Attention is called to the fact that the Grand Trunk Pacific Railroad forms the southern boundary of the northern game district and that south of that to the C.N.R. and from the Cascades east forms the eastern district The open season for grouse in the eastern district is not here yet, therefore hunting on the other side of the railroad is illegal.

Rev. John Field, For Thirty-two Years Pastor of Anglican Church in Hazelton, Passes Away at Duncans, at Age of Seventy-two Years.

In the passing away of Rev. John Field at Duncans, V.I., on Monday morning, Hazelton and the Northern Interior lost a friend indeed. One of the earliest white men in this country, Rev. Field was universally respected and most highly esteemed by all, irrespective of race or creed. Prospectors and miners of the early days will remember him for his gentle kindness, quiet humor, and ready Irish wit. Living for many years in this pioneer country, devoting his life to service in the Christian ministry, his good works will live after him and his helpful influence will be felt long after he has gone. To whites and Indians alike he gave a new meaning to the term "Christian gentleman". In the days of the railroad construction he met the rougher elements of the community with true christian charity of thought and action, and had the same hearty greeting for all alike. All who met him respected him and all who knew him loved him.

John Field was born seventy-two years ago in Cork County, Ireland. He went to Lagos, West Africa, from the Church Missionary College, London, in 1887. On returning to England he was ordained a deacon in 1880 and priest in 1881. In 1882 he joined the staff of Trinity College, Kandy, Ceylon, but was transferred to Hazelton, B.C., in 1886, and remained ever since, until last May, when ill-health caused him to retire.

The heartfelt sympathy of this whole community is goes out to Mrs. Field in her bereavement. In all Rev. Field's activities she was a true helper, and made herself beloved by all. Two sons, John, in Africa, and Fred., in the 102nd Battalion in France, are left to mourn the loss of their father.

The funeral of the late Rev. Field took place in Duncans on Wednesday. A public subscrip- was made in Hazelton and a wreath was wired for to Duncans in time for the funeral. The stores were closed here for an hour.

On Friday a memorial service was held in St. Peter's Church and was attended by practically everybody. Rev. W. S. Larter conducted, and was assisted by S. H. Hoskins, who read the lesson. Dr. Wrinch, as an old-time friend of the departed gentleman, gave an eulogistic address on the life and character of the Rev. Field, paying tribute to his sterling worth as a guide and mentor. Rev. Larter, in an eloquent discourse, spoke of the qualities which had endeared Rev. Field to the people of this community, and reviewed his life in the work of ministering to the souls of men. The hymn-anthem "Days and Moments Quickly Flying" was admirably rendered by the choir, and the closing hymn "On the Resurrection Morning," the late minister's favorite, was sung by the congregation. In conclusion, Chopin's "Funeral March" was feelingly played by Mrs. D. B. Morkill, as organist, during which the entire assembly stood up, as a last tribute to the dead pastor.

Members of House Give this District the Once - Over

A party consisting of members of the provincial legislature and cabinet visited Omineca district this week. Among the party were Hon. J. W. deB. Farris, attorney-general, Hon. T. D. Pattullo, minister of lands, and A. M. Manson, M.L.A. for this constituency. The party alighted from the train at South Hazelton and came over to Hazelton, after which their itinerary took them to New Hazelton, where a public meeting was held in the Northern Hotel. Addresses were given there by the various members on the different enactments of the last session of the legislature. Dr. Wrinch acted as chairman. The party proceeded to Smithers on Tuesday and again addressed a meeting. The visitors will be piloted in their tour of this riding by the local member. Hon. Dr. King, minister of public works, was unable to accompany the party, having been taken ill when in Prince Rupert. Senator King, father of Hon. King, with his family, who have been visiting B.C., went through on Monday to their home in New Brunswick.

The Kispiox Valley

HAPPENINGS IN AND ABOUT THE COMING CENTER OF AGRICULTURE

(Special to The Miner)

Chas. M. Ek has returned to his claims on Rocher de Boule mountain after a brief stay on his ranch.

James Hevenor went to Hazelton on Saturday.

Geo. Norman and Krist Larman are both seeding to timothy hay a number of acres they have prepared for cultivation this spring.

The high water in the Kispiox River this last week has been a handicap to some of the haymakers who depended upon fording the river at various places.

Haying is in full swing on the Gus. Peterson and J. Anderson ranches.

Satisfactory progress is now being made on the Kispiox bridge and it is thought that it will be completed some time in the next month.

Nels Green went to Hazelton this week.

The Happenings of the Week from the Bridge Town

Everything is shaping well for for the Barbecue. The Barbecue committee has bought up a large bunch of stock for sale on the day.

Alex. Manson waved his hand as a greeting to this part of his constituency as he passed through on Wednesday in company with the attorney-general and the hon. minister of lands.

Telkwa is still the base of supplies for the hay market. Two carloads were shipped out last week and another is being shipped next week.

Miss M. Ward, of Hazelton, is visiting friends at Telkwa for a few days, before going south.

Jack McNeil has finished haying and reports a good crop. Any time he came to town during operations he was always anxious to treat any friends he might meet to a car ride as far as his ranch. He always had a pair of spare gloves handy. 'Nuff said.

R. S. Sargent left on Tuesday for Duncans, Vancouver Island.

CHINAMAN TRIES TO END HIS LIFE

Endeavors to Commit Suicide When Sentenced to Jail For Theft

Jow Chee, a chinaman arrested in Prince Rupert for theft, was brought to Hazelton on Wednesday, where the theft took place, and appeared before Magistrate Hoskins, being sentenced to three months imprisonment. On Thursday the prisoner attempted to carry out a previous declaration that he would kill himself, by attempting suicide by hanging by means of his bootlace. He was discovered before he could make good his threat and is now committed to appear before the next county court session on a charge of attempted suicide. He also faces a charge of obtaining goods from Noel & Rock under false pretences. Chee, who is an opium fiend, was found to have much of the drug on his person. He was arrested when alighting from the train in Rupert, and was brought here by Police Superintendent McMynn.

James May Fund Shows Increases During the Week

This week saw further additions made to the James May Memorial Fund, which has now reached the total of $128. The Miner acknowledges with thanks the receipt of amounts of one dollarfrom each of the following:

James Hevenor
H. Welch
Robert Todd (Sixth Cabin)
Arthur Linquist

This steady response to our appeal for subscriptions to the Fund is very gratifying, although still more money is required in order to carry out the plans to erect a memorial stone over the grave of the old pioneer.

We will acknowledge in The Miner all contributions received. Do not delay, but send your subscription at once.

Methodist Church

A special song service will be held tomorrow evening in the Methodist Church. Vocal solos will be rendered by Miss C. Goddard, H. H. Little and Rev. R. C. Scott, while a quartet will also sing.

All are cordially invited.

Kispiox

Berry-picking is on and canning and preserving is occupying the attention of the women-foik.

Haying is completed on Chas. Pearce's ranch.

SATURDAY, AUGUST 24, 1918.

The loss of the Rev. John Field, although not entirely unexpected, comes no less of a shock to the people of this community. We have been so used to seeing his cheery face among us that we cannot yet fully realize that he is gone, and to what extent we shall miss him. He spent his lifetime as a true servant to the Master and no man can place any adequate value on the extent of his labors for the Cause. He has departed from us after fulfilling his "three-score and ten" and has gone to receive his just reward from his Maker.

No single citizen has held or can hold in our hearts the position occupied by Rev. Field. He was of that enviable make-up that few of us possess. Quiet and unassuming, gentle and of plain habits, he carried on the work, which was his pleasure, of making us happy; his very presence was a tonic and an inspiration, and his death leaves a gap in the life of our community that can never be filled. We shall miss his happy greeting and his intimate talks with us. Well-versed in the current events of the, he by that insight peculiar to him and that optimism characteristic of him, could enshroud in a mantle of sunshine the gloomiest outlook, not only in matters of world-interest, but in our personal affairs as well. He is gone; we shall see him no more, but his spirit will remain with us and encourage us until we, too, shall reach the goal of our endeavors.

A Real Canadian Army.

The announcement that the Canadian forces will now be under Canadian control, except, of course, in matters of strategy, cannot be received with anything but gratification in the Dominion. This step is undoubtedly the most important since Confederation, in that it constitutes an actual Canadian army, with its own heads at Ottawa. With four years of war experience behind them, our forces can certainly be said to be in a position to "carry on" to best advantage as an individual Allied army. It gives us a feeling of pride does this tribute to us as a nation. With the establishment of the army and the organization of a purely-Canadian air force, our share in the war is accepted as being no mean one, and when, at some future time the history of the war is written, the coming generations will have just cause for thrill at the deeds of their forbears, whose part in "making the world safe for democracy shall ever cause the word "Canada" to be used by nations as a hall-mark of a people who gave their all to defence of all that is just and right.

These have been glorious days for the Allies and they are but beginning of more glorious days to come. Our thanks for these conditions are due to the United States. Without her wholehearted assistance such a rapid turning of the tide could never have been accomplished. At the same time let us never forget for one moment that her huge assistance could not have been focussed on the western front were it not for the British navy.

How little we hear of the British navy. The papers are full of the doings of the army; the individual units of the army are lauded to the skies, but how rarely do you hear either the navy or its individual units mentioned.

"The prosperity of Canada and the Empire lieson the sea, through the sea and in the sea." The question is, will the people of Canada realize this to the full. If they do, then they will see to it that our maritime interests are well taken care of. They will protect our great shipbuilding industry with a jealous hand. They will provide adequate and ample means to train men for the navy and mercantile marine, and they will educate into the growing boyhood of the nation a reverence for the navy and all that it has done for civilization during this great Armageddon.

Synopsis Of Coal Mining Regulations

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable cutput of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

[L.S.] CANADA.

PROCLAMATION

GEORGE the FIFTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these presents shall come or whom the same may in any wise concern,—GREETING:

A Proclamation of conditional amnesty respecting men belonging to Class 1 under the Military Service Act, 1917, who have disobeyed our Proclamation of 13th October, 1917, or their orders to report for duty, or are deserters or absent without leave from the Canadian Expeditionary Force.

E. L. NEWCOMBE, Deputy Minister of Justice, Canada.

WHEREAS considerable numbers of men belonging to Class I under our Military Service Act, 1917, called out on active service in our Canadian Expeditionary Force for the defence of Canada under Our Proclamation of 13th October, 1917, although they have thus become by law soldiers enlisted in the Military Service of Canada,

Have failed to report for duty as lawfully required of them under the said Military Service Act and the regulations thereunder, including the Order in Council duly passed on April 20 last,

Or have deserted.

Or absented themselves without leave from our Canadian Expeditionary Force,

And it is represented that the very serious and unfortunate situation in which these men find themselves is due in many cases to the fact that, notwithstanding the information and warning contained in Our Proclamation aforesaid, they have misunderstood their duty or obligation, or have been misled by the advice of ill-disposed, disloyal or seditious persons.

AND WHEREAS we desire, if possible, to avoid the infliction of the heavy penalties which the law imposes for the offences of which these soldiers have thus been guilty, and to afford them an opportunity within a limited time to report and make their services available in Our Canadian Expeditionary Force as is by law their bounden duty, and as is necessary for the defence of Our Dominion of Canada.

NOW KNOW YE that we in the exercise of Our powers, and of Our good will and pleasure in that behalf, do hereby proclaim and declare and cause to be published and made known THAT THE PENALTIES OF THE LAW WILL NOT BE IMPOSED OR EXACTED as against the men who belong to Class 1 under Our Military Service Act, 1917, and who have disobeyed Our Proclamation aforesaid; or who have received notice from any of Our registrars or deputy registrars to report for duty on a day now past and have failed so to report; or who, having reported and obtained leave of absence, have failed to report at the expiry of their leave, or have become deserters from Our Expeditionary Force, PROVIDED THEY REPORT FOR DUTY ON OR BEFORE THE TWENTY FOURTH DAY OF AUGUST 1918.

AND WE DO HEREBY STRICTLY WARN AND SOLEMNLY IMPRESS UPON ALL SUCH MEN, and as well those who employ, harbour, conceal or assist them in their disobedience, that, if they persist in their failure to report, absence or desertion until the expiry of the last mentioned day, they will be pursued and punished with all the rigour and severity of the law, SUBJECT TO THE JUDGMENT OF OUR COURTS MARTIAL WHICH WILL BE CONVENED TO TRY SUCH CASES or other competent tribunals: and also that those who employ, harbour, conceal or assist such men will be held strictly accountable as offenders and subject to the pains, penalties and forfeitures in that behalf by law provided for their said offence.

Provided however that nothing contained in this Our Proclamation is intended to release the men aforesaid from their obligation to report for duty as soon as possible or to grant them immunity from arrest or detention in the meantime for the purpose of compelling them to perform their military duty; Our intention being merely to forego or remit the penalties heretofore incurred for failure to report, absence without leave or desertion incurred by those men of the description aforesaid who shall be in the proper discharge of their military duties on or before the said twenty-fourth day of August, 1918.

Of all of which Our loving subjects and all others whom these presents may concern are hereby required to take notice and govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. Witness: Our Right Trusty and Right Entirely Beloved Cousin and Counsellor, Victor Christian William, Duke of Devonshire, Marquess of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley Knight of Our Most Noble Order of the Garter One of Our Most Honourable Privy Council; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of Our Royal Victorian Order; Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of OTTAWA, this FIRST day of AUGUST, in the year of Our Lord one thousand nine hundred and eighteen, and in the ninth year of Our Reign

Gold Mining

For a long time the gold mining industry was receiving no particular attention from the various Allied nations, and the gold miners were left to struggle on as best they could. Now the stage has been reached where the respective nations are beginning to sit up and take notice of the necessity of a steady production of gold in order to stabilize the national credits and to put the Allies in the best possible financial condition to carry on the war. Greater encouragement is needed for the miners, particularly the smaller fellows.—Ex.

Increase Output

By September 1 it is expected that the Granby Consolidated Mining, Smelting & Power Company will have completed the work of enlarging the plant at Anyox so as to increase materially the war efforts of the works. The smelter at present normal capacity is handling about 85,000 tons of ore monthly, and with the completion of the new converter this will be increased to more than 90,000 tons, with a proportionate production of copper, which metal is now so greatly in demand for war purposes.

Pretty Soft

Canada is truly a land flowing with milk and honey for the enemy alien. Read what the editor of the Kamloops Inland-Sentinel says regarding the interned enemy aliens at Vernon and comtheir treatment in "durance vile" with that of our own boys starving in Germany:

"During the heated spell at Vernon every comfort was shown to the Hun in the internment camp. He got his ice, his electric fans, his canopies for shade, his tennis shoes, white pants and negligee shirts, while the poor Canadian on the outside of the paling stood in blistering heat with his jacket buttoned to his neck to comply with orders. Every big fat German rhinoceros in the internment camp was doing his best to enjoy life at the expense of the taxpayers of British Columbia and Canada. The editor of this paper would not care to be entrusted with the care of that camp. He might be sent to jail for a thousand years for saying something disrespectful to the Hun."

Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

One gallon of gasoline has done it

36 to 68 per cent more mileage

20 to 25 miles to a gallon of gasoline is a frequent occurrence with the Ford car. One man (name on request) reports an average of 33 miles per gallon for 20,000 miles. Surely this is a record that few, if any other makes of cars, ever equalled.

It demonstrates the economy of owning and driving a Ford. You can average 1000 miles more travel on Ford-size tires. The saving on oil and repairs is proportionately large. The name "Ford" stands for lowest cost and greatest service.
