TWO VICTIMS OF DROWNING

Percy Hewitt Meets Death in Kispiox River and Robert Moore in Canyon Creek

NEITHER BODY YET FOUND

Unfortunate Kispiox Man Well Known and Popular Throughout District --- High Water Delays Trains and Damages Roads and Bridges

Attempting to cross the Kispiox river in a canoe on Monday night, Percy T. Hewitt was drowned. He had crossed to Hugh Taylor's, where he expected a message, and about 9:45 started to return to his home. From that time no trace of the unfortunate man has been found. The canoe he was using was an old one, while the landing on the opposite side is a difficult one, with a long cut bank and a canyon just below.

The police have made every effort to find the body, and Bert Glassey and two other settlers are patrolling the river, but so far without result.

Hewitt, who was one of the most energetic settlers of Kispiox, had been in the district four years and had made many friends. He was thirty years of age and a native of England.

Three years ago, while Hewitt and E. G. Kennett were crossing the river, their canoe upset. They managed to cling to the craft and were carried half a mile through the canyon before landing.

Canyon creek claimed a victim on Friday last, when Robert "Scotty" Moore, one of Foley, Welch & Stewart's teamsters, was drowned in its swollen waters. Moore was watering his leaders, riding one of the horses, when the animals were swept from their feet by the swift current. Man and horses were carried through the canyon, the other teamsters being unable to help in any way. Although search was made, Moore's body had not been recovered at last accounts. One of the horses was found on a bar below the canyon, injured, but still alive. There is a large log jam about a mile below the road, and it is believed the body of the victim will be found at that point.

The government wagon bridge over Two-mile creek, near Moricetown, was badly damaged on Saturday, when the flooded stream cut out a section of the road along the east bank and caused the partial collapse of the abutment on that side. Road Superintendent Carr immediately rushed two road crews to the scene, and by strenuous work succeeded in preventing any serious interruption of traffic. Temporary bridges were constructed at the old crossing, above the present road, and permanent repairs are now under way.

At Hazelton the Skeena river reached the highest mark in nine years. Part of the rifle range was washed away.

French President Visiting England

London, June 25 :—President Poincare, of France, arrived at Spithead yesterday on the battleship Jean Bart, to pay a four-days' visit to King George and the British nation. He is accompanied by the French foreign minister and a number of high officials. The preparations for the reception of the distinguished visitor were most elaborate, and the livliest interest is being taken in his visit to London.

London, June 26: — The King and Queen, with the president of France, attended the international horse show at Olympia today. A subject of general discussion is the Queen's edict forbidding women to ride astride at the show. Her Majesty's dictum was like a bombshell dropped into society.

HAZELTON NINE WINS ANOTHER BALL GAME

From the Hazelton point of view Sunday's game was good. The old town won, and that makes for much in the local opinion of the game. New Hazelton got off well in the first two innings. Oass made a hit to right field and managed to pull off a run, before the three batters following him were put out. Cameron and Robbs got hits in the second innings and Cameron and Reeves scored. Reeves was hit by a pitched ball in the fourth and made a run before the three men following were put out. Oass scored again in the eighth on errors.

For the home team Sinclair got a hit in first but could not make home before the side was out. In the second there were no hits. In the third, Cameron blew up and six runs were tallied. MacMillan got a hit in the fourth but was called out on second. Macdonald got a good drive into centre field in the fifth and scored on a couple of fumbles off the next two batters. In the sixth Sinclair had a hit but there was no tally. The pitcher blew up again in the seventh and Lofquist cleaned the bases with a home run, tallying four. In this inning Jennings replaced Cameron in the box. In the eighth three runs were tallied. The final score was 14 to 5 in favor of the home team. Despite the difference in the score the game was the best exhibition this season. The Tigers all played admirable ball, and looked fit to win the championship. Doc Rock, at center, is a valuable addition to the team. Ellis pitched a heady game.

"Square Deal" O'Neill, as always, umpired to the satisfaction of players and spectators. A large crowd witnessed the game.

Toronto, June 26:—General disappointment is expressed by physicians throughout Eastern Canada who have been watching the Friedman cases. No benefit to tuberculosis patients has been proved.

MANY VISITORS COMING TO SEE DOMINION DAY SPORTS

Special Train to Bring Large Crowd From Prince Rupert---Telkwa Ball Team Already Here---Outline of the Great Program of Games and Sports for Tuesday

Only good weather is required to make Hazelton's Dominion Day celebration the best ever held in the district. A large attendance of visitors is assured, as a special train from Prince Rupert will bring at least two hundred coast people and many more will come from the Bulkley Valley and nearer points.

The athletic association has met with a liberal response to its call for funds, and chairman Middleton of the committee on arrangements reports the collection of $400, which, with gate money, will be sufficient to defray the heavy expenses.

The program for the day, as provisionally arranged, provides for a ball game, Telkwa vs Hazelton, in the morning, following the races for ladies and children. At noon the district championship races will be run, followed by horse races and the challenge ball game between Prince Rupert and Hazelton. A special open footrace is also on the card. In the evening there will be a football match between the Prince Rupert Callies and the Hazelton eleven, followed at 9:30 by a dance, for which a Prince Rupert orchestra has been engaged.

Following are the officials: Committee, G. R. Middleton, G. O. Graham, R. J. Rock. Marshal, J. M. MacCormick. Starter, Charles O'Neill. Judges, W. Noel, W. H. Larmer, A. R. Macdonald. Dance Committee, A. Borland, C. B. North, W. J. O'Neill.

The sportmanlike Telkwa ball team came in today, prepared to remain until next Thursday and play four games of league baseball in the meantime. The arrivals, who will be followed by others, are A. J. Sweeney, F. B. Chettleburgh, J. W. Morison, W. Crandell, Ernest Orchard, Ira Mitchell, A. E. Fawcett, G. Farrow, Roy McDonald. They will play at New Hazelton tomorrow, returning here to engage the Tigers on Monday and on Tuesday morning, and playing another game at New Hazelton on Wednesday.

Local and District News Notes

A. R. Brown, of Burns Lake, is a visitor in Hazelton this week.

Postoffice Inspector Fletcher returned to Victoria on Thursday.

Walter Noel returned on Friday from a brief visit to the coast.

James Pinchbeck, of Chimney Creek, was among Wednesday's arrivals.

H. W. Sharpe has returned from a visit to Vancouver and Victoria.

A. C. Aldous spent a few days at Prince Rupert, returning on Saturday's train.

J. W. Austin returned on Wednesday from a business trip to Prince Rupert.

Miss Grist, of the hospital staff, has returned from a vacation trip to the coast.

R.G. Moseley, proprietor of the Hazelton hotel, returned on Saturday from a business visit to Prince Rupert.

Miss Adams, of the hospital staff, will leave tomorrow for Masset, where she will be the guest of Mrs. Hogan.

W. E. Asson has left the telegraph service, returning to his home on the coast. W. W. Wrathall fills the vacancy pro tem.

Harris Bros. and D. J. Comeau are preparing to begin work on the Iron Ridge copper group, on the west side of Rocher de Boule.

Dr. Stone, of the hospital, returned on Tuesday from a visit to Babine, where he gave medical attention to a large number of Indian patients.

H. H. Little, manager of the Union Bank, returned on Wednesday from Toronto, where he attended the Assembly congress of Presbyterians, as a delegate from Hazelton.

Astronomer F. A. McDiarmid and party returned on Wednesday from Bella Coola and are now en route to the Groundhog country, to establish another meridional point.

Dr. H. C. Wrinch, superintendent of Hazelton hospital, has appointed district surgeon for the G.T.P. The hospital has been designated a district hospital for the railroad.

H. C. Kinghorn, assistant forester, has gone to Terrace, on a brief official visit. Ranger Latham is in charge of the district office in the absence of Messrs. Allen and Kinghorn.

Manager Charles Reid, of the Bank of Vancouver, has gone to the coast for a month's vacation. In his absence, the local branch is in charge of C. F. Tompkins, assistant inspector of the bank.

Francois Lake settlers continue to bring fine stock into the country. During the week, S. N. Long, George Culp and John Blanch came back from the coast with good teams for use on their ranches.

Leonard Jones, a would-be bad man who made a gun play at Decker Lake, was gathered in by the police. At Aldermere he was sentenced to six months in jail and he will leave tomorrow for New Westminster, in charge of Constable Lloyd.

Premier Defends B. C. Municipalities

London, June 26:—The cable story attributing to Horne-Payne a warning to British investors against the purchase of Canadian municipal bonds has occasioned much discussion. Horne-Payne says his statements were exaggerated. He made some of the assertions quoted, but not all.

Vancouver, June 26th : — Sir Richard McBride, speaking before the Progress club, commented on the Horne-Payne story, which he believed to have been incorrectly transmitted. The premier championed the municipal bonds of British Columbia particularly. In thirty years, he said, only one municipality had failed—that was when Delta was wiped out by a flood in the early days of the province.

TELEGRAPH TELLS OF MANY FATALITIES

Ottawa, June 25: — A spread rail today caused a fatal train wreck three miles west of Ottawa, four cars of a C. P. R. immigrant train rolling down an embankment into the Ottawa river. According to official statements, seven passengers were killed and fifty injured, twelve of whom may die. Many pathetic scenes were witnessed as women and children, who had been going to join husbands and fathers in the west, were removed to the hospital. Nearly all the victims were from Ireland and Scotland.

Kingston, June 26: — Eight lives were lost in a premature explosion of dynamite at a construction camp on the C. P. R. short line, near Kingston.

Buffalo, June 25—A terrible catastrophe occurred here yesterday, when the grain elevator of the Huested Milling Co. was burned. The death roll may reach sixty. The bodies of twenty victims have been recovered, while many are still missing. Many are in the hospital, suffering from severe injuries.

Montreal, June 24:—Four firemen are dead and three injured, as the result of a fire which destroyed a woodworking factory, a large ice warehouse, and a row of flats last night. The fire was the most disastrous since the burning of the board of trade building here thirteen years ago.

Noted Operator Here

Joseph Trethewey, well known as a successful mining operator in the Cobalt district, was in town during the week. He is interested with Frank Martin and other local men in the native silver group on Hudson Bay mountain which has attracted so much attention. The lateness of the season has prevented the resumption of work on the property, but the owners expect to have a crew of men engaged in development within a short time.

ON OMINECA AND MANSON

Many Miners Busy Developing Rich Placer Ground and Promising Quartz Veins

ROADS ARE MUCH NEEDED

Better Transportation Facilities Alone Required to Ensure Opening Up of Great Mining District---Many Miles of New Dredging Ground Located

This is a very busy season in the Omineca river district and in the Manson camp. Many properties, both placer and quartz, are being developed, and those interested are gratified with the results so far obtained. For the Kildare Mining Co., operating hydraulic ground on Manson and Slate creeks, George W. Otterson is making good progress with a large crew. After the preliminary work of repairing flumes, ditches, pipe lines, etc., the water was turned on several weeks ago, and everything is working well. A new hydraulic elevator has been ordered, to replace that now in use, which is practically worn out. Observers speak highly of Mr. Otterson's work.

Huderle & Walker have a crew at work mining the ground at the mouth of Kildare gulch, where they have reason to look for a fine cleanup.

On the Greene Consolidated group Dr. Stanwood has made four openings on a ledge which carries excellent silver values. A splendid showing has also been uncovered on the Doctor's Lost creek group.

On Manson creek F. T. Child is opening up an old channel, just below the celebrated discovery bar. He has obtained excellent prospects.

The Royal Standard people are piping at present, and apparently have every chance of taking out good money.

W. B. Steele is opening up his well-known Lost creek placer. He is getting excellent prospects and expects to bring the property up to its former standard as a producer.

A tributary to Manson creek has recently been staked for its full length.

E. Sullivan has completed his assessment work on the Black Jack mountain group, with flattering results. The property carries high values in lead, silver and gold.

The miners unite in declaring that if the government treats the district fairly in the matter of roads and trails, the placer and quartz mines of the Omineca and Manson will soon take a leading place as producers.

H. E. Bodine, who has been engaged in cutting out the road which is to run from Tatla lake to Silver creek, giving communication by water with the G. T. P. was in Hazelton during the week, procuring supplies and additional men for the work. Two miles of the road is already

The Omineca Miner has the largest bona fide circulation of any newspaper in the Northern Interior of British Columbia.

Hazelton's Dominion Day celebration will be, in all probability, the best of the many similar events which have taken place here. It will afford indisputable evidence, to the large crowd of visitors which will attend, that Hazelton is not only still on the map, but that it is by far the liveliest town in the Northern Interior. A capable committee has made adequate arrangements for the entertainment of all who come to town, and the program of games and sports provides something of interest for every hour of the day and evening. The people of the town will welcome all visitors, from near and far, and will do their best to make the day an enjoyable one.

Naval Emergency

St. John, N. B., June 23:—"Battleships of the dreadnought class cannot be built in Canada for upwards of twenty-five years," said T. J. Drummond of the Canada Iron Corporation, who arrived in the city yesterday. "It took the Japanese fully that length of time, while I understand the plans for the battleships of the United States navy were loaned to that country by Great Britain.

"There is an emergency, and it is of vital necessity that the $35,000,000 be paid to the mother country.

"If we cannot pay our fare we had better get off the car," said Mr. Drummond.

"Those who say that shipbuilding yards which could accommodate a dreadnought could be erected in Canada in two and a half or three years do not know what they are talking about. In the first place the plans would have to be borrowed from England, together with the naval architects and skilled workmen, and then it would take years before the ships could be built on a sound business basis.

"The initial cost of the plant would be enormous, and only after it was completed could small cruisers and merchant steamers be built, although even this effort would prove difficult.

"It is not small ships that England needs at present, however, but dreadnoughts, or the money to build them."

The Road Question

Foreman Schooling and his road crew are drawing nearer to Smithers. They have effected a great improvement in the road between Telkwa and the town. There is pressing need for repairs on the road west of Smithers, but it is unlikely the funds at present available will suffice to do anything on that section. An effort is being made to secure a special appropriation for the work, and it is the hope of everyone interested in the district that the money will be forthcoming. ---The Review.

A Midsummer Yarn

Fresno, June 20.—Fred Williams, a farmer of McFarland, near Bakersfield, brought to Fresno today for the purpose of having it assayed a chunk from a meteor, which he says he discovered on his ranch, at a depth of sixteen feet, while digging a well.

The chunk has the appearance of solid gold. Williams was unable to find an assayer but took the chunk to a number of local jewelers, who pronounced it crystalized gold.

Williams says the mass must weigh at least twenty tons. It is only about an inch and a half thick.

Following the declarations of the jewelers, Williams is now anxious to secure a verdict from an assayer as to the value of this sample of the meteor.

Discussing the find today, the farmer stated that he would retire on his means should it be found that the rest of this gigantic meteor was all crystalized gold and of considerable value.

In the meantime Williams' wife is guarding the homestead and the twenty ton meteor, although not anticipating its being stolen by any sneak thief.

Telkwa Celebration

At Telkwa on Dominion Day there will be a good program of sports, and the town at the junction of the rivers should draw a large number of visitors. The baseball team will be in Hazelton but as the Hazelton and New Hazelton teams are scheduled to play at Telkwa during the fall fair, the people of the latter town are not grumbling over the arrangement.---The Review.

C. N. R. Terminals

Vancouver, June 25:—The Canadian Northern railway has completed financial arrangements for the construction of its Vancouver terminals, which will cost more than all existing terminals in British Columbia combined. Work at False Creek will soon commence.

Big Power Plant

Vancouver, June 25:—A group of Vancouver capitalists, recently incorporated as the Bridge River Company, have made plans for the development of 200,000 horsepower in Lillooet district, in anticipation of the electrification of the Pacific Great Eastern, and to provide for the needs of Vancouver.

Princess Pat To Wed

London, June 25:—It is reported in Berlin that Princess Patricia, daughter of Duke of Connaught, is to marry Prince Adolf, heir to the grand duchy of Mecklenburg-Strelitz.

No date has been set for the return of the Duke of Connaught to Canada.

BULKLEY VALLEY FARM LANDS FOR SALE

THESE LANDS are located close to the main line of the Grand Trunk Pacific Railway, which is being constructed through the heart of the Bulkley Valley, one of the best farming districts in British Columbia. Trains are now running to a point within 35 miles of Telkwa, and there are good roads from the end of steel to all parts of the country. The Bulkley Valley is an ideal dairying and mixed farming district, with a market for all kinds of farm produce.
We own all the land we offer for sale, and can give a guaranteed title. Our lands were all very carefully selected several years ago by experts in the land business. We sell in tracts of 160 acres or more.
Our prices are reasonsonale and terms are easy. Write for full information to

WATER NOTICE

For a License to Take and Use Water

Notice is hereby given that Chas. Monroe, of Hazelton, B. C., will apply for a license to take and use 30 cubic feet per second of water out of Quartz creek, which flows in a northeasterly direction through vacant unsurveyed crown lands, and empties into Fall river about 7 miles above its mouth. The water will be diverted at a point 5 miles above mouth of Quartz creek and will be used for Placer Mining purposes on the land described as E. L. K. Lease, Alex Lease, F. G. Lease, Lease 275.

This notice was posted on the ground on the 22nd day of May, 1913. The application will be filed in the office of the Water Recorder at Hazelton, B. C.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

Chas. Monroe, applicant.
42

CANCELLATION OF RESERVE

NOTICE is hereby given that the reserve existing upon Crown lands in the Cariboo and Cassiar Districts by reason of a notice, bearing date September 12th, 1907, and published in the British Columbia Gazette on September 12th, 1907, as well as the reserve existing upon Crown lands within the Land Recording Districts of Cariboo and Lillooet and the Kamloops Division of Yale Land Recording District by reason of a notice, bearing date April 3rd, 1911 and published in the British Columbia Gazette on April 6th, 1911, is cancelled in so far as the same affect the acquisition of said lands under the provisions of the "Coal and Petroleum Act."

ROBT. A. RENWICK,
Deputy Minister of Lands.
Department of Lands,
Victoria, B.C., April 14th, 1913

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. Wm. Henderson, resident architect. Victoria, B. C., at the Public Works, Canada, District Engineer's office, Prince Rupert, B. C., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, June 9, 1913.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.-27394.

The World's Doings in Brief

News Notes from Many Sources

The total assessment of Winnipeg is approximately $300,000,000.

A general strike of coal miners in West Virginia is threatened.

Cholera has broken out amongst the Bulgarian troops in the Balkans.

Over one hundred persons were killed in the recent earthquake at Tirnovo.

The new electric railway traversing the Saanich peninsula is now in operation.

Emperor William has recognized the Mexican administration of President Huerta.

Canada will have a large exhibit at the Panama exposition in San Francisco in 1915.

The Masonic grand lodge of British Columbia will meet in Prince Rupert next year.

Two electric trains collided near Vallejo, Cal. Eleven passengers were killed and many injured.

Two masked men held up a passenger train on the Illinois Central, near Springfield, looting the express car.

Five members of the San Francisco police force were sent to prison for conspiring with bunco men to defraud citizens.

An anti-American demonstration is being planned in Tokio, the Japanese feeling against the California land law being unabated.

Six suffragette leaders, sentenced in London to imprisonment for conspiracy, declare that they would refuse to eat and would force the authorities to release them. They are now engaged in a "hunger strike."

An immense strike of miners is likely to occur in in Australia shortly. The men object to open shop and contract systems.

The body of John McLennan, the missing Vancouver bank clerk, was found in False Creek. He had been accidentally drowned.

The military camp at Three Rivers, Que., was wrecked last week by a severe storm. The city was also the scene of great damage.

Ex-Mayor Lee, of New Westminster, president of the B. C. Conservative association, died of heart disease while driving alone in his automobile.

A French aviator, Desmouilais, made the thousand mile-flight from Paris to St. Petersburg, covering the last 300 miles in three and a half hours.

An Ohio judge insists that would-be brides applying for marriage licenses should submit specimens of their cooking before permits are issued.

The estate of John Jacob Astor, who went down in the Titanic, has been officially appraised at $86,966,611. The son, Vincent Astor, receives $69,000,000.

It is proposed to hold a conference of the provincial premiers at Ottawa in September next, for the discussion of matters of moment to the various provinces.

The receipts of the Canadian Northern railway for the fiscal year just ended were $35,000,000.

A search party has started from Fairbanks to seek for Archdeacon Stuck and party, who attempted the ascent of Mount McKinley and did not return when expected.

An infernal machine, sent through the post to Alphonse Bilodeau, Que., was opened by his wife. The woman was blown to pieces and others were injured by the explosion.

Federal reports for the fiscal year just ended show the best year's trade in the history of the Dominion, exceeding the billion mark for the first time. The total was $1,068,000,000.

Enraged at the importation of cheap girl laborers for a sugar estate, the villagers of Piriatin, southern Russia, fastened eighty of the imported girls in a barn and burned them to death. None escaped.

The general opinion at Ottawa is that a program of senate reform will be the next work undertaken by the Dominion government after the introduction of a redistribution bill at the next session of parliament.

Hon. Louis Coderre, who is federal minister of mines as well as secretary of state, will accompany the members of the international geological congress who will visit the Pacific coast and Yukon, in August.

Kipling or Hardy?

London, June 25:—The appointment of the new poet laureate is still undecided. It is generally believed that either Kipling or Hardy will be named. The King and Queen are in favor of Kipling, but a majority of the government leaders desire the appointment of Hardy.

Local and Personal

Road Superintendent Williscroft has been joined by Mrs. and Miss Williscroft, who will spend the summer in Telkwa.

During the summer Manson is to have a semi-monthly mail, while Groundhog will have a regular monthly service, with extra mails as circumstances permit.

While coming in from his ranch yesterday, J. K. Frost saw a mule deer quite close to town. This handsome species appears to be increasing in this district.

After seeing the country as far as Fort George, incidentally walking seven hundred miles within the month, D.J. McDougall returned to town yesterday. He says Hazelton is the best town between Rupert and Fort George.

Ed. Kohse and Bob Marion left for Rocher de Boule on Tuesday, with a pack train loaded with supplies, to begin work on the Ingineca group. They intend to drive a 100-foot tunnel, and will probably work all summer.

Ottawa News

Ottawa, June 26:—Hon. J. D. Hazen, minister of marine, will leave for the west in time to greet the dreadnough New Zealand at Vancouver the last week in July.

The western freight rates case has been adjourned. It will be taken up again by the railway commission in September.

Arthur Meighen, M. P. for Portage La Prairie, has been appointed solicitor-general. The position has been vacant since the change of government.

Surveyors Drowned

New Madrid, June 23:—Nine members of a party of fourteen United States engineers and other government employees were drowned near New Madrid, Mo., late yesterday, when the United States survey boat, Beaver, which the party was aboard, was capsized in a storm. None of the bodies have been recovered.

J. C. K. Sealy spent a few days at his ranch near Smithers, returning to Hazelton on Sunday. He informed The Miner that he had never seen crops looking better than those in the Valley. The warm rains have stimulated growth remarkably, timothy and grains especialy looking well. Mr. Sealy has a calf crop of forty this season.

J. N. (Jack) Carr, a popular Bulkley Valley man, and one of the well-known Carr brothers, left on Thursday for a trip to the coast. It is understood that on his return he will bring a bride, Miss Kate Ryan, of Ottawa. Mr. Carr will undertake the management of the Bulkley House, the big hotel which he and his associates have arranged to build at Smithers.

Oranges, Lemons and Bananas at Sargent's.

Holiday Football Match

In the football match with the Prince Rupert team on the evening of the First, the local club is likely to have a hard game, but may be expected to give a good account of themselves. The players will line up in this order:

Middleton
Warne Gammon
Munro Borland Harvey
Brewer Johnstor 'Chet' Long Stephens
Reserve: Holliday.
Referee: Moncur.

The team will play in white shirts and knickers. Players not having white knickers can obtain them from Captain Andrew Borland, Bank of Vancouver.

ON OMINECA AND MANSON

(Continued from Page One)

cut out forty feet wide, and Mr. Bodine expects that by next season the new highway will be ready for use as a sleighroad. It will be twenty miles long, with easy grades, none exceeding five per cent. except one short seven per cent. grade. It will cross the continental divide at an elevation of 1600 feet above the lake. Ed. Mullen's pack train and twelve men left for the work on Tuesday.

Mr. Bodine states that there is considerable mining activity around Tatla. Free-milling, bornite and grey copper float has been found near the road, while specimens of iron and coal are being brought in from the Nation lakes.

Lawrence Canty is in Hazelton for a few days. He recently returned from Omineca river, where he accompanied Harry Walker, Max Gebhardt and Fred. Vater. The party located sixty-five miles of dredging ground on the Omineca, Findlay, Stranger and Oslinca rivers. Losing their boat and outfit in the Omineca, they were without food for three days until they reached Canty's cabin on the Stranger.

Dr. B. F. Stanwood arrived from Manson last night. His health has not been good of late, and he will take a trip to the coast, hoping to return within a week or two to continue work on his promising groups of quartz claims.

Straw Hats at Sargent's.

Handkerchiefs from 10 cents to $3.00 at Sargent's.

Dr. Inman, eye specialist of Prince Rupert, is making a special visit to Hazelton, for one day only, July 1st. If you have any trouble with the eyes or need accurate glasses, call on him early during day or evening.
