PRICE FIVE CENTS.

SEVERAL KILLED IN SOO TRAIN WRECK

DISASTROUS ACCIDENT SHORTLY BEFORE MIDNIGHT JUST OUTSIDE DETROIT—COACHES ON FIRE—DOCTORS ON SCENE.

Detroit, Mich., June 3.—The north-bound Minneapolis, St. Paul and Sault Ste. Marie train was wrecked a few miles from here at 11:30 o'clock last night.

Five passenger cars caught fire and were partially destroyed.

Several passengers were killed and many others injured.

Doctors and nurses have been rushed to the scene, and an emergency train is being despatched to bring the injured to this city for treatment.

Details of the accident will not be available for some hours.

GERMANY AND ARBITRATION.

Berlin Newspapers Comment Favorably on President Taft's Scheme.

Berlin, June 2.—The German government's interest in President Taft's proposal for an unrestricted arbitration treaty has made a favorable impression on those German newspapers that have commented on the American president's proposition.

Notable among these looking with favor on the plan is the Cologne Gazette, which says it is happy to find in it a final refutation of the legend that President Taft plans an arbitration league aimed at Germany. The newspaper says that such a treaty as the one proposed by Mr. Taft is quite possible and would be extremely beneficial.

The Berliner Abendpost thinks that the willingness to consider the arbitration proposal is a masterpiece of German diplomacy, defeating the schemes of certain circles, which have been continually trying to embroil the United States and Germany.

Brewer and Surgeons.

Pasadena, Cal., June 2.—Adolphus Busch, millionaire brewer, today forwarded a \$5000 cheque to the board of trade for a barbecue in honor of physicians and surgeons from all parts of America, who will come to Los Angeles June 30 for the annual convention of the American Medical association.

PRESIDENT MUNRO IS DECLARED NOT GUILTY

MAN FORMERLY AT HEAD OF DIRECTORATE OF DEFUNCT BAND ESCAPES CONVICTION—TRAVERS RESPONSIBLE.

Toronto, June 3.—Lieut.-Colonel Munro, former president of the defunct Farmers Bank of Ontario, was yesterday afternoon declared not guilty of the charge of making false returns to the government in connection with the condition of the bank's affairs for some time prior to the failure.

Munro pleaded ignorance of any knowledge of wrong doing in signing some of the papers. He had been entirely guided in his actions by Manager Travers, who is now serving a five year sentence for fraud.

Dr. Beattie Nesbitt, wanted in connection with the fraudulent failure of the bank, is still at liberty. He is believed to be hiding in the United States.

WOULD LIKE PRISON NEARER HIS HOME

Seattle, June 2.—George H. Parker, late western agent of the United Wireless Telegraph company, who was recently sentenced to two years in the Federal prison at Atlanta, after conviction in New York for use of the mails to defraud, is seeking to have his place of imprisonment changed to McNell's Island, near Tacoma, where he will be near to his apartment houses and other property in Seattle. Congressman W. H. Humphrey is using his influence with the department of justice to obtain the transfer. Parker is a millionaire.

BASEBALL.

NORTHWESTERN LEAGUE.

Friday, June 2.

At Seattle—Seattle 6, Victoria 4.
At Tacoma—Tacoma 6, Portland 3.
At Spokane—Spokane 5, Vancouver 1.

Standing of the Clubs.

Club	Won	Lost	Pct.
Spokane	29	14	.677
Tacoma	26	18	.591
Vancouver	25	19	.568
Portland	19	23	.452
Seattle	19	23	.452
Victoria	10	32	.238

STRONG TEAM.

Balmorals Will Have Seasoned Swatters on Diamond This Afternoon.

The premier baseball team of the city should be the winner in the league match against the Maple Leafs at Moody square this afternoon, although a Titanic struggle will probably be put up by the runners-up for the season's championship. The Bals have a good team to place in the field, the following experienced ball batters having been induced to turn out for the occasion: J. Smith, c; Lewis, p; Sinclair, 1b; Ryall, c; Morgan, ss; Stein, 3b; Canfield, lf; Price, cf; Ralph Smith, rf.

Ralph Smith will probably do a little twirling, but he does not intend to grab the lion's share of the honors on the hillcock. Ralph's arm has not yet got over its winter stiffness, and three or four innings are generally sufficient for him. A little more practice is expected to bring out the latent power in his wing.

The representatives of the Leafs have not been named.

CENSUS WILL PORTRAY BIG POPULATION GROWTH

Increase of 50 Per Cent. in Past Ten Years Will Probably Be Noted.

Ottawa, June 2.—Canada's census, which began yesterday, will take practically three years to complete. The tabulating and analysis of the population figures, and of the extensive information asked for in regard to trade, industry, etc., will keep the census bureau busy for that length of time. The total population will not be definitely known until October, though an approximate figure may be given out a month or so earlier. Returns will begin to come in from cities in about a fortnight's time, but enumerators have three weeks allowed to complete their work, and the commissioners are allowed another month in which to forward the returns to Ottawa. The work of tabulation and compilation will be done at the census bureau here by a special staff of 160 clerks working with specially devised tabulating and compiling machines similar to those used at Washington for the census of last year. Charles W. Spicer, an official of the American census bureau, is now in Toronto superintending the manufacture of a number of machines to be used in tabulating the schedules turned in by the enumerators.

Reports from census bureau officials who have been receiving reports as to the prospective amount of work required for the commissioners in the various parts of the Dominion indicate that the growth of population in many districts has been considerably larger than was estimated. The final figures will probably show a population increase of about 50 per cent. during the decade. West of the Great Lakes it is estimated there are now about a million and a half more people than there were in 1901. Eastern Canada should show an increase of a little over a million and a quarter.

GERMANY IS ALIVE TO CONQUEST OF AIR

Authorities Will Purchase Fleets After Tests—No Restriction placed on Engines Selected.

Berlin, June 2.—The feeling of the authorities appear to be more than ever in favor of the purchasing of aeroplanes for use with the German army. Not long ago it was generally considered that the dirigible would be the most suitable for the purpose.

In France it has been abundantly proved that the aeroplane, even in its present form, is, in the hands of a competent pilot, the most useful adjunct for military purposes, and it is interesting to note that the War office in Berlin is reported to have decided to spend an additional sum of \$25,000 for the purpose of acquiring a number of aeroplanes for use for military purposes.

It is understood that four new machines will be purchased provided they have been successful in the competitions to take place during the present summer. There appear to be but few stipulations as to the type, with the exception of the aeroplane itself, which must be of German origin.

No restriction is made with regard to the engines, which may be of foreign manufacture, although the general design of the aeroplane must be of such nature as to permit of easy observation by the passenger carried for that purpose.

Prizes amounting to \$17,500 will be offered by the War office for competition during the season. It is said that before any aeroplane is purchased by the government for military purposes it will be necessary to prove that it is capable of flying at an altitude of about 1400 feet with a passenger, for it is considered in Germany that many observations cannot be carried out in a satisfactory manner at a lesser altitude.

WATER SUPPLY STILL NEEDS CAREFUL USE

BREAK IN MAIN REPAIRED YESTERDAY—DEPARTMENT DETERMINED TO PROSECUTE ILLEGAL USE FOR IRRIGATION.

The break in the fourteen-inch main reported yesterday morning at Fraser Mills has accelerated the decision of the water committee to curtail use of the supply for irrigation purposes, and to enforce the law against persons turning the hose on their lawns who possess neither a meter nor a permit. Very few have complied with the law, and as already announced holders of permits are restricted to one hour each evening. Officials of the department are on the track of delinquents, and several names have been taken with a view to a prosecution. At this time of year, and pending the completion of the twenty-five-inch main from Coquitlam lake, restriction is essential, especially when a break occurs.

The water in the high level reservoir fell from five feet two inches on Wednesday to eighteen inches yesterday, and the Sapperton and Queens park reservoirs also fell about two feet in consequence.

The trouble yesterday morning was due to a break at a pipe bend, due to pressure of earth which fell in the trench during repair work, and not to interference in laying the new main alongside recently. A gang of men was rushed to the spot, and by noon normal conditions could be resumed. Fortunately no fire occurred in the earlier hours of the day when communication with the lake had been interrupted.

REDUCE DUTY ON WOOL.

Democratic Measure Presented to Caucus by Chairman Underwood.

Washington, June 2.—The Democratic wool tariff bill prepared by the ways and means committee of the house was presented to the Democratic caucus at noon today. The bill makes reductions of from one-half to two-thirds in all-wool goods. Raw wool itself, which was free in previous Democratic tariff bills, is given a duty of 20 per cent. ad valorem, equivalent to from three to five cents a pound.

The proposed wool tariff represents a reduction of only \$1,350,000 in the revenue of the government, according to a statement presented to the caucus by Chairman Underwood.

CROWDED TO CAPACITY.

Empress of Ireland Sails from Quebec with Great Passenger List.

Quebec, June 2.—The SS. Empress of Ireland, sailing today for the other side, carries what is believed to be the largest passenger list of any vessel that ever cleared from a Canadian port. So great is the rush of coronation visitors that some of the officers of the steamship have given up their cabins for the accommodation of the passengers. Among those sailing on the Empress of Ireland is a large contingent of soldiers who will represent Canada at the coronation.

VANCOUVER WRESTLER WINS TRIP TO EMPIRE FESTIVAL

George Walker Victor in Series of Elimination Contests in Winnipeg—Kingston Man Last Victim.

George Walker, the V. A. C. wrestler, won his final heat in the elimination wrestling contests in Winnipeg yesterday evening, thereby becoming Canada's official representative in the world contests to be held at the Festival of Empire in London on June 29.

Walker's opponent yesterday evening was MacDonald, the Kingston man. The Vancouver grappler pinned his antagonist to the canvas in 39 minutes and 20 seconds.

Walker sails for England on June 10.

Coronation Gift.

London, June 2.—The Marys throughout the empire have contributed \$60,000 to the queen's coronation gift. The donors range from beggar maids to duchesses and the donations from half-pennies to pounds.

NO FEAR OF SMALL CROP.

U. S. Secretary of Agriculture Says Prospects Are Good.

Chicago, June 2.—"For this season of the year the general crop prospect is good," says Secretary of Agriculture Wilson. "There is no reason from present indications to fear a crop failure and higher prices of food products in consequence. We have had long dry periods before this year with no failure of crops. It is too early to tell how large the crops will be, but there is no cause for alarm. In some localities the crops have been damaged by the hot weather, but throughout the country the conditions are good. Our officials report that there is no trouble ahead for the country."

LITTLE NEW IN STRIKE SITUATION

INTENTION OF STREET RAILWAY MEN STILL UNKNOWN—LOCAL UNIONS SAID TO FAVOR CESSATION OF WORK NEXT WEEK.

Vancouver, June 3.—The proposal to hold a monster parade here this evening in an effort to awaken public sympathy for the proposed general strike on Monday will probably be abandoned, as the leaders of the labor men fear the procession would meet with a reception far from sympathetic. The mass meeting in the Horse Show building will take place as first outlined.

The B. C. E. R. employees have not yet completed their referendum vote on the advisability of joining in the proposed strike. It is impossible to forecast the result of the balloting, but the rumor is that the men will vote against the proposal.

Opinion is still very much divided in the city whether the local unions will follow the example of the Vancouver bodies and advise their members to lay down their tools on Monday, thus tying up industrial enterprise here.

A meeting of the executive of the Trades and Labor council has been called for tonight to determine the attitude of local leaders on the strike, and probably to summon a special meeting of the council on the matter next week.

Most interest attaches to the action of the B. C. E. R. employees, for it is felt that the public will wake up if transportation fails, whereas if the men stand by their agreements, the strikers will want to know the reason why such a well organized body stands outside, and trouble on the streets will probably result. It is expected that a two-thirds vote is necessary in order to enforce a strike and it is doubtful if such will be forthcoming. If the Vancouver men go out on opinion supports the view that Westminister unionists will follow.

Big Meeting Tonight.

Arrangements are in hand for holding a great mass meeting at the Vancouver horse show building tonight, and it is sure to be packed.

A well known official of the Westminister Trades council said yesterday that the local unions will join the sympathetic strike, and even if bodies like the Typographical union refuse their sanction, the printers themselves will be tied up by the absence of power and gas, and no papers can be printed.

Outside Help Promised.

Asked by a News representative how the strikers would fare financially the answer came that all the unions would have the support of their international, and could face the situation for weeks at this time of year, backed up by funds from comrades across the border.

Pope Celebrates Birthday.

Rome, June 3.—The pontiff, Pius X., who was born June 2, 1835, celebrated his seventy-sixth birthday quietly yesterday, owing to the fear of anti-clerical demonstrations.

DECLARATION OF LONDON APPROVED IN CONFERENCE

Unexpected Action of Premiers at London Gathering Gives Approval to Contraband Regulations.

London, June 3.—The Imperial conference completed its discussion of the terms of the declaration of London laying down the rules for contraband and prize capture at sea embodied in the agreement known by the above caption, and passed a resolution of approval yesterday.

The declaration has been steadily attacked by the Conservative opposition as undermining British privilege of capture in naval engagements and the high seas, and received condemnation from many naval experts. For the government it has been contended that it brings order out of chaos, does not imperil Britain's food supply, and sets up an international prize court in place of national courts during hostilities.

TRAIL TO CANADA.

Pacific Highway Association Making Road from Blaine to Portland.

Olympia, June 2.—Blazing the trail from Blaine to Portland for the Pacific highway, F. M. Fretwell, secretary of the Pacific Highway association, and N. B. Abrams, chairman of the good roads committee of the Seattle Automobile club, arrived in Olympia last night, and the trail is thus marked from the international line to Olympia.

The trail is traced by galvanized iron signs reading "North and South," which are posted at every cross road, and where there are two roads leading into the main road two signs are put up. This will prevent any one getting off the trail or having to stop and ask questions.

G. N. R. MAY BUY.

Officials Visit Burrard Inlet and Practically Decide Upon Purchase.

Vancouver, June 3.—A number of G. N. R. officials paid a visit to Burrard Inlet yesterday afternoon, paying close attention to a number of sites which the railway company has had under consideration for some time. It is understood a decision was arrived at to buy 700 feet of water frontage as soon as the necessary authorization is received from the executive of the company in St. Paul.

Tag Day is Successful.

Winnipeg, June 2.—Tag day in aid of Ninette sanitarium for tuberculosis patients is going very successfully, the workers having run out of tags before noon.

\$74,900,997 WAS BET IN FRANCE IN YEAR

Paris, June 2.—The pari-mutuel bettings for 1910 reached a total of \$74,900,997, from which \$1,110,000 was deducted for charitable purposes, according to a report just issued.

UNIVERSITY LECTURES PROPOSED IN ROYAL CITY

Interesting Scheme Planned for Winter Season—Lantern Addresses on Literary Subjects.

A feature of educational interest is promised in Westminister next winter, in the form of extension lectures similar to those held in many centres in the east and elsewhere.

Certain gentlemen desire to give an opportunity to the cultured members of the community, and more especially to students, to hear good lectures at reasonable charges during the season when outdoor engagements are at a discount, and with this end in view promises have been made to E. R. McMillan, of the High school staff, by men representing important interests in the province, to assist in the movement.

Scientific and literary matters are aimed at as the subject of the course. A lecture monthly, with a small admittance fee is the scheme as at present constituted.

Details are not yet filled in, but the promises received by Mr. McMillan assure an attractive schedule. The lectures will be illustrated with lantern pictures and varied enough to suit different tastes. When the public has taken to this method of instruction a series on a special subject will become the rule, like university extension lectures in other communities.

Chief of Police Shot.

Calgary, June 2.—George Bell, chief of police of Red Deer, was shot by a masked highwayman shortly before midnight and will likely die. George Munro, a tailor, and a printer named Grant were on their way home when a masked man pointed a gun at them and ordered them to hold up their hands. They did so. The chief came on them suddenly and made a dash at the robber, who turned and fired, the ball going through the officer's abdomen. The three men are under arrest.

PORCUPINE GOLDFIELDS ARE THICKLY PEOPLED

Estimate Fifteen Thousand Engaged on Canadian Gold Field—Great Activity in New Centers.

Montreal, June 2.—Mining engineers say that by the end of the summer there will be at least 15,000 men at work in the gold fields of Canada.

The section is anything but a poor man's camp, and the prices for properties in Tisdale are beyond the reach of any one except big capitalists. The result of these prices is tending to shift the prospecting into Deloro, and engineers expect a great deal of activity this summer will be witnessed in this section of Ontario, as early indications point to the opening up of good ore in this township.

Properties on which a year ago options could have been secured for sums ranging from \$10,000 to \$25,000 are in the market now at from \$200,000 to \$500,000. Experts say that Porcupine is going to be just as much of a freak camp from the standpoint of the ore deposits as Cobalt was to the silver fraternity five years ago. The entire country seems to be a network and system of veins wherein values are possible in almost any portion of the ground, and it takes but very little prospecting to find colors if you work in any of the swampy portions of the district.

The British have sized up this country quicker than anyone else, as they are generally conceded to be particularly qualified to pass on gold mining propositions. They have always gone into mines of this kind in preference to any other, and judging from their remarks on Porcupine it would seem as if a gold camp greater than any heretofore known is being made ready to show sensational results as soon as adequate transportation facilities are offered for the camp.

LIGHTNING SLAYS MEN ON MANOEUVRES

FRENCH OFFICER AND SIX MEN KILLED BY ELECTRIC FLUID WHILE ENGAGED IN MILITARY OPERATIONS IN GRENOBLE.

Paris, June 3.—A tragedy is reported from Grenoble yesterday. Lightning struck a battery of artillery while executing manoeuvres.

One officer and six men were killed.

The unfortunate men were on parade when a thunderstorm arose, and the flashes of lightning broke forth in vivid succession.

Before orders were issued to dismiss, to enable the men to take shelter, the storm burst upon them. A group of officers had a narrow escape, several being stunned.

TRANS-SHIP CATTLE FROM DAMAGED STEAMER AMUR

Victoria, June 3.—The steamer Amur, which struck on a rock in Wrangel Narrows on Wednesday when en route north to Skagway, has been shifted from the North Flat where she was beached to Tongue, for the cargo to be lightened.

Cattle on board bound for Dawson were transhipped to the steamer Jefferson.

An examination demonstrated that there was a leak in the Amur's tank, and temporary repairs were at once effected.

Afterwards the crew reloaded the cargo, and the steamer was able to proceed to her destination at Skagway, where she had 900 barrels of cement to unload.

FORMER INSPECTOR DEW GETS \$3000 FROM STAR

London, June 3.—The Montreal Star has apologized to Ex-Inspector Dew, late of Scotland Yard, for statements made in connection with his trip to Canada to capture Dr. Crippen and Miss Le Neve last fall, in which they alleged a confession had been made by Crippen (which proved to be inaccurate) and also criticized the detective.

The defendants have paid the costs, and \$3000. On this understanding the case has been allowed to drop.

DEGREES OF LAWS ARE CONFERRED

SIR WILFRID LAURIER AND THE PREMIERS RECEIVE HONORS AT GLASGOW UNIVERSITY—LL.D. ADDED TO RECORDS.

Glasgow, June 3.—Yesterday at Glasgow university visiting premiers now in Great Britain received the LL.D. degree.

Among those upon whom the honor was conferred was the Canadian prime minister, Sir Wilfrid Laurier.

NANAIMO MAN BECOMES NEW GOVERNOR OF YUKON

Dawson, June 2.—An Ottawa special to the Dawson News says it is officially announced that Hon. Alexander Henderson, governor of Yukon Territory, has been granted a six months' leave of absence, after which he will retire. Arthur Wilson, former acting governor and a strong supporter of F. T. Conington, M. P. for Yukon, has been appointed governor.

The new governor is a Nanaimo man, who formerly sat on the city council for the middle ward, and was an unsuccessful candidate for the mayoralty. He also became a prominent member of the Wallace Street Methodist church while resident there.

BIG ORDERS.

Victoria Concern to Make 500 Box Cars for Canadian Pacific.

Victoria, June 3.—The C. P. R. has placed an order with the Victoria Lumber company, of C&Mains, for 500 box cars. This will call for the use of 1,500,000 feet of the choicest lumber.

Cent for Her Affections.

Indianapolis, Ind., June 2.—Nathaniel Schulman, of Cincinnati, who sued Frank Lemontree, of Indianapolis, for \$10,000 for the alienation of Mrs. Schulman's affections, was awarded one cent by the jury.

Rabbits Go Blind.

San Bernardino, Cal., June 2.—The rabbits in the Rose mountain section appear to be going blind, according to Paul Morgan, a wealthy mining man, who is here today after a trip through that section.

Public Holiday on June 22.

Ottawa, June 3.—A royal proclamation was issued yesterday setting apart Coronation Day, June 22, as a day of general thanksgiving and rejoicing, and to be observed as a public holiday.

COMPLETE REVISION OF ITALIAN CODE

FIFTIETH ANNIVERSARY WILL SEE NEW NEW CODE IN USE—ARDUOUS UNDERTAKING ACCOMPLISHED.

Rome, June 2.—Italy has celebrated the fiftieth year of its liberty and of its position as a nation. Great fetes have taken place at present in Rome, Turin, Florence and Naples, but a more interesting and significant celebration is to be found in the fact that Italy is advancing and firmly in the way of true progress through the framing of improved laws.

The Italian civil code, although one of the best in Europe, has several anachronisms in it which needed to be removed, especially those concerning the civil organizations of the family or family rights.

In the year 1905 the minister of justice appointed a commission to revise the civil code, formed of many of the most prominent Italian men. The work was arduous, but nevertheless well accomplished.

This year the proposals of the commission are to be presented to the house of deputies and to the senate. If we add to these proposals the other laws discussed and approved, we can see that by the beginning of next year Italy will have made a very important step forward.

Extent of Franchise.

The number of Italians who have the right to vote for the deputies will amount to 1,500,000, while Italian women have already obtained the right to vote for the boards of trade, and to be superintendents of instruction, public charity, and assistance to the poor, as well as being in the customs office.

The law regarding the rights of a woman toward her husband and children has been revised.

Special laws for the repression of many kinds of evil have already been adopted and are being strictly enforced. These laws relate to the purification of the press, of places of entertainment and to the closing of undesirable houses. A stringent law has been enacted in regard to the conduct of young people.

The American system of education has been adopted in many schools. Signor Luzzatti is bringing forward a bill, which, if passed into law, will forbid the sale of spirits and cigars to young people. So it may be said that Italy is celebrating its half century of freedom in the very best way, and far more by the adoption of good laws than by the great fetes which produce no more than a passing moment of prosperity to the country.

Don't Throw Away Your Earnings!

Make Them Take Care of You

What everybody is on the alert for is sound investment. An investment is not a speculation. If there were no investors there would be no progress, and without enterprise and progress, a community would become sleepy. No man ever saved much on a salary. To get ahead you must look ahead and invest wisely with good people. Dollars do not grow in your pockets. They must be put to work. Plant a few in a sound business and see how fast they grow. Here is the best opportunity open to the man of small means. It is knocking at your door. Our first stockholder, after examining our property on Graham Island, says:

"I would not sell my shares in the company for five times their present price if I could not buy shares from the company at present price of 35c. the share."

The public are offered the opportunity for a few more days to acquire shares in The British Pacific Coal Company, direct from the Trustee, T. R. Morrow, at 35c per share in blocks of not less than 100 shares.

Terms of sale are: 10c a share cash with application, balance in three equal monthly payments. Those who buy at 35c have the assurance that in the very near future the Trustee will place the next issue of shares in The British Pacific Coal Company on the market at 50c or 60c a share, which means that those who buy today at 35c will actually make 15c profit, or \$150 if they hold 1000 shares. Fulllest information will be supplied if you are interested.

Call Tonight and see samples of the best Anthracite Coal in British Columbia. Open till 10 p.m.

Remember, the New Westminster office of T. R. Morrow, Trustee, is located at 421 Columbia St., New Westminster, B. C., and is open from 9 a.m. to 9 p.m. daily. (Travers' Real Estate Office)

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple
Remedy Will Bring Back
the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agents, D. S. Curtis and H. Ryall.

SOCIETY

Mrs. W. Norman Bole will not receive again until the autumn.

During the summer months Mrs. J. C. Brown will not receive.

Dr. Charles Fagan, of Victoria, was a visitor in town on Wednesday.

Mrs. Leamy left on Tuesday for a short stay in Victoria.

Mrs. L. Thorner will not be at home during the summer months.

Mrs. H. A. Eastman, Fifth avenue, will not receive again until the autumn.

Mr. and Mrs. Lachlan McQuarrie left on Monday for an extended holiday in the east.

Mrs. Stevens, of Vancouver, is the guest of her daughter, Mrs. J. E. Allen, Sixth street.

Mr. and Mrs. F. J. Hart leave for their country home on Deer Lake, Burnaby, on Saturday, where they will spend the summer.

Mr. and Mrs. Arthur Mallis are spending the week-end in Victoria, the guests of Dr. and Mrs. Fagan.

Mr. J. S. Clute, of Victoria, has been visiting with his old friends here during the week.

Mrs. Fraser returned on Thursday from a fortnight's visit with Mrs. Darling, Steveston.

Mr. and Mrs. J. R. Grant and family will spend the week-end in their summer home at Blackie Spit.

Mrs. Mathers, Columbia street, will entertain at the tea hour this afternoon.

Mrs. E. A. Greame entertained a merry party of children on Wednesday afternoon for her son, Master Edward Greame.

Among those contemplating taking in the Rose carnival at Portland, are Mr. and Mrs. G. D. Brymner and Mr. and Mrs. G. B. Corbould.

Mrs. Henry L. Edmonds has issued invitations for an "at home" on Tuesday, the sixth, from four until six thirty.

Miss Clark, for a number of years the principal of the Girls' Central school, has been appointed assistant in the North Vancouver High school, and will assume her new duties in the autumn.

The tea table at the Croquet and Bowling courts was in charge of Mrs. W. Norman Bole and Mrs. George Beatty on Tuesday, and on Friday Mrs. M. Mallis and Mrs. J. P. H. Bole presided.

Friends will be sorry to hear Mr. and Mrs. F. Nigel Sinclair are contemplating moving to Vancouver. During their few years residence here they have made many warm friends and will be greatly missed.

Among the Canadians who were presented to the king and queen at Buckingham Palace at last week's court were Sir Wilfrid Laurier, Hon. and Mrs. Richard McBride and Hon. and Mrs. Bowser.

Mrs. Green, Pine street, gave a delightful tea last Saturday afternoon when she entertained for her niece, Miss Edith Green, who is on her way to California from Kelona, where she has spent the past year.

An engagement of much interest to a number of Westminster people, has recently been announced in Vancouver, that of Miss Ruth Cannon to Mr. A. L. Palmer, also of the Terminal city.

Mrs. Mitchell and Miss Mitchell, of Winnipeg, who have been the guests of Mrs. T. J. Armstrong for the past month, left on Wednesday for Vancouver, where they will visit for some time.

Judge and Mrs. Hewson, Gove Bay, have issued invitations for the marriage of their daughter Edith, to Mr. Donald M. Kydd, of Portland, Oregon, the wedding to take place in Trinity church, Barrie, Mr. Kydd was a resident of this city last year, being connected with the staff of the Canadian Bank of Commerce.

DRESS

IS IMPORTANT

So intimate is the relation between a man and his clothes that it may be said without exaggeration that the question of dress is one of the highly important problems of life. The far-reaching effect of becoming garb is undeniable. The 20th Century brand bench-tailored garments are made with a full appreciation of the importance of the undertaking, and they reflect the care which the makers take in their production.

20th Century Brand Spring Suits
\$18.00 to \$35.00

The man of moderate means finds them true economy—the rich can wear no better.

the work has developed in the diocese during the past year or two.

A very bright tea was given by Mrs. Scouler at her home, Fourth street, on Tuesday afternoon. Her pretty bungalow was made bright with large bowls of flowers and the guests were well attended to by a bevy of pretty girls in light summer gowns. Among her many callers were Mrs. Albert Hill, Mrs. Charles McDonald, Mrs. J. C. Brown, Mrs. Sieve-wright, Mrs. Trapp, Mrs. Robson, Mrs. Manchester, Mrs. Drew, Mrs. McKenzie, Mrs. J. S. Clute, Mrs. Gifford, Mrs. T. Nigel Sinclair, Mrs. A. H. Gordon, Mrs. R. H. Gordon, Mrs. McNab, Mrs. Henderson, Mrs. Beatty, Mrs. James Brymner, Mrs. Cassidy, Mrs. P. Birrell, Mrs. Corbett, Mrs. Johnston, Mrs. Grant, Mrs. Strelight, Mrs. L. A. Lewis, Mrs. J. Kennedy, Mrs. L. A. Lewis, Mrs. Bennett, Mrs. Wilber Smith, Mrs. A. W. Gray, Mrs. Munre, Mrs. Rothwell, Mrs. Tommy Gifford, Mrs. Smith, Mrs. Stoddard, Mrs. Forrester, Mrs. Walsh, Mrs. Muir and Mrs. Whiteside.

The yearly meeting of the Woman's Auxiliary of the Diocese of Westminster took place in Vancouver on Wednesday and Thursday. Among the members attending from here were Mrs. De Pencier, Mrs. Dickinson, Mrs. J. J. Jones, Miss Jones, Mrs. G. B. Corbould, Mrs. Fletcher, Mrs. Bole, Mrs. Beatty, Mrs. Eastman, Miss Phillips, Mrs. W. J. Armstrong, Mrs. Wolfenden. The fact that the sessions of the annual meeting of the auxiliary now occupy three days, where as formerly one day was found to give sufficient time in which to dispose of the business, which came up annually for discussion, shows to what extent

SATURDAY, JUNE 3, 1911.

THE NAVY AND THE EMPIRE.

The idea of an Imperial council, or some such body, composed of representatives from all parts of the Empire, to conduct and control affairs peculiarly of the Empire, has, for the present at all events, been put into the background by the declaration of Premier Asquith at the Imperial Conference, that such a thing is wholly unworkable. There are, however, other matters of vital interest to the Empire to be discussed, and one of these is the question of Imperial defence.

In this connection a plea for a consolidated British navy, which has been put forward by a writer in the Westminster Gazette is of interest. He says:

"As regards a common navy, apart from many other arguments, the respective interests are so intertwined and so overlap that it is quite impossible to separate the responsibilities of each component part of the Empire. Trade diffuses itself everywhere. There is not only trade between Great Britain and her Dominions, but between the Dominions and foreign countries. It is allowed that in case of war it would be sheer suicide to have any division of interests. Why, then, on strictly business principles should you divide this great national trust into various distinct services, losing that one all absorbing esprit de corps which can only be kept alive by one indivisible whole? Why should you curtail the ambitions of your Australian or South African fellow citizen to a comparatively insignificant service, dominated often by mere local jealousies, local party changes, and other depressing influences? Why should he through the disunion of the naval forces be deprived of the great heritage which now stimulates every sailor when he feels that he is the natural heir to all the traditions of the Blakes and the Nelsons, and belongs to the greatest fighting force the world has ever known? Also, why should these young countries at this stage of their internal pioneer existence attempt the management of what is probably the most difficult business of modern times. This work cannot be done in parts, and I feel assured that, after expending in Australian ships the amount now foreshadowed, we shall still largely leave the great problem of Empire defence to the real British navy. On the other hand one quarter of the proposed expenditure would be a real help to British or Imperial finances, and would give us as an outlying part of the Empire four times the effective defence. Besides this, through our Imperial Conferences, the British proposals of devotion, and the many warnings of impending danger, there must be evolved within a reasonable period some political scheme enabling us to strike suddenly with one brain and one arm when the storm is upon us, instead of endangering the whole safety of the Empire by prolonged negotiations between ourselves.

When the last Conference on Imperial defence took place, a parliament was in existence which had been elected in the usual way without a single expression of opinion at the polls of a probable or possible change in the policy of Imperial naval defence. There might have been some idea of small naval defence for harbor purposes. But I am confident in asserting that this great and vital change in Empire policy, by which the British navy was practically to pass from Australian waters, and a local fleet involving enormous capital and annual expenditure was to take its place, was never hinted at, much less made a prominent question. Before that same parliament was dissolved Australia was committed to a course which will not merely mean grave financial considerations, but may retard the future consolidation of the Empire in a way which our easy-going people can only dimly imagine. Surely if upon any great national question the undoubted opinion of the whole people should have been ascertained, after the fullest exposition by responsible statesmen of all its future bearings, it was this, the decision of which must stir the deepest springs of our British patriotism. Is it still too late to retrace our steps? Not

that we should abate one jot or tittle of patriotism or sacrifice, but that our patriotism and sacrifice should be a strong and effective means of forging a link of Empire, linking not only each part to the mother country, but consolidating all in deep affection for the one service which can alone effectively bind us in times of danger, and which appeals so powerfully to a great heritage of common national glory."

WETTEST MAY ON RECORD.

Rainfall Registered in Winnipeg Was 6.22 Inches.

Winnipeg, June 2.—Another record was hung up during May in Winnipeg for the rainfall during the month amounted to 6.22 inches, making the wettest May on record in this city. During the past thirteen years there has been but one month in which a greater rainfall was recorded and that was June, 1901, when 10.05 inches fell. June, 1909, totalled 6.21 inches, being the second highest month on the previous record.

COMMENTS WEEKLY REVIEW OF SPORT CRITICISMS

LACROSSE SITUATION IS ASSUMING INTERESTING, UNEXPECTED PHASE

Resignation of Manager C. A. Welsh Comes as a Disagreeable Surprise, But His Seriousness is Doubted—The Passing of a Lover of Amateur Sport—Y. M. C. A. Swimming Tank a Disappointment.

BY ROBERT A. WILSON

UGLY rumors were afloat yesterday with reference to the resignation of Manager C. A. Welsh from the Salmon Belles. A fearful storm has been raised in a teacup, and it may be that Welsh will not be at today's match, but have no fear, the manager will "come back" in the strongest terms of that much ill-used expression. We cannot afford to do without Welsh and especially at this time when his presence is so greatly desired. When the Salmons lose the Minto cup and the members of the present team are down and outers, they may not require a manager such as Welsh, but that day is very far off, believe me. That Minto mug is just going to keep on reposing in the Carnegie library.

THE Royal's team was selected at a meeting which did not break up until a late hour last night. Galbraith replaces Howard at point, with the latter going to cover point, Tom Rennie being dropped. This will without question strengthen the defence, but the field play may be apt to suffer. Rennie is a runner who at all times can travel faster than Johnny, and this is where we may regret the changing and chopping.

VANCOUVER'S team will be which did service here on Enchanged around a bit from that pipe day. Lalonde will take Carter's place, thus making Newby number ten, Carter stepping up one. Dot Phelan will be dropped from the engagement, thus letting Archie Adamson in. This alteration of formation is all for the strengthening of the Terminal team but my contention of last week that if the boys from the larger city cannot win with our only Sandy nursing a brass tab for two quarters, then they cannot this afternoon. Betting rules at even money, but a parcel of sims. will be unloaded with Westminster fans offering a shade of odds. They as champions and combination players, second to none in the Dominion can afford to let their money go out to find a smaller sum in return, and the market should rule six to four at opening.

Table with 2 columns: Name and Position. Includes players like Gray, Galbraith, Howard, T. Gifford, G. Rennie, C. Spring, W. Turnbull, L. Turnbull, G. Spring.

WHILST a summons or rather summonses have not yet been issued by the police for the arrest of the Westminster players who removed ripe seedless oranges from Manager Welsh's store on Wednesday, if the peel is returned IN PERSON by those who purloined the pulpy carpal fruit, no questions will be asked. The Salmons sure like oranges.

PERHAPS some boxing fan will please tell me what license Frankie Burns, of Oakland, California, had to climb into the ring last week to face Champion Adolph Wolgast in a contest boomed as for the world's championship. I bow to no man in my admiration of Oakland and her people, but they surely made an awful bloomer when they stacked Frankie up agin' the Michigan marvel for the premier title.

THIS match brings home to those who follow the mitt game, more forcibly the need of the formation of a governing body in the United States. In the land of the inception of boxing, namely, England challenges to the champion have to be forwarded to headquarters, and provided the challenger is worthy of the meeting, he will get a match after the expiration of the six months which the holder of the title can by rule, claim. There every Tom, Dick and Harry cannot but into the game, and provided the money end is all right, fix a date with the champion. No, not on your sweet life. Who had Frankie Burns ever administered such a defeat to that he was entitled to clash with the holder of the American (not world's) championship? It is not for the good of the game that every boxer's manager over the line can fool the public into believing that under his wing is an embryo champ. The matches in the past ten years

have been for gate receipts after expenses have been paid, or percentage. This also is bad for the sport. While it is true that Jeffries and Johnson put up ten thousand simoleons at the Albion hotel in New York, this was pulled down just about twelve months ago. This was one of the few occasions upon which real money was shown but as this same was taken back before the scrap, it bears out my argument that the contests which have been engaged in with the dough up from both parties could be counted on two fingers, and that might be one too many. I have seen Burns in action and also in private life a score of times and admire him, more as a youth than as a boxer, but rarely have I seen him in action and thought he would ever blossom into a world-beater. It may seem a harsh thing to say but not only did I not think he would stand before the champion ten rounds, but my opinion has been borne out by one of the best qualified writers on the Pacific slope who said that Wolgast did not try his hardest at any time to bring the sleeping draught into full play. I do not like to take other writers' versions at any time but being moved a few yards from the scene of action one has to depend upon sporting conferees.

WOLGAST, remembering that he has to do battle against Owen Moran, the Brummegem candy kid, on July 4, must of necessity keep himself under wraps to a certain extent and it would not have added to his banking account had he put Burns to by-by in a brief space of time. Jimmy Coffroth, the wise guy of the Californian sporting set, does not want any boxer to show his real worth before the big day which he has booked.

AND when you get right down to facts, where does Owen Moran come into the spotlight for this forthcoming engagement? Moran has never held the British championship and it has been one of my sore points that matches are boomed for alleged championships which should have been at the best just ordinary everyday bouts without premier titles bulging out at every angle. A world's championship should only be contested between the leaders of each country. Have, if you will, a series of elimination bouts and select only those who by sheer merit have shown their ability to swap punches with the best from the other centres. Then, and not until then, will a real championship bout be witnessed. 'Tis

true that there is no man on the face of the earth who stands anywhere near Jack Johnson in the heavies rank; so the Galveston coon has to be accorded the title, but in every other division there are opinions as to the superior man, and just where we are getting off at, I, for one, do not know. With Billy Papke, the Illinois Thunderbolt, and Jim Sullivan, of London, England, battling in the old country for the middle-weight title, there will not be any kickers. Papke defeated Dave Smith for the championship of the Golden Cross after returning to form, while the Englishman, holder of the Lord Lonsdale belt, emblematic of the championship over the seas, is without any question the most possible solution of the problem, and the bout at the National Sporting Club, London, will clear the air in the 158-pound class. The difference in the height and style of the two aspirants for the honors will cause much argument, and it is safe to predict that the movements of the American will be studied by English fans when Papke goes into training. Papke has a worrying style which could be offset by the persistent use of a straight left, and this will, I am inclined to think, win out for Sullivan. The latter is, like Papke, a good-living lad, and when they come to the centre for final instructions from the popular 'Gen Corri, sportsmen will see two of the better class of boxers in the ring, ready and eager to do battle for the honor of his country. Sullivan's my pet pick.

FIGURING up the league standing of a baseball team is a simple proposition, and yet, judging by the number of people who have asked me how it is done, I am forced to believe there are many fans here who are a little shy on this arithmetic exercise. Here is the way the "dope" is worked: Multiply the number of games won by 1000, and divide by the number of games played. This gives the percentage. Fractions are either discarded or assumed to be units, according to whether they are less or more than half the divisor. As an example take Victoria's standing on Thursday: Played 40 games, won 10, lost 30. Divide 10, plus .000, by 40: 10,000 (250) 8 00 2 00 2 00

Victoria's standing is thus shown as .250.

WITH the coming of a Y. M. C. A. building in this city I had looked for great times in the swimming tank, and just to have a general glance around, I visited the erection where squads of men are busily engaged at work, striving to have all completed in August. The swimming pool took some time to find and when I did come across it, I was horrified to find it was but a joke. The dreams I had about the chances of bringing perhaps, coast championships to this city have all

gone up in the air. I have seen smaller tanks but very few. Whoever permitted the architects of the building to draw out plans for this limitation, I do not know, and I regret that someone who should have been able to suggest the right thing had not been consulted. Apart from the actual tank being tiny, there is absolutely no room at either end for spectators to watch the future men at play. Where an instructor may stand and hand out instruction I fail to gather. There is a space of perhaps eighteen inches at the shallow end of the tank and this must be against the idea which should be uppermost in the minds of those behind the institution. Water polo cannot be played under the rules as the basin is much too small. In the States as in the old country, all swimming tanks are so constructed as to measure not less than seventy-five feet long and twenty-five feet in width. In constructing buildings such as the Y. M. C. A. those in charge should remember that there is no taste in nothing and even the organizers of the association when the scheme was formulated many years ago knew that if they built specious premises, could get their money back in a short period by the gate money which could be charged without infringing the Christian spirit, that is if money does so infringe. We are all in the game of life for what we can get out of it, and even those who guard over Y. M. C. A. affairs are out for the dollars. It is safe to say that had the tank in the Y. M. C. A. building in this city been twice larger and the seating or standing accommodation also been twice as great, the extra expense incurred would have been repaid in a comparatively short time. Inter-city competitions would have brought crowds of supporters from both organizations and the admission money would quickly have cleared off the debt. As it is now I think I am safe in stating that fifty people would not stand around the edge of the tank. This is the worst feature of the whole building, and of course, it is now too late to make alterations. More's the pity.

L. LARWELL, of Vancouver, who died in the early hours of yesterday morning, was the grand old man of B. C. amateur sport. I had twice met Mr. Larwell in the V. A. C. clubrooms, and my conversations with him in the company of Chester McIntyre, convinced me that this man had done a great deal for all branches of athletics, not only in the big city down the line, but throughout the province. Nothing was too difficult or irksome for Mr. Larwell to accomplish and when the history of amateur sport comes to be written, that portion dealing with B. C. will contain in letters of gold the name of the man whom death has taken from us. He was one of those few men who will be missed. There are many in this world who go, and departing, leave behind them traces for but a short while, but the work that was done by Al Larwell will live forever in the province which he did so much to make premier in the sporting sense. He battled with death for over a week, but the victory could not be won with a constitution impaired. May the earth lie lightly on thy grave and may we only hope that in the Great Beyond, we will all have the sweet rest which you have so well deserved.

GREEK PRIESTS MIX IN CURIOUS LEGAL SUIT Father Marchelenko Starts Litigation Against a Fellow Priest—Question of Ownership.

Winnipeg, June 2.—An embroglio of a curious nature is now before the court of King's Bench in this city. The plaintiff is Rev. Father Macri Marchelenko, of Winnipeg, while the defendant is Rev. Leon Timasko, of South Omaha, Neb. Both are priests of the Greek church, and some serious incidents are alleged in the statement of claim.

Father Marchelenko went to Father Timasko on November 3 last and offered to buy some property in St. Andrews. After negotiations usual between buyer and vendor of realty the price was set at \$1250 and Father Timasko paid a deposit of \$50 to bind the deal.

On November 29 Father Timasko called on the other father and asked him to have all the deeds ready, as he was prepared to pay over the balance. The title to the land, unencumbered, was made over in the name of Father Timasko, who gave a cheque for \$1200 on the Bank of Toronto, being the balance of the money due.

It was late in the afternoon when the deal was concluded and on the day following Father Marchelenko deposited the cheque in his bank, but a day or two later it came back bearing those mystic letters, "N. S. F.," which in financial circles means, "not sufficient funds."

The owner of the piece of paper—he has never since referred to it as a cheque—sought Father Timasko, but learned he had left on a visit to South Omaha, where he is at the present time, according to the latest advice.

Incidentally it is alleged that the property transferred did not belong to Father Marchelenko, but was vested in the name of the Greek church, with Father Marchelenko as sponsor.

George Moody is acting for Rev. Father Marchelenko, and already the case has had several hearings and will be concluded in a few days.

WINNIPEG CHILDREN HAVE \$21,178 IN BANK Penny Bank Proves Incentive for Little Ones to Save Money—Method of Deposits.

Winnipeg, June 2.—That the school children of Winnipeg had at their credit at the end of last year in the penny savings bank the splendid sum of \$21,178.17, is a statement made by R. H. Smith, secretary-treasurer of the Winnipeg School board.

This large sum of money illustrates the advantage of a convenient means of depositing small amounts of money in the bank. All the children upon entering the Winnipeg public schools are given a bank book and card with their name attached to it so that they can start whenever they like to put sums of money in the bank.

Each of the schools have their different days in which the children attending them can deposit their money. The bank book which the children are given is not allowed to be taken home, but a small card is given them instead so that their parents can see what they have put in the bank, with the amount duly signed by the teacher of the class.

The school children are allowed to put anything in the bank like from a penny upwards.

This way of banking is of great benefit to the poorer class of people who can only afford to give their little children a few coppers to put away but what is of greater importance to the young people, and to the older people also, is that they have some plan of investment for their saving that may be permanent advantage to them when old age arrives and their earning days are over.

of overhauling the balance of the track is being proceeded with as quickly as possible, and it will be in shape to run cars over a week after the safety switches arrive. All this work is being done under Track Foreman Freed, who has had 23 years experience in his line of work.

These safety derailing switches were ordered some time ago from Evans, Coleman & Evans, of Vancouver, have been shipped and are due to arrive in Nelson in a day or so.

On both cars Westinghouse airbrakes have been installed and are ready to be tested out as soon as the city turns on the power. These emergency brakes are, of course, under the direct control of the motorman at all times, and nine times out of ten, in an emergency, would be applied by him.

In point of fact car No. 1 has been ready to run for a considerable length of time, the motors and equipment of car No. 2, the repairs to which have all been completed with the exception of the painting, which is now being done. This will be finished in about a week.

Dressmaking Just received the latest Paris fashions in summer dresses and tailor made suits. Satisfaction guaranteed. Mme. Gaultier 513 Columbia Street.

NEW WESTMINSTER LAND DISTRICT—District of New Westminster, B. C.—Take notice that I, J. I. Dwar, of Vancouver, occupation merchant, intend to apply for permission to purchase the following described lands: Commencing at a post planted about one mile east of T. L. 32454, and two miles from Haslam Lake, thence east 80 chains, thence north 80 chains, thence west 80 chains, thence south 80 chains to point of commencement, and containing 640 acres more or less.

J. I. DWAR, Duncan O'Hara, Agent. May 2, 1911.

DEPARTMENT OF MILITIA AND DEFENCE. Nelson, B. C., Rifle Range. Notice to Contractors.

SEALED TENDERS, marked on envelope "Tender for construction of Nelson, B. C. Rifle Range" and addressed to the Director of Contracts, Department of Militia & Defence, Ottawa, will be received until noon, the 15th June, for the construction of a Rifle Range at Nelson, B. C.

Plans and specifications may be seen and full information obtained at the office of the District Officer Commanding Military District No. 11, Victoria, B. C., the Director of Engineer Services, Headquarters, Ottawa and the Officer Commanding 102nd Regt. Nelson, B. C.

Tenders must be made on the form supplied by the Department and accompanied by an accepted cheque on a Canadian chartered bank, for 10 per cent of the amount of the tender, payable to the order of the Honourable the Minister of Militia and Defence, which amount will be forfeited if the party tendering declines to enter into a contract or fail to complete it in accordance with the tender.

The Department does not bind itself to accept the lowest or any tender. EUGENE FISET, Colonel. Deputy Minister of Militia and Defence. Ottawa, May 8, 1911.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Public Building, Cranbrook, B. C.," will be received until 4 p. m., on Monday, June 12, 1911, for the construction of a Public Building, Cranbrook, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at the offices of Mr. Wm. Henderson, Resident Architect, Victoria, B. C., at the post office, Cranbrook, and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. By order, R. C. DEBROCHERS, Secretary. Department of Public Works, Ottawa, May 13, 1911.

CITY NEWS

The Misses Henderson will not receive again until the autumn.

Among the guests at the Russell hotel are H. Peel and J. Stowe, of Camrose, Alta.

Will pay cash for typewriter in good order. Visible writer preferred. Box W. L., this office.

The king's birthday will be duly observed in this city by the closing up of the government and municipal offices, banks and other institutions today.

Will the party who took a package of sewing machine needles and writing paper from Vancouver car on Wednesday evening kindly return same to J. H. Todd's music store.

The Orangemen in this city will take into consideration at an early date the question of a picnic on July 12. Several locations have been suggested, including White Rock and Agassiz.

For spring plants and cut flowers phone Davies and Son, florists. Phone 897.

The B. C. E. R. have made special arrangements for handling the crowds from Westminster for the big lacrosse match at Vancouver today. A special service will go into effect from one o'clock, with reduced fares.

Doctors Holmes, Hacking and MacSween, dental surgeons, have moved their offices from the Collister block to the Cliff block, corner of Sixth street and Clarkson.

Mrs. D. Walker will not receive on Monday, and not again until the fall.

The Ladies of the Maccabees will hold a social at the residence of Mrs. W. A. Duncan, Eighth street, on Monday afternoon. All members are invited to be present.

Rev. S. T. Bartlett, general secretary of Epworth League work for Western Canada, will address a meeting of Sunday school workers and Epworth Leaguers in Queen's avenue Methodist school room on Monday evening, commencing at eight o'clock.

Those who have their letters addressed at the post office are reminded that the wicket will only be open for one hour today, namely, from twelve until one; this owing to the official recognition of the king's birthday.

270—Good house on Sixth avenue on lot 66x132, near Eighth street, all in fruit and lawn. Price \$3200; on terms to arrange. White, Shiles & Co.

Immigration Officer Lawrence, always on the alert for those who come over the line uninvited, secured another bag yesterday morning, when he captured a number of foreigners who, after a short stay in this city, were escorted back to Cloverdale prior to deportation.

The meeting of the city council in committee called for last night did not mature owing to the absence of a quorum. The ex-auditor, Moses B. Cotsworth, was waiting to have a conversation with the council, but owing to the above cause, no business could be transacted.

279—New seven roomed house on Fourth street, piped for furnace; lot 50x150; first class in every respect. \$3800; terms. White, Shiles & Co.

An act of vandalism occurred in the pretty churchyard surrounding Holy Trinity cathedral during Thursday night, when some person raided the beautiful rhododendrons, and broke off a number of branches in blossom. Great care is always given to the grounds, which are traversed by many citizens daily, and the spoliation is therefore especially deplorable.

Day and night shifts are working at the Fraser Mills and rarely have the buildings at Millside presented such a busy appearance as at present. The Grainer will leave on Monday with 150,000 feet of lumber, this being the first of a large load for consignment at Barkley Sound, Vancouver.

276—New six roomed house fully modern, on lot 50x132; all cleared, cement sidewalks. \$2900; for terms to arrange see White, Shiles & Co.

Tomorrow morning at ten o'clock the steamer Transfer will leave for the first Sunday excursion of the season, from the B. C. E. R. wharf. From present appearances there will be a large crowd on board tomorrow when the moorings are cleared. For one dollar the jaded worker will be enabled to inhale the breezes and fresh air during the run to and at Pitt lake.

The Local Council of Women of Vancouver have, through Mrs. A. J. Hill, extended to the members of the council of this city a cordial invitation to be present at the annual convention which will be held on Monday in the board of trade rooms, in the Terminal City. The meeting will be called to order at half past three o'clock and a strong muster is expected from the Royal City.

No application has yet been received from Dr. Newcombe, who is collecting ethnological specimens for the provincial museum, for assistance from Indian Agent P. Byrne in connection with the reserves on the Fraser river. It is anticipated, however, such assistance will be sought owing to the many interesting specimens available from the Musquam and other Indian tribes on the lower Fraser.

Don't forget the dance at Eagles hall Monday night.

Hairdressing, manicuring, massaging; room 5 Market block, over Hunter's. Phone 870.

The social which was held in the manse of Knox church, Sapperton, yesterday afternoon was a huge success, financially and numerically, and the funds for the carrying out of several alterations will be greatly strengthened as the result of yesterday's function.
