

GALE RESULTS IN AWFUL LOSS OF LIVES

Reports Show That 140 Persons Perished in Terrific Storms Around Channel.

London, Sept. 2.—Reports today show that 140 lives have been lost in the storm which has been sweeping the coasts of England since Monday morning. It is believed the number will be even greater when the full extent of the damage done by the storm is known.

Great numbers of small schooners and fishing boats were swamped and in all the little seacoast towns there is the most intense suffering among the families of those who are missing.

Advices from France say that heavy damage and many deaths have been caused by the storm along the northwest coast and that many ships are still missing.

LIVE WIRE ENDS LIFE OF BOY WHO TOUCHED IT

Contact with Juice Laden Cable Hurts Young Candy Worker Lifeless Against Brick Wall.

Portland, Ore., Sept. 2.—Waving his hand at a passing companion, John Bates a 16-year-old lad employed at the Alton candy factory, in this city, touched a live wire and was instantly electrocuted at noon today.

Young Bates, who was employed on the fourth floor of the factory, went down on the iron fire escape and sat down to eat his lunch. Just as he was finishing his meal a boy friend called to him. Young Bates could not hear what his companion said, so he arose to his feet and leaned over the edge of the fire escape railing and waved his hand at his friend. As he did so the second finger of his right hand came in contact with a high voltage electric cable. Bates was thrown back against the brick wall of the building as if he had been hurled from a catapult. Coroner Norden is making an investigation.

CITY OF EDMONTON IS DESTITUTE OF VACCINE

Edmonton, Sept. 2.—A serious condition has arisen in the city in connection with the order recently passed compelling the compulsory vaccination of all children before attending the city schools. Practically all the vaccine in the city has been already used up, and about all that remains is the small quantity at the office of the city health department, where a supply of the vaccine is always kept on hand. As a result it is probable that many children will be unable to attend school at the opening sessions.

A penalty of \$10 per day is provided where children are allowed to attend school without vaccination where compulsory vaccination is being enforced. It is expected that a large supply of vaccine will reach here in a few days.

GOVERNMENT MAY BUY FEEDERS TO INTERCOLONIAL

Ottawa, Sept. 2.—A commission has been named by the Hon. George P. Graham, minister of railways, to investigate the condition, equipment and business prospects of local lines touching the Intercolonial railway in Nova Scotia, New Brunswick and Quebec. The commission consists of E. Tiffin, general traffic manager of the Intercolonial; W. A. Storey, general freight agent of the Intercolonial and W. A. Howden, engineer of the railway department.

The investigation may be preliminary to the acquisition by lease or purchase of the branches which can be operated with a profit by the Intercolonial and a benefit to the districts they run through.

LEGISLATIVE COMMUNITIES SITTINGS AT VANCOUVER

Christian Endeavorers Inaugurate Conference with Address on Evils of Liquor Traffic.

The opening proceedings at the Christian Endeavor Union convention at Vancouver yesterday evening were marked by a number of addresses of welcome. The president, Rev. W. H. Barraclough, read a letter of greeting from the Florida C. E. society, and Acting Mayor Stewart welcomed the delegates on behalf of the city. Rev. R. Milliken, for the Vancouver Ministerial association, and F. A. Cleland on behalf of the local union, also welcomed the visitors.

The secretary of the Victoria Union, Mr. Coleman, responded to the addresses of welcome.

Under the caption, "The Nation's Greatest Foe, and How to Meet It," Rev. J. H. Oliver, of Sarnia, Ontario, spoke on the liquor traffic. He said there was not room on this continent for a church knowing Christ, and a legalized liquor traffic. Temperance was growing throughout the Dominion. Speaking of the church's attitude, he said that it was the duty of the church to see that right men got into the editorial chairs, and other positions of trust. They wanted men of conviction in public positions. Having explained the iniquities of the traffic, he claimed there was no evil in the world but which was aggravated 1000 times by the liquor traffic. A number of Westminster Endeavorers went over by special car.

This evening Rev. Dr. Whitman, pastor of First Baptist church, Seattle, will speak. A mock trial to discuss Young People's work follows.

MANY ATTEND FUNERAL OF LATE CAPTAIN ACKERMAN

Knights of Pythias Parade to Show Respect for Past Grand Chancellor—Floral Tributes.

The funeral of the late Captain Ackerman took place yesterday under the auspices of the Knights of Pythias, of which order he had been past grand chancellor for British Columbia. The body was conveyed from the residence, Third avenue, to the K. of P. hall, where a service was held at 2:30 p. m. The hall was crowded, the officiating clergy being Rev. W. H. Barraclough, and Rev. Dr. T. Wardlaw Taylor, prelate of Granite lodge. Dr. Taylor acted for the Knights, reading their funeral service.

Rev. W. H. Barraclough, in the course of his address, said they were mourning a brother who had lived among them for twenty years, who was closely identified with the life of this city, and was well and favorably known in his going in and out among them, but there was also that other side of life, among those who loved him, and knew him best. The preacher believed that the tenderest and best thoughts were expressed in that life, and such it was with him they mourned. She who was left behind had found him a loving, faithful, and devoted father, and in her own words, had been all that father could be. After a touching tribute to the care of Mrs. Ackerman during her husband's long illness, Mr. Barraclough concluded with an exhortation to be guided in their fraternal order by the example of their late brother.

Suitable hymns were sung, concluding with "Nearer, My God, to Thee." Subsequent to the service, the coffin covered with floral tributes, was removed to the hearse, and the cortege proceeded to the Oddfellows' cemetery, led by the Knights of Pythias walking in procession. There were a number of private vehicles following the mourning coaches. The mourners were Mr. and Mrs. Melville Bryson, of Ashcroft, daughter and son-in-law; Asa Ackerman, brother, with his son and daughter; Mr. and Mrs. Boley, brother-in-law and sister; C. Parsons, and Mrs. Chatsey (cousins); Mr. and Mrs. E. B. Nobles, and Mr. and Mrs. Roscoe, of Bellingham.

The officers of the lodges attending were: Royal No. 6, C. Stein, G.C.

PROMOTION OF OFFICIALS MADE ACCORDING TO MERIT

New Superintendent of Dominion Hatcheries at Harrison Lake Says Method is Encouraging.

Alexander Robertson, formerly foreman under T. Robinson at Harrison Lake hatcheries, and latterly superintendent of the Pemberton hatcheries, has been appointed superintendent of the Harrison Lake hatchery, vice T. Robinson resigned. He is succeeded at Pemberton hatcheries by T. Graham, who for the past three years has been foreman at Harrison Lake.

Mr. Robinson was in the city yesterday attending the funeral of Capt. Ackerman. Speaking of the appointment to the News, Mr. Robinson expressed himself highly pleased with the system of promotion in filling these offices from men from the ranks as likely to stimulate to effort, and most beneficial to the whole river.

While speaking of the prospects of salmon spawning in the upper Harrison watershed, he said it had never been better in the twelve years he was in the service.

At the present time Mr. Robinson is living with his family in Vancouver.

EQUAL SUFFRAGE STILL ADVOCATED IN OREGON

Portland, Ore., Sept. 2.—Twice defeated at the Oregon polls, the equal suffragists of the state have grown discouraged of getting through a measure carrying the ballot for all women, and for 1910, the next year when the initiative and referendum permits them to get their issue before the people, will try a different scheme. The ballot is to be asked for women taxpayers only.

This is to be the thin edge of the wedge, of course, in getting full equal suffrage later on, but the suffragettes say so many business men and politicians have urged the objection of irresponsible voting against their cause that they have decided to try the one step at a time plan.

STORMS PUT WIRELESS ON FLEET OUT OF ORDER

Honolulu, Sept. 2.—The Pacific fleet which is towing the torpedo boat destroyer flotilla from San Francisco has not yet been heard from as a result of stormy weather which has prevailed here during the past twenty-four hours. In ordinary weather wireless communication would have been established, but it is not thought that the fleet will be heard from for at least forty-eight hours.

WILL TRY AEROPLANE FLIGHT ACROSS CHANNEL

Paris, Sept. 2.—The morning papers declare that Russian named Prince Boletoff has decided to attempt to cross the English channel in an aeroplane. He has commissioned the Volan Brothers, aeroplane builders, to construct a large machine in form known as the triplane. Prince Boletoff has never made a flight.

Dominion Government Sued For \$17,600,000 in Yukon

Dawson, Sept. 2.—The largest lawsuit ever filed in Yukon and perhaps in all Canada, was begun here today when A. D. Curless, manager of the Bonanza Creek Mining company, asked the government of Canada for \$17,600,000 for having cancelled the concession which had been granted to Matson & Doyle, and afterward sold to the mining company. In the complaint they claim that not only were they given title to the ground, but were also granted water rights which were afterward annulled by order of the minister of the interior.

It was necessary to secure the consent of the government before suit was begun, which was filed in the exchequer court.

The company claims that by cancelling the concession some of the claims lapsed to individuals who took out great sums of money, the ground being exceedingly rich. Afterward A. N. C. Treadgold was granted a concession which also took in all lapsing claims that were formerly held by the company. This, cancelling the one concession and giving the same rights to another, gives the company the right to file suit. The company estimates the loss in what money was recovered by individual miners and companies who came into possession of the ground after the concession was cancelled.

The Bonanza Creek Gold Mining company has a big share in the history of mining in the Klondike. It was started as the Matson & Doyle concession, over which one of the bitterest fights waged for years in the Yukon resulted.

The Bonanza Creek Gold Mining company is now suing to recover. After the Treadgold concession was cancelled many of the claims which had been in both concessions were staked by individuals who either mined or sold them to the Yukon Goldfields company, the Guggenheim concern.

INDIAN DEPARTMENT HAS PROBLEM TO SETTLE

Two Widows of Dr. Oronhyatekha Fight for Estate—Both Women Classed as Indians.

Toronto, Sept. 2.—One of the knot-tiest problems which has ever come before the Indian department of Canada for solution has arisen over the settlement of the estate of the late Dr. Oronhyatekha on the Mohawk reserve, in the township of Tyendinaga, near Deseronto.

The divorced wife of the late Dr. Auckland Oronhyatekha Jr., who died suddenly last year, claims an interest in the belongings of her former husband. This contention is opposed by legal representatives of widow No. 2, who holds that she alone is entitled to her late husband's interest in the property. Both women, although white, according to Indian law are recognized as Indians because they married an Indian.

UNDESIRABLES WILL BE KEPT OUT OF THE YUKON

Dawson, Sept. 2.—The Canadian government has stationed a customs officer at the summit of the White Pass. He also acts as immigration official, and will hereafter stop all persons barred by the statutes of Canada from entering the Dominion. All undesirables will be kept out. These include people unable to speak English, indigents or paupers, insane persons, prostitutes, anarchists, imbeciles and the like. The new officer, Mr. Noot, has already stopped two Austrians who were unable to speak English.

QUICKSILVER PROPERTY SOLD FOR A BIG PRICE

Roslyn, Sept. 2.—It is reported here today that the Washington Quicksilver company's property in the Cle Elum district, twenty-eight miles north of this city, has changed ownership, and that the bill of sale was signed in the company's office in Ellensburg today.

The consideration is \$600,000. The property is rich and has been thoroughly inspected.

Red Deer Liberals Confident.

Red Deer, Alta., Sept. 2.—At a meeting of the Red Deer Reform association, the following were elected officers for the coming year: Harry Clark, president; C. L. Durie, first vice-president; A. McFee, second vice-president; and J. L. Crawford, secretary. The meeting expressed itself in full sympathy with Sir Wilfrid Laurier's government as well as with the views of the candidate for the constituency, Dr. Clark. The work of organization for the coming election will be taken in hand at once, and all are confident of success.

Will Sit in Winnipeg.

Ottawa, Sept. 2.—The Board of Railway Commissioners will sit in Winnipeg, September 10th.

SCOTTISH CELEBRATION A FEATURE AT EXHIBITION

Arrangements Well Advanced for Monster Program of Games and Sports on Second Day.

Arrangements for Scottish Day at the exhibition are advancing fast, and the program of the day's amusements and sports has now been completed. The concert plans are also practically finished, Rev. A. E. Vert yesterday succeeding in obtaining the services of Dean Wells, the distinguished accompanist. The program will be out in a few days.

The afternoon program has been arranged as follows:

The competitor gaining the largest number of points in the three competitions shall be entitled to the B.C. piping championship medal, value \$25, and in the event of a tie, the Irish jig shall decide the championship.

The relay race will prove to be the greatest event of its kind ever run off on the park course, seven entries, four men each, having been received to date. The entries include Vancouver firemen and police, V. A. C. and Y. M. C. A., and Columbian college.

TRADES PULPIT AND CLOTH FOR WASHTUB AND BOARD

Erring Minister is Arrested for Non-Support of Wife Suddenly Cast Aside for Affinity.

Sault Ste. Marie, Sept. 2.—Rev. William Cummings, a young minister, who has been officiating for the summer at Elk Rapids, Mich., was arrested here today on a non-support warrant issued at Ionia county, where his wife's parents are prominent residents at Clarksville. The pastor disappeared from the latter place on August 6, and on the same day his wife's sister, Miss Volma Taylor, 20 years old, was reported missing.

Miss Taylor was located in a boarding house here today, and through her Rev. Cummings was discovered working in a local laundry. When the minister left tonight for Ionia in charge of an officer, Miss Taylor went with him. The couple had been living here two weeks.

GRAVE FEARS FELT FOR STEAMSHIP AEON

San Francisco, Sept. 2.—Gravest fears are entertained for the safety of the British steamship Aeon, which cleared from this port for Sydney via Apia and Auckland, July 6, and has not yet arrived there. The steamship Lord Sefton, of the same line, arrived at Auckland Sunday and reports no vessel of the Aeon. Reinsurance on the vessel is quoted at 50 per cent, but it is believed in shipping circles that she has sustained injury that has delayed her.

MINE SUPERINTENDENT REFUSES TO SEE MOYER

Juneau, Alaska, Sept. 2.—W. H. Moyer, president of the Western Federation of Miners, tried to get an interview with Superintendent Kinzie of the Treadwell mines, but was refused admittance to the grounds. Moyer came north to try to adjust the troubles of striking miners. He addressed a big meeting here last night, which was followed by a banquet.

NEEDY HARVESTERS AT INDIAN HEAD

Town Council is Supporting 210 Idle Men—Situation Becoming Serious.

Indian Head, Sask., Sept. 2.—Two hundred and ten harvesters are now living on the food supplied by the town council and the situation for both council and men seems to be growing serious.

Murmurs of dissatisfaction are growing more frequent, and it is the fervent wish of everybody that the cutting will come on with a rush and lessen the crowd of idle men.

AGASSIZ ANNUAL FAIR PROMISES TO BE GOOD

Entries in All Classes Are Well Up to Average of Former Years—Excursion Trains.

The annual exhibition of the Kent Agricultural and Horticultural association will be held on Monday (Labor Day) at Agassiz. With a view to ensuring the success of the enterprise, Secretary L. A. Agassiz and his efficient staff of directors have been working hard at the preliminary work for some weeks past, and now have everything in good shape for the opening. The entry list is exceptionally well filled in nearly all classes this year.

Arrangements have been made for the running of a special excursion from Vancouver and Westminster on the day of the exhibition, the directors hoping by this means to attract a large number of visitors from this district to Agassiz. In addition to the exhibition proper, attraction is provided in the shape of a well filled program of sports, including a series of horse races.

As in previous years, a special display is being made by the Dominion Experimental farm, the staging being done under the personal direction of Mr. Agassiz.

CAMPAIGN FOR PURE MAPLE SUGAR SUCCESSFUL

Ottawa, Sept. 2.—The department of inland revenue last year undertook prosecutions against a number of persons who sold adulterated maple sugar and syrup as pure. In that year there were 500 samples collected from all over Canada and 77 were found to be adulterated.

This spring another collection was made and out of 142 samples examined there were only fourteen found adulterated. The campaign for pure products is regarded as successful.

Explorer in Thibet Heard From.

Stockholm, Sept. 2.—Sven Hedin, the Swedish explorer who in 1900 started from Chinese Turkestan on a journey of exploration to Thibet and who was last heard from in the summer of 1907, has sent a letter to his parents here, which they just received, stating that he and his party are safe and that they will arrive at Simla early in September.

Packing Plant to Start.

Edmonton, Alta., Sept. 2.—The new Griffin packing plant will commence work on September 10, a force of about 125 men is now employed finishing the interior of the plant and installing machinery. C. H. Bradley will be manager of the new plant and C. W. Fletcher superintendent.

YESTERDAY'S BASEBALL.

This Is My 73rd Birthday

STEWART L. WOODFORD.

General Stewart L. Woodford, soldier, lawyer and diplomat, who led the fight to have Governor Hughes nominated for the presidency at the Chicago convention last June, was born in New York city, September 3, 1835, and received his education at Columbia college. In 1861 he was United States attorney at New York, which position he resigned to go to the front with the One Hundred and Twenty-seventh regiment of New York volunteers. He served throughout the war, rising to the position of chief of staff of the Department of the South. He was elected lieutenant-governor of New York in 1868, and four years later was an unsuccessful candidate for governor on the Republican ticket. In 1872 he was sent to Congress and from 1877 to 1882 he again served as United States attorney. In 1897-98 he was the United States minister to Spain.

Minto Cup Trustee Lays Down Law to Athletics

P. D. Ross Points Out That Challenges of St. Kitts Cannot Always Be Taken Seriously - Classifies Their Arguments as "Absurd."

Ottawa, Sept. 2.—P. D. Ross, Minto Cup trustee, has sent the following letter to J. M. Kearns, president of the Canadian Lacrosse association, in reply to one sent by Mr. Kearns, who urged that the challenge of the Athletics of St. Catharines for the cup be accepted:

Dear Sir—In regard to your letter of the 18th re the Minto Cup, I may say that the delay of the trustees to take action on the challenge of the St. Catharines Athletics does not arise so much from a question as to the right of the Athletics to challenge as from the doubt in the St. Catharines case as to what consideration should be extended to a club which, after having sent in a challenge and had it accepted, has dropped the matter to suit its own convenience, as the Athletics did this spring.

In my opinion it would be impossible to give satisfaction to anybody about such trophies as the Minto and Stanley Cups unless the principle is observed that a club must not challenge unless it intends to make good. The exigencies of the lacrosse and hockey seasons are such that the acceptance of any challenge for these cups usually delays proper handling of any later challenge until the first one is disposed of. It would therefore be absurd and impossible to permit clubs to get into the notion that

any team can with a cup challenge take reserve seats free which keep everybody else out of the house, and then before the performance coolly vacate the seats, too late, perhaps, for anybody else to use them. A club which challenges without being fully determined and able to go ahead is doing an injustice, not so much to the trustees as to the other clubs in Canada. In the Minto Cup case this year New Westminster did get a chance to play the Shamrocks after the St. Catharines default, but it was hip and luck for them, for the trustees delayed for a considerable time the acceptance of the New Westminster challenge while waiting for the St. Catharines action to develop.

To the contention that after a challenge is sent in the challengers may not be able to get fair conditions from the cup-holders, and therefore ought to be entitled to back out, the answer is of course that the trustees must be relied upon to get fair conditions. As a matter of fact, in the Shamrocks case the St. Catharines Athletics did not make any representation to the trustees that they were offered unsatisfactory arrangements. They did at first complain reasonably about a delay of the Shamrocks in opening negotiations, but the trustees secured them sufficiently early satisfaction. I am yours truly.

P. D. ROSS.

SEASON WILL OPEN WITH "TOYMAKER" ON MONDAY

Teddy Webb, the San Francisco Opera company in "Fantana" and "The Toy Maker," Monday and Tuesday, September 7th and 8th, is an announcement that should meet with the approval of theatre goers of this city. The company, one of the best in the field of light opera, is just at present packing the Vancouver Opera house to the doors, and the World, Province, and News-Advertiser of Monday last were a unit in praising the company, the productions and the work of each and every member of the talented company.

"Fantana," which will be the offering Monday night, is a Japanese-American musical comedy in three acts. "The Toy Maker" is a dainty, dancing, delightful comic opera in two acts and four scenes.

This well known company will play New Westminster at summer prices, \$1.00, 75c, 50c and 25c. Seats now on sale at Ryall's drug store.

Direct From South Africa.

Prince Rupert, Sept. 2.—W. R. Patterson of Bulawayo, Rhodesia, is in Prince Rupert, coming all the way from South Africa to be here at the first sale of lots. He is, of course, disappointed at the delay of the sale of lots, but will be in a better position to make purchases when the sale does take place. Mr. Patterson is a member of the council of Bulawayo, which is a town with over 5000 white people and about 10,000 blacks. The country has a splendid climate, and no one works except the blacks, many of whom are good workers. The town of Cecil Rhodes is situated about 25 miles from Bulawayo.

Larger Succession Duties.

Toronto, Sept. 2.—Succession duties received by the provincial government for the seven months of the current year aggregate \$950,000, as compared with \$733,000 for the same period a year ago.

AVALANCHE KILLS MANY IN SWITZERLAND

Sudden Thaw in Tyrol is Followed by Heavy Loss of Life and Property.

Geneva, Switzerland, Sept. 2.—Heavy losses of life and the destruction of property in the Swiss Tyrol are reported as the result of an avalanche and floods caused by an unexpected thaw in the mountains.

Nearly 40 persons are known to be dead and many are missing. A number of parties of mountain climbers are believed to have been killed. One party of eight English tourists has been missing since Monday, no trace of them having been found, and hope for their survival has been practically abandoned.

A sudden change in the temperature loosened the heavy deposits of ice and the melting snow sent the torrents roaring out of their courses. It is said that the main avalanche swept over many miles of country, gathering force and increasing in size as it travelled.

Everything in the path of the avalanche was swept away, but the full extent of the damage has not been learned as yet. The Alps have attracted an unusual number of tourists for this time of the year for the reason that the weather conditions were thought to be better than during any midsummer in years.

ROBBERS BADLY INJURED DETECTIVES IN DUEL

St. Constant, Que., Sept. 2.—In a desperate revolver duel with four desperadoes supposed to be the St. Eustache bank robbers, Detectives Pusee and Brousseau were seriously injured today. Pusee, who was shot in the right eye, may die. Brousseau got a bullet in the thigh. Detective Samson escaped injury. One of the yeggmen was reported captured, but this, however, is not confirmed.

FAST TRAIN RUNS OVER CHICAGO WORKMEN

Chicago, Sept. 2.—One man was killed, two fatally injured and six others seriously injured this morning by a Northwestern line train going at a rapid rate at the entrance of the city limits. A gang of street workmen was engaged on the railway tracks. They dodged out of the way of one train only to be caught and crushed by another.

C. P. R. Plans \$50,000,000 Issue.

Montreal, Sept. 2.—At the annual meeting of the Canadian Pacific Railway company on Oct. 7 the request of the directors for the authorization of an issue of \$50,000,000 in additional common stock is to be considered. There is no intention to issue any part of the authorized amount at the present time, but later as circumstances require.

Will Take Neutral Stand.

Montreal, Sept. 2.—A meeting held by trainmen and engineers in Montreal was in connection with some dismissals in Ontario, and they decided to appeal for a conciliation board. It is stated that all the organizations have decided that they will remain neutral and will not aid the striking shopmen by a sympathetic strike or financial assistance from their funds.

DO NOT FORGET.

Do not forget that every effort is being made to distribute the greatest benefit to all Canadians by the Government's assistance to quickly move the immense crop of the Northwest to the seaboard.

"Thirty feet to the gulf."

THE RAG'S COMMENT.

The Columbian has at last awoken from its dream of "Laurier and Loot" and enters upon a subject upon which it is equally non-conversant. With its usual indecency it exposes its ire because the Liberal forces are reunited, and resorts as usual to an untruthful statement of the attitude of the Liberal press and calls the Liberals who for sheer charity are doing business with the patent medicine sheer "blatant bluffers." This scurrilous reference, to some of the best business men in the constituency, is upon the tongue as a consequence of a calling down some of the leaders of the Conservative party in this city got the other day in a meeting from the mouth of one of themselves. There has never been an admission that the convention of last fall was not conducted upon honest and square lines, but for the purpose of the sure defeat of the nominee of a section of the Conservative party chosen at a convention, hurriedly called and pushed through to escape the consequences of the arrival of a prominent member of that party. It hurts the Tory few who put through the job to know that its haste and refusal to adjourn is known to have severed from the Conservative party some of its most clear headed and businesslike supporters. One statement the Columbian makes is true, and because true it must have been an error, that is "that the outcome of the new convention is of little importance to the public." True, because whether one or two Liberals were on the ballot pa-

per the Conservative nominee is sure to be defeated, and the electors throughout the constituency are sure of this. The anesthetic which will be re-administered to the Conservative candidate in the Westminster district at the next general election will put him to sleep on the straw-bed of opposition for another term and during the life of the next parliament he will have undisturbed dreams of scandals, blue ruin and loot, and in his semi-conscious moments will grab for his supposed enemy, Sir Wilfrid Laurier, only to find that this old time nurse is still feeding him sumptuously and views with pity his misguided ravings. In the meantime we hope his sheet will be continuously supplied with patent medicine dope, and that his abuse of his best patrons will be forgiven, for to tell the truth this mountebank of journalism falling by the way would rob the people of this city of a heap of fun.

"Thirty feet to the gulf."

CONTRAST.

The Toronto News (Conservative) has this to say of the greatest Canadian statesman that has ever had a voice in or guided the counsels of the Dominion: "Sir Wilfrid Laurier has an infinite patience under attack and a thorough contempt for the mere tattle of partisan controversy. He seldom corrects the smaller misrepresentations of his objects and motives, and much that is said by a hostile press he wholly sets aside as of no practical account in the serious discussion of public questions. Moderation is the keynote of all his career and the secret of all his achievements. He learned at the threshold of his public life that the statesman must often resist popular clamor and stand impervious to momentary gusts of popular passion, and that all enduring achievements must be based in the reason rather than in the emotions of the people. He has been distrustful always of extreme opinions and of intemperate advocacy. He has been doubtful always of the wisdom of violent changes and impatient of mere demagoguery. It is not the mere art of the politician which invites to his side when he is out in the country districts the grey-haired, toll-worn worker in field or shop, but an innate goodness of heart, an unaffected love of his kind, and a profound appreciation of the worldly wisdom and hard common sense and sound political temper of those we

call the plain people. In the districts of Arthabasca, Drummond, and Manitoba it is these people who are his firm and intimate friends, and they would smile at the thought that there was nothing behind the relationship other than the mere concern of a politician to retain political support."

"Get the Habit"

Woman's work is never done," it is said. Doing a two-step around the kitchen stove all day can never be looked upon as being "fun." Nevertheless, it can be made comfortable and less irksome by the use of proper utensils of the proper shape made of ENAMELWARE.

That's what we are after—your thought of daily comfort. Our special sale today is on Enamelware. Everything in stock—all new goods.

This Represents the Money I Can Save You On Insurance. Image of a man with a wheelbarrow.

It takes a lot of talking to convince some people of the positive fact that I can save you real dollars on your fire or any other kind of insurance, but once you are convinced you will appreciate the great saving I can make you.

The reason I can save you money is because I write for strong independent Canadian companies that are not controlled by the trust and I can give you low rates on good risks.

Just call and get my rates, and you will be convinced as others are doing every day.

HIGHWAYMEN USED FLAG TO STOP AUTO

Party Held Up at Point of Gun is Relieved of \$820 in Cash, Besides Diamonds and Jewelry.

Aberdeen, Sept. 2.—Claiming that they were robbed at the point of a revolver of \$820 in cash, diamonds, and a gold watch, by three masked men at 3 o'clock this morning, P. McDonald, Robert Kenyon, Mabel Montell and another woman, have reported their loss to the police, but so far no clue to the robbers has been found.

While the party was going from Aberdeen to Hoquiam in an automobile they saw a small white flag or handkerchief waving in the road ahead of them. Interpreting this as a danger signal, the machine was stopped, the highwaymen appeared, and demanded money and valuables. McDonald resisted and was beaten into insensibility. He thinks he recognized one of the robbers.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans: (1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY, Deputy of the Minister of the Interior.

Notice to Contractors

SEALED TENDERS addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of Thursday, the 20th day of August, 1908, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, of the following sections of the Transcontinental Railway, viz:

(1) District "C."—From a point designated on the plans of the Commissioners near Weymontachene, in the province of Quebec, 196.38 miles west of the north abutment of the Quebec bridge, (such point being on the boundary between Districts "C" and "D") westerly for a distance of about 197 miles. Date of completion, 31st December, 1910.

(2) District "C."—From a point designated on the plans of the Commissioners, about 107 miles west of Weymontachene, in the Province of Quebec, westerly to the end of the Grand Trunk Pacific Railway Company's contract, a distance of about 114.97 miles. Date of completion, 31st December, 1910.

(3) Districts "D" and "E."—From a point designated on the plans of the Commissioners, being at the western end of Fauquier Bros.' Abitibi contract, in the Province of Ontario, in a westerly direction for a distance of about 104.24 miles. Date of completion, 31st December, 1910.

(4) District "E."—From a point designated on the plans of the Commissioners, about sixty miles west of the easterly boundary of District "E," in the Province of Ontario, easterly to the end of Fauquier Bros.' contract, north of Lake Nipigon, distance of about 100 miles. Date of completion, 31st December, 1910.

(5) Districts "E" and "F."—From a point designated on the plans of the Commissioners, at the western end of Fauquier Bros.' contract north of Lake Nipigon, in the Province of Ontario, westerly to a point at or near Dog Lake, a distance of about 126 miles. Date of completion, 1st September, 1910.

(6) District "F."—From a point designated on the plans of the Commissioners at or near Dog Lake, in the Province of Ontario, to a point at or about mile 2.6 west of what is known as Peninsula Crossing, by alternative routes as shown on the plans, a distance of about 23.76 miles by the northerly route, and 24.13 miles by the southerly route, and the selection of the route to be at the option of the Commissioners. Date of completion, 1st September, 1909.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the offices of the following District Engineers, viz: John Aylen, Acting District Engineer, North Bay, Ont.; T. S. Armstrong, Nipigon, Ont.; and S. R. Poulin, St. Boniface, Man.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners.

A separate tender must be submitted for each section.

Tenders shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners; and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by, the terms and conditions in the form of contract, specifications, etc., annexed to the form of tender. Each tender must be signed and sealed by all the parties to the tender,

and witnessed and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, as follows: For Sec. No. 1, District "C," \$150,000 For Sec. No. 2, District "C," 150,000 For Sec. No. 3, Dist. "D & E," 150,000 For Sec. No. 4, District "E," 150,000 For Sec. No. 5, Dist. "E & F," 200,000 For Sec. No. 6, District "F," 100,000 Any person whose tender is accepted shall within ten days after the acceptance thereof furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications, and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract: "All mechanics, laborers, or other persons who perform labor for the purposes of the construction of the works hereby contracted for, shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final." "This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labor, and which are, or shall be, applicable to such works." (The schedule of minimum wages determined upon by said Department will form part of the contract.) "The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply, and upon as good terms, in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners, and also to the laws and regulations respecting fires in the different provinces wherein the work is being performed. The right is reserved to reject any or all tenders. By order, P. E. RYAN, Secretary.

The Retail Merchants' Association of Chatham is a level-headed organization. At a recent meeting newspaper advertising was discussed, and the general opinion of the members was that newspaper advertising was the best, and program and other advertising of that class was almost useless.

Synopsis of Canadian Homestead Regulations.

Any available Dominion lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

THE COUNTRY HOUSE.

A Room Apart That Should Be Known as the "Office."

The most privately conducted home must communicate with increasing frequency with the world outside. The coal man, the ice man, the automobile repair shop must be upbraided or cajoled. Reports must be reviewed, accounts kept, bills examined and the senders occasionally treated with a check. From a room removed from the rest of the house one must speak with the expressman or deliberate with the chauffeur or coachman, for none of these things should disturb the tranquillity of the home or the equanimity of guests. If the house is to minister to all the activities of a home it is high time that space be devoted to this mechanism of living. For want of a better term a room devoted to such a purpose may be called the "office" of the house. Here the telephone stands on a table that bears also the miscellaneous utensils and printed matter that are always wanted in a house when they cannot be found. Here are cookbooks, gardening books, dictionaries, time tables, while a few old plates, a cast or two, bits of Dresden, water colors and a few cherished photographs relieve an otherwise humdrum collection of necessaries. Here arriving parcels are placed and the daily mail opened. Mysterious cupboards there are and drawers with locks that work.—Indoors and Out.

A CONTRAST.

French and English Women as They Cross a Muddy Street.

See a Parisienne cross a muddy street. She advances tiptoe like a bird ready for a flight, deftly raises her dress more than enough to show her embroidered skirt, the dainty hose and elegant bottines, and without more delay she trips across, toe and heel barely touching and the mud refusing to cling to the fairy feet that hardly leave an impression on it. Landed on the other side, she gives her fine feathers a little shake into place and passes on with shoes that look as if just put on at that moment.

Watch an Englishwoman immediately afterward. She reaches the curb stone, comes to a dead standstill and stolidly contemplates the muddy road. Finally she selects a route. Then very cautiously she lifts her dress making sure that the tops of her shoes are under cover; then, slowly advancing, she puts her right foot out. Plump it goes, the water oozing over it, and then splash, splash, splash, until the other side is reached, when with soiled skirts and soaked shoes she proceeds on her wet and muddy way.

Nothing could be more characteristic of their respective nationalities, and nothing could be more amusing than their mutual contempt for each other's ways. — Translated From the French For St. Louis Republic.

Men's Hats and Women's Veils.

"I see here that a woman writer wonders why a man always looks in his hat before he puts it on," said the reflective man as he looked up from his paper. "Here is what she says: 'When a man puts on his hat he most always looks inside it first. What he expects to see remains a mystery, but he looks for it, all the same.' That's easy. He looks in his hat to see if the knot holding the inside band together will be at the back of his head when he puts it on. Now, if she'll tell me why a woman always pulls down her veil and purses up her mouth before she steps out of doors we'll call it square."—New York Press.

Side Whiskers.

In her last novel, "The Dream and the Business," Mrs. Craigie, I regret to note, used the expression "side whiskers." The redundant "side" is to be found also in Meredith, Dickens, the greater Richardson, Bronte, Caine, Corelli, Stans and Shorter. As a matter of fact, unless otherwise stated, the least intelligent reader would take it for granted that the whiskers were worn on the side of the face, as indeed is the usual practice. The terms "lip whisker" (moustache) and "chin whisker" (beardette) are Americanisms.—Pall Mall Gazette.

Just Like Him.

The Rev. Walter Tolton, author of "Ship and Shore" and other books, gave a most forcible illustration of the character of an officer on board the ship to which he was attached as chaplain. The officer was always meddling with other people's business and was seldom in his own place. Consequently he was most unpopular with the sailors. One of them, goaded to unusual irritation, said one day, "I do believe that at the general resurrection the lieutenant will be found getting out of somebody else's grave."

The Soft Answer.

"Johnny," said the stern parent, "my father used to whip me when I behaved at the table as badly as you are doing."
"Well," rejoined the precocious youngster, "I hope I'll never have to make a confession like that to my little boys."—Chicago News.

Australia Sees Need of a Navy

Melbourne, Sept. 2.—Speaking at the dinner tendered to Rear-Admiral Sperry and the senior officers of the American battleship fleet at the Royal Yacht Club last night, Alfred Deakin, the Prime Minister said:

"The appearance of the American fleet indicates that it is on no holiday cruise. Its visit marks for us no casual adventure for the earnestness after mature consideration, and the concession made by the American government in sending the fleet here is perhaps the most generous made in recent times by one nation to another.

"The American battleship fleet shows the last word in the art of naval construction, and the lesson to Australians is that America was unable to take a first place in the world until the country had a first-class navy, because it was, until then, only able to protest verbally against outside injustice and injury; so Australia cannot be content to ultimately accept defense at any other hands than its own and should begin provision for its own navy in a moderate way."

HORSE SHOW PLANNED FOR VICTORIA EXHIBITION

Victoria, Sept. 1.—The Provincial Exhibition, to be held in Victoria on Sept. 22 to 26, inclusive, will be the forty-eighth that has been held under the auspices of the British Columbia Agricultural Association. The directors have arranged a horse show. Among the entries that have been received are those from Miss Leowen, Mrs. McDonald and E. R. Rickett, of Vancouver; W. S. Fraser, Chilliwack; J. D. Farrell, Seattle. The following well known horsemen have given the assurances that they will be present: J. A. Russell, John A. Tees, W. R. Holland, P. N. Smith, A. A. Walsh, L. Blanchfield, H. Armstrong, all of Vancouver; John W. Considine, H. W. Treat and practically all the competitors in the Seattle horse show, as well as representatives from Tacoma and Portland.

FIVE PERSONS HAVE CLOSE ESCAPE IN FIRE

Chicago, Sept. 2.—Caught by flying bricks and burning rafters in a falling wall, five persons narrowly escaped death last night in a fire at Hammond, Ind. Two others were burned before the wall fell. The victims of the falling walls sustained severe burns and some of them are in a critical condition from inhaling the smoke or from internal hurts.

The fire started in a barn in the rear of a two-story building and is supposed to have been caused by children playing with matches.

RUSSELL SAGE LEFT OVER SIXTY-FOUR MILLION

New York, Sept. 2.—Russell Sage's estate is valued at nearly \$64,156,000. This fact became known today for the first time through the signing of the order for the transfer as payable to the State. Of this amount Mrs. Sage's share under the terms of the will left by her husband, who died July 22, 1905, is \$63,000,000. Among twenty-nine other relatives of Mrs. Sage, \$850,000 was divided. From the estate the State receives in taxes \$4,687,538.

Piping Championship Competitions.

Following are the conditions of the championship piping competitions which will be held at Queen's park on Sept. 30, Scottish sports day, of the exhibition: 1st—Each competitor must take part in each of the three competitions, (a) marches; (b) marches, strathspeys and reels; (c) pibrochs. 2nd—The championship shall be decided by points. 3rd—The points shall be for, (a) five; (b) three, and (c) one. 4th—In the event of a tie, the competitors shall be asked to play the jig, and by it the championship shall be decided. 5th—All competitors shall within three days of the competitions, notify the Rev. A. E. Vert the name of the pibrochs they intend playing. This is for the use of the judges and shall not under any circumstances be known to the competitors.

"Dry" Town is Wet.

Passengers from the north report that heavy rains have been falling on the Skeena, and that the work of excavating in connection with railway construction is practically at a standstill. Two men state that they had been 26 days in oilskins, and that excavating had to be abandoned.
