

The Prince Rupert Optimist

DAILY EDITION

PRINCE RUPERT, B.C., WEDNESDAY, OCTOBER 12, 1910.

PRICE, FIVE CENTS

DR. CRIPPEN IS INDICTED

TOGETHER WITH LE NEVE AS AN ACCESSORY

Trial to Be Fixed for Next Monday—
Crown Ready to Go on but Defence
Will Probably Plead for a Few
Day's Delay.

(Special to the Optimist)

London, Oct. 12.—The grand jury this morning found true bills against Dr. Hawley Harvey Crippen and Ethel Clare Le Neve for the murder of Mrs. Crippen, the latter as an accessory. The crown will be ready for the trial on Monday, but the defence will in all probability press for delay.

The trial will be at the Old Bailey, and the change from the stuffy little Bow street to the airy new building of the Old Bailey will bring into sharp relief the archaic procedure so long in existence that will prevail at the hearing.

The two prisoners will be led into court and will sit in a dock with a prison warden on either side. They will sit facing the judge. Below are rows of seats for lawyers engaged in the case and those looking on. Facing these are seats for the reporters. Across the room and in broad galleries overlooking it are seats for spectators. The opening of the trial will not be impressive and at no time are demonstrations by the spectators permitted.

FIGHTING IN MOROCCO

Spain Called to Send Troops Badly Needed at Home

(Special to the Optimist)

Madrid, Oct. 12.—Active operations were revived in Morocco today and the cabinet is alarmed at the conditions there. The tribesmen are again mobilizing and are threatening. It is found necessary to despatch troops that are badly needed at home. The official reason for sending the troops is that they are necessary to enforce the payment of the indemnity demanded from the Riffs.

Barney Faces Disbarment

New York, Oct. 11.—(Special)—It is said that Barney Oldfield the famous chaffeur, faces disbarment if he races with Johnson the colored prize fighter. It is claimed that the auto license of the latter was obtained by false pretenses and has been revoked.

Lord Strathcona in Berlin

Berlin, Oct. 12.—(Special)—Lord Strathcona is here as the representative of the Canadian and all the British colleges, at the Berlin University centenary.

Roosevelt Takes to Flying

St. Louis, Oct. 12.—(Special)—Colonel Roosevelt made an aeroplane flight yesterday with Aviator Hoxey. He declared himself "de-lighted" with the experience. He almost fell from the machine when he turned to wave his hand to the admiring crowd.

County Court Today

The case of Brownley vs. Rowe adjourned from last county court sessions came before Judge Young in the county court this morning. Mr. Williams appeared for the plaintiff and Mr. Bennett for the defendant. The case is one of a claim for wages and cost of material supplied, quantity of material and rate of wages being in dispute. The defence states that plaintiff was to have taken shares instead of cash. Witnesses were examined this morning.

TOURISTS STRANDED BY STRIKE

Practically All Means of Travel in France is Tied Up.—Paris Facing Food Famine.—Whole of Garrison Forces Called Out.—Clashes Between Soldiers and Strikers.

(Special to the Optimist)

Paris, Oct. 12.—The railway strike is rapidly becoming general and a food famine already threatens this city. Eight thousand men on the Western railway have joined the strikers. Forty thousand employed on the Eastern railway walked out this morning. Eighty thousand on the Paris-Lyons-Mediterranean-plan to strike this evening. The Orleans employees are momentarily expected to go out and the Central railway workers have planned to strike tomorrow. It is thought that by Friday evening

not a wheel will be turning in the country, as the underground and omnibus systems are also joining the strikers.

The military have been called out to run trains but very few are moving today. Clashes between the strikers and the troops are frequent, as the strikers are misplacing switches and cutting telegraph lines. Two serious wrecks have already occurred that are ascribed to this cause.

Practically the whole force of the garrison is under arms in the hope of preventing riots.

The strikers who quit this morning did so without warning after the service was in full operation, leaving the trains stalled. Thousands of tourists are stranded here and throughout the country.

At Grenelle station the strikers attempted to run the locomotives into the river Seine.

The strikers have ignored the government order to join the reserves, and if any attempt is made to prosecute there is sure to be bloodshed.

SEATTLE MAN

Is Delighted With Prince Rupert and the Beautiful Weather

Louis R. Lurie, of Seattle, is in town and will remain for a couple of weeks yet. He is looking over the ground with the idea of placing some of his money in Prince Rupert lots. Mr. Lurie is president of the Merchants' Printing company, of Seattle, and he is also interested in a number of other commercial enterprises. When seen by the Optimist Mr. Lurie stated that Prince Rupert was a revelation to him. He had heard the usual knocks on that "rain center" known as Vancouver, where they say that it rains in Prince Rupert 366 days per year. Mr. Lurie said he was in Vancouver a week and never saw the sun and never went out as he did not have a raincoat and umbrella. He arrived here on the Prince George on Sunday and he says he never saw finer weather in his life. The sun has been bright and warm all the week. This with the rapid advance the town has made has aroused Mr. Lurie's enthusiasm. He says he never was in a new town that looked so good to him.

BASEBALL CHAMPIONS

Betting About Even in Regard to the World Series

Chicago, Oct. 9.—While betting on the world's baseball series between Chicago and Philadelphia has not become brisk, several wagers have been laid. "Piker" bets have been laid at various places the average price being ten to seven on the Cubs, but those in the long end demand now even money. Most of the wagers were placed before the injury to Johnny Evers, and the layers contend that with him out of the game it is an even money contest.

EARL GREY HONORED

Visiting Bishops University, He Receives Honorary Degree

Lenoxville, Que., Oct. 9.—Earl Grey today visited Bishops University and College, inspecting the buildings, and listened to two addresses of welcome. He made brief replies. At 1:30 p.m. he was the guest of honor at a luncheon tendered by the college authorities and at 2:40 was in conversation in the library. He was invested with the honorary B. C. L. degree.

RICHER TRIAL TODAY

(Special to The Optimist.)

Vancouver, Oct. 12.—The trial of Alfonso Richer for the murder of Joseph Beaudoin, at Prince Rupert, is likely to be called late this afternoon.

ALL QUIET NOW AT LISBON

TROOPS PATROLLING STREETS ARE WITHDRAWN

Plans for Reorganization of Army and Navy Under Way—Clericals Leaving Country—King George Sends Royal Yacht for Manue.

(Special to the Optimist)

Lisbon, Oct. 12.—Conditions are normal today and the soldiers parading the streets have been withdrawn. Plans for a reorganization of the army and navy are under way. The edict has been promulgated against the clericals and there seems every evidence that it will be rigidly enforced. As many as possible are getting out of the country. Strong representations having been made against those who have sought refuge in Spain, most of them are now starting for France and points along the Mediterranean.

London, Oct. 12.—King George has ordered the royal yacht Victoria and Albert to Gibraltar, to carry the deposed king of Portugal to England.

All Hopes Abandoned

Trinidad, Col., Oct. 12.—(Special)—All hope of rescuing any of the ninety entombed miners of the Colorado Fuel company have been abandoned. The fire is now burning in the tunnels.

Justice Descends to Politics

London, Oct. 12.—(Special)—Strong complaint is being made in the Liberal press about the speech of Justice Grantham about Canada. The speech favored the Tory view of the tariff question, and it is held to be a breach of the traditions of the British bench.

Oldfield Is Determined

New York, Oct. 12.—(Special)—Barney Oldfield declares that he will race Jack Johnson whether the latter's license is cancelled or not.

MORE FAMILIES CREMATED

Plans Already in Hand for Rebuilding Towns Destroyed

(Special to the Optimist)

Winnipeg, Oct. 12.—The forest fires are now reported to be dying down, owing to the heavy rains. Several other families have been found cremated, but the total of those who perished in these fires, it is now believed, will not be over two hundred.

Relief committees are doing good work.

Plans are already in hand for the rebuilding of the towns of Beaudette and Spooner.

GEN. BOTHA RETURNED

According to People He Will Head Government of South Africa

Johannesburg, Oct. 8.—General Botha will be returned unopposed for the vacancy created for him in Losberg. This is an indication that he has acceded to moderate public opinion, which, irrespective of party, desired that he should remain at the head of the government.

Witness Had Left City

William Reid appeared before the Magistrate at this morning's police court charged with having sold liquor without a license. He pleaded not guilty. As the principal witness in the case against Reid was in Seattle Magistrate Carss dismissed the case.

Clearing House for Divorce

The Seattle-Post Intelligencer objects to that city being made the clearing house for alien divorces and advocates citizenship being made a qualification for application. The record of 109 cases for the month of September indicates that the standard might be raised with advantage.

Leisure Class of Canada

A London illustrated journal in an editorial on social conditions in Canada comments on the fact that we have no "leisured class" in the West. The Calgary Herald invites the writer to visit any pool room where the "leisured class" most do congregate on any sunny afternoon or dark night.

We Have Moved

It's your next move, so come and get a new suit of clothes for Christmas at Rudwich & Sweder Bros., Helgerson Block, entrance from the lane.

TROOPS TO BE LANDED TODAY

UNITED STATES GOVERNMENT TO THE RESCUE

Fearful That When Troops Are Landed the Honduras Commandante Will Execute All the Prisoners, Both American and British.

(Special to the Optimist)

San Salvador, Oct. 12.—The United States gunboat Princeton has been ordered to land troops at Amalpa today, to liberate the Americans held prisoners there by order of Commandante Valadarse. The latter has refused to liberate them except upon an order from President Davilla, of Honduras.

It is feared that he will execute all of them when the sailors land. A number of British lives are in peril also. The British consul is one of those under arrest, and he has a number of friends with him who claimed his protection.

MONEY FOR HOME RULE

Tay Pay Makes a Fervid Address to the Irish of Winnipeg

(Special to the Optimist)

Winnipeg, Oct. 12.—T. P. O'Connor last night addressed a crowded meeting on the wrongs and needs of Ireland and was successful in obtaining much financial support. He declared there was no racial struggle between Ireland and England, but said the Irish wanted simply the same autonomy as Canada was enjoying and were determined to have it.

RIOTING IN FRANCE

Aeroplanes to Be Used by Government to Carry the Mails

(Special to the Optimist)

Paris, Oct. 11.—Following the great strike yesterday rioting commenced on the Northern railway. Troops were called out to disperse the rioters and the latter resisted, hurling bricks at the soldiers. Despite the police and soldiers gatherings were held and addressed by leading Socialists. There are one thousand workmen out on strike.

While the railways are tied up the government is making arrangements to carry the mail in aeroplanes.

President Taft's Message

Washington, Oct. 12.—(Special)—It is predicted that President Taft's message to Congress will demand economy in the administration and will charge that much money is being wasted in the departments.

Another Dynamite Suspect

Sacramento, Oct. 12.—(Special)—Letters alleging to bear on the explosion which destroyed the Los Angeles Times building have been found upon George Wallace, arrested here as a suspect. He is being held.

Winding Up Publicity Club

A second special meeting of the Prince Rupert Publicity Club was held in the Board of Trade rooms yesterday afternoon, at which its affairs were practically wound up. In the absence of the president, Dr. McIntyre took the chair. H. F. McRae, the chairman of the committee appointed to liquidate the club's business, reported that he had secured sufficient subscriptions to wipe out the indebtedness, and upon this all bills were ordered paid. A vote of thanks was then passed to Mr. McRae for having given the club a decent burial.

JOKE ON MR. MORROW

Attends Board Meeting and is Informed He is a Delinquent

An amusing incident enlivened the proceedings of the Board of Trade Monday night. The question of the non-payment of dues came up, it having been stated at a former meeting that a list of the members in arrears would be read at this meeting. Letters were received from some out of town members, enclosing their subscriptions, others wrote tendering their resignation although there is a rule that a member cannot resign while in arrears. Secretary Stephens was instructed to write them to this effect and the board passed on to other business.

Meanwhile George W. Morrow, member of the council of the Board of Trade, had come in and taken his seat. A few minutes later the president said: "Oh, were you here when you were declared delinquent, Mr. Morrow?" As Mr. Morrow had not been present, and as he had not been declared delinquent there was a hearty laugh. But his name had been read among those in arrears and joining in the laugh he obeyed the secretary's order to "Step up and see the captain."

As he handed in the cash Mr. Morrow remarked that he was handing in his resignation also as he was leaving the city during the month. Upon this the president moved that the resignation be not accepted, and speaking seriously told how sorry the board was to lose so valuable a member. He thought they should decline to accept the resignation in the hope that Mr. Morrow would find some time next spring that Prince Rupert was beginning to again look pretty good to him and would conclude to once more become one of its leading citizens. The members applauded and Mr. Morrow gave a "might be" sort of gratified smile.

FISH INDUSTRY OF ISLANDS

QUEEN CHARLOTTE NEWS ON THE SUBJECT

Says Two Million Dollars Have Been Invested in Fishing Stations on the Islands Within the Past Year. Means a Good Payroll

The fishing industry of the Queen Charlotte Islands will in the near future be a large factor in the upbuilding and development of this part of the province, says the *Queen Charlotte News*. The waters surrounding the islands are teeming with all kinds of fish and of the most profitable kind, from whales to the humble herring. Within the past year several prominent men from the old country have been here looking into the conditions and were very favorably impressed with what they had seen and from the results it is expected that an enormous amount of capital will be invested in this growing and safe industry.

Within the past year about \$2,000,000 has been invested in fishing stations on the Queen Charlotte Islands. At Rose Harbor, on Moresby Island, the station there even although only a few months in operation has proved to be a great success. The Moulton Fishing Company is another concern that realizes the extent of which this industry is capable of attaining and accordingly they are taking steps to reach that goal.

It is very gratifying to know that a company starting in a small way have before six months have passed, decided to move to a larger and more suitable site at Queen Charlotte. It was announced last week that another company intended putting in a large cold storage plant here.

This is good news for Queen Charlotte and will help greatly in the building up of this city. It means that considerable employment will be given to a large number of people who will locate and build homes here. Neither the Moulton Fishing Co. nor the Queen Charlotte Cold Storage Co. will employ Asiatics.

Board of Trade Should Publish an Extensive Annual Report

The Board of Trade Monday night ordered a check to be drawn to meet the board's instalment for the printing of the new folder, and incidental to this Secretary Stephens pointed out that the board was in need of a small pamphlet containing just the minor information that correspondents asked for. President Morris said that other boards got out an annual report containing such information, and he thought such a course could be followed by Prince Rupert.

The secretary said it would cost time and money to hunt up the required statistics suggested by the president, as to the outcome of the fisheries, of the mineral deposits, of the farming operations and so on, but the president pointed out that if the specialists of the board were chosen on a committee and each did his share an excellent annual report would be the result. It was then decided to refer the matter to the council of the board.

Captain Edwin McCoskie was elected a member of the board.

America Catholic Country

New York, Oct. 1.—(Special)—Cardinal Logue, in a public statement yesterday, declared that the United States will ultimately be a Catholic country. This, he says, will be the republic's salvation, as the Roman Catholic religion struck at the root of things tending to corrupt the government.

MUNICIPAL VOTERS' LIST

The municipal voters list for use at the next local election to be held on January 12, 1911, must be prepared during October and November. The qualifications in Prince Rupert are somewhat different to what many resident citizens have been accustomed to in other places they have lived. The Prince Rupert qualification is that provided in the Municipal Election Act for all cities in the province. To be a voter you must be a British subject, twenty-one years of age, a property holder, householder, trade licensee or the representative of a company holding property.

Property holders are automatically placed on the list of voters compiled from the assessment roll, but trade license holders and householders who are not property owners should file an application form with the city clerk during the month of October in order to get on the list. These forms must be sworn to and in the one instance, in addition to the regular qualifications, it requires the trade license fee to have been paid in full; in the case of householders who have not paid other taxes a two dollar road tax must be paid before the application is acceptable.

The interpretation of the term householder is very liberal in the British Columbia Act. Anyone renting a house, or room is considered a householder. This will give the privilege of voting to a great many ladies but unless they are on the assessment roll for real estate taxes they will have to come forward within the next few weeks and make regular application in addition to paying the two dollar road tax.

GAVE BOY GUN AND IS FINED

MAGISTRATE'S WARNING STERN

Dangerous Thing to Allow Boys Under Age to Have Pistols and Ammunition When So Many Gun Accidents Are Happening.

Edward Clyber appeared this morning before Magistrate Carss charged with having given a 38-calibre pistol to a minor under the age of sixteen. He admitted having done so, but said that the boy had told him he had been sent for the gun by his father who was going out shooting. Accused said he was sorry after he had let the weapon out of his possession but it was too late. He also said that he had refused to let the boy have small arms asked for by him before on several occasions. He believed that the boy had once been told to come to him for a pistol by a policeman. Chief McCarvell on behalf of the city police force explained that he understood that on the occasion referred to the man who had asked the boy to get the gun from Clyber was not a member of the city police force. The chief further pointed out that Clyber had been repeatedly warned against supplying boys under age with pistols or air guns and ammunition, and said that Clyber's defence was entitled on that account to the less credence.

It was a first actually chargeable offence however, and the Magistrate let Clyber down lightly with a \$3 fine and costs. The pistol was confiscated. Clyber said it was a cheap old thing and not much good anyway, but Magistrate Carss was very stern regarding the need of Clyber's being much more careful in future how he let pistols come into the possession of young boys.

The Magistrate said it was scandalous that boys under age should have pistols and ammunition given them when there were so many accidents with firearms happening around, besides the fact that mischievous boys could do damage with these weapons to windows, etc., and endanger passers-by on the streets.

COSY HOMES FOR MEN

Old Passenger Cars and Sleepers for the Construction Camps

The Grand Trunk Steamer Georgiana is due here today, with a big cargo of cars to be used as winter quarters for the men working along the grade. In this consignment are a number of old-time Grand Trunk system coaches, relics of the old days, which have been converted into outfit cars, some as dining cars and others as sleepers. These cars will be used to house the railroad laborers, engineers and other construction workers during the winter, as the cold will practically render the tents which are in use now, useless.

These oldtime coaches are relics of the hand brake and link and pin coupling days, cars with no vestibules, that have gone out of date on the main line of the east, and are relegated, like worn out ships to less strenuous work. These cars, however, are now fitted with air brakes and automatic couplings.

Plenty Chances to Gamble

October 1 marked the close of legalized gambling in the United States when the Nevada law, closing all the games of chance in that state came into force. Men of gambling temperament, however, are not entirely deprived of the opportunity of staking their money on the turn of fortune's wheel. Wall Street and the wheat pit are always ready to receive tribute.

THE POPULAR BUNGALOW

Architect Barker Has Devoted Much Attention to That Style of House

Architect W. L. Barker is making a speciality of plans for bungalows. He lived in California and Oregon for a number of years and that style of a house is very popular there. He has on hand the plans of many of the finest bungalows in these states. He prepared them himself and has always devoted much time to that class of work. His experience is therefore very valuable and as the bungalow is, and will be, a popular house in Prince Rupert that experience will save the builder money and at the same time give him the very latest style. Mr. Barker will be pleased to show the designs he has, or he will prepare an entirely new set of plans and embody therein any of the features of the other plans which may appeal to the prospective builder. His office is on Third street back of the Bank of Commerce.

THERE IS A REASON

There is a strong valid reason for the great interest being manifested in Silver Cup Mines, and we tell you that, in our judgment, events are shaping themselves for an advance of substantial proportions. . . Actuated by the principal that our clients interest are our own, we have, after an exhaustive and thorough investigation of the conditions and resources of the property, given our unqualified endorsement to Silver Cup Mines and confidentially expect the property to pan enormous dividends on a high stock valuation—as everything consistent with progressive management is being done to make Silver Cup a dividend earning property at the earliest date. We suggest immediate action to those interested.

YOUNG COUPLE ARE WEDDED

YESTERDAY IN AUSTRIAN NATIONAL STYLE

Everything Done as in Their Old Homeland. Interesting and Picturesque Ceremonials Blend With Festivity and Rejoicing.

The picturesque and romantic ceremony of an Austrian wedding took place in Prince Rupert yesterday. The bride was Miss Annie Gurvich, neice of N. Gurvich, the proprietor of the Servian hotel on Fraser street. The bridegroom was Tom Mazlum joint owner of the Eurpoa hotel. The wedding ceremony was performed by R. Orloff the Russian priest from Juneau, and the correct forms and ceremonials peculiar to the Austrian nation to which both bride and bridegroom belong were strictly adhered to.

The brother of the bridegroom, Chris Mazlum, came first to the home of the bride accompanied by nine friends. On arrival at the house they were welcomed into the dining room where they waited for a little while, until the ceremony of duly handing over the bride to the care of her future husband's brother by John Gurvich, her cousin, was performed. This ceremony was followed by the entertainment of the bride's escorting party at her own home with a good deal of pleasantness and rejoicing.

The bride who is a charming girl of twenty and looked very happy and pretty in her white bridal attire with veil and bouquet, was then escorted to the door of her home by her cousin and her future husband's brother. It was the duty of her cousin to see that she left her home safe and happy in the protection of her escort and his body guard. Once the bride left the house with her escort, her relatives retired, remaining at home while the bridegroom's friends and representatives escorted her to her future home.

Here with due ceremony the bride was handed over to the priest to whom presently the bridegroom came prepared for the marriage service at which, of course, the bride's relatives were present. After the ceremony had been performed the assembled company took part in feasting and festivities with music for the rest of the evening in the home of the newly wedded pair.

The bridegroom who is an energetic nad business like partner in the management of the Europa hotel is just twenty-three so everything looks promising for a prosperous period of wedded bliss for him and his young wife.

QUIET LITTLE GAME OF POKER

DISTURBED BY POLICE LAST NIGHT

Two Principals Fined \$50 Each and Costs in Police Court Today for Allowing Game on Their Premises.

A little before midnight last night the police raided the Owl Cigar store as Chief McCarvell had reason to suspect that gambling was being pursued on the premises. A game of poker was found in progress for money stakes, and the proprietors of the house and players, five in all, were taken in charge while the cards, etc., used in the game were confiscated. The affair was carried through quite quickly and quietly. A small knot of passers-by on Second avenue noticed that there was something doing, but there was no disturbance. The principals were summoned to appear at this morning's police court.

Before the Magistrate this morning accordingly William White and John Collins appeared charged with having allowed the playing of a game of chance or of mixed chance and skill in their

premises. They admitted having done so, and were each fined \$50 and costs.

Magistrate Carss said that this was the first case of this nature he had tried in Prince Rupert, and also a first offence. He was therefore inclined to take a lenient view of the matter but he pointed out that for an owner to allow such games to go on in his house is considered a more serious offence than simply to go there and play. Those who took part in the game will also be called upon to give an account of themselves. They did not appear before the Magistrate this morning.

THE BABY AND THE BIG DRUM

ENSIGN JOHNSTONE'S LITTLE BOY AIDS THE ARMY

A Born Artist With the Drumstick He Has Manipulated It Since His Feeding Bottle Days. Now a Juvenile Expert.

Have you stopped yet at a Salvation Army open air meeting at the foot of Sixth street and seen the baby drummer-boy beating time for the band? You've got to see him now, for he's growing up fast, and he won't be a baby drummer-boy all the time. But today he holds the proud distinction of being probably the youngest Salvation Army drummer in the world, and certainly the first actual baby big drum artist for he has wielded the drumstick since before he could walk, and while his feeding bottle was still beside him in the cradle.

His name is George Walrath Johnstone and he is the son of Ensign and Mrs. Johnstone whose able work in Salvation Army leadership in the Klondike, and now at Prince Rupert is well recognized.

Little George is now six years old and an accomplished drum accompanist at Salvation Army meetings. His talent for the manipulation of the drumstick was discovered when at a wedding in Nelson, B. C., baby George got hold of the drumstick and like many another baby banged the vellum with it. For a moment probably little attention was attracted to his doings, then suddenly it dawned on the listeners that baby George was not beating the drum as any ordinary baby would, but was keeping rhythmic time to the music. The little one has the musical sense highly developed particularly in regard to the sense of time.

All the time Ensign and Mrs. Johnstone were stationed in the Klondike baby George beat the drum at their meetings. He was the darling of the husky miners around, and the meetings at which his energetic accompaniment was heard were always thronged.

Not only at the Klondike, but all the way from Nelson to the Yukon station the baby drummer revealed his powers wherever Ensign and Mrs. Johnstone stopped on their way north. He has beaten time for some of the biggest Salvation Army bands while still quite a tiny infant. In fact, he used to have his feeding bottle in one hand and the big drumstick in the other while sitting up in his cradle he accompanied the music of the band.

The city band at Dawson honored him by requesting his services as drum accompanist on a number of occasions and of course wherever his father and mother held services he has been present. He accompanies their open air services now in Prince Rupert, is present at the services in the theatre and when the new hall is built he will be there at the opening services and the regular services afterwards.

Besides being skilled with the big drum, George Walrath Johnstone is developing into a fine young singer, and is making rapid progress with the piano. He has been at school now for six months and can read, and write a capital letter already.

MONEY ORDER BANK SYSTEM

AMERICAN BANKERS ENDORSE A NEW SYSTEM

Will Issue Money Orders for Large or Small Amounts Just as Is Now Being Done by the National Post-offices.

Los Angeles, Oct. 9.—Delegates to the thirty sixth convention of the American Bankers Association, numbering about 1,500, met in session here today.

That the bankers are determined to have a money order system that will be equal to that of the United States government and express companies, was demonstrated when the report of the committee on express companies and money orders was read by C. R. James, of Pennsylvania, in the absence of Joseph Chapman, Jr., chairman of this committee. The committee recommended that the banks shall issue some such form of money orders as are now issued by the government through the postoffice department and express companies, and have some financial institution of merit act as agent.

The system as proposed is similar to a system of travelers' checks now in vogue, but has a much wider scope and provides facilities for sending small or large money orders through banks with the same guarantee of efficiency and security as provided by the postoffice department and express companies. It was shown that the foreign and domestic money orders now issued by the government and express companies annually amount to upwards of \$7,000,000, and it was urged that the public would be greatly inconvenienced by a system of money orders issued through banks as proposed. The plan as outlined met with the enthusiastic indorsement of the convention.

HAZELTON THEFT CHARGE

Indians A. Matthews and P. Brown in Court Today

Austin Matthews and Peter Brown, two Indians from Hazelton, appeared before Judge Young yesterday afternoon charged with stealing various articles of food principally from P. Burn's warehouse at Hazelton. The articles alleged to have been stolen included cases of bacon, butter, beef, etc., and also a saddle and bridle all the property of P. Burns. Mr. Manson appeared for the defence, and Mr. Warton for the prosecution. The prisoners pleaded not guilty and elected to have speedy trial. Judge Young adjourned the case till today.

Phenix Show Is First Rate

The Phenix is always cosy and its shows are never disappointing.

An Interesting Rumor

An interesting report comes from Ottawa to the effect that the federal member for Nanaimo is likely to retire from Dominion politics and take the lead of the provincial opposition party, observed the Vancouver News-Advertiser. It is related that when Sir Wilfrid Laurier was in British Columbia he lamented the weakness of the opposition to the McBride administration, and invited Mr. Ralph Smith to undertake the task of bringing the province into harmony with the ministry at Ottawa. According to this story Mr. Smith was reminded that Caesar thought it better to be first in a little Iberian village than to be second in Rome. Whether it is better to lead an opposition at Victoria or be second to Mr. Templeman at Ottawa is the problem for Mr. Smith.

SHIPPING DONE IN SEPTEMBER

IMMENSE INCREASE IN NUMBER OF VESSELS

Practically All Had to Dock at One Wharf, but Inadequacy of Accommodation Will Be Remedied By Next Spring.

The list of arrivals and departures at this port during the month of September shows how immensely the business has grown in so short a time and the need of greater wharfage accommodation. With this month shipping will no doubt show a decrease during the winter months and by spring the present inadequacy of the dockage will be remedied. The Grand Trunk Pacific is already enlarging its wharf at the north end, and the government wharf will be completed—sometime. Here is the statement for the month of September:

Heavy Frost Last Night Has Lowered the Water Considerably

There was a heavy frost last night, forming ice all along the tributaries of the Skeena and thus confining the water. The stage is now two feet two inches below zero, and this is about as low as any of the steamers can safely travel at. In fact, doubts are expressed as to the Port Simpson being able to get back, unless there should be a very pronounced change in the weather.

The boys at Foley, Welch & Stewart offices were kept at work all last night freighting out two boats in a hurry. The Operator left at four o'clock this morning this morning for Beaver Dam. The Skeena got away an hour later to connect with the Omineca at Fiddler's creek, loaded with material for the bridge at Skeena crossing. Both carried as much cargo as it was safe for them to handle.

WANT MAYOR RECALLED

Seattle Voters Making Attempt to Oust Hi Gill

Seattle, Oct. 9.—Circulation of the petition for the recall of Mayor Hiram C. Gill was begun today. The petition was signed by all persons attending meetings of various improvement clubs last night. It is worded similarly to that used in the recall of Mayor A. C. Harper of Los Angeles.

It declares that Mayor Gill has shown himself incompetent and unfit; that he has abused the appointive

power by selecting for personal and political reasons men professionally unfit for the offices to which they were appointed; that he has wholly failed, refused and neglected to perform his duty by enforcing the criminal laws; that he has permitted Seattle to become a home and refuge for criminal classes; that his continuance in office is a menace to the business enterprises and moral welfare of the city.

RAILWAY TO DAWSON

Charter for Proposed Line Will Be Asked of Dominion

REVOLUTION IN ALBANIA

Turkey Has More Trouble Added to That With Greece

Paris, Oct. 9.—A news despatch from Rome states a message from Ibrahim Bay at Constantinople announces that a revolution has broken out at Scutari, and that it is spreading throughout Albania.

This report, added to the rumor of impending trouble between Turkey and Greece, served to depress the market today.
