

## COUNCIL DISCUSSES STREET IMPROVEMENTS

### Third Street Paving Again Crops Up—Mayor Speaks in Favor of Scheme.

Yesterday's meeting of the city council, which at the start gave promise of being of short duration, resolved itself into one of the longest for many months and over three hours were occupied. The cause of this lengthy sitting was the discussion over the proposed by-laws and chiefly that having reference to the Third street local improvement debt assessment by-law, which will come up at the next meeting for final reading.

At the commencement of the discussion on the by-law Alderman Lynch opposed the alterations as brought forward in the bill. He investigated the matter thoroughly, and that without prejudice, and would suggest the setting of the bill back for a period so that the people of the specially interested district should have another chance to go into the matter.

Alderman Henley agreed with the previous speaker and averred that there had been a big mistake somewhere. The misunderstanding was so stupendous that the council should go carefully into all the details.

Alderman Lynch—This is not a matter for the council to take up; why should we worry ourselves about it? I would suggest that we await the presentation of another petition.

Alderman Bryson—Can't we kill the whole thing and go back and start the whole thing over again?

Alderman Johnston—I feel that the people knew what they were signing and I think the other members of this council are with me in that contention. Personally I would like to see the paving on Third street and so far as that goes, on every street in the city. If a majority of the ratepayers prayed for petition of this kind I make hold to say that the council had no option but to go ahead with it. We must act for the majority, whilst at the same time considering the needs of the minority.

### Mayor Takes the Floor.

Alderman Campbell took the chair, the council then being in committee, so as to allow of the mayor speaking from the floor of the house.

Mayor Lee could not imagine what had possessed the members of the council to take the action they had done that night. "We are," he said, "going about this thing in the wrong way. The trouble, to my mind, is that there are a few of the great big people who own two, three, or possibly four lots in this certain street who do not want to pay the taxes. I will tell you, gentlemen, if you do one street, you see the vast improvement, you will have no difficulty in having the rest of them done. If we go on as we look like tonight, we will always be a village, never a city. Look at Columbia street; wasn't that an improvement? He defied any member to say nay.

Alderman Bryson—The mayor has just spoken of Columbia street, but I would remind the members of the council that although that thoroughfare does look good, wait until we get that street opened up as we have agreed in council tonight to do, and then see where we get off. Then look for the leaks which we are sure to find.

After a deal of wrangling the by-law was read a third time.

### Road Tax By-Law Passed.

The road tax by-law was read a third time and passed, with the amendment. In the past all householders had to pay a road tax. Now this relieves them of this and puts the onus on those who do not care to take enough interest to get on the voters' list.

The Union of B. C. Municipalities asked that a representative be appointed to go to Victoria to attend the annual convention of that body and the matter was left in the hands of the mayor.

Francis E. Herring asked permission to move two buildings from lot 26, block B., to lot 28, block B., there by crossing Victoria street, and also asked that the city engineer give a correct line that there might be no mistake made by the builder.

The matter was left in the hands of the building inspector and board of works.

### Would Tap Water Pipe.

The secretary of the Coquitlam municipal schools asked that a supply pipe be placed to serve in tapping the city water main from Lake Coquitlam to supply Millside school. Water committee to report.

Mattias, Coulthard & Co. asked permission to open up Front street to lay a sewer connecting LaForty block with the Fourth street sewer at the Lytton hotel corner. The board of works will act.

J. R. Hendry asked permission to cross boulevard on Fifth street, between Seventh and Durham, for the purpose of taking in building material, also for the use of the boulevard during the building and a further request that the boulevard be rough graded and a three plank sidewalk set down past the lots. The board of works to report.

The Brunette Sawmills and Lieby

## BOWSER HAS BILL TO AMEND DOWER ACT

### Widows Are to Be Better Protected in Inheritance Matters in Future.

Victoria, Feb. 21.—After an illness of over a week Speaker Eberts was again in his chair yesterday. Practically the whole afternoon was taken up with a discussion in committee on the Coal Mines act. J. H. Hawthornthwaite and Parker Williams moved several amendments, but no material changes were made.

Attorney General W. J. Bowser introduced a bill to amend the Dower act and the Inheritance act. The first provides that a testator has no power to deprive a widow of her dower, though the widow may by written deed elect to take any bequest made by her husband in his will in lieu of dower. The amendment to the Inheritance act provides that if an intestate shall leave a widow or husband, the survivor shall be entitled to one-third of the estate. Both bills passed their first reading.

Bills to amend the Constitution and Railways act, the Jurors act and the Municipalities Incorporation act passed their third readings.

The government decided that it was not advisable to pass an act permitting the annexation of South Vancouver to the city of Vancouver this session.

## WAR CLOUDS GATHER ON ANGLO-RUSSIAN HORIZON

### Czar's Troops Ordered to March on Chinese Frontier—British Foreign Office Uneasy.

London, Feb. 20.—England is at the parting of the ways with Russia. This statement was obtained from a reliable though confidential source very close to the British foreign office. From a number of other sources it was learned that the British government is seriously considering the possibility of a definite abandonment by the czar of England's friendship.

England has long been recognized by the powers as friendly to China, and the break with Russia is further emphasized by the obvious fact that Russia is co-operating with Japan.

British diplomats figure that Russia's action is also plainly calculated to offend America—generally regarded as China's protector—with the object of forcing England to choose between Japan, to whom she is bound by a formal alliance, and the United States.

## WICKED WILLIAM WORRIES SIX SOCIABLE SURVEYORS

### Squatter Sheaves Swings Six Shooter Scaring Sextette—Police Give Bill Good Advice.

William Sheaves, of Port Moody, is a gun wielder and notorious character who, if he does not mend his ways, will find himself reducing large slabs of stone into portions. Sheaves is a squatter and is aged thirty, so that he is just about the right age for a rough house argument. With a gun he is said to be able to scare away interlopers whether they interfere lawfully or not.

Last week and six surveyors came back from Port Moody with the thrilling news that the place was not safe to survey with William around and that he had been defying the workers with the rod lines, flourishing fire arms and generally being anything but sociable. Having twice had the man up on similar charges Constables Hutchinson and Wise went out yesterday and though they failed to see any shooting irons around they spoke to Bill in a manner that left no doubt on his mind that the officers meant business.

### FATHER SEES FAMILY PERISH IN QUICK BLAZE

Sutton, W. Va., Feb. 20.—Seven persons lost their lives in a fire which destroyed the home of J. B. Hardin, in this city, early yesterday. Only Mr. Hardin escaped, the six other members of his family and a little girl who made her home with the Hardins perishing in the flames.

The fire was caused by a natural gas grate. When Mrs. Hardin awoke the entire first floor was ablaze. She awakened her husband and he seized two of the children and ran for a stairway, which collapsed.

The two children were lost, while the father was thrown to a point of safety and made his escape. Mrs. Hardin, seeing the stairway fall, jumped from the second story, receiving injuries from which she died later.

(Continued on page four)

## Vancouver Helps Horribly Mangled.

### Moyle, B.C., Feb. 21.—A serious accident occurred in the Eugene mine yesterday afternoon, as a result of which Andrew Ostrom will probably die.

The damage was caused by a miss-fire explosion. Ostrom was hurt in the head, had his eyes blown out, one arm broken and one leg mangled, and was injured internally. He was rushed to Cranbrook hospital on a special train.

## TWENTY MILLIONS IS CAPITALIZATION

### B. C. Lumber Corporation, Formed Abroad, to Have Headquarters in East.

Montreal, Feb. 21.—G. F. Johnston and H. J. Ellison, of the firm of Johnston, McConnell & Ellison, left for New York yesterday on their way to England, where they will complete a \$20,000,000 British Columbia Lumber deal, the capital for which has been largely subscribed.

The concern will be known as the B. C. Lumber corporation and will have its headquarters in Montreal.

It is understood the scope of activities of this firm will in no wise be confined within the boundaries of the province.

### Aviator's Exhibition.

Boston, Feb. 20.—With every variety of flying machines displayed, Boston's second national exhibition of aerial craft was opened here today in the Mechanics' building.

## WESTMINSTER ORCHESTRA IS SUCCESS FROM START

### Initial Appearance in Difficult Pro- and Well Trained.

A good sized audience enjoyed a splendid program rendered by the Westminster orchestra (Herbert D. Mackness, conductor) in St. George's hall yesterday evening, each difficult piece being well rendered. Although the applause was generous, encores were not given until nearly the close of the evening.

This was the first public appearance of the local orchestra, and from the reception it received there is no doubt that the efforts put forth to please a critical public were fully appreciated. The intention of the organizers is to make the orchestra the nucleus of a men's glee club, composed entirely of Westminster residents.

Miss Ruth Cordingley, a young lady of Vancouver, who possesses a sweet soprano voice, admirably rendered Strass' "My Hero" during the first part, and during the second part obliged with "Carrissima" (Penn), responding with an encore.

"Drink to Me Only With Thine Eyes," a part song arranged for a male choir, was admirably rendered, as was also Mendelssohn's chorus "Farewell to the Forest," Kinkel's "The Soldier's Farewell," and Gounod's "Soldiers' Chorus from Faust," an encore being insisted upon after the last named.

Taking into consideration the difficulty of the several morceaux and the short time available for organized practice, the Westminster orchestra has every reason to be proud of the record given last night.

### TAXICAB KILLS MAN.

### San Francisco Police Busy on Case of Reckless Driving.

San Francisco, Feb. 20.—To the series of serious accidents caused by reckless automobile driving which has aroused the police during the last few weeks was added, today, the case of Joseph Foster, a bakery wagon driver, struck in the back and fatally injured by a taxicab which city detectives are working to identify. Foster died this afternoon after making a statement of the manner in which he was run down.

### MEXICAN CONFESSES TO MURDER IN CALIFORNIA

Visalia, Cal., Feb. 20.—According to the police, Juan Maganya, arrested yesterday on a charge of having murdered J. B. Lamkin, at Porterville, has confessed his guilt.

Sheriff Croxton, of San Benito county, who had suspected him of the murder of a woman at Hollister, decided today that he was not the American wanted.

Mexicans are leaving Porterville, fearing an attack by citizens.

### Yukon Case Is Ended.

Ottawa, Feb. 20.—The claim of Norman McLean, of Vancouver, against the Dominion government for the cancellation of a dredging lease on Dominion creek in the Yukon in 1901 has been withdrawn.

## HOBSON, GLOOMY, FORSEES EVIL WAR

### Opinion that Nipponese Will Whip Americans.

Washington, Feb. 21.—War with Japan within the next ten months was predicted in the house of representatives last night by Representative R. P. Hobson. He declared that Japan was financially prepared for war and that the United States would before long be forced to make an exhausting struggle with the Japanese, ending in probable disaster.

In explaining the preparations that have been made by Japan Mr. Hobson drew a gloomy picture of the unpreparedness of the United States for war. He said the Panama canal could never be used in war time, because the Japanese would prevent its completion, or else destroy its usefulness in case of conflict.

He pictured the occupation of the Philippines, Hawaii, Guam, Samoa, the Aleutian islands, Alaska, Puget Sound and other Pacific ports by the Nipponese.

## BODY UNCLAIMED FOR SIXTY HOURS

### Unknown Man Killed by C. P. R. Train Between Nico- men and Mission, Friday.

For sixty hours the body of an unknown man who had been killed on the C. P. R. track between Mission Junction and Nicomen remained unclaimed in the Nicomen municipal hall, some misunderstanding between the authorities and a Vancouver undertaker being responsible for the occurrence. The corpse was removed from the hall yesterday, after having rested there since Friday evening.

The unknown victim of the fatal accident was a white man, about twenty-five years of age, and evidently a laborer. He had been around Nicomen towards the latter part of last week, but as far as could be learned yesterday, he did not mention his name to any of his chance acquaintances. On Thursday he sustained a cut on the head. In order to have this dressed, he left Nicomen early on Friday afternoon for Mission, where he had the wound attended to by a doctor, leaving later for Nicomen, returning along the C.P.R. track. When only a short distance from his destination he was run over by a train and instantly killed.

The body was picked up and brought to Nicomen, where it was placed in the municipal hall, there to remain for three nights and two days.

### SEATTLE BUSINESS MEN OPPOSED TO RECIPROCITY

### Assertion Is Made that the American Northwest Merchants Fear Meas- ure Will Affect Them.

Seattle, Feb. 21.—The trustees of the chamber of commerce yesterday accepted a resolution protesting against the ratification of the reciprocity treaty between the United States and Canada.

The resolution asserts that the business men of the northwest are opposed to the agreement and say that if the bill becomes law they will demand provisions for the removal of the duty on logs and for discriminating duties on transportation in foreign vessels, to the extent at least of meeting the reduced cost of transportation such vessels will have over American ships.

### MAGISTRATE COMPLIMENTS STAND OF DAILY NEWS

### Protest Against Influx of Hoboes Is Endorsed by Police Court Judge— Vags Get Quick Justice.

Police Magistrate Edmonds in open court yesterday complimented the Daily News on the stand it has taken in the matter of American hoboes and in the matter of undesirable coming into this city, and endorsed the sentiments of this newspaper. He had much occasion to refer to the subject, as the time of the court was for the most part taken up with cases in which this element figured.

John Ellis pleaded guilty to stealing a pair of shoes and also the property of Janitor Steve [redacted] St. Mary's hospital, to which institution Ellis had gone for a meal. After he had gulped down the steaming hot repast, he saw the articles of wear and looking upon them as a side dish, quickly "got next." So did the police not sixty minutes later. After Chief of Police Bradshaw has stated that prisoner had had shelter at the lock-up the night previous to the despicable theft, Magistrate Edmonds passed sentence of three months hard labor, taking occasion to tell the hobo that men of his class were doing their best to spoil the name of this fair city.

William Mortimer, a bosom pal of the late prisoner, was next placed in the dock on a charge of vagrancy and was given two hours to leave the city, find work, or one month's hard labor. He didn't take either of the last couple.

David Rolly, like the previous occupants of the dock, an American, was told to make himself but a memory to the cops, and he joyfully clutched the chance with both hands. David had begged a two-bit meal from a citizen on Saturday night, and then so that he might sleep comfortably during the digestion process, coolly approached an innocent looking man to whom he told a hard-luck story and asked for another quarter so that he might procure a bunk. "Surest thing," said the I. L. Rolly's exact words are not recorded in the chock book, but they were warm. And the bed on which Rolly reposed at the station was also warm, but not so much as the place the constable "got next" in his brief interview with David.

### FIGURES OF GERMAN EMPIRE.

### New Census Shows That U. S. Has More Large Cities.

Washington, Feb. 19.—Figures compiled from 1910 imperial German census show that there are 48 cities in the empire having a population in excess of 100,000 and form an interesting comparison with the statistics of the thirteenth census of the United States, which shows fifty cities with this population.

Berlin, Germany's largest city, with 1,080,000, has 2,064,153, or half a million more people than Philadelphia. It is exceeded in population by Chicago by 12,000. Compared with New York, Berlin has not half so many people. With its suburbs, which are intended to be included in Greater Berlin, it has about 3,400,000, which would make it more than a million less than New York.

Hamburg, Germany's second city, is in a class by itself, there being no city in the United States close to its size. It has 986,000 inhabitants, making it 249,000 larger than St. Louis, and over half a million less than Philadelphia.

Munich, with 593,053, and Leipzig, with 585,643, are both larger than Cleveland, Frankfort, with 414,406, is only several thousand smaller than San Francisco. Dusseldorf, with 356,883, is smaller than Cincinnati, and larger than Newark, N. J. Nuremberg, with 332,539, is slightly larger than Washington. Charlottenburg, a suburb of Berlin, with 304,280, is a little larger than Minneapolis.

## SEE NEED OF CLERK TO HELP MUNICIPALITIES

### Burnaby Has Plan to Keep Assessment Lists Up to Date—Park Improvements

A scheme to have a clerk-at-large in the land registry office, representing all the neighboring municipalities, whose duty it would be to make copies of all transfers affecting the voters and ratepayers, with a view to keeping the assessment rolls up to date, was advanced at the Burnaby council meeting yesterday evening, when the proposal was tentatively endorsed. Before anything definite is decided upon, it was agreed that the clerk should write to the councils of the neighboring municipalities and ascertain the views held on the subject. The provincial government will also have to be approached in order to secure permission to install an unappointed man in the office, from which all outsiders are barred.

A deputation from Central Park waited on the council and asked to have a temporary water system installed, the supply wells for which have already been drilled.

Councillor Rumble suggested putting in a local system, pointing out that it would be a simple matter to connect a pipe line with the Seymour creek main later.

Reeve Weart promised to interview the chairman of the water committee of the Vancouver council and ascertain whether there is any possibility of the Seymour creek supply being utilized for Central Park.

The matter was finally referred to the water committee, with instructions to consult the municipal solicitor.

### Seek Park Improvements.

Another deputation from Central Park presented a petition asking for the improvement of the 200-acre provincial park by the construction of trails, clearing of waste grounds, etc., the scheme to entail an expenditure of about \$19,500. It is understood that the provincial government will contribute \$2000, the B. C. E. R. company will probably give four or five thousand dollars, this being conditional on the endorsement of the gift by the English directors of the company, and financial assistance is being sought from the municipalities of South Vancouver.

Reeve Weart, in answering the deputation, pointed out that in the future a by-law providing for expenditures for park purposes would be presented to the people, and in all probability some appropriation from this will be made.

### Seeking B. C. E. R. Extension.

Another deputation asked the council to endorse a movement to petition the B. C. E. R. to extend its car line from the present terminus at the eastern boundary of Hastings street, (Barnet road) to the Pole Line road. It was decided to endorse the petition if, in the opinion of the solicitor, this does not affect the legal standing of the municipality with reference to the B. C. E. R. franchise.

### SNOW LIES DEEP IN MISSISSIPPI VALLEY

Chicago, Feb. 20.—Sweeping the entire southwest and the Mississippi valley, a severe storm crippled telephone, telegraph and train service in some places today. Although Chicago and the lake region suffered but slightly from the fall of snow, Texas, Missouri and Kansas were blocked under a fall of ten inches.

According to dispatches from Fort Worth, Texas, the train service was interrupted with five inches of snow. Wind swept the snow into drifts six feet deep near Fort Worth. Snow, rain and sleet tied up wire service and blocked interurban lines in Kentucky, but the storm swept northward, the rain turned to snow, and a heavy fall was reported in Southern Illinois.

### BIG DECISIONS DUE BY SUPREME COURT

Washington, Feb. 20.—After three weeks' recess the supreme court of the United States will convene tomorrow to hand down decisions and resume the calendar. It is believed the court has had under consideration the dissolution suits brought under the Sherman anti-trust law against the Standard Oil organization and the tobacco corporation, as well as the suit involving the constitutionality of the corporation tax provision of the Payne-Aldrich tariff act and the validity of the contempt sentences imposed on the head of the American Federation of Labor for the alleged violation of a boycott injunction. No intimation has been given of what decisions they may announce tomorrow.

### Bride Ends Her Life.

Los Angeles, Feb. 20.—Mrs. Nellie Ybara Le Brun, twenty years old, and a bride of six weeks, committed suicide today by strangling herself with a rope adjusted to a doorknob in her home. Ill health is believed to have been the cause.

### Japan Renounces Canadian Treaty.

London, Feb. 20.—The Anglo-Japanese convention of 1906, regulating commercial relations between Canada and Japan, has been renounced by Japan. The treaty expires in July.

## Wants

**WANTED—A GENERAL SERVANT.** Apply mornings, Mrs. Birrell, 115, Royal avenue.

**WANTED—SITUATION BY CANADIAN MAN,** steady work by day or week; good teamster. Address T. G. Dobson, Burquitlam, P. O.

## TO INFECT COTTON FIELDS WITH THE BOLL WEEVIL

In Order to Bull Stock Market Next Season by Reducing the Crop of Dixie's Staple.

Atlanta, Ga., Feb. 20.—Governor-elect H. Smith yesterday gave out a statement exposing a plot of New York speculators to infect the cotton fields in Georgia and South Carolina with the boll weevil in order to be able to bull the market next season by reducing the crop and raising the price of Dixie's staple. The first information came in a letter to Mr. Smith from a man whose name he refuses to give.

The letter came from New Orleans. The writer subsequently called on him coming from New York. Convinced by the evidence offered by this information, Governor Smith has given prompt warning to the farmers and the planters of the south that two plotters have in their possession at least 1,000,000 live boll weevil and are waiting their opportunity to scatter these disastrous insects over Georgia and South Carolina.

The exposure has created the liveliest interest throughout Georgia. After receiving the letter Governor Smith at once communicated with Commissioner of Agriculture Hudson and State Entomologist Worshman. The writer of the letter on the occasion authorized the publication of his letter, but insisted that for the present at least his name be withheld. The two men, he says, approached him in New Orleans and solicited his help in carrying out their scheme by means of which they hoped to reap a fortune. Their idea was to flood Georgia and Carolina with the boll weevil and buy at once great quantities of October cotton, selling when the crop shortage sent prices higher at the expense of devastating the cotton fields of these two states for years to come.

### ALMOST SWEEPED FROM SHIP.

Only a Nearby Stanchion Saved Master of Schooner Melrose.

Port Townsend, Feb. 20.—Caught by a huge wave which boarded the ship and swept it from stem to stern, washing everything movable from the deck, Captain Neil Murchison, master of the schooner Melrose, which arrived this morning from Kahului, narrowly escaped losing his life on Sunday afternoon, a week ago, in the recent disaster-bringing storm.

Captain Murchison was standing near the cabin taking the sun when the big roller broke over the bow. A wall of green water swept aft, picking him up as a feather would and swept him over the counter. By the barest chance, he caught a stanchion as he passed and hanging on desperately till the wave had passed, dragged himself back to safety. He had not had time to drop the sextant and it also was saved. He was 150 miles off the Strait at the time. Captain Murchison reports a cold and stormy, but fairly speedy passage.

The schooner William Bowden, Captain Peterson, arrived here this morning fifty-six days from Valparaiso. The Bowden ran into the recent gale last Sunday off the Columbia river, but weathered it easily, though compelled to take in most of her canvas.

### Duke Seeks World's Record.

London, Feb. 20.—The Duke of Westminster is having a fifteen-meter automobile boat, the Brunhilde, built in East Cowes, which he believes will surpass the world's record with a speed of forty-three miles an hour. She will compete in the international motor boat races in April.

### CANNOT FIND A MAYOR.

Prominent Men Continue to Shy at Position in Wenatchee.

Wenatchee, Feb. 20.—Wenatchee is still without a mayor. The city council has been unable, so far, to agree on a candidate, and eligible men in the city are not prone to allow their names to be offered as candidates. Mayor Halbert's resignation has been accepted and he is now wintering in California.

Ex-Mayor Gellatly has refused to allow his name to be used, and it is possible that Ed. S. Russell will be the successor.

### GOLD FIND NEAR YALE.

Siwash Creek Is Now the Centre of Excitement.

Merritt, B. C., Feb. 20.—There promises to be a real mining excitement at Yale this spring. The old town has seen so many stirring days, that was once the centre of the greatest gold rush that ever interested the Northwest, that was once the head of navigation, the temporary terminus of the C. P. R. and the home of thousands of people, is soon to take on new life after years of quiet.

Valuable discoveries of gold have been made up Siwash creek and plans are now in the making for promoting development work on an elaborate scale. Close on to one hundred claims have been staked.

### "MILLIONAIRE TRAMP."

Wealthy Man Disguised as a Hobo Will Write His Impressions.

Chicago, Feb. 20.—After two years' tour of the United States, in which he visited every large city and many of the smaller ones disguised as a "hobo," Edwin A. Brown, of Denver, Colo., known as the "millionaire tramp," arrived in Chicago yesterday. Mr. Brown has concluded his investigation of sociological conditions that took him from his home, and he has derived the knowledge he sought. The result of his country-wide investigation will be published in book form.

## Tea Time Talks Tea Spoils with Age

No tea is fit to drink after it is two years old. That is the age limit of tea quality and benefit. The best tea is the freshest.

"Salada" Tea owes much of its world-wide reputation to its sale fresh from the plantation. The leaves are fresh picked every week the year 'round; then dried, sorted and packed in airtight lead packages. Every five weeks a new picking of "Salada" comes fresh from plantation to purchaser.

Bulk teas, carried year after year, lose their freshness.

Yearly Sales Over 20,000,000 Packages

Ask your grocer for "Salada" Tea or send for a free trial package which makes 25 cups of delicious tea. We will mail it to you without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

The "Salada" Tea Co.  
32 Yonge Street Toronto

### NEWSPAPER SOLD.

Spokane Herald Brought \$10,000 at a Receiver's Sale.

Spokane, Feb. 20.—The Daily and Sunday Herald was bought in at a receiver's sale today by F. F. Gregg, a local job printer, whose bid of \$10,000 was the only offer made. The paper was founded ten years ago. Its assets are estimated at \$15,000 with liabilities of \$150,000, exclusive of \$250,000 bonds.

### POACHERS SENT HOME.

Japanese Sealers Caught in the North, Deported from Tacoma.

Tacoma, Feb. 20.—The thirty-eight Japanese seal poachers who were brought to Tacoma from Valdez, Alaska, where they served six months in jail for having been caught sealing within the three-mile limit, were taken to the Japanese steamship Mexico Maru by United States Immigration Inspector Fulton on Saturday, and left for the Orient.

### Pope's Health Better.

Rome, Feb. 20.—The pope's condition is very satisfactory to his physicians. Dr. Ettore Marchiafava, the consulting physician, paid his usual weekly visit to his holiness today and found him comparatively well, considering his recent indisposition. Dr. Marchiafava commended the maintenance of precautionary measures in order to prevent a relapse and advised that audiences should not be resumed tomorrow.

### COMPLAIN OF B. C. LAW.

British Association of Chambers of Commerce Make Representations.

London, Feb. 20.—The Association of Chambers of Commerce has resolved to make representations to the colonial office regarding the new law of taxation of commercial travellers in British Columbia, as a consequence of which a large number of firms have ceased to send representatives to the extreme west. The colonial office points out that there have been several occasions when the Dominion government has complained of the legislative powers of British Columbia. It is possible that offending act may come before the privy council for review.

### PELLETIER RESIGNS.

Lieutenant-Governorship of Quebec Probably Go to Judge Langelier.

Montreal, Feb. 20.—The resignation of Sir Charles A. P. Pelletier, lieutenant-governor of Quebec, who has been in poor health for some time, has been sent to the government, and it is understood in political circles that Sir Francis Langelier, acting chief justice of the superior court, will be appointed lieutenant-governor of the province at an early date.

Sir Francis Langelier was formerly prominent in Quebec Liberal circles, having been a member for Quebec Centre, and also mayor of Quebec for a number of years. He was one of the old guard Liberals, and gave the Laurier government a good deal of trouble during the early days of its administration by his hostility to Mr. Tarte.

## ALLEGED HIGHWAYMAN

### ISSUED UP FOR TRIAL

John Toomey, Accused of Robbing  
Harry Howell of \$29.75, Will Re-  
ceive Justice Later.

John Toomey, a heavily set up young fellow, and whom the police of this city have had on the books as a "vag," pleaded not guilty before Police Magistrate Edwards yesterday on a charge of having unlawfully taken from Harry Howell the sum of \$29.75, and having committed robbery with violence on Saturday night. Toomey was sent up for trial before a higher court. The complainant, who had been brought back by the police from his home in Vancouver, identified the prisoner on the witness stand, and although he had at first stated that all of his assailants were dressed in light clothes, he remembered that one wore overalls such as the prisoner had on when arrested.

Asked by the court if he wished to stand his trial before that court, or appeal to a higher tribunal, Toomey elected to reserve his defence and only sufficient evidence to warrant such a course was offered.

Harry Howell, who said he resided in Vancouver, was the first witness and he deposed to having arrived in this city on Saturday night, and to having had a few drinks. The company he spoke of having mentioned the fact that he was hungry and as he was leaving the Royal City hotel, he noticed a man who had meanwhile followed himself onto his company, also said he was stricken with hunger pangs, but had not the necessary wherewithal to satisfy the craving for solids. Witness took prisoner alone and in a Jap restaurant the pair had a square meal. When they left the hash house, the saloons were all closed and then witness remembered his car for home and duty. Prisoner offered to escort him to his vehicle, but instead of going along the main street, said witness, "the man who now confronts me in the dock took me down a side street saying that my car left on from the next turning. We walked down and were soon in darkness. All of a sudden prisoner grabbed me by the throat with both hands and before I became unconscious, I remember that other two men came up and they caught hold of my legs—one in front and then I suppose I was carried away as I remember no more for in fact. When I came to, my purse containing my money was all gone as well as the loose silver in my trousers pocket.

A police officer deposed that when he was called to the attention of the complainant, his (Howell's) neck was swollen and looked as if it had been severely pressed.

Chief Brantford gave evidence to the effect that acting on information received he went on the previous day to the Depot hotel and there found the prisoner who admitted having been drunk with the complainant, but who denied having gone with him to the eating house or having seen him on the street at any time. Prisoner told witness that he had been in the Depot hotel from eleven o'clock Saturday night until half an hour after midnight.

After being carried in to my state, I must be in a higher court and was held in custody.

## NUNS FROM EUROPE COME TO OREGON

Baker, Ore., Feb. 20.—Six nuns of the Dominican Order, driven from Portugal by the republican government when Manuel was deposed, have arrived in New York and will soon depart for Baker, according to information received here today. They have been invited to Oregon by the bishop of the diocese to aid the Capuchin mission to found a convent.

The nuns are in charge of Mother Mary Catherine, who tells of their escape to England following the edict of expulsion which gave them only six hours in which to flee the country.

## WILL PLANS BUILDING OF BIG DEPOT IN WINNIPEG

Winnipeg, Feb. 20.—J. J. Hill announces that negotiations for the use of joint terminals with the C. N. R. at Winnipeg are off and that he will build a big depot for his Great Northern, Northern Pacific & Midland railways. Three years ago Hill purchased a right of way into the heart of the city at a very high figure. Now he will construct a line from Emerson, where his lines enter Canada, to Winnipeg.

## REGINA PAPER WILL NOT PUBLISH NEWS FROM STAR CHAMBERS

Regina, Feb. 20.—At a meeting of representatives of the news departments of the Leader, the Province and The Standard, it was agreed that hereafter these three newspapers will decline to publish items emanating from the Regina city council, the Regina board of trade and the Regina public library board. The decision is reached by the newspaper publishers because of the padlock policy introduced by these three public bodies since the first of the year.

The agreement will hold good until such time as the city council, board of trade and public library board see fit to rescind their motions excluding representatives of the press, and the newspapers and people of Regina are placed on an equal footing with newspapers and readers in every other city in America and Europe; Russia excluded.

Matters which these three public bodies desire inserted will have to be paid for at advertising space rates.

## NEW REPUBLIC LEAVING

### TROUBLE WITH HER NAVY

Difference of Opinion Over Appoint-  
ment to the Command of Naval  
Forces May Lead to Mutiny.

Lisbon, Feb. 20.—Rebutions between the government and the navy have nearly reached almost the breaking point as the result of a demand from the navy for the reinstatement and appointment to the command of the fleet of Admiral Reis de Castro.

Admiral Reis de Castro, one of the naval heroes of the revolution who had been re-elected by former President Franco because of alleged disloyalty. The navy has expressed a desire to appoint to the command of the fleet, Amaro Azavedo, Gomez, by force, and the minister of the interior, Alfo Pedro, who is very popular, has exhausted the argument to induce the extremists to exercise patience. Jose Azavedo, formerly minister of foreign affairs, and Candido Chagas, also a former member, have been expelled.

Copenhagen, Feb. 20.—Andrew Carnegie has offered to establish a hero fund of \$100,000 in Denmark. The foreign office already has expressed its gratitude for the proposed gift.

## War Clouds Gather On

### Anglo-Russian Horizon

(Continued from Page One.)

States, to whom she is bound by blood and kinship.

Advises from the Far East, stating that Russia has declared martial law at Harbin ostensibly on account of the plague, are viewed as an additional preparatory step for a Russian move against China.

The action is causing visible uneasiness in the British foreign office.

The charge is openly made by the British press, the statements appearing being inspired, that the allegations of the Russian Professor Shorokov, that China deliberately spread the plague in Manchuria by sending victims into the district to check Russian aggression, was inspired by the czar's officials to justify Russia declaring martial law in Manchurian territory.

St. Petersburg, Feb. 20.—Disaffection with China's reply to Russia's ultimatum, which was received here today, is reported to have been followed by orders for a concentration of troops on the Chinese frontier with the object of at once settling the Kuldai district in Chinese territory.

The Chinese reply falls short of the czar's demands, China says that the granting of Russia's demands would give the latter a commercial monopoly of Mongolia, even excluding

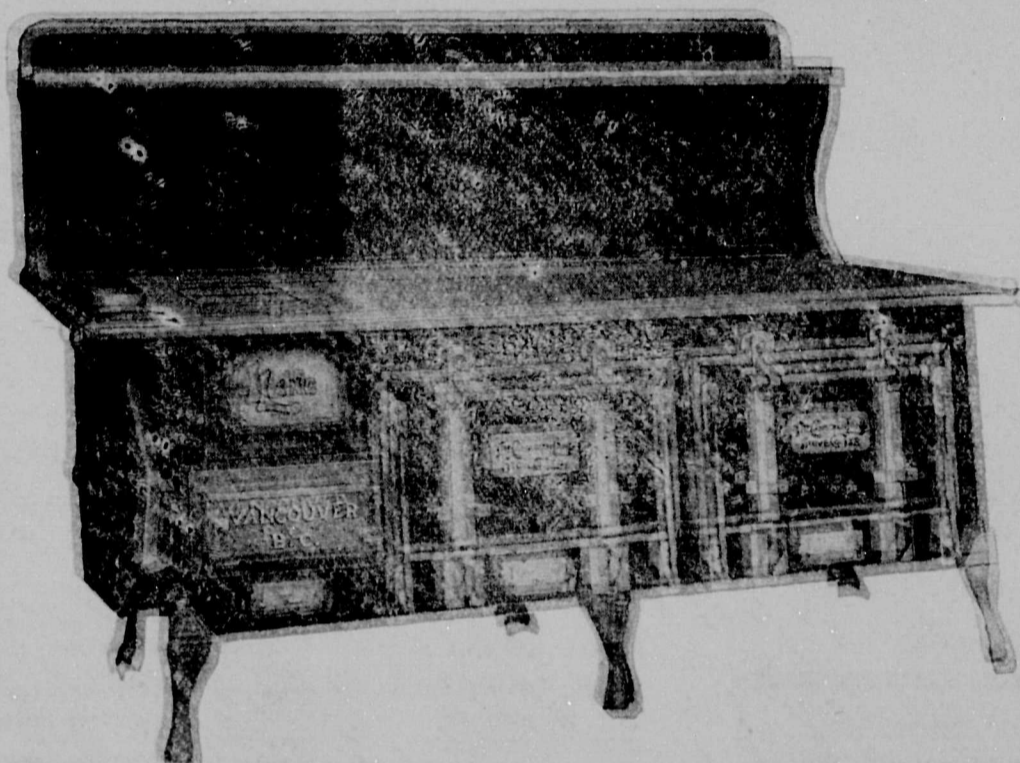

Chinese trade. Russia demanded freedom to trade and liberty to travel and residence for Russian subjects in Mongolia and the territories beyond the Great Wall. China contends that this is unwarranted and not provided for in the treaty of 1881.

In her reply, China agrees to the establishment of Russian consulates at all the points mentioned by Russia except Chongchaisan, but insists that article 12 of the treaty providing for the withdrawal of traffic exemption whenever trade warrants the establishment of a Russian consulate be adhered to. This denies Russia's general contention for freedom from Chinese tariffs.

Summing up, China contends that the treaty of 1881 in her side has not been violated in letter or in spirit, but points out several violations in the part of Russia. China cites illustrations of this claim that Chinese subjects were expelled from the east side of the Amur river, and also mentions the culture of Russia to indemnify China for property destroyed in the Russo-Japanese war.

May Be Minus Pullman.

Vicksburg, Miss., Feb. 20.—The Pullman Car company today is threatening to discontinue car service in Mississippi as the result of a jury verdict allowing Miss Pearl Morris \$15,000 damages because negroes were admitted to a sleeping car in which she was riding. The company has appealed, declaring that if it loses the case Pullman cars will be closed while running through this state.

## The Daily News

Published by The Daily News Publishing Company, Limited, at their offices, corner of McKenzie and Victoria Streets.

E. A. Paige, Managing Director

TUESDAY, FEBRUARY 21, 1911.

### INTER-CITY CAR SERVICE.

The announcement that the B. C. Electric Railway company have adopted plans for the extension of the city car line, which will be laid before the council for approval at an early date, will be welcome news to the people of New Westminster. Such a belt line as is now proposed will provide a greatly improved means of local communication, and give increased facilities for connection with the up-town district, an advantage of which the need has long been felt. The new line will considerably hasten the development of the northern portion of the city and is likely to materially increase the already considerable building operations in this quarter which have been projected.

This improvement of the inter-city line and the construction of the Millside and Lulu Island branches together with the new route to Vancouver via Burnaby Lake, will give New Westminster one of the best street car systems in the Dominion. Remarkable progress has been made with construction work on the last named line. A very large body of men have been engaged upon this for several weeks past, working night and day, and we are informed that the company is in a position to run a car through to Vancouver at any time now. This route is likely to be a very popular one among residents of both cities, whilst to the beautiful and rapidly growing district of Burnaby Lake it will be a great boon. Already building development is taking place between the city boundary and the shore of the lake, and there is almost certain to be a lively movement in real estate in this vicinity, which is well served by the new line, during the coming spring.

### A LESSON IN ELEMENTARY ECONOMICS.

Certain ardent protectionists are now giving a belated admission to an economic doctrine which they have been wont to treat with scorn; that exports must be paid for by imports. This is indubitably true; and on its truth rests the argument for low tariffs and, where possible, free trade. We do not get gold for what we sell; we do not pay with gold for what we get. Thus we must have imports if we are to have exports; and we must have exports if we are to prosper. This is very elementary; and we trust our protectionist friends, now that they have seized it, will not forget this principle. It is, of course, fatal to the orthodox protectionist theory that a nation to become wealthy, must encourage exports and, by high tariffs, obstruct imports.

Circumstances suggest, however, that our protectionist friends are subscribing, temporarily, to heretical opinions because they think they can thereby get in a blow at the Canadian-American reciprocity agreement. Thus the Montreal Star, in its broadside, which appeared in our advertising columns yesterday, said:

"Oh, but the tariff on manufactured goods remains, it may be said. For the present it does. But there is no surer law of trade than that products must be paid for in products. No people will long buy from a market to which they sell nothing. They never have done so in the history of commerce. Let the western man find his market to the south of the border, and he will want to buy from his best customers. If the tariff stands in his way, then so much the worse for the tariff. He will climb it while he must; but the East will not long be able to say 'must' to the west."

The same idea is expressed in a plaintive editorial in the London Daily Mail, in which such horrifying questions as these are asked: "Does the Duke of Connaught succeed to an empty throne?" "Has Canada, in drawing nearer to the United States, set her foot on the road to separation from Great Britain?" The Mail puts its argument, on this point, in these words:

"As the United States buys more and more wheat and other products of the soil, so must Canada buy from her customer and neighbor more and more products of the factory and workshop. This is an economic law that cannot be abrogated, even by the strongest sentiment of patriotism."

Bearing in mind the axiomatic truth of the principle which they lay down

the Star and the Mail seem to have scored their point. Yet their argument is completely fallacious. While it is true that exports are paid for by imports, it is not true that the trade relations between any two nations are adjusted in this manner. Canada's total exports are paid for by her total imports; but it is by no means necessary that our exports to the United States should be paid for by imports from that country. Those who believe that the trade between two countries must balance will find the figures of the trade between Canada and the United States every mystifying. Here they are for the past five years:

	Imports from Exports to	U. S.	U. S.
1906	.....	\$168,798,376	\$3,548,306
1907 (9 mos.)	.....	148,598,061	62,180,439
1908	.....	204,648,885	90,814,871
1909	.....	170,056,178	85,334,806
1910	.....	217,502,415	104,199,675

Tot 5 yrs. \$909,603,915 \$426,076,098

Thus in the past five years the goods we bought from the United States were worth \$483,527,817 more than the goods we sold them. Plainly goods did not balance and pay for goods in this case. Did we, then, beat our enterprising neighbor to the south out of half a billion dollars' worth of goods during this period? Uncle Sam is scarcely as easy as that. Canada's debt to the United States was paid through the machinery of international exchange, our credits in other parts of the world, notably in England, coming into play and cancelling our debts in the United States.

The gross disparity between our imports from and exports to the United States may be reduced or wiped out if the reciprocity agreement comes into effect; thus making it less necessary to pay our debts by secondary or more remote exchanges. A comparison of the trade figures for the past year shows that Canada can increase her exports to the United States by more than a hundred million dollars a year before the incoming and outgoing accounts balance.—Winnipeg Free Press.

### Council Discusses

#### Street Improvements

(Continued from page one)

& Blumer wrote asking that Cumberland street, between Sixth and Tenth avenues, be put in good repair. A great deal of traffic continuously passed up and down that street and the present condition was bad. Board of works to report.

#### Want Poles Removed.

Arthur Jones asked that the poles alongside the sidewalk in Chinatown be removed in accordance with provisions made some time ago. The question was asked if all the buildings were conforming to regulations in that locality and the matter was referred to the board of works.

W. H. Keary, of the provincial exhibition, wrote asking the approval of Aldermen Bryson and Dodd on the board of control of the R. A. & I. society. On this question the mayor took exception to the exhibition directors taking upon themselves the right to appoint the members from the council, being of the opinion that the selecting of officers was a matter for the members of the council themselves.

C. T. Saunders, municipal clerk of Burnaby, asked that the water committee meet his officials with regard to the water supply for East Burnaby and the request was granted.

Under the supervision of the board of works permission to cross the sidewalk at Columbia street was granted to the Brunette Sawmill company.

The Crystal theatre and Kenny's restaurant applied to get a ruling on the subject of their electric signs and the matter was handed to the city solicitor to report on.

Official information came from the provincial secretary at Victoria to the effect that J. H. Campbell and David W. Gilchrist had been appointed members of the board of license commissioners and Walter Dodd and T. S. Annandale members of the police commission.

Application from H. Stewardson for waterworks distribution system to Regina street, between First and Second street, was referred to the water committee.

With reference to the application of C. B. Kirtland, manager of the Fraser River Tannery company, asking for a twenty year lease of the portion of the land lying east of the Marine Railway company's property on Lulu Island, the finance committee favorably recommended the issuing of a lease of 150 feet subject to the ratification of the ratepayers.

The same committee advised that the council was not in a position to state to the B. C. Packers' association whether the contemplated harbor improvements will interfere with the operations of their cold storage plant on the present site.

## SPORTING NEWS

TO HOLD INTERNATIONAL  
LAWN TENNIS MATCHAmericans Are Anxious to Bring Back  
the Coveted Trophy from Australia  
This Year.

New York, Feb. 20.—There is a possibility of a match for the Davis International lawn tennis cup for Australia this year if the United States National Lawn Tennis association can bring it about. At the annual meeting in this city recently it was decided to send a challenge by cable, and its receipt has been acknowledged by Australia. Whether the match will come off remains to be seen. Dr. Dwight, president of the association, says that he does not know how strong a team will be sent for the trophy, but that the association was desirous of trying once more to bring back the trophy.

A challenge was issued last year, but nothing came of it, as the best players in the country could not be induced to go and the association would not send a team made up of weak players. Whether the efforts this year will be more successful remains to be seen, but it will be difficult to induce such men as Larned, McLaughlin, Bundy and Clothier to think it worth while to take the long trip. In the minds of those who follow the game there is no doubt that this trio would be unbeatable, but any weaker team would stand little chance of winning. The challenge has been sent, however, and if the best players cannot go to Australia, a team should be made up, even if going to certain defeat, for the fiasco of last year should not be repeated.

## THE AUSTRIAN KING REBELS.

Charges the Large Number of Dukes  
for Using His Stable.

Emperor Francis Joseph has lately inaugurated a reform which has caused much heartburning among the members of the house of Hapsburg at Vienna. From time immemorial carriages and horses from the imperial stables have been at their disposal, and as the archdukes and archduchesses are very numerous—there are probably a hundred of them—and, moreover, required carriages and horses not only for themselves, but also for the members of their suite, the drain on the imperial stables and, consequently, upon Emperor Francis Joseph's purse was very great.

His stable and his horses and carriages are still at the disposal of the archdukes and archduchesses, but the fact is recorded, and early in last month each of the grown-up archdukes and archduchesses received an account from the imperial stable department for their use of the horses and carriages during 1910.

## They Cannot Refuse to Pay.

They cannot refuse to pay, for were they to resort to any such step the further use of horses and carriages from the imperial stables would be denied to them, while the money which they owe would be subtracted by the grand master of the imperial household from the income which they derive from the large private fortune of the house of Hapsburg, which is under the sole control of the sovereign, of the minister of the imperial house, and of the grand master of the court, that is to say, Prince Montenuovo.

If the emperor has been induced to inaugurate this reform, it is because the imperial family has become very numerous and the privilege with regard to his stables has been abused. Moreover, his civil list, although it amounts to close upon \$5,000,000, is barely sufficient to meet the heavy calls that are made upon it. Thus the subvention to the imperial opera and various imperial parks and zoological gardens that are open to the public. The museums and the libraries, which are accessible to the people, represent another 1,000,000 crowns per annum. In fact, there is no end to the expenses of this kind, while enormous sums are devoted to charitable objects. It is only, indeed, by the most careful management that it is possible to balance the expenditures with the receipts, although the venerable monarch's own personal expenses are so meager that they could easily be covered by \$5 a day.—Washington Post.

The court theatres considerably exceed 1,000,000 crowns, while nearly twice that amount goes to the upkeep of the

## PRO., THE ENEMY.

Athletic Coach is Attacked by President  
of Clark University.

Worcester, Mass., Feb. 20.—Automatic athletes and athletics, with the coach, professional and amateur, are the chief enemies of athletic intelligence, according to Dr. G. Stanley Hall, president of the Clark university. He has started a campaign to do away with the professional coach in college or other athletics.

"The average college coach, with his little kit of rules and his brief authority, is today the chief enemy of athletic intelligence," asserts Dr. Hall. "If not indeed its stultifier and debaucher. He is as far from being truly professional as a cyclone revivalist is from being a professor of theology, or a church debt lifter is from an academic chair of finance. The college and high school faculties and athletic committees are pedagogically both stupid and wasteful in their methods of dealing with athletics. Headworkers sit, ride in cars and autos, while the best muscled class of men are the most unskilled, ignorant, wage earnings day laborers who lack all interest in the work because it is foolish."

"The boss does what thinking is necessary, and they obey like dumb driven oxen."

"We see today, alas, the beginnings of this same division of labor in athletics. The manager hires the players, schedules him, has him sign rules, and he is fined if he does not obey."

"A captain, coach or trainer dictates sleep, diet, regime and perhaps lays down the moral code, so that the modern gladiator's part is not to reason why, but to do or die, till his heyday fades, and he sinks from the brief glory of being the hero of the bleachers to the long evening twilight of a 'has-been,' and it may be, to grow fat and lazy, with only the consolation prize of his memories, perhaps allowing himself indulgences that were denied him in his days of servitude, for the average athlete, past his prime and out of the game, under our system has peculiar temptations and weaknesses."

JOHNSON MAY FIGHT  
LANG OR LANGFORD

London, Feb. 20.—Tempted by an offer of \$30,000 to meet the winner of the Lang-Langford fight, scheduled for tomorrow night, Promoter Hugh McIntosh announced today that he had received the cable acceptance of Champion Jack Johnson.

Interest in tomorrow's fight is at a fever heat and when the men start on their twenty round journey a record-breaking attendance is expected. The negro is a five to four favorite over Lang, but today a bunch of Bill's Australian friends bet \$5000 on his chances.

## MATADOR NEARLY KILLED.

Caught Between Horns of Infuriated  
Bull During Performance.

Madrid, Feb. 20.—Carlos Gonzalles, the celebrated Mexican bullfighter, made his debut here yesterday at the Plaza Tetuan, and met with an accident which furnished much excitement to the large crowd of spectators. The first bull Gonzalles was to kill rushed him and caught him between its horns and threw him with great violence. It was at first thought the infuriated animal had caught Gonzalles on his horns, goring him, and the excitement among the spectators was intense.

The animal was on the point of rushing at the prostrate man when another matador performed the act called "Quite," which consisted of drawing the bull's attention to him

by displaying a red cape, and then dispatching the bull. This is a performance which, when well done, always awakens the enthusiasm of spectators, and men throw money, cigars and other things to the second matador, while women throw him flowers, fans and pieces of jewelry. Gonzalles was not seriously hurt.

MAY PRINT RACING  
NEWS IN THE PRESS

Toronto, Feb. 20.—The court of appeal has quashed the police court convictions recorded against George Hogarth, local manager of the G. N. W. Telegraph company, and Melville Luttrell, the news-stand proprietor, for alleged offences under the Miller Anti-Race Track Gambling act. In the case of Mr. Hogarth, the court held that there was not sufficient evidence taken to establish an offence of any kind. There was no evidence to establish authority given by the manager to send any race track news over the wires.

In discharging Melville Luttrell, the court held that it was not shown that the papers were sold with any intention of aiding betting. The fact that information published in those papers might in some roundabout way be made use of for betting purposes was an absurd foundation for a conviction. The information in question was merely news and no mention was even made of the betting on the races. The purchase was not made with the intention of using the paper as an aid in making bets, but with the undisputed purpose of obtaining a conviction against the vendor.

## Winnipeg Bonspiel.

Winnipeg, Feb. 19.—The finals in Winnipeg's great bonspiel were played last night. Braden, skip of the Thistles, won the Dingwall and Purdy Flour cups. Finlay, of Strathconas, won the Caledonian and Tetley cups, defeating Blackburn for the silver in the latter event. Blackburn, of the Granites, the famous Bisley shot, won the McLaren cup. Alderman Gowler, of the Thistles, won the International Trophy, while Tuckett and Hallock were the other winners.

## ADDITIONAL LOCALS

The following names should have been included in the list of friends who sent flowers to be placed on the casket containing the mortal remains of Walter B. Blakeley at the funeral on Saturday afternoon: Mr. and Mrs. Wilson, Mr. and Mrs. Gourlay, Mr. George Leaf, Mr. and Mrs. Bailey, Mr. and Mrs. W. A. Clark (Vancouver), Mrs. M. Faulkner, Mr. and Mrs. Lance Grimmer.

Supreme Grand Master L. B. Archibald, of Truro, N.S., has granted a dispensation for the formation of a preceptory of the Knight Templars in this city, to be known as Westminster Preceptory. The permission was officially received at a meeting held yesterday afternoon in the city hall. It is expected that fifty members will sign the charter at the formal institution on March 25, when many of the members of Columbia Preceptory No. 34, of Vancouver, will be present. The order for the necessary paraphernalia will be sent east this morning.

Quite a number of inquiries have been made of Postmaster J. W. MacDonald anent the Canadian navy in the past ten days and the distribution of printed matter has been steady. In only a few isolated instances, however, have the enquirers been Westminster lads, the majority hailing from outlying districts. Over a score called on Saturday and listened, all attention, to the words of wisdom which fell from the lips of the post-

master. A handy, well printed and instructive booklet, "The Canadian Navy and How to Join It," can be had on application at the post office and this contains a fund of useful information on the subject of the latest addition to the navy, a navy on which the sun never sets.

## LAND REGISTRY ACT.

HACK WANTS TO MEET  
GOTCH ON LABOR DAY

Chicago, Feb. 20.—George Hackenschmidt, the Russian Lion, wants to meet Frank Gotch for the heavyweight championship of the world Labor Day at the South Side baseball park in Chicago. Hackenschmidt, according to his manager, Jack Curley, will return to Chicago tomorrow from Minneapolis prepared to talk business with Gotch. Curley announced that he was ready to post a forfeit of up to \$5000 to bind the match. The "Lion" agrees to any division of the purse Gotch suggests, though he prefers 65 per cent. to the winner and 35 per cent. to the loser.

If the match does not occur Labor Day there will be no chance for a meeting of the giants until next year.

## Remember, the Players Help.

"Baseball could not exist if it wasn't for the free advertising the newspapers give the game," said President Stein at the Eastern League banquet in Baltimore. "The newspaper men and the writers are almost wholly responsible for the popularity of the sport. The honesty of the players also helps."

Commencing at a post planted on the beach on west side of Secheit Inlet, and at the northeast corner of lot No. 2727 and marked "L. L. Dickerman, Northwest Corner," thence south 80 chains, thence east 20 chains, thence south 50 chains, thence east 60 chains more or less to the beach, thence north and west along beach to commencement and containing 320 acres more or less.

LESLIE L. DICKERMAN.  
J. A. LEWIS, Agent.  
Date November 29, 1910.

## LAND ACT.

Re lot 466, group 1, in the District of New Westminster:

Whereas proof of the loss of certificate title No. 5870F, issued in the name of Lee Soon, Lee Yick Quon, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,  
District Registrar of Titles.

Land Registry Office, New Westminster, B. C., January 17, 1911.

## LAND REGISTRY ACT.

Re lot 10, block 16, Murray's Addition, town of Port Moody:

Whereas proof of the loss of certificate of title No. 5620A, issued in the name of Sara Anne MacLure, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. Keith,  
District Registrar of Titles.  
Land Registry Office, New Westminster, B. C., February 13, 1911.

## LAND REGISTRY ACT.

Re lots 14, 15, 16 and 17 of lots 7, 39 and 40, suburban block 6, map 610, in the City of New Westminster.

Whereas proof of the loss of certificate of title number 10511F, issued in the name of James Rosebrough Lawry, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. Keith,  
District Registrar of Titles.  
Land Registry Office,  
New Westminster, B. C., February 3, 1911.

## LAND REGISTRY ACT.

Take notice that an application has been made to register Emma McLaren, William Chalmers McLaren and John Edward Vallilee, as the owners in fee simple, under a tax sale deed from C. C. Fisher to John McLaren, bearing date the 1st day of April, A. D. 1902, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Southwest quarter of Section 11, Township 7.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Emma McLaren, William Chalmers McLaren and John Edward Vallilee as owner thereof in fee. And I hereby order that publication of this notice for thirty days in a daily newspaper published in New Westminster, will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 9th day of January, A. D. 1911.

C. S. KEITH,  
District Registrar.

To Albert B. Walworth.

## LAND REGISTRY ACT.

Whereas proof of the loss of certificate of title number 12254F, issued in the name of Hector Ferguson, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,  
District Registrar of Titles.  
Land Registry Office,  
New Westminster, B. C., January 28, 1911.

## AUCTION SALE OF TIMBER BERTH COVERING DOMINION LANDS.

The right to cut timber under license on Berth No. 531, comprising the following lands in the Province of British Columbia, will be offered at public auction at the upset price of \$400.00, at 2 o'clock p.m., on Wednesday, the 29th day of March next, at the office of the Dominion Timber Agent at New Westminster:

Timber Berth No. 531, situate in the Province of British Columbia, in Township 5, Range 27, west of the Sixth Meridian, and comprising that portion of the northeast corner of Section 14, not covered by Berths 423 and 471, and containing an area of 80 acres, more or less.

A license will not be issued until the full amount of the purchase price, and the ground rental for the first year, have been paid.

The conditions of payment, rate of rental, etc., are contained in the Timber Regulations, a copy of which may be secured on application to the undersigned, or to the Crown Timber Agent at New Westminster.

P. G. KEYES,  
Secretary.

Department of the Interior,  
Ottawa, December 23rd, 1910.

## BOWLING ALLEYS AND POOL-ROOMS REGULATION BY-LAW, 1911.

A bylaw for the regulation of pool-rooms and bowling alleys in the city of New Westminster.

The municipal council of the corporation of the City of New Westminster enacts as follows:

1. All bowling alleys and all pool-rooms wherein are billiard or pool tables for hire or profit in the City of New Westminster, shall be closed on Sundays and on other days from midnight until eight (8) o'clock in the morning.

2. Bowling alleys and poolrooms shall be subject to the supervision of the chief of police for the City of New Westminster; and the chief of police and constables of the city shall have access to the same at all times.

3. No gambling or betting shall be permitted in any bowling alley or poolroom, and printed notices to this effect shall be displayed on the walls in bowling alleys or poolrooms.

4. Youths under the age of eighteen years shall not be allowed into any bowling alley or poolroom in the City of New Westminster.

5. Any violation or breach of any of the provisions of this bylaw shall subject the licensee of such bowling alley or poolroom upon conviction to a fine not exceeding the sum of \$100 together with costs and in default of payment to imprisonment not exceeding three months.

6. This bylaw may be cited as "Bowling alleys and Poolrooms Regulation Bylaw, 1911."

Done and passed in open council the 6th day of February, A. D. 1911.

Reconsidered and finally passed the 13th day of February, A. D. 1911.

JOHN A. LEE, Mayor.  
W. A. DUNCAN, City Clerk.

## WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Westminster Division of New Westminster District:

(a) The name of the company in full—The Glen Rose Canning Company Limited.

The head office—New Westminster, B. C.

The capital, how divided, showing amount paid up—\$25,000 divided into \$2500 of \$10 each, of which 1450 shares are issued and paid up.

(b) The name of the lake, stream or source (if unnamed, the description is)—Unnamed stream on Lot 17, Group 2, New Westminster district, flowing into Fraser river.

(c) The point of diversion—is about 200 feet from its mouth at the Fraser river on said Lot 17.

(d) The quantity of water applied for (in cubic feet per second)—One-tenth of one cubic foot.

(e) The character of the proposed works—Dam, pipe or flume and pump.

(f) The premises on which the water is to be used (describe same)—Cannery and buildings on Lot 17, Group 2, known as the Industrial Cannery.

(g) The purposes for which the water is to be used—Industrial and domestic purposes.

(h) Area of Crown land intended to be occupied by the proposed works—None.

(i) This notice was posted on the 15th day of February, 1911, and application will be made to the Commissioner on the 20th day of March, 1911.

(j) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet—None.

Attach copy of such parts of the Company's memorandum of association as authorize the proposed application and works.

The Glen Rose Canning Company Limited.

(Signature) J. M. McDonald, Manager.

(P. O. Address) New Westminster.

Copy of part of Company's memorandum of association:

(g) To record, divert, take and carry away, water from any stream, river and lake in the Province of British Columbia, for the use of their business, and for that purpose to erect, build, lay and maintain dams, aqueducts, flumes, or other conduit pipes and to sell or otherwise dispose of the same.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Erection of Lobnitz Rock Breaker No. 1," will be received at this office until 4 p. m. on Wednesday, March 1, 1911, for the erection of a Lobnitz Rock Breaker, for use in British Columbia.

Plans, specification and form of contract can be seen and form of tender obtained at the office of William Henderson, Esq., Resident Architect, Victoria, B. C., and also at the office of the undersigned in New Westminster, B. C.

Persons tendering are notified that tenders will not be considered unless made on the forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable Minister of Public Works, for one thousand dollars (\$1000), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,  
H. A. BAYFIELD,

Superintendent of Dredges.

Department of Public Works, New Westminster, February 17, 1911.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

## CITY OF NEW WESTMINSTER.

Notice re Bylaw.

Notice is hereby given that the "Building Bylaw, 1910," and the "Streets and Sidewalks Bylaw 1910," are now in force, and copies of same may be obtained by parties requiring them at the City Clerk's office.

In future any person intending to erect a building or to make alterations in buildings must first make application for a permit at the office of the Building Inspector, City Hall.

W. A. DUNCAN,  
City Clerk.  
City Hall, February 16, 1911.

## NEW WESTMINSTER LAND DISTRICT.

District of New Westminster.

TAKE NOTICE that Margaret Ethel Matthews, of San Jose, occupation widow, intends to apply for permission to purchase the following described lands: Commencing at a post planted on the west side of the Cheakamus river and one mile north of Daisy Lake, thence west 40 chains, thence north 160 chains, thence east 40 chains, thence south 160 chains along the Cheakamus river to point of commencement, being southwest corner post of lot applied for, containing 320 acres more or less.

(Signed) WILLIAM LEWIS,  
Agent for Margaret Ethel Matthews.  
February 20, 1911.

Bridge, of Vancouver, occupation master mariner, intends to apply for permission to purchase the following described lands: Commencing at a post planted on Green River, Pemberton Trail, four miles north of Green Lake, thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement, being southwest corner post of lot applied for, containing 640 acres more or less.

(Signed) WILLIAM LEWIS,  
Agent for Gerald E. Bridge.  
February 20, 1911.

TAKE NOTICE that Molly McClarey, of Vancouver, occupation milliner, intends to apply for permission to purchase the following described lands: Commencing at a post planted on the Pemberton Trail, 2 1/4 miles north of Green Lake, thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains to point of commencement, being southwest corner post of lot applied for, containing 640 acres more or less.

(Signed) WILLIAM LEWIS,  
Agent for Molly McClarey.  
February 20, 1911.

TAKE NOTICE that Georgina A. Hopkins, of Vancouver, occupation stenographer, intends to apply for permission to purchase the following described lands: Commencing at a post planted at the southwest corner of lot 2105 and thence north 40 chains, thence west 40 chains, thence south 40 chains, thence east 40 chains to point of commencement, being southwest corner post of lot applied for, containing 160 acres, more or less.

(Signed) WILLIAM LEWIS,  
Agent for Georgina A. Hopkins.  
February 20, 1911.

"THE TOPPER" RETURNS.

Silk Hat and Frock Coat Again Come into Fashion.

London, Feb. 20.—The first trade to brighten up under the influence of the approaching coronation is the silk hat business. The "Topper," which had been steadily declining, is now in large demand.

It is confidently expected that hatters will get large orders. The idea is that the silk hat and frock coat, which has also been considerably exiled from the world of fashion, will be necessary for the numerous functions of the coronation season.

The 1911 hat returns to the shape of that of 1880. It has a narrow brim and slightly lower crown and is more bell-shaped than last year's.

## INSURANCE SCHEME CAUSING MUCH WORRY

## English Experts Are Devoting Thought to State Sick Pay Problem.

London, Feb. 20.—The problem of state sick pay, otherwise the state invalidity insurance scheme, which has been promised by Mr. Lloyd George, is causing much anxious thought to experts. Actuaries of experience in connection with the cost of sick pay, particularly for prolonged periods, agree that it is growing out of all bounds. The funds in hand in sick societies of all kinds are mostly inadequate to meet the claims made on them. A fact which speaks for itself is the invariable comment found in sickness branch returns of industrial insurance companies, "No new business transacted." The rate of sickness experienced from 1866 to 1870 has increased by over 400 per cent in some instances.

The inability to cope with the financial burden of this form of insurance is severely felt by experienced organizations where only healthy lives are admitted and where every precaution is taken to economize the pay. In these organizations personal supervision by personal acquaintances prevails, and is a powerful factor against malingering. And here a curious fact presents itself. The larger the organization or branch, the greater the cost of the sick pay scheme.

A striking example of this is seen in the official records of the sickness insurance in the German empire. It is shown that sickness insurance in creased as follows between 1894 and 1908:

Person insured	1894.	1908.
Days of sick-	7,282,609	12,324,094
ness	43,686,440	103,894,299
Sick allow-		
ances	\$10,472,365	\$32,829,160

These figures show that while in 1894 the cost of sick allowances averaged \$1.72 per person insured, in 1908 it had risen to \$2.66.

Here, therefore, lies a serious danger. The influx of large numbers of beneficiaries seriously increases the cost of invalidity, even though such persons be, as at present, a picked class, and even though the supervision over the claims contains the personal element and checks as deterrents against malingering. When, however, indiscriminate lives are brought in, and when the state is to be the paymaster of the claims, it can easily be seen that this problem will become even more acute.

The "chronic invalid" is another great difficulty. His pay would be in reality a pension. If, it is asked, old age pensions at 70 are already costing so much more than was originally anticipated, what will be the cost if all infirm and invalid people are cast upon the nation's resources at, say, the age of fifty?

## CHAOS IN SENATE.

Never before in the recollection of those in the senate has that body been so completely lacking in leadership. There is actually no one who can promise any affirmative action by the upper house. This situation makes it, of course, all the easier for a host of those who promise negative action; that is, to promise no action at all; but with Mr. Aldrich away, Mr. Hoar angry over reciprocity, and no one else in anything approaching command, it is impossible for any one to make promises. Even if promises were made it would be a question each successive day whether there would be any majority to make the promises good. The insurgents have set the style of combining with the Democrats when things do not go to please them. The regulars will not attempt to make any agreements with the insurgents and the Democrats are rejoiced to see their political opponents so skillfully adopting Democratic methods of friction and discord. There is reason to believe that this condition will not outlast this season, because it will be in the interest of all Republicans to get together at the beginning of the next to effect reorganization of the senate. The insurgents cannot deal with the Democrats when it comes to distributing committee assignments. They must be disposed of by a committee on committees, which will, of course, be composed of representatives of both factions of the Republican party. Difficult as the task may be, that committee will have to complete a program of committee assignments which will be satisfactory to both factions, and its work will thus constitute a basis for harmonious action in the next senate. But for the present all is chaos, and, practically speaking, nothing but antagonisms and dilatory tactics are effective.—G. G. Hill in the New York Tribune.

MISS DUNCAN'S DANCE WAS VERY RISQUE

New York, Feb. 20.—There is speculation here today as to the limit of "diaphanous" dancing, following Isadore Duncan's latest performance. Clad in the lightest, scantiest and most translucent silk, Miss Duncan danced at Carnegie hall. Her audience gasped. One newspaper critic declared that "all Miss Duncan's refined art could not absorb the attention of a crowd which beheld a woman, who, except for her soft, transparent drapery, that veiled but did not hide, was in a state of sublime nudity."

Eight-inch Men's Egg.

Hardwick, Feb. 20.—A hen owned by Mrs. Benjamin Manley, laid an egg eight inches in circumference. The longitudinal measurement exceeded nine inches. Thomas Irwin has a hen which laid two eggs every day last week.

## "SEVEN DAYS."

At the Westminster Opera house on Thursday the Wagenhals & Kemper company will present Mary Roberts Rhinehart and Avery Hopwood's "Seven Days," the greatest comedy success the stage has had in years. New York has never laughed so heartily over any play as it has over "Seven Days." The comedy has broken into the second year of its run at the Astor theatre, and Broadway is still splitting its sides over it. It ran straight through the summer without a break, and, as the New York American said: "Rocked Long Acre Square with loud laughter and great joy." Chicago, too, howled with delight for six months over "Seven Days" while it ran at the Illinois theatre. Local playgoers will have a glad welcome for this comedy which Acton Davies, the well known dramatic critic of the New York Evening Sun, says is "A whole magnum of fun." In reviewing the opening of "Seven Days" Mr. Davies wrote:

"Just about once in every ten seasons a really fresh, ingenious and rollicking comedy comes to town and knocks the risibilities of the public out of all gear. 'Seven Days' accomplished this rare phenomenon. 'Seven Days' is one long laugh from start to finish. The sheer fun of this play is going to make it a record-breaker. In sentencing the public to this particular 'Seven Days,' Managers Wagenhals & Kemper are proving themselves philanthropists."

In predicting a record Mr. Davies knew whereof he spoke. "Seven Days" has made a record as the only comedy that has ever reached a two years' run in New York and kept going straight through the summer.

## A WORLD-WIDE WAR.

Prediction That Negroes and Whites May Have to Fight It Out.

Boston, Feb. 20.—Prediction of a world-wide war between negroes and whites, made in an address here last night by Prof. William E. Dubois, of Atlanta university, a colored educator, caused widespread discussion here today. Prof. Dubois said, in part:

"The race problem is the most important question that confronts the world today. Unless it is solved in the human way by raising the standards of our common humanity and by making it possible for men to live among men regardless of color, caste or position, this world-wide question will be settled in bloodshed. For the white man is the negro's hereditary enemy. The white man has ever stood between him and the avenue of advancement."

## CITY NEWS

A special meeting of the city council will be held today to discuss and probably finally dispose of Auditor Moses B. Cotsworth's famous report on civic finances. The auditor will be present and will speak at the meeting.

In eight days more Richmond's big sale will be a thing of the past.

Miss Grace Goddard is commencing a married ladies' physical culture class on Wednesday, February 22, in St. George's hall, at half past two o'clock. The boys and girls' class is drilled at four o'clock.

Six chairs in operation at the Hub shaving parlors. No waiting.

The annual ball of the Modern Woodmen of America will be held in St. Patrick's hall on Wednesday evening. Tidy, the florist, has been entrusted with the decoration of the hall and supper rooms.

Shingles, shingles, shingles, any kind you want at the Walsh Sash and Door Factory.

Extensive and expensive alterations to the bar of the Cosmopolitan hotel will be completed today, and the new counter put to use for the first time. The bar has been fixed up in what was formerly the hotel lounge room.

Did you see our three-horse load of wood for \$3.00. Phone 413.

E. L. Webber, who several weeks ago went up to Tranquille sanatorium because of falling health, is reported to be seriously ill. According to advices received yesterday, he has suffered from several hemorrhages during the past few days.

Wood! wood! wood! Wood to burn at the Walsh Sash & Door Factory. Phone 413.

Every pair of shoes remaining on our bargain tables must go before our sale closes. We won't consider the cost price. Sinclair's Big Sale.

Two Chilliwack men, J. O'Hearn and J. Widman, have filed applications with the government representatives for the necessary permission to divert water to the extent of two cubic feet per second, from the Spring creek, this for sawmill purposes.

A further cut of 10 per cent. has been made on all remaining lines on our bargain tables at Sinclair's Big Sale.

Shingles, shingles, shingles, any kind you want at the Walsh Sash and Door Factory.

Thomas Hutton, a five months' old child, died yesterday morning at his parents' residence, Edmonds. The funeral will take place at two o'clock this afternoon, interment being in the Odd Fellows' cemetery. D. Murchie & Son have charge of the funeral arrangements.

It will pay you to visit the big sale at Richmond; they must vacate in a few days.

The best kiln-dried wood, a three-horse load delivered at your shed one hour after you order it. A three-horse load for only \$3.00. Phone 413.

An interesting scene was enacted at the Burnaby council meeting yesterday evening when a motion was introduced to appropriate about \$5000 from the general revenue fund for the building of sidewalks in the municipality, this sum to be added to \$9000 to be taken from the contingent fund. Reeve Weart strongly opposed the taking of the general revenue moneys and vetoed the proposal.

Spring goods are coming fast. Every remaining shoe must go. Extra specials for today. Sinclair's big shoe sale.

Why burn up money by burning coal, when you can get a big three-horse load of dry wood delivered at your house one hour after you order it, for \$3.00. Walsh Sash & Door company.

This afternoon the yearly convention of the Methodist Women's Missionary society (New Westminster district) will be called in session in the large room of Queen's Avenue church. Mrs. Frank Adams (Victoria), who has just returned from the more important assembly at Ottawa, will be the principal speaker and during her talk she will give an account of her stewardship. The meeting will be called to order at three o'clock and a break will be taken at six o'clock for supper, after which the meeting will be resumed and concluded.

John Reid, Charles Caldicott, William Grant, A. Harland and William Bowers, with Art Anderberg as first reserve, were yesterday selected to represent the Royal City against Vancouver in the first of the series of billiard matches which will be played this evening in the rooms of the latter quintette at the National Sports club. As a further inducement to the "pole pushers" of this city, Dan Schnoter has hung up a box of Solo Special cigars to the guest who records the highest break. So no matter who wins out smokers will be going cheap for the niftiest ball manipulator.

Richmond must vacate the store on the 28th. Don't miss your opportunity, when such bargains are offered you at his big sale.

### CARD OF THANKS.

Mrs. Walter B. Blakeley desires to thank her many friends for the kind expressions of sympathy on the occasion of her recent bereavement.

"A Gentleman from Mississippi" will be the attraction at the opera house on Saturday evening.

Ice cream on hand. Ira A. Reid, next tram office. Phone 310.

At the Sons of England dance on Friday the 24th inst., St. George's hall, there will be a prize waltz.

Davies Green Houses is the place to get bouquets, floral designs, and all kinds of cut flowers. Phone R 208.

Rev. R. Wilkinson, of Ladysmith, is spending a few days in the city, the guest of Mr. and Mrs. Joseph Cameron, Sapperton.

We are in the market for logs for making shingles. Walsh Sash and Door factory. Phone 413.

Official notification has reached D. W. Gilchrist to the effect that he has been appointed the representative of the provincial government on the Westminster city licensing board.

Only eight days left to dispose of everything in the store at Richmond.

Lord of the Isles Camp No. 191, Sons of Scotland, will entertain the Vancouver camp of the same order on Thursday of next week, in the K. of P. hall.

## Cloverdale Auto Road

Cloverdale gets the British Columbia end of the British Columbia-California auto road. California, Oregon and Washington have selected their roads and have appropriated the necessary money. British Columbia has selected Clover Valley road, Cloverdale and has appropriated \$25,000 to make it a modern auto road, the first stretch of the great auto highway to Southern California.

This will give Cloverdale district the best road in the province. Property will be in greater demand and will command higher prices.

## OUR ALTERATION SALE Will Continue for This Week Only

Saturday night, February 25th, we will bring to a close our big alteration sale. Alterations will not by any means be completed by that time, but will have reached that stage where the various departments can be permanently located. We must also open up the hundreds of cases of new goods now awaiting a place in which they can be opened and displayed. This week will see greater reductions than ever on all odd lines of winter goods--Women's Coats, Dress Skirts, Blouses, Underwear, Whitewear, Millinery, Blankets, Comforters, Draperies and all Remnants. Watch our advertisements.

**WANTED--Apprentice in the millinery department, apply at once to Miss Bennett**

### INTERURBAN TIME TABLE

#### NEW WESTMINSTER BRANCH.

Trains leave New Westminster for Vancouver: 5, 5:50, 6:20, 6:50, 7:20, and every half hour thereafter until 11 p. m.

#### SUNDAY SERVICE:

Trains leave New Westminster for Vancouver at 6, 7, 8 and every half hour until 11 p. m.

#### FREIGHT EXPRESS SCHEDULE:

Express cars leave New Westminster for Vancouver at 7:20 a. m., 11:20 a. m., and 3:20 p. m.

**JULU ISLAND, EBURNE-WESTMINSTER BRANCH:**  
Trains leave New Westminster for Vancouver at 7K and every hour thereafter up to 11 p. m., connecting at Eburne Junction for Steveston.

#### SUNDAY SERVICE:

Trains leave New Westminster for Vancouver at 8 a. m. and every half hour thereafter up to 11 p. m.

#### NEW WESTMINSTER-CHILLIWACK BRANCH:

To Abbotsford only--Leave New Westminster 4:15 p. m.  
To Chilliwack--leave New Westminster 9 a. m. and 6:05 p. m.

**B. C. ELECTRIC RAILWAY CO.**

## Are You Aware

that electric power is available from our mains, which now extend in addition to branch mains--from the west end of the city along Front street, thence along part of Columbia street, then via Brunette street to the Brunette river?

Our power rates are low, and make possible the adoption of our safe, convenient, advantageous, and economical electric drive.

Applications for electric power service may be made at the company's local office, or a postal mailed to the head office, Vancouver, will also receive prompt attention.

LIGHT AND POWER DEPARTMENT.

## ASK UNITED STATES TO DIVORCE ALASKA

Business Men of North Anxious for Country to Be Annexed to Canada.

Cordova, Alaska, Feb. 21.—A movement has been started to hold mass meetings at Cordova, Seward, Valdez and Fairbanks with a view to adopting resolutions asking congress to divorce Alaska from the United States in order that it may annex itself to Canada.

This extreme step is advocated as the only possible relief from the continued oppressive burdens imposed on the pioneers of the country by the American government.

The business men of Alaska are reported to be heartily in favor of the movement and to be backing it with their influence and capital.

### SIMPLE ANAESTHETIC.

Merely Luke-Warm Water Used in Operations for Appendicitis.

Baltimore, Feb. 21.—Luke-warm water is now being used as an anaesthetic in most of the operations for appendicitis at Johns Hopkins hospital, according to the statement today of a surgeon of national repute connected with the institution.

In an operation for appendicitis, declared the surgeon, all that is necessary is to inject luke-warm water in sufficient quantities under the skin in the vicinity of the part operated upon. While the operation is in progress the patient is said to feel no pain, and is fully conscious. The use is confined to only a few surgeons, who have learned the proper manner to inject it to get results.

### COLLECT \$2000 FOR FAMINE STRICKEN

Victoria, Feb. 21.—Over \$2000 was collected in the Chinese quarter in the last twenty-four hours for a famine fund to be cabled to the Red Cross society at Shanghai for relief of the famine stricken Chinese in the Anhui district.

The subscription is being continued, and efforts will be made by the Chinese to raise money at other points throughout Canada.

### Missionary Society Meets.

About sixty members of the New Westminster branch of the Methodist Women's Missionary society attended in the hall of Queens avenue church yesterday when the yearly convention of that organization was in session. Mrs. Brown, district organizer, occupied the chair and spoke of the successful year's working. Mrs. Frank Adams, of Victoria, who has just returned from the convention at Ottawa stated that last year \$135,800 had been collected, this being an increase over the previous twelve months of \$16,800. Miss Hitcham, Columbian college, gave a paper on "Children's Work," and laid special stress on the duties of the daughters of the members taking up the noble home and field work as outlined by the society. Dr. Sippell and the Rev. Mr. Brown, the only gentlemen present, also spoke of the good work done by the society, and in the evening after a banquet, Mrs. Betts, of Vancouver, provincial president of the Methodist Women's mission conference, and Mr. R. J. Elliot, who has just returned from Japan, gave interesting talks, the latter dealing with the work of the society in the land of the chrysanthemum.

### Champion Typist Here Today.

How many typists are there—even in New Westminster—who can carry on a conversation without stopping to answer questions? Many valuable hours are wasted weekly by the keyboard manipulator ceasing work, fixing elbows on the desk and then talking about the latest fashions in hats. All this as introduction to Miss Rose Fritz, who comes to this city this afternoon and in the Modern Business school, Columbia street, will give an exposition of how to talk on any old subject and at the same time continue with her work. Apart from having this attribute, Miss Fritz is the holder of the speed championship of the world, and as there are now quite a few men and women who go in for this business spread over the face of the globe, it is certainly a proud honor. The champion speedster can do her work blindfolded and also in a score of ways which the supposed up-to-date keyist has not begun to think about. Touch is the secret of Miss Fritz' success and as the Modern Business school is the only institution in this city that teaches this style, it would pay the budding champions to watch Miss Fritz at work today from three until four o'clock.

### Steamship Combine.

Toronto, Feb. 22.—A cable from Liverpool says that the Canadian Northern and the Cunard Steamship company are forming a combination for steamship service between Bristol, Liverpool and Canada. The management is to be in the hands of a joint board.

## HARDWARE MEN ARE PEEVED AT OPPOSITION

Association Will Not Meet in Board of Trade Room After Hearing Protest.

As the vote to grant the use of the board of trade room in the city hall was not a unanimous one by the city council the local committee of the B. C. Hardware Dealers' association, at a specially convened meeting yesterday decided to call off that venue for the annual conference which is dated for March 7 and endeavor to fix on some other rendezvous so that the arrangements made by delegates will not be upset. This information was given to the Daily News at a late hour last night by George Blakeley, one of the officials who has, with the Westminster committee, worked hard that the convention might be brought to this city.

"At the last convention," said Mr. Blakeley, "we had all our work cut out to bring the conference to this city, a number of larger towns fighting for the honor of entertaining the delegates who will attend at this time. Now that we have fought and won out, the city council, or at least some of the members, put obstacles in the way and the committee charged with the final arrangements feel that they would not be conforming to the motto of the association were they to ask representatives from all over the province to sit and confer in a room of the council chambers which had been voted to them with dissenting voices. In all our previous conferences the councils of the respective cities have granted readily our application for permission to hold such meetings and this is the first time that such a thing has occurred to mar the harmony. We have, as the Westminster branch of this important organization, nothing to gain as a result of the meeting being held here, but we thought the city had, as there will be over fifty delegates present from long distances and just what their opinion of this city's hospitality will be, when the vote of Monday night in our council chambers becomes known, I do not care to think."

## ANOTHER RANCH BOUGHT FOR DOUKHOBOR COLONISTS

Peter Verigin Purchases Fifty Acres From Devine Bros., Who Double Money in Short Time.

Nelson, B. C., Feb. 21.—The Doukhobor colony has still further extended its territory in this district by purchasing from Devine Bros., the well known Manhart ranch on Kootenay river, opposite Tarry's. This property is about fifty acres in extent of which some ten acres are cleared and about five acres are planted in bearing fruit trees. The price was \$12,000 and the sale was concluded yesterday by Messrs. Devine and Peter Verigin, acting for the Doukhobors. This property was bought less than three years ago by Messrs. Devine for \$5000. Last year they cleared over \$1000 profit from the few acres under cultivation in addition to expending a considerable sum on improvements. The Doukhobors have purchased the land partially in order to obtain a shipping point on the railroad side of the river so that they may with greater convenience transport logs from their land on the Tarry side, where they are engaged upon a large logging contract.

### TRAFFIC IN OPIUM.

Active Campaign Against It Going on in United States.

Washington, Feb. 21.—With a record of more than fifty raids and the seizure of smuggled opium having a commercial value of \$100,000 since the campaign against the illegal traffic in the drug began a few weeks ago, secret agents of the customs service have reported that their work is about finished. They found that practically all the opium smuggled into the United States comes from Canada, Mexico or from the Orient through the Puget Sound territory. President Taft and Secretary MacVeagh are personally interested in having the traffic suppressed and a large force has been engaged in the work. The opium seized will be sold at public auction and only to recognized drug dealers.

### Irish Abstain.

London, Feb. 22.—The Irish parliamentary party last night announced its decision to abstain from participating in the coronation ceremonies. A promise was made that the king will receive a royal welcome on the occasion of his future visit to Ireland.

## CITY COUNCIL LISTENS TO TEDIOUS READING OF REPORT

Auditor Moses B. Cotsworth's Historic Document is Attacked and Partly Heard at Special Meeting—What Will Be Done With It Nobody Can Understand.

Seventy-five of the three hundred and three clauses of Auditor Moses B. Cotsworth's report to the city council were read by that official at a special meeting yesterday evening, only occasional discussions being introduced. Most of the clauses were read without comment, others provided material for wordy passages between some of the aldermen and the auditor, but taken as a whole the meeting was one of the driest held in the chamber for a long time.

### Neither Adopt Nor Reject.

Just what is to be done with the famous historic document is not quite clear. In an introductory speech, repeated later in the evening with elaborations, Mayor Lee explained that he did not think the council had the power to either adopt or reject the report, although modifications could be suggested. Because of Mr. Cotsworth's special powers under section 95 of the Municipal Clauses act, the report became a public document, and the provincial government was entitled to a voice in its final disposal. This explanation seemed fairly satisfactory to the other members of the board at the time, but the matter cropped up later in the evening.

### Few Citizens Interested.

That Mr. Cotsworth's report had ceased to be the big drawing card it once was is plainly evidenced by the small audience in the council chamber, only about twenty men being present, the majority of these leaving before the welcome adjournment motion was put to the meeting.

### Read Clause by Clause.

Auditor Cotsworth, who was in good voice, was assigned the task of reading his document aloud. The first few clauses, which are really an introduction to the report proper, were gone through without interruption. Then clause five was tackled, this dealing with unauthorized rebates granted in the past in the paying of light and water accounts.

Questioned, the auditor explained that these illegal rebates may yet be collectable, but that was a matter for the council to decide. In any case no action could be taken for rebates granted over six years ago, these accounts being now outlawed. Many persons had received privileges without intent to harm the city; in these cases he would be in favor of letting bygones be bygones, but a recurrence of this must be guarded against for the future. Sometimes rebates had been granted after the legal date when the accounts had been sent out late.

### Must Surcharge E. J. Fader.

That proceedings will be taken against former Alderman E. J. Fader in connection with an illegal discount of \$128 secured in 1909 was announced by the auditor after he had read clause six, which deals with this matter. As Mr. Fader is at present in England Mr. Cotsworth does not propose taking action until his return.

On motion of Alderman Gray this clause was held over for further discussion, as it is deemed advisable to look over certain documents in the case.

### Alderman Lynch Seeks Information.

After the reading of clause seven, which says the civic power was abused in the past, Alderman Lynch moved that that clause be laid over, and followed this up with a question as to whether the audit was completed yet.

Auditor Cotsworth replied that the report was completed when his report was issued, and that the balance sheet for 1909 had been made out. No report or balance sheet for 1910 had yet been issued.

Clauses eight and nine were laid over. Clause ten passed without a hitch.

### Remembers His Electors.

After the reading of clause ten, which mentions that the B. C. E. R. employees had secured rebates on their water accounts, although paying after the rebate date, Alderman Dodd, one of the labor aldermen on the council, insisted on lengthy explanations from the auditor, who had said that Mr. Dickinson had informed him he represented the B. C. E. R. men in making a protest when the rebate was no longer allowed. Alderman Dodd quoted the strength of the B. C. E. R. employees' union and mentioned that Mr. Dickinson had not been delegated by the union to approach the civic officials on the subject of rebates.

"The union is not mentioned in the report," replied the auditor. "Dickinson did not mention the union, he said he represented the employees. I believe he meant the office employees, but that was not made clear."

"Mr. Dickinson told me a different story," retorted Dodd.

Then Auditor Cotsworth played a trump card:

"Mr. Rushton was present at the interview. I wish someone would phone him right now to come down and repeat what took place. It will clear matters."

Eventually peace was restored without disturbing Mr. Rushton. In deference to Alderman Dodd's wishes, the report will be amended to read "some of the B. C. E. R. employees obtained

rebates" instead of "the B. C. E. R. employees."

### Much Talk About Little Matter.

For several minutes Mr. Cotsworth's lullaby was all that broke the stillness of the chamber. At the rate he was going, provided the meeting sat without interruption, the report would all be read before the sun had set once again. But Alderman Gray put a spoke in the wheel of progress when clause sixteen, which submits that the light and water by-laws should be amended to permit recovering interest, was read. This suggestion provided the text for a lengthy discussion, the final decision being that the game was not worth the candle, as the amount of interest in most cases would only amount to a few cents.

The reading progressed without incident until two dozen clauses had been ticked off. Then the question of cheques sometimes met with in business, and which the bank cashiers mark N. S. F., came up for serious consideration. The debate closed when it became generally understood that cheques of this nature were very seldom turned in to the city hall.

Clause 25 was then read. After a slight halt Mayor Cotsworth usurped Chairman Lee's duty and inquired "Any questions, gentlemen?" "Any questions, gentlemen?" repeated the official in the chair.

There were no questions, but somebody smiled aloud.

Three clauses later Mayor Lee inquired whether it was necessary to read all the clauses. Mr. Cotsworth declared this to be advisable. The mayor sighed. The audience sighed. Auditor Cotsworth went on reading.

Sub-section A of clause 32 and clause 33 will be considered at greater length later.

The routine of the reading was broken when clause 40 was introduced. This explains that Alderman Jardine, former chairman of the finance committee, was to blame for not increasing the clerical staff in the city hall when his attention was called to the fact that the work was running far behind. Alderman Gray championed the former head of the finance committee and suggested that the clause be labelled "held over." No one seconded the motion; none of the previous motions to the same effect had been seconded.

After considerable discussion to show that the same amount of work and keeping the books up to date, Mr. Cotsworth went on with his reading. He was getting along fine with the succeeding clause when Alderman Bryson interrupted:

"I want to know what is to be done with the previous clause?"

"Taken as read," suggested a voice. "But Alderman Gray protested. No vote was taken and I do not know how we stand. In a few weeks' time Mr. Gray may reopen the question and then we will have to decide the question. We might as well do that now. It may be claimed that our silence meant consent."

"No," responded Alderman Johnston, in a lengthy speech.

"Then if we are just here to listen to this report, for no particular purpose, we might just as well go home," retorted Alderman Bryson.

Thereupon Mayor Lee repeated his opening speech and explained that nobody knew exactly what was to be done with the famous report. After this the business of the evening was resumed and a dozen more clauses read.

Billy Hancock Inquisitive.

Just by way of diversion Former Alderman William Hancock, one of the interested listeners, rose without privilege and apropos of nothing in particular wanted to know what Alderman Gray did when his account at the bank ran short. Mr. Gray, not wishing to give away trade secrets, hedged by informing the startled assembly that he had several bank ac-

(Continued on Page Five.)

### INDUSTRIAL WORKERS WALKING THE TIES

Redding, Cal., Feb. 21.—The Industrial Workers of the World who rested yesterday at Montague resumed their way southward today, walking the ties in groups of half a dozen. They propose to camp tonight at the lumber town of Weed, twenty-eight miles from Montague, after passing through Gazelle and Edgewood.

Twelve railroad policemen who were at Montague are preceding the workers and will drop off their train at various stations to prevent the men from boarding freight trains. The leaders of the band say they are still determined to get to Fresno, where they declare they will speak in the streets so as to get into jail. After their meeting at Montague last night they gathered around a fire and sang the Marseillaise.

## VICTORIA COUNCIL IS OUT OF OFFICE

Recent Election Declared Illegal—Commission To Manage Affairs.

Victoria, Feb. 21.—Mayor Morley and all the aldermen resigned office today, the recent election having been declared illegal by Judge Gregory owing to the voters' list being improperly made up.

The provincial government will appoint a commission to conduct civic affairs until such time as another election can be held.

### CURES PNEUMONIA WITH NEW VACCINE

Bakersfield, Cal., Feb. 21.—Of 3500 patients treated for pneumonia, typhoid fever, tuberculosis, rheumatism, also streptococcal and staphylococcal infections, with inoculations of the vaccines prepared by Dr. Augustus F. Schafer, Bakersfield, Cal., during the last twenty-four months, many remarkable cures have been witnessed within a few hours after the first inoculation. Schafer is a graduate of St. Mary's college, Oakland, Cal., and of the Bellevue Hospital Medical college, class 1887, with special courses of training in medical and toxicological chemistry. He has practiced medicine in Bakersfield during the past sixteen years.

He has had charge of the Kern county hospital during the past eight years, which he furnished much valuable clinical material. He has devoted the greater portion of his time for the past few years in laboratory and research work.

### To Issue Canal Bonds.

Washington, Feb. 21.—An issue of \$30,000,000 to \$50,000,000 of 3 per cent. Panama bonds seems certain as soon as congress passes the bill authorizing the secretary of the treasury to withhold the new securities from use as a basis for additional national bank notes.

## AUTO ENGINE IS DELAYED SOMEWHERE ON THE ROAD

Fire Hall Horses Tickled When Their Mechanical Successor Fails to Show Up—Tests Planned.

"Still we live, old pal," said Bob to Fred yesterday, and Joe almost expired with laughter. The trio grinned from ear to ear and then back again when the long expected, but ditto delayed auto fire engine failed to strike the city over the C. P. R. The members of No. 1 engine house were up bright and early yesterday, and were eagerly on the lookout for the appliance which is to be the talk of the city for nine days. They rubbernecked the whole length of Columbia street, but still the foot-trot came not, nor any information where she or he or it was snowed up, and the words of anger used by the usually respectable fire workers only made Bob and Fred and Joe laugh the more. These are the horses in the stalls at the chief engine house and naturally they saw that with the coming of the horseless vehicle their term of usefulness would be over.

The remark made by one of the trio during his hay munching operations that the time would come when perhaps the three would be required to bring the auto home in a broken down condition will not come to pass as the makers of the eighty horse power vehicle, W. E. Seagrave, of Walkerville, Ont., are classed with the leaders in engine building in the east, and Mr. King, one of the firm's inspectors, who is attached to the Vancouver department, will be over here not only to school the Westminster firemen in the manipulation of it, but as representing his company.

Fire Chief Watson waited with the engine which never came and during that time dwelt at length on the appliance which will soon (?) be installed here.

Before the engine is finally accepted by the city it will be given a series of stiff try-outs and arrangements have been completed whereby the tests will be on the grades of Sixth, Eighth and Twelfth streets. These tests will include speed, stopping, weight haulage, and the almost countless things an auto is supposed to do. On all of the initial runs the crews will be composed of members of the fire committee and local newspaper men.

### A Capture.

Victoria, Feb. 22.—A report by wireless from Triangle Island says the cruiser Rainbow has been spoken to at a point fifty miles from the island with a fishing schooner in tow. The identity of the vessel is unknown, but it is probably a captured poacher.

## LITTLE GIRL HURT BY FLYING STUMP

Alleged Careless Blasting Results in Serious Injuries to Elsie Gieschen.

As the result, it is alleged, of careless supervision over the blasting operations on Twenty-second street, yesterday afternoon, Elsie Gieschen, the three year old child of Mr. and Mrs. Gieschen, of that street, was so badly injured by a tree stump that her removal to the Royal Columbian hospital was necessary.

The child had been playing in an open space beside her parents' house, when without warning a huge piece of blasted stump, carried a distance of 100 feet, struck her on the side of the head, felling her to the ground, where she lay until picked up by a passerby. She was unconscious and as her mother was ill in bed, strangers carried her to the hospital and telegraphed to the father, who is in business in Vancouver.

An examination by Drs. Green, Walker and Jones showed that the mite's left arm and leg were partly paralyzed and it was at first thought that an operation would be necessary to relieve the pressure on the skull, which was badly bruised. This step, on a fuller examination, was not deemed advisable for the present.

At a late hour last night, word was received from the hospital that the little patient was as well as could be expected.

### BOILER MAKERS OUT ON STRIKE.

Eight Hundred Ordered to Quit Work on the New York Central.

Cleveland, O., Feb. 21.—Vice-President Louis Weyand, of the Brotherhood of Boiler Makers and Iron Shipbuilders of America, yesterday ordered out 800 boiler makers employed on the Lake Shore & Michigan Southern division of the New York Central railroad between Buffalo and Chicago.

A strike has been pending for weeks, while negotiations were carried on between the boiler makers' representatives and officials of the road.

The demand of the men for the abolition of piece work was the cause. The company was given until ten o'clock yesterday to meet the demand. Following a conference here last week a strike vote was taken. This was submitted to the international headquarters at Kansas City for a count. The executive committee sent the order to call the strike to Vice-President Weyand.

### JAPAN INVADE PERU.

Every Vessel from the Orient Carries Many of the Little Men.

San Francisco, Feb. 21.—Migratory Japanese, rebuffed from entering the United States by the agreement between the two governments are going in large numbers to Peru, according to a report brought here yesterday by the steamer Uarda. Officers of the Uarda, which called at Callao on her way from Europe, say that each vessel coming to Callao from Asia carries many Japanese.

It is reported that the Peruvian army, which has been engaged in skirmishes with the forces of Ecuador over the boundary dispute, has in its ranks many Japanese soldiers, some of them veterans of the Russian war.

### IS GENEROUS TO DEPOSED MONARCH

Paris, Feb. 21.—The Portuguese charge d'affaires has given to the press copies of a dispatch received from Bernardo Machado, the minister of foreign affairs at Lisbon, stating that despite the fact that the republic considered the royal debts to the country still unpaid, the government had ratified the action of Manuel's agent at Lisbon in turning over to the deposed monarch \$40,000 for treasury bonds.

The government is also permitting the administrator of the property of the house of Braganza in Portugal to send the revenues to the former king.

### MASONS IN THE WEST.

Unprecedented Increase in Numbers During Five Years.

Winnipeg, Feb. 21.—The annual reunion of Scottish rite Masons of the West opened in Winnipeg today. The growth of the Masonic brotherhood in Western Canada has been of unprecedented magnitude during the past five years, due in a measure to Masons from all parts of the world coming to reside in the four western provinces. Each of the four provinces now has shrines and in three are thirty-two degree branches. Many new temples are being erected.

### Prisoner Shot.

Vancouver, Feb. 22.—George McFarland, arrested this morning on a warrant for assault, tried to escape from Constable Moore on Hastings street, on the way to the lockup. Moore fired two shots in the air, then shot at the running prisoner, hitting him in the leg. McFarland was recaptured.

## Wants

**WANTED—FURNISHED ROOM** FOR young man; must be close in. Box 16 Daily News office.

**YOUNG WOMAN DESIRES SITUATION** as general servant. Apply B. P. O. Box 29, City.

**WANTED—A GENERAL SERVANT.** Apply mornings, Mrs. Birrell, 115 Royal avenue.

## PORTIONS OF BILLS PROVIDE MYSTERY

Package of Clippings Causes Commotion in Niagara Falls Police Circles.

Niagara Falls, Feb. 21.—A mysterious find of currency clippings was made recently by Officer John Pay, of the provincial police. The package was found a short distance south of Falls View. Its contents consisted of a large quantity of semi-circular cuttings from Canadian one and two dollar bills, with a few bills of other denominations. Some twenty-five "shin-plasters" were in the collection. The clippings were tied up in a cheap cotton handkerchief. They were picked up along the line of the Michigan Central railroad tracks, having evidently been thrown from a car window.

When Pay untied the handkerchief he saw a crumpled mass of what he took to be bank notes, and thought he had struck a mine of wealth. On examination, the "find" turned out to be only portions of bank notes, cut in a half-circle with some sharp instrument, evidently a punch of about an inch and a half in diameter. Strangely enough, the cuttings were made to take in the signature, "T. C. Boville," with the printed words underneath, "For Finance Minister." Some cuttings were made in other parts of the bills, but most of them bore the signature.

There are several thousand pieces in the package, mostly all nearly new bills.

The strange discovery is a matter of much speculation among police officers.

## INTERESTS OPPOSED TO EXTRA SESSION

Washington, Feb. 21.—Fearful of business disturbance if an extra session of congress is called, agents of the money kings today are bringing the greatest possible pressure to bear on President Taft, to induce him to forego his declared purpose, no matter what action of congress on reciprocity and his other pet projects.

"Let us have a rest," is the plaint to the president. "We don't want an extra session. It will keep business in a turmoil, because the Democrats are apt to start anything when they take hold of the reins of government. We want a tariff rest until December, anyway."

No indication as yet has been given as to how President Taft regards the plea of "big business" but it is known that every resource of the interests is being brought to play to induce him to allow the legislators to go quietly home, even if his reciprocity program is not endorsed.

## STUDIED TOO MUCH AND IS NOW INSANE

Edmonton, Feb. 21.—Up the Naino trail about four and a half miles lives a young woman, a little over twenty years old, who her father believes is insane. For four years this woman attended a local college. Since returning, it is thought that she has been engrossed too deeply in her studies, and this is attributed as the cause of her mental derangement.

Her father called at the Royal Northwest Mounted Police barracks yesterday, and asked that an attaché be sent up to his house and bring the girl to the barracks and there be confined.

A stalwart journeyed to the abode of the young woman, and said she did not seem to suffer much from melancholia. He gave the father some strong advice, suggesting that a cell at the barracks was not a suitable place for the young woman to be cured. He advised that she be confined in a hospital for a time.

It is very likely that the suffering woman will be brought to Edmonton and taken to a hospital.

### EVILS OF DIVORCE.

Cardinal Gibbons Speaks Bitterly of Divorce Mills in the States.

Baltimore, Feb. 21.—In his sermon delivered at the cathedral on Sunday, Cardinal Gibbons spoke strongly against the evils of divorce, saying in part:

"If Christianity is the highest type of civilization—and who can deny it?—then is it not true that we are retreating instead of advancing along certain lines?"

"There is a social scourge more blighting and more destructive of family life than Mormonism. It is the fearfully increasing number of divorce mills throughout the United States. These mills are slowly but surely grinding to powder the domestic altars of the nation. Husbands and wives are separated on the most flimsy pretexts. And as if the different states of the union were not respect, one state has the unenviable distinction of granting a bill of divorce for the mere asking of it on the sole condition of a brief sojourn within her borders."

## TAKE PAINS TO PRESERVE REPUTATION OF NO. 1 HARD

Government Taking Care to Preserve Identity of Canadian Wheat and Keep It for Canadian Lines.

Ottawa, Feb. 21.—It is understood the government are moving in the matter of protection for Canadian certificates in the event of free wheat becoming law. To this end Mr. O'Hara has been instructed to seek advice from men in the trade as to how the difficulty can be overcome. He communicated with a number of bodies. Among them the council of Winnipeg Grain Exchange, and that body, as well as others, recommended that certificates of clean inspection for cargoes of wheat going to Buffalo or other Canadian ports from Fort William or Port Arthur be stamped, "after leaving Canadian port of loading, government not responsible for other weight or grade."

Some such arrangement as this is considered absolutely necessary to protect wheat going through Canadian ports to Britain. Once Canadian wheat enters an American port free, the Canadian inspection authorities have no control over it. Neither have the American government and if this lack of control was not made very plain on the certificates it might in definitely be mixed and still sold as Canadian wheat at whatever grade the original certificate called for. It is well known that the British miller places great confidence in Canadian inspection certificates while he has very little in those issued by the sundry inspection systems of the United States, and it is thought by making such an arrangement as suggested that it will be the means of the British miller paying a premium on wheat passing through purely Canadian channels to British ports.

## 5000 FACTS ABOUT CANADA.

The 1911 edition of this indispensable collection of concrete, crisp Canadian Facts, edited by Frank Yeigh, of Toronto, the well known lecturer and writer, and author of two new books, "Through the Heart of Canada," has been issued and is filled with fresh data of a most interesting and illuminating character. It is a marvel of condensation, presenting in small space striking figures relating to every phase and department of Canada's resources, trade and national life.

Its popularity and wide sale can easily be understood, in fact it is, as has been said, "worth its weight in Cobalt silver or Yukon gold." The booklet may be had from the leading newsdealers, or for 25 cents from the Canadian Facts Publishing Co., 667 Spadina avenue, Toronto.

## MAIL CARRIERS' NARROW ESCAPE

Brothers McLean Reach Fort Vermillion After Enduring Terrible Hardships.

Edmonton, Feb. 21.—A telegram from Peace River Crossing, received today, says that a story of hardship in which two men who were carrying mail to northern post endured terrible privations and narrowly escaped losing their lives, was revealed when the mail carriers, two young men named McLean, seventeen and twenty years of age, staggered into the post at Fort Vermillion, one with his feet badly frozen and the other in a serious condition. The mail for Vermillion left here on January 2 in charge of the two brothers, who were well equipped for their long journey, excellent dog teams, lots of provisions and carrying 600 pounds of mail.

When almost 100 miles out they were overtaken by one of the most severe blizzards which has swept the country in years, and so intense became the cold that the huskies' paws began to freeze, making going exceedingly slow. Their dog feed and provision bags ran low, and when within thirty miles of their next cache the younger of the two brothers volunteered to go ahead for provisions and then return and meet his brother.

He succeeded in making the cache without difficulty, but on the return journey, not meeting his brother as soon as he expected, he was compelled to camp out for the night. Having no axe or blanket with him, his feet and hands were badly frozen before he managed to start a fire with what small sticks he could break over his knee. With the first break of dawn, however, he again hit the trail and eventually met his brother. During the next few hours his feet became so painful from frost-bites that the elder brother placed the young man on a sled after unloading and caching some mail and, after a vigorous trip, reached the fort, having been twenty-one days on the trail, which it usually takes eight days to cover. The father of the young men, who is the regular carrier, started on the return trip and arrived here last night, having been sixteen days on the road, and arriving with only two dogs out of his entire string, the remainder having died in harness on the way in.

At one point he came upon a pack of wolves which had traced a bear to his lair, and, after enticing him out of his quarters, had succeeded in killing him. The past few weeks had been the severest weather ever experienced in this country.

## Railway Time Tables

B. C. E. R. Westminister Branch, Week Day Schedule.

## CANADIAN TREATY TO HELP IRELAND

Feeling Especially Concerned  
With Reduction of Export  
of Wheat.

Dublin, Feb. 21.—Feeling in Ireland over the Canadian-United States reciprocity overtures is especially concerned with the reduction of the Canadian export of wheat and other farm produce to England that seems bound to ensue. To Irish farmers this offers an unlimited opportunity for supplying the English market from their own much more advantageous geographical position, and the absence of the necessity for the extensive and costly refrigeration which is involved in Canadian shipment of dairy produce, poultry and other perishable articles of food, will furnish the Irish competitor with an appreciable handicap.

**Irish Exporters Are Alert.**  
The vastness of the English market will call for other supplies than those from the Emerald Isle, but already the clearly increased opportunity has set Irish exporters on the alert as to how they can capture just as much of this trade as they are in a position to supply. But working scientifically on the new trade situation there is here a lever by which much might be done to lift the country and to keep the people at home in the employment on the land which means the best individual and racial health.

**Add Impetus to Trade.**  
It is clear at any rate, that the more favorable trade situation created by America's absorption of a large proportion of Canada's agricultural produce will add new impetus to the enterprises for increasing the tillage and dairy produce of this country, will strengthen the fishing industry and encourage bringing of the best scientific advice to bear on the cattle-breeding enterprise. All this means everything to the recuperating trade and commerce in Ireland.

### TEST JAPAN'S CAVALRY.

Five Hundred Mile Ride Said to Have  
Broken All Records.

Tokio, Feb. 21.—The Eleventh regiment of Japanese cavalry, stationed in Manchuria, has been undergoing an endurance test which Japanese newspapers describe as unique. The test took the form of a long distance ride from Lahren to Kungshuling, a distance of five hundred miles.

According to one Japanese authority, the only previous cavalry feat at all comparable with this was the ride of Austrian troops between Vienna and Berlin; but in the latter case not only was the distance smaller, but the climatic conditions rendered the test infinitely milder than that to which the Japanese horsemen have just been subjected.

Fifteen men were chosen and divided into three detachments of five each, commanded by lieutenants. The detachments set out on three successive days from Fushimi Park, Dairen, carrying with them an ample supply of ammunition for fear of attack from mounted bandits.

According to Japanese reports, this precaution was justified, for one of the detachments was ambushed by desperadoes near the Shaho river, but after a brisk exchange of fire succeeded in putting the enemy to flight. The same detachment on the second day out strayed into swampy ground near Kaiping, and spent four hours in covering two miles. On the third day the second detachment overtook the first, and together they indulged in a rest of seven hours, for they had slept on an average, only one hour a day during the first three days, and were on the point of break-down. On the fourth day the two detachments crossed the Hun river and rode into Mukden amid shouts of "Banzai" from their compatriots.

Exclusive of the time devoted to rest, the winning detachment spent five days, four hours and forty-five minutes in reaching Kungshuling, and the slowest six days, one hour and thirty-five minutes.

### "COWARDLY COPS IN CORSETS."

Rev. A. S. Gregg So Characterizes the  
Police of Chicago.

Chicago, Feb. 21.—Chicago policemen were characterized as "cowardly coppers in corsets," by Rev. A. S. Gregg, of Cleveland, speaking to an audience of men in the Lyric theatre yesterday.

Rev. Mr. Gregg is corresponding secretary of the National Reform association, and is associated with Harry Brolaski, reformed gambler, in the reform movement undertaken in this city by the Affiliated Civic leagues. His talk yesterday was the second chapter on "Chicago and her Delinquencies."

"The first ward is the centre of vice and crime and for the good of the public there ought to be a change in that ward of the police and their corrupt political partners."

This statement was offered as a cure for the conditions existing in the south side vice district. After reading a list of hotels in the first ward which he charged with the colonization of illegal voters in preparation for the coming election, Mr. Gregg said: "There are 3000 illegal voters in the first ward today."

Mr. Gregg also gave a police protection "price list," in which he charged that saloon keepers paid \$50 a month to keep open all night, \$25 a month to keep open in saloons, \$25 a week for running poker games and \$50 a week for crap games.

## CITY OF NEW YORK CAN NOT GROW MUCH GREATER

Other American and Canadian Cities  
Are Working Against It,  
Says Expert.

New York, Feb. 21.—That New York city has nearly reached its maximum growth and will find its supremacy as the biggest city and the most independent commercial centre in the western world threatened by competitors during the next thirty years, is the belief of Walter Laidlaw, secretary of the New York Federation of Christian organizations, and census expert of note.

In a long report on "New York's Future," Dr. Laidlaw notes that the two great causes of the city's rapid rise to pre-eminence were the building of the Erie canal and the immense immigration, and he declares that there are now certain factors working against a continued increase.

In the first place, Dr. Laidlaw sees a continuation in the decline of the share of New York in the foreign commerce of the nation. In the last thirty years it has fallen from 54.8 to 47.7. Canada is becoming an important competitor, and other American ports are doing their best to overhaul New York.

### HE COULD NOT GET DRUNK.

Man Dies Who, However, Much He  
Drank, He Never Got "Full."

Philadelphia, Feb. 21.—Julius Rosendale, who died at the Samaritan hospital, at the age of seventy-six years, directed in his will that his brain and stomach be given to the Wistar Institute of Anatomy at the University of Pennsylvania, to determine in the interest of science why alcoholic beverages never affected his brain. He asserts specifically: "Alcoholic drink, no matter how strong, never had any effect upon my brain."

Mr. Rosendale was the father of Margaret Dale, an actress. For years he had been a well known character around Philadelphia. He was a brilliant writer, a splendid translator, and wrote a great deal of campaign literature for the Republican party. No person ever saw him under the influence of liquor.

In following his political work Mr. Rosendale sometimes "went out with the boys." He never would refuse a drink, believing it unsocial to do so, and invariably he would be the supporting wheel of the whole party when the sun began to peep over the hills in the morning.

His friends said he consumed an average of fifteen drinks of liquor a day, and he did not limit his drinks to one finger, but usually got his money's worth. His ability to take all offered and never turn a hair usually was shown at banquets. While the other guests became boisterous, he retained his dignified manner.

To close friends Mr. Rosendale remarked that he did not know why he was able to take such a large amount of liquor.

### LIQUOR IS DRUNK AT A TEMPERANCE HOTEL

Regina, Feb. 21.—Considerable interest has been aroused by an attack published in the Standard newspaper upon the Kings hotel.

This hotel, the largest in the city, was acquired by the temperance interests during the recent local option campaign and was supposed to be run as a strictly temperance house to demonstrate that it was possible to run a first-class hotel without the use of liquor on the premises. The Standard charges that on three separate occasions recently liquor was copiously in evidence at the Kings hotel and that on one of these "budding maids and mature matrons" were freely indulging.

### RATS REACH WINNIPEG.

Advance Guard of Rodents' Invasion  
Now in City.

Winnipeg, Feb. 21.—Winnipeg is being invaded by rodents, the news of the invasion being made known yesterday at the dinner which the city tendered the delegates to the builders' convention.

"I have lived in Winnipeg for twenty-nine years," said Alderman E. Cass, "and today was the first time I saw a rat in this city. I was at the city hall and I saw a man going up the street with a rat in a trap."

This led other old-timers in the near vicinity to tell what they knew of rats, and it was the consensus of opinion that rats are invading the city after all these years.

They come into town the same as other immigrants, by rail or steamboat. Just how the city has remained free of rats for so many years can hardly be accounted for. There have been mice here, but nary a rat. It is predicted that the rodents will come in hordes from the south to feed on free wheat, and in the years to come it may be possible to see them grow large enough for the boys' dog sleighs.

Anyway, the rats are marching on to Winnipeg, and whether the city will or not, they will have daily luncheons at its expense.

### MEDAL FOR DE CONSTANT.

French International Peace Advocate  
Honored by Paris Committee.

Paris, Feb. 21.—Baron Paul Henry Benjamin D'Estournelles de Constant, president of the French parliamentary group for International Arbitration, who is soon to leave for a visit to the United States and Canada, where he will deliver a series of addresses, was the recipient today of a gold medal commemorating the bestowal upon him and M. Beernaert, of Belgium, of the Nobel Peace prize in 1909.

The presentation was made in the senate chamber by representatives of a committee, of which M. Freycinet and Leon Pourgeols are honorary members. Senator Menier, president of the committee, made the presentation, and American Ambassador Bacon made a few remarks, in which he expressed the interest of the United States in what the Baron had done in promoting peace. The president of the senate, the vice-president and some of the deputies added their praises.

### SERIOUS SUBJECT IN BRITAIN.

Estimate of \$75,000,000 Loss Yearly  
Caused by Rodents.

London, Feb. 21.—The lord mayor presided over a large and influential meeting called to discuss the extermination of rats in this country. There was perfect unanimity that it was one of the pressing necessities that rats should be exterminated if possible, but the methods were acknowledged to be difficult and costly.

Sir James Critchton Browne said that the rat was a wholesale depredator, and levied its heaviest toll on the agriculturists. Experiments had been shown that each rat consumed grain or did other damage to the extent of a farthing a day. If there was one rat to every acre in England, the agricultural loss due to rats was £15,000,000 a year. If the rat were exterminated England might reduce the importation of grain to the value of some millions yearly.

Great pressure will be brought to bear on the government to induce the appointment of a royal commission to deal with the subject.

### Has a Cure for Insanity.

London, Feb. 21.—Dr. Oswald, of the Royal Asylum of Glasgow, reports the discovery of a permanent cure for insanity. His search has revealed, he says, a substitute which, when injected into the blood of a patient who is suffering from mental disease, not only cures, but makes the patient immune from further attack. The discovery was first made by a German professor, and was perfected by the research department of the Glasgow asylum.

Bulk tea grows old and

### Manila's Carnival.

Manila, Feb. 21.—With thousands of visitors present from Hongkong, Yokohama, Kobe and other points, Manila's annual carnival opened today. In connection with the festival a national exposition of Philippine products, the most complete show ever attempted of the industries of the island, was also opened today.

## Something New in Floor Wax

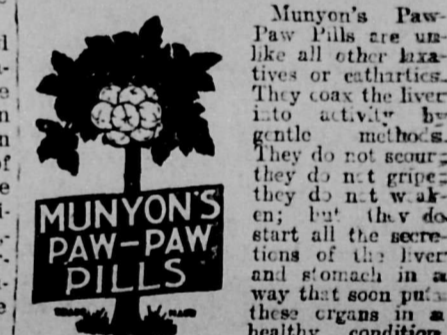

The easiest way to  
finish a floor is to  
saturate a soft cloth  
with Columbus Liq-  
uid Wax and apply  
lightly to the floor,  
let it dry for about  
fifteen minutes,  
and bring to a  
polish by light  
rubbing with a  
soft cloth.

No brush to push—no work—no  
backache. Resists heel-marks,  
scratching, and water will not turn it  
white. Goes farther and lasts longer  
than any paste wax. Try it! Be  
sure to ask for the genuine

Liquid Wax  
The Easiest Applied Floor Finish

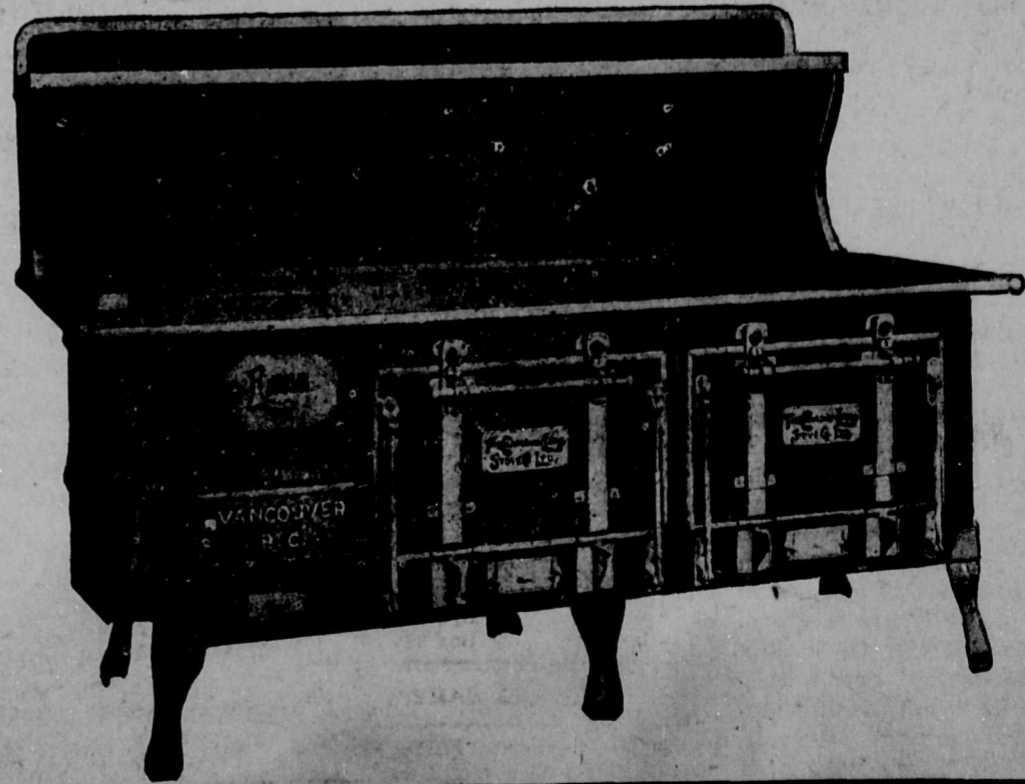

## CONSTIPATION MUNYON'S PAW-PAW PILLS

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods. They do not scour; they do not grip; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation. In my opinion constipation is responsible for most ailments. There are thirty-two feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produces rheumatism and kidney ailments. No woman who suffers with constipation or any liver complaint can expect to have a clear complexion, or enjoy good health.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weakening; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it.

These pills contain no calomel, no dope, they are soothing, healing and stimulating. They school the bowels to act without physic. Price 25 cents.

This Range Will Burn All the Gas and Smoke  
by having the AIR blast thrown on top of fire.  
A Great Saver of Fuel.

### RUSSIA AND CHINA.

Once again a war cloud threatens to darken the far east. Russia, only just recovered from her disastrous conflict with Japan, has sent an ultimatum to China in connection with certain demands based upon the treaty of 1881 and her interests in Mongolia. She has indeed it is reported, gone so far as to concentrate troops on the Chinese frontier with the object of at once seizing the Kuldja district in Chinese Turkestan.

The position of affairs is causing the gravest anxiety, particularly in Great Britain, which, apart from being regarded as a friend of China, has extensive interests in this part of the globe. Moreover she has long been nervous about the activities of Russia in the neighborhood of the Persian gulf and the frontier of India. This move on the part of the Czar's government threatens to produce serious consequences to British interests.

The report that Russia and Japan have entered into an offensive alliance adds considerably to the gravity of the situation. Whether the report is well founded or not yet remains to be seen. But it is not to be expected that Russia would display such a keenly aggressive spirit towards China unless her action were countenanced by the Mikado's government. The statement that martial law has been proclaimed at Harbin, in Manchurian territory, tends to give color to the story of a Russo-Japanese understanding. Such an alliance will be of grave import to the United States, which also has considerable financial and commercial interests in China and the far east. Some there are who regard the position which is now threatened as something in the shape of a challenge to Great Britain and the United States. It is pretty evident that if war does break out neither of these two powers can stand by unconcerned.

Despite the efforts that have been made to lay the spectre of war between America and Japan, a considerable amount of nervous feeling in regard to this still prevails among our neighbors to the south. This is evident from the discussion which took place in the House of Representatives on Monday, upon the unpreparedness of America for war, and the unprotected character of her western coast. Recognition of this danger is not, however, new. It has been dealt with in two or three works of special note in recent years and been discussed from time to time. Yet, up to the present, practically nothing has been done to improve their military strength by the United States government.

### THE CONSERVATIVE ATTITUDE TOWARDS RECIPROCITY.

That reciprocity in natural products has always been favored by both Canadian political parties, irrespective of their differences upon other phases of the fiscal question, is easily demonstrated. The Conservative record on this question is as unequivocal as that of the Liberals. Thus, in the National Policy resolution submitted to the house of commons in March, 1878, by Sir John A. Macdonald, as leader of the opposition, there is a clause looking to reciprocity. This resolution was in these terms:

"That this house is of the opinion that the welfare of Canada requires the adoption of a national policy, which, by a judicious readjustment of the tariff, will benefit and foster the agricultural, the mining, the manufacturing and other interests of the Dominion; that such a policy will retain in Canada thousands of our fellow countrymen now obliged to expatriate themselves in search of the employment denied them at home, will restore prosperity to our struggling industries, now so sadly depressed, will prevent Canada from being made a sacrifice market, will encourage and develop an active interprovincial trade, and moving (as it ought to do) in the direction of a reciprocity of tariffs with our neighbors, so far as the varied interests of Canada may demand, will greatly tend to procure for this country, eventually, a reciprocity of trade."

In the campaign which followed, the slogan "Reciprocity in trade or reciprocity in tariffs" was one of the catchiest of the Conservative war cries. A perusal of Sir John's speeches

in the great picnic campaign in Ontario which proved the undoing of the Liberal government, shows that he rarely failed to touch upon the desirability, if practicable, of reciprocity. Thus, at Norfolk he said: "I am in favor of reciprocal free trade if it can be obtained, but so long as the policy of the United States closes their markets to our products, we should have a policy of our own, as well, and consult only our own interests." (Parkin's Life of Sir John A. Macdonald, page 223). The national policy of 1879 contained a standing offer of reciprocity in natural products to the United States by which the Dominion government was authorized to lower by order in council the Canadian duties on natural products to equal the United States duties, even to the extent of free trade. Excited Conservatives who have been summoning Sir John Macdonald's spirit from the shades to save Canada from impending ruin are invited to read clause 9 of the N. P. tariff of 1879. It is in these terms:

"Any or all of the following things, that is to say, animals of all kinds, green fruit, hay, straw, bran, seeds of all kinds, vegetables (including potatoes and other roots), plants, trees and shrubs, coal and coke, salt, hops, wheat, peas and beans, barley, rye, oats, Indian corn, buckwheat and all other grain, flour of wheat and flour of rye, Indian meal and oatmeal, and flour-meal of any other grain, butter, cheese, fish (salted or smoked), lard, tallow, meats (fresh, salted or smoked), and lumber may be imported into Canada free of duty, or at less rate of duty than is provided by this act, upon proclamation of the governor in council, which may be issued whenever it appears to his satisfaction that similar articles from Canada may be imported into the United States free of duty, or at a rate of duty not exceeding that payable on the same under such proclamation when imported into Canada."

The "cold facts" in this connection with the general election of 1891 have above the freezing point.

already been set forth in these columns. Sir John A. Macdonald dissolved parliament and asked the people of Canada to give him a mandate to negotiate a reciprocity arrangement in natural products with the United States. This was his counter stroke to the Liberal appeal in favor of unrestricted reciprocity. It is worth noting that his biographer, Dr. Parkin, says on this point:

"He knew that the demand for improved trade relations with the United States was widespread and in a measure justified. In past times he had himself made every honorable effort to renew the reciprocal arrangement, which, between 1854 and 1866, had proved to be of so much advantage to both countries. Indeed, he claimed, with apparent truth, that every improvement in reciprocal trade hitherto made with the neighboring republic had been obtained by Conservative government, of which he was a member. He now took steps, through the medium of the home government, in connection with certain discussions concerning Newfoundland and Canadian fisheries, to approach the government of the United States once more with proposals for considering the various questions in dispute between that country and Canada with a view to an amicable settlement, and especially with the object of extending commercial intercourse between the two countries."

Sir John's death followed sharply on the reassembling of parliament; but the Abbott government, which succeeded, opened negotiations with Washington, which proved abortive, because Canada was prepared to agree only to a free interchange of natural products. Until President Taft made his recent overtures the traditional policy of the United States was to open its markets to Canadian products only in return for low duties on United States manufactures—a proposition to which this country could never accede. President Harrison, of the United States, in his annual message to congress, December, 1892, made mention, in these terms, of the reciprocity negotiations of that year:

"During the past year a suggestion was received through the British minister that the Canadian government would like to confer as to the possibility of enlarging, upon terms of mutual advantage, the commercial exchanges of Canada and the United States, and a conference was held at Washington, with Mr. Blaine acting for this government, and the British minister at this capital and three members of the Dominion cabinet acting as commissioners on the part of Great Britain. The conference developed the fact that the Canadian government was only prepared to offer to the United States, in exchange for the concessions asked, the admission of natural products. The statement was frankly made that favored rates could not be given to the United States as against the mother country. This admission, which was foreseen,

necessarily terminated the conference. The benefits of an exchange of natural products would be almost wholly with the people of Canada."

The facts are incontrovertible; the Conservative record of friendliness to reciprocity is clear. Hence a sudden retirement of Sir John A. Macdonald's name from the discussion, with a discontinuance of perverted appeals to his memory. Now we are told by Mr. Foster and Mr. Burrill, in their parliamentary deliverances, that since 1891 the Conservatives have been opposed outright to reciprocity in every particular. There is nothing in the records to show that the party signalized the loss of their old chieftain by repudiating his policy with respect to an interchange of natural products with the United States. At a very much later date than 1891 responsible leaders of the Conservative party showed something more than a readiness to take up reciprocity as a weapon of attack against the Laurier government.

It is an undoubted fact, however, that the Conservatives of 1911 are inveterately opposed to reciprocity in natural products. They are all against it, from the leaders, Mr. Borden, Mr. Foster, Mr. Roblin, Mr. McBride, to the humblest party followers like Mr. Staples and the other loyal seven from Manitoba. Is it because they are wiser, more patriotic, more devoted to the empire than Sir John A. Macdonald was?—Winnipeg Free Press.

## SPORTING NEWS

SAM LANGFORD EDMONTON BOOSTING  
WINS ON  
FOUL  
FOR NATIONAL GAME

London, Feb. 22.—Sam Langford, the Boston tar baby, defeated Lang, the Australian, in the sixth round of their fight here yesterday evening, the decision being awarded to the negro on a foul.

All through the mill the colored man had the best of the scrap, but Lang stuck gamely and took all the punishment that was coming his way.

Every round was in favor of Langford.

In the sixth round, after some severe fighting, Langford slipped and stumbled to the floor. As he was rising the Australian struck him a foul blow. The referee thereupon stopped the battle and gave the decision to Langford, who was just shaping up to end the fight by knocking out his white opponent.

In a ringside statement given out immediately after being given the victory, Langford said he would now go after Champion Jack Johnson in real earnest.

## BILLIARDS.

There was a plentiful supply of sackcloth and ashes and things in the Royal City last night when the billiard experts from Westminster returned with the sad awful news that the Vancouver opponents had soundly beaten the local boys by four games to one. The surprise of the engagement was the poor play shown by Charlie Coldcott, who is without doubt the best Westminster player. Against Vancouver's leading exponent, A. H. Gordon, Coldcott failed to play up to his best form and although the latter had twice inflicted defeat on Gordon during the series last year, Gordon not only whacked C. C. by over 100 points, but was responsible for the Westminster youth putting up the poorest score on his team. Harland was the only member of the visiting team to win his match, he rubbing it into his antagonist, but only by fifty points. Art Anderberg, who travelled at the last moment, put up a good display, but had to bite the dust against a stronger man.

Full scores:  
Reynolds (V.) 250 beat W. Grant (W.) 151.  
Andree (V.) 200, lost to Harland (W.) 250.  
A. H. Gordon (V.) 250, beat C. Coldcott (W.) 148.  
H. Sutton (V.) 250, beat A. Anderberg (W.) 171.  
T. Robertson (V.) 250, beat J. Reid (W.) 179.  
Best break—A. H. Gordon, 36, unfinished.  
The second game of the series will be contested in Fletcher's rooms on Tuesday evening next.

## PARACHUTES FOR AIRMEN NOW

Test With Aeroplane Thrown From Eiffel Tower Proves Device.  
Paris, Feb. 21.—A successful test was made today of a parachute safety device for an aeroplane. An aeroplane, equipped with a parachute, to which was suspended a dummy weighing 170 pounds was thrown from the Eiffel Tower. The aeroplane was smashed to bits, but the parachute with the dummy came down gently.

The parachute is so arranged that it disengages itself from the aeroplane automatically when the aeroplane starts to fall. Many aviation experts witnessed the test, and expressed the belief that the device could be perfected until it would assure absolute safety to aviation. Its inventor is M. Horvieu, hitherto unknown in aviation circles.

## BOWLING

With 110 pins to the good a Westminster quintette annexed a big slice of glory in Vancouver yesterday evening, defeating five men who are apparently just studying the rudiments of the game. The pin setters passed a vote of thanks to Atken, Vancouver's consistent 119 average bowler, after the game.

Here it is, in statistical detail and without malice:

Westminster.			
1	2	3	Ttl. Ave.
Chamberlin	152	157	144—453 151
O'Connor	168	197	174—539 179
Marshall	151	159	144—454 151
Willette	147	202	180—529 178
Corbett	137	186	162—485 165

## Vancouver.

Vancouver.

Alfred Hardman, who returned yesterday from Los Angeles, will probably make his permanent home in California in the near future, as the climate in the south suits Mrs. Hardman much better than the B. C. weather. At the present time there are over twenty Westminster families sojourning in the Angel City.

## Suggestion Made That Defunct Alberta Lacrosse League Be Revived.

Edmonton, Feb. 21.—Will there be a lacrosse team in Edmonton this season, and, if so, what league will the club be in? This is the question which is bothering followers of Canada's national game in Edmonton. For the last few years lacrosse has been practically dead in the city. The two chief reasons for this state of affairs have been, lack of grounds, and lack of financial support. Then again the fans in the city have been content with pro ball and when it came to seeing amateur lacrosse they objected strenuously to digging down in their jeans and handing two-bits to the man at the gate. The result was that every year the average gate receipts for a match would amount to about 30 cents. Of course, the club went in the hole, and finally dropped out of the provincial league with Calgary and the southern cities of Alberta.

But this season things are looking rosier. Edmonton is a larger town than it was three years ago, and there are all kinds of fans who, tired with professional ball and the ugly squabble which ended in the cowpunchers getting the pennant, are signing for amateur lacrosse, providing that Edmonton can get a good team together and get into a first-class league. There is material galore in the city for a team that will make any of the clubs in the southern part of the province hustle. Dave Thompson, George May, P. Jones, Eddie Bolander, G. Morris and Jack Lines, are some of the men who are available, and there are plenty of others just as good, if not better. Some weeks ago several members of the old Edmonton lacrosse team, captained by Billy Powers, which in years gone by, was wont to travel down to Calgary and trounce or be trounced by the cow town aggregation, got together in a local pool-room and bewailed the state of affairs existing at present, and a solemn vow was made that Edmonton would have a lacrosse team in 1911, and furthermore, that the team would not be a bunch of "has-beens," but a real live aggregation, capable of going down to Calgary or High River and wiping the ground with the southern teams.

"The people of Edmonton want lacrosse, and will support it enthusiastically provided we are able to get into a proper league," was the opinion of all.

"Joe Lally's visit to the west last summer did much to boost the game here. The idea of the eastern lacrosse magnate's visit was to get the game started in the cities and towns of the prairie provinces, and he has made a special offer whereby western clubs will be able to buy lacrosse sticks at almost cost price. This, in itself ought to do much to boost the game, aside from the fact that Lally, although now in the east, is still working hard to get the game started right out here, and has recently communicated with many western lacrosse magnates.

There is no reason in the world why a provincial league, which would be a financial success, could not be formed, composed of Edmonton, Calgary, Lacombe, Red River and other towns. The league, if necessary, could be divided into sections, something on the same plan as the provincial hockey league is being run this summer. This would cut down travelling expenses and a big interest would be taken in the semi-finals and finals for the provincial championship.

It is up to the lacrosse lovers of Alberta to get busy, hold a meeting and get the league started.

## AVIATION AT MANILA.

J. C. Mars Makes Flight at the Annual Carnival.

Manila, Feb. 21.—Manila's annual carnival opened today. Natives came in from the provinces and as usual there were many visitors from China and Japan. The most novel feature was the first flight in the Philippines made by J. C. Mars, the New York aviator, who sailed aloft in a Baldwin bi-plane.

The exhibition excited the keenest

interest. The spectacular military and civic pageant has never been surpassed here. The industrial exhibits are creditable to the promoters and the illuminations were on a large scale and pleasing.

## TEX RICKARD TELLS HOW MUCH HE MADE

New York, Feb. 21.—With a huge bundle of the "long green" tucked away down in his "jeans," the profits of the Jeffries-Johnson fiasco, Tex Rickard, the Nevada mining and sporting man, is today aboard a vessel bound for the Argentine Republic, where he is going into the cattle business. Before sailing Rickard, for the first time, made public his profits in the promotion of the Reno fight.

"The cost of the fight, including all expenses," he said, "was \$150,000. The receipts were \$270,000. The pictures have netted so far \$235,000. There is still in the picture treasury \$15,000, Jack Gleason and I each own a one-sixth interest in the pictures, and the picture trust owns the other two-thirds."

## POLICEMAN FORGED NAMES TO VOUCHERS

Edmonton, Feb. 21.—Herbert Thomas, a constable of the R. N. W. M. P., who has been stationed at Broseau, was sentenced today to a year's imprisonment on several forgery charges. All charges were of the names of persons who had provided him with meals and food for his horses free of cost, to receipts which he turned in as vouchers of expenses incurred while engaged in government business. Thomas, who is only twenty-one, is regarded as one of the most daring men of the force. A short time before his arrest, he arrested three Indians and a squaw who attempted to stand him off with loaded shotguns.

## VINDICATION CAME AFTER THIRTY YEARS

Peoria, Ill., Feb. 21.—After thirty years Rev. Charles E. Burdette, brother of the humorist, Robert J. Burdette, enjoyed vindication today from blame in connection with the disappearance of \$3500 in a registered letter sent out by the Peoria postoffice when he was registry clerk.

Burdette resigned his position and studied for the ministry. A few days ago it was decided that a mail sack needed a new bottom. When the cloth was ripped apart, the envelope containing the missing \$3500 registered letter, registered by the late John Comstock, thirty years ago, was found.

## HATPIN MUSEUM.

Vienna Police Have One. Following Enforcement of Civic Ordinance.

Vienna, Feb. 21.—The prosecution of violators of the hairpin regulation has stopped at Budapest, but it is not a woman's victory. The city administration found the prosecutions so numerous and costly that the police were instructed whenever they saw a hatpin with an unprotected end to summarily seize it. The officers responded eagerly and more than 1200 trophies have been bagged already for the police museum.

## Jail for Joy Riding.

Toronto, Feb. 21.—Russell White, a chauffeur, was sentenced to seven days in jail at the police court this morning for using his employer's automobile without permission. Hitherto White in jail at the police court this offence.

## City Council Listens To Tedious Reading Of Report

(Continued from Page One.)

counts, adding as an afterthought that they were all small.

This information jolted the council out of all proportions to its importance and Alderman Johnston immediately moved an adjournment.

## Fifteen Quick Minutes.

Auditor Cotsworth, who had got nicely warmed up to his work, did not feel like retiring just then and suggested finishing the first portion of his report.

"How long will it take," inquired the father of the back-to-the-family-fireside movement.

"Only about fifteen minutes," replied the man of figures.

"Then go quick," admonished Alderman Bryson.

The auditor put on speed, but failed to reduce the time record for a quarter of an hour, which still remains at fifteen minutes.

Clause after clause was read until

seventy-five had been heard, then Alderman Campbell earned the thanks of all present by moving the adjournment. Before Mr. Cotsworth had time to sidetrack this it was seconded, carried, spread on the minutes and put into execution.

So ended the reading of the first chapter of Moses.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,  
District Registrar of Titles.  
Land Registry Office,  
New Westminster, B. C., January 28, 1911.

## AUCTION SALE OF TIMBER BERTH COVERING DOMINION LANDS.

The right to cut timber under license on Berth No. 531, comprising the following lands in the Province of British Columbia, will be offered at public auction at the upset price of \$400.00, at 2 o'clock p.m., on Wednesday, the 29th day of March next, at the office of the Dominion Timber Agent at New Westminster:

Timber Berth No. 531, situate in the Province of British Columbia, in Township 5, Range 27, west of the Sixth Meridian, and comprising that portion of the northeast quarter of Section 14, not covered by Berths 423 and 471, and containing an area of 80 acres, more or less.

A license will not be issued until the full amount of the purchase price, and the ground rental for the first year, have been paid.

The conditions of payment, rate of rental, etc., are contained in the Timber Regulations, a copy of which may be secured on application to the undersigned, or to the Crown Timber Agent at New Westminster.

P. G. KEYES,  
Secretary.  
Department of the Interior,  
Ottawa, December 23rd, 1910.

## BOWLING ALLEYS AND POOL-ROOMS REGULATION BY-LAW, 1911.

A bylaw for the regulation of pool-rooms and bowling alleys in the city of New Westminster.

The municipal council of the corporation of the City of New Westminster enacts as follows:

1. All bowling alleys and all pool-rooms wherein are billiard or pool tables for hire or profit in the City of New Westminster, shall be closed on Sundays and on other days from midnight until eight (8) o'clock in the morning.

2. Bowling alleys and poolrooms shall be subject to the supervision of the chief of police for the City of New Westminster; and the chief of police and constables of the city shall have access to the same at all times.

3. No gambling or betting shall be permitted in any bowling alley or poolroom, and printed notices to this effect shall be displayed on the walls in bowling alleys or poolrooms.

4. Youths under the age of eighteen years shall not be allowed into any bowling alley or poolroom in the City of New Westminster.

5. Any violation or breach of any of the provisions of this bylaw shall subject the licensee of such bowling alley or poolroom upon conviction to a fine not exceeding the sum of \$100 together with costs and in default of payment to imprisonment not exceeding three months.

6. This bylaw may be cited as "Bowling alleys and Poolroom Regulation Bylaw, 1911."

Done and passed in open council the 6th day of February, A. D. 1911.

Reconsidered and finally passed the 13th day of February, A. D. 1911.  
JOHN A. LEE, Mayor.  
W. A. DUNCAN, City Clerk.

## WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Westminster Division of New Westminster District:

(a) The name of Company in full—The Glen Rose Canning Company Limited.

The head office—New Westminster, B. C.

The capital, how divided, showing amount paid up—\$25,000 divided into \$2500 of \$10 each, of which 1450 shares are issued and paid up.

(b) The name of the lake, stream or source (if unnamed, the description is)—Unnamed stream on Lot 17, Group 2, New Westminster district, flowing into Fraser river.

(c) The point of diversion—Is about 200 feet from its mouth at the Fraser river on said Lot 17.

(d) The quantity of water applied for (in cubic feet per second)—One-tenth of one cubic foot.

(e) The character of the proposed works—Dam, pipe or flume and pump.

(f) The premises on which the water is to be used (describe same)—Cannery and buildings on Lot 17, Group 2, known as the Industrial Cannery.

(g) The purposes for which the water is to be used—Industrial and domestic purposes.

(h) Area of Crown land intended to be occupied by the proposed works—None.

(i) This notice was posted on the 15th day of February, 1911, and application will be made to the Commissioner on the 20th day of March, 1911.

(j) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet—None.

Attach copy of such parts of the Company's memorandum of association as authorize the proposed application and works.

The Glen Rose Canning Company Limited.  
(Signature) J. M. McDonald, Manager.

(P. O. Address) New Westminster. Copy of part of Company's memorandum of association:

(g) To record, divert, take and carry away, water from any stream, river and lake in the Province of British Columbia, for the use of their business, and for that purpose to erect, build, lay and maintain dams, aqueducts, flumes, or other conduit pipes and to sell or otherwise dispose of the same.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Erection of Lobnitz Rock Breaker No. 1," will be received at this office until 4 p. m. on Wednesday, March 1, 1911, for the erection of a Lobnitz Rock Breaker, for use in British Columbia.

Plans, specification and form of contract can be seen and form of tender obtained at the office of William Henderson, Esq., Resident Architect, Victoria, B. C., and also at the office of the undersigned in New Westminster, B. C.

Persons tendering are notified that tenders will not be considered unless made on the forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable Minister of Public Works, for one thousand dollars (\$1000), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,  
H. A. BAYFIELD,  
Superintendent of Dredges,  
Department of Public Works, New Westminster, February 17, 1911.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

CITY OF NEW WESTMINSTER.  
Notice re Bylaw.

Notice is hereby given that the "Building Bylaw 1910," and the "Streets and Sidewalks Bylaw 1910," are now in force, and copies of same may be obtained by parties requiring them at the City Clerk's office.

In future any person intending to erect a building or to make alterations in buildings must first make application for a permit at the office of the Building Inspector, City Hall.

W. A. DUNCAN,  
City Clerk.  
City Hall, February 16, 1911.

VETO BILL INTRODUCED  
IN HOUSE OF COMMONS

Premier Asquith Explains to Parliament Why Measure Must Be Forced Through.

London, Feb. 21.—The lords' veto bill was introduced in the house of commons by Premier Asquith. In speaking to the subject of the introduction of the measure he declared that an unprecedented situation would result if the lords' rejection of the 1909 budget went unchallenged. He said:

"If you leave this power in the lords' hands it will revolutionize constitutional practice, enabling the lords to force the resignation of the ministry by rejecting finance bills."

He called the rejection of the 1909 budget the "most stupendous political blunder ever perpetrated."

"On that fatal day," he said, "the lords knew that they had committed political suicide. The Liberals are not favor of abolishing the second chamber; they merely wish to remedy the evil of unlimited veto."

The bill provides that money bills passing the commons shall be sent to the Lords at least a month before the end of the session and that if it is not passed or amended within a month after being submitted it shall become law on royal consent. If any bill other than a money measure passes the commons at three successive sessions, the lords rejecting it at each session, it shall after the third rejection become a law, the king assenting. Failure to pass a bill shall be deemed a rejection.

If the lords defeat the veto bill, Premier Asquith will demand the creation of enough Liberal peers to change the political complexion of the upper house.

## FARM VALUES AND WAGES IN CANADA.

Ottawa, Feb. 21.—The Census Monthly for January says that values and wages in Canada make a good record for 1910. The total value of live stock on the farms is \$593,768,000, which is \$34,979,000 more than in 1909. The price per head of horses is \$132.50 as against \$130.72 in 1909, of milch cows \$42.60 against \$36.36, of other cattle \$30.90 against \$28.81 and of sheep \$6 against \$5.89. Swine alone show a drop in average price, being \$11.30 per head against \$11.80. The total value of horses is \$293,398,000 for last year against \$278,789,000 for 1909, of milch cows \$121,612,000 against \$103,601,000, of other cattle \$131,781,000 against \$126,326,000, and of sheep \$15,819,000 against \$15,735,000. The value of swine, however, fell from \$34,368,000 in 1909 to \$31,157,000 in 1910.

The highest average price of horses was in Saskatchewan, of milch cows, other horned cattle and sheep in Ontario, and of swine in Quebec. Horses three years old and over reached the highest price in British Columbia, where the average was \$225. Swine per 100 lb. live weight ranged from \$6.50 in Manitoba to \$9.62 in Quebec. The price of unwashed wool was 18 cents in 1910 and 17 cents in 1909, and of washed wool 24 cents for each year.

The average value of occupied farm land in the Dominion was \$38.45 per acre or 15 cents less than for the previous year. It was highest in British Columbia, where the cost of clearing is heavy and the land is largely occupied for fruit growing, the average being \$74 per acre, or 56 cents per acre more than in the previous year. Ontario comes next with \$48 per acre, which is \$2.22 less than in 1909.

Farm help for the summer season shows an average of \$35.15 per month for males and \$20.70 for females, counting board, as compared with \$33.69 and \$19.08 respectively in the previous year. Males have an average of \$347.10 and females \$209.69 per year counting board, as against \$336.29 and \$206.08 respectively for 1909. The highest prices per month in summer are paid in Saskatchewan, Alberta and British Columbia, where they are \$40 and over for males and \$25 and over for females, counting board. The average rate of board per month ranges from \$8 for males and \$6 for females in Prince Edward Island to \$20 and \$17 respectively per month in British Columbia.

The rates of wages and board are quoted for the farm, where males are employed on the land and females in the house. They are averages computed from a large number of returns by farmers to the Census office.

## MAN BUYS 19,500 STOVES.

Kansas Will Protect His Apple Trees From Frost With Them.

Kansas City, Feb. 21.—To heat a square mile of orchard with oil stoves is heavy work, but that is what W. H. Underwood, of Hutchinson, Kan., says he will do next spring. Mr. Underwood, who is a fruit grower, was in Kansas City yesterday directing the manufacture of 19,500 stoves. These stoves, each of which holds ten gallons of oil, will be placed in his apple orchard near Hutchinson, to prevent damage to the trees by frost.

The orchards contain six hundred acres and about thirty stoves will be used to keep the heat of each acre above the freezing point.

scribed lands: Commencing at a post planted at the southwest corner of lot 2105 and thence north 40 chains, thence west 40 chains, thence south 40 chains, thence east 40 chains to point of commencement, being southwest corner post of lot applied for, containing 160 acres, more or less.

THINK RELIC FIRST OF  
GREAT BRITAIN'S FLEET

Roman Boat Discovered at Westminster Bridge Is an Interesting Link With Long Dead Day.

London, Feb. 21.—Sir Lawrence Gomme, clerk in the London County council, who was knighted on New Year's day by the king, is of the opinion that the Roman boat which was recently discovered on the site of the new county hall at Westminster bridge is probably a relic of the first fleet formed to protect the shores of Britain.

"No other such find has been made in Britain," says Sir Lawrence, "and the boat thus possesses a greater interest than that attaching to the clinker built boat of King Alfred's time discovered at Walthamstow a few years ago. A coin of Allectus found in the boat indicates that it was built between 239 and 287 A. D., and its condition seems to prove that it was destroyed in a battle which took place where Westminster bridge now stands."

"Several large round stones, weighing about three pounds each, lay near the boat. One of them is partially imbedded in its timbers, proving that it had been thrown from a considerable height. The haste, as coins and other articles were left in it. In addition it had been partly burnt."

Sir Lawrence recalls that in the year 239 Constantine sent an expedition to Britain which routed and slew Allectus. Some of the latter's soldiers fled to London. While they were engaged in sacking the city a Roman detachment overtook them and slew them in the streets of London. All the facts seem consistent with the theory that this Roman boat is one of Allectus' vessels that endeavored to escape but was overtaken and destroyed by a shot from a large catapult.

Among the articles found in or near this boat were five bronze coins, some pottery, three gaming buttons, two British spearheads and five horse shoes.

## Civil War Breaks Out.

St. Petersburg, Feb. 21.—What is practically civil war prevails in the plague stricken district of Manchuria today. Thousands of unemployed men have turned bandits and are looting villages. Chinese troops sent to stop the plundering have been defeated repeatedly.

**CITY NEWS**

Mrs. W. T. Reid, 51 Royal avenue,  
will not receive this month.

Six chairs in operation at the Hub  
shaving parlors. No waiting.

Mr. and Mrs. D. S. Curtis left for  
Southern California yesterday even-  
ing. They will be away about a month.

Wood! wood! wood! Wood to burn  
at the Walsh Sash & Door Factory.  
Phone 413.

The Sons of England have secured  
the Mackness orchestra for their  
dance on Friday evening, February 24,  
at St. George's hall.

Did you see our three-horse load of  
wood for \$3.00. Phone 413.

Professor Alexander delivered the  
last of his series of lectures in St.  
Patrick's hall yesterday evening,  
speaking on the great scientists of the  
age.

The annual ball of the local lodge  
of the Modern Woodmen of America  
will be held this evening in St. Pat-  
rick's hall.

Shingles, shingles, shingles, any  
kind you want at the Walsh Sash and  
Door Factory.

Owing to the absence of the defence  
the trial of William Gracey, charged  
with robbery with violence, was for  
the fourth time postponed yesterday  
at the provincial court. The affair  
took place in the early part of last  
month and the prisoner has been in  
custody since that time.

The best kiln-dried wood, a three-  
horse load delivered at your shed one  
hour after you order it. A three-horse  
load for only \$3.00. Phone 413.

Alfred Hardman returned yesterday  
morning from Los Angeles, California,  
to which city he was called by the  
dangerous illness of his wife, who has  
been ill there for the past two months  
from nervous prostration. Mrs. Hard-  
man is now on the fair road to re-  
covery and she is being nursed back  
to convalescence by her daughter, Mil-  
dred. It will be a couple of months  
yet, however, before the invalid is fit  
to return to her home in this city.

Yesterday morning Aaron Aukamp,  
mill foreman, and Ethel Olsen, steno-  
grapher, natives of Sweden, were join-  
ed in wedlock by the Rev. E. G. Thom-  
son, of Knox church, Sapperton. The  
happy couple made the journey  
specially from Blaine, Washington,  
and immediately after the brief cere-  
mony returned to the American town.  
The union was a complete surprise to  
intimate friends of both bride and  
bridegroom.

Ice cream on hand, Ira A. Reid, next  
train office. Phone 310.

At the Sons of England dance on  
Friday the 24th inst., St. George's hall,  
there will be a prize waltz.

Messrs. F. J. Hart carried through a  
big deal yesterday when they sold the  
block on the northeast corner of Sixth  
and Front streets to a business firm  
which will as soon as the necessary  
alterations are made, enter into pos-  
session. The property changed hands  
for \$35,000. There is a 66 foot frontage  
on Front street and a two story build-  
ing on the block. E. B. Wetenhall, an  
old resident of Vancouver Island, but  
recently returned to England where  
he is now permanently settled, was  
the vendor, and he has cleared a large  
sum over the transaction.

We are in the market for logs for  
making shingles. Walsh Sash and  
Door factory. Phone 413.

Only eight days left to dispose of  
everything in the store at Rich-  
monds.

The funeral of Thomas Hutton, the  
one month old child of John B. Hut-  
ton, of Edmonds, took place yesterday  
at the Oddfellows cemetery, Rev. A.  
Dunlop, of St. Albans church, Burna-  
by, officiating. Only the immediate  
relatives were present. Last Septem-  
ber the parents lost their other child.

The reserve seat sale for Rip Van  
Winkle will open on Friday at Mac-  
Kenzie's drug store, where tickets  
sold by the promoters of the attrac-  
tion must be exchanged for the regu-  
lar pasteboards. Rehearsals for the  
performance, which takes place on  
Monday, are being held daily.

Miss Grace Goddard is commencing  
a married ladies' physical culture  
class on Wednesday, February 22, in  
St. George's hall, at half past two  
o'clock. The boys and girls' class is  
drilled at four o'clock.

The last whist tournament before  
the Lenten season, under the auspices  
of the C. M. B. A., will take place in  
St. Patrick's hall tomorrow evening,  
commencing at half past eight o'clock.  
Cards will be played until eleven  
o'clock, when supper will be served.  
After the repeat an informal dance  
will be enjoyed, a three piece orches-  
tra furnishing the music.

The remains of the late Mrs.  
Johannah Wyckstrom were brought to  
this city yesterday by Undertaker W.  
E. Fales and are in the parlors of that  
firm. The deceased lady, who was a  
native of Sweden, left her homeland  
eighteen years ago and has resided in  
British Columbia for that length of  
time, chiefly in Timberland. The  
cause of death was heart trouble,  
some of the smaller valves of that  
organ having burst on Monday, caus-  
ing immediate expiration. The funeral  
will be held this afternoon at  
one thirty and the interment will be  
in the Odd Fellows' cemetery. Rev.  
Swanson, of the Lutheran church,  
Vancouver, has promised the bereaved  
husband and daughter to officiate over  
the last sad rites.

Lord of the Isles Camp No. 191,  
Sons of Scotland, will entertain the  
Vancouver camp on Tuesday in the  
K. of P. hall.

Davies Green Houses is the place to  
get bouquets, floral designs, and all  
kinds of cut flowers. Phone R 208.

Shingles, shingles, shingles, any  
kind you want at the Walsh Sash and  
Door Factory.

**Cloverdale Auto Road**

Cloverdale gets the British Columbia end of the British Columbia-  
California auto road. California, Oregon and Washington have se-  
lected their roads and have appropriated the necessary money. Brit-  
ish Columbia has selected Clover Valley road, Cloverdale and has ap-  
propriated \$25,000 to make it a modern auto road, the first stretch of  
the great auto highway to Southern California.

This will give Cloverdale district the best road in the province.  
Property will be in greater demand and will command higher prices.

**10 Acre Blocks, Clover Valley Road**  
**\$250.00 per acre, Terms, One-Third Cash**

**OUR ALTERATION SALE  
Will Continue for This Week Only**

Saturday night, February 25th,  
we will bring to a close our big al-  
teration sale. Alterations will not  
by any means be completed by  
that time, but will have reached  
that stage where the various de-  
partments can be permanently  
located. We must also open up  
the hundreds of cases of new  
goods now awaiting a place in  
which they can be opened and dis-  
played. This week will see greater  
reductions than ever on all odd  
lines of winter goods--Women's  
Coats, Dress Skirts, Blouses, Un-  
derwear, Whitewear, Millinery,  
Blankets, Comforters, Draperies  
and all Remnants. Watch our  
advertisements.

**WANTED--Apprentice in the millinery  
department, apply at once to Miss Bennett**

**B. C. ELECTRIC RAILWAY CO.**

**Are You Aware**

that electric power is available from our mains, which now extend—  
in addition to branch mains—from the west end of the city along  
Front street, thence along part of Columbia street, then via Brunette  
street to the Brunette river?

Our power rates are low, and make possible the adoption of our  
safe, convenient, advantageous, and economical electric drive.

Applications for electric power service may be made at the com-  
pany's local office, or a postal mailed to the head office, Vancouver,  
will also receive prompt attention.

**B. C. Electric Railway Co'y, Ltd.**
