# The Prince Rupert Optimist

Daily Edition.

VOL. I, NO. 8

PRINCE RUPERT, B.C., TUESDAY, MAY 10, 1910.

PRICE, FIVE CENTS

## TO ADVERTISE THE CITY.

Board of Trade Decided to Spend \$700 in Publicity.

The members of the Board of Trade are enthusiastic over advertising for the city. In the past this organization has allowed others to do all the advertising, but it will not be so in the future. \$500 was voted last night towards the Bird's Eye View folder, and \$100 a month for two months was voted for advertising in papers in the mining districts, that Prince Rupert is the hub of Northern British Columbia mining and the place for prospectors to be outfitted. The feeling was pretty general that this is the most opportune time for advertising in the city's history on account of the big mining boom this summer, not only at Portland Canal and at Queen Charlotte Islands but at the river camps.

Reports from several of the committees were read and G. W. Morrow's resignation as a member of the council was received and dealt with.

In opening, President Morris thanked the members of the board for having elected him to the first office. This was his first appearance since he was elected. He hoped that his efforts this year would be successful and receive the co-operation of all the members.

The minutes of the last meeting were read and adopted. President Morris in the chair. Secretary Stephens read the minutes.

### Communications.

The secretary read a copy of a letter he sent to the Society of Canadian Civil Engineers in reference to the requirements of the city of an engineer. He also received a reply. A communication was received from the citizens of Stewart, complaining about the very poor mail service to that port. They blame Rupert for this state of affairs, and now ask this town to assist them in their efforts to have it improved.

A letter was read from George W. Morrow resigning his position on the council of the Board of Trade, as it was impossible for him to devote the necessary time to the duties that it would require and that he would like to give. He thanked the board for the honor conferred upon him.

The resignation was accepted.

In reference to the Stewart citizens letter, President Morris said it was a serious matter. Stewart is a much larger town, and a weekly mail is of no use to them. They should have the mail sent up on every fast boat that goes up. An arrangement has been made whereby the postmaster here puts the mail on the boats, and the postmaster at Stewart must take it off. This is only temporary.

Mr. Pattullo suggested that the chair appoint a committee, and that the chair be a member. A committee of three was adopted. Messrs. Kirkpatrick, Alex. Manson and H. H. Clarke were elected.

To fill Mr. Morrow's place in the council, Mr. H. P. Wilson, manager of the Royal Bank, was elected.

Mr. McMaster said that he was unable to report in reference to the pamphlet advertising scheme. He could not be present all the time.

Mr. H. H. Clarke reported for the Rupert-Stewart steamboat service. He said that they looked at an old boat, but it was unsuitable altogether. He understood that two boats were coming

up from Victoria. One was a 50 h. p. gasoline boat with a capacity of 30 tons.

Mr. Clarke reported for the rat committee. He said that he instructed Mr. Harrison to order the 200 tubes of virus. The committee was continued and it was instructed to co-operate with the G. T. P., and Foley, Welch & Stewart until the rats were exterminated.

President Morris reported that he, with representatives of the Publicity Club and the Real Estate Exchange waited upon Mr. Chamberlain in reference to getting out an advertising pamphlet. The committee also expressed the desire to defer the sale of the lots this summer, and he finds since that the sale has been deferred, and for a good purpose too. A sale at the time would have a tendency to tie up too much money in the city.

Mr. Pattullo stated that Mr. Chamberlain asked the members of the delegation their personal views as to the putting on of the sale of lots. Any opinions expressed were purely personal and did not represent any organization.

Mr. Williams explained the nature of the proposed 12 page folder that it is proposed to issue by the Publicity Club and Real Estate Exchange. The folder is to be a very attractive one—it will be a work of art. The expense will be great and the Board of Trade will have to consider the question of contributing to the expense. Prince Rupert, at this stage, is in need of something of the kind. Other pamphlets and pieces of literature issued in this past are no longer adequate. The proposition was 40,000 folders for \$5,000. That fell through and now the proposition is 5,000 folders for \$2,000. The Real Estate Exchange has offered to put up \$1,000. The Board of Trade and the Publicity Club should put up the balance.

It was moved that the Board of Trade contribute \$500.

Mr. Scott said he did not think there should be any action taken to-night, but to wait until a greater representation was present. He did not think that the Board was interested in any advertising scheme gotten up by the Publicity Club, which was bankrupt.

Mr. H. H. Clarke said that the Publicity Club was not bankrupt, neither did the club get up this scheme. The club will get out a pamphlet, whether the Board of Trade assists it or not. He seconded the motion to grant \$500. The publicity club will come through with the other \$500.

Mr. Scott said this meeting had no right to vote the Board's money away. There should be many more members present.

R. H. White said the Board should know more about this thing before they go into it. If the G. T. P. does not take up the thing, the City will be stuck.

President Morris supported the motion. He thought it was time the Board should do something. The proposed folder will be a work of art and will be a credit to the City. He was sure the G. T. P. would take the matter up and would pay at least half the cost of the 40,000 order.

Mr. Williams spoke at some length strongly supporting the proposition. It was to advertise Prince Rupert and get people here and help build up the city and the merchants and other businesses here.

The motion was put to the meeting and carried by a large majority.

Mr. M. M. Stephens referred to the necessity of advertising. He said it never came home to him as it did when he was away. He said several of his old friends going to prospect at Stewart had bought all their outfitts at Vancouver,

## ROYAL FUNERAL MAY 20.

### King and Queen of Norway Arrive—Will Be Grand Pageant.

London, May 10.—The King's funeral is absolutely fixed for May twentieth. Premier Asquith and McKenna reached London yesterday. King Haakon and Queen Maud of Norway, were met by King George and Queen Mary, correct style of new Queen, at the station this evening. They drove to Buckingham Palace and viewed the remains. King George requests all theatres to re-open, many people otherwise will be thrown out of work. He also says he is sure it was the wish of his late father that there should be no interruption in the public enjoyment on Whitsuntide holiday next Monday. The usual national mourning will inflict no unnecessary sacrifices on the people. Normal life will accordingly be resumed until the funeral, which will be a day of national mourning.

The pageant will be the greatest of modern times, greater even than that of the late Queen's funeral. After a brief service last night, attended by Queen Alexandra and members of the Royal Family, the body was transferred to a casket shell. It was kept open that the Queen of Norway might see the face of her father. It was a touching farewell. The shell was then placed in a lead envelope and sealed. An elm shell will be placed in a casket of oak made from a Windsor forest tree cut down for the purpose.

Parliament meets to-morrow to pass resolutions and adjourn probably until mid June. The Duke of Connaught is now mentioned as Governor General. It is said to be the late King's wish. Telegraph briefs.

### Roosevelt Makes Trouble.

Christiana, Norway, May 10.—Ex-President Roosevelt has stirred up trouble in Norway by censuring Ex-Premier Gundsen for using his name and quoting him as a partisan in Norwegian politics. The trouble arose over Roosevelt's expression of personal sympathy for forest preservation. Gundsen has a bill on the subject before Parliament.

### TELEGRAPHIC BRIEFS

Stockholm, May 10.—Roosevelt has a slight attack of bronchitis.

Port Hope, May 10.—Fire destroyed the Deyell Block and the loss is seventy thousand.

Houghton, Mich., May 10.—Forest fires surround Alston and the town may be wiped out.

Paris, May 10.—French elections result in a surprising triumph for the radicals and socialists.

San Francisco, May 10.—Neither Governor Gillette, nor Mayor McCarthy will yield to the agitation to stop the fight.

Vancouver, May 10.—A fire early Sunday morning wiped out the Chinese end of Steveston. The loss is twenty thousand.

Washington, May 10.—The United States puts a countervailing duty on pulpwood from Quebec crown lands as an answer to the recent legislation.

New York, May 10.—Charles Beman, a Hindu butler and Margaret Bestom, housekeeper, were found murdered in the residence of Doctor Cameron, 22nd street. They were beaten and shot to death by burglars.

According to information received here, the steamer Venture went ashore

in the Straits of Magellan and lost two blades of her propeller, putting into Punta Arenas for repairs from which place the information came. The Venture was built at old Kilpatrick, Scotland, for the Boscowitz Steamship Co., and sailed for Vancouver on March 31. She is a vessel of 580 tons net, 180 feet long, 32 feet beam, 19.6 feet depth to awning deck. She has a guaranteed speed of 12 knots.

### Enlarging Operations.

It is the intention of the General Explosives Co., to extend their operations over the whole of the province of British Columbia. For the past two years a factory has been established on Wolfe Island, which supplied powder for the construction of the Grand Trunk Pacific. The use of this powder has proved its value as an explosive in this Province, and the management have decided to enlarge their field of operation. At Vancouver, a large plant will be established for the manufacture of Vitrite. Branch factories will also be established in several other points throughout the Province, as well as across the border, in Tacoma.

F. E. Leach, who has managed the local factory on Wolfe Island since its inception, returned yesterday from the South, where he was in consultation with Mr. E. A. LeSueur, of Ottawa, general manager of the Company. The wonderful development of the province, and of the whole coast, has created a great demand for a good stumping powder, and it is this field the Company propose invading at the present time. The increased railroad construction in the lower part of the Province is also opening a new market for explosives.

### Up the River.

The Port Simpson carried the following list of passengers to Hazelton yesterday afternoon:

Otto Floman, W. H. Wrigley, Johnston Barrett, D. M. Tassen, R. P. Grimol, J. C. Simpson, D. C. Simpson, two constables, E. E. Dennis, Mr. Mrs. and Miss Williscroft, M. Wallace, N. Marhouf, P. F. Carlson, R. Anderson, J. Owens, O. Soderbig, A. Brookesback.

## Letters to the Editor.

### SCHOOL TRUSTEES.

Dear Sir,—As one who is disqualified by the class legislation of this Province from being a school trustee, perhaps I may be permitted to draw attention to the importance of securing the right kind of school trustees—those who are prepared to spend time and thought and energy in all matters relating to the education of our boys and girls. Every other consideration, personal, social and political should be set aside.

I cannot help recalling the deplorable fact that so little interest was taken in our first annual meeting, of which legal notice was duly given, that I had to get my wife, and ask a neighbour to come, in order to have enough voters to elect one school trustee for three years, another for two, and another for one year.

There is a danger of the contest for Mayor and Aldermen overshadowing the election at the same time of school trustees.

Public school teachers often deplore the fact that they are under trustees who, at every turn, betray their ignorance and incapacity.

As the field is still open no personal reference is intended.

Let us nominate and vote for the best!

F. H. DU VERNET,  
Bishop of Caledonia  
Prince Rupert, May 9, 1910.

## WANT PUBLIC WHARF.

### Stewart Protests Against the Deal with Mackenzie & Mann.

Stewart, May 4.—The betterment of the wharf and mail conditions here has been taken up by the citizens in earnest. At a mass meeting recently an executive committee was named to handle the affairs of the camp until such time as it is incorporated, and its members were instructed to send vigorous protests to Ottawa against existing wharf and mail facilities.

It was stated at the meeting that Hon. William Templeman had come to an arrangement with Mr. D. D. Mann, whereby the latter was to build an approach to the wharf in return for the government building a telegraph line. It was decided that it would be preferable to do without the telegraph line for a while, but to get the appropriation of \$15,000 to working at once.

It was pointed out that a public wharf would be the camp's protection against the railroads.

Harry Smith was elected chairman of the executive committee. The other members are Dr. W. T. Kergin, T. J. Vaughan-Rhys, R. Boyd Young, H. C. Morris, John Cann and J. Collins.

### Got In Wrong.

To have the tribulations of a married life thrust upon one, especially when one is an unsuspecting and innocent bachelor, was the rude awakening which one of Prince Rupert's prominent citizens had forced upon him in a recent trip. Traffic north at this season of the year is pretty heavy, and thus mistakes will happen. The unsuspecting one naturally enough went early to his berth on the Princess Royal, as is the custom of all sober young men, tucked himself behind the curtains and passed into the land of nod. The lower berth had also been sold. Towards morning, much to the Rupertonian's surprise, he was awakened by the infantile murmurings of one of the occupants of the lower berth. Upon the realization of conditions, the consternation of the young man can only be imagined by an active mind. What could he do? If he remained in the berth he might sneeze; if he tried to slip away quietly, the lady below might see his nether limbs descending from the upper berth and scream; if he called for help he would be advertised unkindly. What would you have done?

### Insurance Men Here

Arthur C. Bailey, of Halifax, N. S., manager of the Nova Scotia Fire Insurance Company, and M. B. Whitley of Victoria, one of the adjusters, are in the city for a couple of days looking after the interest of their company.

### Light and Water Plant

G. K. Williams, consulting engineer for the Stewart Light & Water Co., was in the city last night on his way to Stewart. He is taking up with him a large amount of the necessary machinery for the plant. It is the intention to start at once installing the plant for the development of the waters and to get the business running. The Stewart buildings are all being wired for electric light, and there are bright prospects for a big business. The Company's stock is selling very well also.

San Jose, Costa Rica, May 10.—One thousand dead have been taken from the ruins of Cartago. Many are still beneath the debris.

G.T.P. WHARF

**TO ADVERTISE THE CITY.**

CONTINUED FROM PAGE 1

instead of here. It is that kind of business that this city wants. The city must be alive and the necessity of advertising and advertising heavily. All successful towns spend thousands of dollars every year and they all claim it comes back 10 or 15 to 1.

The Board of Trade has not, up to the present, done its part in the way of advertising, was the expression of many.

Mr. M. M. Stephens took up the matter of outfitting prospectors and said that it was a very profitable business. He said the advertising should be done in mining communities, such as Rossland, Kootenays, Cobalt, etc.

Mr. Pattullo moved that the Board vote \$100 a month to judicious advertising. This is for two months. It carried, and a standing committee will handle it and other advertising matter.

President Morris stated that, when in the East, he took up the matter with Hon. Mr. Templeman and Hon. Mr. Pugsley of cutting the telegraph rate between Rupert and Hazelton and local points. He had been promised that the rate would be cut. That was in March, but so far no cut had been made. He asked that the secretary be instructed to send a wire to Hon. Mr. Pugsley in the morning. Nothing had been decided about the public buildings. They had secured the sites. The President was instructed to take the matter up again with Ottawa.

Mr. Manson said that he understood that Sir Wilfred Laurier contemplated a trip to British Columbia this summer. Hon. Mr. Pugsley was coming and by Hon. Mr. Templeman. He thought the Board should make strenuous efforts to induce the Premier to come here and to tender him a reception. The matter should be taken up at once.

Mr. Pattullo moved that the President renew the invitation to Sir Wilfred Laurier and Hon. Wm. Templeman. The meeting adjourned.

**Off to Goose Bay**

Mr. Frank Jones, a well known prospector who has been in this district for several years, leaves to-day for Goose Bay, Observatory inlet, where he will spend the season prospecting. Goose Bay is the coming mining camp. It is predicted that it will surpass Stewart, or any other camp in the country. There is gold, silver, copper, etc. Mr. Jones expects to be up there for several months.

**Newsboys' Contest**

Commencing Monday afternoon the Optimist will open a contest test among the newsboys—the boys who brighten the newspaper office every afternoon with a bedlam of noise that drowns the clatter of the monotype. A trio of monthly prizes will be awarded.

The boy selling the largest number of Daily Optimists in the month will get \$10.00.

The boy selling the second largest number of Daily Optimists gets \$3.00.

The boy selling the third largest number of Daily Optimists gets \$2.00.

Every boy has a chance and the only conditions are that each newsboy must cash in himself and sell his own papers. Anyone having assistance from another boy will forfeit his chance for a prize.

BOYS, GET BUSY!

THE OPTIMIST IT'S ALIVE!

**LAND PURCHASE NOTICES.**

Queen Charlotte Islands Land District—District of Skeena.

Take notice that J. George McDonald of Massett occupation miner, intend to apply for a license to prospect for coal and petroleum over the following described land:

Commencing at a post planted one mile south and one mile west from the mouth of the Hiellen river, north coast of Graham Island, Q.C.I., being the north east corner, thence south 80 chains, thence north 80 chains, thence est 80 chains to point of commencement. Dated April 6th, '10 J. George McDonald. May 2nd. M. A. Merrill, Agent.

Queen Charlotte Islands Land District—District of Skeena.

Take notice that I. M. A. Merrill, of Massett, occupation farmer, intend to apply for a license to prospect for coal and petroleum over the following described land:

Commencing at a post planted about one mile east of the Hiellen river, north coast of Graham Island, Q.C.I., being the north east corner, thence south 80 chains, thence west 80 chains, thence north 80 chains, thence east 80 chains to point of commencement. Dated April 6th, 1910. M. A. Merrill. May 2nd.

DAILY EDITION

TUESDAY, MAY 10

**WILLIAM MANSON'S QUALIFICATIONS.**

William Manson is in the field in the mayoralty contest, not for the honor or such emoluments as may pertain to the office, but because many of the electors who are admirers of his believe him to be the best qualified man in the city for the position.

Mr. Manson does not seek power or glory. The position he holds as Member is greater than any this city can give him. His purpose is a sincere desire to organize the city municipal government and start it on the route of systemized business. Mr. Manson's public record is sufficient proof of this statement. His stand in all his public life has ever been for the people. No one can cast the suspicion of a doubt on that point.

The qualifications of Mr. Manson are just as unquestionably superior to those of anyone else. The city needs a business man with knowledge of municipal work, city books, municipal law, accounting, the city's relation to the Government, the police commission, the license commission, the school board and other organizations.

For nearly 20 years Mr. Manson was chief accountant of one of the largest industrial institutions in this country. He served for three years as an alderman of the city of Nanaimo. For four years he was mayor of the same city. For 12 years he was a school trustee. He was a member of the Legislature and a cabinet minister. For the past few years he has been Government agent of the district, located in this city and practically the civic head. He has the knowledge necessary for a mayor to organize the city government. He has system, he has executive ability and a grasp of detail unmatched by anyone in the city.

The problem of organizing a government in a city the size of Prince Rupert, which is without a book, an office or an employee, is a job requiring some foresight, a deal of knowledge and much time. Being mayor of a city running on well-oiled wheels, and with employees to suggest, correct and guide, is not altogether a snap; but it is like a summer holiday compared to the job that lies before the first mayor of Prince Rupert.

With the electors is left the responsibility of choosing what kind of a foundation will be made for our civic administration.

**OLGA MINES, LIMITED.****New Company to Operate Two Well Known Groups on Bitter Creek.**

Prominent among the new companies incorporated during the past month to develop the wealth of the Portland Canal camp, is the Olga Mines, Ltd., which has been formed to operate two well known groups on Bitter Creek, namely the Olga group and the Washington group, comprising 11 claims in all. An interesting feature in connection with this flotation is that some of the claims comprising these two groups were located three years ago by the first prospectors who went into this part of the district. These original locators considered their showings so good that, instead of selling or bonding their interests, they waited until the development of the district as a whole and the close approach of the Portland Canal Short Line railway rendered the opportunity favourable for organizing the present stock company, preferring to make their profits out of the development of the properties in which they felt such confidence. Olga Mines, Ltd., is capitalized at \$1,000,000 in 1,000,000 shares of a par value of \$1 each. There were 500,000 shares in the treasury. There is no promoter's stock, the owners accepting the company's stock in payment for their property. Among the directors are Mr. Harold B. Robertson of the firm of Barnard & Robertson, Victoria; Mr. A. B. Ernst of Seattle and Mr. A. C. McCallum, formerly connected with the Castellano mines in Mexico; operated by the Gold and Silver Recovery Company of London, England and Mexico, who has been appointed managing director for the new Company. The secretary is Mr. Kenneth McCallum of Victoria, the solicitors are Messrs. Barnard & Robertson of the same place, and the bankers are the Imperial Bank of Canada. The Company's registered offices are at those of their solicitors at Fort Street, Victoria, and the fiscal agents may be found at the office of the Secretary, in the Metropolitan Building, Government street, Victoria.

A contract has been signed and let for the running of a tunnel on the main Olga ledge, which, as development work has already shown, will be all in ore. The main ledge runs through the entire group north of Bitter Creek, cutting the chlorite schist at right angles to the formation. On the South side of Bitter Creek on the Washington Group, which consists of four claims, in another well defined lead eight feet wide, carrying good values in gold, copper and silver. Surface assays taken from

both groups of the Company's property have given returns, totalling in gold, silver and copper, \$36.21, \$58.11, \$51.55, and \$9.99 per ton. While the present company makes no stronger claim to public confidence than the assertion that it has an excellent prospect, which the above assays and the development work already done bear ample witness to, the task of opening up the various leads will be pushed with all possible dispatch the moment the weather conditions permit.

**City of Prince Rupert**

PUBLIC NOTICE is hereby given to the electors of the municipality of Prince Rupert, that I require the presence of the said electors at the Court House, Prince Rupert, B.C., on the 16th

day of May 1910, at 12 o'clock noon, for the purpose of electing persons to represent them as a board of trustees for the city of Prince Rupert Municipal School District:

The mode of nomination of candidates shall be as follows;

The candidates shall be nominated in writing, the writing shall be subscribed by two voters of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 o'clock, p.m., of the day of nomination—the 16th day of May—and in the event of a poll being necessary, such poll will be opened on the 19th day of May, 1910 at the Court House aforesaid from 9 a.m., until 7 p.m., of which every person is hereby required to take himself accordingly.

The qualification required for School Trustee is as follows:

Any person being a house-holder in the school district of the city of Prince Rupert, and being a British subject of the full age of 21 years, and not otherwise disqualified by law, shall eligible to be elected or to serve as a School Trustee in such Municipal District.

GIVEN under my hand at Prince Rupert, B.C., the ninth day of May, 1910.

A. CUTHBERT,  
Returning Officer

**City of Prince Rupert.**

PUBLIC NOTICE is hereby given to the electors of the municipality of Prince Rupert, that I require the presence of the said electors at the Court House, Prince Rupert, B.C., on the 16th day of May 1910, at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as mayor and aldermen:

The mode of nomination of candidates shall be as follows;

The candidates shall be nominated in writing; the writing shall be subscribed by two voters of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 o'clock p.m., of the day of the nomination the 16th day of May, and in the event of a poll being necessary, such poll will be opened on the 19th day of May, 1910, at the Court House aforesaid, from 9 a.m., until 7 p.m., of which every person is hereby required to take notice and govern themselves accordingly.

The qualification required for mayor is as follows;

Such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for six months next preceding the day of nomination the owner of an equity or equities, as defined in the "City of Prince Rupert Incorporation Act, 1910", of land or real property in the City of Prince Rupert of the assessed value on the last municipal assessment roll, of one thousand dollars or more, and who are otherwise duly qualified as municipal voters.

The qualification required for Aldermen is as follows,

Such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the day of nomination the owner of land or real property in the City of Prince Rupert of the assessed value on the last municipal assessment roll, of five hundred dollars or more, and who are otherwise duly qualified as municipal voters.

Given under my hand at Prince Rupert, B.C., the ninth day of May 1910.

A. CUTHBERT,  
Returning Officer

**T**HE OPTIMIST route boys have been delivering the Daily Optimist to subscribers this week. All the Weekly subscribers in the city have been transferred to the Daily. Those whose addresses are known have been put on the route; others have been sent to the postoffice. If you are not getting your paper regularly, call at the office and give us your address.

**PERSONAL**

Sol. Cameron came up from Victoria on the May yesterday.

Dr. McNeil, who was called south in connection with the trial of Lofstedt, returned on the May, Monday evening.

Among the passengers on the Princess May yesterday evening, was G. R. Naden, who was returning from a business trip to the south.

Robert Ross returned yesterday from Vancouver after a fortnight spent in the terminal city. Mrs. Ross is remaining below for a few weeks.

After an absence of a couple of months spent in various parts as far east as Chicago, Jerry Bonneau returned on the May yesterday. Mr. Bonneau's plans for the future are a little indefinite as yet.

Returning to Stewart yesterday, was one of the old pioneers, D. J. Rainey, who received the first crown grant for a mineral claim in the district. Accompanying him was Mrs. Rainey, who goes up to reside in the new mining town.

D. Stewart, accompanied by Mrs. Stewart, returned on the May from Vancouver where Mr. Stewart had gone to meet Mrs. Stewart, who is just returning from a trip to her old home in Sutherlandshire, Scotland. Accompanying Mrs. Stewart was her sister, Miss McKenzie, who will spend some time in this country.

**Manson's Organization.**

The organization meeting held in Manson's committee rooms last evening was largely attended by enthusiastic friends and supporters of William Manson from all parts of the city. A general committee of over 150 citizens was formed, as well as separate committees for each district.

Mr. J. F. Macdonald occupied the chair. Mr. Manson, and aldermanic candidates supporting his platform, made short speeches, as well as Dr. Clayton, J. H. Hilditch, T. Y. McKay and others.

Meetings will be held in the committee rooms, McIntyre Building, every evening until election and everybody is welcome.

Mr. Manson's popularity and the confidence the people of the city have in him was more clearly demonstrated at lastnight's meeting than on any previous occasion. Everyone seemed anxious to get into harness and do everything in their power to place Mr. Manson in the Mayor's chair.

**C. D. Rand in Town.**

Mr. C. D. Rand, of Vancouver, came up on the Princess Royal on Saturday night, and left for Stewart last night on the Princess May. While here he called on many of his old friends and looked after the business at his office here. Mr. Rand reports everything prosperous and predicts a greatly increased business in real estate after the second payment on government lots has been met. Business will be much more sound after that. He stated that this trip was purely a pleasure jaunt, but he would take care of any business that came his way. He will return on the May and go right through to Vancouver.

**LOCAL**

Hayner Bros., will re-open temporarily in the Dunedin block.

The lid has been put on in Hazelton and all gambling places closed.

R. Cunningham & Sons have built a new warehouse at Hazelton.

The Bulkley valley is protesting against the mail service. The claim is made that they are entitled to more than bi-weekly trips during the winter.

Rev. Father Bunoz has arranged with Samuel Harrison & Co., for the purchase of lots in Stewart, where a Roman Catholic church will be erected in the very near future.

It will be interesting reading to Claude Heaton, better known as "Colorado Kid" to see his obituary in the Hazelton paper. The Kid is credited with having been killed by Detective McKenzie.

One of the Union Transfer Co's teams backed into a big box of plate glass at the dock yesterday afternoon. The glass was for L. A. Doyle. The extent of the damage will not be known until the box is opened.

There will be a big crowd at Mr. T. D. Pattullo's meeting in the Opera house to-night. Municipal politics will be discussed and there will be quite a number of speakers. The meeting will be opened at 8 o'clock.

Saturday was the anniversary of the first landing in Prince Rupert four years ago. There are just four residents now of the city who first stepped on the townsite on May 7, 1906. They are; J. H. Pillsbury, W. A. Casey, John Leggatt and Gilbert Burrowes.

The local branch of the Bank of Montreal will open here about May 16. The manager will be Mr. Clancy, late of Raymond, Alta., who arrived here last evening. The other members of the staff are E. B. Smythe and H. F. G. Sinclair of Vancouver. The temporary building on Fulton St., is nearly ready.

**MINING**

H. E. Bodine has interested capital in a number of placer leases in the eastern part of the Babine district, and will use a drill this year in making a thorough test of the ground. One of the steamers plying on the upper Fraser has contracted to make the trip to Tacla lake this summer and deliver his machinery at the Tom Creek trail.

About sixty prospectors left this morning for the Queen Charlotte Islands where they will spend the next few days. They went over in the Henriette and took a good bunch of supplies with them. One trio from the south who only intend to remain for a month, had five pounds of smoking tobacco and 100 lbs of flour.

What else was in their packs they did not say, but they seemed satisfied that they would not suffer very much. Personal

**MARINE**

The tugs Restless and Florence were in at noon to-day.

The City of Seattle will be in to-day on her way to Skagway.

The Dominion Government steamer Restless and the tug Florence were in at noon to-day.

The Petriana arrived at 6 o'clock last night from Stewart and cleared at 10 o'clock for Vancouver.

The Princess May arrived at 5 o'clock yesterday and brought over 140 passengers for Prince Rupert, as well as her usual cargo of freight. She cleared at 1 a. m., for Stewart.

The Rupert City will arrive to-morrow night from the South, and soon after, the Henriette will leave for Skagway.

About a dozen fishing boats and freight yachts were in at the float this morning, getting supplies, etc. The halibut fishing fields are alive with boats now and the number is increasing.

The steamer Inlander leaves Victoria to-day on her first trip north. She will arrive in Prince Rupert about Friday. The Inlander is owned by Prince Rupert Skeena Navigation Co. Mining.

Mr. Reid, of Leonard & Reid, real estate firm, returned to the city last night. He was accompanied by Mrs. Reid and daughter, who will reside here in future.

**Buys that will appeal to those who know**
