SOCKEYE SWARM IN THE RIVER

Traps Are So Full That They Can Hold No More Fish—Big Catches Last Night.

The big sockeye run is at last on. At the commencement of the weekly close season the canners had practically all the fish that they could handle, and throughout the whole of the close period the fish were passing up the river in swarms. When the fishermen put out again last night the salmon were still running, and early in the evening some immense hauls were made.

Got 500 Fish.

In the river close to the city several of the fishermen got practically all the fish they could get into their boats. Some reported that their catches would tally 500 after they had been fishing for only a few hours. The fishermen stated that when the close season came to an end the tide was unusually favorable, and that this largely accounted for the immense catches. As it was the catch early in the night was very irregular, some of the fishermen getting 500 and 600, while others got only average hauls. It was expected that owing to the change in the tide the sockeye would become less plentiful as the night wore on. The average catch in the upper river will, tomorrow, probably prove to be about 250 or 300.

Traps Were Filled.

The good catches in the river at the close of last week's season and last night are probably largely accounted for by the fact that the traps, to the presence of which in the course taken by the schools, the fishermen have been attributing their very medium catch up to the present, have been choked so full of fish that they could hold no more. It looks as if the traps had practically captured the whole of the head of the run and that the remainder of the school had simply passed round the obstruction caused by the full traps.

Owners of traps both on the island and on the American side are jubilant. They have done as well as it was possible for them to do, the traps having been filled to the limit of their capacity. Reports from the American side are to the effect that if the closed season had not fallen just when it did traps would have had to be cut to liberate hundreds of thou-

TOM GIFFORD
Popular Captain of New Westminster, Laid Out by "Dirty Smash Over the Head."
—News-Advertiser Report.

INTEREST INCREASING WITH PUBLICITY EFFORTS

Many Letters Are Being Attracted to Fraser Valley by Judicious Campaign—Business Chances.

The publicity campaign which practically began last year is now bearing fruit, and New Westminster is now upon all the maps. Since the appointment of Mr. Stuart-Wade as secretary of the board of trade and publicity commissioner he has spent a busy time communicating with fresh sources of publicity and correcting old and inaccurate reports which up to the present have been published, and allowed to go year after year unchecked because it was no one's special duty to look after these matters.

The inquiries this summer have been large, and from classes of people who will make excellent settlers in the Fraser valley if the good seed now sown can be judiciously watched and tended until the harvest is reached when inquirers are brought to the city to take up their homes or else land in the district. Visitors from the middle west on both sides of the international boundary have come to see Mr. Wade, the homes of the investigators being particularly Manitoba, Minnesota, Michigan and Wisconsin.

A letter has reached the secretary from Honora, Mexico, asking if there are any merchants in the city who are willing to handle oranges for the wholesale in this district.

A prominent firm in Scotland with capital to invest in a progressive concern is willing to place money in a good mining or manufacturing business, capable of expansion.

Collier's Weekly writes for information concerning the district for use in the Canadian edition, and this will be supplied them by the secretary.

Palmer's Buyers' Register, of Birmingham, England, will send out its American edition for the reference table at the board room. This is a valuable and world-wide publication.

BRACKMAN-KER CO. SELLS ELEVATORS

Disposes of All Save Two, to The Alberta Grain Company.

Edmonton, Aug. 8.—The Alberta Grain company will take over all the elevators of the Brackman-Ker company on August 16, with the exception of Edmonton and Strathcona. Negotiations for the transfer have been under way for some time. The Brackman-Ker company will devote their entire attention after that date to their milling interests in the two cities, making a feature of rolled oats and cereals. The Edmonton elevator is being retained for storage of grain from northern farmers to serve as a reserve source for the mill. The above sale will not sacrifice the storage capacity for milling purposes as the big concrete tank in Strathcona holds 100,000 bushels of oats.

By this deal the Alberta Grain company adds nine more elevators in the north, at Wetaswin, Leduc, Hobbema, Ellerslie, Stoney Plain, St. Albert, Bittern Lake, Fort Saskatchewan and Lamont.

LEPROSY NOT INCURABLE DECLARES GOVERNMENT

Washington, Aug. 8.—The United States government has gone on record that leprosy is not an incurable disease.

The pension bureau has just removed from the pension rolls John Early, the former soldier, who, after being quarantined here for almost a year as a leper, recently went to New York for treatment.

Dr. Albert W. Roome, medical examiner of the bureau, was sent to New York and representatives having found Early working in a store under an assumed name, and that he bore absolutely no evidences of leprosy, his pension of $72 a month has been cut off.

DISGRACEFUL SCENE MARKS LAST MOMENTS OF MATCH

Vancouver Fans Make Ugly Rush For Percy Peele Who Is Struck in Dressing Room—Splendid Showing Of Champions Secures Unexpected Victory—Greenshirts Resort to the Slashing Tactics.

The unexpected again happened on Saturday, when Westminster demonstrated that crippled and beset by endless difficulties, they are still the championship lacrosse team of the world, and that whatever happens Dave Gibbons will not have to open a tobacco stand, to show off the Minto cup in Vancouver as he has prophesied.

Spectators Break Over Field.

There is another feature of Saturday's game which stands out prominently, and that was the disgraceful exhibition in the last quarter when the Vancouver officials fell to quarrelling among themselves, and Percy Peele was assaulted in an absolutely unjustifiable manner. Peele was quite right in sending O'Brien to the fence and the invasion of the grounds by the spectators was absolutely unwarranted. The slighest thing would have precipitated a riot, and the fact that the police had to draw a cordon round the dressing room later to prevent a fresh outoreak from a disorderly crowd which could not bear to see its pets beaten, shows the character of the Vancouver sports. Even that precaution did not prevent the brutal assault on Percy Peele which will be the subject of police investigation. The whole affair is deplorable, and reflects no credit on anyone concerned. If they were robbed of a win when everything seemed favorable it is not the fault of the officials who have to punish dirty work, of which Saturday's game showed lots.

Springer's treatment of George Rennie, and the blow O'Brien administered to Tommy Gifford show the Vancouvers were out for a win at any price, and could not take a beating.

Visitors in Better Form.

The first two quarters lacrosse was as good as anyone could wish to watch and the spectators from this city had the pleasure of seeing the Salmon Bellies show some of their old speed in the defence field, and brilliant boring tactics in the home. Cliff Spring was badly missed, but his brother worked hard with Len Turnbull around the net, and it took all Dave Gibbons' skill to keep the score down. Tom Rennie held down Hennessy at centre well, and only failed to do more through Moresby's anxiety to send him to the fence frequently. J. Gifford did splendid work on the defence, and Buck Marshall also worked well. The other members of the defence were as quick checking and getting the ball away as ever. Wintemute and Latham both played better on the home, due to contsant practice since coming back to senior company. Lund, as spare was a useful substitute for George Rennie, whom the Vancouver officials would not permit to play again after he had once gone off.

The Vancouvers.

The Vancouver team was not up to scratch, and never played the combination seen in the last two games. Garvey did good work on the defence, while George Matheson justified his reputation as a quick stick handler with a partiality for long low shots. The home which turned out as usual, was quick with the ball, except O'Brien, who always waits before passing. Lalonde did not fall so often, or give his usual display. Ernie Murproved a worker throughout.

Westminster certainly won the game on their superior play, but there is no denying that they had to extend themselves in order to make good. It was a splendid victory, and the boys deserve every encouragement for ensuring the safety of the cup.

Record Attendance.

One of the biggest crowds, over 8000, which ever watched a match at Recreation park assembled long before the hour for which the match was called. The Westminster rooters were conspicuous, and betting held at about even money, though every where the supporters of the locals were jubliantly expectant of the Vancouvers adding a third victory. The Vancouvers were received with the strains of "See the Conquering Hero Comes."

Game Protested.

Just before the game commenced President Con Jones handed Referee Moresby a protest. The protest was based on the fact that Judge of Play Peele, who was named by President Gray of the British Columbia Lacrosse association, was not one of the six officials named at the last meeting of the league and was, therefore, not qualified for appointment. The matter will come up before the next meeting of the B.C.L.A. for decision. The Vancouver officials assume to be greatly incensed that W. H. Cullin, who refereed the last game, was not invited. It will be difficult to get anybody to officiate if the crowd is to treat a man like Peele was treated. Moresby maintained a severe attitude towards the Salmon Bellies.

Bowser Faces Ball.

Attorney-General Bowser, fresh from his trip to Europe, faced the ball, and took the occasion to say a few words to the boys, for which he was duly cheered.

Springer intercepted when George Rennie got the ball from the face-off but Westminster obtaining the sphere Len Turnbull put in a fine shot. Waldo Matheson relieved, and Vancouver attacked, but without effect, and Tom Rennie opened the scoring soon af-

(Continued on Page Two).

Crowned Heads of Europe Dabble in American Stocks

New York, Aug. 8.—An unconfirmed report was current on Wall street yesterday afternoon to the effect that King Edward had made a winning of more than a million in United States Steel common.

The rumor was based on the fact that J. P. Morgan, who is supposed to know all there is to be known of steel, had been entertained at Windsor castle by the King while in England, and that an order to buy 50,000 shares of Steel common, coming apparently from an English source, was executed when the stock was at from 50 to 52.

The stock is now selling at 76 1-4, and those who credited the English monarch with the deal estimated that he realized $1,000,000 on the transaction.

In addition to the twenty-six-point gain, the financial district considers that extra dividend declared by the steel trust during the last quarter of a year to that sum.

It has become known also that German royalty has been buying steel and other American stocks, such as New York Central, Union Pacific, Southern Pacific and Northern Pacific, all of which have made substantial advances to the material benefit of the royalty coffers.

While no such large sums are recorded in the case of German royalty dabbling in American stocks, it is understood that the latter speculations were very satisfactory.

CRETE AGAIN STORM CENTRE OF NEAR EAST

Turkey Will Take Resolute Attitude in Impending Negotiations—Job For Concert of Europe.

Washington, Aug. 8.—Turkey will stand by what she regard her rights in her controversy with Greece over the Island of Crete. Such is her attitude as communicated to the United States State Department and to the European powers. She is determined that there shall be no return to the conditions preceding the Turco-Grecian war of a dozen years ago, when four of the Powers of Europe, Britain, Russian, France and Italy, landed troops and despatched ships to pacify the Cretans. The decisive policy of the Turkish government is ascribed to the progressive and determined attitude of the new regime in that country, as contrasted with the apparent indifference of the administration of Abdul Hamid, which made no serious effort to bring about a settlement of the anomalous conditions existing in Crete.

Athens, Aug. 8.—The Turkish government has communicated to Greece an urgent note asking that she express her disapproval of the annexation of Crete, and formally declare that Greece has no ambitions regarding the island. Otherwise, the note adds, diplomatic relations will severed.

NAVIGATION OF AMUR CAUSES TROUBLE IN PEKIN

Pekin, Aug. 8.—The Chinese Maritime customs house at Aigun, on the Amur river, has been put in operation. M. Korotovitz, the Russian Minister to China, has taken the position that the collection of customs there constitutes a violation of the Treaties of Aigun and St. Petersburg, and, as a result, the question of the navigation of the Amur river is now raised.

AUTHORITIES FEAR TO EXECUTE HINDU

British Government Afraid The Execution May Cause Trouble Among Natives.

London, Aug. 8.—A final effort was begun yesterday by Indian sympathizers to prevent the execution next Tuesday of Nadar Lal Dhingra, convicted of the murder of Sir William Curzon Wyllie and Dr. Cawas Lalcaca at the Imperial Institute the night of July 1.

There is little chance of the attempt succeeding, though there is no denying the fact that the authorities are almost afraid to spring the trap that will send Dhingra to his death. It is not a question of sentiment, but a plain policy whether the execution will do good or harm to the British "raj" in India.

Dhingra himself hopes that the effort in his behalf will avail. He is both a fatalist and a fanatic. "I shall be proud to die," he remarked when the court sentenced him and he evidently meant what he said.

There is unmistakable fear that the execution will have a bad effect on the disaffected part of India's 300,000,000 population.

WOMAN QUITS HUSBAND WHO SMOKES CIGARETTES

Los Angeles, Aug. 8.—There is a woman in Los Angeles whose hatred for the cigarette habit is greater than her love for her husband. This woman is Mrs. Caroline Moore, of 242 North Olive street, who disappeared from her home July 10 after selling her furniture, valued at $1000, for $75.

Her husband, W. E. Moore, a solicitor, admits that he smokes cigarettes, admits that his wife left him because he smoked them, but now agrees to "swear off" if she will only return to him. Tonight he notified the police that he could not locate his wife and asked that she be apprehended.

It is believed by detectives the woman is now in San Francisco.

INDIAN WOMAN CUT AS RESULT OF FRAY

Young White Man Also Occupies Hospital Cot—Police Investigating Affair.

As the result of a drunken affray which lasted over into Sunday morning, an Indian woman is in St. Mary's hospital, and a young white man at the Royal Columbian hospital, neither of them able to give a coherent story of what happened.

The provincial police received a call yesterday from the Industrial connery and Constable Wilkie went over with Dr. Walker. They found a woman severely cut, and unable to speak owing to a wound close to the mouth. She was brought across to the city by boat, and taken in a hack to St. Mary's hospital, where she has been unable to give any account of herself.

The young man has a badly cut hand and other injuries said to be due to the same fracas, but he cannot intelligently explain what happened.

The police have the matter in hand for investigation, and an arrest is probable.

SEVEN THOUSAND TAILORS GO OUT ON STRIKE

New York, Aug. 7.—Seven thousand tailors went out on strike today in Manhattan and Brooklyn for a nine-hour day and the union scale of wages. Only a small fraction of the tailors belong to the union, but the financial officers of the different locals have been busy all day receiving propositions for membership and initiation fees. Few of the strikers are women. The strike has not been officially ndorsed by the United Garment Workers, and the general officers of that organization say they will not endorse it.

Tariff Revision Expensive.

Washington, Aug. 8.—The tariff bill passed by Congress last week may have marked down some of the schedules, but it is no marked-down bargain for Uncle Sam. At a conservative estimate this enactment cost the United States treasury $4,000,000. The bell is silent as to the exact disposition of the money.

GEORGE RENNIE
International Olympic Champion, Laid Out By Blow on Head in Saturday's Game at Vancouver.

Airship Insurance Now Finds Place at Lloyds

London, Aug. 6.—For the first time in the history of the institution, the Lloyds have been doing business in airships. The underwriters agreed to pay the total loss at the rate of forty guineas per cent in the event of the English channel being crossed from either side by an airship on or before September 30. This was cheerfully paid, and Bleriot's monoplane, while in London, is insured at Lloyd's as to fire, theft or accident for $50,000 at three-quarters of one per cent. Although this is the first business of the kind at Lloyd's, the Thames and Mersey company last year prepared itself for developments when on revising its articles it acquired authority to include within its scope insurance of risks by air, and it is now clear that aviation risks will have to be seriously egarded by underwriters as business in general.

The Lacrosse Fracas.

As a result of the trouble on Saturday at the close of the lacrosse match between Westminster and Vancouver Waldo Matheson, captain of the Vancouver team, has been summoned to appear in the police court today, on a charge of assaulting Percy Peele, the Judge of Play.

Mortally Wounded in Duel.

Vienna, Aug. 8.—A duel with pistols took place yesterday at Budapest between the manager of a bank, M. Fraenkel, and Capt, Jenay, of the Hussars, who was mortally wounded. The reason for the duel was an anti-Semitic remark made by Capt. Jenay.

May Practice in England

London, Aug. 8.—The following were admitted as members of the Royal College of Surgeons: W. J. Chambers, T. J. Johnston, J. X. Roberts, of Toronto University; Johnston, Roberts and W. J. Smith were admitted as members of the Royal College of Physicians.

Boy Was Badly Bitten.

Galt, Ont., Aug. 8.—Editor Sutherland, of the Reformer, returned from Glencoe tonight in charge of his young son, who while on a visit to his uncle's was bitten severely by a Great Dane dog, his face being terribly lacerated.

Approaching the Millenium.

Dublin, Aug. 8.—In the belief that the millenium may be ushered in any moment, over 2000 "Cooneyites" are holding continuous prayer meetings at Ballinamallard, County Fermanagh. The pilgrims have arrived from all parts of the country and remarkable scenes are being witnessed. Hundreds of persons are baptized publicly in the river every day, and the converts are sleeping out in the open air.

Excursion on Transfer.

The steamer Transfer took a large party down to Steveston yesterday in connection with the C. B. E. R. excursion, quite 100 passengers making the trip to see the salmon fishing in operation. As the steamer came back the minute gun was fired and a thousand nets all waiting the signal were put into the river, the catch of fish being splendid after the weekly close season. Every visitor expressed delight at the novel and picturesque sight.

Mines Worked By Wireless Latest Terror of Warfare

Berlin, Aug. 6.—Wireless exploding mines are to be the next terror and deterrent in modern warfare. The invention has been shown here, and it seems to work well. Alexander Swietochowski, a young man whose father is well known as an author and newspaper writer, has applied for a patent as the inventor. In the trials he attached a detonator to a buried mine. Then he divided a party of army officers, some of them remaining near the mine and the others going to a village about seven miles away. At a given signal a key was pressed at the village and the mine exploded. The experiment was successfully tried several times. Wireless telegraphy furnished the basis for the invention. An electric wave, transmitted from the operating point, produces a spark in the apparatus connected with the mine. Both army and electrical experts declare that the invention will revolutionize modern warfare.

Dec. 1.—In Dreamland.

FRUIT INSPECTION PEEVES CALIFORNIANS

Many of the Shipments Have Been Destroyed at Victoria and Vancouver.

Victoria, Aug. 6.—California fruit, particularly peaches and pears, is receiving some rude jolts of late from the fruit inspectors stationed here and at Vancouver.

For the past two days California fruit, with the exception of watermelons and bananas, has been conspicuous on this market by its absence. Two carloads of fruit were recently condemned at Vancouver, fruit which had been shipped from the south, and the same has occurred here where the inspectors have condemned a large amount of pears and peaches intended for the local market. This fruit is strictly at a premium, and in fact there is practically none for sale. As at present the entire supply of peaches and pears come from the south, and will in fact have to be looked to to supply the greater part of the demand this year owing to the damage done the trees in this province by the frosts in the spring, it is likely that the price for both varieties of fruit will this fall be unusually high.

Southen shippers are now refusing to ship any fruit to Victoria except at the buyer's risk, and dealers in Seattle have taken the same stand, claiming that the inspection here is so strict that they will not ship unless dealers will consent to take chances on the fruit passing the inspectors. The local dealers, with their experience of the past in the way of inspection, don't feel like taking the risk of buying and afterwards have their purchases condemned, and thus it is that Victorians are likely to lack the luscious peach and succulent pear.

London, Aug. 8.—The conference between the board of trade and representatives of the Scottish mine owners and the miners resulted today in a settlement of the dispute. The miners will receive a minimum wage of six shillings a day, as at present. This is a victory for them, as the mineowners proposed a reduction of sixpence daily.

Disgraceful Scene Marks Last Moments of Match

(Continued from Page One.)

ter with a beauty. Following this up Wintemute had a shot, which glanced off the post. Lalonde tried down at the Salmon Bellies' net, but Gray cleared. Bill Turnbull, and Grumpy Spring shot in turn, but nothing happened. Buck Marshall received the first penalty tag for colliding with George Matheson. The Westminster defence showed itself much better, and try as they would the Vancouver home failed to make any headway till Lalonde put the ball past Gray. It bounced, and on the rebound Godfrey caught it, making the score one all. The goal umpire did not put his hand up, but the referee allowed the tally. There was no further score in the quarter Lalonde being warned for using his stick improperly. The quarter had been a battle of the defence, both teams doing bette in the back division.

The Game Protested.

A meeting of the B. C. L. A. will be held as soon as possible to decide the protest against Percy Peele as judge of play in Saturday's game at Vancouver. President Gray received it on Saturday evening from the Vancouver officials, and immediate action must be taken.

Champions Great in Defence.

Play opened briskly in the second through Ernie Murray scoring in a minute and a quarter, after Allen had failed. It was but a couple of minutes before the teams drew level with a beauty from Len Turnbull. Several penalty tags had been handed out, and three were at the fence when this happened. The teams were at it for fifteen minutes before there occurred any further scoring. The play was strenuous, each having the balance of matters in turn. The game offered small chance to the field, who were merely mediums for transferring the ball as play kept around the nets on each occasion. The passing was poor, and nothing startling occurred to distinguish play. Len Turnbull was laid out with a nasty crack. Nothing could be done with the Salmon Bellies defence, although Vancouver came up time and again. Suddenly the champions burst away, and Latham secured a well-earned goal just when the whistle called. The half had been a splendid tribute to the Westminster defence who checked the greenshirts to a standstill.

Use Stick Savagely.

In the third some of the prettiest lacrosse delighted the crowd at the outset. The wild exuberance of the crowd had quieted when the teams again took the field. Lalonde scored at the start, and Bill Turnbull soon set the champions ahead with their fourth. Garvey stopped two fine runs of the Salmon Bellies, and the greenshirts having taken two or three shots Bob Springer received a term at the fence for bringing Geo. Rennie down. The Olympic team man was badly hurt, and a doctor had to be called. He was led from the field, and not seen again till the final quarter. It was the swinging stick action which Springer affects caused the injury. Lund replaced George. The doctor's services had also to be utilised again for Tom Gifford, whom O'Brien struck down, getting 20 minutes at the fence. Godfrey placed the teams level just before the bell rang.

Spectators Rush Field.

The Vancouver officials protested Georg. Rennie returning after he had been replaced, so Lund played till the end. Both sides attacked in turn, and penalties were frequent for hard checking. It happened when the quarter was nearly eight minutes old that Bill Turnbull placed the game beyond question by scoring again. Wintemute put in a fine shot, which Gibbons cleared. Bones Allen also did some useful work. Westminster shot several times, but nothing could be done, and although Vancouver tried everything possible to bore through they absolutely failed.

Percy Peele had ordered O'Brien off, and upon him refusing a fight occurred, the spectators from the opposite side broke in on the field to take a hand. Free fights became the rule, and only police interference saved Peele from being roughly handled. The referee however got the field clear, and completed the time out. Still upon the bell being rung there was a rush for the dressing room, and Peele was hustled upstairs to the Westminster dressing room. While on the way he was struck at the foot of the stairs, but Charlie Galbraith came to his help.

Goal Summary.

FIRST QUARTER.
Westminster—T. Rennie 2:30
Vancouver—Lalonde 16:00

SECOND QUARTER.
Vancouver—Murray 1:35
Westminster—L. Turnbull 2:00
Westminster—Latham 16:00

THIRD QUARTER.
Vancouver—Lalonde 1:15
Westminster—W. Turnbull 1:30
Vancouver—Godfrey 12:00

FOURTH QUARTER.
Westminster—W. Turnbull 7:30

Officials.

Referee—W. Moresby, Victoria.
Judge of Play—P. Peele, Victoria.
Timekeepers—C. W. Murray, Vancouver; G. McMurphy, Westminster.
Penalty Timekeepers—L. J. Yorke, Vancouver, J. P. McMurphy, Westminster.
Goal Umpires—Dr. McGuire, Vancouver; J. N. Aitchison, Westminster.

Penalties.

First Quarter—Mashall, 5 min.
Second Quarter—Hennessy, O'Brien, 5 minutes each.
Third Quarter—J. Gifford, 5 min.; Springer, 10 min.; T. Rennie, 5 min.; Gray, 5 min.; O'Brien, 20 min.; T. Rennie, 5 min.
Fourth Quarter—Hennessy, Marshall, Allen, Lund and O'Brien 5 minutes each.

FEAR OF DESERT DRIVES GIRL INSANE

Cultured English Lady Lost For Week in Wilderness Becomes a Raving Maniac.

Beno, Nev., Aug. 8.—Following a terrible experience on the desert which drove her mad, Miss Helen Rope a cultured English girl, is today receiving treatment at the insane asylum here. The physicias have hopes for her recovery.

Miss Rope was visiting her brother, a miner at Luning. Three weeks ago she rode into the desert. Her brother searched for a week continuously before he found her, violently insane, without food or water. He took her into Tonopah, where she was adjudged insane, and she was removed to the asylum last night.

Miss Rope is an accomplished musician. She speaks three languages fluently.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

BULLFIGHT FANS INDULGE IN RIOT

Spectators at Portuguese Bull Fight Engage in Fierce Combat—Three Are Killed.

Lisbon, Aug. 6.—A strange fatality seems to pursue the bullfighters this season. About midway in a bullfight yesterday at San Fernando, the two principal bullfighters were seriously injured, and the authoities were obliged to notify the public that the fight would be suspended.

This announcement raised a great outcry, and hundreds of spectators crowded into the ring, demanding the return of this money. This was refused, the poprietors justifying their decision on the gound that half the fight had been given.

The spectators then took sides, one lot defending the proprietors, and the other bent on destroying the bullring. A fierce conflict ensued, and, amid the screams of the terrified women, revolver shots, knife thrusts, and blows wee exchanged. The remainder of the bull-fighters defended themselves with the long darts which they use to stick into the bulls' necks, and these nasty weapons caused many serious wounds among the spectators.

When at last the civl guards managed to restore order, it was found that three pesons had been killed, and over 50 more or less seiously injured.

FARMERS BULLING DIAMOND MARKET

Prosperity of Western Ranchers Depletes Stock of Stones in Maiden Lane.

New York, Aug. 8.—The prosperity of the western farmer has depleted the stocks of diamonds in Maiden Lane, and the importing houses there have hurried their buyers across the ocean to purchase new supplies.

Dealers say that the lethargy which began in the jewelry trade two years ago had been followed of late by so great an increase in business that the trade was taken by surprise, and that even the largest dealers were finding it difficult to fill orders for the higher grades of perfect stones.

Although $5,000,000 worth of gems were imported into this country last month, a quantity five times greater than for the same month last year, the dealers have been unable to fill orders. They say that the orders from the middle west and the northwest are the most urgent, and as those regions are reporting record-breaking crops ,the importers are of the opinion that the jewels, or at least many of them, are going to the farmers' wives.

LOCOMOTIVE SPARK CAUSES BAD FIRE

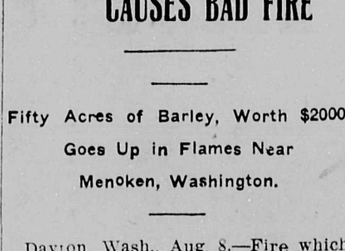
Fifty Acres of Barley, Worth $2000, Goes Up in Flames Near Menoken, Washington.

Dayton, Wash., Aug. 8.—Fire which started from locomotive sparks on the O. R. & N. railroad yesterday burned fifty acres of barley near Menoken. The loss is estimated at $2000 and is about three-quaters covered by insurance. Forty acres belonging to Mrs. Carrie Wright and J. W. Green and ten acres owned by Reid Jonas were burned before the fire was controlled.

Passengers and train men joined with harvest hands in fighting the fire. Only desperate efforts prevented the burning of several hundred acres of the finest grain in Columbia county. This is the most destructive harvest fire so far in this section.

All trains on the main lines have now been supplied with a fire watcher who is stationed on the rear platform to watch for fires and give the signal in case a blaze is set by locomotives. This it is thought will be effective in preventing so many destructive fires.

COLDS
CURED IN ONE DAY



Munyon's Cold Remedy Relieves the head, throat and lungs almost immediately. Checks Fevers, stops Discharges of the nose, takes away all aches and pains caused by colds. It cures Grip and obstinate Coughs and prevents Pneumonia. Price 25c.

Have you stiff or swollen joints, no matter how chronic? Ask your druggist for Munyon's Rheumatism Remedy and see how quickly you will be cured.

If you have any kidney or bladder trouble get Munyon's Kidney Remedy.

Munyon's Vitalizer makes weak men strong and restores lost powers.

Y.M.C.A. CONFERENCE HELD FORTY MEETINGS

Delegates of Twenty-six Nations Join in Singing Old German Hymn.

Barmen-Elberfeld, Germany, Aug. 7.—The conference of the Young Men's Christian associations Sunday discussed work among soldiers and sailors of all nations. Pince Bernadotte of Sweden presided.

The business session of the association closed with the recitation of the Lord's prayer in English, French and German and with the voices of the delegates of twenty-six nations joining, with mighty volume in the singing of the old German hymn, "Now thank we all our God."

Forty great meetings were held yesterday in Barmen and Elberfeld.

KEPT WOMAN PRISONER FOR MONTH AND HALF

San Francisco Manufacturer Accused of Revolting Crime—Alleged to Have Tortured Victim.

San Francisco, Aug. 8.—Eulatia Tores, a comely Spanish woman, 30 years of age, is held by the police as a witness against Pedro Mendoza, a countryman several years her senior, who is charged with having held the woman prisoner for a period of forty days, during which time, according to her story, Miss Tores was daily tortured by her captor.

Mendoza is a manufacturer, with a factory on Steiner street. Here in the heart of the city Miss Tores says she has been deprived of her liberty for a month.

In broken English, the woman, who is evidently unacquainted with even the simplest usages of the country, told her story to the police as follows:

"I became friendly with Mendoza over a year ago, and for some time I lived with him at his establishment in this city. Two or three months ago I desired to sever the relationship and offered to leave. He refused and threatened and I finally departed without his knowledge, going to Stockton, where I had friends.

"Mendoza, knowing my probable destination, followed me, and as soon as he ascertained my whereabouts, confronted me with a warrant for my arrest, which I have since learned was worthless.

"He forced me to accompany him to this city, and on the boat, crossing the bay, I was approached by a man who represented himself to be a lawyer, and who informed me, after reading the warrant, that both Mendoza and myself were liable to imprisonment for life on account of our having lived together.

"When we arrived at Mendoza's home he locked me in a room and deprived me of every stitch of clothing. I remained in that condition for forty days, and every day he came to the room and tortured me by twisting my arms and gouging my eyes. He frequently threatened to kill me, and I was in hourly fear that he would carry out his threat.

"Three days ago Mendoza relaxed his vigilance for an hour and I managed to secure a few clothes, which enabled me to make my escape. I went to the residence of some friends on Vallejo street, who informed the police of how I had been treated."

Mendoza was arrested.

Paris, Aug. 8.—A special despatch received here from Madrid says that Don Jaime, the Pretender to the Spanish throne, shortly will marry a princess of the Imperial German Family. The Emperor William has consented to the union.

CONDUCT WAR ON MOTH PESTS

Operations in Connecticut Cost One Thousand Dollars a Day.

Greenwich, Conn., Aug. 6.—The large estate of W. W. Cook at Rye, N.Y., looks like a military camp ground. It is dotted with tents, which are used by more than 100 state employees who are trying to destroy the brown tail moths discovered by Chas. T. Hotaling tree warden of Greenwich.

Mr. Cook has come to the aid of the state and is defraying a part of the expense, it is said, which amounts to nearly $1,000 a day.

The moths are being destroyed chiefly by burning, and a score of waggons with pumps are being used to spray the green grass and shrubbery with gasoline in order that the larvae of the insect may be incinerated. This is the only sure method of killing the pests.

Warden Hotaling has issued a warning through the local newspapers for every one to be on the lookout for the moths and the caterpillar from which they are hatched. He describes the brown tail moth caterpillar as being two inches long when full grown, with a broken white stripe on either side and two red dots on the back. The moth is pure white, the female having a conspicous bunch of brown hair at the tip.

The gypsy moth caterpillar when grown has a sooty or dusty colored body. Along the back from the head, which is marked with yellow, is a double row of blue spots, followed by a double row of red spots. There are five pairs of blue spots and six of red spots. The male moth is brownish yellow, varying to greenish brown, The female is nearly white with small black marking. The expand to one and a half or two inches. The female does not fly.

The infected shrubbery which came from Boston was examined by Mr. Niles, an inspector of the New York State Agricultural Department, when it arrived early in the spring, but he found no trace of the insect then.

NEW CAVALRY SWORD MODELED ON OLD PATTERN

Weapon Lately Issued to British Troops Has Straight Thrusting Blade.

London, Aug. 6.—The pattern of the new cavalry sword has now been approved for manufacture. It differs from those of previous patterns chiefly in being fitted with a straight, tapering blade to facilitate thrusting.

The guard is shaped to afford more protection on the left side, and the grip is formed to fit the hand, a recess fo the thumb being cut in the back. The scabbard is a straight taper from end to end and made of steel. The weight of the sword is about two pounds fourteen ounces, and of the scabbard one pound six ounces.

Historically, The Times observes, the adoption of a thrusting sword is of interest as being a reversion to the single-edged rapiar of the seventeenth century, the period when, according to some of our most eminent authorities, the qualities of a fighting sword were best understood, armor having practically gone out of use and firearms being still very imperfect.

Such an authority as Captain Hutton is understood to object to a sword specialized for thrusting, on the ground that a man cannot fight his way out of a crowd with it. It may too be objected that the sword is comparatively heavy, but that may be due to the British trooper's well-known predudice in favor of a certain amount of weight.

Sockeye Swarm in the River

(Continued from Page 1.)

sands of salmon, as every cannery is swamped and operators are in despair of handling the catch, though the plants are run twenty four hours daily.

Send Fish Away.

On the American side arrangements have been made to send many carloads to the canneries on the Columbia, and already a trainload has been dispatched to the canneries on Grays Harbor. Purse seiners and gill netters at Blaine and Point Roberts may be compelled to sell their catch to the upper Fraser canners on the Canadian side.

During the thirty-six hours preceding the commencement of the close season it is calculated that 1,739,000 sockeye salmon were taken from traps and by seiners and landed at the canneries of Bellingham, Blaine, Anacortes and the lower Fraser. Records of all previous catches have been brokn, and salmon to the value of more than $500,000 are being packed by the canneries of Puget Sound, Gulf of Georgia and lower Fraser river.

Value Will Be $20,000,000.

If the present immense run lasts as long as the former ones the value of this year's pack will approach $20,000,000.

MAIL'S FRENZIED FINANCE.

The Toronto Mail seeks to explain why London financial critics attribute to the policy of Sir James Whitney's Government the cause for the low figure placed upon Ontario securities by the British investor. The Mail attempts to withdraw attention from the Ontario Government and concentrate it upon the operation in London recently concluded by Mr. Fielding. This paper would make it appear that the credit of the Dominion has been depressed, and consequently Mr. Fielding floated his loan at a low figure. The reasons given are as follows:

"Financial mismanagement, the squandering of money on a colossal scale, the unproductive sinking of millions on so-called capital account, the swelling of cost beyind all estimate, the rash undertaking of enterprises without any idea of what the cost would be, the giving away of public assets—these and like causes have brought down the scale on the side of Dominion credit, and have impaired the confidence of investors in our government."

This statement is unpatriotic, un-Canadian, untrue and audacious. Neither the Mail nor the seekers after office, whom that paper represents, have ever presented any evidence of financial mismanagement. On the contrary the Conservatives increased the public debt $118,000,000 and had nothing to show for it. They so mismanaged the finances that they could not make both ends meet at the end of the year, but were compelled to borrow money to pay running expenses. If there has been any squandering of money on a colossal scale it must have been in Conservative days, for the Liberals have had a large surplus every year since coming into power.

The charge of sinking millions on so-called capital account is untrue. The system of charging expenses of a certain character to capital account is the same today as it was in Conservative days, and no objections have ever been made to it in the House.

The present Government have not entered into any rash enterprise without counting the cost, as alleged. On the contrary the Conservatives here urged the Government to commence at once the building of the Georgian Bay Canal at an expense estimated at $100,000,000, which figure would be found $50,000,000 too small before the canal was completed. On this point it is interesting to remember that Mr. Foster promised the people of Prince Edward Island a tunnel which could not be built under $10,000,000, and it might be three times the amount. This is an example of a rash promise, but it was made by Mr. Foster

Then there is the charge of giving away public assets. Think of such a charge coming from the Mail. Can one understand the short memory which forgets the $25,000,000 acres given away free to the Canadian Pacific. The 60,000,000 acres of land given free to railways as bonus—the 23,000 square miles of timber limits without a dollar going into the Treasury, and all this by a Conservative Government, while the Liberal Government never gave one acre of land as a railway bonus, and not a mile of timber that was not put up at public competition and sold to the highest bidder.

These are the transactions which the Mail says have depressed the public credit. The truth is that the public credit is not depressed, and nothing of the kind mentioned by the Mail was ever done by the Liberal Government. Had the Mail attributed such things to the Conservative Government, the charge would have been abundantly true.

The Conservatives are not so careful of the public purse as they would have us believe. A few sessions ago Mr. Foster announced his intention of taking a day to criticise the expenditure of the Government. Shortly after a bill was passed giving Mr. Foster and others a pension of $3500 a year. Did Mr. Foster take the day and criticise the expenditure of the Government? No, he dropped the matter! It would have been very very inconsistent for this man to charge the Government with extravagance and justify the payment to himself of $3500 a year for doing nothing. What happened was that at a subsequent session, the bill providing these ministerial pensions were revoked. Foster lost his pension, and forthwith returned to his task of charging extravagnce.

In this connection it should be remembered that when finance minister, Mr. Foster exercised his idea of economy by cutting down the stipend of the charwomen of the House of Commons.

When the Liberal Government came into power, they found the credit of Canada greatly impaired, English financial papers were hostile to the Dominion in consequence of the loose administration of the Conservatives, leading English papers were most severe in their condemnation of Canadian public men, and the future of Canada was gloomy. All this was changed after Sir Wilfrid Laurier came into power. He proved himself able to bring about prosperity, where before there had been none; his policy changed the commercial depression into a period of revived trade throughout the Dominion—the credit of Canada immediately became good, Canadian securities were sought, honest and economical government succeeded dishonesty and extravagance, and the result is seen in the condition today contrasted with the dark days which preceded 1896. The fact that Mr. Fielding negotiated the largest colonial loan ever offered in London is proof positive that confidence in the Canadian Government is not impaired in England, and proves that the statement of the Mail is both unpatriotic and false.

In criticising the Fielding loan the Mail makes a curious blunder which destroys the entire argument presented. Alluding to the British investor, the Mail says:

"British investors who are usually shrewd men, and whose committments are usually made after consultation with competent advisors, cannot be deceived by such clumsy methods."

When one considers that the entire loan offered by Mr. Fielding was guaranteed by these same shrewd men, who could not be deceived by clumsy methods, the absurdity of the Mail's reasoning becomes manifest.

MOTHER WILL RAFFLE HER NEW-BORN BABE.

Biloxi, Miss., Aug. 8.—Unable to provide for her infant, Mrs. H. J. Hoze, a windowed mother, made an appeal to George W. Wilkes, manager of the local theatre here, to raffle off her baby, with the understanding that whoever secured the child should allow her the privilege of seeing it once each month.

SASKATOON CLOSES SUCCESSFUL FAIR

Weather Was Favorable, and All Departments Were Well Represented—On New Grounds.

Saskatoon, Aug. 7.—Saskatoon's midsummer fair closed this afternoon. A large crowd, ideal weather and a splendid program of sports and attractions, combined to make it most successful. The fair this year was held in the splendid new grounds one mile south of the city, which were purchased and fitted up at a cost of nearly $50,000, and presented today, a most elaborate appearance for the opening functions. The entries in every class far exceed anticipations, and for horses and cattle it was found almost impossible to provide stable room for exhibitors.

In sheep, swine, poultry, dairy, horticultural and other classes the exhibits are large, totalling 50 per cent. more than last year. The Canadian Northern handled large crowds by running a suburban service from the depot to the grounds.

Vanitas Vanitatum.

London, Aug. 6.—A $5,000 dress bill was the subject of a controversy in the chancery court here today between a Paris costumer and Mrs. George Law, a wealthy American who divides her time between New York, Paris and London.

Mrs. Law declined to pay the bill on the ground that the costume did not fit and because the charges were extortionate.

The verdict, however, was in favor of the plaintiff, who greatly amused the court with a recital of how Mrs. Law took her to the theatre and to the Lourve, bade her copy the dresses of actresses and famous women of the Louix XV. period pictured in the Lourve, and kissed and complimented the modiste on the reproductions she supplied.

BOLIVIA BOUNDARY AWARD WILL BE ACCEPTABLE

La Paz, Aug. 8.—The Bolivian Congress was opened today with solemnity by President Monte. The ceremonies were preceded by a parade of the troops. The President read a long message to the Congress, in which he explained relations. He left it to the Congress to decide whether or not Bolivia should accept the decision of the boundary dispute with Peru, handed down recently by President Alcorta of Argentina. He said that Bolivia's relations with Peru were friendly, and expressed the hope that the present situation would not cause any difficulty with that country.

President Eleodoro Villaron will assume office on August 12.

DOG VALUED AT $200 TO THE OUNCE

London, Aug. 8.—Twenty-five thousand dollars is the sum Mrs. Ashton Cross has refused for her Pekinese dog, Chuerh. The dog weighs about eight pounds, so his valuation works out at $200 an ounce.

This valuable little animal is the winner of fourteen championships under ten different judges, and also of more than two hundred first prizes. At the annual show of the Pekin Palace Dog Association, held in the Royal Botanical Gardens, Chu-erh carried off all the honors, including Pierpont Morgan's $500 challenge cup.

SENSATIONAL GOLD STRIKE IN MOOSE PASS, ALASKA

Seward, Alaska, Aug. 8.—What is declared to be the most sensational gold quartz strike ever made in Alaska has been reported from Moose Pass, a district tributary to this city, and Seward is deserted so far as its able-bodied male population is concerned. Immediately upon receipt of the news of the strike there started a stampede for the Moose Pass district and the greatest excitement prevails in the town.

Just how rich the quartz of the new strike is cannot be definitely ascertained.

RESTORERS FIND OLD MASTERPIECES IN CHURCH

Rome, Aug. 8.—Officials engaged in the work of restoring the Church of San Guilano at Venice, discovered in an attic a large bundle covered with thick dust.

It was found to contain a number of art masterpieces including "Christ on Cavalry," by Tintoretto, a "Resurrection," and "Ecce Homo," by Jalma, Jr., a "Flagellation of Christ before Caiaphas," a "Christ Crowned With Thorns," by Corona; "Young St. Jerome," and "St. Theodore," by Andrea Vincentino, and two paintings by Paul Flagmmenge.

On Sundays a special excursion to Steveston and return is made, remaining at Steveston about an hour and a half. Steamer leaves B. C. Electric wharf at 3 p.m., arriving back at New Westminster at 8 p.m. Fare, one dollar return. **

SASKATCHEWAN TODAY.

Attractive Official Booklet Is Just Issued.

The great prairie province which has seen marvelous development during the last few years is fortunate in having a brochure of modest but convenient bulk such as that which has just been published by the department of agriculture of Saskatchewan.

The booklet is well illustrated with cuts, and possesses a feature uncommon in publicity works of strict adherence to the truth. Two things to which attention should rightly be drawn are the statement of opportunities for industrial development and the moderate demand for laborers, which are grossly exaggerated usually by immigration agencies. People who imagine the great central province of the wheat empire to be only prairie will be surprised at the resources which the country offers to the newcomer. The tables accompanying the issue are of considerable value, particularly those on grain production and temperature.

CAUSED FAMINE IN CAMP.

Enterprising Cow Devours Available Supply of Staff of Life.

The little community of Sunnyside, on the north shore of Burrard inlet, where many New Westminster folk are spending their summer vacation, suffered from a bread famine one day last week.

An enterprising cow, whose ambition soared above common or garden grass, and a pantry, the door of which opened in an inviting manner on the cow pasture, was the combination that led to the disaster.

The pantry was owned by one of the community who makes it her business to distribute the bread, which is brought across from Port Moody, to the rest of the camp.

The supply had just arrived, and was reposing upon the shelves, when the cow happened along. When the owner of the pantry appeared upon the scene she discovered the cow inside the pantry, while from circumstantial evidence she was led to judge that the bread was inside the cow—also two blackberry pies and a baking of doughnuts.

The lady valiantly seized a broom and drove forth the cow with objurgations; but it was too late to save the bread, and the famine was on.

It is rumored that when delactated next morning the cow in question gave bread and milk instead of the ordinary fluid.

Death of Wm. Runacres.

William Runacres died at the Roval Columbian hospital on Saturday morning after a long and painful illness, at the age of 53. He was born in Suffolk, England, and came to Canada a few years ago residing in this city for the past two years. He leaves a wife and seven children, Miss Mabel, Mrs. (Dr.) R. J. Haworth, of Macgregor, Man., and Miss Winnifred, and Philip, Edgar, Forrest and Gilbert of this city.

The interment will take place on Tuesday to the Oddfellows' cemetery. A service will be held at the residence 711, Queen's Avenue at two o'clock, Revs. E. G. Thompson and A. Dunn officiating.

AUSTRALIAN COMMONWEALTH MAY POLICE PACIFIC OCEAN

London, Aug. 8.—The "Daily Telegraph" prints a message from its Melbourne correspondent that the Federal Government, having already decided to include cruisers in a local squadron, may suggest to the Defence committee, as a substitute for the offer of a Dreadnought, the assumption of all policing of the Pacific. This, if true, marks the almost complete acceptance by the present Commonwealth government of the defence policy put forward by former Premier Fisher.

Material for Bridge.

Toronto, Ont., Aug. 8.—A shipment of bridge material from the Canada Foundry Co. left Toronto yesterday for the Lulu Island Bridge, New Westminster. It was the largest shipment of the kind which ever left Toronto. It was valued at $27,750.

Color of Fish Nets.

London, Aug. 8.—It has been found by the owner of a fishing boat at St. Abbs, Berwickshire, that net dyed as nearly as possible the hue of the sea, instead of the traditional brown, results in a much better catch. The discovery was put to the test the other nigh, when a fleet of sixty-five fishing craft the boat with its nets dyed blue made by far the largest catch. The dye used is bluestone.

Long Arm of the Law Grips Defaulting Norwegian

Moosejaw, Aug. 8.—A very smart capture was made yesterday afternoon here by Sergt. Mundy, R. N. W. M. P. In April of this year the Norwegian government sent out information to the R. N. W. M. P. throughout the Dominion that a man named Ole P. Holtane was wanted at Christiania, Norway, for obtaining over $5000 from a number of savings banks in that city. The man was described as about fifty years of age, with a small pointed beard. Holtane bought a farm 8 miles east of Caron, about 30 miles from Moosejaw, and settled there with his son. Some time ago he came into Moosejaw and made himself very prominent at a house of ill-repute, by indulging in a real Hooligan drink feast. Following up this clue, Sergt. Mundy located this man, and brought him to Moosejaw last night. Holtaine stated that his name was Ole Hall, but as the police had been advised that he used this alias it did not help him. When he was taken to the cells in the city hall he asked if it was a hotel. He was told that it was, and he replied: "Not like it," and was surprised to find himself in jail. He has left a wife and eight children in Norway, and speaks no English. Sergt. Mundy took him to Regina this morning. He has not stated whether he intends to resist extradition.

MRS. JOHNSTON DEFIES SEATTLE ELECTRIC CO.

Alleged "Queen of Fakers" Says Street Car Company Can Prove No Crime.

San Francisco, Aug. 8.— George Carson, claim agent of the Seattle Electric Railway Company, arrived in Oakland today and identified Maude Myrtle Johnson, "queen of the accident fakers," as the woman who defrauded his company out of $600 by pretending to have been injured while riding on their cars.

Mrs. Johnson is still in Merritt hospital, where she was visited by Carson and John Ferrin, claim agent of the Oakland Traction Company. She says she is willing to go back to Seattle for trial, and has no doubt that she will be able to obtain an acquittal. She says she was given the money on the recommendation of the company's physicians in a settlement of the case, and she defies them now to show that she was not injured.

NO LOW-NECK GOWNS AT POPE'S CELEBRATION

Neither Will Women Be Permitted to Sit With Men at Ceremony in Sistine Chapel.

Chicago, Aug. 8.—A cable to The News from Rome says much comment has been caused by the Pope's decision that women are not to be seated with the men on the tribunes on the occasion of the solemn ceremony in the Sistine Chapel Monday, when the sixth anniversary of the pontiff's coronation will be celebrated.

The Pope has also given orders that no woman in decollete dress is to be admitted. When some prelate remarked that it was the fashion nowadays for prominent women to wear low neck gowns and te hot weather justified it, the Pope replied:

"Nonsense. If the women find it too much of a sacrifice to deprive themselves of the pleasure of following an immoral fashion, it is useless for them to attend church ceremonies. They had better go to the theatre or to some other profane spectacle."

Live Stock Insurance

Live stock insurance has fast become recognized as one of the best kinds of insurance in existence, and an ever-increasing number of stock owners are protecting themselves against the serious losses which they have had to suffer in the past. I represent the only strong, reliable Canadian company carrying this class of insurance, and as they do not handle any insurance but live stock they are able to fulfil their obligations to the greatest satisfaction, and every legitimate loss which has occurred on any of the company's policies since they started business, has been promptly paid, cheques usually being forwarded within a day or two, and the following letter is an instance:

New Westminster, June 23, 1909.

A. W. McLeod, Agent British American Live Stock Ass'n Ltd., New Westminster, B. C.

Dear Sir,—I beg to thank you and your company for the prompt settlement made for the loss of my mare "Nell," for although my claim form was only completed yesterday I have already received cheque for $200.00 in full payment.

Yours sincerely,
(Sgd). J. A. GIBSON.

You may be the next to lose some valuable stock, enquire for particulars.

ALFRED W. McLEOD

INSURANCE BROKER,

657 COLUMBIA STREET. PHONE 62

Advertising Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Four Thousand ($4000.00) Dollars for the purpose of advertising the City.

Whereas, it is expedient to expend the sum of Four Thousand ($4000.00) Dollars in advertising the City and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Four Thousand ($4000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars.

And, Whereas, in order to raise the said yearly sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-four Thousand ($394.000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Two Hundred ($200.00) Dollars for the payment of interest thereon, and the sum of Thirty-Five and 46-100 ($35.46) Dollars to provide for the repayment of the principal

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Advertising By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh Street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

City Gaol Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Six Thousand ($6000.00) Dollars for the purpose of building a City Gaol and Police Court Room.

Whereas, it is expedient to erect a building to be used as a City Gaol and Police Court Room, and to use that portion of the Civic Building, now used for those purposes, for other purposes and to expend in the erection of the said building the sum of Six Thousand ($6000.00) Dollars, and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Six Thousand ($600.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars,

And, Whereas, in order to raise the said yearly sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-Two Thousand ($392,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Three Hundred ($300.00) Dollars for the payment of interest thereon and the sum of Fifty-Three and 19.100 ($53.19) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "City Jail Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Waterworks Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars for the purpose of increasing the capacity of the City Waterworks System.

Whereas, it is expedient to construct an additional Main Pipe Line for the City Waterworks System from Coquitlam Lake to the Queen's Park Reservoir, and also from the Reservoir to the City limits on Lulu Island, and for that purpose to expend the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars.

And Whereas, It appears that if the sum of Two Hundred and Thirty-Four Thousand ($234.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Thirteen Thousand, Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars.

And, Whereas, in order to raise the said yearly sum of Thirteen Thousand Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of One Hundred and Sixty-Four Thousand ($164,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Two Hundred and Sixty-Four Thousand ($264.000.00) Dollars for the payment of interest thereon and the sum of Two Hundred and Sixty-Four and 96-100 ($265.96) Dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Waterworks Debenture, By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Hospital Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of granting the same to the Royal Columbian Hospital.

Whereas, it is expedient to grant the sum of Thirty Thousand ($30.000.00) Dollars for the purpose of assisting in the erection of a new building for the Royal Columbian Hospital in this City.

And Whereas, It appears that if the sum of Thirty Thousand ($30,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars.

And, Whereas, in order to raise the said yearly sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Sixty-Eight Thousand ($368,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Fifteen Hundred ($1500.00) Dollars for the payment of interest thereon and the sum of Two Hundred and Sixty-Five and 96-100 ($265.96) Dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Hospital Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd. day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Street Improvement Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Four Thousand ($104,000.00) Dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the City for the construction, improvement and repair of certain streets and sidewalks, and it is expedient that certain additional sums be spent in like manner, amounting in all (with sums already so spent) to the sum of One Hundred and Four Thousand ($104,000.00) Dollars.

And Whereas, It appears that if the sum of One Hundred and Four Thousand ($104,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars.

And, Whereas, in order to raise the said yearly sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Two Hundred and Ninety-Four Thousand ($294,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds, sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Five Thousand Two Hundred ($5,200.00) Dollars for the payment of interest thereon, and the sum of Nine Hundred and Twenty-two ($922.00) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Street Improvement Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

Incinerator Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Twenty Thousand ($20,000.00) Dollars for the purpose of building an Incinerator.

Whereas, it is expedient for the improvement of sanitary conditions in the City that a public Incinerator should be built for the destruction of refuse at the cost of Twenty Thousand ($20,000.00) Dollars.

And Whereas, It appears that if the

S. S. TRANSFER

Returning, leaves Steveston every week day morning, except Friday.

Additional trip Monday morning, leaving New Westminster at 5 a.m.

This schedule subject to change without notice.

For freight and passenger rates apply to

ROBERT JARDINE,
Manager.

sum of Twenty Thousand ($20,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of One Thousand One Hundred and Seventy-seven and 30.100 ($1177.30) Dollars.

And, Whereas, in order to raise the said yearly sum of One Thousand One Hundred and Seventy-seven and 30-100 ($1177.30) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand One Hundred ($1,219,100.00) dollars irrespective of the sum of Three Hundred and Seventy-Eight Thousand ($378,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of One Thousand ($1,000.00) Dollars for the payment of interest thereon and the sum of One Hundred and Seventy-Seven and 30-100 ($177.30) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Incinerator Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the New Westminster Division of New Westminster District.

(a). The name, address and occupation of the applicant is the Vancouver Power Company, Limited, having its head office at the City of Vancouver, British Columbia, having capital of $2,500,000, divided into 2,500,000 shares of $1.00 each, all fully paid up.

(b) The name of the lake, stream or source (if unnamed, the description is an unnamed creek coming from the northeast emptying into Mislilloet river, North Arm Burrard Inlet (Indian River) at or about four miles from its mouth.

(c. The point of division is about five miles fom the junction of said creek with said river.

(d). The quantity of water applied for (in cubic feet per second), 150 cubic feet per second.

(e). The character of the proposed works is the diversion of said creek by means of dam, ditch, flume, natural waterways, tunnels and pipes, and the establishment in connection therewith of a water power plant for the generation of electricity for mechanical, industrial and commercial purposes and particularly in the operation of motors, machinery, electric lighing, tramways and other works for which such light, heat and power are suitable and available.

(f). The premises on which the water is to be used is to generate electric power, light and heat for traction, lighting, heating, manufacturing and all and every industrial or other purposes to which it may be applied.

(i.) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return. The water is to be returned to river near mouth of same, and difference of elevation between point of diversion and point of return is about 300 feet. (j) Area of Crown land intended to be occupied by the proposed works will not exceed 320 acres. (k) This notice was posted on the 7th day of July, 1909, and application will be made to the Commissioner on the 11th day of August 1909. (l) Give the names and addresses of any riparian proprietors or licenses who or whose lands are likely to be affected by the proposed works, either above or below the outlet, B. F. Dickins, Vancouver, B. C.

The part of the Memorandum of Association of the Company which authorized the proposed application and works, reads as follows:

(3) The objects for which the Company is established and to which objects the Company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for (a) Constructing, operating and maintaining electric works, power houses, generating plant and such other appliances and conveniences as are necessary and proper for the generating of electricity, or electric power, or any other form of developed power, and for transmitting the same to be used by the Company or by persons or companies contracting with the company therefor, as a motive power for the operating of motors, machinery or electric lighting or other works or to be applied by the Company to consumers for heating or as a motive power for propelling tramways, or for driving, hauling, lifting, pumping, lighting, crushing, smelting, drilling and milling or for any other operations to which it may be adapted or to be used or supplied for or in connection with any other purposes for which electricity or electric power may be applied or required. (g) For rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pond or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire constructing any raceways, reservoir, aqueduct weir, wheel, building, or other erection or work which may be required in connection with the improvement and use of the said water and water power or by altering, renewing, extending, improving, repairing or maintaining any such works, or any part thereof.

WILL PAY BONUS ON HEALTHY BABIES

France Will Take Radical Means to Increase Birth Rate.

Paris, Aug. 6.—France, being still uneasy on the subject of "race suicide," has decided to take drastic steps to remedy matters, and in the Autumn session of Parliament proposals to increase the population will be put forward.

The two schemes which have attracted the most attention are those drawn up by M. Paul Leroy Beaulieu, an eminent economist, and Prof. Richest, of the Academy of Medicine.

Mr. Richest proposes that the state shall pay bonuses on every baby except the firstborn. A second baby would bring a payment of a hundred dollars and every succeeding one a bonus of $200. M. Richest believes that under this system the number of births, which is now 750,000 per annum, would increase to 1,000,000. This would cost the state about $60,000,000 a year. The professor proposes to raise the money by imposing a heavy death duty of 50 per cent on all collateral inheritances and all estates left by parents to an only child.

M. Bealieu suggests that no civil servant or municipal official should be appointed to his office until he is the parent of three children. This stipulation would apply to women officials as well as men.

A bill has been placed upon the table of the French chamber making it a punishable offence to refuse to accept or to send away tenants from dwellings because of their having children.

RAILWAY BUILDING ACTIVE IN ALBERTA

C. P. R., C. N. R. and G. T. P. Are All Busy in Different Sections of the Province.

Calgary, Aug. 8.—It is doubtful if there has ever been so much railway building in Alberta as at the present time. The C. P. R. is exceedingly active, and its crews of men are dotted all over the province.

In an interview with Mr. A. Price, general superintendent, a glance was given yesterday of the activity throughout the province.

The work on the cutoff between Macleod and Lethbridge is nearing the completed stage. Laying steel has been started, and the work will be completed before the end of September. This new line will pass through a very excellent country.

The road from Kipp to Aldersyde, which means the short line from Calgary to Lethbridge, is progressing very nicely. The road is, to run to Aldersyde, at least the C. P. R. has received no other information.

The road will be to Carmangay by the middle of September. It will not come any farther this season.

The branch from Langdon north is progressing favorably, and the road has been graded some distance north.

On the Wetaskiwin branch the road has been graded to Wilkie, which is the next divisional point east. That will complete this Wetaskiwin branch, which runs from Wetaskiwin to Saskatoon. That will cut the Edmonton business off from the main line, and will give a short line from Edmonton to Winnipeg. The road along this line should be finished by October 1.

Grading is completed from Stettler to Castor, and the road will be completed in about six weeks' time.

That is the record of one road, and shows something of the great activity in this part of the country.

ALLEGED PLOT ON THE CZAR'S LIFE

How German Police Watched General Harting, Suspected of Being the Agent-Provocateur.

Berlin, Aug. 6.—Baron or Gen. Harting, alias Landesen, the Russian agent-provocateur, appears to have been a source of anxiety to the German police during the time that the Emperor William met the Tsar at Kiel.

Harting arrived there with the Russian detectives, ostensibly to look after the safety of the Tsar. The German police authorities, well aware of Harting's career, considered it their duty to keep a careful watch on him and his accomplices. The chief of police spent all his spare time with Harting and made excursions with him to other Baltic ports, thus achieving his purpose of never losing sight of the agent.

It was due to these endeavors that the attempt on the Tsar's life which the revolutionaries intended making at Kiel never took place.

Changed Places in Boat.

Ottawa, Ont., Aug. 8.—Albert Bourgeau, of Ottawa, brother-in-law of Dr. Quinet, a prominent physician of Hull, was drowned last night while crossing from Hull to his summer home at Gatineau Point. He was in a rowboat with a companion, and neither of the men could swim. They attempted to change places.

LAND REGISTRY ACT.

Take notice that an application has been made to register Annie Ryder as the owner in fee simple, under a tax sale deed from Sidney A. Fletcher to Annie Ryder, bearing date the 13th day of October, A. D., 1906 of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the province of British Columbia, more particularly known and described as Lot 23, Block 1; Lots 8, 9, 16 and 17, Block 4; Lots 1, 8, 9, 16 and 17, Block 6; Lots 4, 5, 12, 13 and 20, Block 9; Lots 1, 8, 9, 16 and 17, Block 10; Lots 1, 8, 9, 16 and 17, Block 12; Lots 4, 5, 12, 13 and 20, Block 13; Lots 1, 8, 9, 16 and 17, Block 14; Lots 1, 8, 9, 16 and 17, Block 16; Lots 4, 5, and 20, Block 17; Lots 1, 8, 9, 16 and 17, Block 18; Lot 6, Block 21, all subdivisions of Lot 203, Group 1. Lots 10, 11, 12, 13, 14 and 15, Block "K" subdivision of Lot 268, Group 1. Lots 24, 25, 26, 27, 31 and 32, Block 1; Lots 2, 3, 4, 5, 6, 7, 10, 11, 12, 13, 14, 15, 18, 19 and 20, Block 4; Lot 16, Block 5; Lots 1, 8, 9, 16 and 17, Block 15; Lots 4, 5, 12, 13 and 20, Block 9, subdivision of Lot 203, Group 1. Lot 7, Block 4 of Lot 227, Group 1, Map 174.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within twenty days from the date of first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Annie Ryder as owner thereof in fee. And I hereby order that publication of this notice for twenty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 4th day of August, A. D., 1909.

DOMINION TRUST BLOCK

$35,000,000 WORTH OF WAR VESSELS

Details of the Contract For Building of Spains Navy, Recently Let.

London, Aug. 8.—In regard to the contract concluded between the Spanish government and the British syndicate for building a new Spanish navy at a cost of £7,000,000, which was signed at Madrid this week, Reuter's agency states that the British tender was accepted in preference to German, French and Italian offers. The tenders were for three battleships of 15,000 tons, four gunboats of 800 tons, three torpedo-boat destroyers of 350 tons and 24 torpedo boats of about 180 tons. The British firms forming the syndicate are Sir W. G. Armstrong, Whitworth & Co., Let., John Brown & Co., Ltd., and Vickers Sons & Maxim.

The British proposals were preferred because, according to an official report, of the greater fighting power of the ships planned, which was due to the greater rapidity and accuracy of fire, simplicity in the ordnance machinery and a considerably larger supply of ammunition provided for.

A large amount of the work must be done in Spain, and the firms named are required to reconstruct completely the Spanish government yard at Ferrol and to make very important improvements in the shops at Cartagena. The British syndicate, which has the co-operation of important interests in Spain, has now taken possession of the two Spanish yards.

BRANDON SUFFERS FROM PLAGUE OF THIEVES

Scores of Small Thefts Have Occurred in Prairie City Within Last Few Days.

Brandon, Man., Aug. 8.—It now develops that yesterday's solution of the mystery in connection with the robbery of C. P. R. cars here uncovers but one of many robberies that have occurred here within the last few weeks, most of which have not been reported. Petty thieving appears to be epidemic and heavy losses have been sustained by occupants of rooms in hotels. One case in point is the Brandon hotel where James Boyle, clerk, found his room ransacked of a valuable fur coat and expensive clothing as well as a sum of money. The dining-room girl in the same house was the victim of thieves who took a diamond ring and numerous other valuables.

A linotype operator, named McIntosh, in the Sun office, was robbed of $145 in cash in a Twelfth street boarding house and the Victoria hotel safe was robbed of $80 in broad daylight. A man named Thorburn of Gore Bay Ont., was victimized of $180 on a C. P. R. train at Brandon. Car robberies and numerous cases of valuable furs and other goods missing are now coming to light. In not one case have the thieves been apprehended.

SOMETHING LIKE A SALMON BELLY

Vancouver, Wash., Aug. 8.—A royal Chinook salmon was caught below the big steel bridge across the Columbia river by Thomas Fox. It weighs seventy-five pounds and is fifty-one and a half inches in length. The Vancouver Commercial Club was to ship the large fish to President Taft, but was unable to get a refrigerator car past St. Paul, so the scheme was given up.

LONG PREDICTED CHANGE PROMISED AT ESQUIMALT

Victoria, Aug. 8.—The Esquimalt naval yard will be formally taken over from the imperial government at the end of this month, and arangements are now being made by Capt. Parry, R. N., and Commander Crawford, R. N., for the transfer. Negotiations have been in progress for some time to this end.
