ATTEMPTED ASSASSINATION

King of Portugal Intended Victim—Palace Wrecked and Three People Injured.

OTHER NEWS BY TELEGRAPH.

Lisbon, Portugal, October 29 The youthful king of Portugal was the intended victim of another attempt at assassination today. A bomb, placed in the royal palace for the destruction of King Manuel, exploded with fearful force, wrecking the entire wing of the palace. Three persons were injured, but the king was unhurt, arriving at the palace a few minutes after the explosion.

Ottawa, Oct. 29—If the recount goes against Templeman in Victoria he will have to step out of the government. His successor as Minister of Marine and Fisheries will be either William Sloan of Comox-Atlin or Ralph Smith of Nanaimo. Templeman was the only minister to be defeated.

Vancouver, October 31 —W. W. B. McInnes, the defeated candidate of the Liberal party in Vancouver, has been invited by the Liberals of Dawson to contest the constituency of Yukon, one of the districts in which elections are delayed.

Ex-Secretary of State Scott will be, in all likelihood, appointed speaker of the Senate at the beginning of the next session, which will be early next January. Premier Laurier was given a hearty welcome by local Liberals on his return to the capital. In regard to the result of elebtions he declined to make any comment.

North Bay, October 30—Returns for Nipissing are not all in as yet. McCool, Liberal is ahead by two votes with ten polls yet to hear from.

Brantford, October 30—It is considered quite possible that the Conservatives will contest the election of Harris on the ground of intimidation and bribery.

Red Deer, Alberta, October 30—This riding is still in doubt. Clark, Liberal, is ahead and has that much the best of it. There are several polls still to be heard from.

Victoria, October 29---Barnard, Conservative, has formally been declared been declared elected. The Liberals have asked for a recount.

Edmonton, October 30---The three story building of Foley, Lock & Larson collapsed today. The entire stock was almost entirely destroyed and several other firms lost heavily, the entire damage amounting to over $100,000. Luckily all the employees had left the building fifteen minutes before the crash came.

New Westminster, October 30---Jenkins, the negro found guilty of the murder of Mrs. Morrison, has been sentenced to be hanged December 18.

Quebec, October 30—The Bank Provinciale, at St. Raphael, was dynamited last night and the entire contents of the vault were stolen. Manager Fiset, awakened by the noise of the explosion, rushed into the bank in his night robes and was met with a volley fired by the robbers, one bullet passing through his wrist. The amount of cash secured by the burglars was $4,500.

A posse was immediately organized and started in pursuit of the escaping criminals.

LOCAL AND DISTRICT NEWS.

Hugh Grant came up on the last boat and will put in the winter in the interior.

Joseph L. Coyle of the Herald returned from the coast on the last boat.

C. G. Harvey of the Bulkley Valley is in Hazelton this week on business.

After this week the Herald will be printed in the new Slinger building, opposite the post office.

Jack McNeil, of the firm of Broughton & McNeil, Aldermere, was in Hazelton on business this week.

E. E. Charleson is leaving next Monday for the third cabin on the Dominion telegraph line, where a bridge was washed out by the last freshet.

Jazef Sperry Klyan, (this is official), commonly known as Dutch Cline, arrived in Hazelton Friday from an extended trip into the Bulkley Valley.

The str. Hazelton made her last trip up the river tnis week, arriving Monday and leaving Tuesday, She will go direct to Port Simpson, there to be hauled out for the winter.

Residents of Hazelton who were acquainted with the men who have been drowned in the Skeena river during the past year say the body found at Graveyard Point was more than likely that of Jack Lewis, mate of the wrecked steamer Mount Royal.

The first and second numbers of The Loyalist, a new weekly publication at Port Essington, have been received at this office. George Shade is manager and C. S. Lallemand editor, The new paper is Conservative in politics. It is bright and well edited and we wish the newcomer in the journalistic field every success.

Rev. Robert Tomlinson is leaving Meanskineesht shortly and will take charge of the mission of New Metlakatla at Port Chester. Rev. Duncan, who has been in charge since the establishment of the mission a number of years ago, is going to England on an extended leave of absence. Thomas Richard Tomlinson will remain in charge at Meanskineesht.

A. Gobeil, ex-minister of public works, who resigned that position last spring, and who ran as Conservative candidate for Montmorency, Que., against Geo. Parent, Lib., was defeated by over 450 votes. J. E. Gobeil, acting inspector of government telegraphs, and more or less well known here, is a brother of the ex-deputy minister.

The Condit brothers, Frank, Ned and Carl, who have been in Hazelton for the past two weeks, left Wednesday for their placer mine at Tom creek, where they will put in the winter. Development work is done ahead and the coming winter will be devoted to taking out pay gravel. About $10,000 came out of their property last summer and they are figuring on at least $40 per day to the man for the winter.

Rev. Tomlinson of Meanskineesht came up on the Hazelton.

J. H. Brownlee, P.L.S., arrived in town Friday from Babine lake, where he is engaged in work for the provincial government.

R. L. Gale, who has been on a trip to the southern part of the district as far as Fraser Lake, is expected back at Aldermere by the first of the week.

It is reported that C. G. Harvey is writing the prospectus of the Dog Trust, Limited, and the stock of the company will be open for subscription in a few days.

George Duhamel arrived in town today and brought with him an ornamented walking stick, of his own make, which, as a specimen of the carver's art is worthy of a place in any museum.

The news has reached Hazelton that J. E. Kirby has been appointed judge of the court of revision and also registrar of the county court, in addition to his present position as mining recorder.

Attention is called to the card of the Hazelton hospital and the ticket system which it offers. A hospital ticket is a form of insurance against illness and accident which the person of ordinary means can scarcely afford to be without.

I have a small quantity of the purest vaccine available, which I have tested and found to produce the typical mild vaccination mark. It will probably retain its activity for only about three weeks longer, and on account of limited winter mail service it will be difficult to procure more before spring. Any desiring vaccination will do well to avail themselves of this opportunity. H. C. WRINCH, M.H.O.

Stark and Stanier came in from the Ingineca Tuesday and took the steamer down the river next morning. They had a respectable amount of gold with them as the result of their summer's work. They did much better toward the latter part of the season, taking out $1,000 in twenty-four days, and that without sluice boxes equipped to save the fine gold. It is estimated they were losing 20 per cent. These men went in over the snow last winter, staking on the Ingineca river a short distance below the mouth of McConnell creek.

W. FLEET ROBERTSON AGAIN.

W. Fleet Robertson, provincial mineralogist, has just returned from the Ingenica, in the Finlay district, and says there are many prospectors but very few finds—Rossland Miner.

It is one of the penalties of a new country to be perennially afflicted with Mr. Robertson. Kootenay remembers the gentleman and his pessimistic opinions. However, they managed to produce a few dividend paying mines in that district and Omineca still has hopes. When Mr. Robertson left Hazelton he was very sorry that ettiquette prevented him expressing any opinion until his report was published.

Our provincial mineralogist has knocked the Omineca district until it has become a habit.

MINING NEWS NOTES.

On the last pay day at Fernie, $150,000 is said to have been distributed.

Over ninety mines in the Kootenay district were represented at the mineral exhibit at the Nelson fair.

It is understood that the Payne mine at Sandon will make a shipment of zinc very shortly to the Canada Zinc company.

It is estimated that by the end of this year Hedley camp will have produced two millions of dollars of gold since its inception.

Dr. Palmer, of the Jewel mine staff, reports the site for the new fifteen stamp mill cleared, surveyed and ready for the foundations.

The lessees of the Reco mine at Sandon have struck it rich and, it is said, have been offered $25,000 to quit. This has been refused. The lessees are Italians.

Good progress is reported on Bruce tunnel, at Midway. Messrs Skene and Graham who have the contract for the tunnel, are now in about forty feet and have encountered a change of formation, strong in iron, and carrying every indication that the ore body will soon be met.

M. K. Rodgers, of Seattle, recently made the final payment of $30,000 on his $100,000 option on the Hidden Creek Mining company property, at Goose bay, Observatory Inlet, B. C., one hundred miles north of PrinceRupert. This payment concludes one of the largest mining deals negotiated in some months in the northwest. The Vancouver vendors were capitalists headed by J. T. Hillis, who has been managing the company, and who conducted the negotiations.

GRAHAM ISLAND AFFAIRS.

It is reported by a passenger on the Amur that Skidegate is experiencing considerable trouble over the Asiatic question. Several Japanese recently purchased a town lot in Charlotte town, and the Settlers' Association fear that this is but the beginning of an influx of Asiatics. Morseby Island has, for some years, had a large Japanese population, and the mines at Ikeda bay are owned and worked by Japanese, but the settlers on Graham Island have endeavored to keep their island a white man's country. The Settlers' Association have taken energetic action; they sent a deputation to Mr. Moore, manager of the lumber company, asking him to employ only white men, and have also threatened to boycott the Charlotte News, published by D. R. Young, who sold the town lot to the Japanese.

It is only fair to state that Mr. Moore has always employed white labor or Indians. We sympathize with the settlers in their efforts to keep their island home a white man's country. It would indeed be a pity if the net resources of Graham Island fell into the hands of the Japanese, and we wish them an early and satisfactory end to their troubles.—Port Essington Loyalist.

CHANCES FOR CAPITAL.

A recent dispatch from Winnipeg to the Vancouver World says John Ashworth, president of the Manchester Geological and Mining Society, head of the firm of Ashworth and Morris, civil and mining engineers of that city, is on a visit to Winnipeg after a trip through British Columbia mining districts. Ashworth says that this was his fifth visit and on every occasion his opinion of British Columbia, especially in mining, in which he had taken the greatest interest, has improved. There are great openings in Canada for successful mining and especially is this the case in B.C. after the opening of the Grand Trunk Pacific.

"My own opinion is that this province will be the great mining center for British capital. At all events it should be. What impressed me and those who were with me on the excursion through the various mining centers was the magnificent opening for British capital which bona fide flotation offered and this will be the view generally expressed."

SUSPECTS DISCHARGED.

Harold Green and Jack Rice, the two men who were recently arrested at Nicola on suspicion that they killed Charles L. Thomet at Midway, have been discharged from custody at Greenwood, as they were able to prove a complete alibi. A. Jennings, a gambler, was arrested at Kettle Falls, Stevens county, Washington, a few days since, on suspicion that he was concerned in the murder. It is alleged that he told a woman at Southside, Stevens county, who harbored him, that he had killed Thomet and would kill her if she betrayed him. He was opening a game of solo when the officers captured him and offered no resistance.—Rossland Miner.

Hazelton Hospital The Hazelton Hospital issues tickets for any period from one month upward at $1 per month in advance. This rate includes office consultations and medicines, as well as all costs while in the hospital. Tickets obtainable in Hazelton from E. C. Stephenson and E. H. Hicks Beach; in Aldermere, from Rev. F. L. Stephenson, or at the Hospital from the Medical Superintendent.

SATURDAY, OCTOBER 31, 1908.

Monday's elections, resulting in a sweeping Liberal victory, shows that Canada is committed definitely to the policy of expansion and that the Laurier plan of development is to go on unchecked. Whether things might not have gone just as well under a change of government is a question that will be decided by each individual according to his political bias. That Canada is to become a nation in fact if not in name is written in the book of destiny and the success or defeat of any political party is not necessary to that end. No human government can be perfect. If it were it would not be representative of the average citizens. Self-seeking individuals will continue to subvert the bublic good to private ends, because in any large body of men there are bound to be some who, if not actually dishonest, are at least weak enough to yield to the temptations constantly held out to them.

Grafting, nepotism and other abuses of government are, as a usual thing, aggravated by a long continued possession of power. On this account alone and reasoning in a broad way, irrespective of the past campaign, it would have been perhaps better to have had a change. However, the government has been endorsed and its policy will stand as the policy of Canada.

Any representative government is as good as the voters make it and not better. A corrupt government means a corrupt electorate, and in a country where individual standards are high, the same high standards are exacted of the public servants.

The voters of the country have had the facts placed before them and after more than a month's campaign have decided in favor of the present government. Abraham Lincoln once said: "You can fool all the people some of the time, some of the people all of the time, but you cannot fool all the people all the time." Upon this statement it must be accepted that the present government is not as bad as it has been painted.

The news that William Sloan is likely to be taken into the cabinet and given the portfolio of Fisheries will be received with approval by the residents of British Columbia generally and of Comox-Atlin district in particular. Mr. Sloan's career, both in public and private life since he came to this province has been characteristically a western one, and his promotion to a cabinet position, after a long and strenuous career in the west, in which he has been face to face with almost every situation which arises in a new country, would be a fitting recognition of a strong man.

MONDAY'S ELECTIONS

Laurier Government Is Sustained By Large Majority.

The first election bulletins began coming in about 5 o'clock Monday afternoon and indicated a close contest in the maritime provinces. As later returns came in, however, expected Conservative strength failed to develop, and a loss to the government of a seat in one place was immediately followed by the loss to the opposition of another in the same province. By 9 o'clock sufficient was known from Ontario and Quebec to assure the return of the Laurier government despite what the West might do.

The last returns to be received were from British Columbia, owing to the difference in time. In Vancouver, the most hotly contested seat in the province, Cowan easily won out over his three opponents, W. W. B. McInnes, straight Liberal; Joseph Martin, Liberal and Exclusionist, and E. T. Kingsley, Socialist.

In Victoria, Barnard, Conservative, has a plurality of five votes over Templeman, Liberal, and a contest is expected to result. In Nanaimo, Hawthornthwaite, Socialist, was in the lead until the last place to be heard from, Saanich, gave Smith a plurality of nearly a hundred and elected the Liberal candidate. In New Westminster, Taylor, Conservative, steadily led his opponent, Jardine, and was elected by a good majority, as indicated by partial returns.

The following is a list of representation in the coming parliament. with possibly a few changes owing to contested seats:

	Liberals.	Conservatives.
Quebec	52	11
Ontario	38	48
Nova Scotia	12	6
New Brunswick	11	2
Manitoba	3	7
Saskatchewan	7	2
Alberta	4	3

British Columbia	2	3

BODY OF UNKNOWN MAN INTERRED

Concerning reports about a body found floating in the Skeena river on October 7, and of which various reports were published, one in this paper that it had been taken down the river by a freshet and another in the Loyalist of Port Essington that it had been brought to Hazelton for burial, were both incorrect. The following has been obtained from Constable Cullin of Kitselas and may be taken as correct: The body recovered from the Skeena river by W. H. Wilson and party October 7th across from Graveyard Point was buried by Constable Cullin near the point where the body was found. The body was that of a well built man of perhaps 170 pounds, height five feet eight or nine inches. He had a square jaw with a protruding chin and a sound set of teeth, with the exception of the left eye tooth. On his feet were a pair of grey ribbed socks and a pair of black shoes. The body may have been in the water for twelve months. The left arm was off at the elbow, and upper garments were missing. As soon as the body was discovered Constable Cullin was notified by wire and he went to the place and had it interred. It is hoped this description may lead to identification.

CANADA'S COMMERCIAL FLEET.

The Commercial (Buffalo), says that the remarkable strides being made by the Canadian lake marine traffic is being noted with a feeling of uneasiness by big United States owners, as they see with the increasing of Canada's lake shipping facilities a big dropping off in their own business. Canada for many years depended largely on the American boats alone for her shipping facilities, but for the past fifteen years the Canadian Government have been making strenuous efforts to increase and encourage Canadian built craft, with the result that at present the estimated market value of the Canadian fleet of grain vessels is $9,405,000, representing 66 registered steel freight boats.

WHAT IS LIFE?

Life is mine only in the measure that I live it; what I make of it will depend upon my conception of it. What is true of the individual is true of a community of individuals. We make ourselves what we believe we ought to be; we will make our own town what we believe it ought to be no matter where we live—if we live to the limit of the light we have. The reason for this or that individual's failure is always to be found in our failure to live up to the light we have. Our vision becomes darkened; we do not see the opportunities as they come. They pass us. We see them grasped by other individuals and communities who are carried upward by them. We complain of our ill luck. What we really need is the coppered toe of a stiff boot well placed.—Walker's Weekly.

ROYCROFT PHILOSOPHY
