URGES CONTROL OF MINERAL DEPOSITS

Imperial Government Expert Advises Canada to Exercise Control Over Nickel.

Ottawa, Jan. 19.—Before the commons committee of mines and minerals this morning, Arthur Wilson, who has been engaged by the Dominion government to inquire into the nickel resources, declares it to be the duty of the Dominion government to step in at the present moment and take over the control of its mineral deposits.

Canada, he said, possessed three-fifths of the store of nickel which is now controlled by the American nickel trust. Millions of tons of nickel, representing immense wealth, were lying undeveloped in Canada because it did not suit the trust to develop the properties. He regarded the taking over of the deposits by the government as a matter of imperial urgency. Such action on the part of Canada would give Great Britain a splendid advantage in the construction of warships.

POOL SMASHED.

Stock Drops Sixty Points and Two Houses Suspend.

New York Jan. 19.—There was an episode today on the stock exchange more spectacular in many respects than the Rock Island fiasco. With a break of more than sixty points, the so-called Columbus and Hocking Coal and Iron pool was smashed, two stock exchange houses were forced to suspend and the market generally underwent a severe decline, involving the heaviest trading since the day of E. H. Harriman's death. Total sales aggregate 1,634,500 shares.

PETITIONS TO BE PUT BEFORE PARLIAMENT

Deputations Arriving in Victoria From All Parts to Interview the Executive.

Victoria, Jan. 19.—With the approach of the opening of parliament deputations to wait on the government from all parts are beginning to arrive. There is in the city a deputation from Merritt, and another from Lillooet, Prince Rupert, Fernie, Nelson, Ymir, Fort George and other centres are being represented.

From Merritt a deputation composed of Messrs. Cleasby, Benett and McIntyre will ask for the establishment of government offices in their town. They are backed by the board of trade of their town and carry a long and influential petition from the district.

From Lillooet there are H. J. Keary and F. A. Brewer, who want the government to take up a project for the operation of steamboats from Lytton to Lillooet.

The Nelson and West Kootenay Farmers' institutes have passed resolutions urging the completion of a wagon road from Nelson to Slocan City, and the petition will be presented in due course. The same district asks the government to hasten the connecting up of existing roads in the Boundary district, and that construction of the North Fork line of the Kettle River Valley railway be commenced. They also want a more beneficial route between Merrett section and the Midway valley.

A deputation from the Matsqui-Sumas board of trade will wait on the government in connection with a remodeled Sumas dyking scheme, and the Fort George Conservative association and residents of that district will submit the following petition:

1. A request for a government agent for Fort George land district.
2. Request that appropriation be in lump sums to government agents for their respective land districts.
3. That the synopsis of the land act pertaining to purchase and pre-emption will be protected against a later staking, but a prior survey.
5. More fire wardens in the field on the Upper Fraser
6. Suggestions to make a big game preserve on Upper Fraser river.
7. That unreserved government lands surveyed at the instance of the government be not open for staking until sixty days after the field notes are filed, and that all odd sections be reserved from pre-emption.
8. An appropriation of $30,250 asked for for much-needed public works in the shape of roads, trails, government buildings, etc.
9. That four public schools be instituted in Nechaco and Fraser river valleys.
10. That the government be advised to notify the G. T. P. railway that it will assist the railway company in building their bridge at Fort George across the Fraser, providing it is made or built for general traffic purposes.

SCHOOL TROUBLE ACUTE IN FRANCE

Minister Doumergue Accuses Catholics of Partiality in Education of Children.

Paris, Jan. 19.—Minister of Public Instruction Doumergue replied today to violent attacks made by the Catholic deputies upon the character of the teaching in the public schools. As M. Doumergue outlined the policy of the government, his speech evoked round after round of applause from the Republicans.

He declared the war proclaimed by the purchase of the public schools was directed by enemies of the republic, insisting that the letters of the Episcopal constituted an attempt by threats to enforce the superiority of the church's authority over that of the government.

Incorrect History Books.

He charged that the Catholic complaints against the textbooks of history used in the public schools was solely because the history gave the facts impartially, contrasting with the histories used in the Catholic schools. He quoted from the latter to prove that they taught, not the history of the world events, but the history of the church and condemned everything inimical to the interests of the church.

The minister instanced a case where priests had refused the last sacrament to a farmer unless he would agree that his son should be placed in a Catholic school.

Campaign Failed.

Nevertheless, he asserted that the campaign, which the country understood to be purely political, had failed except in a few isolated districts. M. Doumergue announced that in addition to the measures already made known the government would introduce bills requiring diplomas from Catholic school teachers in conformity with the laws of hygiene, etc, that were applicable to the faculties of the public schools.

SEIZE BOATS.

United States Marshal Holds Gilchrist Transportation Co.'s Vessels.

Milwaukee, Jan. 19.—Following the appointment of the receiver in Cleveland for the Gilchrist Transportation company, United States Marshal Weil today siezed thirteen boats belonging to the company which are in Milwaukee harbor.

Twenty-five different writs of attachment were secured by creditors of the company against the vessels here.

Inheritance Tax in Spain.

Madrid, Jan. 19.—A royal decree has been issued creating an inheritance tax.

To Extend Algoma Central.

Sault Ste. Marie, Ont., Jan. 19.—General Manager Franse, of the Lake Superior corporation, stated today that in February it will call for tenders for the extension of the Algoma Central railway.

Shot While Playing With Gun.

Windsor, Ont., Jan. 19.—Clarence Baker, aged fifteen years, was accidentally shot in the abdomen at noon today while playing with a gun. His condition is serious.

Impersonators Fined.

Ottawa, Jan. 19.—Alfred Roberts, Joseph Couvillon and Mathias Couvillon, who pleaded guilty to impersonation in the recent municipal elections, were each fined $12 in the police court today. Alfred Rheum, charged with being the instigator, was acquitted.

SEEK GOVERNMENT AID FOR HORSE SHOW BUILDING

Premier McBride Promises to Give Matter His Consideration—Want Aid for New Hospital.

W. H. Keary and T. J. Trapp have returned from Victoria where they interviewed the government on matters connected with the provincial exhibition. The delegation asked for aid in erecting a new horse show building which could be used by the judges of livestock in rainy or cold weather. The premier promised to give the matter his consideration.

T. Gifford and Mr. Keary also interviewed the premier and the Hon. Dr. Young in reference to securing aid for the new Royal Columbian Hospital. In this matter also the ministers promised to give their favorable consideration. Thomas Gifford, M.L.A., who accompanied Messrs. Keary and Trapp, remained in Victoria for the session, which opens today.

Will Conserve Natural Resources.

Ottawa, Jan. 19.—At today's meeting of the Conservation commission Prof. Fern of Toronto university said Canada would imitate Germany in the matter of conserving the natural resources.

SCOTCH ARE STAUNCH LIBERALS, MIDLANDS GO CONSERVATIVE

Returns from Twenty-nine of Eighty-one Elections Yesterday Give Liberals 18, Unionists 8, Laborites 2, Nationalists 1—Conservatives Gain Six Seats, Liberals One— Bottomley Re-elected.

London, Jan. 19.—Of the elections for eigthy-one members of the new parliament held in Great Britain today the result of less than half was announced tonight, the others being widely scattered districts where it takes considerable time to collect the ballot boxes in London, where four boroughs polled, two remained true to the Liberals and one to Labor, while the fourth went over from the Liberal side to the Unionist.

Scotland True to Liberalism.

In Northern England the Liberals generally hold the seats won in 1906. This is also true of Scotland, but the midlands continue to go over to the party of tariff reform.

The following definite returns are available:

ENGLAND.

Birkenhead—Vivian (L) 8120, Bigland (U) 7976

Lancashire, Northeast Accrington—Baker (L) 8968, Jessell (U) 6455.

Nottingham East—Morrison (U) 5877, Cotton (L) 5725. Unionist gain.

Nottingham South—Bentinc (U) 6434, Richardson (Lab) 6050. Unionist gain.

Yorkshire West Riding, Elland Division—Trevelyan (L) 7468, Ramsden (U) 4886.

Nottingham West—Yoxall (L) 8955, Lygon (U) 6652.

Hackney (Central)—Spicer (L) 4429, Cassel (U) 3853.

Lancashire Southeast, Stratford—Nutall (L) 12,917, Samuel (U) 10,626.

Middlesex Hornsey —Ronaldshay (U) 12,014, Dummont (L) 8633.

Lancaster, S. E. Middleton—Adkins (L) 7669, Rose Innis (U) 6266.

Deptford—Bowerman (Lab) 6880, Coates (U) 6658.

Hackney South—Bottomley (L) 7299, Werthermer (U) 4304.

Hackney North—Greene (U) 5620, T. Hart Davies (L) 4773. Unionist gain.

Middlesex, Failing—Nield (U) 12,916, Hulber (L) 8220.

Yorkshire, West Riding, Otley Division—Duncan (L) 6911, Thompson (U) 5010.

SCOTLAND.

Glasgow, Bridgeton—Cleland (L) 5336, Lang (U) 3539.

College—Watt (L) 6525, Sir J. S. Maxwell (U) 5823.

Blackfriars—Barnes (Lab) 4496, Constable (U) 2795.

Greenock—Collins (L) 4233, Smith (U) 2622.

Hawick District—Barron (L) 3231, Graham (U) 2268.

Glasgow, Tradeston—Corbett (Ind. L) 2966, Main (U) 2773, Mason (L) 2673. Liberal gain.

Glasgow, Central—Scott Dixon (U) 6713, Murison (L) 6058. Unionist gain.

Glasgow, Camlechie—McKinder (U) 3227, Cross (L) 2703, Kessack (Lab) 2443. Unionist gain.

Glasgow, St. Rollox—Wood (L) 10,019, Chamberlain (U) 6821.

WALES.

Flint—Summers (L) 2150, Tilby (U) 1723.

Cardiff—Thomas (L) 13,207, Stuart (U) 11,652.

Carmarthan District—Williams (L) 6597, Tiverton (U) 1985.

Denbeigh District—Gore (U) 2438, Edwards (L) 2430. Unionist gain.

IRELAND.

Newry—Mooney (N) 1079, Cusack (U) 542.

The London seat which the government lost was Hackney North, where Raymond F. Green, the Unionist candidate defeated Hart Davis. C. W. Bowerman, Laborite, retains his seat in Deptford, and Sir A. Spicer, president of the London chamber of commerce, and Horatio Bottomley were re-elected for Central and South Hackney respectively.

Liberals Lose One in Glasgow.

The Liberals also lost one of the boroughs of Glasgow, that of Camlechie, where A. Gross, who was elected as a Unionist in 1906, but went over to the government side soon after he was returned, suffered defeat through the intervention of a Labor candidate. The Liberals and Laborites received together 5,148 votes as against 3,227 for the successful Unionist and H. J. McKinder.

The central division of Glasgow re-elected the Right Hon. C. Scott Dickson, Unionist. The Blackfriars division of Glasgow is again in the Labor column, G. N. Barnes winning with a majority. Glasgow Tradeston goes over to the Laborites, A. Cameron Corbett, who was elected as a Unionist in 1905, but left the party on account of its opposition to the licensing bill, being elected as a ministerialist. The other divisions of Glasgow, including St. Rollox, which was represented by T. McKinnon Wood, under secretary for foreign affairs, gave increasing majorities for the government.

Midlands for Tariff Reform.

Nottingham, like all the midland towns, shows a strong parliament for tariff reform, Sir H. H. Cotton, Liberal, and A. Richardson, Laborite, losing in the fight to represent the east and south divisions respectively, although they had substantial majorities in 1906. Sir J. H. Yoxhall, however, retained the west division seat for the government with a decreased majority.

The Liberals were defeated in the Denbigh boroughs by eight votes. The Yorkshire, Lancashire and Scottish divisions, from which returns have been received, continuing their allegiance to the Liberal party. Kildare returned two Nationalists unopposed, and Newry sent back a prominent young Nationalist in the person of J. J. Mooney, one of John A. Redmond's lieutenants, with a large majority over his Unionist opponent. Sir John Nicholson Barren, who was again elected to represent Hawick Boroughs for the Liberals, with almost double the vote for the opposition candidate, C. P. Trevelyan, parliamentary secretary of education is another of the prominent Laborites retaining their seats. He was successful in the Elland division of Yorkshire.

Lose in Three-cornered Fight.

The Liberals continue to lose through three-cornered fights, the Labor candidates invariably receiving just sufficient support to allow the Unionists to succeed. Already this has occurred in five constituencies and there are twenty-four more thus threatened. The Unionists faced the same difficulty in Canterbury, J. Henniker Heaton being opposed by an independent Conservative besides a Liberal.

Lloyd-George is Satisfied.

Speaking at Pellhell, Wales, today, Lloyd-George said the election results were all right and up to his expectations. There was, although he was not inclined to boast unduly, an indication of an ultimate majority equal to 1906, which was followed by a creditable government record against tyranny.

Today's Pollings.

Tomorrow's pollings are:

London—Westminster.

English Boroughs—Canterbury and Grantham.

England and Wales; Counties—Brecknockshire; Cheshire, Hyde. Derbyshire—Chesterfield; Devonshire—Totnes; Essex—Harwich, Saffron, Walden; Hampshire—Basingstoke, Herefordshore—Leominster; Huntingdonshire; Kent—Ashford; Lancashire—North Lancaster, Southeast Eccles and Westhoughton, Lancashire Southwest, Newton; Lincolnshire—South and Sleaford; Middlesex—Brentford; Somesethire—Bridgwater; Staffordshire—Leek; Surrey—Epsom; Yorkshire — North Whitby; Yorkshire West, Colne Valley, Hallamshire and Doncaster.

Scotland, Burghs; Ayr Burghs; Kirkcaldy Burghs and Montrose Burghs.

Scotland Counties, West Aberdeenshire, Berwickshire, Dumfrieshire. Pebles and Selkirk, and Perthshire West.

Ireland—City of Londonderry and South Tyrone.

London, Jan. 19.—Joseph Martin says that he thoroughly enjoyed his house-to-house canvass of St. Pancras and his constituents are fine, kindly, likable people, who may be poor, but keep their homes neat.

No Graft There.

There is no graft in politics in Great Britain, added Mr. Martin. No one takes a candidate by the throat, no big corporations rain campaign funds upon him with sinister motives. He had a hard struggle with the liquor trade, however. They put three questions to him, to all of which in a most defiant manner he replied: "I answer, No."

Tariff Reform Convert Elected.

The election of Storey in Sunderland sends to parliament a convert from free trade and a powerful champion of tariff reform, one of the few men in England who can understand as well as advocate protection.

The loss of the Newcastle seat was a disappointment but not a great surprise to the Unionists. It was won at a by-election in which a Liberal and Labor candidate split the hostile vote.

Returns Cheer Unionists.

Last night's returns, generally speaking, cheered the Unionists with the evidence that tariff reform was strong in Liverpool, and they welcomed the downfall of Sir E. Fraser and Silas Hocking, free trade candidates in Kidderminster and Coventry, two great industrial centres. They had hoped for two gains in Northampton, neither of which came off, but their severest disappointment was in the London boroughs, where the

HUGE DEFICIT AT VICTORIA FAIR

Capital City Exhibition Liabilities Amount to $20,000 – Ask Council for Help.

Victoria, Jan. 19.—The deficit for the fall fair of 1909 amounts to nearly twenty thousand dollars—to be exact, $19,373.44—according to the report of the auditor, J. L. Grimmason, which was submitted to the city council last evening by Mayor Morley. The finance committee will consider the statement, and the association will be asked to furnish the committee with all vouchers and minutes.

When the report was presented last evening it was accompanied by a letter from J. E. Smart, the secretary of the Agricultural association. Mr. Smart points out that at a meeting of the Agricultural association, held yesterday, he was instructed to request the council to consider assuming the liabilities shown in the statement, in view of the fact that within the last two years nearly $59,000 worth of buildings have been erected on the exhibition grounds and are now the property of the city. Of this amount the city has contributed $10,000 only and $10,000 which was secured from insurance on the old building which was burned. In this year's expenditure the whole cost of the women's building, amounting to nearly $8000, is to be regarded as merely a loan, as the ladies of the city have undertaken to raise sufficient money to meet the liability provided it shall be financed for them in the meantime.

The mayor remarked that he was afraid that the deficit would cripple the council in its street work. There was some peculiar items in the statement. One item provided for $3000 for salary of the secretary. This was more than received by any permanent official in the employ of the city, notwithstanding that there was only about three months' work attached to the office of secretary.

Alderman Langley moved that the report be referred to the finance committee, the association to be asked to furnish all the vouchers and minutes.

Alderman Mable thought the city should decide at an early date as to whether it was intended to go on with the fall fair, or whether the buildings and property should be disposed of. The city had tried for a number of years to run a fair successfully and had failed.

Aledrman Langley's motion carried.

FUNERAL OF ARCHER BAKER WAS LARGELY ATTENDED

London, Jan. 19.—The funeral of the late Archer Baker, European manager of the Canadian Pacific railway, who died here on January 11, took place at Eltham today. It was attended by many prominent Canadians and shipping and railway men, including President Sir Thomas Shaughnessy, and other representatives of the Canadian Pacific railway, as well as deputations from the steamship alliance, the Hamburg-American, Allan and White Star steamship companies, the Grand Trunk and Southern Pacific railroads, Bank of Montreal officials, J. Obed Smith, of the Canadian government, and B. M Clarke of the Ontario government offices. Baron Mount Stephen and Lord Strathcona, canadian high commissioner to Great Britain, also attended.

Over three hundred persons were present. The floral contributions were enormous. There were over 160 wreaths which had been sent by organizations and friends.

LIFE INSURANCE MEN SEEK CHANGES IN BILL

British Actuaries Wish to Send Representative to Ottawa to Discuss Important Measure.

Ottawa, Jan. 19.—When the senate subcommittee resumed consideration of the insurance bill this morning Mr. McDonald of the Life Officers association, informed the committee that British actuaries desired to be heard and would send a witness to Canada for that purpose. McDonald suggested a change in the clauses providing for a gain and loss exhibit which would, he said, be a benefit to the British companies. The Life Officers association, McDonald said, objected to the clauses forbidding a life company with impaired capital to amalgamate, forbidding extra commissions or bonuses to agents for obtaining business, to emoluments to directors without the authority of the shareholders, to the ten-year salary and to the agreement and limitation clause.

An addition was also asked to allow the renewal of commissions paid for ten years after it was due and to the investment clause. The addition asked is to enable the companies to invest in securities guaranteed by municipalities.

BUDGET DEBATE TO CLOSE TODAY

Sir Wilfred Laurier Wants Some Private Members' Days for Business.

Legislative Library

Ottawa, Jan. 19.—Sir Wilfrid Laurier gave notice today that next month all the Wednesdays not devoted to the business of private members would be swallowed up by the government.

Abolition of Party Patronage.

The somewhat unique spectacle was witnessed today of no private members being ready to go on with the resolutions on the order paper, although Mr. Foster declared he was ready to move his resolution regarding the abolition of party patronage in the government departments, but as Mr. Fielding had wished it to stand over he had acquiesced in the request.

Silver Ore Measure.

Mr. Gordon, of Nippissing, who has had for some time a public bill on the order paper regarding an amendment to the criminal code making it a crime to have silver ore which could not be accounted for in one's possession, secured the second reading of his measure and the bill will now go to the private bills committee.

The debate on the budget was continued by Mr. Wilson of North Essex. It is expected that the debate will be closed tomorrow by speeches from the rival leaders.

Fisheries Protection Cruiser.

Replying to Mr. Foster, Sir Wilfrid Laurier said that an order-in-council had been passed on November 22 last authorizing the purchase of a war vessel from the British admiralty for fisheries protection on the Pacific.

Replying to Mr. Foster Mr. Oliver said that there had been 3,930 certificates for South Africa veterans issued regarding land claims.

SIXTEEN ARCHITECTS OFFER TO SUBMIT PLANS

Call for Competitive Designs for New Hospital Answered from Many Places—Staff Changes.

Miss Barbara Stott has resigned from her position as head nurse in the Royal Columbian hospital and Miss Murray N. Fraser has been appointed in her place At the meeting of the board of directors of the hospital yesterday afternoon Miss Stott's resignation was accepted with regret. Miss Fraser is a graduate of the Vancouver General hospital, and has had wide experience in different parts of Canada. Miss Gertrude Sinclair, who graduated from the Royal Columbian hospital a short time ago, was given the position of surgical nurse.

At yesterday's meeting the secretary reported that he had advertised for competitive plans for the new hosptial, and so far sixteen architects have signified their intention of competing. The architects submitting plans are from widely separated points, some coming from Edmonton, Calgary, Hamilton, Seattle, Spokane, Vancouver, Victoria and New Westminster.

Mrs. A. H. Ferguson and J. J. Jones, who constituted the visiting committee last month, reported that they had made frequent trips to the hospital during the month and had found everything satisfactory with the exception that the buildings were badly overcrowded. They recommended that some steps be taken to relieve this condition. Mrs. Broad, James Cunningham and M. Sinclair were appointed on the visiting committee for the ensuing month.

The lady superintendent submitted the following report, showing that there are at present twenty more patients in the hospital than there were on the first of December:

"To the President and Board of Managers of the Royal Columbian Hospital—Ladies and Gentlemen: I beg to submit herewith statement of patients, Royal Columbian hospital, for the month of December, 1909:

"Number of patients in hospitals December 1, 63; discharged, 71; died, 3; admitted during December, 73; remaining December 31, 64; number of patients treated during December, 135; number of hospital days, 2037; number of maternity cases treated in cottage, 30; received from paying patients, $1425.90; number of patients in hospital today, January 19, 83.

"MARY MARTIN,
"Lady Supt."

Those present at the meeting were President James Cunningham (in the chair), Mrs. Pearce, Mrs. Broad, Mrs. Hill, Mrs. Ferguson, J. J. Jones, M. Sinclair, H. T. Kirk, James Johnston and W. H. Keary. Only two were absent—T. Gifford, who is at Victoria, and L. A. Lewis, who is ill.

MAYOR SUSPENDS GLACE BAY TOWN CLERK

Official Said to Have Shown Partiality in Making up Voters List.

Glace Bay, N. S., Jan. 19.—A sensation was created today when it became known that Town Clerk McNeil had been suspended from office by Mayor Douglas, owing, it is alleged, to some irregularities with the voters' lists Saturday, which was the last day on which taxes could be paid to qualify for a vote at the civic election.

The town hall was kept open until midnight Saturday night to receive the taxes and give all a chance to pay.

Partiality Alleged.

The charge against the town clerk is that on Saturday night he took the pool rate books home and during Sunday wrote out and dated some two hundred and fifty receipts for taxes, the names of whom had been chosen by friends of the candidate who is opposing Mayor Douglas for the next election. It is said that in returning to the office on Monday morning the clerk brought back with him the books and a large amount of money, the receipts for which had been issued the previous day. The mayor knew of the transaction, and told the clerk that he was under suspension, to which the clerk replied that he would not accept suspension.

Clerk Locked Out.

There were no further developments until last night, when at the request of the mayor new padlocks were put on the doors of the clerk's office, with the result that when he arrived there this morning he and his staff were locked out. Acting on the advice of Solicitor Carroll and other councillors the clerk broke the locks and resumed his work.

Mr. McNeil, the town clerk, claims that the money and a list of names had been handed into the office on Friday, but on account of the rush of business he was unable to finish entering all the names and issuing receipts, and the parties agreeing to return for their receipts he took the book home and made the entries. He protests that there were no irregularities whatever in the transaction.

New Cariboo Railway.

Ashcroft, Jan. 19.—Application will be made at the coming session of the legislature for an act to incorporate a company with powers to construct a railroad from Eagles lake (on the G. T. P. east of Fort George) up the Willow river to Barkerville. The projected line will open up a great area of magnificent timber country which also has some mineral possibilities. The Willow river lies in what is known to Cariboo miners as the "gold belt." Rich paydirt has been found on the upper reaches, but no extensive projecting has been carried on with the exception of one or two large claims which have been worked near Barkerville.

EARL GREY GIVES CHECK TO Y. M. C. A.

Revelstoke, Jan. 19.—The directors of the Y. M. C. A. are in receipt of a cheque from His Excelency Earl Grey, governor general of Canada, of $125, being half of a donation toward the train crew on his tour taking him through the west between Fort William and Revelstoke. The gift of $250 was originally intended to be divided up among the men, but as it was a difficult matter to get hold of them it was decided that the Y. M. C. A. at Kenora and Revelstoke should each receive half. The donation was made through William Whyte, second vice-president of the Canadian Pacific railway.

NOTICE.

In the Matter of the Estate of Frederick Thrussell, late of the City of New Westminster, in the Province of British Columbia, deceased:

Notice is hereby given that all persons having any claims or demands against the late Frederick Thrussell, who died on or about the 30th day of November, 1909, at the City of New Westminster, in the Province of British Columbia aforesaid, are required to send by post prepaid, or deliver to the undersigned solicitors herein for Harriett Ann Thrussell, executrix of the last will of the said Frederick Thrussell, their names and addresses and full particulars in writing of their claims and statements of their accounts, verified by statutory declaration, and the nature of the securities (if any) held by them.

And take notice that, after the 28th day of February, 1910, the said Harriett Ann Thrussell will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which she shall then have had notice, and that the said Harriett Ann Thrussell will not be liable for the said assets or any part thereof to any person of whose claim she shall not then have received notice.

Dated this fifteenth (15th) day of January, 1910.

WADE, WHEALLER & McQUARRIE,
Solicitors for the Above-Named Harriett Ann Thrussell.

Are You Paying Rent?

If so come and have a talk with **Wilson & Cook** and let us build you a home in any part of the city. In a short time your rent will have paid for your home. **Do you realize this?**

If you have money to invest **do not go to Vancouver** to invest it, for inside of 10 years New Westminster and Vancouver will be one city. **Why?**

Prices for small lots in Vancouver are exorbitant. Why pay them when large full sized lots can be procured in your own town at what are relatively cheap prices, and which in a short time will rise to the Vancouver standard.

We draw your attention to a few of the bargains we have to offer:

A double corner on 6th & Regina Streets, 2 full sized sized lots with five-room house,
$2,100, $500 cash

6 roomed house and 3 full sized lots on Harvey street, Sapperton, all cleared and planted in fruit,
$2'200

Five acre blocks just across the river in Surrey at **$150 per acre,** which will double in less than a year.

Suburban block 12, one block from car line,
4 Lots, $425 each

A business block, large enough for four good store buildings on one of the main streets **for $10,000.** This property in 5 years will be worth $50,000.

135 acres of water front close in, good deep water, **for $500 per acre.**

DISTRICT COUNCIL

Burnaby.

The first statutory meeting of the Burnaby council for the year 1910 was held at the Municipal hall on Monday, January 17, 1910 (being the third Monday in January.)

The clerk as returning officer presented the official return of the election and the reeve and councillors having taken and subscribed the oath of office.

His Worship Reeve Byrne took the chair and the following councillors were present: Duncan C. McGregor representing ward one; Eber Stride representing ward two; Thomas D. Coldicutt representing ward three; Hamilton J. McKee representing ward four; L. Claude Hill, representing ward five; John Rumble representing ward six.

The following committees were appointed, the first named being chairman in each case. Finance, Councillors Hill, McGregor and Coldicutt; board of works, Councillors Rumble and the whole council for wards one, four and six, Councillor Stride and the whole council for wards two, three and five; health, Councillors Coldicutt, McKee and Stride; police, Councillors McGregor, Hill and McKee; intermunicipal, Councillors McKee, Hill and Rumble; water, Councillors Stride and Hill.

The following were appointed on the licensing board. The reeve, Councillors McGregor and Rumble, Justices of the Peace C. F. Sprott and Charles Cliff.

The following were appointed as fence viewers: John Green, Peter Gray and Charles F. Sprott.

Hall janitor—Moved and seconded that the hall and grounds committee secure the services of a competent janitor and caretaker and that applications be called for the position to be in by 5 p.m. on Friday, February 21.

Resolved that the hall and grounds committee prepare plans and specifications for stable and order necessary material for same and instruct Mr. Hornby to complete same as soon as possible.

Resolved that the regular meetings of the council be held on the first and third Saturdays in the month, commencing February 5 at 1:30 p.m.

Resolved that the board of works committee meet on Thursday evening of each week.

Resolved that all accounts and wages to the end of the calendar month be paid on the tenth of the month following.

Resolved that Councillor Hill be authorised to sign all cheques in payment of accounts passed by the council as chairman of finance.

Councillor McGregor asked for leave of absence as he was intending to go to Europe on the twenty-second instant. It was moved by Councillor Rumble and seconded by Councillor Stride that leave of absence be granted Councillor McGregor and wishes for a pleasant and safe voyage be accorded him.

The council then adjourned to Saturday, January 22, at 1:30 p.m.

ARBITRATION TO SETTLE PETERSON LAKE SUIT

Toronto, Jan. 19.—The parties in the Peterson lake suit agreed this morning to have Judge Teetzel act as arbitrator, they to abide by his decision. Yesterday the judge suggested that the case should be settled before witnesses were called today. E. D. Steindler and J. A. Haco, of Montreal, had agreed to hand over 100,000 shares of stock and $53,000 to the company. The company demanded in settlement, besides the money, 250,000 shares of stock. Judge Teetzel is trying to adjust the differences.

AN EARLY PRESS.

The News of yesterday contained a report that the first printing press ever operated in the State of California was introduced in 1851 by Charles Calhoun, who established a printing shop at San Francisco. But it appears that this was not the first press introduced into the western States, one having been set up in the neighboring State of Oregon as early as 1839. By the courtesy of His Honor Judge Howay we are able to reproduce some interesting details with regard to this from an article on the "History of the Press in Oregon," by Mr. George M. Hines, which appeaerd in the Oregon Historical society's quarterly for December, 1902. "In 1836 the American Board Mission among the Indians in Oregon was established, so, as a means of encouragement and with a view to helping on the work of the mission as far as possible, the First Native church of Honolulu decided to send it the unused press. Accordingly an arrangement was made with Mr. Edwin C. Hall, who had been one of the printers of the Mission since 1835, to take it to Oregon. It was shipped with type, fixtures, paper and binding apparatus, all valued at $500, and arrived at Vancouver, on the Columbia river, about April 10, 1839. * * * On May 6th the press and its escort started for Lapwai, the press on pack animals in charge of Ermatinger; Hall and wife and (Rev. H. H.) Spalding and family in a canoe, and all arrived safely at their destination on the evening of the 13th. On the 16th the press was set up, and on May 18, 1839, the first proofsheet in the original Oregon territory was struck off. This was an occasion of great rejoicing. * * * On the 24th the first four hundred copies of a small book in the Nez Perce Indian language was printed." The press passed through various vicissitudes, and was last used in 1849 for printing the final number of the Oregon American and Evangelical Unionist. "Full thirty years ago Mr. Griffin placed the press in custody of the Oregon Pioneer Association, and now it is in the possession of the Oregon Historical Society."

From the same interesting article we learn that the first number of the first newspaper published on the Pacific coast (U. S.), called The Oregon Spectator, made its appearance on Thursday, February 5, 1846. The motto was "Westward the Star of Empire Takes Its Way." The printer was one John Fleming, who came to Oregon in the immigration of 1844. The Spectator comprised four small pages and was issued semi-monthly. The first editor was Col. W. G. T. Vault, a pioneer of 1845, then postmaster general of the Provisional government.

FLYING AS A PASTIME.

The science of aviation continues to make wonderful progress, and it would seem possible that in a year or two an aeroplane will be no greater novelty to the sight than is the automobile of today. In fact, it is more than likely that the latter will be supplanted by the air car as a means of locomotion at no very distant date. The sensation of traveling through the air at a high rate of speed is described as being most delihgtful, and as an aeroplane will probably not be more costly than an automobile many will be desirious of enjoying the experience.

Before, however, flying can become a popular pastime some certainty of immunity from fall and destruction will need to be devised. It is the unreliability of the gasoline motor that now prevents the frequent triumphs of the aviator resulting in more rapid progress being made in the art of flying. At the present time there is always the risk that the engine will fail and the aviator and his machine fall to the ground. Therefore until an absolutely reliable form of motor has been invented, and many are engaged in trying to attain this, aviation is not likely to be adopted with enthusiasm by the multitude.

Motnreal Divine Coming West.

Montreal, Jan. 19.—Rev. A. J. Doull, who has been rector of the Church of the Advent, Westmount, since May, 1901, is about to sever his connection with that charge, and has been appointed to the office of dean of the diocese of Columbia and rector of Christ cathedral, Victoria.

PREPARATIONS FOR OPENING OF HOUSE

Names of Staff That Will Officiate at the Legislature During the Coming Session.

Victoria, Jan. 19.—Everything is ready for the official ceremony of the opening of the legislature, which will take place at 2 o'clock on Thursday afternoon. The chamber presents an effective appearance, with the walls draped in crimson, a device which added greatly to its acoustic properties last session. Invitations to the floor of the house will be limited strictly to the official list. The galleries will be open to the public, without special invitation, from 2 o'clock so that the spectators may have gathered and confusion or crowding be avoided when His Honor Lieut.-Gov. Paterson arrives.

His honor will be attended by a brilliant staff, including all the officers of the permanent and militia corps and of the navy stationed here and a guard of honor, with the band, will be furnished by the Fifth regiment.

It is practically certain that Hon. D. M. Eberts, K. C., will again be chosen as speaker of the house. The sessional staff will be the same as last year. C. K. Courtenay will be law clerk and W. J. Sanders sergeant-at-arms. Mr. Sanders has selected the following staff: Deputy sergeant-at-arms, H. McClusky; doorkeepers and messengers, Messrs. Bothwell, Eccles, Lorimer, Davey and C. J. Donahue; pages, Masters Poudrier, Freeman, West, Rideout, Keefe, Cross, Sproule and Miller. James Robinson will once more be in charge of the restaurant as sessional caterer. Mrs. Andrews and Miss Gilbert will be stenographers for the government members and another will be appointed for the members on the opposition side.

BERNARD DALY'S SINGING SATISFIED THE AUDIENCE

Plot of "Sweet Innisfallen" Just So-So, but Vocal Efforts of the Star Were All Right.

"Sweet Innisfallen," the Irish romance, pleased a fair audience at the Opera House last night. Bernard Daly was, of course, the big attraction and his Irish songs drew repeated encores. The heroine, laboring under an illusion that she had shot a persistent lover, was well portrayed by Marguerite Hart, while Carrie Lamont as another Irish maid troubled with a deep affection for Larry O'Connell, Bernard Daly, pleased the audience with her pretty acting. N. A. Myles as Squire Carlton made an acceptable villain and the other parts were exceptionally well taken.

It could be seen that the plot was merely an excuse to allow Mr. Daly to sing his songs, but the singing justified the excuse, and the audience was well pleased with the whole performance.

Scotch Liberals, Midlands Conservative

(Continued from Page One.)

stubborn fighting qualities of Liberals and Socialists converted Bermondsey into a government gain, leaving Mr. Dumphreys to enjoy the unique experience of having been elected and defeated inside of three months without having had a chance to take his seat.

No Hope From Scotland

The Unionists have no hope that Scotland will show more than a change of three or four seats in their favor, and today's polling will show whether this modest expectation is to be fulfilled. Unionists estimate that the net gain of forty seats in three days' polling ensures their party one hundred seats more in the new parliament than it held in the old, or 268 out of 670 seats. Against this gain Mr Asquith can not possibly hold power with a majority independent of the Nationalists.

Budget Popular in the Counties.

The Liberals argue that the budget is more popular in the counties than in the boroughs. The figures from today's fighting will show whether Mr. Asquith goes back with a majority big enough to keep him in power for years or small enough to expose the government to constant danger at the hands of Laborites or Nationalists.

Unionists insist that all the boroughs have not been stampeded by the outcry against the lords, and that there is no ground for the Liberals to expect that the counties will do anything better.

Sang Smutty Song.

Revelstoke, Jan. 19.—As soon as we have thoroughly verified the information given us as to those prominent citizens, including a leading government official, who took part in singing the smutty song in front of ex-Mayor Lindmark's residence on McKenzie avenue on Thursday night we intend publishing the names and full particulars. If the magistrates and police of this city are going to stand for this kind of thing being carried on in the streets in a residential part of the city the Mail-Herald, at all events, won't, and will spare no effort to stop a repetition of it in Revelstoke.—Mail-Herald.

LOCAL OPTION PLEBISCITE CARRIED BY ONE VOTE

At a recount on the local option plebiscite in Victoria yesterday it was found that New Westminster had declared for the plebiscite by a majority of one over the required fifty per cent. of the votes cast. The information was contained in a telegram received last night by Mrs. James Cunningham. At the time of the election here a majority of four was announced.

Five Years For Brute.

Toronto, Jan. 19.—Bincenso Fioravante, an Italian, was today sentenced to five years in the penitentiary for committing an assaut on a three-year-old Italian girl in a house where he boarded.

Thirty Families Coming.

London, Jan. 19.—Thirty families sail for Canada on March 25 in connection with the ready-made homestead scheme of the Canadian Pacific railway.

A temperance wave seems to have struck town. There have been no cases of drunkenness in police court for two days.

SUNDAY BASEBALL CRY MADE BY OHIO SOLONS

General Assembly May Pass Law Legalizing National Sport on the Sabbath.

Cincinnati, O., Jan. 19.—Four big delegations to the Ohio general assembly have come out openly for Sunday baseball in this city and state, and it will support the bill to be introduced this week by Representative Gilligan, of Cincinnati, to make baseball a legal Sunday amusement.

The delegations which will support the measure are those from Cincinnati, Cleveland, Columbus and Toledo. All the members say it is wrong to have the matter left to the mayor of a city, and that the best thing to do is to change the civic code, putting it under the jurisdiction of the general assembly.

Basketball Fixtures.

Columbian college basketball team have arranged to play a game with the Bellingham team at the latter city on February 11, and on the 25th the Yankees will visit the New Westminster team for the return game.

Locals for Track Meet.

Columbian college have decided to send a relay team to compete against McGill in the indoor championship meet for the province, which is being held in Vancouver on February 2. It is probable that J. Hoult, the long-distance man of this city, will also take part in the meet.

BOWLING

Vancouver went down to New Westminster by a large majority in a bowling game held in the Terminal City last night. South bowled 613 and Purdy rolled up a score of 531. Only one of the Vancouver men, Ahrens, managed to get over the 500 mark and he only had one to spare.

The score:

New Westminster.

Bowlers for Hot Springs.

A team of bowlers will go to Harrison Hot Springs on Saturday to see what they can do to the Medicine Bath pin smashers. After the game the bowlers will probably take the waters to get into shape for the San Francisco tourney.

ADDITIONAL CITY NEWS.

Sergeant E. Smith, R.N.W.M.P., of Dawson, Y.T., and Sergeant A. Acland, R.N.W.M.P., of White Horse, brought a man to the provincial asylum on Tuesday night. The insane man was a prospector in the north who could not stand the fruitless search for gold. When Sergeant Smith left Dawson the thermometer registered 70 degrees below zero. They had to wait at White Horse six days for the Princess May, but had no trouble at all with their man, who behaved very well during the trip.

The Matsqui-Sumas board of trade is taking measures to have the Fraser dyked along the Sumas prairie. At a meeting held in Abbotsford on Saturday a resolution was passed urging the government to use its influence with the C. N. R. and the V. V. & E. railways to persuade them to construct their embankments so that they could be used for dykes. The resolution further asked that no change be made in the dyking act at present without thorough investigation. The Sumas-Matsqui board have forwarded a copy of the resolution to the New Westminster board asking its support in the stand they have taken. The local board will consider it at the meeting held tonight.

An interesting debate will be held here on Saturday evening between McGill and Columbian colleges. The affirmative side of the debate, "Resolved that Public Utilities Should be Nationalized," will be taken by the local men, E. D. Braden, J. Leroy Laidley and Robert Braden. The McGill team is composed of Messrs. McRee, Holland and Muttit. Judge Howay, F. C. Wade, K.C., of Vancouver, and Principal Brough, of the Seymour High School, have kindly consented to act as judges. The college men will tender the visitors a supper before the debate.

The Latest Report from the Fossil Oil Field.

READ:

Messrs. Bernet & Helm,
1006 Granville street,
Vancouver, B. C.

Dear Sirs,—We are down 770 feet, and have had considerable setbacks for the last few days. Last week we lost a whole string of tools for three days, but we got them out all right. Yesterday we lost a part of a bit in the well—It broke off while drilling—we are drilling it up today.

The showings still improve as we go down and it looks as if we would get the well any day. I never saw a case where the good showings were so far above the main body of oil before.

We have had sand rock in the last few days, and it is so hard that we have made not over one (1) inch per hour while working, but I like to see that on top of the oil. It is one of the best indications possible. For the last few days the whole floor of the derrick, where the water runs, has been covered with oil.

I only wish some of you folks would come down and see what we have. I believe it would be a wise thing for you to send somebody down to look it over and so be able to report to the shareholders, and open their eyes. I think we have the biggest proposition ever, and am satisfied we will strike it rich.

Yours truly,

(Signed) S. A. HUBBELL.

The Fossil Oil Co., Ltd. owns 500 acres of the choicest oil land in the world famous fossil oil field---a district known to yield as high as $10 per barrel on the field. According to reports oil may be obtained now any moment in large quantities, and your opportunity of getting shares at the present price of twenty-five cents will be then a matter of the past. These shares may advance to par or more, depending on the flow of oil we have.

Consider!

that in order to pay dividends and bring shares to par value, only a flow from 50 to 100 barrels is necessary and, to be very conservative, figuring on a basis of only a 100 barrel well (there are wells in that locality which are yielding all the way to 500 barrels per day) we would have a net income of at least $75,000 per year on **our wells alone.**

This would be 3,000 per cent. on your investment That is only on one well. We have room to place hundreds of wells on the property and the increase to shareholders would be tremendous.

A $100 invested in these shares now may mean an income of thousands per year. To be on the ground floor, to get the benefit of the advance which may take place now any day, you will have to act at once.

Shares:

Twenty-five cents per share.

All shares par value one dollar, fully paid and non-assessable.

Make your application today.

Pay cash, or quarter cash 1, 2 and 3 months.

BRITISH COLUMBIA APPLES IN CHINA

Report Upon Shipments—Other Produce Sent to Oriental Markets.

J. B. Jackson, Canadian trade commissioner at Shanghai, says:

A small shipment of British Columbia apples in boxes arrived on the 22nd of November and had a ready sale at good prices. The fruit was exceedingly good, but the grading might have been improved. A few boxes were spoiled, caused no doubt by the fact that the steamers had no cold storage accommodation.

There is a first class market for good apples in boxes at this time of the year, and it is hoped that the imports of apples next season may be much larger.

A shipment of very fine potatoes arrived here from Vancouver some weeks ago in excellent condition and nicely crated. These potatoes are very much better flavored than are the local ones and there should be a good demand amongst the foreign population.

The fish of commercial importance shipped from Canada to China consists chiefly of dried salt herring packed in boxes of about 350 to 425 pounds net per box. During 1908 most of the fish was shipped from British Columbia to Japan and a portion of this reshipped to China; but during the early months of 1909 there have been some direct shipments to Hongkong and Shanghai. The herring costs about $25 to $30 gold per ton of 2,240 pounds delivered, or slightly over 1 1-4 cents per pound.

The Chinese prefer a herring well cured, dried and salted, so as to lose none of its edible qualities with age. They only buy imported fish during the months of January ,February and March when their own fish are scarce. During the other months they have their own fresh fish, which is more to their taste and also cheaper.

The packing in general is fairly satisfactory, the chief objection being that the boxes are not strapped. The changeable conditions of moisture and dryness unavoidable in a shipment of herring, causes the boards to swell and warp away. This could be avoided by strapping the boxes.

In February, 1909, a transshipment of 2,000 cases from Japan arrived at Shanghai of which over 250 cases were badly broken.

The following figures show the principal importations of fish and fishery products into Shanghai for 1908, together with the places from which imported and the money received:

	Cwt.	Gold.
United States	188	$ 850
Hongkong	13,633	154,252
Canada	6,796	13,342
Singapore	4,087	49,841
