IVE CAUGHT IN FOREST FIRES

ere Trying to Escape From Lucky Jim Mine.

men and Children Sent From andon to New Denver as Pre-aution—All Buildings at Lucky im and Rambler Destroyed.

(Special to the Optimist)

elson, July 19.—The forest fires s morning reached the Lucky Jim e near Sandon and five men were ocated while endeavoring to make ir escape. The names of the dead are:

David Norman, foreman
Charles Norman, brother of foreman
Col. Pierson, visiting the mine
W. Chesley
Ted Lucas.

he flames awept the whole of the e area, burning to the ground the rding house, the compressor plant lding, the office buildings and the se in which the powder was stored, ch blew up with a loud explosion. n much the same way all the buildings at the Rambler mine were destroyed, and fires are burning briskly all around Sandon, though there seems to be no present danger to the town.

Nelson, July 19.—(Later)—The approach of the forest fires this morning became so threatening around Sandon that all the women and children were packed off from Sandon to New Denver as a precaution, and a large party is now back firing to protect the town.

Search parties sent from Kaslo north were forced back by the flames, but succeeded in rescuing many women and children from danger.

The fires are again menacing Moyie. Forty thousand dollars damage has been done by the fire on the Consolidated mine. Desperate efforts are now being made to save the Society Girl mine, the buildings on which are blazing fiercely. TheCanadian Pacific is a heavy loser all along the line,ties and tressles being burned out in some places.

Winnipeg, July 19.—The sawmill and lumber yards of Peter McLean, at Blairmore, were destroyed by forest fires this morning.

CRIPPEN HAS ESCAPED

Excitement in London Over Murder Still Continues.

(Special to the Optimist)

London, July 18.—Both press and public are united in strong denunciation of Scotland Yard because they have permitted Crippen, the slayer of his wife, to slip through their fingers. There is no doubt the murderer was in London the latter part of last week. There is abundant evidence to prove that. Also that the police were over-confident, saying they could put their finger on him whenever they wanted to do so. This morning the interest in the case is abated but there are no new developments.

Declaration Oath Bill

London, July 14.-In the House of Commons Mr Asquith announced that the declaration oath bill will be taken up the week after next, and will be sent to the Lords on July 29.

John Hay is Appointed

Vancouver, July 19.—(Special)—John G. Hay, formerly of Dawson and at present the law partner of Joe Martin, has been appointed city solicitor at a salary of $6000 ber annum.

SMALL BLAZE IN TALBOT HOTEL

Department Squelched It In Short Order.

Was First Discovered By Proprietor—Heap of Paper and Oil Can Found in Garret Supposed to Explain Cause of the Blaze.

This morning there was a second alarm of fire, from directly opposite where the disastrous one of yesterday occurred. This was in the Talbot house, and it was at first supposed that embers from the Scotch bakery fire had lodged in the interstices of the roof and been smouldering until they broke out this morning. Although it was a long time for embers to smoulder before the fire made its appearance. The time was about half-past five, and the proprietor of the hotel, Mr. Williams, was sweeping in front of the house when he saw smoke coming through the roof. He at once rushed upstairs and called up his guests. At the same time the hose was attached to the hydrant on the second floor of the hotel and the ceiling of the hall, where the flames were beginning to appear.

Meantime, someone had done a Marathon stunt up the hill to the fire station, crying fire as he run. Chief McInnes and his boys were out in a minute and to their surprise saw Harry Sykes with his hack coming up. 'Jump in," he cheerily shouted, and the chief and some of his staff did so, attaching the hose cart to the hack. Then Harry drove his best.

The hose was quickly attached to the two-inch main on Second avenue and the nozzle was carried into the hotel. A small room to the right of the staircase on the second floor was found to be burning but was quickly put out by the hose. In a few minutes the flames seemed to be out everywhere, and then the chief proceeded to make an investigation. Evidently the fire had started in the attic, and a ladder was procured from the basement to get through the trap door. The firemen ascended and are said to have found in the attic, which was then full of smoke, a lot of wall paper smouldering on the floor in a heap.

ANY MILES OF TIMBER ABLAZE

OTHILLS OF ROCKIES BIG SEA OF FLAME

eral Towns Menaced and Only leavy Downpour of Rain Can Save hem—Damage Already Immense —Forest Fires in Kaslo District.

(Special to the Optimist)

ancouver, July 18.—The eastern hills of the Rocky Mountains are a of flame for miles and miles. Forest s are raging through them unicked. They have assumed such huge portions that nothing can now check m except a very heavy downpour of . The whole country is as dry as der and the woods burst into flames ore the fire has actually reached them. e loss in timber is already immense. eral towns are menaced and there ms to be no way of protecting them.

elson, July 18.—Forest fires are ing in the Kaslo district and doing mense damage to the lumber camps. less there is heavy rain soon heavy s will result.

SATISFIED WITH PORTLAND CANAL

MR. MANN PLEASED WITH HIS HOLDINGS THERE

Declares Canadian Northern Will Be Completed Well Within Contract Time—Stewart Railway Also Progressing Favorably—Rich Country.

(Special to the Optimist)

Vancouver, July 18.—Mr. Mann declared this morning that the Canadian Northern will be completed well within contract time. He says the surveys of the Fraser watershed south to Thompson river have advanced so far that it is expected construction work will be in full swing all winter.

Mr. Mann is also pleased to report progress on the Stewart railway. He says the rails will be delivered there within a couple of weeks and by that time the contractors will be sufficiently advanced for the company to begin to lay steel. He says he is more than satisfied with his Portland canal holdings, as he is confident it will prove to be a very rich section of the country.

WATER TO BE TURNED OFF

Engineer Davis made an investigation of the water supply today and finds the level of the water at the dam is falling, which shows more is being used than is coming in. He therefore asks The Optimist to warn consumers that the water supply will be cut off between the hours of nine this evening and five tomorrow morning, and they must lay in a supply before nine. As a precaution in case of fire a man will be ready to turn the water on at any moment.

GROWING VALUE OF SUB-MARINES

DESTRUCTIVE FOR RADIUS OF FIVE HUNDRED MILES

No Battleship Safe Within That Distance—Recent Experiments a Surprise to Admiralty—May Effect Passage of the Ormament Bill.

(Special to the Optimist)

London July 18.—The admiralty office announces that recent experiments have shown the growing value of submarines. It is claimed in this report that it has been demonstrated that no battleship is safe within a radius of five hundred miles of a submarine craft., as the latter can elude the most careful scouts. These results of recent experiments are a surprise to the officials of the admiralty, and a new series of manoeuvres have been ordered.

Should these bear out the reports already made, and there seems to be confidence that they will, the matter will be brought to the early attention of parliament with the hope of securing more money for the construction of submarines before the battleship bill passes.

Five Blown to Atoms

Nazareth, Pa., July 19.—(Special)—A premature explosion of a blast in the Pennsylvania quarry near here yesterday, blew five of the workmen to atoms, the remains being strewn over a wide area.

TO CHALLENGE JACK JOHNSON

CORBETT CLAIMS TO HAVE AN UNKNOWN CANDIDATE

MacIntosh, Who Managed Burns In Australia, Willing to Back the Unknown for Five Thousand Dollars—It May Be Gotch.

(Special to the Optimist)

New York, July 19.—Jim Corbett claims to have an unknown who will challenge Johnson, and Mackintosh, who was with Johnson in Australia and saw him fight with Burns as well as with Jeffries, thinks so much of the mysterious unknown that he has posted a forfeit of five thousand dollars for the match, this sum, when the arrangement shall have been entered into between the principals, to be used as a side bet.

If the match is made it is likely that it will be pulled off in Australia, as Mackintosh says a bigger purse could be had there than anywhere in America, and the Australians would like to see the colored champion defeated there.

There is much speculation as to the identity of the unknown. Many think it must be Gotch, but Frank declared only a few days ago that he was satisfied with what he had won on the mat and nothing would induce him to enter the fistic arena.

BOMBS FREELY USED IN SPAIN

MADRID NOW IN STATE OF REVOLT AGAINST CROWN

Believed Great Civil War is Actually In Progress—Revolutionists Well Organized—Many Ex Army Officers Said to Have Joined Them.

(Special to the Optimist)

San Sebastian, July 19.—All dispatches from Madrid continue to be rigidly censored but the revolutionists are being kept posted as to everything of moment that transpires at the capital. It is generally known that the rioting there which begun on Sunday has been continued and is growing more and moree alarming. This morning bombs were freely used in an attack on the war department and a number of people were killed. The king is still being urged to suspend the constitution but he still wavers. The revolutionists are well organized all over the country, and many ex-army officers having joined them. Don Jaune has not yet been heard from but it looks as the fight was to be for a republic rather than to restore the old dynasty of Spain, and the rebels are said to be receiving large financial support from the republics of Latin America.

RIPPEN MAY BE IN CANADA

URDERER IS SAID TO HAVE LANDED AT MONTREAL

quest in London Adjourns When Public Surgeon Declares It Impossible to Identify the Remains As Those of the Missing Woman.

(Special to the Optimist)

London, July 19.—The last sensation the Crippen murder case occurred s morning, when at the inquest the lice surgeon refused to identify the dy found in the cellar as that of the ssing woman. He said it was impossible to identify them. He would go so far as to say it was impossible to tell from the remains whether they were those of a man or a woman, owing to the decomposition. The inquest was thereupon adjourned indefinitely, while the search for the missing man continues.

Montreal, July 19.—A passenger answering the description of Dr. Crippen is said to have landed from the Megantic, which left England on July 9th. He was accompanied by a woman. As soon as they landed a hack was engaged and they disappeared. The police have now no no track of them. Were not searched when they landed, nor were any of the passengers.

Messrs. M. Harrison and Otter have left Stewart for a trip to their claims on the Bitter Creek gold reef. They will be gone for several days.

MILITIA INEFFICIENT

General French's Report is Expected To Be a Big Revelation.

(Special to the Optimist)

London, July 19.—The Times understands that General French's report on the state of the Canadian militia will disclose a condition of inefficiency which will be a startling revelation. He even goes so far as to declare them worse than useless. Lack of an effective staff is blamed.

SURVEYING FOR WATER WORKS

WILL TAKE A MONTH TO SECURE NECESSARY INFORMATION

Cost Will Amount to Over $2000 for The Survey Party—A. W. Agnew, C. E., Charge of the Party—Engineer Davis Head of Water Works.

LATEST NEWS FROM PORTLAND CANAL

Another Free Gold Strike on Bitter Creek---Lucky Prospector Backed By Prince Rupert Capital.

The mining interests of Stewart received a genuine thrill on the arrival of A. E. Crossett, a well known prospector from Bitter creek, with samples of ore carrying free gold. Without a doubt the specimens exhibited were the richest yet displayed in camp, the yellow metal standing out in lumps larger than a pin head. Mr. Crossett does not claim to have a free milling proposition, says the Portland Canal Miner, but the gossan on his lead undoubtedly carried native gold nuggets, and his strike has given an added stimulus to more careful prospecting in the neighborhood of Bitter creek that is of direcct benefit to the camp.

The veteran prosbector, who was grubstaked by Prince Rupert interests, stated that the new find was made a mile and a half in a southerly direction from the mouth of Bitter creek on what is known as the Big Boulder group of six claims. He located 14 claims in three separate groups. At an altitude of 1400 feet a quartz of six feet through sufficient work been done to determine the walls and dip. The country rock is slate with intrusions of granite and diorite dykes. The ledge is strong carrying iron and copper pyrites in the quartz and assays $60 in gold.

Shortly after the news of the strike was brought to Stewart Mr. Crossett gave a ten days option to Mason & Simpson, brokers, the considration being around $30,000. Mr. Simpson immediately left for the Big Boulder and sampled the ledge, assays of which are now being made.

Values on International

The strike reported last week on International, samples of which were brought to Stewart to be assayed by Superintendant W. T. Smith gave returns of 6 per cent copper and $20 in gold and silver.

Companies Incorporated.

The following companies have been issued certificates of incorporation: Big Casino Mining Co., Keystone Mining Co., King Edward Mines, Laurier Mining Co., Northern Consolidated Mining Co., Portland Pacific Mining Co., Portland Canal Trust Co., Portland Dreadnaught Mining Co., Portland Canal Lumber Co., Silver Bow Mines, and the Stewart Trust Co.

Joe-O. K. Mining Bond.

A persistent and apparently unfounded rumor has been in circulation around camp the past week to the effect that the third payment on the bond on the O. K. fraction claim, owned by Joseph Perrault, would not be met by the Little Joe-O. K. Mining Co., Ltd., on September 1st. The amount is $10,000. The bond was for $80,000, and two payments amounting to $10,000 each in cash and shares have been made to Mr. Perrault and Dr. A. W. Moseley. Dr. Moseley secured the bond in January and later turned same over to Captain John Irving, who organized the company.

Captain Irving denied emphatically any knowledge of the rumor, and stated that there was absolutely no truth in the story. Mr. Perrault could throw no light on the subject, though he suggested that sufficient development had not been accomplished to justify throwing up the bond. Dr. Moseley, who was largely instrumental in placing the stock, confessed he saw no reason why the bond should not be met, but stated positively that should it prove to be true he would protect every stockholder he had personally sold shares to. Both Captain John Irving and Dr. Moseley left Setwart for Victoria on Thursday's boat and it is hinted that the doctor would call for an audit of the company's books and affairs.

Need Lots of Practice.

Since the Ketchikan champion baseball team has won the pennant of the Far North by defeating Juneau, local fans are anxious that the Stewart nine should try conclusions with the champions. The Portland Canal Miner says that with practice the locals should soon round out and be in a position to put up an excellent sample of the game—sufficient at least to have the flag brought to Canadian territory. Manager Grey, it is understood, is now in communication regarding a match.

Building Road to Bitter

Foreman, J. N. McPhee has some 60 men working under him on the roads and trails and has completed the new trail on Glacier creek. He is now building the road up Bitter creek and has camps on both the mouth of this stream and at Bear Lake. Good headway is being made, notwithstanding adverse climatic conditions.

Progress of the Railway

Rapid progress is being made by Gillett & McDonald, the contractors for the wharf, approach and bridges for the railway. Last week saw the finish of the piling of the wharf, which is now being cut off preparatory to capping. The one and a quarter mile approach is also being rushed, a total of 1400 feet having been completed.

LEST WE FORGET

Under the above heading the Monetary Times of Toronto says: 'A month from to day Canada will have forgotten the Montreal and Niagara Falls fire disasters, which this week tore from their vitality two score of human beings. That is one of the worst features of the appalling incidents. The nation sympathizes, and in its race for dollars, forgets. The collapse of a water tank was apparently the immediate cause at Montreal, which in turn commenced fire and explosion. Strictly speaking, the death roll cannot be ascribed to fire, but the event comes directly within underwriting spheres and the need for better building regulations, restrictions and inspection.

Because a man has dollars does not argue that he hasn't any sense.

DAILY AND WEEKLY

THE OPTIMIST is the leading newspaper of Northern British Columbia. It has grown up with the city.

ADVERTISING RATES are one price to all—25c per inch each issue for display matter. This rate applies to all advertising without distinction of quantity or time of contract.

READING NOTICES and LEGAL ADVERTISING are 10c per line.

SUBSCRIPTION RATES—DAILY, 50c per month, or $5.00 per year, in advance. WEEKLY, $2.00 per year.

DAILY EDITION. TYPOGRAPHICAL UNION LABEL PRINCE RUPERT TUESDAY, JULY 19

THE MORAL RISK FROM FIRE.

The second fire in the business district within twenty-four hours brings the property holder in the city to realize the seriousness of his risk in the down town section of the city. Being a frame-built city, the natural risk is extremely great, and being a new and promising city where persons take long chances and many fail to make good, the moral risk is even greater. The insurance companies size up the situation and make an almost prohibitive rate of insurance, a rate which few businesses can afford to pay. Thus the careful financier, the man who is likely to be a permanent resident, has to practically carry his own insurance. He is verily in a hazardous position.

It is the duty of the authorities to see that the business man has every reasonable protection from both the natural and the moral risk. We cannot hope for lower rates without fire fighting apparatus and an efficient water supply. Nor even with these, if mysterious fires continue to spring forth. There seems to be some well founded suspicion that the fire of this morning was of incendiary origin and for the good of the city and the safety of life and property the fire should be thoroughly investigated. If there is a guilty party he should be punished as such a terrible crime deserves. If there is no guilty party the public should know it. This much is certain that under the circumstances no one can honestly resent an investigation, and careful inquiry will be as good a preventative of fire as it is possible to get.

The proprietor of the Talbot House has always been ready with his own apparatus in protecting his building from outside fires and no doubt he will be just as eady to assist in clearing up the mystery of the inside blaze.

SURVEYING FOR WATER WORKS

CONTINUED FROM PAGE 1

report on the water works system will cost, it is estimated, $2,756. 25 and it will take a survey party practically a month to perform their duties. It is a big work and the chief engineer wants it done right. It will take a little longer but it will save the city a lot of money in the end. The council has adopted all his suggestions as will be found in the Water committee report published below.

A report was read from the Streets committee recommending that the city give lumber to McLennan for pipe drain water across his lot at a cost of $72. Report was adopted. and the work will be carried out.

The water committee reported as follows:- "Pursuant to report under date of July 15th from chief Engineer Davis, we recommend that the report be adopted, and deem it advisable to proceed with the work at once. The estimated cost of which would be as follows:-

Building coffer dam(including weir which will be later used in our permanent construction)..	1250.00
Eight miles of preliminary survey and location	966.25
Board etc for field party	540.00
Total	$2756.25

We further recommend that the services of A. W. Agnew as Water Superintendant be dispensed with, and that the Chief Engineer Davis assume charge of the water works.

We further recommend that A. W. Agnew be engaged at a salary of $200 per month, entire service to be devoted to the city under the supervision of Chief Engineer Davis."

F. H. MOBLEY
Chairman.

TEN MILLION BOND

Grand Trunk Pacific Borrowing in London Market

(Special to the Optimist)

London, July 18.—The Grand Trunk Pacific Railway company is reported to be arranging to float a ten million dollar bond issue, the rate to be three per cent.

Nelson, July 19.—Heavy rains are falling in the Moyie district and it is believed they will save the situation.

SMALL BLAZE IN TALBOT HOTEL

CONTINUED FROM PAGE 1

There was also an open can of lamp oil, about three parts full. The chief run his hand into it to ascertain its depth. After this there were rumors of suspicious circumstances and Chief of Police McCarvell started a strict investigation, taking the proprietor up to the attic and questioning him. Mr. Williams was overheard to say he did not know how the oil can got into the attic. He had not seen it there before the fire.

Nothing was lost so far as can be ascertained in the excitement caused when the alarm of fire was given. The trunks of Mr. Miller were quickly in the porch, all strapped and ready for removal and the guests had plenty of time to get out their belongings. The wall papers, carpets and the beds were badly damaged by water, but the bedding of all the rooms not in use had been taken out yesterday and stored with Lindsay, the expressman.

At eleven o'clock this morning, when it was assumed that Mr. Williams the proprietor of the hotel, had recovered from his excitement. he was asked to make any statement for the Optimist he pleased as to the origin of the fire, and it would be printed just as he said it, Mr. Williams began his statement readily enough, but when a question was put for the purpose of making his meaning clear he got huffy and said he had told all he knew. This is the conversation as far as it went.

"I was the first to discover the place was on fire. It was between half-past five and six o'clock and I was sweeping in the front of the house when I saw smoke coming through the roof. I rushed upstairs and saw a blaze in the hall ceiling. I called everybody up and called for all the assistance everybody could give me."

"How many people had you in the house at the time?"

"Not as many as usual, eight or nine having left yesterday. There were about fifteen in the house—sixteen I think. They all got out safely."

"I do not know who fetched the ladder and went up in the attic. The firemen, I suppose. It was all full of smoke up there. I went up later and was shown the oil can and the paper on the floor. I do not know how they got there. We were up in that attic a few days ago repairing the chimney. I could not say if the oil was there then or not."

At this point Mr. Williams referred the reporter to Dr. Naden, who was present. He said Dr. Naden was the agent and would make what statement there was to make.

The Weather

Twenty-four hours ending 5 a. m., July 19.

Max. Temp. 62.0; min. 46.0.
Barometer 5 a.m., 30.238.

The Winnipeg parks board has decided that no public speaking shall be permitted in the open spaces of that city. This is a mistaken policy. If one bottles park oratory, the explosion later will hurt.

FOR EIGHT HOUR DAY

Italian Laborers Working for City of Vancouver Go On Strike

(Special to the Optimist)

Vancouver, July 19.—One hundred Italians employed on city work yesterday went on strike for an eight hour day instead of nine. Armed with knives they went to other gangs of laborers on city work and compelled them to join this unique strike.

Fighting Joe on His Way.

Vancouver, July 19.—(Special)—Joe Martin is travelling through the states on his way here. Several receptions are talked of to take place when he arrives here. He has stated that he will return to London inside of two weeks and take up his parliamentary duties again.

Choral Association

The first meeting for the purpose of establishing the Prince Rupert Choral Association will be held in the Court House on Thursday evening July 21 at 8 o'clock. All ladies and gentlemen wishing to be enrolled as members or associates are invited to be present.

PERSONAL

Mrs. and Miss Rochester, of Vancouver, arrived on the Princess Royal and are guests of J. Y. Rochester at the Premier Hotel for a few weeks.

Mr. Leonard, of Leonard & Reid, real estate brokers on Third avenue, returded to the city this morning on the Princess Royal after a business visit to the south. He was glad to get back to the country where one does not roast.

R. Eston Phyfe and Geo. B. Kingsbury of Hartford, Conn., are in the city for a few days. These gentlemen own the building on third avenue occupied by Geo. D. Tite and it was the first building on the street. They have not been here since last August and they were amazed at the progress that has been made during that time, and they are well satisfied with their investment in Prince Rupert.

INSERT YOUR LAND PURCHASE NOTICES IN THE OPTIMIST

FIRE ALARM SYSTEM

Temporary System will be Installed Immediately.

An emergency meeting of the Fire & Water Committee was held this morning with Fire Chief McInnes and Manager Love of the Telephone Company for the purpose of deciding on a temporary fire alarm system. The committee issued instructions to the Chief and Mr. Love to instal immediately, today if possible, either an electric alarm system or temporary telephones for fire purposes. These will be connected with the general system when that is completed. The Chief started to work on it at once and fuller particulars of the system to be adopted will be given tomorrow.

NEW PILES COMING

Material for New G. T. P. Wharf Being Loaded at Vancouver

Word has been received at the Grand Trunk construction offices to the effect that the new piles for the reconstruction of the wharf here have been received at Vancouver and that they will be forwarded to Prince Rupert this week. They are now being loaded into a scow. The old pile driver which has had a holiday for several months is being put in shape ready for the work on the new wharf. Supt. W. C. C. Mehan told the Optimist this morning the new piles would be driven and the new wharf started as soon as the scow got here. This will mean employment for a number of men for a few weeks.

The Wall Street Journal, New York, is strong on deductions. It argues that the increase in the sale of hosiery indicates lack of faith in the postal savings banks.

Notice of Assignment

Notice is hereby given that Harry S. Ives, of the City of Prince Rupert, in the Province of British Columbia, Wholesale Produce Merchant, has by Deed of Assignment dated the 5th day of July, 1910, assigned all his personal property, real estate, credits and effects which may be seized and sold under execution to me Biggerstaff Wilson of the City of Victoria, British Columbia, Wholesale Merchant, for the general benefit of his creditors.

A meeting of the creditors will be held at the office of the W. H. Malkin Co., Limited, No. 57, Water Street, in the City of Vancouver, in the Province of British Columbia, at the hour of three o'clock in the afternoon on the 22nd day of July, A.D., 1910, for the giving of directions with reference to the disposal of the estate.

And further take notice that all creditors are required on or before the 17th day of August, A.D. 1910, to file with me the said Assignee, full particulars of their claims duly verified and the nature of the securities (if any) held by them.

And notice is hereby given that after the Seventeenth day of August, 1910, I will proceed to distribute the assets among the creditors of whose debts or claims I shall have then received notice; and I will not be responsible for the assets or any part thereof so distributed to any creditor of whose debt or claim I shall not then have received notice.

Dated at Vancouver, British Columbia, this Sixth day of July, A.D. 1910.

TEACHER HAS BEEN SELECTED

MISS JESSIE MERCER OF NANAIMO, THE SUCCESSFUL ONE

Board Received Fifty Applications to Fill One Position—Applicants were From All Parts of Western Canada.

Miss Jessie Mercer of Nanaimo, B. C., was selected by the Public School Board to fill the vacancy on the teaching staff caused by Mrs. Harrison's resignation Miss Mercer comes well recommended. She has had several years experience in British Columbia and holds a second-class professional certificate. Her duties will begin on Aug 29th with the opening of the school and she will teach the second reader class.

As a result of the advertisement for a school tracher the Board received fifty applications, the majority of which were from the western provinces and many had Ontario certificates as well as British Columbia certificates. When the board started in to consider the applications it looked as though they had on all nights job, but they succeeded in picking on one they all thought would make a successful teacher.

Whether it was the salary of $90 per month, or that the school teachers want to come nortd to the world's greatest city, or that the number of teachers in Britich Columbia are to numerous, it is hard to say what was the cause of so many applications.

EXTENDED CONGRATULATIONS

To Miss Currie Who Passed High In Entrance Exams.

The members of the Board of Education extended congratulations to John Currie, whose little daughter headed the list in the entrance examinations here and was sixteenth in the province. Miss Currie wrote a very credable examination and deserves the congratulations of all. The unsuccessful pupils may get their marks from the secretary at the city hall Wednesday afternoon between 5 and 6 o'clock.

Thank You

Miss Froud and her brothers wish to express their hearty appreciation to the many people who so willingly assisted them yesterday morning in removing their furniture from the house when fire threatened to destroy their property

Police Court

The case agaidst John Miller, of Comox avenue fame, who was charged with permitting liquor to be sold on his premises without a license was dismissed. The premises were leased to Miller by the owner and he brought in evidence showing that he sub-leased the place to another party and therefore was not responsible.

The liquor case against Delmonte Garelli was reserved.

The liquor case aganist Ayer will come up in the morning and the one against Danford was withdrawn.

Power Boat

SIXTH AVENUE TO BE GRADED

RESIDENTS ARE WILLING TO BEAR THE COST OF WORK

Grading Will Cost $20,000 and Will Be Paid in Twenty Years—Sewer Committee Wants the City to Take Over Their Work.

The council was asked by the citizens sewer committee last night to take over the construction of the sewers which have been started, and which are being paid for out of the $25,000 granted by the Provincial government. The streets committee will consider the matter.

All the members of the council were present with the mayor in the chair.

Council will contribute $250 to the entertainment of Sir Wilfrid Laurier for brass band and decorations etc and the balance will be raised by public subscriptions. This was the suggestion of the mayor.

Ald. Hilditch asked what was being done about the city hall plans. The architects were anxious. The mayor said he expected a reply from Victoria every day. Until then nothing could be done.

Government Sewer

A letter was received from A. A. McIntyre, chairman of the sewer committee appointed at a citizens meeting last April, stating that the sewers being built out of the $25,000 contributed by the Provincial Government for that purpose, were making very favorable progress. The committee thought that it would be well to have the city council now take it over, and finish it under the direct supervision of the city's engineer, but that the work proceed as at present.

Ald. Barrow said that the city clerk write the committee asking for a statement of costs, etc., from the committee.

Ald. Pattullo moved that the matter be referred to the streets committee to report on. Ald. Naden seconded the motion and it carried.

Accounts Paid

The Finance Committee recommended the payment of accounts amounting to $491.15. The report was adopted and ordered paid.

City Engineer Davis was appointed permanent engineer of the water works department on motion of Ald. Mobley and Ald. McIntyre.

The Frontage Tax

The 16 foot plank roadway on Sixth avenue and around Hays Cove will be proceeded with on the frontage basis The cost of the grading and the plank road will be $36,000. This will be spread over a period of twenty years.

Furnished Rooms May Be Rented Profitably.

Just to have "furnished rooms to rent" is no great feat—or novelty. The number of people whose homes are in furnished rooms—"homes within homes"—is very large.

And among the people who live in "one room homes" are an increasing number who like to have things a little better THAN USUAL. They like to have a pleasant room, and they like to have it fitted up DISTINCTIVELY, with taste.

They will cheerfully, eagerly, pay for SOMETHING BETTER in the way of a furnished room. Fix yours up to please the particular tenants, and ADVERTISE ACCORDINGLY, and you'll get back your investment with profit in a very brief time.

Your committee further recommend that the Entertainment Committee shall have the power to appoint a subcommittee out of thair own number or outside for a Decoration Committee.

Respectfully submitted,

ALD. NADEN
Chairman.

ANOTHER BIG FINE

Clyde B. Ayers and Delmonte Zerelli Fined $700.

In the Police Court this morning Magistrate Carss imposed a fine on Delmonte Zerelli and Clyde B. Ayers of $700 for illegally selling liquor on Comox avenue. Ayers jumped the country in the early stages of the game and left Zerelli to stand the blunt. The law provides that the fine can be apportioned on the defendants and the Magistrate acted accordingly. Zerelli will thus pay one half of the amount or $350. The blind pig property on Comox avenue and in all parts of the city has depreciated in value the past couple of weeks and Chief McCarvall and his men will keep at the operators until they are all out of business.

SURVEY PARTY OUT

Water Works Engineer Has Started For the Lake

Engineer A. W. Agnew leaves today with a party of twelve men with six more following tomorrow, to begin the survey work in connection with the city's water supply. Chief Engineer Davis did not take much time in preparing for the departure of this party after he got the sanction of the council. It is a case of get busy with him and he is letting no grass grow under his feet.

Engineer Agnew, as head of the party has instructions to push the work ahead without any delay and he will carry out his instructions. The water from Woodworth Lake is the best in the province and it is in such quantities that Prince Rubert will not feel at all nervous about the water supply for many years to come.

They are talking at Hamilton of a baker's merger. How are these rumors bred?
