LOOKING FOR FARM LANDS

G.N.HUNTER ARRIVED ON PRINCE RUPERT YESTERDAY

Hunter Bros., Handle Large Tracts Of Land in Alberta—Will Likely Invest in Rupert Lots and in Farm Lands Around Here.

G. N. Hunter and Mrs Hunter of Dayton, Ohio, arrived on the Prince Rupert last night and will be registered at the G. T. P. Inn for a few days. Mr. Hunter is associated with two brothers and they deal largely in farm lands in Alberta and other districts, and it is for the purpose of looking over this part of British Columbia that Mr. Hunter is here. He will interview a number of the real estate men and in addition to farm lands he will invest considerable in Prince Rupert lots. Mssrs Hunter operate on a large scale and it is such men as they that are required in northern British Columbia to open up the farming communities.

FOR OUR NEW NAVY

First Canadian Cruiser to be Built On the Pacific

(Special to the Optimist)

Victoria, July 28.—Tenders were invited yesterday for the construction of a cruiser of the Bristol type, the vessel to be built on the Pacific Coast. The British Columbia Marine railway company will be one of the bidders.

GOODWOOD CUP RACE

Bayardo the Favorite Only Gets the Second Place

(Special to the Optimist)

London, July 28.—Bayardo started as favorite today for the Goodwood Cup, but was defeated in the stretch by Magic. Twenty to one was freely bet against Magic yet the favorite had great difficulty in securing even second place. Bud was third. The results of the race were a surprise all through, Bud being a sixty to one shot.

SUICIDE DURING THE HONEYMOON

YOUNG GIRL OF NINETEEN SHOOTS HERSELF

Jealousy Assigned as the Cause.—Was Depressed Because Husband Paid Attention to Other Women—Police Searching For Husband.

(Special to the Optimist)

Vancouver, July 28.—The young bride of Arthur P. Browne last night committed suicide by shooting herself. Before marriage she was a Miss Day, of New Westminster and had only been married a few weeks. She had made her preparations for the commission of the crime, among which was a note explaining why she was driven to such a step. This stated—"I have done it all for Arthur." Other statements contained in the note started the police out in a hunt for the young husband and there may be further developments.

Mrs. Browne was only nineteen and her friends say that from her actions she was undoubtedly suffering from depression caused by her husband paying so much attention to other women.

THOUSANDS OF HOMES IN RUINS

HOKKADO EARTHQUAKE WORSE THAN REPORTED

No Reports Yet Received From the Warships Gone to relieve Suffering Though All Have Wireless.—Fifty Thousand People Homeless.

(Special to the Optimist)

Tokio, July 27.—The absence of all reports from the warships sent to the relief of the sufferers from the Hokkado earthquake, leads the authorities to believe the convulsions must have been more serious than reported. All the warships have wireless and why there should be no further reports of conditions is causing alarm. It is known from the latest despatches that fifty thousand people are homeless, injured and starving.

FENIAN RAID VETERANS

Will Wait Upon Sir Wilfrid and Ask For Scrip

Victoria, July 25.—Veterans of the Fenian raids are seeking to receive similar rewards as those given to the Canadians who fought in South Africa. A meeting was held here last night to discuss the matter of sending a deputation to lay the matter before Sir Wilfrid Laurier on his arrival here next month. The veterans of the fights in which the Fenians were driven back from Canada, ask that they each be given scrip for government lands similar to the award given the fighting men who served in South Africa.

FOUR KILLED BY STRIKERS

STRIKE-BREAKERS WERE UNDER POLICE PROTECTION

Fierce Riot at Brooklyn Sugar Refinery in Which Scores Were Injured, Four Were Killed Outright And Three Will Die.

(Special to the Optimist)

New York, July 28.— One of the most frightful riots took place this morning on the Brooklyn docks of the American Sugar Refinery company. The trouble started when a number of strike breakers were put to work under the protection of the police. As soon as the men begun a huge mob rushed the squad of policemen, two being toppled into the river and attacked the workmen. Revolvers were drawn on both sides and cudgels and bricks were freely used as weapons and as missiles. The fierce fighting lasted over half an hour, until the police reserves came up. They lined up and immediately the command was given to advance. The police rushed into the crowd clubbing right and left indiscriminately, and the riot was soon ended.

Many of the first batch of police were badly injured. Four dead bodies were picked up and over a score were so badly injured they were sent to the hospital. It is believed that three of these cannot recover.

Speculation in Calgary Lots

Calgary, July 28.—(Special)—Seventy-five thousand dollars worth of lots in the new Canadian Pacific railway subdivision were sold during the one afternoon of yesterday.

TOURISTS WILL FOLLOW DUCKS

COME NORTH IN SPRING AND GO SOUTH IN FALL

Transcontinental Line Will be the Greatest Tourist Route in the World, Embracing Climates From Semi-Tropical to Sub-Arctic.

Captain Nicholson has similar ideas to those expressed by Dan Mann in regard to the tourist possibilities of the steamer run from Vancouver here, but the Captain's ideas were being put into practice before Mr. Mann took the voyage up here which lead him to burst into enthusiasm as to its scenic advantages. Captain Nicholson says the Grand Trunk company prepared to go after the tourist business by the time its new steamers were in operation, and the first day through tickets were offered to Prince Rupert at the company's New York office six were sold. The sales have since been gradually increasing.

When the transcontinental line is completed the company will have the greatest tourist route in the world for all the year round. The year will open with excursionists from the east by way of Los Angeles and California coast points, where the tourists will stay until the weather gets too warm for them and then they will go northward with the wild ducks and hear the crocus cuss because winter lingers so long in the lay of spring.

By that time the heat in the east will have become so unbearable that a rush northward will be inevitable. But a short distance north, just over the boundary of New York state, and they are in a land of summer whose sunshine is tempered by cooling breezes carrying the perfumes of boundless prairies.

About the time the Yukon ducks are flying south again, our tourists in the north will hanker after a spot where the sun gives out more genial warmth, and the California coast will catch the trade. The great resorts there welcome this combination with the Grand Trunk, and both parties to this mutually beneficial arrangement will feel its effects from now on, as will be shown in the largely increased steamer travel to this port during the balance of this season.

A MILE A MINUTE

De Lesseps Makes Record-Breaking Flight at Montreal

(Special to the Optimist)

Montreal, July 28.—Young De Lessep made the record flight for Canada Tuesday night in a Bleriot aeroplane. He flew twenty miles in less than twenty minutes, at a height of thirty-eight thousand feet.

Prayers for Cool Weather

Chicago, July 28.—This morning the continued hot weather made a record of four dead and scores of prostrations. Special services with prayers for cooler weather are being held in many of the churches.

Opening the Great Tunnel

Windsor, Ont., July 28.—(Special)—The Detroit river tunnel was formally opened today. The structure has cost twelve million dollars.

Date of Coronation

London, July 28.—(Special)—It is currently reported that the date for the coronation next year will be June 21st or June 22nd.

READY FOR A BIG BATTLE

DATE FOR SPANISH REVOLUTION IS TOMORROW

More Troops Sent to Barcelona and Saragossa—Revolutionists Urging General Strike to Begin Tomorrow Morning.

(Special to the Optimist)

Toulouse, France, July 28.—The Spanish military censorship has been still further tightened and especially as against San Sebastian on the French frontier, which has been the only point fo- a couple of weeks th ough which reliable news of the course of the revolution was obtainable. Messages arrived here by courier yesterday direct from Madrid with the latest intellegence. The government is taking every precaution and hoping by the display of military power to overawe those inclining to be rebelled. Two thousand new troops have been dispatched to Barcelona to reinforce the two thousand gendarmes there. At Saragosa the garrison has also been strengthened and everything there is prepared for the threatened uprising.

But the revolitionists are by no means idle. All the walls in all the principal cities are liberally placarded, as fast as the police tear them down, with notices issued by the revolutionary party urging a general strike throughout the country to begin tomorrow. Many preparations are being made for this, people looking forward to tomorrow morning as the dawn of a great battle for constitutional liberty and possibly for the declaration of a republic.

CRIPPEN ON MONTROSE

CONTRADICTORY REPORTS ARE SET AT REST

Wireless From Steamer Montrose To Montreal States That Both Alleged Murderer and His Accomplice Mlle Leneve Are on Board

(Special to the Optimist)

Montreal, July 28.— 12:15 p.m.—A wireless despatch just received from the steamer Montrose says that Dr. Crippen and Mlle Leneve are both on board, and that there is no doubt whatever about their identification.

The two will be handed over to the police as soon as the Montrose is docked, and held for the arrival of Inspector Dowe, who took passage from Liverpool on the Laurentic and is expected to land at Rimouski and intercept the Montrose there.

Father Point, Que., July 28.—Chief McCarthy and Inspector Denis, of the provincial police, are here to assist Inspector Dowe of Scotland Yard to arrest Dr. Crippen and Mlle Leneve should they be on the Montrose. No wireless has yet been received either from the Montrose or the Laurentic.

Bryan Now a Dead One

Grand Island, Neb., July 28.—(Special)—By the defeat of Bryan's motion at the Democratic plank convention of Nebraska, the fact is made apparent that his power in the state has very much declined. He has been a power in the state for twenty years,but that he is so no longer is not in doubt.

MORE TROOPS ORDERED OUT

GRAND TRUNK STRIKE SITUATION BECOMES ACUTE.

Troops Going to Columbus Are Stoned by Strikers.---Yard-Master at Buffalo Ordered to Leave Town or be Shot.

(Special to the Optimist)

Montreal, July 28.- The general opinion here seems to be that the men are losing in the G and Trunk Pacific railway strike although the men themselves do not for a moment admit this. Certainly they are losing much of the public sympathy, owing to the inconvenience caused by the strike's duration and the unpromising lookout, as well as from the menacing position the men have taken at many points along the system. It is reported that the men have offered to go to work under the original offer made by President Hays pending the appointment of the arbitration board, but this cannot be verified.

Detroit, July 28.—Four companies of the First regiment have been sent to Durand, where the strike situation is acute. This is the central divisional point on the Grand Trunk.

Hamilton, O., July 28.-A troop train, carrying infantry to Columbus, was stoned passing through here by the Grand Trunk strikers.

Buffalo, July 28.—The strike situation is growing more and more serious. Following a meeting of the strikers a delegation of strike sympathizers waited upon Yardmaster Foster and told him that he would be shot unless he left the town at once. The mob began to burn freight cars last night and there were several fights between strikers and strike breakers, but nothing serious. This morning the strikers seem to be desperate and the need of more troops is keenly felt.

DECLARATION BILL DEBATED

PASSES SECOND READING BY LARGE MAJORITY

Nonconformist Score an Important Point by Passage of the Amendment.—Bill Will Now got Into Committee of the Whole

(Special to the Optimist)

London, July 28.—At the second reading of the Declaration bill in the house of commons last night the Nonconformists introduced an amendment which was debated at great length and finally carried. The motion was to substitute "I am a faithful Protestant" in place of "I am a faithful member of the Protestant church as by law established". It was held by the non-conformists that this made the British ruler a member of what was at one time denominated The Established Church, or the Church of England. The declaration of his religion should be confined to the sect only and not one of the sects of Protestan-

DR. CRIPPEN NOT ON BOARD

BOTH SARDINIAN AND MONTROSE COMMUNICATED WITH

Trying to Communicate With Steamer Montrose From Labrador —Canadian Police Puzzled by Admission of Scotland Yard Police.

(Special to the Optimist)

Montreal, July 27.—The wireless station at Labrador is trying to get communication with the steamer Montrose but so far has not picked her up. The Canadian police are mystified over the admission of Scotland Yard that the officials are not absolutely sure Dr. Crippen is on board the Montrose or the Sardinian and are asking if this was the case why was Inspector Dowe sent out.

Father Point, Que.—July 27.—Wireless communication with the Sardinian from this point proved there was no one on board at all resembling Dr. Crippen. Prince George is reported to have been in wireless communication with the Montrose, but no mention was made of Dr. Crippen being on board. The Montrose is now entering the Straits of Belle Isle.

STEEL GALENA FOUND

Vein of High Grade Ore Two Feet Wide Reported Last Week

Last Saturday some samplese were brought into Stewart from the Vancouver Portland mine. During the past week a strike was made in the mine that was a surprise to everybody. A vein of steel galena two feet wide was found and the ore is very rich. The samples caused some excitement in the mining town and groups of men could be seen standing on the streets examining and talking about the ore. The find is a valuable one for Vancouver-Portland.

MAN'S HEART TAKEN OUT

Physician Holds Organ In His Hand Stitching It.

Philadelphia, July 25.—Holding the beating heart of a living man in the palm of his left hand while with his right he made five stitches between the beats into a wound made in the organ by a knife when the victim was stabbed during a quarrel, Dr. Francis T. Stewart, chief visiting physician at the Pennsylvania hospital, probably saved the life of Joseph Spence, aged 23, today.

After sewing up the wound, Dr. Stewart put the heart back in its place, stitched the incision in the inside, and Spence was sent back to the ward with a good chance of recovery.

Carter Cotton's Retirement

The retirement of Hon. F. Carter Cotton from the editorial chair of the Vancouver News Advertiser marks the removal from active journalism of one of the brightest writers in the province. For years Mr. Cotton has presided over the destinies of the News-Advertiser and as an editorial writer has won widespread respect and appreciation. He was not a man of superfluous verbiage but the wealth of his writings lay in the fact and reason that he always nurtured. Ever convincing in his arguments it was that simple, terse style of his that earned for him the position he held so long.—*Nicola Valley News.*

Price of Cotton Soaring

New York, July 28.—(Special)—The bull raid on the report of the failure of the cotton crop in Texas caused cotton to soar seventeen-three points on the exchange. It closed at $16 per bale.

Will Represent Australia

Melbourne, July 28.—(Special)—Premier Fisher has been chosen to represent Australia at the opening of the South African parliament.

Skeena Farmer Take Notice

In future years life on the farm
May take for folks an added charm.
And fortunes oft be made with ease
In picking airships from the trees.

AN INVERTED THEORY

Ald. Lynch seems to have reversed the generally accepted theory of a mixed plan of charging municipal improvements. Of course that does not necessarily prove Ald. Lynch's theories to be wrong any more than a Chinaman's method of doing things backwards is wrong, but Oriental things are not popular in this city and Ald. Lynch's ideas are rather hard to reconcile each to the other.

In most towns where some improvements are charged to the general fund and others to frontage tax the plan is to charge street work to the whole city and sewers to the property benefitted. The theory is that all citizens use the streets but only the property abutting it can use the sewers. Ald. Lynch's theory is that the adjoining property gets all the benefit of an improved road but the whole town is benefitted by a sewer because it will prevent a pestilance. It sounds more like a misquoted primary lesson than a logical theory. Why not carry the idea a bit further and have the city pay for the bath-tub and the soap.

Up to the present time residents have considered it an obligation to take care of the disposition of their own sewage and have paid for it. A public sewer would be greeted with favor because it would give opportunity for additional convenience in the way of baths and lavatories. The user would be willing to pay for it because it is a more economical method of getting rid of the waste.

This idea of an epidemic is rather thin logic. If the lack of sewers in section one, where a small proportion of the people reside, is likely to cause an epidemic, what is likely to occur in sections five and six where residences are crowding in? If the public chest should be made keep the people of section one clean and wholesome should it not wash the residents of sections five, six and seven and eight? An epidemic of typhoid is just as likely to originate in a cess-pool in section seven as it is in section one.

What benefit is a sewer in section one to the man living in section seven, if his neighbor has a cess-pool in his back-yard..

The ordinary man who is unaccustomed to theorizing on the weighty problems of civic affairs is likely to assume that if we are to have sewers to avoid an epidemic then everybody should have a sewer but if the sewers are for the convenience of the property and buildings in section one, then section one should pay for it.

LOST IN THE FOG

City Clerk E. A. Woods and Mrs. Woods Out on the Harbor

City Clerk E. A. Woods and Mrs Woods had an uncomfortable experience last night while boating on the harbor. They crossed over to the rifle ranges and when the fog made its appearance they started for home, but the fog was too fast for them and in a short time they were unable to see the length of their boat. Mr. Woods pulled ahead, thinking he was coming straight across, but he was going down the harbor all the time. The fog bell on one of the steamers soon told him that he was out of his course and was lost. Being lost at sea was a new experience for him, but he made the best of it and awaited his time. It was after midnight before he and Mrs. Woods got home and they were wet to the skin from the heavy fog.

TORPEDO BOAT TRIP

Took the Shriners to Stewart in Record Time

One of the features of the entertainment provided by the local brethren for the visiting Shriners on Monday night was a flying trip in a torpedo boat to the mining camp and back. The torpedo boat had come in to Rupert to coal up and as some of the Shriners wanted to see Stewart the boat was chartered and the passengers got on. The trip was made at the rate of forty miles an hour and the torpedo boat got back at three a.m. just in time to catch the Princess Royal as she started for Skagway. The authority for this story is one of the passenger list and it is published for what it is worth. It is what he told his wife when he got home.

OFFICERS INSTALLED

Knights of Pythias Met in Their New Hall Last Night

The Knights of Pythias held their first meeting in their handsome new hall in the Helgerson block last night and it was marked by the installation of a new set of officers. The Knights of Pythias are making great headway in Prince Rupert and the new officers have their work cut out for them. They were handicapped in the old hall and as a result a large number of candidates are waiting to receive their respective ranks. Rank teams will be appointed next Tuesday night and then work will commence. If the lodge continues to grow in future as it has in the past, Skeena Lodge will soon be the banner lodge of the province. The officers installed last night were:-

C. C.—W. T. Robinson
V. C.—O. M. Helgerson
Prelate.—Chas Vaughn
M. of W.—F. Hart
K. of R. S.—Monk
K. of Ex.—S. Corley
M. of F.—J. Kirkpatrick
S. A.—S. Philipson

NO BLACK FLIES HERE

No Pestering Mosquitoes Either and But Few House Flies

Passengers coming in on the Inlander from up river points complained that they were pestered by black flies at several of the stopping places near this end of the route and were surprised to find there were none in the city.

Last week similar complaints came in from Stewart, mosquitoes also being particularly ferocious at that point, as the faces and hands of many of the travellers testified.

Prince Rupert people should therefore consider themselves fortunate that they can enjoy this hot weather free from such pests. No mosquitoes or blacck flies have been noticed in the city all this summe-, and the e are few of the common house flies. When sanitary inspector looks after the cleanliness of the stables there will be still fewer.

OVER THE OUNTAINS

Stewart and Kelleher Coming Along The Line from Edmonton

J. W. Stewart, of Foley, Welch & Stewart and B. B. Kelleher, chief engineer of the railway, are on their way along the line of the transcontinental from Edmonton. They started from there last week and will probably be nearly three months on the trip, and they will make stops at various points to investigate the construction work. Foley, Welch & Stewart have contracts on the other side of Yellowhead pass as well as on this side.

CONTRACT SIGNED

Westholme Lumber Co., Will Supply The City With Lumber

The Westholme Lumber Co., signed the contract this morning to supply Prince Rupert with a million and a quarter feet of lumber. They have about half a million feet in the yards here and the scow was sent south to the mills today for another load. It will be back in twenty to thirty days with three quarters of a million feet more. The Westholme Lumber Co., submitted the lowest tender and the city was fortunate in getting the material for their roads at such a low figure. The work can start on the new plank roads any time, so far as the lumber is concerned.

Seattle Beats Vancouver

Vancouver, July 28.—(Special)—The results of the two league games played yesterday are as follows:-

At Seattle, Vancouver 1, Seattle 5.
At Tacoma, Spokane 6, Tacoma 0.

ONLY TO VICTORIA

Passengers on Prince Rupert to be Transferred at that Point.

The Prince Rupert was scheduled to remain here last night to have some repairs made to one of her engines, but instead of this reasons presented themselves why she should make her regular trip to Stewart and she did so.. When she left here today it was understood that she would transfer her passengers for Vancouver and Seattle at Victoria, to the International Steamship company's boat the Iroquois, and have the balky engine repaired at Vancouver.

Want to Organize Band

D. Babcock, a musician of Vancouver, is in the city to organize a conservatory of music and an orchestra. The latter is already underway and has eight pieces. They met last Monday in the McIntyre Hall. Later Mr. Babcock wants to organize a city band. He believes there is lots of talent here.

Auditor General Here.

J. A. Anderson, auditor general of Victoria is in the city on official business. He will leave on the May for the North and complete his work here on the way down.

WIRELESS FOR THE ARMY

ntrivance Designed by British Army Officer to Convey Orders.

London, July 25.—A new wireless pparatus for the transmission of mili- ry orders during a battle from one dy of troops to another has been in- nted by Major Beddington of the En- ish army, who has devised and made e necessary easily portable plant hich can be carried on horseback and company any cavalry or infantry rce.

It does not require half a day to er- t, nor even half an hour, and messages n be sent for scores of miles less or ore by the apparatus. The whole ar- ngement seems to be ideal, and the ry thing needed, particularly for cav- ry operations in the field or for de- ched outposts. It links up and makes rtebrate and sentient a leader's whole rength in the field for offence or de- nce.

BODY FOUND IN DUGOUT

Lonely Prospector Took Sick and Froze to Death

Juneau, July 23.—The body of Thomas Rox, froxen stiff, was found lying in a bunk in a humble dugout on the shore of Port Chatham, one of the many indentures of Cook inlet, by a party of four natives. The natives were taking food supplies to Rox, at the instance of Alley, a Port Chatham trader, when the shocking tragedy was revealed. The natives immediately notified Steve Melchoir, the nearest white inhabitant, who returned with them to the late home of the deceased, and carefully interred the remains.

In the lonely prospector's rude dugout there remained plenty of food, but but little clothing and no fire wood. The theory is that Rox became ill, was confined to his bed and unable to gather fire wood, which was in plenty had he been able to get out.

Rox was well known in the Cook inlet country, where he had resided for the past ten years.

AEROPLANES FOR WAR

United States to Purchase Two With Which to Make Experiments

(Special to the Optimist)

Washington, D. C., July 27.—A vote will come next session for a special appropriation of $75.000 to be used for the purchase of two aeroplanes which are to be experimented with under war conditions.

Men Who Do Things

Among tours of politicians, we do not say political tours, that of the Minister of the Interior easily beats all records. He went down the Mackenzie and across country to Dawson. If Mr. Oliver were not a newspaper man, we should express surprise, but as it is we do feel any. He only set himself an assignment and went out and covered it.—*Victoria Colonist.*

When Gabriel's Horn Blows

Mr. Joseph Martin says he is disappointed with the British Liberal party. None of his friends in this part of the world will be surprised. When the member for St. Pancras wakes up at the general resurrection, he will express a feeling of disappointment at the meagreness of the affair.—*Victoria Colonist.*

If a man really loves a woman, of course he wouldn't marry her for the world if he were not quite sure he was the best person she could by any possibility marry.—*Holmes.*

Furnished Rooms May Be Rented Profitably.

Just to have "furnished rooms to rent" is no great feat—or novelty. The number of people whose homes are in furnished rooms—"homes within homes"—is very large.

And among the people who live in "one room homes" are an increasing number who like to have things a little better THAN USUAL. They like to have a pleasant room, and they like to have it fitted up DISTINCTIVELY, with taste.

They will cheerfully, eagerly, pay for SOMETHING BETTER in the way of a furnished room. Fix yours up to please the particular tenants, and ADVERTISE ACCORDINGLY, and you'll get back your investment with profit in a very brief time.

Steel Now Laid For Thirty Miles Out of Prince Rupert

It is but a question of a few months when the construction trains will be running to a point between Newtown and Kitselas, and then for the next year Kitselas will be the division end and junction point between the railway and up river travel. The steel is now laid about thirty miles out of Prince Rupert, and it is being laid at the rate of a little over one mile per day, after it is laid east of mile 59, two miles and better per day will be laid.

All contractors between Knox river and Copper river have about finished their work, none having over a month's work more to do. The bridging of the different streams presents no serious problem, and allowing the track layer to average two miles per day after they are by mile 59, all streams will even at that be bridged before the track is within several miles of them.

It is safe to predict than in another year settlers will be taken from Prince Rupert to the Bulkley valley by rail, instead of part of the way by river steamers and the remainder distance by stage, as is the case today.

Mount Shishaldi Crater is Now Merely Throwing Out Smoke

Juneau, Alaska, July 25.— The eruption of Mount Shishaldi on Unimak Island, is rapidly lessening, according to Captain William Gregory, of the lighthouse tender Amreria, which has just arrived here from Unimak.

Recently the mountain was reported to be shooting great sheets of pur flame high into the skies. Now, Gregory says, the crater is merely smoking, and the sides of the peak are covered with snow to the edge of the pit.

Gregory said that the lighthouse keepers un Unimak Island, which is but a short distance from the mountain, are not afraid to remain there..

ADVERTISING FOR A MAYOR

GERMANY'S METHOD OF SECURING CIVIC EXECUTIVE

Saves Election Expenses and May Lessen Graft System Alderman Lynch is so Afraid of Seeing Established in City of Prince Rupert.

Berlin, July 25.— Following the Herman theory that the best way to fill a municipal office is to hire the best available expert in the particular line of work to be done, the city of Magdeburg, by the president of its council, is advertising conspicuously in prominent German newspapers:

"The place of mayor of Magdeburg is vacant. The salary is 21,000 marks per year, including the rental of a dwelling in the city hall. Besides the salary the incumbent will receive 4000 marks ($1000) for his official expenses. Candidates should apply before Sept. 1."

The practice of hiring official mayors is no novelty in Germany, where sometimes two cities bit in competition with each other for a capable man. The Magdeburg advertisement attracts special attention, as it is the first large city to advertise in filling so important an office. The retiring mayor, Dr. Lentz, was lately promoted to be Russian minister of finance.
