### British Parliament Gets Really Busy

### Lloyd-George Reports Elimination of Budget Deficit And Advent of Better Times

### Commons to Adjourn at End of Month

London, July 8th.—The usual spirit of activity prior to adjournment pervades the Commons. Chancellor Lloyd-George introduced the Budget and at once made himself more popular by announcing that the deficit has already been wiped out and that everything pointed to a better outlook in trade. This is remarkable, when it is considered that the total under this heading amounted to forty million pounds. The chancellor further announced that no reduction in the whiskey tax was contemplated despite the decrease in revenue from this source, and laid stress on the fact that the lowering of the British whiskey consumption by ten million gallons was highly conducive to the public welfare. The 11th and 12th of July are devoted to the second reading of the women's franchise bill. Adjournment is take place according to the government's proposal at the end of July and reconvention November.

### Martin Sails For Canada This Week

London, July 7—Joseph Martin voted in favor of the bill amending the King's Declaration. As no ministerial crisis seems to be pending, Martin has arranged to sail for Canada this week and intends to proceed at once to the Pacific coast.

### King Extends Clemency To Deserters

Ottawa, July 8th.—A military order has been issued announcing that the King because of his accession to the throne extends clemency to all deserters from the British army and navy, whether in the empire or abroad.

### Vatican Loses Ground in Spain

Madrid, July 8th.—The government has submitted a bill to parliament, substituting a simple promise of truthfulness in place of the customary oath in connection with all civil acts. This bill has the full support of the king. Opposition to it comes from the reactionary and clerical interests who denounce it as an affront to the Vatican.

The Spanish government also awarded to the Vatican a note in reply to the latter's request for the withdrawal of the royal decrees granting privileges to non-holistic religious societies. The government's answer is a courteous but firm refusal.

### Danish Cabinet Resigns

Copenhagen, July 3th.—As a result of the government's defeat at the recent elections, owing to its plans of reorganizing parliament, the King has accepted the proffered resignation of the cabinet.

### The Henley Regatta

London, July 8—At the Henley regatta the Winnipeg team won the four oars championship by two lengths. [G. B. Aldous, a brother of A. C. Aldous of Hazelton, is a member of the winning crew.—Editor]

### Herald Building Investigation

Montreal, July 7—The coroner's jury failed to fix responsibility for the Herald building disaster. The city council voted \$10,000 for relief measures.

### Minor Items From Domestic Points

Ottawa, July 7th—Premier Sir Wilfred Laurier leaves for his western tour to-day.

Medicine Hat, July 7—Attorney General Mitchell has been returned by a large majority.

Vancouver, July 7—The Kettle Valley Railway has awarded contracts for the construction of forty miles of road up Coldwater valley.

### New American Bi-Plane Record

New York, July 7th.—Clifford Harmon broke American records by remaining in continuous aerial flight for two hours and forty minutes in a Curtiss bi-plane.

### Aeroplane Collision in California

Oakland, Cal., July 6—Clifford O'Brien in a Farman bi-plane, was turned completely over by a gust of wind at the Marysville race track and fell a hundred feet without serious injury. As he extricated himself he had barely time to jump aside when Smith in a Curtiss machine, swooped down upon O'Brien's bi-plane, completely wrecking both.

### Another Aviator Dashed to Death

Rheims, France, July 6—At the opening day of aviation week Charles Wachter, dashed to death from a height of five hundred feet. The machine collapsed in mid-air and dropped like a stone. The sad case was made more pitiful through the presence of the victims wife and mother among the spectators.

### Strike Clouds Pennsylvania Railway

Philadelphia, July 8—A strike vote is now being taken by conductors and trainmen along the Pennsylvania Railroad, owing to the company's refusal of a 5 to 20 per cent. increase. Over fifteen thousand men will be involved in the threatening struggle.

### New York Paralyzed by Heat Wave

New York, July 7—The intense heat wave continues without prospect for a change. Hundreds are prostrated and the mortality, especially among the children, has greatly increased.

### Minor Items From Abroad

Des Moines, July 6—In a carriage runaway here Mrs. Peter McDonald was thrown on her head. A hat pin pierced her brain, causing instant death.

Kansas City, July 7—Dr. Hyde, recently found guilty after a sensational trial of murdering his father-in-law, has been sentenced to life imprisonment at hard labor.

## Black Defeats White

### In Talk and Fight Johnson Remains Champion

### \$117,000.00 to Soothe the Aching Limbs and Wounded Pride of James J. Jeffries

### JOHNSON GETS BUT \$3000 MORE

Reno, July 4th—Jack Johnson, the negro, is still the world's heavy-weight champion boxer, having knocked out James J. Jeffries in the fifteenth round to-day. The heavy odds to which sentiment and race pride had forced the betting in favor of the white contestant did not receive justification by the latter's conduct in the ring.

The fight was practically one-sided from the start. The negro blocked Jeffries' blows at every stage of the game and administered savage punishment during the last five rounds. At the beginning of the thirteenth round experts at the ringside passed out the verdict that Jeffries must simply stay and not fight if he hoped for any chance to stay the limit. In the fifteenth round, after a clinch, Johnson delivered in quick succession three knock-downs. As Jeffries staggered to a foot-hold after the third time, the black sprang at him like a tiger, and with a left to the jaw sent Jeffries down and out.

Throughout its entire length the black champion enlivened the fistie battle further by incessant volleys of derisive verbal flings, directed partly at his opponent and partly at Jim Corbett, who acted as second to Jeffries.

It is asserted that never before were so many women spectators present at a prize-fight. In addition to the 75 or 100 lady sports in the long booth on the rim of the crater they were present in every section from the cheapest seats in tiers to the \$50 places.

Reno, July 6th—It is believed Johnson's victory will net him only \$3000 more than the share of the defeated white man. The estimated attendance was 18,500, the gate receipts \$320,000. The cost of the arena is stated approximately at \$30,000. The purse amounts to \$101,000, to which must be added \$20,000 more for the extra bonus of \$5,000 that goes to each fighter. Johnson receives as his share of the purse \$60,500, as bonus \$10,000, and for his motion picture rights \$50,000, a total of 120,500. Jeffries gets from the purse \$40,500, as bonus \$10,000, and for the motion pictures \$66,666, making a total of \$117,166. Rickard and Gleason, the two fight promoters, will split approximately \$130,000, in addition to their interests in the picture rights.

Pick-pockets and hotel thieves cleaned up nearly as much coin here as did the gamblers, and detectives who attended the fight claim that never in their experience did they see so many of the light-fingered fraternity in one city. When the fight started, at least 150 men were under guard as suspected pickpockets.

### Ex-Champion Avoids Public Gaze on Homeward Journey

Reno, July 6—James J. Jeffries and party motored into town from their camp at Moana Springs an hour before train time and the no longer undefeated champion hid himself as soon as possible from the gaze of the crowds that were still thronging the streets. In his every movement, his bowed head, the depth of his sombre blackened eyes, in the nervous rubbing of his swollen face, in his almost timidly shrinking from the public Jeffries showed plainly that his defeat has dealt him a terrible blow. There was silence as he passed through the streets. Men rushed from the gambling tables, but no word of contempt or derision was thrown.

### Motion Pictures of Fight Threatened With Suppression

Chicago, July 7th.—A general movement is forming to prevent exhibition of the Jeffries-Johnson fight motion pictures in the central and southern states, where the race feeling is bitter.

### Australia Regrets Result of Battle

Melbourne, July 7th—Although the result of the big prize-fight has been expected here, it is nevertheless generally regretted. Tommy Burns is now condemned for ever having lowered the white standard by accepting Johnson's challenge for mere gain. Hope is expressed that the outcome of the fight will lead to a separation of the white and black championships.

### Abe Attell and Freddy Weich Matched

Reno, July 6th—Abe Attell and Freddie Welch are matched to fight in England for light-weight honors in the near future. George McDonald, London capitalist, arranged the match.

### Race Riots Occur In Twenty Cities As a Direct Result of the Negro's Victory

### Outbreaks May Indicate Ending of the Aera of Prize-Fights

(Special Dispatch to The Omineca Herald)

Chicago, July 9—The fears expressed by prominent detectives and psychologists that the result of the Reno ring battle would produce a series of racial outbreaks did not have to wait long for confirmation. At Pittsburg thousand rioting negroes made an attack on the whites. New York reports scores of blacks injured, one beaten to death, with police reserves called out in all the big negro sections. At Washington, D. C., rioting continued all night, the hospitals are crowded with white and black injured and 230 placed under arrest. At Wilmington, Del., wholesale lynching attempts result in general rioting. At Fort Worth, Tex., two negroes beat a white woman to death with beer bottles. Further outbreaks with numerous fatalities took place at Augusta, Ga., New Orleans, Louisville, Houston, Baltimore, Cleveland, Cincinnati, Roanoke, Mounds, Ill., St. Louis, Little Rock, Ark., and many other cities. All through the "black belt" of Louisiana fighting goes on almost continuously.

## Outlook on Four Mile

### Ore Streaks Widen Out As Shafts Descend

### Assessment Work Progresses And Justifies Hopes of Locators And Investors

### ITS PROXIMITY TO THE RAILWAY

With the summer's development work on Four Mile hill now under full swing, an immense improvement is being shown on the prospects that had a little work done last year, and some fine ore is being found on claims on which the first assessment is now being worked.

The HERALD man went over a part of the hill one day this week and inspected some of the showings. On the Attridge property, under bond to E. L. Kinman, of Vancouver, a prospect shaft is being sunk and the high grade streak of ore is widening with every shot. The vein is about four feet wide with well defined walls.

The claims owned by Jas. Dyer of Rossland and Tom Stevenson are looking well. On one of them, an extension of the Attridge claim, a shaft is being put down. The vein is about the same width as on the latter property and the ore is much the same in appearance. On another claim, on the north side of the hill, they have a good showing of galena ore, but no work has been done beyond surface stripping.

D. L. Purvis is finding fine-looking galena, but hasn't enough work done to indicate the value of the property.

Other prospectors are performing assessment work, Jas. Smith of Rossland among the number. Their claims were not visited but they were reported to be engaged in surface work.

With the exception of the bluffs facing Bulkley river, the whole hill is covered with earth from two to eight feet deep, and a great deal of work is required in tracing the leads. It is only about fourteen months since the first claim was staked and but little work was done last season, consequently the greater part of the hill is practically untouched.

Four Mile hill lies close to the railway line. From the top of the hill the partially completed grade appears to be not much more than a mile distant. The elevation is from 1200 to 1500 feet above the Bulkley river.

### SILVER CUP'S NEW TUNNEL IN ORE

The No. 2 tunnel being driven on the Silver Cup picked up the ore last Saturday when the miners broke through the footwall rock into the ore. Owing to the by slide rock at the point where fact that the vein is covered it was decided to start the tunnel, work was commenced on the foot-wall side in country rock, to strike the lead at an angle. No reports have been received further than that the ore had not been cross-cut, but merely broken into about a foot. Mr. Campbell is much pleased with the showing.

## Telkwa Overlooked by Government

Some four years ago a company was formed to do a mercantile and transportation business in this district. They bought and placed on the Skeena river a steamboat. They built a hotel and established a store on the townsite which they had platted and called Telkwa. Their money was spent in a constructive effort to make money for themselves and advance the interests of the district. That their boat was wrecked and that from this and other causes the company met with disaster was no fault of either themselves or the country. Their money had gone into the district and was a factor in its upbuilding.

The town has gone ahead; more people have made it their headquarters; and it is the center of as large a farming community as any place between Prince Rupert and the eastern boundary of the province. There is a general merchandise store and another starting. There is a hotel that is being raised to three stories. There are two real estate firms operating there; a firm of contractors and builders, a telegraph office, a post office just granted and the deputy mining recorder's office for the section of surrounding country.

To date not one cent of public money has been spent in giving this town access to the government highway that runs through the valley. To reach the government bridge across the Bulkley river, just south of town, travelers go over a private road built by the North Coast Land Co. and kept in repair by them and Gale & Williams, F. L. Charleson and R. J. McDonell.

Last winter the claims of the town for connection with the government wagon road, to lessen the distance between Telkwa and Hazelton as much as possible, was presented in the regular way and looked upon with favor by the officials having the matter in charge as something needed and with a proper place in the government's plan for the coming year. It was an understood thing that this road would be built at a cost of about a thousand dollars.

Then came the recent visit of the minister of public works closely followed by the announcement that this piece of road construction had been disallowed.

Hon. Thomas Taylor, minister of public works, is admitted to be an able official. He has an enormous amount of work to do in supervising the government's expenditure of four millions and a half on public work and could

not be expected to closely look into the merits of the expenditure of each thousand dollars. Whatever advice he may have received while in Bulkley valley certainly did not come from interests friendly to Telkwa or its business men.

There are people in Bulkley valley who have already acquired a reputation for opposing every public improvement that does not directly benefit them. If they interfered in the case of the two mile cut-off to Telkwa they will probably find out their mistake when the minister of public works learns the true situation.

As an evidence that this year has been cold and wet as compared with other seasons snow had to be shoveled out of the cut on the Sunrise claim on Nine Mile when work was commenced this week. Last year the prospectors owning the claim went up with horses May 28th and found the side hill bare. An excessive snow fall last year partly accounts for the amount of snow still on the tops of the mountains but bad weather in May and June is responsible for most of it. Men coming into town report the snow going with a rush from the warm rains and bright days that have alternated for the past week. This enables all the claim owners to reach their property and the loaded pack animals that are leaving town daily are an indication that activity has commenced in all directions.

NEW BULKLEY SAW MILL  
ALDERMERE, B. C.

**NEW STRIKE NEAR BABINE LAKE**

Reports have been received of a new strike near the southern end of Babine lake on Fifteen Mile creek which flows into the lake from the west. C. S. Anderson was the pioneer prospector in that vicinity and his Silver Fox claim and others are under bond to Portland people at the present time. Other men went in this year and more claims were staked on new finds which are claimed to be even better than the first locations. Samples of the first ore found assayed as high as 480 ounces in silver.

At that point Babine lake is only about fourteen miles from the location line of the G. T. P., with practically no divide to cross.

**DEVELOPMENT OF SUNRISE STARTS**

J. D. Campbell, superintendent of the Silver Cup and Sunrise groups went up the hill Tuesday. A force of men is to be started at the Sunrise this week and the property will be opened up in the same manner as the Silver Cup: by a tunnel on the vein. The surface showing on the Sunrise is considered the best on Nine Mile mountain, having thirty inches of solid steel galena on the outcrop. The group consists of four claims and was bonded by W. V. Somerville of Chicago last fall. Somerville sold out his interest in the bond which was finally acquired by the same syndicate of Prince Rupert men who took over the Silver Cup. It is the intention of the owners to ship 100 tons of ore from each property this summer. A pack rail is being built by the government and is half completed.

**WILL SPEND SUMMER IN HILLS**

A. St. Clair Brindle, with whom most people in the interior are acquainted through his service in the local government office last year, returned to Hazelton this week after nearly a week's absence to spend the season in looking over the mineral showings in the district and possibly making some investments on behalf of Seattle and Vancouver capital which he represents. Mr. Brindle has been in the various mining districts of the province for sixteen years and was for four years mining recorder at New Denver. He visited the Stewart district before coming up the Skeena and while there is every likelihood of several very fine mines there, he is well considered that the best opportunities for mining in this province lie in the Omineca district.

**LOCAL AND DISTRICT NEWS.**

Fred. Heal, Jr., returned on the  
 Port Simpson after being several  
 months at Victoria.

W. A. Williscroft, accompanied  
 by Mrs. and Miss Williscroft are  
 on a trip into Bulkley valley.

R. E. and Mrs. Williams of  
 Telkwa drove in from the valley  
 Thursday. Business at the land  
 office brought Mr. Williams in.

George McBain and Sam Long  
 left on Thursday morning with  
 an outfit for Cariboo mountain to  
 perform assessment work on their  
 group of claims.

A steam shovel has arrived at  
 Sheedy & Paget's camp near An-  
 dimaul, twenty miles down the  
 river, and was expected to com-  
 mence digging this week.

Rev. Fred. L. Stephenson has  
 closed the academy for the sum-  
 mer holidays. His work as in-  
 structor of the valley youth has  
 met with high commendation.

W. Allison, government agent,  
 left this week for a visit to coast  
 cities and will be away a month.  
 In his absence T. W. Herne is in  
 charge of the local government  
 offices.

F. L. Charleson is making many  
 improvements at Telkwa. A new  
 residence is being built near the  
 store, and a stable for the stage  
 horses of which he has bought  
 six more.

R. J. McDonell returned from  
 the coast the first of the week,  
 bringing a fine team of carriage  
 horses, and on Wednesday started  
 for Telkwa, where he is one of  
 the owners of the New Telkwa  
 hotel.

Monday morning a pack train  
 of a dozen or more animals left  
 for the Omineca river country  
 with supplies for H. E. Bodine  
 who is prospecting placer leases  
 with the intention of putting in  
 a large plant.

This year is the third time that  
 Dominion Day was celebrated in  
 Bulkley valley and the most suc-  
 cessful of all. The sports and  
 games were held on the Lyman  
 flats across Bulkley river from  
 Telkwa and were attended by  
 nearly all the people in the valley,  
 residents and transients.

**WE** have the following Blocks of Land select-  
 ed over one year ago, which we will sell

2720 acres in the Kitseucla Pass, within 6 to  
 10 miles of the G. T. P., excellent land,  
 partly open, level, easily cleared.

1280 acres in the Bulkley, within 3 miles of  
 the G. T. P., level, well watered, rich  
 poplar land.

1560 acres, at Klinger lake, across the river  
 from the railroad, the most uniform body  
 of land in the valley.

2880 acres at Old Woman's lake, within five  
 miles of the route of the railroad.

5000 acres of government land staked for our  
 clients who will sell at a slight advance  
 over the original government prices.

10000 acres of the earliest land laken up in  
 the interior along the route of the rail-  
 road, for prices ranging from \$12 to \$25  
 per acre for the best improved farms.

Our cruisers are out, selecting the best  
 that remains. Write the oldest firm in the  
 interior for government land, lots in Telkwa  
 and Prince Rupert, improved farms, locations  
 for any line of business, or for any informa-  
 tion you may desire concerning the best country  
 in northern British Columbia.
