PRICE, FIVE CENTS

## GAS AS FUEL WILL BE SUPPLIED TO THE CITY BY THE END OF NOVEMBER

### THE PLANT HAS BEEN ORDERED

#### VILL COST SIXTY THOUSAND DOLLARS TO INSTAL.

Tsimsean Light and Power Co., Ready to Start Work.—Plans Prepared For Spending Millions on Power Development, Street Railways and Other Enterprises.

The Tsimsean Light & Power Co., have sent R. Brutinel, of Edmonton, to Prince Rupert to commence operations. His company and its plans are known to nearly everyone. Their program includes electric power, street railway, gas plant etc. They are prepared to invest several million dollars in this city within the next few years. Their idea is to help build up Prince Rupert, not from a philanthropic standpoint, but because it will give them a permanent investment and is good business for them. At the same time the money expended will assist to make Rupert grow and prosper. Such was the tenure of the argument advanced by Mr. Brutinel to the Optimist yesterday afternoon, and to the Board of Trade last winter.

#### THE GAS PLANT

The first move the Tsimsean Light and Power Company will make will be to secure a site for their gas plant. That will be accomplished in a few days. They endeavored to get a site from the T. P. but were unsuccessful and will

have to look elsewhere. The gas plant will be installed at once. It will represent an investment of \$160,000 to begin with. The machinery has been ordered from the manufacturers in England. John Coats has the contract and he will ship the plant out direct. The mains will not be the old wrought iron pipes but will be a new steel pipe which are about 36 feet long and are superior in many respects. The company will present its plans for the location of the gas mains to the council for approval in the near future. As soon as those plans are accepted the work of laying the pipe will begin. At first the mains will be laid on top of the ground but as the street improvements progress the mains will be laid permanently. The company will supply gas to the consumers of Prince Rupert the latter part of November or early in December.

#### Electric Power

The Tsimsean Light and Power Company will contract to supply electric energy to the city in block at the boundaries of the town site and at a price which will enable the city to distribute it to the consumers for electric light and power and for street lighting at a profit. At least it will leave the control of the rates the pole lines and the service in the hands of the city. The city will thus have what is wanted without the initial cost of development and transmission.

(CONTINUED ON PAGE 5.)

#### PART HOLIDAY TOMORROW

It has been decided by the merchants and business men to close their places of business between one and four o'clock tomorrow afternoon.

The Optimist will be issued at noon tomorrow. The special number will also be on sale at ten cents each. Every regular subscriber will get one gratis.

#### MAY BE NO VOTE

##### PETITIONERS ASK TO HAVE NAME TAKEN OFF LOCAL OPTION LIST

At three o'clock to-day another petition respecting local option was filed at the Government office. It had the signatures of 39 ratepayers who had previously signed the local option petition.

The 39 petitioners ask that their names be taken off the previous one, claiming that they signed the other petition under a misunderstanding of what it meant.

If the names are withdrawn from the first petition then it will not be sufficiently signed to secure a plebiscite.

The object of the second petition was to prevent the vote. It was circulated under the auspices of the Progressive Association.

If some of the people who talk like a book would only shut up like one.

## FAKE CONFESSION OF CRIPPEN

#### EDITOR OF LONDON CHRONICLE SUED FOR CONTEMPT.

Published an Alleged Confession When None Existed.—Both Editor and Publisher Placed in the Dock Charged With Contempt of Court.

(Special to the Optimist)

London, August 19.—The Daily Chronicle has been sued for contempt of court in having published an alleged confession of Dr. Crippen that he had murdered his wife when no such confession existed. The charge is a criminal one and both the editor and the publisher were placed in the dock this morning. The hearing was merely preliminary to set the date for the trial, both defendants pleading not guilty.

The case will undoubtedly cause a great sensation, as the alleged confession was published before Crippen pleaded guilty to the charge when he was arraigned at Quebec, and furthermore he has made no confession in the ordinary sense. The confession published by the Chronicle, however, went into details of the crime, and even the motives which led to its commission.

The defence, it is said, will be that the newspaper was itself deceived and defrauded, having received the news of the confession from one whom they had hitherto regarded as worthy of being relied upon.

It is learned here that the necessary proceedings for the transfer of Dr. Crippen and Miss Leneve to British custody will not be completed much before the end of the month. Special officers from Scotland Yard and two matrons have been sent to Quebec to take charge of them during the voyage from Quebec to London.

#### BREAKS ALL RECORDS

##### NEW CANADIAN NORTHERN LINER MAKES A REMARKABLE VOYAGE

Montreal, August 15.—All Canadian transatlantic records were broken today when the Canadian Northern steamship Royal Edward arrived at Quebec at 11.05 a.m. She left Bristol at 8 p.m. Thursday last, British time, the voyage thus occupying five days and twenty hours approximately.

From land to land the trip occupied three days fourteen and a half hours. But for fog, the steamer could have made much better time. She is due at Montreal at 10.30 to-night.

#### COUNTERMANDED IN YUKON

Ottawa, August 19.—(Special)—It having come to the knowledge of the department that moving pictures of the Johnson-Jeffries fight were being shown in Dawson the mounted police have been wired orders to prevent their exhibition in Yukon territory.

## AURIER TELLS OF HIS FIGHT

#### WHEN A YOUNGSTER IN BATTLEFORD SUNDAY SCHOOL

Was the Only French Boy There, And Two Other Boys Pulled His Hair While They Were Marching—A Good Fight Resulted.

Lasburn, Sask., Aug. 8.—The Premier and his party devoted themselves yesterday not to politics nor to resting after the shock of Friday night's wreck, but to talking to three hundred Sunday school children in the town of Battleford, which is the original seat of the Government of the North-West Territories. Many of the little red skin children present were descendants of Indians who took part in the rebellion of 1885.

The meeting was in charge of a Presbyterian, Rev. Mr. Little.

Hon. George Graham assured the staring little people that there were really honest politicians, and that Laurier was one of them. Then the Premier came and gently exhorted the youngsters always to tell the truth and to fight fair.

In illustration of his exhortation he first told of an escapade of Lord Charles Beresford when a middy, and then as showing how lasting friendship may spring from fights, he recited how he when a boy was sent to an English school in Quebec, where he had to fight.

"I was the only French boy there," he said, "and I blamed my father for sending me there, though I bless him now, for the quarrels were inevitable. One day a boy pulled my hair on one side and another pulled it on the other as we were marching out. I had to fight, so I started with one of them,

## ALL READY FOR SIR WILFRID

### Prince George Due to Arrive at Two O'Clock---Reception Committee Will Head Flotilla on Steamer Kestrel.

to Canada's Newest City."

Mayor Stork, as chairman of the reception committee, states that at 12.30 tomorrow the flotilla will leave to meet the Prince George at the entrance to the harbor. The government steamer Kestrel will be used by the reception committee and their ladies, and the Prince Albert will also carry a large party. All the other craft in the harbor will form in line, the Kestrel leading with a band of music.

The Prince George is expected to arrive here at two o'clock but as soon as it arrives in Milbank Sound a wireless will be sent to Mr. McMaster advising him of the time the vessel will arrive here.

There will be an informal reception at the wharf when the Prince George arrives after which the party will be taken up to the government building where the presentation of addresses will take place. There are four addresses, the one from the city, the one from the

French-Canadians, one from the Daughters of the Empire and one from the Indians. To these addresses Sir Wilfrid is expected to make a formal reply from a temporary balcony now being erected for the purpose.

W. C. C. Mehan, superintendent of the railway, will wait upon the premier and tender the use of his private car for a trip along the new railway. There will be scarcely time for Sir Wilfrid to take advantage of this tomorrow afternoon, and the only time available would be Monday morning.

The banquet takes place at the Prince Rupert Inn, for which very elaborate menus are being prepared which will be cherished as mementoes of the occasion.

Sunday morning the Earl Grey Rifles will parade and attend service at the Church of England.

Monday evening there will be a public reception at the Empress theatre, under the auspices of the Prince Rupert Liberal association, with Mayor Stork, president of the association, in the chair.

and I tell you, boys, it was a very good fight. I know I was very sore after it. But to-day that boy lives in Winnipeg, and every time I pass through we see one another. The children were delighted.

#### DENIES THE RUMORS

New York, Aug. 15.—"You can say for me that there is absolutely no foundation to the frequent reports of a forthcoming marriage of my daughter

to the Duke de Abruzzi," declared Senator Stephen B. Elkins to-day. "I consider these reports amusing. They are nothing more than foolish rumors. I am glad to deny them emphatically."

## RICH GALENA IS LOCATED

#### WONDERFUL VEIN ON ROCHER DE BOULE MOUNTAIN

Ledge of Ore From Three to Eight Feet in Width.—Seven to Eight Miles South of Hazelton But Near Railway.

Quite a wave of excitement was created says the Omineca Herald when W. S. Sargent returned to town from the hills with news of finding a vein of galena ore on Rocher de Boule mountains seven or eight miles south of town and three or four miles from railway line. He said the ledge is from three to eight feet wide and appears for a thousand feet in length and that pieces of ore similar to the samples brought to town can be broken off at any point. He and his partners have located a group of seven claims in a formation of quartzite and granite, cut by porphyry dikes. As soon as Sargent told of his find several prospectors left for the scene and that part of the range will be thoroughly looked over in the next few weeks.

Frank Brown, returning Friday evening from the scene of the new strike, says it is one of the biggest things in the way of a raw prospect that he has ever seen. The vein filling has been worn away and the walls left standing, granite on one side and quartzite on the other. He traversed the ledge for a thousand feet and for the entire distance, where the ore was not covered by debris, good galena could be broken off at any point. Brown considers the indications favorable for more discoveries and looks to see a camp of importance opened up in that vicinity, providing always that the silver values are as good as the general average.

### WHO'S WHO IN CANADA

Through the courtesy of Fred Cook, Ottawa correspondent of the London Times, the Optimist is in receipt of a copy of "The Canadian Who's Who," published by the great journal. The Times was exceedingly fortunate in securing the services of Mr. Cook as editor of the work. Although his name is not found in its pages he is known throughout the Dominion and probably is acquainted or knows of every Canadian of prominence for a generation or two. He was twice Mayor Cook of Ottawa and for many years up to the present has occupied a seat in the press gallery at the house of commons.

But even with such editorial excellence at its head the collection of such cyclopoedic information in a new country with no such previous records for reference, must have been a work of extreme difficulty in the first place, and in the second the exercise of nice judgment in discriminating who was entitled to be a who is such a publication.

Many of such directories of celebrities have been attempted, and many if not all on this continent have been worse than worseless in that they are misleading. The publishers started at the wrong end. Instead of attempting the publication of a work of substantial value as a book of reference for all, they tried to make it a book of profit for the publishers only. The representatives of one of such enterprises is in Prince Rupert today. He called upon a business man, writes out the biography and at the close of the interview mentions what it will cost for the biography to appear in the book.

The London Times, on the contrary, went to a very large expense in securing the data for "The Canadian Who's Who," and published it without asking or receiving any monetary consideration from those whose names find a place in it. The editor does say in his foreword that perchance the name of some prominent Canadian has been omitted, but this might happen because those gentlemen failed to answer the circulars sent to them. This independent impartiality makes the work of value. It sets a hallmark, so to speak, upon the twenty-five hundred or so of people whose graphies are given in the book, and no Canadian reference library is complete without it.

### Flies Across Irish Sea

London, August 17.—Robert Lorraine, the actor, qualified as a star aviator today by making a splendid flight across the Irish Sea, a distance of more than fifty miles, from Blackpool, England, to Landudno, on the coast of North Wales. He accomplished the feat without a hitch.

### COMING ON OPERATOR

#### Party of Engineers Making Trip From Edmonton

Vernor W. Smith received a telegram from Mr. Stewart, of Foley, Welch & Stewart, that the engineer party would reach Hazelton last night and asking that a boat be there to meet them. The Operator was due there yesterday and left at seven o'clock last night with the party for Kitselas.

The party was met at Hazelton by G. C. Van Arsdol and Collingwood Schrieber, chief engineer of the Dominion government.

Whether they will leave the boat at Kitselas and take to the line is not known here. In either case they will be here on or before Saturday.

### HAZELTON DOING WELL

#### People Are Looking for Busy Winter When Prospectors Return

J. E. Roerig returned from Hazelton yesterday and is very optimistic over the progress being made up the river. He states that business has been good up there and that all the people are well satisfied. They are looking for a brisk time this coming winter when the several hundred prospectors and land stakers now on the hills will return to town for a few months. The merchants have been buying heavily in anticipation of the rush. Their orders have been much larger than ever before. Speaking of the country Mr. Roerig said that it is looking fine. The garden stuff is now at its best and the people are cultivating everything. He looks for a big town in that vicinity with a large population on the farm lands.

### Died For Five Dollars

Bisbee, Ariz., Aug. 17.—Victor Anderson, a miner, aged 30, won \$5 last night by drinking a quart of whisky in eight minutes. His relatives will get the \$5, as Anderson died in a half hour.

An oration is a speech gone to seed. The harvest of thought is success.

### Get Preserving Jars

### WE SELL FOR LESS

### TWO MORE ARCHES

#### Efforts Being Made to Surpass the One Being Erected by the City.

Two more arches are going up, one on Second avenue and Eighth street and one opposite the City Hall. Both are independent enterprises born of the civic pride the visit of Sir Wilfrid has awakened. The City Hall is being erected by the Skeena River Indian fishermen, and is a substantial structure with stately lines. This is to be painted and not hidden in evergreens. The other is the work of the French-Canadians and is to be somewhat elaborate in decoration mottoes, portraits and so forth. With three arches where only one was planned one may expect the citizens to be stimulated to fresh energy in the decoration of their buildings.

### QUEEN MARY CHAPTER

#### Daughters of the Empire for Prince Rupert Organized Yesterday

Yesterday afternoon Queen Mary chapter Daughters of the Empire was organized. The ladies met in the Anglican Hall and elected officers.

Regent—Mrs. (Dr.) Eggert  
Sec.—Mrs. J. H. McLeod  
Treas.—Mrs. Wm. Manson  
Standard Bearer—Mrs. (Dr.) McIntyre

The chapter is sending for a constitution for affiliation with the main organization.

It is intended to make a presentation of a book of pioneer views of Prince Rupert to the Premier when he visits the city.

Several charitable objects will be taken up as soon as organization is completed.

### FLIGHT FROM PARIS

#### Two Famous Aviators Competing For Daily Mail Prize

(Special to the Optimist)

London, August 18.—John Moissant tried twice to reach London in the last part of his flight from Paris today, but an accident to his engines prevented. He got as far on the way as Upchurch.

Paris, August 18.—Latham left Paris today in an attempt to fly to London for the London Daily Mail prize of five thousand pounds. He ascended at Issy this morning at six o'clock, taking a straight course east. After seventy miles he was forced to alight, the trouble with his motor still continuing.

When you are borrowing another man's time, did it ever strike you that it's something you can never repay.

## ALL READY FOR SIR WILFRID

### Prince George Due to Arrive at Two O'Clock---Reception Committee Will Head Flotilla on Steamer Kestrel.

The city is rapidly assuming gala attire and tomorrow all the citizens will have reason to feel proud of its appearance. The effects Mr. Babcock has produced with the trees is wonderful.

It not only lends to the city a neat and clean newness of appearance but it hides many unsightly spots. Not so very many, however, as the cleaning up seems to have been pretty general. The decoration of the stores is only just beginning and one can only form a general opinion of this part of the decoration tomorrow, when it is completed.

The arches are coming out in great shape and the first mentioned must in justice be that at the city hall, erected by the Indians without any city subsidy or white man's help either in design, labor or cash. The French arch at the junction of Second Avenue and Eighth Street is going to be very pretty, and the one on Sixth is approaching completion. Circling this is the legend: "We Welcome Canada's Greatest Son

to Canada's Newest City."

Mayor Stork, as chairman of the reception committee, states that at 12:30 tomorrow the flotilla will leave to meet the Prince George at the entrance to the harbor. The government steamer Kestrel will be used by the reception committee and their ladies, and the Prince Albert will also carry a large party. All the other craft in the harbor will form into line, the Kestrel leading with a band of music.

The Prince George is expected to arrive here at two o'clock but as soon as it arrives in Milbank Sound a wireless will be sent to Mr. McMaster advising him of the time the vessel will arrive here.

There will be an informal reception at the wharf when the Prince George arrives after which the party will be taken up to the government building where the presentation of addresses will take place. There are four addresses, the one from the city, the one from the

French-Canadians, one from the Daughters of the Empire and one from the Indians. To these addresses Sir Wilfrid is expected to make a formal reply from a temporary balcony now being erected for the purpose.

W. C. C. Mehan, superintendent of the railway, will wait upon the premier and tender the use of his private car for a trip along the new railway. There will be scarcely time for Sir Wilfrid to take advantage of this tomorrow afternoon, and the only time available would be Monday morning.

The banquet takes place at the Prince Rupert Inn, for which very elaborate menus are being prepared which will be cherished as mementoes of the occasion.

Sunday morning the Earl Grey Rifles will parade and attend service at the Church of England.

Monday evening there will be a public reception at the Empress theatre, under the auspices of the Prince Rupert Liberal association, with Mayor Stork, president of the association, in the chair.

and I tell you, boys, it was a very good fight. I know I was very sore after it. But to-day, that boy lives in Winnipeg, and every time I pass through we see one another. The children were delighted.

#### DENIES THE RUMORS

New York, Aug. 15.—"You can say for me that there is absolutely no foundation to the frequent reports of a forthcoming marriage of my daughter

to the Duke de Abruzzi," declared Senator Stephen B. Elkins to-day. "I consider these reports amusing. They are nothing more than foolish rumors. I am glad to deny them emphatically."

## RICH GALENA IS LOCATED

#### WONDERFUL VEIN ON ROCHER DE BOULE MOUNTAIN

Ledge of Ore From Three to Eight Feet in Width.—Seven to Eight Miles South of Hazelton But Near Railway.

Quite a wave of excitement was created says the Omineca Herald when W. S. Sargent returned to town from the hills with news of finding a vein of galena ore on Rocher de Boule mountains seven or eight miles south of town and three or four miles from railway line. He said the ledge is from three to eight feet wide and appears for a thousand feet in length and that pieces of ore similar to the samples brought to town can be broken off at any point. He and his partners have located a group of seven claims in formation of quartzite and granite, cut by porphyry dikes. As soon as Sargent told of his find several prospectors left for the scene and that part of the range will be thoroughly looked over in the next few weeks.

Frank Brown, returning Friday evening from the scene of the new strike, says it is one of the biggest things in the way of a raw prospect that he has ever seen. The vein filling has been worn away and the walls left standing, granite on one side and quartzite on the other. He traversed the ledge for a thousand feet and for the entire distance, where the ore was not covered by debris, good galena could be broken off at any point. Brown considers the indications favorable for more discoveries and looks to see a camp of importance opened up in that vicinity, providing always that the silver values are as good as the general average.

## QUEEN CHARLOTTE ISLAND NEWS

## GOLD COMMISSIONER MOVED FROM JEDWAY

Skeena Land District—District of Coast Range 5. Take notice that W. H. Clarke of Vancouver, occupation merchant, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the south-west corner of lot 19 range 5 Coast District, thence east 60 chains, thence south 80 chains, thence west 20 chains more or less to the shore, thence northerly and westerly along the shore to point of commencement, containing 320 acres more or less.

Date Aug. 11, 1910. William Henry Clarke  
Pub. Aug. 15. A. B. Root Agent.

The capital of Queen Charlotte Islands has been moved from Jedway to Queen Charlotte City and Gold Commissioner E. M. Sandilands, who went south on the Prince George, will make his headquarters in the new capital when he returns. The Steamer Prince Albert after leaving Prince Rupert will call at Queen Charlotte City and then go down the coast and on her return will call again at the City, thus making a double service.

## Survey Railway

A survey gang is at work on the proposed railway from Queen Charlotte City to the coal fields, a distance of about twelve miles.

The charter for this road was granted some time ago and the object is to bring down all the coal to the water front by rail. At the same time the government is having the river cleaned out so that boats can get up the Yakoun River to the coal fields. There will be an interesting race to acquire the coal cargoes.

## Mine to Reopen

The Ikeda copper mine will, it is understood be opened up again in a short time. The new syndicate controlling the mine has had diamond drills at work and samples of ore sent south to the assayers. The results of the assays have been satisfactory and work will be proceeded with at once. It is stated that there are \$250,000 worth of ore in sight at the present time, and further developments will bring forth more ore and still larger blocks of its.

## REPORT VERY TAME

CITY HALL CROWDED IN EXPECTATION OF BIG SHOW

(Special to the Optimist)

New Westminster, 18.—Contrary to expectation the presentation of the last installment of the expert auditors' report was very tame. No serious charges were made and the immense crowd that had gathered in the city hall and about the building was disappointed. The aldermen listened to the report in dead silence and had little to say afterward. It is believed, however, that a number of graft charges will be prosecuted.

## LADY DOUGLAS A "VAG"

THIRTY DAYS IN JAIL SENTENCE GIVEN HER AT SPOKANE

Spokane August 14.—With her hands calloused and scorched from working over a cook stove in a lumber camp, Lady Sholto Douglas was sentenced for vagrancy in the Police Court here yesterday. She was arrested in a police raid on a cheap lodging house, her companion, William Martin, being charged with disorderly conduct. Lady Douglas fought with the officers and scratched the face of Police Captain Haynes. She was sent to jail for thirty days. "I want to go back to my husband," she said in jail. "I am not a bad woman and I can return to my life I formerly lived."

SKEENA LAND DISTRICT—District of Skeena. Take notice that Elizabeth Woon of Toronto, Ont., occupation spinster, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the north-east corner of lot 529, thence west forty chains, thence north twenty chains, thence east forty chains, more or less to shore line of passage between Smith and DeHorsey Islands, thence south along said shore line twenty chains more or less to point of commencement, containing eighty acres more or less.

Date May 30, 1910. Elizabeth Woon  
Pub. June 29. Beverly W. Browne, agent.

SKEENA LAND DISTRICT—District of Skeena. Take notice that Dorothy Kershaw of Winnipeg, Man., occupation spinster, intends to apply for permission to purchase the following described lands:

Commencing at a post planted twenty chains north of the south-west corner of the west boundary of lot 529, thence west twenty chains, thence south twenty chains, thence east twenty chains, thence north twenty chains more or less to point of commencement, containing forty acres more or less.

Date May 30, 1910. Dorothy Kershaw  
Pub. June 29. Beverly W. Browne, agent.

DAILY EDITION:

FRIDAY, AUG. 19

## THE POSTAL SERVICE

To-morrow the city will have certain visitors with whom it is desirable to have some business chats. It is a long way from here to Ottawa and the Dominion representatives sometime overlook our far away appeals. One of the most important items for discussion is the mail service. We have been long suffering in this respect and now is the time when there should be a thorough understanding of conditions. In Prince Rupert last night there were received 90 sacks of mail the stored-up product of several days' collection in Vancouver. Although the steamer Prince Rupert sailed on Monday she was refused mail, even after offering to bring it gratis.

The inspector said he had no instructions. What is an inspector for if not to take advantage of every opportunity to forward mail to the outlying districts? If an inspector has to tie up to Ottawa's apron strings it is time someone cut him loose. If the local post-master bound himself in the same red-tape the service to the smaller towns in this district would be entirely cut off. Fortunately he has some initiative even if the Postal Department has not.

The Skeena River and Hazelton service is probably the worst managed in this district now. The department promised a service on the Inlander but they come through with it so slowly that navigation will be closed before it is established.

The post-office, the armory, the floating dry dock, the quarantine station, the Fish Co subsidy, and some other things will doubtless be talked about considerably by the visitors but at the present time they can do more with less effort in improving the mail service, than by all the gilded promises of the future.

## LADY LAURIER AT BANFF

Will Meet Premier There And Will Return East With Party

Toronto, August, 10.—Lady Laurier and family party, accompanied by Hon. L. P. Brodeur, minister of marine and fisheries, and Mrs. Brodeur, passed through the city at noon to-day, arriving on No. 1 at 12 o'clock, and continuing the journey to Banff at 1:30. Lady Laurier and Mr. and Mrs. Brodeur will spend a month at Banff and will return east with Sir Wilfrid and his party on their return from the Pacific Coast. They will meet Sir Wilfrid at Banff on Friday morning as he proceeds west from Calgary.

## TO FIGHT FOR RATES

Alberta and British Columbia to Unite in the Struggle

(Special to the Optimist)

Vancouver, August 19.—At a banquet of the United Alberta Farmers held here last night, it was decided that Alberta and British Columbia should unite in putting up a big fight against the alleged discriminatory rates between the prairie province and Vancouver.

We all pretend we are big strong men, and when our women folks take a vacation we realize in our hearts that we are only overgrown boys who love to be mothered.

## Progress and Opportunities

EDITION OF THE

## Prince Rupert Optimist

The large special illustrated edition will shortly be issued from this office. It is now being run off and we have pleasure in assuring you that it will be something worth while. The whole edition will be descriptive of the city; its possibilities, its progress its people and its future. There are numerous excellent special articles by well known local persons, qualified to handle the various topics. Many views of the city and district will make up the illustrations

## Publicity Club Smoker

Mr. Hart, furniture man, today joined the band of public-spirited citizens who are combining to make the publicity club smoker next Thursday evening a financial success by donating the use of five hundred beer glasses. The committee gets the Empress theatre, the lighting, a full orchestra and the beer all donated, and it announces that it will have a programme worthy of such generosity.

One of the events in which great interest is taken is the contest between the philanthropist and the sourdough. Both men are to go into training directly after the banquet tomorrow night, Jack Beatty taking the sourdough in hand and Tom Dunn the philanthropist. These gentlemen are to act as seconds in the ring.

## POLICE COURT

Two Fines for Selling Liquor Without a License

Police magistrate Cars had a busy day today. Seven cases were on the docket to be disposed of. The first one was his judgment in the liquor case against E. Morrison. He imposed a fine of \$5 and costs together with the bottle license which is \$150.

Duncan McRae, of the Dominion Hotel, was fined \$50 and costs and the amount of the retail license which is \$500.

The case against Stork for frequenting a house on Comox avenue was resumed. The crown called several witnesses, including the keeper of the house who denied that the accused had been in her house for at least two weeks. The magistrate reserved his judgment until Friday morning.

A bar tender at the Fulton hotel was charged with selling liquor without a license. The case was adjourned until this afternoon.

## SAMPLES OF ORE

Have Arrived From Stewart for the Exhibition

S. Harrison & Co have received a shipment of ore from Stewart to be exhibited at the first fair held here in September. There are four sacks and two boxes in the consignment and contain some of the new and rich stuff from Main Reef mine which run up to \$78 per ton. There are also samples from Stewart mine, Portland Canal mine and the Northern Consolidated group. Another shipment will be sent in a few days.

## ATTENDED CONFERENCE

Sir Wilfrid Given a Great Reception By Methodists at Victoria

(Special to the Optimist)

Victoria, August 19.—Sir Wilfrid Laurier visited the Methodist conference during yesterday afternoon and was given a great reception. In his speech at the Horse Shoe Building the premier defended the naval policy of his government and repeated his Asiatic speech given at Vancouver.

## Population of Canada

Ottawa, August 19.—(Special)—The population of Canada by the official census figures at the end of March, was 7,089,000, an increase of three hundred thousand.

Date May 30, 1910. Myra D. Greene  
Pub. June 29. Beverly W. Browne, agent.

Skeena Land District—District of Coast  
Take notice that Jessie Woon of Toronto, Ont., occupation spinster, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted at the north-east corner of lot 1885, thence south twenty chains, thence east eighty chains, thence north ten chains more or less to Smith Island Lagoon, thence west along the shore line of said lagoon eighty chains more or less to point of commencement, containing one hundred and sixty acres more or less.  
Date May 30, 1910. Jessie Woon  
Pub. June 29. Beverly W. Browne, agent.

Cassiar Land District—District of Skeena  
Take notice that I, Patrick Morgan of Vancouver, B. C., occupation teamster, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted two miles east of a post planted on the right bank of the Kitwaneel river about six miles from its junction with the Nass river, thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to the point of commencement, containing 640 acres.  
Date May 28, 1910. Patrick Morgan  
Pub. June 18. Robert McDonald, Agent.

Cassiar Land District—District of Skeena  
Take notice that I, Frances M. Frampton of Victoria, B. C., occupation spinster, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted on the right bank of the Kitwaneel river, about twenty-six miles up stream from its junction with the Nass river, thence east 80 chains, thence north 80 chains, thence west 80 chains, thence south 80 chains to the point of commencement, containing 640 acres.  
Date May 25, 1910. Frances M. Frampton  
Pub. June 18. Robert McDonald, Agent.

## PLANT HAS BEEN ORDERED

CONTINUED FROM PAGE 1

The city will only be called upon to provide for the distribution.

## Water Development

The Tsimsean Light and Power Co. have, says Mr. Brutinel, the only water power available within a radius of seventy miles of the city that is capable of development at a commercial value. This water power will give 20,000 electrical horse power, and that will last only a few years. They intend to expend \$1,000,000 on a dam and to develop this power within the next couple of years. They will reserve all this for the use of Prince Rupert, either its municipal or commercial enterprises. It is proposed that the city should take at the beginning 3000 horse power at a price to be agreed upon delivered on the boundary. They will give the city a sliding scale so that the more power used the lower will be the price. The price established at first will be the maximum and the minimum depends upon the requirements.

## Electric Railway

The Tsimsean Light and Power company have planned to install and operate the street railway. They are prepared to advance with the city, and start the cars running as soon as there is a population large enough to require it. The company is prepared to lay its rails at the same time as the city builds the permanent streets, a scheme which will save tearing up the streets after they are built. If the street improvements do not advance as rapidly as the population increases the company will lay its rails and operate its cars ahead of the streets and lay the rails permanently as the streets advance. It is proposed that the company submit a plan to the council to pay the city a special tax of \$15 or \$20 per car operated, and 3 per cent per annum of the gross earnings up to \$100,000. From that amount to \$300,000 they will pay 4 per cent to the city and over \$300,000 they will pay 5 per cent. This will be in lieu of the usual taxes charged street railway companies and which cause endless trouble and bad feelings. It will settle the question for all time to come. A better feeling will develop between the company and the city as the people will realize that as the street railway system develops the income of the city will increase. This over is considered particularly generous by the company, and especially as the city will not have to bear any of the burden of installation or operation as in the case of municipal ownership.

## Will Change the Name

The Tsimsean Light and Power Co. has decided to adopt a new name which will be announced later. It will, however, contain the name of the city so that the city will derive the benefit of the advertising resulting from the operations of the company.

## NEW BOAT FOR STICKINE

## May Soon See Another Stampede Up That Turbulent River

There has just been launched at Seattle a tunnelboat for William J. McNeill, of Wrangell, for service on the Stickine river, northern British Columbia. The boat has been named the "Telegraph," and it will ply between Wrangell, in Alaska, and Telegraph, B. C., on the Stickine river.

The craft is one of the few tunnel-boats ever to be built on this coast and has been specially designed to navigate in shallow streams. By an ingenious boxlike contrivance enough water is provided to allow for propulsion where the ordinary propeller would be unable to work.

It will be operated on the Stickine river, between Wrangell and Telegraph, and will carry passengers, mails and general freight. Her design will especially fit her for navigating the shallow reaches of the Stickine river.

## TRIPLE MURDER TO HONOR GOD

## STARTLING OCCURRENCE ON A SANTA ROSA RANCH

Tragedy That Calls Public Attention to The Shinto Club and Caused a Great Sensation Among Oakland Social Leaders.

San Francisco, Aug., 16.—That the killing of Enock Kendall, his wife, and their son at their lonely ranch just north of Santa Rosa, was a gruesome human sacrifice to the Japanese god Shinto offered by Manjiro Yamaguchi, a Japanese boy who lived on the ranch, was the startling declaration made today by Mrs. Gertrude Boyle Kano, American wife of a Japanese poet, and ward of Joaquin Miller. The declaration has caused a sensation in Oakland society, as an extensive branch of the cult of Shintoism has been organized by society leaders there.

Mrs. Margaret Starback, owner of the ranch on which the Kendalls were living when they were killed, is the leader of the Shinto cult in Oakland, and Yamaguchi, who was a member of the cult, reported to her several days before the triple murder was discovered that he had a fight with the elder Kendall. Yamaguchi disappeared, and later the charred bones of the Kendall family were found in an ash heap near the ranch house.

Mrs. Kano has given no grounds for her statement that Yamaguchi killed the Kendalls as a sacrifice to his gods, but the police are carefully investigating this phase of the case. As yet there have been no arrests, and the search for the missing Japanese has so far proven unsuccessful.

## FREE LOTS IN ABITIBI

Next Year Agricultural Land Can Be Had For Asking, Says Minister.

Montreal, August, 14.—Hon. Jules Allard, provincial minister of crown lands, in an interview here yesterday, said he had received excellent reports from Abitibi and that the surveying party he has sent into that region will survey more lots than may be asked by settlers for many years.

"Next year," said the minister, "we will be able to give free lots for the asking and the lands will be the best for agricultural purposes."

The minister of crown lands and forests also added that he was pleased to state that his department was beginning to see some of the effects of prohibition, of the export of pulp wood, and he could say that many American manufacturers were now negotiating for the establishment of paper mills in the province.

## ADDITION TO ELLISON

James H. Rogers Purchases Land Along Railway Line

James H. Rogers, the steamboat agent, yesterday purchased eighty acres of land adjoining the present townsite of Ellison and is having it surveyed into lots with the object of putting it on the market as the first addition to the townsite. The town of Ellison is on the railway and was named after Hon. Price Ellison, minister of lands and works. It lies about seven miles below Hazelton and is the centre of a rich agricultural district.

## The Bad Beef

G. W. says he is rather surprised that the bad meat reports have not brought forth several editorial obituaries accusing him of being responsible for several recent deaths in this district. He offers the opinion that the present system of keeping the beef in wrappers is responsible for much of it turning bad. He thinks the system should be discontinued.

# WHITE LAWN WAISTS

We think we can safely claim to have the largest stock of Ladies' Waists ever brought north of Vancouver. We buy them for cash. We buy direct from the best manufacturers in the Dominion. So we think we can also safely claim that the goods are the best procurable for the money. With very few exceptions all of our waists are recent purchases having been ordered for our opening here. So we can make one more claim, and that is that the waists are **All New Styles**. Besides the lawn waists we are showing some very dainty effects in silk and net blouses.

## MINING ACTIVITY AT GOOSE BAY

### BIG MONEY EXPENDED ON HIDEN CREEK PROPERTY

**Best Water Power Plant In the Country.—Ready to Slip Ore at Any Time—Many Prospectors in Observatory Inlet District.**

M. W. Brewer, of Victoria, the well known mining expert, has just returned from Observatory Inlet and has a good account to give of the mining prospects in that district. Chatting at the Inn last night he told of a property he had been to see at Goose Bay for the Pacific Metals company, of which he is president and J. L. Parker manager. Also of another property on Kasaan peninsula, Prince of Wales Island.

The latter is being worked by the Dean Copper company of Alaska and in the opinion of Mr. Brewer it shows some good prospects. The one at Goose Bay on which his company has taken a bond from Jim McGrath is also a copper proposition and is about three miles from the Hidden Creek property, where M.K. Rodgers is spending such large amounts on development work. Br. Brewer goes to Victoria today to report to his directors and is inclined to think they will decide to do some work this fall to open up the Goose Bay claims.

"The Observatory Inlet country," observed Mr. Brewer, "promises to be just as good as any in that district. The work Mr. Rodgers has done there has proven that the ore maintains its continuity for about four hundred feet below the outcroppings, which means that that section at least must result in some producers. There is another property only three miles from the beach, called the Bonanza, on which they are now working, and so far as the development has gone it gives good promise.

"But very few know or have any idea of the amount of work Mr. Rogers

has done on Hidden creek. He must have expended some hundred thousand dollars, and he has probably the best water power plant there is in the country. This runs his compressors, hoists, electric light and everything. He has a plank road four miles long and could ship ore at any time."

"There has been a good deal of talk of a smelter at Goose Bay, and experts from New York went through here a short time ago to look into the proposition. Just how the matter stands at present I am unable to say, but it would not surprise me at any time to learn that the erection of a smelter had been decided upon, and I believe the district warrants it although the ore is principally low grade."

Mr. Brewer concluded his interesting chat by stating that there are a very large number of prospectors in the country about Observatory Inlet and Alice Arm and probably this fall would see the announcement of some interesting discoveries.

### COLD WATER CREW

### Canadian Cruiser Rainbow Sails From Gravesend for Esquimalt

(Special to the Optimist)

London, August 19.—The cruiser Rainbow sailed out of the Thames yesterday on her long trip around the cape to Esquimalt. Practically all the members of her crew are teetotallers.

### Princess Royal Had Big Load

The Princess Royal arrived at half past ten last night with a full list of passengers many of whom debarked here. She is due to return from the north Monday evening.

### FOUR MILE MOUNTAIN

### Wm. Dalton Will Operate on it All Next Winter

Wm. Dalton, a well known mining man, was in town for a while and has left for Hazelton with a large outfit of miners' tools and machinery. He will operate all winter on Fourmile mountain about four miles from Hazelton where he has something good. He will have from two to four men with him all winter. Vancouver capital is interested in the movement.

### Makes a Prescription

Lucknow, Ont., August 19.—(Special)—Margaret Murray, a young lady visiting here from Detroit, died last night owing to a mistake in a prescription made up by a local druggist. An inquest has been ordered.

## FORMALITIES IN CRIPPEN CASE

### MUST REMAIN IN JAIL TO END OF MONTH

**Opinion of An Official Well Versed In Extradition Proceedings.—Action Has Been Taken Under Fugitive Offenders Act.**

Ottawa, August 15.—Enquiry from an official versed in extradition proceedings elicited today what hitherto overlooked that in order to comply with all the requirements of law Dr. Crippen will probably have to be kept in Quebec jail for at least two weeks longer.

It has generally been supposed that Crippen will forthwith be sent back to England in charge of Inspector Dew, on the expiration of the fifteen days' remand granted last week. Proceedings, however have been taken under the Fugitive Offenders' Act. By the provisions of the act, the warrant of arrest issued in England, together with the evidence on which it was issued and proofs of the prisoner's identity, must be submitted for the consideration of the judge who must deal with the case in Quebec.

This will be done probably on Monday on receipt of the official papers from England. On the finding of the judge that the prisoner is a fugitive from justice, then, according to the act, fifteen days must elapse before the governor-general's warrant is made out, directing the governor of the jail to deliver the prisoner to the charge of the persons designated by the English courts to insure his return to England.

The carrying out of all these formalities will take until August 31. It was suggested that Crippen might waive extradition proceedings, thus obviating the above delay, but it was pointed out that the procedure under the Fugitive Offenders' Act was on a different basis from ordinary extradition proceedings and British officials would not be likely to give any loophole for technical objections being raised by Crippen's counsel in England on the score of irregularity in procedure in bringing him into the English court without having first complied with all the formalities of the law.

The Klondike colony was added to yesterday by the arrival of Mr. and Mrs. Hildebrand who are to make their home here. Mr. Hildebrand was the leading hardware merchant of Dawson and comes here as the representative of the McLennan McFeely company of Vancouver.
