ourt Proceedings Instituted to Discover Parties Responsible for Execution of Americans.

Managua, Nicaragua, Jan. 9.—President Madriz has ordered court proceedings to be instituted for the purpose of punishing whoever was responsible for the execution of the Americans, Groce and Cannon.

As ex-President Zelaya's name does not appear officially in the records of the court-martial, the responsibility cannot be fixed on him, but possibly some official will be found guilty, probably Calamon Selvia, the prosecuting attorney who officiated at the trial.

ANKLE BROKEN.

Young Man Run Into by Street Car Escapes with Slight Injury.

Frank Robertson of Carnarvon street had his ankle broken about 11 o'clock Saturday night by being run into by a car near Edmonds. Robertson was walking along the track in the direction of New Westmintser and seeing a car approaching ran ahead to get to the next stopping place, where he intended to board it. While running he tripped and fell, and before he could get up the fender struck him on the ankle and pushed him off the track.

The motorman immediately stopped the car and the injured man was taken to the Royal Columbian hospital, where it was found he had fractured a small bone in the ankle. It will be at least a month before Robertson is able to leaves the hospital.

WILL ENDEAVOR TO REGULATE FREIGHT RATES

Board of Trade Sends Delegation to Victoria to Approach Provincial Council on Rates Question.

A delegation from the board of trade left yesterday for Victoria, where they will hold a conference with the officials of the Canadian Northern railway and the executive council of the provincial government respecting the control of the freight rates on the proposed C.N.R. line in British Columbia. Those who went from here are T. S. Annandale, T. J. Trapp, A. E. White, L. B. Lusby and Secretary Wade. F. J. MacKenzie and B. G. Walker also accompanied the deputation. Owing to the first regular meeting of thr council of 1910 being held tonight, Mayor J. A. Lee, president of the board of trade, was unable to go.

The New Westminster men held a conference with representatives of the Vancouver and North Vancouver boards of trade on the boat on the way to Victoria, and it is expected that some plan of action was formed. At 10 o'clock this morning the delegation will meet the executive of the government and will probably ask that a clause be inserted in the agreement between the province and the C.N.R. granting the province the control of freight rates in British Columbia. Both William MacKenzie and D. D. Mann will be present at the meeting to look after the interests of their company.

DESERTIONS IN FRENCH ARMY ON THE INCREASE

Alarming Condition Confronts Republic, Many Enlisted Men Having Quit During 1909.

Paris, Jan. 9.—With the first days of the new year, along with other alarming news, comes the report of officials showing the desertions from the French army to be on a big increase.

Recently it was said that the stature of the French soldier was growing perceptibly smaller each year. Then it was said that the physical condition of the soldier was below what it had ever been and that it was necessary to take men who would have been refused formerly in order to keep up the army numerically. Now it is said they are deserting in large numbers, and that this number is on the uptrend.

During 1908, 4614 desertions occurred. In 1909 there were more than 11,000 desertions and cases of insubordination.

ART COLLECTION TO BE DISPERSED.

London, Jan. 9.—Art connoisseurs and collectors from all parts of the world will flock to London this month for the sale of the art treasures removed from Holme Lacy, the magnificent country seat which was sold by the Earl of Chesterfield in July last.

Lord Chesterfield is now dispersing this collection and the sale will be conducted by Messrs. Knight, Frank and Rutley.

The collection is a most remarkable one and includes the famous carvings by Glinling Gibbons. Many of the pictures have been at Holme Lacy for more than 200 years. The furniture includes many fine examples of Boule, acquired by Viscount Soudamore an ancestor of Lord Chesterfield, when he was ambassador at the court of Louis XIV. of France.

The state bedstead is finer than the famous example at Hampton court palace, and the tapestries and old china are such as will make the mouths of collectors water.

There are also large quantities of English furniture made during the Stuart and Georgian periods, including a famous cabinet by Chippendale

AEROPLANE INJUNCTION OF WRIGHTS SUSPENDED

Buffalo, N. Y., Jan. 9.—An order was granted in the federal court today suspending, pending immediate appeal, the temporary injunction recently obtained by the Wright Company prohibiting the manufacture and sale of aeroplanes by the Herring-Curtiss Company and Glenn H. Curtiss, in alleged infringement of Wrights' patents. This order followed a conference of attorneys representing the Wrights and Curtiss, and is conditioned upon the filing of a bond for $10,000 by the Curtiss interests. This definitely establishes Curtiss' right to fly at Los Angeles this week.

Disinherited Sons May Win.

Chicago, Jan. 9.—Although Louis B. Cone, estranged from his two sons of a former marriage, ,stipulated in his will that they should no share in his estate, the fact that he survived his second wife by a few moments when they were fatally injured in an automobile accident here last Wednesday, it is believed, put the sons in possession. The estate is valued at $75,000.

PINCHOT DISMISSAL PRECIPITATES ROW

Dismissed Forester's Action Not Defended by Friendly Newspapers.

Washington, D. C., Jan. 9.—The present week will probably decide whether there will be a prolonged conflict including the president of the United States within the ranks of the Republican party in Congress. Conditions have been tending in that direction for some time, but instead of adding to the impulse, the dismissal of Forester Pinchot has caused a halt. It has caused senators and representatives to consider the results of a continuance of the controversy, and present indications are of a more specific tendency than were those of a week ago.

Situation Still Critical.

There is no denying the fact, however, that in some respects, the situation remains critical. Mr. Pinchot has a large number of personal friends and admirers in both houses of congress who would be inclined to take up his cause if favorable opportunity should present itself, and if they could do so without endangering the peace of the party and their own political welfare.

Party Harmony the Question.

On the other hand, many are saying that the personal fortunes of Messrs. Ballinger and Pinchot are of little importance, compared with the great question of the preservation of party harmony, and those who take this view are urging the necessity of preventing any such a conflict in congress on the lines of differences between the secretary of the interior and the former chief of the forestry service.

Washington, Jan. 8.—Extraordinary space is given by metropolitan newspapers today to developments of yesterday and today in the Ballinger-Pinchot matter. Perfervid writers in some make Pinchot pose as a martyr, but editorially, practically all the newspapers, pro-Pinchot as well as anti-Pinchot, indorse the dismissal of the forester and say he left no other course open to the president. His newspaper and other friends deplore his lack of judgment in forcing the issue on a matter on which he was plainly in the wrong. Even the Wash-

Fish Commission Makes Report.

Bellingham, Jan. 9.—According to the annual report of State Fish Commissioner Riseland, made public here yesterday, 75,100,000 salmon fry were liberated in the streams during the past year by the seventeen state fish hatcheries. This number exceeds by several million any previous year's hatch.

MARSHAL KILLS LINEMAN LEADING ROUGH-HOUSE GANG

Des Moines, Ia., Jan. 9.—James Cassady, boss lineman for the Bell Telephone Company, was shot and killed last night by City Marshal Harry Lee, at Dysert, Ia. Cassady and his working gang started to clean out the hotel where they were stopping. When Lee interfered he was set upon by the gang.

The shooting is said to have been a clear case of self-defence.

SLOW MOVING SLIDE TO DESTROY VILLAGE

Inhabitants Flee From Moving Mass of Earth About to Bury Their Homes.

Parma, Italy, Jan. 9.—On the hills between Parma and Piacenza, which are about thirty-six miles apart, an immense landslide is slowly moving. It is two miles in length, half a mile in width, and its depth is estimated at 75 feet.

On top of the slide is the village of Scopoli, recently occupied by a thousand persons. It is doomed to destruction.

The inhabitants have left the village, transporting their valuables and the furnishings and altars of their church to safer grounds.

TOWN OF PAISLEY IN DANGER OF DESTRUCTION

Lakeview, Ore., Jan. 9.—The little town of Paisley is in imminent danger of destruction by floods. So serious has the situation become that families are abandoning their homes preparatory to establishing residences elsewhere. For a week the Chewaucan River, on the banks of which the town is situated, has been on a rampage.

An unexpected drop in the temperature has chocked the channel with ice floes, causing the diverted waters to rush down upon Paisley, inundating the town. Ice is forming rapidly and this adds to the gravity of the situation. Already the town is virtually frozen in an immense ice floe.

Paisley is without telegraphic communication with the outside world, the nearest telegraphic station being Lakeview, forty miles south of the town. Paisley's inhabitants number about 600.

PRAYER FOR SCARLET FEVER FAILS UTTERLY

Spokane, Jan. 9.—Prayer as a cure for scarlet fever has ignominiously failed when applied by the community of saints at the little settlement of Waterloo in the Columbia river valley, not far from Dalsy, Wash., in Stevens county. County Coroner A. P. Cook and Commissioner W. W. Bryant, of Colville, left that town yesterday for the settlement to investigate conditions, with a view to quarantining the community. The county health board has taken up the matter and will investigate thoroughly. The people are of a peculiar religious belief, living by themselves.

German Freighter Refloated.

Steamer Prince Joachim Aground Off Jamaica Island

Kingston, Jamaica, Jan. 9.—The Hamburg-American steamer Prince Joachim, which sailed early today for Colon, ran aground in the eastern passage. The steamer is lying broadside on, but is not considered to be in any danger, as the weather is calm. The German cruiser Hertha has gone to her assistance.

TEXAN COVETS POLAR HONORS VIA AIR LINE

Dr. Fielding Would Build Gas Bag With Sails to Carry Him in Far North.

San Antonio, Tex. Jan. 9.—Dr. Frederick J. Fielding, of this city, offers to build a hydrogen dirigible balloon, capable of carrying several persons and all the necessary outfit and sail to the North Pole provided some responsible parties convey his outfit to a point in the far north and furnish him with a scientist to take observations.

Realizing the magnitude of the undertaking, Dr. Fielding, who is the holder of the world's record for balloon flights, made in the race from Chicago in 1908, has compiled some figures. He estimates that such a balloon, with engine and gas generating outfit, will cost him about $15,000; that the bag must be capable of lifting about 3000 pounds; that a gas tank must be carried to replenish the bag for the return journey and that he needs but three or four months for preparation.

AUTOCRAT OF THE AIR WANTED ON ATLANTIC

Prof. Moore Wants One Powerful Wireless Station to Rule Sea So He Can Get Weather Map.

Washington, Jan. 9.—"When all the nations of the earth agree upon one central autocratic wireless station that shall have complete power over the whole Atlantic ocean, to determine when vessels in certain positions of the ocean shall send and when they shall keep quiet, it will be possible to get a weather map of the ocean and to talk and transmit messages from any part of the ocean."

Chief Willis L. Moore, of the United States weather bureau and president of the National Geographic society, today made this statement to the house committee on agriculture:

"It will take some little time before it is possible," he added, "to make a weather map for commercial use so that vessels can avoid storms, when all vessels of a certain size are equipped with instruments and under international agreement that shall compel each vessel to receive and transmit observations from other vessels."

COMMISSIONER COOMBS IS TOURING CANADA

Head of Dominion Salvation Army Forces Coming West With Party of Leading Officers.

Winnipeg, Jan. 9.—Commissioner Coombs, head of the Salvation Army, in Canada, and the man who laid the foundation for the great work that is being done by the organization in this country twenty-seven years ago, is an honored visitor in Winnipeg today.

GEOGRAPHERS DISCUSS RESTING PLACE OF ARK

Improbable That Craft Was Left on Arrarat, They Contend—Likely Grounded on Jebel Judi.

London, Jan. 9.—Biblical and local traditions of the place where the ark rested were discussed at the Royal Geographical society by Captain Bertram Dickson, formerly military consul at Van, Turkish Armenia. The Bible historian, he said, took the account of the ark resting on Mount Ararat from the Chaldean legend which made it rest on the mountains of Uratu, while local traditions, Christian, Moslem and Yezidi (devil-worshippers) alike, made it Jebel Judi, a striking, sheer rocky wall of 7000 feet which frowns over Mesopotamia.

Common sense also suggests, the lecturer added, that in a subsiding flood a boat would more probably run aground on the high ridge at the edge of the plain than on a solitary peak, miles from the plains with many high ranges intervening.

There is a large ziarat (sanctuary) at the top of Jebel Judi, where every year, in August , thousands of energetic Moslems, Christians and Yezidis climb the steepest of trails for 7000 feet in the terriffic summer heat to do homage to Noah.

MISSIONARY IN FEAR OF BOXER UPRISING

Victoria, Jan. 9.—Rev. J. G. Nelson, a missionary, who arrived with his family from Lancho Shensi by the steamer Shinano Maru, states that the general opinion is that another outbreak, probably worse than the Boxer affair, will occur sooner or later in China.

He has spent fifteen years in Western China,, his family escaping to Shanghai during the Boxer outbreak. While there is certainly a tendency to reform, he said the attitude of the officials is still anti-foreign, and China is a slumbering volcano.

In Shensi, where considerable opium was grown, the officials have proclaimed that land where opium is hereafter planted will be confiscated.

FRAUD FERRETER ASKS REWARD FOR HIS WORK

New York, Jan. 9.—Richard Whalley has retained an attorney to press his claim for the reward as discoverer of the sugar-weighing frauds which resulted in a restitution to the government of about $2,000,000.

Richard Parr, whose claim for the reward has been favorably passed upon by the secretary of the treasury and Collector Loeb, has been appointed deputy collector already as a partial reward for his services in discovering the secret spring in the sugar scales, and his friends declare Whalley should have no credit.

Whalley claims that early in 1907 he brought the fact of the sugar weighing frauds to the attention of the treasury department officials and that later Parr was put on the case and received the popular credit.

Press Declares Republic Will Side With Russia in Manchurian Embroglio.

St. Petersburg, Jan. 9.—The Russian foreign office has issued a statement embodying the memorandum of the United States government bearing on the neutralization of the Manchurian railways.

Pessimism in Pekin.

Pekin, Jan. 3.—The highest government officials are pessimistic with regard to British support of the proposals of the American government relative to the Manchurian railways, and believe that more active German support would bring about a realization of the scheme.

The Chinese government is placing reliance in W. W. Rockhill, the United States ambassador at St. Petersburg, to secure Russian assent to the proposals, which would also mean French support.

Demonstrations in Favor.

Harbin, Jan 9.—The Chinese British and American residents have held demonstrations in approval of the American memorandum. The support of the British government has been asked by the British subjects here on the ground that the plan furnishes the only means to safeguard equal opportunities in trade and commerce.

Promoters Expect Membership of 1500—Lord Mayor of Metropolis Supports Movement.

London, Jan. 9.—Many well-known Catholics in London and the provinces are cooperating in a movement for the establishment of a Catholic club in London and the Lord Mayor, of London, Sir John Knill, is supporting it. Premises are being secured in the fashionable neighborhood of Piccadilly, and the aim of the promoters is to provide a meeting-place for its members in no way inferior to the best West End clubs. The promoters expect a membership of 1,500. The club will be non-political.

Another new London club is being founded on a thoroughly original basis, the intention being to assist members actively in their business enterprises. By an ingenious system the legitimate business concerns or undertakings of members will be brought to the notice of their fellow-members, who may be attracted or interested therein. At the same time ordinary advantages of a high-class social club will be provided.

MILLION MEMBERS ARE LEAGUED AGAINST TRUSTS

Men Banded Together to Oppose Big Corporations Hope to Raise $250,000 to Carry on Fight.

Washington, Jan. 9.—A million members by March 1 to wage battle against the trusts controlling the necessaries of life is the hope of the leaders of the movement for the organization of the National Anti-Trust league.

For final action regarding the organization of the league, invitations have been sent to every senator and representative in Washington, besides all prominent citizens, to attend a meeting here next Saturday night. President Taft will be invited to be present and lend his moral support to the undertaking. The senators from each state will be asked to suggest a man and woman as directors of the league, and every representative will be invited to name trustworthy men and women from his district to act as district representatives.

From financial support the league will rely on a membership fee of 25 cents, 10 cents of which will go to the national organization fund, and 15 cents into the state branches of the league. A working capital of $250,000 for the expenses of the fight against the trusts, it is expected, will be raised by March.

GIRL IN MALE DRESS RUN OVER BY TRAIN

Wheeling, W. Va., Jan 9.—A young woman ,pretty and evidently refined garbed in male attire, was run down and killed by a freight train this morning at 7 o'clock in the Baltimore &Ohio yards at Bentwood, and the police are searching for a man, evidently an Assyrian peddler, who was seen with the girl shortly before she met her death beneath the wheels of the freight train. As yet the body is unidentified.

A sensational report was sent broadcast that the girl was Roberta de Janon, the Philadelphia heiress, who eloped a short time ago with a waiter, but this was later denied.

The young woman was apparently about 20 years old.

Pinchot Dismissal Precipitates Row

(Continued from Page One.)

ington Times, his chief journalistic friend here, says:

"President Taft's action must be considered right by fair-minded men."

New York Sun's View.

The New York Sun, in an editorial headed "The Mutineer," says: "The least charitable view of Mr. Gifford Pinchot's performances is that he was endeavoring for an ulterior purpose to bring about his own removal. The most charitable view is that he became afflicted with megalomania of the same sort as was recntly diagnosed by Attorney General Wickersham in the case of Glavis."

"Missapplied Zeal," Says World.

The New York World concludes a studied editorial review of Pinchot's removal with this statement: "But it is a pity, in view of his distinguished record in the forestry service, that by tactlessness and missapplied zeal he should have made the soundness of his judgment a matter of doubt."

"Roosevelt Scheme," Says Herald.

The New York Herald diagnosed the situation in the opening phrases of its news story as follows: "They think they started a movement today to bring Roosevelt back from Mombasa as a candidate for president in 1912." Further, the Herald says no one is quite certain whether Pinchot is appearing in the role of a martyr or only that of Joey Bagstock, who was so "devilish sly."

"Will Rend Party," Says American.

The New York American predicts hysterically that this is but the beginning of a factional fight that will rend the party. It asserts that Roosevelt and Pinchot have been in constant correspondence for months.

With usual circumstance, the New Pinchot has not heard from Mr. Roos- York Herald declares: "With the exception of one letter, which did not refer to the trouble in any way, Mr. evelt since they discarded the tennis racquets which they used to wield back of the White House offices."

Secretary Ballinger is Calm.

Secretary Ballinger has declined to be interviewed on the subject. When questioned he said: "The dismissal of Pinchot should not have any effect on the investigation. That should go on and along the original lines."

The president is firmly of the opinion that the atmosphere is getting cleared and that as all the facts come out the people will approve of his course throughout.

Washington, Jan. 8.—The lines are now boldly drawn and from the peppering of skirmishes the battle between the insurgents and the regulars in congress has grown into open warfare. Every member of congress who heretofore discreetly kept his allegiance in the background, came forward of necessity today. Some moved only a few inches but others pitched headlong into the Cannon camp, the Taft camp, the Pinchot camp, or some other bivouack, reporting some irregularity.

No Halfway Business.

It is evident that there can be no halfway business. The defeat of Speaker Cannon in the house when he tried to name the investigators of the Ballinger-Pinchot row himself, the dismissal of Forester Pinchot and his assistants, and substantial reports of witheld patronage, make it imperative for every congressman now to be known to his colleagues either as a regular or as an insurgent.

President Takes Off Coat.

Speaker Cannon was the maelstrom's center today. Many callers upon President Taft spoke in energetic terms when mentioning the name of the Illinois statesman. At 1 while Mr. Taft listened he figuratively removed his coat, for he is in the fight to a finish.

Senator Burrows of Michiagn was among the callers at the White House. When he left he said: "We now know who is president of the United States."

Representative Morgan came from the White House and stopped long enough to say: "The fight is now in the open, and Mr. Taft wants to see it finished once and for all."

Representative Foster, a Democrat from Illinois, declared that Mr. Taft had no alternative but to oust the forester. This came from a Pinchot supporter, for Mr. Foster had always been friendly towards Pinchot.

The end of the struggle is not nearly in sight. Both sides moved restlessly today, gathering new ammunition. There were conferences in every hotel tonight.

Pinchot to Make Statement.

Mr. Pinchot was asked if he would make a statement.

"You bet I will," said he with energy. He said it would not be made for a day or so yet, as he wants to compile it very carefully.

BUFFALO MEAT IS SOLD IN NEW YORK

New York, Jan. 9.—Buffalo meat is on sale in the market of New York today for the first time in many years. Twenty-eight hundred pounds representing four buffalo, are offered and the meat brings 75 cents a pound.

The hides are on sale for $100 each. Thirty years ago they could have been bought for $5 each. The four buffalo bulls were shot by a Western rancher, who has a private herd in Wyoming.

It is said that there are now fewer than one thousand American bison alive, and it was only because of the unruly temper of the four that they were sacrificed.

Coal Rise is Probable.

Nanaimo, Jan. 9.—Following the reported advance in coal prices in Washington state, shipping men are now holding their breath for a rise in British Columbia. As the situation stands at present it is almost impossible to secure cargoes at Nanaimo Ladysmith and Coal Harbor. As a good many steamers which formerly coaled in the south are now coming here since the tie-up in Australia, a congestion of orders has resulted.

B. C. MEN PROPOSE TO START FOX FARMS

Victoria, Jan. 9.—In consequence of the financial success attending the operation of the Alaska fox farms which have been for the past twelve years in operation, two small islands in Northern British Columbia with a combined aggregate area of 2000 acres, have been purchased by William Ferguson and Theodore Musson, whose intention it is to emulate the business plans of the enterprising Americans. Foxes of all valuable varieties will be bred, and the proprietors of the new enterprise anticipate handsome profits from their investments during the ensuing ten years.

Young Victorian Killed.

Victoria, Jan. 9.—Crushed between the moving train and the high platform on the Victoria Ferry and Railway company's wharf at Sidney, Walter R. Palmer, eldest son of R. M. Palmer, until recently horticultural commissioner for the province, was fatally injured, dying shortly after his removal to St. Joseph's hospital. The young man was getting on the train at the time.

France Supports Russian Policy

(Continued from Page One.)

vors the preservation of the open door policy and Chinese souvereignity in Manchuria, she considers the issues raised in the American proposition to neutralize the Manchurian railroads primarily concerns Russia and Japan. The French reply to the American memorandum, therefore, is likely to be determined by the eventual attitude of Russia, France's ally.

Trying to Retrieve Old Mistakes.

One of the leading Paris papers, La Presse, regards the situation as complicated, and express the opinion that the United States is trying to retrieve its mistake of 1904-06, when it backed Japan to get Russia out of Manchuria, only to find that Japan had supplanted her there without benefit to the open door policy.

"Even if Russia accepts," says the paper, "Japan is not likely to agree. England is bound by a Japanese alliance and a similar reserve is reposed on us for like and other reasons."

The Matin believes that France will follow Russia's lead.

Dangerous Situation.

Gil Blas expresses the opinion that the situation is filled with gunpowder and declares the real issue is commercial supremacy in China for which the United States and Japan are struggling. It charges that the entire aim of American diplomacy is directed to that end and insists that the United States has pushed China to resistance in every struggle with Japan.

MISSIONARY CAMPAIGN PROGRESSES IN NEW YORK

New York, Jan. 9.—By studied stages, the Laymen's Missionary movement is advancing upon New York in its campaign for greater interest in foreign missions. No money is received, no missionaries are sent out; the work is "educational, and inspirational, not administrative," and the effect is to arouse laymen to work through their own churches.

Women are not admitted. Such men are interested as J. Pierpont Morgan, former Mayor George B. McClellan, and Everett P. Wheeler, of Harvard. The activities in greater New York, which range from Brooklyn to Manhattan, are part of a national campaign. During the winter and spring, seventy-five conventions in all will be held.

Spokane, Jan. 9.—Twenty-seven money bags filled with small coins, worth, in all more than $300, were stolen from the strong box at the car barn of the Traction Company the night of January 2. How the box was broken open and the coin taken without anyone being detected is a mystery for the barns were never deserted at night. The matter was reported to the police, but was kept a secret until yesterday.

JAPANESE MERCHANTS CAUGHT SMUGGLING

Business Men Return From America With Dutiable Goods—Articles Seized—No Arrests.

Victoria, Jan. 9.—Caught smuggling tobacco "and other luxuries" on landing from the Chiyo Maru at Yokohama, from San Francisco, some of the Japanese business men of Baron Shibusawa's party, had the articles seized. No prosecution will take place. A great reception was held at the pier, followed by a welcome at the Tokyo chamber of commerce.

Baron Shibusawa, in a speech, urged Japan to awake to meet America in peaceful struggle for trade on the Pacific, as President Taft had declared that America must make plans to meet the subsidization of Japanese shipping. He urged encouragement of trade with America before all else.

THE GERMAN MENACE.

Old country exchanges just to hand reveal the fact that the menace of Germany is coming to be regarded as a very real thing by the people of Great Britain. Various rumors and assertions, of a more or less serious character, are current, but the articles being contributed to the Daily Mail by Mr. Robert Blatchford, the well known Socialist writer, are of the most startling character. He regards the threatening aspect of Germany as being of the greatest seriousness, and bids the people of England look the danger in the face, and prepare for the day of attack, which he speaks of as imminent. He enters at some length into the aggressive policy of Germany in the past, and her lust for power, and declares that if the Teutons win in the great naval struggle and cripple British naval power, they would compel the cession to them of one of the British Colonies, just in the same way that they exacted Alsace and Lorraine from France after the disatrous conflict of 1870-1871.

Mr. Blatchford points out that it is vital to the ardent desire for expansion, which is so noticeable throughout Germany at the present time, that she should remove the check in which she is held by the supremacy of Britain on the sea. To effect the success of the pan-Germanic spirit there has come into being a numerous, potent and wealthy combination of interests under the title of the Navy Association, and it is this which is forcing the hands of the government in regard to the immense shipbuilding program now being carried out, and the construction of monster airships destined for war purposes.

The German scare is not of course new, but Mr. Blatchford's sensational articles have served to awaken a deep-seated feeling of uneasiness throughout the "tight little island." It is somewhat strange that just before he commenced his crusade Lord Courtney was pleading eloquently in the Contemporary Review for the attainment of good relations with Germany by sacrificing, first the right to capture the enemy's merchantmen at sea, and secondly the naval supremacy of Great Britain. How a man of Lord Courtney's calibre can have brought himself to offer such a foolish and cowardly suggestion as the latter is beyond comprehension. No sensible Britisher is likely to acquiesce in so absurd a proposition. Besides, it is not peace that Germany seeks; rather the reverse. This is proved by Baron Stengel, in his contribution to the National Review, wherein he says plainly that Germany must do everything to prevent the attainment of the pacificist aim, and "must be prepared, not only outwardly through the possession of a strong army and a strong fleet, but also inwardly by a warlike disposition to enforce her power." He goes on to urge that the spirit of war should be persistently instilled into the mind and character of every German youth.

Only a few days ago Mr. Balfour told one of the large audiences which he has been addressing, that some influential Germans had stated that Germany would not allow England to adopt tariff reform. Such a menace sounds ridiculous in British ears no doubt, yet it has about it a ring of seriousness that compels thought and attention. Neither Mr. Balfour nor Mr. Blatchford can be regarded as idle scaremongers, and therefore these warnings must be worthy some consideration, not only by the people of Great Britain, but by those who populate her overseas dominions.

Apropos of this possible struggle between Great Britain and Germany the following inspiriting verses by John Erskine, in the Century Magazine, are of particular interest:

She's quaking sore with fright they say,
Her day of strength's gone by;
O, English blood that warms my heart
Tell them back they lie.

For every British man at home,
Abroad are twenty-seven;
But who shall count the English hearts
Under God's wide heaven?

Oh! Lonely looks the little isle,
But not to those who see;
There's half a world would fight for her
Who taught them to be free.

With reference to the recent attack upon ex-Alderman Adams by Alderman Bryson, with regard to the letting of the tender for the supplying of steel pipe for the new water main, and the latter's statement that the tender had been let at an increase over the original price submitted, it is due to Alderman Adams to say that as a result of an investigation it has transpired that this increase was caused by the Council determining to have thirteen-inch instead of twelve-inch pipe. But even at the increased price of the accepted tender this was below the next lowest tender by several hundred dollars.

FAILURES OFTEN MAKE FOR FUTURE SUCCESS

Rev. J. S. Henderson Gives Improved Version of "Nothing Succeeds Like Success"—Describes Upright Man.

Speaking on the words of Psalm 112, fourth verse, "Unto the upright there ariseth a light in the darkness" at St. Andrew's church yesterday evening, Rev. J. S. Henderson drew an interesting comparison of the condition of the upright man and that of his fellow creature steeped in sin and suffering. He pointed out that no adequate comparison could be made of the condition of the two types, as no good man could possibly understand how a bad man felt, neither could a hardened sinner be made to realize the joys to be gained by pure and upright living.

God had made man upright. That was his natural posture, but many had fallen away from their original condition and drifted into ways of sin, shame and suffering. The upright man did not cringe to the great of the earth, he stood four-square to every wind that blew and followed the truth, regardless of consequences. The upright man could not be bought, and he could not be bribed; rather he was gifted with a healthy obstinacy for doing right.

Many hard and harsh things had been said about the Puritan fathers, and, looking at the strict and severe moral code under which they lived from the standpoint of this broader age, it did sometimes seem as if they had gone to extreme lengths in their severity, but no one was prepared to deny that their code of living had not made the world a better place to live in, and there was no one but would acknowledge that these Puritans were strong men in every sense of the term. Then, the very severity of the teachings of these men made for strength; oftentimes the softer theology of today makes for weaklings. But true manliness was not all strength, rather it was strength tempered with gentleness.

The pastor took exception to the oft-quoted statement that "Nothing succeeds like success." Rather would he say nothing succeeded like failures, for it was out of the failures of the past that men learned to build better in the future, and out of the weaknesses and failures of bygone days came strength and success. Weakness made for strength and failure for conquest.

Trials often made furrows; furrows both in faces and hearts, but these furrows were needed there to assist in the growth of the love which man must bear to his fellow-man if he would love his Creator in very truth.

DENOUNCES TENDENCY TOWARDS PLEASURE

Baptist Pastor Denounces Dancing and Play-Witnessing as Acts of Evil.

Taking as his text, "Sitting at His feet, clothed and in his right mind," (Luke viii., 35), the Rev. A.F.Baker last night preached a strong sermon on conversion, in the Olivet Baptist church. He denounced the tendency of the age toward the life of pleasure and classified dancing and theatre-going as acts of evil. "A young man of my acquaintance once promised his mother in her dying moments that he would never go anywhere he could not take the Lord Jesus Christ with him. And I say if that young man kept his promise, he never went to a ballroom or made a practice of attending theatres.

"We call this place God's house, and it is customary to describe great cathedrals as the temples of God. But I think that if God is found anywhere on this side of the starry heavens, it is right within our own bodies. Our bodies are only the temples of God, and it is His spirit within us that keeps us from sin. Think of a man defiling God's temple with liquor or tobacco. It is not a sane thing to do. One who would do such a thing is like the man in my text, who was possessed of a devil. When they were cast out he was sane, but while they dwelt within him he was insane and naked, because he was lost to all sense of shame.

The speaker went on to say that if people read their Bible as they usually do, at the rate of a C.P.R. express train, thirty or forty miles an hour, they were apt to miss the fact that a sinner was naked in the sense that he had no sense of shame. He claimed that no man was a gentleman before he came to Christ, and that no woman was a perfect lady until she sought Him. It was not education, culture or clothes that made the gentleman or the lady, but the fact that they were Christians.

"I believe that the time has come for the churches in New Westminster to do something. We have been idle long enough in the presence of the vice that exists here.

This afternon at two o'clock the Local Council of Women will hold their annual meeting, in the new Odd Fellows' building. Between the hours of two and four the meeting will be confined entirely to business, including the election of officers. After four visitors will be admitted and addresses and reports will be read by the different officers of the society. The secretary has been notified that a delegation will be present from Vancouver and it is expected that one from Victoria will be here but no response to the invitation sent to the Capital City has yet been received. Mayor Lee, the city council, and all the clergymen in the city have also been invited. At six o'clock tea will be served, after which there will be a short musical program.

A Hindu complained to the police on Saturday morning that he had been robbed of $75. He is living near the Small & Bucklin mill and claims that the money was in a trunk in his room there. He says it disappeared while he was out looking for another room having been requested to vacate. So far no arrests have been made.

LACROSSE BUG IS BUSY IN VANCOUVER

Con Will Have a S-t-r-o-n-g Team Out for the Championship This Year.

Vancouver, Jan. 9.—The proposition to form a city lacrosse league composed of the Vancouver team and the Maple Leafs, who will be "left-overs" from the aggregation which will battle with New Westminster for the championship of British Columbia and the Minto cup this coming season, is arousing all kinds of talk amongst the senior lacrosse players of the city. There are about thirty players in the city who think they are of senior calibre and who will aspire for positions on either team and these are the men who are most interested in the plan. And down at the bottom of it all is the question of dollars and cents, each and every player figuring how he can make the most money.

The plan in view is to have the players on the Vancouver team either work on a salary basis or share in the "divvy" system the receipts of the provincial championship series with New Westminster or any other club which happens along this way. The players of the Maple Leafs would then take down the money received in the city series and divide it under the system used last season.

"Every player who was out last year will be given a chance to make good on the first team," says Con. Jones, president of the Vancouver Lacrosse Club, "and if any player fails to get on with the first team he will be given a place with the seconds. We are out to get a Minto cup team for Vancouver and we mean to get the best team possible. I think that one team in the league idea is the best for this purpose, but should the players decide to have two teams in the provincial series, why we will have two good teams. In any event there will be two teams in the city championship series.

An endeavor will be made to have the Montreal club play in Vancouver on Saturday, May 28, after the series with New Westminster for the Minto cup.

AVIATORS ENTHUSIASTIC.

Great Things Expected Because of Frenchman's Feat.

Paris, Jan. 9.—Hubert Latham's high flight of Friday, when he attained an altitude of approximately 3500 feet, or nearly three quarters of a mile, has aroused enthusiasm among aviators, who consider that it presages great things in 1910. Latham says that there was no reason why he should not have mounted still higher.

Bleriot declares that the aeroplane is destined to surpass the dirigible balloon as an engine of war.

Artillery officers agree that an aeroplane having a speed of 50 miles an hour and flying at the height reached by Latham would be invulnerable in war as no gun could be trained upon it.

Baron Destournelles de Constant today issued a public appeal for funds with which to erect a monument to the martyrs of aviation.

FOOTBALL

Celtics Lose.

The Shamrocks defeated the Celtics at Brockton Point, Vancouver, on Saturday by four goals to two.

In the second division the V.A.C. won from the B.C.E.R. by five goals to one.

Other results were as follows:

Coquitlam, 3; Albion Rovers, 0.
Y.M.C.A., 2; Cedar Cottage, 1.
Thistles, 5; Central Methodists, 3.

No Games in Greece This Year.

New York, Jan. 9.—There is a strong probability that the Olympic games scheduled to be held in Athens this year, will not take place, according to a statement by Everett C. Brown, president of the A.A.U. The political upheaval in Greece, says Mr. Brown, has set back the plans for the international meet.

As yet no definite notice of postponement has been received from Athens.

Lipton Calls Hunt Off.

London, Jan. 9.—Sir Thomas Lipton and Sir Thomas Dewar, the whisky magnate, who were about to start on a big game expedition in Central Africa, have decided to defer it till next year. Neither is a candidate for parliament, but they are both engaged in business which may be affected by the issue of the general election. The call of the wild seems to be infecting everybody since Colonel Roosevelt started on his African trip.

POSTCARD PROTEST STILL UNSETTLED

Rovers Believe They Can Play Official Games Without Official Referees—Have Precedent.

None of the local football sports seem to be greatly worried about the action of the Referees' association in refusing to supply referees for games in which the Rovers participate. So far the club has received no official notice of the resolution and is delaying action until it does. The general opinion seems to be that if a referee is agreed upon by the teams playing, the game will be official. In fact, at the New Year's game between the Shamrocks and the Rovers the Referees' association refused to send a man here, and the man who officiated did not belong to the association. On that day the referees all preferred to go up to Mission and have a game between themselves to coming over to New Westminster.

In reference to the so-called protest against Williscroft, a postcard was sent to the president of the First Division league, to the effect that he would not be satisfactory to New Westminster in the game scheduled with Westham island last Saturday, but no mention was made of the New Year's game and no communication was sent to the Referees' association.

Ed Murchie, who sent the postcard which has caused the storm, has been doing practically all the official work for the team this season, and it is likely that the club will uphold him in his action. So far no one has mentioned apologizing.

Ad-Sprares Coming.

The Vancouver Ad Sprares will bowl against a strong local team on Wednesday evening on the Front street alleys.

Victoria Sport Results.

Victoria, Jan. 9.—Victoria defeated the James Bay Athletic association in an interclub Rugby match here yesterday by a score of 8 to 3. Three second division league soccer engagements took place, that between Victoria West and the Beacon Hills, both of which are running strong for the championship, attracting most attention. The Beacon Hills won after a magnificent exhibition, by one goal. The other results are: Fifth Regiment vs. Baraca, the former winning two to one, and Esquimalt vs. Empress, the former winning five to one.

INDIAN CRICKETERS TO VISIT ENGLAND

WINNIPEG PUCK CHASER GOES TO SHAMROCKS

Winnipeg, Jan. 9.—Grindy Forrester, one of Winnipeg's star hockey players, leaves for Montreal tomorrow. It is said he will appear on the lineup of the Shamrocks of that city.

Wanderers Beat Cobalt.

Montreal, Jan. 9.—The Wanderers defeated Cobalt last night in a record game of the National Hockey league by a score of ten goals to six. The score at half time was five to four in favor of the Wanderers. The game was brilliant hockey from the start to the finish.

Nationals Lose.

Montreal, Jan. 9.—The Canadian Hockey league match between the Nationals of Montreal, and Ottawa was played off in the Arena last night and won by Ottawa easily. The half time score was ten to one in favor of Ottawa. In the second half the Nationals played a better game and kept the score down to 5 to 2. The final score was, Ottawa fifteen, Nationals three.

PEDESTRIAN DRUNK ON COAST TO COAST WALK

Walla Walla, Jan. 9.—Norman R. Grantham, on a long tramp from New York city to Portland and return, left here this morning on his way to Pendleton, from which place he will continue his walk to the Pacific. Grantham says he is walking on a $5000 wager to win which he must make the trip from coast to coast twice in 365 days. He started from the East August 22.

He left New York broke and is making his way as he goes along. He weighed 165 pounds when he started, and when he reached this town his weight was 131.

"I have been drunk ever since I started," he said. "The walk's a cinch."

TO BUILD BIG DAM ON MISSISSIPPI

One Thousand Men to be Employed on Construction of Massive Structure.

Keokuk, Ia., Jan. 9.—It was announced today that a syndicate of New York and Boston capitalists has undertaken to finance the erection of the second largest dam in the world, to span the Mississippi river at this point. Contracts have been taken by three St. Louis concerns to furnish power from the dam to nearby cities and the work of building it is to begin immediately under the supervision of the war department. The estimated cost of the dam is $15,000,000.

One thousand men are to begin work on the structure of reinforced concrete 5800 feet long, which will harness the Mississippi. It is to be 37 feet high and will be built seven feet deep into the solid rock of the river bottom. The power plant to be erected on the Iowa side of the river, will generate 200,000 horsepower, and the dam will create a lake extending for 30 miles up the Mississippi river.

ROOSEVELT PARTY AFTER WHITE RHINOS

Butiaba, (on eastern shore of Lake Albert, Uganda protectorate), Jan. 9.—The Smithsonian African scientific expedition today reached Rhino camp, on the Congo side of the Bar-El-Jebel river, the basis for the hunt of the eagerly-sought white rhino.

The expedition as made up in the present hunt consists of Col. Roosevelt, his son Kermit, Mearns, Heller, Loring, Cunninghame and thirty porters and boys. They have 200 loads of supplies.

If their plans are carried out the members of the expedition will continue for some days in their present location, thence proceeding to Nimule.

REID'S HANDS CLEAN OF PARLIAMENTARY CONTEST

London, Jan. 9.—The efforts to drag Whitelaw Reid, United States ambassador to Great Britain, who is now on the high seas, en route to America, into the parliamentary contest has fallen flat. It is a mere tempest in a teapot. The Liberals thought to make another "Sackville case" out of it.

HOT CAMPAIGN IS NOW WAGING IN BOSTON

Boston, Jan. 9.—The greatest and most spectacular municipal campaign that Boston has known for many years will end on Tuesday.

Monster central rallies have been supplemented by similar rallies in stores, factories and every place where a hundred or so voters could be reached.

Four candidates are in the field, James J. Storrow, who resigned from the presidency of the Chamber of Commerce to enter the campaign, is a man of great wealth, and the standard-bearer of the so-called "uplift" forces.

Ex-Mayor John F. Fitzgerald has pleaded for re-election to free himself of the stigma which attached itself to his administration through exposure of graft among subordinates in the city hall.

PATRICK H. McCARTHY SPRINGS BIG SURPRISE

San Francisco, Jan. 9.—Arraigning the outgoing reform administration, which he charged with permitting gambling to be conducted with a free hand, Patrick H. McCarthy, Union Labor Mayor, assumed office yesterday with the somewhat vague statement that he believes in a liberal administration "within the law."

Some persons who have predicted that the "open town of the old days" would be revived under McCarthy's regime, were surprised at the incoming executive's attack upon the retiring mayor, Edward R. Taylor, on the ground that Taylor had not enforced the antigambling laws. Taylor assumed office during the upheaval after graft exposures.

LAWYERS STILL FIGHT BATTLE FOR ICE KING

Atlanta, Ga., Jan. 9.—That the battle for the freedom of Charles W. Morse, the convicted "Ice King," who is now serving time in the federal prison here, is continuing with unabated effort, was demonstrated yesterday when Hoke Smith, former governor of Georgia and one of the most prominent attorneys of the South, visited Morse. Smith remained several hours in conference with the prisoner.

Habeas corpus proceedings are expected to be begun in the federal court within a few days. Smith is thought to represent Morse.

Burnaby Politics Discussed at Meeting

(Continued from Page One.)

Ward 2, was unavoidably absent on account of sickness.

A hearty vote of thanks to the outgoing council was moved by B. G. Walker, who is a candidate for the office of reeve, seconded by C. H. Allen, and carried unanimously. Chairman T. W. Mayne, of the School trustees, was then called upon to give his report for the past year. He gave a detailed account of the progress made by each of the five schools, stating that the pupils ranked highest in the province at the recent examinations. He thanked the council for the able and friendly manner in which business relating to the schools had been received by them.

P. B. Brown, a recently elected trustee, alluded to a remark made by Councillor Hill in which he stated that for every mile of road made by the council, the property owners had promised to make two, and applying the same version to the schools, he remarked that all the schools needed now was more pupils, and for every one supplied by any of the residents, he would find two.

Trustee Ross, the chairman of the school finance committee, gave some interesting statistics for the year 1906, and comparing them with those of the year ending 1909.

A vote of thanks to the school committee, was proposed by C. F. Sprott and seconded by Councillor Macgregor.

The chairman then called upon candidates for the different offices to address the meeting, those for the office of reeve to speak first, B. G. Walker, who is the only opposition candidate for the office of reeve, gave a short address explaining his qualifications compared with those of the present reeve.

The new candidates for councillorships who spoke were T. D. Coldicutt (Ward 3), Colonel Ward (Ward 3), H. L. McKee, (Ward 4), J. Anderson (Ward 5), Mr. George and G. Rumble (Ward 6).

INVESTIGATOR JAILED FOR THEFT OF LETTER

Evidence Against the Sugar Trust Secured by Stealing Serious for T. P. Reilly.

New York, Jan. 9.—Thomas P. Reilly, a special investigator for the Interstate Commerce Commission, was arrested here late this afternoon and locked up in the Tombs, charged with the theft of a letter from George B. Wickersham, United States Attorney-General, to Henry A. Wise, United States District Attorney, from Mr. Wise's office, in the New York Federal building.

The letter subsequently appeared in the "Cosmopolitan Magazine," and it was known yesterday that the long search for the man who stole it had at last resulted in the return of an indictment by the federal grand jury. Mr. Wise could not say tonight whether other indictments would follow. The acts complained of are said to have been committed on July 1, 1909, when Mr. Wise was aboard.

In addition to the Wickersham letter there were also abstracted from files of the district attorney's office two letters from C. R. Heike, secretary of the American Sugar Refining Company to John E. Parsons, counsel for the company, and the minutes of the board of directors of the company for the meeting held at the house of the late Theodore Havermeyer in December, 1909.

News of the arrest caused a sensation in the Federal building, where Reilly was known as a protege of Henry L. Stimson, special counsel for the government in its prosecution of the sugar cases, and formerly United States district attorney. It was on information furnished by Reilly to Mr. Stimson that the government prosecuted with success the New York Central, Rock Island, Central Rock Island, Chicago, Milwaukee & St. Paul, Central Vermont, Western Transit Company, and other railroads and transit companies for giving rebates on sugar shipments. The railroads, on pleas of guilty, were all heavily fined.

CANNOT SEND LINCOLN FRIENDS "LIQUID JOY"

Lincoln, Nebr., Jan. 7.—The supreme court of Nebraska today upheld the Lincoln excise board's ruling forbidding the delivery of liquor in Lincoln by common carriers, except at their stated place of business.

A suburban drayman was arrested for delivering a case of beer in Lincoln, which is "dry." The city claimed he could not deliver the beer except at his firm's business place.

The decision confines express and freight shipments to the express offices and freight houses, the consignee to call in person for his goods.

The heavy fall of snow on Saturday made it possible for a few of the citizens to enjoy a cutter ride yesterday for the first time this winter. The sleighing was fairly good on Sunday morning but there was very little during the afternoon.

A poverty ball will be given in St. George's hall on Wednesday of next week under the auspices of the Nava-Jo club, when Mesdames A. W. Gray, J. W. Rogers, J. Bryson and D. A. Shiles will act as chaperons. Walgamutt's orchestra will be in attendance.

Call at The Royal Cafe for lunch, dinner or after theatre supper. **

The annual meeting of the Women's Auxiliary of St. Andrew's church will take place at the residence of Mrs. T. J. Trapp, Agnes street, on Tuesday afternoon.

For furniture, carpets, linoleums, etc., try the New Furniture Store. Denny & Galloway, 43 Sixth street. **

Nominations for the offices of reeve and councillors in the adjoining municipalities will take place today. The elections will be held on Saturday.

Mr. W. B. Hubbard has been appointed sole representative of the Pacific Radio Telephone company. Mr. Hubbard's office will be with Messrs. Hale Bros., 706 Columbia Street, where all applications for stock or literature may be made. Mr. Gus Eagle no longer represents the company. **

Considerable progress is being made on the new B.C.E.R. carshops on Twelfth street. The roof is all on and most of it has already been covered with sheet iron. It is expected that the shops will be ready for occupation some time next month.

Security—that is the factor in a safety deposit vault. Ours are absolutely perfect in this regard. You may go away and leave your valuable papers in these vaults with the feeling of perfect security. If Montreal decides to come after the cup in May they will go back empty-handed. New Westminster's players are usually in the best of condition about that time, while the easterners never start practice until about the first of May, and they will hardly be able to keep up the pace that the cupholders can set about the middle of May.—News-Advertiser.

Constable Gammon, of the provincial police, was at Port Moody all day Saturday and Sunday searching for the body of Thomas Corrigan, who was drowned there on Friday. Though the constable was assisted by several men in the search, their efforts were not successful and the body has not been recovered. Greater efforts will be made today but as the water is very deep whre he went down and the exact spot is unknown, it may be a day or two before he is found. Messrs. Wilson and Thompson, who were in the boat with Corrigan when the accident happened, are suffering no ill effects from their immersion in the cold waters of the inlet.

The death occurred yesterday at the Royal Columiban hosptial of Peter Daggett, in his fortieth year. The late Mr. Daggett has been living in South Westminster for some time. He is survived by a mother and sister living in Halifax, N.S. No arrangements have yet been made for the funeral.

Tonight the council of 1910 will hold its first regular meeting. The committee appointed to confer with the city solicitor as to whether or not the mayor has power to appoint the standing committees for the year will bring in a report. The decision on the point is being awaited with considerable interest by the citizens.
