GRAND TRUNK STRIKE SETTLED

Practically a Victory for Striking Trainmen.

Compromise Has Brought About Peace—Company Agrees to Take Back All Strikers Except Those Guilty of Violence During Strike.

Ottawa, August 2.—A settlement of the Grand Trunk Railway strike was announced this evening after a conference of the representatives of the company and of the strikers with the minister of labor and other members of the government.

The company agrees to take back the men on strike as soon as possible excepting those guilty of violence or disorderly conduct. It also agrees to put into effect from May 1 the rates offered by President Hays on July 18, based on the award of the Lemieux board.

The company further agrees to make effective January 1, 1912, standard rates for train and yard service which are now in effect on the Canadian Pacific lines east of Fort William.

The agreement applies also to the Central Vermont railway. It was signed by President Hays on behalf of the company and by the chief officers of the railway's brotherhood.

The agreement is a compromise between the original demands of the men for immediate standardization of wages and President Hays' offer to standardize rates 1913.

WHY NOT KING OF CANADA

BRILLIANT SUGGESTION MADE BY MONTREAL MAYOR

Title of George Fifth Should Be King of Canada, Australia and Dominions Beyond the Seas Instead of Present Phrase.

Montreal, July 30.—Mayor Guerin this morning received a letter from the editor of the London, Eng., Express asking his opinion on the suggestion that King George assume the title of "Emperor of the British." In part it says:

"Canada, Australia, South Africa and New Zealand have ceased to be colonies, the sole remaining link between them all being the person of the sovereign. What we suggest is that King George at the moment of his coronation should take to himself and his descendants the title and rank and dignity of Emperor of the British.

"King George would not do this if he thinks such action to be contrary to the wishes of his people and I shall be glad if you, as chief magistrate of one of the empire's great cities, will let me have your views on the subject."

Mayor Guerin has replied suggesting in place of the phrase, "King of Great Britain and Ireland and of the British Dominions beyond the seas," be used the words,"King of Canada, Australia, etc."

MORE TROUBLE

Shooting Gallery Under His Window Will Cause Annoyance

M. P.McCaffery has his own troubles. Naturally he is a light sleeper and a couple of nights ago he heard the Optimist gasoline engine running all night. He could not sleep and got so sore that he hasn't slept since. Next, a friend of his is having a shooting gallery built underneath his bed room window and M. P. fears his sleep will be forever a thing of the future. Even now he can hear the bang! bang! of the 22s and the building has only been started. It will be nice when the boys get going.

Tacoma Beats Vancouver

Vancouver, August 6.—(Special)—The results of the league games played yesterday are as follows:

Tacoma two, Vancouver one.

Spokane two, Seattle nothing.

OATS AND BARLEY

Grow Side by Side on Provincial Experimental Farm

An Optimist man found a bunch of oats and barley growing on the Provincial Government Experimental Farm at the corner of Third avenue and Fourth streets this morning. The grain is well headed and the barley is starting to ripen. The straw is long and the crop very bountiful. Prince Rupert is by no means all rock. Grain will grow right on the townsite and it would put the Peace River and the Albertas to shame if the farmers ever got a foot hold here. Samples of the grain may be seen at the Optimist office and farmers in distant parts may send for free samples for sowing.

EARL GREY RIFLES

The first parade and drill of the Earl Grey Rifles was held in Little's building last night. Captain Stork was in charge with Lieut. A. W. Agnew and McMordie. Nineteen men turned out and were put through some of the paces. Most of the men are old soldiers and the work was quite familiar. Geo. Leek, Brown and Godson were appointed sergeants. and it was decided to meet for drill every Tuesday and Friday night.

OUR SPECIAL EDITION

The Progress and Opportunities number of The Optimist is now on the presses and will soon be issued. It will be something to send your friends.

PUBLICITY CLUB AND ITS WORK

ELABORATE FOLDER EXPECTED TO ARRIVE SHORTLY

Plans to Engage Publicity Agent To Enthuse the People of Prince Rupert Upon the Importance and Value of Publicity Work.

Although extensively advertised there were only about fourteen members present at the meeting of the Publicity Club last evening, but, as was stated by J. H. Rogers in the course of one of the discussions: "This does not mean that people are not interested for it is always hard to get the people out. Most people will willingly subscribe for publicity purposes, but they won't come to the meetings. They expect a few of us to do all the work."

The most important subject discussed during the evening was the necessity of raising at once $500 to pay the club's share of the expense of getting out the elaborate folder contracted for early in June, Mr. Law pointing out that the folders were now to be expected any day, as they were to be delivered in July and paid for on delivery.

These folders are being made by a Seattle firm of publicity experts and are of a character that cannot fail to strike attention. For uniqueness of design and superb finish nothing so far issued for publicity purposes will surpass it very much. It gives a large topographical chart in colors showing the splendid harbor, and the lay of the land directly tributary to Prince Rupert in a commercial sense. It has sixteen panels of reading matter divided into sixteen subjects showing the resources of this seaport, each one profusely illustrated by new photographs reproduced by the finest work in photo-engraving. Prince Rupert has ordered some thousands of these and merchants who study advertising and who did not have the opportunity of seeing the proofs of this work, can form some idea of the excellence of the folder from the statement of A. J. Morris, president of the Board of Trade, that they cost something like 40c each.

Mr. Rogers, in the course of his speech on the subject, as quoted above, went on to say that many people asked why the club had not the money in the treasury to meet this expense. He answered this by saying that it was in the very nature of a publicity club to be broke; its mission was to spend money for advertising purposes. Mr. Law said that might be but himself and his associates in the club ought to have seen that this money was subscribed some time ago, in order to be in a position to meet the bill when it came in.

Ald. Pattullo did not think it advisable for the club to continue under its old system, some few bearing the bulk

NO FURTHER DETAILS OF WRECK

Passengers of Princess May Reach Juneau

Beatrice to Be Dispatched to Juneau As Soon as She Arrives Here—Humboldt xpected With Some of the Shipwrecked People.

(Special to the Optimist)

Vancouver, August 6.—The passengers of the wrecked steamer Princess May were brought to Juneau in small boats, all well notwithstanding their thrilling experiences.

No news was received here by wireless today in regard to the wreck of the Princess May, and the above is all that has been received by wire. Mr. McNabb, the resident agent of the Canadian Pacific Navigation company, received this morning a message by wire instructing to transfer the passengers and freight for Stewart coming on the Princess Beatrice, due here this afternoon, to the Prince George, due here tomorrow, and to dispatch the Beatrice to Juneau to bring down the passengers of the Princess May.

Some of the passengers are expected to arrive here this afternoon on the Humboldt. Jack Dunn, son of Thomas Dunn, is among the wrecked passengers from here. The Humboldt is due about four to five o'clock and will bring the details of the wreck.

The Princess May was one of the most popular boats on the Alaskan run. She was a twin-screw vessel 250 feet long, 34 feet beam, 18 feet depth and made of steel. He engines were of the triple expansion style and developed 2,400 horse power. For passenger accommodation she had seventy-eight cabins with single upper and lower berths. She was of 1,800 tons burden.

The roster of her officers is as follows:

Captain, John McLeod
First officer, John Richardson
Second officer, Mr. Slater
Chief Engineer, Mr. McGraw
Steward, Mr. Rowans
Purser, Mr. Ironsides
Freight clerk, Mr. Langford.

ADJOURNED AGAIN

Levene Case Will Not Be Taken Up Again Until Friday

When the police court resumed yesterday afternoon the Levene case was called. The prosecution stated in the morning that their evidence was all in but when the defence wished to put Levene in the box in the afternoon the prosecution asked to be allowed to get Mr. Leckie from Vancouver and take his evidence afterward. The defence objected and refused to go on with the case. The two lawyers had an argument which resulted in the court adjourning until next Friday when the prosecution will have to get Mr. Leckie here and take his evidence. Then the defence will go on with the case.

Gans is in a weakened condition from consumption, and it is doubtful if he can survive the journey home.

HELLO! HELLO! HELLO!

President William Law Nearly Fainted When Phone Bell Rang

All the young men's best girls will be saying tomorrow "Call me early Wednesday Morning. My phone number is I.T" The people will be able to talk over the phone on Wednesday morning. The wires were tested yesterday. Mr. Law president of the Telephone company, said this afternoon, "When my office bell rang yesterday I nearly fell off my chair, I was so pleased. The wiring is not quite finished in section six, but it is in sections one and five. In section one there are over two hundred phones all ready to work, and we shall be able to give service early on Wednesday."

J. H. McMullen, government agent, left this morning on the Camosun for Stewart.

PUBLICITY CLUB FOR MASSET

MEETING TO BE HELD THERE THIS EVENING

New Boat Schedule Direct from Prince Rupert to Masset, Stirs Up Her Citizens To the Needs of Publicity

(From the Masset Review)

Masset is beginning to feel the need of some body of men or organization that can bring the resources of the town and the surrounding country before the public; that can meet and give useful and exact information to settlers and capitalists looking for a home or investment; that can attend to correspondence concerning the possibilities of the island and bring before the general public the magnificent prospects of the country.

Towns and citizens that have been built up by publicity clubs, formed by the citizens and residents of their districts, are seen throughout the country. No town of any standing is without its publicity department, formed for the purpose of advertising its own town as the best place for a man to make his home and bring up his family, and for the capitalist to invest and produce greatest returns for the amount invested. Here, the opportunities for both certainly cannot be excelled, if equalled.

As a business man loses no opportunity of bringing before the public the selling points of his commodity through extensive advertising, so the town or district that is ever to be built up and made a thriving settlement, cannot afford to pass by any means that will attract citizens and settlers.

For these reasons The Review suggests that the citizens, settlers and business men of Masset come together and form a publicity club that can advertise and attend to their own interests, not leaving it altogether to governments, railroad, steamship or private companies to do for them.

With the new boat schedule in force, many people will be visiting Masset, and it is most important that they should leave so favorably impressed with the conditions and outlook, that they may return again to stay.

Albuquerque, N. M., August 2.—Rev. William P. Sullivan of St. Mary's Cathedral, San Francisco, created an ecclesiastical novelty here yesterday when he conducted mass on an eastbound Santa Fe train.

MURDERER IS HELD FOR TRIAL

SHOT HIS OFFICER WITHOUT GIVING ANY WARNING.

Punishment for Slight Breach of Regulations Induced the Deed—Murderer Took to Woods and Was Successfull In Hiding For Hours.

Gunner Allen Arrested

Victoria, August 5.—(Special)—Gunner Allen, who shot and killed Captain Elliston at Work Point barracks, was this morning brought up on the charge of murder and committed for trial.

Captain Peter Ellison, one of the most brilliant and popular officers of the Work Point permanent forces, was shot through the neck with a service rifle by Gunner Allen. The captain died in agony within a few minutes.

His murderer went into hiding presumably in the brush, and all the permanent forces assisted by the police, went on the hunt for him. It was early morning when the dead was done, but nearly midnight before Allen was captured. He was then very drunk

Allen had been punished for some slight breach of service regulations, and upon coming out of the guard house waited for his captain as the latter came to his office, and shot him down without warning.

Captain Ellison besides being a conspicuous military officer, was one of British Columbia's foremost fruit-growers and horticulturists. He leaves a wife and family.

IN BOOK OF DOOM

Three Million Farmers Form a Political League

Raleigh, N. C., August 2.—Three million farmers of the Southern States are to be banded together to attempt the defeat of such members of congress and other public officials as are deaf to the demands of agriculturists for laws advancing their interests. The announcement was made here last night by Mr. Charles Starrock, president of the Farmers' union, who said the organization was working on a list of such legislation which will be known as the "Doomsday Book". The book, Mr. Starrock said, will be issued before November.

The Prince Rupert Optimist

DAILY AND WEEKLY

THE OPTIMIST is the leading newspaper of Northern British Columbia. It has grown up with the city.

ADVERTISING RATES are one price to all—25c per inch each issue for display matter. This rate applies to all advertising without distinction of quantity or time of contract.

READING NOTICES and LEGAL ADVERTISING are 10c per line.

SUBSCRIPTION RATES—DAILY, 50c per month, or $5.00 per year, in advance. WEEKLY, $2.00 per year.

DAILY EDITION. SATURDAY, AUG. 6

COUNCIL CAN HAVE FREE ADVERTISING

Notwithstanding the fact that the daily papers of this city have been doing more real advertising for the city than the Board of Trade, the Publicity Club, the city council, the exhibition committee and the blind pigs all together, the city council has decided to cut them out. The daily papers pay the highest telegraph tolls in Canada and the best wages to skilled mechanics in the city; they furnish one of the few pay rolls in Prince Rupert. The Optimist alone has 15 employees on its pay roll. It pays 10 p.c. for such insurance as it is able to get after the Talbot House got all it wanted. The Optimist loyally supports local institutions and patronizes home industry, yet the city council cannot afford to use its advertising columns because of the expense. Incidentally it might be said that the Optimist quoted the city the same price for advertising as paid by other coast cities. Running a small daily under most favorable circumstances is not a wealth producing vocation and with a city council looking for cut rates one would not expect to see the paper radiate charity or distribute alms. But right here the Optimist is going to be inconsistent and offer the city council some free advertising.

Offer Number One:—The Optimist will publish free of charge a memo of all the accounts paid by the council up to date. This will enable any rate payer to see for himself whether any member of the council is disqualified and liable to a fine of $50 for each session he has attended.

Offer Number Two:—To publish free of charge a list of all city salaries, and any explanation the council might have as to why it is necessary to pay $50,000 per year for salaries in a city of our present population.

Offer Number Three:—To publish free an itemized statement of the legal costs to the city for drawing up the proposed city charter which Bowser consigned to the waste paper basket.

Offer Number Four:—To publish free over the mayor's signature a statement as to whether the $2000 placed in the estimates for mayor's salary is for seven month's salary or at a rate of $2000 per annum.

Offer Number Five (Lynch special):—To publish free an explanation from Ald. Lynch (theorist) of how many mills on the dollar his system of frontage and general taxation is going to cost the ratepayers of section one.

The Optimist believes that the property owners are entitled to these explanations and particularly to the probable tax rate in Section one. Careful estimates show that with the present assessement in Section one, if the proposed improvements are carried out under the frontage tax system, that the total tax for frontage and general(including light, sewers, salaries, water etc.) will be 35 mills on the dollar for the next twenty years. That means a 50 foot lot in Section one assessed at $20,000 will pay about $700 per year taxes. If there is a $10,000 building upon it the insurance at ten per cent will run the annual tax up to $1700. Buildings are exempt from municipal taxes, the council having been forced to admit and accept that policy, even if it does result in "filling up the city with buildings." This tremendous tax, too, would not include pavements or permanent walks. It is up to Ald. Lynch to explain his theory before the city is committed to a policy that will swamp the business property with taxes.

The Fort George Tribune

THE PIONEER NEWSPAPER OF CENTRAL BRITISH COLUMBIA

FOUNDED BY JOHN HOUSTON, the Newspaper Trail Blazer of Western Canada, and edited by Albert Dollenmeyer, and the only newspaper printed in Fort George. A newspaper that prints all the news—or at least as much of it as is worth while, and that can be crowded into its fourteen-inch columns. The only paper that is in a position to give first hand information as to the progress in Fort George and its great tributary country, including the Salmon River and William River Country, the Nechacco Valley, the Babine, Stewart and Nation Lake and the Omenica country. Politically non-partisan and independent, THE TRIBUNE aims to reflect the happenings, the views and the hopes of the people who are today laying the foundations of a big Canadian city at what until a year ago was a lonely fur-trading post. THE TRIBUNE'S further mission is to give outsiders reliable information as to the immense natural resources tributary to British Columbia's Central Commercial Capital. Its readers will tell you that THE TRIBUNE is succeeding in both these aims. If you want to know what is going on at this city in the making, send $3.00 and THE TRIBUNE will undertake to keep you posted for 52 weeks.

"WATER ACT, 1909."

Whereas the Placer Gold Mines Company, a company duly incorporated under the laws relating to private corporations of the State of Washington, one of the United States of America, having its head office at the City of Seattle, in the said State of Washington, and duly licensed to carry on business in the Province of British Columbia, and having its head office for the Province in the City of Vancouver, has petitioned, under the provisions of the "Water Act, 1909," for a certificate in pursuance of the provisions of sections 85, 86, and 89 to enable the Company to proceed with its undertaking of the construction of works on Ruby Creek, in the Atlin Lake Mining Division, for the purposes of hydraulic mining, according to the plan submitted; and

Whereas the Company has filed with the Lieutenant-Governor in Council the documents required under Part V1. of the said Act:

This is to certify that the undertaking, as submitted, has been approved by the Lieutenant-Governor in Council, and that the same is as follows:-

To divert 30 cubic feet of water per second from Ruby Creek, at a point of diversion being one mile above the upper end of the canyon in the said creek, the water to be returned at a point about 500 feet above where the said creek empties into Surprise Lake.

The difference in altitude between the point of diversion and the point where the water is to be returned is approximately 400 feet. It is proposed, and the Placer Gold Mines Company is hereby permitted, to construct a reservoir to be formed by a dam across the creek, covering an area of Crown land of about 40 acres, more or less. The site of the reservoir comprising an area of approximately 160 acres, and to be acquired by location, is one mile above the north end of the canyon. The water will be conveyed by means of ditches, wooden flumes, pipes, and natural water-courses and be used for hydraulic-mining purposes on the Thistle, Rose, and Shamrock Mining Creek Leases.

And this is further to certify that the amount of capital of the Company is one million dollars, the whole of which capital is fully paid up.

That the time within which the said undertaking and works are to be commenced is fixed at two months from the date hereof, and the date by which all the proposed undertaking shall be completed and in operation is fixed at two years from the date hereof.

That the locality, place, or district within which the corporate powers of the Company in respect of its undertaking and works are to be exercised may be described as follows: On an adjacent to Ruby Creek, in the Atlin Lake Mining Division in the District of Atlin, Province of British Columbia.

SUIT TO FORCE INTERSTATE COMMISSION TO ACT

Petitioners Ask That Alaska-Yukon Route Shall File Its Tariffs, And Give Transportation Companies Through Routes and Rates.

Washington, August 2.—Proceedings were instituted before the District of Columbia Supreme Court yesterday to compel the Interstate Commerce Commission to assume jurisdiction over Alaska railways and transportation companies and to compel each company to file its tariffs with the commission. The suit was instituted by the Humboldt Steamship Company of Seattle.

Recently the commission decided that it could not assume, inder the law, jurisdiction over transportation lines in Alaska. The petitioners in this case of mandamus set forth that the commission erred in its distinction as a matter of law.

The petitioners asked that the commissioners be required to compel certain carriers in Alaska, composing the Alaska-Yukon route to file their tariffs, also that Alaska transportation companies form with the Humboldt Steamship Company through routes and joint rates from and to points in Alaska and the United States.

Officials of the Interstate Commerce Commission expressed doubt of the authority of the Supreme Court to compel it to take any such action.

It takes courage to refrain from pretending to be brave.

Friendship seems to be able to stand a much heavier strain than love.

BATTLED WITH BULKLEY BEAR

MONSIEUR BRUIN ENTERS PARLOR OF MONSIEUR PORKER

Young Nimrods of the Stephenson Brand Heed the Shrieks of Alarm And Valiantly Rush to the Rescue Of Lord Bacon.

Here is a thrilling, hot weather bear story straight from the Bulkley Valley, where the courageous pioneer settlers are engaged in transforming the wilderness into a gardenland. It illustrates how emergencies may occur in which it is manifestly well to ignore those features of the game law which give Bruin a sense of embarrasing new security during certain months of the year, and—which is more to the point—how the spirit of young British Columbia rises to meet such emergencies when they present themselves.

Investing this story with distinctive originality, it is strictly true.

M. T. D. Stevenson and his family are residents of Aldermere, to which youthful town they emigrated some few months ago from Atlin, being at the latter place counted among the many friends of Hon. Dr. Young. The doctor, as the minister, numbers the Provincial Muse among his varied responsibilities, and being himself a hunter of no mean renown, is naturally interested in every type of bear, and hence it is that Mr. Stephenson writes him entertainingly of the matter.

The time of the comedy was last Sunday week, Mr. and Mrs. Stephenson and their little girl being away from home on a visit to one of their outlying stations. The two boys, Cyril and Daryl, respectively aged 12 and 14, were left at home to guard and protect the homstead and all therein contained, together with their sister Eileen. All were within doors when there arose a truly demoniac screaming. There was small difficulty in tracing it to the pigsty, about seven yards from the house. Investigation disclosed that the pig had not heedlessly disobeyed the ancient adage as to "not squealing until you're hurt." A large black bear was paying the sty a visit and it was distinctly painful to his pigship.

Arming themselves respectfully with a .22 rifle and the family axe, the boys fared forth to battle, succeeding in putting five or six bullets into Bruin's thievish body, whereat he retreated discomfitted, forsaking his fresh pork chops.

When Mr. and Mrs, Stephenson returned the bear was nursing his grievance and his several wounds under a copse of willow, emerging upon obtaining the dog's attention—and with such suddenness as to alarm the horse, which springing to one side overturned the buggy with Mrs. Stephenson and the baby girl.

No one was, happily, harmed, but in the excitement the bear made its escape.

"I haven't seen it since," writes Mr. Stephenson, " and therefore can not say whether it is still in search of surgical attention or has quietly died without such an accompaniment."

Don't be a kicker. A mule can beat you at the game.

ADDRESS TO ALL NATIONS

Immense Gathering Largely Americans, But Also Including Representatives of Belgium, Germany, Poland, Denmark and Others.

"My fellow Canadian citizens" was the gracious salutation which Sir Wilfrid Laurier addressed to a crowded meeting at Humboldt, Saskatchewan. composed for the most part of Americans. The rest represented nationalities of all sorts—Germans, Scandinavians,and Galicians, while the chairman, Mayor Androwser, a Dane, welcomed the party in broken English. Addresses of welcome were read by F. I. Hauser, a big German, and Henry Miller, a recent arrival from Minnesota. Eugene Androkocitz presented the greetings of the Galicians in quaint, sympathetic phrasing. "We are perfectly happy and satisfied. We have honest toil, good education, and happy homes. Canada is our country, too. We wish you God speed."

The meeting was a remarkable one in another sense, too, as something went wrong with the lighting plant, and the two lamps made but a faint attempt to dispel the gloom in the big arena.

"We want you to help us to make Canada the greatest nation in the British Empire," said Sir Wilfrid. "We extend the right hand of fellowship. What we have you share with us—our land, our laws, our institutions, our freedom, equal rights and justice to all. We are British subjects. We believe British institutions are the best of all, barring none. We believe in the monarchical form of government, and are proud of our King and Queen."

Speaking to the chairman, a Danish butter-maker, Sir Wilfrid related an incident of Queen Alexandra's visit to the Canadian dairy exhibit at London. Her Majesty was highly congratulatory, but opined that Denmark supplied the finest butter.

"Nay," respectfully protested Canadian Commissioner Hutchinson. "Denmark supplies the best Queens, but the best butter comes from Canada."

"Let me say to our fellow-citizens, those who have come from the American Republic, those who have come from Scandinavia or Germany, or the Danubian Provinces, or France or Belgium, all our fellow-citizens, that there is nothing we of Canada have that we are not willing to share with them. Let me tell them that I present myself as an example of the breadth of the institutions of this country. This is a British country. It is the blood of old England or Ireland or Scotland that flows in the veins of the great masses of her people.

"I, like many of you, am not of British blood; my ancestors came from that old country, France. Yet, over twenty-two years ago, on the retirement of Mr. Blake, forgetting my many shortcomings, irrespective of alien blood that flowed in my veins, the French descent, which is shared by only a minority of the people of this British country, one of the great parties which contribued to the Government of this country under British institutions asked me to become its leader. I hesitated, for personal and political reasons. Was it wise for one of the race of the minnority to undertake the leadership of the majority? They told me then, what I have learned to know from experience since, that the Liberal party knows no difference of creed or race, that whoever is worthy of support will have it given him. wholesouledly. The race is open to all. Whoever the man who comes to Canada, whatever the land from which he may come or the altar at which he kneels, if he becomes a Canadian-British subject he can aspire to the best and highest this land can offer. Whatever can be claimed by men of British origin will be given him. (Cheers.) The British constitution knows no distinction; all are equal."

PUBLICITY CLUB AND ITS WORK

CONTINUED FROM PAGE 1

of the expenditure. It was plain that a $5 membership fee was not sufficient. Until the merchants took up the matter in earnest and accepted a quarterly in-payment to the club as a regular assessment, the club could not expect to do good work and it would be better to do none. He would be willing to pay $5 every quarter if the club was put on a proper footing and there were no doubt many others who would.

Ald. Naden followed in a similar strain. It was work done for the good of all and should not be borne by the few. It was really a work for the city itself, so that each resident would pay his share. This was the only fair way.

Asked by a member if he would object to bringing the matter before the council Ald. Naden said he certainly would not. The council as a matter of course could not assume the liabilities incurred by others, which was the reason they could not assist the club in regard to the dance deficit, but let the club clear up its indebtedness and he would take pleasure in requesting the council to take up the work.

It was the suggestion of Mr. Law that an expert spellbinder on publicity should be brought here to do missionary work among the merchants, many of who really did not grasp even the aim of the club and thought that advertising the city was all wrong as it would result in bringing in business rivals. Mr. Law's suggestion was well supported, but the important thing for this meeting to do, as President Clarke and other members pointed out, was to raise the $500 for the folder. Mr. Rogers said it seemed to him incredible that a member could not go out and raise the amount for such a purpose in short order, and a committee was thereupon appointed to make a canvass, Messrs. McRae, Rogers and Nickerson being appointed the committee.

The present indebtedness of the club is about $150, and to wipe this off there is to be a smoker, many of the leading athletes and vocal talent having already volunteered their services. The entertainments are to be continued all winter, the proceeds from which will keep the club going until it is reorganized on a scale that will broaden its scope and place it on a footing with similar institutions on the outside. Mr. McRae was made chairman of this special entertainment committee.

Even the girl who prides herself on her self-possession gives it up when the right man asks for it.
