

HIGHWAYMEN BREAK UP FRIENDLY CARD GAME

oker Party at Comaplix Interrupted by Masked Men Holding Strong "Cards."

Revelstoke, July 17.—Word comes from Comaplix of an attempted hold-up there Thursday night. A number of men were enjoying a quiet game of "paw" in the station room when a sudden command was heard: "Hands up!" For a moment it was treated as a joke, but it was followed at once by a hand up and hands against the wall. The members of the little gambling party found themselves confronted by two masked men holding revolvers in four blackgloved hands. There was no further hesitation. Seven men rose promptly and fourteen hands struck the wall.

Just as one of the robbers was about to begin operations on the pockets of the victims, "Papa" Bear, foreman of the lumber camp, who was at one end of the line, made a break through a sliding door into a little baggage room. There was no other means of exit from it than the way he had entered, but that fact was unknown to the hold-up men. They took for granted that one man had escaped and could give the alarm. One revolver was discharged, whether with intent to frighten the men or by the trembling of the hand of a bandit, and the masked strangers disappeared into the night.

GUNBOATS ORDERED TO WATCH HAITI AND HONDURAS

Washington, July 17.—In view of the unsettled condition at Porto Corico, Honduras, and the revolutionary movement there, the navy department has ordered the gunboat Marietta, now at Port Antonio, Jamaica, to proceed there without delay. Capt. Maxwell is under instructions to investigate and report on the situation.

After a conference between Acting Secretary Newberry, of the navy, and Acting Secretary of State Bacon, today, it was announced that the gunboat Paducah would be ordered immediately from Guantanamo to Port au Prince, Hayti, to remain there a short time.

HOP GROWERS TO AROUSE PROHIBITION SENTIMENT

Portland, Ore., July 17.—A special to the Oregonian from Salem, Ore., says:

Arrangements were completed tonight for a hop men's meeting at the opera house Saturday, to arouse sentiment in favor of prohibiting the sale of whisky, but not beer. An effort was made to have the Prohibition element join in the movement, but was unavailing, only one minister consenting to participate. Hop men have also initiated an anti-treating crusade, and beginning today will hereafter neither accept nor buy liquor for others.

Worms Destroy Cherry Trees.

Colville, July 17.—A peculiar sort of worm is at work in the cherry trees in this county. It hatches on the leaf and works the green from the fiber until the foliage loses life. Spraying seems not to affect the pest, but where a strong spray of water can be obtained it is an easy matter to wash them from the trees.

C. P. R. and Harriman Take Over Property of B. B. & B. C. Railway

Portland, Ore., July 17.—The sensation of the day in railway affairs on the Pacific coast is the formation by Union Pacific and Canadian Pacific interests of a holding corporation to take over the property of the Bellingham Bay & British Columbia Railway company.

The object of the deal is twofold. First, it is to give the Harriman lines an entrance to Vancouver, B. C.; and, next, to provide an arrangement by which the Canadian Pacific may gain access to Seattle.

The Union Pacific—the chief Harriman interest in railway deals in the vicinity of Seattle at the present time

LITTLE STEAMER NEARS END OF LONG AND SLOW VOYAGE

Boat Built for Service on Fraser River Reaches San Francisco on Way to Vancouver from England.

San Francisco, July 17.—The British steamship Cariboo, a small passenger craft built for service on the Fraser river, put in here today for coal on its way from Barry, England, to Vancouver, B. C. After taking a supply of fuel, the Cariboo resumed its northerly way.

The Cariboo was built for the Union Steamship company, of Vancouver. Capt. Polkinghorne brought the little steamer on its long voyage. The Cariboo was eighty-three days from Barry, and on account of its limited bunker capacity made numerous calls for coal. Fine weather was encountered during the entire voyage.

CHINESE PARTY COMING TO STUDY COMMERCE

Distinguished Natives of Flowery Kingdom Deputed to Tour World in Interests of Nation.

Victoria, July 17.—A party of four distinguished Chinamen is expected to reach Victoria some time next month on the first leg of a tour which will include the principal cities of Canada and the United States as well as Great Britain and other European nations.

Their mission to the Occident is one of the highest importance, according to prominent local natives of the Flowery Kingdom. They have been commissioned by the authorities to investigate the commercial systems in vogue in other countries, obtaining data for the preparation of a comprehensive report.

It is stated, as well, that in all probability the Victoria merchants would arrange for an official reception of the party booked to arrive in August. As they were likely to stay upwards of a week in the capital, their countrymen would have ample time to extend them a hospitable welcome.

SANITARY CAMPAIGN IN RESTAURANTS OF VICTORIA

Hotelkeepers Not Living Up to Health Regulations—Inspector Insists on Kitchens Being Cleaned.

Victoria, July 17.—Now that he has succeeded in putting the laundries of the city in proper sanitary condition, Health Inspector Lancaster intends to institute a campaign against those keepers of restaurants who are not living up to the health regulations.

In the case of one of the prominent hotels of the city he found the meat stored in a screen cooler adjoining which was a chute through which ashes were discharged. This meant that every time any ashes were sent down the chute a large amount of them would land on the meat which was afterwards served up to the guests. In other places he had found the kitchens saturated with grease, the ceilings hung with cobwebs and the places generally about as filthy as it would be possible to imagine.

JOHN LAWTON PROVES CAPABLE LECTURER

Tacoma Traveller Speaks on Tour Through Europe—Orient Is Subject Tonight.

An audience waited patiently last night to hear John Lawton, the noted traveler, writer, and lecturer, at Queen's Avenue Methodist church. The delay was due to the failure of the B. C. E. R. to bring over the electrical arc light stereopticon with which the slides were shown. However, upon its arrival, the lecturer held his audience well in control while he spoke on a visit to Europe. Rev. W. H. Barracough presided.

On Canadian Soil. The lecturer, who has an easy and fluent delivery, and is well supported by about 150 colored slides at each lecture, talked in an interesting manner on his subject, which as it covered the historic traditions of England, the natural beauties of Ireland, the

artistic taste of France, and the ecclesiastical and antiquarian marvels of Italy, was a theme to call forth the ambition of any speaker. He began at Tacoma, and first dealt with the Canadian Rockies, jumping to Ottawa, where in connection with the parliament buildings he paid a tribute to Canadian legislation. The beautiful Catholic cathedrals of Montreal and Quebec introduced the lecturer to pictures of the Wolfe and Montcalm memorial at the ancient capital, and from Quebec he reviewed his voyage in the Empress of Britain to Liverpool.

English Scenes. Bristol was the subject of a number of pictures, recalling the expeditions of Sebastian and John Cabot which led to the discovery of Newfoundland. Views of the facade of Wells cathedral, and the ruins of Glastonbury abbey followed, and then the great historic buildings of London came under review. The pictures shown of the British museum were particularly faithful to detail, and naturally much was said of Westminster Abbey and its monuments. Like all Americans, Mr. Lawton was struck with the marvellous success of the London police in handling the volume of traffic which is always surging through the streets of the world's metropolis.

In Ireland and France. Crossing the Irish channel, the lecturer waxed eloquent on the beauties of the Giant's Causeway, and of Killarney's lovely lakes. He showed the typical jaunting car, and told some stories of Irish humor. Crossing the English channel to Dieppe, after a graphic discussion of the sad effects of mal de mer, the audience was taken to the glorious boulevards and symmetrical buildings of Paris, the heart of France, the embodiment of its passions, and its volatile temperament. Through the Mount Cenis tunnel the lecturer was deposited at Turin, the old Savoy capital.

Under Italian Skies. The Eternal City called for especial

THREE HUNDRED MEN STRIKE AT BELLINGHAM

Refused Advance of Fifty Cents a Day, Workmen Walk Away From Mills.

Bellingham, July 17.—Every man in the Paget Sound Mills and Timber company's plant walked out late this afternoon because a raise in wages was refused them.

The men were receiving \$1.75 and demanded \$2 a day for ten hours. A. Martin, the superintendent, refused to accede to the demands of the men and they quit on the spot.

More than 300 workmen are on strike. The management of the mill declares the raise will not be granted.

POACHERS IN NORTH WILL BE WELL WATCHED

New Patrol Vessel Launched at Nanaimo for Service in Protecting Fishing Banks.

In future the government fisheries cruiser Kestrel will have assistance in her work of protecting the fishing banks from the raids of poachers. At Nanaimo on Tuesday afternoon the new vessel which is intended to patrol the banks to the north of Vancouver was launched and given a trial run.

The schooner North, which was seized by the Kestrel for poaching some time ago, was used to form the hull of the new boat, being enlarged and rebuilt, and engines placed in her to send her through the water about twelve miles an hour. The new boat is very seaworthy, and is neat in appearance. Captain Laird will be in command of the new steamer, and she will proceed to the fishing banks at once to aid the Kestrel in her work. Her home port will be Nanaimo.

TWO BOYS ACCIDENTALLY SHOT BY WESTSIDE RESIDENT

Two boys, Fritz Meyers, and a companion, Saunders, were lying down in the grass on the Westside yesterday, when they were startled by the report of a gun, and a charge of shot passed over their heads. Only a few grains of shot, fortunately, lodged in the boys' heads. It appears that a resident had procured a shotgun to kill a dog which worried his fowls, and the boys were in the line of fire. Fortunately they were not badly hurt, but it was felt desirable to call in medical advice.

Small Boys Rob a Safe.

New York, July 17.—Four youthful prisoners so small that they had to be held up by a policeman while giving their pedigrees at the station house were arrested on the charge of robbing a safe in Joseph Adler's hardware store on Amsterdam avenue of \$150 in money and checks for \$542.

notice, and many were the pictures of Rome thrown on the screen. The Coliseum, where Christians once went boldly to the lions, and where the lecturer, as a delegate of the International Sunday School association, took part in a religious service, called for his notice, and naturally the marvels of the largest temple in the world, the Cathedral of St. Peter's, were dealt with. Florence, the city which denied to Dante a place of burial, and where Michael Angelo left on canvas work which the world will never readily forget; Venice, with its palaces, and dungeons; and Milan, with its cathedral of innumerable spires, brought the lecturer through much interesting matter, and his story to a close.

Tonight Mr. Lawton will speak on what he saw in Turkey, Syria, Palestine, and Egypt, and has more slides of the Orient than were shown last evening of Europe. All attending are assured of a most instructive and entertaining lecture.

PROHIBITIONIST PARTY SELECTS WILLING VICTIMS

Candidates for President and Vice-President Selected at Dry Legislative Convention at Columbus.

Columbus, July 17.—For president, Eugene W. Chaffin, of Chicago, for vice-president, Aaron S. Watkins, of Ada, Ohio.

The above ticket was nominated today by the Prohibition national convention. Both men were chosen unanimously. The full endorsement of the convention was not, however, given to Mr. Chaffin until after three ballots had been taken.

Both the presidential and vice-presidential nominees are candidates for governor in their respective states on the Prohibition tickets.

Eugene W. Chaffin, who leads the Prohibition party this year, is an attorney residing in Chicago. He is a native of Waukesha, Wis., and for some years practiced law there. He was at one time candidate for governor of Wisconsin on the Prohibition ticket, and was this year placed in the running for the same position in Illinois by the Prohibitionists of that state.

The forenoon session of the convention was devoted to the discussion and adoption of a brief platform, which is possibly the shortest on record, containing not more than 350 words.

CATCH OF SOCKEYES IS HEAVY AT BELLINGHAM

Bellingham, July 17.—Yesterday's haul of fish from the traps of the Pacific American Fisheries exceeded any catch this season, a total of 17,000 sockeyes having been brought in. Both the P. A. F. and the Bellingham Canning company have been busier than usual today putting up the catch. The Bellingham cannery received 6,000 fish.

Funeral of H. N. Livingston.

The funeral of Harold Norman Livingston, the three year old child of James Livingston, of Richmond, who was drowned in a ditch adjoining the dyke on Lulu island Wednesday, took place yesterday at the Odd Fellows' cemetery. The casket was brought up by boat during the morning, and the little coffin was covered with flowers. Rev. J. S. Henderson conducted the service. Those sending tributes were the parents; Ada Livingston, Mary Livingston, John Livingston, Nellie Thomas, Maud Thomas, Mrs. Winterbottom and Miss Sloan, Mr. and Mrs. Currie, and N. Braidner.

Suffragette Incites to Riot.

London, July 17.—Mrs. Drummond, a leader of the militant suffragettes, yesterday told an out-door meeting of 5000 persons, mostly curious on-lookers, that she was out for sedition or anything else, if it would bring votes for women, adding: "If you men will come to the House of Commons with plenty of sticks and stones I will be there."

Westminster Money at Victoria.

Victoria, July 17.—With betting 4 to 3 in favor of the Shamrocks defeating the New Westminsters, \$200 has been posted with Harry Hemming, new proprietor of the Diard, formerly of Vancouver, in favor of the New Westminsters.

San Francisco, July 17.—The bark Yeoman dragged her anchor yesterday and drifted down on the ship Drummond, also at anchor, in Mission bay.

Anglo-Japanese Relations Are Said to Be Much Less Cordial

London, July 17.—Evidence of growing unfriendliness between England and Japan appeared today in the announcement that the House of Commons shortly will take formal notice of the charges that Japan is gradually crowding British commerce from Korea and Manchuria.

The suggestion that England and the United States form an agreement in regard to the action to be taken in Oriental affairs has been frequently made.

The action of Japan in endeavoring to monopolize the entire commercial interests, as charged in the complaints which are made here repeatedly, is unpleasant to the big Britishers in Oriental trade.

POLICE PUT BRACELETS ON TRACK GAMBLERS

Men Make a Lively Scene When Arresting Touts and Tipsters.

New York, July 17.—There were exciting scenes at the Brighton Beach race track today, resulting from the tactics of the police in their determination to run down and round up the track gamblers. Arrests were made right and left by plain clothes detectives, detailed to the track in place of the uniformed squad that has been on duty there. The crowd of 5000 in the field and in the stands was wrought up to a high pitch of excitement when detectives not only took a score or more of suspects into custody, but proceeded to search some of them in full view of the spectators.

There were no demonstrations against the officers, however, and their work was accompanied by nothing more serious than outspoken remarks of disapproval at the treatment accorded the prisoners, some of whom were brought handcuffed from the field through the grandstand.

Charges of grafting have been lodged against a number of the officers recently employed at the track here, and the plain clothes men were substituted today in order that an investigation could be instituted.

TRADES AND LABOR COUNCIL FINDS CONDITIONS BETTER

J. J. Randolph, president, occupied the chair at the monthly meeting of the Trades and Labor council last evening. In the absence of the secretary, F. E. Johnstone acted in his stead. The Barbers' union, just organized, was for the first time represented. A communication was read from the New York Evening Call, a labor paper, asking for support. It was received and filed. All the trades represented reported work was fairly good in town. A proposal to ask the City council for the use of a room at the City hall for meetings was discussed, and will come up at the next meeting.

JAPAN READY TO BUILD TWO NEW BATTLESHIPS

Tokyo, July 17.—Arrangements are rapidly progressing for the building of two additional battleships. The keel of one will be laid at Yokosuka during July, and the keel of the other at Kure before the end of the year. The displacement of these ships will be 20,800 tons, their speed 20 knots, their armor 12 inches and their principal armament twelve 12-inch guns.

May Cancel the Fight.

San Francisco, July 17.—Because of the refusal of magnates of the Southern Pacific railway to run an excursion to Ely, Nevada, on Labor Day, it is altogether probable that the arrangements for the Gans-Nelson fight will fall through.

Civil Service Reform.

Ottawa, July 17.—In the senate this morning Senator Loughheed, Conservative leader, gave notice of an amendment to the civil service bill to provide that the two civil service commissioners shall not be chosen from one political party.

This Is My 54th Birthday

Tom L. Johnson.

Mayor Tom Loftis Johnson, of Cleveland, the famous single tax advocate, who was defeated for membership on the Democratic national committee at the recent convention in Denver, Col., was born in Georgetown, Ky., July 18, 1854. He went with his parents to Indiana in his early childhood and received his education in a county school. He returned to Kentucky when he was a young man and obtained a position as clerk in the street car service in Louisville. He lived economically and invested his small savings wisely in street railway stock and gradually accumulated a large fortune. Later he moved to Cleveland, O., where he has made his home ever since. He was a member of congress from his district from 1891 to 1895 and in 1901 he became mayor of Cleveland, which position he still holds. He has won for himself a reputation as an honest and sincere reformer and has sought to fulfil his promise at the beginning of his public career, that he would devote his life "to battling for the rights of the common people."

ORIENTALS MIGRATE WHEN GAMBLING STOPS

Chinamen Hastily Leave Los Angeles When the Fan-tan Games Are Barred.

Los Angeles, July 17.—Raids on fan-tan games, opium joints and lotteries threaten to wreck the fortunes of every Chinese merchant in Los Angeles, and it is said there are less than 500 Celestials in the city today, while there were more than 3000 here a year ago.

The Chinese are hastily departing for San Francisco and Oakland, where fewer restrictions are placed upon their enjoyment.

A meeting of the Chinese will be held next week to discuss the problem with the merchants of Chinatown here.

They have laid in stocks worth thousands of dollars, and at the present rate of migration there will not be a single customer left in their city by next December.

SOCIALISTS OF AUCKLAND PROTEST AGAINST EXPENSE

Threaten Demonstration to Show Disapproval of Public Expenditure in Connection with Visit of U. S. Fleet.

Wellington, N. Z., July 17.—The Socialists in Auckland are threatening to hold a demonstration of the unemployed as a protest against the public expenditures incidental to the reception of the American fleet. In the house of assembly last night, Mr. Holcomb, one of the members, said that there was danger that the visit of the American fleet might cause the colonies to place dependence on the United States rather than on the mother country. He, therefore, regretted that the invitation had been given.

MERCILESS WAR DECLARED ON MURDER BY MEDICINE

Washington, July 17.—Preparations are being made today by government experts to commence a merciless war on patent medicines. The test case will be filed against the manufacturers of "Madame Yale" preparations, a large stock of which were recently seized in a Washington department store. It is alleged by the government experts who are preparing the case that the statements made on the labels of the preparations are false and misleading.

DO NOT FORGET.

Do not forget that a Conservative Government in Canada means an end to the prosperity enjoyed under a Liberal administration.

"Thirty feet to the gulf."

THE SIGNS OF PROSPERITY.

There are many prominent features to sustain the view that the spasm of depression just experienced more or less throughout the world as the result of an unnecessary alarm has in the main passed. Money is easier for truly legitimate purposes.

The iron and steel production has now found work for 50,000 operatives who have been idle for several months in Pittsburgh alone. As metals are the basic materials for most industries, the demand shows a resumption of productive activity. Railways centering in Pittsburgh have put their repair shops on double shift and, strange to say, in the mining and coal districts there is a shortage of labor, so much so that it is hampering production. Idle unskilled labor there may be, but skilled workmen are hired as fast as they apply, so great is the hurry to resume operations.

The prospect of a good crop has set our own railways in the Dominion moving to prepare for the handling of it. The Canadian Pacific shops at Montreal are reported to have taken on several hundred men, and intend to add to their working force in the near future. The Grand Trunk have been working steadily all the season turning out new and repairing old rolling stock.

There can be no question but that business suffered, especially in the fruit line, because of the reduction of their working force by some railways last fall, when the cry of hard times was in the air. This is not as it should be, because this business is always safe and remunerative and the failure to handle it points to something wrong in the system that permits hard times to be created where they should not exist. It is promising, to say the least, to see our own roads preparing for an expected increased demand upon their transportation facilities. They are the indications upon which to read the season's prospects, for their intelligence departments are well posted and generally take a very conservative view of crop possibilities. We are told by those qualified to judge that the crops are from two to five weeks ahead in the Northwest, when compared with last year and that even if the remainder of the season is unfavorable, a good crop is assured. The wheat crop is estimated at 100,000,000 bushels, and it may go 25 per cent. more, so that, taking the lower estimate, there should be an increase over last year's yield of 23,000,000 bushels. As the agricultural production is the base of all commercial and industrial development, as far as the Dominion is concerned, we may safely rest assured of a season of prosperity. This healthy condition will bring about rapid and complete recovery from the financial depression of which we were fortunate in only feeling the fringe. The prospect should make every person within our borders hopeful and energetic.

"Thirty feet to the gulf."

FOSTER'S RECORD TOO DIRTY.

Mr. Foster has one thing to learn and he is slow to acquire the information—he seeks to gain power by attempts to prove the unworthiness of those who now govern. Apply the same test to himself, he has long forfeited any right to the confidence of the people. A leopard cannot change his spots, neither can Mr. Foster be expected to set a higher standard for himself in the future than he has done in the past, and measured by that standard Mr. Foster comes far short of the measurement of a man who should be entrusted with the affairs of the people.

The people of Canada remember that Mr. Foster was, by his own evidence, found guilty of employing the funds of the widows and orphans of the Foresters, in a manner contrary to law. His only defence was that when the funds went into the Union Trust Company they ceased to belong to the Foresters. This was nothing but a quibble. It is true he formed a company for the purpose of concealing the funds, but the Insurance Commissioners decided that they could follow the money wherever it went,

and they did so with the result that Mr. Foster was discovered speculating with it under the guise of the Union Trust Company.

This is the man who expects the people of Canada to make him finance minister. The man who increased the public debt by millions when in office. The man who had to borrow money to pay the ordinary running expenses of the country. It would be a sorry day for Canada should the man who played such a conspicuous part in the nest of traitors, ever be placed again in a Cabinet position.

PROSPECTS ARE GOOD FOR BIG SALMON PACK

Dora Returns from Alaska Canneries With Encouraging News Concerning Fisheries.

Seattle, July 17.—There is good reason to believe that Alaska's salmon pack, which last year was valued at nearly \$8,000,000, will be duplicated this season. Word was received yesterday from all the canneries west and north of Seward, and with the exception of a few places where the weather has been bad, delaying the arrival of the salmon, the reports are favorable for a big pack.

The steamer Dora arrived at Seward Tuesday, after making a round trip to all the canneries west and north of that point. She visited Bristol Bay, into which the Kuskokwim flows, and found that the run of salmon was satisfactory. All the canneries were working well up to capacity when the Dora sailed.

Fish were scarce at some points, but this was laid to a backward season.

and hopes were expressed that with the coming of good weather the salmon would put in an appearance.

At Chignik the run began the latter part of June and for several days was heavy, but then became light and when the Dora left fish were scarce. At Karluk, on Kodiak Island, the weather had been very bad and there was a very poor run, but it was the belief of the cannerymen that there would be an average run before the season was over. At other canneries the pack was an average, so that with various reports of the pack so far it would appear that while some canneries have not done well, the outlook for the summer is favorable for an average pack.

At Orca, Icy straits and other places in Southeastern Alaska the pack has been very good, especially at Orca, for the run of salmon on the Copper river has been unusually heavy. The run of pinks in Icy straits has been satisfactory and there will be a large pack of these fish.

Last year the pack amounted to about 2,000,000 cases.

Robert Cassidy, K.C., has been instructed by Hon. W. J. Bowser, attorney-general, to prosecute on behalf of the crown in the case of John Kendall and Neil Johnson, Fraser river fishermen, who were summoned this week for fishing without provincial licenses. The men will appear this morning before Magistrate Pittendrigh in the district court, for a hearing. They both refused to take out provincial licenses, claiming that their federal licenses gave them full rights to fish.

From present indications it is unlikely that the proposed lacrosse match between the Victoria seniors and the Westminster intermediates playing as seniors will not take place as intended on Saturday next, the executive of the Westminster Lacrosse club not feeling disposed to offer a guarantee of \$85 to the Victorias, as the gate receipts would not be sufficient to warrant this. A counter proposition which has been advanced by some of the intermediates that they bear half the expense of bringing the Victorias over is not looked upon with favor by the older members of the

club. The intermediates will play a game in Victoria on August 8 against the Capital City intermediate team.

For cut flowers for any floral work, ring up Tidy, the florist. Phone 184.

The team of Westminster bowlers which is going over to Victoria to make good a challenge sent some days ago to a Victoria team will leave tomorrow morning for the Capital City. Advertising COSTS MONEY

Too much money is spent on useless advertising by city merchants every month. Many columns might be written on the folly of using certain advertising mediums, but the moral in the end would be that there is only one really sure remunerative advertising medium.

The Daily Paper

Reaches customers past, present and prospective, in all parts of the city and district. These people read the advertisements, study the bargains offered, and realize the need of goods the merchant has for sale.

TELL the story of your store offerings to the public early in the morning, through the medium of Westminster's morning newspaper.

Newspaper Advertising Best

The Retail Merchants' Association of Chatham is a level-headed organization. At a recent meeting newspaper advertising was discussed, and the general opinion of the members was that newspaper advertising was the best, and program and other advertising of that class was almost useless.

ADVERTISE IN THE NEWS

Debtenture By-Law, 1908

A By-Law to enable the Council of the Corporation of the City of New Westminster to raise by a loan the sum of Six Thousand Five Hundred (\$6,500.00) Dollars for the erection and equipment of a Fire Hall at Queen's Park and for improvements and equipment for the Fire Hall at Sapperton.

WHEREAS, it is proposed to erect and equip a Fire Hall at Queen's Park and the said City and to improve and equip the Fire Hall at Sapperton, the said City, entailing the expenditure of \$6,500.00.

AND WHEREAS, it appears that if the said sum of \$6,500.00 be approved from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debtentures should be issued for that amount.

WHEREAS, for the payment of interest on the debtentures proposed to be issued under this By-Law, for creating a sinking fund for the payment of the said debtentures when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debtentures, the sum of Three Hundred and Eighty-two and 63-100 (\$382.63) Dollars, an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

AND WHEREAS, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Four million, one hundred and fifty thousand, eight hundred and eighty (\$4,150,880.00) Dollars;

AND WHEREAS, the total amount of the existing debtenture debt of the said City is One million, eighty-seven thousand, one hundred (\$1,087,100.00) Dollars, irrespective of the sum of One hundred and twenty-five thousand, five hundred (\$125,500.00) Dollars proposed to be raised under the "Waterworks Debtenture By-Law, 1908," the "Street Improvement Debtenture By-Law, 1908," the "Market Debtenture By-Law, 1908," and the "Public Schools Debtenture By-Law, 1908," of which none of the principal or interest is in arrears.

THEREFORE, the Municipal Council of the Corporation of the City of New Westminster enacts as follows: (1) It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debtentures hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of \$6,500.00, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned.

It shall be lawful for the Mayor to cause any number of debtentures to be made, not exceeding in the whole the sum of \$6,500.00 for such sums of money as may be required, not less than \$100 each or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debtentures shall be sealed with the seal of the Corporation, signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

The said debtentures shall be payable on the first day of July, 1908, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half-yearly on the first day of January and the first day of July in each and every year, and the said coupons shall be signed by the said Mayor.

A special rate on the dollar shall be levied and raised in each year in addition to all other rates on the whole rateable property of the City, sufficient to pay the interest upon the debtentures and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the debtentures the sum of Three hundred and Twenty-five (\$325.00) Dollars for the payment of interest thereon, and the sum of Fifty-seven and 63-100 (\$57.63) Dollars to provide for the repayment of the principal.

AND WHEREAS, the total amount of the existing debtenture debt of the said City is One million, eighty-seven thousand, one hundred (\$1,087,100.00) Dollars, irrespective of the sum of One hundred and twenty-five thousand, five hundred (\$125,500.00) Dollars proposed to be raised under the "Waterworks Debtenture By-Law, 1908," the "Fire Debtenture By-Law, 1908," the "Public Schools Debtenture By-Law, 1908," and the "Street Improvement Debtenture By-Law, 1908," of which none of the principal or interest is in arrears.

NOW, THEREFORE, the Municipal Council of the Corporation of the City of New Westminster enacts as follows: (1) It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debtentures hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of \$6,500.00, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

AND WHEREAS, the total amount of the existing debtenture debt of the said City is One million, eighty-seven thousand, one hundred (\$1,087,100.00) Dollars, irrespective of the sum of One hundred and twenty-five thousand, five hundred (\$125,500.00) Dollars proposed to be raised under the "Waterworks Debtenture By-Law, 1908," the "Fire Debtenture By-Law, 1908," the "Public Schools Debtenture By-Law, 1908," and the "Street Improvement Debtenture By-Law, 1908," of which none of the principal or interest is in arrears.

debtentures shall be applied as follows and not otherwise, towards paying the cost of the passing of this By-Law and the issue and sale of the debtentures therein referred to and all expenses in connection with the said loan; recouping the treasury of the said City such sums as have been this year expended until the proceeds of the sale of the said debtentures have become available and towards the cost of the erection and equipment of a Fire Hall at Queen's Park and improvements and equipment for Fire Hall at Sapperton aforesaid.

(7) This By-Law shall take effect on the 1st day of August, 1908, and may be cited as the "Fire Debtenture By-Law, 1908."

(8) This By-Law, before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the day of 1908.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-Law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the first publication in the "Daily News" newspaper, which first publication took place on the 25th day of June, 1908, and that a vote of the electors of the City will be taken on the said proposed By-Law on the 27th day of July, 1908, between the hours of nine o'clock a. m. and five p. m., at the following places, namely: The Council Chamber, Civic Building; the Fire Hall, Sapperton; and the Light Station, Tenth street.

Market Debtenture By-Law, 1908

A By-Law to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of Six Thousand (\$6,000.00) Dollars for extension to Market Building.

WHEREAS, certain sums of money have this year been expended out of the general revenue of the City for the construction of an extension to the Market Building, and it is expedient that certain additional sums be expended in like manner, amounting in all, with the sums already so expended, to the sum of Six Thousand (\$6,000.00) Dollars.

AND WHEREAS, it appears that if the said sum of Six Thousand (\$6,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debtentures should be issued for that amount.

AND WHEREAS, for the payment of interest on the debtentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debtentures when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debtentures, the sum of Three Hundred and Fifty-three and 20-100 (\$353.20) Dollars.

AND WHEREAS, in order to raise the said yearly sum of Three Hundred and Fifty-three and 20-100 (\$353.20) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

AND WHEREAS, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Four Million One Hundred and Fifty Thousand, eight hundred and eighty (\$4,150,880.00) Dollars.

AND WHEREAS, the total amount of the existing debtenture debt of the said City is One million, eighty-seven thousand, one hundred (\$1,087,100.00) Dollars, irrespective of the sum of One hundred and twenty-five thousand, five hundred (\$125,500.00) Dollars proposed to be raised under the "Waterworks Debtenture By-Law, 1908," the "Fire Debtenture By-Law, 1908," the "Public Schools Debtenture By-Law, 1908," and the "Street Improvement Debtenture By-Law, 1908," of which none of the principal or interest is in arrears.

NOW, THEREFORE, the Municipal Council of the Corporation of the City of New Westminster enacts as follows: (1) It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debtentures hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of \$6,000.00, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

AND WHEREAS, the total amount of the existing debtenture debt of the said City is One million, eighty-seven thousand, one hundred (\$1,087,100.00) Dollars, irrespective of the sum of One hundred and twenty-five thousand, five hundred (\$125,500.00) Dollars proposed to be raised under the "Waterworks Debtenture By-Law, 1908," the "Fire Debtenture By-Law, 1908," the "Public Schools Debtenture By-Law, 1908," and the "Street Improvement Debtenture By-Law, 1908," of which none of the principal or interest is in arrears.

to cause any number of debtentures to be made, not exceeding in the whole the sum of Six Thousand (\$6,000.00) Dollars for such sums of money as may be required, not less than One hundred (\$100.00) Dollars each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland at a value of 4.866 to the pound sterling; and all such debtentures shall be sealed with the Seal of the Corporation, signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

(3) The said debtentures shall be payable on the first day of July, 1908, at such place or places as the Council of the said Corporation may from time to time appoint with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half-yearly on the first day of January and the first day of July in each and every year, and the said coupons shall be signed by the said Mayor.

(4) A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the City sufficient to pay the interest upon the debtentures and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

(5) Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debtentures the sum of Three hundred (\$300.00) Dollars for the payment of interest thereon, and the sum of Fifty-three and 20-100 (\$53.20) Dollars to provide for the repayment of the principal.

(6) The proceeds of the sale of the said debtentures shall be applied as follows and not otherwise, towards paying the cost of the passing of this By-Law and the issue and sale of the debtentures therein referred to; recouping the treasury of the City such sums as have been this year expended on the works herein mentioned or may be so expended until the proceeds of the sale of the said debtentures have become available, and in paying the amount to become due for the completion of the said extension to the said Market Building.

(7) This By-Law shall take effect on the first day of August, 1908, and may be cited as the "Market Debtenture By-Law, 1908."

(8) This By-Law, before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the day of 1908.

Reconsidered and finally passed in open Council the day of 1908.

Waterworks Debtenture By-Law, 1908

A By-Law to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of Thirty-two thousand, five hundred (\$32,500) Dollars for the construction of a Reservoir at Queen's Park and connecting mains.

WHEREAS, certain sums of money have this year been expended out of the general revenue of the City on the construction of a reservoir at Queen's Park and connecting mains, and it is expedient that certain additional sums be expended in completing the construction of the said reservoir and connecting mains, amounting in all, with the sums already expended, to the sum of Thirty-two thousand, five hundred (\$32,500) Dollars;

AND WHEREAS, the total amount of the existing debtenture debt of the said City is One million, eighty-seven thousand, one hundred (\$1,087,100.00) Dollars, irrespective of the sum of One hundred and twenty-five thousand, five hundred (\$125,500.00) Dollars proposed to be raised under the "Waterworks Debtenture By-Law, 1908," the "Fire Debtenture By-Law, 1908," the "Public Schools Debtenture By-Law, 1908," and the "Street Improvement Debtenture By-Law, 1908," of which none of the principal or interest is in arrears.

NOW, THEREFORE, the Municipal Council of the Corporation of the City of New Westminster enacts as follows: (1) It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debtentures hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of \$32,500.00, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

debtentures should be issued for that amount.

AND, WHEREAS, for the payment of interest on the debtentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debtentures when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debtentures, the sum of Nineteen hundred, thirteen and 13-100 (\$1913.13) Dollars;

AND, WHEREAS, in order to raise the said yearly sum of Nineteen hundred, thirteen and 13-100 (\$1913.13) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

AND, WHEREAS, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Four million, one hundred and fifty thousand, eight hundred and eighty (\$4,150,880.00) Dollars;

AND, WHEREAS, the total amount of the existing debtenture debt of the said City is One million, eighty-seven thousand, one hundred (\$1,087,100.00) Dollars, irrespective of the sum of Ninety-nine thousand, five hundred (\$99,500) Dollars proposed to be raised under the "Street Improvement Debtenture By-Law, 1908," the "Market Debtenture By-Law, 1908," the "Fire Debtenture By-Law, 1908," and the "Public Schools Debtenture By-Law, 1908," of which none of the principal or interest is in arrears.
