LEGISLATIVE LIBRARY MAR 17 19 VICTORIA, B.

VOTERS LISTS CANCELLED--- ALL MUST REGISTER ANEW

New Lists Now Being Prepared---Applications for Registration Must Be In Before April 7 --- Officials Who May Register Voters---New Regulations.

The voters lists of the province have been cancelled and new lists are being prepared. Applications for registration must be filed before April 7 with the registrar of voters. In this district the necessary declarations may be made before any justice of the peace, notary public, commissioner for taking affidavits, provincial constable, government agent, assessor, mining recorder, deputy mining recorder, postmaster or Indian agent. Every voter, no matter how long his name has been on the list, is required to register anew. The court of revision will be held on May 19. All foreigners must produce their naturalization papers when applying for registration.

The chief reason for the re-registration is the fact that a large proportion of voters are registered as living at different addresses than those at which they are now located. In view of the necessity for redistribution in the near future, it is necessary that voters should be registered for their present addresses. It is also necessary for the proper working of the new jurors' act.

Readers of the Miner should lose no time in applying for registration.

Noted Physician Invited

(Special to The Miner)

Victoria, Mar. 7:—The provincial government has invited Dr. Friedrich Friedman, the German bacteriologist whose tuberculosis treatment has attracted world-wide attention, to come from New York to Tranquille, to demonstrate there his new discovery.

Pauline Johnson Dead

Vancouver, Mar. 7:—Miss E. Pauline Johnson, the Canadian Indian poetess, died here today after a long illness, from cancer. The Duke of Connaught, when last in Vancouver, visited Miss Johnson. Her Indian name was Tekahionwake, and she was the daughter of a chief of the Six Nations Indians. Her mother was Emily Howells, an Englishwoman from Bristol,

Hazelton Bridge Guaranteed

Advices have been received stating that the high level bridge across the Bulkley river, connecting Hazelton and the surrounding district with the railway station at South Hazelton, will be constructed at an early date. Efforts are being made to have the government undertake this necessary work; but the building of the bridge is guaranteed by the Grand Trunk Pacific. As the only feasible means of connecting the permanent road system of the district with the railway, the bridge is a prime necessity, and the news that its immediate construction has been decided upon will be gratefully received by the permanent residents of the district.

Officials of the railway company have selected a site for the big hotel which the railway company proposes to build at South Hazelton, and plans for this enterprise are expected to be announced shortly.

WOODROW WILSON IS NOW UNITED STATES PRESIDENT

First Democractic President To Be Inaugurated In Twenty Years Takes Oath of Office --- Personnel of Cabinet--- Bryan Made Secretary of State.

Washington, March 4: — For the first time in twenty years, a Democratic president was today the central figure in the inauguration ceremonies. The customary formalities were observed, and Woodrow Wilson is now president of the United States. The lofty tone of the president's inaugural address is generally taken as an indication that the new administration will be sanely progressive. Thousands of suffragettes marched to the White House grounds. Their appearance resulted in considerable disturbance.

London, Mar. 6:—The British press comments most favorably on President Wilson's inaugural address.

Washington, Mar. 3:—The final selection of the cabinet was made today. Following is the draft :

Secretary of state—W.J.Bryan.

Secretary of the treasury—W. G. McAdoo, of New York.

Secretary of war—Harrison of New Jersey.

Attorney-General--McReynolds of Tennessee.

Postmaster-General—A.S. Burleson of Texas.

Secretary of the navy—Josephus Daniels of North Carolina.

Secretary of the interior—Lane of California.

Secretary of agriculture—Houston of Texas.

Secretary of commerce—Redfield of New York.

Secretary of labor---Wilson of Pennsylvania.

UNREMITTING FIGHT ON BILL FOR NAVAL APPROPRIATION

Opposition Still Trying To Force General Election, Although Government Has Majority of Thirty -- House of Commons In Continuous Session.

Ottawa, Mar. 6.—With the object of forcing a general election on the naval proposals, the Liberals continue their obstructive tactics in opposition to the dreadnought measure. The house has now been in continuous session for sixty hours, and there is still no end of the blockade in sight. For the first time in the history of the Canadian parliament, no attempt is being made to debate the question at issue. The war between government and opposition, which presents many unprecedented features, is likely to continue until midnight on Saturday, when the house will adjourn automatically. The contest is likely to be renewed on Monday. The second reading of the naval measure was carried with a government majority of thirty. The opposition is now making its big fight in committee of the house.

Ottawa, Mar. 7:—Members of the Hansard staff are breaking down under the strain of the continuous session. It is estimated that the Liberals have spoken over two million words. The sitting has now lasted over one hundred hours, the daily cost to the public being ten thousand dollars. No relief is yet visible. Many Liberals have spoken as often as five times each and at great length. H. B. Ames appeared with a nightcap and an air pillow.

It is rumored here that Canadian Steel and allied interests are behind the Liberal tactics, and if the latter are successful in forcing an election they will receive financial aid.

Constable Killed

(Special to The Miner)

Nanaimo, Mar. 5:—Provincial Constable Westway was murdered at Union Bay yesterday. He was engaged in searching for William Adams, alias Martin, who is wanted by the police on criminal charges. A companion of Adams who is known as "Flying Dutchman" is under arrest, charged with the slaying of the officer.

"SKOOKUM JIM" TELLS OF TESLIN GOLD STRIKE

Wrangel, Mar. 3 :—Skookum Jim, of Klondike fame, reports the discovery of gold on Silver creek, averaging 50 cents to the pan. The strike was made in British Columbia, about eighty-five miles from Telegraph Creek.

Jim prospected on the headwaters of the Pelly river and worked south toward Dease Lake but struck nothing until reaching the south slope. The strike was made about December 25.

Jim and his partner, McDonald, lost their camp outfit by being burned out about January 5.

Jim came out via Atlin, McDonald remaining inside and reports about 300 claims staked by Tahltan Indians and white trappers and telegraph linemen.

Jim says the ground is much easier worked than the Dawson placer claims.

Ladies Take The Trail

The first ladies to travel with dog teams to the Groundhog district will be Mrs. F. A. Jackson and Miss Carter, who leave for the northern coalfield today with Mr. Jackson, who is taking a crew in to build camps for the Groundhog Basin Anthracite Syndicate. This concern will do considerable development work on a large group of claims. Mr. Jackson will also supervise the work on the Laidlaw & Jackson properties, and expects to meet Mr. Laidlaw here in June. Frank says extensive work will be undertaken in various parts of the big coalfield this season. Many toboggan loads of supplies have already gone in.

WHAT BALKAN ALLIES DEMAND OF TURKEY

Rome, Mar. 2:—According to official information received today the Balkan states will insist upon the following conditions for the conclusion of peace, even through the mediation of the powers :

First—The contracting parties pledge themselves to the immediate and simultaneous cessation of hostilities after the signing of the treaty of peace.

Second — Contemporaneously Turkey must surrender to the allies Adrianople, Scutari and Janina.

Third — The Bulgar-Turkish frontier shall extend from Rodosto to Midia, the exact line to be established by a military commission, composed of Bulgarians and Turks.

Fourth—The peninsula of Gallipoli to be ceded to the Allies.

Fifth—All the Aegean islands occupied at present by the Greeks to be ceded to the Allies,

Sixth—Prisoners of war and hostages to be exchanged with the briefest delay,

Seventh—Turkey to pay the Allies three hundred million dollars war indemnity, deducting from it, however, that portion of the Ottoman debt borne by the Turkish European provinces.

Eighth—A special representative of the sultan to be permitted in the Balkan territory for religious purposes, having under his jurisprudence all mosques, pious funds and church properties.

Ninth—All treaties, conventions and agreements existing between the Allies and Turkey before the commencment of the war to be re-established,

Preparing Ore Exhibit

Mining men of the district are requested to submit ore samples of suitable size, with information as to location, depth, and contents, to the board of trade, for inclusion in the exhibit which will be displayed at the Imperial Institute in London.

Off to Manson Creek

Dr. B. F. Stanwood and W. B. Steele left yesterday for their claims in the Manson camp. Dr. Stanwood was the first mining man to call attention to the quartz possibilities of the well known placer district, and he has acquired a number of excellent silver-lead and dry silver prospects. These he will develop as far as possible during the season. Mr. Steele also owns mineral claims, while both have valuable placer ground.

More Manson Men

General Manager Fraser, of the Royal Standard Investment Company, a Vancouver concern with large placer holdings in the Omineca river district, is expected to reach Hazelton on tonight's train with a crew of fourteen miners, and will proceed at once to the company's property to begin the season's work.

Kaiser Going Up

Berlin, Mar. 7:—Elaborate preparations are being made for the Kaiser's first ascent in a dirigible balloon tomorrow.

Caused His Son's Death

(Special to The Miner)

Vancouver, Mar. 5:— Stanley Crowley, aged fourteen, dropped dead yesterday at Collingwood, near Vancouver, from a kick administered by his father in a dispute following the lad's failure to attend school. The father, Thomis Crowley, is fifty years of age, with nine children, the youngest born yesterday. Crowley fainted twice while giving evidence at the inquest today. The coroner's jury found that there was no criminal intent and returned a verdict of death by misadventure. The father was liberated.

Dynamite Kills Many

Baltimore, Mar. 7:—While 350 tons of dynamite was being transferred from a barge to a steamer, an explosion occurred in which fifty were killed and hundreds injured. Many of the injured will die.

German Naval Disaster

Berlin, Mar. 6:—During night maneuvers of the German fleet in the North Sea on Tuesday night, the cruiser Yorck collided with a torpedo destroyer, sinking the latter with a loss of life officially estimated at seventy-one.

Greek Victory Reported

Athens, Mar. 6:—It is officially reported that Janina, the great western fortress of the Turks, has surrendered to the Greek forces, with thirty-two thousand prisoners of war.

SMELTER MAN LOOKS OVER HAZELTON MINES

Investigating the ore possibilities of this district, in the interests of the Granby company, E. E. Campbell is spending a few days here. Already he is favorably impresssd with our ores. Yesterday he visited the Harris Mines, of which he thinks highly, and today he went to the Silver Standard. It is the purpose of the Granby company to add a lead stack to its 2000-ton copper smelter at Granby bay, as soon as a daily production of 100 tons of silver-lead ore is assured. The mines of this district are expected to yield the necessary tonnage in a comparatively short time.

Britannia Mines' Record

(Special to The Miner)

Vancouver, Mar. 6:—At the annual meeting of the Britannia Mines today, it was announced that extensive improvements and additions to the plant would be made immediately. The president, Ex-Governor Dewdney, said the progress of development had been such that the property can now be classed as one of the great copper mines of the continent. There will be two thousand men on the pay-roll within two years. Over $1,000,000 was expended on developments and improvements last year. Ore is now being treated by the new English oil concentration process with which most wonderful results have been obtained since its installation. The directors will adhere to the policy of non-recognition of the miners' union. The company is controlled by New York capitalists.

LABOR COMMISSION IS NOW TAKING EVIDENCE

(Special to The Miner)

Vancouver, Mar. 7: — Three sessions have been held here by the labor commission, which has heard a good deal of evidence. One witness, a construction laborer who had worked in railway camps for thirty years, said he knew of at least one foreman who admitted getting a rakeoff from the employment agencies of half the fees, frequently discharging men to increase the flood of fees. The witness wrote a number of names for the commission.

Representatives of labor organizations urged the improvement of camp conditions and working hours. Payment in cash, instead of by check, was asked for.

Women witnesses gave evidence concerning the long hours and small pay received by women employees of stores. They urged that store employees should have a half-holiday weekly.

Tells of Groundhog Coal

(Special to The Miner)

Nanaimo, Mar. 6:---An interesting paper on the coal measures of the great Groundhog district was read before the western branch of the Canadian Mining Institute, by George W. Evans, a Seattle expert, who has spent several months in an examination of the big Skeena river coalfield. The meeting, which opened on Tuesday, is the fourteenth annual gathering. A large number of British Columbia mining men are in attendance-

VOL. II. SATURDAY, MARCH 8, 1913. No. 27.

The Omineca Miner has the largest bona fide circulation of any newspaper in the Northern Interior of British Columbia.

There is a growing demand for direct mail connection between this district and Fraser Lake and southern points. In the last two or three years, and especially since the beginning of work on the third construction section of the Grand Trunk Pacific, there has been a large increase in traffic along the line of the railway; but the postal facilities have not kept pace with developments. Mails to and from points south and east of Burns Lake must still be carried by way of Prince Rupert, Vancouver and Ashcroft. This is a condition that should not be allowed to continue. The cost of a mail service between Burns Lake and Fraser Lake would not be excessive, and this section is the only gap in the line. We recommend the proposal as one worthy of consideration by the public bodies of the Omineca district. If the necessity for this service is brought to the attention of the postal authorities, there is little doubt the desired improvement will be ordered without delay.

As an effective means of revising the voters' lists of the province, the government has cancelled all lists of provincial and Dominion voters, requiring the registration anew of all residents of British Columbia who are qualified as voters. The usual revision will be held in May and all who are entitled to vote should see that their applications are in the hands of the registrar of voters before April 7.

Want Groundhog Coal

It is reported that representatives of leading Pennsylvania coal operators are negotiating with Vancouver owners of Groundhog coal lands, with the intention of of acquiring an area sufficiently large to justify the building and operation of a railway, to be owned by the same interests. Vancouver men are the principal holders of claims in the great Skeena coalfield, and although Hazelton is the operative headquarters of the various concerns holding Groundhog lands, a majority of the deals affecting the coal claims are consummated in the Terminal City.

To Advance Mining

The Vancouver Chamber of Mines, an institution which bids fair to be of great value to the mining industry of the province, is conducting an aggressive campaign for a larger membership. Every mining man in British Columbia should join this organization. A suggestion of its methods is to be found in the program for the meeting held on Monday evening last, when an interesting discussion followed the reading of the following papers:

By John Cunliffe: "Conditions proved by development work in the principal operated coalfields of British Columbia, contrasted with earlier geological and other estimates; some lessons to be deduced therefrom."

By Percy Williams, E.M.: "The financing of prospective mining enterprises."

The secretary of the Chamber, whose address is 437 Hastings St. W., Vancouver, will be glad to enroll as members any readers of The Miner who wish to take part in the good work of building up the mineral industry of British Columbia on a sound basis.

Will Uphold Law

Victoria, Mar. 3: — One of the liveliest discussions in the budget debate followed the objection made by the opposition to the payment of special constables employed during the I. W. W. and similar labor difficulties.

"The trouble, both on railway construction and in the mines, has all been caused by labor agitators," sharply returned Mr. Bowser. So long as I am head of this department of justice I will see law and order maintained. If fifty thousand dollars is not enough I will ask for a hundred thousand, and with the exception of the two members of Socialistic party the house will vote it."

The house thundered applause.

Postpone Royalty Increase

Victoria, Mar. 3: — The announcement has been made by Hon. W. R. Ross that the government would make futher enquiries into the timber question before increasing the royalty on coast timber from fifty cents to one dollar a thousand feet and on mountain timber from fifty cents to seventy-five cents a thousand. The proposed amendment to the act, in which these changes were incorporated, will therefore be held over.

What London Thinks

They say in the London clubs that in Germany there is a general belief that war with France is almost inevitable. It is expected in the spring. Austria and Russia have both mobilised against each other, and in Germany large masses of troops have been concentrated at strategic points along the frontier. Wagons, materials for bridges, and foodstuffs have been quietly collected. If peace is preserved it will be well nigh a miracle.

The real reason for the postponement of Mr. Lloyd-George's land campaign is the critical character of the international situation. The government knows that the storm may burst any moment, and they are not eager to start a crusade which might be suddenly swamped by a great European war. It is significant that in Canada the gravity of the crisis is better understood than in England. Mr. Borden knows the facts.—London Opinion.

The World's Doings in Brief

News Notes from Many Sources

Three were killed and many injured in four train wrecks in Ontario on Monday.

The Duchess of Connaught has completely recovered from her recent severe illness.

Hundreds of people are reported killed and injured by a terrific storm in Georgia, Alabama and Florida.

Reports of Russian military activity in Mongolia cause perturbation in the Chinese and Japanese capitals.

An attempt was made to blow up a train on which the King and Queen of Italy were travelling to Naples last Sunday.

The new German military bill involves the expenditure of $250,000,000 on fortifications and maintenance of the army.

About fifty persons are supposed to have perished in a fire which destroyed the Dewey Hotel at Omaha, Nebraska,

Fifteen military police have been killed and twenty-eight injured in a fight with head hunters in the Naga district, Assam.

Conservatives carried both bye-elections for the Yukon council, electing Messrs McLennan and Pearse. The contest was a hot one.

After four and a half months, the bodies of eighteen miners killed in the disaster at the Mount Lyall coal mine in Tasmania have been recovered, making the death roll forty-five.

Ex-Mayor A. J. Morley was elected mayor of Victoria in the election following the unseating of Ex-Mayor Beckwith. Morley's majority was 110.

Two hundred million pesos is the amount which the new government of Mexico will endeavor to raise by means of bonds, for the pacification and rehabilitation of the republic.

After a prolonged trial, eighteen of the Paris motor car bandits have been convicted. Four were sentenced to death. The gang is said to have committed twenty-two murders.

Explorer Stefansson will leave Esquimalt in May, aboard the whaler Karluck, purchased by the Canadian government, which will defray all expenses of the expedition, to the unexplored regions in Northwestern Canada.

The United States Senate passed the $180,000,000 annual pension bill in the record time of 25 minutes and with less than 15 minutes' debate. It is the largest amount of any annual pension measure in the history of the government.

The investigating committee of the house has brought in its report, the substance of which is that the money trust in the United States is really dangerous owing to the concentration of money in New York.

A gold dredge owned by the Yukon Gold company, a Guggenheim corporation operating on Bonanza creek, was blown up by unknown persons with dynamite stolen from the company, which offers $5,000 reward for the conviction of the dynamiters.

Eight long-buried jars, containing jewels and gold coins, were unearthed by laborers at Haslemere, Surrey. One jar contained documents stating that over fifty jars had been buried, and the villagers are now engaged in a strenuous hunt for treasure.

C. P. R. Steamer "Princess Beatrice" sails for Vancouver at 8 p. m. on March 2, 16 and 30, or every alternate Sunday. Through connection made on these days with trains from Hazelton.

Tenders for Freighting Supplies for the Yukon Telegraph Line.
EXTENSION OF TIME.

The time for receiving tenders for the freighting of supplies for the Yukon Telegraph Line in the course of the seasons of 1913, 1914 and 1915 is hereby extended to Friday, April 4, 1913. Tenders are to be sealed, endorsed "Tender for Packing Supplies," and addressed to the undersigned. Forms of tender and specification may be obtained and form of contract seen on application to Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C., Mr. Wm. Henderson, District Superintendent Government Telegraphs, Victoria, B. C., and from the Government Telegraph Agents at Ashcroft, B. C., Quesnelle, B. C., Hazelton, B. C., and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and place of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender for one year's packing, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order
R. C. DESROCHERS
Secretary
Department of Public Works
Ottawa, February 4, 1913.

Newspapers will not be paid for this advertisement if they insert it without authority from the department:—36295.

Provincial Elections Act

NOTICE is hereby given that the List of Voters for the Skeena Electorial District has been cancelled, and that applications to be placed on the Voters' List will be received at my office at the Government Buildings, Prince Rupert, B. C., where printed forms of affidavit to be used in support of an application to vote will be supplied.

The list of persons claiming to vote will be suspended from and after the 7th day of April, 1913, and a Court of Revision will be held on the 19th day of May 1913, and notice of objections to the insertion of any name on the register of voters must be given to me thirty clear days before the holding of the Court of Revision.

Dated this 3rd day of March, 1913.

J. H. McMULLIN,
Registrar of Voters for the Skeena Electoral District.

HUNTERS MUST HAVE LICENSES

Important Measure Regulating Killing of Game---Chief Provisions of New Act

One of the most important legislative enactments of the recent legislature had to do with the game laws of the province.

This measure provides, among other things. that it shall be unlawful for any resident of the province to hunt animals or birds or to carry firearms of any description, or airguns, or any device for the purpose of capturing any animal or bird, without first taking out a licence. In addition to taking out a license, each hunter will be required to wear a badge showing the number of his license. These licenses will not be transferable, Any breach of the act involves cancellation of a hunter's license. Licenses will not be issued to boys under sixteen except upon the written request of parents or guardians, who shall undertake that such boys, when carrying firearms, will always be under their supervision or that of some responsible license holder.

There are three classes of license provided for: an ordinary license to carry firearms and hunt birds and deer (other than moose, wapiti and cariboo), costing $2.50; a general license to hunt game birds and animals, $5.00; a special license to carry firearms and trap, $10.00.

Holders of a general or special license must, within fourteen days of the date of expiration, return the license to the provincial game warden with a sworn statement of the number of each species of big game or animals trapped. Prospectors having free miners' certificates may obtain ordinary licenses during the open season while actually engaged in prospecting; so may farmers and their sons hunting on the land on which they permanently reside. Any firearm found in the possession of a person not having a license may be seized and confiscated.

It is provided that no person shall act as a hunter's guide without having taken out a license. Every guide so licensed must require every person whom he serves as guide to produce for inspection that person's firearms license, and failure to do so constitutes a breach of the act. All licensed guides shall, within fourteen days of the expiration of their license, furnish the provincial game warden with a statement showing the number of persons whom they have served, the number of days they were engaged in hunting, and the number of different species of big game killed.

Any resident of the province who wishes to obtain a permit to export any animal or bird shall make written application to the game warden, enclosing the sum of one dollar, this being the fee for such permit.

Any person found between one hour after sunset and one hour before sunrise with a headlight of any description and firearms in his possession commits a breach of this act, and shall be liable to be arrested without warrant by any game warden or police officer.

The privilege heretofore accorded storekeepers of keeping game for sale for a period of five days after the expiration of the close season for such game, is withdrawn, as is also the privilege heretofore accorded the private owners of game killed during the open season of keeping such game for a period of ten days after the expiration of the open season.

It is provided it shall be unlawful for any person to run deer at any time with dogs, or allow dogs to run after deer. The old act allowed hunting of deer with dogs by permission of the game warden. The hunting of birds with dogs between April 15 and August 1, both inclusive, is prohibited.

Various penalties of severe character are provided for any and all infractions of the act. Any fines imposed under the act must be paid forthwith, and, in default of payment, the offender shall be liable to imprisonment, with or without hard labor, for a period not exceeding six months, unless otherwise provided in the act. The old act provided for imprisonment not to exceed thirty days.

Every trader in furs is required to make a return to the game warden not later than August 1 in each year, stating the number and variety of pelts bought by him in this province during the twelvemonth preceding. Failure to make such return involves a penalty up to $100, and, in default, to imprisonment not exceeding three months, and if the offender be a corporation it shall be liable to a fine not exceeding $200.

Persons interfering with the game wardens or constables in the discharge of duties under the act shall be liable to fines not exceeding $100 or to imprisonment up to two months.

Smithers and Smithereens

It is reported, on what appears to be good authority, that the railway divisional point for the Bulkley Valley will be located eight miles west of Telkwa, the townsite to be known as Smithers. A group of Valley men was discussing the proposed town the other day, when Frank Charleson, who owns a piece of land adjoining the townsite, was asked what he intended to do with his property. "Well," replied the Telkwa man, "I think I'll cut it up into small pieces and call it Smithereens."

Local and Personal

C. E. Bailey, of Chicken Lake, was here on Wednesday.

W. J. McAfee returned from Vancouver on Wednesday.

E. E. Campbell, of Phoenix, is registered at the Ingineca.

C. C. Van Arsdol and daughter were in Hazelton on Monday.

Dr. Wrinch and family are sojourning at Ocean Park, Cal.

J. R. Robinson, of Terrace, was a visitor here on Thursday.

L. L. DeVoin returned to his Chicken Lake ranch on Thursday.

G. T. Carpenter returned from the coast on Wednesday's train.

J. W. Henkel, of Francois Lake came in on Tuesday, for supplies.

Peter Neilson returned on Saturday from a visit to coast cities.

A. C. Aldous has nearly recovered from his recent operation.

G. H. Brown, of Victoria, is visiting his brother-in-law, E. C. Stephenson.

W. D. Harris, of North Francois Lake, came in for supplies during the week.

E. C. Stephenson is in town again, after a vacation spent in the provincial capital.

G. W. McKay, of the local telegraph staff, has returned from a vacation trip to the coast.

Dr. H. F. Sproule, who is stationed at Barrett's, was in Hazelton during the week.

H. B. Rochester and W. J. O'Neil were passengers for Rupert on Sunday's train.

Mr. and Mrs. Dan Harris and the boys have removed to the Charleson residence opposite the hospital.

S. N. Long left for his Francois Lake ranch yesterday, taking a large outfit of machinery and supplies.

Charles Reid, W. H. Sharpe and W. F. Brewer returned on Wednesday from a visit to the Rocher de Boule mine.

A. Gutstein, of Prince Rupert, who was formerly in business here, spent a couple of days in the district during the week.

E. M. Hoops was in from Aldermere during the week, arranging for the forwarding of a large consignment of machinery for Thorp & Hoops.

The contract for carrying mail between Manson and Hazelton has been renewed for four years. Luke Fowler, the Indian carrier, will be retained on the route.

Max Herman, the Prince Rupert cigar manufacturer, was in Hazelton on Tuesday.

Mrs. R. O. Miller returned on Wednesday from a visit to relatives in Nanaimo, and will leave in a few days for Telkwa, to join Mr. Miller, who is publisher of the Tribune.

J. C. K. Sealy went down river on Thursday's train. After attending the annual meeting of the Inlander company at Prince Rupert, he will visit Vancouver and Victoria.

The bachelors of Hazelton are planning a dance for Wednesday evening, March 26. If proposed arrangements can be carried out, the affair will rank as the best social event of the year.

In an exciting hockey match last Sunday, the Miners defeated the Town by 6-2. The ice was soft, preventing speedy work, but the spectators were well satisfied with the exhibition.

James Latham, who has been spending the winter in the southern part of the province, returned on Wednesday. He intends to leave in a few days for a trip to Groundhog.

A. E. Falconer, who returned from Vancouver on Saturday, is preparing to go into the Groundhog field, in which he has large interests with Hunter Corner, who will accompany him.

Rev. W. J. H. Petter will shortly leave for Terrace, to relieve Rev. T. J. Marsh for a couple of months. The latter has been ordered by his physicians to take a complete rest.

Francis R. Jessup, well known here as a member of the G. T. P. engineering staff, is now engaged in land surveying for the provincial government at Massett, Queen Charlotte Islands.

Alex. Thomson, a Francois Lake rancher, was unfortunate enough to lose a fine team of horses by drowning in the lake. The animals broke through the ice and went under before they could be rescued.

The sawmill for the Burns Lake Trading Co. will arrive at South Hazelton on Tuesday, and will be immediately forwarded to the Lake and installed. R. H. Gerow, one of the owners, says the mill will be turning out lumber in a very few weeks.

The Miner has received from Secretary Bullock-Webster a copy of the by-laws of the Northern B. C. Agricultural and Industrial Association, which has been formed to hold an annual exhibition in Prince Rupert. This year's fair will be held in September.

Recent warm weather has practically done away with sleighing in the vicinity of Hazelton, and local teamsters are beginning to use wagons. J. H. Snodgrass started for Francois Lake with a sleighload of supplies but was compelled to stop at 18-Mile. He will take his load through in a wagon.

Government Agent Allison and G. H. Graham, manager of the Hudson's Bay Co., left on Thursday for a visit to the Bulkley Valley. Mr. Allison goes on official business, it being understood that he will investigate the status of some of the residents of Telkwa who are occupying buildings on debatable ground.

Improving Steamer Service

(Special to The Miner)

Vancouver, Mar. 7: — After March 19, the C. P. R. steamer Princess Mary will make the weekly run to Prince Rupert, relieving the Princess Beatrice. This change will double the present service.

P. G. E. Bonds

London, Mar. 7: — Arrangements are in progress for the issue, at ninety, of five million dollars par value 4½ per cent. P. G. E. debentures, guaranteed by British Columbia. The bonds are redeemable in 1942.
