

WEATHER REPORT FOR PAST YEAR

Climatic Conditions for 1909 Reviewed — Temperature Slightly Below Average.

A report of the weather in New Westminster for the year 1909 has just been issued by H. A. Wilson, local representative of the provincial meteorological bureau. The year has been a bad one for rain and the temperature has been one degree lower on an average than it was the previous year.

In November there was no less than 14.83 inches of rain, more falling on November 28 than there was in the entire months of June and July.

Cold in January.

The coldest day of the year was on January 11 when the thermometer registered 3 degrees above zero. The highest point reached was on September 4, when 82 degrees were registered. The range of temperature for the whole year was 79 degrees, the mean being 46.87.

Rain and Snow.

It rained 155 days, a total of 59.26 inches and on the 16 days it snowed, over 24 inches of the beautiful dropped on New Westminster.

Below is the table of temperatures and precipitation for the year:

	Maximum.	Minimum.	Mean.	Precipitation.
January	50	3	28.56	5.95
February	50	19	39.09	7.88
March	58	30	41.87	4.69

FASHIONABLE DRESSMAKERS PLEAD GUILTY TO SMUGGLING

New York, Jan. 5.—Theresa Mahoney and Elizabeth R. Dinsmore, partners in a fashionable dressmaking establishment, pleaded guilty in the United States circuit court today to a charge of participation in the alleged conspiracy to smuggle costly gowns and dress goods into this country in "sleeper trunks."

The maximum punishment is two years in prison and a fine of \$10,000. Twenty-seven other dressmakers are under indictment, and it is understood that the Mahoney and Dinsmore women have agreed to tell the government the inside story of the smuggling scheme, in view of their sentences being suspended until July.

Two New Teachers.

When the schools reopened yesterday morning two new teachers commenced their duties. They were Miss Pugh in the Sapperton school, and Mr. Anderson in the High school. Chairman Trapp and Secretary Lennie, of the school board, paid a visit to the schools and reported everything running smoothly. The holidays were extended this year for a few days in order to allow the teachers to attend the convention in Vancouver.

Young Conservatives Meet.

At the annual meeting of the Young Conservative association yesterday evening, candidates for the different offices were nominated. The election will take place on Monday, January 17. The meeting was addressed by the three re-elected honorary presidents, J. D. Taylor, M.P., Thomas Gifford, M.L.A., and Frank MacKenzie, M.L.A.

HARRIMAN'S WIDOW MAKES GIFT OF LAND TO STATE

Offers 10,000 Acres to Be Held in Perpetuity as Public Park—Conditions Imposed.

Albany, N. Y., Jan. 5.—Governor Hughes today announces that in accordance with the wishes of the late Edward H. Harriman, his widow, Mary W. Harriman, has offered to convey to the state a tract of about ten thousand acres of land in Orange and Rockland counties, to be held in perpetuity as a state park. In furtherance of the plan, Mrs. Harriman offered to give the state \$1,000,000 in trust to be used for the purchase of land lying between the tract mentioned and Hudson river, so that the park may have the advantage of a river frontage.

The condition is imposed that should the state, or any person or corporation, seek to condemn other land in Orange county belonging to Mrs. Harriman, the gift shall revert to her or her heirs. The governor recommends legislation to provide for the acceptance of the gift for park purposes.

FIFTY FISHERMEN BELIEVED LOST DURING FIERCE BLIZZARD OFF NOVA SCOTIA COAST

Eight Boats Missing With Entire Crews—Search of Thirty Hours Fails to Save Men Swept Out to Sea by Terrible Storm—Catastrophe is the Greatest in Canso District Since 1873—Inhabitants of Stricken Villages Despair of Ever Seeing Loved Ones Again—Dominion Steamers Assist in the Search.

Halifax, N. S., Jan. 5.—A sudden blizzard that swept down from the north yesterday morning carried out to sea twenty fishing boats belonging to Canso, Whitehead and Dover. Tonight after thirty hours' search, eight boats with between forty and fifty men are missing.

Hope that any of these men are now alive has been almost wholly abandoned.

Fearful Blizzard.

During all this time the thermometer has been hovering around zero, and last night the poor fellows out in open boats on the icy sea had to endure the rigors of a temperature from six to eight degrees below zero.

The blizzard was fearful in its severity and fierceness. Rough and rugged as are the hardy fishermen who had to face it, not one of them still on the sea could long survive it

and death would soon become welcome.

Fleet Searching for Survivors.

A fleet of government and other steamships have been searching all day and tonight when darkness settled down eight boats were not accounted for.

The stricken villages are in despair. Wives and children hardly dare hope ever again to see husbands and fathers.

The weather today has been almost as terrible as last night.

Fleet Sails in Fair Weather.

Yesterday morning opened with fair weather and a fleet of twenty-five boats, manned by one hundred men, put out for Haddock. Suddenly it changed and so swiftly that it was next to impossible for all to get back in the teeth of the gale.

Of the twenty-five boats, all but

eight were able to beat their way back or find refuge in other ports, or hold out till picked up today. But eight of them are gone, and more than forty men are almost certainly either frozen to death in drifting boats, or drowned from the craft capsizing or being foundered.

Not only on the sea but along the coast the unavailing search has been continued and anxious watchers in the stricken homes are driven to conclude that the bread-winners have gone down with the boats or perished from exposure.

Worst Disaster Since 1873.

No disaster since the great August gale of 1873 has anywhere approached this appalling catastrophe in the story of fishing in the Canso district.

The search for the missing men began last night and has been kept up continuously ever since.

Dominion Government Helps.

The Dominion government was asked for help and promptly ordered out the steamer Cabot, which was lying in Isaacs harbor.

The Douglas H. Thomas was sent from Sydney and the steam trawlers, numbering thirty-three, joined in the search.

The government steamer Aberdeen was ordered to the fishing grounds and the Wobun that sailed from North Sidney this evening was directed to keep a sharp lookout.

All their efforts so far have been in vain except that the steam trawler found one boat badly iced and took it in tow.

Last night the trawler rescued Capt. Feltmate's boat.

Whitehead is mourning the loss of nineteen men and the deathroll of Dover stands at twenty-two.

TWO CABINET MEMBERS FACE POSSIBLE DEFEAT

With the Exception of John Burns and Postmaster Buxton, Cabinet is Safe.

London, Jan. 5.—With the beginning of the new year, the smouldering fires of the English political campaign have burst forth into a white heat, and a torrent of speech-making is pouring forth upon the country.

Out of the 688 aspirants, either already nominated or yet to be chosen, for seats in the next parliament, there are a few who are not worrying about their chances. They will not be opposed in their respective constituencies.

The absolute certainties are seventeen in number. Of these, nine are Irish Nationalists and seven Irish Conservatives. The seventeenth is speaker, the Right Hon. James Lowther, of the House of Commons, and of the constituency of Penrith. The speaker, according to immemorial custom, being chosen for life and consequently re-elected and re-elected to parliament without opposition.

Lowther originally was a Conservative, but the theory is that, upon election of the speakership, the member so honored becomes strictly non-partisan. He also loses his vote, except in case of ties. This means that his constituency practically is disfranchised, but the speakership usually has honor enough without actual ballot voice.

Several other members, while they will have to fight for their places, are certain of re-election as they are certain of election as they can be certain of anything in politics. Premier Asquith assuredly will win in his old district of East Fife. Chancellor (Continued on Page Seven).

WIFE VISITS MORSE.

Convicted Iceman Shows Emotion When Parting With Friends.

Atlanta, Ga., Jan. 5.—Mrs. Charles W. Morse, wife of the financier now in the federal prison here, arrived today. She was met at the station by her husband's friend, W. H. Reid.

The convicted banker met the pair with a smile and talked over with them the next steps to be taken in his behalf. It was not until the time for parting came that he showed emotion. Mrs. Morse will not be permitted to see him again for fifteen days. Reid, however, because of business interests of his friend and the fact that others might suffer from neglect of them, will be permitted to see the prisoner more often.

Morse has not been assigned to any task.

W. C. Coatham is President.

At the annual convention of the Pacific Coast Teachers' Institute held in Vancouver on Tuesday, W. C. Coatham, principal of the Boys' Central school of this city, was elected president of the institute. It was decided at the last meeting to hold the 1911 convention in Westminster. The other officers elected are as follows: First vice-president, T. A. Brough, East High School, Vancouver; second vice-president, Miss Clark, Girls' Central School, New Westminster; treasurer, H. B. King, Kitsilano School, Vancouver.

SOUTH AFRICA WINS BIG CRICKET MATCH

Johannesburg, Jan. 5.—South Africa won the cricket match today by nineteen runs. England was all out for 224 runs.

Manitoba Grain Growers Draw Plan for Government Ownership of Elevators

Winnipeg, Jan. 5.—The committee of the Manitoba Grain Growers' Association appointed to co-operate with the government in drawing up a plan of government ownership of interior elevators, presented a memorandum to the cabinet this morning of their recommendations. The provincial government, it was proposed, would assume the responsibility of providing for the finances to either purchase the existing elevators or buy a new system. The cost either way was placed at \$3,000,000.

The elevators it was proposed should be made self-sustaining. The following charges, the grain growers figure, would provide sufficient revenue; one and three-quarter cents per bushel for receiving, cleaning and storing wheat; one cent, for oats, one and a half cent for barley, two cents for flax for the first fifteen days, with an additional charge of one-third of a cent, per day afterward.

The committee in their memorandum recommended that there be a commission in charge consisting of three members to be appointed by the Manitoba Grain Growers' association and the government. Their terms of office would be for life, consistent with efficient administration and good conduct. Suggestions are made as to methods of dismissal if necessary. The work of the commission is also outlined. If the elevators of the province can be bought a method of valuation is suggested. If the present owners refuse to sell, then the

NAVIGATION CLOSES ON HUDSON RIVER

Poughkeepsie, N. Y., Jan. 5.—Navigation on the Hudson River closed today when the steamer Homer Ramsdell, of the Central Hudson Steamboat company, made its last trip to New York from this city. While the steamer ploughed through ice below Poughkeepsie bridge, ice yachtsmen were having scrub races on the river.

HEINZE TO FACE COURT.

Former Copper King Will Go to New York to Face Charges.

New York, Jan. 5.—F. Augustus Heinze, the former copper king, will return to New York today only a few hours after the departure for Atlanta of Charles W. Morse, his one-time friend and associate.

Heinze comes back to pay a visit to the United States circuit court, where he will be asked what plea he has to offer to two more indictments which the federal grand jury found against him. The indictments were returned several weeks ago and Mr. Heinze was told he would be wanted when the January term of the court opened. The case was called for today and this morning it was announced that Heinze was on his way here.

WINNIPEG CLERK MISSING, SO IS SUM OF MONEY

Winnipeg, Jan. 5.—Walter W. Magee, a clerk in the city solicitor's office, is missing from the city. A shortage has been discovered in his accounts.

STATIONERY COMPANY BUYING IN SAPPERTON

Three and a Half Acres Sought for Use as Manufacturing Site.

The Western Canada Envelope and Stationery company, of Vancouver, has secured a short-term option on three and one-half acres of land lying between the G. N. R. track and the Brunette river at the south end of the North Road bridge. It is understood that the company intends to erect a large factory there for the manufacture of fine stationery. A water record will be applied for at once and if everything turns out satisfactorily the company will start construction early in the spring.

The amount to be paid for the land is not made public, but it is understood to be a heavy figure, as the land is admirably situated for manufacturing purposes.

SEEK TO RESUME RACING AT SEATTLE

Race Track at the Meadows May Be Busy Spot This Season After All.

Seattle, Jan. 5.—Seattle may have a race meeting at the Meadows next summer. Within the next few days James F. McElroy, managing director of the King County Fair association, which controls local racing, will leave for California and the east. On his way he will investigate the system of betting at Emeryville and in New York he will look up the results of the anti-racetrack gambling bill.

"If Emeryville can conduct racing successfully and in compliance with the law the Meadows has a chance to do the same," he says. Mr. McElroy is not entirely familiar with the New York and California laws relating to racetrack betting, but he believes in their main features they are similar to the Hansen laws enacted at the last regular session of the Washington State legislature. The New York and California laws are directed at the system of bookmaking or pool-selling and not at the individuals who wish to wager on the results of a race. All of the New York tracks are preparing for a big season next summer, and Emeryville is now conducting a successful meet. His argument is that a successful meeting can be held at the Meadows without violating the Hansen laws.

IMMIGRANTS ARE AFRAID OF UNITED STATES BANKS

Washington, Jan. 5.—Immigrants' lack of confidence in the security of private financial institutions of the United States is officially declared to be probably responsible for the flood of millions of dollars which flows by postal money orders from the United States to foreign countries each year. Auditor Chance, of the postoffice department, points to this condition as an indication of what might be accomplished through the establishment

GRADY GRILLS GOVERNOR HUGHES

New York Senator Declares Chief Executive Dares Not Attack Wall Street.

Albany, N. Y., Jan. 5.—Senator Grady's sensational attack on Governor Hughes in the senate today, the election of Senator J. P. Allds as president pro tem. and Republican leader of the upper house by a substantial majority over Senator H. D. Hinman, the re-election of Speaker Wadsworth as speaker of the assembly and the reading of two messages submitted by Governor Hughes, marked the opening of the legislative session of 1910.

Monstrous Institution.

It was the governor's proposition to penalize the practise of bookmaking even though no bets are recorded, that roused the ire of Senator Grady to the point of attack. He declared that while the governor attacked the horse owner, the bookmaker and the man placing his bets upon a horse race, he has "never dared to attack the most monstrous gambling institution there is in the world, the New York stock exchange, and to the end of his career he will never have the courage to attack it."

"Let me call your attention to the kid-gloved way which the governor handles Wall street," continued Grady. "When he comes to speak of bookmaking, it is gambling, public gambling, and the distinction of gambling outside the track and inside the track have been obliterated. When it comes to talk of Wall street gambling, with which he is personally acquainted, and upon which he is an expert authority, then it becomes speculation and he wishes to appoint a commission to inquire whether the most nefarious system of gambling which exists today in the state of New York, Wall street gambling, can be reformed with advantage to the public."

Exhibition of Audacity.

"Now we did not abolish the distinction between the mean and miserable gambling of the bucket-shop and the equally mean and miserable gambling in the broker's office, and the reason we did not do it was because of the influence of the governor's clients, who are members of the Stock Exchange, and there was never such an exhibition of audacity on the part of the chief executive of this state as to cloak his knowledge of Wall street gambling, and supporting the Stock Exchange selling the stocks of railroads ten and twenty times a year, by the appointment of a commission to acquaint him with just what speculation in stock consisted of. He knows that the Stock Exchange is the biggest gambling institution in the world, driving men to suicide, robbing widows and orphans, playing with a stacked hand, using marked cards, and he does not dare to lift a finger against it, but he would stand as the apostle of public contempt of the public gambling of the race track."

SOCIOLOGICAL AUTHORITY AIDS WHITE SLAVE PROBE

Lawyer Long Active in Settlement Work Named Assistant Attorney in Investigation.

New York, Jan. 5.—James Bronson Reynolds, an authority on sociological and immigration matters, formerly with the department of commerce and labor and now a New York lawyer, joined John D. Rockefeller, Jr., and the district attorney of New York today in the preliminary investigation of the "white slave" traffic.

Mr. Reynolds and Mr. Rockefeller and the district attorney held a long conference this afternoon, and it was announced that Mr. Reynolds will be made a special assistant attorney in the investigation.

For ten years he was active in settlement work in the East side and his familiarity with conditions which will be of value to the prosecutors and the grand jury.

Aside from the inquiry now going on here, Governor Hughes recommended more drastic measures to curb the traffic in the annual message to congress today and Senator Timothy Sullivan, who represents the East side where girls are recruited, introduced a resolution demanding an investigation to clear the city's name or to convict the guilty.

of postal savings banks. The total of \$640,640,817, representing the surplus earnings of foreign laborers in the United States has been sent abroad since 1890, and \$75,622,629 was sent abroad by foreign workmen in 1909.

Postal officials declare that in transferring their money to foreign countries, foreigners prefer money orders to cheques and drafts on the banks.

## EDMONTON PLANS TO HOLD BIG EXHIBITION

### The Railway Development in Western Canada Will be Celebrated in 1913.

Edmonton, Jan. 5.—It is the intention of the Edmonton exhibition association to celebrate the entrance of the Canadian Pacific Railway into Edmonton, the completion of the Grand Trunk Pacific to the coast, the building of Alberta and Great Waterways Railway to Fort McMurray, and the building of the Canadian Northern Railway into the Peace river country by a grand exhibition to be held three years from date on their new grounds. These grounds, which contain 147 acres, are being fitted up at the present time for the annual provincial stock show to be held June 30 and July 1, 2 and 3. The Edmonton district, so famous for mixed farming, can supply a stock show second to none in the west. The new grounds will have the most modern stock sheds erected thereon and those shipping cattle to the show will find all modern conveniences at the exhibition. Edmonton has developed into the packing business centre of the west since the Swift people, of Chicago, established their mammoth plant here, which, in conjunction with the other half-dozen plants already established in Edmonton and Strathcona, has given the farmer of the district a permanent market for all the stock he can produce.

### Committee on Arrangements.

### MIGRATION OF INDIANS.

Twelve Hundred Will Soon Leave St. Peter's—Annual Reunion.

Winnipeg, Jan. 5.—With bowed head and meek manners the last remnant band of Cree Indians of Manitoba smoked the pipe of peace and formally surrendered to the white man's inroad policy of cultivation and progress at the St. Peter reserve yesterday afternoon.

The question of migration to the Fisher river district between the members of the tribe had been formally discussed, and with few exceptions it was conceded that the move was for the best. Some of the older Indians seemed to feel it a hardship to be forced from the place where their children had been reared and educated, but all in all the sentiment was that whatever makes for progress should be carried to a conclusion.

Approximately 1200 Indians will soon move to the reservation between Lakes Winnipeg and Manitoba to augment the number already there.

A grant of sixteen acres to each Indian is acknowledged by the government. Those who wish to remain on their old homesteads will come under the same provisions as the settler. It is expected that about two-thirds of the reserve will be soon opened for sale.

### MORE KILLED THAN IN WAR

Industries in the United States Claim Heavy Toll Each Year.

New York, Jan. 5.—In a paper prepared by H. V. Mercer of the Minnesota Employees Compensation commission, and read before the American Association of Labor today it was pointed out that the whole Confederate army was unable to kill as many union men in five years of the war as are killed and crippled in the industries of a single year. The delegates from the ten associations here to take part in the twenty-fifth anniversary celebration of the American Historical and Economic association, braved the zero weather to attend a morning session at the chamber of commerce. A wide range of topics dealing with the civil and industrial problems of the times, including the relations between employer and employee, and the valuation of public service industries, were discussed.

### LOCAL OPTION BEATS JUSTICE OUT OF JOB

Hillsdale, Mich., Jan. 5.—Justice of the Peace Frisbie resigned yesterday because local option has made Hillsdale so good that there is nothing for a justice of the peace to do. He says in his resignation:

"I hereby most respectfully tender my resignation of my commission as justice of the peace of the city of

Hillsdale, to take effect on March 1, 1910. Cause: County prohibition, local option, no drinks, no vagrants, no undesirable persons, no business, office undesirable and unprofitable."

### O'CONNOR'S OBSERVATIONS

IN THE UNITED STATES

London, Jan. 5.—T. P. O'Connor gave in an interview here an interesting account of his American tour. He commented on a remarkable sign of the times, on the assistance given to the labor movement in the United States, especially by women of the richest classes, and expressed the belief that the United States is coming to some decisive movement in the direction of a more equitable distribution of wealth.

Whereas proof of the loss of certificate of title No. 5717F issued in the name of Margaret Emily Atkinson, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the city of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,  
District Registrar of Titles.  
Land Registry Office, New Westminster, B. C., December 1, 1909.

### SYNOPSIS OF CANADIAN HOME-STEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district

In which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of \$1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,  
Deputy of the Minister of the Interior.  
N.B.—Unauthorized publication of this advertisement will not be paid for.

## Clip The Horse

One of the greatest improvements ever introduced into stable managements, according to leading veterinarians, is the custom of clipping horses.

A clipped horse will not only do a greater amount of work than a horse with its natural coat, but will at the same time have more life in him. On the other hand, the unclipped horse will be dull, out of condition, and seldom if ever dry or clean.

Clipping again removes the tendency to sweat, and there is no comparison between a long wet coat and a short dry one.

It will pay to put one of our Twentieth Century Clippers in your stable. Call in and let us explain to you the simplicity, convenience in handling, and the advantages of using these machines.

### COULDN'T SLEEP FOR YEARS; NOW CAN'T KEEP AWAKE

Detroit, Jan. 4.—Henry Stephens, night watchman, who resides at Kalamazoo, has gone without sleep continuously for the past 33 years, on account of a blow on the head. Ever since he has been a medical enigma. Ordinary cuts and bruises on the body he did not feel in the slightest.

A few days ago Stephens fell and struck his head on the slippery sidewalk. Immediately his sleepless condition became reversed, and now it is almost impossible for him to remain awake long enough to eat his meals. His body is as sensitive as the ordinary man's to superficial wounds, and the loss of nearly 100,000 hours of sleep bears heavily upon him. This is the only instance on record of a human being going without sleep and apparently being unaffected in general health.

## MORE RAILWAYS SOUGHT BY REVELSTOKE PEOPLE

Board of Trade Favors Policy of  
Opening the Province—Com-  
mittee Sets to Work.

Revelstoke, Jan. 5.—At a meeting of the executive and transportation company committees of the board of trade, it was resolved, on motion of J. P. McLennan, seconded by Mr. McKee:

"Whereas a railway through the Columbia valley north of Revelstoke and connecting with this city is necessary, and whereas the provincial government has adopted a policy advocating the giving of financial assistance to railways, and as we believe the best and easiest route for a railway is from the Yellowhead Pass, down the valleys of the Canoe and Columbia rivers, thence southeast via Three valley, Mabel lake, White valley and Okanagan valley, and thence to Vancouver, we think it advisable in the interests of our city and district to appoint a committee of our citizens to act either individually or collectively in the capacity of representatives of this board in the placing before the different railway companies the advantages of this route, and to collect such data as would aid in the pressing of our claims.

"Therefore the following gentlemen be appointed a committee to act in this matter: Messrs. A. McKee (convenor), A. H. Allan, J. M. Kellie, A. B. Lindmark, A. E. Bradley, G. S. McCarter, G. B. Nagle, J. D. Sibbald, F. B. Wells, W. Cowan, W. H. Pratt, W. I. Briggs, F. Fraser, C. R. Macdonald, A. J. Macdonell, E. A. Haggen, R. Gordon.

"And in the event of any of this committee being able to visit any of the railway officials of any of the companies likely to be interested in this route, that said person or persons be given credentials from this board for this purpose."

### BOY HUNTERS RESCUED.

Were Preparing to Kill Dog for Food  
When Aid Reached Them.

Astoria, Ore., Jan. 5.—James Webb and Irving Price, two 16-year-old boys of Seaside, who have been missing since Monday of last week, were found yesterday nearly at the point of death from cold and starvation, and will be brought to their homes today.

The boys left on a hunting trip on December 27, expecting to return on New Year's Day. Their failure to come home caused immediate alarm, and on Sunday a party started in search of them. When found they were preparing to kill their dog for food in an effort to prolong their lives until aid could reach them.

## Johnson Discusses

Jeffries' Trainers

(Continued from Page Five.)

ledge of the game, Frank Gotch to wrestle with him and teach him the fine points of being rough in the clutches, assisted by Con O'Kelly; Berger to attend to the minor details, and a host of others like Jack McCormick and Dr. Roller, and maybe Tommy Ryan—say, what an array that is! It's enough to scare an opponent half to death before the training camps are established.

"But there is an old saw that draws attention to the fact or attempts to establish it as a fact, that it is impossible to teach old dogs new tricks. Guess that is nearly correct, too, from what I have heard of. Still a fight never ought to be too old to learn.

"Yes, I rather think that outside of the fact that this great reform of our athletes may get Jeffries into tip-top condition for the battle, they are not going to be of any help to him once the battle is under way. Then, when Jeff is out in the centre of the ring all alone with me, he will have to use his own wits to bring about my downfall.

"If I am beaten it will be Jeffries and not his army of helpers and trainers and handlers that will do it. They can talk to him by the hour, map out all sorts of schemes and plan tricks and lines of battle, but there is this much about the whole business: a fighter has just so much capacity for carrying this in his head. Up to that limit he may box well and perhaps fight like a demon. But humanity is all alike. When the body grows tired and the muscles flag in their energy, the brain becomes dulled, too, and there is no resourcefulness shown.

"Now, to my way of thinking, Jeffries is going to fight me just like he fought Sharkey and Corbett and Fitzsimmons and the rest of them. Jeffries never had but one way of going and that's all he knows. He isn't going to improve any at this stage of the game, for, disliking the game as he did, he never made a study of it.

"Always his main dependence was his strength, and that left uppercut of his to the body, the punch that he used successfully in the second fight with Corbett. Good men like Corbett and Sharkey and Fitzsimmons were in those days, punished Jeff terribly. But in those days Jeff had the vitality to withstand the beatings. He let them beat themselves trying to beat him.

"It will be the same next July. He will be the same old Jeffries as far as his fighting skill is concerned and he will attempt to rely in the same old way on his marvellous strength and bottom to bring off the victory.

"Do I think he is still there with that strength and bottom?"

Again those big eyes became narrow slits and then a broad grin spread over the champion's face.

"I might offend Mr. Jeffries by expressing my opinion on that point," was his only reply, coupled with a chuckle that told of his entire satisfaction with the situation.

### MANITOBA ELEVATORS.

Farmers Confer With Government on  
Policy of Public Ownership.

Winnipeg, Jan. 5.—The grain growers' association committee was this morning in conference with the Manitoba government to form a policy of public ownership of all grain elevators in the province. It is many years since farmers began complaining of inadequate elevator facilities and discrimination alleged to be practiced by companies under private ownership.

One of the recommendations made by the committee this morning was that the elevators should be operated by an independent commission absolutely free from political influence or interference. There are now 696 elevators and warehouses in the province and the scheme of local government provides for their operation. In addition the committee decided to recommend to the Dominion government that it purchase and operate the terminal elevators on the Great Lakes.

### Many Marriages in Chicago.

St. Joseph, Mich., Jan. 5.—Dan Cupid was busy among Chicago couples in 1909, according to the marriage records of the county clerk here. Of the 1728 licenses issued, fully 75 per cent. were granted to Chicagoans, who made hurried trips across the lake and back. In 1908 1630 licenses were issued, 98 less than in 1909.

According to local lake transportation officials, Chicago will continue to furnish the majority of marrying couples in St. Joseph, so long as brides and grooms can make the trip over, be wedded and arrive back again without losing more than one day's work.

### Spokane's Population.

Spokane, Wash., Jan. 5.—Spokane now boasts of a population of 132,750 souls. This is at least the figure given in an unofficial approximate made by N. Bernard Hutchison, of R. L. Polk & Company.

## The Daily News

E. A. Paige, ..... Managing Director

THURSDAY, JANUARY 6, 1910.

### THE PREMIER'S VISIT.

The report that Sir Wilfrid Laurier will visit this coast when the House of Commons rises, will be welcome news to every citizen of British Columbia. We venture to assert that there is not one man in this province who, whatever his political opinions may be, does not at heart entertain a warm admiration for the man who has done so very much towards endowing Canada with the high position and prosperous condition which she enjoys and holds today. Sir Wilfrid, who, it is stated, has abandoned his intended trip to Europe, and will come West instead, may rest assured that he will receive a most hearty and enthusiastic welcome here. The Vancouver Board of Trade has already decided to entertain the Premier to a complimentary banquet, and it is to be hoped that the people of the Royal City will not be behindhand in expressing their loyalty and esteem to so honored a chief.

### THE TELEPHONE SERVICE.

Telephone users in this city are complaining a good deal about the present condition of the service which is given by the B. C. Telephone company. The attention is tardy, and the connections, especially with long-distance points, weak and uncertain. The conditions that prevail in this city are such as to merit the provision of a really first class service. But instead the company seem to think that anything will do for New Westminster. But this policy of neglect may cost them dearly one of these days, for a continuation of the present unsatisfactory service may prompt their subscribers to invite an opposition concern to occupy the field which is by no means unattractive as a commercial investment.

Apart from this, however, there is a growing feeling that the telephone service should be taken over by the government. It is a public need and utility, and the spirit of our time is strongly in favor of all such services as this being under direct government control. The public suffers great inconvenience and annoyance at the hands of a private company, which is out for the primary purpose of making profits for its shareholders and is ever reluctant to expend anything upon reforms and improvements. If the telephone service were in the hands of the government the merely commercial aspect of the undertaking would be secondary to the provision of a satisfactory and efficient service.

### CONDITION OF FRONT STREET.

It is to be hoped that the new Works Committee of the Council will not lose any time in getting the affairs of their department into good shape. There are many things need-

ing their attention. One of the most pressing is Front Street, the unfinished condition of which has caused, and is causing, grave inconvenience to firms located on that thoroughfare, and those who have to use it. Our recollection is that the grading and metalling of this street was to be completed quickly, so as to provide a means of relief to Columbia Street whilst the sewerage, paving and other work was being done. But Front Street appears to have been left in a half finished condition, and when the thaw sets in its latter state will be worse than the first. It is to be hoped that immediate steps will be taken to complete the work on this street.

### AERIAL RIGHTS.

Wright Brothers Serve Injunction on Aviators Paulham and Curtiss.

New York, Jan. 5.—The headquarters here of the Aero club of America is today the storm centre of discussion as to the probable effect which Wright Injunctions against Curtiss and Paulham will have on the big aviation meeting at Los Angeles next week.

The announcement that a second set of papers were served on Paulham just as he was leaving New York yesterday has given rise to a fear that he with other aviators may be restrained from making flights in Los Angeles. The serving of this second set of papers on the French aviator followed the receipt of news from Buffalo that the United States circuit court there had granted an injunction restraining Glenn H. Curtiss from flying on the coast.

The Wright brothers are taking this step because of alleged infringements of patents held by them.

### EXPENSIVE IDLENESS.

Closing Down of Steel Railmills Costs \$40 per Minute.

Chicago, Jan. 5.—The bursting of a pin in the driving-wheel of the finishing engine in the railmill of the Illinois Steel Company at South Chicago Saturday last cost the company just \$369,000. The offices of the company, it is said, estimate that every minute that the railmills were idle represented a loss to them of \$40.

The big engine "ran away" when the pin broke at 2:15 o'clock Saturday afternoon. The damage was not repaired until next Monday morning. Excepting Sundays, the mill turns 24 hours a day. Figuring 9225 minutes as the elapsed time the mill was idle cost foot up to \$369,000.

### LOCAL STUDENT IS FIRST IN LAW EXAMS.

The result of the recent law examinations in Victoria were received here yesterday. The only local man entered Keith Macgowan, was placed first in the preliminary. The following satisfied the benchers, in the order given:

Preliminary—K. C. Macgowan, D. A. C. Martin, J. A. Fletcher.

First intermediate—G. C. Cameron, R. E. Wallace, E. C. M. McLorg, E. C. Weddell, N. Montgomery, C. G. White, J. A. McGeer, C. H. Kearns.

Second intermediate—R. W. Ellis, E. N. Brown.

Students for Call—J. S. Brandon, A. L. P. Hunter, H. R. Bray, W. R. Vaughan.

Articles Clerks for Admission—J. S. Brandon, A. L. P. Hunter, W. R. Vaughan and H. R. Bray (equal).

B. C. Solicitor for Call—Geo. Duncan.

D. A. C. Martin is a son of Mr. Justice Martin, of the court of appeal.

"Lifebuoy Soap is delightfully refreshing for bath or toilet. For washing underclothing it is unequalled. Cleanses and purifies."

### City Solicitor's Opinion.

In connection with the point raised by Alderman Jardine at the first meeting of the 1910 Council, questioning whether the mayor had power to appoint the different committees of the council, it is understood the advice of the city solicitor has been taken, and the opinion expressed that committees should be appointed by the whole council, and not by the mayor. A special committee named to look into the matter, will report to this effect at the next council meeting.

Salmon Bellies Prepared to Meet Challenging Montrealers on May 24 and 28.

At a meeting of the Westminster Lacrosse Club held last night in H. Ryall's store, it was decided to wire the Montreal Lacrosse club that May 24 and 28 would be the most suitable for the Westminster team for the Minto cup series. As the Montreal men are anxious for dates that will not interfere with their regular league schedule, they will probably assent to those suggested. If the dates are accepted by the easterners, the local men will start to get into training as soon as possible. Efforts will be made to secure some hall or gymnasium for a couple of nights each week and the boys will try to get some of the winter fat off by taking a little exercise.

#### The Mohawk Challenge.

A letter from the Mohawk Lacrosse club, of St. Paul, asking for information about the Minto cup and the qualifications necessary to a challenging team, will be referred to the trustees of the cup. As far as can be learned, the Americans are qualified to challenge, as the cup is for the championship of the world and not only of Canada. However, it is up to the trustees to decide whether they can play fast enough ball to be allowed to mix it with the New Westminster aggregation.

#### Family Relationship.

A letter was received from E. Murray, of McGill university, asking for information about the players on the team. He wanted to know particularly of the cases of brothers playing on the team; how long they had played together and whether their father played or not. The information asked for was to cover a period of twenty years and was to be used in an article to be written in Montreal on near relations in great athletic organizations. The article is to appear in the American edition of Sporting Life. The secretary thought that the scheme involved some work and so the letter was turned over to the Rev. J. S. Henderson for reply.

Archie MacNaughton's Claim.  
The MacNaughton affair came up again for discussion, and was referred to Secretary P. D. Ross of Ottawa. MacNaughton claimed that he did not receive enough pay for refereeing one of the Regina games here last summer. He alleges that the money was taken from the gate receipts but was not turned over to him. A letter will be sent to P. D. Ross to the effect that all that MacNaughton says is incorrect and that an apology is due from him to the New Westminster club.

Several letters of greeting from players, more or less known or unknown to lacrosse fame in the east, were read and filed. The writers wanted jobs and most of them wanted money. It was the general opinion of the meeting that if a man settled down here and could play first-class lacrosse he could get a place on the team, but the club was not importing professional players just yet. Some of the letters were received from men who have played in the N. L. U. and are undoubtedly good men, but they have to come here and show what they can do before they catch a place with the Salmon Bellies.

#### SCHEDULE DRAWN UP FOR SERVICE CUP SERIES

At a recent meeting of the Rugby union in Vancouver the schedule for the second round of the Province cup series was drawn up. The first game here will be on January 15, when Columbian college will go up against the Vancouver High school.

The complete schedule is as follows:

January 8—V. A. C. vs. Rowing club on Bridge street grounds.  
January 15—High school vs. Columbian college at New Westminster.  
McGill vs. V. A. C. on High school grounds.

January 29—High school vs. Rowing club on High school grounds; Columbian college vs. McGill on Bridge street grounds.

February 5—V. A. C. on High school grounds; Rowing club vs. Columbian college at New Westminster.  
February 12—High school vs. McGill on High school grounds; V. A. C. vs. Columbian college at New Westminster.

February 19—Rowing club vs. McGill on High school grounds.

#### CANADIANS WIN.

Hard Hockey Game Won From Cobalts in Extra Time Play

Montreal, Jan. 5.—In the first game of the National Hockey association today at Jubilee rink, the Canadians defeated the Cobalts by a score of seven goals to six. The score at half time was three to one in favor of the Canadians and at full time six to six. It required extra time to decide the game, the Canadians scoring after six minutes' play.

### JACK JOHNSON DISCUSSES JIM JEFFRIES' TRAINERS

Chicago, Jan. 5.—"It looks as if I would have to fight about seven or eight men when I step into the ring with Mr. Jeffries in the West next July. I never heard of a man having so much brains and brawn back of him in his training."

This was the remark of Jack Johnson last night as he laid aside a paper that contained a story of how Jeffries purposed engaging some of the greater athletes of the age to fit him for the battle. There was a crazy smile upon the black man's face as he narrowed his eyes and considered something for a while.

"There won't be any excuses after that, eh?" the champion mused as he made mental calculations of the formidable list of helpers that have at various times been mentioned as being in the Jeffries camp.

"He'll be in good shape, or ought to be, with so many taking a crack at him," Johnson continued. "And then if I beat him, which I now consider a certainty, they will have to admit that I am a pretty good sort of a fighter after all. Or will they say that Jeff, like Fitz, was too old and never should have tried to upset all precedent and dope by coming back?"

"Corbett to teach him cleverness and speed, Attell to lend his know-

#### NOTE CURLING SKIP TO MANAGE PAPER MILL

Winnipeg, Jan. 5.—W. H. Whalen, who has for sixteen years skipped Fort William curling rinks at Winnipeg bonspiel, has gone to Vancouver to erect and manage a million dollar pulp mill, and the "roarin' game" loses one of its most ardent and skillful exponents. The concern of which Mr. Whalen is to be managing director is the British Columbia Sulphate & Fibre Company, Ltd. The new mills of the company are situated on Howe Sound, some thirty miles from Vancouver.

#### COLLEGE BASKETBALLERS PLAN TOUR OF STATES

The basketball artists of Columbian college are anxious to take a fall out of some of the exponents of the game on the other side of the line. Secretary H. D. Rugg has written to several clubs in Washington asking for dates some time in the latter part of March, and if everything can be satisfactorily arranged the local boys will make a tour of the state, taking in Seattle, Tacoma, Everett, Bellingham and other places.

Columbian college has a first-class team, although they will miss their centre, Ferguson, who is not going to finish his term this year.

A reply was received from Bellingham yesterday evening, offering to meet the college lads on February 12. It is likely this date will be decided for the meet. An effort is also being made to secure a match in Victoria on February 5, but details in connection with this are incomplete.

Tomorrow evening the College Second-year team will play against the St. Barnabas boys, the clash taking place in the college gymnasium.

## CONNAUGHT NOT LIKELY TO SUCCEED EARL GREY

Possibility of King's Soldier  
Brother Becoming Govern-  
nor-General Doubted.

Ottawa, Jan. 5.—That the Duke of Connaught, King Edward's soldier brother, will be the next governor-general of Canada is extremely unlikely.

The suggestion, which is now revived in the shape of a letter from London, was originally put forth by a Canadian of well known ultra-imperialistic tendencies, in a magazine article written more than a year ago. His theory was that as Canada had advanced from the status of a colony to be governed by a graduate of the colonial office, as was the case at confederation, to that of a self-governing dependency of the empire, demanding the vice royalty of a lord at least, the evolution tended to the appointment of a scion of royalty.

Such a governor-general, according to this theory, could be reappointed, upon good behavior, from term to term, so as to make his tenure of office practically for life and thus not only provide a place for out of work members of the royal family, but also strengthen the bonds of imperial union.

Unfortunately for this argument, however, the experiment of a royal resident at Government House has not proved quite a success. In the case of Lord Lorne (now Duke of Argyll) the dignity of royalty rather eclipsed the official status of the queen's official representative, nor were the social crudities of Canada's capital in the early eighties at all congenial to the Princess Louise. Since then Canada had been satisfied to have the crown represented by British statesmen of the standing of Lansdowne, of Stanley, Earl of Derby, of Lord Aberdeen and of Earl Grey, the present incumbent of office.

What is more likely than his coming to Canada is that the Duke of Connaught will be made Lord Lieutenant of Ireland.

## Pig Iron in Plenty.

Cleveland, O., Jan. 5.—Returns received here from the coke and anthracite blast furnaces of the United States by the Daily Iron Trade Review, show that the pig iron production for December was 2,681,459 tons bringing the coke and anthracite pig iron production of the country for 1909 to the record breaking total of 25,335,759 tons. The total production surpasses that of 1907 which was 25,299,732 tons, by a margin of 36,027 tons.

The country is now making pig iron at the unprecedented rate of 32,000,000 tons a year.

**TENDERS FOR FREIGHTING SUPPLIES FOR THE YUKON TELEGRAPH LINE.**

**EXTENSION OF TIME.**

The time for receiving tenders for freighting of supplies for the Yukon Telegraph Line in the course of the seasons of 1910, 1911 and 1912, is hereby extended to Tuesday, February 15, 1910. Tenders are to be sealed and endorsed "Tender for Packing Supplies," and addressed to the undersigned.

Forms of tender and specifications may be obtained and form of contract seen on application to Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C., Mr. Wm. Henderson, District Superintendent Government Telegraphs, Victoria, B. C., and from the Government Telegraph Agents at Ashcroft, B. C., Quesnelle, B. C., Hazelton, B. C., and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residences. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender for one year's packing, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,  
**NAPOLEON TESSIER,** Secretary.  
Department of Public Works,  
Ottawa, December 16, 1909.

**NOTE**—Provision is being made by the Government to the extent of \$50,000 for general repairs, renewals of bridges, etc., along the trail between Hazelton and Ninth Cabin, next season.

**TENDERS.**

Tenders addressed to the undersigned at Ottawa, in sealed envelopes, and marked on the envelopes "Tenders for Quarantine Supplies," will be received up to noon of the fifteenth day of January, 1910, for supplies for Quarantine Station.

The following supplies are required:  
Coal;  
Firewood;  
Fish;  
Groceries;  
Hardware and ship chandlery;  
Meat;  
Medical stores and disinfectants;  
Uniforms, and other articles of apparel;  
Vegetables.

Forms may be obtained by application to the Department of Agriculture, Ottawa, or to the Medical Superintendent at Quarantine.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

**TELEVISION IS NEXT**  
**WONDER OF SCIENCE**

**German Believes He Has a System to Make Possible Sight Seeing at Distance.**

London, Jan. 5.—Talking over the telephone from London to Paris seems sufficiently wonderful, but shall people ever be able to see their friends in Paris while sitting comfortably in their homes or business houses in London? This point is raised by the recent experiments of Herr Ruhmer, who has succeeded in transmitting likenesses of inanimate objects over a telegraph line.

The problem has been attempted by other scientists besides Ruhmer, with more or less success among them being an Italian electrical engineer named Sylvestri, and two Frenchmen, Rignoux and Fournier. These inventors have all used means similar to Herr Ruhmer, using the element selenium in their apparatus, which varies in its powers of resisting an electric current according to the amount of light which falls upon it. Different parts of the image of a person reflected on the selenium would be, of course, of different brightness, and each part would regulate the restive power of the selenium cells.

The present apparatus of Herr Ruhmer renders it possible merely to see simple patterns at a distance, and he has actually demonstrated that it is possible to see such patterns by means of telegraphy. His experiments show, that with a larger apparatus the process of television could be solved and the head and shoulders of a human being could be seen over a distance. This would mean that a man wishing to cash a London cheque at a Paris house could be seen in London over the telegraph wires by his English agents and identified.

The apparatus consists of a screen divided up into small sections—10,000 in a "life-size" apparatus—upon which the image to be seen at the other end of the line is projected by means of a special form of camera. Each small section of the screen is provided with a selenium cell that is sensitive to light, and regulates an electric current, transmitted through the wires. These electric currents are made to regulate the light falling on corresponding sections of a similar screen at the end of the line, whereby the image is reconstituted.

**GREAT RESULT FROM**  
**LOEB'S COLLECTORSHIP.**

New York, Jan. 5.—The marked increase in customs receipts on passengers' baggage under William Loeb's collectorship as already shown by monthly reports, was brought out in greater contrast by figures for the year made public yesterday. Receipts for 1909 were nearly 120 per cent. greater than the combined receipts for 1906 and 1907, although the latter year had been the best in the history of the port.

More than \$1,000,000 in duties were collected in 1909 by Mr. Loeb's insistence that everybody pay, rich and poor alike. The amount was more than double that for 1908, although the number of incoming passengers showed an increase of only one-sixth.

**Two Cabinet Members**  
**Face Possible Defeat**

(Continued from Page One.)

cellor of the Exchequer David Lloyd George cannot lose Carnarvon, and War Minister Haldane and Foreign Secretary Grey are safe in Haddington and Berwick respectively.

In fact, the only members of the cabinet who are in the least danger are President of the Local Government Board John Burns, and Postmaster-general Buxton, respectively of the London wards of Battersea and Poplar. On account of the notorious uncertainty of London constituencies these two will have to fight hard.

Most of the prominent Conservatives are confident of re-election. Arthur J. Balfour, the Conservative leader, and Sir Frederick Bransbury, the cunningest obstructionist in parliament, are absolutely certain of success. They are the two representatives from the "City of London," a patch one mile square in the heart of the great metropolis. It is the centre of the financial district and, unlike the erratic outer London wards, it always is Conservative by 10,000 to 12,000 majority.

Joseph Chamberlain will dictate the seven Birmingham seats, as usual. He will have a contest, however. The Liberals made the mistake in 1900 of leaving him unopposed, as a result of which he stumped the country at large doing incalculable damage to Liberal candidates in weak constituencies. This time he will have to remain at home to fight his own campaign.

The election of Joseph Chamberlain himself is largely a matter of compliment, as he has been unable to attend parliament for two years, and probably never will be seen at Westminster again. Although he was howled down at a recent meeting in his own constituency of East Worcestershire, Joseph Chamberlain's son, Austen, is undoubtedly sure, at least in his father's opinion, of re-election. Otherwise, it is certain that the older man would see that he is taken care of in Birmingham. The labor leaders, Arthur Henderson, Sir Hardie Ramsay Macdonald and George Barnes, will win easily.

**BIG RECEPTION IN**  
**A HOUSE OF FOLLY**

**Eccentric Walla Walla Couple Will Celebrate Twenty-fifth Wedding Anniversary.**

Walla Walla, Jan. 5.—Mr. and Mrs. Alexander Stewart, the eccentric Waitsburg couple over whom a warm fight was recently waged in the superior court because of the appointment of a guardian for them, ending in a compromise finally being effected whereby the guardian was discontinued, have set all society in the community in which they live agog with the announcement of a big reception which they will give on January 15, in celebration of their twenty-fifth wedding anniversary.

The reception will be given in the new Stewart house, which, with its numerous plate glass mirrors and other extravagancies has been termed the house of folly. In making this announcement Stewart, it is said, desired to invite every person in Waitsburg, with the exception of three families, these three being the people who sought to have a guardian appointed. He wished to name them in a newspaper, but was persuaded to desist from his purpose.

**Tainted Peas Kill Eleven.**

Santa Monica, Cal., Jan. 5.—Two additional members of the Marquise family, who were victims of ptomaine poisoning, contracted at a New Year's dinner at the home of Mrs. D. C. Valdez, in Sactelle, on Sunday, died today. Eleven of the twelve persons who partook of the tainted peas served by Mrs. Valdez have now died, and the one survivor is not expected to recover.

**MUST ABANDON "RATS."**

**New Haven Hospital Issues Strict Order to Nurses.**

New Haven, Conn., Jan. 5.—The nurses in training at the New Haven hospital either will have to give up their positions or their "rats" as the result of an order issued today by the superintendent of nursing, Miss Emma L. Stowe.

It is understood two probationers have accepted the alternative and left the institution.

Dr. Harry T. Summers Gill, physician in charge, says Miss Stowe's order will be strictly enforced. He refused today to name any special dangers which might arise from the use of "rats," but said it was not especially desirable.

**CHINESE PIGTAIL IS**  
**DOOMED TO DISAPPEAR**

**Prince Regent Orders Change in National Costume—Little Opposition to Scheme.**

London, Jan. 5.—There is consternation among the Chinese at the announcement made by the Prince Regent that he will endeavor to bring about a change in the national costume this year, besides advocating the abolition of the pigtail. To show that he is in earnest the Prince Regent has himself started to wear a military uniform when receiving foreign minister at Peking.

The abolition of the pigtail meets with far less popular opposition than the adoption of European costumes. The anti-pigtail party argue that this characteristic appendage is unsanitary, that it is an object of derision among foreigners, and that it is not in keeping with modern sentiment, marking as it does the servitude of China to the Manchu. But the Prince Regent has a more effective argument for Chinese minds when he recalls that the late emperor was in favor of this reform, and respect for the wishes of the dead carries greater weight than cold reason among his countrymen.

The Prince's ambition to bring about a change in national costume naturally arouses opposition among the silk and linen manufacturers and merchants, to whom it would mean a serious loss.

## CITY NEWS

The adjourned annual meeting of the Westminster Liberal association will be held in the Liberal club rooms, Daily News Block, on Wednesday next. The business to be transacted includes the election of officers. Several matters of importance will also come up for discussion.

Walgamutt's orchestra in attendance at The Royal Cafe. \*\*

W. Watts, who held the position of C. P. R. telegraph operator at the local depot for some months past, left yesterday for San Francisco, where he will work for the Western Pacific Telegraph company.

For first-class cut flowers and any kind of floral work, telephone Davies' Greenhouse, R208. \*\*

Because of the small attendance at a meeting called by the local Anti-tuberculosis society yesterday afternoon, no business was transacted, the meeting being adjourned until next week.

Piano and organ tuning. W. E. Martin, Mus. Bac., 'phone L615, city.

Judge Morrison will hold Supreme Court chambers on Friday at 11 o'clock instead of on Saturday.

Call at The Royal Cafe for lunch, dinner or after theatre supper. \*\*

William Meyers, the young fellow who was arrested on a charge of theft on Tuesday night, was sentenced to three months in jail at the police court yesterday.

Your box in a safety deposit vault is a private affair. No one has access to it but yourself. And besides, it is safe and that is a factor worth something to you. Then it costs only a small sum to rent one of these boxes, a surprisingly small sum. Let us tell you about it. Dominion Trust Co., Ltd., T. R. Pearson, manager, New Westminster branch. 228-4

The funeral of the late Mrs. H. H. Lindsay took place yesterday from the family residence on Begbie street to the Odd Fellows' cemetery. The Rev. J. S. Henderson conducted the religious services. F. Cameron, W. Sloan, E. Johnson, W. Hutchings, W. Dawson and E. Mead were the pallbearers. W. Murchie had charge of the funeral arrangements.

While playing hockey at Burnaby Lake Tuesday evening Kenneth McKenzie of Sapperton met with a nasty accident, having his foot badly cut by a skate.

An agitation for a five-cent street railway fare from Central Park to Vancouver has recently been started by the residents of the former place. At a meeting held there on Monday night a committee was appointed to wait upon the railway company and state the wishes of the residents.

The body of Joseph McDonald who was drowned in the tunnel at Coquitlam Lake on Tuesday, was brought in to the city yesterday by Provincial Constable Wikie, Coroner Pittendrigh will view the remains to day, but it is improbable that an inquest will be held, as all the circumstances go to show that the drowning was accidental. The man was working in the tunnel on a platform above the water and in some way fell in. Other workmen gave the alarm and the water was shut off at the mouth of the tunnel, but it was some time before the body was recovered. McDonald is a young Scotchman who has only been in this district about three weeks, working in Lethbridge before he came here.

A serious coasting accident happened on Tuesday night when Miss Nellie Thomas, who is employed at the B. C. Telephone office, was run into by a sled and had her leg broken. Miss Thomas was one of a party who were coasting on the Fourth street hill. The police yesterday put a stop to all coasting near the centre of the city.

The Men's Own of Queen's Avenue Methodist church will hold a social evening in the Sunday school room on Friday, commencing at 8 o'clock, when a debate on the subject: "Resolved, that the present-day conditions tend to shorten life rather than lengthen it." The affirmative will be taken by C. E. Osborne and Ernest Saunders, while the negative will be upheld by J. Scott and Edwin Dickenson. Rev. C. W. Brown will be chairman.

The annual exchange of pulpits in the city churches will take place on Sunday morning when the pulpits will be occupied as follows: St. Paul's Reformed Episcopal, Rev. Dr. T. Wardlaw Taylor; St. Andrew's Presbyterian, Rev. James Calvert; Queen's Avenue Methodist, Rev. J. Thompson; St. Stephens Presbyterian, Rev. C. W. Brown; West End Methodist, Rev. J. S. Henderson; Olivet Baptist, Rev. E. Braden; Knox Presbyterian, Rev. A. DeB. Owen; Sapperton Methodist, Rev. A. F. Baker.
