OTING ON BYLAWS TAKES PLACE TODAY

nly Ratepayers Assessed For $300 or Over May Exercise Prerogative.

Bylaws to be voted on by the ratepayers today:

o. 1. Street Improvements bylaw	$150,000
o. 2. City Parks bylaw	35,000
o. 3. Schools bylaw	97,500
o. 4. Lulu Island Bridge bylaw	30,000
o. 5. Fire bylaw	12,000
Total	$324,000

The different bylaws are described follows:

No. 1—A bylaw to enable the coun- l of the city of New Westminster to ise by loan the sum of $150,000 for reet improvements.

No. 2—A bylaw to enable the coun- l of the corporation of the city of ew Westminster to raise by loan the m of $35,000 for the purpose of proving the city parks.

No. 3—A bylaw to enable the coun- l of the corporation of the city of ew Westminster to raise by loan the m of $97,500 for school purposes.

No. 4—A bylaw to enable the coun- l of the city of New Westminster to ise by loan the sum of $30,000 to mplete the payments for the ma- rials and construction of the Lulu land bridge.

No. 5—A bylaw to enable the coun- l of the corporation of the city of ew Westminster to raise by loan the m of $12,000 for the erection and uipment of a fire hall at the West nd and for the purchase of a com- nation hose and chemical auto river.

Voting Is Restricted.

Not all those who are listed on the rdinary city voters' list, but only ose who are assessed for $300 or er on the last assessment roll, are igible to vote on these bylaws.

The polling booths are at the usual laces: City hall; corner of Eleventh nd Auckland streets, and the Sapper- n fire hall. The booths will be open om nine o'clock in the morning un- l five in the afternoon.

Vote Will Be Light.

It is not expected that the vote olled today will be a heavy one un- ss the interest that has been aroused the school question quickens some the slothful taxpayers to unwonted forts.

The school question has been reshed dry by different means and the public meeting held last week discuss the bylaws occupied nearly l the time disposed of on that occa- on.

The trustees seem to be extremely esirous of having the bylaw carry nd will await the result of the poll ith great interest.

There has been but little canvassing ther for or against the measure.

The Fire Bylaw.

The only other bylaw which, pre- nts unusual features is the fire de- enture bylaw. It provides for the ecessary expenditure to make the ew Westminster fire department one the most up-to-date in Canada. It proposed to erect a new station in e West End and to install in the ain hall on Columbia street one of e most modern automobile fire fight- g appliances made.

NATURALIST AT OTTAWA.

ir John Murray May Make Survey of Great Lakes.

Ottawa, July 13.—Sir John Murray, distinguished Scottish naturalist, as been in Ottawa and has brought o the attention of the government he desirability of making a physical nd biological survey of the Great akes. It is possible that he will be sked to do the work.

Sir John will be remembered as the aturalist on H. M. S. Challenger on s world-famous cruise of exploration f the physical and biological condi- ons of the great ocean basin which sted from 1872 to 1876. His home s in Edinburgh.

PARALYSIS CASES PUZZLE MEDICOS

Topeka, Kan., July 13.—Four cases f infantile paralysis have been found n one family near Speed, Phillips ounty, Kan.

Two of the patients died. Dr. J. S. rumbine, secretary of the state oard of health, returned here from hillips county, where he investigated he case.

"It has been determined that the isease is communicated by infection f the throat and knee and that it oes not travel by air," said Dr. Crum- ine today. "It seems that it is carried n food, and that flies have a great eal to do with its dissemination. The oard of health has ordered a strict uarantine of the Phillips county ases."

Grey Sails tomorrow.

London, July 13.—His Excellency Lord Grey sails by the Empress of Britain on Friday afternoon, after a most delightful holiday. He talks with keenest interest of his forthcoming Arctic trip.

HIGH SCHOOL PUPILS PASS MATRICULATION EXAMS

Eight Pupils Successful in McGill University Examinations—Supplementary Exams for Twelve Others.

The result of the High school matriculation examinations for McGill university, which were held here in May, has been announced. Eight of the pupils secured the required number of marks, and twelve others will be allowed to write again on a number of subjects.

Those who passed, with the number of marks obtained (maximum 800), were: Hugh Wilson, 564; Margaret McNiven, 554; Arthur Creighton, 550; Roma Carncross, 507; Isabella Robertson, 505; James Forrester, 479; Mabel Warner, 474; Alice Corbett, 419.

Those who will have to write again on named subjects are Kathleen Muir, Latin composition and French; Mary Robertson, geometry; Gertrude Robinson, Latin composition; Ruby Sipprell, German; Hazel Smith, geometry, Latin composition and French; Thure Storme, Latin authors, Latin composition and French; Francis Battson, Latin authors; Annie Croll, Latin composition and French; Lawrence Dashwood-Jones, Latin composition and French; Annie Imlah, algebra; Stanley Lane, Latin authors; Lilly Mackenzie, Latin composition.

CITY ENGINEER IS GIVEN SPACE IN CONTRACT RECORD

Interesting Article on J. W. B. Blackman Appears in Trade Journal —General Write-up of City.

The Contract Record, a contracting and engineering journal published weekly in Toronto, contains an interesting article on City Engineer J. W. B. Blackman, of New Westminster.

"No city in Canada today is more alive to the necessity for skillful engineering work than the ancient city of New Westminster on the Pacific coast. For some time the flow of settlement and industries in that direction has been steadily increasing so that where a year since one man was employed there are now five under the superintendence of the city engineer, J. W. Burnard Blackman.

"City Engineer Blackman was born in Kent, England, in 1878, and educated at Highbury House college, St. Leonards-on-Sea. His early professional training was received at the hands of G. F. Miller, M. I., M.E. Later, he took a course in the Brighton college of engineering and science, where subsequently he held a mastership. For six years he practiced his profession in the city of Brighton, Sussex. During this period he was a frequent contributor to leading technical publications. The "Builder's Journal," one of the best known periodicals of the kind in London, commented very favorably upon several of his plans, and "Modern Buildings' amongst other standard books, gave specimens of his handiwork. After the early stages, however, Mr. Blackburn devoted the greater part of his attention to the various phases of municipal engineering, having discovered that in this direction lay his forte. Mr. Blackburn has had valuable experience in the construction of sewerage disposal works, modernized systems of drain sewers and special adaptions of mechanical and scientific sanitation. He is an associate member of the Canadian Society of Civil Engineers, a professional associate of the Surveyors' Institute (England), and a member of the Society of Architects of England. In 1907 he accepted an appointment as manager for J. H. Brownlee, C.E., of Vancouver, with whom he remained until March, 1909, when he went to New Westminster as city engineer."

The article in the "Contract Record" goes on to mention several of the municipal improvements at present in course of construction and gives a general write up of the city.

JOHN D. ROCKEFELLER, JR., BEGS FOR SQUARE MEAL

Kansas City, Mo., July 13.—How John D. Rockefeller, jr., came to his camp and begged for a morsel of food and how the young chap sat down to the coarse fare of a camping party and ate as if he had never seen a square meal before, is the interesting story Claude Park is telling his friends. Park, who is employed by a refining company in Caldo Parish, La., is here on his vacation.

As the story goes, young Rockefeller, Archbold, his father's right hand man, and some English capitalists were looking over some oil property when the young millionaire got lost from the main party about meal time. When he saw he had been left he came to Park's camp and asked if he could not have a meal. It was against the rules of the camp for any outsider to eat there, and Rockefeller had to tip the cook.

Quake in Tyrol.

Berlin, July 13.—Dispatches from the Tyrol in Austria-Hungary report one person killed and twenty injured by an earthquake at the village of Uttenheim today.

RAILWAY MEN DENY AUDITOR'S CHARGE

B.C.E.R. Employees' Union Delegates State that Members Got No Rebates.

The privilege of paying their taxes at a late date and getting the discount, which Auditor Cotsworth alleged in his report was possessed by the employees of the B. C. E. R., has met with a vigorous denial by the street railway employees' union. At the meeting of the trades and labor council last night, the matter was referred to by Delegate W. Dodd. He stated that Mr. Dickinson was not the spokesmen of the railway employees and that the said employees had not been receiving any privileges from the city not enjoyed by the rest of the citizens. Mr. Dodd said that he had not been able to find any member of the union who was aware that such an agreement as that mentioned in the auditor's report was in existence. It is understood that the union will write an official denial of the statement to the city council.

A letter was received from the secretary of the Trades and Labor Congress of Canada, which is holding its twenty-sixth annual session in Fort William on September 12, asking the local council to send delegates. It was decided that if any delegates were sent from here they should be selected at a meeting when all the unions knew the matter was coming up and the letter was laid over for consideration for one month. From the prospectus sent out by the officers of the annual meeting it would seem that the congress would be a notable event in the annals of labor in Canada. There are many matters to be discussed, including the eight-hour-day bill and the Belcourt bill, which the labor men claim is a direct attack on international trades unionism.

The delegates from the recently formed teamsters' union, G. F. Ferguson and K. Johnson, took their seats in the council for the first time.

W. Dodd, on behalf of the street railway employees, reported that a new agreement had been signed between the company and the men which practically granted all the concessions asked for by the men. He added that the new agreement meant an increase to the annual salaries of the New Westminster employees of $25,000, and of $150,000 to the employees in the three cities of New Westminster, Vancouver and Victoria together. The company agreed to have all the uniforms for the men made in union tailor shops.

There was considerable other business of minor importance transacted at the meeting.

Gotch Will Not Fight.

Fort Dodge, Iowa, July 13.—Frank Gotch in an interview today emphatically declared he would not fight Jack Johnson. "I am well satisfied with the mat honors I have won," declared the champion wrestler. Gotch refused to say whether he would retire from the mat.

BOARD OF MANAGERS ELECT OFFICERS

Ald. Johnston Is New President of Royal Columbian Hospital Board.

At a meeting of the board of managers of the Royal Columbian hospital held yesterday afternoon in the office of W. H. Keary, officers for the year were elected as follows: President, Alderman J. J. Johnston; vice president, J. J. Jones; secretary treasurer, W. H. Keary; board of managers, Mesdames A. J. Hill, F. Broad, S. J. Pearce and A. H. Ferguson; Messrs. Thomas Gifford, M. L. A.; H. T. Kirk, L. A. Lewis, Marshall Sinclair and James Johnstone.

New Patients in Hospital.

According to the monthly report submitted by Miss Martin, lady superintendent, there are at present only forty patients in the institution, this being the lowest number under treatment at one time for several years past. Every year during the months of June, July and August, the number of patients in the hospital is small, being about one third less than during the remainder of the year. No satisfactory reason is suggested by the hospital authorities for this annual decrease in the number on the sick list.

Visiting Committee Reports.

The visiting committee for the past month, Mrs. Ferguson, J. J. Johnston and H. T. Kirk, reported having called at the institution on several occasions and found things satisfactory. The committee for the current month was appointed as follows: Mrs. S. J. Pearce and J. J. Johnston and L. A. Lewis.

It was decided to advertise in the two local papers for tenders for the building of the new hospital, tenders to be in by August 15.

The secretary was instructed to write, expressing the thanks of the board, to J. A. Montgomery, for a ton of potatoes; Dr. McQuarrie for five crates of strawberries; F. J. Hart, Mrs. J. MacFarlane (Hammond) and Mrs. Walmsley (Burquitlam), for crates of strawberries, these having been supplied for the benefit of the patients at the hospital.

Those present at the meeting yesterday were Marshall Sinclair, in the chair; Mesdames Ferguson and Pearce, and Messrs. Jones, Lewis, Kirk, H. Gifford, Johnston and the secretary, W. H. Keary.

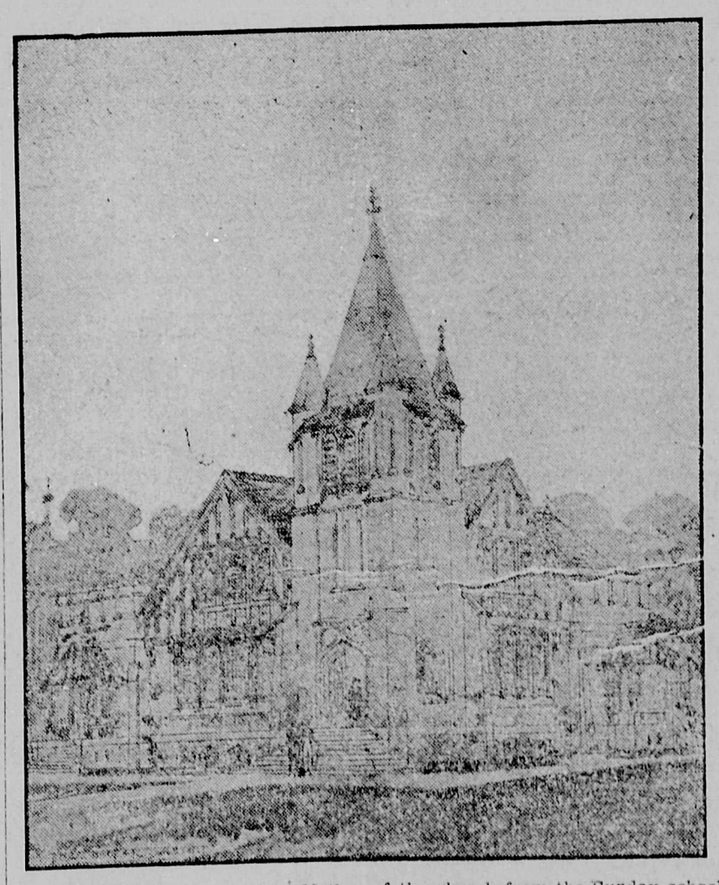
Superintendent's Report.

Miss Mary Martin, lady superintendent, submitted her monthly report as follows:

I beg to submit herewith the statement of patients in the Royal Columbian hospital for the month of June, 1910:

Number of patients in hospital, June 1, 58; discharged, 91; died, 5; admitted during June, 88; remaining June 30, 55; patients treated during June, 146; cases treated at Maternity cottage, 23; number of hospital days, 1,897; received from paying patients, $1,029.10; patients in hospital today, July 13, 40.

Fine New Home To Be Built For Sixth Avenue Methodists



The above cut represents the Methodist church to be built by the members of the Sixth avenue Methodist congregation on Sixth avenue between Eleventh and Twelfth streets.

The building will cost in the neighborhood of $12,000, and will have a seating capacity of 500, which can be increased to 800 by drawing back the folding doors dividing the main body of the church from the Sunday school room.

In the basement will be a young people's meeting room and other rooms set apart for church work.

Rev. F. S. O'Kell, pastor of the Sixth avenue church, and who has only been in the city a short time, is devoting considerable time to securing the necessary funds for the building of the sacred edifice.

USED LUCKY EMBLEMS IN ATTEMPT TO WRECK TRAIN

Horse Shoes Clasped Over Rails Were Intended to Bring Disaster to Orangmen's Picnic Train.

Ottawa, July 13.—An attempt was made last night to wreck a train on which an Orange excursion party was returning to Hull on the Gatineau Valley lines, near Kirks Ferry, Quebec. The discovery was made by the derailment of a handcar.

Investigation revealed a number of horse shoes clasped over the rails for a distance of thirty feet. The train was due a few minutes later, but was held back by the breaking of a piston rod on the engine and the obstruction was removed before the special came along. The C. P. R. police are investigating.

VANCOUVER STRUCK BY INSECT ARMIES

Vancouver, Wash., July 13.—Myriads of millers and moths invaded the Vancouver ferry last night and made life miserable for the crew and passengers.

Captain F. Caples said that he had never seen so many millers at one time in all his life, and Engineer Brumagin, who is past fifty years old, said he would not remember having seen such a large number of moths an any one place.

ENGLISH SOCIETIES PLAN TO EVADE REGULATIONS

Emigration Agencies Propose Loaning Canadian Immigrants Enough Money to Enter Dominion.

London, July 13.—Some emigration societies which feel sore at the harshness of the new Canadian immigration regulations are arranging to give immigrants enough money to enable them to land, on the understanding that the amount so loaned will be returned to the societies' Canadian representatives.

Canadian officials here say this manoeuvre would soon be detected. Meanwhile, influenced by the disuasions of English trades unionism, Canadian manufacturers, especially in cotton hat and cap industries, are finding it difficult to engage skilled hands to emigrate to Canada.

A leading official of the Dominion Textile company, of Montreal, recently visited Lancashire to secure workers.

PROGRAM IS MODIFIED.

Crop Situation Has Affected Building Plans of C. P. R.

Winnipeg, July 13.—The C. P. R. cutoff from Sedgewick, Alta., to Edmonton, which is to form part of the proposed short line from Winnipeg to Edmonton, will not be built this year. It may be next year, but the company is not making any promises to that effect. It is understood that owing to crop conditions the construction program of the C. P. R. in the west for the year has been considerably modified.

OUTSIDERS RESIGN.

Englishman and American Retire From Quebec Bridge Commission.

Montreal, July 13.—It is stated on good authority that two of the members of the commission appointed by the government to prepare plans for the new Quebec bridge have handed in their resignations. They are Modjeska, of Chicago, and Fitzmaurice, of London, England.

It was known some time ago that the commission, the third member of which was Vaulet, of Montreal, had been unable to agree and the government appointed a third board, composed of Holgate, Noble and Phelps, of Montreal, to look into the plans and endeavor to restore harmony.

This, it is stated, was to some extent effected, but not completely, with the result that the two non-Canadian members have washed their hands of the bridge, tenders for the construction of which have been called for. The resignations have not yet been accepted.

NO STOWAWAYS WERE FOUND ON OCEANO

Victoria, July 13.—Stringent search was made on board the Weir liner Oceano for stowaways when she arrived from Manila, Hongkong and way ports last night, owing to cabled information from Hongkong officials that it was reported there forty-eight stowaways had been taken on board. No contraband Chinamen, however, were found.

C. P. R and Telegraphers.

Ottawa, July 13.—J. E. Duval, of the Canadian car service bureau, has been chosen chairman of the board which is to investigate the differences between the Canadian Pacific and the commercial telegraphers in the company's employ. F. H. McGuigan represents the company and David Campbell the telegraphers.

TEAM SELECTED FO FIRST MINTO MATCH

Buck Marshall Figures As Spare Man; Tom Rennie Is Back In Harness.

Goal—Sandy Gray.
Point—Charlie Galbraith.
Coverpoint—Tommie Gifford.
First Defence—Jim Gifford.
Second Defence—George Rennie.
Third Defence—Tom Rennie.
Center—Clifford Spring.
Third Home—Bill Turnbull.
Second Home—Irving Wintemute.
First Home—Pat Feeney.
Outside Home—Len Turnbull.
Inside Home—Gordon Spring.

These are the men who will line up against the eastern champions in the first of the games for the championship of the world and the possession of the Minto cup. Buck Marshall, Pete Latham, Ed Longfellow and Hughie Gifford will be in uniform and on the grass ready to take a hand in the game any moment they are required.

Tom Rennie Back.

Tom Rennie has come back and will occupy a position at the loose end of the defence field. Owing to Tom's come-back, Buck Marshall will not play unless some one retires unexpectedly, but he may be on for the second game.

Team Is Strong.

The team is the strongest on paper that New Westminster has put on the field this season. There is not an untried man on the outfit. They have all played in Minto cup games before and can be depended on to play sterling lacrosse. From Sandy Gray between the nets and Grumpy Spring somewhere in the close vicinity of the Montreal goal, every man is sure of the player next to him and knows what to expect of the other members of the team as well as several years playing together can enable them to know.

Premier Will Start Game.

The game will start sharp at half past three, when Premier McBride

(Continued on Page Five.)

EX-MAYOR OF EDMONTON HURT IN AUTO ACCIDENT

Edmonton, July 13.—W. M. Short, K. C., a prominent lawyer of this city, was seriously injured in an automobile accident this morning, when he lost control of the steering gear in hurrying to catch a C. P. R. train with his family. His family was shaken up and one little daughter suffered internal injuries. Mr. Short was mayor of this city from 1902 to 1904, and is a member of the law firm of Short, Cross & Biggar.

WEALTHY PACKER LEAVES LARGE ESTATE

Astoria, July 13.—According to the will of Samuel E. Elmore, wealthy salmon packer of Astoria, who was killed in an automobile accident near Pasadena last month, his wife is the sole legatee of his fortune.

According to the will, which has been admitted to probate, Mrs. Elmore is to be appointed executrix without bonds.

The will stipulates that in case the widow remarries, she will forfeit the right to three-fourths of the estate to her three daughters. The estate is valued at approximately $750,000.

JAPAN ADOPTS NEW POLICY.

Concessionaries Must Get to Work or Forfeit Their Rights.

Washington, July 13.—A new policy has been adopted in Japan in connection with the multitude of concessions for hydro-electric plants.

For some yeas there has been a mania for extending the franchises and applications were granted for almost every Japanese river on which a town of 50,000 people was situated. Many of the concessionaries proved to be speculators without any idea of carrying on the work. The Tokyo government now has instructed local officials that a time must be fixed within which these concessionaries must get to work or forfeit their rights.

American Republic Confer.

Buenos Ayres, July 13.—The fourth conference of American republics was formally opened in this city yesterday and will remain in session for five or six weeks. The last conference was held in Rio Janeiro in 1906 and was generally regarded as a success. The present conference plans to adopt a series of conventions and resolutions framed for the actual good of the different governments concerned. In some quarters the importance of this gathering is regarded as second only to the great peace conference at The Hague.

B. C. Goldfields, Ltd.

London, July 13.—The columns of today's papers are largely occupied with a prospectus of the first Bitter Creek company entitled the British Columbia Goldfield Company of Canada, Ltd., capital £100,000. Shares are offered at par.

STREET IMPROVEMENT DEBENTURE OR REGISTERED STOCK BYLAW, 1910.

A Bylaw to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Fifty Thousand ($150,000.00) dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the city for the construction, improvement and repair of streets and sidewalks, and it is expedient that additional sums be spent in like manner, amounting in all (with the sums already spent) to the sum of One Hundred and Fifty Thousand ($150,000.00) dollars;

And Whereas, it appears that if the said sum of One Hundred and Fifty Thousand ($150,000.00) dollars, be appropriated from the general revenue of the city for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the corporation, and that debentures or registered stock certificates should be issued for that amount;

And Whereas, for the payment of interest on the debentures or registered stock certificates, proposed to be issued under this Bylaw, and for creating a sinking fund for the payment of the said debentures or registered stock certificates when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debentures or registered stock certificates, the sum of Seven Thousand, Five Hundred and Ninety and 32-100 ($7,590.32) dollars;

And Whereas, in order to raise the said yearly sum of Seven Thousand, Five Hundred and Ninety and 32-100 ($7,590.32) dollars, an equal rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And Whereas, the whole rateable property of the said city, according to the last revised Assessment Roll thereof, is Seven Million, Two Hundred and Forty-nine Thousand and Ten ($7,249,010.00) dollars;

And Whereas, the total amount of the existing debenture debt of the said city is One Million, Six Hundred and Seventeen Thousand, One Hundred ($1,617,100.00) dollars, irrespective of the sum of One Hundred and Seventy-four Thousand, Five Hundred ($174,500.00) dollars proposed to be raised under the "Lulu Island Bridge Debenture or Registered Stock Bylaw, 1910"; the "Fire Debenture or Registered Stock Bylaw, 1910"; the "Schools Debenture or Registered Stock Bylaw, 1910," and the "Parks Debenture or Registered Stock Bylaw, 1910," of which none of the principal or interest is in arrears;

Now Therefore, the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures or registered stock certificates hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Fifty Thousand ($150,000.00) dollars, and to cause the same to be paid into the treasury of the said city for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures or registered stock certificates to be made, not exceeding in the whole the sum of One Hundred and Fifty Thousand ($150,000.00) dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4,866 to the pound sterling; and all such debentures or registered stock certificates shall be sealed with the seal of the corporation, signed by the Mayor and countersigned by the treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures or registered stock certificates, shall be payable on the first day of July, 1960, at such place or places as the Council of the said corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the first day of January and the first day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the city, sufficient to pay the interest upon the debentures or registered stock certificates, and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures or registered stock certificates, the sum of Six Thousand, Seven Hundred and Fifty ($6,750.00) dollars for the payment of the interest thereon, and the sum of Eight Hundred and Forty and 32.100 ($840.32) dollars to provide for the payment of the principal.

6. The proceeds of the sale of the said debentures or registered stock certificates shall be applied as follows, and not otherwise: towards paying the cost of the passing of this Bylaw and the issue and sale of the debentures or registered stock certificates therein referred to, recouping the treasury of the city such sums as have been this year expended in street works, or may be so expended until the proceeds of the sale of the said debentures or registered stock certificates have become available, the making, improving and repairing of such streets and sidewalks in the city as may be deemed expedient by the council, but no sidewalk or street shall be made or repaired out of the moneys borrowed under this Bylaw unless the same shall have first been approved by a resolution of the Council.

7. This Bylaw shall take effect on the day of 1910, and may be cited as the "Street Improvement Debenture or Registered Stock Bylaw, 1910."

8. This Bylaw before the final passing thereof, shall receive the assent of the electors of the said city in the manner required by law.

Received the assent of the electors on the day of 1910.

Reconsidered and finally passed in open council the day of 1910.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the day of the first publication thereof in the "Daily News" newspaper, which first publication took place on the 13th day of June, 1910, and that a vote of the electors of the city will be taken on the said proposed Bylaw on the 14th day of July, 1910, between the hours of nine o'clock a.m. and five p.m. at the following places, namely: The Council Chamber, Civic Building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, June 11, 1910.

SCHOOLS DEBENTURE OR REGISISTERED STOCK BYLAW, 1910.

A Bylaw to enable the Council of the Corporation of the City of New Westminster to raise by loan the sum of Ninety-seven Thousand, Five Hundred ($97,500.00) dollars for School Purposes.

Whereas the Board of School Trustees of the City of New Westminster have caused to be prepared and laid before the Council a detailed estimate of the sums required by the Board for the current year's ordinary expenses of maintaining the schools of the said City of New Westminster; and have also prepared a like detailed estimate of the sums required to meet any special or extraordinary expenses legally incurrable by the Board, which last mentioned estimate is subject to consideration, alteration and final approval by the Council, and the same has been finally approved by the Council.

And Whereas, the amount required under the said last mentioned estimate for schools amounts to Ninety-seven Thousand, Five Hundred ($97,500.00) dollars, made up as follows: Thirty-five Thousand ($35,000.00) dollars for the erection and equipment of the new Sapperton school; Two Thousand, five Hundred ($2,500.00) dollars for the erection and equipment of a school on Lulu Island, and Sixty Thousand ($60,000.00) dollars for the erection of a High school.

And Whereas, by Section 40 of the the Public Schools Act 1905, as re-enacted by Section 30 of the Public Schools Act 1905, Amendment Act 1906, any statute to the contrary notwithstanding, the Council of any city, town or rural municipality in the Province including the City of Vancouver and City of New Westminster, may in each and every year pass a Bylaw or Bylaws for levying aspecial rate of not more than Five (5) mills on the dollar for school purposes, and the Council may in addition to such rate apply any portion of the ordinary revenue to school purposes.

And Whereas, it appears that the amount required to meet the current year's ordinary expenses of maintaining the schools will exhaust the amount authorized to be levied under Section 40 of the Public Schools Act 1905, as re-enacted by said Section 30 of the Public Schools Act 1905, Amendment Act 1906, and it will be necessary also to apply a portion of the ordinary revenue for such purposes.

And Whereas, it appears that if the said sum of $97,500.00 be appropriated from the general revenue of the city for the current year, the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the corporation, and that debentures or registered stock certificates should be issued for that amount.

And Whereas, for the payment of interest on the debentures or registered stock certificates proposed to be issued under this Bylaw, and for creating a sinking fund for the payment of the said debentures or registered stock certificates, when due, it will be necessary to raise by special rate, in addition to all other rates, each year during the currency of the said debentures or registered stock certificates the sum of four Thousand, Nine Hundred and Thirty-three and 70-100 ($4,933.70) dollars;

And Whereas, in order to raise the said yearly sum of $4,933.70, an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And Whereas, the whole rateable property of the said city, according to the last revised Assessment Roll thereof, is Seven Million, Two Hundred and Forty-nine Thousand and Ten ($7,249,010.00) dollars;

And Whereas, the total amount of the existing debenture debt of the said city is One Million, Six Hundred and Seventeen Thousand, One Hundred ($1,617,100.00) dollars, irrespective of the sum of Two Hundred and Twenty-seven Thousand ($227,000.00) dollars proposed to be raised under the "Street Improvement Debenture or Registered Stock Bylaw, 1910;" the "Fire Debenture or Registered Stock Bylaw, 1910;" the "Lulu Island Bridge Debenture or Registered Stock Bylaw, 1910," and the "Parks Improvement Debenture or Registered Stock Bylaw, 1910," of which none of the principal or interest is in arrears.

Now Therefore, the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures or registered stock certificates hereinafter mentioned, any sum or sums of money not exceeding in the whole the sum of $97,500.00, and to cause the same to be paid into the treasury of the said city for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures or registered stock certificates to be made, not exceeding in the whole the sum of $97,500.00 for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland at a value of 4.866 to the pound sterling; and all such debentures or registered stock certificates shall be sealed with the seal of the corporation, signed by the Mayor and countersigned by the treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures or registered stock certificates shall be payable on the first day of July 1960, at such place or places as the Council of the said corporation may from time to time appoint with the approval of the holders thereof, and shall bear interest at the rate of four and one-half per centum per annum, payable half yearly on the first day of January and the first day of July in each and every year, and the debentures shall have attached to them coupons for the payment of interest, which said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all the rateable property of the city, sufficient to pay the interest upon the debentures or registered stock certificates, and to create a sinking fund for the payment of the principal thereof when due, subject to any act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rate as aforesaid, during the currency of the said debentures or registered stock certificates, the sum of $4,387.50 for the payment of interest thereon, and the sum of $546.20 to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures or registered stock certificates shall be applied as follows, and not otherwise; towards paying the cost of the passing of this Bylaw and the issue and sale of the said debentures or registered stock certificates therein referred to, and all expenses connected with the issuance of the said loan, and the balance shall be paid over from time to time as required upon the order of the trustees by the city treasurer to the several persons to whom moneys are payable.

7. This Bylaw shall take effect on the day of 1910, and may be cited as the "Schools Debenture or Registered Stock Bylaw, 1910."

8. This Bylaw before the final passing thereof, shall receive the assent of the electors of the said city in the manner required by law.

Received the assent of the electors on the day of 1910.

Reconsidered and finally passed in open council the day of 1910.

NOTICE.

Take notice that the above is a true copy of the proposed Bylaw which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" newspaper, which first publication took place on the 13th day of June, 1910, and that a vote of the electors of the city will be taken on the said proposed Bylaw on the 14th day of July 1910, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, Civic Building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

LAURIER SPEAKS TO IMMENSE CROWD

Premier Alludes to the Great Development of the West His Administration Helped

Winnipeg, July 13.—Last night eight thousand people crowded into the Horse Show ampitheatre to hear Sir Wilfrid Laurier and the other ministers accompanying him. Hundreds were turned away.

Sir Wilfrid received a tremendous ovation on rising to speak, the cheering lasting for several minutes.

Sir Wilfrid expressed great satisfaction at the growth of Winnipeg since his last visit, fourteen years ago, and he claimed for this remarkable development in the west some credit for his own administration.

"We might be told," he said, "that Providence has made this western country by giving up good crops and so forth, but Providence does not give you railway transportation. Transportation of this description is a work of man. I claim for my government that we have reduced to the farmer of the west the cost of transportation by at least thirty-seven per cent. This has added so much to his profits and been responsible in some measure for the prosperity of the west.

"But when we say we have done so much," he remarked, "we do not mean it to be understood that we have done everything; that we have nothing more to do, and that we are going to rest on our oars." He added that he hoped to live to see the day the Saskatchewan river would be made navigable from the foot of the Rocky mountains to the city of Winnipeg, and by this means a waterway completed to the Atlantic seaboard.

"I hope to live to see this complete communication," he said. "It is not a dream; it will some be an accomplished fact."

Sir Wilfrid vindicated the policy of his government in their treatment of the western provinces, and on being charged with unfairness toward Manitoba, he expressed a sentiment which, he said, has animated his life.

"If there is one thing in which I pride myself," he remarked, "it is that I have wanted to be fair and just under all circumstances. Is there any man in this audience who can charge we with ever acting unfairly to anybody? I lay my record and my whole life before the people, and I think they will say that my policy has always been the policy of harmony and conciliation. I am no longer a young man; I have not many years to live, but when I am in my grave, no man will be able to say that Laurier favored discord in this land."

He predicted a still greater future for Western Canada.

"Its past and present are glorious," he said, "but we are only on the fringe of what is to come. Canada will be recognized all over the world as one of the greatest nations of the British Empire."

EARTHQUAKE IN GERMANY.

People of Munich Rush From Houses in Great Alarm.

Munich, July 13.—A sharp earthquake was felt here at 9:45 o'clock this morning. The walls of several buildings were cracked. The wavelike movement continued for three seconds, thoroughly terrifying the people, who fled from their homes and remained in the street long after the disturbance had subsided.

The shock was also felt in the surrounding villages, including Garmisch. A report from Oberammergau says the shock was noticeable there but that little damage was done.

ANTITOXIN TETANUS SAVES BOY'S LIFE

New York, July 13.—Science has saved a little four-year-old boy of Brooklyn from the terrible death of lockjaw. Physicians in the Bushwick Hospital are greatly interested in the case, which is that of Walter Robinson.

About a month ago one of the boy's fingers was jammed in a swinging gate in front of his house. Tetanus developed in a few days and the boy was removed to the hospital. His jaws were locked tight and his head and feet were drawn back by the distressing muscular action of the disease.

While holding out absolutely no hope for the boy's recovery the doctors began treating the lad with heroic hypodermic injections of antitoxin tetanus serum. Gradually the rigidity of the muscles relaxed and last night after 47,000 units of serum had been injected the boy was able to sit up. Physicians say he will be able to leave the hospital in another week.

FATTENING FISHWORMS NEW INDIANA INDUSTRY

Chicago, July 13.—A Greenville, Ind., special to a Chicago newspaper says:

Raising fishworms is a new industry in this city, and so far as known is not even carried on in a small way in any other locality in Indiana. The scarcity of bait at the northern lakes where several fortunate Greenfield lads spend the summers with their parents led to the industry that they expect to bring them some returns when they go north this month. Some of the old fishermen are also preparing bait to take with them.

Ordinary angleworms are obtained regardless of size or condition, and placed in boxes prepared with soft, fertile soil. They are then developed by careful feeding. The food is milk and sweetened water.

On this the worms thrive and become large and tempting food for the fish. The fishermen ship this carefully prepared bait to the lakes, and as a usual thing they are favored with the big catches.

HORSE CARS AT LAST DOOMED IN NEW YORK

New York, July 13.—Horses are to disappear from the street railroads of New York City. Old fairy tale? Yes, but it's really-truly this time. Frederick W. Whitridge says he hopes the final labored trundle of the old "gee-gee" on the Third avenue system will take place September 30.

Electric storage battery cars will replace the old ones. They will cost $5,000 apiece. In experiments begun last November gasoline driven cars were tried, but they cost $8,500 apiece and Chief Engineer T. F. Mullaney decided that their operating cost also was higher than that of electric cars.

The new cars will go on the Avenue B. Canal street and St. Nicholas avenue and One Hundred and Tenth street lines. They will not be furiously speedy, but their average pace of six and a half miles an hour will be double the present rate and may seem almost dangerous to old travellers till they get used to it.

The cars weigh six tons each and will have two five-horsepower motors. They will seat twenty-eight persons each. It is promised there will be none of the unpleasant sulphurous odors that made the old storage battery cars uptown such nuisances.

USES FRUIT CAKE TO EVADE CUSTOMS LAW

Spokane, July 13.—Neatly concealed in a miniature fruit cake mailed from a British Columbia point to a Spokane address, a diamond and sapphire ring failed to arrive at its intended destination, and all because the customs officials at Spokane were of a prying nature.

"You take the cake, but I'll just hold the ring for the present at least," such was the message sent to the addressee of the package by W. H. Hutchinson, local collector of customs and the young woman for whom the ring was intended, is still minus her $75 ring.

When the cake arrived at the local office the officials prodded it to discover its contents. Finding a hard substance in the center of the cake, a more minute investigation followed.

JERSEY PUBLISHERS INSURE ALL EMPLOYEES

New York, July 13.—A Glen Ridge, N.J., publishing concern has established an innovation in its plant which is carefully being watched by manufacturers and employers of labor generally in New Jersey as well as by the labor unions. The company has insured the life of every one of 150 men and women employed by it, as a kind of merit system, the policies running from $250 to $1,000 according to the value and length of service of the employee insured.

In each case the employee selected the person who was to be the beneficiary and the company paid the premiums and will continue to pay them so long as the employee remains with it. When he leaves or is discharged the policy will be given to him and he may continue it or permit it to lapse.

The policies do not provide for any accident insurance and the company cannot benefit in any way from them.

PYTHON SKIN TO BE USED FOR FASHIONABLE GOWNS

London, July 13.—The autumn will bring the snakeskin dress into fashion. Garrett, the originator of this development, has informed a press representative that its advantages are more manifold than would appear at the first glance.

"Marvels can be achieved by the python's skin in the hands of a clever designer," he said, "for this skin never pulls or gives. It is both waterproof and pliable, and it can, by skilfull manipulation of its wonderful scale marking, bring into prominence a pretty point or hide a defect.

"By using the python's skin for footwear a foot can be given breadth or tapered to a point.

"Then why should not an entire figure be modeled on these lines—breadth here, a slim line there, attention called to a pretty waist, or angular hips transformed into beautifully rounded ones by the magic aid of the python's skin.

"Not only will women benefit by this idea, but the python's skin should make men's golf shoes impervious to weather, furnish lapels and cuffs to motor coats and make elaborate waistcoats which will not wrinkle and which will disguise rotundity.

"I already have many orders for python shoes and many exquisite shoes this autumn will be made in gray lizard, but for absolute smartness nothing will approach the gorgeous skin of the python."

CAPT. MAHAN WARNS BRITISH ABOUT NAVY

London, July 13.—America has been much to the front lately in England. Capt. Hahan's article in The Daily Mail warning John Bull that he is in danger of letting his navy go down, is a fitting pendant to Col. Roosevelt's demand for more big sticks and less self-government in Egypt.

The English Liberals ask what things are coming to when leading Americans devote their energies to embarrassing the Liberal government by appealing to the fighting instinct of the English tories.

The Tories now are clamoring for the application of Rooseveltian methods to the Irish. Ireland has never been so prosperous, contented and law-abiding as she is today, but The Pall Mall Gazette, Mr. Astor's organ, declares "what the hillside practitioners of that country require just now is the application of the big stick in the shape of represive police measures, backed up by the abolition of trial by jury."

To Alter Montreal Stations.

Montreal, July 13.—The C. P. R. took out building permits yesterday for alterations to the Windsor and Place Viger station for $1,450,000. $200,000 on the Place Viger and $1,250,000 on the Windsor.

Sanitary Inspector.

City Hall, June 13, 1910.

Protest Immigration Regulations.

London, July 13.—In the commons yesterday Colonel Seeley, under secretary of state for the colonies, said he would make communications with the Canadian government in regard to immigration regulations.

NOTICE TO CONTRACTORS.

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tender for Piping System," Tender for Water System," and "Tender for Pipe Tunnels and Wiring Ducts," as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until twelve o'clock noon of the 26th day of July, 1910, for:

(1) Air, steam, water and oil piping system;

(2) Yard water system;

(3) Pipe tunnels and wiring ducts, required in connection with the Transcontinental Railway shops east of Winnipeg.

Plans and specifications may be seen in the office of Mr. Gordon Grant, Chief Engineer of the Commissioners, at Ottawa, Ontario, and in the office of Mr. S. R. Poulin, District Engineer, St. Boniface, Manitoba.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Manitoba.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered Bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, for a sum equal to ten per cent (10 p. c.) of the amount of the tender.

Any person whose tender is accepted shall ,within ten days after the signing thereof, sign the contract, specifications, and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada, as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary to the Commissioners of the Transcontinental Railway.

Dated at Ottawa, 30th June, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

District of New Westminster. New Westminster Land District.

Take notice that I, John Beckett, of Abbotsford, B.C., lumberman, intend to apply to the Chief Commissioner of Lands at Victoria, B.C., for a license to prospect for coal and petroleum on and in the following described lands:

Commencing at a post marked J. B., S. E. corner, planted at the S. E. corner of Section 31, in Township 19, Municipality of Sumas, New Westminster District; thence north 80 chains; thence west 80 chains; thence south 80 chains; thence east 80 chains to point of commencement and containing 640 acres.

Dated at Abbotsford, B.C., this 9th day of June, A.D., 1910.

JOHN BECKETT.

THURSDAY, JULY 14, 1910.

WOMEN'S SUFFRAGE.

The British House of Commons has passed the second reading of the Women's suffrage bill by a majority of 109. Though this measure only extends the parliamentary franchise to women property owners, who already possess the privilege of voting in municipal elections, it must be regarded as the thin edge of the wedge, and ultimately, if the bill should pass into law, it must mean the extension of the franchise to women on equal terms with that now possessed by men. A natural corollary of this measure must also be, as was pointed out by Premier Asquith in the course of the debate, that women will seek and obtain seats in parliament and be eligible for the speaker's chair in the cabinet. For the present the bill has gone to a committee, in the hands of which it may be entirely remodelled.

Whilst probably only a few will at this day dispute the elementary principle that a woman possessing real property in her own right should be entitled to vote in parliamentary elections, it is very doubtful whether anything like a general feeling exists in favor of women enjoying the privilege of the full franchise. Such a principle is entirely opposed to the temper of the British constitution and is, indeed, little short of revolutionary in its character. No doubt it is because this fact is recognized by Mr. Winston Churchill, Mr. A. J. Balfour and others who favor the principle of women's suffrage, that they contend the country must be allowed to pronounce unreservedly in favor of the privilege before parliament sanctions such a change in the constitution. If this test be applied, as it certainly should be, we believe the British electorate would pronounce strongly against such a reform.

There are a score or more reasons why women should not meddle directly with politics, but into the discussion of these it is not necessary to enter here. Suffice it to say that to accord the privilege of the full franchise to all women would be inimical to the social, domestic, and economic welfare of the state, whilst it would not confer any real advantage upon the sex. As President Taft observed, in effect, a short while since, when women have proved they are capable of governing themselves, then may be the time to consider whether they are capable of governing others.

VICTIMS OF SCIENCE.

The death of the Hon. C. S. Rolls under the tragic circumstances reported in yesterday's papers, will be very greatly regretted throughout the English speaking world. He was a very clever and promising young scientist and engineer, who has done a great deal of practical work towards the advancement of modern means of travel, and his loss is certain to be seriously felt. He was among the early exponents of the power and usefulness of the automobile, was a tried and experienced balloonist, and lately has become famous by his successful flight over the English Channel to France and back. He was therefore no tyro in aviation. His death was dut to an apparently unexpected weakness in the construction of the machine with which he was manoeuvring at Bournemouth.

The perils of travel both by land and sea are by no means slight, but the perils of flight in the air are of a far more serious character. Yet the sacrifice of this noble young life will probably not be the last in pursuing the science of aviation, and, strange as it may seem, will be likely to increase rather than decrease the zest for the sport. The very danger and risk is to many the whole charm of such an undertaking.

A Progressive Company.

In another column of this issue The B. C. Permanent Loan Company notifies its shareholders of a dividend of nine per cent on the permanent stock of the company for the half year ending June 30, 1910. This company has made rapid progress during the past six months. The large amount of funds received from the sale of debentures in England and Scotland has enabled the company to make a new record in the amount of money advanced on first mortgage loans in Western Canada. **

NOTICE TO CONTRACTORS.

Tenders for Royal Columbian Hospital, New Westminster, B. C.

Sealed tenders, addressed to the undersigned, and marked on the envelope "Tenders for Royal Columbian Hospital," will be received at the office of the Secretary, Thomson block, New Westminster, B. C., until 12 o'clock noon, of Monday, the fifteenth day of August, 1910.

Plans and specifications may be seen at the office of the architects, Messrs. Birds & Blackmore, 306 Loo block, Vancouver, B. C., or at the Secretary's office, Thomson block, New Westminster, B. C.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank, payable to the order of the Board of Managers of the Royal Columbian Hospital, equal to five per cent of the amount of the tender.

Any person whose tender is accepted, shall, within one week after the acceptance thereof, sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted, to complete and execute the contract with the Board of Managers, the said cheque shall be forfeited to the Board of Managers as liquidated damages for such refusal or failure.

The person whose tender is accepted, will be required to provide a bond satisfactory to the Board of Managers, equal to ten per cent of the amount of the contract.

The cheque deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The lowest, or any tender, not necessarily accepted.

W. H. KEARY,
Secretary Royal Columbian Hospital.
P. O. Box 59.
New Westminster, B. C., July 14, 1910.

LAND REGISTRY ACT.

Take notice that an application has been made to register Duncan Bell Hall as the owner in fee simple, under a Tax Sale Deed from E. A. Wilmot, Inspector of dykes, to Duncan Bell Hall, bearing date the 13th day of June, A.D., 1907, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as part 3.60 acres of the southeast quarter of Section 18, Township 3, Range 29, west of 6th Meridian.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty five days from the date of the first publication of this notice upon you and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Duncan Bell Hall as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 30th day of April, A. D., 1910.

C. S. KEITH,
District Registrar.

Children's Summer Dresses

For $1.50 Each

Here's a rare bit of good luck for the careful mother, and just at the time when the little ones need so many dresses. All the week these dresses have been going by twos and threes at a purchase. Such splendid values do not often come your way. We are clearing out our stock of children's sizes, and this offer includes Dresses in Cashmere, Duck, Lawn, Percale, Gingham, Chambray, Print Linen and Jap Silk. Well made, too. We can get as high as $3.75 for the majority, but we want to sell them quickly. Plain Colors, White and Striped Effects in a great variety, worth to $3.75. And all to be cleared at $1.50.

These Will Be Fine For The Camp

Yachting Caps, Camping Hats, Duck Tams, Sun Bonnets, and Straw Sailors; an astonishing collection here, childrens and ladies' sizes. The regular prices are as numerous as the styles, and range up as high as $2.50. But out they go at 25c.

Two Specials In Wash Waists

A couple of lines that will not wait for afternoon buyers (shop in the morning—it pays)—the quantity is only limited, but we do not want to have one left. In White and Dark Blue and Black Ground with Small Dots. Clearing at 50c and 75c.

Here Are

SUMMER WASH GOODS

Priced Much Lower than Expected

40c Cotton Rajah, 25c

34 inches wide (that's an advantage in cutting a suit of dress), in pretty shades of Mauve, Reseda, Rose, Pale Blue, Navy and Copenhagen. A fabric with a raised thread similar to Rajah Silk. This is a big snap. Regular 40c yard for 25c.

Irish Sheer Lawn, 15c per yard

300 yards of White Sheer Linen Lawn, specially manufactured for Cool Summer Waists or Dresses. Just what you need. Something cool and comfortable; 36 in. wide. Worth 30c per yard, Special Sale Price 15c per yard.

Cotton Panama and Reppe, 20c per yard

Black, Reseda, Pale Blue, Old Rose, Brown, Bisque, Butcher Blue, Navy, Mauve and Light Green, the finest collection of shadings and materials ever offered at such a low figure. Plain Reppe and Cotton Panama are two of the most favored fabrics for summer wear. Here's a chance to save a little; 27 to 34 inches wide. Special 20c per yard.

SPORTING NEWS

MANY CANADIANS TO SHOOT FOR KING'S PRIZE

Dominion May Have Representatives In Competition For Coveted Trophy.

Bisley, July 13.—With the completion today of the first stage of the King's Prize competition, there are 101 competitiors with scores of 96 who will have to shoot off for five places among the 300 who are eligible to shoot in the second stage on Friday. Sergeant Bayles, of Toronto, is among them and should he win a place there will be twenty-three Canadians qualified to shoot on Friday. This constitutes a record.

The scores of the Canadians at the 500-yard range today were: Bayles, 32; Bowen, 28; King, 31; Mortimer, 33; Richardson, 31; Stuart, 32; Bibby, 30; Crowe, 33; Clifford, 30; Drysdale, 31; Eastwood, 32; Forrest, 31; Freeborn, 31; Hutchinson, 33; Latimer, 30; McInnes, 31; McHarg, 31; McKie, 29; Morris, 35; Mitchell, 33; Russell, 35; Rowe, 29; Steele, 34; Steik, 31; Sharpe, 31; Whitehorn, 32.

The aggregate scores of the Canadians for the three ranges were: Crowe, 102; McInnes, 100; Morris, 103; McKie, 97; McHarg, 99; Steele, 102; Mortimer, 101; Richardson, 99; Drysdale, 99; Bibby, 98; Freeborn, 98; Sharpe, 98; Forrest, 98; Stuart, 99; Russell, 102; Steik, 100; Hutchinson, 99; Whitehorn, 98; Latimer, 95; Eastwood, 97; Mitchell, 96, Bayles, 96; Clifford, 93; Bowen, 90; King, 90.

Color Sergeant Green, of Toronto, has been in Aldershot hospital for four days. The doctor is unable to say whether he has enteric or typhoid fever. Today his condition was worse.

Major Hutchinson, adjutant of his team has taken his place in all the competitions since his illness.

AMATEUR STICKHANDLERS CLASH THIS EVENING

Terminals of Vancouver and Westminster Seniors Will Play First League Game in This City.

Fast and speedy lacrosse is assured tonight when the Westminster seniors meet the Terminals of Vancouver at Queens park in the first match between these two teams here this season. A few weeks ago the Terminals humbled the pride of the Royal city at Brockton point, and it is their intention to repeat the performance; but the locals say this will not happen tonight.

The game starts at seven o'clock. "Biscuits" Peele will referee.

The Westminster men are: Munn, goal; Digby, point; Pearson, cover-point; Galbraith, Patchell, Gregory, defence field; Fitzgerald, center; Sangster, Kenny, Coutts, C. Smith, Swanson, home field. Kenneth, MacKenzie and Jack Gifford will be on the waiting list.

The amateur boys have not been receiving the support they deserve this season, considering the class of lacrosse they are playing. The small interest manifested in the doings of the amateurs is no reflection on their work, but is caused by them being overshadowed by the drawing powers of the professional teams.

There is no reason why tonight should not see a good sized crowd at Queens park when the game starts, as there is no other attraction in the city. And please remember there will be no collection, everything is free once you pass the man at the gate.

Bals Beat Fraser Mills.

In an eight inning baseball game at Fraser Mills yesterday evening the Balmorals, cellar champions of the city league, put it all over the mitt artists of the lumber settlement, the R. column showing thirteen to the credit of the Sinclairists and only eight to the Millmen. Davidson pitched for the visitors for the first six innings, stepping out of the box and being succeeded by G. Douglas Wright for the last two rounds. Munn caught throughout the game. The umpire was kindly furnished by the Fraser Mills men. He escaped after the game.

MONTREALS FORCED INTO PROFESSIONAL RANKS

President Findlay Finds Position of Teams Similar on Paid Help Problem—Coach Elliott Confident.

When President Findlay and John Davidson were over here on Tuesday night F. J. Lynch mentioned to Mr. Findlay that it was unfortunate that Laviolette, Montreal's outside home man and one of the best in the business, could not make the trip owing to pressing business. "We do not need him," replied Mr. Findlay; whereat they all laughed.

President Findlay draws an interesting analogy between the New Westminster and Montreal teams in their respective positions in the leagues in which they play. He says that the majority of the Montrealers are home brews, having been identified with the Montreal Athletic club ever since they were youngsters.

When the wave of professionalism swept over the east a few years ago the Montreal team did the best it could to hold out against it, but finally it was forced into the professional game by all the teams in its class hiring players.

He was interested to find that almost an exact repetition of the circumstances compelled the New Westminster team to join the professional ranks.

Chaucer Elliott, coach of the visitors, is one of the most confident men of the crowd, and he is in the best position to know the exact status of every member on the team. He thinks they have a good chance and does not hesitate to say so, but he realizes the magnitude of the task before him.

It is not likely that the Montreal team will play a game with Vancouver or with any other team after the last match here. On the Saturday following their return to Montreal they have to play one of the hardest games of their league schedule with the Torontos and do not wish to take any chances. President Findlay has practically stated that the team is not in a position to accept any other invitations or challenges to games.

Team Selected For First Minto Match

(Continued From Page One.)

will face the ball. After he has made a hurried escape from the field, the regular referees will take on the job of looking after the ball.

Montreal Lineup.

The Montreal team will probably lineup as follows:

Goal, F. Tierney; point, Andy Hamilton; coverpoint, J. Kane; first defence, R. Finlayson; second defence, C. D. McKerrow; third defence, E. Hamilton; center, F. Scott; first home, J. Laviolette; second home, F. Hogan; third home, H. Scott; outside hom, A. Dade; inside home, G. Roberts.

NOTES ON IT,

There are 1,200 seats in the old grandstand and 1,000 in the new.

Secretary Ryall states that the seats are selling like fake jewelry at a camp meeting.

President Lynch has announced that there will be a reserved seat for everyone who purchases a reserved seat ticket. There will be no crowding in the stands and the seats will not be sold twice.

The plans of the stands close in Vancouver on Friday night and at Ryall's here at eleven o'clock on Saturday morning.

The Hon. Thomas Taylor, minister of lands, and Hon. Dr. H. E. Young, provincial secretary and minister of education, will accompany Premier McBride to the game on Saturday.

Those allowed inside the fence on Saturday will be two officials of the Montreal team, Manager Welsh and President Lynch of the Salmon Bellies, and four trainers, two for each team—that's all.

The Montreal team is asking odds of three to one before they will risk any eastern funds.

The challengers are expected here today to have a workout in the park. They were expected yesterday, but——.

Vancouver sports were favorably impressed with the visitors when they were let out at Brockton point yesterday.

Three thousand dollars are held ready in this city to bet on the local team. This information has been sent to Montreal. Takers to date, nil.

Final Game on Saturday.

The Hustlers and Sappertonians, who, by the way, have been renamed the Wigglers, are slated to play the final game for the Burde watches immediately before the main event on Saturday afternoon. They will start at two o'clock and will entertain the gathering multitude which comes to see the Minto cup game.

TACOMA PLANNING NEW LICENSE TAX

Tacoma, July 13.—A new license ordinance, which probably will be made to cover grocery, clothing stores and like business as well as saloons, theaters, restaurants, etc., which require the direct attention of city officials, was ordered drawn today by the city commissioners. It is likely that a license fee for attorneys also will be provided.

PORTUGAL ACTS ALSO.

Order Suppressing Catholic Paper Nullified by Government.

Lisbon, July 13.—A royal decree has been issued nullifying the order of Archbishop Braga, who upon instructions from Cardinal Merry Del Val, papal secretary of state, suppressed The Franciscan Review, which, he maintained, although Catholic, was not necessary to the support of the national Catholic party.

The decree declares that the archbishop has no right to execute religious instructions without the previous consent of the government and warns him that a repetition of this action would be calculated to arouse a conflict in the country that would not be tolerated.

FRANCE CHANGES TIME.

Will Now Accept Standard Long Used in England.

Paris, July 13.—The cabinet has decided to submit a bill for the adoption of western European time in France. During the old days of enmity towards England the French steadily refused to accept standard time, maintaining the solar time of Paris, which is nine minutes slower.

The confusion resulting, especially in communications with England, as well as the change in French-English relations, is responsible for the decision.

Correspondence

(The Daily News is not responsible for the opinions expressed by its correspondents.)

THE SCHOOL QUESTION.

Editor Daily News:

Sir—The arguments advanced by Dr. Green in support of a High school on Tipperary are offset by the fact that we have a High school in this city already.

If Dr. Green will take the map of New Westminster and place his index finger on what appears to him to be the most central point inside our city boundaries—trustee though he is—he may be surprised to find how far this point is removed from any school at all and until a school is established within reasonable distance of—say—Second street and Fifth avenue, for children of tender years (which is a necessity) no further capital expenditure should be made on the High school (a luxury).

Give usu only a kindergarten first, and we will see you later about the High school.

PATER.

New Westminster, July 13, 1910.

STAND IS SAFE.

Editor, Daily News:

Sir—Having heard some rumors that the temporary grandstand built at Queens park was unsafe, I took occasion to examine the structure while I was at the park today. I found that the rumors were entirely erroneous and that on the contrary it is exceptionally well built for a temporary affair and capable of standing any strain that could be put upon it by the number of people it is proposed to seat there.

There are substantial supports underneath the stand at a distance of every three or four feet and in my opinion it is as safe as such a structure could possibly be.

MAUD ADAMS TO STUDY PART OF CHANTECLER

New York, July 13.—Chantecler is soon to get much attention at the hands of American artists, who will bring him across the Atlantic and stage him within the next few months.

John W. Alexander, artist, and Maud Adams, actress, sailed today for Europe to study Chantecler with a view to staging the play in New York. After a few weeks of study in Paris Miss Adams will confer with J. M. Barrie in London to get additional ideas.

Alexander will superintend the "big effects" of the play in New York. The opening will probably be some time in January.

STEAMER KASLO RAISED.

Vessel Has Been Taken to Mirror Lake for Overhauling.

Nelson, July 13.—The steamer Kaslo, which sank at Ainsworth six weeks ago, has been raised and her bow repaired and she has been taken to Mirror lake. On Wednesday last James Moore, a marine diver, arrived and on Thursday and Friday made a thorough inspection of the whole bottom of the steamer, finding no other breakage than the one large hole, and he, accompanied by George Hale, set to work to repair the damage.

By Friday noon all was repaired, the water all syphoned out and steam up in the boilers. Then commenced the work of reloading her fittings and wreckage which was strewn about the shore. The tug Hercules arrived and towed the steamer away to Mirror lake, where she will undergo repairs.

Huge Glacier Is Moving.

Juneau, Alaska, July 13.—The great glacier in Rainy Hollow, near Haines, Alaska, is moving at the rate of twelve feet a day. Huge masses of ice are falling over with a thunderous noise over the precipices at whose brink the glacier discharges.

INSURANCE THAT INSURES

The days of "Shall I Insure?" are now calendared in "Unbusiness-like Methods of the Past." Today the consideration is: "How Strong Is the Company?"—"Who Guards Its Welfare?"—"What Are Its Records With Conflagrations?"

I not only offer you insurance in companies whose records are foremost in these respects, but your choice in the best of them.

Many people spend their Money and Energy in building a splendid house and then gamble with Providence on its safety until sold. Are you one of them? Or are you one of the Safe, Sane, and Progressive Business Men that insure it?

ALL KINDS OF INSURANCE WRITTEN AT LOWEST RATES.

ALFRED W. McLEOD

BREVITY IS FEATURE OF RUSSO-JAPANESE TREATY

Important Document Now Made Public Contains Only 237 Words—Agreement of 1907 Ratified.

Washington, July 13.—The text of the long-heralded Manchurian convention between Japan and Russia, signed July 4 at St. Petersburg, was made public last night. It is one of the shortest treaties of modern times, being just 237 words in length. It follows:

"The imperial government of Japan and the imperial government of Russia sincerely attached to the principles established by the convention concluded between them on the thirtieth and seventeenth of July, 1907 (The dates are old and new calendar) and desirous to develop the effects of that convention with a view to the consummation of peace in the extreme east, have agreed to complete the said arrangements by the following provision:

"Article 1. With the object of facilitating communication and developing the commerce of the nations the two high contracting parties mutually engaged to lend each other their friendly cooperation with a view to the amelioration of their respective railway lines in Manchuria, and the improvement of the connecting service of the said railways, and to abstain from all competition prejudicial to the realization of this object.

"Article 2. Each of the high contracting parties engage to maintain and respect the status quo in Manchuria resulting from the treaties, conventions and other arrangements concluded up to this day between Japan and Russia.

"Article 3. In case that any event arises of a nature to menace the status quo above mentioned the two high contracting parties shall in each case enter into communication with each other in order to arrive at an understanding as to measures they may judge it necessary to take for the maintenance of the said status quo."

Heralded as a direct and powerful blow at the United States, it is understood, although requests for a statement on the treaty by the state department were refused, that officials of the government regarded the convention as little more than the harmless appendage to the convention between Russia and Japan in 1907.

That treaty contained an express recognition of the principle of equal opportunity in the far east, and a promise by the two governments not to interfere therewith. It also recognized the independence and territorial integrity of China.

WIDOWED, WED, PARTED, IN SPACE OF TEN DAYS

Hoquiam, Wash., July 13.—"Ten days ago my wife died. Saturday I was married again. Today I am going to apply for a divorce, after spending $450 on my new wife. Guess that's going some," remarked John Shale, a wealthy member of the Quinault Indian tribe, yesterday.

Shale married the belle of the tribe, being one of the participants at a double wedding. He was doomed to disappointment, as his wife proved extravagant.

"She is too stylish," remarked Shale. "She bought the best clothes, and when I took her to a restaurant it cost me from $2 to $3 for a meal."

MARINE DEPARTMENT TO ENFORCE SMALL CRAFT LAW

Numerous Accidents This Season Lead Ottawa Authorities to Take Immediate Action.

Ottawa, July 13.—The officers of the department of marine and fisheries state that the laws governing motor boats and other small craft are to be rigidly enforced. The law has been there but there has been little necessity for rigid enforcement. In the past proprietors of yachts and other small craft have been for the most part experienced sailors to whom the rules governing lakes, rivers and seagoing vessels have been familiar, but with the increase in the number of unskilled and ignorant motor boat owners, there is today on the waters of Canada a constant menace to life and property.

News is to hand that in different parts of the country motor boat owners have been taken into the courts and fined for not obeying the laws in the matter of lights, foghorns, lifesaving appliances, etc., and several also have been fined for speeding on the canals and other narrow waterways which the act governs in this respect.

It is hoped by the department that this section will lessen the number of disasters which have been swelling the death roll of late years.

UP-TO-DATE DAIRY HAS PHONOGRAPH FOR COWS

Detroit, July 13.—According to dispatches from Marquette, music has been put to a material use on the dairy farm of J. M. Longyear, at Ives Lake. The cows on this farm, it is said, during their confinement during the long summer days in tightly screened barns, are relieved of the irksome monotony of cud chewing and milk producing by the interspersion of a variety of selections played on a phonograph.

The soothing effects of music, it is claimed, judiciously administered during milking time, has been found to be especially successful with cows under official tests. Several butter records claimed by the farm are credited to the music box.

HUNDREDS OF CONVICTS ASKING FOR PAROLES

Walla Walla, July 13.—Several hundred applications for paroles, pardons and releases from parole will be laid before the state board of control at the penitentiary here today. More than the usual number of applications are on file, it is said, and the board will have its hands full during the early days of the week.

The names of the convicts whose cases are acted upon favorably will not be made known, following the plan introduced by Warden Reed some time ago. He believes the men should be given a chance in the world again without people knowing that they are convicts, and for this reason detailed records of the action taken will not be given out.

ONE GAIN FOR LIBERALS.

Roblin Government Carries Manitoba by Majority of Thirteen.

Winnipeg, July 13.—Complete returns from all Manitoba constituencies are now in. The government carried twenty-seven seats and the opposition fourteen, a gain of one seat for the liberals.

Our children have shown that they can "make good." Give them as good a chance as children elsewhere get. Vote for the School bylaw. **

The Lady Maccabees of this city and friends will picnic to Blackie Spit on Friday, leaving here on the G.N.R. morning train for the summer resort.

Mrs. J. R. Sharpe and children are visiting Mrs. J. E. Insley, who also has as a guest this week, Mrs. A. MacDonald, of Vancouver.

The High school proposed is a ten-roomed building and not a five-roomed building as has been falsely stated to make it appear an extravagant design. Vote for the School bylaw. **

About 11:30 o'clock yesterday morning a small fire occurred in the residence of F. Hughes, on Napanee street, near Fifth avenue and Tenth street. The roof caught fire but there was slight damage done before the firemen arrived and extinguished the blaze. Fire halls 2 and 3 responded to the call.

Edison and Victor records for July now on sale at J. H. Todd's Music House. **

Defeat the School bylaw and we must only face the same conditions again. We must advance with our neighbors and with the times. Vote Thursday for the School bylaw. **

After hearing all the evidence in connection with J. Holdsworth's death at Westminster Junction on Tuesday the coroner's jury yesterday brought in a verdict of accidental death. Holdsworth was run over by a C. P. R. train, but the jury's verdict frees the employees of the railway from all blame in the matter. The body is being held at Murchie's undertaking parlors awaiting instructions regarding the burial.

Last year Vancouver voted $177,500 to provide twenty-eight (28) new school rooms, or over $6,300 per room. Our bylaw asks $97,500 to provide twenty (20) new schoolrooms, or $4,875 per schoolroom. Vote for the School bylaw. **

A meeting of the board of control of the R. A. & I. society will be held in the office of Manager W. H. Keary this afternoon, when a committee will be appointed to confer with a committee of the city council on the selection of a site for the new horse show building. The joint committee will probably arrive at a decision at the first meeting, as a desirable location back of the cattle sheds on the exhibition grounds has been practically decided upon.

Carloads in and more on the way. See our stock. We defy competition. For Anything in the Furniture line come to W. E. Fales. **

The funeral of the late George Henry Innes, who died on Monday, took place yesterday to the I. O. O. F. cemetery, six sons of the deceased acting as pallbearers. The service was conducted by Rev. F. S. O'Kell, of New Westminster, and Rev. Mr. Carpenter, of Vancouver. A large number of floral tributes were laid on the coffin, including rememberances from the family, "Gate Ajar"; East Burnaby Ladies Aid, cross; employees of the Little Nugget store (Vancouver), Salvation Army, wreaths; Mr. and Mrs. George Milton, Mr. and Mrs. French, Mrs. Matthews, George Leaf, Mrs. McDiarmid, Mr. and Mrs. George Davis and family, Mr. and Mrs. Harry Jones, Mrs. A. Gaudin, W. Sherry, Mr. and Mrs. G. McMurphy, Mrs. Breen and family, Mr. and Mrs. Charles Cliff, Mrs. Brian, Mrs. McKubbin, Mrs. Thomas, Mrs. Trowse, Mr. and Mrs. John Clapp, and Eva and Mary Innes (grandchildren), sprays.

W. S. COLLISTER & CO.
THE STORE FOR WOMEN'S WEAR.

Georgia Minstrels.

Appearance is everything! You cannot help but be impressed with the appearance of Richards & Pringles's Minstrels when they visit your city.

No old hand-me-down, faded, worn-out wardrobe. No sloppy, slip-shod parade. Instead you will see the best-dressed minstrel parade you have ever seen on your streets. Uniforms of the costliest material, built by the best tailors in the land. And the deportment of these talented colored boys is always a subject of comment in every city they visit.

This motto of cleanliness is doubtless the keynote of their success, for they are packing the theatres throughout the country.

There will be a big free street parade at noon, headed by the best minstrel band in America, and a concert in front of the theatre at 7:30 o'clock in the evening.

Make a note of the date at the Opera house, on Tuesday, July 19.

NEW SURVEY WILL SAVE MILLION DOLLARS

Ottawa, July 13.—Hudson Bay railway surveyors are said to have succeeded in locating the line with a maximum grade of four-tenths. The road will be south of the Nelson river and it will not be necessary to cross the river at any point, thus effecting a saving of $1,000,000.

American Authoress Dead.

Boston, Mass., July 13.—Mrs. Kate Tannatt Woods, the authoress, died in Buffalo, New York, yesterday. Her home was in Boston.

Ballinger in Seattle.

Seattle, July 13.—Secretary Ballinger, of the interior department, came home to Seattle last night from Washington, and will spend the summer on the coast. He was met at the station by his family only.

83-YEAR-OLD WOMAN HAS FIRST RIDE ON RAILWAY

Johnstown, Pa., July 13.—Mrs. Elizabeth Shaffer, 83 years old, came to this city yesterday from her home in Stoystown, Somerset County, and for the first time in her life saw and rode on a steam road and had her first view of a trolley car.

Exclamations of amazement escaped her as she watched the horse-less vehicle run through the streets.
