

## CROSSE CLUB HAS A BALANCE IN HAND

Financial Sheet Shows \$333.-  
to the Credit of Assoc-  
iation - Park Improve-  
ments Wanted.

Westminster Lacrosse club  
closed the 1908 season with a bal-  
ance in hand of \$333.46, according to  
financial statement submitted at  
recent meeting yesterday eve-  
ning in hall's office. The total ex-  
penditure during the season was \$2,-  
while the total receipts, main-  
ly from gates and member-  
ship fees, amounted to \$2,869.35. All  
this money is in the club's bank  
account, the secretary be-  
ing authorized to settle all bills on  
behalf of the club.

The committee, consisting of A. W.  
and J. H. Payne, was named to  
advise the City Council with re-  
gard to needed improvements at  
the park. It being deemed de-  
sirable to have all depressions and  
holes in the park filled in before  
next May, the probability of Minto Cup  
being played about that time.  
Arrangements were completed for  
purchasing a suitable glass  
which all cups, shields and  
equipment will be placed on ex-  
hibition at the Carnegie Library. The  
club will be on view in the course  
of next couple of weeks.

J. S. Henderson, who was pre-  
siding at the meeting, and who is at-  
tending the B. C. A. A. U.  
convention on Friday, was not in-  
volved in any particular  
discussion by the execu-

CLIFFORD SIFTON,  
Ex-Minister of the Interior.

Liberal candidate in Bran-  
don, Man., where he is opposed  
in the Conservative interests by  
T. Mayne Daly, of Winnipeg,  
also an ex-minister of the inter-  
ior. The immigration policy  
of Clifford Sifton was the turn-  
ing tide of the prosperity of  
the Dominion, his vigorous cam-  
paign of advertising in Europe  
and America bringing tens of  
thousands of settlers to this  
country in a few short years.  
Although opposed by one of the  
strongest Conservatives in the  
prairie province, Mr. Sifton is  
assured of re-election to par-  
liament on Oct. 26, by a hand-  
some majority.

## SOCIAL EVIL DISCUSSED BY POLICE COMMISSION

Police Will Continue Activity in Rid-  
ding City of Bad Characters—  
Difficult Problems.

The anticipation that any sensa-  
tional steps to deal with the social evil  
by the Police commissioners would  
be taken was dispelled yesterday af-  
ternoon at their meeting. There were  
present Mayor Keary, Ald. Fader, T.  
S. Annandale, Chief of Police McIn-  
tosh and City Clerk Duncan. The pro-  
secutions now in progress were dis-  
cussed, together with the whole situ-  
ation in the city, and the statement  
was made that the evil was worse  
now than under the old restricted dis-  
trict system. The chief of police said  
the women were dispersing under the  
influence of their persecutions, and it  
was resolved to uphold the police in  
the policy of investigation, and appli-  
cation to the courts when evidence  
was available.

Ald. Fader reported that the city  
council had been unable to support the  
new jail scheme this year, and had  
deferred it to a new council.

A number of applications for posi-  
tions on the police force were re-  
ceived and filed, there being no vacancy  
at present.

## EXPLODING COFFEE POT INJURES MAN'S EIGHT

Harrington, Oct. 13.—John Palmer,  
a farmer residing near Lake Creek,  
was the victim of a peculiar accident  
yesterday, when a coffee pot in which  
he was boiling coffee over an open  
fire exploded and threw the hot liquid  
into his face and eyes. Palmer was  
bending over the pot when the explo-  
sion occurred and he received its full  
effect. He will probably lose the sight  
of one of his eyes.

## BLAINE LUMBER MILL DESTROYED BY FIRE

Damage Estimated at Half a  
Million Dollars --- Heroic  
Work of Fire Fighters All  
for Naught.

Blaine, Wash., Oct. 13.—The Jen-  
kins lumber and shingle mill, one of  
the largest and most modern plants  
in the northwest caught fire last night  
and was completely destroyed. The  
loss is estimated at between \$500,000  
and \$600,000, part of which is covered  
by insurance. The fire was first dis-  
covered about 10:30 o'clock by a  
night watchman, but even at that time  
the flames had gained considerable  
headway. The watchman immediately  
gave the alarm, and citizens turned  
out almost to a man to try and save  
the big plant.

The fire started in the main build-  
ing about 150 feet from the engine  
room. As yet no one knows how the  
blaze began. The mill has not been in  
operation for over a year and a half,  
but preparations were being made to  
resume operations immediately. The  
plant is a total loss, as every building  
and shed, even the office, is in ashes.  
All that was saved was about 200,000  
feet of lumber in a remote corner of  
the yard. This, with the tools, which  
were taken from the office as soon as  
the fire was discovered, was all that  
was saved. A perfect water and fire  
system availed nothing, as the fire-  
fighters, although anxious to do some-  
thing to stem the conflagration, were  
unable to go within a block of the  
apparatus. The company's fire-  
fighting plant was said to have been  
one of the best in the state. The wind  
blew a gale, sweeping embers and  
flames high into the air. Fortunately  
the wind blew the flames out over the  
water, but not without great danger  
to the big Erie mill, located just north  
of the burned mill. This plant caught  
fire several times and only the heroic  
work of the fire fighters, who kept  
the roofs of the buildings and lumber  
piles and wharf deluged with water,  
prevented it from going up in smoke.

## PICTURES OF METHODIST LEADERS TO BE PAINTED

Jubilee of Denomination on Pacific  
Coast Will Include Unveiling of  
Portraits at College.

A very interesting ceremony in con-  
nection with the celebration of the  
Jubilee of the Methodist church in  
British Columbia next May, when the  
conference will meet in Queen's Ave-  
nue church, as the successor of the  
earliest Methodist congregation on the  
mainland, will be the unveiling of ten  
oil paintings of leaders of thought in  
that denomination. A college hall is  
the place for preservation of the por-  
traits of the men who have gained a  
name in connection with educational,  
mission, or pastoral work, and Colum-  
bian college is to be the repository of  
the paintings. This matter is re-  
ceiving the earnest attention of Prin-  
cipal Sippell. The payment to the  
artist will not be a charge on the Ju-  
bilee Endowment fund, but will be  
contributed from various sources. Sev-  
eral of the pictures have already been  
painted, including those of Drs. Car-  
man and Sutherland, who were at the  
banquet at the college on Wednesday  
last.

The artist is J. W. L. Forster, who  
has done much portrait work in the  
East. Many of the missionaries in  
China and Japan are contributing to  
the expenses. Mr. Forster will paint  
Principal Sippell, but not in connec-  
tion with the scheme, as the college  
students are anxious to have a pic-  
ture while the other work is in pro-  
gress, and this will be unveiled as  
soon as ready.

The pictures will include one of  
Chancellor Burwash, of Toronto. This  
will be presented by his old students.  
The pictures will be unveiled dur-  
ing conference week. In addition,  
some effort is to be made to issue  
some little historical sketch of Meth-  
odism in the province, and particu-  
larly of the mother church. The gath-  
ering will be made a memorable one in

## COMPELLED TO LEAVE HIS HOME

CANVASSER HARVEY: Of course you'll vote for Taylor.  
RUINED FISHERMAN: What! After the Tories have driven us from the River.

## IMMIGRATION IS NOW DECREASING

Falling Off From Europe Is  
Shown by Statistics - Amer-  
ican Farmers Numerous.

Ottawa, Oct. 13.—There has been a  
tremendous falling off in the volume  
of immigration from over seas to Can-  
ada during the past eight months end-  
ing Aug. 30. This is due to the bar  
which the Dominion government put  
up at the beginning of the year  
against European and British pauper  
immigrants. Notwithstanding this  
check Canada remains the favorite  
with the British settler, and it ap-  
parently has little or no effect upon  
the movement from the United States.  
The total immigration into Canada  
from all points for the eight months  
was 117,533 persons, compared with  
216,773 for the same period last year.  
From the United States the immigra-  
tion totalled 40,964, as against 40,956  
during the same time last year. It  
will thus be seen that the entire de-  
crease is in the number of immigrants  
from across the seas. American im-  
migrants are generally of a most de-  
sirable class, being farmers, and come  
in well supplied with money and per-  
sonal property and effects, enabling  
them to at once purchase lands and  
set about their farming operations  
with little delay. It is true, however,  
that a large number of undesirable  
endeavor to make their way into Can-  
ada through the United States. Dur-  
ing the eight months no less than  
1296 persons were refused admission  
when trying to cross the border, while  
of those who came in by ocean ports  
only 342 were turned back.

## BRITAIN WILL DEAL WITH PROBLEM OF UNEMPLOYED

London, Oct. 13.—The autumn ses-  
sion of the British parliament was  
opened yesterday. The entire ten  
weeks of the sitting will be taken  
up in consideration of government  
measures, the most important of which  
is the Licensing bill. The measure  
will pass the House of Commons, but  
in the House of Lords it will be either  
thrown out or amended and the con-  
troversy of last year between the  
Houses will be renewed.

It is believed that an agreement will  
be reached with respect to the Edu-  
cation bill and that this measure, be-  
ing quickly passed, will make way for  
the introduction of another Irish land  
bill as well as measures dealing with

## Querrie and Telegram Hold Different Views

QUERRIE DECLARES HE  
WILL BE HERE IN MAY

Reinforced Indians Will Cross Rockies  
on a Forlorn Hope—Team Going  
to Australia.

In a personal letter to C. A. Welsh,  
manager of the Westminster Lacrosse  
team, Charlie Querrie, manager of the  
Toronto Tecumsehs, makes the an-  
nouncement that, providing suitable  
dates can be arranged, he will bring  
his Indians here next May, when a  
series of games for the possession of  
the Minto Cup will be played on  
Queen's park oval. Querrie does not  
enlarge upon the chances which he  
considers the Tecumsehs may have  
of capturing the trophy, but makes  
the significant statement that he will  
considerably strengthen his team be-  
fore bringing it across the Rockies.

Fred McMillan, a Toronto man who  
was in the city a couple of days ago,  
is responsible for the statement that  
the Tecumsehs have about completed  
arrangements for a tour of Australia  
early next year, being due to leave  
about the beginning of January. Their  
plan would be to play a series of  
games in the Commonwealth during  
the summer, returning here in time  
to make a brave attempt to wrest the  
Minto Cup from its lawful custodians.

Charlie Querrie makes no mention  
of the Australian trip in his letter to  
Mr. Welsh, arrangements not having  
apparently been completed at the  
time he wrote.

TORONTO TELEGRAM THINKS  
TECUMSEHS' CHANCES SLIM

Eastern Dopist is Gloomy Over Pros-  
pects of Getting Back Minto Cup  
—Afraid of Small Gates Here!

There is a chance that the Toronto  
Tecumsehs will not come west after  
the Minto Cup in the spring. The  
Toronto Telegram says:

"Will Tecumsehs go west after the  
mug in the spring? Well, they say  
they will, but it doesn't look like a  
good business proposition at this  
distance. To go in May they would  
have to get their team together early  
in April. That means more expense  
—more in fact than they could hope  
to cover by spring gates in a town  
that can only furnish big gates once  
per annum, and that during the week  
of the fall fair. Then you know the  
season would be much longer for the  
Indians, and you know it just seems  
a trifle long for them as it stands. If  
it had lasted a week or two longer  
this year their hands might have got  
sore hanging onto the championship.  
Then tack onto all this the remote  
chance they have of winning in the  
west and you can risk a guess that  
Lol. Solman will not send his braves  
further west than West Toronto when  
the robins nest again."

Niagara Fire Fatal.  
Niagara Falls, Ont., Oct. 13.—Felix  
Crittell, who, with many other Ital-  
ians, was living in the old skating  
rink on First street, was burned to  
death last night in a fire which de-  
stroyed that building.

## PREMIER OPPOSED TO CANADIAN CATTLE EMBARGO

London, Eng., Oct. 13.—Premier As-  
quith, speaking this evening, said that  
he always recommended strongly the  
view that assuming Canada to be free  
from cattle disease, it would be kept  
so by reasonable precaution. There  
was no reason why Canadian cattle  
should be kept out, but he was sorry  
to say that a very large majority in  
the present House of Commons were  
of the opinion that no precautions  
which were taken or likely to be tak-  
en, could give a reasonable assurance  
that Canadian cattle were free from  
disease, or possible infection. Sir

Swift or Armour?  
Toronto, Ont., Oct. 13.—The union  
stockyards at West Toronto will in a  
few days be acquired by one of the  
large packing firms of Chicago,  
whether Armour or Swift's has not  
yet been announced. At a meeting

of \$350,000 cash, sufficient to control  
a majority of the stock, was submit-  
ted and accepted, and the matter will

### How to Save

Saving begins at home and the foundation of a savings account is the determination to save regularly.

FIRST—Make a definite allowance for a savings deposit, as large as possible, before any expenditure is made from the regular income.

THEN—Keep a careful account of income and expenses in order to avoid waste.

### Do It Now

OUR depositors receive interest on their SAVINGS ACCOUNTS every three months—March 31st, June 30th, September 30th, December 31st. The red ink interest entries that you see put down in your savings bank-book will strike you very pleasantly indeed.

HOME SAVINGS BANKS, in large, medium and small sums, furnished on application.

## From Other Points of View

### Foster the Shunned.

His (Borden's) lieutenant, Foster, he has shunned as a pestilence, though he has tried to placate him with honeyed words.—London Advertiser.

### Call of the West.

The west needs another four years of Liberal rule to complete the G. T. P. transcontinental, to build the Hudson Bay railroad and to put into effect the beneficent exemption law of Frank Oliver.—Saskatoon Phoenix.

### Affectionate Proximity.

Mr. Foster got nearer to Mr. Borden last night than at any time during the campaign, but still he was twenty-seven miles away, at Hamilton, while the leader was at Brantford. Ain't it funny how they dodge one another.—Ottawa Free Press.

### What's That?

Mr. George Eulus Foster speaks well of Mr. William Lyon Mackenzie King. What's that? Say it again, and say it slower. Mr. Foster speaking well of anybody!!!! We'd as soon believe it of the Toronto Telegram.—Toronto Star.

### Mr. Daly's Incapacity.

Advices from Brandon are to the effect that Mr. Sifton will administer a crushing defeat to Hon. T. M. Daly. And why should he not? The people of the west remember the incapacity which marked Mr. Daly's administration of the interior department, which was well described when in his address to the electors of West Assiniboia in the campaign of 1896 the late Nicholas Flood Davin said: "We have a rich country in western Assiniboia, but its wealth has not yet been made available, mainly because of the utter want of originality of mind that has characterized the management of the department of the interior in the past."—Ottawa Free Press.

### Independent Testimony.

E. W. Thompson, the veteran Canadian correspondent of the Boston Transcript, is now making a tour of the west "sizing up" the political outlook. He has already gone over the situation in Ontario and Quebec and has convinced himself that Sir Wilfrid Laurier will be triumphantly returned, because he deserves to be on his record and because the "scandals" exploded by the opposition had no basis in truth, as Mr. Thompson satisfied himself by personal investigation. Writing from Winnipeg to the Boston Transcript, one of the greatest of American journals, Mr. Thompson says:

"Talk about hustlers! In December, 1905, nay, 1906, there was not one mile of Grand Trunk Pacific track laid out in this city. On Monday last 665 miles, crossing Manitoba and Saskatchewan, terminating presently at Wainwright, Alberta, were opened to a tri-weekly service of mixed trains. This fact, and the undertaking of the government of a railway to Hudson Bay, would seem to secure the triumph of Laurier's party in the west at the general elections of Oct. 26. But it is

not quite safe for me to express any opinion on that matter, even in the far distant Transcript. The "other fellows" are, metaphorically, hanging men and women here for the wearing of the green. My own gray scalp had been dangling at the belt of a Winnipegger, Mr. Bladner, of the Tory Telegram, ever since the ninth instant, without my knowledge. He took it simply because the Free Press, his local and Liberal rival, had ventured to republish here that long article of mine respecting the factors of the Canadian political situation which the Transcript editor had headlined as "A Judicial Review," or words to that effect. My crime was to have evinced a purely speculative opinion that Laurier will win for the fourth time. Mr. Bladner described me in colors of dreadful dye, "mercenary," "sycophant," "egregious vanity," "hireling," the device knows what not. My friends here affected scarcely to recognize the picture, and one of them brought it laughingly to my notice. Nevertheless I felt it necessary to go after Bladner's scalp, just by way of enlivening the gaiety of provinces. A whole day lost! And an anxious waiting to give me a lengthy whiff! Well, if Mr. Bladner shall publish my reply and then feel his scalp to be firmly in its proper place as mine is, all will be well with the ferocious Tory brave.

"Dangerous though it be, the duty of correctly informing the many Canadians and other Transcript readers of Boston, requires here an undaunting prognostication that Laurier will sweep the west almost bare of opposition members. All his friends here say so, and his opponents scarcely venture to minimize the calculations. This is really very important, because if the west goes Liberal, as usual, and the eastern provinces on the whole do not, then a situation of the gravest political danger to Canada will be created. I shall not expatiate on what all Canadians will instantly understand. A tremendous turmoil of agitation would certainly ensue on the prairies, one sure to unsettle business, and to alarm every part of the Dominion. For Laurier has been the bold, persistent developer of the west. His opponents, by having antagonized him at almost every point of that policy, have become so wedded to its opposite that it seems impossible they should take to his methods of advancing this region. It is inhabited by the most vigorous, cold, clever people. They cannot be checked with impunity. That is an old truism of Canadian politics. But, really, it is not necessary to indicate results, since nothing in the future can be seen more certain than that the 26th of October will give Sir Wilfrid a Dominion majority fully as effective as he gained in November, 1904."

This is the impartial estimate of a non-partisan correspondent writing for a journal which has no interest in the success of either party.

### TORONTO HEARS THE BOWSER-GOTOH STORY

At an enthusiastic meeting of electors held in Toronto last Monday when T. C. Robinson, the candidate for Centre Toronto, opened his campaign, the following allusion to the notorious connection which Attorney-General Bowser had with bringing Japanese into British Columbia was made by H. H. Dewar, K.C. After alluding to the peanut politics practiced by R. L. Borden he went on to say: "They (his hearers) had also had the spectacle of the attorney-general of British Columbia in regard to the Japanese treaty. At this time when Mr. Bowser was denouncing the government as being the head and forefront of offending there was in the till of Mr. Bowser's firm the money he received for endeavoring to bring in Japanese in violation of the convention between Japan and Canada. It was Mr. Bowser's firm that drew the contract between Gotoh, the Japanese agent, and the C. P. R. representative to bring in laborers by the back door via Honolulu."

### No Charges Proved.

We are charged with having been corrupt. What are the charges? When have they been made? In the session of eight months' duration which was drawn to a close a few weeks ago was there any charge made against the government such as was made against the Conservative government in the days of the Pacific scandal, or in the days of the McGreevy scandal, or in the days of the steel rails scandal, when the government was directly taken to task for acts of corruption for which chapter and book were given? No, sir. No charge of that kind was made against the present administration—Sir Wilfrid Laurier at Cornwall.

### Tenders Wanted

Sealed tenders will be received to noon, October 15th, for supply of sawn and hewn timbers for New Westminster-Chilliwack Railway. Cloverdale to Abbotsford, also Abbotsford to Chilliwack.

Specifications can be procured from Local Manager, New Westminster, or my office.

**THE DAILY NEWS**  
Published by the Daily News Publishing Company, Limited, at their offices, corner of Sixth and Front streets, New Westminster, B. C.  
E. A. Paige.....Managing Director  
  
WEDNESDAY, OCT. 14, 1908.

**DO NOT FORGET.**  
Do not forget that a croaker in Canada is the most useless person you can meet when it comes to sound and helpful advice. He generally feeds on garbage and consequently stinks and contaminates. Shun him as you would the plague.

**THIRTY FEET TO THE GULF.**  
The Columbian is in a dreadful condition just now over the river improvements which have been commenced. It sees an evidence that blue ruin cannot eventuate as it has said it would, but that with a thirty foot channel up this mighty waterway there must follow the establishment of immense dockage, followed by mills and manufactories, and railway termini that must take possession along the banks of the river.

The Columbian is afraid that the activity, the buzz, the great progression, and the whistles of a hundred manufacturing plants will disturb its slumbers and that it will awake to the realization of the mighty heritage we have at our feet as a result of somebody doing something, and that somebody the great Liberal party.

But this is not by any means all the fear the Columbian has, if we are to believe it editorially. It seems to see a vision of this port being put upon a basis to command the trade, before the McGreevys, the Carons, the Larsons and the Langevins have a chance to get in and make a scoop.

The fact that the work of dredging is being undertaken by the Department of Public Works and that the Government is providing the necessary costly implements to perform the work hurls the Columbian and its reference to other light dredging work being carried out by contract on which the contractors, perforce, if they had business acumen, would make a profit.

We presume the Columbian did not print the voters' lists with any philanthropic end in view and we say, if they did the work at the Columbian Printing House, they were entitled to a profit which no one will begrudge them. When we are considering profits on large contracts, we have to consider the plants which have to be specially constructed to perform the work and because the persons contracting happened to have at some time held representative positions or were friends or relatives of such persons is no valid reason why they should not carry out the work as well as others, and at as reasonable cost to the country.

If they made a profit on their contract, it is only what any sane business man would expect. But the Columbian would not have the work done by contract, neither would it like to see it done by the Department of Public Works, so that it would rather see it abandoned than done without the possibility of its friends making a haul out of the grants for the work.

**ONE POLICY.**  
Sir Wilfrid Laurier speaking in the ancient city of Quebec emphasized the fact that he was a Canadian who legislated for the whole and not for any one section or province of the Dominion and no Conservative could doubt his assertion that the Liberal party, as the leader of thought and action in the Dominion, is working loyally for Imperialism and is doing its part in cementing parts of the Empire to which it is attached by trade interests to the Throne. The various public works, the establishment of steamship communication with these outposts of the Empire as well as a more rapid and effective service with the ports of the old country, the military policy of the Government all point to closer union as bringing protection and strength to the British Empire. We have risen, as he pointed out, from the dependent colony we were prior to 1866 to the status of a nation powerful and aggressive, yet an integral part of the great British Empire. The expansion and development of the Northwest, the well considered policy of immigration, not only at the present time attracting the best class of settlers from Europe, but bringing back from the United States the enormous crowd which had been driven by circumstances under the Conservative regime to seek profitable employment under another flag, all pointed to a wise administration by the Liberal Government. He had one policy alike for Ontario and Quebec

for Nova Scotia and British Columbia, and in every inch of territory known as Canada. Contrast this with the Bordenite Rubber Policy with its opposite declaration made to fit each section without regard to its effect on other sections of the Dominion.

Think of the chaos that would result if the promises made by Borden and his speakers in the different portions of the Dominion were kept. Then Sir Wilfrid Laurier takes the high stand that he and his Government represents and legislates for, and are accountable to the whole people, and not the majority which placed them in power alone. Laurier and a larger Canada is the one thought which takes hold of the elector when he sees in the chieftain no trucking to special sections or interests, but rather the faithful working out of one well considered and well defined policy by the hands of an able statesman. There is not a tinge of insincerity in word or action by him or his Government, but rather a redemption of every pledge made in the interests of the whole people.

The task undertaken by Sir Wilfrid and his Government in 1896 was one of great magnitude, but he and his associates have proved that they were equal to the task and had unbounded faith in the gigantic possibilities in the Dominion and as session by session progress has been made their optimism has spread until it permeates the great masses so that the croaking in the Tory Rookeries remains unheeded.

**THE ALL-RED ROUTE.**

While this is not of primary importance to this constituency, yet as it affects broadly the whole of the Dominion of Canada as the pivot of the British Empire, we naturally take an interest in what is known as the "All-Red Route." We are glad to know that Sir Charles Tupper, rising above party considerations, looks upon this scheme as opportune as a cementing influence of the Greater Britain beyond the seas with the mother land, thus solidifying the Empire, but with respect to it the Tories have in the Dominion a two-faced policy.

In Ontario Tories oppose the "All-Red" project because it will be a passenger service; in New Brunswick they oppose it because it will be only a freight service.

Here is the proof:  
Mr. R. L. Borden at Norfolk, Oct. 2. Still dealing with transportation questions, he said that far from Sir Wilfrid Laurier being the originator of the "All-Red" route scheme, he was the destroyer of the practical plan, which had been drawn up by Sir Charles Tupper. Far more important than the fast passenger service across the Atlantic was a regular and properly equipped freight service.

Dr. J. W. Daniel, Conservative candidate, at St. John, Oct. 2: Dr. Daniel discussed the "All-Red" line, denounced the present proposals and declared himself in favor of a real fast service. The only proposed would, he said, be merely a fast freight service and would prove injurious to the trade interests of St. John.

But this is not the only case in which the Tories are showing a double front. In Western Ontario Mr. Borden and his followers are complaining because the Fielding tariff does not afford "adequate protection" to Canadian industries.

In Ottawa, the Citizen condemns the duty of \$7 a ton on steel rails as "a protective measure pure and simple," and characterized the new duty upon foreign beers imported into Yukon as "a very fair measure of protection to the Canadian brewers" (and this though home makers are still subject to British competition).

Still another, the Tories are campaigning for high protection in Ontario and low tariff in Manitoba. "You pay your money and you take your choice," but still the see-saw goes on.

**BOB EDWARDS SQUEALS WHEN GIVEN OWN MEDICINE**

Calgary, Oct. 13.—The hearing of the McGillivuddy criminal trial charge brought against the editor of the Daily News by Bob Edwards, of the Eye Opener, is adjourned to Friday. Counsel Nolan for Edwards was ready to proceed, but Mr. Jones for the defendant asked for a week's adjournment. Justices E. E. Taylor and Colonel Walker granted one till Friday. Seven witnesses have been summoned, including the office staff of the Calgary News. The courtroom was packed, hundreds being unable to get in.

The alleged libellous article, a letter signed Nemesis, is without a doubt the most meretricious and scathing denunciation of any man ever penned in Western Canada. In it Edwards is accused of almost every crime in the calendar except murder, his moral standing being especially questioned.

**NEWSPAPERS WILL DECREASE IN SIZE**

**Napoleon of English Press Believes Increased Cost of Paper Will Bring About a Change.**

New York, Oct. 13.—Lord Northcliffe, the head of the Harmsworth corporations, which own the London Daily Mail and many other English publications, accompanied by Lady Northcliffe, his mother, Mrs. Harmsworth and Mrs. Algernon Douglas-Pennant, is here to take two months' holiday, and incidentally to watch the election in November.

"Personally I have come for a little holiday, to look on at the election and to talk with many old American friends," he said. "I notice that some of the American newspapers are smaller in size than they used to be, and I fancy they have not even yet reached the limit in that direction. White paper must inevitably rise in price. Prodigious extravagance in the cutting down of forests, forest fires and the increased demand for the wood of the spruce tree caused by the growth of newspapers all over the world must have only one end, unless some of your geniuses help the situation by discovering a substitute for wood pulp. Some 5000 different materials have been tried, but vainly. There is nothing like wood.

"Even American resourcefulness and initiative cannot grow a paper tree in fewer than 35 to 50 years. Therefore, in my opinion, many of your daily journals must reduce their size, or else increase their price in the future. I am in favor of the smaller, rather than the dearer newspaper, although I have no rooted prejudice either way."

**No More Football on Sunday.**

There will be no more Sunday games in the Pacific Coast Football league. As a result of the protest from the Victoria club the league has decided to do away with the Sunday fixtures. The schedule will be revised at a special meeting of the league to be held in this city on Oct. 31.

**GRAND FORKS HOTEL PREY TO FLAMES**

Grand Forks, B. C., Oct. 13.—Carson hotel, owned by John McLaren, was destroyed by fire at 3 p.m. yesterday. The loss is about \$5000, with no insurance. The cause of the fire was a defective flue in the kitchen.

Transferred to Toronto.  
Ottawa, Oct. 13.—Colonel Grant, principal medical officer at Victoria, has been transferred to Toronto.

**Tenders Wanted**

Sealed tenders (whole and separate) marked "Tenders for Bridge" will be received by the undersigned up to 1 p.m. of November 7th, 1908, for the following:

1. To supply the material and build the substructure of a bridge across the North Arm of the Fraser river at the site of the present Lulu Island bridge in this city.

2. To put in place and complete the superstructure of said bridge, the materials for which will be provided by the corporation.

Plans and specifications can be seen at the office of the City Clerk.

A marked cheque for Fifteen Hundred Dollars must accompany each tender.

The lowest or any tender not necessarily accepted.

W. A. DUNCAN,  
City Clerk.  
City Hall, New Westminster, Oct. 13, 1908.

The Flyer brought a boom of shingle bolts down yesterday for the Independent Shingle Mills, Lulu Island, from Port Haney.

For cut flowers for any floral work, ring up Tidy, the florist. Phone 184.

The new C. P. R. time table, now in force, contains no changes so far as the local passenger service is concerned.

All Columbia phonograph disc records in stock now selling at 50c each, regular price 75c. Buy while the choice is large. J. H. Todd's music house.

Joseph Martin, K. C., who is in the city on legal business, speaks tonight at St. George's hall, under the auspices of the local Asiatic Exclusion League.

Clearance sale of over 4000 Columbia phonograph records at J. H. Todd's music house. A 75c record for fifty cents. Come early, as this stock reducing sale will not last long.

J. Saur, an employee of Reichenbach's slaughter house, yesterday afternoon shot and killed a large panther within a few yards of the building. The pelt will be placed on exhibition at Reichenbach's meat market.

The time for obtaining the rebate in Burnaby municipality on 1938 taxes expires on October 15, 1938.

A meeting of the Columbian college board was held yesterday afternoon, when a large amount of formal business was transacted. The directors expressed themselves well satisfied with the arrangements made for guests at the recent banquet.

A start was made yesterday near the Eighth street slip with the sewer which is to run up that street. At present it will be carried as far as Canarvon street, as the City council is pledged to accommodate the new stables of S. H. Thompson.

Eyes tested free of charge at Horace Dorer's, Ophthalmometer and Retinoscope. Ophthalmic room at your service.

The Provincial police have served a large number of summonses in connection with the Hazelmere murder trial, which will be heard next week at the Fall assizes. The attorney-general will prosecute for the crown. It is not yet known which judge will take the assize.

The body of Horace Wright, foreman of the Phoenix cannery, who was drowned near Steveston on Sept. 23, was recovered yesterday morning near Ladner, the remains being taken to Steveston. Deceased leaves a wife and four children to mourn his loss, the family residing at Steveston.

All dealers handle "B. C." and "Old Sport" cigars. The old reliable brands.

In a practice game at Moody square yesterday afternoon between the intermediate and junior soccer teams of Columbian college, neither side scored, the intermediates playing with only a few of their regular men. The Grandview team will play a game against the second division at Vancouver on Saturday.

A wrecked B. C. E. R. car, which had been smashed into by the G.N.R. Owl on the Westminster avenue bridge, Vancouver, on Monday night,

was brought to the local car shops for repairs yesterday afternoon. At the time of the accident, only the motorman and conductor were in the car, both escaping without injury.

For first class cut flowers, pot plants or bouquets, telephone Davis & Son, florists. Tel. B 208.

Arrangements are being made for the holding of a billiard tournament early next month at Chapman's pool rooms, between thirty to forty cue experts having signified their intention of taking part. Two valuable prizes

will be offered. The trophies will be placed on view in the course of the next few days. All games will be 350 points up, handicap.

A census of New Alberni was taken last week by R. F. Blandy, who figures the white population up to 155.

D. McCalum will referee the Nationals match with the Rovers in the first division of the Vancouver District Football league on Saturday.

T. S. Annandale, as agent for J. S. Grant, F. H. Wiggins, B. Wilberg, R. Kilpatrick and himself, has applied to the mining recorder for a certificate of improvements on the following mineral claims: Deep Creek, Mayflower, Joe Dank, Yellow Copper, and Sunshine, located about sixteen miles north-west of Port Douglas, Harrison Lake.

For sale—Seven roomed house, bath room, pantries, closets, woodshed, horse stall, carriage house, fruit trees, on full lot. For further particulars apply to owner, 192 Eighth street.

Fifteen hundred tons of steel rails, to be used on the construction of the Westminster-Chilliwack tram line, will arrive at the B. C. E. R. wharf today on board the barge Georgia, having been transferred at Vancouver yesterday from one of the Blue Funnel liners. Each rail weighs in the neighborhood of 355 pounds. The laying of the steel between this city and Cloverdale will commence as soon as the rails can be got to their destination.

C. Hamber, a member of the old firm of W. J. Walker & Co., has returned to the city, after an absence of some years, and commenced business anew as an accountant and auditor, with offices in the Brine block. Mr. Hamber is well known to many old timers of the city and will be likely to enjoy a good connection.

J. J. Senon, a member of the Seattle Yacht club, and well known in Washington business circles, accompanied by his wife and a party of guests, called at the B. C. E. R. wharf yesterday in his splendidly appointed schooner yacht. They were en route for Pitt river, where the party will arrive in time for the opening of the shooting season. The yacht is a model of comfort, every possible luxury being provided.

The mysterious disappearance of a Chinaman, Lim Yuen, a vegetable peddler, is causing considerable uneasiness to his many "cousins" in the local Chinatown. Lin was last seen on Friday afternoon on McInnes street. Chon Yuen, a storekeeper, and a "cousin" of the missing man, has caused a number of posters to be distributed in Chinatown, he taking this means of informing all and sundry that he is willing to pay a reward of \$2 to anyone who will give information concerning the missing man. At latest reports, the reward had not proved much of an incentive among the Celestials.

**SIR THOMAS SHAUGHNESSY  
INSPECTS WESTERN ROADS**

Party of C. P. R. Directors on Its Way to Coast—Double Track Wheat Road Taken Over.

Winnipeg, Oct. 13.—Sir Thomas Shaughnessy and a party of directors of the Canadian Pacific arrived here this morning and accepted from the contractors the double track wheat road, 422 miles, running between here and Fort William, built at a cost of ten millions, through deep cuts and muskings. From here the party goes to Lethbridge, to take over the Alberta railway and its properties, including 113 miles of railway, the big colliery at Lethbridge and 425,000 acres of land suitable for immigration.

There has been rivalry for years between the C. P. R. and J. J. Hill to possess these interests, as it is the connectin glink between the Hill system in Montana and Southern Alberta, Hill desiring to make it a portion of his main line to Vancouver. The party then goes on to inspect the spiral tunnel work at Kicking Horse river, where a thousand men are at work breaking the backbone of the Rockies, enabling a train at Big Bend to be hauled by one locomotive where it takes five now.

ADVERTISE IN THE NEWS

## THE SCHOONER.

Where the Fore and After Beats the Square Rigger.

The ability of the schooner to meet the requirements of present day conditions, while the square riggers have been found wanting, can be readily understood when we take into consideration the numerous advantages possessed by the fore and aft rig that are essential to the ideal carrier.

Operating expense, that prime factor in all transportation problems, is here reduced to a minimum, for there is no motive power so cheap as the free winds of heaven and no other craft so well adapted to utilize and control this force. The sails are of handy form and can be readily handled from the deck by a handful of men or with steam power if desired. The schooner can sail several points nearer the eye of the wind than a square rigger is able to do.

Built on the old clipper model, they sail like witches and owing to their peculiar construction can be readily loaded and discharged. They require but little ballast and having no heavy top hamper, can, if necessary to the trade, take on immense deck loads. In the lumber traffic of the Pacific northwest we find these vessels leaving port with huge deck loads towering ten to fifteen feet above the rail. Occasionally they get caught in a blow and have to sacrifice a portion of the deck load, but where one meets such a mishap dozens reach their destinations safely and land their cargoes intact.—James G. McCurdy in *Outing Magazine*.

## A GAME OF POKER.

It Was an Object Lesson on Playing Cards With Strangers.

A card sharp well known to the stewards of the great ocean liners was a passenger on a recent trip across. He received a line at Queenstown, which had the effect of keeping him out of the large games in the smoking room. He contented himself with penic and bridge at 25 cents a hundred points. On the evening before landing one of his bridge party, none of whom knew that he was a professional with a bad record, proposed changing the game to poker. "It's bad practice," said the card sharp, "to play poker with strangers. There's too much risk, but it's all right in this case." The others said there was no risk if a man had good sense and kept his eyes open. The deal fell to the professional, and when cards had been drawn by each man he said: "Now I'll show you how much you know. Mr. A, you have the winning hand. Mr. B, your three queens look good, but what show have they against Mr. C's four fives? And what good are they against A's four kings? Does it tally?"

## Color of the Bride's Gown.

It is interesting to note that the choice of white for wedding dresses is comparatively a modern fashion. The Roman brides wore yellow, and in the most eastern countries pink is the bridal color. During the middle ages the renaissance brides wore crimson, and most of our Plantagenet and Tudor queens were married in this vivid hue, which is still popular in parts of Brittany, where the bride is usually dressed in crimson brocade. It was Mary Stuart who first changed the color of bridal garments. At her marriage with Francis II. of France in 1553—which took place not before the altar, but before the great doors of Notre Dame—she was gowned in white brocade, with a train of pale blue Persian velvet six yards in length. This innovation caused quite a stir in the fashionable world at that time. It was not, however, till quite the end of the seventeenth century that pure white, the color hitherto worn by royal French widows, became popular for bridal garments in England.—*Church Eclectic*.

## Pat His Foot in It.

On one occasion in Scotland a guest arriving rather late at a country house was quartered in the haunted room. Although professing to be a skeptic, like many others, his courage vanished with the light. Determined, however, to protect himself as well as possible, he placed a loaded revolver under his pillow and awaited events. As the clock struck midnight he saw a fleshy hand at the end of the bed, and, steadying his nerve, he addressed the visitant thus: "If you do not instantly remove your hand I shall fire without further warning." He counted three and then discharged the bullet. A howl of pain which aroused the household followed, and it was soon discovered that the successful marksman had shot away two of his own toes.

## What Chance Had He?

A physician tells of two young friends in his city who entered simultaneously upon their respective careers of physician and lawyer. Late one afternoon the newly made doctor dashed into the room of his legal friend, exclaiming:

"Great luck, old man! Congratulations! Got a patent at last! On my way to see him now!"

Whereupon the legal light to be clapped his friend on the back saying, "De lighted, old chap!" Then, after a slight pause, he added, with a sly grin:

"Say, let me go with you. Perhaps he hasn't made his will."

## A Scientist.

"Father," said the small boy, "what is a scientist?"

"A scientist, my son, is a man who calls ordinary things by such long names that you can't recognize them."

## THE NORTHERN CROWN BANK

Comprising the Northern Bank and the Crown Bank of Canada, amalgamated under authority of Act of Parliament.

## WINNIPEG WILL SEND CURLERS TO BONNIE SCOTLAND

Winnipeg, Oct. 13.—At a large meeting of the Manitoba Curling association yesterday, it was decided to send ten men to participate in the bonspiel of the Royal Canadian club, to be held in Scotland next winter.

## THE STAGE

## "The Flaming Arrow."

In presenting "The Flaming Arrow," by Lincoln J. Carter, the American author, at the Opera house tonight, theatregoers will have a chance to see an art creation worthy of the sort. The characters are fitly and ably taken by people who know their business, some of the cleverest actors before the footlights being included in the cast.

The play is one that will live as long as the American drama is in existence. It tells in the best style and most interesting and graphic manner the life of the Indian and inhabitants of the western border. The comedy is unique and original; the climax is intensely dramatic and consistently wrought up, and the love scenes sweet and romantic. It is essentially the great story of the play that has made it such a long life and it will be a difficult matter on some other author's part to produce a drama as good as this play.

## "The Honeymooners."

George M. Cohan is prodigal with his wonderful gifts of humor, musical composition and dialogue. He lavishes riches upon his productions, and "The Honeymooners," his latest and greatest song show, which comes to the Opera house on Thursday, contains no less than twenty new songs, a breezy stirring plot, crisp fascinating dialogue, and two score of the prettiest girls who have ever left Broadway under the Cohan banner.

Cohan has the rare gift of steering a strong plot amid music and laughs, and preserving its coherence. Among the song hits in the big show are "Kid Days," "Let's Take an Old Fashioned Walk," "I'm a Popular Man," "In a One Night Stand," "I'll Be There in the Public Square," and "If I'm Goin' to Die I'm Goin' to Have Some Fun." There are some forty pretty girls, all skilled chorus workers, gowned up to the minute and brimming over with Cohan vivacity. In the powerful cast are such Broadway favorites as Willie Dunlap, Walter Chester, Daniel Sullivan, Jack London, Thomas A. Hearn, William Singer, Annie Wheaton, Gertrude Le Brandt, Rose Gilden and Minnie Pilford. "The Honeymooners" is the best of the Cohan song shows.

## TO TRY AEROPLANE AT GREAT HEIGHT

Paris, Oct. 12.—According to a Paris newspaper, Wilbur Wright, the aviator, has told Lazare Weller, head of the syndicate that has purchased the French rights to the Wright brothers' machine, that as soon as he has completed his contract with the syndicate by instructing three pilots in the workings of the aeroplane, he will attempt some flights for height. There is no reason, he is reported to have said, why he should not go up to a height of 3000 feet.

## STRONG EFFORTS BEING MADE TO PREVENT TERRIBLE WAR

Most Important Gathering of Diplomats of Modern Times  
Is Striving Hard to Maintain Peace in Unsettled  
Europe—Bulgaria Is Ready for Immed-  
iate Warfare.

London, Oct. 13.—M. Iswolsky, the Russian foreign minister, and Sir Edward Grey, British secretary of foreign affairs, are today considering what features of the European international situation should be included in the deliberations of the expected conference of the powers in addition to the complications in the near east. The impression prevails here today that with the widening of the scope of the conference the meeting will be one of the most important, if not the most important gathering of diplomats of modern times. It is understood that France agrees with the attitude of England and Russia. Turkey is delighted with the prospect. The Kaiser, who has stood aloof during most of the discussions, has not made his attitude clear.

The greatest danger now lies in the possibility of the precipitation of war between Bulgaria and Turkey or Serbia and Austria, and many diplomatic instructions were sent today to representatives in the Balkan capitals instructing that most urgent appeals be made for the postponement of hostilities until every opportunity is had for a peaceful settlement of all the differences. Iswolsky is credited with a diplomatic victory in inducing England to agree to enlarge the scope of the conference.

### Reserves Called Out.

Sofia, Bulgaria, Oct. 13.—The Bulgarian government, at the direction of Czar Ferdinand, today summoned all classes of reserves, which means that the whole army of the country will take the field at once, in spite of the threat to declare war unless Turkey recognizes officially the independence of Bulgaria within three days. Active preparations for actual warfare are being rushed today in all parts of the country.

### BAPTIZING SHIPS.

The Modern Method a Survival of a  
Barbaric Custom.

If fair young women sponsors who take a great deal of pride in breaking a bottle of champagne over the prow of a ship as she slides into the water for her first boat know something about the origin and significance of the launching custom, the chances are they would not be so eager to see the bottle crash and the foaming liquid wet the sides of the vessel.

It is a survival of a barbaric custom when sacrifices were made to the gods and some living victim or offering was held up and its throat cut so that the blood flowed over the prow of the ship being launched. The vessel was baptized in warm blood. Now sparkling wine or pure water is used, and the change has many advantages, though the symbolism remains.

There is another curious custom aboard ship that is interesting in the way it has been handed down to us. When a dignitary visits a foreign country, the moment that his ship enters port a formal salute is fired as a signal of welcome. This custom was observed years ago, when it was considered the correct thing for a port to fire its guns to show the visiting stranger that the citizens and authorities placed such confidence in his friendliness that it was not considered necessary to keep the guns loaded, so all the shot was discharged.—New York Herald.

### Golf sticks.

It is of the utmost importance that the golfer should be on terms of the most complete confidence and intimacy with all the clubs in his bag, and particularly the wooden clubs, from which he gets his length. Such confidence cannot be established during the first few seasons of a golfer's experience. It needs a long time and much thought to grasp what are the essential features of a wooden club that make it exactly suited to the peculiarities of a particular player.—Fry's Magazine.

## LAURIER AUDIENCES FILL TWO BIG HALLS

Premier Declares That if  
United States Wants Reci-  
procity, It Must Come to  
Ottawa for It.

Montreal, Oct. 13.—Sir Wilfrid Laurier spoke yesterday afternoon at Farnham, Que., and in the evening at the neighboring town of Granby. At Farnham two thousand people turned out to greet the premier, and he was presented with addresses of welcome from the town.

In his speech Sir Wilfrid declared that if the United States wanted reciprocity with Canada it would have to come to Ottawa and ask for it for the Canadian government was not going to Washington again.

At Granby there was a big crowd, so large that the audience had to be divided into two halls, the French in one, and the English in another. Sir Wilfrid spoke in both languages.

### FIRST FLAG FLOWN

#### OVER LEGISLATURE

Winnipeg, Oct. 12.—Sheriff Inkster, who was speaker of the last Upper House of Manitoba, has just received an interesting relic. It is the first Union Jack ever flown over the legislative building in Manitoba, and has been in the possession of V. Beaupre, of Glendon, Alta., for over thirty years.

## Keep Wide Awake

A Blindenburg merchant was dozing in his store one day when a little girl with a pitcher appeared in the doorway and asked for a quart of molasses. The storekeeper yawned, stretched himself, half opened his eyes, and then in an injured tone said, "Ain't there nobody in Blindenburg that sells molasses but me?"

Sealed tenders addressed to the undersigned, and endorsed "Tender for Electric Light Fixtures, Post Office, Vancouver, B. C." will be received at this office until 1:30 p.m. on Friday, October 24, 1908, for electric light fixtures at the Post Office, Vancouver.

Plans and specifications can be seen and forms of tender obtained at this department, and on application to Chas. Tossell, Esq., Clerk of Works, Vancouver.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,

NAP. TESSIER,

Secretary.

Department of Public Works, Ottawa,  
October 2, 1908.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

## RIVALS PRODUCED HERE BY JEFFERSON BROS.

Sheridan's Famous Comedy Played to Small House—Company Gave a Capital Characterization.

The public cannot surely have tired of the verbal blunders of Mrs. Malaprop, the swaggering Bob Acres, and the grandiloquence of Capt. Absolute, especially when "The Rivals," Sheridan's incomparable comedy, is played by such a capable company as the Jefferson Bros., but such seems to be the case from the moderate attendance at the Opera house last evening. To Bath Sheridan owed his wife and the familiar characters, clothed in the artistic habiliments of eighteenth century society, are true copies of the men and women who drank the waters, lolled round the card tables, or promenaded in the most fashionable of watering places. But to no day or generation belong the follies, the mannerisms, and the actions of the cast. William W. Jefferson plays "Bob Acres," and the boasting, uncouth lover, afraid almost of his shadow, was admirably portrayed. The ludicrous positions in which he found himself were fully taken advantage of by the actor. Joseph Jefferson takes the part of "Sir Lucius O'Trigger," and full scope is given to the Celtic wit and sarcasm, especially in the duel scene. "Capt. Absolute" is in the hands of Leopold Lane, and he is quite alive to the opportunities of the successful lover. Rosa Rand is "Mrs. Malaprop," ever saying the wrong thing at the right time, eternally proving the maxim that a little knowledge is a dangerous thing. The heroine is played by Blanche Bender, and the other parts are in good hands. The scenery deserves commendation.

## ENGLISH OLYMPIC TEAM CROWDS ON THE HOME

Lacrosse Players of Britain Have "Defence Wings" on the Field—Line-up of Twelve Announced.

Great interest is being taken in the games with the Canadian Olympic lacrosse team throughout England, and after several trials a team has now been selected to meet the visitors at the Stadium. The chief faults with the English team are crowding in the home, and shooting too far out from goal. It will be seen that the naming of the positions on the field is somewhat different from that adopted here. The committee have chosen the following men:

C. H. Scott (West London) goal, G. Mason (Stockport) point, H. W. Ramsey (captain) (Woodford) cover, E. O. Dutton (Albert Park) third man, W. A. Johnson (Oxford university) and J. Parker Smith (South Manchester) defence wings, N. H. P. Whitely (South Manchester) centre, G. F. Buckland (Old Humeians) and S. Hayes (Stockport) attacking wings, G. Alexander (Eccles) third home, R. G. Martin (Catford) second home, E. P. Jones (West London) first home. Reserves: C. J. Mason, F. S. Johnson, V. G. Gibbey, H. Shorrocks, J. Alexander and L. Blockey. Referee: Alfred Norris. N. E. L. A.

## CURIOUS LEGAL DISPUTE OVER LABOR TAXES

There is a long cause list at the monthly county court. His Honor Judge Howay made a start yesterday, and the trials will be continued today. The only one so far heard is that of the corporation of Malsburg vs. Hill Tour, and the Hill Tour Lumber company, for \$216, the evidence being completed. His honor reserved his decision. The amount in dispute is alleged to be the statute labor taxes collected by defendant for men working in his mill at Abbotford. The mill company had, it was explained, been refused a grant for improvement of the road leading to the mill by the municipal council. Defendant, who was also pathmaster of his district, secured a receipt book from the clerk of the municipality, and gave receipts to the men for labor taxes up to the amount claimed. The corporation, represented by Martin & McQuarrie, sued for the recovery of the amount expended. A number of witnesses were heard, including defendant H. King defended.

The cases down for hearing today are: Blair vs. Hemphill; R. Miles vs. R. Oddy; The Great West Life Co. vs. Chaplin; A. McDonald vs. Cohen & Smiley; Kamasoye vs. Sullivan & Hilland Lumber Co.; James Barry vs. John Jackson, and M. Christensen vs. J. McLean.

## An Underwear Department That Can Supply Your Every Need

It is not the ordinary kinds of Underwear for women, misses and children that are to be found here. True it is that we carry many lines which are similar to what you can buy elsewhere, but then again we pay special attention to the selection of unusually good underwear. Some of our stores think it is not worth while to bother with. Take the time to read about the lines mentioned below. Then visit our underwear department and see for yourself if our values are not all we claim. Just mention any line you wish to see and it will be shown to you with pleasure.
