OTTAWA DOUBLES SCORE ON EDMONTON

Stanley Cup Challengers Lag After First Half—Result: Ottawa 8, Edmonton 4.

Ottawa, Jan. 18.—Ottawa doubled the score of the Edmonton challengers for the Stanley Cup tonight, the result at the end of the first game of the series played here being 8 to 4 in favor of the champions.

For the first half the Westerners made a good showing, but the heavy ice told on them and they faded in the last period of play.

Ottawas were without the services of their star right wing, Kerr, who was replaced by Roberts, of the second team.

Ross was about the most conspicuous man on the Edmonton team.

The half time score was 5 to 4 for Ottawa.

The teams and officials were:

Ottawa—Goal, Lesueur; point, Lake; cover, Shore; rover, Stuart; centre, Walsh; right wing, Ridpath; left wing, Roberts.

Edmonton—Goal, Winchester; point, Field; cover, Ross; rover, Whitcroft; centre, Deeton; right wing, Millar; left wing, Boulton.

Referees—Russell Bowie and Duncan Campbell.

TOLERATE THRILLING TERPSICHOREAN TURN

Constance's Costume is Barely Suggested, but Police Dare Not Act for She's a Lady.

London, Jan. 18.—Clad in little else than her title, Lady Constance Richardson is appearing nightly at a local music hall as a "barefoot dancer." As Lady Richardson is clad in filmy gauze only the police are doubtful as to the correct application of the term "barefoot," but have refrained from acting in the matter because the dancer is a woman of title. If she were simply a professional dancer her costume, or lack of it, would not be tolerated.

Lady Richardson has appeared in similar dances at private charities for money, but last night was her first appearance as a professional follower of Maud Allan and a host of "Salomes." Her exhibition made first lighters at the Alfred Butts Palace music hall gasp, and it is termed the most daring display London has yet seen.

Six Countries Profit.

Washington, Jan. 18.—The president this afternoon issued his proclamation in which it is declared that under the new tariff act the countries of Italy, Great Britain, Russia, Spain, Turkey and Switzerland are entitled to the minimum rates imposed by that act.

SOCIAL EVENT.

Native Sons Dance Will be Affair Worth While.

The dance to be given by the Native Sons of British Columbia on January 31 bids fair to rank as the social event of the season. The Pythian roller rink has been secured for the occasion and the manager is having the floor especially prepared for dancing. Over four hundred guests have been invited and it is expected that many native sons and daughters from Vancouver and Victoria will come over. Parnell Keary has been appointed chairman of the general committee and is making efforts to have the decoration of the hall excel anything yet seen here.

TRANSPORTATION COMPANY, HEAVILY IN DEBT, FAILS

Cleveland, Ohio, Jan. 18.—The Gilchrist Transportation company, the second largest on the great lakes, was placed in the hands of receivers today upon application by Frank Gilchrist, of Alpena, Mich., vice-president of the company. He alleges that poor business last season made it impossible for the company to meet its loans. The debts are said to be $2,500,000.

Liverpool Arms Sold.

John Chappell has sold the Liverpool Arms saloon on Columbia street to Richard Bisset, a Vancouver man. Mr. Chappell will go to Vancouver today to complete the transaction. The new owner will take possession in a day or two. Mr. Chappell has been in possession of the Liverpool Arms for a little less than a year.

WILL MAKE EFFORT TO CORRECT MAPS OF CITY

Probable that Field Notes of Royal Engineers Will be Used to Rectify Errors.

City Engineer Blackman was in Victoria on Monday investigating the original surveys of the the City of New Westminster. Some difficulty has arisen over the exact lines of some of the streets and lots, and as the city is not in possession of the original maps and field notes it is rather hard to find out the exact measurements of the streets and lots. On Richmond street there is one place where there are two lines of posts marking the edge of the street, but no one knows which one is correct.

At Victoria Mr. Blackman found the orginal map of the city and several volumes of the field notes made at the time of the first survey by the Royal Engineers. Some of the field notes date back fifty-one years. Though the field notes probably contain all the information sought by the city, they can not obtain possession of them, as they belong to the office of the surveyor-general. They are much too voluminous to copy.

Engineer Blackman will report how matters stand to the city council at its next meeting, and it is probable that an effort will be made to copy some of the notes, borrow the notes from the surveyor-general, or obtain a copy of them. The field notes are absolutely necessary to the city, as the maps in use at present are not accurate.

Crystal Wedding Surprise Party.

A surprise party of about thirty people called on Mr. and Mrs. W. D. Reid, of Fifth avenue, on Tuesday evening, the occasion being the crystal wedding anniversary of the surprised host and hostess. A presentation of a cut glass bowl was made to Mr. and Mrs. Reid by Mrs. (Dr.) T. Wardlaw Taylor, and an address was read by Joseph Henley. A pleasant evening was spent.

GIVES NOTICE OF BILL TO REDUCE CABLE TOLLS

Postmaser-General Lemieux Hopes to Cut Down Press and Commercial Telegraph Rates.

Ottawa, Jan. 18.—An important step toward the reduction of cable rates has been taken here. The Canadian government gave notice yesterday of a measure vesting in the railway commission power to regulate charges which cable companies can make for service to and from Canada. It is understood that the British government has undertaken to deal with the cable companies as Canada is doing and that there will be uniform action.

The legislation in Canada will be put through by Postmaster-General Lemieux. He holds that the present cable rates can be reduced about 40 per cent and still leave the cable companies a sufficient margin of profit.

The bill proposes to place the control of rates, both for wireless and cable messages, under the control of the railway commission. It is expected that concurrent legislation will be passed by the British parliament and Canada to apply to all messages received in Canada, as well as those sent from Canada, pending the establishment of a state-owned cable between Canada and the motherland, which is the ultimate object of the Lemieux bill.

The postmaster-general believes that the rate for press messages can be cut down to six cents per word and the rate for deferred commercial or personal messages can be cut down to twelve cents per word.

BROUGHT FIRST PRINT PRESS AROUND HORN

Berkeley, Cal., Jan. 18.—Mrs. Caroline Cecelia Calhoun, who brought to California the first printing press that ever was operated in the state, is dead at the home of her daughter in this city. Mrs. Calhoun came around the Horn in a sailing vessel in 1851. The printing press she brought on the trip was set up in San Francisco, where her husband, Charles Calhoun, established a printing shop. She was eighty-four years of age.

Will Speak on Local Option.

Dr. David Spencer of Vancouver will address a meeting of the residents of Westminster Junction at the Municipal Hall on Wednesday evening at eight o'clock, when he will give the full returns of the recent local option plebiscite, and also explain the standing of the parties on this important question.

Dr. Spencer has just returned from Victoria after getting full data and this meeting will be the first held after the recount now proceeding there.

UNIONISTS FARE BETTER BUT NO LONGER HOPE TO WIN

Strength of Liberals in the North of England and Scotland Is Sufficient to Offset Small Straight Party Lead of Conservatives—Total Strength of Allied Party 144, Unionists 120.

London, Jan. 18.—The elections today resulted in the return of the following: Unionists 21; Liberals 19; Laborites 3; Nationalists 1. Unionists' gains 12; Liberals 1.

The standing of the parties at the conclusion of today's polling was as follows: Unionists 120; Liberals 98; Laborites 20; Nationalists 28. Total gain, Unionists 51; Liberals 9; Laborites 1.

The Unionists had decidedly the better of the elections held today. Of 44 seats contested they won 21, of which 12 were represented by ministerialists in the last parliament.

Some Consolation.

The only consolation for the Liberals was in the Bermondsey division of South Warwick, where the government candidate, H. J. Glanville, recaptured the seat which went over to the Unionists in the by-election last November. J. Dumpreys, who was elected then, had but one opportunity to pass the bar of the house, that being on the day of his introduction.

Lose in Three-cornered Contests.

Several of the Liberal losses, as on preceding days, were caused by three-cornered contests, the intervention of the Laborite candidate precluding the success of the government supporters. Fourteen of the London boroughs returned eight Liberals and six Unionists, as compared with eleven Liberals and three Unionists in the last parliament.

The Unionists gains include Warwick West, Mile End, a division of Tower Hamlets, where Hon. H. L. W. Lawson manager of the Daily Telegraph, was elected, Bow and Bromley, Chelsea, one division of Liverpool, Whitehaven, Boston, Warwick and Leamington, Kidderminster, Coventry, and two seats in Brighton. Most of these were Unionist before the great Liberal victory of 1906. While there were not so many contests today as on Saturday and Monday there were prominent politicians with fortunes at stake.

Two Good Men Defeated.

Two of these, Col. Seeley, under secretary for the colonies and R. K. Causton, postmaster-general, lost their seats, the former by a majority of 524, for the Abercromby division of Liverpool and Southwark West respectively. The loss of Col. Seeley was especially severe for the government, as he has been the spokesman in the house of commons for the colonial office and was one of the youngest men in line for promotion.

Three Cabinet Members Returned.

Three members of the cabinet, Winston Spencer Churchill, president of the board of trade, Sydney Charles Buxton, postmaster-general, and Walter Runciman, president of the board of education, retained their seats. Mr. Churchill, with his labor colleague, A. Wilkie, increasing the majority usually given by Dundee.

Tay Pay Goes Back.

T. P. O'Connor was re-elected for the Scotland division of Liverpool by a majority of 2167, an increase of 500.

"Take That, Wilhelm."

"That shows what we think of the Germans" shouted an Englishman between his contributions to cheers that rose from Trafalgar Square shortly after midnight. The result in Portsmouth had just been displayed. England's imagination had been stirred by the spectacle of this attack, led by doughty Admiral Beresford upon two Portsmouth seats with their Liberal majorities of over 2300.

Crowd in Trafalgar Square.

Returns of the day's pollings were almost complete. The wearisome gaps were growing longer between sparse bulletins, but thousands remained rooted to their standing room in Trafalgar Square awaiting the news of the Portsmouth bulletin. The result came in followed by figures showing that Beresford had headed the poll and carried with him his Unionist running mate, Falle, far in advance of the highest Liberal candidate. The statue of Nelson on its mighty column, high above the noise and lights, surely never looked down on more delighted crowds. It was impossible for any British-loving heart to remain steeled against enthusiasm that roared and shouted in the gladness of men, women and children over the victory in Portsmouth.

Mud Spattered John Burns.

Another idol saved from defeat by the Englishmen's fidelity to men of their choice was John Burns of Battersea, who sat at a table in the National Liberal club early this morning eating a lone meal, his clothes spattered with the mud of a hard day's fighting in Battersea, his face worn and old with the stress of the battle for political existence.

A drive through Battersea on polling day filled the observer with a certain sympathy for Burns. The fight seemed unequal. Wealthy classes used its motor cars for the defeat of Burns, while his friends had rigged up wagons with seats down each side and children were wearing Burns' colors and cheering for him. Burns escaped defeat but the Liberal majority was reduced.

Masses Saved Joe Martin.

In St. Pancras Hon. Joe Martin worked hard, canvassing continuously among the people. He got his picture into every variety of window except bar rooms. The St. Pancras publicans all displayed pictures of Preston, Martin's opponent. The masses saved Martin as they saved Burns.

Unless the remainder of the boroughs and counties come to the rescue of the Unionists, Asquith will face the new parliament with a sure working majority over every possible hostile combination.

A BRIGHT OUTLOOK.

There are many indications that considerable activity will prevail in the commercial and industrial affairs of New Westminster and district during the present year. The mills are already busy with long lists of orders and the various machine and other works are running full time. The Canadian Pacific Lumber Company's mill at Port Moody, which has been closed down for quite a long while, again started running yesterday, and it is expected that the Barrett mill, which has been rebuilt on the ashes of the old structure burned down a few monhs ago upno a greatly enlarged scale, will soon be in full

Work has been commenced on the pulpboard and stationery factory which is being erected by the Western Canadian Bag, Envelope and Box Company, on the Brunette river, at the eastern extremity of the city. This establishment, which it is expected will give employment to some two hundred hands, is an important accession to the industrial establishments of the district. There is every probability of one or two other factories being opened at Sapperton in the near future, and it would seem likely that this part of the city will become quite a busy manufacturing centre in the course of no great while.

Woman's Canadian Club Formed.

Ottawa, Jan. 18.—The capital is to have a woman's Canadian club, along the lines of similar organizations in Montreal, Quebec and Vancouver. At a meeting held yesterday a constitution was drawn up and approved. Her Excellency Countess Grey (or her successor) will be president, and the wife of the prime minister honorary president. Mrs. Prof. Adam Shortt occupied the chair at the inaugural meeting.

WALSH GOES TO PRISON.

Court of Appeals Dispels Last Hope of Convicted Banker.

Chicago, Jan. 18.—The last hope of John R. Walsh, the former Chicago banker, of keeping out of prison was dispelled today when the United States circuit court of appeals overruled his motion for a new trial on the grounds of alleged irregularities in his trial. The court also ordered a mandate to be issued to the district court, the court of original jurisdiction. It was expected that Mr. Walsh would be sentenced in the district court this afternoon, and turned over to U. S. District Marshal Hoy.

Mr. Walsh did not appear in court, but passed the greater part of the morning in his office in the Grand Central station. Shortly before the court gave its decision Mr. Walsh apparently had been given an intimation of its findings, for he left his office, jumped into a cab and was driven away in the direction of his home.

To Protect John D. Rockefeller.

New York, Jan. 18.—Seven employees of the Pocantico Hills estate of John D. Rockefeller were appointed deputy sheriffs yesterday, with power to carry arms and make arrests within the confines of the estate. This gives credence to the report that Mr. Rockefeller's life was threatened not long ago.

Kidnapped By Black Handers.

Chicago, Jan. 18.—It is reported to the police that the Black Hand society is responsible for the kidnapping of Maria Maroccio, a seventeen-year-old Italian girl, who was bundled into a cab today when she left her home to go to work. Maria's younger sister Rose was also seized, but managed to break away and spread the alarm.

BUILDING BOAT HERE FOR UPPER COLUMBIA RIVER

Constructing Frame at Fraser Mills—Vessel to be Finished on Ice at Golden.

Captain Armstrong, of Golden, is in the city superintending the construction of a steamer at the Fraser River Mills. The oak frame of the boat will be built here and then taken up to Golden where the upper works will be finished on the ice of the Columbia river.

Captain Armstrong states that the boat is being built for the Upper Columbia Transportation company, which already owns two boats on the run from Golden to Windemere, a distance of one hundred miles. The new vessel will be designed to carry about thirty tons of freight and one hundred passengers. It is the intention of the company to fit the boat up luxuriantly in order to cater to the tourist trade.

The captain is a practical boat-builder, having built several on the Yukon, the Stikine and other northern rivers. The scheme he has for constructing the boat on the ice is original with him. The frame is blocked up off the ice, and when the vessel is ready for launching the ice is sawed all around her and she sinks into the river. By this system several hundred dollars are saved in the construction of the vessel. The frame will be completed here within a few days.

WORKMEN INSTALL OFFICERS FOR TERM

Ceremony Conducted by Grand Officers Yesterday Evening Was Public.

The A.O.U.W. held a public installation of their officers for the current term in the old Odd Fellows' hall last night. The installing officers were: Grand Master W. H. Smith of Ladner; Grand Secretary J. T. McIlmoyl of Victoria; Grand Organizer J. D. Budlong of Vancouver and Grand Overseer C. Cashmore of Victoria. The Master Workman installed last night was George Salt; Foreman, M. W. Minthorne; Secretary, C. S. Corrigan; Financial Secretary, William Wolz; Treasurer, D. A. Shiles; Guide, L. Witt; Inside Guard, J. Rousseau; Outside Guard, Harry Hoy.

During the evening M. W. George Salt read a lecture on the principles of the order. The lecture was illustrated with some exceptionally good lantern slides, showing pictures of some of the lodges, and with figures showing the growth of the order in the last few years. Grand Secretary McIlmoyl announced that the order in British Columbia was not entirely self-sustaining, and, although connected fraternally with the other Workmen of the World, was a separate order as far as finances were concerned. The order now has something like 700 members in this province, and shows a surplus of about $45,000 at the end of last year. After the business of the evening was over, the members and visitors were given a banquet. When the refreshments had disappeared a dance was started and continued until the small hours of this morning.

WILL MEET IN VICTORIA.

Annual Local Option Convention to Be Held at Capital February 10.

The annual local option convention of British Columbia will be held in Broad street hall, Victoria, on Thursday, February 10. Those attending from the mainland should leave by the boat from Vancouver at 1:30 p. m. on Wednesday, February 9. Single tickets and standard certificates should be taken. Arrangements for reduced rates are made on all railways.

Matters of great importance will be discussed by able speakers. The League officials hope that all who are in favor of local option and can attend will do so. Leagues, ministers, churches, lodges and unions whose members are local optionists are cordially invited to be present in Victoria. Headquarters will be at the Y. M. C. A.

Liberal Candidate in Ottawa.

Ottawa, Jan. 18.—Albert Allard, a wholesale grocer, was unanimously chosen as the Liberal standard-bearer of the hastily-called convention which met last night to choose a successor to Auguste Lemieux, whose resignation was handed in to the executive yesterday. No other name was mentioned.

Royal Bank Buys Colonial Bank.

Toronto, Jan. 18.—The Royal Bank of Canada has purchased the Colonial Bank, by which transaction it has obtained a number of branches in the West Indies and an office in London.

INCREASED SALARIES FOR SCHOOL TEACHERS

Trustees Discuss Increased Pay for Pedagogues—Committees Appointed.

Committees for the year were appointed at a meeting of the school board held yesterday evening, when a proposition to increase the salaries of the teachers of the city schools was also discussed, no definite details being arrived at. The estimates, including the salary question, will again come up for consideration at a meeting to be held on Thursday evening.

Trustee T. J. Trapp was re-elected chairman of the board, John Peck being named vice-president. The composition of the committees is: Management, Trustees Trapp, Dr. Green and Peck. Finance, Trustees Dr. Green and Peck. Purchasing, Trustees L. Thornbur and J. Loree. Building, Trustees Peck, Trapp and Dr. Green. Grounds, Trustees Loree and Thornbur.

Quebec Provincial Treasurer.

Quebec, Jan. 18.—At a meeting of the cabinet this morning Peter MacKenzie, M. L. A. for Richmond, was appointed provincial treasurer in the place of Hon. W. A. Weir, who has been appointed to the superior court bench.

THREE MONTHS ALLOWED FOR ASSESSMENT WORK

New Regulation is Made by Minister of Mines—Locators Will Have to Hurry.

The minister of mines has recently made an amendment to the mineral act which compels the holders of mining claims to carry out the assessment work on their property within three months from the time of receiving their certificate. The amendment, which is posted up on the mining recorder's office, is as follows: "The owner or the agent of the owner of a mineral claim for which the mining recorder's certificate under Form 1 of the schedule of the act has been granted, shall, within three months from the date of such certificate, make application to the gold commissioner for a certificate of improvement, and in default of such application being made within such time such mining recorder's certificate under Form 1 shall lapse and become absolutely void." The new regulation comes into force on the first day of April.

DENIES NEGLECT.

Sir Frederick Borden Defends Policy With Regard to Naval Defenses.

Ottawa, Jan. 18.—Sir Frederick Borden in the house this afternoon, in reply to a question by the Hon. R. L. Borden in respect to charges made by Sir William White in the London Times that the naval defenses at Esquimalt and Halifax were not receiving proper care, emphatically denied the statements.

He said that whatever had been done by the Canadian government had been done with the full consent of the war office and in furtherance of its policy.

German-American Relations.

Berlin, Jan. 18.—The German government today cabled to Washington a reply to a memorandum recently received from the United States in regard to the tariff on shipments between the two countries. While it does not accept the American wishes in various respects, and especially concerning the importation of meat, the German response is sent in the hope that it will be satisfactory, as it is all that the German government can do.

PASSENGERS PANIC STRUCK WHEN FERRY BOATS COLLIDE

New York, Jan. 18.—Ferry passengers became panic-stricken today when in the fog near the New Jersey shore the Jersey City, of the Penna line, rammed the Cincinnati of the same line. Both ferry boats were damaged above the water line and had to be towed to Hoboken for repairs.

Many persons were thrown down by the shock of the collision but none were badly injured.

Trade Agreement Ready.

Ottawa, Jan. 18.—The Franco-Canadian trade agreement comes in force on February 1. Word has been received by Minister of Finance Fielding that everything is in readiness both in London and Paris for an exchange of ratifications.

Are You Paying Rent?

If so come and have a talk with **Wilson & Cook** and let us build you a home in any part of the city. In a short time your rent will have paid for your home. **Do you realize this?**

If you have money to invest **do not go to Vancouver** to invest it, for inside of 10 years New Westminster and Vancouver will be one city. **Why?**

Prices for small lots in Vancouver are exorbitant. Why pay them when large full sized lots can be procured in your own town at what are relatively cheap prices, and which in a short time will rise to the Vancouver standard.

We draw your attention to a few of the bargains we have to offer:

A double corner on 6th & Regina Streets, 2 full sized sized lots with three room house,
$2,100, $500 cash

6 roomed house and 3 full sized lots on Harvey street, Sapperton, all cleared and planted in fruit,
$2'200

Five acre blocks just across the river in Surrey at **$150 per acre,** which will double in less than a year.

Suburban block 12, one block from car line,
4 Lots, $425 each

A business block, large enough for four good store buildings on one of the main streets **for $10,000.** This property in 5 years will be worth $50,000.

135 acres of water front close in, good deep water, **for $500 per acre.**

Council then adjourned to meet again on Saturday, February 5, at 1 o'clock p. m.

RESIDENTS IN SUBURBS SECURE ELECTRIC LIGHT

The anuual report of the superintendent of the city light department shows a successful season, with many new consumers and several improvements to the plant. At the first of last year the price of light was reduced two cents per kilowat hour, making a difference in the receipts of $8000 or $10,000. This fall in the revenue had to be met some way, and as the only way available was to secure new consumers efforts had been made with that end in view. As a result over three hundred new consumers had been secured, and many more had largely increased the amount of power used by them. Most of the new consumers were in the suburbs of the city, Sapperton now using more than fifteen hundred lights.

The report showed that the load on Columbia street was very heavy, and some adjustments would have to be made to relieve it. Fourteen street lamps were placed during the year, bringing the total number in use in the city to 160. Even this number is more than the machines in use at present are designed to carry, and the superintendent states that a new fifty-light regulator will have to be installed to properly light the city's streets.

The report also suggests that the repair man be supplied with a horse and rig so that he could carry supplies with him when he made his rounds and would not have to return to the power house every time he wanted a new globe. The report, which was read at the council meeting Monday night, was filed and suggestions contained in it referred to the light committee.

FARMERS AND ROADS.

There is sore need for improvement in the roads about this district and in the plans and methods of making and maintaining them. The Good Roads Alliance, which has been established to secure the desired improvement, therefore deserves the hearty support of every settler. Unfortunately the government is the worst offender in regard to this matter of road construction, its haphazard, vote-catching methods producing anything but satisfactory results. This is one of the evils that the Good Roads Alliance has set out to remove, and we wish them every success in their effort.

The Alliance has put forth an excellent proposal for dealing with our highways. It advocates the adoption of a system whereby the government will contribute fifty per cent of the cost of the road, the municipality thirty-five per cent, and a local improvement tax be levied for the remaining fifteen per cent.

At present this progressive movement is supported only by the people on the south side of the Fraser, but it is to be hoped that they will invite their fellows on the north bank to join them. The farmers of Burnaby, North and South Vancouver, Richmond, Coquitlam and Dewdney are suffering as severely as any from the ill-conditioned highways over which they have to travel, and there is little doubt that they would welcome any opportunity to secure an improvement in them. Moreover, such a combination would have the advantage of being thoroughly representative, and this unity of the whole Fraser valley would give strength to the movement.

What seems to be wanted to carry out the road work in a systematic and business-like manner is, as has more than once been suggested, an administrative authority in the character of a Highway Board, with a thoroughly competent road engineer at its command, and three or four district engineers under him. At first such an institution may appear to be somewhat costly; but it would establish efficiency, and thereby economy, in place of the present slipshod and irregular methods, which too often result in a gross waste of the public money.

It is most important to the progress and development of this district that it should possess sound, good roads, well made and systematically maintained. Such a result can only be attained by casting aside the existing unsatisfactory methods and substituting an effective and properly controlled system.

TRIED AGAIN AND WON.

The admonition of the old-time proverb, "If a first you don't succeed try, try again," is brought to mind by an incident in connection with the British general election. The cheerful optimism of Mr. Joseph Martin has brought the doughty lawyer his reward. Declining to allow his ambition to represent a British constituency to be stifled by the severe repulse which he sustained at Stratford-on-Avon a few months ago, he boldly came forward as the Liberal candidate for the metropolitan borough of East St. Pancras at the present general election. At one time his prospects did not seem very encouraging, but the lively spirit of our "Fighting Joe" appears to have made its mark and won for him this important seat by the excellent majority of 690 over Mr. Preston, his Unionist opponent.

Another well known Canadian Liberal, Mr. Hamar Greenwood, who represented York City in the last Parliament, was less fortunate, being badly beaten by the Unionist. But the two Unionists, Sir Gilbert Parker and Mr. A. Bonar Law, have both managed to retain their seats.

The British elections continue to excite the greatest interest, not only in Canada, but the world over. In fact, such a contest has never before aroused such wide and general interest as that at present being carried on. It is pretty evident that the Liberals will again be returned to power, but probably with a considerably diminished majority.

A FLOURISHING CONCERN.

The report of the directors of the Canadian Bank of Commerce, submitted to the forty-third annual meeting of the shareholders, shows that this old-established institution continues to enjoy the confidence of the public and that it is in highly flourishing condition. The business transacted during the year closing November 30 last was in every way satisfactory. The net profits, after allowing for all bad and doubtful debts, amounted to $1,510,695.86, which with the amount recovered from over-appropriation, $300,000, and the balance to credit of profit and loss brought forward from last year of $161,244.88, makes a total to the credit side of $1,971,940.74. Of this $800,000 has been appropriated for the payment of dividends at eight per cent, $419,801.72, has been written off bank premises, and $30,000 devoted to the pension fund, leaving a balance to carry forward of $722,139.

The assets of the bank are all of a substantial and well secured character, being ample to provide for its liabilities, as will be seen from the general statement whic happears in another column. During the year twenty-five new branches have been opened in various parts of the Dominion.

The shareholders have adopted the admirable suggestion of the directors for the establishment of a fund to provide for the widows and orphans of deceased officers of the bank, and a resolution authorizing this was passed at the annual meeting. Mr. B. E. Walker, C. V. O., LL.D., has again been elected President, with Mr. Z. A. Lash as Vice-President.

ELECT LOCAL MAN ON DIRECTORATE

W. S. Rose Confident of Success of Western Canada Box Co.'s Undertaking.

W. S. Rose, of this city, was yesterday elected a member of the board of directors of the Western Canada Bag, Envelope & Paper Box Company, Ltd. This company is proceeding with the erection of its plant for the manufacture of bags, envelopes, box board, building paper, etc., at Sapperton, and the engineers are confident that the big plant will be in operation by December 1. Mr. Rose has been carefully looking into the merits of the proposition for some time and is confident that the enterprise will eventually result in one of the leading industries of the western country.

At present all the bags, envelopes, box board, building paper, sheathing, roofing, etc., used in Western Canada is secured from Ontario and Quebec at a freight rate of $17 to $18 per ton in carload lots .notwithstanding that the product can be manufactured to better advantage and equally as cheap in British Columbia.

When Mr. Kolts, two years ago, organized The British Canadian Wood Pulp & Paper Co., Ltd., which is now in operation at Port Mellon, twenty-four miles north of Vancouver, turning out almost $1000 worth of paper per day, it was thought that sufficient money could not be secured in Western Canada to assure the success of the big enterprise; but the manner in which the people responded in support of the proposition has been unparalleled in the history of Western industries. The success of the company demonstrated that the people of British Columbia are awakening to the great commercial possibilities of the province and are prepared to support any meritorious proposition that has for its object the development of natural resources.

FOOTBALL MEN TOLD TO KEEP OFF PARK

Pigskin Chasers Injure the Grass at Queen's Park Declares Park Ranger.

Park Ranger Robertson instructed some of the football men of the city yesterday that they would not be allowed to practise any more at Queen's Park. The reason given is that the grass is being seriously damaged by being tramped upon. Up to the present the Rovers have been under the impression that Queen's park was a pleasure ground, but the park warden seems to have decided that it is a grass garden.

He informed the players he ejected yesterday that they were welcome to practice on Moody Square. The players say football there is attended with grave danger the ground being so rough. In fact, the football men claim that Moody Square is not fit to play on, and they can not see the logic in putting them off the only suitable ground in the city. The matter will probably cause some discussion at the meeting of the club on Thursday night.

PAULHAM MAKES RECORD.

French Aviator Travels 45 Miles in Sixty-three Minutes.

Los Angeles, Jan. 18.—Paulham landed from his cross-country flight of 45 miles at 4:12 this afternoon. He had been in the air one hour and three minutes. At one time he gained an altitude of 2130 feet.

This establishes a new world's record for cross-country flights.

Football Club Meeting.

A meeting of the Rovers Football club is called for Thursday night at 8 o'clock at Murchie's office. All the players are requested to turn out, as matters of importance will come up for discussion. It is likely that the club will give instructions regarding the attitude of the Rovers on the action of the Referees' association to their delegate to the league meeting to be held in Vancouver shortly.

Wants Roosevelt as Referee.

New York, Jan. 18.—Jack Johnson wants Colonel Theodore Roosevelt as referee of the championship fight in July. In a statement published here the negro champion said:

"Ex-President Roosevelt ought to be a good authority. He has been boxing himself and should know the merits of both men. He has carefully studied both men, and I think he would make a good referee, being our nation's chief leader, and a great leader was he.

"I am satisfied if the club would choose him as referee. It would satisfy to the queen's taste. He is cool and collected, and no one can rattle him and get his goat like they would a lot of fellows who have their names down as referees."

JUNIOR SOCCER SCHEDULE.

LONDON CIVIC OFFICIALS TO HAVE SALARIES REDUCED

London, Ont., Jan. 18.—The city council has appointed a committee to investigate affairs at the city hall. The investigation will cover the employees, their salaries and their system of doing business in every department.

The new council is opposed to the high salaries of some of the employees and will cut them down. It is also proposed to reduce Mayor Beattie's salary, which is $2,000 a year at the present time.

NOTICE TO STOCKOWNERS

Hundreds of horses and other live stock meet death in this city and district every year from disease, accidents, fire and other causes and in consequence many thousands of dollars are lost to the owners.

Have you ever considered or do you know that you can be protected against this serious loss by livestock insurance, which pays for the death of an animal for any cause whatever.

I represent a reliable Canadian company, the only one issuing a policy with NO exceptions, and will be pleased to give you full particulars whether you insure or not.

Who Buys the Fossil Oil Company Stock?

Here is the Answer:

People who are known to invest with discrimination. People whom you know to be successful. People whose judgment you can depend upon. These are the people who are investing in Fossil Oil Company shares today.

Why?

FIRST—The Fossil Oil Company,, Limited, ,is RECOGNIZED as the BEST and most legitimate stock offering oil company. A company incorporated under the laws of British Columbia. Limited liability. All shares fully paid and NON-ASSESSABLE.

SECOND—The company is capitalized at less than half the average oil companies. Its shareholders will be able to get real dividends and more of them. Does this not suggest that the main object is a desire to do the greatest benefit to those who invest in Fossil Oil shares from the start?

THIRD—The officers and directors of this company are men of the highest standing in the city of Vancouver, and include such well known and respected men as Thomas Allan, Esq., Capitalist, President; Arnold E. Kealy Esq,, formerly Mayor of North Vancouver, Vice-President; William Savage ,Esq., Attorney, Director; Col. T. H. Tracy, formerly City Engineer of Vancouver, Secretary-Treasurer; W. H. Davidson, Esq., Councillor of North Vancouver, Director; I. T. Brewster, Esq., Secretary; Stephen A. Hubbell, Esq., Oil Expert and General Manager.

FOURTH—The Fossil Oil Company owns FIVE HUNDRED ACRES of the CHOICEST OIL LAND in the famous Fossil Oil field district, Unta County, State of Wyoming, a state known the wrold over for its production of one of the finest lubricating oils, which can be used in its crude state, just as it comes from the ground.

FIFTH—The oil obtained in the Fossil Oil field district is sold as high as ten dollars ($10) per barrel right on the field, and remember that this statement is based on fatcs, NOTHING BUT FACTS. Fossil Oil sells from ten to twenty times more than California or Pennsylvania oil. Think it over!

SIXTH—Machinery and drills are on the property and are in operation. General Manager and Oil Expert Mr. Stephen A. Hubbel reported the strike of oil at the first sand, yielding from TEN TO TWENTY BARRELS per day some time ago, at a depth of about 147 feet. The main flow of oil, however, is encountered at the SECOND OIL SAND (it is there where surrounding companies are having splendid results), at a depth of between 750 to 850 feet. Just ANALYZE the last report, received a few days ago:

"Fossil, Wyo., Jan. 6, 1910.

"Bernet & Helm, Vancouver, B. C.:

"We are down 718 feet, and it looks as if the well will come in within the next few days. The GAS is very strong, and MORE OIL as we go down. The reason I thought we would get it at a shallow depth was we had more oil and gas than I expected and it threw or pressed the light oils up a longer distance from the main body than it does generally, excepting when you get large wells.

"From the present prospect we should have a very large and flowing well. We have stopped working at night on account of THE GAS BEING SO HEAVY. We went through over fifty feet of sand that the GAS HAS PRESSED FULL OF PARRAFIN, making it very hard to penetrate with the drill. I am absolutely confident now that we will get a much larger well than I expected.

"Yours very truly,

STEPHEN A. HUBBELL."

We can give you a good many more reasons why you should invest in shares of the Fossil Oil Company, Limited. We tell you frankly that shares will advance the moment we receive the report of the strike of oil at the second sand, and this may occur any moment now. Shares should advance to more than double and treble the present price. We place the proposition squarely before you. We give you fair warning. The culmination point, viz., the strike of oil on the property of the Fossil Oil Company, Limited, may occur before this reaches you. REMEMBER, SHARES IN A GOOD OIL COMPANY, A COMPANY MANAGED BY RESPONSIBLE MEN, IS THE BEST INVESTMENT IN MODERN TIMES.

THE

Canadian Bank of Commerce

Report of the Proceedings of the Annual Meeting of Shareholders.

The forty-third annual meeting of the shareholders of The Canadian Bank of Commerce was held in the banking house, in Toronto, January 11th, at 12 o'clock.

A large number of shareholders and others were present.

The President, Mr. B. E. Walker, having taken the chair, Mr. A. St. L. Trigge was appointed to act as Secretary, and Messrs. Edward Cronyn and A. J. Glazebrook were appointed scrutineers.

The President called upon the Secretary to read the annual report of the Directors, as follows:—

REPORT.

The Directors beg to present to the Shareholders the forty-third Annual Report, covering the year ending 30th November, 1909, together with the usual Statement of Assets and Liabilities.

The balance at credit of profit and loss account, brought forward from last year, was	$ 161,244 88
The net profits for the year ending 30th November, after providing for all bad and doubtful debts, amounted to	1,510,695 86
Amount recovered from over-appropriations in connection with assets now realized	300,000 00
	$1,971,940 74
This has been appropriated as follows:	
Dividends Nos. 88, 89, 90 and 91, at 8 per cent. per annum	$ 800,000 00
Written off bank premises	419,801 72
Transferred to pension fund (annual contribution)	30,000 00
Balance carried forward	722,139 02
	$1,971,940 74

The assets of the bank have all been carefully re-valued in accordance with our customary practice, and all bad and doubtful debts have been amply provided for.

Your Directors deeply regret that they have to record the loss by death during the past year of two of their number, Mr. H. D. Warren, who died in March, and Mr. Matthew Leggat, who died only a few days ago. To fill the vacancy caused by Mr. Warren's death, your Directors have elected the Hon. J. M. Gibson, K.C., LL.D., Lieutenant-Governor of Ontario.

For the purpose of making some provision for the widows and orphans or other dependents of officers of the bank, your Directors propose to submit for your consideration a resolution authorizing the establishment of the necessary fund.

During the year the following branches have been opened: In Ontario—Elk Lake, Gowganda, College and Dovercourt (Toronto), Gerrard and Pape (Toronto); in Manitoba—Virden; in Saskatchewan—Broderick, Elfros, Hawarden, Herbert, Milestone, Shellbrook, Wilcox and Yorkton; in Alberta—East Calgary South Calgary, Carmangay, Olds, Provost, Strathmore and Warner; and in British Columbia—Nakusp. The branches at De Lorimier, Que., and Van Ness and Eddy (San Francisco) have been closed. A branch has been opened at Milk River, Alberta, since the close of the bank's year.

The usual thorough inspection of the branches and agencies of the bank in Canada, the United States and Great Britain, and of the various departments of the Head Office has been made during the year.

Your Directors desire again to record their appreciation of the efficiency and zeal with which the officers of the Bank continue to perform their respective duties.

B. E. WALKER, President.

Toronto, 11th January, 1910.

CITY NEWS

Take advantage of Bob Stevenson's big shoe sale. ***

Yes! I am well dressed. The Acme store will fix you. They've a genuine sale on. Get busy! **

There were no cases in the police court yesterday morning.

Say, young fellow, that's a tidy suit you've got on. Guess it is, and an Acme one, too! **

Walgamutt's orchestra in attendance at The Royal Cafe. **

The regular monthly meeting of the board of trade will be held on Thursday evening in the city hall.

The city engineer started about twenty-four men to work yesterday grading the west end of Columbia street in preparation for the new pavement.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

Thieves removed about $800 worth of fittings from the condensed milk factory near the Great Northern depot last Sunday or early Monday morning. The stuff stolen is of considerable weight and it was probably removed by boat. The police at the different points along the river have been notified to look out for the robbers or the goods.

Call at The Royal Cafe for lunch, dinner or after theatre supper. **

Bob Stevenson is closing out his shoe business. All goods are marked at low prices to clear. ***

Frank McKenzie, M.L.A. for Delta, went to Victoria yesterday to attend the opening of the legislature on Thursday. Mr. McKenzie will bring up the matter of the removal of the tolls on the Fraser river bridge at the first opportunity.

For furniture, carpets, linoleums, etc., try the New Furniture Store. Denny & Galloway, 43 Sixth street. **

A meeting of the board of directors of the Royal Columbian hospital will be held at 3 p.m. today in the office of the secretary, W. H. Keary.

Security—that is the factor in a safety deposit vault. Ours are absolutely perfect in this regard. You may go away and leave your valuable papers in these vaults with the feeling of perfect security. No injury can come from fire, floods, from burglars or any other cause. Isn't it worth something to you to have that feeling of perfect security? Dominion Trust company, Ltd., T. R. Pearson, manager New Westminster branch. ***

For fresh Carnations, promptly delivered, phone R208, Davies' Greenhouse. **

A meeting of the revising committees of the prize list for the 1910 exhibition will be held in W. H. Keary's office on Friday afternoon at two o'clock. The meeting is being held to enable the different committees to get their reports into shape for presentation at the general meeting in the city hall on Friday evening.

Mr. Webster, Mechanical Expert, is gradually gaining the confidence of the good people of Westminster by being able to "produce the goods." No. 10 Sixth street. **

Guess I'll see those Acme people. They've got the goods, I'm told, and gee,! the prices are just all right. **

Buy your shoes at Stevenson's closing out sale and save money. ***

Alderman Adams returned from Chilliwack yesterday, where he has been spending a few days on business.

The death occurred at the Royal Columbian hospital on Monday of Grace McAllum, wife of D. McAllum of Brunette street, Sapperton. The late Mrs. McAllum was 47 years old and is survived by her husband. Two adopted daughters also mourn her loss. The funeral will take place on Thursday at 2 p.m., from the Methodist church, Sapperton, to the Odd Fellows' cemetery. W. E. Fales is looking after the funeral arrangements.
