DAIRYING DEMONSTRATIONS.

Railways Will Help College in Spreading Knowledge.

Winnipeg, May 22.—Principal Black of the Manitoba Agricultural college has completed arrangements with the C. P. R. and C. N. R. to put on demonstrations in dairying at various points along these lines of railways during June.

The Railway companies have shown much interest in this matter and have done everything possible to perfect the arrangements.

ECLIPSE OF THE MOON SCHEDULED FOR TODAY

New York, May 22.—On the night of May 23,—and morning of May 24, a total eclipse of the moon is scheduled. According to the bulletin of the Columbia University bulletins it will begin and end as follows:

The eclipse will begin when the moon enters the shadow at 10:46 o'clock in the evening. Total eclipse will begin at 12:09 o'clock in the morning; the middle of the eclipse is 12:34 o'clock and the total eclipse will end at 2:22 o'clock.

Those who watch the eclipse will notice that though the moon has passed into the earth's shadow, it will be visible, due to the blending of light through the earth's atmosphere.

To Simplify Exchanges.

Victoria, May 22.—In an interview here Alexander Graham Bell, inventor of the telephone, who has lately given all his attention to aviation, intimated that he would probably renew experiments with a view to simplifying telephone exchange work, the system of which now used he regards as unnecessarily complicated.

CATERPILLAR PEST HAS ATTACKED FRUIT TREES

Pest Makes Its Appearance in Large Numbers Around Matsqui—City Orchards Not Overlooked.

Caterpillars, which for the past few years have been the terror of the fruitgrowers in the Fraser Valley, have made their appearance this year in alarming numbers. In Mission, Langley, Sumas and Matsqui the ground in places is covered with the caterpillars and grave fears are entertained for the apple and pear crops. Even in the city of New Westminster the pests have been discovered in sufficient numbers to cause considerable annoyance to the owners of small orchards and it is probable that the whole Fraser Valley will be infected. The grubs seem to prefer apple and pear trees to any other, although there is a certain kind of willow which appeals to them.

Already in some of the country districts the small orchards have been stripped of their foliage. The caterpillars first made their appearance on Thursday, but so great are their numbers that the havoc wrought by a few days' activity is surprising.

Fortunately the country affected is not primarily a fruitgrowing one, although in some places there are extensive orchards.

Soo Channel Blocked.

Sault Ste. Marie, Mich., May 22.—The West Neebish rock-cut channel, opened two seasons ago, is in complete blockade, the steamer John B. Kitchum No. 2, being sunk in fifty feet of water below the old upper dam. The Ketchum, loaded with pulp and wood, and bound down, struck the curb on the east side above the dam and the upper end of the starboard bow last night and sank. She lies east and west directly across the channel.

PIGEONS CARRY RETURNS IN FRENCH ELECTIONS

Paris, May 23.—Returns now are available of an experiment in pigeon post made in the Gironde during the recent elections.

Votes were counted in the outlying districts but the general results were dealt with at the headquarters in La Reole. So homing pigens were sent out to eighty-eight communes, and when the votes had been counted the results were attached to the birds and they were liberated.

Sixty-three results came in this way to headquarters within an hour and a half of the closing of the polling booths, twenty-two pigeons were delayed by bad weather and three were injured by voters dissatisfied with the results in their districts.

DEAD EAGLES REMEMBERED IN MEMORIAL SERVICES

Members of Aerie No. 20, 100 Strong, Parade to Sapperton and Place Flowers on Graves.

About one hundred members of Aerie No. 20, Fraternal Order of Eagles, took part in the annual memorial service yesterday afternoon and later marched to the cemeteries at Sapperton, where the graves of fourteen departed brethren were decorated with floral emblems. A large number of interested spectators witnessed the ceremonies at the graves.

The members assembled in the Eagles hall, where Worthy President Ben Robb announced the purpose of the gathering, this being followed by a prayer. After the singing of the hymn, "Rock of Ages," by the audience Past Worthy President J. N. Aitchison gave a short address on "Our Duty Today," his remarks being closely followed. "My Rosary" was rendered as a solo by W. Sayce, W. Fryer being the accompanist.

Following the roll call by Worthy Secretary H. Schofield, Rev. J. S. Henderson spoke at some length on the aims and objects of the Fraternal Order of Eagles, pointing out to the members present that the obligations which they took were to be reckoned as among the most elevating and honorable in secret societies. Few people outside the organization realized, said the speaker, what a power for good a great order like the Eagles could be in this land and time. He earnestly hoped the solemn duty they were assembled to perform that afternoon would bring to each and every one of them a closer realization of the uncertainty of this life and the certainty of a better, brighter life in the hereafter.

After the usual closing exercises the hymn, "Nearer My God to Thee," was sung by the audience. The chaplain having pronounced the benediction, the members formed in procession and marched to Sapperton, where flowers were placed on the graves of John Newman, James Cash, Thomas McCaffrey, John Esposita, John Collier, Emil Christiansen, Phillip Cota, Harry B. Grant, Fred Eastman, James Hutchison, George Hall, J. B. Sargent, J. S. Vickery and Fred Hogan.

The city band accompanied the Eagles and discoursed appropriate music.

SOCIAL DELEGATES MAY DISPENSE TIPS

Chicago, May 23.—Socialist delegates may give "tips." Whether delegates from the United States to the International Congress of the Socialist party at Copenhagen next fall should travel in style, with all expenses paid by the party, was a problem which required a lengthy and heated discussion at the national congress of the party yesterday.

With the intention of placing a ban on "tips" and requiring delegates to deport themselves on the six weeks' trip in keeping with the station in life of most Socialists a fight was made to amend the constitution so that the party no longer would allow a $3.00 per diem and pay no expenses except steamship and railroad transportation. The proposed amendment finally went down to defeat, the party agreeing to shoulder all expense, provide the per diem to compensate for loss of wages and also to allow delegates to dispense "tips."

Death of John Edge Baker.

The death took place Saturday morning, at the residence of his sister, Mrs. Allan Purvis, Agnes street, of John Edge Baker, after an illness of four months. The deceased was 31 years of age and was a native of California, but had resided in Vancouver for twelve years. Besides his young wife, who was formerly Miss Flora Maud Brown, of Vancouver, whom he married only last January, Mr. Baker leaves to mourn his loss one brother, Melville H. Baker of Dawson, Y. T., and two sisters, Mrs. Duncan Harrison of Seattle and Mrs. Allan Purvis of this city. The funeral will take place in Vancouver at 10:30 o'clock Monday from Center & Hanna's chapel, Vancouver.

HETTY GREEN SUED FOR SAFETY DEPOSIT RENT

New York, May 22.—Mrs. Hetty Green, who has been attending to business without public attention recently, will come out from her seclusion Monday to appear in court as the defendant in a suit brought by a safe deposit company for $550 rental of boxes, used to store the papers of the estate of Mrs. Green's father, Edwin Mott Robinson.

Her daughter, Mrs. Sylvia A. G. Wilkes, is administratrix. Mrs. Green says she does not see, therefore, why she should pay $550 of her hard-earned money to the safe deposit company.

STRIKE SETTLED.

Five Thousand Seven Hundred Paper Workmen to Return to Work.

Buffalo, May 22.—John Dundrig, chairman of the state board of mediation and arbitration, returned here today from New York, where on Saturday he succeeded in settling the strike in twenty-five mills of the International Paper Mills of this country. By the terms of the settlement about 5700 workmen return to their places tomorrow, after ten weeks' idleness.

SOUTH POLE SHACKLETON LECTURES IN WINNIPEG

Famous Explorer Unveils Tablet to Memory of Man Who Braved Terrors of North Years Ago.

Winnipeg, May 22.—Sir Ernest Shackleton arrived here yesterday morning and in the afternoon unveiled a tablet at St. Andrews Rapids, erected by the Women's Canadian club in memory of Capt. William Kennedy, who was sent into the Arctic to search for Sir John Franklin, and who was for many years in the employ of the Hudson's Bay company here and at northern points.

Sir Ernest lectured last evening in the Walker theatre, under the auspices of the Canadian club, before a brilliant assemblage. William White, vice-president of the C. P. R., presided.

SUPREME COURT DECIDES POKER CHIPS REAL MONEY

Pittsburg, May 22.—Poker chips taken out of the rake-off in a poker game go for real money with the supreme court of West Virginia. According to a decision just handed down, this court sustains the lower court in its finding that a man who took poker chips from a game in payment for beer furnished the players was handling real money.

The case was that of the state against W. T. Collins. The defendant was convicted of selling liquor illicitly. He conducted a gambling room where chips were worth 5 to 25 cents each and where each player purchased a number of them from him to use in making bets.

FIREWORKS EXPLODE AND SET A MAN ON FIRE

New York, May 22.—While unloading fireworks from a freight car in the Pennsylvania railroad yards at Williamsburg Edward Maloney, 30 years old, assistant foreman of the yard, picked up a case somewhat roughly to read the address on it and was suddenly knocked down by an explosion and enveloped in flames. Luckily all but three cases of fireworks had been taken from it.

Workmen rushed to where Maloney lay and startd to pull his clothes off, while others got a hose and deluged him with water until they extinguished the flames.

Ambulance Surgeon Cohn removed Maloney to the Eastern hospital. The patient is suffering from severe burns on neck, hands and face. His condition is critical.

For Evangelical Work.

Atlantic City, N.J., May 22.—Announcement was made yesterday before the general assembly of the Presbysterian church that Noah Converse, late head of the Baldwin Locomotive Works of Philadelphia, had created a fund of $100,000 to carry on evangelical work under the direction of Wilbur Chapman. The bequest has been placed at interest by its donor, and will pay $8000 a year to the work of spreading the Presbyterian faith.

YACHTS MAY RACE FOR AMERICA CUP

New York, May 22.—Although no official information could be obtained at the New York Yacht club, it is generally understood that a challenge for the America cup will be received from the Duke of Sutherland, the contest to be arranged for the summer of 1911. As to whether or not the death of King Edward will temporarily put a halt to any such plans in England is a matter of conjecture, and there is no evidence one way or the other on which to predicate a fixed belief.

When the first announcement was made, a few weeks ago, that the Duke of Sutherland intended to try to lift the America cup, the news was received by yachtsmen generally with considerably more acclaim and enthusiasm than any similar statement during the last few years. The Duke of Sutherland is well known in English and continental yacht racing circles, and it is believed that his challenge, if it really materializes, will not be surrounded with any difficulties.

THREE YEARS' WORK IS MEANS TO MAN'S DEATH

Providence, R. I., May 22.—While launching a twenty-ton powerboat which he had been three years in building for his own use, James Savoia of Edgewood was crushed to death today when the rope holding the boat on the ways broke and allowed the craft to go over him as it entered the water. Savoia had lived in Edgewood for three years and was apparently possessed of independent means. He was 38 years old.

Rotary Snow Plow Inventor Dead.

Rochester, May 22.—Capt. George W. Ruggles, who invented the Ruggles rotary snow plow and made notable improvements in methods of constructing canoes, died at Charlotte village, near this city, tonight.

Crops in Good Condition.

Winnipeg, May 22.—A warm rain has been falling over the prairie provinces today and crops of all kinds are in the best possible condition.

Killed When Team Runs Away.

Crystal City, Man., May 22.—William Smallcombe of St. John's, North Dakota, was killed here yesterday by his team running away.

VESSELS COLLIDE.

Boats Ram Each Other in Dense Fog on Lake Michigan.

Port Huron, Mich., May 22.—The steamer Sonoma of Duluth and Empire City of Cleveland collided in a dense fog yesterday above the Corsica shoal lightship.

Several plates were broken on the port bow of the Sonoma, just above the water mark. The Empire City is lying close to the American side and has a bad list. The tugs Favorite and Sarnia went to the assistance of the two vessels today.

QUAKE DOES NOT HURT PANAMA CANAL WORK

Washington, May 23.—When Congress finally decided to select the Panama instead of the Nicaraguan route for the inter-oceanic canal there were many predictions of dire disaster, and it was freely declared that the canal was foredoomed to destruction by earthquake.

Consequently when the news came on May 4 of the earthquake in Cartago the engineers naturally felt somewhat apprehensive as to the safety of the canal works. It appears from reports just issued here that the seismic disturbances did not approach nearer than 200 miles to the canal zone, and there was not even a crack in the concrete as a result of the earthquake.

Rollins Pays Big Fine.

New York, May 22.—Frank W. Rollins, former governor of New Hampshire, entered a formal plea of guilty before Judge Hand, and his counsel made a plea for clemency. The court imposed a fine of $2000, which the ex-governor paid at once in cash. The charge was smuggling.

START SURVEYS FOR NEW INTERIOR RAILWAY

Parties Commence Work From Fort George and Lytton—News of Fort George.

News from the interior just received states that large parties of surveyors have started out from Lytton and Fort George to delimit the route of the proposed British Columbia-Alaska line, which will go north from a point in the neighborhood of Lytton, and pass through the rich country of which Fort George is the centre. This is simply one more web in the network of lines which will very soon open up the whole of British Columbia. There are at the present time no railways running north and south, but these are sure to follow the east and west lines. They are just as much a necessity as the others and, in fact, the country cannot properly be opened up without them. Steamships are all right on the coast, but the interior has to be served and by railways.

Just now the country north of the C. P. R. is served by automobiles, no less than eighteen carrying passengers to and from the northern centre from along the Cariboo road.

A telephone line is just being constructed to link up the new town with the rest of civilization. The construction work is in charge of William West.

The first women to take up residence in Fort George went in a few days ago. They were Mrs. M. V. Halm and Mrs. C. Houser. They received a great ovation on landing and were each presented with a town lot by the South Fort George Townsite company in recognition of the fact. The ladies were former residents of Quesnel.

The Fort George Tribune says that shaving costs 25 cents in the town, and that whisky is not for sale because the people, with the exception of three, are Christians, and don't believe in wrecking humanity and stunting the growth of succeeding generations.

GIVES TRAIN-ROBBER EIGHTEEN YEAR TERM

St. Louis, May 22.—George Ebeling, who turned state's evidence and testified against William Lowe, also charged with robbery, was sentenced in the federal court today to serve eighteen years in the penitentiary and to pay a fine of $3000 for robbing the mail and holding up a Missouri Pacific train near Glencoe, Mo. Yesterday Lowe was sentenced to serve forty-three years.

School Lands Sold.

Camrose, Alta., May 22.—At the sale of school lands here $425,000 was realized, or an average of $12.25 per acre.

RUSE OF INSU[illegible]NTS CUTS OF[illegible] NEMY

Feint Attack by Gen. Mena Locks Regulars in Rama Without Ammunition.

Bluefields, Nicaragua, May 22.—"Have enemy completely surrounded and cut off from ammunition and provisions. Expect surrender any time."

This was the message that came to Gen. Juan Estrada, leader of the insurgent forces from Gen. Luis Mona yesterday. The Estrada forces, under Le Mena, according to the plan which had been decided upon, executed their first move yesterday evening at Rama. General Mena allowed General Chavaria, of the Madriz forces, to close upon Rama, when he moved a small body of his forces in a feint to attain possession. At the same time General Mencadon, at the head of an insurgent detachment, made a forced march from Muelle De Buyes, forty miles west of Rama, and attacked Chavaria's ammunition and provision train.

The entire train, with 200,000 rounds of ammunition and a large amount of provisions, were captured.

General Chavaria now holds the position, gaining Rama, with General Mena at his front and General Acado at the rear. General Mena reports his loss in the feint attack as small.

RIVAL IRISH FACTIONS MET; MANY WENT TO HOSPITALS

Cork, May 22.—The presence here today of rival Irish factions, in spite of elaborate police precautions, led to a serious conflict, following demonstrations among the crowds that were addressed by John Redmond, leader in the parliamentary party, John Dillon and William O'Brien. Many persons were injured, including Daniel D. Sheehan, M. P. for Cork. Some of the injured were taken to the infirmaries.

NEW GOLD STRIKE IN HILLS OF CALIFORNIA

Pocket Near Minersville Yields $6000 in Seven Days—Run of $100 to Pan.

Weaverville, Cal., May 22.—Gold in large quantities has been discovered in the Jewel creek canyon, near Minersville, and all the ground in the immediate vicinity of the little stream has been staked out by prospectors. Charles Heath, who had been prospecting on Jewel creek for some time, struck a pocket which yielded $6000 in seven days. Some of the pans he washed gave him as high as $100. Many have gone to the scene of the strike.

atience of Local Star Gazers Rewarded at Last---Comet is Seen

t last!

fter failures too numerous to cal- te without the aid of an adding chine, the local searchers after wledge who have been straining r eyesight to catch a glimpse of long-heralded visitant, Hailey's et, have been rewarded. The heav- hobo was seen on Saturday even- and again last night. It will prob- be visible this evening, when the pse of the moon should obscure evening sky sufficiently to give stminster astronomers a splendid portunity to observe the comet sely.

The comet is to be seen in the western sky. It is very faint, and not sharply defined as the stars or moon. It is a mere luminous haze, less than half the size of the moon. No tail is visible to the naked eye.

According to the latest from the sages in skylore, the comet is at present equipped with two tails, one visible at night in the west and the other in the morning in the east. The earth is supposed to have passed through one of these caudal appendages.

This double tail theory emanates from the massive brain of Prof. W. K. Hussey of the University of Michigan observatory.

Clemency to Prisoners Marks Beginning of King George's Reign

London, May 22.—King George has begun his reign with an act of clemency, the remission of short sentences and reduction of others throughout the kingdom. These include the army and navy.

He has also issued a touching letter "To my people," expressing grateful appreciation of the affection and loving devotion the nation has shown in the face of "a sorrow so sudden and unlooked-for that it might well have been overwhelming."

"But the sentiments it has invoked," continues the king, "have made me realize that it is a loss common to me and my people. I take courage and hopefully look to the future, strong in my faith in God, trusting my people and cherishing the laws and constitution of my beloved country."

It is announced that King George is to maintain a racing stable at Newmarket and a training stable at Sandringham, and that he will patronize racing on the same extensive scale as his father.

Real Estate vs. Mortgages

Some of our shrewd clients are beginning to feel that outside property is now nearly as high as it is worth. They say that the old stock exchange axiom is good which says "Sell when everyone wants them; buy when no one wants them." They have figured out that they have done pretty well by real estate and are now buying mortgages. They say that seven to eight per cent. is good for such high class, gilt edged security—in fact there is no security better than a mortgage on improved real estate which has withstood all the scrutiny given morgages which passes through our hands. They feel that with such mortgages they can sleep pretty comfortably—no anxiety as to a possible drop in value.

If real estate has done well for you, or if you are for any reason looking for the greatest security in investment, it will pay you to see us and talk over the matter. Our knowledge is at your disposal without charge. Years of experience and study of financial matters of all kinds fit us to speak with some degree of authority.

A very pretty wedding took place in St. Stephen's church on Saturday morning, May 21, at 11 o'clock, when Florence Maud, elder daughter of Mr. John Morrison, was married to Alexander Lachlan McQuarrie, M. D., fourth son of Mr. Lachlan McQuarrie of this city. The bride wore a traveling suit of navy blue serge, with hat to match and carried a bouquet of bridal roses and lilies of the valley. She was attended by her sister, Miss Bertha Morrison, as bridesmaid, while Mr. George Cassady supported the groom. The church was beautifully decorated by a number of young people, ivy and white lilac principally being used. Mr. and Mrs. McQuarrie left in a motor car for Vancouver, en route to Portland, where the honeymoon will be spent.

During the past week two jolly surprise parties were given, on Monday at the home of Miss Josephine Martin, Queen's avenue, and on Tuesday at Miss Nora Armstrong's home on Sixth street. Those present on Monday were Mr. and Mrs. A. Malins, Mr. and Mrs. F. J. Coulthard, Mr. and Mrs. G. Bruce Corbould, Dr. and Mrs. Doherty, Mrs. Yuengling, Mrs. H. P. Cornwall, Mrs. Eddy, Miss Peele, Miss Macgowan, Miss Leamy, Miss Veda Leamy, Miss Emmett, Miss Corbould, Miss Claire Corbould, Miss Vera Corbould, Miss Dewolf Smith, Mr. J. Cornwall, Mr. Kidd, Mr. Celery, Mr. O'Brian, Mr. Stewart O'Brian, Mr. Whealler, Mr. J. Gibson, Mr. Frank Major, Mr. Motherwell and Mr. Tuck. On Tuesday evening those prssent were Miss Friese, Miss Peele, Miss Dewolf Smith, Miss Brown, Miss Gertrude Brown, Miss Lillooet Armstrong, Mr. Celery, Mr. N. Brown, Mr. Ironsides, Mr. E. N. Sutherland and Mr. J. Gibson.

Hon. Mr. Oliver at Quebec.

Internal Revenues Grow.

Washington, May 22.—Internal revenue receipts show a big increase over last year. For April they were $21,397,137, or $2,209,057 more than in April of 1909. There were increases of $1,021,035 in spirits, $692,651 in tobacco, $493,522 in fermented liquors and cigarettes $200,528.

SIFTON STILL MENTIONED FOR PREMIER OF ALBERTA

Chief Justice of Western Province May Yet Be Called Upon to Replace Rutherford.

Calgary, May 22.—The rumor that Chief Justice Sifton is to be called in to replace Premier Rutherford, which has just about died down, is very apparent again and not without some ground for authority. It is learned that Judge Sifton as yet has declined to accept the invitation of the lieutenant-governor, but that he has not entirely scouted the idea.

It seems beyond doubt that the lieutenant-governor either has the resignation of the premier in his hands or can get it, and that with the acceptance of Judge Sifton there would be a change at once. Judge Sifton will form an entirely new cabinet, which will likely include Judge McCheil of Medicine Hat, and Senator Peter Talbot, and have no other members in the cabinet at first.

The majority of the insurgents are opposing the elevation of Judge Sifton for the reason that he is ignoring Hon. W. H. Cushing who left the cabinet and brought on the movement against the railway deal and, in addition is a very excellent cabinet minister. Whatever the change, it will be made at once, and it would not be surprising if action was taken within the next few days, probably before the house meets on May 26.

ARMY OF CLOWNS COMING TO TOWN

The Great Sells-Floto Shows Consolidated present along with their comedy department this year numerous prominent jesters, commonly called "clowns;" Spader Johnson and Lon Moore are the principal jesters, and associated with them are 45 kings of the clowning world. Along with these funny chaps, others also assist with comical stunts.

When intermingling with citizens on the street none of them would be suspected of wearing the loose robes of a fool, but when they are in the ring with their makeups on they laugh and the crowd laughs with them. A jolly lot, and they have certainly helped to unload at least temporarily the cares from the minds of thousands of people.

Clowning is an art of itself, the best clowns are born, not made. The fun making department of the Great Sells-Floto Show is fully up to the high standard of its other departments, in fact, many a person will testify to the statement that the clowns with this show are worth the price of admission. Their work is appreciated, as the present strenuous lives of most people cause them to relish a little pure nonsense now and then.

Everything in all departments of the Sells-Floto Circus this year is positively new, refreshing and up-to-date. The big show will exhibit in New Westminster on June 3.

LARGE ACREAGE.

Saskatchewan This Year Has Greatly Increased Area Under Crop.

Regina, May 22.—The Saskatchewan department of agriculture, through its statistical and crop reporting service, has completed its estimate of the acreage sown to wheat and oats in the province this year. The estimated increase in the acreage sown to wheat is 557,000 acres, or 13.6 per cent. This compares with an increase last year, of 381,000 acres, or 10.3 per cent. The estimated area under wheat in 1910 is 4,462,000 acres. The estimated acreage sown to oats shows a decrease of 137,000 acres, or six per cent. The area under oats in 1910 is estimated to be 2,103,000 acres.

Ninety-three per cent of the wheat crop acreage of 4,317,000 acres was sown prior to May 1 this year. Of the acreage sown to oats, 45.5 per cent, or 956,000 acres, was sown prior to May 1.

SALEM MAN LEAVES MILLIONS TO HIS ALMA MATER

Salem, Mass., May 22.—By the will of Isaac C. Wyman, of Salem, filed yesterday for probate, the bulk of his estate, which is estimated at nearly $10,000,000, is left to the graduate school of Princeton university as a memorial of Mr. Wyman's "lasting affection," as the will phrases it, for his alma mater. John M. Raymond, of Salem, and Dean Andrew S. West, of the Princeton graduate school, named as trustees, are given almost absolute power in disposing of the property, which consists largely of real estate holdings.

Mr. Wyman was born in Marblehead, January 31, 1828. He practiced law and then gave it up to enter the real estate business exclusively. He operated on a large scale, and purchased many thousands of acres of wooded lands both in the United States and Canada.

DANISH ELECTIONS.

Troubled State of Political Situation—Question of National Defence.

Copenhagen, May 22.—The general elections were held yesterday throughout Denmark. It is only one year since the last election, but the interval has seen three ministries in power.

The contest again today turned on the defence question. Premier Zahle and the radicals in his cabinet having secured the dissolution of the Folkething, in order to get the defence bill of 1909 abolished or amended. The elections resulted in the defeat of the radicals.

The premier and the ministers of the interior and defence were re-elected, but the ministers of worship and commerce were defeated.

The seats are distributed as follows: United Leftists, favoring the bill, 56; Rightists, 13; Radicals, 20.

INDUSTRIAL PROGRESS.

From east and west, from north and south, new lines of communication are creeping on towards the old time capital of this province. On either bank of the mighty river that has played so great a part in the past history of the quest for gold, and whose broad bed is yet amply lined with the precious metal, great movements are in progress, which spell power and greatness for the future of the erstwhile modest city that was hewn out of the primeval forest by the sturdy and resourceful members of the Royal Engineers corps, fifty-nine years ago.

In the past New Westminster has been content to allow her progress to drift on in a gentle and gradual way. But her rich and beautiful natural endowments have served to earn for her pre-eminence as a place where a man could locate his dwelling under the most pleasant and delightful conditions, and create for himself a home that should be a joy for the whole term of his life. This pre-eminence as a city of homes New Westminster must ever enjoy, for the character and circumstances of her residential section on the high lands are such as the human hand cannot mar or destroy, whilst the magnificence of her scenic surroundings is permanent and beyond any possibility of deterioration or harm.

But down in the vale, on the margin of the vast waters of the Fraser, the music of busy industrial life will henceforth hum in a rapidly increasing volume. The clank of the steam hammer and anvil, the roar of the furnace, the whirr of the great saws, the click of the shuttle, the buzz of the stones and rollers of the mill, the rumbling of the weighty train, the swish of the mighty vessel of the deep, the snort of the waspish little tug, and a hundred and one other notes and tones of the pleasing music of happy and prosperous industry will resound, and her streets will be filled with the rush of busy men. Hither will come, and thence will go, to and from the docks and wharves, depots and freight yards, merchandise of all manner and kind. Thus the time is not far distant when New Westminster will stand in the realization of a great commercial clearing house to this great Dominion and, in a measure, to the world.

B. C. MOVING AHEAD.

The observation of Sir Wilfrid Laurier, that this is Canada's century, has become world famous. There are unmistakable signs and indications that this prediction was based upon substantial premises and that it will be borne out by results. But whilst this is a period of great progress, and of wonderful growth in regard to the Dominion, it is evident that we have also entered upon an era of increasing importance and prosperity for the province of British Columbia. From far and near comes the news that this province is occupying an increasing share of attention.

For instance the Agent General of British Columbia in Great Britain has recently reported to the government that wherever one goes in England, Scotland or Ireland one may hear British Columbia talked about today, whilst from the continent of Europe, from Australia, New Zealand, Africa, India and elsewhere numerous enquiries are received as to the character and possibilities of this province. From an entirely different source we have corroborative testimony of this gratifying circumstance. Mr. Alexander Laird, general manager of the Canadian Bank of Commerce, who is now on the coast, remarked a few days since that, "British Columbia is probably the brightest spot in the entire Dominion today. Its rapid growth and development forms an absorbing topic of conversation in every community in the east."

None are better fitted to note the pulse of progress than masters of finance like Mr. Laird, and his remarks are for this reason particularly valuable as evidence of the position which our province occupies in the estimation of those in other parts of the Dominion.

A large number of the Knights of Pythias of both Royal and Granite lodges were present at St. Stephen's church last night on the occasion of the forty-sixth annivesary of the founding of the order. L. V. Evans, deputy grand, from Vancouver, was present, and the Uniform rank, under the command of Captain Ewart, also took part.

MORROW'S LINEUP IS PUZZLE TO FANS

ficials Remain Undecided On Players and Positions For First League Game.

he Salmon Belly lineup for the t game tomorrow is the question is puzzling all the lacrosse fans he city. It is almost certain that e will be some changes from the n that played the first game in couver, but just what they are the agement refuses to divulge. The lineup will not be known till the of the game.

owever, it is practically certain Sandy Gray will occupy his old sition in the nets. Hughie Gifford not been well and Sandy was out practice a few nights ago.

lbraith has also been out work- and it is probable that he will on the lineup. The Cup Holders no crowd to choose from and so practically certain that with the ception of one or two changes the will remain the same. The posi- of some of the players may be ed, as it is generally conceded the home men in the first game not working as well as they

terday's News-Advertiser had a that there would be no changes e New Westminster lineup, but information could not have been al, for Manager Welsh stated rday that he had not definitely ded who to play.

e Vancouver men who won the game will again do their best for

following are the lineups so s known at present:

Westminster—Goal, Gray or Gifford; point, Galbraith or Gifford; coverpoint, T. Gif- or Buck Marshall; first de- Marshall or J. Gifford; sec- defence, J. Gifford or George ie; third defence, Tom Rennie eorge Rennie; centre, Pat Feeney om Rennie; third home, W. Turn- second home, Punk Wintemute; home, C. Spring; outside, L. ull; inside, G. Spring.

ancouver—Goal, Gibbons; point, ith; coverpoint, Howard; first de- Clarkson; second defence, Pick- ; third defence, Garvey; centre, third home, Matheson; second Murray; first home, Allen; out- Ravey; inside, Adamson.

E. Ditchburn of Victoria will e the game. Mayor Lee will off the ball at 3 o'clock sharp.

he large board announcing the rs and their numbers did not e entirely satisfactory at the first e and the management has de- to have the names of the play- and their positions and numbers ted.

good crowd is expected at the e, as the Vancouver men are con- nt, since winning the exhibition h, and as it is the first time in s that the Vancouver fans have any real hope that their bunch d take a game here they will ubtless come over in hordes.

he grounds have been fixed up and and for the press and time-keep- has been erected on the east side the field, near the clubhouse. As accommodation is not too great the press representatives and the e-keepers all others are requested refrain from occupying space there- The players and the club officials all that will be allowed to enter oval.

he band will be there to entertain spectators when there is nothing ing on the field and the police will there to entertain anyone who akes a noise like a fracture of the ace.

he price charged at Vancouver was jected to by some who went un- epared for it, and to prevent any ssatisfaction on the same score here e prices are again published. Ad- ission to grounds, 25 cents; bleach- s, 25 cents and grandstand, 50 nts.

More comfort than has ever been ovided before to lacrosse fans here ill be afforded by the presence of 00 cushions, which will be rented out the rate of 25 cents for two. This heme has been struck upon by Par- ell Keary, who will probably have it atented.

TIGERS AND HUSTLERS.

Youngsters Have Hot and Exciting Lacrosse Game at Queens Park.

The Tigers and Hustlers, two lacrosse teams composed of boys between twelve and sixteen years of age, met on Saturday afternoon in a fierce game, the Hustlers winning out by one goal after five minutes overtime had been played. The Tigers were handicapped by having only seven men during part of the game.

Grumpy Spring refereed and had considerable difficulty handling the boys, who were inclined to be rough. He had to penalize several men on both teams. The teams were: Hustlers—L. Postell, D. Robson, L. Rolph, F. Meredith, L. Stoddard, H. Stoddard, W. Rennie, N. Forrester, W. Smith, J. Rowe and A. Wilson. Tigers—J. Smith, T. Jackson, J. Martin, E. Welsh, A. Rogers, C. Woods, D. McWaters, E. Whiteside, J. Elley, J. MacDonnell and S. McNeil.

MAPLE LEAFS NOW LEAD IN CITY LEAGUE BALL

Balmorals Walloped on Saturday by Seven Runs to Five—Game Was Worth Watching.

By humbling the pride of the champions of the City league to the tune of seven circles of the bases to five, the Maple Leafs on Saturday secured the leadership of the City league.

Saturday's brand of baseball was very fair, the boys showing considerable improvement over the earlier games in swatting ability and all round catching and fielding. Alex Cuningham, who umpired the game, remained boss until after time was called. These were the teams:

Balmorals—Munn, c; Smith, p; Sinclair, 1b; Ryall, 2b; Wright, ss; Stein, 3b; Canfield, lf; Smith, cf; Dieldal, rf.

Maple Leafs—Smith, c; Silver, p; Jamieson, 1b; Roach, 2b; Hansford, ss; Hansford, 3b; Mannering, cf; Dignam, lf; Fletcher, rf.

CURTISS EQUIPS MACHINE WITH WATERTIGHT COMPARTMENTS

Hammondsport, Ky., May 22.—Glen H. Curtiss made a flight of forty minutes this afternoon, circling the northern end of Lake Keuka twenty-three times and alighting by design on the surface of the lake in perfect safety. His aeroplane retained its equilibrium and was towed ashore uninjured. Curtiss has equipped his latest model with watertight compartments and the marine tests which he has now carried out are the first ever attempted.

Process of Coloring.

Realizing that a properly colored moving picture film is far in advance of the uncolored film, a great French film concern has devised means by which the tinting can be done successfully.

"The coloring machines," says the June Popular Mechanics, "are ingenious affairs provided with a number of stencil strips as long as the strip of picture film. Holes cut in the stencil strips correspond to the parts of each of the little pictures which are to receive the coloring of ink or dye each strip is expected to give the film. The stencil strips are run through the machine on top of the picture film, one at a time, until all the colors have been put on. The stencil strip and film strip, of course, run through the machine as if one solid layer. The coloring matter is put on the film by a short endless band of velvet, which acts as an ink brush, the soft brush-like surface passing through the holes of the stencil strip and touching the surface of the film.

"After the films colored by the machine are retouched by hand the result is so nearly identical with the best of natural color photography that the average observer can not distinguish the difference."

DOMINION SENDS PARTY NORTHWARD

Engineer Crean in Charge of Exploration Expedition to Mackenzie River Basin.

Ottawa, May 22.—Charged with the exploration not only of its mineral, lumbering and power producing possibilities, but also of its farming land, and with a view to ascertaining the feasibility of constructing two railways which would develop the immense resources of the country, the "Northland exploration" branch of the interior department has sent out an expedition which has now left Edmonton to investigate the vast district north of the provinces of Alberta and Saskatchewan. In view of the great acreage of western farming land still unoccupied it might appear that Canada could rest on her plow handles, agriculturally speaking for a time but this is not the case and Hon. Frank Oliver, minister of the interior, who has as a western man long been impressed with the immense area and vast resources of the country stretching north from the northermost boundaries of the three western provinces, some time ago organized a branch survey known as the "Northland exploration" under the direction of Mr. Young, chief Geographer.

The exploration party is in charge of F. J. P. Crean, C.E., and as his assistants he has William Caldwell and A. M. Beale, both qualified engineers. The party consists of five white men from Ottawa, while the remaining portion of it will be made up of Indians.

From Athabasca Landing.

The party went first to Edmonton and from there has now left across the trail to Athabasca Landing, carrying with it a fully equipped steam launch in which it will voyage down the Athabasca river. It will go by means of horses to Fort Smith, which a look at the map will show is in latitude 60 degrees north, and will winter there. In the summer of next year the field will be widened.

Wood Buffalo.

There are a number of interesting things connected with the expedition. For instance it is not generally known that 561 buffalo, no more and no less, are supposed still to exist in Canada in the country where Mr. Crean's party is to go. Thompson Seton saw three; Inspector Jarvis, Superintendent Routledge and Constable Bates of the Mounted Police saw others, making a total of 59 actually seen, and now Mr. Crean will report on them.

Proposed Railway.

Perhaps the most important object of the expedition, however, is the investigation that will be made as to the feasibility of building a railway across the portage at Fort Smith and another on the chutes of the Peace river. With these built and the Alberta and Great Waterways road construction to Fort McMurray the whole northern district would be opened, as there is water communication from Fort McMurray up.

Asphalt.

North of Fort Smith there are said to be practically unlimited deposits of tarsands, which, if developed, would put the famous asphalt lake, Lake Trinidad, in the background. There is pulp timber all over the place and the available water power may be judged from the fact that in one place the Athabasca river drops 50 feet, producing 150,000 horse power. The district is at present inhabited only by a few fur traders. The field will also embrace the coal, salt and oil country where the natural resources are of incalculable value.

Farming Land.

An immense area of farming land will also be accurately outlined and reported upon, the nature of the soil noted and the success of cultivation ascertained. Peat deposits, timber, minerals, flora and fauna, water powers and general features of the country will all, in fact, be noted, the expedition being perhaps one of the most important ever sent out from the capital on such a mission.

HON. FRANK OLIVER TO VISIT PROVINCE

The coast will in all likelihood daring the coming summer be favored with a visit from the Hon. Frank Oliver, minister of the interior. A special dispatch from Ottawa appearing in the Toronto Globe May 13 says: "Hon. Frank Oliver will leave for the west in the course of a week or so, and will spend the greater part of the summer there. The minister has under contemplation a unique trip during the summer from Edmonton north through the Peace River district and Mackenzie river right up to the Arctic ocean, thence overland to Dawson, and from there down to Prince Rupert and Vancouver. A detachment of Mounted Police will accompany him over the route from Edmonton to Dawson if he finds that he has an opportunity to take the trip."

THOUSANDS IN PANIC AS CIRCUS TENT BURNS

Schenectady, N.Y., May 22.—Fifteen thousand people were thrown into a panic yesterday afternoon, when the main ten of the Barnum & Bailey circus burned. Circus employees and police were on the spot almost immediately and succeeded in getting the frantic men, women and children safely from the balzing tent. One woman was injured, and hundreds fainted and were carried out by the police and firemen.

The fire is thought to have started from a lighted match being dropped by a boy in the bleachers. It started on a guy rope and climbed to the ceiling, where it communicated with the canvas and the entire tent was consumed in less than half an hour.

HERBERT BOOTH HAS LEFT SALVATION ARMY

"Free Lance" Preaching to Follow Twenty-four Years in Organization of Parent Body.

Detroit, Mich., May 22.—Herbert Booth, youngest son of Gen. William Booth, head of the Salvation Army, and his father have come to the parting of the ways.

Like his brother, Ballington Booth, he has left the organization and has taken up religious work along new lines. Ballinger Booth, when he parted with his father, organized the Volunteers of America. Herbert Booth will be engaged in "free lance" preachings throughout the world.

Booth has given twenty-four years to the upbuilding of the Salvation Army. He announced his severance from the organization at a meeting of the Detroit Pastors' union this week.

In explaining the causes that led to his leaving the army, he said it was a personal affair, and that he did not care to discuss it. He denied that it was the result of a family quarrel, and inferred that differences in religious beliefs were at the bottom of his secession.

He desired to take up evangelistic work, he said, believing he could do more good in that field than in the army. His work is not conducted along the lines of "revival" meetings, but through lectures.

To confirm his denial of hostilities with the Salvation Army he pointed out that members of the army attended his lectures.

But in other quarters, it is stated that Booth is minimizing the cause.

A minister, who is a close friend of Booth, and as such has gained inside information regarding the matter, said today:

"The reasons that led Herbert to leave the Salvation Army were much like those that resulted in his brother, Ballington Booth, leaving it.

"General Booth is a wonderful man. He has accomplished great things for the evangelization of the world, but he never has been able to control his own family. What many thought to be his despotic action in deposing his son Ballington, from the direction of the Salvation Army in this country, resulted in a bitter family entrangement.

"Mrs. William Booth, wife of the general, acted as a family peacemaker in her lifetime. When she died General Booth came under family influences that engendered hostility and factional controversy.

"Herbert Booth was splendidly educated at the best schools in England. He inherits his father's gift of eloquence and power and he is endeavoring to accomplish without the Salvation Army what he was not permitted to do within it."

MUSICAL TREAT COMING TO WESTMINSTER TOMORROW

Have you ever given a careful thought as to the amount of training it requires to thoroughly present a company of children to the public, fully equipped with scenic investure, light effects, costumes, etc., and to win the approval of the press and public everywhere the Juvenile Bostonians, who are to appear at the Opera house tomorrow evening is a fully equipped opera company, having toured the United States and Canada for the past three years and their coming at this time should be heralded with much pleasure. Babe Mason, the clever comedienne of the company, once seen will never be forgotten. The musical numbers which they offer are all gems and no doubt will be new to the audience. Music lovers should show their appreciation by giving their liberal patronage.

ITALIAN WEDS WITH POLICE AS ESCORTS

Tacoma, May 22.—With Detective Brady as best man and number of police officers serving as flower bearers, Tony Millos, a young Italian, was married this afternoon to a 16-year-old girl for whose abduction he had been arrested Thursday.

Rev. F. H. Groom, who had given the police the information which led to Millos' apprehension, was to have performed the ceremony, but could not be found at the last moment, so the bridal party rode up to Justice E. M. Card's office in the police patrol wagon.

The charge against Millos will be dismissed.

BAD PLACE TO LIGHT PIPE.

Paterson Man Picks an Oil Tank and Is in Hospital.

New York, May 22.—Alexander Smith of Paterson, N. J., after wasting several matches in an attempt to light his pipe yesterday, went into an oil tank of the Public Service commission to dodge the wind.

He lit the match, but before the tobacco ignited there was an explosion. Smith was knocked down, but in a few minutes he came to. Workmen were throwing water on him when he opened his eyes. He was hurried off to the General hospital, where he will remain for several days.

Reduced Cable Rates.

New York, May 22.—A reduction of cable rates to Peru, Bolivia, Chile, Argentina, Uruguay and Paraguay, is announced by the Central and South America Telegraph company. The reduced rate of fifteen cents per word goes into effect June 1 and applies to messages originating in Canada and the United States.

John D. Contributes.

Tarrytown, N.Y., May 22.—John D. Rockefeller today pledged $35,000 towards the erection here of a new Y. M. C. A. building, which is to cost $100,000.

WILLIAM J. BRYAN OFF FOR EDINBURGH

New York, May 22.—William Jennings Bryan was a passenger on the White Star liner Cedric today, with Judge George Gray of Delaware, upon whom the anti-Bryan Democrats tried to centre at the Denver convention. Mr. Bryan is on his way to the international missionary conference at Edinburgh and Judge Gray is en route to The Hague as one of the arbitrators in the New Foundland dispute. Both the distinguished Democrats were chary about discussing politics except in the most general way.

LAND REGISTRY ACT.

Take notice that an application has been made to register Duncan Bell Hall as the owner in fee simple, under a Tax Sale Deed from E. A. Wilmot, Inspector of dykes, to Duncan Bell Hall, bearing date the 13th day of April, A.D., 1907, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as part 3.60 acres of the southeast quarter of Section 18, Township 3, Range 29, west of 6th Meridian.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty five days from the date of the first publication of this notice upon you and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Duncan Bell Hall as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

CONGO NATIVES TO PAY TAX ON ALL EXTRA WIVES

Benedicts Who Overdo It Will Be Mulcted in Sum of Forty Cents for Each Bride.

Brussels, May 22.—A tax on polygamy of 40 cents on every wife over the first figures among the reforms to be introduced into the Congo after July 1 next, when a large area will be opened to free trade. The maximum head tax will be reduced from $7 to $2.40 yearly, and the minimum tax will be $1. The scale is to be revised every year according to local conditions.

Other changes will improve the status of the natives. The government will treat the native chief elected by communities under the government's regulations like ordinary white officials and pay them salaries.

The chiefs will still have to supply labor to the government, and natives will be compelled to work.

LYNCH RE-ELECTED AS PRESIDENT OF I. T. U.

Indianapolis, May 22.—James M. Lynch was re-elected president of the International Typographical Union by a majority of more than 8000 votes in the election held throughout by the organization May 18.

J. W. Hays of Minneapolis was elected secretary and treasurer. The following were elected delegates to the American Federation of Labor: Frank Morrison of Chicago, Hugh Stevenson of Toronto, Max Hayes of Cleveland and T. W. McCollough of Omaha.

The following were named trustees of the Union Printers' home at Colorado Springs, Colo: Thomas McCaffery of Colorado Springs, Walter McKee of New York and T. M. Powell of Montreal. George Nichols of Baltimore was elected agent for the home.

MAN'S LEG AMPUTATED ON SWIFTLY MOVING TRAIN

New York, May 22.—On an improvised operating table stretched over the tops of seats of a car on a Long Island railroad train, James Corwin, of Belmore, Long Island, lay senseless yesterday while a surgeon amputated one of his legs. While the operation was being performed the train was making a fast run to Jamacia. Corwin was run down by the train at Belmore, and was put on board to be taken to a hospital at Jamacia.

A telegram was sent ahead to Rockville Centre, in response to which a physician boarded the train at that point. He saw that an immediate operation was necessary, and while the car lurched and pitched with the motion of the speeding train, he went ahead coolly with his task. He had completed his operation before the train reached Jamacia. At the hospital it was said that Corwin had a chance to recover.

READY MADE FRUIT FARMS IN KOOTENAY

Moyie, May 22.—The Canadian Pacific railway, always enterprising, will shortly be turning out "ready made" fruit farms in Kootenay. Some months ago this company acquired two large tracts of land specially adapted for sub-division into orchard sites. Since that date a good force of men has been employed on both blocks clearing, stumping and planting trees. Both the tracts are in East Kootenay, one being located at Yahk and the other at Curzon Junction, west of here. It is the intention of the railway company to dispose of its holdings in 10 and 20 acre blocks to bona fide settlers in the near future. This will make it possible for immigrants and others to purchase cleared, planted and cultivated land at a comparatively little higher price than is now paid for wild land. The project so far as the company is concerned, has for its object the encouraging of new settlers rather than a profit seeking enterprise. The proposal will probably result in the introducing of many new settlers to this district.

OPINIONS FROM SWEDEN.

Telephone Trunk Lines Should Belong To Government.

Toronto, May 22.—Axel Hultman, director of state telephones, Stockholm, Sweden, and Herman Ollson, engineer of the central administration are here by authority of Herman Rylin, director-general of the Royal Swedish telephone department, for the purpose of examining the automatic telephone system installed at Peterborough, Brantford and elsewhere.

Mr. Hultman did not think that there was much to be learned from the Bell system in Toronto, and the rates he mentioned as prevailing in Sweden under government ownership may make an impression on the Ontario government.

"The government ought to operate trunk lines," Mr. Hultman gave as his decided opinion. In Sweden the trunk lines belong to the government.

STEEL CARS FOR CANADIAN GRAIN

Chicago, May 22.—Orders have been placed by the Grand Trunk road with a Chicago concern for 2,000 steel cars. The new cars will be 60,000 pounds capacity and will cost about $1,000 each, making a total expenditure of $2,000,000. Included in the order is one for 500 special automobile cars. These are of unusual size, with end and side doors allowing the shipment of the largest touring machines. This road touches Detroit, Lansing and other cities in Michigan where are located large automobile factories.

Another part of the scheme provides for a number of steel frame boxcars to carry the wheat crop of western Canada.

HOLIDAY NECESSITIES

A store filled with ways and means to aid you in solving the problem of what to wear. Every holiday brings some extra demands. Small or large wants carefully and thoughtfully attended to in every department. Shop early as late shopping is hard on all the members of the staff.

Another Shipment of Womens Blouses

We have experienced considerable delay in obtaining prompt delivery of many lines of our blouses. Factories are all working overtime to catch up with their orders. We were indeed glad to see arrive this shipment of which we now speak. It contains a splendid showing of white and colored waists in tailored styles with white collars, and a few styles fancy in design showing new yokes and collars of Maltese lace and fine insertions. Special showing for Saturday and Monday; each, 85c to $3.50.

Holiday Hosiery

50c per Pair.

A complete range of popular colors in fine lisle, plain or lace. At this price we show many shades of Mauve, Old Rose, Pink, Sky, Champagne, Oxblood, Grey, Wisteria, Tan, and Black and White. To make the special showing more than usually attractive we have placed on sale many odd lines of which only one or two pairs of a style remain. Regular values ranging from 65c to $1 per pair. Sizes 8½, 9 and 9½ inches. All one price Saturday and Monday. On display centre table. Per pair, 50c.

A New Shipment of Washable Neckwear

Better values than ever are apparent in the new showing just in for our holiday business. Among the newest styles might be mentioned the square yoke Dutch collars, lace trimmed Dutch collars, Maltese lace jabots. 15 dozen new collars now being shown; each, 25c, 35c, 50c and 75c.

New Nets for Yokes

Something entirely new in the showing of fine washable nets. A special feature is the design of each piece worked out with washable soutache braid in colors to match wash materials so popular this season; per yard, 85c to $3.

Fine Lisle Gloves

35c per Pair.

Cool and comfortable are these fine sheer Lisle gloves for summer outing and street wear. These gloves are in ever increasing demand—new coloring, new fasteners, new stitching—little points of interest in the selection of your gloves. Our showing complete for holiday demand. All sizes, 6 to 7½ inches; per pair, 35c.
