Thomas Morrison of the International Smelting company, and T. N. Barnsdell, of Pittsburg, the alleged competitor of the Standard Oil company, who recently testified that he borrowed $7,000,000 from that organization through a simple request for the immense amount.

GIRLS WIN MONEY IN TAG-DAY AT WINNIPEG

Winnipeg, May 3.——Saturday was "tag-day" in Winnipeg and from early morning until dark a thousand girls were selling tags at prices ranging from 10 cents "to what they could get" in aid of the Young Women's Christian association building, now nearing completion. By Saturday evening a man without a tag or a bunch of ribbons or a "tag-day" button was a scarcity, and the movement was a decided success, the fair collectors realized $10,245 in aid of their building. Sixty-five thousand dollars was subscribed by the citizens of Winnipeg last May, but as $10,000 more was required to complete the building, a tag-day was suggested and worked out admirably.

Council Decides to Unite in Joint Advertising Scheme

(Continued from Page One.)

House numbering, Ald. Gray stated, had been completed and the few streets to be named would be finished shortly. The letter was referred to the special committee, and the mayor was asked to notify the department that the city was ready. The special committee will invite tenders for painting street names.

Queen's Park Fountain.

The Westminster Ironworks Company put in a tender for $250 for repairing and replacing the shade in the electric fountain at Queen's park according to the first construction. Mr. Reid wrote that a foundation of rock should be put in, to prevent a repetition of the accident of January, when under pressure of ice it collapsed. The tender was accepted the amount to be charged up to the parks committee.

Lulu Island Streets.

G. W. Beach, of the Coast Central Mill Company, of Seattle, wrote with reference to the clearing of streets on Lulu island on the city property, in order that the company might have access to the property which they have purchased for a shingle mill.

The clerk will notify Mr. Beach that the council will not let a contract for the work till the mill company has done some portion of their undertaking.

Miscellaneous.

Market Clerk D. E. Mackenzie reported that the receipts for the market for March were $210.05. Adopted.

Fifteen boys wrote petitioning the council to prevent persons herding cows in Sapperton park. The chairman of the parks committee will report also on the condition of Moody park fence.

S. A. Moulton again wrote with reference to a sidewalk on the east side of Thirteenth street, from Seventh avenue to Hamilton street. The board of works will have men working in this district shortly.

Ald. Jardine gave notice that he would move the first reading of by-laws under the local improvement clauses at the next meeting covering Columbia street improvement, and the trunk sewer work on First and Eighth streets.

Street Work.

The chairman of the board of works, Ald. Henley, reported as follows from Superintendent Furness:

That the application of Rev. R. Lennie for a sidewalk on Manitoba street be granted. Estimated cost, $110.

That the petition of W. E. Evans and others asking for the opening to traffic of that portion of Second street lying between Sixth and Eighth avenues be not granted at the present time, as there are not sufficient improvements to warrant the expenditure which is estimated at $1200.

That the request of G. E. Arundel and others for sidewalk on the south side of St. Patrick street, between Second and Third streets, be granted. Estimated cost, $120. That the longitudinal walk on the north side be removed at an estimated cost of $120.

That the request of J. R. McLeod for sidewalk on the south side of Sixth avenue from Seventh to Eighth street, be granted. Estimated cost $78.

That the request of I. Bates and others for the clearing of Harvey street to its full width and the laying of the sidewalk be granted when circumstances will permit. Estimated cost, $320.

That the request of J.H. Vidal on behalf of clients for a street drain on the west side of Fourth street from Fifth to Sixth avenue be granted, same to consist of an open ditch, and the placing of a culvert on Sixth avenue. Estimated cost $60.

That the request of F. McCubbin for sidewalk on Fourth street north of Eighth avenue be granted, same to be constructed out of old planks now being removed from other portions of the city.

The report was adopted, the only objection taken being to the use of planks a second time.

LONE WHITE TRADER VISITS CIVILIZATION

Travels Four Hundred Miles to Sell His Furs at Dawson City.

Dawson, May 3.—J. E. Ferrell, the Lausing creek trader, a man who, with his wife, passes eleven months or more out of the year so far beyond the confines of civilization that he never sees the face of a white man, is in the city for a few days. Mr. Ferrell brought down with him furs that he will ship direct to London. He expects to return to his far away home at once.

Lausing creek is about 400 miles from Dawson and is a tributary of the main prong of the Stewart, coming in about 200 miles above the Fraser falls. Mr. Ferrell is the successor of Brain & Nash, who established a trading post there nearly a decade ago. This winter there are not to exceed fifty or sixty Indians about the post.

The fur catch has been light this year compared with previous seasons. There are no lynx in the country, but wolves are abundant. Moose are also plentiful, although the big run of caribou passed far to the south this year.

Mr. Ferrell made the trip down in ten days. He was accompanied as far as Fraser falls by two Indians. They will meet him there upon his return. A trapper by the name of George Crisfield is located in the upper Stewart district this winter, but he is seldom seen about the post. During the absence of Mr. Ferrell his wife is alone among the Indians, with the nearest white person 200 miles away.

THE STAGE

The Gingerbread Man.

The Gingerbread Man, that delightful little fairyesque and fantastic comic opera by Frederick G. Rankin and A. Baldwin Sloane will be presented here with a wealth of detail and scenic magnificence, as well as costumic embellishments that will immediately commend itself to the patrons of high class music.

First of all The Gingerbread Man is a good entertainer, written on lines of distinction with brilliant music and excellent comedy of a class not hackneyed. It offers a distinct novelty from the so-called musical comedies from the fact that it depends not on a series of numbers strung together, but on a story consistently told and funnily rendered. It is full of bright sayings and amusing situations and each character creates for itself an unusual interest for the reason that they were builded by artisans of talent and experience. Messrs. Rankin and Sloane had many successful works to their credit: "Coming thru the Rye" "Lady Teazel," Sargeant Kitty," "The Mocking Bird," and others, and have made fortunes in royalties with their clever productions. The present management have secured a cast that has made the piece a classic, such artists as Fred Nice, Rose Snow, Carrick Major, Herbert Sellinger, Rose Murrey, May Bouton, Lola Renard and Adele Archer, rendered dialogues and the brilliant comedy receives perfect rendition at their hands. The ensemble work is particularly brilliant, unusual and all that can be desired and the event of the coming of The Gingerbread Man on Friday evening will be looked forward to by all who are interested in high class theatricals.

SUCCESS ATTENDED Y. M. C. A. CAMPAIGN

Victoria, May 3.—The popularity of the Y. M. C. A. movement here is shown by the success of the campaign recently concluded whereby the organization raised $100,000 in fourteen days by public subscription toward new buildings and general extension of the work in Victoria. Perfect organization and strong public sentiment account for the result, and the successful campaign demonstrates that Victoria will ayways support a worthy object.

JAMES HAZEN HYDE SENTENCED TO JAIL

Paris, May 3.—James Hazen Hyde, of New York, former vice-president of the Equitable Life Assurance society, and his chauffeur, Ladwice, were condemned Saturday by default, Mr. Hyde to one month's imprisonment, and a fine of $100, and Ladwice to a month's imprisonment and a fine of $30. They were charged with having run into a public taxicab last October and injuring a passenger. Mr. Hyde is at present on an automobile trip in the Riviera.

WESTMINSTER NOT ANXIOUS TO SEE STAR MEN SHIFTED

Protest Against Permitting Stickhandlers to Play With Regina, Then Tecumsehs or Vancouver.

While the New Westminster Lacrosse team is going to defend the Minto cup against recognized challengers, a protest is to be sent to managing trustee P. D. Ross, pointing out the unfairness of allowing the Capitals of Regina to send a drafted bunch of stars as their representatives, many of whom, as soon as their two cup games are over, will join other opponents of the champions, either the Vancouvers or the Toronto Tecumsehs.

Several of the players on the Regina twelve will only represent that city in thes two matches, never playing for the Prairie town before, nor intending to afterward. Going up against two challenging teams who use their star men in common is not considered a square deal for the Salmon Bellies, and the Westminster club at a meeting in H. Ryall's store yesterday authorized the executive to draft a protest to this effect.

Dr. Spencer Addresses Local Option Advocates

(Continued from Page One.)

les and caucuses endeavoring to have their candidates nominated and fostered by some established party instead of forming a new one. And for the coming plebiscite on the Local Option bylaw, which will not likely be till next year,, emphasis was laid on the attention to be given to the voters' list to see that all temperance men were registered and voted.

Dr. Spencer leaves directly for a trip upcountry, in order to organize and strengthen district Local Option leagues.

The treasurer's report for the term ending April 30 was read by F. P. Maxwell, showing the total receipts to be $582.35, made up of subscriptions $257.40 and collections at Opera House, $324.95.

Expenditures met to date amounted to $582.35, the biggest items being for rent of Opera House, $300, and remuneration to Miss Muicut, $243.30.

A couple of small items remain unpaid, but there are enough outstanding subscriptions to cover this deficit.

"Our Boys."

The amateur dramatic performance of "Our Boys," produced under the management of B. R. Hill, pleased and amused a good sized audience at St. Barnabas' hall last evening. "Our Boys" in the persons of A. Rowe and T. Rowe, acquitted themselves fairly well but the real interest of the play centred in the two fathers, who did themselves proud as represented by B. R. Hill and F. J. Peers. Of course the fair sex had a considerable amount to do with the plot of the play and what with the 'aughty 'eiress (Miss Buker), and the pretty but poor cousin (Miss Clay), the two fathers and the boys had a somewhat trying time of it. Mrs. B. R. Hill, portrayed the lodging house slavey in true to life colors, and the orchestra did excellent service. Altogether "Our Boys" provided a very pleasant evening's entertainment for a large number of their friends, boys and girls of all ages.

TWO SKELETONS FOUND ON LOG JAM IN RIVER

Kamloops, May 3.—The bones of two unknown men were found in a log jam 24 miles up the North Thompson river on Saturday by Mr. Porter of the Arrow Lakes Lumber company.

They had been there upwards of two years, and the police were unable to establish the identity of the dead men. Chief Fernie reports that six bodies lost in the North Thompson river in the last two years have been unaccounted for, and believes that these are two of the missing ones. An inquest will be held.

Pack Train off to Hazelton.

Ashcroft, B. C., May 3.—Cataline's pack train consisting of some fifty animals left town yesterday en route to Stuart's Lake, Fort St. James, and thence to Hazelton. An interesting feature of their departure was the taking of a moving picture by an operator sent up by the provincial department of agriculture. The picture will be exhibited in London and elsewhere and will doubtless create much interest.

CARD OF THANKS.

Mr. J. R. Cameron and relatives of the late Mrs. Cameron desire to thank their many friends for the kindness and sympathy in their hour of deep bereavement.

A SPECIAL OFFERING

WOOL DRESS FABRICS
