DYNAMITE PLOT EXPOSED

EXPLOSIVES FOUND IN HOMES OF JAPANESE IN MANILA

Planned to Place Submarine Mines To Blow Up American Warships

Manila, December 28:—United States secret service officers have discovered a plot to place submarine mines in the harbor for the purpose of blowing up American warships in case of war with Japan.

The first hint was obtained by tracing large purchases of dynamite to Japanese residents, who stored it in their houses. The greatest excitement prevails in military circles. Many Japanese suspects have been arrested.

Later—The discovery of a plot is officially denied, but is generally believed. The information leaked out through the civil authorities being called upon to help in tracing the explosives.

Military Investigation

Manila, Dec. 30:—Unusual secrecy cloaks the movements of the military authorities who are engaged in investigating the activities of Japanese agents in the Philippines.

A Pan-Asiatic League

Tokyo, Dec. 30.—A powerful organization to oppose Occidental encroachments upon the trade of the Orient has been formed by a coterie of Japanese politicians. The combination will be known as the Pan-Asiatic Association. The project had its inception several months ago, when agents were secretly despatched to all parts of Asia.

Extensive Naval Manoeuvres

Washington, Dec. 30:—Sixteen battleships left Hampton Roads today to participate in the most extensive manoeuvres ever arranged for the American navy. All communication with the Navy department has been severed, the commanders having carte blanche to go where they please. Simultaneously with the departure of the scout fleet of seven ships, seven others undertook the defence of the coast.

Standard Oil Dodges Tax

London, Dec. 30:—Efforts are being made to inaugurate suit against the Standard Oil Company in England. Truth this week charges that the company, through its English subsidiary companies, is evading the income tax.

Railway Commission Steps In

Ottawa, Dec. 28:—The Railway Commission has decided that the tariffs of Canadian express companies are too high, and that the form of contract between shippers and the companies are unfair and must be replaced. New tariffs must be filed within three months. The opinion was also expressed that the capitalization of the companies is far too high.

New York Bank Failure

New York, Dec. 28th:—The Northern Bank of New York has been compelled to close its doors. The bank had deposits aggregating six million dollars. In consequence of the suspension, Joseph Robin, chairman of the executive committee, attempted suicide last Saturday, and is now in a sanitarium, demented.

St. Denis Believed Lost

Victoria, Dec. 30:—A wireless despatch states the steamer Tees has picked up two lifeboats belonging to the missing steamer St. Denis. All hopes of the safety of the St. Denis, which carried a crew of fourteen, have been abandoned.

A Massachusetts Disaster

Pittsfield, Mass., Dec. 30:—Moorewood Lake ice plant was completely wrecked by explosion. At least fourteen were killed and twenty were injured. Over thirty men are known to have been in the building, and it is believed that none escaped.

Hotblooded Hondurans

New Orleans, Dec. 30:—Wireless reports say a revolution has broken out in Honduras and fighting is in progress along the Honduras - Nicaragua border. General Lee Christmas is at the head of sixteen thousand revolutionists, many of them whom are Americans.

Los Angeles Dynamited Again

Los Angeles, Dec. 29:—On Christmas night the Llewellyn Iron Works were dynamited. The night watchman was the only person injured. No arrests have as yet been made.

Railway Building In Alaska

Seattle, Dec. 30:—The Copper River and Northwestern railway will be extended to Fairbanks at a cost of \$30,000,000. It is announced the line will be completed to Kennecot by March 1.

Earthquake in Greece

Athens, Dec. 30:—An earthquake in the province of Elis, Greece, has caused immense property damage. Hundreds of buildings were destroyed. The loss of life is not yet known, but is believed to have been heavy. Communication with all important cities of the province is cut off. The people are in a state of terror. It is not known whether the shock affected Messina, which is directly south of Elis.

Italian Volcano Active

Paris, Dec. 30:—A despatch from Naples says Mount Aetna is in eruption. The outbreak is the worst in many years. Rumors of great loss of life and property are as yet unconfirmed.

Would Wreck Methodist Church

Seattle, Dec. 29:—Five sticks of dynamite were found on the steps of the First Methodist Church. Rev. Adna Wright Leonard recently scored the city administration for permitting vice conditions to flourish and received an anonymous letter threatening him with death and the destruction of the church.

A PLOT TO KILL THE KING

WOULD ASSASSINATE KING IN CORONATION PROCESSION

J. W. Stewart is Leaving for Scotland to Obtain Laborers for G. T. P. Railway

London, Dec. 30:—The daily newspapers publish a report that Scotland Yard has unearthed a plot to assassinate King George during the coronation procession.

On investigating the Houndsditch tunnel crime, in which three policemen were killed by foreign burglars, detectives discovered an infernal machine factory and an anarchist rendezvous, in both of which were documents proving conclusively the existence of a plot to kill the King.

Montreal, Dec. 30:—J. W. Stewart is leaving for Scotland, where he will endeavor to engage five thousand laborers for construction work on the Grand Trunk Pacific in British Columbia. The men will be given free passage, and it is stated a million dollars will be expended in transporting to British Columbia men who will make desirable settlers.

Many Killed in Wreck

Nevada, Ohio, Dec. 29:—The Pennsylvania express and a train of sleeping cars collided here resulting in the death of two passengers and four trainmen. The trains were to meet at Nevada and the Pullman train had just stopped when the express came along at full speed. Owing to a heavy snowstorm the express engineer was unable to see the signals.

TELEGRAPHIC BRIEFS

Arthur Chitwood, held at Hot Springs, Ark., for the murder of a sheriff, was taken from jail by a mob and shot.

A petition is being circulated among San Francisco Chinese asking the recall of Minister Chang Yu Fang and alleging his indifference to the interests of Chinamen in America.

The street car strike in Winnipeg continues, with no hope of conciliation.

Two were killed and fifty injured in a street car collision in Kansas City.

J. E. Schwitzer, assistant engineer at Winnipeg for the C. P. R., has been appointed chief engineer, with a salary of \$25,000 a year.

Five were killed in a freight collision on the B. & O. near Gallipolis, Ohio.

Marquis Paulla and Alexandre Laffon, two aviators, were crushed to death under their fallen aeroplane at Paris. They were about to start in the \$20,000 race to Brussels.

'Billy' Marks, an Alaska miner, was murdered in Seattle. Edward Goggin is under arrest for the crime.

SILVER PICK BONDED

The Silver Pick group of claims on Nine Mile mountain was taken under bond by a syndicate represented by T. L. Carr, last Saturday and the first payment made to the owners, Dutch Kline, Ben Peterson and Hugh McKay. Development will commence in the spring. The transfer is being made on a basis of \$45,000 for three claims.

This group was located in 1908 and work since done by the locators has shown several veins containing good ore. The property lies at the east end of the known mineralized area on the north side of Nine Mile mountain and in an air line is not more than six miles from the railway.

Mexican Rebels Wreck Railway

El Paso, Tex., Dec. 29:—Thirty-five insurrectionists captured an engine on the Mexican Northwestern railway and forced the engineer to run fifty miles north. During the run eight bridges were burned or dynamited. The trainmen were released and the engine abandoned. Official reports disclose much suffering along the Rio Grande frontier, where 700 women and children refugees have crossed over from Mexico. Complaints have reached Washington that the neutrality laws have been violated and an investigation has been ordered.

More Steamers for Canada

London, Dec. 28:—The Allan line has entered into negotiations at Belfast for the construction of two liners, to be the largest in Canadian service.

Australian Army Augmented

Melbourne, Dec. 30:—By unanimous vote Parliament decided to increase the permanent force of Australia to fifty thousand men.

British Fight With Arabs

Bushiere, Persia, Dec. 30:—A landing party from a British cruiser had a serious brush with Arab gun runners on the southeastern coast of Persia. Fourteen British were killed and wounded. The Arabs lost forty.

Scottish Railway Disaster

London, Dec. 29:—Only eight bodies of the Scotch Express disaster have been identified. It is believed twenty others were burned.

Engineers Get Increase

Chicago, Dec. 29:—The wage dispute between the engineers and sixty-one railroads has been settled. There will be no strike. The engineers get an average increase of ten per cent.

Papke Losses To Dave Smith

Sydney, Dec. 27:—Dave Smith, the Australian middleweight champion, won from Billy Papke in the tenth round on a foul.

Aviator Lost In North Sea

London, Dec. 29:—The search for Aviator Brace is so far unsuccessful. It is reported that his aeroplane was picked up in the North sea. A fleet of torpedo boats are searching the waters.

BOND ON CLAIMS TAKEN UP

FIRST CLAIMS STAKED ON ROCHER DE BOULE

W. S. Sargent Goes to Portland to Confer with R. P. Trimble Who Holds Bond

The bond on two groups of claims on Rocher de Boule mountain, owned by W. S. Sargent and Colin Monroe is being taken up according to the terms of the agreement and it was to confer with the bond holder, R. P. Trimble of Portland, Ore., that Sargent left for the coast last week. The terms of the deal, as published at the time the agreement was made, cover eleven claims in two groups, at the head of Juniper creek and some five miles from the Skeena, back of the townsites of Ellison and Sealey. The total purchase price is \$65,000.

The main vein on the larger group is on a contact between porphyry granite and quartzite and from three to eight feet wide, traceable through three claims. On the other group the vein is in the rock that passes for granite, ten feet wide or more, and at one place where a creek crosses it there is a showing of four feet of copper ore assaying thirty-one per cent copper and three dollars in gold and silver.

DANCE MONDAY EVENING

The town hall erected by a citizens' committee has been completed by the contractors, Stephenson & Crum, and accepted by the committee of the Hazelton Hall Association. The structure proves to be admirably adapted for dances and other public affairs, and will accommodate large crowds.

Having in view the fact that the subscriptions do not equal the cost of the building, and desiring to start with as little indebtedness as possible, the committee has decided to signalize the opening of the hall by giving a public dance on Monday evening, when every effort will be made to ensure the enjoyment of those who attend. The proceeds will be applied to the reduction of the debt on the building.

The best available music will be provided and refreshments will be served. All should attend.

Road Superintendent Willis-croft went up the valley on Tuesday, to wind up his work for the year in that section.

Information as to the present whereabouts of Arthur Inabuis, who was last heard of in a lumber camp in British Columbia two years ago, is being sought through the police department.

Christmas dinner at the Ingneca Cafe, under the management of H. E. Brickdale, was so much of a success, over 200 meals being served, that a New Year dinner will be offered. The menu is on another page.

SATURDAY, DECEMBER 31, 1910

In Early Days

When the history of the Canadian West—an intensely interesting story of dogged pluck and strenuous endeavor—comes to be written, the man who has the courage to attempt the work will find ready to his hand an inexhaustible fund of historical facts and information in the journals of the Hudson's Bay Company. These records, kept as a matter of routine by the traders of the historic Company throughout the length and breadth of the great fur country, are alluring and suggestive to the student of Canada's history, who frequently finds, enlivening the matter-of-fact daily notes of weather conditions and ordinary happenings at lonely posts and forts, records of incidents and events of far-reaching importance, often unappreciated by the writers.

Through the kindness of J. C. Boyd, manager of the local store of the Hudson's Bay Company, The Herald was given access to the journals of the local post from the year 1885 onward. Excitements of space will not at present allow reference to many interesting facts contained in the diaries, but as a matter of considerable interest to our readers, we give the names of the white men who wintered at Hazelton in 1885-6. E. C. Stephenson, of Stephenson & Crum, appears on the record as the lay representative of the Church Missionary Society; James May was then, as now, a Tom Creek placer miner; Chas. McKinnon, until recently a resident of Hazelton, was also engaged in placer mining in the Omineca, as was C. W. D. Clifford, ex-M. L. A., now at Kitseles. The others whose names are given were A. Graham, A. McDonald, H. Warburton, C. H. Oren, H. Froats, Fred Harte.

In January, 1895, the following record appears:

"The following persons are wintering at Hazelton: R. E. Loring, Indian agent, Mrs. Loring and three children, Arthur Hankin, E. C. Stephenson, James May, C. Rolls, Ezra Evans, W. K. Speer, W. B. Forrest, E. O. DeLong, O. M. Dutton, E. Willman, George Nash, James Wells, Gabriel La Croix and wife, Joe LeCroix, wife and two children, Master Joe Gardner, J. H. Lyon, H. B. Co., R. S. Sargent, H. B. Co. At Kispiox were Rev. J.

C. Spencer and wife; at the mouth of the Haguel-get (Bulkley) river, R. H. Cole; four miles below Hazelton, A McIntosh and family and Wm. Keynton and family; at Old Kitseguella, Rev. T. Neville; at Kitwangah, Rev. A. E. Price and family. Of some forty persons here in 1895, over twenty are still in the town and district.

The construction of roads and trails in every direction is most essential in the opening up and development of the country; so let us hope that our officials shall not become distracted from their duties in this regard by the agitation in Hazelton for that grand highway to Mexico.—Interior News.

That the editor of the News utterly fails to catch the spirit of of the times and in nowise represents public opinion at Aldermere, the place of its publication, is quite apparent from the fact that the petition for a National Highway from Hazelton to the southern boundary of the province was almost unanimously signed by the residents of that town, the editor's name being about the only one missing.

Anything which is for the general good of the district must naturally be favored by everyone who expects to remain in it. The narrow spirit which fails to grasp the significance of a thoroughly good road from one end of the district to the other will not be tolerated by Bulkley valley people, who are, almost without exception, a progressive, wide awake lot.

The mild form of knocking which the News indulges in is quite harmless and would not be noticed except for the impression that might be created, that there are men in Bulkley valley who do not know a good thing when they see it.

On Saturday last a case was tried at the police court which has since caused a good deal of comment. W. J. McAfee, of the Ingineca hotel, appeared on a charge of selling more than a quart of liquor without a wholesale license, and having entered no denial, was fined the maximum penalty.

So far as we know this was the first case of the kind ever tried in British Columbia, notwithstanding that, in this district at least, dealers have been in the habit of selling more than one bottle to a customer quite openly. In the circumstances it would have been no more than fair to have notified the local hotel men that the law would be construed to forbid such selling rather than to hale into court, without warning, men who have a large stake in the country and who have never before been charged with any contravention of the law.

**"QUEER QUAKERS"
PLEASED ALL**

**The Proceeds Will Be Used for the
Benefit of St. Peter's Church**

The one act farce-comedy, "Poor Pillicoddy," was successfully staged by the "Queer Quakers" on Wednesday and Thursday nights, at the Mission school house, and although they turned out to be home talent after all, did very well as the large attendance the second night testifies.

Mrs. E. H. Hicks Beach as "Sarah" gave a convincing impersonation of the slavey. Miss Sharpe as "Mrs. Pillicoddy" and Mrs. Maitland-Dougall as "Mrs. O'Scuttle" gave a very creditable rendition of their lines and fitted well into the cast.

H. Dorrien-Miller in the title role was good and he has evidently had considerable experience on the boards before. He is a comedian of no mean ability. J. H. Hetherington rounded out the cast as "Captain O'Scuttle" very nicely. On the whole the performance was so ably rendered that the audience left very well pleased indeed and it is to be hoped that the same company will have something more to offer before the winter is over. When the new hall is completed and better facilities are available they may well undertake something more ambitious.

Preceding the comedy Mrs. Maitland-Dougall very ably rendered a piano solo; H. W. Sharpe sang and five public school pupils went through a musical drill, guided by Miss Sharpe at the piano, so well that they were roundly applauded and an encore demanded. Vera Lee, the small daughter of Mr. and Mrs. Lee, made a decided hit with her singing.

Will Attack Rebels
Chihuahua, Mexico, Dec. 29:-- Two trains carrying 1,300 troops left here yesterday to reinforce General Navarro, whose first task will be to take Malpaso, now held by a strong army of rebels.

Six Persons Suffocated
Kenton, Ohio, Dec. 30: - Six persons celebrating Christmas in a room at the Lintz hotel were suffocated by gas. A bell boy noticed the odor of gas in the hall and finding the door locked looked over the transom and saw the bodies, and the floor strewn with empty bottles. The dead are Mr. and Mrs. Chas. Latham, Wm. Kennedy and son, Harry Newcomb and Miss Bailey.

Omineca Land District. District of Cassiar.
Take notice that Charles H. Wharton of Mount Vernon, Wash., gentlemen, intends to apply for permission to purchase the following described lands: Commencing at a post planted 1 mile north and 1 mile west of the northeast corner of lot 1370, thence west 80 chains, south 80 chains, east 80 chains, north 80 chains to point of commencement, containing 640 acres. October 22, 1910. Charles H. Wharton.

LOCAL AND DISTRICT NEWS.

J. K. Ashman is a visitor in town.

Frank Johnson came down from Aldermere on Tuesday.

T. M. Baird, assistant divisional engineer on the G. T. P., is leaving for the coast on Monday.

Geo. H. Wyatt left on Wednesday for Telkwa, where he has several contracts for painting and decorating.

Mrs. Snodgrass, widow of the late E. W. Snodgrass, has been presented with a purse of \$405.00 by the employees of the Yukon telegraph system.

After spending Christmas in Hazelton, Charles Barrett left for the Diamond D ranch on Tuesday, with several freight teams, hauling supplies.

Lem Broughton has returned to Aldermere from a trip to Francois lake, after beef cattle. He succeeded in obtaining eight head from A. Blayney.

The person who, on August 16, sent two postal notes for \$4 each to the Carney Copper Co., Mullan, Idaho, is requested to communicate with the postmaster at Hazelton.

The proceeds of the entertainment given by the "Queer Quakers" was \$104.50, which is for St. Peter's church, for the purchase of new stoves and other improvements.

H. H. Little, manager of the local branch of the Union Bank, is leaving for Prince Rupert Monday morning. It is expected a prominent official of the bank will be in Prince Rupert about the time Mr. Little arrives there.

A Seattle despatch states that at the Good Roads Convention held at Walla Walla, and attended by delegates from the Northwestern states, the only project unanimously endorsed by the gathering of prominent men was the "Pacific Highway."

C. E. Betts, superintendent of the G. T. P. coal property near Telkwa, has been ill for some days, and Dr. Wallace, who was called to attend him, decided that his removal to the hospital was advisable. Mr. Betts, accompanied by Dr. Wallace, arrived on Tuesday. His condition is improving.

Omineca Land District--District of CASSIAR.

Take notice that George B. Gillman of Mount Vernon, Wn., farmer, intends to apply for permission to purchase the following described lands:-- Commencing at a post planted on the shore at the north end of the North Arm of Babine Lake about 4 miles in northerly direction from the ne. corner of lot 1370, thence west 80 chains, south 80 chains, east 80 chains, north 80 chains to point of commencement, containing 640 acres. Oct. 21, 1910. George B. Gillman.

Omineca Land District--District of CASSIAR.

Take notice that William Hammack of Mount Vernon, Wn., schoolmaster, intends to apply for permission to purchase the following described lands:-- Commencing at a post planted on the west shore of the North Arm of Babine Lake about three miles in a northerly direction from the ne. corner of lot 1370, thence west 40 chains, north about 40 chains to lakeshore, thence easterly and southerly along lakeshore to point of commencement, containing about 160 acres. William Hammack. October 21, 1910.

**For Many Reasons We
Recommend
Silver Cup Mines**

FOR MANY REASONS we recommend the immediate purchase of Silver Cup shares at the present offering of 12 1-2 cents per share.

FIRST AND FOREMOST. We believe the stock will steadily advance on the true merit of the property. We believe in the management of this company. That the safety of the investors' money is absolutely assured---we believe furthermore that there is great value in the property holdings far and above the present selling price of the stock.

It is with all these facts in mind that we recommend investment in the "Silver Cup Mines." Believing that the conditions surrounding this enterprise, consisting of a big mining property systematically developed, the management by reliable business men, assuring a clean business administration, offers an opportunity for extraordinary profits to everyone who wishes to share in the profits derived from a successful and energetic development of a big mining property.

Looking months ahead we venture the opinion that SILVER CUP will sell for many times the present price of shares. Our predictions are based upon sound estimates of what may reasonably be expected from a liberal development of the Silver Cup ore bodies.

The treasury fund is fast growing into proportions that will enable the company to proceed on a scale that is calculated to add great value to the shares, after this issue is deposited of and as development proceeds there will be a lot of people wanting Silver Cup stock, and to secure it they will be obliged to offer a sufficient profit to the early purchaser to induce him to sell. Why not be one of the early purchasers and thereby secure the stock at a price that will give you the maximum of profit.

We have only a limited allotment of shares that we can sell at the special price of 12 1-2 cents per share. To those interested we suggest immediate action before the issue is fully subscribed.

Terms of purchase on application.

**Aldous, Robertson & Murray
Hazelton, B. C.**

ENORMOUS SUM FOR GOOD ROADS

18,000,000 To Be Spent. Part For
Advancing Pacific Highway

Gratification has been felt all along the coast, a feeling shared in to a great extent on Vancouver island by the vote just passed by the California state legislature permitting a bond issue for a sum of \$18,000,000 for building new roads in that state. This large expenditure will have an important bearing on the carrying through of the Pacific highway project—namely the building of a continuous trunk road through from Mexico to British Columbia.

Speaking of the action of the Californian legislature Mr. A. E. Todd says: "The greatest difficulty which confronted those interested in the Pacific Highway Association was that of getting roads constructed in Northern California. The county system of road building prevails in that state, and in the northern part the settlements are few and far between, and the inhabitants are by no means wealthy. It has been easy up to the present to have roads built in and around such populated and wealthy centres as Los Angeles and San Francisco, but the roads in the less wealthy countries are scarce and in poor condition. Governor Gillett took up the question, and in spite of strong opposition he has succeeded in having the vote carried by a very substantial majority. The result is that roads will now be built in the northern part of the state, and part of the expenditure will be devoted to carrying through the scheme for a continuous trunk road through the state.

"The greatest difficulty in the way of this Pacific Trunk highway having been removed, it it now seems almost certain that the project will be carried out, and that the road will be in operation by 1914. Similarly on the Canadian side, chiefly through the British Columbia government, a continuous road will be in operation between the coast and Lake Superior. As is generally known the Hon. Mr. Taylor has been in communication with the different public works ministers in Saskatchewan, Manitoba and Alberta, and from each he has received an endorsement of the scheme. We on the Canadian side are anxious to see this portion of a transcontinental highway an accomplished fact in time for the Winnipeg international exposition of 1914. I personally have been in communication with people in the East, looking towards the carrying of this project still further, so that the highway will ultimately become a transcontinental one, and will be the greatest one in the world. On the American side the people there are anxious to have trans-pacific trunk road completed in time for the San Francisco and San Diego expositions of 1915. The Canadian and American trunk roads will be linked up, and the amount of wealthy travel which they will bring to this province and Vancouver Island especially can hardly be over-estimated." —Victoria Colonist.

Mark Carr has returned to the Carr ranch at Canyon creek. He will leave in a few days for Quesnel, to pick up some horses left there on a former trip, and to secure some new work stock.

On Christmas Day J. C. K. Sealy, proprietor of the Omineca hotel, following the custom of the house, served a choice dinner free to all comers, and on Monday entertained the native band, who played in front of the hotel during the evening.

Several tons of Swede Turnips for sale at Corner's Ranch, Kispiox valley, \$30 per ton.

People going to Francois Lake and the Morice river will find a nice assorted stock at Silverthorne's.

Awning Company.

LIQUOR ACT, 1910
Section 49.

NOTICE is hereby given that, on the 1st day of February next, application will be made to the Superintendent of Provincial Police for the transfer of the licence for the sale of liquor by retail in and upon the premises known as the Hazelton Hotel, situate at Hazelton, British Columbia, from Thomas Olsen to Charles Gordon Harvey of British Columbia.
Dated this 7th day of December, 1910.
THOMAS OLSEN,
Holder of Licence.
C. G. HARVEY,
Applicant for Transfer.

NOTICE
Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next session for an Act to incorporate a Company under the name of the "Naas and Skeena Rivers Railway Company," with power to build, construct, maintain and operate a line of railway of standard or narrow gauge, to be operated by steam, electricity or other motive power, from Groundhog valley in the Province of British Columbia down the south side of the Skeena river to its junction with the Slan Geest river, thence following the Slan Geest river up to point near the Fifth Cabin on the Yukon Telegraph line, thence westerly to a point below Blackwater lake, thence down Blackwater river, or by way of the lakes at the head of Kispiox river, to the Naas river, thence down the Naas river to a point on Naas Bay. With power to build a branch line from the junction of the Skeena river and Courier or Carrier Creek, and up said creek to Blackwater river. With power to construct, own and maintain wharves and docks in connection therewith, and to acquire any charter to equip and maintain steam and other vessels and boats and to operate same on any navigable waters, and with all powers given by the model railway bill, and with such other powers and privileges as are usual or incidental to all or any of the aforesaid purposes.
Dated this Second day of December, 1910.
Barnard & Robertson,
Solicitors for the Applicants.

Christmas Eve In The Bulkley Valley

The principal feature of the Christmas celebration in the Bulkley Valley was a concert and sale of work held by the ladies of Aldermere and Telkwa in the church at the latter town on Christmas eve.

There was a large attendance and the affair was most successful in every respect. The ladies committee, to which credit for the enjoyable entertainment is due, included Mesdames Stephenson, Coyle, Williams, Goodwill, Watchorn, Turner and Simpson. Those taking part in the concert program, which was well received, were: Mrs. Stephenson, Mrs. Williams, Mrs. Simpson, Rev. F.L. Stephenson, and Messrs Springsteen, Higgins and Frank Johnson.

The sale of work, which, with the amount realized at the refreshment booths, produced the satisfactory sum of \$318, was conducted by the following gentlemen as auctioneers: Roy Williams, Frank Johnson, Wm. Henry and Harry Smith. Considerable amusement was occasioned by the sale of the colt "Wonder" which exhibited the most approved show-ring style.

At ten-thirty the crowd in attendance adjourned to the annex of the New Telkwa Hotel, where dancing was the order until the midnight hour.

The Hockey Match Last Monday

The first hockey game ever played in northern B. C. was contested between teams from the town and the engineering staff of the G. T. P. last Monday at the lake. A large rink has been kept clear all winter. Although snow banks had to serve as barrier walls, making it harder for the players to make a good showing, the play on both sides was very creditable.

Grand Trunk scored the first goal shortly before the end of the first half. Hazelton's two came during the latter part of the second half. Ramsay was easily the star of the railway team, a dangerous man at all times, and has evidently played in fast company. A. C. Aldous, cover point for Hazelton, was the most effective for the town team. S. B. Slinger did good work in goal and stopped a number of

hard shots.

As the result shows the teams were about evenly matched. It is announced that another game will be played next Monday.

Following is the line-up of the teams:

G.T.P.	Hazelton
Martin	Left Wing Larmer
L. Read	Right Wing Morison
Bob Reid	Center MacDonell
Ramsay	Rover Fawcett
Graham	Cover Point Aldous
Brown	Point Howell
Freeman	Goal Slinger
Referee, H. Welch.	Goals scored, Ramsay 1; Howell 2.
