...MY OF SLEUTHS WILL GUARD HERO

...w York Police Department ...ment Makes Arrangements ...o Protect Roosevelt.

...ew York, June 17.—Theodore ...evelt will be guarded during the ...uration of his home coming to...ow as carefully as if he were in ...White House. The police are tak...unusual precautions. From the ...he leaves the steamer at quaran...he will be followed by the keen...detectives on the force. Some of ...men will always be at his elbow, ...s will be distributed among the ...ds. Inspector Russell, head of ...detective bureau, will take per...charge of his men.

...ice Commissioner Baker today ...ned sixteen inspectors, forty-...captains, 177 lieutenants, 170 ...eants, 4,100 patrolmen and twenty ...ons to duty for the land parade. ...her force in police boats will ...th the water parade. In the line-...there will be about 2,000 Spanish ...veterans in addition to the Roose...Rough Riders, bringing the total ...er of soldiers and police on ...to well over 6,000.

...e soldiers are to act as Colonel ...evelt's escort and guard. The ...work of the police will be to ...the crowd in order, but they also ...look to the protection of all out...own visitors.

Detectives Arrest Crooks.

...our hundred detectives began to ...ch the city last night for recog...d crooks. All those gathered in ...be held under lock and key until ...celebration is over.

...ll the big hotels report large ad...ce reservations of rooms for to...t and tomorrow, but is is thought ...will easily be able to care for ...their guests, as the bulk of the ...ing crowds will naturally be re...ted from nearby towns. When ...cheering is over there will go ...efully home.

...olonel Roosevelt's children now in ...country and his relatives who are ...g to meet him will sacrifice sev...l hours of sleep for the sake of ...g first to greet him. The revenue ...ter Manhattan, which will take ...m to quarantine, will leave at an ...ur yet to be determined, denpending ...the time when the Kaiserin Au...ta Victoria enters the harbor, but ...ll probability they will be obliged ...se before dawn.

...MAN EATS PINS AND DRINKS RAW ALCOHOL

...an Diego, Cal., June 17.—Bent on ...ting an end to her existence a wo...n named Veney Ford was found ...ing pins and washing them down ...h raw alcohol late yesterday after...n.

...he police were notified and forced ...e would-be suicide into the patrol ...gon and she was lodged with great ...culty in the woman's ward of the ...nty jail, where an attending phy...ian said there was a chance for ...recovery.

...SE FOR BRITAIN IS CONCLUDED AT THE HAGUE

...r Robert Finlay Occupied Eight ...Days in Presenting His Argument on Fisheries Dispute.

...The Hague, June 17.—At the Fish...ies tribunal today Sir Robert Fin... claimed that American fishermen ...re not amenable to British and ...onial fishe... regulations on the ...ne ground that French fishermen ...re not amenable to them. Prior ...the treaty of 1904, on the so-called ...rench shore of Newfoundland, coun... said France had always laid claim ...exclusive rights, and for that rea...n, and in order to avoid trouble ...th France, Great Britain had ab...ained from pressing the question of ...risdiction over French fisheries.

American fishermen, on the other ...and, had never claimed such exclu...ve rights. The treaty of 1818 mere...gave them the liberty to fish in ...mmon with the English fishermen.

Sir Robert Finlay turned to the ...estion as to whether American ...shing boats could employ Newfound...nders or other persons not of Amer...an nationality as fishermen. He ...aintained that they could not, be...ause the treaty of 1818 mentioned ...he fact that only Americans could ...e employed.

He proceeded to argue that New...oundland was entitled to forbid New...oundlanders to serve on American ...shing boats, because fishing rights ...were granted to American fishermen ...lone, and because that impression ...could not be interpreted to mean ...American capitalists resident in the ...United States who sent fishing boats ...manned by foreigners to the coasts ...of Newfoundland.

Sir Robert, whose speech occupied ...eight entire days, concluded today ...the presentation of the British con...tentions on the Newfoundland fish...eries case between Great Britain and ...the United States. Professor H. Lam...mache, of Austria, is president of the ...arbitration tribunal.

CONFLICTING RUMORS RIFE OVER McFERRAN'S DEATH

Possibility of Power Having Been Turned on While Lineman Was Working Is Being Investigated.

Rumors are rife concerning the manner in which James McFerran met his death at Westminster Junction a few days ago. McFerran was electrocuted by coming in contact with a live wire and the coroner's jury returned a verdict to that effect, with a rider that it was through no careless or negligence of his own.

According to the first reports, the foreman at Westminster Junction had telephoned to the power house to have the juice cut off, and it was thought that through some misinterpretation of orders this had not been done.

It is now pointed out that the high power wire, which McFerran went to mend, was resting on the wooden crossbar of the pole and if that was the case, it would be impossible for anyone to climb the pole while the power was on. The only other supposition is that the power was turned on when he was up the pole.

There is a chemical works on Burrard inlet not far from the place where the wires are carried over the inlet and there is a rumor current that this was the place where the mistake was made. Just how, no one ventures to suggest, but there is a persistent rumor that a Jap, while turning on a switch in the chemical works, was severely shocked at the same time that McFerran received the shock that caused his death.

There may be nothing in the rumor whatever, but the police are investigating with the idea of discovering all the circumstances connected with the tragic occurrence.

TO SPEND MILLIONS ON MONTREAL HARBOR

Canadian Government Has Plans for Harbor and Docks to Handle Largest Ships.

Washington, June 17.—Vice Consul Gen. P. Gorman makes the following report on the comprehensive plans for developing the harbor of Montreal at a cost of $12,000,000 to $18,000,000.

The government has made a loan of $6,000,000 to the Montreal harbor commission to commence the work. During the past eleven years some $10,000,000 has been spent on harbor developments. The board of consulting engineers recommended that the period of construction be extended over eight to twelve years, at the rate of $2,500,000 per year. The chief features of the plan include:

High level quays to give berths for twenty-four ocean-going vessels of 600 or 800 feet long, with an aggregate frontage of 16,880. New low-level quays, 5,800 lineal feet. Combined area of low-level and high-level extension, seventy-four acres. New sheds, floor area, 1,386,000 square feet. Two new elevators with extensive conveyor systems, with a combined capacity of 2,000,000 bushels. Additional high-level railway tracks on the wharves twenty-two miles long. A bridge extending in sections from the foot of St. Peter street to the south shore, touching on Bickerdike pier, Guard pier, and St. Helen's island; this bridge to accommodate four railway tracks, provide for railway and electric transportation, vehicular traffic, and establish a boulevard. A dry dock and ships' repair yard on the Guard pier, changing the entrance to Lachine canal. Arrangement for entrance of Georgian Bay canal at the west end of the west end of the Guard pier, near Victoria bridge. Dredging of harbor to a uniform depth of thirty-five feet.

Sherman Act Violaters Indicted.

New York, June 17.—Frank B. Hayne, William P. Brown and Eugene Scales were indicted by a special federal grand jury this afternoon for violations of the Sherman act in connection with the recent bull movement in cotton. James A. Patten and Maurice E. H. Rothschild were also named in the indictments. Bails were fixed at $5,000 each.

John Burns Gives Advice.

London, June 17.—John Burns, president of the local government board, in a letter to the London boards of guardians, points out that emigration affords a sure means of extricating children from pauperism and the influence of evil surroundings.

Vancouver Loan Advertised.

London, June 17.—Offerings of the Vancouver loan of £453,600, four-per-cent stock at 100½, and $500,000 capital stock of the Molsons Bank shares, of the par value of $100 each, at $216, are advertised here.

Heat Prostrations in Chicago.

Chicago, June 17.—Prostrations, due to oppressive heat, were numerous throughout the city today. Shortly before noon the weather bureau reported 84 degrees and rising, while at the street level as high as 92 degrees were registered.

SIR WILFRID LAURIER WILL PROBABLY VISIT WESTMINSTER

Liberal Executive Makes Representations to Ralph Smith, M. P., Who Promises He Will Use Every Means to Include This City in Premier's Itinerary.

There is a strong possibility that Sir Wilfrid Laurier will visit this city during the forthcoming western tour, strong representations have been made with this end in view by the members of the liberal executive. A few days ago an invitation was sent to Ralph Smith, M. P. for Nanaimo, to come here and discuss the question with the local officers. Yesterday Mr. Smith arrived in the city and called on President A. E. Kellington, who impressed upon him the advisability of having this district included in the premier's itinerary.

Promises to Help.

Mr. Smith explained that the original program had had to be curtailed owing to Sir Wilfrid being unable to devote the necessary time for visits to the large number of places suggested. The duration of his trip had been cut down considerably, and this had made it necessary to wipe off some of the projected calls.

"However," commented the member for Nanaimo, "we recognize that the importance of the city of New Westminster, and the district tributary to it, has so increased in the past few years that it would be a matter for much regret should our esteemed leader fail, for any cause or reason, to pay a visit to the Royal City. As one of the members of the committee in charge of Sir Wilfrid's tour, I am pleased to say that means will at once be taken to include Westminster in the list of places to be visited by the premier.

"As soon as I return home, which will probably be on Sunday, I will communicate with Senator Bostock and with the Liberal executive of Vancouver with a view to arrangements being made for a trip to this city by Canada's leading statesman.

Will Not Know Westminster.

"When our genial leader comes to this city," concluded Mr. Smith, with a smile, "he will have to be told it is New Westminster, for he certainly will not recognize it as the place he visited sixteen years ago. It has grown some since then, sure enough."

Sir Wilfrid Laurier is due to arrive in Vancouver on Tuesday, August 16, when he will address a mass meeting. He is not due to speak again until two days later, on Thursday, when he is to give an address in Victoria. From Victoria he goes to Prince Rupert, returning from the terminus of the G. T. P. on August 24. His next meeting is in Kamloops on the night of the twenty-sixth.

May Be Here on August 17.

In all probability the premier's trip will be so arranged that he will honor Westminster with a visit on Wednesday, August 17, this being the only available open day in the published program of his itinerary. If this date is not suitable, or if the premier needs a rest after his long and arduous journey across half a continent, it is likely the date of his address in the Capital City will be altered to permit him to speak here.

Sir Wilfrid leaves on his tour on July 7, and plans to be away from the capital about two months.

Liberals Make Representations.

As soon as it was learned here that no provision had been made for the coming here of Canada's premier statesman, the executive of the Liberal association set to work to remedy this state of affairs, the secretary, Ed. Goulet, writing letters to the premier calling his attention to the unfortunate omission, and also sending copies of the communication to Senator Bostock and to Ralph Smith. The latter was also advised that the citizens of Westminster, of all shades of political faith, were anxious to hear Sir Wilfrid speak here, and urging upon him the advisability of making such arrangements as would permit the leader to come to the Royal City.

As soon as word is received here that the premier has definitely decided to make Westminster one of his points of call, arrangements will be commenced for a suitable reception to the veteran liberal leader.

BOMB THROWN AMONG SQUAD OF GENDARMES

One Officer Killed and Four Others Mortally Wounded in Outrage Near Warsaw, Russia.

Warsaw, Russia, June 17.—A bomb was exploded with fatal results in a squad of gendarmes at the Gordzisk station on the Vienna railroad, thirty miles from here, today. One of the gendarmes was killed outright, four received mortal wounds and their chief was slightly injured.

The bomb thrower was arrested.

An attempt is being made by the authorities to connect today's violence with that at Radom, when Centonl (colonel) Wonstatski, of the gendarmes, was shot and killed by a policeman. On that occasion the assassin and an accomplice committed suicide on the spot.

FEMALE SUFFRAGE.

London, June 17.—British suffragettes are elated at reports received from the United States that give from the year 1890 to 1900 the divorce rate in states surrounding four equal suffrage states that have increased 40 3-16 per cent while it has decreased in the four suffrage states 7 1-20 per cent. The increase in the United States at large is 30 7-18 per cent.

They argue that equal suffrage works against divorce. Here the suffragettes are centering their efforts on a procession next Saturday in support of the new suffrage bill of the conciliation committee which will be introduced in the house on Tuesday. They expect the column to be two miles long. Leading the procession will be 617 women, each representing a prison heroine of the militant days.

Unionist Returned Unopposed.

London, June 17.—W. R. Champion, unionist, was returned unopposed today for Lewes division of Sussex. The seat was rendered vacant by the death of Colonel the Right Hon. Sir Henry Aubrey Fletcher, C.B., who won the seat in the conservative interest at the recent general elections from Basil Williams, liberal, by 4,596 majority in a total poll of 13,740.

ENGLISH BUSINESS MEN SHOULD VISIT CANADA

London, June 17.—Alderman Twiggs, of Bristol, who arrived home on the Royal George yesterday, says every business man ought to go to Canada and then they would realize the greatness of the country and how eager Canadians are to deal with British houses.

OPERATIVES ADVOCATE EXPERIMENTAL MILL

Would Have Government Establish Plant for Testing Comparative Qualities of Wheat.

St. Louis, June 17.—The operative millers of America yesterday recommended to the agricultural department that an experimental mill be established at Washington, D. C., in charge of a reliable and competent miller and that the mill be made a part of the department of agriculture equipment.

The reason for the resolution was the belief that it is necessary that the flour making qualities of wheat be taken into consideration when it is recommended to farmers that certain varieties of wheat should be grown and that it is necessary for the agricultural colleges and experimental stations to have full knowledge of the variety of wheat which will produce the maximum yield and the best quality of flolr.

TO LOOK FOR SMUGGLERS.

Special Customs Officers Will Patrol the Detroit River.

Windsor, June 17.—Special officers will be appointed by the Customs Department at Ottawa to patrol the river from near Windsor if a recommendation by Dr. Smith, Collector of Customs, is approved by the department. Their duty will be to watch for smugglers and prevent undesirables from gaining admission to Canada by evading the Canadian immigration officers. Customs officers claim to have information that there is no small amount of smuggling, and that undesirables who have been turned back by the immigration officers at the Windsor dock in many cases find their way into Canada by crossing the river in rowboats or launches. The recommendation follows an investigation by Customs Collector Smith and Travelling Inspector Herbert.

TROUT WILL BE HATCHED ARTIFICIALLY

Victoria, June 17.—Trout are to be hatched artificially and the fishing resorts of British Columbia maintained at the highest possible standard. The first trout hatchery of the Canadian west is under construction at the headwaters of the Cowichan river, Vancouver Island. It is costing about $30,000.

From this source it will be possible to develop sufficient fry to keep every lake and stream so well stocked as to make the province famous as a paradise for the enthusiastic piscatorial artist.

EDITOR-JUSTICE WOULD NOT RESIGN OFFICE

Offending Publisher of Penticton Press Summarily Dismissed by Provincial Government.

Victoria, June 17.—"Resign voluntarily! Not for any government!" This was the reply of Editor Clement, of The Penticton Press, who brought upon his head the scorn of the community by publishing an article after the funeral of King Edward VII. questioning the sincerity of the state of mourning into which the British Empire was plunged.

The entire province of British Columbia, however, was roused to such a pitch that the authorities couldn't overlook the incident. On the editor refusing to resign his office as justice of the peace he was summarily dismissed.

Railroad Bill Approved.

Washington, D. C., June 17.—The senate today placed its final stamp of approval on the administration of the railroad bill by adopting the report of the conference committee on that measure. The vote came at the close of a day devoted to a fragmentary discussion of the measure and was without special feature. The report prevailed by a large majority, the ayes being fifty and the nays eleven. All of the negative votes were cast by democrats.

Bryan Defends Missionaries.

Edinburgh, June 17.—William J. Bryan addressed the evening session of the World's Missionary conference. He refuted the objections to missions, and said that missionaries were much less apt to get nations into trouble than persons who went abroad for the purpose of making money.

TWENTY TWO MILLIONS SURPLUS FOR THE YEAR

Canada's Revenue Makes New High Mark—Totals One Hundred and One Million and a Half.

Ottawa, June 17.—Final figures of revenue and expenditure for the last fiscal year, ending March 31, made public by the Department of Finance this afternoon, show a record surplus of $22,092,185 in revenue over all ordinary expenditure. This exceeds by over two and one-half millions the previous high record of 1907-08, and is five millions better than the estimate given by the Finance Minister in his budget speech of December last. The total revenue was $101,501,034, an increase of $16,500,000 over the preceding year. The total expenditure on consolidated fund account was $79,409,849, or $4,500,000 less than 1908-09. On capital account last year there were spent $34,114,994, including $19,968,064 on the construction of the National Transcontinental railway. Out of the revenue Canada paid last year every item of ordinary and capital expenditure, exclusive of the National Transcontinental, and had over $8,500,000 still left towards the construction of the railway. Probably no other country in the world can show anything like so satisfactory a financial statement for the year, and with the revenue for the current year increasing at the rate of $1,500,000 a month indications point to an even greater surplus for the twelve months.

The net debt of the Dominion at the end of the fiscal year was $336,266,348, an increase during the year of $12,336, due, as has been noted, to three-fifths of the year's expenditure on the National Transcontinental railway.

In his budget speech Hon. Mr. Fielding conservatively estimated the total revenue at $97,500,000. The actual revenue went $4,500,000 beyond his estimate. He estimated the total expenditure on consolidated fund account at $81,000,000. It fell short of this by $500,000.

The principal items of revenue were as follows: Customs, $60,156,133; excise, $15,253,352; postoffice, $7,958,547; public works including railways, $10,114,990; miscellaneous, $8,018,069.

The principal items of expenditure on capital account were as follows: Public works, railways and canals, $27,571,225; militia, $1,299,970; railway subsidies, $2,048,097; bounties, $2,411,095.

Deliberation to Be Confidential.

London, June 17.—The conferees representing the government and the opposition on the subject of the lords' veto legislation had their first session today. It was agreed that their deliberations, the scope of which is to be untrammelled, should be confidential.

Big Reward.

Washington, June 17.—Richard Parr, the customs devpartment deputy at New York who assisted the government in recovering $2,000,000 in the sugar weighing frauds, is to receive a reward of $100,000.

BIG FIGHT WILL GO TO GOLDI... DS

Promoters Accept Off... to Stage the Jeffries-Jo...on Battle in Nevada.

San Francisco, June 17.—Tex Rickard announced today to the Associated Press, on receipt of a telegram from Morris Sullivan, of Goldfield, Nev., that the Jeffries-Johnson fight would be held there on July 4, Sullivan guaranteeing $120,000 to the promoters.

"Sullivan is an old friend of mine and absolutely dependable," says Rickard. "The fight will go to Goldfield unless a much better offer should come from some other Nevada city, which is hardly likely."

Militia Called Out.

San Francisco, June 17.—At a conference attended by Governor James N. Gillett, Adjutant Governor Lauck, Colonel Pippy, of the governor's staff, and an officer of the regular army, plans were made today to call out the state militia to stop the Langford-Kaufman fight tomorrow.

The conference was held in the office of Attorney General V. S. Webb and, although they would not talk, the conferees did not deny that action had been taken.

Promoter Louis Blot will not yield. He declares that he will hold the "contest" if the entire army is turned out.

"I will make the soldiers stop the fight," he said.

Following is the governor's order to Adjutant General Lauck:

"Make necessary arrangements at once to have two companies of militia in San Francisco at 2 p. m. Saturday, June 18, to prevent a prizefight between Kaufman and Langford if police of city do not interfere.

(Signed) "J. N. GILLETT."

Fight Is a Nuisance.

San Francisco, June 17. Attorney General Webb this afternoon filed an application for an injunction against the Langford-Kaufman fight tomorrow on the grounds that it is a public nuisance.

Military Order Rescinded.

LATER—San Francisco, June 17.—On the promise of District Attorney Wykert and Chief of Police Martin that they would stop the Langford-Kaufman fight tomorrow afternoon, Governor Gillett announced that he would rescind his order calling out the militia.

Trade Is Improving.

New York, June 17.—Bradstreet says Canadian trade and crop conditions have improved as the result of warmer weather. Montreal states that wholesale dry goods houses have done a better business, and there has been a perceptible increase in retail trade.

BOOKIES TO BE SHADOWED BY SIXTY DETECTIVES

Coney Island Jockey Club Joins Hands With Authorities in Effort to Stop Race Track Gambling.

New York, June 17.—Sixty private detectives were engaged by the Coney Island Jockey club today. They all filed their credentials with the county clerk in Brooklyn. They have been instructed by officers of the Sheepshead track to prevent all bookmaking operations at the track, to arrest bookmakers or their clerks whenever they congregate, to prevent the printing and publishing of odds and to arrest bookmakers who are detected in the act of writing sheets in their pockets.

The action by the Jockey club is supposed to have been inspired by the recent action of the legislature enacting a law making owners of race tracks or directors of clubs personally responsible for gambling which takes place on their grounds.

KERMIT ROOSEVELT TO ACT AS BEST MAN

New York, June 17.—Kermit Roosevelt, will be best man at the wedding of his brother, Theodore, jr., next Monday, instead of Evelyn Irving, the death of whose father has made it impossible for him to take a prominent part in the ceremony.

After communicating his sympathy to Mr. Irving, young Mr. Roosevelt sent a wireless message to his brother, Kermit, who is now on the ocean, asking him to be best man at the wedding. The acceptance came back immediately.

"Kermit has never been a 'best man,'" said the elder brother. "It's time he learned how."

There will be a rehearsal of the wedding for the benefit of Kermit Sunday afternoon.

STREET IMPROVEMENT DEBENTURE OR REGISTERED STOCK BYLAW, 1910.

A Bylaw to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Fifty Thousand ($150,000.00) dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the city for the construction, improvement and repair of streets and sidewalks, and it is expedient that additional sums be spent in like manner, amounting in all (with the sums already spent) to the sum of One Hundred and Fifty Thousand ($150,000.00) dollars;

And Whereas, it appears that if the said sum of One Hundred and Fifty Thousand ($150,000.00) dollars, be appropriated from the general revenue of the city for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the corporation, and that debentures or registered stock certificates should be issued for that amount;

And Whereas, for the payment of interest on the debentures or registered stock certificates, proposed to be issued under this Bylaw, and for creating a sinking fund for the payment of the said debentures or registered stock certificates when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debentures or registered stock certificates, the sum of Seven Thousand, Five Hundred and Ninety and 32-100 ($7,590.32) dollars;

And Whereas, in order to raise the said yearly sum of Seven Thousand, Five Hundred and Ninety and 32-100 ($7,590.32) dollars, an equal rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And Whereas, the whole rateable property of the said city, according to the last revised Assessment Roll thereof, is Seven Million, Two Hundred and Forty-nine Thousand and Ten ($7,249,010.00) dollars;

And Whereas, the total amount of the existing debenture debt of the said city is One Million, Six Hundred and Seventeen Thousand, One Hundred ($1,617,100.00) dollars, irrespective of the sum of One Hundred and Seventy-four Thousand, Five Hundred ($174,500.00) dollars proposed to be raised under the "Lulu Island Bridge Debenture or Registered Stock Bylaw, 1910"; the "Fire Debenture or Registered Stock Bylaw, 1910"; the "Schools Debenture or Registered Stock Bylaw, 1910," and the "Parks Debenture or Registered Stock Bylaw, 1910," of which none of the principal or interest is in arrears;

Now Therefore, the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures or registered stock certificates hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Fifty Thousand ($150,000.00) dollars, and to cause the same to be paid into the treasury of the said city for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures or registered stock certificates to be made, not exceeding in the whole the sum of One Hundred and Fifty Thousand ($150,000.00) dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures or registered stock certificates shall be sealed with the seal of the corporation, signed by the Mayor and countersigned by the treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures or registered stock certificates, shall be payable on the first day of July, 1960, at such place or places as the Council of the said corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the first day of January and the first day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the city, sufficient to pay the interest upon the debentures or registered stock certificates, and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures or registered stock certificates, the sum of Six Thousand, Seven Hundred and Fifty ($6,750.00) dollars for the payment of the interest thereon, and the sum of Eight Hundred and Forty and 32.100 ($840.32) dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures or registered stock certificates shall be applied as follows, and not otherwise: towards paying the cost of the passing of this Bylaw and the issue and sale of the debentures or registered stock certificates therein referred to, recouping the treasury of the city such sums as have been this year expended in street works, or may be so expended until the proceeds of the sale of the said debentures or registered stock certificates have become available, the making, improving and repairing of such streets and sidewalks in the city as may be deemed expedient by the council, but no sidewalk or street shall be made or repaired out of the moneys borrowed under this Bylaw unless the same shall have first been approved by a resolution of the Council.

7. This Bylaw shall take effect on the day of 1910, and may be cited as the "Street Improvement Debenture or Registered Stock Bylaw, 1910."

8. This Bylaw before the final passing thereof, shall receive the assent of the electors of the said city in the manner required by law.

Received the assent of the electors on the day of 1910.

Reconsidered and finally passed in open council the day of 1910.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the day of the first publication thereof in the "Daily News" newspaper, which first publication took place on the 13th day of June, 1910, and that a vote of the electors of the city will be taken on the said proposed Bylaw on the 14th day of July, 1910, between the hours of nine o'clock a.m. and five p.m. at the following places, namely: The Council Chamber, Civic Building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, June 11, 1910.

SCHOOLS DEBENTURE OR REGISISTERED STOCK BYLAW, 1910.

A Bylaw to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of Ninety-seven Thousand, Five Hundred ($97,500.00) dollars for School Purposes.

Whereas the Board of School Trustees of the City of New Westminster have caused to be prepared and laid before the Council a detailed estimate of the sums required by the Board for the current year's ordinary expenses of maintaining the schools of the said City of New Westminster; and have also prepared a like detailed estimate of the sums required to meet any special or extraordinary expenses legally incurrable by the Board, which last mentioned estimate is subject to consideration, alteration and final approval by the Council, and the same has been finally approved by the Council.

And Whereas, the amount required under the said last mentioned estimate for schools amounts to Ninety-seven Thousand, Five Hundred ($97,500.00) dollars, made up as follows: Thirty-five Thousand ($35,000.00) dollars for the erection and equipment of the new Sapperton school; Two Thousand, five Hundred ($2,500.00) dollars for the erection and equipment of a school on Lulu Island, and Sixty Thousand ($60,000.00) dollars for the erection of a High school.

And Whereas, by Section 40 of the the Public Schools Act 1905, as re-enacted by Section 30 of the Public Schools Act 1905, Amendment Act 1906, any statute to the contrary notwithstanding, the Council of any city, town or rural municipality in the Province including the City of Vancouver and City of New Westminster, may in each and every year pass a Bylaw or Bylaws for levying aspecial rate of not more than Five (5) mills on the dollar for school purposes, and the Council may in addition to such rate apply any portion of the ordinary revenue to school purposes.

And Whereas, it appears that the amount required to meet the current year's ordinary expenses of maintaining the schools will exhaust the amount authorized to be levied under Section 40 of the Public Schools Act 1905, as re-enacted by said Section 30 of the Public Schools Act 1905, Amendment Act 1906, and it will be necessary also to apply a portion of the ordinary revenue for such purposes.

And Whereas, it appears that if the said sum of $97,500.00 be appropriated from the general revenue of the city for the current year, the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the corporation, and that debentures or registered stock certificates should be issued for that amount.

And Whereas, for the payment of interest on the debentures or registered stock certificates proposed to be issued under this Bylaw, and for creating a sinking fund for the payment of the said debentures or registered stock certificates, when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debentures or registered stock certificates the sum of four Thousand, Nine Hundred and Thirty-three and 70-100 ($4,933.70) dollars;

And Whereas, in order to raise the said yearly sum of $4,933.70, an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And Whereas, the whole rateable property of the said city, according to the last revised Assessment Roll thereof, is Seven Million, Two Hundred and Forty-nine Thousand and Ten ($7,249,010.00) dollars;

And Whereas, the total amount of the existing debenture debt of the said city is One Million, Six Hundred and Seventeen Thousand, One Hundred ($1,617,100.00) dollars, irrespective of the sum of Two Hundred and Twenty-seven Thousand ($227,000.00) dollars proposed to be raised under the "Street Improvement Debenture or Registered Stock Bylaw, 1910;" the "Fire Debenture or Registered Stock Bylaw, 1910;" the "Lulu Island Bridge Debenture or Registered Stock Bylaw, 1910," and the "Parks Improvement Debenture or Registered Stock Bylaw, 1910," of which none of the principal or interest is in arrears.

Now Therefore, the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures or registered stock certificates hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of $97,500.00, and to cause the same to be paid into the treasury of the said city for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures or registered stock certificates to be made, not exceeding in the whole the sum of $97,500.00 for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland at a value of 4.866 to the pound sterling; and all such debentures or registered stock certificates shall be sealed with the seal of the corporation, signed by the Mayor and countersigned by the treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures or registered stock certificates shall be payable on the first day of July 1960, at such place or places as the Council of the said corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the first day of January and the first day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the city, sufficient to pay the interest upon the debentures or registered stock certificates, and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures or registered stock certificates, the sum of $4,387.50 for the payment of interest thereon, and the sum of $546.20 to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures or registered stock certificates shall be applied as follows, and not otherwise: towards paying the cost of the passing of this Bylaw and the issue and sale of the said debentures or registered stock certificates therein referred to, and all expenses connected with the issuance of the said loan, and the balance shall be paid over from time to time as required upon the order of the trustees by the city treasurer to the several persons to whom moneys are payable.

7. This Bylaw shall take effect on the day of 1910, and may be cited as the "Schools Debenture or Registered Stock Bylaw, 1910."

8. This Bylaw before the final passing thereof, shall receive the assent of the electors of the said city in the manner required by law.

Received the assent of the electors on the day of 1910.

Reconsidered and finally passed in open council the day of 1910.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" newspaper, which first publication took place on the 13th day of June, 1910, and that a vote of the electors of the city will be taken on the said proposed Bylaw on the 14th day of July 1910, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, Civic Building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, June 11, 1910.

LOCAL IMPROVEMENT NOTICE.

The Municipal Council of the Corporation of the City of New Westminster having by resolution determined and specified that it is desirable to carry out the following works, that is to say:

To construct cement concrete sidewalks on both sides of Tenth street from Sixth avenue to Tenth avenue, except on the east side of said street between Sixth and Eighth avenues, also on both sides of London, Edinburgh, Dublin and Hamilton streets, Eighth and Seventh avenues between Tenth and Twelfth streets.

And that the said works shall be carried out in accordance with the provisions of the Local Improvement General Bylaw, 1909.

And the City Engineer and City Assessor having reported to the Council in accordance with the provisions of the said bylaw upon the said works, giving statements showing the amounts estimated to be chargeable against the various portions of real property to be benefited by the said works and other particulars and the said reports of the said City Engineer and City Assessor having been adopted by the council.

Notice is hereby given that the said reports are open for inspection at the Office of the City Assessor, City Hall, Columbia street, New Westminster, B.C., and that unless a petition against the proposed works above mentioned, signed by a majority of the owners of the land or real property to be assessed or charged in respect of such works representing at least one-half in value thereof is presented to the Council within fifteen days from the date of the first publication of this notice the Council will proceed with the proposed improvements under such terms and conditions as to the payment of the cost of such improvements as the Council may by by-law in that behalf regulate and determine and also to make the said assessment.

Dated this 9th day of June, A.D., 1910.

W. A. DUNCAN,
City Clerk.

NA-DRU-CO — ONLY OUR PRODUCTS BEAR THIS TRADE MARK

Your Guide and Safeguard

NA-DRU-CO — ALWAYS LOOK FOR THIS TRADE MARK

NA-DRU-CO

Your Guide

Do you want the softest and most delicately perfumed Talcum Powder? Buy **NA-DRU-CO Talc.**

Are you looking for a pleasant flavored, economical dentifrice, that will clean and whiten your teeth without harming them? You'll find **NA-DRU-CO Tooth Paste** exactly what you want.

Would you preserve and enhance the fresh beauty of your skin? Used **NA-DRU-CO Toilet Cream.** It is a true skin food, and quite harmless.

Is your hair losing its lustre? **NA-DRU-CO Hair Restorer** will bring back its natural color and vitality.

And so on through the lengthy list of Toilet and Medicinal Preparations which you or your family need, **your surest guide to quality and satisfaction is the NA-DRU-CO Trade Mark.**

It is easy to recognize NA-DRU-CO preparations, for besides bearing the NA-DRU-CO Trade Mark, they are smartly dressed in a pleasing shade of red.

Your Safeguard

The NA-DRU-CO Trade Mark is your safeguard, too, as well as your guide. Behind it stands the National Drug and Chemical Company of Canada, Limited, with the largest wholesale drug business in Canada, and a Paid-up Capital of over Five Million Dollars, guaranteeing the **absolute reliability** of everything bearing the NA-DRU-CO Trade Mark.

When you buy NA-DRU-CO products you are certain of the **purest materials, skilfully compounded by expert chemists.** You are sure of articles which are the best that brains, organization and money can produce, and that will give you satisfaction.

If by any chance any NA-DRU-CO preparation should not entirely satisfy you return it and your druggist will refund the full purchase price.

Ask your druggist, who is a man of standing in your community, about the NA-DRU-CO line. He is in position to tell you, for we will furnish to him, or to any druggist or physician in Canada, on request, a full list of the ingredients in any NA-DRU-CO preparation.

If your druggist hasn't the particular NA-DRU-CO article you ask for in stock, he can get it for you within two days from our nearest Wholesale Branch.

A Few NA-DRU-CO Favorites:

Toilet: Complexion Cream, Talcum Powder, Tooth Paste, Witch Hazel Cream

For Children: Baby's Tablets, Sugar of Milk

Dyspepsia & Indigestion: Dyspepsia Tablets

Ointment and Salves: Carbolic Salve, Stainless Iodine Ointment (3 sizes), Pile Ointment

Tonics: Cod Liver Oil Compound, Tasteless, (2 sizes); Nervozone; Cod Liver Oil Emulsion (2 sizes)

National Drug and Chemical Company of Canada, Limited

Wholesale Branches at: Halifax, St. John, Montreal, Ottawa, Kingston, Toronto, Hamilton, London, Winnipeg, Regina, Calgary, Nelson, Vancouver, Victoria.

CANADIAN LUMBER CUT VALUED AT $54,438,036

Output for 1909 Was 3,348,206,00 Feet —British Columbia Third Among Provinces.

Washington, June 17.—Consul Frederick M. Ryder, of Rimouski, writes that the forestry branch of the Canadian interior department, by means of correspondence with over 1,400 lumber concerns in various parts of the Dominion, estimates the quantity of lumber cut in Canada during 1909 at 3,348,206,000 feet, valued at $54,438,-036. Among the provinces British Columbia stands third, with an output of 647,977,000 feet, valued at $9,107,-186.

The number of railroad ties produced in the Dominion during 1909 was 13,078,416, valued at $5,281,685; shingles, 1,499,396,000, $3,101,996; laths, 671,562,000, $1,487,125. The aggregate value of the total production of lumber of all kinds for 1909 is placed at $67,500,000.

Consul General George N. West writes from Vancouver that the forest areas of British Columbia are being rapidly secured by leases of crown lands. He also states that the commissioner of lands, in a speech before the provincial assembly, in discussing the timber and lumber subject, said in part:

"At a conservative estimate there are 15,000 special licenses in force, carrying at least 140,000,000,000 feet of standing timber. The timber acreage of the province is estimated at 180,000,000 acres. There are in British Columbia 215 sawmills, with a daily capacity of 4,429,000 feet; fifty-nine shingle mills, capacity 3,385,000 feet; and new mills are constantly being erected."

EXCLUSIVE TELEPHONE CONTRACTS NOT LEGAL

Albany, N.Y., June 16.—Telephone companies cannot enforce a contract for exclusive service, according to a decision here this week in the action of the Central New York Telephone & Telegraph company against the proprietors of the Yates Hotel, at Syracuse. A contract was entered into whereby it was agreed the hotel would use exclusively the Central New York company's telephone for nine years. Later the hotelkeeper sought to introduce another telephone, and the company brought suit to restrain them.

The court of appeals holds that such a contract would shut out customers of rival companies from telephone communication with their neighbors, and condemns the "exclusive clause of this contract as against public policy and therefore void."

DOCTORS ARE ANXIOUS TO INDULGE IN ADVERTISING

Member of King County Medical Society Declares Old-Fashioned Ethics Will Be Shattered.

Seattle, June 17.—"Traditions which long have held the King County Medical society bound hard and fast to certain ideals of medical ethics and other matters, are in process of being shattered, and I doubt not that at an early meeting of the organization the ban on advertising will be removed and members of the society be permitted to follow their own inclinations as to that matter."

A prominent member of the organization of Seattle physicians made the foregoing statement today. He was present at, and a prominent participator in the debate over Benjamin S. Paschall's charges charges against Dr. E. E. Heg, at Monday night's meeting of the society. That meeting was a stormy affair and the vote against a report of the board of trustees hostile to Dr. Parschal was two to one against the board. It is asserted by some physicians who were on the winning side Monday night, that the new or so-called "progressive" element in the society has obtained the upper hand.

The physician who made the quoted statement regarding the gradual shattering of traditions governing the organization belongs to the younger or "progressive" element of King County practitioners. He said that he did not wish his name to be used at this time for fear it would embarrass the plans of those in charge of the move to raise the ban on advertising.

"You may be surprised to learn it, but the fact is that one of the old guard of King County physicians, a man long prominent in the society, has undertaken to lead the fight for freedom of action on advertising," said a medical man today. "I am not at liberty to give his name now, but you will learn it in plenty of time."

As intimated by the physicians quoted, there is a clear line of cleavage between the old-timers in the society and the new and younger element of physicians who are making themselves prominent just now along several lines of discussion within the society.

TO DEMOLISH BUILDING KNOWN AS TATTERSALL'S

Chicago, June 17.—"Tattersalls" for many years one of the most prominent of the larger structures of the city, is being torn down. It was erected in 1891 at a cost of $300,000 by the Chicago American Horse Exchange representing English capital for the greater part and the purpose was to make it a great horse exchange, similar to Tattersalls in London, after which it was named.

This purpose, however, was realized only to a limited extent and while in its early days it was the scene of several horse shows, it subsequently was used for other purposes where a large amount of space was required, including political conventions and prize fights.

It never was a paying venture. It was the fiasco there between McGovern and Gans which ended the fight game in Chicago.

AUSTRIAN EMPEROR MARVELS AT CANADIAN RESOURCES

Vienna, June 17.—At the request of the British ambassador, Emperor Frances Joseph visited the Canadian pavilion at the Sportsmen's Exhibition and showed astonishment at the immense agricultural resources of the Dominion which he called "a blessed country."

RAGTIME DOOMED, SAYS GEORGE L. TINDALE

New York, June 16.—"Ragtime songs and music have about served their purpose and gradually are going out of popular esteem," according to George L. Tindale, president of the Music Publishers' Association of the United States, which is holding its annual session here this week. In his annual address, President Tindale declared public taste will henceforth require compositions of more solid nature.

"Ragtime of the trivial sort and the ordinarily slangy music of the popular sort will be a thing of the past in five years," he said. "It is hard to understand why barroom quips and the slang of the street should be perpetuated in music, and such goods ought not to be offered for sale or taken into our homes for fireside entertainment."

Would Remedy Drink Evil.

Spokane, June 16.—Sister Flora Bilkiss, a slum and mission worker, who has been in Spokane for the past three years, has made a novel proposition to the city council, which she believes would, if adopted, lessen the drink evil. She asks that a city hospital for inebriates be founded, and that the saloons of the city be taxed for the cost of erecting and maintaining it, and supplying the board for the inebriates.

CITY OF NEW WESTMINSTER

SANITARY NOTICE.

All rubbish and garbage must be removed to the foot of Sixteenth street and Fifth avenue, where it will be burned by the corporation.

Any person or persons who dump garbage or rubbish of any kind on any other street or avenue or on any lane, vacant lot or public property will be prosecuted under the provisions of the Sanitary Bylaw.

By Order, S. J. PEARCE,
Sanitary Inspector.

SATURDAY, JUNE 18, 1910.

A BOLD PROJECT.

It is a generally accepted maxim that a city or town prospers according to the measure of its facilities for communication. A city that has means of connection with other parts of the country by a good navigable stream and many lines of railway, cannot but advance steadily and surely the position of greatness and importance. Now, New Westminster has the advantage of one of the noblest and finest waterways in the world and close communcation with one of the great oceans of the globe, and her position on the map is as the heart of an immense tract of fertile country that is developing rapidly and extensively. There is indeed no city in the whole of the Dominion that is more favorably circumstanced for advancement to commercial and industrial potentiality than this. Given that wisdom of local government which is so all important a factor in this connection there is nothing that can prevent her attaining the position of a great port and a busy thriving centre of manufacture and commerce.

One of the main factors towards the accomplishment of so noble a purpose is the creation of facilities for intercommunication, for a cheap, rapid and certain means of transit between the outlying points in the surrounding country and this city. It is because the Chilliwack-New Westminster line of the B. C. Electric Railway company will effect this result to a considerable extent that it has been welcomed as a valuable aid to the future development of this city. It has been the hope and expectation of many of our citizens that this would be but the first of a series of connecting lines that would converge upon New Westminster, thereby making it a great receiving and distributing centre. Indeed, we believe the plans and intentions of the B. C. Electric Railway company have been to cover the whole of this part of British Columbia with a network of lines similar to that already constructed to Chilliwack, all coming into New Westminster.

But there has just come to our knowledge a movement which, if carried to success, will entirely upset the calculations of those who have been conducting their transactions upon the strength of the hypothesis just mentioned. This is neither more nor less than a petition, which has been signed by practically every landowner, farmer and business man throughout the Delta and Surrey, and supported by those municipalities as well as that of South Vancouver, and the various Boards of Trade and other influential powers, praying the B. C. Electric Railway company to cut its new Chilliwack line at a suitable point on the Surrey side and continue this through the Delta to Ladner, thence by a bridge across the Fraser to join the new Eburne-Vancouver line. In plain, straightforward language, the proposition is to make this the main line between Chilliwack and Vancouver and to allow New Westminster the accommodation of what would be nothing better than a spur or branch line. By this the Royal City would stand in exactly the same relation to this very important line of the B. C. Electric railway as it now does to the main line of the Canadian Pacific.

The project is a bold one. But it also has the advantage not only of being powerfully supported, but with the promise of every facility being given in regard to construction, right-of-way, etc., and of providing an easy grade nine miles shorter into Vancouver than the present line via New Westminster. The last named circumstance is a factor of great value to a railway company, for it means an immense economy in freight haulage. Another circumstance upon which our go-ahead neighbors insist is that they can furnish a very large measure of freight traffic for the projected line. In this connection it is stated that last year 50,000 tons of produce were shipped from Ladner and adjoining districts by boat and rail to Vancouver, and it is claimed that with better facilities this could easily be doubled. These and other facts and circumstances which the petition contains are weighty and powerful, and we cannot but expect that they will have considerable influence upon the management of the B. C. Electric railway.

In considering this movement on the part of the people of Surrey and Delta it would be ridiculous to assume ignorance of the fact that owing to the ungracious manner in which the B. C. Electric company has been treated by this city during the last eighteen months, it is likely to give an amount of consideration to this proposition which would not otherwise have been probable. To put the matter in a plain way, there is likely to have been engendered in the minds of the B. C. Electric Railway directors a feeling that if New Westminster does not regard it as worth while to consider the interests of their company and to display some appreciatino of the value of its operations in this city, then it is not worth the while of the company to pay particular attention to the interests of New Westminster. This, we submit, is but a natural, human view of the situation. Indeed, it is but reasonable to conclude that but for this friction much would have been done for the advantage of this city which has not been done.

In striking contrast to the scant courtesy which New Westminster has displayed towards the B. C. Electric Railway company of late we have the practical, business-like advances made by rapidly growing municipalities like Point Grey and Richmond, both of whom have offered the company very long franchises and every facility for car line extensions in their districts. It is but natural that encouraging prospects of this character should receive the more prompt attention of the B. C. Electric company than the claims of a city that has so discouraged the attempts of the company to assist in its development.

But this point need not be labored. New Westminster has now to combat with a very potent influence on the other side of the river, and we say unhesitatingly that it is worth all this city can give in the way of courtesy and encouragement to the B. C. Electric Railway company to prevent the success of the movement of our very smart neighbors. Not since the C. P. R. passed New Westminster by and made its terminus in Vancouver have the commercial and general interests of the Royal City been so seriously threatened as they are by this project to link the Fraser valley with Vancouver by a direct and shorter line across the Delta.

Let us have a truce to the unpleasantness which has prevailed between this city and the company, and let all things be done that can be reasonably and properly be done to encourage the management of the company to pursue its policy of making New Westminster the centre of its operations.

MARKET REPORT

A marked decline in the price of butter was the feature of yesterday's market, which is attendance and business done is the best that has been held for some months. The price of butter has been practically stationary for eight months, but under the pressure of large quantities brought in from all points yesterday it went down five cents a pound, selling now at 25 cents wholesale and 30 cents retail.

A large quantity of cherries made their appearance for the first time this season. Unfortunately, the quality was exceptionally poor and consequently the demand was lighter than would otherwise have been the case. The price ranged from 4 to 5 cents per pound.

Gooseberries were also brought in in fair quantities, selling at 5 cents a pound, and strawberries in large quantities sold at 10 cents the box or $1.75 to $2 the crate. There was a strong demand for them and all that were brought in were quickly disposed of.

Potatoes still continue to be a drug on the market. They are selling now at $12 per ton and not many of them are going even at that price. The chances are that the price will still further decline before the new stock begins to come in, which cannot be very far in the future.

Pork, which has been steadily advancing in price all spring, again went up a cent, selling now for 15 cents a pound, with the indications pointing to no immediate falling off.

Eggs also advanced two cents a dozen under the stress of strong buying.

Beef was brought in in good quantities and was all sold, as were also good supplies of veal, lamb and mutton.

Chickens, good birds especially, brought good prices and were all sold out early in the day.

There was a good offering of cut

ECZEMA ON LEGS AND ANKLES

Quickly Cured by D. D. D.

Mr. I. W. Corns, 21 Givens street, Toronto, writes of his experience with D. D. D.:

"I was a sufferer for about two years with eczema on the legs and ankles. I tried three or four different doctors and none of them did me any good. I then went to a skin specialist and he was no better.

"I happened to see your ad, and am very thankful that I did. I sent for a sample bottle and it did me so much good I sent for a $1.00 bottle, also a cake of soap. That is all I used and I am perfectly well, and I don't think it will return. I have advised several others to use it and the results have been the same."

Even if you've tried a score of remedies without benefit—even if doctors and specialists have failed to help you—D. D. D. will relieve that itching torment at once, and will cure you. Just give it a chance, and D. D. D. will do for you what we know it has done for so many, Frank McKenzie, Druggist.

For free trial bottle write to the D. D. D. Laboratories, Department N. N., 23 Jordan street, Toronto. **

SPORTING NEWS

NEW MEN TO BE SEEN CHASING THE RUBBER

Exhibition Lacrosse Match This Afternoon Will Be Interesting Affair.

Although today's match at Queens park is an exhibition affair and will have no bearing on the championship, there is considerable interest being taken in it both here and in Vancouver. The Vancouver team will play Clark in goal and many are anxious to see how he shapes up. Longhollow on the Westminster team is also an attraction, as his form today will probably decide his future chances of getting on steady.

Here is the way the teams will probably lineup:

New Westminster	Vancouver
Goal.	
Gifford	Bun Clark
Point.	
Galbraith	Weldy Clark
Coverpoint.	
Gifford	Howard
First Defence.	
Marshall	Godfrey
Second Defence.	
Gifford	Springer
Third Defence.	
Rennie	West
Center.	
Spring	Fred Paynter
Third Home.	
Turnbull	Hennessey
Second Home.	
Longfellow	Sumner
First Home	
Latemute	Allen
Outside.	
Turnbull	McLaughlin
Inside.	
Latham	Adamson

No announcement has been made as to who will handle the whistle, but it will probably be Ditchburn, as he is quite satisfactory to Vancouver and the game is not of sufficient importance for New Westminster to raise a protest, even if they wished to do so.

Grumpy Spring is better and could play in case of emergency, but it was thought better to give him a rest. Feeney will also be out of the game today, unless Doughey Spring decides that his hand is too sore to allow him in the game. The game is caller for three o'clock.

The City band will be in attendance at the match, which will be the last one on the local grounds until the Minto Cup games with the Montreals next month.

WEST WINS

Eight Goals to Three, East Enders Go Down to Defeat.

The West End junior lacrosse team successfully demonstrated its superiority over the East Enders last night by a score of 8 to 3. The game was good all the time, the youngsters putting up a first class brand of lacrosse. The score indicates that East End had no chance. It was the first time that the teams had met and there was considerable speculation as to the outcome. The teams:

West End—Goal, Feeney; point, Morrison; coverpoint, Gregory; defence field, Gilley, Ackley, Fee; centre, Sangster; home field, Burr, Adams, Batson; outside, Murray; inside, Johns.

East End—Goal, Wright; Mark, Day, Reid, Whittaker, D. Sinclair, Huff, McKenzie, J. Johnston; spares, E. Johnston and Courtenay.

Referee—Tim Mahoney.

Umpires—A. Robertson and R. Gilley.

Timekeeper—Digby.

Tacoma at Spokane.

FOREIGNERS TAKE UP DEFI OF NATIVE SONS

Rank Outsiders Promise to Humiliate Pride of Boys Born and Bred in the Purple.

The challenge issued by the Native Sons was not allowed to wander around uncaptured very long. No sooner had Tommy Gifford gazed upon it yesterday morning in The Daily News than he hurried out to collect a team which he states can clean up and wipe the earth with anything the Native Sons can produce. The result is the formation of the Foreigners, an aggregation of lacrosse players banded together for the sole purpose of lowering the colors of the Native Sons.

Captain Gifford is anxious that a supper be staked on the outcome, as he is not in the habit of working for nothing, even if he does get some fun out of it. The other Foreigners are of the same opinion and think the Native Sons should back their claims with something more substantial than air.

The Foreigners will play any old time, any old place for anything at all.

The following is the lineup of the aliens: Goal, Munn; point, Galbraith; coverpoint, T. Gifford; first defence, Marshall; second defence, J. Gifford; third defence, G. Rennie; center, Longfellow; third home, Alex. Robertson; second home, Doughey Spring; first home, N. Kenny; outside, C. Spring; inside, Latham.

BOYS WILL PLAY FOR BURDE WATCHES TODAY

Before the big match today, the the first game for the Burde watches will be played at Queens park between the Sapperton Juveniles and the Kangaroos. The only condition placed on the members of the team is that they are fourteen years of age or under. The watches, donated by R. J. Burde, a former resident of the city, to encourage lacrosse among the youngsters, are well worth competing for. The following is a list of the players:

Sapperton—Chambers, Burr, Garrett, Nelson, Barry, H. Johnston, O. Johnston, Chambers, S. McKenzie, Cameron, Mitchell, Huff.

Kangaroos—Goal, Winslow Crowse (captain); Arthur Newman, A. Owen, D. Diamond, J. Ellis, A. Matheson, W. Rodgers, J. Ellis, M. Agar, G. Gilchrist, H. Fader, L. Saxton; spares, W. Cameron, D. Boyle.

Whitney's Horse Wins.

Ascot, Eng., June 17.—The Windsor Castle stakes of 15 sovereigns each, with 300 sovereigns added for two-year-olds, distance five furlongs, was won today by H. P. Whitney's Bordow, Queen's Marie (filly) was second and Chelys (colt) third. Thirty horses ran.

Ahead of Schedule.

Corinth, Miss., June 17.—Running ahead of schedule time, the first car of the Glidden tourists reached this city at five o'clock today. All of the cars are in good condition.

Olambo Wins Suburban Handicap.

Sheepheads Bay, N. Y., June 17.—The Suburban handicap was won by Olambo. Prince Imperial was second and Ballott third. Time, 2:04 2-5.

SURVIVORS OF GREELY EXPEDITION REUNITED

Washington, June 16.—A reunion of unusual and tragic interest, which brought together three men who, for three years faced death together in the frozen north, took place in Hoboken, N.J., last night, when three survivors of the ill-fated Greely Arctic expedition met for the first time in twenty-five years. Of the seven men who survived the terrible experiences of that trip, two have since died and the others are in foreign parts.

The three who met in Hoboken to renew acquaintance are Henry Reiderbeck, secretary of the Arctic Club of America; Francis Long, employed in the weather bureau here, and Maurice Connell, chief of the weather bureau at San Jose, Cal.

QUEBEC'S PULPWOOD.

United States Countervailing Duty on Any Cut Prior to May 1.

Washington, June 17.—Pulp and printing paper manufactured from wood cut on Crown lands in the Province of Quebec prior to May 1 last is subject to the countervailing duty of twenty-five cents per cord, or its equivalent of thirty-five cents a ton in the manufactured state as print paper, as provided by the new tariff law, according to a decision of the Treasury department today.

Like products manufactured from wood cut on Crown lands in Quebec after May 1 are not subject to the countervailing duty.

JUROR COMES PREPARED TO STAY ALL SUMMER

Cincinnati, June 17.—M. J. Keefe told Judge Gorman in the common pleas court yesterday he had come prepared to do his whole duty as a juror. Then Keefe went out into the corridor and dragged a trunk into the court room.

"What's that?" asked the court attaches.

"My wardrobe," said Keefe as he took the trunk into the jury room.

"Now I don't care how long school keeps," he remarked. "I am prepared to sit on this case all summer.

Keefe is a juror in the case of F. W. Douglas against the Cincinnati & Columbus Traction company.

We have for exclusive sale, lot on Regina street, between First and Second streets, only $650. One-third cash; balance in 6 and 12 months at 7 per cent.

SURREY

One-quarter section on Hjorthe road at $200 per acre. One-third cash; balance on easy terms.

Fifteen acres in Section 16, B. 5, N. R. 2 W. at $1,200 per acre. One-third cash; balance 6, 12 and 18 months at 7 per cent.

We also have large listings of business and residential properties in city.

Malins, Coulthard & Co.
Limited.
REAL ESTATE, INSURANCE AND FINANCIAL AGENTS.

Take Your Pick!

Here are a few sample propositions of the many good opportunities for profitable investment in City, District and Waterfrontage property listed with HALE BROS. & KENNEDY, LTD.

Some City Snaps

Two Lots—Corner Richmond Street and Tenth Avenue, Sapperton, close to proposed Burnaby Lake car line. Substantial advance certain. Price $350 each; cash.

Two Lots—Corner Major and Kelly Streets, Sapperton. One block from Columbia Street car line. Lane in rear. Good level lots, easily cleared. Situation gives beautiful view. Price $1,400 for the two. Terms, $500 cash; balance in 6, 12 and 18 months. For residential site, or as an investment, a good thing.

Fraser River Frontage

40 Acres, 1,300 Feet—On Parsons Channel, near Port Kells, above Port Mann. Price $275 per acre, or only about $8.50 a front foot. Terms, one-third cash; balance in 1, 2 and 3 years at six per cent.

Two Choice Waterfrontage Propositions—At upper end of Lulu Island, on main river, within city limits. Eleven hundred feet frontage in one, and fourteen hundred feet in the other, at about $100 a front foot. For particulars apply.

Desirable District Deals

Lots in Westminster View—A few of these rare bargains for the homeseeker or small investor left. It only takes $25 down to secure a $200 residential lot in a most delightful scenic location; within ten minutes of the city by the New Westminster-Chilliwack tram line.

80 Acres in Surrey—Within half a mile of the New Westminster-Chilliwack railway and the Great Northern railway. This is a snap at only $80 an acre, with $2,400 cash, and balance spread over four years.

Another Eighty Acre Pick Up—At $75 an acre, only $1,500 down, balance in 6, 12 and 18 months, is located in Langley Municipality, near Aldergrove, not far from the extensive Fraser Valley Nurseries, lately removed from Burnaby. Less than a mile from the Great Northern railway and a little over a mile from the B. C. Electric railway. Projected branch line to Nurseries will bring it closer. Would make a fine fruit farm, or four of twenty acres. Sure thing investment to turn over before second payment at good profit.

HUMAN EYE GRAFTED TO RESTORE SIGHT

Seetion of Cornea Transplanted From Patient's Optic to Chinaman's.

New York, June 17.—Through the transplanting of a section of the corner of the human eye, an operation which was performed at Flower hospital, surgeons hope that sight will be restored to a Chinese merchant of this city who has been blind for years.

The operation, which was witnessed by a large number of surgeons, is believed to be the only one of its kind ever performed in America. Dr. Von Hippel, an eminent German surgeon and the originator of the operation, however, has successfully transplanted a rabbit's cornea into a human eye.

Dr. Royal S. Copeland, dean of the hospital, performed the operation. When he first examined the eyes of the patient he found the cornea or transparent coat of each eyeball so opaque that the patient could not distinguish night from day.

Among the other patients in the hospital was one whose left eye had been injured so badly that it was necessary to remove it. The cornea of this eye, however, was normal, and it was decided to operate on both patients at the same time and use the cornea of the discarded eye to remedy the defect in one of the eyes of the Chinese.

Both patients were anaestheticised at the same time and placed on operating tables. Dr. Copeland stood between the two tables. First a circular section of the opaque cornea of the eye of the Chinese was removed. Four or five layers of the cornea were cut through. The fifth was left intact so that the aqueous humor of the eye might not escape.

The surgeon then turned to the other patient and removed from the normal cornea of the injured eye a section similar in size and shape to that removed from the opaque cornea. This healthy section was placed in the orifice which had been made in the eye of the Chinese and the eye was then bandaged and the other patient's eye was removed.

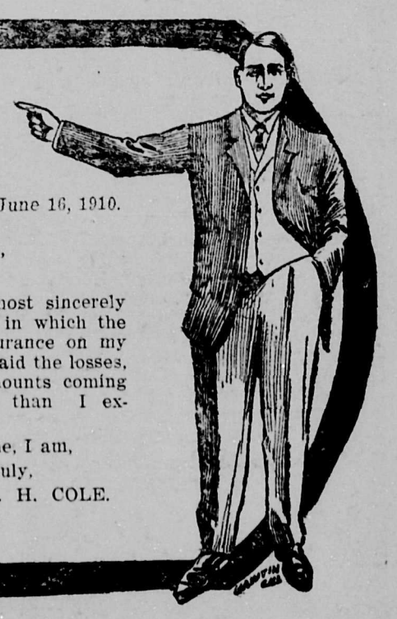
Quick Settlement of Fire Loss

READ THIS LETTER



Coquitlam, B.C., June 16, 1910.

A. W. McLeod, Esq.,
Insurance Agent, City,

Dear Sir,—

I beg to thank you most sincerely for the prompt manner in which the companies carrying insurance on my mill have adjusted and paid the losses, the cheques for the amounts coming through much quicker than I expected.

Thanking you for same, I am,
Yours truly,
(Sgd.) A. H. COLE.

You can never fortell when your premises are going to be destroyed by fire, so protect yourself in time by insuring in reliable companies that pay their losses promptly, and whose rates are the lowest.

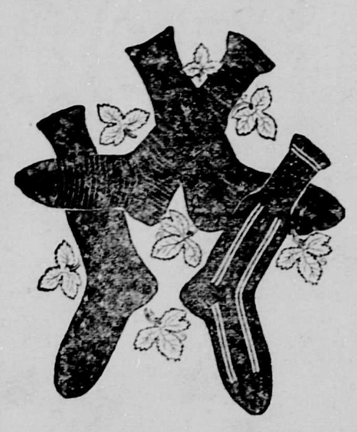
Telephone or call at my office and I will be pleased to give you rates and any other information.

ALFRED W. McLEOD
"The Insurance Man"
Suite 1, Curtis-Armstrong Blk. Phone 62

RELIEVED OF DUTY IN THE FAR NORTH

Regina, June 17.—Superintendent J. D. Moodie, of the R.N.W.M.P., was in Regina on Thursday and left the same day for Maple Creek, where he will command the R.N.W.M.P. for a time. Supt. Moodie has been connected with the force for twenty-five years; but has recently been relieved at Fort Churchill by Barnes, who has taken over command of that division. Mr. Moodie asked to be relieved last year from the Hudson Bay post, where he had been for seven years and although his visit here has no significance, Commissioner Perry, who is at the head of the R.N.W.M.P. wished to have a talk with him about some matters. It is not yet certain to which division he will be appointed after Maple Creek, where he expects to remain for about two months.

He came from Churchill over the snow by the dog trail, and left there on April 18, arriving at Split lake on April 23, making the distance in five days, which is a record, the previous best being five and a half days. He left Split Lake on May 13, and reached Norway House, at the head of Lake Winnipeg on the Nelson river, by canoe, arriving at Winnipeg on June 5, and then came on to Regina.



Choice Hosiery

The new summer styles in Hosiery show some very tasty patterns in a variety of new subdued color tones.

On Thursday and Friday evenings the Browning club, for the season 1910 entertained their friends at the home of Mrs. George E. Drew, Sixth street. Under the direction of Miss Lillian Burns they presented very acceptably "Cranford," by Mrs. Gaskell, and "Riders to the Sea," by F. M. Synge. Miss Drew and Miss Laura Watson contributed musical numbers.

* * *

On Friday, Miss Nora Armstrong entertained at luncehon complimentary to Miss Lillooet Armstrong. The decorations were carried out in American Beauty roses. Those present were Miss Lillooet Armstrong, Miss Briggs, Miss Brown, Miss Gertrude Brown, Miss Alma Lewis, Miss Veda Leamy, Miss Marion Martin. Miss Annandale, Miss Vera Corbould, Miss De Wolf Smith, Miss Winnie Keary and Miss Cotton.

* * *

On Wednesday afternoon Miss Briggs was a delightful hostess at the tea hour in compliment to Miss Lillooet Armstrong. The drawing rooms were beautifully decorated with quantities of June flowers. During the afternoon a hemming contest was enjoyed, the prize winner being Miss Margaret Lewis, while Miss Lillooet Armstrong was given the guest of honor prize. Miss Briggs was assisted by Mrs. Hugh Byrne Sweeney, her house guest, who poured tea while Mrs. G. Bruce Corbould cut the ices and assisting were Miss Naomi Briggs, Miss Corbould, Miss Claire Corbould and Miss MacLean.

* * *

On Monday evening, at the home of the bride's parents, Mr. and Mrs. Reichenbach, Eighth street, their daughter, Mabel Gertrude, was married to Mr. David Roy Donley, by Rev. J. S. Henderson. The bride wore an exquisite gown of white embroidered Swiss muslin and she carried a shower bouquet of bridal roses. Miss Ashby, the bridesmaid, wore a dainty gown of pale blue silk crepe de chine and her flowers were pink roses. Mr. E. L. Tait was best man. After the ceremony, at which only relatives and intimate friends were present, Mr. and Mrs. Donley left for a honeymoon trip to Seattle.

* * *

Mrs. George Beatty was a gracious hostess at a tea on Thursday afternoon of this week at which Miss Lillooet Armstrong was guest of honor. The drawing room where Mrs. Beatty and Miss Armstrong received was artistically decorated with quantities of pink rambler roses. In the dining room the tea table was lovely with a cut glass bowl filled with La France roses over a mirror center wreathed with pale pink chiffon. Mrs. C. N. Macdonald and Mrs. H. R. Davidson poured and later Mrs. C. C. Worsfold and Madame Gauvreau, while Mrs. J. R. Grant, Mrs. J. Brydges, Mrs. Yuengling and Mrs. J. C. Armstrong cut the ices at a table centered with American Beauty roses. Assisting them were Miss Briggs, Miss Naomi Briggs, Miss De Wolf Smith, Miss Marion Martin, Miss Cotton, Miss Brown, Miss Gertrude Brown, Miss Alma Leamy, Miss Peele, Miss Nora Armstrong, Miss MacLean and Miss Freeze.

BELL PREDICTS AIR CRAFT WILL FIGURE IN WARFARE

Former Chief of Staff of U. S. Army Predicts Big Things for Aeroplanes.

New York, June 17.—Maj. Gen. Franklin Bell, former chief of staff of the United States army, who is now in New York city, startled army men today with a prediction that within five years war aeroplanes will be built to carry a crew of five persons and a small cargo of explosives. In addition to this, he expects that the aeroplane will be able to carry guns and that ordnance will be devised to fire upon and destroy air craft from the ground.

Gen. Bell, who will sail from San Francisco in a few months to take command of the Philippine division of the army, was asked his opinion concerning the probable utility of flying machines from the point of view of the soldier.

His reply was as follows:

"For transporting considerable cargo, it would seem probable that dirigible balloons might be more valuable in war than heavier-than-air machines, yet they are subject to a serious drawback in making headway against a wind blowing at a considerable rate. The whole scence is still in a state of development. However, heavier-than-air machines will in the next few years be sufficientiy developed to make them reliable in navigating the air, except in the heaviest storms.

"I have personally no doubt that aeroplanes will be perfected in the course of a few years that may be relied upon to carry from three to five persons and a certain amount of explosives in addition. By the time this comes about, ordnance for the purpose of destroying air craft will unquestionably have been developed, and ballistic tables designed to control the trajectory of such ordnance.

"Owing to the speed at which air craft can travel, the problem of accurate firing at them will be difficult of solution, but this self-same speed would likewise make it difficult for persons in air craft to hurl projectiles and strike the objects aimed at on the fire or to fire any kind of ordnance with any degree of accuracy at objects on the earth's surface.

"Aeroplanes will unquestionably be of very great assistance in making hasty reconnoisances of the enemy, but observations therefrom, I imagine, would not be very valuable in topographical surveys. Without doubt there will be special lenses and accessories designed for photographic work at high speed, so that accurate pictures may be made of the enemy's mobilization and distribution."

"MY TOTEM POLE" IS QUEER HISTORY SONG

The stirring basso song "My Totem Pole," rendered by Detmar Poppen and male members of the chorus in William P. Cullen's musical comedy "The Alaskan," which will be seen here Monday evening, is one of the most remarkable numbers heard in light opera Its expresses the geneology of the Alaskan Indian as is carved upon the Totem poles possessed by each family of that far away country, which are handed down from one generation to another. A particularly excellent specimen now adorns one of the public squares of the City of Seattle, Wash., it having been brought direct from one of the Alaskan Indian villages to that city.

CATHOLICS DELIGHTED AT ASQUITH'S ANNOUNCEMENT

London, June 17.—Archbishop Bourne has received the following cablegram from Archbishp Bruchessi, of Montreal: "Canadian Catholics are overjoyed at Asquith's announcement and are confident that the house of commons will finally alter the king's declaration oath and hope that the echurastic congress may suitably acknowledge the event."

COLUMBIA RIVER FAILS TO GIVE SALMON CATCH

Cannerymen, to Keep Matter Quiet, Import Fish From Alaska for Portland Folk's Consumption.

Portland, June 17.—For some time past Portland people have been eating Alaska salmon under the belief that the fish they have been buying has come from their own Columbia river, the greatest wealth of which has been the tremendous salmon catches there.

It was this morning for the first time learned that, for some inexplicable reason, a dearth of salmon exists in the Columbia this year. Old-time fishermen are nonplussed. There is a fear expressed by many of those in a position to know the situation and who are experts in the fisheries business, that through some strange phenomena the Columbia may lose its chief asset.

In a desperate effort to disguise the real situation and "bull" the salmon market, local cannery men have, it is positively learned, been quietly receiving thousands of pounds of Alaska salmon. This has been shipped by boat to Astoria, without any advertising, and placed on the local market as the Columbia river commodity. The news that this has been done has caused consternation in this city.

At the outset this year promised to be a banner one for Columbia river fishermen. Everything pointed to a big run and all preparations had been made to care for such a run. The failure of the river to give up its wealth, however, has set all these plans to naught.

ON HUDSON BAY SURVEY.

Schooner Thomey to Spend Twelve Months in the North.

Halifax, June 17.—The steamer Chrissie G. Thomey, which is to take a surveying party to Hudson Bay, is being fitted up for the trip. She is to have steam power as an auxiliary The steamer is a smart-looking, three master, of 133 tons, and is a fast sailer. She was a Massachusetts fishing vessel originally. Her hull is oak, and she is particularly well adapted for the Hudson Bay trip. She was purchased from Mr. Moulton, of Brigus, Nfld., and the cost is reported to have been in the vicinity of $9,000. She is to leave here this month, and will go to Fort Churchill with a surveying party of four engineers, who will remain there at work until next summer. The steamer will take no cargo other than supplies for a surveying party. She will carry a crew of eight men, and will return to Halifax from the bay. Government steamer Stanley will leave in July for Fort Nelson, with another surveying party.

DOMINION LANDS RAILWAY BELT BRITISH COLUMBIA.

Coast Division.

Surveyed agricultural Dominion Lands in the Railway Belt not reserved or withheld from entry and not disposed of or occupied, are open to entry under the provisions of the British Columbia Dominion Land regulations.

In the Coast Division of the Railway Belt any male person over eighteen years of age and otherwise eligible, may obtain entries as homestead and pre-emption, a legal subdivision of forty acres of Bench Land. Residence is required for at least six months in each of five years. Total cultivation required to earn patent for a twenty acre homestead, ten acres cleared and six cultivated, and if the remaining twenty acres is preempted by the homesteador, an additional ten acres cleared and six cultivated either on the homestead or pre-emption,, no additional residence for the pre-emption. Price of pre-emption, five dollars per acre, payable in five installments with interest.

Conditional purchase entries may be obtained for twenty acres of Bench Land by a male over eighteen and otherwise eligible and not holding homestead or pre-emption. Residence required only for six months during the fifth year but cultivation duties increased. Price, ten dollars per acre in five installments.

Bench Lands in this division are lands below twenty-five hundred (2,500) feet above sea level. Upland are lands above that altitude and are subject only to disposition by quarter sections under homestead entry or grazing lease to settlers. Flooded lands may be reserved for hay purposes or leased to settlers by legal subdivisions.

Entree fee for homestead, preemption and conditional purchase is ten dollars for each entry. After second patent in connection with the land first entered for, the settler may secure another entry and so on, but not for more than a total of one hundred and sixty acres.

Entries under the British Columbia Dominion Land Regulations, effective on the 2nd July, 1910, may on and after that date be made for lands then open to entry. Any lands withdrawn from timber berths, as well as new surveyed lands, will before becoming available for entry require advertisement for thirty days. "Surveyed Lands for the purpose of entry mean legal subdivisions abutting on a surveyed line, or, in case of Upland quarter sections abutting on a surveyed line.

For further information apply to the Dominion Land Office, New Westminster, B. C.

Steal State Seal.

Oklahoma City, Okla., June 17.—In a wild automobile drive in the midnight hours Saturday the seal of the state of Oklahoma was brought from Guthrie to Oklahoma City, following announcement that Oklahoma City had won in the state capital fight by a majority of more than 50,000 votes over Guthrie and Shawnee. Oklahoma City probably will be proclaimed the state capital Monday. The seal was surreptitiously removed from the secretary of state's office and is now declared to be in the rooms of Governor C. N. Haskell at the Lee Huckins hotel.

DYING FROM RAT-BITE.

Hoquiam, Wash., June 16.—As the result of being bitten by a rat, Kenneth, the ten year old son of C. Moore of this city, lies at the point of death. The lad, while playing with companions, attempted to corner and catch a rat in the woodshed. The lad had driven the rodent into a corner and the animal, finding its escape shut off, showed fight.

As the youth attempted to kill the rat it sprang at him, fastening its teeth through the boy's hand. The wound was dressed, but blood poisoning has set in.

THREE MATCHES SAVE LIVES OF CASTAWAYS

Blown to Sea in Canoe, Indian Sealers Win Fight Against Starvation.

Victoria, June 17.—"So in my hat there were three matches and these three saved our lives for we take one match and we light it carefully and we kindle a fire and we boil moss which we had gathered from the rocks and this we eat and then we walk many miles in search of a settlement.

"And the next day we take another match and again boil moss and again walk all day and then after lighting a fire with our last match on the third day's journey, which was the seventh since we had left the schooner, we sighted a settlement and then all was well and we lived."

Jack and Chips are two West Coast Indians. Chips has gone sealing for sixteen years. Jack, a younger man, has had considerable experience. But in the life of either there never was so terrible an incident as befell them when, after leaving the schooner Thomas F. Bayard on June 3, in their canoe in quest of seals, a storm drove them seaward into darkness.

The weather had been fine and the day looked good for hunting when the canoe went overside with the two Indians. All day they hunted with no success, and were about to turn back, when suddenly the sky grew overcast and a wind from the north blew down upon them.

All night long they paddled with no thought, except to keep their craft before the gale, and paddling and bailing they kept the canoe afloat through the night.

Day came at last and to the eastward appeared the thin black line that told of land. They examined their store of provisions and found they consisted of five biscuits. Water they had none, for the billy had been emptied and used for bailing.

Eating sparingly of the biscuit they commenced again the weary labor, Under a hot June sun their lips cracked with the salt water and their tongues became swollen but they paddled steadily on.

Their biscuit was all gone and they had passed one other night in the canoe without water when finally they ran upon the beach and dug in the sand with their paddles until they had found a little brackish water and then tumbled over for the long sleep of exhaustion.

Next morning they found water and the three matches. Then they started for civilization. From the Indian village they discovered they were taken to Bella Bella, whence they have just arrived here.

MISSED MARRIAGE BY MARGIN OF TEN MINUTES

Chicago, June 17.—By a few minutes' margin Norman A. Pabst, of Detroit and Miss Helen Graf, of Hamilton, Ont., who ran away to Chicago to be married, were too late to obtain a license yesterday so they are waiting to have the ceremony today. Miss Graf's parents oppose the marriage but the young couple do not fear parental pursuit, now that they have eloped. They arrived in Chicago Thursday morning and Mr. Pabst, who is about twenty-six years old, took his fiance, who is twenty-three, to the Hotel Lasalle. As soon as their baggage had been left there they hurried to the county court building. It was a few minutes past noon and the marriage license office was closed. Then they hastened to several "Gretna Greens" in the vicinity of the city but were as unsuccessful as they had been in Chicago. When they returned to the city, Miss Draf went to the home of Dr. Leroy Thompson, at East 51st street, Mrs. Thompson being an old and intimate friend. Mr. Pabst registered at the Lasalle.

"I don't knw why Miss Graf's parents object to me, but they do," Mr. Pabst said last night. "I have known Miss Graf for several years and we have wanted for some time to be married, but I am anything but welcome at the Graf home, so we could not have a wedding there. Finally we decided to come to Chicago and get married anyway. I will obtain a license today."

MILLION-DOLLAR TUNNEL.

C.P.R. Has Big Plan of Improvements at Ottawa.

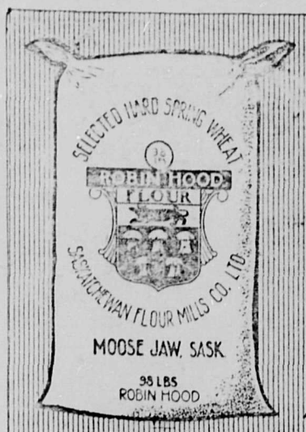
Ottawa, June 17.—"Time was when a dollar looked as big as a cartwheel to the C.P.R., but it does not look so big now," said D. McNicoll, vice-president of the company, in addressing the board of control here, and in telling them the full details of the company's plan to build a million dollar tunnel through Ottawa; connect the Union and Central stations, and thus get a better train service, and look ahead for a good many years.

He intimated that a member of the government, when broached as to how the government would "take" the proposition to use part of the Rideau canal for this scheme, had said that the government was waiting first to see what attitude the city would take on this matter.

The board wants to get a mass of information before it thinks of committing itself on such a big issue.

Armed Maniac Sought Earl Grey.

Ingersoll, Ont., June 17.—Charles Christie, of London, Ont., entered the C.P.R. telegraph office last night with a loaded rifle and covering the operator, ordered him to send a message to Earl Grey, saying that he, Christie, desired a personal interview with his excellency. At the opportune time the chief of police was called in and took the rifle away from the lunatic, Christie was taken back to London asylum, from where he had escaped.



ROBIN HOOD FLOUR IS DIFFERENT

This is the Wonderful New Flour

that has made such a sensation throughout Western Canada.

Made of highest grade Saskatchewan wheat, in the newest, best-equipped, largest mill on the prairies.

Made with the determination to give users better flour-value, greater certainty of baking-success, fuller satisfaction with the final result, whether with biscuits, cake or bread.

Housewives throughout all the West admit that Robin Hood Flour gives all this. Therefore, Madam, it is the flour for you.

This flour cannot be described in an advertisement. We use this paper merely to give the introduction—to say:

"Let us make you acquainted with Robin Hood Flour."

It is the guaranteed flour. If you are not satisfied with it after two fair trials, ask your grocer for your money back. He will give it to you.

Add more water than usual when using Robin Hood Flour. Made of such hard, dry wheat, it absorbs more moisture—producing a larger, whiter loaf.

The difference between Robin Hood Flour and other flours you have to find out for yourself. That there is a difference every woman who now uses Robin Hood admits.

DEFORMED BOY EARNS FIFTY THOUSAND DOLLARS

Paine, O., June 17.—Alva Deal, sixteen years of age, has invented a new automatic air brake coupler, for which the officials of the Big Four railroad have offered him $50,000. The lad's father said tonight that he will in all probability take the offer, inasmuch as it provides a royalty for the young man.

The lad is deformed in that his heart is twice its ordinary size and he was therefore told by his physician that he would have to quit school and remain quietly at home, so the lad went to work with his tools and has fashioned out this remarkable device.

TEACHERS IN BUFFALO FORM REGULAR UNION

Buffalo, N.Y., June 16.—Delegates from fifty Buffalo grammar schools have organized a teachers' union, which is frankly along the lines of the ordinary labor union and which will be affiliated with the American Federation of Labor. A charter from the later organization, it is said, will arrive within a few days.

The union will be called the Teachers' Educational league. A demand will be made for a general salary increase. If the union wins its campaign no teacher will receive less than $600 per year, with the mixmum for grammar grade teachers fixed at $1,200.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the New Westminster Division of New Westminster District. (a) The name of Company, Vancouver Power Company, Limited. The head office at the City of Vancouver, British Columbia. The capital, $2,500,000, divided into 2,500,000 shares of $1.00 each, all fully paid up; (b) The name of the lake, stream or source, unnamed stream running through section 29, block 5, north range 2, west, thence in a northwesterly direction flowing into the Fraser river; (c) The point of diversion, 2,300 feet in a southeasterly direction from the southeast corner of section 19, block 5, north range 2, west; (d) The quantity of water applied for, .166 cubic feet per second; (e) The character of the proposed works, a small dam and pipe line; (f) The premises on which the water is to be used, two (2), three (3) and four (4), group two (2), New Westminster District; (g) The purpose for which the water is to be used, domestic; (h) If for irrigation describe the land intended to be irrigated, giving acreage, no; (i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return, no; (j) Area of Crown land intended to be occupied by the proposed works, none; (k) This notice was posted on the 2nd day of June, 1910, and application will be made to the commissioner on the 13th day of July 1910; (l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet, none; (m) The part of the Memorandum of Association of the company which authorizes the proposed application and works reads as follows: "(3) The objects for which the company is established and to which objects the Company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for,——— (g) Rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pond or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire, constructing any race-way, reservoir, aqueduct weir, wheel, building, or other erection or work which may be required in connection with the improvement and use of the said water and water power or by altering, renewing, extending, improving, repairing, or maintaining any such works or any part thereof." (n) The Company applies for a license to store water. The place of the proposed reservoir for storing the said water is section twenty-nine (29), block five (5), north range two (2) west; (o) The means by which it is proposed to store the water, by dam; (p) The area of the reservoir site or sites at each foot in depth above the outlet, the depth above the outlet will approximately average about six or seven feet; (q) How it is proposed to acquire the land necessary for the purpose, by purchase, or if necessary by expropriation; (r) Approximately the number of acre feet intended to be impounded, 20,000 square feet.

Something New in Floor Wax

The easiest way to finish a floor is to saturate a soft cloth with Columbus Liquid Wax and apply lightly to the floor, let it dry for about fifteen minutes, and bring to a polish by light rubbing with a soft cloth.

No brush to push—no work—no backache. Resists heel-marks, scratching, and water will not turn it white. Goes farther and lasts longer than any paste wax. Try it! Be sure to ask for the genuine

CITY NEWS

There are still practically no spring salmon in the river.

Twenty per cent means a saving of $1 on a $5 shoe. You get this at Sinclair's, the Shoe Man. **

The Trader came into port yesterday with a general cargo.

Never be in doubt where to dine. The Bohemian Cafe is the right place.

Chief Justice Murphy will hold supreme court chambers here today.

See the new Camp and Veranda Furniture at Fales, Agnes street. **

The annual Citizens picnic will be held this year on July 27 to Victoria.

Remember, Sinclair is giving 20 per cent discount on all Tan Footwear. **

Sandy Gray is going to Kamloops for a few days and will not take part in the game today.

For spring plants or cut flowers, phone Davies' Greenhouse, R208. **

The B. C. Packers' association is planning extensive additions to its cold storage warehouse capacity here.

The management of the Bohemian Cafe sees to it that the best only is served there. **

The Beaver left for Port Douglas, at the head of Harrison lake, yesterday morning with a full list of passengers.

Awnings—All kinds at Fales, Agnes street. **

In the county court yesterday the case of Cruickshank vs. Wrightson was adjourned until eleven o'clock this morning.

For Geraniums, Dahlias and all kinds of Spring Bedding Plants phone Davis' Greenhouse, R 208. **

The funeral of the late Miss Charlotte Ethel Burkitt will take place today at 2:30 o'clock this afternoon to the Odd Fellows' cemetery.

$5 Shoes for $4. $4 Shoes for $3.20 and $3 Shoes for $2.40. That is what Sinclair offers you this month. **

E. N. Sutherland, who is to enter the ranks of the benedicts next week, gave a farewell bachelor party at the Russell hotel yesterday evening.

For a pleasant cool drink, try the Ice Cream Sodas at The Royal Cafe. **

Mr. and Mrs. A. W. McLeod will spend the week-end at Harrison Hot Springs, having left yesterday on the Beaver, which is making its annual run to the head of Harrison lake.

Spring is here—how about those plants for the garden? Tidy, the Florist, can suit you to a T in anything in that line. **

The window in Fred Davis' store on Front street attracted considerable attention yesterday. There was a mattress in the window literally covered with $5 bills; not stage money, either, but the real dirty long green.

A temperance meeting will take place at the Opera house on Sunday evening under the auspices of the local W. C. T. U. The meeting will open with a service of song, and will commence after the regular church services are over.

In the police court yesterday F. Jeal was fined $2.50 for allowing a cow with a bell on it to stray through the streets and H. D. Bourke for driving a lame horse was fined $1 and costs. The latter case was brought up by the inspector of the S. P. C. A.

The first annual dinner of the Old Dulwich boys will be held at the Hotel Vancouver at seven o'clock this evening. In addition to representatives of the old school from this city and Vancouver, a number are expected to be present from Victoria.

A Vancouver man was held up about midnight last night on the corner of Royal avenue and Eighth street and robbed of about $25 and a watch. Two unknown men did the deed, which is the only one of the kind reported to the police here for some months.

For Bamboo Shades see Fales. **

Miss M. A. Laird will render the solo "O, Rest in the Lord" from Mendelssohn's "Elijah" at St. Pauls Reformed Episcopal church tomorrow evening. A trio by Miss E. Harris, J. A. Hamm and J. D. Baker, "On Thee Each Living Soul Awaits," from Haydn's "Creation," will also be given.

An enjoyable dinner party was given yesterday by Mrs. T. Gifford, jr., in honor of her sister, Miss Mazie Robertson, whose marriage to James Stoddart Gifford takes place at the end of this month. Included among the guests of the evening were Miss Julia Gifford, Miss Alice McLeod, Miss Minnie Johnston, Miss Alice McLeod, Miss Eunice Pride, Miss Mabel Wells, Miss Iola Fisher, Miss Florence Walmsley, Miss Genevieve Stoddart and Miss Rena McLean.

That landlord of yours comes every month religiously, doesn't he? He is collecting from you every rent-day money that you could be turning to your own profit. Do you realize that? Just fool him by buying this fine home on Sixth avenue near Twelfth street. Has excellent view, close to Lord Kelvin school and close to car line. You can buy it for $2,100; $200 cash and the balance as rent. You are offered this for two days. After that it's a different story. W. J. Kerr. **

IRRIGATION DITCH TO WATER 300,000 ACRES

Husum, Wash., June 17.—Another gigantic irrigation scheme has been launched, the lands to be covered lying in central Klickitat county, surrounding Goldendale. For some time negotiations have been pending for control of the Hanging Rock reservoir site and water appropriations owned by Roberts & Baker, of Goldendale. Last week E. J. Dohrer, of Portland, formerly a member of the United States reclamation service, closed a deal for the site, the consideration being $25,000. The Hill interests recently have taken options on considerable property in the territory to be irrigated, which would indicate that the project has strong backing.

The project will cover fifteen townships, or nearly 300,000 acres of land, and will be one of the biggest irrigation schemes in this section of the state. In completing the project the expenditure will be much less than the proposed big Horse Heaven canal, but the same number of acres will be covered.

HEADQUARTERS CAMP MOVES TO WOLF CREEK

Edmonton, June 17.—The headquarters for Alberta of the big contracting firm of Foley, Welsh & Stewart, which for the past two years have been at Stoney Plain, twenty miles west of Edmonton, are being removed this week to Wolf Creek, 115 miles west on the main line of the Grand Trunk Pacific. Preparations for the removal of the offices are being made by J. Roberts, the office superintendent of the company.

The offices of the company have been established at Stoney Plain, ever since construction on the G.T.P. commenced west of Edmonton, two years ago this summer. When the firm moved their grading outfits west of Wolf Creek it was found necessary to remove the offices west, and the headquarters of the firm will henceforth be at Wolf Creek.

If you want something Choice for Sunday's Dinner, ring up Phone 101 and order a nice roast of Spring Lamb, Veal, Spring Chicken or anything else that is good in the meat line. You can sure get it at
