CIVIC ASSESSMENT REACHES BIG TOTAL

Increase of $2,000,000 Over Last Year is shown—Hoist in Salaries.

The assessment of the city has been given out as $7,445,000, which is about $2,000,000 more than it was last year. At the council meeting last night all the chairman did not have their estimates ready and it is difficult to say what the total amount will reach. Those brought in last night totalled $266,776.13, made up as follows:

Light	$ 52,815.00
Operation of Lulu Island bridge	5,000.00
Official and office charges	8,438.00
Finance committee	101,865.47
Schools (Ordinary expenditure)	53,762.66
Water	19,649.00
Health	5,585.00
Police	12,211.00
Parks	5,300.00
Library	2,150.00
Total	$266,776.13

Salary Increases.

The finance committee made provision in its estimates for substantial increases to the city hall staff. City Treasurer Latham gets a raise and Auditor Walker is another of the fortunate ones. Miss Fisher, the stenographer, is also slated for an increase. Arrangement has also been made for a raise in the wages of the firemen, and many of the other employees of the city will receive more this year than they did last.

In the police department no provision is made for increases to the policemen's wages.

The estimates that have yet to make their appearance are those of the Market and Fire committee, and the Board of Works, and the finance committee has yet to bring in an estimate on the extraordinary expenses required for schools.

These will all be in by next Monday night and then the estimates will be considered in full. The council will sit as a court of revision on April 18, when there is liable to be some slight changes in the assessment.

Other matters of more or less importance were discussed at the meeting. Mayor Lee reported that after December 1, 1910, the city would come under the Municipal clauses act and would abandon her charter. All the clauses asked for by the city relative to the borrowing power, etc., were incorporated in the act, but the time for the civic elections was changed from December to January.

Front Street Trackage.

A petition from McQuarrie and company, T. J. Trapp and company, Daniels and Loat, Anderson and Lusby, H. T. Kirk and Kelly, Douglas and company, asking for a track along Front street from the Schaake Machine Works to Begbie street was referred to the board of works for report. There was no discussion of the scheme but none of the aldermen seemed to be very enthusiastic when the petition was read.

F. C. Gamble, provincial government engineer, notified the city that that matter of the lighting of the Fraser river bridge was being looked into by the department. The question of improvements to the pleasure grounds at the end of the bridge was also under advisement.

The Westminster Gun club was granted permission to use the council chamber on Friday, March 18, when they will hold their annual meeting.

A bill of extras amounting to $716.42 in connection with the installation of rail locks on the Lulu Island bridge was presented by the International Contract company. The communication was referred to a committee consisting of Aldermen Jardine and Gray to take up with the B. C. E. R. The account was passed for payment.

A. E. Munn asked for permission to lease the small reserve on Fourth avenue, west of Fifteenth street Referred to finance committee for report.

Gilley Brothers, Limited, submitted two propositions to the council re some rock bunkers which are proposed to be built for the use of the city. The letter was referred to the board of works and the mayor.

Engineers Want More Money.

Accounts amounting to $7,391.22 were passed for payment. Herman and Burwell, the Vancouver engineers wrote to the effect that the city's offer of $3500 for their services on the Coquitlam pipe line was not acceptable. They did not think it reasonable and were willing to refer it to an engineer, acceptable to both parties. The city solicitor together with the special Herman and Burwell committee, will decide what action will be taken.

Council adjourned at 10:30 p. m. on the motion of Alderman Johnston.

WHISKY A PLENTY FOR THE NAVVIES

Smugglers Plying an Active Trade Along Transcontinental Railway Line.

Montreal, March 13.—Despite the vigorous attempts which have been made by the government to prevent the smuggling of liquor into La Tuque, whiskey still abounds around the head of navigation on the St. Maurice river, and in the country to the north.

This was the statement made by Mr. Hugh Grant, of La Tuque, who has a sub-contract for building a portion of the Transcontinental railway north-west of Le Tuque, and is now in the city.

"Do what they will," said Mr. Grant, "the government does not seem to be able to keep whiskey out of that country, and a good deal of drunkenness is the result. Mr. David Legualt, who was formerly chief of police in Montreal, is in charge of what are called the 'whiskey police' of La Tuque, and he has worked hard to stop smuggling. A number of men have been caught by him redhanded but their arrest does not seem to have had much effect, for whiskey is easily obtainable anywhere.

"The utmost cunning is used by the smugglers in getting in their supplies. A favorite method during navigation is to take in the whskey by canoe up the St. Maurice, and thence up the Rat river. In this way the whole of that region where men are living or working is reached. The whiskey is peddled fom camp to camp along the line of construction of the Transcontinental."

AUSTRALIA SETS NEW WORLD SHEEP RECORD

Sydney, March 13.—The dawn of prosperity greater than any Australia has experienced marked the year 1909. The commonwealth achieved a world's record in rearing 100,000,000 sheep, the wool clip from which was the heaviest ever produced in a season in any country.

The growth of the wheat crop showed increased agricultural activity. The yield was more than 100,000,000 bushels. In other directions also the year 1909 was the most prosperous the commonwealth has known. Almost every industry, rural and urban, made striking headway.

CITY WILL HAVE TO SPEND MORE MONEY FOR SCHOOLS

Provincial Government Informs the School Board that Grant Will Be Smaller in Future.

New Westminster will not hereafter be the recipient of so much provincial government grant for her schools. The school board has been notified that the Central school has been made a first class school which will have no particular effect on the education in this city farther than compeling the city to bear a larger proportion of the cost of it.

The regular meeting of the school board held last night was of the usual routine order, but the monotony was broken by the appearance on the scene of a deputation from the local council of women, composed of Mrs. Gilley and Mrs. Forrester, who asked the council to give special attention to the teaching of domestic science. The board promised consideration.

The chairman was authorized to make the preliminary arrangements towards disposing of the old west end school property

It was decided that the board pay a visit to the Sapperton school site and choose a location for the proposed building. The excursion will take place some time this week.

The grounds committee was instructed to secure some shade trees for the Lord Kelvin school.

CLAIMANT FOR $200 IS SATISFIED WITH SUM OF $21.50

The case of Tutyens vs. Bernard, which has been occupying the attention of the county court at several different times during the last three months, was finally disposed of yesterday. After hearing realms of evidence involving claims for supplying meals and claims for not supplying meals, and counter claims equally frivolous, Judge Howay suggested that the parties might come to some agreement. The parties took kindly to the suggestion and after a short adjournment the plaintiffs intimated that they were willing to accept a judgement for $21.50, and the same was given. The original amount of the claim was something over $200, and each party had a counter claim made up of insignificant items.

K. C. Brown appeared for the plaintiff, and A. C. Innes, of Vancouver, for the defendant.

BOTH SIDES PLEASED IN STREET CAR STRIKE

Transit Company has Almost Enough Employees, Although Strikers Are Firm.

Philadelphia, March 14.—The Rapid Transit company announced today that it had employed 235 men recruited in Buffalo. The company declares it now has 5000 conductors and motormen at work and only needs 1600 more to bring its service up to the standard.

Early reports state that there was no stampede to return to work were confirmed later in the day, and the strike leaders declared themselves as pleased with the conduct of the workmen on strike.

The number of working people of all classes idle because of the strike is still a matter of dispute.

The committee of ten of the general strike movement announced today that there would be no sudden withdrawal of union funds from financial institutions. The committees states that most of the money of union organizations is deposited in savings institutions which requires notice of withdrawal. The deposits, it was further stated, would be gradually withdrawn.

HUGE REDWOOD TREE FOR BRITISH NOBLE

Trunk Twelve Feet Thick, Shown at A. Y. P. Fair, to Go to England in Sections.

Seattle, March 13.—Stowed away in the hull of the British steamer Teucer, Capt. G. W. Parkinson, which will leave Seattle for Tacoma today, to finish loading cargo for Liverpool and the Orient, is a section of what, it is expected, will be the largest tree ever seen in England, and it will be set up on the country home of a member of England's titled nobility.

The section of tree trunk, which was part of the California exhibit, is a huge redwood, and was hewed out to form a small room. Its length was sixteen feet, its diameter twelve feet seven inches. Its purchaser was one of its most ardent admirers during the fair last summer, and surveying its great girth he exclaimed: "I must have that tree in England."

The sale was negotiated quietly, and the trunk sawed up first into slabs a foot in thickness, and then each slab was quartered for easy handling in shipment. The trunk was divided into sections, and each quarter numbered, so that in putting it together the pieces will fit in perfectly.

Some of the quarter sections weigh 800 pounds, and the entire trunk was billed at 9,000 pounds. Its destination is Pocklington, Yorkshire, via Liverpool and Hull. The vessel owners declined, according to custom to give the name of the consignee, further than to state that he is high in English nobility, and that the trunk is to be set up at his country residence.

On the way to its destination the tree will be taken through the China sea, Japan and up the coast of England. The Teucer will sail from Tacoma March 23.

ACTRESSES MADE SLAVES.

Thousands of Young Women Condemned by Employers.

Berlin, March 13.—For three hours after midnight the crowded audience in the Philharmonic hall listened with horror and compassion to accounts of slavery to which, it is alleged, thousands of young German women in the theatrical profession are condemned by their employers.

The occasion was the meeting of the parliament of actresses to discuss grievances and demand relief.

One of the causes of the complaint was the compulsory provision of costumes, the cost of which is far beyond the incomes of some of the actresses.

Speakers said it was not uncommon for actresses earning $20 to $60 a month to possess ten costumes.

Many work all night making their own clothes, being obliged to become seamstresses in order to make their own dresses.

AMERICAN ROAD SEEKING ENTRANCE INTO WINNIPEG

Winnipeg, March 14.—There is a well defined rumor in railway circles here that the Chicago, Milwaukee & St. Paul Railway company is seeking an entrance to Winnipeg.

The company has secured a right of way through North Dakota to Niche, on the boundary line, sixty-five miles from Winnipeg.

BIG RAILWAY STRIKE IS NOT LIKELY NOW

Wage Controversy Will Be Settled Without Recourse To Threatened Tie-up.

Chicago, March 14.—The probability of a great railroad strike was decided when a prominent railroad official, speaking for forty-seven railroads involved in the firemen's wage controversy, declared that there was no chance of a walkout.

W. B. Carter, president of the Brotherhood of Railroad Firemen and Enginemen, would not say that he would order the men to strike if an unfavorable reply to their last letter should be received.

Washington, D. C., March 14.—The threatened walkout of the 25,000 firemen and engineers of the railroads west of Chicago will not be called, it was believed in official quarters today, until after the federal authorities had been asked to mediate under the Erdman act.

REVERSING THE ORDER, NEGROES MOB WHITE

Memphis, Tenn., March 13.—Dan Blackwell, white, 19 years old, narrowly escaped violence at the hands of a crowd of infuriated negroes, who surrounded the building at Cummery avenue and North Main street, following an attack made by Blackwell on Eugenia Davis, an aged negress, when she found him robbing the chicken house early this morning. A dozen or more blacks chased Blackwell, who had three headless fowls in his shirt bosom, for a block.

Policemen made a hurry run from the central station and succeeded in rescuing Blackwell.

WRECKED IRON BARK BURNS ON A REEF

Victoria, March 14.—News has reached here of the wreck of the Norweigian iron bark Inspes, near Atua in the Solomons, where she was loading cobra. The vessel drove on a reef, and, while the crew wer attempting salvage operations, a lamp exploded and set the bark on fire. The chief officer and three natives were badly burnd. The inflamable cargo caused the fire to spread with rapidity and the vessel was totally destroyed. The crew were rescued by the island steamer Tofua and taken to Sydney.

HEIRESS ELOPED WITH A GYPSY MUSICIAN

Wandering Band Robbed Her Father's Castle and Callously Abandoned Her in Forest.

Vienna, March 14.—An extraordinary gypsy romance has taken place at Szent-Marton, on the Roumanian frontier.

Anastasia Bogul, daughter of a wealthy landowner, conceived a passion for Janos Vojtila, a violinist and the chief of a gypsy band, and an elopment was arranged. It was agreed that the gypsies should attack the landowner's castle and pretend to carry the girl away by force. Vojtila promised to take her to America, saying he would make a name there by his playing.

A night attack on the castle was duly made, but having secured the girl, the gypsies proceeded to plunder the castle while the girl and her lover fled in a caravan. The landowner and his servants armed themselves, killed two gypsies, wounded others, and finally forced them to retreat. Then, when order was restored the landowner first noticed that his daughter was missing.

After several days' search the girl was discovered in the depths of a forest. She had been abandoned by her lover, who had robbed her of everything. Some of her faithful servants succeeded in tracing Vojtila and beat him to death with clubs.

The heroine of this wild romance is now lying in a hopeless condition. Her death is expected every hour, as she is suffering from inflammation of the lungs as a result of her hardships in the forest.

DUTCHMEN ARE COMING TO TILL IRRIGATED LANDS

Winnipeg, March 14.—The advance guard of a party of five hundred natives of Holland who intend to settle on the irrigated lands in Alberta this year will arrive in the city on a special train tomorrow morning. They will locate on irrigation lands, as they believe conditions there will be somewhat similar to their native lands. All are experienced farmers.

UPHOLDS POSITION OF WINNIPEG RABBI

Troubles in Jewish Community Regarding Kosher Beef Satisfactorily Settled.

Winnipeg, March 13.—Rabbi Aaron M. Ashinsky, who has come to Winnipeg with the object of settling disputes among the Jewish citizens in respect to an alleged local beef trust, has succeeded in his mission, and returns south tomorrow.

In reply to inquiries, Rabbi Ashinsky said: "Regarding the confusion that has existed in the city in respect to the beef question, I wish to remove the imprssion that there is any trust, or that I was ever called in that connection. The question involved was not of a financial, but of an eccelesiastical nature. There was a section of the community that was not pleased with the supervision of preparing kosher beef as conducted by the local rabbi Kahanowitz, and they brought over from Europe a new schechter against the wishes of that rabbi. The latter thereupon directed the community not to use the beef of animals killed by the new schechter. I was called to determine which party was right, and whether the local rabbi had the right or jurisdiction to prohibit the new schechter from killing cattle for the Jewish community.

"After a careful investigation into the details of the dispute, I rendered my decision in the affirmative and fully upheld the action of the local rabbi, providing, however, that if the new schechter wants to abide by the rules and regulations of Rabbi Kahanowitz, the rabbi shall recognize him and accept him as one of the schechters of the community. There are altogether seven local schechters, and the new man whose name is Aaron J. Adelman is the eighth.

Organize Charities.

"While here during the last three weeks," Rabbi Ashinsky continued, "I have organized all the congregations, societies and charitable organizations of the city into one central body which will be known under the name of the 'Central Committee of the Winnipeg Jewish Community.'" There are thirteen Jewish societies including synagogues and other organizations in the city; each of these will send three delegates with credentials a representative to this committee and this will form the central organization. This organization has met twice already and has elected as its president A. Skuter, and as treasurer, H. Wiedman It was also decided that a certain fee should be paid by the butchers towards the treasury of the organization for the killing of each head of cattle so that the prices should be uniform. The price decided upon by the committee for each killing per head was 75c the price that rules in Montreal. There is no shadow of the possibility of any trust of the matter. The big butcher and the small pays the same price."

Rabbi Ashinsky was the guest of honor at a banquet given by the Jewish citizens at Queen's hall, Dufferin avenue, last evening at which nearly all the prominent Jewish citizens were present.

ARSENIC IS SPRINKLED ON MINISTER'S BISCUITS

Enough to Kill Four Dozen Persons Is Used—Police Search for Suspected Man.

Trenton, March 14.—According to the report made today by State Chemist Raymond B. Fitz Randolph, enough arsenic was sprinkled on some biscuits left on the doorstep of the residence of the Rev. A. J. Voeglin, of the Manhattan Park Presbyterian church, Irvington, a day or two ago, to cause the death of four dozen persons. The result of Dr. Fitz-Randolph's analysis showed that on each of the dozen biscuits was sufficient powdered arsenic to kill four persons.

Dr. Voeglin has the bread for his and his family's daily consumption left in a box on his front doorstep mornings. The other morning he took the box in himself and noticed that the biscuits were sprinkled with a white powder. Further investigation showed more of the powder on the steps. Dr. Voeglin became suspicious and turned the biscuits over to the state chemist for anaysis.

That an attempt to poison Dr. Voeglin was made there can be no doubt, and the police are now looking for a man whom they suspect. The man they seek has been heard to make threats against Dr. Voeglin.

Smuggler Ordered Deported.

Chicago, March 14.—United States Commissioner Foote today ordered the deportation of Bob Leong, of El Paso, Tex., convicted last summer before Judge Landis of smuggling Chinese into this country.

CITY WILL NOT HAVE REFUSE DESTRUCTOR

Committee Reports Unfavorably on Incinerator and Suggests Alternative.

The city has definitely abandoned the incinerator scheme. In a report from Alderman J. Carter Smith, chairman of the health committee last night, it was stated that owing to the difficulty of collecting garbage and the cost of an incinerator, the committee could not recommend the installation of one at the present time.

This conclusion was reached by the city engineer after inquiring into the operation of incinerators in thirty different Canadian and American cities. Calgary was about the only small city with an incinerator in operation and it cost $16,000 per year for a population of 25,000.

The report points out that the cost of collection in New Westminster would probably be greater than it is in Calgary.

In place of the incinerator, the committee suggested that a scow be purchased which could be loaded up with garbage and dumped in the gulf. This was Alderman Fader's suggestion when the matter came up last year.

The report further suggests that a fee of fifty cents per month could be charged each householder for the collection of garbage.

Most of the aldermen saw difficulties ahead of the scow proposition, the chief one being the trouble of finding a location for the wharf to which the scow would be moored.

The committee was asked to bring in a report on the cost and feasibility of the new proposition.

SUING WINNIPEG WONAN FOR BREACH OF PROMISE

Instead of Rejoicing, Frank C. Ellis, of Toronto, Enters Action for $2,000 Against Alice Boyce.

Toronto, March 13.—Although F. C. Ellis, of this city, expected to be married to Alice G. Boyce, of Winnipeg, in the month of June this year, he discovered that she had married another man last week in the western city. When he made this discovery he instituted a suit for $2,000 for alleged breach of promise. Miss Boyce formerly lived in Toronto, where the two became engaged, and she left some time ago to live in Winnipeg. Up till last month he received letters from her expressing affection and saying that she was looking forward to the wedding with every kind of happiness. This being the case, he went on with the preparations and spent considerable money. Then he got word that she was married. Ellis lives at No. 16 St. James avenue, and is a salesman for Gough Bros.' Yonge Street store.

A newspaper man went to St. James avenue this morning to pay him a visit. He wasn't in. The directory has it that Ellis is the occupant of the house, and so he may be a widower, and the little girl his daughter. He was seen at his store.

"Are you the unlucky man?" he was asked.

"What business is it of yours?" was the counter question. "I am certainly not going to say anything about it." he answered. "The question is one for the courts to settle, and that's all I am going to say."

"You don't seem to want any notoriety," he was told.

"No, I don't; that's a fact. I don't want anything in the papers about it at all."

Mr. Ellis is a man apparnetly about forty years of age.

Ellis has filed his statement of claim at Osgoode hall. It says that defendant is a spinster of about 37 years, that her home is in Ontario, but that she has been residing in Winnipeg for some time. Ellis adds that they became engaged in Toronto in October, 1909, to be married in Ontario in June, 1910. In February, 1910, defendant refused to carry out the terms of the agreement, and has married another man. Until defendant so married another man, plaintiff was always ready and willing to marry defendant. The plaintiff, in view of the intended marriage between himself and defendant at the date requested, incurred great expense in preparing for his intended marriage. In consequence of the conduct of the defendant, plaintiff lost his marriage and the benefit of the expense incurred, and was injured in health and feelings.

Protest Against Meat Advance.

Bellingham, March 13.—Angry protest was heard all over Bellingham today, following the announcement that all kinds of meats would advance an average of one cent a pound Wednesday.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy of the Minister of the Interior.

Mr. Keating was a young man who had a natural gift as a financial operator. Only twenty-six years old, he had carried through several deals in stocks. He had met Miss Ethel Lamb, who was quite willing to marry him. Not that he had asked her, for he had not; he wished to get himself in better financial shape before doing so.

"Mr. Keating," she said to him one evening, "I am so anxious to make a little money. I want it for a certain purpose. It's something I can't tell you about, for I have promised not to tell any one. You see, there are several of us interested in it, and I would not be justified in telling their secret."

"Certainly not. Some social move, I suppose?"

"No, it's not social."

"Oh, you are going in for some of these fads the rich women are taking up—woman voting, helping women operatives who strike or something of that kind."

"Nothing of the sort. I see you have got a wrong impression entirely, so I'll have to tell you."

And she did. They were going to endow a colored church.

"That's a laudable object, and I'd be very mean not to help you. Would a hundred dollars do?"

"We wish to make ten thousand. Now, it seems to me that if you would give us a—what do you call it?"

"A tip?"

"Yes; a tip when some stock you are going to make money in is going up, so that we can buy some of it. We can make all we want"—

"In one fell swoop."

"Yes, that's it. Without having to beg it in little lots, get up fairs and all that sort of thing."

"Very well. I'm thinking of a little scheme now. If it comes to anything I'll let you know."

Not long after that Mr. Keating called on Miss Lamb and asked if he could speak to her without being overheard. She shut all the doors, and he said to her in a low tone:

"If I give you a tip will you be sure not to tell any one?"

"Certainly."

"Well, buy Jimberjaw Lead. You'll make your $10,000. But if you should lose I'll stand your loss myself."

Miss Ethel Lamb thanked her informer, though she said it wouldn't be quite fair for him to stand any loss. Still, since there wouldn't be any loss there wouldn't be anything for him to stand.

The next day she went to a friend who was a stockbroker and told him that she had received a tip on Jimberjaw Lead and asked him to buy some of the stock for her. She had no money to put up for a margin, but he told her that if she would convince him that the tip was reliable he would buy some stock for her without any margin.

Miss Lamb remembered her promise, but, considering the cause she was working for warranted her breaking it, concluded to tell him provided he would promise solemnly not to tell a single person. He promised, and she told him that the tip had come from Mr. Keating.

He opened his eyes, but said nothing, and the next morning she received a notice of the purchase of 500 shares of Jimberjaw Lead. As soon as she had left the office the broker told his partners that Keating had tipped a lady he (the broker) happened to know Keating was attentive to that there was to be a movement in Jimberjaw Lead. This was done in the private office, where no one except the members of the firm could hear.

A number of customers doing business with the firm were quietly advised to buy a little of the stock without having been given the source from which the information about it came. But the clerks, seeing large orders for the shares going into the exchange, took fliers and confidentially told the clerks of other offices.

Very soon the price of Jimberjaw Lead began to rise, at first slowly, but in time rapidly. Then it began to jump. One morning Miss Lamb was informed by her broker that she had a profit of $6,000. Would she sell? She said she would like first to ask her tipper. She telephoned Keating for information, who told her to hold on and she would surely make her $10,000. This information she communicated to her brokers, and it radiated in many directions.

There were large sales of Jimberjaw Lead for a few days, the stock gaining and losing in price alternately; then it began to go down. Suddenly a large lot was dropped on the market, and Miss Lamb's profit was wiped out. From that time forward it sank slowly until she had lost some $3,000.

She sent for Mr. Keating.

"What shall I do?" she moaned. "I've lost money I can't pay."

"Didn't I tell you I would stand your loss?"

"Yes, but I don't like to have you do that. Besides, the church!"

"I'll take care of the church."

This somewhat reassured her.

"I am abundantly able to give $10,000 to your church project since I have sold out shares that have been on my hands for two years at a handsome profit. You enabled me to do so."

"I! How?"

"By confiding my secret to another."

"You wretch!"

"I forgive you on one condition—that you help me to spend the profits as my wife."

Young Folks

LINCOLN'S KIND HEART.

How the Great War President Befriended a Boy.

In 1840 R. R. Randall, who later in life became a prominent man in Nebraska, began learning the printing business in the Springfield (Ill.) Journal office. Arrived in town, he went directly to the office, taking his trunk, a very small affair, with him. The "log cabin" enthusiasm was at its height, and the day he arrived the Whigs of Chicago came in, bringing their luggage, and men and luggage "put up" at the Journal office. When their great convention adjourned the Chicago delegation departed, carrying with them by mistake the little trunk of the new apprentice boy.

When the youngster discovered his loss (it was his first misfortune), far from home and friends, lonesome and alone, he sat himself on the sidewalk and bewailed his lot.

A benevolent looking gentleman came along when his grief was at its height. Placing his hand on Dick's head, he said:

"What is the matter, my son?"

"Matter enough," said the boy. "I've lost my trunk."

"How did you lose it?" the kind hearted stranger again queried.

"I put it in the front office, and them Chicago fellows must a-took it."

"Well," continued the tall gentleman, "don't cry. I'll see if I can get it back for you."

Taking the name of the boy and a description of the trunk, the man departed. Within ten days the missing property was returned, and Dick Randall's heart was made happy.

The stranger was Abraham Lincoln.

Overtaking Grandpa.

These children, just on mischief bent,
Go sliding down the stairs
And catch—oh, what a sad event!—
Poor grandpa unawares.

Le Singe.

Le singe (the monkey) is a popular game among young girls who enjoy a hearty laugh upon one of the opposite sex. In fact, it is really a practical joke. The monkey is the boy selected to leave the room. When he is called back again perfect silence reigns among the whole company. Puzzled by this serious attitude, he naturally asks, "What is the matter?" They all repeat in chorus, "What is the matter?" The monkey probably will say, "I don't understand," which is chorused after him, and every remark he makes or question he asks is thus repeated until he sees the joke. Of course he accepts the guying good naturedly.

A Real Toy Telephone.

Obtain two empty cocoa tins, take the lids off and bore a hole through the bottom of each tin. Now take a piece of thick string long enough to reach across the room and put one end through each hole and knot it. If one holds one tin to the ear and some one whispers into the other tin from as far away as the string goes he can be heard quite clearly, like a real telephone.

Leatherback Turtle.

The largest turtle is the leatherback, which has been known to weigh 1,000 pounds. These sea creatures live to a great age. They cannot be kept alive in captivity, a fact that was proved some time ago, when one of them was received at the New York aquarium. This animal weighed 806 pounds and lived only twenty-two days, which was a record.

Old Man Rain.

Old Man Rain
At the window pane
Knocks and fumbles and raps again.
His long nailed fingers slip and strain.
Old Man Rain at the window pane
Knocks all night, but knocks in vain—
Old Man Rain.

Old Man Rain
With battered train
Reels and shambles along the lane.
His old gray whiskers drip and drain.
Old Man Rain, with battered train,
Reels and staggers like one insane—
Old Man Rain.

Old Man Rain
Is back again,
With old Miss Wind, at the window pane,
Dancing there with her tattered train.
Her old shawl flaps as she whirls again
In the wildman reel and is torn in twain—
Old Miss Wind and Old Man Rain.

—Reader.

Bag, Envelope and Box Board Co., Ltd.

HEAD OFFICE: 407 HASTINGS STREET, VANCOUVER, B. C.
LOCATION OF PLANT: SAPPERTON SIDING, NEAR WESTMINSTER.

ORGANIZED TO MANUFACTURE

Bags, Envelopes, Pulp Board, Box Board, Folding Box Boards, Building Paper, Roofing and Deadening Felts, Sheathing, Paper Boxes, Cartons, Oyster Pails and Specialties.

CAPITALISATION, $250,000.00

Divided into 225,000 Shares 8 per cent., Cumulative Preference Stock, One Dollar per Share, 25,000 Shares Ordinary Stock, One Dollar per Share.

WE NOW OFFER FOR SUBSCRIPTION THE FIRST ISSUE OF

100,000 of the 8 per cent. PREFERENCE SHARES

In Blocks of 100 Shares at One Dollar per Share

PAYMENTS.

Fifteen per cent on application, 15 per cent in thirty days, balance at the rate of 15 per cent per month until fully paid. Stock fully paid and non-assessable. No personal liability to shareholders.

SPECIAL NOTICE.

Immediately upon the sale of the first issue of 100,000 shares at one dollar per share the second issue, comprising 100,000 shares, will be offered for subscription at $1.10 per share. In ordering the stock each subscriber will kindly state if in the event the first issue is oversubscribed upon receipt of the application by the Company, he wishes the application returned or allowed on the second issue at $1.10 per share.

In offering the Preference shares of this Company for subscription we do so with a feeling that it will prove one of the best industrial stocks ever offered in Western Canada. It not only is certain to become a splendid dividend-payer, but inside of eighteen months it will be selling at a big premium.

The first issue of 100,000 shares is offered in blocks of 100 shares at $1.00 per share, and the second issue of 100,000 shares at $1.10 per share. The Preference stock is entitled to a fixed cumulative preferential dividend of 8 per cent per annum, payable before any dividend is paid on the Ordinary shares. After the payment of the above dividend an amount equal to 15 per cent of the remaining profits of the Company shall be distributed each year pro rata among the Preference shareholders of the Company, and 10 per cent of the balance of the profits shall be carried forward as a special reserve fund exclusively as a special security for the payment of preferential dividends on the Preference shares; when in any year the Company is unable to pay the regular Preferential dividends of 8 per cent said dividend shall be paid out of the special reserve fund: provided, however, that the remainder of the entire special reserve fund shall be distributed evey five years pro rata among the Preference stockholders of the Company.

After the payment in each year of the 8 per cent. preferential dividends and the distribution of 15 per cent of the net profits, and setting aside of a special reserve fund as aforesaid, the balance of the profit shall be paid to holders of the Ordinary stock.

1, AND WHEN COMPLETE THE PLANT WILL HAVE A WEEKLY CAPACITY OF 120,000 LBS. OF BAGS, ENVELOPES, BOXBOARD, BUILDING PAPER, ROOFING AND DEADENING FELTS SHEATHING, PAPER BOXES, ETC.

WE ARE REASONABLY CONFIDENT OF HAVING OUR MILL IN OPERATION BY DECEMBER

THE PROPERTY SECURED BY THE COMPANY AT SAPPERTON SIDING NEAR WESTMINSTER, HAS A RAILROAD FRONTAGE OF 1,140 FEET, AND IS SPLENDIDLY SITUATED, BOTH FOR CITY TRADE AND DOCKS FOR FOREIGN SHIPMENTS.

FRONT STREET TRACKAGE FACILITIES.

New Westminster has at this moment the chance of its life, to use the phrase of the street, to become an important distributing centre and industrial location. But the opportunity which is now presented must be seized without hesitation or delay and the necessary facilities provided for making this development possible. Already the move of wholesale houses on Front street has set in and there are half a dozen or so of influential warehouse firms anxious to locate in this street, but who are for the present holding back on account of the lack of trackage facilities, or to be more precise, accomodation for loading and unloading freight cars.

The wholesale houses and storage depots must, in most cases be ranged on the northern or city sites of Front street whilst the wharves will naturally be on the other side adjacent to the river. The later have already the desired trackage accomodation, but the warehouses will be separated from the nearest track, that of the B. C. Electric Railway company, by a distance of some thirty-three feet. But this not the only disadvantage. Whilst the Great Northern track, that nearest to the water, can be and is used for shunting, and loading and unloading purposes, neither that of the C. P. R. nor the B. C. E. R. can be similarly utilised, inasmuch as they both have to be kept clear for the passenger services Therefore, as arrangements now are all goods have to be hauled either from the C. P. R. or B. C. E. R. freight sheds, both situated at the far western end of the street. This means of course an amount of trouble, loss of time and expense that will form a serious hindrance to the proper conduct of business by the wholesale houses. It is because of this difficulty that several large firms are hesitating about opening here.

The difficulty has been considered and two schemes for overcoming it evolved. One of these is for the construction of short spur tracks from the B. C. E. R. line to the various warehouses and depots. For more than one reason however this scheme is impossible, and may therefore be put aside without further consideration. The other proposal, and, as it seems to us, the only feasible one, is to lay a track from one end of the street to the other immediately adjacent to the frontage of the warehouses, that is it would occupy the position at present taken up by the sidewalk. This would be a neutral track for the accomodation of the three railways jointly, and would be used only for shunting and stopping freight cars for the warehouses.

The only possible objection to this is the necessary etfacement of the sidewalk. But inasmuch as Front street is not a shopping thoroughfare and will quickly develope into one solely devoted to wharves and warehouses, the loss of this would cause no real inconvenience, and those having business in the street would simply make use of the roadway for walking upon. On the other hand this track would be of the greatest convenience, not only to the wholesale houses, likely to locate here—certain indeed to do so if this accomodation is provided—but to very many of the large stores which run back from Columbia street; whilst for loading and unloading cattle to and from the market, it would be most acceptable.

This shunting track would be laid in cement, the rails being flush with the surface, and the expense of construction would be borne by the property owners. We understand that the B. C. Electric Railway company are prepared to undertake the laying of the track, and it now only needs the consent of the City Council to secure its accomplishment. We trust the latter authority will promptly recognize the utility of and necessity for this scheme being carried into effect and thus make possible the development of Front street as a busy warehouse section and facilitate the advancement of the city as an important distributing centre.

VORACIOUS SEALS.

Notwithstanding the strong representations that have been made from time to time, in regard to the serious losses sustained by the Fraser river fishermen by the depredations of the hair seals, no action has yet been taken by the Dominion government. These voracious amphibia have again appeared in the river and are robbing the fishermen's nets to a disastrous extent. They congregate in schools among the nets and every time a catch is hauled in several of the fish are found to be mangled or half eaten.

If nothing is done to reduce these seals in number it will soon become useless for men to cast their nets for salmon in the lower reaches of the river. The government might effectively assist in getting rid of the troublesome creatures by offering a small bounty, say of two and a half dollars per head. These seals have no commercial value, but a small bounty such as we have suggested would be an incentive to their destruction.

GERMAN NAVY NO RIVAL OF BRITISH

Kaiser's Program Is Said to Be Independent and Well Established.

Berlin, March 13.—Now that the election in Great Britain is over and the German bogey is not necessary for the campaign purposes, it is found that the whole idea of the German navy outstripping that of Great Britain was preposterous, as was, in fact, repeatedly pointed out by naval experts here. A well-known German naval authority, in speaking of the situation, said recently:

"Germany is going ahead with her naval program regardless of Great Britain or any other power. German interests demand a powerful naval force, and we are getting it. That it will be equal in power to that of Great Britain is absurd.

"According to the German naval program, we will have in 1920 fifty-eight armored ships of the first class, that is, ships which would fight in the first line of battle. At her present rate of building, the United States will have fifty-four ships of the same class and France will have forty-five.

"Great Britain's first-class battleship and armored cruiser strength in 1920 will be 112 units, equal to the combined force of Germany and the United States. So you see Great Britain has no cause to be greatly alarmed."

Plans for the new German naval base at Brunsbuttel, at the western end of the Kaiser Wilhelm canal, are completed, and work is to be begun immediately. The cost will be about 30,000,000 marks. The work will require many years, and the new naval base will be the greatest on the North sea. It is intended to rank with Kiel.

There has just been published some striking official figures indicative of the acceleration in the construction of the German fleet. The number of workmen employed in the imperial dockyards has risen from 19,869 in 1902 to 23,908. The wages disbursed in these various establishments have increased from $5,750,000 in 1902 to $8,250,000.

The kaiser is said to have become convinced of the efficacy of the aeroplane as a war machine, and has ordered as many officers of the German army as possible to learn to fly. Orville Wright's German pupil, Capt. Engelhardt, will begin the systematic instruction of a number of German officers for this purpose.

NEW CINDERELLA.

Pretty Musical Piece is Immediate Success Everywhere.

Mort H. Singer's "A Stubborn Cinderella" comes to the opera house on Friday like the first breath of spring. Its breezy comedy, pretty girls, light and tuneful music spell success and it will be the best musical comedy to be presented on the local stage this season.

The play marks a higher level than any other of the former pieces written by Hough, Adams and Howard, whose slangy successes have all been real hits. In "A Stubborn Cinderella" they have chosen college boys, the unsophisticated daughter of a Scottish earl, and various patricians from the smart set to figure in the principal roles, and have constructed a modish work of infinite amusement.

The cast of "A Stubborn Cinderella" is headed by Homer B. Mason, who takes the part of Mac, portraying with great success the young American college youth. Mr. Mason was a well known vaudeville headliner previous to his entering the musical comedy field, and is a most versatile comedian. Miss Carolyn Lilja plays "Lady Leslie," her charming soprano voice being heard to advantage in several numbers. Among the members of the large company are: Bessie Merrill, Don MacMillan, George Romaine, Marguerite Keeler, O. H. Sampson, Frank Carter and Tessie McAdams. The same big production seen at the Princess theatre, Chicago, including the famous Princess theatre chorus, the handsomest in America, will be brought here in its entirety.

Seat sale is now on at Ryall's.

TWENTY-EIGHT BUSHELS TO ACRE AT FORT VERMILION

Robert Jones, Superintendent of Experimental Farm North of Edmonton, Brings Samples.

Edmonton, March 14.—A story of the surprising agricultural possibilities of the Peace River valley, 700 miles north of Edmonton, is told by Robert Jones, superintendent of the experimental farm at Fort Vermilion who is in Edmonton on a trip for supplies. And to prove what he says of the fertility of the north country from which he comes, he brings with him, as gifts to the Edmonton board of trade, samples of grains and vegetables grown on the five acre farm at the outpost of civilization that would do credit to any market garden or farm in the central or southern portion of the province. The farm of which Mr. Jones is [illegible] superintendent was established for the Dominion government three years ago by Fred S. Lawrence, F.R.G.S.

Mr. Jones took charge of it two years ago It lies in the river flats at Fort Vermilion, a plot of five acres, and for its area one of the most productive pieces of ground in all Canada. Half a dozen varieties of wheat were grown on it last year; Preston, Ladago, Red Fife, Bishop, Early Reager, all spring wheat. The Bishop thrived the best, growing twenty-eight bushels to the acre, while other varieties were only slightly under that mark. Garden vegetables; tomatoes ripened on the vine; potatoes, turnips, mangles, sugar beets and carrots grew in field crops. Radishes, lettuce, onions, celery, asparagus, parsnips and cauliflowers grew in this Peace River Eden. One of the cauliflowers weighed 11 1-2 lbs. avoirdupois.

Mr. Jones received the seed from Ottawa, it fell into good ground and sunshine and rain did the rest. Spring there as here came very late and seeding operations were not started until May 15. Th first light frost came on the twenty-fourth of August. In the heat of summer strawberries were grown so large and luscious that for size and flavor their superior could not be found even in the fruit growing state of Deleware.

Mr. Jones who has so ably demonstrated the fertility of the far north valley of the Peace is an Englishman. Coming from Liverpool to Canada he spent several years in the eastern provinces before going north to Fort Vermilion. He is married and has six children, the oldest a boy of eighteen.

James Lawrence, a brother of Sheridan Lawrence the Fort Vermilion farmer who has made himself independent of the Hpdson's Bay company and has stored in his granary several thousand bushels of wheat, came down to Edmonton last week with three teams, covering the distance of 700 miles in a single month. He is on a trip for supplies.

NOTICE TO CONTRACTORS.

Tenders for Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope 'Tender for Machines and Tools,' 'Tender for Leather Belting,' etc, etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineers of the Commissioners at St. Boniface, Man., Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent (10 per cent) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary. The Commissioners of the Transcontinental Railway
Ottawa, March 2, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

Hear O'Callaghan's orchestra play Irish melodies and jigs at the Irish Concert on March 16, at the Opera house. **

Why not learn typewriting on your own machine? A further shipment of the latest models with 10, 12, 15, 18 and 20 inches (interchangeable) carriages has been ordered for immediate delivery. Do you want to come in on the 17 cents per day proposition? Call and talk with Mr. Holton E. Sands, 746 Columbia street and ask him to show the last testimonial from the C. P. R. Co. **

EARL PERCY LEFT QUARTER OF MILLION

London, March 13.—Earl Percy, who died recently in Paris, has left nearly a quarter of a million. The will of his grandfather, the late Duke of Northumberland, only disposed of property to the value of about a fourth of that sum. But the late duke's will gave no hint of the true value of the vast estates which are owned by the Dukes of Northumberland.

Apart from a huge acreage in the county from which the title is taken, there are large estates in Surrey, which passed with a fortunate marriage, and which today are not only valuable, but rapidly growing in value as the towns encroach upon them. In Northumberland itself the stranger is apt to get the impression that the Percys own everything that is worth owning. That is not strictly accurate, but the duke is patron of twenty-five livings, and that gives some idea of the extent of his landed interests in a part of the country where the revenue from the land springs from varied sources.

SPORTING NEWS

TOO MUCH FIGHTING IN SOCCER MATCHES

Roughness in Sport too Prevalent on this Coast and Severe Remedy Suggested

Victoria, March 13.—In the second division Island League soccer match here yesterday, the North Wards defeated the Empress eleven by 4 goals to 1. Play was marred in the second half by a couple of fights, one of which threatened to involve all the players and spectators. Referee Locksley ordered Richmond, of the Empress team, off the field. He refused to go, and on the referee insisting, the player used his fists. The official replied in kind, and a free for all fight was only avoided by outside interference.

This is the kind of an item which is appearing in the coast papers quite frequently of late. The outcome of the fight is not announced, but it is to be hoped that Referee Locksley eliminated some of the features of the warlike Richmond before the crowd stopped the fight. There is only one kind of place for players who start a fight on a field, and that is behind the bars of a clean cool cell.

The gentle habit of smashing a referee if his decision is not pleasing to an offender seems to be finding favor in this part of the world. The same thing happened in New Westminster and was not far from hapenning in Vancouver. It is about high time that occurrences of this kind should cease. The majority of the men who compose any soccer team are gentlemen as well as football players and when they play, they do not indulge in oratory or prize fighting. It is men of this kind that have brought the soccer game into prominence in the Old Country an dit is the referee assaulters who will kill it here if they are allowed to go ahead.

There is only one remedy and that is absolute expulsion. The fact that a player assaulted a referee on the field for whatever cause ought to be reason enough for removing the said player from active soccer for life.

The referees may not always be competent, but there is not much encouragement for a good one. He is liable to displease some tough by what seems to him a fair decision, and as a consequence get assaulted. There are good referees in the province and more would develop if they were given decent treatment by the players.

What is wanted is a set of rules that will give the referee absolute power on the field. There should be a body of referees in the mainland who are above suspicion of partisanship; men who would respect the players and whom the players would respect. If a team or a player has not enough faith in the honesty of a referee to trust him to make fair decisions, then it is time that that team or that player abandoned the game and went back to the mines.

Of course there might arise cases where the referee was seriously at fault, but then it is always open to the club to lay a complaint before the executive of the league, but the executive should hold the referee innocent until he is proved guilty.

With a strong organisation of referees, well backed up by the officials of the different leagues and a liberal application of the power of suspension, much could be done to remove a feature of the game from which it is at present suffering.

FISH FROZEN IN ICE TWO MONTHS STILL LIVE

Portland, March 14.—That live fish may be frozen in a block of ice, kept for months or shipped around the country and then be thawed out alive, is the result of experiments carried on by Frank Smith, superintendent of the government fish hatchery at Coos bay.

Mr. Smith has shipped salmon fry frozen in ice to Seattle, and when thawed out the young fish were as lively as when they were sent.

He has also kept fish frozen in a block of ice for two months. When released they were found alive and in good condition. Mr. Smith is making further experiments.

COLUMBIAN BOYS SUBMERGE McGILL

Students of Local College Invade Vancouver; Carry off Honors of Field Meet.

Saturday the Columbian College athletes defeated the McGill men in the annual inter-collegiate meet held in the horseshow building, Vancouver. The New Westminster boys annexed fifty-five points out of the possible ninety-nine. Stone, of McGill, was the best man on the field, scoring no less than five firsts out of the eleven events. For the Columbians, White made the best showing, taking two firsts and one second.

The games themselves were only fair.

In the runs there were no records broken but all the events were well contested and aroused the intense enthusiasm of the rooters.

The results were as follows:

50 yards race—Won by McDonald, of Columbian, time 6 sec.; Stewart, of Columbian, 2nd; McArthur, of Columbian, 3rd.

High jump—Won by Stone, of McGill, with 4 ft. 11 inches; Maxwell, of Columbian, 2nd; Winslow, of Columbian, 3rd.

880 yards race—Won by White, of Columbian, time 2:19; Fleming, of McGill, 2nd; Priest and Maxwell, of Columbian, tied for 3rd.

220 yards race—Won by Winslow, of Columbian, time 29 2-5 seconds; McDonald, of Columbian, 2nd; Draper, of McGill, 3rd.

Putting the 16 lb. shot—Won by Hyde, of McGill, with 30 ft. 4 in.; McDonald, of Columbian, 2nd, with 30 ft.; McLain, of McGill, 3rd, with 29 ft. 10 1-2 in.

Pole vault—Won by Boyd, of McGill, with 7 ft. 6 in.; White, of Columbian, 2nd.

440yards race—Won by Stone, of McGill, time 1 min. 2-5 seconds; McArthur, of Columbian, 2nd; Winslow, of Columbian, 3rd.

1 mile race—Won by White, of Columbian, time 5:16; Busby, of McGill, 2nd; Draney, of Columbian, 3rd.

Running broad jump—Won by Stone, of McGill, with 16 ft. 11 1-2 in.; Priest, of Columbian, 2nd, with 16 ft. 9 in.; Weaver, of Columbian, 3rd, with 16 feet.

Hurdle race, 50 yards—Won by Stone, of McGill, time 7 1-5 seconds; Draper, of McGill, 2nd; McDonald, of Columbian, 3rd.

Relay race—Won by Stewart, White, McDonald and McArthur, paired against Draper, Chase, Stone and Fleming for McGill. Time 2:24.

PUBLIC ASKED TO ATTEND LACROSSE CLUB MEETING

Question of Location of New Grand Stand Will Come Up for Consideration.

At the lacrosse meeting on Wednesday night the public interested in lacrosse matters is invited to be present.

One of the important matters that will come up for consideration is the question of a new grand stand. Time is passing and every one knows that the grand stand accomodation last year was totally inadequate. If the lacrosse club is content to have the new grand stand where the old one is, they could doubtless get help from the agricultural society and from the city council, but if they want it on the inside of the track, the help from outside quarters will be sim.

The park belongs to the city, and the lacrosse club has technically no right to extract fees from the people who pass through the gates, and so they no not feel like building a stand themselves unless the city provides them with protection. The whole matter will come up at the meeting tomorrow in the council chamber.

A MIGHTY BLAST.

25,000 Yards of Mountain Shifted at Pitt River Quarry.

One ton of dynamite was exploded at the Pitt River quarry on Saturday and a mighty hole in the mountain was the result.

W. R. Gilley, of Gilley Bros., Ltd., the owners of the quarry, returned from there on Saturday evening and says that it was one of the finest sights and the best shooting he had ever witnessed.

The foreman and men loaded 15 holes which they had already drilled and sprung; they were twenty feet deep and just took one ton of dynamite to fill them. With an electric battery the fifteen holes were all set off at once.

Mr. Gilley stationed himself at a safe distance and when the explosion ccurred he said he thought the whole mountain side was coming down.

When all was settled and quiet again his men set to work and figured the displacement, which they estimated it was about 25,000 yards. This will keep a large crew of workers and two crushers busy for the next few months.

In the words of Mr. Gilley, "it was the biggest bag of game at one shot that has been reported this season."

EMPLOYERS' LIABILITY

Why You Should Insure Against Lawsuits

WORKMEN can sue you without cost to themselves, and they have EVERYTHING to gain and small chance to lose by so doing.

PERSONS other than employees accidentally injured about the premises invariably sue for damages.

REGARDLESS of their own responsibility for the accident, or the existence of negligence on the part of others.

ON the slightest pretext employees may sue you, even for accidents caused by the negligence of a fellow-workman, and

THE suit may be brought against you long after the occurrence of the accident by which he was injured.

EMPLOYERS and business men can ill afford to assume the risk of this ever-increasing and uncertain liability.

CREDIT of otherwise responsible manufacturers and business firms is sometimes seriously impaired by such damage suits.

TO go to law means loss of time, money, endless annoyance and worry.

YOUR profits may be seriously curtailed as a result of accident unless you are insured.

ONLY insurance against such risks will enable you to fix and reduce your expenses to a minimum.

UNDER the protection of a Liability Policy in the Railway Passengers' Assurance Company you will save money and time and be relieved from all such annoyances.

A Few Beautiful West End Lots, $360 Each

If you do not act upon my advice to **buy one of these RIVERVIEW** lots now at $360, you will regret it in a year from now just as certain as you have ever regretted anything in your whole life.

Do you know the location of this property, overlooking the gulf, North Arm and river, conceded by all to be the most splendid view location in this city.

On New Vancouver Cut-Off Line

The few remaining lots are close to 20th Street on Ottawa. The new Vancouver Cut-Off will cross 20th St., within 3 blocks. With the inauguration of this service the prices of these lots can do nothing but go UP, UP, UP; if this does not happen then all my experience in buying and selling of real estate has been for naught.

I fully believe that $1000 will be a conservative price for these beautiful lots one year from now. Just look over what has happened elsewhere, in less favored districts and make up your mind, not tomorrow but now, that you're going to be in on the ground floor with this certain movement.

Do you realize how rapidly these two cities are growing together? Vancouver people are not asleep to this future. Don't you realize that the meeting point is absolutely certain to be along the line of the tram. Looking back and telling your friends that you could have bought these lots at this price will get you nothing. A title, the black and white certifying your ownership will be all that will count then.

Be An Actor Not a Mere Spectator

In real estate like in drama the actors get the money, the spectators only see the show. Be an actor, $100 cash makes you one, balance one year.

W. J. KERR,
614 Columbia

OU AND JESSIE.

By M. QUAD.

ight, 1910, by Associated Literary Press.]

Spencer had dropped in on the of four months. She had had e on young Mrs. Gray for some nd was now prepared to shatter lol.

r observing that there were five of married couples separating re- in the paper this morning she on to add that the way husbands arrying on these days was some- erfectly awful.

ever read about those things," the young wife. "Of course re good and bad husbands, but y is one of the very best."

y," said Mrs. Spencer grudging- with a look of pity in her eyes. ught my husband was almost an for several years, and then he rested for having five wives."

Billy is different, you know."

haps. On Monday I was in the ne booth at Calder's drug store k with my daughter. It's a booth, you know. Just as I was to ring up, your husband entered her booth and called up a young n and had a conversation with

t he didn't say anything to me it," replied the wife. "What did he call the lady by?"

ere were two of them before he rough, and he called them Lou essie. He said he'd have more for them soon. Mrs. Gray, go on deceiving yourself as I

t—but I don't think he knows adies by those names," faltered ife as her eyes filled with tears. u mean he hasn't told you that es. Of course not. My husband tell me that he had four other . Husbands are sleek, slick and You have got to be crafty to find out. However, if you want to re and do nothing I've no objec- "

t what can I do? I don't know Lou and Jessie are."

hat can you do? You can be in elephone booth at noon today; you ear him talk; you can get sight m; you can go home and pack trunk; you can stand right up to and tell him that his perfidy is vered."

noon young Mrs. Gray was in one he telephone booths at Calder's. o the moment she started from she had said to herself that she n't go.

had been waiting in the booth five minutes when a step she entered the store. Then some at down in the other booth. Her was throbbing as central was up and a voice called:

ve me 2043 Jackson."

e number went down on a slip aper in the booth at the man's

Hello! Is that you, old man? Well, are Lou and Jessie today? I 't sleep two hours last night for king of 'em. Haven't moved yet, Oh, no, I'm not going to throw my hands. I'll send you a check messenger at 1 o'clock. I picked and Jessie, and I'm going to stand 'em. Goodby."

t the usual hour of 6 o'clock Billy y came home whistling. He was py, also hungry, also longing for kiss that always greeted him. He ered the sitting room to find a wo- n seated on a trunk.

he had her hat on, and some things had failed to find room for in the k were piled on a chair. The wo- n was his wife, and she looked up him with a cold stare.

s it you, Ruby? Good lands, but at does this mean? Is your moth- dead?"

Stand back, sir!" she replied as she tioned him off. "I am neither Lou Jessie!"

But what is it? You are pale. You ve been crying. You have packed ur trunk. Tell me what has hap- ned."

Sir," she said as she rose from the nk and extended a piece of paper, ere are the proofs. I don't think u'll want to ask any further ques- ns."

No. 2043 Jackson," he read and then ked:

But what is it? What does this ean?"

It means Lou and Jessie, sir! I as right there in the telephone booth is noon when you conversed with em. You picked Lou and Jessie nd you'll stand by them! Will you ave the kindness to get me and my unk to the depot? I am going to other. If you think Lou and Jessie ill object I can find a cab myself."

Billy didn't rush forward and try o throw his arms around her. He didn't try to explain. He simply got down on the floor and laughed and rolled over and kicked about until the stern faced wife wondered if the sud- den blow had taken away his reason. She had almost decided to send for a doctor when he got a hold on himself and rose up and pulled her down on the trunk beside him and said:

"No. 2043 Jackson is the office of a stockbroker. I can bring you the telephone book and show you. Lou and Jessie are the names of two copper mines I am interested in. The broker is carrying me on a margin. The stock is dull and down, and I've lost a bit, but I am hoping for a rise and hanging on. Here's a circular telling all about the Lou and Jessie and sev- eral other mines."

"And you--you"—

"I am not a perfidious wretch. Hus- tle that hat off and I'll help you get dinner."

LAND REGISTRY ACT.

TAKE NOTICE that an application has been made to register George Troughten as the owner in Fee Simple, under a Tax Sale Deed from Edwin M. Carncross, collector of the Municipality of Surrey, to George Troughten, bearing date the 7th day of September, A. D. 1908, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as:—

Lot 7, Block 1, being a portion of Section 20, Block 5, North Range, 2 West. Lots 3 and 4, part of a portion of fractional section 21, Block 5 North Range 2 West.

You and those claiming through under you and all persons claiming any interest in the said land by virtue of an unregistered instrument, and all persons claiming any interest in the said "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register George Troughten as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 9th day of March, A. D. 1910.

C. S. KEITH,
District Registrar.

To:—Michael Robert Barry, John Douglas, Alexander G. Macfarlane.

NOTICE.

GOLD DUST will sterilize your kitchen things and make them wholesome and sanitary
Soap only cleans; GOLD DUST cleans and sterilizes.
Soap washes over the surface, leaving a greasy film behind it; GOLD DUST digs deep after germs and impurities, and insures purity and safety.
Soap needs muscle help (as an exerciser, it's fine); GOLD DUST does all the hard part of the work without your assistance, leaving you to take your exercise in a more enjoyable manner.
GOLD DUST is a good, honest, vegetable oil soap, to which is added other purifying materials in just the right proportions to cleanse easily, vigorously, and without harm to fabric, utensil or hands.
"Let the GOLD DUST Twins do your work."

Made by THE N. K. FAIRBANK COMPANY
Makers of FAIRY SOAP, the oval cake.

CITY NEWS

The entertainment to be given by the Royal Templars of Temperance in the Opera house this evening promises to be a distinct success, exceptional talent having been secured for the occasion.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

The advance sale of seats for "A Stubborn Cinderella" which appears here on Thursday evening, promises to be a record breaker, nearly all the higher priced chairs being already reserved.

Got any papering and patining to do? If so, see I. Hudson, Sixth street.

The West End Methodist congregational tea will be held in the church parlors on Thursday evening.

For window shades, lace curtains, etc., go to Fales', Agnes street. **

Tickets for the Irish Concert on March 16, now on sale at Ryall's drug store, and Lavery's confectionery store. Adults 75c and 50c. Children 25c. **

Yesterday afternoon the city council spent several hours considering the estimates. The meeting lasted till 7 o'clock, and then owing to some miscalculation on the part of Alderman Welsh, the councillors all followed him up to the Russell hotel where they had a supper at his expense.

Fales, the home furnisher. Carpets galore at knowndown prices. **

President Miss Francis Bacon, of the Rebekah lodges of Western Canada, will be a visitor in the city on Thursday and will address the local branch of the lodge. Miss Bacon, whose home is in Nelson, has been making an official visit to the coast lodges.

You are you, and not the man next door. By leaving your order at Galvin's you can have a suit of clothes which will be made for you, not for the other fellow. See our ad. on page 5. ***

Fales—The leader. 2,000 yards of matting today at 20c per yard. ***

For fresh Carnations, promptly delivered, phone R208, Davies' Greenhouse. **

Mrs. C. S. Keith will not receive again during March.

For furniture, carpets, linoleums, etc., try the New Furniture Store. Denny & Galloway, 43 Sixth street. **

Harriet G. Moore's Spring Millinery Opening will be on Wednesday and Thursday of this week. **

Rosa Kosha, the little four-year-old daughter of a Pole, living at Ruskin, died on Sunday morning from the effects of terrible burns received on Friday. She was lying asleep in a bunch of fern when it caught fire from some rubbish her father was burning. Before she could escape she was enveloped in flames and was fatally burned before her mother could extinguish them. The funeral will take place at Mission today.

Grand Irish Concert at the Opera house Wednesday, March 16. **

The annual general meeting of the New Westminster Lacrosse club will be held in the City hall, Wednesday, March 16, at 8 p. m. **

Tu Lee, the Dewdney Chinaman charged with selling liquor to Indians, was convicted in the provincial police court yesterday and sentenced to one year in jail. His worship said this class of offence was becoming altogether too frequent.

Get in early with your paint work. Now is the time to see I. Hudson. Sixth Street. **

Irish dances by Master Croal, Opera house, March 16. **

The Misses Collins, Gillespie, Munn, Pyne and Lavery will sing the most songs of Ireland at the Irish Concert, Opera house, March 16. **

Two inebriates were fined the usual amount in the police court yesterday.

The funeral of the late Mrs. Florence Patterson took place yesterday from the Free Methodist chavpel to the Odd Fellows' cemetery. Four brothers of the deceased and two close friends acted as pall bearers.

FRASER VALLEY LINE NEARLY COMPLETED

The Fraser valley branch of the British Columbia Electric railway would have been completed as far as Abbotsford, a distance of about forty miles east of New Westminster. There is still some grading to be done between Abbotsford and Sumas, and also between Sumas and the Majuba hill across the prairie section.

With good weather April 1 should see the grading completed and out of contractors' hands. After that the work of ballasting the roadbed and the laying of the rails will be proceeded with as fast as can be found possible. The grading between Chilliwack and Majuba can be said to be completed and Messrs. Palmer Bros. & Henning, who had the contract of that section, are now busy with the bridge contracts on the same section. The men employed by the contractors number about 300, which together with a gang of about 250 paid by the British Columbia Electric railway, makes a lot of work in a short while.

The work on the terminals in Chilliwack is keeping pace with the rest of the construction and by the time the line is completed everything is expected to be in readiness for the reception of the first tram car

Women's Neckwear Novelties

FASHIONS FAVORITE STYLES

We have waited long for this delayed shipment of all these dainty little neckwear pieces. **Dutch Collars, Linen Collars, Muslin and Silk Bows and Jabots** are the most popular styles shown. They are here by the hundreds and inexpensively priced.

Shantung and Pongee Silks

Indications are that later in the season a scarcity of these popular silks will be hard to overcome. More orders have been placed than can be filled, such is the demand for the Spring and Summer wear. Just now we have on hand a large stock of **Natural Pongees, Coatings Pongees, and Colored Shadings,** in 26 and 34 inch widths, per yard ..45c to $1.75

Moire Silk and Velvet

Fashion reports feature the Moire trimmings to a large degree. You have but to pick up a book of fashions, read the descriptions of popular styles, to note the extended use of Moire silks and velvets for trimming purposes.

Moire Velvet, in shades to match, popular dress fabrics, per yard $1.25

Moire Silks with black, the most used colors, follow closely in popularity, per yard $1.00 to $1.75

All Wool Suitings 90c Per Yard

Spring Dress Suitings of a weight most suitable for present day styles. All the new colors are prominent in these serviceable materials. Chevron, self stripes, French twill, serges, satin stripe, venetians and light weight worsteds, width 44 inches, shown in shades of Wisteria catawba, taupe, purple, reseda, myrtle, old rose, grey, brown, light and dark navy, cardinal, cream and black, per yard 90c

WASH FABRICS!

Shirt Waist Suitings 25c per yard

Materials with weight sufficient for tailored styles of shirt waists are more to the front than ever before.

The showing before you in our wash goods section contains a wonderful range of entirely new materials or old fabrics in new disguise. They are all attractive and serviceable. **36-inch Indian Head** in white, pink, fawn, cadet, navy and black.

Figure Picque in all white fancy designs. White and black, white and cardinal, white and blue, etc. 27-inches wide, several weights.

Corded Bengalines in plain colors, or striped, two toned stripes.

Linen Colored Brilliants imitative of Pongee suitings, these are absolutely fast color.

White Vestings in dozens of small and large designs.

Fancy Crepons reminding one most forcibly of what was at one time sold as seersucker; attractive colors and designs.

Stencilled Curtain Materials

NEW DESIGNS

Warm Spring days turn the thoughts of housekeepers towards the house furnishing problem. House cleaning reveals a host of improvements that seem absolutely necessary. Are your windows in need of up to date draperies?

STENCILED ETAMINE SCRIM, PER YARD 40c

The newest curtain material, 40 inches wide; stenciled in a manner that leaves both sides alike. Patterns represent the old cathedral stained glass windows or natural floral or conventional designs. Colors are harmoniously arranged in two or three toned combinatons of cardinal, green, brown and blue on white or natural ground. Colors are absolutely fast, per yard 40c

36-INCH STENCILED SCRIM PER YARD..... 30c

A few attractive designs at this price, colors are conbinations of green, red and brown.

40-INCH PLAIN SCRIM, PER YARD 30c

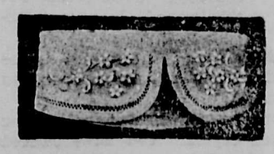
Ecru and white only, suitable for use as sold or for stenciling.

36-INCH ART SILKOLINES, PER YARD 20c

A new shipment of these ever popular materials. Patterns are new colors, are natural in their shades of green, pink, cadet, blue, lavendar, fawn and their various conbinations. Designs suitable for window draperies, comforters, etc, per yard 20c

Corded Neck Ruching

Small and large silk and gold cord Ruching in all the new shades of pink, sky, old rose, cream, purple, black and white. Also shown with satin edge in the popular colors. Sold in boxed lengths or by the yard.



Plain and Embroidered Linen Collars

20c to 45c Each

Tailored waists with linen colors—another of fashion's decrees. Low or high linen collars with or without embroidered designs, or set with insertion and beading. Sizes 12½ to 14½, each ..... 20c to 45c

USES ARE NEEDED BY MANY NEWCOMERS

ple Flocking Here Fail o Find Homes—Opportuity for Builders.

eport has been current for some that the Royal City mills had ed an order for the timber for mes which were to be erected w Westminster, but this is hat exaggerated.

though the 800 homes have not und a contractor enterprising to build them, they have got e as people are crowding into y cannot find houses.

ng a chat with Mr. Rickman, anager of the Royal City mills, gentleman, who is undoubtedly timer, said that he was asd at the progres being made nd here. When he first came w Westminster to work for the City mills things were very nt from what they are now.

ncing out of the office window marked: "Why, all that was mp, and just up there, where houses are, Siwashes were livyou could pick up land anywhere for a mere song.

s wonderful," he repeated. e will be fortunes made here year. I know men who a few ago only had their wages and they are worth thousands and have made it by careful inents.

nd which some years ago was for the taxes, are how fetching reds of dollars a lot. We old s don't realize the value of pro- its the new people who have in and snapped up the land, ing its real worth, having had ience of eastern cities, of Edon, of Calgary, of Seattle.

e great trouble in New Westter just now, he said, was how d homes for the people to live He was sure that if whole rows heap homes were built, which ing people could rent for from o $25 a month they would all t long before they were comd. There were numbers of workcoming into the city for the new tries and they would not be able d roofs to cover them.

here was also room for many r class homes in the residential ers, and a few good big rooming es."

knew several people who want- o come here but could not find se to live in.

the mills were busy now and receiving big orders from the west, the local trade in buildwas only just beginning, but he confident there would be a treious lot of building going on this

NDE PRAIRIE TREK IS NOW IN FULL SWING

y With Fifteen Teams of Oxen, Loaded With Supplies, Starts Out on Long Journey.

dmonton, March 14.—The trek to nde Prairie has opened. Yesterda large contingent of farmers left he long journey for the Canaan lberta. The majority of these settlers who went in last year; many were new people. The most resting party was that which is wn in the north country as "The Outfit."

hese were members of the party well-to-do Ontario farmers who t north last summer. They had ty-three head of exen and one se. The left Edmonton in the first t of May arriving at Beaver Lodge, nde Prairie, on July 12. En route y encountered all the varieties of ther which mark the opening of ing in the west. They left this city late to reach Lesser Slave Lake tement by way of the lake, and early to be favored with passable ds. At Athabasca Landing they red a large portion of their imments, and proceeded light. They de an arrangement with the North- Transportation company to cut cords of wood for use of the rthern Light on the Lesser Slave er, and another 100 cords at the st end of the lake for use of the me steamers, in return for which transportation company undertook carry the settlers' implements from landing to the west end of the ke.

The experiences of this party form e basis for a story of intense inter- demonstrating the persistence and urage of a party of decidedly super- people which included a number women and children, who were not scouraged by the difficulties which ey encountered, and who are now ncessing in their praise of the coun- in which they will be known in story as the pioneers.

The representatves of this party o came to Edmonton last week ith nine teams of oxen were: J. E. udin, E. A. Smith, C. A. Drake, R. Lossing, Garnet Truax, Sam Serant, Amos Sherk, Marley Sherk, J. Miller and William Crabb. These en have all started on their return. mong the new settlers who have also gone in are John Flint, wife and daughter, of Toronto, a son having been with the original party. Sam McNaught, wife and two children, William Walton, wife and seven children, of Toronto, James Kennedy and son of Listowel, Ont.; William Summerhayes, of Branford, and C. Campbell. Others who are outfitting, who will leave in a few days for Grande Prairie are Fred C. Dalphin, and his brother-in-law, W. M. Riseborough, of East Toronto, William Dalphin.

The first party which left yesterday took with them six new teams of oxen. Their loads of supplies and implements ran between thirty-five and fifty hundred weight. They will go to Athabasca Landing, from there up the Athabasca river to the Lesser Slave river, up this river to Grouard, then to Peace River Crossing, on to Dunvegan, which is 60 miles up the Peace River from the Crossing, and then south to Grande Prairie, a distance in all of over 500 miles.

MR. DARKE TO ACT AS CLERK OF WORKS

Owing to the signs of activity in the building trade a new departure is being made by Evans & Darke, real estate agents. Mr. Darke, being an experienced builder, is prepared to act either for local architects and contractors, or for provincial ones, as clerk of works.

To have an experienced local man, who knows his business, on the spot to superintend buildings in course of construction, will be a saving to many men as well as a great convenience. Mr. Darke was foreman of the Dominion Trust building. He also acted for George McFarland and Mr. Worsefold. Altogether he has had thirty years' experience and his services and advice should be invaluable to those about to build.

AGED MAN NOT PERMITTED TO CROSS BOUNDARY LINE

North Portal, March 14.—Another instance of the officiousness of American immigration officials has come to light here in the case of an old man, formerly a citizen of the United States who was turned back at the border yesterday. For thirty-nine years he lived in the United States and was a naturalized citizen although he was born in Canada. His father served through the Civil War with the army of the North as a surgeon.

He has been working in Canada for a few years at Winnipeg, Regina and other cities. Recently he became ill at Kamloops, and on his recovery found that his savings were nearly all gone. He had enough money left to buy a ticket through to Chicago, where a married sister will look after his sustenance. The immigration officials refused to let him pass here on account of his age and the fact that he had but little money. Citizens of this town who are greatly incensed at his treatment have contributed enough to send him on to Sarnia, where he will again endeavor to cross the line.

READY TO START WORK ON RIVETTING OF IRON PIPES

Machinery is All in Place at Factory —Sixteen Hundred Tons of Material Still to Come.

No riveted pipe for a few days yet is the announcement of J. C. MacDonald, manager of the new steel pipe factory. The firm yesterday received a shipment of 800 tons of sheet steel from Seattle and put the whole force of men at work unloading it. The sheets come in sheets about six feet long, and five of these will have to be riveted together to make on section of pipe. There is still 1600 tons to come. It will be here in a day or two and it is not probable that the firm will turn out the finished product till they have all the material assembled, and they can go to work without fear of interruption.

The machinery is all in place and the company could start the production of the pipe tomorrow if they thought it necessary, but as the city has not even advertised for tenders for the laying of the pipe, they will not start until they are ready to go right ahead to a finish.

The rivets will all be heated in an oil furnace. This style of furnace, so Mr. MacDonald says, has been found to be the most satisfactory for the work, as the rivets are kept at a constant temperature and are much more easily handled than when they have to be picked out of a coal forge.

All the machinery is worked by compressed air, which is compressed on the spot by means of an electric motor. The riveters all work by pressure, and there is no hammering.

The testing apparatus with which the city will test all the pipes as they are turned out of the factory is not yet on the ground, but it has been finished by the Schaake Machine Works and could be placed in position any day.

BIG SLAUGHTER OF DOGS.

Hamilton, March 13.—Since the death of John Taylor, the victim of rabies, who died in terrible agony at the City hospital on Tuesday night, there has been an unceasing slaughter of dogs. Yesterday sixty were poisoned at the pound, and during the last two days 150 have been cremated. Three local physicians, after watching Taylor's case, went home and destroyed their pets.

LEE'S, LIMITED, PLAN BIG IMPROVEMENTS

Building to Be Enlarged By Addition of Two or Three Stories. Coupon Scheme.

When the plans of Lee's, Limited, are carried to a successful conclusion, New Westminster will have one of the finest departments stores west of Winnipeg. It may be some time yet before the plans of the company are completed, but all alterations and improvements to the store from now on will be made with the end in view of having, some time in the near future, a store which will vie in quality and completeness with anything on the coast.

The store has now four stories which can be used for sales rooms. At the present time the lower story, facing on Front street, is used as a shipping and receiving warehouse; the first floor is given over to a general display of furniture of all kinds, most of the expensive furniture being on exhibition here; the second story contains the stock of carpets and linoleums and the third holds the office furniture and household goods of the plainer and cheaper variety. In this story also the cabinet makers now take up considerable room.

Will Enlarge Building.

All this will be changed as soon as the plans of the company are completed. The greatest change will be the enlargement of the building by the addition of two or three stories in the same style as the present building, and the installation of a passenger elevator of the most modern type. A new store front will also be put in, and as soon as the Acme Clothing company can find other quarters, the space they occupy at present will be at the disposal of Lee's, Limited. These changes will give the company a tremendous increase in floor space, and it is the intention to gradually branch out in other lines, although definite plans in this direction have not been completed.

J. W. Connor, late of Seattle, has been given the general managership of the store and he is anxious to have the finest place of business in New Westminster. At present he is conducting a great clearing sale to get rid of some of the old stock before the proposed alterations are started.

Something for Nothing.

A novel scheme of the sale is the distribution around the town of dodgers, each one with a coupon bearing a number. In the store are different articles with certain numbers on them, and if the holder of a coupon with a number corresponding to one on a piece of furniture calls at the store, he is presented with the article.

Scotch Whisky
Popular the World 'Round.

The world-wide popularity of Watson's Scotch Whisky is one of the strongest proofs of its exceptional merit.

The Canadian will seldom be disappointed, if he asks for Watson's Scotch anywhere from Halifax to Vancouver.

If he travels down the Pacific Coast he will find it at the "Portland" or the "St. Francis." Should he continue his journey through the Orient, he will find Watson's in Honolulu; in Levuka (Fiji); at the "Grand" in Yokahama; the "Imperial" in Tokio; and at every house of any consequence in the Flowery Kingdom. Even in far-off Korea the brand is well known.

It is the favorite of our American friends in Manilla, and can be had at the "Hongkong." From the famous "Raffles Hotel" in Singapore to the "Taj Mahal" in Bombay, it is known and enjoyed, and Australasia has accepted it as Scotland's best.

Insist on Watson's

"THREE STAR"—A mild, thoroughly matured Scotch.
"NO. 10"—A full-bodied, richly flavored Scotch.

NA-DRU-CO.

N D & C Co TRADE MARK

NA-DRU-CO

When you see this Trade Mark on any Medicinal or Toilet Preparation you purchase, it is an assurance to you that every ingredient entering into that preparation is of the highest quality that money can procure. What is even more important, it is an assurance that these ingredients have **been compounded,** according to the best formulæ known, **by expert chemists** of long experience, in the employ of one of the largest wholesale drug firms in the world, the National Drug and Chemical Company of Canada.

As you have probably noticed, "NA-DRU-CO" is made up of the first parts of the words "National Drug Company". It is pronounced "*NA-DROO-KO*", with the accent on the second syllable.

Being aware of the extensive use in Canada of simple household remedies and toilet preparations, we felt certain that Canadians would welcome a line of these goods, sold under a distinctive trade mark, **that they could be sure** were not only of the highest standard and guaranteed purity, but **were compounded by expert chemists,** from formulæ that had been well tried out.

What The Laws Say

For the protection of the public the law of each Province in Canada states that only thoroughly qualified men are allowed to dispense prescriptions—these men being physicians or graduates of recognized Colleges of Pharmacy. Therefore if a doctor gives you a prescription the laws of Canada require that it be dispensed by a duly qualified druggist and not by a man ignorant of the action of drugs.

The logical conclusion is that as the laws are made by the representatives of the people, the people want protection, and should welcome the opportunity of being able to procure in any part of Canada medicinal and toilet preparations **compounded by expert chemists and guaranteed by a firm of our standing.**

When you see the NA-DRU-CO Trade Mark you have this opportunity and the guarantee for which you are looking.

Source Of The NA-DRU-CO Formulae

The National Drug and Chemical Company of Canada, Limited, acquired the businesses and maintains the honorable traditions of 21 of the principal Wholesale Drug Houses in Canada, from Halifax to Vancouver.

All of these firms had long and successful careers, some of them for fifty to one hundred years, and during their existence they had accumulated a splendid lot of formulæ which all became the property of the "National". After giving these formulæ careful study and practical tests for several years we have now brought out, based on them, the NA-DRU-CO line of about 125 medicinal and toilet preparations. All the ingredients in these preparations are the best and purest that money can buy, and they are compounded by a staff of expert chemists, each of whom ranks high in his profession.

We have such implicit confidence in NA-DRU-CO Preparations that we offer them with

A Four-Fold Guarantee

The First Guarantee

is the firm behind the NA-DRU-CO Trade Mark.

The National Drug and Chemical Company of Canada, Limited, is one of the largest wholesale drug firms in the world, having a Paid-up Capital of over Five Million Dollars. We have wholesale branches in the principal distributing centres of Canada so that you can at all times satisfy yourself that there is such a firm. We are the largest buyers of drugs and do the greater part of the wholesale drug business in Canada. We employ a staff of about nine hundred people and distribute in salaries, dividends and other expenses over One Million Dollars annually. We carry a stock distributed among our Branches of about Two Million Dollars, and in addition we own real estate and buildings which are to-day worth about Five Hundred Thousand Dollars, and other large assets. All this stands as a guarantee behind each package bearing the NA-DRU-CO Trade Mark.

The Second Guarantee

of NA-DRU-CO quality is the NA-DRU-CO trademark itself.

If we put this Trade Mark on one article only and proceeded to advertise it, plain common sense would tell us that we **must** make that article good or we would lose out—for people **will not keep on buying** unreliable goods.

Multiply that necessity for quality by over one hundred and you have our position. On the quality of each NA-DRU-CO article is staked not only our investment in that article and our hope of trade in it, but our investment and our hope of trade in the whole NA-DRU-CO line.

We know that the quality of the first NA-DRU-CO preparation you buy will practically decide whether you become a regular user of NA-DRU-CO articles or not—and for that trial you may select any one of the 125 preparations. We welcome this because each article is fit to uphold the reputation of all.

The Third Guarantee

of NA-DRU-CO quality is the fact that NA-DRU-CO preparations are never, at any time or in any place, sold at cut prices.

NA-DRU-CO preparations are so much better than the preparations whose prices are cut that discerning people prefer to pay full prices for the NA-DRU-CO goods, **because they have the guarantee** that every NA-DRU-CO article is compounded by expert chemists from the very best ingredients.

The Fourth Guarantee

of NA-DRU-CO quality is short and very much to the point. If after trying any article bearing the NA-DRU-CO Trade Mark you are not entirely satisfied, return it to the druggist from whom you bought it and he will hand back your money. He will do it willingly, too, because we guarantee to stand the loss and return to him every cent he gives back to you.

NA-DRU-CO Preparations Not "Cure-Alls"

There is no NA-DRU-CO preparation that will cure everything, and we don't ask you to believe that there is. But there is a separate NA-DRU-CO remedy for each common ailment—a remedy that will command the confidence of the public.

Consult Your Physician

NA-DRU-CO medicinal preparations are not intended to take the place of your physician's prescriptions—far from it. When you are ill you need the physician's skilful diagnosis and treatment, and it would be folly to depend on your own diagnosis and any household remedy.

But in emergencies when you cannot get the doctor quickly, and in many other cases, a **reliable** household remedy is a real blessing.

To put the absolute reliability of NA-DRU-CO preparations beyond doubt or question, we are prepared to furnish to your physician or your druggist, on request, a list of the ingredients in any NA-DRU-CO preparation. Ask these men, who are men of standing in your community, and in whom you place implicit confidence, all about NA-DRU-CO remedies.

If your druggist has not the particular NA-DRU-CO preparation you ask for in stock, he can get it for you within two days from the nearest of our wholesale branches, listed below.

The following is a partial list of the NA-DRU-CO preparations:

Aperient and Laxative:
Kidney and Liver Pills
Little Liver Pills

Young Folks

CAT AND MICE.

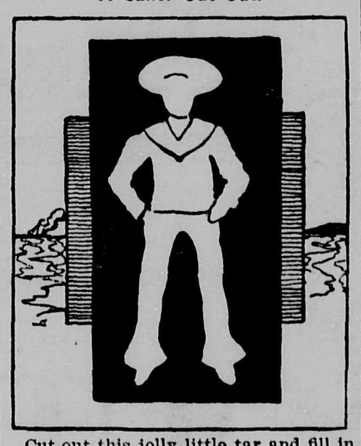
A Jolly Game For Out of Doors or In the House.

If five children are to engage in the game of "cat and mice" one of them must play the cat, while the remaining four represent the mice. If the game is played out of doors the yard must have certain spots designated as "mouse holes." These "mouse holes" may be marked by stones, sticks stuck into the ground or by chairs and should be placed at regular distances about a circle or square of, say, twenty feet across or larger if the space permits. Where there are but four mice their corners form a square, but if there are six or more mice they may form a circle, the mice holes being some ten feet apart. The cat is in the center of the square or circle marked by the "mouse holes."

The mice take their places behind the objects representing the holes, thus pretending to be out of sight of the old cat, who lurks in the center. The game begins by one or more mice creeping out of hiding, going into the center of the space to find food. Of course a time to come forth is chosen while the cat's eyes are watching an opposite hole. The cat listens and must turn quickly and pursue one of the mice that is away from his hole. If the mouse is caught before he gets into the hole again he must exchange places with the cat, allowing the cat to become the mouse and he becoming the cat.

All the mice may come out of their holes at the same time if they feel inclined to do so, but no mouse may enter the hole of another mouse, even though closely pursued.

A Sailor Cut Out.



Cut out this jolly little tar and fill in the missing lines.

Poems and Authors.

Who wrote "The Last Rose of Summer?" Thomas Moore.

Who wrote "Annabel Lee?" Edgar Allan Poe.

Who wrote "Woodman, Spare That Tree?" Samuel Morris.

Who wrote "The Bridge?" Henry W. Longfellow.

Who wrote "The Old Oaken Bucket?" Samuel Wordsworth.

Who wrote "Auld Lang Syne?" Robert Burns.

Who wrote "Ben Bolt?" Thomas Dunn English.

Who wrote "Home, Sweet Home?" John Howard Payne.

Who wrote "Old Kentucky Home?" Stephen C. Foster.

Who wrote "Those Evening Bells?" Thomas Moore.

Alphabet Game.

Here is a good game for a rainy day. Each person must write a story in twenty-six words, every word to begin with a different letter of the alphabet in regular order. For example:

A beautiful creature discoursed every Friday, giving her impressions joyously. Kind, lovable man now objected, propounding quite rudely several timely unbeliefs, varied with xylophone yearnings. Zounds!

The game may be varied by using the letters backward, from Z to A. For the best story a prize should be given.

A Kind Hearted Dog.

A lady writes from Cleveden: "I was told a few evenings ago by a gentleman that he had a favorite pointer who on several occasions refused to let him rake out the straw in the kennel, which my friend did in order to make it more comfortable. The dog was watched, and a large mouse, with her little ones, was seen to feed out of the trough with him. The kennel being examined, it was found that the mouse and her little ones had their nest in the kennel."—London Chatterbox.

Bedroom Conundrums.

If thirsty in the night, what could you do? Find a spring under the bed.

What would you do for a light? Take a feather from the pillow. That is light enough.

In case of fire what would you do? Go to the window and watch the fire escape.

If you felt sad, what would you do? Look on the bed for a comforter.

If hungry in the night, what could you do? Take a roll.

Hopes.

When I was small I hoped for toys
And dolls and sweets galore,
And then when I was six I wanted
Books of fairy lore.

At seven I wanted roller skates,
At eight I yearned for wealth,
But now that I'm eleven
All I really want is health.

LAND ACTS.

Comox Land District.
District of Coast Range One.

Take notice that Ole Lee, of Bonton, occupation farmer, intends to apply for permission to purchase the following described lands:

Commencing at a post planted in a small bay at N.W. corner of Hudson island. Applying to purchase the whole island containing 80 acres, more or less, and is situated southwest of Mars Island.

New Styles For Spring

1910

WE announce the arrival of the first shipment of new spring clothes from the most famous tailor shops in Canada, and we illustrate a few of the new Spring Styles. These garments are unquestionably the finest made in Canada and are of such high quality that they are generally regarded as the standards and models of style, fit and tailoring. We know that every man who appreciates good clothes will enjoy an inpection of these new models.

TAILORED BY Lowndes TORONTO

WE will send you, free of charge, a very handsome fifty-page book, entitled "Dress, a Magazine for Men," illustrating 40 new styles for Spring and Summer, 1910. Be sure you get a copy of this book before you buy your spring suit and overcoat. You are entitled to the newest and best in clothes, and this book will acquaint you with what you should know before you buy. It also contains a dress guide for every occasion, which is invaluable to the good dresser. Instruct us to send you a copy.
