DUTCH PEDESTRIAN LECTURES IN CITY

GOTTFRIED RODRIGUES SPEAKS TWICE ON TRAVELS IN VARIOUS COUNTRIES—ORPHANAGE CHILDREN ARE PRESENT.

Happy parties of children from the Orphanage and St. Anne's convent accepted the invitation extended to them by the Daily News, and attended at the opera house yesterday afternoon when Gottfried Rodrigues, the renowned walker and lecturer, entertained the little ones and many grown-ups besides for practically two hours with an interesting discourse, illustrated with pictures of the many places he had visited on his travel of $45,000 miles.

The Dutchman, who since leaving his homeland some eighteen months ago has acquired a sound knowledge of the English language, and though it was only natural that there was a want of all-round smoothness in the delivery, at no time was the speaker difficult to follow.

After explaining just why he had entered upon this self-imposed task of encircling the globe, Rodrigues went on to tell of the capitals of the world he had visited, and the photographs specially taken for the purpose by himself showed that he had been fortunate to catch all that was best in what might be termed the local coloring.

The foreigner, who had discarded his native costume and sabots for the more conventional dress of today, had a cordial reception from the attentive audience.

Each little member of the audience was presented with a welcome bag of candies by E. A. Paige, managing director of the Daily News, and the Sister Superior yesterday evening returned thanks for the enjoyable time which had been so kindly given to the children under her care.

Last night Rodrigues repeated his lecture before a fairly well filled house, and again this evening he will also appear at the opera house. He will bring his stay in this city to a close at once, as he is due to start for California in the immediate future, from whence he goes to New York in an attempt to break all records in a walk across the continent.

THIRD OFFICER RESPONSIBLE FOR LOSS OF STEAMER

San Francisco, June 17.—Third Officer Johnson, of the Pacific mail steamer Asia, which was wrecked on the Finger rocks off the Chinese coast on April 23, was held responsible here yesterday for the accident.

The British consul held the inquiry. Johnson was on watch at the time of the accident. The vessel itself has just been sold for $8000, $3000 of which is for cargo, as she lies on the rocks.

Return from Camp.

The 104th regiment returned yesterday from camp at Kamloops, and the four local companies lined up at the corner of Sixth and Columbia streets yesterday morning to cheer their officers at the conclusion of the drills. The Westminster companies A (Capt. Smith) and B (Capt. Goodland) proceeded to the armouries, while C (Capt. Bose), Cloverdale, and D, Chilliwack (Capt. Coote), entrained after breakfast for their homes. The usual field sports were held on Wednesday.

A Nuisance Removed.

The young man who has been sought for by the police for the past week as having been the cause of a deal of trouble to women on the avenues will cease from worrying for some time to come, as when he was cornered yesterday it was found that he was weak minded, and had been in the asylum for some time past, being only released on parole.

Sale of Gleichen Reserve.

Gleichen, Alta., June 15.—Only ten thousand of the thirty thousand acres of the Blackfoot reserve was disposed of at the sale yesterday, the bidding being weak. The only good price was $40 an acre, paid for a section of land with a spring on it. The concensus of opinion was that the reserve prices named in the list were far too high, the land being unfit for farming and cut up into sections too small for ranching.

Robbers Hold Up Train.

Grain, Oregon, June 17.—The Shasta Limited, which left Portland last evening at six o'clock, was held up five hours later between this town and Yoncalla, by two masked robbers, who entered the mail car after slipping the coach from the rest of the train. The clerk in charge of the mail and registered packages was overpowered, and while one of the hold-ups kept the officials at bay with his revolver his companion looted the contents of the car. It has not yet been estimated what the total amount of the loss is. Although the robbers possessed three revolvers, no shots were fired.

SENIORS DETERMINED TO CARRY OFF HONORS

Keen Struggle Anticipated at Queens Park Prior to Big Game—The Line-up.

Everything is completed for the seniors' game with the V. A. C. this afternoon, and both teams have been practicing for the match, trying out with the professionals on their own grounds.

The boys will dress at Moody square, and be conveyed by car to the park for the game, which is scheduled to start promptly at one o'clock. J. J. Mahoney will referee.

The seniors are in good shape, and as the regular centre player, McKenzie, is away, Fitzgerald can be relied upon to hold the position down. As this is the first game the V. A. C. has played, no comparisons can be drawn.

The public can rely on seeing fast, clean lacrosse played, and the match will relieve the tedium of waiting for the bigger card later.

The teams will be:

Westminster — Goal, W. Keary; point, Digby; cover point, B. Galbraith; first defence, W. Patchell; second defence, Leo Gregory; third defence, E. Cooper; centre, Fitzgerald; home field, W. Sclater, Kenny and J. Gifford; inside home, C. Smith; outside home, O. Swanson; spares, J. A. Smith, W. Sangster and Battson.

V. A. C.—Goal, Vernon; point, F. Matheson; cover point, Burns; defence field, William Craig. Donahoe, and Painter; centre, E. Matheson; home field, Gunn, Peacock, Murray; outside home, Wright; inside home, Crookall; spares, Knight, Gilmour and Feirheiller.

On page three will be found the nomination ballot, schedule of votes, and coupon in connection with the big Daily News automobile contest, for which valuable prizes are offered. All the other conditions appear as heretofore on page six. Do not forget to read the details. It is not often you can gain such fine prizes for such little work. They will be a treasure for a lifetime.

Canada's Fiscal Growth.

Ottawa, June 17.—The finally revised figures of revenue and expenditure of the Dominion for the fiscal year ending March 31 have been issued by the finance department. The revenue is returned at $117,780,409, as compared with $101,503,710 in 1910, thus showing an increase of $16,276,699.

ROYAL CHILDREN ARE SUFFERERS

Geneva, June 16.—News that Queen Victoria, of Spain, is coming to Switzerland late in June to have her second son, Prince Jaime, operated on for a defect of speech, comes as the first definite confirmation of previous reports that any of the Spanish royal children are defective. The truth is, according to apparently reliable information, that all of them are so, and there is good authority for the statement that in at least one case the weakness is mental as well as physical.

The children's infirmity is attributed to Alfonso's condition at the time of his marriage. It is known that he, in turn, inherited grave troubles from his father and was only kept alive during babyhood by the most heroic treatment. Later, an outdoor life and constant exercise seemed to be working an improvement, but more recently his health has been breaking up again. The story that he will spend next winter in Switzerland persists and is probably true.

MARVELLOUS GROWTH OF PRAIRIE SCHOOLS

Regina, June 16.—It has been Saskatchewan's proud boast for some years past that new schools were organized in the province at a rate of one every day of the year, omitting Sundays and holidays. The boast was a figure of speech, yet almost literally true. This year Saskatchewan can make that boast and make it with statistics to back it. It is more than literally true. New schools have been formed in Saskatchewan so far this year at a rate of more than one and one-half every day, excluding Sundays. Two hundred new schools have been formed in the province from January 1 to May 31.

FIRE DESTROYS PART OF SWIFT CURRENT

PRAIRIE TOWN HAS BUSINESS DISTRICT GUTTED—TWO COMPANIES ARE HEAVY LOSERS—$150,000 DAMAGE DONE.

Swift Current, Sask., June 16.—Fire today caused $150,000 damage in the business portion of this town.

Many leading firms were burned out, the heaviest losers being the International Lumber company, whose loss amounted tto $65,000, and the Great Northern Supply company $75,000. The former company carried $58,000 insurance; that of the latter is unknown.

A RUNAWAY.

Whistle of Road Roller Causes Chinaman's Horse to Bolt.

Wah Lee, a Chinese vegetable hawker, was driving his team along Eighth street yesterday afternoon when the approaching steam roller blew its whistle, and startled the horse, which burst into a gallop, which the unfortunate man could not check. It ran down Third avenue to Tenth street, and at the corner overturned the vehicle, which was smashed, both horse and driver being injured.

A doctor was called, and the Chinaman had to be taken home for treatment.

ALL RED ROUTE FAVORED FOR WIRELESS

London, June 17.—At the sitting of the Imperial conference here yesterday, the discussion of the previous day, that dealing with the state-owned wireless telegraph stations throughout the Empire, was continued, Sir Joseph Ward, premier of New Zealand, starting the arguments in favor of the general adoption of the scheme.

On behalf of the home government Postmaster General Herbert Samuel favored the proposition from a stragetic and commercial standpoint. It is proposed to establish stations in England, Cyprus, Aden, Bombay, Straits Settlement and Western Australia, from which could be linked New Zealand and South Africa.

GUNNER ALLEN RECEIVES LIFE SENTENCE

Victoria, June 16.—Sentence of imprisonment for life was passed at the Victoria assize today on Gunner Allen, found guilty of the manslaughter of Captain Elliston in August last. At the previous trial he had been found guilty and sentenced to death, but his counsel succeeded in securing a retrial.

TREATY OBLIGATIONS AND RIGHT OF WITHDRAWAL

Discussion on Power of Dominions to Negotiate Pacts for Themselves.

London, June 17.—The Imperial conference agreed last evening to the proposals put forward by Sir Wilfrid Laurier that he and Sir Edward Grey, British foreign secretary, should negotiate with foreign governments with a view to secure to the overseas dominions the right of withdrawing from any commercial treaty without impairing the treaty with respect to other dominions. It was also agreed, on the suggestion of Sir Wilfrid, to appoint a royal commission to report on the trade and resources, and the best methods to employ for their development in all matters appertaining to the governments of the Empire.

ALERTS FIND TROUBLE IN KEEPING BOYS TOGETHER

There are rumors of eruptions in the camp of the Alerts' Baseball club. The inside news is slender, but at the match yesterday evening stories were given credence by some of the members that things were not as they should be with an organization, the members of which are playing for the mere sake of enjoying the leisure moments in a busy life. Efforts have been and are being still pursued to keep the boys all together, and it is to be earnestly hoped that this view will be taken by those who should have the best interests of the fine sporting game at heart. The difficulty of getting the boys out to practice owing to other engagements may not be so acutely felt after the colleges and schools close down for the summer vacation.

IMMIGRANT SUICIDES FEW DAYS AFTER ARRIVAL

Winnipeg, June 17.—Maggie Hicks, a domestic servant from England, who arrived a few days ago, committed suicide last night by taking a dose of carbolic acid. This is the second case under identical circumstances in this city this month.

PENNY POSTAGE NOT UNIVERSAL

IMPERIAL CONFERENCE FAILS TO CARRY RESOLUTION FAVORING INTERNATIONAL TWO CENT POSTAGE.

London, June 17.—The subject of establishing universal penny postage which was put before the Imperial conference in session here yesterday, and backed by the home government government, was turned down.

Right Hon. Herbert Samuel, postmaster general, showed that the adoption of the scheme would involve an annual loss to the United Kingdom of $2,225,000.

The framers of the motion asked that the home government enter into negotiations with other governments to secure the adoption, but after discussion the proposal was droped.

LAST DAY'S RACING ON ASCOT HEATH

Ascot Heath, England, June 16.—Backers had another good day of it when the two favorites were first and second respectively for the Alexandra plate, the feature event of the closing day of the royal meeting. The bookies, however, took ample revenge in the Wokingham Stakes, which was won by the three-year-old sprinter Meleager.

The Alexandra Plate of 1500 sovereign, added to a sweepstake, for four-year-olds and up, two miles six furlongs and 85 yards, was won by W. Hall Walker's Royal Realm, 11 to 8; M. E. De St. Alary's Basse Pointe, 5 to 4, was second, and Sir Carl Meyers' Apache, 5 to 1, was third.

The Wokingham Stakes, a handicap of 800 sovereigns, six furlongs, was won by L. Neumann's Meleager, 20 to 1; F. W. G. Egerton's Galleon, 10 to 1, was second, and H. P. Whitney's Newcastle II., 7 to 1, third.

MARTIAL YOUNG WOMAN SHOOTS DEPUTY MARSHALL

Tragic Ejection Scene in Alaska—Girl Wounds Officer When Serving Writ.

Skagway, Alaska, June 17.—Deputy Marshal Fred Fonzo, of the U. S. service, is lying at death's door as the result of a bullet wound which it is alleged was caused by a sixteen-year-old girl, Lena Bernhofer, who fired directly at the officer when he was in the act of serving a writ of dispossession on the girl's aunt, who runs the New Home hotel in this city.

Lena was at once put under arrest, and Fonzo removed to a near-by house, where he is being treated. A deal of blood was lost by the official.

CORONATION CARPET A THING OF BEAUTY

London, June 16.—The great Coronation carpet is finished. The work has taken six months, and the weaving was done on a special steam loom Kidderminster. The cost of the specially designed portion of the carpet is estimated at $15 a square yard.

It consists of two strips each nine feet wide an done 153 feet and the other 76 feet long. These will be laid from the Abbey entrance up the aisle, and between the transepts to form the letter T. Underneath and covering the rest of the Abbey floor will be 600 square yards of plain carpet of a deep Royal blue.

The foundation of the designed carpet is of the same shade, and the pattern, in a blue of the tint of the Order of the Garter, consists of an interlacing of laurels bound together with ribbon. In the space formed by the laurel design and running down the centre of the stripe are alternate devices of the stars of the three principal orders, the Garter, the Thistle, and the Order of St. Patrick. Alternating with these is an elaborate scheme of the Tudor rose, thistle and shamrock intertwined.

Along the right and left sides respectively recur at intervals the initials G. and M. surmounted by the imperial crown. The three national emblems occur once more along the borders. The total length of the pattern is some twenty feet.

PLENTY OF MONEY READY FROM VANCOUVER FANS

Betting Heavy on Great Game Today—Conference on the Referee Question.

Advance guards from Vancouver arrived in the Royal City yesterday evening loaded with sacks of dollars which they were willing to bet, in some cases giving odds against Westminster's chances, in the great game of this afternoon. The oldest inhabitant, who is always consulted in a case of this kind, cannot recall ever having butted into such a proposition as this match will propound today. It is almost needless to say that the residents are taking up all the bests they can lay their hands on, and like Oliver Twist, they are asking for more. It has been recognized that the Salmons must win; that's all there is to it. A loss would put them well behind, and would certainly be the means of losing for them the confidence of many ardent supporters. It is also recognized that the practice matches of this week have been the means of making a radical change in the play of the world's champions, and that the victory of today will rest with Westminster is a foregone conclusion. There has been some trouble in the refereeing question, and a conference between the respective managers will be held before the match to see if the introduction of judges of play cannot be made, this in deference to the wishes of many adherents of both clubs who in the present series of matches see that the referee has all his work cut out to watch the actual play without having his attention attracted to "arguments" in different parts of the field.

AUDITOR SURRENDERS HIMSELF TO POLICE

Detroit, Mich., June 16.—After calling up the police department three times to learn whether a warrant for his arrest on an embezzlement charge had been issued at Walla Walla, Wash., Reuben Kreatz, 27 years old, was informed late yesterday that he was wanted and he promptly came to the police headquarters, where he admitted embezzling $1200 from the Pacific Light & Power company, of Walla Walla while he was auditor. Anxiety to see his wife and children caused him to surrender himself, he said. Kreatz says he left Walla Walla a month ago, having lost the company's money in unsuccessful investments. He refused to inform the Detroit police of his whereabouts until informed that he was wanted.

MISSING MOTOR CAR: MAN CHARGED WITH THEFT

Frank Chester Miller, a bright looking youth, appeared before Police Magistrate Edmonds yesterday morning charged with the theft of an automobile from a man, Sweet, who reported that prisoner had taken the car promising to either sell it or to return it at an early occasion. It was not until Wednesday evening that Miller made his reappearance in the city, where he was spotted by the police, who thereupon ran him in. Owing to the absence of the prosecutor, the court adjourned the case until this morning, when the matter will be fully gone into, and missing links connected.

Lloyds' Bank in Canada.

Montreal, June 15.—In connection with the rumor that Lloyds' bank is preparing to extend its business to Grea Britain's overseas dominions, it may be mentioned that J. W. B. Pease, vice chairman of the bank, is stopping in Montreal. Any extension, he says, would take the form of gaining control of an existing bank, as the Dominion bank act would prevent the establishment of a branch office of Lloyds' in Canada.

INTERNATIONAL JUMPS THE TRACK

GRAND TRUNK EXPRESS DITCHED—DRUMMER MEETS FEARFUL DEATH—SIX PASSENGERS ARE SERIOUSLY INJURED.

Toronto, June 17.—The International Limited on the Grand Trunk railway jumped the track at Newcastle last evening.

One passenger, J. Madill, a commercial traveller, was killed, and half a dozen passengers seriously injured.

The train was running at 50 miles an hour, and it is marvellous more were not killed. The dead man was standing in the vestibule of the train, and his head appeared smashed like an eggshell, when the body could be dragged from the debris.

PUBLIC JUMP FOR CHINESE LOAN

London, June 16.—Subscriptions to the British portion of the $30,000,000 Hukwang railroad loan to China for construction purposes, were opened today, and immediately closed, having been largely over-subscribed. The issue was quoted at a premium of 1 per cent.

Berlin, June 16.—Subscription to the Hukwang loan to China closed at once after being opened today, having been heavily over-subscribed.

DANGER OF TOO HIGH MULTIPLE IN DIRECTORIES

Tacoma, June 15.—Estimating the population of Tacoma at 100,388 on a new multiple of 2¼, Polk city directory for 1911 was issued today. Formerly the multiple of 2½ has been issued and this is still used in some cities, but this year, owing to the increase of manufacturing industries and the large element of floating population, the multiple was reduced to 2¼, as a result of a careful analysis of a sufficient proportion of the names to justify this basis.

LANGFORD WINS ON POINTS FROM CAPONI

Winnipeg, June 17.—The ten round boxing bout between Sam Langford and Toni Caponi, the Italian boxer, took place here last night. The former played with his opponent before 5000 spectators, and in the seventh meeting had the foreigner groggy, the police stopping the proceedings until Caponi recovered. The closing rounds were all in favor of Langford, although the claimant to the world's championship failed to show his true form.

The Secret of Money-Making

Many men make money by taking long chances—others lose.

A sure winner--a proposition in which you cannot lose--does not usually carry a very large profit, yet is preferred by many even if it only pays three or four per cent. per annum.

There is a happy medium, known as the standard investment, with safe security, which deals with the natural resources of a country.

Coal has made money for more men than any other form of industrial proposition.

To make money from coal all that is necessary is to take it from the mine's mouth.

No expensive process of refining or treating of ore.

Coal is "gold" the moment it is dumped into the bunkers from the cars out of the mine.

You have an opportunity now of buying in what is destined to be, perhaps the greatest coal mine in Western Canada. Men who know say that it will rival the famous coal mines of the Pensylvania coal fields.

The British Pacific Coal Company can lay down fuel at Prince Rupert cheaper than any other coal company operating on the Pacific coast.

The property fronts on salt water, Skidegate Inlet, Graham Island.

The coal outcrops at the surface. One seam contains **36,000,000 tons** and it is anthracite of the finest quality, carrying 83 per cent. of fixed carbon.

Engineers--men who know--say that the anthracite coal from the property of the British Pacific Coal Company ranks with the anthracite coals of Pensylvania, and anthracite coal is the king of all coals, bringing as it does the highest price and costing no more to mine, representing but one-half of the labor in stoking, occupies but one-half the space of bituminous coal and requiring but one-half the quantity to produce the same amount of work as bituminous coal.

It burns slowly, with a clear flame; no soot, giving out intense heat and leaving a small amount of ashes.

Trustee T. R. Morrow is offering the public of British Columbia shares in the British Pacific Coal Company having a par value of $1.00 for 35c. knowing that the shares represent a proposition equally as promising as any of the great coal companies situated throughout United States and Canada.

If you believe in the province of British Columbia, if you have faith in the natural resources of our country, then you believe in coal.

Only a few thousand shares remain to be sold at 35c. The next block of stock goes on the market on Tuesday morning, June 27th, at 50c. a share.

This means that those who buy today at 35c. actually find themselves the holder of a profit in the shares which gives them an immediate gain of 15c. per share in the advance in price.

That is, the man who buys shares at 35c. has made a profit of 15c. a share on the morning of June 27th, and all the cash required to handle 1000 shares is $100 the remainder is payable in three equal monthly instalments. You take no chance.

This is not a gambling proposition. Men are at work now opening up the coal veins and getting the coal ready for shipment.

No applications received for less than 100 shares.

TERMS--10c. per share with application; balance in three monthly instalments.

Remember, the sale of the 35c. issue closes Monday evening, June 26. Call at the office of the Trustee, 421 Columbia street, New Westminster, for full particulars.

PONTIFF ILL AND REST IS ORDERED

FORECASTS ARE ALREADY BEING MADE REGARDING PROBABLE SUCCESSOR TO POPE PIUS—NO VETO AGAIN LIKELY

Rome, June 16.—The pope is not granting audiences, ostensibly for the reason that Italy is celebrating the jubilee of the Italian occupation of Rome. The real reason is said to be that he is weak and depressed and has not yet recovered from the effects of his last attack of gout. The pope's physicians have ordered him to take a prolonged rest.

As a result of the prevalence of disquieting reports in regard to the condition of the Pope's health the possibility of a conclave in the near future is discussed, but there is not the slightest sign of canvassing or intrigue among the cardinals for the chair of St. Peter. Nevertheless prognostications as to the possible successor of Pope Piux X. are being made.

Cardinal Rampolla.

Cardinal Rampolla is considered to be almost certain of 30 votes from among the 62 who voted for him at the last conclave, when Austria's veto prevented his election. Although the cardinals objected to the use of this veto power it practically eliminated the then papal secretary of state and eventually his vote dropped to ten.

Thirty-one cardinals are still living who were at the last conclave. The Sacred College now has only 49 members, 28 Italians and 21 foreigners. If the conclave should be held this year or next not all these 49 will be able to participate. Some are old and infirm. Oreglia is 83 and bedridden. Gruscha is 91 and Capicelatro 88. It is, therefore, probable that not more than 40 or 45 will enter the conclave.

Pope's Own View.

It may be assumed that the cardinals who voted for Rampolla at the last conclave will again support him, while it is well known that many of his former adversaries are now his supporters. The pope himself is reported to have said that he felt that his successor should be Leo XIV., thus clearly designating Rampolla, whose policy would have been a continuation of that of Leo XIII.

There will be no mention of a veto at the next conclave. One of the first acts of Pope Pius X. was the promulgation of a constitution abolishing it and prohibiting cardinals under the pain of excommunication from receiving even in the form of a simple desire any demand for their good offices in presenting a veto or making it known in the conclave regardless of whatever manner it may have come to their knowledge.

CANADA AND THE TREATY RIGHTS

Though statements to the contrary have been made there is really nothing new in the attitude which Sir Wilfrid Laurier has adopted at the Imperial conference in regard to the treaty rights and privileges of Canada. Nearly twenty years ago, to be precise, in 1892, the Canadian parliament addressed a memorial to the Imperial government declaring that the obligations of the most favored nation treatment imposed upon the Dominion treaties were "incompatible with the rights and powers subsequently conferred by the British North America Act upon the parliament of Canada for the regulation of the trade and commerce of the Dominion; and that their continuance in force tends to produce complications and embarrassments in such an empire as that under the rule of your majesty, where in the self-governing colonies are recognized as possessing the right to define their respective fiscal relation to all foreign nations, to the mother country and to each other."

The reply of the Imperial government was that in order to confer the desired freedom upon Canada it would be necessary to very extensively revise the existing commercial treaties of the British Empire, which would result in a great break up of existing commercial relations, of which Canada enjoyed the benefits. Since that time, however, the Imperial government has so far recognized the rights and privileges of the self-governing colonies as to make a formal enquiry of each as to whether it wishes to be included in any commercial treaty that is being negotiated. The most recent instance of this was in connection with the new Anglo-Japanese treaty, when the Dominion government was invited to say whether it desired to be included in its provisions. The reply of the Canadian government was that it preferred to negotiate its own treaty with Japan. To this end negotiations are now proceeding.

Most of the treaties which are burdensome to Canada are old ones, some dating as far back as 1825, and they are, for the most part, such as were made prior to the granting of the self-governing rights to the colonies. The movement now being made is chiefly in consequence of the difficulty which presents itself in connection with the reciprocity agreement with the United States. By reason of the operation of the most favored national principle Canada will have to extend the privileges which she gives to the United States to no less than twelve other nations which have favored nation treaties with Great Britain. Though perhaps the extension to these countries of the privileges proposed to be conceded to our neighbor on the south may not have any very serious commercial consequences, none of these being expected to become large exporters of the goods with which the reciprocity agreement deals, it might very well be otherwise at some future time. The step taken by Sir Wilfrid Laurier is therefore thoroughly justified.

FAMOUS CRIMINAL BROUGHT TO BOOK

BLIND POOL SHARK RECEIVES FIVE YEARS' IMPRISONMENT—CAUGHT IN PITTSBURG THIS SPRING.

Montreal, June 16.—"Guilty" was the verdict rendered today in the case of C. D. Sheldon, charged with appropriating to his own use funds given him by various clients for investment. A sentence of five years in the penitentiary was given immediately. The judgment was rendered by Judge Langelier, who had sat as trial judge in this case in the court of special sessions. Theft was the particular charge on which the judgment was rendered.

Charles D. Sheldon first appeared in Montreal in the fall of 1908 and immediately began advertising in a small way in certain daily and weekly newspapers. The game of which he posed as an exponent was what is familiarly known in the world of finance as a "blind pool." He claimed to be on the inside of the stock market and that he could manipulate stocks and securities in such a manner as practically to guarantee from 20 to 30 per cent. a month on his clients' investments.

His departure on October 11 created consternation among his depositors, the large part of whom were widows and people in straightened circumstances and could ill afford to loose the money.

On March 27 he was apprehended in Pittsburg by O. R. Hatfield, of the Pinkerton detective agency, and William Elmore, of the Pittsburg city detective force. Immediately following his arrest, Chief McCaskill, of the provincial detectives, was notified and proceeded to Pittsburg to bring Sheldon back to Montreal.

MARKET REPORT

(Saturday, June 10.)

Warm weather has given the meat selling fraternity a setback for the present and yesterday at the weekly market, fish held the field against all comers. Spring salmon, although showing an improvement over the previous week's supply, was not so strong as many would have desired, the result being that the slabs were depleted within two hours of the opening. While sturgeon, massive looking, was in demand, fresh herrings had the pull in public favor and the factors of Vancouver appreciated that they had been lax in not sending a quantity sufficient to supply all seekers after this specie. Cod and halibut sold rapidly at the old prices.

Californian cabbages, as last week, made a brave showing, but yesterday they had opponents in the home grown article. The price of both is still a bit prohibitive. The same could be said of strawberries, which were found for the initial time this season on the local market. A healthy supply of the berry from Sumas fetched 20 cents per basket, and the fruit had willing buyers.

Poultry took a jump forward yesterday, dealers plying a heavy and lucrative trade. Unlike last week, when the supply of ducks was weak in the extreme, yesterday saw a big parcel of these brought up for disposal and this tended to bring down prices.

Eggs, though short in numbers, were not eagerly sought after, and the same applies to butter, which maintained last closing prices.

The official quotations were as follows:

Beef, hindquarters, per lb.	12c to 14c
Beef, forequarters, per lb.	9c to 11c
Pork, wholesale, per lb.	12½c
Veal, wholesale, per lb.	10c to 13c

Salmon Bellies Will Do Their Duty at Home—A Boost for Judges of Play—Moran-Wolgast Alleged Championship Contest Aver Short Marathon—Time's Whirligig Brings Round Reminiscences Of Johnson-Jeffries Bout.

BY ROBERT A. WILSON.

WELL, we got left at the post last Saturday, didn't we? But, never again. Much has been said in the various newspapers and in the street since the awful happenings of last week, but all the talk cannot bring the lost points back. What must be confessed is that the Salmons were beaten by a team superior on the day's performance, and Con Jones deserves all the credit that is coming to his aggregation of stars. Westminster fans are far from downhearted and have resolved that the end of the losing streak has been struck and that from now onwards the champs are out for the long end of the score—and they'e going to get it, too, have no fears on that point. We in the Royal city readily confess that the Vancouver twelve is the dandiest lot ever formed in the larger burg, but that will only make our boys work the harder to show the spectators this afternoon that having found their stride, they intend putting up such an exposition of the national game as has not hitherto been witnessed on this coast.

IT has been common talk that Buck Marshall would be given a place on the twelve today, but those who did duty last week will again turn out, though in slightly altered formation. Personally I would liked to have seen Buck playing in this game but I presume, the executive know their own business best and it may be well in some ways that the team which was beaten by the Vancouvers last Saturday take the field again and by their performance show that not only were they off color in the last two matches, but by their showing today offset the notion which some have fastened to their brains that the heyday of the Salmon Bellies is a thing of the past.

A thing of the past. Ridiculous! Why, the locals by their practice games during the week have proved that a lengthy period has yet to intervene ere this past stage is entered upon.

THERE are some—fortunately few—who will tell you, as they have told me, that the local players sold the game last week and the week before that, but I can assure those poor idiots that I know for a fact that at least six of the players backed the champs to win, to win by doubling the score, as a matter of fact, while one of the officials of the club last Saturday lost a big wad as the result of the 3-6 game. Doesn't look like we sold the game, eh?

BY ordering that daily practice be indulged in, the executive of the Westminster team has shown that the patrons, those who assist by their presence in footing the bill will be given full consideration. The lacrosse team is a city institution, an institution which is a mighty big asset to this community. At a banquet to which duty called me on Wednesday evening at the Russell hotel, representatives from widely separated parts of the province, without a single exception, made special note of the fact that Westminster and the world's champion team were synonymous terms and didn't the listeners cheer? This gathering was not one of sportsmen in the generally accepted term, and it showed to me more clearly that business men, every time this city is mentioned—which is quite often—at once associate it with the stickhandlers of whom we feel confident will by their play during the remainder of the season will keep in this city, the blue riband of the lacrosse world, the Minto cup.

OFFICIALS of the B. C.. L. A have in conversation spoken of the re-introduction to the field of play judges, and I for one, am heartily in sympathy with the idea. From the matches which I have witnessed this season there is no question that such an official or officials are urgently required and the sooner the association allocate ex-players to these positions the better it will be for the game itself, the spectators, the players and the poor long suffering referee. It has been suggested that the ruling body appoint two judges of play, one on each side of the field, this tending to put a stop for all time to the little "arguments" which sometimes take place between players when the ball is in a distant part of the field and when the whistle holder cannot be expected to have his optics everywhere at the one and same time. Spectators as at last week's match, are apt to forget that the referee cannot be expected to keep tab on all that transpires when an important engagement is under discussion. Spectators should try and remember that a man like Barlow Galbraith has no axes to grind and he clearly showed this last week when he made his debut in this season's league matches. The Vancouver crowd is, generally speaking, a narrow-minded one, and on Saturday they could see no good in the actions of that official. Those who viewed that match in an absolutely impartial light had nothing but praise for Barlow, who made but two errors in the whole game, but these he could not well take on his own shoulders. Had he had the assistance of field judges the wailing sections might have been quieted.

TWELVE months ago! These were stirring times in the camps of Jack Johnson and Jim Jeffries. The air was full of changes of venue, the soldiers were marshalled at the Presido in San Francisco ready to march on either Louis Blots or Tex Rickards' open air arenas, and generally the god of fistiana was having the time of his life guarding over the kings of the padded glove. Governor Gillett from the capital at Sacramento put the ban on Frisco as the scene of the battle, Jack Johnson engaged an ex-baseball player to guard his sleeping quarters at the beach; Jim Jeffries paid his big gambling debt after being summoned to travel to Reno to appear before the courts in the city of divorces, and altogether the scribes had the time of their respective lives watching and awaiting developments. Having been the first newspaperman to join the boxers camps, and having stayed with Jeffries practically nine weeks prior to shifting my camp to Seal Rock, Frisco, I was necessarily in the closest touch with both men, and thus got inside on the doings. There were many things which did not come out—and perhaps never will—in Californian papers of twelve months ago for the reason that politics cut a big figure in the changing of the battle ground from Frisco to Reno. Graft, the word which thank goodness is almost unknown in these parts, was playing "a full house" and the tired and worn out press men were travelling to and fro to the governor's house endeavoring to learn information so as to scoop their fellows. Twelve months ago this afternoon, Al Kaufman was to have met Sam Langford in Frisco, but at the eleventh hour, the soldiers were given marching orders to stop the bout and the photograph of a squad of Tommies sitting around the arena is indeed an odd one.

"OFF to Reno" was the cry that rent the air when after consultation with sportsmen in that city, Tex Rickards and Jack Gleason decided to pull off the bout in Nevada. And then, wasn't there one mighty rush of all the boys to secure quarters in close proximity to the field of play? Ah, well, its all over, and despite the fact that some there were so averred that Johnson would be outed by his (alleged) manner of living long before this time, the great Jack is still cock of the walk and will be for quite as long again.

FOR reasons which are not apparent and which when they are, will not find favor with the boxing fan, Jim Coffroth who is handling the Ad Wolgast-Owen Moran contest, supposedly presumably for the world's lightweight championship on July 4 in Frisco, has sent broadcast the press story that the bout will be restricted to twenty rounds. It does not necessarily follow as some mutts would have us believe that if a contest between Battling Nelson and Wolgast which was for the championship was scheduled for forty-five rounds and went forty rounds when Eddie Smith called Wolgast off and awarded him the title, owing to Nelson being beaten—in the referee's opinion I hold that Coffroth is acting wrongly in stipulating that the bout two weeks hence be restricted to twenty rounds. While I do not think that the men will be battling after fifteen rounds as I said in these columns some weeks ago, it would only be fair to Moran that the contest in common with all these on the American continent be over forty-five rounds route. Coffroth has the reputation of being the shrewest promoter in the business, and as there is the possibility of both men being on their feet at the conclusion of the twentieth, itmay be that Coffroth has a second meeting in his brain tank between the German-American and the laddie from over the seas. Be that as it may, the win by Moran would entitle him to wear the lightweight crown as representative of the world's championship, especially as he has never contested for the English championship, and surely all fair-minded sportsmen would prefer to see the holder of the recognized title from the motherland taking a crack at the American holder instead of a clash which when all is said and done will only show us a mighty good lad up against the Yankee holder. Matt Wells, who by the telegrams from the east this week soundly thrashed Pal Moore, will be at the ringside when Moran and Wolgast unrobe for their little discussion and a meeting between the acknowledged English champion and Wolgast, who by his victory over Nelson is the rightful American holder, would be the means of showing us how really good Wells is, as in my opinion—and I am in a position of knowing—the London boy has never yet been extended.

BONES Allen, who was lightly damaged in the exchanges last Saturday, will in all likelihood will be on the non-starting list this afternoon when the ball is sent on its journey. In this case, Dot Phelan will get a place, and it is to be hoped that this player will show cleaner tactics than those he displayed in the two first games of the season. Newsy Lalonde, owing to the change will appear at first home, but the remainder of the team will be the same formation as on the past appearances this year. Queries have been made as to when Davie Gibbons will take the goalship for Vancouver, but to these I would say "bide a wee the noo," whatever that may mean.

MORE trouble in the lacrosse camp. A meeting of the executive of the B. C. L. A. council will be held here this afternoon when the question of a referee to take the place of Matt Barr will be brought up by, it is understood, representatives of the champions. There seems to be a deal of dissatisfaction in certain quarters over some of the decisions handed out by Barr in the matches which have been contested in Westminster and the local management claim that by constitution when both clubs cannot agree on a certain official, that the matter is up to the president of the association, and who this season happens to be Nels Nelson. This hard working officebearer has a task in front of him which I, for one, would not care to handle, even with kid gloves, but that Nels will find some way out of the unfortunate dilemma may at this stage be taken for granted. Just how far the association will stick to its tactic understanding to stand by the chosen referees is, as Kipling would say, a horse of another color. Oh, for those judges of play! It is to be hoped for the good of the game that there will be no trouble and that should Nelson decide upon another whistle holder then the Vancouver management and players will stand back of the appointee.

JACK Thompson, the two round fighting Russian of this city, has been invited to make an appearance in Vancouver on Dominion Day, July 1, at Brockton Point to box four rounds with an opponent to be yet selected by those who have a gigantic sports meeting under way for that "'Ampstead 'Eath Houting" in the Terminal City. The management in the course of a letter to this writer tell of the preparations made for a splendid afternoon's sport and fun and entre nous (English, under your hat), inform me that ?????? has been specially engaged for the boxing part of the show. As other promoters are angling for ?????? I have been asked to keep it dark for the moment, but after a conference which I have been asked to attend this morning the cat will be let out of the bag, officially.

OH, by the by, don't forget to get one of the nattiest things in the goal scoring series of cards which have ever struck this city, the home of lacrosse? Peter Peebles, a fan of the fanners, has brought out a scoring disc which will be distributed to the rooters this afternoon at Queens park. The idea is only in its early stages and has not yet been perfected in the manner desired by this Scottish fan, but next year the disc will be so made as to include the four quarters instead of as at present, but two. Still, Rome was not built in a day and we have to be thankful for small mercies. There will be a supply in the press box, but please do not bombard the writer.

UNDERNOTED are the teams as they will line up this afternoon on Queens park:

MAPLE LEAFS WIN EASILY FROM ALERTS

Yesterday evening the Maple Leafs "came back," and in beating the Alerts by 14 goals to 4 showed that they have got into their stride again. The representatives of the Canadian emblem had their strongest nine at work, and the result was that every man-jack played the game of his life, and came through with flying colors.

In the first inning, the Leafs scored no less than six runs against the poor single wee one from the Alerts, who were beaten down at every point by their opponents, who have rarely shown such form in this or any past season. In the third innings, after an even break of one run each in the second, the leaders came along and rattled up a quintette of rounds, and the response from the Simon Pure amateurs was but another solitary, lone single, which at that was only gained by the veriest chance.

The score by innings was:

Maples .. .. 6 1 5 2 0—14
Alerts .... 1 1 1 1 0— 4

The teams:

Alerts, Brown, Ball, Storme, Stewart, Walsh, Sellery, Sinclair and Corbett.

Maples—Sayce, Hhunkey, Weingerton, Silver, Jamieson, Roache, Hanford, Dinnan and Glass.

INFORMATION ABOUT DAILY NEWS CONTEST PUBLISHED ON THIS PAGE EVERY DAY

Candidates in One District Are Not Restricted from Securing Votes or Subscriptions in Any Part of the Territory.

The $1750 Auto is on Display at T. A. Muir & Co's. Drug Store. The $500 Piano Can be Seen at the Columbia Piano House. The Furniture Sets Can be Seen at Galloway & Lewis. The Watbhes Can Are At T. Gifford's Jewelry Store. The Scholarships Were Purchased from The Westwinster Modern Business School.

By reading the contest matter, published daily in the Daily News, you will find every day answers to questions that you will later ask about. Several have written long letters on subjects that have been fully treated in these columns. The contest department does not in the least object to answering these letters, but you save yourself the trouble of writing, if you keep up with the daily story.

There are several candidates who have signified their intention of entering the contest and have written for subscription books, but whose nominations have not been received. Their names, of course, are excluded, as no votes have as yet been cast for them. Moreover, the list that was published yesterday is far from adequate for today's issue. Every mail brings in new names, and it is very likely that by the time you read this, there will be 25 candidates who are not on the list, please notify the contest department at once.

Securing Subscriptions.

Candidates in any certain district are in no way restricted from securing subscribers in any locality that they may wish. For instance, a candidate in district No. 1 may secure subscriptions in the other districts; in fact, candidates may secure subscriptions wherever they can get them.

Future Subscriptions.

Contestants may find in some cases friends who wish to help them in the contest by subscribing for the Daily News, but are already taking a local paper which is paid in advance and do not desire to receive more than one local daily in their home at the same time.

The contest department has arranged to accept and issue votes on all such subscriptions, the paper to start at any future date that the subscriber may designate.

Nominations Still Received

If your favorite is not entered as a candidate now is the time, and a little campaigning and enthusiastic work will overcome any lead that those who are already entered in the race may have. If your community is not represented by a popular young lady send in a nomination today, for now is the time for an energetic person to enter the contest and win.

If you have votes to cast, select some girl from the list of candidates and sent your votes to her or the contest manager.

Delay Is Dangerous.

You must never forget that though tomorrow would suit you just as well or better than today to se a possible subscriber, today may suit the person who is running you hardest in the race. It is more than tiresome to be told: "I would have given you my subscription if you had only spoken yesterday." This must of course happen now and then to the most active candidate —no one can be everywhere at once—but if it happens to you more often than to others you should ask yourself what is wrong.

No Limit to Your Field.

There is practically no limit to your field of effort. Every district is open to all candidates of the other district to solicit subscriptions and more than this, the Daily News will be sent by mail to any place in the United States for the same price that it is delivered in New Westminster.

Get in touch with your acquaintance everywhere. You will be surprised by the response you will receive from some of those who once lived here and now long for news of the old home.

Be a Winner.

If you will follow our advice and suggestions as published in the Daily News, you will win a prize in spite of yourself. We want to help you to do so by every means in our power. To this end we publish daily information and suggestions which are of great value. Do not fail to read them Whoever wins the automobile is going to be happy in the possession of it for many years to come. In fact, the happy winner of any of the 11 prizes will be more than rewarded for the effort made.

We are interested in you and want you to be interested in the Daily News.

The District.

In order to give every candidate an equal chance to become the possessor of one of these valuable prizes the territory has been divided into three districts as follows:

District No. 1—All territory west of east side of Sixth street, within New Westminster city limits.

District No. 2—All territory east of west side of Sixth street, including Sapperton.

District No. 3—All territory covered by the Daily and Weekly News outside the city limits of New Westminster.

The Prizes.

Eleven in all. Two grand prizes and nine district prizes will be divided into the three districts as follows:

The candidate receiving the greatest number of votes in the three districts combined will be awarded the $1750 McLaughlin Buick touring car.

The candidate receiving the most votes in the remaining three districts will be awarded the $500 piano. This piano was purchased from the Columbia piano house and is on display at their store, the Walker block, 425 Columbia street.

The candidates getting the greatest number of votes after the winners of the grand prizes will be given their choice of the district prizes.

The Nine District Prizes.

Three scholarships purchased from the Westminster Modern Business college. They are good for eight months tuition and worth $96 each.

Three handsome furniture sets worth $75 each purchased from Galloway & Lewis and can be seen at their store, corner Fourth and Columbia streets.

All questions that may arise will be determined by the contest manager and his decision will be final.

All money paid to the contestants on subscriptions must be sent direct to the contest manager. We will acknowledge receipt of all remittances and special ballots will be issued and forwarded to the candidate.

Contestants who live in one district are not prevented from securing votes or subscriptions in any other locality as votes are allowed on any paid or prepaid subscription. If an order for a subscription is sent in with the money votes will be issued in favor of any contestant that the writer may designate and be returned to the subscriber or mailed to the candidate if desired. In no case will any change be made that is not of equal fairness to all candidates.

The News reserves the right to make any changes of additions to the above conditions that may be deemed necessary in the interest of the contestants.

In accepting nominations all candidates must accept and agree to the above conditions.

URGES BENEFIT TAX ON WORKS OF FINE ART

French Deputy Proposes to Benefit Artist and Heirs by New Charge.

London, June 16.—Andre Hesse, deputy for La Rochelle, has introduced a bill in the French Chamber of Deputies proposing that whenever a work of art, painting, sculpture, engraving or drawing is sold at public auction the buyer must pay in addition to the usual charge 2 per cent on the price, which will go to the artist or to his heirs for fifty years after his death. Objection is raised to this proposed tax on the ground that buyers who already have to pay 10 per cent. on their bids as a fixed charge may desert Paris as a buying centre if that charge is increased. New York is feared as a competitor to the Hotel Drouot in the sale auction of art objects. In support of this contention there has been compiled a list of the chief prices obtained for paintings in two cities between October, 1909, and October, 1910. It shows only four paintings sold at the Hotel Drouot at prices between $4800 and $12.400, while New York had ten between $25,000 and $100 000.

Paris is still the chief centre for selling tapestries, lace, enamels, ivories and faience, although New York has sold during the period concerned a Bagdad carpet for $19,600 and a Houdon's bronze ("Diana") for $49,000. This record of a year's sales is being used by those interested in Paris sales as an argument against M. Hesses bill.

The bride was attended by her sister, Miss Beatrice McDonald, who wore a dress of mauve marquisette with lace trimmings and touches of gold, and a hat of mauve chip trimmed with shaded mauve and pink flowers, and carried pink sweet peas. Mr. and Mrs. Sipprell are spending their honeymoon in the south, and later will make their home in Seattle. The groom is a half brother of Rev. Dr. Sipprell, late of this city.

New York, June 15.—An automobile containing eight men pulled up in front of the Hotel Roy on West Thirty-fifth street, near Broadway, about one o'clock this morning and the men all lined up before Charles Simmons, the night clerk. Each of them held a revolver and their leader ordered the clerk to stand back while he explored the cash drawer of the open safe. There was nothing else for the clerk to do and the intruders quickly scooped out $160 in bills. Then they filed out, the last one covering the clerk with his revolver until all were outside.
