NORTON GRIFFITH LAND DEAL MAY FALL TO THE GROUND

PRINCESS ROYAL MET BY STORMS

WAS THIRTY-SIX HOURS LATE REACHING SKAGWAY

Had to Run for Shelter Six Times on Way Up Lynn Canal—Left Juneau Last Night and Arrived Here This Morning.

Much anxiety was beginning to be felt in this port in regard to the fate of the Princess Royal, which was due to arrive here Saturday morning. This was allayed, however, this morning, when she poked her nose into the harbor and tied up between the coal hulk William Case and the Prince Albert. And there was no great story of loss of life or partial shipwreck either, merely a question of preferring safety to punctuality.

Stormy weather was the only reason for the delay, and this to a large extent was on the trip north. While in Lynn canal on the journey up the Princess Royal had to run for shelter and ride at anchor not less than six times, and she therefore arrived at Skagway thirty-six hours behind schedule time. Storms in Lynn canal are especially dangerous as there is so little sea room in which to handle a boat, and there are so many cross-currents. The boat was delayed also for this reason on the way down. She managed to reach Juneau at nine o'clock last night, and from there here her trip was uneventful.

She had a good load of passengers but only two direct from Dawson—James Wishaar and J. M. Shackelford.

LIGHT BY CHRISTMAS

Latest Report of Progress on City Electric Plant

After his trip to Vancouver looking after the machinery there for the electric light plant, Mr. Burns of the city engineering department, has returned with the news that everything down there is in readiness to be shipped to the site when required, and says the city may expect light by Christmas.

Alderman Mobley reports that two of the boilers are now seated and being bricked in. They are nearly ready for the machinery, part of which is in Prince Rupert, and Alderman Mobley is confident that Mr. Burns' prediction will be verified, and the light installed by the festive season.

WILL MAKE SPECIAL TRIP

"Princess Beatrice" Will Go to Goose Bay and Observatory Inlet

After discharging her freight and passengers at Prince Rupert tonight, the Princess Beatrice will go on to Goose Bay and Observatory Inlet with freight and passengers, returning from there on her way south on Tuesday.

COUNT TOLSTOI LOCATED

(Special to the Optimist)

St. Petersburg, Nov. 14.—Count Tolstoi, who has been missing for several days, has at length been located in the province of Tule, according to dispatches which have been received in Moscow. The family now declares the celebrated author left in company with an old friend but decline to give his name.

BOARD OF TRADE CAN DO NO MORE

SATISFIED NOW CITY AND G. T. P. ARE NEGOTIATING

Board's Council Discussed Mr. Hays' Offer at its Meeting and Make Recommendations—Will Come Before Full Board on Tuesday.

That the Board of Trade had done all it could to establish a basis of agreement between the city and the Grand Trunk by its suggested re-assessment, and that now the parties are in communication it could not with propriety do any more; these were the conclusions of the Council of the Board of Trade at its meeting on Saturday afternoon.

These conclusions were embodied in resolutions which will be presented to the Board at its general meeting to be held on Friday evening.

The meeting will be held in the hall of the Knights of Phytias, directly over the old board of trade rooms. There are other matters to come before the board on that occasion, but the question of the railway assessment is the one upon which public interest is centered and a large attendance is expected.

Real Estate \$3000 Deal

Messrs. McCaffrey & Gibbons, real estate agents, Third avenue, have just disposed of Lots 17 and 18, Block 26, Section 5, for the sum of \$3000. The purchasers are a Vancouver firm.

Land Deal May Be Declared Void

Respecting the deadlock which has arisen over the Norton Griffith land deal, Government Agent McMullin who has returned from Stewart states that he can officially hold out no hope that the Norton Griffith deal, in which the first purchase money was received the day following the statutory time for payment, will go through. The fact that the first payment was not made in time will, in his opinion, necessitate new staking and new advertising.

DEDICATION SERVICE YESTERDAY

Statue of Virgin Presented by Lady Laurier to R. C. Church

The formal dedication of the beautiful statue of the Virgin presented to the Church of the Annunciation, Prince Rupert, by Lady Laurier, through the kind offices of Mrs. J. Fred Ritchie, took place yesterday morning. The service was a very impressive one, the musical portions of it being particularly beautiful. Father Rivet, and Father Hardtman conducted the service of dedication.

TAG DAY WAS GREAT SUCCESS

HOSPITAL FUNDS CONSIDERABLY ENRICHED

By Winning Efforts of the Ladies. Tags Were Worn All Over. Miss Dunn made Highest Total for Hospital. Sacred Concert Yesterday.

Saturday was Hospital Tag Day, and the members of the Ladies' Auxiliary are congratulating themselves on its success. The committee responsible for the arrangement consisted of Mrs. M. Craig, Mrs. G. H. Arnold and Mrs. Cohen.

The ladies to whose winning efforts the citizens owed their adornment of Red Cross Tags on Saturday and thanks to whom the Hospital Fund is so much the richer were: Miss Dunn, Miss Kergin, Miss McNaughton, Miss Rae, Miss Craig, Miss Calkins, Miss Lockhart, Miss Davis, Miss Thompson and Mrs. Sweet.

Miss Dudsey Dunn has the credit of reaping the largest harvest for the hospital. Her energy and persuasive powers brought in nearly \$100. Miss Kergin came in a good second, not very far short of the three figures either.

The ladies of the committee met this afternoon to count up the total Tag Day receipts which amounted to \$375.

At the Sacred Concert held in the Phenix theatre on Sunday afternoon

DEATH FOLLOWED THE OPERATION

JOHN M'IVOR PASSED AWAY ON SATURDAY NIGHT

Case of Acute Appendicitis—Funeral Services at Presbyterian Church This Afternoon and Burial on the Island.

John McIvor passed away at the Royal hotel on Saturday night, after undergoing an operation for acute appendicitis. The Saturday previous he was at work for the proprietors of the hotel as bartender and the next day was very sick and sent for Dr. Eggert. The latter diagnosed the case correctly at once, and said that only an operation could save the patient's life. On Tuesday the operation was performed by Dr. Eggert, Dr. Tremayne and Dr. Cade being present in consultation. It was found to be a fulminating case and very little hopes were entertained of the patient's recovery. Everything possible was done for him but during Saturday he gradually sank and in the evening passed away.

McIvor was an unmarried man of thirty-three years of age of exemplary character and an abstainer. He came from Ireland to Phoenix, B. C., and was a resident there for some years before coming to Prince Rupert. He has a brother Thomas who is a well known prospector here. This brother is his only relative in this country. He has taken charge of the remains.

Deceased was a member of the Order of Eagles and the members of the Prince Rupert Eyrie attended the funeral, pall bearers being selected from among his friends in the Order.

The funeral services were held at the Presbyterian church this afternoon and the body was buried on the island. Hayner Bros. were the undertakers.

Moving to New Warehouse

TEXAS AROUSED AGAINST MEXICO

STATE READY TO SEND RANGERS ALONG BOUNDARY

Trouble Brewing in Matamoras and Militia to Be Dispatched There and to Other Points Along Frontier Where Hostility Is Shown.

(Special to the Optimist)

Austin, Tex., Nov. 14.—That Texas is intending to take matters into her own hands if further disorders occur on the Mexican border was announced by the state executive department this morning. It is declared that the state officials stand ready to send rangers to points where there is any show of hostility being made. Trouble is now believed to be brewing in Matamoras, just across the border, and militia are to be immediately despatched to that point.

The Texans are very much worked up over the treatment of Americans by the Mexicans and a serious outbreak is likely to occur at any time.

STRIKES BREAKING OUT ALL OVER COUNTRY

Looks Like Big Union Fight for Closed Shop, Though Included In Men's Demands Are An Eight Hour Day and Increased Pay. Many Branches of Trades Are Represented.

(Special to the Optimist)

Cleveland, O., Nov. 14.—The union seamen on the Great Lakes have been on strike for years to enforce the closed shop, and they have now been reinforced by the electric elevator contractors and the telephone linemen. The latter are also striking for better wages.

St. Louis, Mo., Nov. 14.—The railway machinists struck last May for shorter hours and a closed shop. They failed to enforce their demands and this morning the boiler makers, pipe men and helpers unions were called out to aid them. The companies offer to grant all the demands made except that of a closed shop. The struggle between them seems to be now a mere matter of endurance.

Strike for Eight Hour Day

Battle Creek, Mich., Nov. 14.—The union printers here have struck for an eight hour day and a closed shop.

For Recognition of Union

Irwin, Pa., Nov. 14.—The union coal miners at Irwin colliery went out on strike this morning, to compel a recognition of the union and to do away with the open shop entirely.

Meat Packers Want More Pay

Pittsburg, Pa., Nov. 14.—Three hundred packing house employees walked out this morning, demanding shorter hours and an increase in wages.

To Enforce New Scale

Meriden, Conn., Nov. 14.—All the union glass cutters are on strike to enforce the new schedule of wages which was due under agreement to go into effect the end of last week. It seems probable there may be sympathetic strikes in other departments and all the glass factories of the city shut down in consequence.

Picture Makers Walk Out

Boston, Nov. 14.—All the photograph

engravers have quit work demanding the minimum wage scale of \$21 per week agreed upon with the employers some time ago, and also for a recognition of the union.

Strike in Building Trades

Rochester, N. Y., Nov. 14.—Seven hundred union bricklayers, masons and plumbers went out this morning on account of a quarrel with the Central Labor union.

For Increase in Wages

Albany, N. Y., Nov. 14.—The union plumbers went out this morning, demanding an increase from fifty cents to sixty cents an hour and to enforce recognition of the union.

To Enforce Closed Shop

Lockport, N. Y., Nov. 14.—The union moulder struck this morning to enforce a closed shop and an increase of pay.

despite the stormy weather a good audience gathered and contributed a generous collection. The artistes included in addition to Gray's Orchestra, Mrs. MacLaughlin, Misses Ethel and Mabel Gray, Mr. W. M. Brown, Mr. J. S. Gray, Mr. Fred Archer, and Mr. W. Gauld.

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

Social Notes

Miss Sawle and Miss Delorme, Fifth avenue, will receive on Tuesday evening, November 15th, and afterwards on the third Tuesday evening of each month.

Congratulations are due to Alderman and Mrs. Mobley to whose house the stork paid a visit on Sunday morning, bringing a fine baby girl.

On account of the illness of her daughter in Portland, Mrs. C. R. Black left for the south by the Camosun Saturday morning.

More Household Hints
Rice water may be used to starch the finest lingerie garments.

Apply a raw onion to the sting of wasp or bee to stop the pain.

A Panama hat can be greatly whitened by rubbing it with cornmeal.

Cold lamb is much improved by having a cream dressing poured over it.

Apple juice, which may be bought at the grocer's mixes deliciously with grape juice. Use equal parts with cracked ice.

Olive oil, if it is pure, is a splendid thing for the skin. It has been used in the Orient for thousands of years as a beautifier.

Stains and discolorations on tinware can be removed by dipping a damp cloth in common soda and rubbing briskly.

Cut sheets of tinfoil and place under flower vase doilies, and there will be no trouble with dampness affecting the furniture.

Should a Wife Draw Salary

Some of the good people of Victoria have been much agitated of late over the question of whether or no a wife should draw a definite salary for her services as head of the household. The discussion has aroused almost as much interest as that of the older issue of how the income should be divided.

Indignant at the idea of receiving pay for service in the home one of the contributors writes:

"Of all the new fashioned theories, this of the payment of a salary to a housewife seems the most mischievous. We Canadians, are accused like our neighbors of money worship. But most of us are near enough to primitive life to know that there are things in the world that no money can buy and that these are the most precious. And of these none are so precious as the services of a wife and mother. To try to divide her duties is as useless as it is wrong. No good wife is merely the keeper of the husband's house. Into the commonest or the highest tasks, the spirit of love enters or they are not well done. They too, are one, and we are told it is because the house belongs to both, that it is a home."

"Who can pay a mother for the love which is as essential to the growth of a child's soul as the sun and air and food are to that of its body? Does any woman believe that this love is not woven into every piece of work she does for the child from the first stitch in the tiny garment, to the last task she performs for him ere death comes to still the busy fingers or to separate mother and child?"

"What can buy the sympathy and help which the true wife is ready to give her husband in joy and sorrow, in success and adversity? Would it not be degradation unbearable for such a wife to be looked upon in the light of a housekeeper?"

"Let the woman who values her independence earn her salary in the

NO GREAT ORE BODIES AS YET

BUT EXCEPTIONAL VALUES IN VEINS DISCOVERED

An Expert Prospector's Summing Up of the Mineral Wealth in the Valley of the Skeena—Predicts Great Mining Activity Next Season.

T. F. Sutherland, the well known mining man, was at the Premier Saturday evening, waiting for the Princess Royal to come in to take him to Vancouver. He intends to spend the winter there. In an incidental chat he had an enthusiastic word to say of the rapid development of the upper Skeena district.

An Old Prospector

Sutherland had done a lot of prospecting in the Kootenay country before he came up here five years ago, and since that time he has traversed a wide range tributary to this city, which he makes his home. This season he started from Bear creek in the Portland Canal district and worked his way across the wilds, prospecting as he went, as far as the Babine mountains. From there through a fairly well mineralized country to Ashcroft where he took the railway to Vancouver and returned here by boat.

Part of the summer he was prospecting and looking up mining properties for capitalists in the vicinity of Hazelton. He says that this season there has been more prospecting done in that district, and more successes scored than in any previous year. That is to say, they have more claims likely to become mines located than ever before.

No Wild-Catters Yet

"Nine Mile Mountain and around there is attracting the most attention at present," he said, "owing to the development of the Silver Cup and the Lead King. But many other claims have been bonded recently, and in every case good prices have been maintained. This could not have been the case were there not good prospective values. Later on, probably, claims may be sold for a song or for fabulous amounts. The camp is too new yet for wild-cat speculation. It is now a period of active, honest development, but the wild-catters will be swarming in, I suppose, before next summer is over."

Silver Values Good

"Nine Mile will in my opinion be a big silver lead camp. There are not any what you might call large ore bodies yet discovered, but the silver values in the lead contents of the veins uncovered are exceptionally good. In the district the silver contents run from two to five ounces per unit of lead. This is high, as the St. Eugene, which is the leading silver-lead mine of the Kootenays, only runs one-third of an ounce of silver per unit of lead."

Skeena Valley Development

"They are also having considerable success in their mining operations at Hudson Bay Mountain, in the Hunter Basin and at the head of the Telkwa river and Milk Creek. Then again, I understand they have had a successful season in the development of the coal measure, by diamond drills and other machinery of development, so I feel assured that next spring will see considerable activity all along the Skeena valley and the country tributary."

FUEL FAMINE THREATENS

Drivers of Coal Wagons Join Strike of Express Drivers in New York

(Special to the Optimist)

New York, Nov. 12.—The union drivers of coal wagons have joined the express drivers' strike and in consequence a coal famine is threatened. Mayor Gaynor and the state officials are taking a hand in aid of the unions, to see if an agreement cannot be reached with the express companies.

SIR GEORGE IS STILL TALKING

IMPERIAL FEDERATION HIS PARTICULAR HOBBY

On His Return from Prince Rupert to England He Says Canada Is Fully Alive to All Questions of Imperial Interest.

London, Nov. 8.—Sir George Doughty, who was defeated in the Grimsby constituency at the last election, has been giving his views on Imperial federation since his return from Canada. He says:

"I am keenly in favor of a Federal parliament which may deal with all questions of Imperial interest. Imperial defence is a question which is being much discussed in Canada. The more it is discussed by influential Canadians the more do they realize that the time has arrived when there should be an attempt at establishing a union of British States. Canada is already a nation and if through any misfortune or lack of appreciation on our part, of her position, she should become separated from the mother state, there would be grave danger for both of us. National jealousy as well as national ambition would cast lingering eyes on that great province of British Columbia, and it would be impossible for Canada to withstand any nation, say Japan, seeking opportunity for extending her area, or to prevent annexation by such a power of that Dominion. From the standpoint of security of their great national assets, it is essential that behind the Canadian government and its provinces there should be the silent, forceful power of the British navy and British prestige."

WHO IS TO BLAME?

The deadlock which has arisen in the colonization plans of Mr. Norton Griffith in connection with the Naas Valley lands owing to the failure of the cable or telegraph companies to forward his money on time should be thoroughly investigated. No one for a moment supposes that the plans of Mr. Griffith will be frustrated owing to the delay in forwarding the deposit money. That would be too serious a calamity to the inhabitants of this district for them to contemplate lightly.

The chief result of the incident it is to be hoped will be a shaking up in the telegraph offices, and a better telegraph service to northern British Columbia. The incident comes as the climax to a long list of grievances which business men of Prince Rupert have against the telegraph companies.

Who is to blame in the present case, no one can say. Who is usually to blame, usually no one knows. That is the irritating feature which adds to the annoyance of most of our telegraphic troubles. That is the point which should be made the object of an investigation.

Prince Rupert is in the difficult situation of having to depend on a message safely traversing the wires of two separate systems in order to have communication with any point further south than Ashcroft. It has been stated, though without verification, that the C. P. R. line south of Ashcroft was down for thirty hours last week. This we know, that the business men of Prince Rupert who depend on the telegraph system for many important matters of business, like ourselves, have very frequent cause for complaint.

The straightening out of the Norton Griffith dilemma would be a good opportunity to find out something pertinent about our telegraphic difficulties.

The New York Herald is the latest paper to harp on the tune that Canada may safely repose under the protection of the Monroe doctrine, and let its navy remain unbuilt. It says of Canada: "It is efficiently guarded by the sea power of the Empire. If this should fail the Monroe doctrine and the forces of the United States would protect it from foreign aggression and conquest."

The Vancouver Province fears however that the Monroe doctrine is so elastic in its interpretation that after the trouble was over the Dominion might wake up and find the 49th parallel pushed up against the sun's borealis.

Perhaps that solitary Jeremiah who is calling out for the citizens of Prince Rupert to be good and please the Grand Trunk Pacific by offering to pay their taxes for them, will yet do the logical thing and agree to pay them out of his own pocket. Then we will all be satisfied.

That story about three men in a boat in the harbor on Saturday, banding a magnificent skat, reminds us that it is not the first time that three men in a boat have gone out fishing and returned with a magnificent skat.

EDITOR RICHARDSON HAS THE OFFER OF A SEAT

Same District in London New Represented by Fighting Joe—Does Not Clearly See How He Can Leave Winnipeg Tribune.

London, Nov. 10.—R. L. Richardson, of the Winnipeg Tribune, by his eloquent oratory during his recent visit when on several occasions he spoke in St. Pancras district, so impressed the Liberal-Radical Association of South St. Pancras that he has been offered the nomination at the next general election. This constituency joins that of East St. Pancras, where Joe Martin had a squinting majority last general election, and is at present held by a Unionist, Captain Jessel, who wrested it from a Liberal.

Winnipeg, Nov. 10.—Quizzed to

day regarding the cabled report that he had been invited to contest the South St. Pancras riding in the Liberal-Radical interest at the next general election, R. L. Richardson, editor and proprietor of the Tribune, said he had been greatly flattered by that offer and still had it under consideration. He would welcome the opportunity of joining in the fight against the House of Lords in that constituency but his business interests here made it very difficult for him to get away for any considerable length of time. He would reach a decision shortly.

Constable Taylor, of Stewart, Had His Conduct Investigated

Victoria, Nov. 10.—The immediate resignation of Provincial Constable Taylor, for some time past stationed at Stewart, has been asked for by the attorney-general, as the result of a quiet investigation on the part of the chief constable of the district following an activity of rumors as to Constable Taylor's abuse of his official position.

How Local Option Has Worked at Owen Sound According to Statements Made at Convention—More Money Being Invested.

Owen Sound, Nov. 9.—Today, the thirty-third convention of the Provincial W. C. T. U. was brought to a successful close.

Something to do with its success is the fact that this city has been the battle ground of opposing powers for the last couple of years, watched keenly alike by both sides.

The local view, from one standpoint only, was brought out in the series of short speeches of yesterday's luncheon.

"Some say," said one business man, "that Owen Sound has gone dead. It is not so. Never in a simple twelve months has so much money been invested as during the last year."

"The people that call this the worst place in Canada have forgotten what it was like when ten bar rooms were busy."

"Local option is by no means a complete cure for all temperance evils, but it is the best piece of temperance legislation we have got," said one merchant.

"Drunks make a bigger showing in the police court now than under the old order, when it was not illegal to be drunk," is the opinion of a teacher.

"There was more liquor sold illegally after hours and on Sunday under the license system," said one who had boarded at a hotel, "than is sold altogether now."

"Talk of blind pigs," another speaker remarked, "a pig with eyes open is twenty times more dangerous than a blind one."

Cure for Drink Craving

The Journal de la Santé contains the following: A man feeling the effects of alcoholism consulted a doctor, who gave him a bottle of physic. "Now note," said the doctor, "it is a virulent poison and must be taken with the greatest care." The patient bought a minimum measure, and commenced with a few drops in his wine. Little by little the poison discolored the wine. In time there was no place in the glass for wine. The patient was taking nothing but poison. Then he felt cured. Going to the doctor he asked the name of the "poison" for the benefit of his dubious friends. "It is pure water," said the doctor.

Swedish Doctor Claims to Have Conquered Disease in the Throat

Stockholm, Nov. 11.—Medical men are investigating the claims of Dr. P. F. A. Nyenscill, who has introduced several patients, known to have had consumption of the throat, as cured. Among them is a young girl who was so ill that she could take no nourishment whatever.

The method pursued by the doctor is said to be very simple, following closely upon Dr. Koch's method for fighting malaria. The doctor killed off the bacilli. The University of Upsala is investigating the claims.

OF ALL VARIETIES**BELLE ELMORE CERTAINLY DEAD****STATEMENT OF HER PERSONAL FRIEND MILLER**

Concludes That Some Other Woman Must Be Personating Dead Actress His Reply to Insinuations of Dr. Crippen.

Chicago, Nov. 10.—Bruce Miller of East Chicago, friend of Belle Elmore, the actress wife of Hawley H. Crippen, takes no stock in the story that the woman is alive.

"It's a canard, pure and simple," said Miller last night. "Crippen cast insinuations that I might know the whereabouts of his wife, and I went to London to prove that I had not seen the woman for over six years. She had two of my pictures in her room, but there was no attempt to conceal her friendship for both me and Mrs. Miller. Though the evidence was only circumstantial, it was conclusive, and no fair-minded individual who heard the testimony should have the slightest doubt about the identity of the slain woman.

I am sure that we are the only people she knew in this vicinity and it is certain she would not come here without visiting us.

"No, there is nothing to it. Some other woman must be impersonating the slain actress. If Mr. Tobin of Philadelphia thinks he has her located it would be an easy matter to have someone identify her. But she is dead. You may rest assured of that.

Appreciation of good accomplished helps more than advice on the good yet to be done.

Letters to the Editor**Fires the First Shot**Editor of the Optimist:
Section 65 of the new Provincial Liquor Act provides that no holder of a liquor license shall sell, give, or barter any liquor to, or permit any liquor to be given, sold or bartered to:

Any person apparently under the influence of liquor; any minor; any person who has acquired the reputation of being a drunkard or is known to periodically drink to excess, or to habitually drink to excess; or to any chauffeur operating any vehicle propelled by power and intended for the carriage of passengers, or any vagrant, tramp or prostitute.

Section 75 is more specific and prohibits any person from selling, bartering or giving intoxicating liquor to: any dipsomaniac; any person openly and notoriously addicted to drunken debauches or sprees; any person who openly and notoriously wastes his money in drinking liquor and in riotous living to the detriment of his family and those dependent on him, and provides the procedure for bringing any person under the operation of this clause.

Section 117 of the Canada Temperance Act provides: From the day on which this part comes into force and takes effect in any county or city, and for so long thereafter as, and while the same continues or is in force therein, no person shall, except as may be in this Part specially provided, by himself, his clerk, servant or agent:

Expose or keep for sale within such county or city, any intoxicating liquor; or directly or indirectly on any pretense or upon any device, within any such county or city, sell or barter, or, in consideration of the purchase of any other property, give to any other person any intoxicating liquor; or send, ship, bring or carry or cause to be sent, shipped brought or carried to or into any county or city, any intoxicating liquor; or deliver to any consignee, or other person or store, warehouse, or keep for delivery, any intoxicating liquor so sent, shipped, brought or carried.

Which should appeal to the thinking portion of the community! The former an honest attempt by the Attorney General of the province to grapple with the known evils of the liquor traffic, or the other framed by men who never enjoyed the responsibilities of office and which is an impudent attempt to dictate to people as a whole what they should and should not drink! Everyone admits that there are evils connected with the indiscriminate sale of liquor, but if these so-called temperance people were honest they would do their best to uphold the Attorney General in his efforts to suppress these evils instead of invoking a discredited Dominion law before the local measure has a chance to be tried. It looks as if some of these "reformers" were afraid their occupation would be gone if there were no drunkenness and they are willing to do anything rather than this should happen. Let the people of Prince Rupert administer an effective rebuke to these meddlers at the polls and then see to it that the Provincial Act is enforced against any and all offenders.

Yours truly,

WHAT'S IN A NAME**TWENTY DOLLARS IS OFFERED
FOR A GOOD ONE**

Messrs. W. S. Benson and the Law-Butler Co. Offer Prize for a Good Name for a New Town They Are Promoting in Pleasant Valley.

These two firms have acquired a piece of land for townsite purposes in the famous Pleasant Valley (a valley within the greater Bulkley) on the line of the G. T. P. Railway, about thirty miles east from Aldermere, and eighty-five miles from Hazelton, at the junction of the Bulkley and Buck rivers. It is the natural townsite of Pleasant Valley, which is one of the richest valleys and contains some of the best land in the interior of British Columbia. The land in the valley is all taken and the greater portion settled on. The trail to Francois, Fraser and Otosa lakes runs within a mile of the townsite and will be diverted to this town. The site is surrounded by the richest agricultural lands, as well as coal lands; is only five miles from the famous Barrett Ranch, conceded one of the best in British Columbia. Engineers and surveyors are now on the ground planning the site, and the above firms anticipate putting the lots on the market by January 1st. They have not, however, quite decided on a name for the town and believing thoroughly in the old adage that "everything's in a name" are going to offer a prize of Twenty Dollars (\$20.00) in Gold, for the most suitable and appropriate name for their new town.

Conditions are as follows: Contest open to the world. The name must be one word, not to exceed ten letters, and a reason given why the contestant considers it an appropriate name. The contest closes on Friday, November 25th, at six o'clock p.m.

Address all communications to either W. S. Benson, or the Law-Butler Co., Prince Rupert, B. C.

"I understand Brindle and his wife have quarrelled. What was the cause?"

"Why, Brindle lost his wife in the crowd and went about peeking under all the peach basket hats that looked like hers—and she saw him and got mad."

In a small party the subject turned on matrimony. A lady said to her sister, "I wonder, my dear, you never make a match! I think you want the brimstone!" "No," she replied, "not the brimstone, only the spark!"

Captain—What is strategy in war? Give an instance.

Sergeant—Well, strategy's when you don't let the enemy discover you are out of ammunition, but keep on firing just the same.

Lady (engaging servant)—I ought to tell you that we are all strict teetotalers here. I suppose you won't mind that?

Mary Jane—Oh, no, mum. I've been in a reformed drunkard's family before.

At a meeting of a medical society, the secretary read a letter from the consul of one of our far away possessions urging the need of a resident physician in his district. In the moment of silence that followed the reading, a young man arose and said modestly: "I wish you would put me down for that place, sir. It sounds good to me. My practice here died last night."

James K. Hackett recently said at a luncheon in Pittsburgh: "An actor should be modest, and most actors are. But I know a young actor who, at the beginning of his career, carried modesty almost too far. This young man inserted in all the dramatic papers a want advertisement that read: 'Engagement wanted—Small part, such as dead body or outside shouts, preferred.'"

"Your story is good," said the publisher to the author who had called to learn his fate, "but there is one thing about it that I can't understand."

"What's that?" queried the author.

"You have the climax in the middle chapter instead of the last," said the publisher. "Why is that?"

"Oh," answered the author, "that is a little scheme of mine to keep women from knowing how the story is going to turn out by reading the last chapter first."

FOUL LANGUAGE AGAIN

Magistrate Carss Imposes Smart Fine This Morning

George Munden appeared before the Magistrate in the police court this morning charged with having used profane, blasphemous and grossly insulting language on the streets. He pleaded guilty.

Magistrate Carss whose attitude towards this form of offence is one of increasing stringency, imposed a fine of \$8 and \$2 costs.

"This is an abominable practice," he said, "and one which I intend to put down as firmly as I possibly can."

To a further charge of having assaulted a woman, Martha Johnson, by striking her in the face Munden pleaded not guilty, and the case was adjourned till Monday.

WORKMEN FIND OLD ROMAN BOAT

SUNK IN THE MUD OF RIVER THAMES

Boat Is Sixteen Hundred Years Old, and Is Probably One of the First of Britain's "Ships of Oak"—Only Roman-Built Boat Ever Found.

London, Nov. 10.—A remarkable discovery, and from the antiquarian point of view a most remarkable one, has just been made in London. It is nothing less than the well preserved remains of an old Roman boat which must have sailed the Thames about sixteen hundred years ago.

In digging the foundations of the new palace of the London County Council on the south bank of the river at Westminster Bridge the workmen came upon some timbers about twenty feet below the modern surface and at the bottom of seven feet of solid mud, beneath which was a bed of clean sand. Experts declare the discovery to be a genuine Roman boat, the only caravel built Roman boat that has ever been found in England.

In it was found a coin of the year 292 of the Emperor Carausius, the great commander who rebelled against Rome and held his own in Britain for several years, and it is considered no great stretch of imagination to suppose that this barge formed part, if a humble part, of his—perhaps the earliest—British fleet. At any rate the vessel shows that they were good boat builders in those days. The planks are three inch oak along the bottom and two inch along the sides, and some of them are fourteen inches wide. Its gunwale strake is three inch oak, with big holes that may have been oar holes.

There were also found in the barge a coin of the year 80, some fragments of leather shoes and scraps of black pottery with the plain network pattern.

NO VISIBLE SUPPORT

John Carse Will Leave Town to Look for Work

Before Magistrate Carss this morning John Carse pleaded not guilty to the charge of being a vagrant without visible means of support. He said he had been working in the city for two years, had been to Vancouver and returned from there three weeks ago with money of his own. There was money owing to him also in Prince Rupert. Chief McCarvell said that accused had been hanging about hotels and street corners earning nothing, and that he had been seen to ask money from people who did not owe him anything.

One case in particular the Chief mentioned where the gentleman accosted in the twilight certainly did not owe accused a cent. Accused wished to call witnesses to prove his respectability, but Magistrate Carss allowed him to go on suspended sentence on the understanding that he would leave the town to look for employment.

TEMPLEMAN AT VICTORIA

ACCEPTS RAINBOW ON BEHALF OF GOVERNMENT

Minister Said Occasion Marked a New and Important Epoch in History of Dominion as Signalizing Birth of Canadian Navy.

Victoria, Nov. 9.—There was a distinguished gathering at the provincial and civic reception to the cruiser Rainbow, which was held on board that vessel yesterday afternoon. The proceedings were opened by Hon. William Templeman and Mr. S. J. Desbarats, deputy minister of naval affairs, who went on board at 2:30 p.m. to take formal possession in the name of the Dominion Government.

All hands having been called aft to where an awning was spread over the quarter deck, the Rainbow was formally welcomed to Esquimalt. Hon. William Templeman, who spoke first, said he esteemed it a privilege and an honor to have been commissioned by the minister of the naval service to welcome them.

"The arrival of the Niobe at Halifax and the Rainbow at Victoria," he said, "marks a new and important epoch in the history of Canada. It seems to me, remembering the history of Canada as I do, that this is the most important event in Canadian history since the struggling and widely severed provinces joined themselves in a federation some forty years ago."

Canada, he continued, had progressed to a remarkable extent. Within the past few years she had acquired some self-reliance. She had perhaps rested too long on the motherland in a matter of such great importance as the national defence. Today he did not think there was a single patriotic man in Canada who would not say that Canada should find the men and money to better take part in the defence of her commerce and her homes.

If there was still any difference of opinion as to the manner of discharging that duty, the difference would disappear. The policy of joining in the defence of the empire would find support from everybody. Out of this policy the Canadian navy had come into being. It was begun today and would be perfected until it was thoroughly effective. The arrival of the Rainbow signalized the birth of the Canadian navy. He concluded by welcoming Captain Stewart, the officers and men in the name of the Canadian Government and people.

FORMED INTO COMPANIES

The Helgerson Brothers Real Estate Business

The Helgerson Brothers whose energetic and enterprising character in the real estate circles of Prince Rupert has earned them their excellent business reputation, recently arranged for the incorporation of the firm into a company under the title of O. M. Helgerson, Ltd. This company with an authorized capital of \$50,000, and a paid up capital of \$10,000 will do business principally in Prince Rupert real estate.

A second company entitled O. M. Helgerson's Securities, Ltd., has been formed to do business in outside properties, the prairies, and subdivisions. The authorized capital of the last named company is \$250,000, and the paid up capital \$25,000. The Helgerson Port Mann interests will be controlled by this company.

Real Estate Deal

Messrs. McCaffrey & Gibbons concluded a deal in real estate this week whereby Lot 11, Block 7, Section 5, was transferred to the ownership of D. R. O'Neill, a Vancouver druggist. The amount paid for the property is \$3500.

The church often fails at works because the preacher is so anxious to succeed in words.

FORESIGHT IS A BOUTI-
FUL REWARDER

I would not sell you a lot unless I conscientiously believed it would make you big money. We pay cabin rent when you can buy a lot close to the road and on a sidewalk for \$10 a month for 15 months. Remember, you save two rents, one in cash and one in the increase in value of the property... I sell at the lowest prices and give the easiest terms in sections 7 and 8.
