DIAN DROWNED IN FRASER RIVER

ick Work of Police Fails to Save Pat Joe—Fell Off C. P. N. Wharf.

nother fatal drowning accident oc-red last evening, when Pat Joe, an dian employed on the steamer ver, fell into the Fraser. He was n standing on the C. P. N. wharf a few of the men about seven ock and a few minutes afterwards e of them heard a splash and a w, as if some one had fallen be-en the boat and the wharf where Beaver was lying. A hat was on the wharf.

he men realized in an instant what happened and the police were no-d immediately. Chief Bradshaw k the grappling hooks from the po-station, ran down to the wharf, rowed J. Insley's launch and in ttle over twenty minutes from the e the man fell in his dead body hauled out on the wharf.

hough the Indian's life was not ed, the work of getting him out the fastest work of the kind that taken place around New West-ster for many a day. It was almost forty feet of water that the body s found. The tide was almost k and it was known exactly where went in and so no time was lost ore the search commenced. The ver was shoved off enough to let gasoline launch in between her the wharf and a small area of k water was thus created, prevent-the current from carrying the y down stream. He was found y fifteen feet from the place he nt in.

Charles Clow was in the launch as-ting Chief Bradshaw in the work.

May Have Been Drinking.

When recovered it was found that had a bottle of camphorated lini-nt in his breast pocket and it is obable that he had been drinking. had often been convicted and d the police court for being nk. He has also fallen in the river ore but managed to swim out ain. It is likely that last night he uck the wharf or the boat and was rtially stunned before he reached water.

t is not likely that an inquest will held as there seems to be no doubt t the death was result of accident. e body is at present lying at Mur-e's, and the coroner will decide ay if an inquest is necessary.

Pat Joe, sometimes called Hatiz Joe, s a Chilliwack Indian and had had rked on the Beaver off and on for ne years.

DISAGREEING.

ry Trying Dr. Hyde for Murder Cannot Reach Conclusion.

Kansas City, May 15.—No verdict ving been reached by the Hyde y, it was sent to its hotel by Judge tshaw shortly before six o'clock to-ght. The jurymen were told to bal-t at the hotel tonight. The judge id he could be notified at his home case a decision was reached.

Practically everyone connected th the case has abandoned all hope an agreement. If no verdict is re-rned by Tuesday morning, the jury ll be discharged.

LLS CONTAINING POISON BELIEVED CAUSE OF DEATH

redge Steward Passes Away After Violent Attack of Sickness—Probably Took Overdose of Medicine.

John Wilding, steward on the redge Fruhling, died on Saturday fternoon under circumstances which oint to poison being the cause of eath. He was taken ill when the oat was coming up the river on aturday morning, but his first at-ack of sickness passed off and he did ome work afterwards. When near-ng New Westminster, where the redge was coming to tie up over Sun-day, Wilding was suddenly taken ill again. As soon as the boat arrived here Dr. Green was called, but Wild-ng was dying when the doctor reached him.

In his valise there was an envelope marked poison and it is thought that he took an overdose of some of the pills contained in it.

On Saturday afternoon an inquest was called, but owing to the en-forced absence of the physician, whose evidence will be the most im-portant, the hearing was deferred un-til seven o'clock tonight.

One of the men on the boat heard Wilding remark a few days ago that he would be dead before the comet arrived, but that may have been a mere coincidence. His companions scout the idea of suicide. He was a happy, care-free sailor and was never at any time subject to despondency.

Wilding came from Toxith Park, Liverpool, some years ago, and he has a brother and father living there. He may have other relatives, but they are not known. The fact that his father and brother are living there was established by means of some letters found in his valise.

FOUR ARE INJURED IN OIL WAREHOUSE FIRE

Elmwood Plant is Licked by Flames — Damage Estimated at $25,000.

Winnipeg, May 15.—Fire in the Elmwood warehouse of the Canadian Oil Co., Ltd., yesterday morning did damage to the extent of about $25,000. Four people were caught in the flames.

A. Dye and Russell Burnett, two employees of the company, were so badly burned that they had to be removed to the hospital, and their condition is precarious.

Two small boys, Michael Slotar and Anton Klowski, were also burned, but their injuries were only slight.

How the fire started is a mystery.

DAY OF FUNERAL TO BE OBSERVED AS PUBLIC HOLIDAY

Victoria, May 15.—An extra of the British Columbia Gazette issued yesterday afternoon contains the proclamation of Friday the 20, as a day of general mourning throughout British Columbia as it will be elsewhere throughout the empire, in these terms:

mation of Friday, May 20, as a day of of May, has been fixed for the obsequies of his late majesty, King Edward the Seventh; and whereas the said day has, by his excellency, the governor-general been proclaimed as a day of mourning, to be observed by all persons throughout the Dominion of Canada; and whereas, it is considered advisable to appoint by proclamation, the said twentieth day of May as a public holiday;

"Now, therefore, we have thought fit, by and with the advice of our executive council, to appoint the twentieth day of May instant, to be a public holiday, to be observed as a day of general mourning within our province of British Columbia."

London Crush Relieved.

London, May 15.—The beautification of London is slowly but surely proceeding. Fleet street, impossibly narrow for the amount of traffic daily filtering through it, is to be widened at a cost of $10,000,000, and old established tradesmen already have begun to move into temporary premises. Piccadilly also is in the throes of a widening process that will entail an expenditure of even more money than the Fleet street scheme. East of Temple Bar a new bridge is projected in order to relieve the great traffic across Southward and Blackfriars bridges. There are already ten bridges between the Tower bridge and the Suspension bridge at Hammersmith, and the addition of another will almost transform the River Thames into an arcade.

GIRLS FOR WEST.

Salvation Army Is Bringing in Party of Domestics.

Montreal, May 15.—A party of 150 young women who arrived at Windsor street station from the S. S. Grampian comprised the first organized party of domestics brought to this country from Great Britain under the auspices of the Salvation Army. Lieut. Col. Howard, secretary of immigration, who is in charge of the party, said the girls came from all parts of the United Kingdom. The army proposes, he added to bring out 500. Fifty of the present party are bound for Toronto, the rest for the west, many of the girls going to British Columbia.

New Daily for Lethbridge.

Lethbridge, May 15.—A complete printing outfit has been ordered for the new daily, The News, and work on the building to house Southern Alberta's morning daily is being pushed. Lack of a suitable building has retarded the issue of the paper, but the new building will provide ample accommodation.

PREACHER CLUBBED.

Irate Woman and Her Son-in-Law Attack Parson, in Public.

Vancouver, Wash., May 15.—A Methodist preacher, an irate mother and her son-in-law figured in a melodrama in real life Saturday at the town of Ridgfield, when Mrs. L. W. Lowery and her daughter's husband attacked Rev. C. H. Smythe, of Vancouver, in the street. While the man held the preacher the woman wielded a club with such vigor that the preacher will be laid up in bed for some time.

Mrs. Lowery and her son-in-law were arrested by the town marshal, pleaded guilty to disturbing the peace, and were fined $10 each.

Mrs. Lowery says the preacher insulted one of her daughters, to whom he is said to have been engaged. She attacked him at Pioneer last Sunday, but he escaped.

Smythe came here from Spokane last fall. He will file charges against his assailants, he says, as soon as he is able to leave his room.

Comet's Tail Loses Poison.

Washington, May 15.—Cyanogen is now is now practically absent from the tail of Halley's comet, according to a dispatch received today by the Georgetown university from the Lowell observatory of Flagstaff, Arizona.

LIGHTNING DOES DAMAGE IN CITY OF NEW YORK

Several People Struck by Bolt and Rendered Unconscious—Five Hundred Thrown Into a Panic.

New York, May 15.—Three buildings in the Bronx were struck by lightning yesterday. Three persons were knocked out, scores of others were slightly shocked and 500 more were thrown into a panic. Water added to the damage.

One bolt tore through the roof of a freight house and penetrated the two upper stories. Freight Agent McDowell, who was in his office on the top foor, was hurled unconscious from his seat, and Miss Mary J. Beaver, his stenographer, was so shocked by the electrification that she fainted.

At the office immediately below the bolt struck the desk of T. Monteith, freight trainmaster, smashing it to bits. Scores of clerks were hurled from their desks in other offices and several were electrified.

Despite the pelting rain the workers rushed frantically out.

Miss Josephene Eagen, the telephone operator, stuck to the switchboard and called the fire department and police as the fire broke out. Quick work prevented great loss from fire.

WOMEN MUST LEAVE.

Immigrants in Hawaii Belong Largely to White Slave Class.

Honolulu, May 15.—Fifty per cent. of the Russian women in Hawaii are booked for deportation, according to a statement from a reliable source today. Immigration officials have learned that in order to get into the country women pose as wives of men who are not their husbands. Later many of the women become "white slaves," it is alleged. Nearly half the Russian immigration women in Hawaii are in this class. The federal grand jury is investigating the matter, and it is probable than many prosecutions will result.

SONS OF ENGLAND TRIP TO HOMELAND

Englishmen Charter the "Royal George" For Voyage to Old Country in Fall

While immigration of the British born into Canada bids fair to exceed in many respects all previous records during the present year, the fall of the year will see an exodus of Englishmen, returning to the homeland, which will result in the greatest invasion of England by Anglo-Canadians which has ever yet been known. It will be a haliday making trip, and as the rates are all "return" it may be taken for granted that they who undertake the home voyage have fallen victims to the magnetism of Canada in such a degree that only a few short months will they desire to leave the shores of the great "Empress of the North" to slightly change the application of a phrase usually associated with a certain war scare serio-comedy now out of fashion, and have not abandoned their intention of linking their destinies with that of the Dominion.

The excursion is organized by the Sons of England lodges in Canada, and the idea was conceived by Robert Verity, a Toronto shipping agent, who is a member of the order and who will act as conductor of the tour.

The Royal George, of the Royal line of steamers has been chartered for the occasion, and will leave Montreal for Bristol on July 7, reaching the English port on July 15. Here a reception will be given by the mayor of Bristol to the visiting members of the S. O. E. The party will leave again for Canada on August 5.

During the interval those who have not a personal program for the three weeks in England will be able to take advantage of a personally conducted tour by Brother Robert Verity. Points of historic interest and many beauty spots of England, Wales and Scotland will be visited. Four days will be spent in London, where the party will be received by the Canadian High Commission, Lord Strathcona.

Then the party will leave by automobile for a thirty-mile ride through the poet's land of South Buckinghamshire. The last three days of the tour will be spent in Edinburgh.

The fare for the double trip, from Toronto to Bristol ,will be, special second cabin, $112.50; special third cabin, $70; while the cost of the tour will be $100.

The Royal George, by which the outward voyage will be made, is a practically new boat, and one of the finest and most luxurious steamers afloat. It is driven by turbine engines actuating triple propellers, has six passenger decks, spacious alcoves with social halls, and is fitted with the latest wireless equipment.

The excursion will not be confined to members of the order, but many others who desire to take advantage of the facilities offered will be enabled to do so.

MYSTERY OF LOST BABY BAFFLES SEARCHING ARMY

No Trace Has Been Picked Up of Little Norman France, Who Disappeared May 8 Near Elkhorn.

Elkhorn, Man., May 15.—There is still nothing new reported in the search for little Norman France, who disappeared from his home near here on Sunday last. The small army of searchers, ever increasing in size, has covered the country for miles around and the German police hound has circled the France farm for a radius of some ten miles but is at a complete loss.

Among others, the clairvoyant, in whom many placed so much faith, has failed in his efforts and the mystery of the little lad could not be deeper if the earth had opened and swallowed him up. The sloughs around the France home have been raked systematically but without success.

The rewards, now totalling $1,200, have attracted people from a long distance and every possible clew is being followed up.

I. O. O. F. Enterprise.

Albany, N.Y., May 15.—The application of the Independent Order of Foresters for permission to locate a tuberculosis hospital at Rainbow lake in the Adirondacks, for treatment of members of the order in this state, has been approved by Dr. E. H. Porter, commissioner of health.

King George to Arbitrate.

Washington, D.C. May 15.—Representatives of the American and Chilean governments in London having charge of the celebrated Alsop claim, which was shortly to have been presented to King Edward for arbitration, have been informed by the United States government and that of Chili that King George V. will undertake the arbitration of this claim and the matter will be presented to him about August 1 next.

SLAVERY ABOLISHED IN CHINESE EMPIRE

Millions of Human Beings in China Gain Freedom by New Law.

Washington, May 15.—The Chinese government, by imperial rescript, has abolished slavery throughout the empire and has prohibited henceforth the purchase and sale of human beings under any pretext. The reform, however, is not altogether complete, as by the rescript certain forms of slavery will still be tolerated. In a report made to the state department it is said that the retainers of Manchu princes are not emancipated but it is forbidden to call them slaves. They have long enjoyed educational and other privileges, although still bound to their hereditary masters.

The household slaves of the Manchus also will not get emancipation, but their status under the law is improved. They are to be regarded as hired servants, but their services are due for an indefinite terms of years so that they are in reality perpetual slaves. Under this rescript the immemorial practice of selling children in China in times of famine or distress is abolished, although they may be bound for a speified period, not beyond the age of 25 years.

Concubinage is still permitted, but there is to be no bargain and sale. Such concubines are to be married with proper legal formality and they will enjoy the protection of the law, but in reality they will be no better than perpetual slaves to the principal wife. The rescript is said to be a compromise measure, but it will eventually give freedom to millions of human beings, and it is believed to mark a distinct advance in civilization.

AQUATIC PLANT CAUSES PANIC IN INDO CHINA

Saigon, May 15.—A new danger has come to Indo-China, as destructive to trade as sedition is to the administration of the hill districts.

A year or two ago some Japanese goods came to Indo-China wrapped in matting that contained the seed of an aquatic plant. In an incredibly short space of time the weeds spread and blocked the waterways up and down the county. Special clearing gangs of workmen had to be organized to keep the rivers free for navigation, while cultivators had their expenses heavily increased by having to open up the choked watercourses every month or so.

Now the pest has spread to the canals and even to the flooded rice fields. Agriculturists are panic stricken, for the weeds threaten to choke the growing crops. The most afflicted quarter is along the west coast of Cochin China.

A government commission is now visiting that area with a view to adopting general measures for ridding the waters of the plant, but so far the prospects of accomplishment are not rosy.

GALICIAN KILLED IN WRECK AT ASHCROFT

Work and Freight Trains in Head-on Collision — Cars Piled Up.

A headon collision between a work train and a freight train at Ashcroft on Saturday night resulted in the death of a Galacian workman, Piet Gvaizanczy, and the scalding of a fireman whose name was not learned by The New's informant, a passenger on yesterday's incoming transcontinental. Details of the wreck were not given out by the C. P. R., but it is believed the work train overran its orders in an attempt to reach a siding and was caught by the freight.

Several of the workmen on the train were severely shaken up, but it is not thought any of these are fatally injured. They are being cared for at Ashcroft.

A number of cars were piled up on the side of the track, but no delay to through traffic resulted, a work gang being immediately set to work clearing the line.

Sees Comet and Dies.

Oakland, Cal., May 15.—His desire to view Halley's comet caused the death of Frank H. Covert, twenty-eight years old, an electrical lineman, shortly before four o'clock this morning. He had climbed to the roof of his home and made his bed there. He fell forty feet and died on the way to the receiving hospital.

Russia to Expel Jews.

Kiev, Russia, May 15.—The expulsion of Jews residing illegally in Kiev will be resumed tomorrow. In some instances a delay has been granted to permit a settlement of their affairs, but all of those marked for expulsion must leave the city before June 14.

RAIN IN MIDDLE WEST WILL HELP GRAIN CROPS

Winnipeg, May 15.—The provinces of Saskatchewan and Manitoba got a good wetting down in the last twenty-four hours. Rain which started in the western part of Saskatchewan last night reached Manitoba this morning and a splendid rain has been falling all day. The moisture will be of immense value to the growing grain. Although the crops were not suffering, rain was needed at many points.

EDWARD BROWN TO CARRY LIBERAL BANNER

Winnipeg, May 15.—Edward Brown will be nominated in South Winnipeg for the next provincial election in the liberal interests. It is said that W. F. Osborne accepted nomination in Dufferin on the understanding that Mr. Brown would be a candidate in the approaching election.

KING'S DEATH UPSETS VICTORIA DAY EVENTS

Victoria, May 15.—All possibility of holding the Victoria Day celebration was abolished when the Songhees and Quamichan Indians declined to take part in the canoe race because of the death of King Edward. The feature of the yearly celebration has always been the Indian war canoe races, for which cash prizes are offered, the Indians training for the event for three months in advance.

"The king was our best friend. He is buried on the twentieth. We cannot race on the twenty-fourth," said Chief Cooper, of the Songhees tribe, to the committee.

Newspaper Plant Gutted.

Niagara Falls, May 14.—The office of the Niagara Falls Gazette was burned last night. The plant and equipment was valued at $100,000, and the loss was about half that amount.

Cooperage Works Burn

Winnipeg, May 15.—The Stevens Cooperage works in Elmwood were destroyed by fire yesterday afternoon. The loss will total $10 000.

Died of Heart Failure.

St. Louis, Mo., May 15.—J. W. Van Cleaves, former president of the American Manufacturers' association, died today at his home here of heart disease.

Roosevelt Leaves for London.

Berlin, May 15.—Ex-President Roosevelt left here at noon today for London. Herr von Schoen, secretary of foreign affairs, the members of the embassy and many Americans bade the party farewell at the station.

BOILER EXPLOSION KILLS THREE MEN AT CHEWTOWN

Pittsburg, May 15.—A battery of five boilers exploded at the plant of the Diamond Coal and Coke company at Chewtown, Washington county, today, killing three men who were in the boiler house at the time. Six others, including employees and residents in the dozen or more houses nearby, were injured, but none will die.

Pope Writes to King.

Rome, May 15.—The Tribuna says today that the Pope has written to King George V. of England congratulating His Majesty on his demand for a modification of the oath of accession.

WIRE PHOTOS FROM BOSTON TO N. YORK

Hearst Newspapers Test Electrograph System With Pronounced Success.

New York, May 15.—Wire photography had its initial demonstration in this country today, when photographs of prominent men were transmitted by means of the electrograph system from the offices of The Boston American to The New York American and back again.

The tests were pronounced by a committee of well known New Yorkers who gathered in The American offices to be an unqualified success.

The photographs as they came to The American office were received by T. Thorne Baker, the English electrograph inventor, who took charge of the machine at this end of the line. He had a trained assistant at The Boston American office, who sent the photographs over and received those which Baker transmitted.

Prominent Men See Tests.

The committee of New Yorkers who witnessed the tests comprised former Judge E. H. Gary, chairman of the United States Steel executive committee; Henry Clews, of the banking house of Henry Clews & Co.; William G. McAdoo, president of the Hudsons Tunnels company; Frank Hedley, general manager of the Interborough Metropolitan Rapid Transit Co.; Waldemar Kaempfert, representing Charles Allen Munn, publisher of The Scientific American; William J. Hammerer, a consulting engineer; W. O. Wood, president of the New York & Queen County railway; Dr. Hobart, a technichal editor of Collier's; Charles M. Severeym, representing a London scientific publication, and Arthur B. Reeve, of Hampton's magazine.

The demonstration occupied an hour. For the purpose of the tests, two wires were set aside by the American Telegraph and Telephone company. It voluntarily gave over two wires, one to be devoted to the sending and receiving of the photographs and the other to be used for the purpose of establishing direct telephone communication between Baker and his assistant.

The electrograph consists of two machines exactly alike, and it is from the cylinders, resembling those of the phonograph, that the photographs are transmitted. When a picture is sent from one end of the wire the twin machine at the opposite end receives it. It is merely a matter of switching the current by means of levers, to make the machine receive or send a photograph.

It took exactly six minutes for Judge Gary's photograph to go over the wire. The picture when received was six inches square, the tinfoil plate at the Boston end being of like proportions.

The committee was thrilled by the remarkable work of the machine as it traced out the work of the photograph.

As a work of artistic reproduction the photograph was executed superbly. When Judge Gary saw the completed photograph he exclaimed:

"That's an excellent picture. It is a marvelous invention. To have witnessed this demonstration has been a rare privilege. It is one of the wonders of the age."

Pictures Sent to Boston.

Later a photograph of Mr. Munn was sent over the wires from Boston. Afterward Baker's assistant at Boston transmitted a photograph of a young woman, and this was the best of the day's work. Baker then sent the photographs to Boston, and the result was declared to be eminently satisfactory.

Mr. Hobert, who has made a study of wire photography, expressed the opinion that The New York American system, as shown, will be practical in newspaper work when the sending of photographs is desired.

Baker will remain in New York this week working out the system of wire photography. Each day photographs will be transmitted between the offices of The New York American and The Boston American.

Eminent Geologist Arrives.

New York, May 15.—A distinguished visitor to this country is Douglas Mawson, professor geology at the University of Sydney, Australia, who is passing through on his way home. He reached here today on the Lusitania and will sail for Australia from Vancouver in a few days.

TREATY IN 1776 IS READY FOR RATIFICATION

Washington, D.C., May 15.—A treaty for the settlement of claims between Great Britain and the United States, some dating back to 1776, has been approved by Secretary of State Knox and will be put up to the senate for ratification. After that it will go to the British Foreign office.

The treaty provides for four arbitrators and an umpire.

To Regulate Manila Tobacco.

Manila, May 15.—At the request of the Manila Tobacco association the collector of internal revenue has undertaken to regulate the exportation of cigars to the United States. According to the understanding, each shipment must contain high grade tobacco to a proportion of not less than thirty-five per cent.

Real Estate vs. Mortgages

Some of our shrewd clients are beginning to feel that outside property is now nearly as high as it is worth. They say that the old stock exchange axiom is good which says "Sell when everyone wants them; buy when no one wants them." They have figured out that they have done pretty well by real estate and are now buying mortgages. They say that seven to eight per cent. is good for such high class, gilt edged security—in fact there is no security better than a mortgage on improved real estate which has withstood all the scrutiny given morgages which passes through our hands. They feel that with such mortgages they can sleep pretty comfortably—no anxiety as to a possible drop in value.

If real estate has done well for you, or if you are for any reason looking for the greatest security in investment, it will pay you to see us and talk over the matter. Our knowledge is at your disposal without charge. Years of experience and study of financial matters of all kinds fit us to speak with some degree of authority.

NOTICE TO CONTRACTORS.

Tenders for Power House Equipment.

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tender for Power House Equipment," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ont., until 12 o'clock noon of the 25th day of May, 1910, for the equipment necessary for power house in connection with the shops east of Winnipeg, including water tube boilers, mechanical stokers, feed water heaters, engines, generators, air compressors, pumps.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners, Mr. Gordon Grant, at Ottawa, and in the office of the District Engineer of the Commissioners at St. Boniface, Manitoba.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered Bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, for a sum equal to ten per cent (10 p.c.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications, and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada, as security for the due and faithful performance of the contract according to its terms.

The cheque deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.
The Commissioners of the Transcontinental Railway.

Dated at Ottawa, April 27, 1910.
Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

PUSHING CAMPAIGN.

Government Forces Assume the Aggressive in Nicaragua.

Managua, May 15.—It is reported here that General Chavarria, with about 1,000 men, has begun an attack on Ralla. The steamship Venus, with guns and ammunition for the government, has arrived and will proceed to Bluefields with the object of blockading that place.

The government has issued a decree that all Atlantic ports, except Greytown, shall be closed.

THINGS THAT PARIS NEEDS.

Curious Trifles That Are in Demand Among the Wealthy.

Paris, May 15.—One of the reasons why it is expensive to live today is that people buy wholly unnecessary things. The fact is illustrated by a conversation which, as repeated by Le Figaro, took place in a "novelty shop." A reporter went in to look around. A shiny object having attracted his attention he inquired its use.

"Those are gilded pinchers," said the clerk. "They are used to pick up letters you have put on the letter scales."

"That square of morocco, about the size of a nut, what is that for?"

"It's a tampon, used to press down stamps after sticking them on envelopes."

"That shell roller."

"To flatten out the corners of photographs."

"That ornamental box with a whole battery of tiny brushes."

"They are used to clean other brushes; brushes to clean hair brushes; brushes to clean tooth-brushes; brushes to clean nail brushes and so on.

"I see. And those Russian leather tubes?"

"Eye-protectors, to look at colored photograph projections in rooms adjoining lighted rooms."

"That little doll's funnel."

"Oh, that is indispensible to pour perfumes into the vials in travelling cases."

"And that jigmaree of complicated little silver sieves."

"A novelty; it's a cleaner to take off spots of ink on lead pellets."

"Lead pellets?"

"Certainly: the shots you put into those little cups to stick pens in after using them."

"Are there many who use them?"

"No; but they are easy to sell."

TAXES PROMPTLY PAID.

Money in Large Amount Being Received by the Provincial Treasury.

Victoria, May 15.—No better indication of the conditions of general prosperity prevailing throughout British Columbia could possibly be asked for or desired than is found in the readiness with which provincial taxes are this year being paid—even before the expiry of the prompt payment period entitling the contributors to revenue to enjoy the benefit of the twenty-five per cent discount, which this year equalizes the 1910 reductions in taxation. Almost as soon as tax notices were sent this year checks in liquidation began to come in to the assessor's offices. Taxpayers have until the 30th of June in which to secure the discount, yet almost immediate payment upon receipt of the assessment notices has been the policy of numerous large corporations, banks, and large private property owners.

As a result, February's voluntary tax remittances were more than one-third in excess of those of the corresponding month of 1909; those of March last more than doubled those of the last previous March; while April showed an almost equally heavy advance. On present indications the prompt payment of tax receipts this year—and more especially during June—will be far and away the heaviest in any year in British Columbia's history.

Got Dominion Charter.

Ottawa, May 15.—The Vancouver-Prince Rupert Ranching Co., of Vancouver, has been incorporated with a capital of $300,000.

MAIL SERVICE.

Following are the hours of despatch and arrival of mails at the New Westminster postoffice and hour given in each case being the hour of closing which is half an hour, as a rule, before for the actual despatch. All mails unless otherwise stated are despatched and received daily except Sunday. The only mails despatched and received Sunday are the G. N. R. south and C. P. R. east mails, not including way mails, Sapperton, Fraser Mills and Coquitlam.

Mails Despatched.

Not Holding Its Own.

London, May 15.—Speaking at a meeting in Wesleyan hall yesterday in reference to a recent visit to Canada, Sir Robert Perks said he could not help noting that Methodism there is not holding its own. He found the old pioneering method of the Methodist fathers practically abandoned and the Methodist church in Canada had become mere isolated congregations.

TUBERCULOSIS GIVEN AID BY ALARMISTS

Fear Greatest Influence in Promoting Spread of White Plague, Says Idaho Man.

Washington, May 15.—That fear is a greater influence in promoting tuberculosis than all other causes against which the "public health alarmists" are trying to protect the people, was the assertion of Charles W. Miller, of Idaho, who was the principal speaker at the meeting of the Associated Dairymen of the District of Columbia Maryland and Virgina, held here last night. In support of his contention, Mr. Miller said that in his state the death rate from tuberculosis last year gained more than 120 per cent over the previous year under a crusade of the health authorities.

Going into particulars he said that a state lecturer was employed who devoted himself constantly to giving magic lantern exhibitions, depicting the horrors of the great white plague before farmers' institutes and gatherings of teachers and school children.

"People left these exhibitions greatly depressed," said Miller, and with many the depression was turned into terror from perusal of the weekly scare bulletins which the state tuberculosis lecturer furnished the newspapers. The result was that many people were prepared for consumption and readily fell victims to it."

He said he had no doubt that the anti-tuberculosis scare had brought like results in other states. He declares the agitation to be in the interest of a department of public health.

REDUCE GREENBACKS.

United States Considering Smaller Size of Paper Money.

Chicago, May 15.—A special from Washington says: A reduction in the size of the paper money of the United States will be made if Secretary of the Treasury Franklin McVeagh accepts recommendations that will be made to him within a few weeks by a committee of treasury officials appointed to investigate this and other proposed reforms.

The object of the proposed change is to supply the country with a size of currency more convenient for handling and to save the government $500,000 a year in paper and engraving.

The new sized bank note to be recommended is about three-fourths as large as the notes now in circulation. The present rates are of a size that has been the standard for generations.

An experiment of the advantages of the changes has been made with the Philippine Island currency, which is engraved at the treasury. The Philippine bank note is about three fourths the size of the American bank note, and is extremely attractive in appearance.

On account of the smaller size, five instead of four notes can be engraved on a page of currency note paper, and this, in addition to the economy of paper, means a tremendous saving.

EXCELLENT SHOWING MADE BY JAPANESE

London, May 15.—The Japanese exhibition at the White City, Shepherd's Bush, London, was opened to the public yesterday. On account of the national mourning the ceremony planned for the first day was omitted. Although called Japanese-British, this year's exhibition depends for its success almost entirely on the efforts of the Japanese government and big commercial companies of Japan, who are making exhibits showing every phase of Japanese life and customs.

The British war and admiralty departments have interesting exhibits depicting the progress of the "sister services" and in machinery hall there is a big display of textile machinery. British art is also well represented the late King Edward having loaned a number of pictures and other works of art from the royal collection. Otherwise the halls and grounds are given over to Japan and it is said that nothing like the Japanese collections have heretofore been seen outside of Japan.

SPENDING MONEY ON IMPROVING DELTA DYKES

Delta municipality is figuring on spending $40,000 this year in placing the dyke facing on the Gulf of Georgia in permanent repair. A large sum of money has already been expended on this dyke. So far wooden cribbing has been used, but this has been found to be ineffective against the heavy sea that beats in during the winter. It is now proposed to use concrete and crushed rock in building substantial protection to the dyking.

The Provincial government has made a grant of $10,000 towards the work and may give another similar amount, a deputation from Delta waiting on the government last week with this request and receiving a sympathetic hearing.

LORD LONSDALE'S ORDER ENRAGES WHITEHAVEN

Whitehaven, England, May 15.—A storm of protest was raised yesterday when Lord Lonsdale, owner of the Wellington mine, decided that there was no hope of saving 137 entombed miners and ordered the mine sealed by the authorities until the fire dies out. The police had difficulty in restraining the families of the entombed men from attacking the mine owner.

THE COLONIAL POLICY.

Mr. Chiozza Money asks the tariff reformers of Great Britain how they can expect to preach the doctrine that imports are the cause of poverty and unemployment without raising colonial tariff walls against the enormous quantities of British exports which are also colonial imports? There is no delusion more profound, Mr. Money avers than the conception that Protection is a policy making for the cementation of Empire. If there is any truth in Protection at all, it is absolutely necessary for Canada and Australia and India to protect themselves against their chief competitor, the British manufacturer. Evidence is given that in India the Swadeshi (home country) movement has been greatly fostered by British Tariff reformers. The "Bengalee," an Indian organ, has published a sarcastic open letter to Mr. Chamberlain, written by an Indian, in which the writer ironically expressed the deepest admiration of Mr. Chamberlain's proposals and went on: "India has too long been the dumping ground for the cotton goods of Lancashire, the woolen goods of Yorkshire, the iron and steel of the Midlands, the coal of Wales and Durham, the salt of Cheshire, and of the gilt and tinsel goods for which your town of Birmingham is so justly celebrated. We have now resolved to change all that. Henceforward we in India are determined to impose prohibitory import duties on all the above articles irrespective of the country or production." From the honest Protectionist point of view that appears to be unanswerable. The same sort of arguments are made by The Melbourne Age and other Australian newspapers. Great Britain is pictured as the industrial enemy, and where her goods are admitted at minimum rates of duty she sometimes has to bear the allegation, or her merchants do, that false declarations are sometimes made in order to get in goods which are really of foreign origin at the preferential tariff.

According to the Ottawa correspondent of The Manchester Guardian, even Canadian protectionist newspapers are arguing that if the "foreigner pays the duty," the Canadian preference ought to be abolished, in order to obtain a larger contribution for the Canadian revenue from the British exporter! Further, the Canadian pupils of the British Tariff Reform league argue: "If the importation of manufactured goods means so much less employment for the British artisan, why stimulate their importation from Britain into Canada? The Canadian cotton manufacturers demand the abolition of the British preference. The Canadian woolen manufacturers are equally insistent on higher duties against the British woolens and worsteds, whose competition they find it difficult to meet. The Canadian iron and steel manufacturers have also come to the conclusion that the London Tariff Reform league furnishes cogent arguments which Canada ought to put into practice against Great Britain. British manufacturers are the largest iron and steel exporters. If Protection is true, Canada ought to shut out their iron and steel. The Tariff Reform league preaches that or it preaches nothing, and the Canadian iron and steel manufacturers must be forgiven if they are apt pupils. Now that the Canadian iron and steel bounties are ceasing, the Canadian iron men are anxious to shut out the nearly £2,000,000 worth of iron and steel which Canada imports from the United Kingdom." We have not heard much about this for our own part, but if it is true, the London Tariff Reform league cannot complain that it is not logical. Lord Rosebery a while ago asked British Tariff Reformers "What is to be done with the colonial dump?" That question was shirked at the time, but now British Tariff Reformers are acknowledging that, bar wheat, they intend to tax colonial as well as foreign products. Is that likely to make for the unity of the Empire or for much bitterness of colonial feeling? After two generations of free admission of the goods of her colonies, Great Britain is being asked to tax colonial goods by people who give out that it is their belief that import duties fall upon the oversea exporter. That is to say, it is the deliberate purpose of the Tory party to "Tax the Colonist!"

ALEXANRRA.

"The old order changeth, giving place to the new." Few Britons of the present generation remember that happy day in the year 1863 when the young Prince of Wales and his royal bride were so enthusiastically welcomeed home. What a contrast in the sound of the guns and the tone of the bells today The bridegroom is dust; the bride is a widow; the royal palace, so long cheered by the radiant presence of its head, is a house of mourning There are tragedies in the lives of all. It is a trite saying that death is no respector of persons. It is not the first time that the Queen Mother has been called upon to pass through the valley of the shadow, to weep for some whose lives were dearer to her than her own Yet withal and to all outward appearance Time has dealt with Alexandra very gently. Our readers doubtless remember the beautiful tribute paid her by a great American, Mark Twain, two years ago, when the American humorist, now passed to his rest paid his last visit to England. The dead sovereign and the author were brought very close together on that occasion and we may be sure His Majesty appreciated the delicate compliment laid at the feet of his queen by a foreigner and a republican who "believed in none of these things." A greater than Mark Twain also did homage to Britain's Queen Mother, but under what different circumstances to those which prevail today. It is not necessary to name the author of on the occasion which called for the following verses:

Sea-King's daughter from over the sea,
Alexandra.
Saxon and Norman and Dane are we,
But all of us Danes in our welcome of thee,
Alexandra!
Welcome her, thunders of fort and fleet!
Welcome her, thundering cheer of the street!
Welcome her, all things youthful and sweet,
Scatter the blossoms under her feet!
Break, happy land, into earlier flowers!
Make music, O birds, in the new budded bowers!
Blazon your mottoes of blessing and prayer!
Welcome her, welcome her, all that is ours!
Warble, O bugle, and trumpet, blare!
Flags, flutter out upon turrets and towers!
Flames, on the windy headland flare!
Utter your jubilee, steeple and spire!
Clash, ye bells, in the merry March air!
Flash, ye cities, in rivers of fire!
Rush to the roof, sudden rocket, and higher.
Melt into stars for the land's desire!
Roll and rejoice, jubilant voice,
Roll as a ground swell dashed on the strand,
Roar as the sea when he welcomes the land,
And welcome her, welcome the land's desire,
The Sea-King's daughter as happy as fair,
Blissful bride of a blissful heir,
Bride to the heir of the kings of the sea—
O joy to the people and joy to the throne,
Come to us, love us, and make us your own:
For Saxon or Dane or Norman we,
Teuton or Celt, or whatever we be,
We are each all Dane in our welcome of thee,
Alexandra!
—Victoria Times.

AERIAL RECORD.

Belgian Hovers Around Clouds for Nearly Three Hours.

Mourmelon, France, May 15.—Daniel Kinet, the Belgian aviator, today broke the world's record for an aeroplane flight was a passenger, remaining in the air for two hours and fifty-one minutes.

At Chalons-sur-Marne on April 8 Kinet made a flight, with a passenger, or two hours and twenty minutes. Previous to that Orville Wright held the record, having remained in the air at Berlin last September with a passenger for almost two hours.

Prays for Muckrakers.

Washington, May 15.—The Rev. Henry N. Couden, blind chaplain of the house of representatives, today prayed for divine guidance to lead the muckrakers to "rake before their own doors before attending to the litter in front of their neighbors' homes."

J. H. TODD'S MUSIC HOUSE

Columbia St. New Westminster

City of New Westminster

New Westminster, B. C.
May 14, 1910.

To the Citizens of New Westminster:

Whereas it has been the will of Almighty God to call from amongst his people, His Majesty King Edward VII., whose memory is revered by all his subjects throughout the Empire and whose sterling qualities have been so recognized by all the nations of the world that are participating in our national sorrow:

It is meet and proper that this Royal City, whose name was bestowed by our late Sovereign's lamented mother, Queen Victoria, should pay special reverence to his memory on the day of his obsequies.

I therefore request all citizens to join in the public memorial service in Queen's park on Friday, the twentieth day of May, 1910, at 3:30 o'clock in the afternoon.

In so far as possible, I would also request all persons to wear some emblem of mourning.

JOHN A. LEE,
Mayor.

THE T. H. SMITH Co. LIMITED

HUNDREDS OF YARDS OF LACE

At 5c per Yard.

Cotton and Linen Torchons, Cluny Lace and Pilow Lace in a large variety of designs and widths varying from 1 to 4 inches. SPORTING NEWS

...N'S IMMIGRANTS TRIM SALMON BELLIES

...st Exhibition Lacrosse Game Goes to Terminal City by Decisive Majority

...e first lacrosse game of the sea... went unreservedly to Vancouver Saturday. Though Halley's comet ...oubt had a lot to do with the re... there is no getting away from the ... that the Vancouver men played ...r lacrosse. It was the defence ... did it. Time after time the Sal... Bellies would carry the ball down ...e charmed circle held by the Van... ...er defence, and time after time ... all attempts to bore frustrated. ...th and Howard were right there ...e time. When Wintemute or one ...e Rennies would bring the ball ...e Vancouver end, the terminal ...layers would cover their checks ...t were balance day and the feed... ...most always found that he had ...e to feed to.

Passing Was Weak.

...e Westminster forwards played ...ong game but their passing was ... weak. In trying swift passes in ... of the goal, the ball often went ... and fell into a Vancouver stick. ...e Westminster defence was ...g but the Vancouver home men ...d more accuracy in their pass... ...nd more agility in getting away ... their checks than did the Salmon ...s. Hughie Gifford did well in ... considering it was the first time ...as appeared in senior company. ...topped a wad of them and was ...d upon to do more work than Gib... The Vancouver goal played a ...did game all through the match, ...two goals, he did allow, being ...n hard at a range of only a few

All First to Vancouver.

...e first quarter was all Vancouver ...r the first few minutes. Pat ...ey took the first shot at the goal, ... after that the game was fairly ... for ten minutes or so. Ravey ...lly took a chance on a long shot, ... first one attempted by the Van...ver men, and it took. In a mix up ...inute after this W. Turnbull fell. ...ome manner he got a bad hit in the ... which caused him a lot of trouble ... at the end of half time he had to ...e, Latham taking his place. Bones ...n had the honor of being the first ... sent to the fence. He swung ... weapon too hard and was handed ...ve minute rest. George Rennie ... went off in the first quarter and ...ey scored while he was absent. ...n the second quarter Rennie's ...e expired and he came on the field ... a whirlwind a minute after time ... been called. There was a rough ...up in centre field and then George ... away with the ball, going through, ... and over the Vancouver defence ... making a magnificent score.

Westminster Wakes Up.

...fter this New Westminster went to ... For a few minutes the Vancouver ...nce had several attacks of nerves. ...re were many anxious moments, ... Howard and Griffith played the ...e, effectually blocking all attempts ...score.

...lay was suspended for a few min...s, while Pat Feeney recovered ...m a cramp.

...When Pat got up things started to ... again, and George Rennie was ...n wandering around the outside ... the defence looking for a man to ...ow the ball to. West checked him ...d Rennie went down. West used his ...nds and stick and held Rennie for ...veral seconds, but the referee miss... ... it. Vancouver's ball. After a ...ick rush Garvey passed to Murray, ...o scored neatly.

Some Penalties.

...When play resumed Murray was ...maged in a rough melee and play ...pped for a few minutes. He was ... on the head a couple of times. This ...idently did not please Murray, for ...en he recovered he started in with ... much blood in his eye that the ...feree gave him a ten minute time ...rd. A minute after Tom Gifford ...t on the ball and was given five ...inutes.

...With the star defence man off the ...lmon Bellies thought it well to take ...e play to the Vancouver end of the ...eld. In a struggle behind the goal ...ibbons took the ball in his hands and ...rew it about fifty yards. A minute ...ter on a neat pass from Wintemute, ...rumpy Spring scored New Westmin...ter's last tally. The ball went up and ...own the field for the rest of the ...uarter, with New Westminster forc...ng the pace and trying frequent shots. ...The New Westminster goal was not ...n danger.

...The round ended with the score ...hree-two in favor of Vancouver, but ...with New Westminster coming strong ...and the supporters getting enthusias...tic.

...During this quarter Goal Umpire A. ...E. Kellington did not get close enough ...behind the nets and got a hot shot on ...the jaw.

Vancouver Happy? Sure.

...The third quarter, generally regard...d as the lucky one for the Cup Hold...ers had only progressed 21 seconds, ...when Murray scored. The Vancou...ver fans acted foolish. The Vancou...ver men did not try to force the pace. ...They would not rush the goal and ...took their time soldiering around the ...field. New Westminster made several ...tries, but could not tally. Clarkson ...made a nice run the length of the ...field, passed to Ravey, who scored ...the last counter of the game, Van...couver 5, Westminster 2.

...In the last quarter neither team ...was dangerous. Only once did there ...seem any chance of New Westminster ...scoring, and Latham made a beautiful ...shot. It was the prettiest shot made ...in the game, but Gibbons saw it com... ing and anything that that boy saw, he impounded. The quarter was very even, with Vancouver loafing and the energy of New Westminster flagging as her chances of retrieving the day kept growing dimmer. The whistle blew with Vancouver in possession of the ball.

Classy Games Assured.

The game showed that the Cup Holders will have worthy rivals here this year. With a little more practice in goal and the defence working in better shape, there is no doubt that the Vancouver home men can be held down more effectually. They have no

(Continued on Page Seven).

MAPLE LEAFS DEFEAT ALERTS BY TIMELY HITS

Dark Horses Send Alerts to Bottom of the League but Have to Work for It.

The Alerts lost the second game of the city baseball league on Saturday, when the Maple Leafs trimmed them by a score of 9 to 5. The game was interesting all the way through and the best game that has been seen here this season was put on.

At the end of the seventh inning the score stood four all, and the excitement was intense. In the eighth the Maple Leafs romped home with three and the chances of the Alerts took a fatal slump. In the ninth the Alerts bagged one, but the Maple Leafs doubled on them, bringing in two.

Brennan made a clean home run, the first of the season. The score:

Maple Leafs	0	2	0	2	0	0	0	3	2	—9
Alerts	1	0	3	0	0	0	0	0	1	—5

The Teams:

Maple Leafs — Catcher, Smith; pitcher, Silver! first, Brennan; second, Roach; short, Simpson; third, Hansford; left field, Dignan; centre field, Hansford; right field, Fletcher.

Alerts—Catcher, Brown; pitcher, Poupore; first, Reilly; second, Mathers; short stop, Fitzgerald; third, Youill; left field, Peck; centre field, Wilkie; right field, Green.

Umpire—Anderson.

Standing of City League.

	Won	Lost	Pct.
Maple Leafs	1	0	1000
Balmorals	1	0	1000
Alerts	0	2	.000

JEFFRIES ENTERTAINS.

Bix Bear Boxes Four Fast Rounds, Then Degusts Chicken.

Ben Lomond, Cal., May 15.—Jeffries delighted a crowd of camp visitors this morning by four good fast rounds with Bob Armstrong. He did five miles on the road in the morning under a hot sun. After completing his work yesterday Jeffries devoted the evening to pleasure. He entertained his friends at a chicken dinner and later in the evening was one of a party that went to a dance in Ben Lomond.

Ball Team for Kamloops.

Kamloops, May 15.—At a well attended meeting of baseball enthusiasts last evening a club was formed, officers elected and plans for the season discussed. The lack of proper grounds for practice is likely to be overcome by steps being taken toward leveling and getting into better shape the park site recently acquired by the city at the rear of the power house, and pending further information the formation of a city league in addition to the senior team will be decided later. The officers elected include: President, H. M. Vasey; first vice-president, J. L. Brown; second vice-president, Thomas Bulman; manager, Dr. A. E. H. Bennett; secretary treasurer, J. McGuire; executive, Joseph McKinnon, James Munn and Dr. Harvey.

Henry Woodruff in "The Prince of Tonight." Opera House, Wed., May 18.

JOHNSON'S FAST BOXING PLEASES HIS FOLLOWERS

Heavyweight Champion Appears to Be in First Class Condition— Many Watch Negro Handle Himself.

San Francisco, May 15.—Jack Johnson did his first gymnasium training this afternoon, and any suspicions as to the condition of the colored heavyweight were entirely dispelled by the way which he went through his work. Before a crowd of about 2,000 persons Johnson went through the ordinary routine exercise and wound up by boxing eight full three minute rounds. The negro was pleased with himself and remarked to his friends that he is better than he imagined.

Veteran followers of the game had their eyes opened at the way Johnson tackled the work ahead of him. In every department of boxing he showed himself a master.

It was announced this afternoon by Rickard that the second conference looking toward the selection of a referee will be held tomororw at Johnson's training quarters. As yet no settlement is in sight.

Additional Locals

The women's auxiliary of the Royal Columbian hospital will hold its regular monthly meeting this afternoon in the board of trade room in the city hall.

See J. A. Motherwell for Fire, Accident and Automobile Insurance. Room 4, Merchants Bank Building. Phone 591. **

The election of officers of the International Typographical union, and of Local Union No. 632, will take place on Wednesday. There is a contest for every office in both unions.

I'm never settled; move, move, move, all the time. I'm in the baggage and transfer business and move that you give me some of your business. William Medley, Phone 664, day; 421, night. **

The Bohemian Cafe will in future be open all night. Special arrangements for private parties. **

Right Worthy County Master R. A. Stoney went up to Hammond on Saturday to pay a fraternal visit to Hammond Ladge No. 1866, L. O. L., returning to the city yesterday evening.

For spring plants or cut flowers, phone Davies' Greenhouse, R208. **

The funeral of A. Routhier, a C.P.R. employee who was killed on C.P.R. construction work on Friday afternoon, took place at Mission yesterday afternoon, when a large number of members of fraternal organizations to which deceased belong turned out to follow the remains to their last resting place.

Carrie Nation, she of hatchet and jail fame, is on a lecture tour of the Pacific coast, being in Seattle at the present time thundering against the demon Rum. In all probability the doughty little champion of temperance and prohibition will cross the boundary line and deliver a lecture in Vancouver, but there does not seem to be much hope of seeing Mrs. Nation in this city, as no communication with this end in view has been exchanged between local officers of the W.C.T.U. and the unchallenged champion saloon smasher of the world.

GOLF MEN MAKE PROGRESS IN FORMATION OF CLUB

The quiet movement started a short time ago to establish a gold club in the city is gradually becoming stronger. The men interested in the scheme now have a site in view and in a day or two a few of the prime movers of the project are going to look it over. It has been hard to find a site entirely suitable, but it is thought that the one under consideration at present will be excellent. The exact location is not being made known yet as arrangements with the owner have not been completed, but it is within easy distance of New Westminster.

Lacrosse at Mission.

The Port Hammond lacrosse team are asking a game with Mission on May 24. It is altogether likely a game will be arranged, provided the Hammond boys come to Mission City on that day.

MONUMENTAL WORKS.

B. C. MONUMENTAL WORKS, JAS. McKay, manufacturer and importer of monumental tombstones, building stone, etc. Satisfaction guaranteed. Columbia street, New Westminster.

HUMBLE FINANCIERS GET FORTUNES FROM RUBBER

Madness for This Particular Kind of Stock Gives Some Wierd Results in London.

London, May 15.—"If you please, sir, I wish to resign," said a 19-year-old messenger boy to a city merchant last pay day.

"But why?" asked the merchant. "We are satisfied with you and will pay you $8 a week instead of $6 if you like."

Then the lad told his tale. He had saved a little money in the last few years. The rubber boom came along this winter and at last, aided by the American demand, prices had been boosted till he had scooped in $95,000.

That is only one of London's latest instances of leaping to riches. Here are some other cases told by brokers handling modest rubber investments. A widow who was left with $3,500, placed it all in the hands of a broker friend, who has increased it to $40,000 since last November. A city clerk, who less than a year ago was content with a berth at under $10 a week, went in for rubber shares, and is now installed in a suburban shop, having got a business with his profits.

Stranger still is the case of a suburban builder. Two years ago this man failed in business and, broken in health and spirits, emigrated to South America. While abroad he saw the possibilities in rubber estates, and secured some important concessions. Within the past few weeks he has been paid $250,000 for these by two new syndicates, and he is now richer than at any previous period in his life.

The impression is abroad that rubber scrip has only to be secured for one's fortune to be made. The shares in one new company were being dealt in on the exchange the same day they were issued, at 60 per cent premium. Even the shares in a company which has only obtained a permit to rove in a certain territory looking for wild rubber, have been largely oversubscribed, though the syndicate cannot call an acre of ground its own.

LOCAL OPTION.

Individual Leagues Will Try to Enforce Scott Act.

Local option in various cities, towns and districts of British Columbia will now be sought by the Local Option League of the province under the terms and provisions of the Canada Temperance Act, better known as the "Scott Act." Announcement to this effect was made yesterday from the office of the league in Vancouver on instructions from Rev. Dr. Spencer, superintendent of the league, who is now in the interior on a business trip.

At the recently prorogued session of parliament, Hon. Charles Murphy introduced an amendment to the Canada Temperance Act which brought the measure into conformity with various district boundary definition acts of the legislature of British Columbia and the act may now be given full effect in this province. The announcement made by Rev. Dr. Spencer is as follows:

"In response to the request of Dr. Spencer on behalf of the British Columbia Local Option league the federal government has passed an amendment which makes the Canada Temperance Act apply to British Columbia. What the temperance people could not get from the Provincial government under the conditions imposed at the plebiscite they have now obtained from Ottawa, and will shortly decide which cities, towns and districts will make the first test."

LAURIER WILL REACH COAST EARLY IN AUGUST

Ottawa, May 15.—Sir Wilfrid Laurier, accompanied by Hon. George P. Graham, E. M. Macdonald M.P., and Fred Pardee, M.P., will leave Ottawa about July 7 for a sixty days political tour of Western Canada. They will reach the Pacific coast about the first week in August and will address meetings in Vancouver, Victoria and Prince Rupert.

Hon. L. P. Brodeur returned to Ottawa this morning, after four months absence, and resumed charge of his department. Mr. Brodeur is greatly improved in health and is now steadily gaining strength.

LIVE STOCK FOR HIS RANCH.

C. W. Meechard Procures Pedigree Stock for Crescent Valley.

Nelson, May 15.—A carload of fine live stock, half of which is pedigree, was brought from the coast on Wednesday night by Charles N. Meechard, destined for his cattle ranch at Crescent Valley. Most of the stock is from Ladner, and all of it is from the Delta.

The shipment includes two pedigree brood mares. One of these mares was purchased from Alex Davie, of Ladner, took first and grand championship prizes at Victoria, first at New Westminster, and first at Ladner last fall. The other mare was from the ranch of Lieutenant-Governor Patterson. The remainder of the shipments consists of Holstein cattle, being prize-winning stock, a pedigree bull being included.

DEFEAT SUDANESE.

French Punitive Column Severely Punishes Natives.

Paris, May 15.—A despatch to the minister of colonies from Monvo Wadaick, Central Sulan, reports that a French punitive column, numbering 200, encountered and dispersed the enemy at Agredah.

The natives abandoned the 100 dead including eight chiefs, and three flags. The French had twelve men wounded.

LIVED THREE DAYS ON DRIED MOOSE MEAT

Trader Makes Trying Trip Overland from Fort Vermilion to Whitefish Lake.

Edmonton, May 15.—S. H. Coward, manager of the northern trading department for Revillon Bros., returned on Wednesday evening from a trip to the north country. He left Edmonton on February 12, and proceeded to Fort Vermillion, 700 miles north of Edmonton. The trip down the Peace river on the ice from Peace River Crossing, a distance of 300 miles, occupied 15 days. The snow was deep and the weather stormy. It was so difficult to make progress that it became necessary to abandon the bob sleighs and to resort to flat runners. Dogs would not have done better, for the deep snow would have retarded their progress equally as much as the horses.

Got to Wolverine Point.

Before Mr. Coward had finished his business at Fort Vermillion the ice in the river became very dangerous for traffic, and by the time he was ready to start on the return trip it was on the point of breaking up. By travelling fast his party were able to reach Wolverine Point, which is 90 miles up the river from Fort Vermillion. Here they had to leave the ice, and it was decided to cross the country to Whitefish lake and thence to Lesser Slave lake.

A Guide Part Way.

An Indian at Wolverine Point piloted the party part of the way to Whitefish lake and from there they proceeded without a guide, following the old pack trails used years ago by Indians. They knew the general direction of the lake, but apart from that had no other means of knowing whether they were on the right trail or not, except for that inexplicable sixth sense which is possessed by trappers and men who have lived in the forest.

Had to Cut Trail.

The old trails were in bad shape. Fallen timber had to be cleared and maskegs crossed. Fortunately although the maskegs were melting out, the sun had not had sufficient time to reach any great depth and consequently there was a good bottom to all the muskegs which had to be negotiated. Later on in the year the trail would have been an impossible one.

Run Out of Grub.

It took thirteen days to make the 250 miles from Wolverine Point to Whitefish lake and for three of these days the party lived on dried moose meat. They had nothing else. They had used all the flour they had packed, and they were in a bad way six days out from Wolverine Point when they reached Fish lake, where an Indian supplied them with enough dried moose meat to carry them through.

Food for a King.

Two days and a half out of Whitefish lake at Prairie lake they met another Indian, who had some flour, and here they had the luxury of a bit of bannock. At Whitefish lake, which they reached on the third day from Prairie lake, they got some grub that to hungry men was food for a king. The 45 miles to Lesser Slave lake was not a hard trip, for between the two lakes there is a fairly passable road.

Five in the Party.

There were five men in Mr. Coward's party. They were J. McLellan, a surveyor with A. M. Ponton, who is extending the fifth meridian to the Arctic Circle, and whose party is now working north of Fort Vermillion; Lou Hislop, who is employed at Revillon Bros. at Lesser Slave lake; Joseph Lefieur, mail carrier between Fort Vermillion and Peace River Crossing, and a half-breed.

From Grouard to Edmonton.

At Lesser Slave lake McLellan came right through to Edmonton and Lefleur, the mail carrier, went back over the 80 miles portage to Peace River Crossing, the remainder of the party remaining at Lesser Slave lake. Three weeks later Mr. Coward started for Edmonton. He came over the ice in Lesser Slave lake to the east end. From there he came down the Little Slave river and the Athabasca. Capt. Barber, of the Northern Transportation company, took him through the rapids on the Little Slave, and from Mirror Landing at the mouth of the Little Slave, he came down the Athabasca in a scow. The seventy mile trip took two days. Head winds were responsible for the delay.

Fierce Fires on Athabasca.

Mr. Coward found things in their natural mid-winter quietness in the north. At Fort Vermillion he was informed that the settlers had produced more grain than they could market, and in consequence they were dependent on the two companies, Revillon and Hudson's Bay, in the matter of taking what was offered.

On the way down the Athabasca river he ran past fierce bush fires which are raging on the south side of the river, 40 miles up from Athabasca Landing. Several settlers' huts have been destroyed, and great quantities of timber is being wiped out. Rain is much needed in the country.

Give Women Votes.

Christiania, Norway, May 15.—By a great majority the Odelsting has voted to grant universal municipal suffrage to women over twenty-five years of age. The new legislation will become effective at the next elections and will increase the present women electors from 270,000 to 500,000.

New Gold Find in North.

Victoria, May 15.—Rich placer mines have been found in Northern British Columbia near the headwaters of Taku Inlet, and miners are taking out five cents to a pan. Jack Hyland, a trader, who arrived from Telegraph Creek today, brough authentic news of this find.

MARTIAL LAW PROCLAIMED THROUGHOUT ARGENTINA

Buenos Ayres, May 15.—The chamber of deputies yesterday voted a proclamation of martial law throughout the republic owing to threats of a general strike during the centenary celebration of Argentina's independence.

The opening of the celebration is fixed for May 25.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy of the Minister of the Interior.

FAVORS EXPOSITIONS FOR PANAMA OPENING

Taft Declares More Than One City Should Celebrate Completion of Canal.

Washington, May 15.—President W. H. Taft, who entertained the California delegation committee that is beblooming a Panama Canal exposition at dinner at the White House last night, declared he could see no reason why a double celebration of the completion of the Panama Canal should not be held in this country in 1915.

A celebration at San Francisco, on the Pacific coast, and a celebration at some designated point on the Atlantic coast is the President's idea.

The President authorized the exposition committee to make public his views expressed to them. He said he believed it was fitting the canal completion should be celebrated and "that the nations of the world should be invited to join with the United States in holding the celebration."

"From present indications," the President continued, "the canal will be completed by 1915; therefore the time for preparation is not too long and congress should act at once in the selection of the city or cities where such celebrations should be held."

The Californians cheered the President when he said that if Congress should decide but one celebration be held, "then unreservedly I say San Francisco is the logical place and should be chosen."

Con's Immigrants Trim Salmon Bellies

(Continued from Page Five.)

one like Newsy Lalonde, and though there are some pretty fair men on the home, there are none of the kind that play rag with the New Westminster defence. Time after time Tom Gifford stopped Ravey's passes at close range, but it could be seen that the big point has not yet settled down to his usual form of lacrosse. Jim Gifford had more trouble with Bones Allen, but the famous Vancouver homer never passed him.

The Vancouver defence on Saturday was a dandy. As soon as the Salmon Bellies would bring the ball past centre field, the Vancouver defence would close up like a folding ruler and what had looked like a good chance before would seem almost hopeless. Whenever the ball did get past Howard and Griffith, Gibbons of the reliable eye was present with the sails set.

There was no serious rough work and Referee Ditchburn gave good satisfaction.

Mayor Taylor Cheered.

The ball was faced off by Mayor Taylor, who had to have a little fun out of it after spending his good money on medals for the winners. After the game he gathered himself and the players together in the dressing room and provoked three hearty cheers. Manager Welsh also came in for some applause.

One of the pleasing features of the game was that it was only exhibition.

The Score.

Vancouver, 5; Westminster, 2.

The Teams.

VANCOUVER.		WESTMINSTER.
Gibbons	Goal	H. Gifford
Griffith	Point	T. Gifford

Effect on New Westminster team—Surprise.

Effect on Vancouver fans—Delight.

Effect on New Westminster fans—Curiosity.

Effect on Hugh Gifford—Professionalism.

Effect on Vancouver sport writers—Writer's cramp.

Effect on Halley's comet—Not estimated yet.

Effect on Minto Cup—None.

Effect on spectator—One dollar.

Effect on Jeffries-Johnson fight—Complicated.

Effect on profanity in New Westminster—Awful.

CANADA'S FAVORS ARE SOUGHT BY UNITED STATES

Republic Is Now a Suppliant for Tariff Concessions From Dominion —Ottawa Officials Approached.

Washington, May 15.—The United States government has already taken steps looking to the negotiation of a trade treaty with Canada. It was officially announced yesterday that last Thursday the secretary of state sent a communication to the British ambassador here transmitting to the Canadian government the formal proposal of the United States that tariff negotiations between the two countries be initiated at the earliest time convenient and agreeable to the Dominion government.

It is assured that this communication was at once forwarded to the Ottawa government and that there will be no unnecessary delay in forwarding a reply.

The state department officials here have no doubt that Canada will accept the proposal of the United States government, but upon what lines the negotiations will proceed so far as the Washington government is concerned has not yet been determined.

There is no doubt, however, that the United States will strenuously insist upon a more favorable treatment of woodpulp and pulpwood coming into the United States.

PRINCE OF TONIGHT.

"The Prince of Tonight" is the latest of musical plays from the Princess Theatre company Chicago, where it ran for over 200 nights. It will be seen at the Opera house on Wednesday.

The cast is headed by Henry Woodruff, who has been recognized as one of America's leading actors for years. Mr. Woodruff plays the part of a poor college boy who is spurned by a rich heiress on account of his social position. Through the blooming of a century plant, he is transformed into a prince, and everything ends well. The book and lyrics are by Adam Hough and the music by Joseph Howard. Among the song hits are, "I wonder Who's Kissing Her Now," "You're a Dear Old World After All," "Her Eyes Are Blue for Yale" and many others. Over sixty people are carried and the famous beauty chorus that has caused so much comment over the country will be seen. The curtain rises sharp at eight o'clock.

SEATTLE INVADED BY CARRIE HATCHET NATION

Seattle, May 15.—Carrie A. Nation, of Kansas, of hatchet fame, sworn enemy of the liquor traffic, tobacco, and secret societies of all kinds, arrived in Seattle tonight on her first visit to the state of Washington.

The first thing Mrs. Nation did, after settling herself in her room, was to go to the Oregon and Washington railroad freight station and get 390 pounds of freight. She sells hatchets for the benefit of the temperance cause.

NOTICE.

Take notice that I, Grace Cruickshank, of Matsqui, B. C., farmer's wife, intend to apply to the Commissioner of Lands and Works, Victoria, for a license to prospect for coal and petroleum on and under the following described lands:

Commencing at a post marked Grace Cruickshank's, on N. E. corner set of the Section line between Section 28 and 29, Tp. 16, New Westminster District, about 10 chains north of the S. E. corner of Section 29; thence south one mile; then west one mile; then north one mile; then east one mile to the point of commencement; 640 acres.

GRACE CRUICKSHANK,

Matsqui, April 18, 1910.

PUBLIC MEETING.

In response to a numerously signed petition of ratepayers protesting against the delays in the completion the improvements on Columbia street, I hereby call a public meeting, to be held in the City Hall on Wednesday, the 18th inst., at 8 p. m.

JOHN A. LEE, Mayor.

Mayor's Office, May 11, 1910.

CITY NEWS

Benjamin French, an old man living on Fifth avenue between Ninth and Tenth streets, died yesterday morning. He was eighty-four years of age and had come from Bay Roberts, Newfoundland, a few years ago. Some of his sons have been in this country for some time and he came out to live with them. The funeral will take place on Tuesday to the Odd Fellows' cemetery.

Until further notice the Bank of Montreal, New Westminster, will be open for business Saturday evenings from 7 to 9 o'clock. **

Panama hats cleaned, and blocked. Phone R 278, Royal City Cleaners and Dyers. **

W. H. Handcock, a well known old timer and former alderman of this city, quietly celebrated the fortieth anniversary of his arrival in New Westminster on Saturday, he having first set foot here on May 14, 1870. Mr. Handcock came here from Port Douglas, where he spent about ten years with his uncle, one of the pioneers of the place. Altogether, the ex-alderman has been a resident of British Columbia for nearly fifty-two years.

The proper place to dine is at the Bohemian Cafe, Depot Hotel block. The best of everything. **

See J. A. Motherwell for Fire, Accident and Automobile Insurance. Room 4, Merchants Bank Building. Phone 591. **

In reply to the telegram of condolence sent to King George V. by the joint lodges of the Sons of England of Vancouver and New Westminster, the following cable has been received by W. Towler, district deputy: "The king sincerely thanks the united lodges of the Sons of England of New Westminster and Vancouver for their kind sympathy." The message is signed by the king's private secretary.

See J. A. Motherwell for Fire, Accident and Automobile Insurance. Room 4, Merchants Bank Building. Phone 591. **

The Canadian Bank of Commerce beg to announce that for the convenience of their customers they will in future be open for business from seven till nine on Saturday evenings. **

Harry Tidy, the florist, will keep his store open this evening and tomorrow night until nine o'clock for the benefit of those who wish to reserve seats for "The Prince of Tonight," which plays here Wednesday evening.

I love my pipe, but, "Oh! You Solo Special" cigar. **

The Oliver Typewriter Agency at 746 Columbia street is being constantly asked for stenographers. You can learn the Oliver at home. Seventeen cents a day pays for it. See Holton E. Sands and ask him to tell you all about it. **

The time for receiving competitive designs for the laying out of the grounds at the Asylum farm has been extended. June 6 is now the last date on which the plans may be submitted.

Have that cup of "Tea" at the "Royal." We are now in our new place, a nice, quiet cool place to have Ice Cream and Cake. All our Fresh Crushed Fruits are in. Step in on your way down town today. The Royal Cafe. **

See J. A. Motherwell for Fire, Accident and Automobile Insurance. Room 4, Merchants Bank Building. Phone 591. **

Dr. Pidgeon, of Westminster hall, Vancouver, will give a lecture on "Impressions of Canada" on Tuesday in the schoolroom of the West End Presbyterian church. A musical program will also be provided.

The Eagles will hold a memorial service in their hall on Sunday, May 22, in memory of those of their order who have died recently. Rev. J. S. Henderson will deliver an address.

The Northern Crown Bank beg to announce that they will be open on Saturday evenings from 7 till 9 o'clock. **

Life to me is just like a game of checkers—when you move I move. William Medley. Baggage, Express and Transferring. Phone 664, day; 421, night. **

Jessie Maclachlan will sing in the opera house here on May 25. The concert is being given under the auspices of the Sons of Scotland.

Anything in our line 10 to 20 per cent. saved for you. Fales. **

Under the auspices of the Native Sons of B. C., Post No. 4, the Juvenile Bostonians will appear here the night of May 24.

A Seasonable Appetizing Lunch for business men is provided at the "Royal Cafe" at exceedingly reasonable prices. Quick and first class service. Come and bring a friend. Main floor Dominion Trust block. **

The council meeting tonight will probably be a lengthy affair. There was little done at the regular meeting last week on account of the king's death and all last week's business will come up tonight.

A payment of $25 procures a lot in South Westminster from Hale Bros. & Kennedy, Ltd. These lots are in great demand. **

The Epsom, which is loading lumber at the Fraser mills, is expected to leave tomorrow morning.

The Bank of Toronto beg to announce that they will be open for business on Saturday evenings from 7 until 9 o'clock. **

ALL TRIMMED HATS

On The Table

AT REDUCED PRICES

An announcemnt of extreme importance to women who have not yet purchased their spring hat. Fifty of as pretty and stylish hats as are to be seen in any millinery showroom and the first lowering of prices takes place this week. Our millinery is foremost in showing new styles. You will see among these 50 hats novel ideas and arrangements having their origin in far-away fashion centres. Many special styles suitable for outing occasions as well as dress functions.

White and Colored Wash Skirts

$1.50 Each.

Women's white linen, duck and navy and white and black and white spotted duck wash skirts. Made in good full gored styles trimmed with flat strapping; a few styles made with groups of pleats; all sizes, including special outsizes in the darker skirts. Regular values, $1.50 to $2.25. Special this week, each $1.50

Unequaled Values in White Shirt Waists

$1.00 Each.

Two reasons for the special value noticeable in the lines of waists at this price. One is that a large number are last season's styles reduced in price from $1.50 and $1.75 to $1.00 and the other that we offer a specially tailored waist of high quality usually $1.25. We put both lines together this week at each, ... $1.00

A Timely Offering of Spring Dress Fabrics

50c per Yard.

Some 30 ends of Venetian homespuns, Panamas, fancy stripes, checks, plain cloths, mohairs, etc., in light and dark colors; 44 to 54 inch widths. All wool and popular shades; lengths run from 5 to 11 yards. These few odd pieces, regular values 65c to $1.25, to clear, per yard 50c

New Showing of Lisle Gloves

35c, 50c and 60c per Pair.

A delayed shipment of spring gloves to hand Saturday. A shortage of gloves in our glove department of these very lines has caused us no little inconvenience. We are indeed pleased to announce their arrival. Our customers will be pleased at the values. Colors are navy, tan, grey, mode, cream and white and black. Sizes 6 to 7½; outsize black 7 to 8½. Special showing this week.

Small Children's Aprons

25c Each.

You will be genuinely surprised at the value of these white aprons. They are made of white lawn and head of insertion around yoke; also lace trimmings. Sizes 1 to 4 years. Each 25c

W. S. COLLISTER & CO.

THE STORE FOR WOMEN'S WEAR.

THE MERCHANTS BANK OF CANADA

Head Office: Montreal, Quebec.

Established, 1864

Capital Paid Up,---$6,000,000
Reserve Funds---$4,600,000
Total Assets (over) $66,000,000
