ROL OF RATES VESTED IN PROVINCE

R. Bill Made Public At sterday's Session of the gislature.

Victoria, Feb. 28.—The railway legislation promised by the provincial government was introduced into the legislature today. It consisted of three bills, one an act ratifying the provisional agreement entered into between the government and MacKenzie and Mann, the second an act incorporating the Canadian Northern Railway company, and the third a bill ratifying the agreement between the government and the Kettle River Valley Railway company.

The memorandum of agreement with MacKenzie and Mann provided that in return for the guarantee by the government of the bonds of the company for the construction of the British Columbia lines to the extent of $35,000 a mile, including eighty miles on Vancouver Island, the railway pledges itself to complete these lines within four years, the lines to run from English Bluff, near Vancouver to connect with the Canadian Northern lines at the eastern boundary of the province and from Victoria to a point on Barclay Sound.

The railway company agrees never to seek dominion incorporation and retains the control of rates forever in the hands of the provincial government without appeal to the dominion railway commission.

A car ferry between the Mainland and Vancouver Island is provided for, and carshops are to be maintained in Victoria.

MacKenzie and Mann convenant to indemnify the province against any loss through their guarantee, and have deposited securities to the extent of $500,000 with the government as forfeit money.

The money realized from the sale of the bonds remains to the credit of the provincial government, to be paid out upon the different sections of the work being certified completed.

THER STEP TOWARDS PERMANENT PAVEMENTS

ncil Passes Resolution Advocating Construction on Local Improvement Plan.

The council is going ahead with its position to pave some of the streets on the local improvement plan. At yesterday's council meeting Mayor Lee remarked that he had been kept busy explaining the scheme to many people, but they had all agreed with him when they got the facts correct. He remarked that some people, maliciously or otherwise, was spreading the report that the residents of the streets would have to pay for the improvements in a single year, but such was not the case.

To bring the matter before the council in the proper manner Alderman Gray moved and Alderman Jardine seconded the following resolution: "That it is desirable to have permanent pavements on the following streets: Agnes street, between Cambie and Eighth street; Royal avenue, between Clinton Place and Eighth street; Queen's avenue, between First street and Eighth street; Second street, beween Royal avenue and Eighth avenue; Third street between Royal avenue and Sixth avenue; Fifth street between Third avenue and Sixth avenue; and that the same be done under the provisions of the Local Improvement Bylaw, 1909."

The resolution passed without discussion although Aldermen Jardine and Bryson wanted it left over for a week so that they could examine into the matter.

The passing of the resolution does not by any means build the street, and the ratepayers on the highways affected will have the final voice in saying whether or not the city shall proceed with the work on the Local Improvement plan.

COMES TO BE DECLARED TO GOVERNMENT TO-DAY

Washington, Feb. 28.—Tomorrow is the time set in which corporations are required to make returns to the government under the law imposing a tax of one per cent on their net incomes over $5,000, during the year 1909. Twenty-five million dollars is the estimate of the revenue to be derived as revenue this year, $15,000,000 of which the officials say will be in the treasury by June 30, unless the supreme court declares the law unconstitutional and upsets all calculations.

STREET RAILWAY TO BE SOLD AS AN ENTIRETY

Court Decree Throws Whole System On the Market—Purchaser Must Have $10,000,000 Cash.

New York, Feb. 28.—The United States circuit court of appeals modified and then affirmed today a decree of foreclosure granted by Judge Lacombe against the Metropolitan Street Railway company. The decree, as amended, says that the purchaser shall pay at least $10,000,000 in cash, and that the whole system is to be sold as an entirety.

In case there is no bid for $10,000,000 the decree provides for cutting the property into parcels and offering the parcels from the auction block.

BONDS SELL WELL.

Cuban Issue Fully Subscribed in Half an Hour.

London, Feb. 28.—The Cuban four and a half per cent gold bonds commanded a premium of one per cent today. The $5,500,000 issue was so largely over subscribed that the subscription books were closed a half hour after they were opened on Saturday.

STONY MOUNTAIN SENTENCE FOR THEIVING MAIL CLERK

Robbery of Registered Letter Containing $3,000 Earns Three-year Term for Winnipeg Man.

Winnipeg, Feb. 28.—This morning Chas. M. Campbell, a youth of about twenty-four years, was sentenced to three years in the penitentiary for the theft of a registered letter containing $3,000 from the Glenboro branch mail train September 29 last.

Campbell by virtue of his position as mail clerk of the train, was aware that valuable packages containing money were placed in the safe. These packages were not in his car on the day he effected the theft, but were on two express cars on the branch line train running to Glenboro, they being located ahead of the one he was in charge of.

During the luncheon hour at Glenboro, while the front car mail clerk and he were both at lunch, he made some excuse to leave the lunch counter and in the short space of time that he was away entered the mail car ahead of his own, abstracted the letter containing the money and returned to the counter.

Campbell was arrested at Moose Jaw and was brought here for trial.

NEW TRAM OFFICIAL.

W. H. Elson Appointed Trainmaster on Interurban Tram Systems.

Vancouver, Feb. 28.—The management of the British Columbia Electric Railway company this morning created a new office in connection with the operation of the interurban lines running out of Vancouver and appointed W. H. Elson as the first incumbent of the post.

The new office is that of trainmaster and the appointee will take general charge of all matters connected with the condition and operation of the rolling stock on the New Westminster, Lulu Island and North Arm interurban lines. His duties will be carried out under the superintendents of the various branches, who have hitherto been responsible for the work.

Mr. Elson, who assumes the new post, has been for the last 23 years connected with the C.P.R. as conductor and trainmaster, his field of operation being between Vancouver and Laggan. He has an excellent record as a capable railroad official.

TARIFF QUESTION.

American Commission Named to Look Into Canada's Standing.

Washington, Feb. 28.—The secretary of state has designated Henry C. Emery, chairman of the government tariff board, and Charles M. Pepper, of the bureau of trade relations of the state department, as a commission to determine whether or not the Dominion of Canada, under its treaties and laws, is entitled to the minimum tariff rates of the United States.

Emery and Pepper will proceed to Ottawa this week to confer with the Canadian officials on the subject.

BIG CUSTOMS INCREASE.

First Eleven Months of Fiscal Year Show Gain Over 1907.

Ottawa, Feb. 28.—The customs revenue of the Dominion for February increased $1,071,176 over the same month last year, the total for the month being $5,174,824. For the eleven months of the present fiscal year the revenue amounted to $54,081,937, or half a million dollars in excess of 1907, the banner year.

The total gain for the eleven months is $15,461,228. If the receipts continue this rate of gain it is expected that the figures for the year to March 31 will total $60,000,000.

PROTEST AGAINST SPENDING MORE MONEY

Tiff Follows Suggested Expenditure of $1600 Before Estimates Are In.

The meeting of the council last night became a little heated in an argument arising out of the reluctance of some of the members to spend some money on improvements to certain streets before the estimates for the year were brought in. Estimates for $165 for a sidewalk on Eleventh street between Fourth and Fifth avenues, $230 for the opening of Dublin street between Thirteenth and Fourteenth streets, $112 for clearing Tenth avenue, $180 for rough grading on Welland street, and $122 for a sidewalk on Quebec street passed without any undue comment, but when it came to an estimate of $1600 for the rough grading of Second street between Sixth and Eighth avenues, there was an uneasy stir in the council chamber.

Alderman Gilley moved that the recommendation be laid over until the estimates were all in. Alderman Gray was right there with an amendment that it be laid over for only a week and in the meantime that all the aldermen go up and see the property affected. The amendment lost by a vote of four to three and Alderman Gray asked that the clerk record the vote.

This is the result,—For the amendment, Gray, Jardine and Smith; against, Welsh, Bryson, Gilley and Johnston. The original motion carried by the same vote reversed. Alderman Gray remarked that it was the first time in the history of the council that the members had refused to go and have a look at a piece of work suggested by the board of works.

The aldermen who had voted against the amendment all protested that it was not their intention to refuse to look over the ground; they merely objected to passing any more large sums until they saw what the expenditures of the city in all departments was likely to be. To show that their intentions were good, Alderman Bryson subsequently moved that that council meet and go and see Second street where it was proposed to make the improvements. His motion carried unanimously.

The rest of the meeting was of a routine nature. Tenders for supplying sewer pipe were opened. There were four tenders all slightly complicated, and it was decided to leave them over for consideration by the board of works, the finance committee and the city engineer.

The finance committee reported that, with the city solicitor, the agreement made by the city with Messrs. Herman and Burwell, the engineers of the Coquitlam pipe line, had been gone into and the conclusion arrived at was that the city was not legally liable to pay the sum asked by the engineers. The committee was given further time to go into details and to consult with Herman and Burwell.

The fire committee announced that Fireman J. B. McTavish had resigned.

The city clerk read a long list of the agreements and contracts entered into between the city and different tramway companies ever since the beginning of the history of the city, and on the suggestion of Mayor Lee the council decided to hold a special meeting some time in the near future for the reading and discussion of these agreements so that the members of the council would have a better idea of the city's position in tramway matters.

The communications were few and short.

The Burnaby council wrote asking that a joint meeting be arranged between it and the city council to discuss the proposed diversion of the North road. March 7, at 3 p.m., was fixed as the time for the meeting.

George A. Stinson & Co., of Toronto, notified the city that the issue of $104,000 worth of debentures had arrived at Toronto and had been taken up by them as arranged.

Council adjourned at 10:30 p.m.

ASQUITH ANNOUNCES DRASTIC POLICY

Premier will Move to Take From Lords power of Veto On Finance Bills.

London, Feb. 28.—Financial business first and the question of the House of Lords second, was the program laid down by Premier Asquith in a statement made in the house of commons this afternoon, in moving that government business have precedence at every sitting up to March 24.

When parliament reassembles after the Easter recess, the premier said the government would present a resolution affirming the necessity of excluding the house of lords altogether from the domain of finance, and restricting its power to veto to other legislation. To secure this, the government, he added, would use all methods that seemed proper and adequate within the constitution, and upon its successful accomplishment the cabinet and Liberal party would stake not only the fortunes of the ministry but their very existence as a party.

The premier explained his program at some length and the intense interest with which those in the crowded chamber listened testified to the importance attached to the plans of the government. The exigencies of the financial situation were such, the premier declared, that the vote on the army and navy bills, covering the borrowings and other urgent demands, must occupy the whole time of the house of commons up to March 24, when adjournment would be taken to March 29.

Immediately when parliament was reassembled, he said the government would introduce resolutions excluding the house of lords altogether from the domain of finance and declaring that in other legislation the lords' power of veto should remain as at present.

The motion was adopted without a division.

ENJOYABLE EVENING.

Rev. Dr. Taylor Advises Students on Art of Elocution.

Last evening the students of the Royal City High School Literary society met in the assembly room of the Central school, where an enjoyable time was spent. S. Lane in opening the meeting, called on W. McAlister for an instrumental solo, which was heartily encored, as were all the selections of the evening. Then followed his inaugural speech, which was indicative of the enthusiasm of the members. Others who assisted in the evening's performance were Misses Violet Bennet, Gladys Whitely, Gertrude Diamond, Miss Florence Bryce, and Wilfrid McAlister.

The chief feature of the evening was a lengthy address by Rev. T Wardlaw Taylor, M.A., Ph.D., on "How to Debate." He referred to his seventeen years of high school and college life, and told how he had seen that often the debater did not have the opportunity of swaying his audience with oratory, but must have sound backing. He told of many interesting ways of debating. These will be more fully dealt with in the April issue of the Pharos, the High School paper. The students heartily thanked Mr. Taylor and Rev. R. Lnenie, who gave the closing speech of the evening. The students dispersed with high school yells.

Provides Heavy Penalty.

Guthrie, Okla., Feb. 28.—The senate today passed the house "White Slave" bill, which provides a penalty of twenty years imprisonment for any person found guilty of in any way engaging in the White Slave traffic.

Prohibition of Grain Export.

Pekin, Feb. 28.—China's prohibition of grain export has been extended so as to embrace practically all of Manchuria.

Filibusterers Alienate All American Sympathy

San Juan Del Sur, Nicaragua, Feb. 28.—It is reported here that fifty Americans from the canal zone have landed at Bluefields, the headquarters of the insurgents.

Two steamers which were sent to investigate the report that General Mena, of the insurgents, had captured Morrillo, on the east side of Lake Nicaragua, had not returned today.

Morrillo is a small port north of San Miguelito, and was garrisoned with fifty men under Colonel Romero. General Vasquez states that all is reported quiet, and that General Mena is evidently awaiting reinforcements before attacking him. Sebastian Calinais, Nicaraguan commander at Cornito, on Saturday called the attention of Rear Admiral Kimball to the report that a filibustering expedition against Nicaragua was being fitted out at Colon.

New York, Feb. 28.—Advices from Tegucigalpa, Spanish Honduras, under date of February 17 says: "Things are still in a chaotic condition here, and the only change in the situation is a distinctly anti-American sentiment. Alleged sympathy of the Americans with the Nicaraguan revolution has been responsible for this.

Absolutely no news of the progress of the revolution in Nicaragua is allowed to get out here.

Several concessions to Americans were presented to congress for ratification, but such a storm was raised about them that it looks as if they will go by the board.

Congress has been in session for a month and a half and practically nothing has been done, owing to a deadlock between the congressmen and the president.

YOUNG GIRLS RUINED IN MOVING PICTURE SHOWS

New York Judge Stigmatises Cheap Theatres as Low Dens of Infamy and Shame.

New York, Feb. 28.—A scorching arraignment of moving picture places as dens of iniquity, in which children may be lost to their parents for ever, was delivered by Judge O'Sullivan in the general sessions court today in sentencing Chas. Hohl for an assault on a fifteen year old girl. The offense was committed in a room in the rear of the moving picture theatre.

Judge O'Sullivan said: "There are no snares for the catching and bringing of young girls down to a level of infamy and shame, like the moving picture shows. It is time that the mothers and fathers in this city learned that these shows are dens of iniquity, where their children may be ruined. Unfortunately, the law cannot take the place of parents. At present no child under the age of 16 can enter one of these places unless accompanied by a parent or guardian. That age limit might be increased. The law to an extent protects young girls, but it cannot protect them from the human dogs and scoundrels who infest these moving picture shows."

STREET CAR STRIKE MAY BE SETTLED BY ARBITRATION

Business Men Begin to Take More Than Passive Interest in Deadlock—Fear General Walkout.

Philadelphia, Feb. 28.—There was more talk of arbitration heard in Philadelphia today than on any other day since the street car men went on strike. Believing that organized labor is earnest in its decision to back the trolleymen by causing a general walkout of nearly 100,000 men next Saturday, business men and others who last week appeared to be indifferent about conditions are more or less alarmed now. This is particularly true of many persons who are heavily interested in the stock of the Philadelphia Rapid Transit company.

After yesterday's riotous scenes, quiet reigned today. The traction company announced that there has been no falling off in the number of cars in operation but on the other hand it has been able to put more crews to work.

HERO REWARDED.

Conductor of Train Wrecked at Spanish River is Honored.

Montreal, Feb. 28.—Thomas Reynolds, the conductor of the train which was wrecked at Spanish river bridge on January 21, with the loss of over forty lives, was ordered to report at the Canadian Pacific headquarters today. On arrival he was taken before Sir Thomas Shaughnessy and by the president presented a handsome gold watch and chain and with a handsome gold watch and chain and a cheque for $500.

In making the presentation, Sir Thomas said it was company's recognition of Reynold's appreciation of the duty of a railway man which called for self-sacrifice and devotion, quite as much as that of the soldier. At the time of the wreck Reynolds, though himself quite severely wounded, went into the water and drew out passenger after passenger, only desisting and having his wounds dressed when all that was possible had been done.

WILL TRY TO FIND SUITABLE FOOTBALL GROUND

The Rovers have asked the city council for the use of Queen's Park for a game with the Celtics of Vancouver next Saturday. Chairman C. A. Welsh, of the Park's committee, has the matter under consederation, and will have a look at other grounds today to see if some other place cannot be found for the game. The exhibition grounds at present are in bad shape, and the members of the parks committee fear that if they allow any more games there at present, it will do serious injury to the turf. There is a place out at Sapperton which Mr. Welsh thinks may be suitable for the game, and he and a member of the Rovers will have a look at it today.

WEALTH OF WINNIPEG INCREASES YEAR BY YEAR

Winnipeg, Feb. 28.—The returns from the Winnipeg clearing house for the month ending today are $52,677,562. Last year the returns amounted to $41,211,683, which gives this year an increase of $11,465,879.

Miss Fader in City.

Miss Edna Fader, of Toronto, arrived in the city on Saturday to take up her residence with her parents, Mr. and Mrs. S. Fader, of Second street and Park Row.

AVALANCHE CAUSES BIG LOSS OF LIFE

Sixty Persons Killed in Terrible Snow Slide Disaster in Northern Idaho.

Spokane, Feb. 28.—Sixty lives have been lost, it is feared, in two great snow slides which have brought dismay to mining towns of the rich Coeur D'Alene district in Northern Idaho.

Last nights snow slide swept down the mountain, striking the little town of Mace and burying 25 houses and their sleeping occupants in a mass of snow and ice at the bottom of the canyon.

Today another slide rushed down on Burke crushing a score of houses under thousands of tons of earth and snow.

Fourteen bodies have been recovered from the ruins of Mace, while sixteen dead have been found at Burke. How many are still buried can only be guessed at.

Fifty or sixty dead is regarded as a conservative estimate.

From the foot of the Anchor mine plant, for about a mile, the slide is thirty feet deep.

One thousand rescuers are now at work.

Thirty five Italians sleeping in an outfit car on the Northern Pacific railroad siding, who were swept away with their car in the bottom of the canyon, used the tools in their car to dig themselves out.

Superintendent and Mrs. I. H. Pascoe, of the Standard mine, in which property a large majority of the male residents of Mace are employed, were asleep when their home was crushed like an egg shell. Mr. Pascoe, two sons and a daughter were killed. His wife was only slightly injured. Their bodies were recovered, as were those of Mrs. George Fernswed, Mrs. A. B. Leard, John Fennell, Mrs. E. Kettrell and two children, and Section Foreman Thomason, of the O.R. & N., who was buried under a car in ten feet of water.

CHINA'S EXPLANATION SATISFIES BRITAIN

Policy in Interior Administration of Tibet Will be Continued Along Estalished Lines.

Pekin, Feb. 28.—The Chinese government has replied to an inquiry by Great Britain setting forth her intentions in Tibet and the reply is regarded as satisfactory by the British foreign office. China declares that the interior administration of Tibet will not be changed.

The Chinese reply states that the government found the Chinese control in Tibet to be weakening, because of the machinations of the since-deposed Dalai Lama, and that a military expedition was sent into Lhassa, the capital, for the purpose of policing it.

China assures Great Britain that there will be no alteration in the interior administration of Tibet.

HAYES WINS MARATHON.

St. Yves Drops Out in Seventh Mile of San Francisco Race.

San Francisco, Feb. 28.—John Hayes, of New York, won the Marathon race held here yeserday over seven starters. His time was 2:44:55. "Con" Connolly of San Francisco, was second in 2:52:45. Fitzgerald, another local man, was third. St. Yves, who was the accredited favorite before the race, dropped out in the seventh mile. He said he was ill. Dorando did not start because of an attack of bronchitis.

LAND REGISTRY RETURNS AVERAGE OVER $200 A DAY

The land registry returns are $150 behind what they were last month, but that is accounted for by January having three more business days than February. The figures this month are $4868.18, as against $5012 last month, and $3143.72 for the corresponding month last year. The largest realty transaction of the year went through on February 1, when John Hendry transferred to the John Hendry Land company, property in Burnaby to the value of $650,000. From this the registry office received $692 in fees, a record for one day's takings and for any one transaction.

Business still continues to boom at the land registry office and unless the new building is ready for occupation soon, there is liable to be some confusion. All the files in the old office are full to overflowing and baskets and shelves are being used in place of the regular filing systems.

WESTERN CANADA POWER PRIVILEGES BY-LAW, 1910

A Bylaw to enable the Western Canada Power Company, Limited, to sell electric current within the corporate limits of New Westminster.

Whereas the Western Canada Power company, Limited, a body corporate, is desirous of entering into the City of New Westminster for the purpose of supplying electric power for industrial purposes and other purposes incidental thereto, and it is expedient that such permission be granted the said company upon the terms and conditions hereinafter set out:

Therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. In this Bylaw the word "Company" shall mean the Western Canada Power Company, Limited, its successors and assigns, the word "Corporation" shall mean the corporation of the City of New Westminster, and the word "Council" shall mean the Council of the said Corporation.

2. The said Company may construct, erect and maintain and there is hereby granted to the said company under and subject to the terms, conditions and covenants hereinafter set forth, permission to construct, erect and maintain its poles, and string or operate a line or lines of wire along the sides and across or under any public highway, street or bridge within the limits of the City of New Westminster, except that part of Columbia Street between Tenth Street and Leopold Place, and to do all things which may be necessary in the supplying of electrical current for industrial power and heating purposes during the term of fifty years from the date hereof.

3. This Bylaw shall not grant unto the Company the right or privilege of supplying power for or operating an electric lighting business within the corporate limits during the said period of fifty years, but any person firm or corporation who is a customer of the Company, and is using for purposes other than the production of light and heat, power supplied by the Company to the extent of at least thirty (30) horse power may use power supplied by the Company for the purpose of generating light for the lighting of the business premises of such person, firm or corporation upon which the power supplied by the Company for power purposes as aforesaid is used.

4. The Company may during the said period of fifty years use such poles upon the public streets as may from time to time be erected or owned by the Corporation for the purpose of carrying the Company's wire or wires under the terms and conditions, that is to say:

(a) The Corporation may without any charge, cost or liability, but subject to such reasonable and proper conditions as to position of wires and supervision of work as the Company may impose, use any pole or poles the property of the Company, and erected by it within the corporate limits for the purpose of carrying any wire or wires belonging to the said corporation for its own purposes only.

(b) Before placing any wire or wires upon any pole or poles belonging to the Corporation, the Company shall obtain the consent in writing of the Mayor, the Chairman of the Board of Works, and Chairman of the Light Committee of the said Council for the time being, and it shall be lawful for the said Mayor, Chairman of the Board of Works and Chairman of the Light Committee of the Council aforesaid in granting such consent to impose such reasonable and proper conditions as to position of wires and supervision of work as it may deem fit.

(c) The Company shall pay to the Corporation:

(1) In each and every calendar year up to and including the year 1915, for each and every pole erected, maintained or used by the Company other than poles belonging to the Corporation ten (10) cents per pole per annum, and for each and every pole belonging to the Corporation used by the Company for the carrying of any wire or wires, five (5) cents per pole per annum.

(2) In each and every calendar year from the year 1916 to the year 1925, both inclusive, for each and every pole erected, maintained, kept or used by the Company, other than poles belonging to the Corporation, twenty-five (25) cents per pole per annum and for each and every pole belonging to the Corporation, used by the Company for the carrying of any wire or wires twelve and one-half (12½) cents per pole per annum.

(3) In each and every calendar year from and including the year 1926, to the end of the full term of fifty years, as herein provided for, each and every pole erected, maintained, kept or used by the Company other than poles belonging to the Corporation, fifty (50) cents per pole per annum, and for each and every pole belonging to the Corporation used by the Company for the carrying of any wire or wires twenty-five (25) cents per pole per annum; and the above payments shall be made by the Company during the month of December in each year upon the poles actually erected, kept, maintained or used by the Company on the first day of October in such year.

5. The permission hereby granted by the Corporation to the Company to construct, erect and maintain poles and conduits, and string and operate wires and cables along the sides and across or under any public highway or bridge within the limits of the

LAST WEEK OF OUR GREAT FEBRUARY FURNITURE SALE

HUNDREDS of people from New Westminster and district have availed themselves of the opportunity afforded them of getting house furnishings at greatly reduced prices during our sale. It would astonish you to see the quantity of goods bought during our sale being stored for delivery in March and April. It is difficult to put on paper all the bargains offered, but it is sufficient to say that our sale lasts till the end of the month. Below are a few of our attractions.

Feather Pillows

Guaranteed all pure feather, covered in neat art tick, worth $3.00. Special, per pair, **$1.75**

Babies' Cribs

Both sides let down, all steel frame spring, brass vases, mattress to fit. Outfit complete, **$8.75**

Couches

Upholstered in red or green tapestry, 28 inches wide, 6 feet long, fitted with good strong springs. Four only, each **$3.75**

Bed Lounges

Upholstered in tapestry, back let down and head folds over, making a bed four by six feet. It's a lounge by day and a bed by night. Very special, price, **$9.75**

Parlor Rugs

We are not going to mention any price here, it's too good a thing to give away, but we wish to put a flea in your ear. Come and see a manufacturer's stock at manufacturer's prices. 37 sold this month so far. Don't wait until the sale is over, we can put your selection aside with the rest.

Read Below

Heavy Linoleum, per square yard, 40c

Western Canada Power Privileges Bylaw, 1910

(Continued from Page Two).

Corporation shall be subject to the following conditions, viz:

(a) The line poles shall not be less than 35 feet in height above the surface of the ground, or eight inches in diameter at the top were the arm is affixed to the pole, and shall be clean, straight dressed and painted and set firmly in the ground to the satisfaction of the foreman of the Board of Works for the time being of the said Corporation.

(b) The said Company shall and will from time to time, and at all times during the erection of any poles, the laying or stringing of any wires and during repairs to and alterations of the same take due care and proper precaution for the safety and protection of foot and other passengers, and of horses and carriages passing along the streets, lanes, bridges or highways of the Corporation, on which the erection, laying, stringing construction alteration or repair is being performed, and will not unnecessarily interfere with or impede the public right of traveling on such public highways, streets, lanes and bridges, nor in any way obstruct the entrance to any door or gateway, or interfere with the free access to any building.

(c) The Company shall before beginning any work within the limits of the Corporation hereunder and from time to time, as and when the system may be altered or extended, file with the Corporation a plan showing the public highways, streets, bridges or other public places in which it proposes to erect poles, string wires or cables, lay conduits and the particular part thereof it proposes to occupy for each such purpose, preference being given as far as possible to the use of lanes, side streets or alleys, and shall at the same time present and file with the Corporation specifications of the electrical conductors, wires, poles and conduits proposed to be erected or laid by it, specifying the materials and dimensions thereof, the height of the wires, the depth of the conduits, the methods of insulation and the devices to be used for the protection of life and property, and the said poles, wires, cables or conduits shall be erected, strung or laid as the case may be, in such places only as shall be agreed upon by the Corporation and not otherwise;

(d) That the poles, wires and conduits hereafter to be erected in pursuance of such privileges shall not be used by the Company for any purpose other than for the purposes hereinbefore mentioned and the Company shall not permit or allow any

TUESDAY, MARCH 1, 1910.

AN EMPIRE FESTIVAL.

As a means of advancing the interests of the overseas dominions and as an influence towards the furtherance of the spirit of Imperial unity, the Festival of Empire, which is to be celebrated at the Crystal Palace, London, during the coming summer ought to prove most valuable. The festival will extend over eight weeks and will enable the people of the Mother country as well as the numerous visitors from all parts of the globe who will be assembled in the great metropolis at this season, to realize the extent, magnificence, wealth and opportunities which Greater Britain affords. It will be a kind of living realization of the potentialities and varied resources of the overseas dominions.

Extensive preparations are being made for the occasion. For instance the historic old town mansion in Piccadilly, which was for so many years the home of the late Baroness Burdett Coutts, has been placed at the disposal of the committee by Mr. Burdett-Coutts, to serve as a central reception home or club house for the twelve hundred overseas delegates who have been invited to take part in the festival. Then too a magnificent grandstand has been designed by Sir Aston Webb, R. A., on the lines of the ancient Greek amphitheatre from which the splendid pageant, "Heart of the Empire," will be witnessed. This pageant is to form a wonderful representation of the glorious history of England, from early Saxon times to the present day, and no fewer than fifteen thousand persons will take part in the performance. The final scene "The Empire" is to be on a magnificent scale, and will be symbolical of the children gathered around the mother country. An historical costume ball in the great hall of the Palace will be another of the leading features of the festival.

A good deal of interest attaches to the exhibition of Colonial art, which forms a leading item of the program. This may perhaps be the means of revealing to the world the existence of some clever painters, sculptors and other workers in the fine arts. Necessarily art has occupied a secondary place in the lives of the pioneers overseas, but there are not wanting signs that the beneficent influence of the fine arts is beginning to make some headway, in the Dominion of Canada at least.

Anything that will assist in the fostering of the artistic spirit, or of extending its sweetening influence among a people in whom the bane of selfishness and habits of a mercenary character are too often apparent, by reason of the conditions of life which have hitherto prevailed, is surely to be welcomed. The arts exercise an ennobling influence upon humanity. They broaden the sympathies and expand the human understanding, teaching men to appreciate the beautiful in all forms of nature and all departments of physical life. A better understanding of the arts and their place in the life of a people will tend to produce a finer taste, and will thereby encourage individual expression and the exercise of original skill in all handicrafts. This in turn will tend to a real and useful advancement in the home industries of Canada.

Altogether much that will be to the lasting advantage, both of the overseas dominions and of the mother country, promises to be the outcome of the Festival of Empire, and we accordingly wish it every success.

DISTRICT COUNCIL

BURNABY.

An adjourned meeting of the council was held in the Municipal hall on February 23, at 2 p. m. Present, His Worship Reeve Bryne, and Councillors Stride, Coldicutt, McKee, Hill and Rumble.

The Burnaby Municipal School Board Bylaw 1910 was read a first and second time and polling day was fixed for Saturday, March 12 at the following polling stations: Municipal Hall, West Burnaby School, Duthie, and Mrs. Cobban's House, North Road.

The Burnaby Waterworks Bylaw 1910 was introduced and read a first and second time.

A grant of $50 was made towards the Anti-Tuberculosis society and Reeve Byrne appointed governor.

A resolution was passed that all rock piles be completed and straightened out by contractors and others in the employ of the council to the end of the month and measured by the engineer and that the question of the price of rock be taken up after this was done. The names of all road foremen and places where they were working, setting out the number of men under them and nature of the work engaged on were ordered to be posted up in the board of works room.

The plan committee reported that the following plans had been examined and dealt with as follows:

Block 23, D.L. 159, finally approved; Blocks 104, 105, 106, D.L. 92, tentatively approved; Blocks 1, 2, 3, D.L. 13, tentatively approved; Block 4, D. L. 158, tentatively approved; Blocks 21-25, 36-40 and 54-58, D.L. 86, tentatively approved; Blocks 2 and 3, D.L. 25, tentatively approved; portion of D.L. 155A, tentatively approved subject to North Arm road conforming with traverse as gazetted.

That all subdivision plans be in the hands of the engineer at least one week prior to the meeting of the committee in order to allow time for thorough examination.

On motion, it was resolved that the report of the plan committee be adopted.

The council then adjourned to Saturday, March 5 at 2 p.m.

Music and Drama

PAULINE JOHNSON.

The Victoria Colonist said of Miss E. Pauline Johnson. "She inherits from a long line of gifted Mohawk linguists and eloquent orators the dramatic powers she delights her audience with. She looks bewitching in the novel and elaborate costumes in which she appears. No wonder this Indian woman created a profound sensation in London, England, where she recently appeared and took all hearts by storm. She stands a unique figure upon the borderland between the worlds of ancient tradition and modern art, combining in a remarkable degree all that is romantic in the one, all that is poetic in the other. She is proud of her parentage, as well she may be, for there are few names which stand out more prominently in the history of Canada, and none which reflect greater honor upon the Indian race, than those of her immediate ancestors. With true artistic perception she has seized upon the most romantic aspects of Indian life, and embodied them in truly poetical and consequently lasting form."

Miss Johnson will appear and recite her own poems in Princess hall, Sapperton, tonight.

FUNERAL NOTICE.

NOTICE.

District of New Westminster.

Take notice that thirty days after date I, Lillian Elizabeth Cruickshank, of Matsqui, B. C., intend to apply for a license to prospect for coal and petroleum on the following described lands:

Commencing at a post marked L. E. Cruickshank's southwest corner, set on the section line between townships 13 and 16, about one mile south of where said section line intersects with the southern boundary of District Lot 46, group 2, New Westminster District, thence east one mile, ary of District Lot 64, group 2, New Westminster District, a distance of about 30 chains, thence west to the southwest corner of said District Lot 64, group 2, a distance of about 14 chains, thence north to the southern boundary of District Lot 403, group 2, a distance of about 31.50 chains, thence west to the southwest corner of District Lot 404, group 2, a distance of about 55 chains, thence north to the southeast corner of District Lot 46, group 2, a distance of about 19.50 chains, thence west to the section line between townships 13 and 16, a distance of about 10.45 chains, thence south to the point of commencement, a distance of about one mile, and containing 465 acres more or less.

LILLIAN ELIZABETH CRUICKSHANK, Per Alex. Cruickshank, Agent.

January 28, 1910.

NOTICE.

In the Matter of the Estate of Frederick Thrussell, late of the City of New Westminster, in the Province of British Columbia, deceased:

Notice is hereby given that all persons having any claims or demands against the late Frederick Thrussell, who died on or about the 30th day of November, 1909, at the City of New Westminster, in the Province of British Columbia aforesaid, are required to send by post prepaid, or deliver to the undersigned solicitors herein for Harriett Ann Thrussell, executrix of the last will of the said Frederick Thrussell, their names and addresses and full particulars in writing of their claims and statements of their accounts, verified by statutory declaration, and the nature of the securities (if any) held by them.

And take notice that, after the 28th day of February, 1910, the said Harriett Ann Thrussell will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which she shall then have had notice, and that the said Harriett Ann Thrussell will not be liable for the said assets or any part thereof

Dated this fifteenth (15th) day of January, 1910.

WADE, WHEALLER & McQUARRIE, Solicitors for the Above-Named Harriett Ann Thrussell.

Western Canada Power Privileges Bylaw, 1910

(Continued from Page Three.)

other person, persons or corporation other than the said Corporation of the City of New Westminster to use or in any way utilize the said poles, wires, conduits and other structures to be placed on said streets in pursuance of this agreement for any purposes whatsoever without the consent of the Corporation by resolution of the Council first having been obtained.

(e) The main transmission line of the Company when carried through the City of New Westminster shall be at a height not less than fifty feet above the ground and shall be carried along such location as may be approved by the Committees mentioned in Sec. 4, s. s. (b) hereof. The voltage to be carried on any wire forming part of the Distribution system, and not being the main transmission line, shall not be greater than 2500 volts, without the written consent of the said Committee.

(f) The Company shall provide all insulators, safety devices and lightning arresters necessary for the proper insulation of their lines so as to render them safe to the public, such insulation or protection to be under the inspection and subject to the approval of the Committee mentioned in Sub-section (b) of Section 4 hereof.

(g) Prior to the erection or repair of any poles by the Company which may render it necessary to dig into or in any manner interfere with any streets or lanes, or a portion thereof, the Company shall notify the Corporation of their intention to erect or repair as aforesaid and shall obtain the consent in writing of the Committee mentioned in sub-section (b) of section 4 hereof, and the Company shall without delay, not in any case to exceed 72 hours, remove all earth, sand, debris, dirt or other material and put the street or land in as equally a good state of repair and condition as it was before it was broken or dug or disturbed.

(h) The Company shall not cut down or mutilate any shade, fruit or ornamental trees.

(i) The Company shall, whenever required to do so by the Corporation, place their wires underground as may be directed by the Council, and subject to such conditions as may be then imposed by the Council, and remove the poles and wires erected and maintained hereunder, and in such event the Company shall have no claim for compensation, damage or otherwise, in respect of such requirement, but this clause shall not be put into operation unless and until all Companies, persons and Corporations other than the City of New Westminster conveying electrical energy for light, heat, power and other electrical purposes shall be compelled or agree also to place their wires underground.

(j) Whenever it shall be necessary in grading any street or land of said City, or in building any sidewalk or making any other improvements thereon, to move any pole or poles belonging to the Company, on or which any line or lines, wire or wires, belonging to the Company shall be stretched or fastened, the Company shall upon receiving 48 hours notice from the Corporation's Engineer, Contractor or other person having charge of such grading or other improvement, move such pole or poles; and if the Company upon such notice shall neglect or refuse to move any such pole or poles, then such pole or poles shall be moved by the Board of Works of the said Corporation at the expense of the Company, and the Corporation shall not be liable to the Company for any loss or inconvenience caused or occasioned by such removal.

6. The Company shall and will from time to time, and at all times indemnify and save harmless the Corporation from any injury arising from any casualty or accident to person or property by reason of any neglect or omission to keep the poles and wires of the Company in a safe condition, and from all valid claims against the Corporation for damages caused by said wires or poles, or by any works, alterations, repairs or improvements in connection with the work herein contemplated.

(7) The Privileges hereby granted to the Company shall absolutely cease and determine after the expiration of two years from the date hereof, unless prior to the expiration of such term of two years the Company shall have so completed their work as to be ready to commence delivering electrical energy and power within the City of New Westminster, B. C.

(8) That nothing in this By-law contained shall be deemed to confer or be construed as conferring any exclusive right or powers on or to the said Company.

(9) Stave Lake Privileges By-law, 1907 is hereby repealed.

(10) This By-law may be cited as the "Western Canada Power Privileges By-lay, 1910."

(11) Done and passed in Open Council the 21st day of February, A. D., 1910.

WRITS OF CAPIAS FOR MEAT PACKERS

Proceedings Against Big Cheaters of Public will now Take Their regular course.

New York, Feb. 28.—Capiases for the indicted meat packers and summonses for six indicted meat corporations were ordered by Prosecutor Garven of New Jersey, who will later hand them to Sheriff Kelly for execution. The sheriff will find out who of the indicted men are in his jurisdiction.

Mr. Garven said: "The indicted men know of the indictments, their lawyers have conferred about the indictments and proceedings will now take their regular course."

"Some time this week," continued Garven, "I will make application for the dissolution of the charters of the Corporation Trust company, and the corporations named in this prosecution, if they fail to produce the minutes of their annual meeting and other records as required by the subpeonas."

Counsel for James E. Bathgate, Jr., one of the directors in the meat combine, appeared before Judges Blair and Carr today and bail for $2,500 was furnished for his appearance in court when wanted.

CABINET MAKERS ARE ON STRIKE IN QUAKER CITY

Philadelphia, Feb. 28.—Two hundred cabinet makers employed in a west Philadelphia furniture factory quit work today. It was reported that they struck in sympathy with the carmen.

The firms refused to discuss the matter, and from the attitude it has taken it is believed the walkout was due more to private grievance than to the trolley strike.

POLICY LOANS ARE NOT SUBJECT TO LOCAL TAXATION

Washington, D.C., Feb. 28.—That so called "policy loans" or "premium lien note loans" of insurance companies are not lialbe to local taxation was decided today by the supreme court of the United States. The question came up in the case of the parish of Orleans and the city of New Orleans against the New York Life Insurance company.

New Indoor Tennis Champion.

New York, Feb. 28.—G. F. Touchard, formerly of California, won the national championship in indoor lawn tennis singles on the courts at the Seventh Regiment armory. He defeated the Yale captain, Holden, score 6-2, 6-1, 3-6, 6-8, 6-3. Touchard thereby becomes the successor to T. P. Pell as holder of the national honors upon covered courts.

Al. Kubiak Beaten.

Paris, Feb. 28.—Sam McVey, the American heavyweight, knocked out Al. Kubiak, of Michigan, in the tenth round of a scheduled 20-round fight at the Cirque de Paris on Saturday night.

WOLGAST TO APPEAR IN CALCIUM LIGHT

Kansas City, Feb. 28.—Ad Wolgast, lightweight champion, has accepted the offer of $1,000 a week for a ten weeks' vaudeville engagement made him by an agent in this city last week.

Crowd Cheers Veteran Ped.

Albuqure, N. M., Feb. 28.—Five thousand persons gave Edward Payson Weston a greeting when he arrived here today walking twenty-four miles from Gandia. Weston declared his belief that he would reach New York a week ahead of his schedule.

EMPLOYERS' LIABILITY

Why You Should Insure Against Lawsuits

WORKMEN can sue you without cost to themselves, and they have EVERYTHING to gain and small chance to lose by so doing.

PERSONS other than employees accidentally injured about the premises invariably sue for damages.

REGARDLESS of their own responsibility for the accident, or the existence of negligence on the part of others.

ON the slightest pretext employees may sue you, even for accidents caused by the negligence of a fellow-workman, and

THE suit may be brought against you long after the occurrence of the accident by which he was injured.

EMPLOYERS and business men can ill afford to assume the risk of this ever-increasing and uncertain liability.

CREDIT of otherwise responsible manufacturers and business firms is sometimes seriously impaired by such damage suits.

TO go to law means loss of time, money, endless annoyance and worry.

YOUR profits may be seriously curtailed as a result of accident unless you are insured.

ONLY insurance against such risks will enable you to fix and reduce your expenses to a minimum.

UNDER the protection of a Liability Policy in the Railway Passengers' Assurance Company you will save money and time and be relieved from all such annoyances.

NOTICE.

Notice is hereby given that the 'Pitt River Lumber Company, Limited," having applied to His Excellency, the Governor General in Council, for the approval of a certain site for the construction of certain booms and booming grounds in the Pitt River, in the District of New Westminster, Province of British Columbia, having deposited with the Honorable the Minister of Public Works at Ottawa, plans of said booms and booming grounds, together with a description of the site thereof, and have also deposited a duplicate of each in the office of the Registrar of Deeds for the said District of New Westminster, in which District said works are proposed to be constructed, in accordance with the requirements of Secion 7 of the "Navigable Waters Protection Act," Chapter 115, Revised Statutes of Canada, 1906.

Dated the 11th day of January, 1910.

WHITESIDE & EDMONDS,
Solicitors for the Pitt River Lumber Company, Limited.

Scotch Whisky

The Maturing Process.

Everyone knows that whisky, no matter how good, no matter how carefully distilled, must possess *age* in order to be palatable.

An unmatured whisky, even though distilled from the very best barley, is harsh to the taste—bites the tongue.

It is not, however, so generally known that in order to *properly* mature Scotch Whisky, it should be aged in Sherry wood.

Distilled in the Highlands of Scotland, from pure, malted barley, Watson's Whisky is stored for years in Sherry Casks—and the capacity of our warehouses is such that we never need to withdraw any for shipment until we are quite sure it is matured to that degree of "mellowness" for which our brand is famed.

Insist on Watson's

"THREE STAR"—A mild, thoroughly matured Scotch.
"NO. 10"—A full-bodied, richly flavored Scotch.
