VOL. 5. NO. 18. 17 HAZELTON, B. C., NOVEMBER 1, 1912 EIGHT PAGES

STRIKE ORE IN ROCHER DE BOULE

Superintendent Cowan arrived in Hazelton from the Rocher de Boule mine and reports that they have tapped the ore in the long cross-cut at a depth of 150 feet. The ore is of the same character as in the other workings—the shaft and winze—being a massive chalcopyrite, and will probably average $65 in all values.

Mr. Cowan reports that he will drift on the ore and then raise to the shaft as they are compelled to sack the ore to save it in the drift, as the tunnel is 275 feet long with bad air. He has ordered one thousand sacks by express which will be at the mine shortly.

The news of this strike is of the greatest interest to the Hazelton district as it means mining on a large scale with a greatly increased payroll at the workings shortly. The Salt Lake mining crowd will probably open up other property in the same neighborhood in the near future.

TRAIN RUNS TO NEW HAZELTON

On Wednesday night the passenger train stopped at Sealey as usual where the passengers and express were put off, but the train with about one hundred laborers for Foley, Welch & Stewart, went on to New Hazelton. This is the first trip to New Hazelton, where the "Y" has been established. The ballasting to New Hazelton is practically completed and it is only a matter now of having it inspected before the general service is extended to the new town and the winter terminals established.

GRAND CONCERT A BIG SUCCESS

Splendid Program of Vocal and Instrumental Music, Readings and Recitations

As predicted, the Thanksgiving concert, under the auspices of the three churches in Hazelton, was a grand success. The Assembly Hall was well filled with an appreciative audience, and the program committee deserve great credit for the success achieved in bringing out the talent to such advantage.

Dr. Wrinch occupied the chair and he kept things moving, and added considerably to the success of the evening. Those taking part were: Miss Sharpe, vocal and instrumental; Miss Grist, Mrs. Hicks-Beach, Mrs. Warner, Miss Martin, Wiggs O'Neill, Rev. W. H. Petter, vocal solos; Rev. R. W. Lee and Dr. Wrinch, readings; Miss Crawford, recitations. Miss Hogan and Miss Sharpe were accompanists. It is very few towns the size of Hazelton that can produce the talent that took part in Monday night's program, and the town is proud of its musicians.

After the program, refreshments were served by the ladies of the united churches, and these were greatly enjoyed. Follow the concert, the young people had a dance for several hours.

Pig Pen Burned

About four o'clock on Sunday morning a pig pen on the reserve towards the Bulkley river was partially burned. There was a stove in one end of the pen and the fire started from that. The pigs were all saved and most of the pen.

Coronado Group

The big force of men working on the Coronado group is making excellent progress. The property is looking fine and the men are getting out ore all the time. They will have a big shipment ready when the railway reaches there early next summer.

TRAIL TO HARRIS MINES IS READY

One Horse Can Now Handle a Ton of Ore Each Trip—Good Progress Being Made at Mine

The trail from the Harris Mines connecting with the Two Mile wagon road is now completed and ready for the snow. By this route one horse will be able to handle over a ton of ore per trip and this will make a great difference in shipping. The mine is also ready for the winter work. The No. 3 shaft is being drifted on at the 185 ft. level and the boys are taking out high grade ore. On the No. 1 shaft they are down 100 ft. and about the first of the week they will start drifting. The shaft is in ore all the way and at the bottom they have four feet of quartz carrying rich ore.

Jas. Tate and H. J. Jappeson, Dawson, arrived in town Wednesday night to look over some of the mining properties in this district.

RICH GOLD AT LORNE CREEK

Dr. A. W. Mosley, an Old-timer Has Gone to Vancouver With Samples

With a couple of ounces of good coarse gold, Dr. A. W. Molsey went from Lorne Creek to Vancouver this week. The doctor, who is a well known mining man, having been one of the most energetic operators in the Portland Canal district during its early days, is now centring his operations upon developing a placer mining property on Lorne creek, a stream running into the Skeena at Mile 129.

Gold in paying quantities has been known to exist there for a number of years, nearly a hundred thousand dollars having been taken out some years ago by an hydraulic company. The latter had to abandon operations, as the pay, which is all on bedrock, was at such a depth that it was impossible to get the huge amount of waste dirt away.

The present syndicate, of which Dr. Molsey is the head, have obtained a lease of the ground, and are working it by placer methods, tunnelling in along the pay streak similar to the methods used in the Yukon. The only difference is that the ground not being frozen every bit of it has to be timbered. There being plenty of the latter available, this is of small consideration. At present they are in 156 feet and working away steadily, intending to continue doing so all winter.

The two ounces the doctor brought down was cleaned up from about a yard of dirt. The big boulders are blasted out with powder, and the dirt run out in cars, similar to the methods adopted in a quartz mine. There is every indication at present that working in this manner the syndicate have a very good thing in sight, and they have every intention of prosecuting the enterprise to the fullest extent. So far this is the only placer gold found on a stream tributary to the Skeena river. Dr. Molsey who has gone south on business connected with the company, will return to the creek in a few weeks' time.

LEFT FOR MONTREAL

Mr. Carsley Pleased Wi h Country and Their Property

R. G. Steele accompanied Mr. Carsley, of Carsley Bros., Montreal, to town on Saturday and saw him off on Sunday's train. Mr. Carsley is one of the directors of the Hudson Bay Mountain Mining Co., and he has spent several weeks on the property with Mr. Steele. Mr. Carsley is very much pleased with everything in connection with the mine and the development that is going on. There is about 150 ft. of tunnel to complete yet and it is expected that with good luck this will be done by the first of December or early in that month. Mr Steele will come in from the property again the first of December and return to England, arriving there in time for the Christmas holidays.

KITSEGUKLA COAL HAS PROVEN GOOD

Two Seams Developed are Seven and Four Feet Wide—Gives Yield of 68.5 Per Cent. Coke

That there is a body of high-grade coking coal lying south of Hazelton has been demonstrated by J. W. Hart and his associates during the past season, the development on their claims having proven highly satisfactory, according to Mr. Hart, who is now in Vancouver.

The property is on the Kitsegukla river, twelve miles from the G.T.P. railway, almost south south of Hazelton. There are 31 seams on the property, and two have been partially developed, one of them being seven feet in thickness, and the other four.

According to assays received in Vancouver, the coal yields 68.5 per cent. of coke, and is as well a high grade steaming and domestic fuel.

BIG SHOOT AT RIFLE RANGES

Large Crowd of Sports Competed for the Prizes on Thanksgiving Day—Keen Competition

The Thanksgiving Day shoot at the rifle ranges was the most successful yet held under the auspices of the Hazelton Rifle Association. There were about thirty-five gun men present at the ranges, and the shooting was very good. There was keen competion for all the prizes. The results were as follows:—

Handicap match—J. H. Hetherington, W. F. Brewer, G. O. Graham, Major Leslie.

First division men—Major Leslie, W. F. Brewer, G. O. Graham, W. H. Sharpe.

Second division men—J. H. Hetherington, J. W. Campbell, W.W. Wrathall, A. R. Macdonald.

Free for all, 200 yards—W. H. Sharpe, Major Leslie, J. S. Hicks, H. H. Little.

Range Prizes—200 yards, G. O. Graham; 500 yards, Major Leslie; 600 yards, Major Leslie.

Second division men—200 yds., J. H. Hetherington; 500 yds., W. W. Wrathall; 600 yds, J. H. Hetherington.

Two Mile Gold

J. Thompson, a well known gold quartz mining man in B.C., was a visitor in town this week. He examined the gold properties adjacent to Two Mile and is very favorably impressed. He says that Two Mile is an ideal place for smelters, mills, etc., and looks for that property to be good in the very near future.

Chimney Fire

Early Saturday evening a fire was started from the chimney of Carr Bros shack. It was discovered in time by some of the boys who were eating at the mess and the flames put out before any damage was done.

D. J. Donovan and E. J. Barns, Seattle, arrived in town on Wednesday night to look after business interests.

New Hazelton Makes Good

What has been known throughout the American continent as the townsite fight at Hazelton is now a matter of history. There is no fight. Any difference of opinion that did exist has died a natural death and there is but the one town, one centre and one shipping point. That point is New Hazelton. The eyes of the whole district are centered on New Hazelton, and the people recognize it as the only place in the district. Everything is going to New Hazelton, and the town is prospering. The damage to the district caused by those keeping up the fight is a thing of the past. The country lost last year's boom, but it is now shaping up for a united action and a fresh start. The people who were kept out last year can come now, and they will come. The townsite matter is settled. The railway is here and transportation is settled. The mines that were prospects have made good, and are now producers. The farmers of the immediate vicinity and of the Kispiox valley are making good; all had good crops this year and they are in good shape for next season. There are now more people looking for Kispiox valley farms. More land immediately adjoining New Hazelton will be cultivated next season. There is a market for all that can be produced with the amount of land cleared. The mines are increasing their demands for supplies. The railway construction will make a market here for the next two or three years. Prices for farm and garden produce are excellent and will always make good. The openings for business men never was better and there will be more business here next year than ever before. The country is settling down to a business basis. People are no longer afraid that they will get in the wrong place as there is only one place—New Hazelton. They do not fear to invest their money. Keep your eyes on New Hazelton—a united town; a united district; a rich farming community awaiting the settler; big mines producing high grade ore; a growing town with lots of money. New Hazelton has made good.

PRESERVING TIES

Would Save Vast Sums of Money For Canadian Railways

There were 13,683,770 crossties purchased in Canada in 1911, according to statistics compiled by the Forestry branch of the Department of the Interior, an increase of 4,469,808 over the number purchased in 1910. The increase is largely due to railway construction, which was especially noticeable in the western provinces on the new transcontinental lines. The replacement of ties on existing lines amounted to about 10,000,000.

Eighteen kinds of wood were used, Jack pine coming first with 40 per cent of the total; tamarack, 19 per cent.; Douglas fir, 14 per cent.; and hemlock, 12 per cent.

The average price of ties was 39c, 1c more than in 1910. The southern pine ties imported from U.S. at $1.10 were most expensive, and spruce at 26c were the cheapest. 70 per cent. of the ties used were sawn, an increase of 3 per cent. These cost, on an average, 41c each, or 4c more than hewn trees, while in 1910 the hewn trees were the more expensive by 3c.

Only 206,209 ties, or 1.5 per cent. of the number purchased, were given preservative treatment. However, this is practically a clear advance over 1910. Two treating establishments are now in operation. On the average, the treatment of ties prolongs their life by ten years. It is estimated that at least 350 million feet, board measure, could be saved annually by this process.

Granby Bay Townsite

"THE PAY ROLL TOWN"

The Granby Company is one of the biggest mining companies in the world. A recent statement showed assets of over $17,000,000 and a surplus of $2,698,000. The company is going to spend $100,000.00 a month for many months at Granby Bay. They are big operators and have a tremendous pay roll. GRANBY BAY will be a pay roll town, and that means a live town with free money. The big smelter which the company propose building immediately is planned for a two thousand ton per day capacity. Even this big smelter will hardly take care of the product of the the company's own mines on Granby Bay. Besides there are other splendid properties all about to be developed.

Over thirty lots at Granby Bay were sold the first ten days the property was on the market. They were purchased by business men who are going to build and establish themselves where the biggest pay roll in the north is located. The property is now being cleared, and the piles for the town wharf are already cut.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

Water Notice

For a License to Take and Use Water

Notice is hereby given that G. A. Rosenthal and L. L. DeVoin, of Hazelton, B.C., will apply for a license to take and use five cubic feet per second of water out of Chicken Creek, which flows in an easterly direction through Lot 865 R.V., and empties into Bulkley river near s.-e. corner Tp. 1A. The water will be diverted at about 250 yards from mouth of creek, and will be used for irrigation purposes on the land described as s.-e. 1-4 Section 1, Tp. 1A R.V., Coast district.

This notice was posted on the ground on the 12th day of October, 1912. The application will be filed in the office of the Water Recorder at Hazelton.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wharf at Sand Spit Point, Moresby Island, B.C.," will be received at this office until 4.00 P.M., on Tuesday November 5, 1912, for the construction of a Public Wharf at Sand Spit Point, Moresoy Island, Queen Charlotte Group, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of G. B. Hull, Esq., District Engineer, Prince Rupert, B.C., F. W. Aylmer, Esq., District Engineer, Chase, B.C., and on application to the Postmaster at Queen Charlotte City, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

R. C. DESROCHERS,
Secretary.

Frank Carel - - Proprietor

Wanted: An Hotel Quick

There is nothing needed in New Hazelton today so much as a good-sized hotel with accommodation for the travelling public. There are several rooming houses here, but they are always full, and in the past there has been no chance to get a license. The difficulties are now past, and the time has arrived for a good hotel to be erected. There is the business here, and that business is increasing very rapidly. On the outside there are a number of people ready to put their money into such an enterprise, and in a very short time at least one party will be here to look the ground over for that purpose.

Also An Assembly Hall

There has been considerable discussion among the live ones this past week to organize an assembly club and erect a large assembly hall. The suggestion has met with very favorable support and already several hundred dollars have been volunteered towards it. The building will be used for public meetings, social functions, etc. It is understood that the Northern Interior Land Co. will donate a site, and it is expected that the work will be under way in a very short time. The assembly hall will be a great thing for the town, and it will assist very materially in getting the people together.

Ballast Gang Too

New Hazelton is now the headquarters for all the G.T.P. gangs. The gravel trains are working here all the time and they make this their headquarters. The big "Y" has been put in here and it is all ballasted and in shape. The track-laying crews are stationed here, and it is safe to say that the bridge gang from Mud creek will spend most of their time here after the work gets started. At the present time New Hazelton is a very busy spot, especially around the railway. By the time the ballasting is done between here and Sealey everything will be ready to make this the winter terminal for the freight and passenger service.

Under New Management

Pete Pavich, formerly of the Balkin Hotel, old Hazelton, has purchased the Bulkley House, and for the past couple of months has been doing a very large business here. He has moved everything from the old town over here, with the exception of a small stock of cigars and tobaccoes. Pete has taken Francis Barsalou into partnership with him, and they have decided to add a number of new lines to their business. Announcement will be make in a week or two.

To New Hazelton? Sure!

J. E. McEwen has decided to locate his Sealey store in New Hazelton, rather than move farther into the valley. He was in town last week and selected a site at the corner of Eleventh and Pugsley, just opposite the drug store and the doctor's office. This is one of the best sites in town. The store will be 22x40 and a storey and a half.

Mails Go From Here

New Hazelton is now the distributing point for all the mail east of here. Some weeks ago the postal centre was moved from the old town to New Hazelton, and since then all the mail has been handled here- The Dominion government was not slow in recognizing the advantages of this town. Mr. Richmond has been giving the valley a first-class service and they get their mails right on the minute.

This is the Best Proof

Jas. Richmond has erected a warehouse on Twelfth Ave. adjoining his big general store. The building is now complete and the stock is being moved in. In the very near future he will also build a big warehouse on the adjoining lot. It will be practically the same size as his store. Mr. Richmond is also bringing up more help for the store.

Handsome Herald Home

The Omineca Herald building was started this week by Richards & Knight. The lumber arrived on Tuesday and construction started the same day. In less than three weeks the Omineca Herald will be issued from this town. The building will be 25x40 feet, two storeys. With the Herald several families will also move to this town.

I. Director, Prince Rupert, was a guest the past week of Messrs. Cohen and Zackon.

Jas. Kerr started a gang of men working on his new home on Eleventh Ave. It will be of logs and will be nicely finished.

Wm. Wark, Prince Rupert, was in town a couple of days this week and then went into the valley. He will return to New Hazelton in a few weeks.

Louis Seifker, of old Hazelton, was in town on Sunday looking for a location. Louis is one of the live ones in the old town who will move here befere the fall is much farther advanced.

Mr. Zackon returned to town this week, after spending several months at the Telkwa branch. He will remain in New Hazelton for the rest of the winter and help get the new warehouse up and the new stock in.

It has been learned from an unofficial source that Aldermere and Telkwa will not have a hockey team this year. It is said, however, that Chicken Lake will. A team in the latter town would make the possibilities of the proposed league much more likely of success. It is to be hoped the lake boys will organize.

Frank Carel has secured a new heavy team from Prince Rupert, which he will use in connection with his livery and freight business. Frank is in good shape now to handle all the business that comes his way.

OVERHEARD AROUND NEW HAZELTON

E. B. Tatchell spent Thanksgiving Day with Prince Rupert friends.

Messrs. Cohen & Zackon have purchased a heavy freighting team which will be used in connection with their own business. They will have a large amount of freighting to the valley.

Lumber arrived on Monday last for J. H. Halpin's new home on Tenth Ave. Mr. Halpin will put up a nice little house, and expects to get his family moved here in a week.

Harry James spent several days in Prince Rupert this week.

The skating rink is now ready for the ice. The boys have completed the floor and the walls, and are now digging the well. As soon as the weather tightens up, ice will be made. Over $500 has been raised already in support of the club and the hockey team.

A number of the young people from town took in the concert and dance in the old town on Thanksgiving night, and report having had a good time.

Many are going to destruction by standing still.

Sometimes even tall people are short.

For Sale

A large quantity of old newspapers. Just the thing for wrapping parcels or putting under carpets. Big bundle for two bits. The Herald.

Steve Slinger is expected to return to town in a very short time and he will remain here for several weeks.

F. B. Chettleburg returned from Vancouver Saturday night and will leave for the Copper river, where he will spend the winter.

His Honor Judge Young and all the lawyers from Prince Rupert who were in town last week got away safely on Sunday morning and no particular disturbance was created during their visit here.

While in Vancouver last week, E. H. Hicks-Beach visited the hens taking part in the egg-laying contest. He reports that Mr. Dugan, Vancouver Island, from whom he got his Rhode Island Reds, took third prize.

Ed. LaTrace arrived from Prince Rupert Saturday night to spend a few days in town on business. Ed. was here some weeks ago, going through to Fort George and returning to Prince Rupert via the coast. He has since been in Rupert and reports business very good for him.

A. Gutstein, who has very successfully conducted the Acme Clothing Co's business here for the past year and a half, left on Sunday morning last for Prince Rupert where he will spend a short time before leaving for Chicago where he will join the ranks of the benedicts. Mr. Gutstein's many friends will wish him a long and happy life. Before leaving he disposed of the balance of his stock to N. L. Lando who will conduct the business in the same stand and he will also carry a full line of ladies ware.

Advertise it in the Herald.
