MEXICANS HAVE AGREED TO LAY DOWN THEIR ARMS

BOAT CAPSIZED IN SKEENA RIVER W. H. TULLY AND WM. GRANT LOST

Sad Accident Mars the Opening of the Navigation Season---Men Left Steamer Skeena in a Row Boat to go to Kitsumkalum---Upturned Boat is Found in Little Canyon But no Trace of Men---Tully was well Known as Port Engineer for Messrs. Foley, Welch & Stewart---Grant was Fireman on the Steamer Skeena

(Special to the Daily News)

Kitselas, May 18.—A sad accident has happened near here, by which it is feared Mr. W. H. Tully, port engineer forFoley, Welch & Stewart, and William Grant, fireman of the steamer Skeena, have lost their lives.

Tully who had come up on the Skeena from Prince Rupert left Kitselas at noon yesterday to go to Kitsumkalum in a small row boat. As the steamer Port Simpson was entering Little Canyon, the captain and passengers discovered their boat turned over, and the oars floating down the river. The boat had evidently been capsized, losing Tully and Grant in the Canyon, which on account of the high water is now a fierce raging torrent at that point.

Tully who is aged about forty has been indetified with steam-boating and shipping interests on the Yukon for the past ten years. His mother lives at Los Angeles, California. Grant is aged thirty. Neither of them are married.

By the overturning of their boat in the Skeena river, W. H. Tully, port engineer for Messrs. Foley, Welch & Stewart, and William Grant, fireman, have been drowned. The accident occurred yesterday afternoon. The men were going down river from Kitselas to Kitsumkalum, where Mr. Tully was to join the Omineca. In all probability the open boat in which they were making the trip was capsized in Hankin's Riffle, though this is not absolutely certain.

Men Wree Missed

The men were expected on the Omineca, and when after delay, they did not appear Captain Johnston set off up river to look for them. He found no trace of them, but learned that the Port Simpson going up to Kitselas had met an up-turned boat coming down. The boat was the one taken by Mr. Tully, and although search is still going on for the men, it is practically certain that they have been drowned.

Tully was Old-Timer

Engineer W. H. Tully came to Prince Rupert with the Caledonia three years ago, and was a well-known and very pupolar old-timer of Prince Rupert. He was promoted to the position of Port Engineer for Messrs. Foley, Welch & Stewart two years ago. While in town he resided in the Premier Hotel, and though very quiet and reserved, won friends everywhere by his unfailing cheerfulness. He was a native of Halifax, and his aged mother now resides at Pasadena near Los Angeles, California. Mr. Tully was about forty-five years of age, and unmarried. He knew the coast of Northern British Columbia very well, and had also spent a number of years in the Yukon District.

The fireman, William Grant who accompanied him on the disastrous trip had only this season joined the boats, and was not well known in Prince Rupert, but enquiries are being made about him.

A Last Letter

Strangely enough, the telegram conveying the sad news to the Daily News office reached here, at the same time as a letter from Mr. Tully himself. It had evidently been delayed in transit, for it was dated on Saturday evening, and said: "I am leaving on the steamer Skeena tomorrow morning for Kitselas Canyon with the rest of the steamer office staff, where I expect to be stationed for the remainder of the summer." The letter requested that the paper might be forwarded on to him, to keep him in touch with the news of Prince Rupert.

LIGHT WAY TO PRINCE RUPERT

Two New Lighthouses to be Erected at Dixon's Entrance

Of importance to Prince Rupert as another stride towards the establishment here of a great Pacific port is the news that the lighthouse tender Newington was at Digby Island this morning on her way north to Langara Island, where a new lighthouse of the first order is to be constructed. H. C. Killeen, district engineer, is with the vessel and besides surveying the site for the light will also go over the ground at Rose Spit, where another lighthouse is to be erected. Both these lights are in Dixon's Entrance and will be of great benefit to mariners plying in those waters.

Captains of the large steamers which so far have made the port of Prince Rupert have all declared that with the installation of a few more aids to anvigation in the shape of lighthouses and beacons Dixon's Entrance will be one of the easiest and safest approaches to a harbor in the world.

After Terpsichore

Tonight at nine o'clock the Kaien Island Club dance will commence. The dance is open to members and their ladies only. Gray's orchestra will furnish the music.

BRIGHT VICTORIA DAY FOR BOYS AND GIRLS

Full Programme of Juvenile Sports Planned for the 24th—Four Regular Adult Events and Address by Mayor—Scene that is Selected is on the G. T. P. Wharf.

Not a great many citizens attended last night's meeting in the Court Room to arrange for the celebration of Victoria Day, but the indefatigable score or so who were there made up in energy what they lacked in numbers. The result will be a very entertaining Children's Programme of sports, and several events for adults which will be keenly contested. These adult events include a three mile race, a half mile race, a hundred yards dash, and the unforgettable fat Men's race.

Wharf Scene Selected

Chief Vickers as Chariman of the Grounds Committee with the other members went over all the likely places for a sports and race programme, and the decision of the meeting was in favor of the wharf. A wide and roomy space well adapted for the racing events for the youngsters, and for the shorter distance adult events exists on the wharf between the Foley, Welch & Stewart warehouses, and the Grand Trunk premises. This stretch is newly planked, and stretching along beside it are the terraced piles of rails latelylanded here, which will form a most convenient grand stand. Mr. McMaster who gave permission for the use of the wharf, has also most kindly offered to have the space here cleared of all encumbrance for the occasion, so that Children's Day may be made a success.

Mayor Will Give Address

An instructive address to the children reminding them of the significance of Victoria Day, will be given by Mayor Manson, and the sports committee is also working in conjunction with Mr. J. S. Gray and his helpers who are organising the Indian Band Competition. The members of the Overseas club are also co-operating as the Club's Concert and Tug of War contests are to be a feature of the day's entertainments.

Today Mr. J. R. Beattie, and the members of the Finance Committee made a canvass of the merchants of the city most of whom have already promised prizes for the childern. There is very a desire on the part of the merchants to make the Children's Day a pleasing one. A list of the names of firms contributing prizes will be published later.

MR. PRUDHOMME'S APPEAL COMES UP NEXT WEEK

Local Hotelman is Applying to the Supreme Court for a Mandanus Compelling the License Commissioners to Renew His Savoy Hotel License—Interesting Action

Interest grows keenly expectant in the forthcoming case of the Savoy Hotel Licence which somes up for decision on Monday, the 22nd inst. As will be remembered the case is apparently the outcome of the stormy meeting of the first Licence Commission of Prince Rupert. In the absence of Commissioner Vernor Smith the business of dealing with Mr. A. J. Prudhomme's application for a liquor licence for the Savoy Hotel fell to be dealt with by Commissioner F. Stork (chairman) and Commissioner Merryfield. Commissioner Merryfield after the meeting had been opened and preliminary business done, flatly declined to vote. The Chairman put the motion to grant the licence, voted in favor of it himself, and declared the licence granted by his casting vote. Whereupon Commissioner Merryfield got up and walked out. Mr. Prudhomme obtained his licence and opened his bar.

Voted on Renewal

At next meeting of the Licence Commission Mr. Prudhomme made application for renewal of his licence, and also for a new licence. All three commissioners were present, and Commissioner Stork moved that the application for renewal of the Savoy Licence be considered. This motion was voted on, and lost. Commissioner Smith, however, stating that if Mr. Prudhomme would put in an application for a new licence in March he would vote for it. The application at this time for a new licence was voted down by Commissioner Smith and Commissioner Merryfield. Mr. Prudhomme closed his bar, and the question was how was he to dispose of his stock of liquor. The licence commissioners authorised him to sell.

Renewal not Considered

After the January election Mayor Manson took Commissioner Stork's place as chairman of the Licensing Commission. Mr. Prudhomme applied in March for a renewal of his former licence, and for a new licence. The commission ruled that the application could not be considered, and turned down the application for a new licence. Mr. Prudhomme has appealed to the Supreme Court for a mandamus ordering the commission to renew his licence. He claims that by the act of the commission in voting on the question of considering his first renewal application the Board admitted the existence of a licence. The matter of the disposal of the Savoy Bar stock by permission of the commission is an important point also which will be brought out in the case.

GRAND JURY CONDEMN THE VANCOUVER JAIL

Say it is Unsanitary—Provincial Government Should Provide Better Accommodations for Aged and Poor—Want Liquor Traffic Regulated in Some Better Way

(Canadian Press Despatch)

Vancouver, May 18.Strong indictments of the liquor traffic in this city and a vigorous condemnation of the condition of the goal here, are contained in the grand jury's presentment issued today. The grand jury hold that it is a disgrace to a city of this size and prosperity of Vancouver that such conditions should for a moment be tolerated.

Recommend Inspection

With the condemnation is coupled a list of recommendations by the grand jury suggesting closer inspection of the liquor traffic. Police substations are also recommended, and a new gaol, and home for girls. It is urged upon the city also to provide proper accommodation for the old people now a charge upon the rates.

Liquor Revenue

It is pointed out in the recommendation of the grand jury that Vancouver netted at last estimate, approximately $127.000 from the liquor traffic and the suggestion is made strongly that the victims of the liquor traffic would be better provided for by the construction of a proper gaol where work might be found for them to do.

The Terrible Accidents in the First avenue cut last Saturday and on the G. T. P. line yesterday and the "could be" accident in the cut on Fifth street last Monday should be a very strong suggestion to **you** to take out an **Accident Insurance Policy** at once. John Dybhavn in the Exchange Block is writing them on low premiums. 2t

AUTOS BURNED AT WINNIPEG

Central Garage Destroyed with Forty Cars—Loss $210,000.

(Canadian Press Despatch)

Winnipeg, May 18.—Forty automobiles valued at $150,000 and a building valued at $60,000 were completely destroyed by fire last night in this city. Scarcely a vestige of the building now remains on the property once occupied by the Central garage.

Was Spectacular

The fire was the most spectacular ever witnessed in Winnipeg. One thousand four hundred gallons of gasoline were stored in the building, and when this caught fire, a great pillar of flame shot up into the sky like an immense torch illuminating the city. This made it impossible to rescue any of the cars or fight the flames.

Millionaires Mourning

Among the cars in the garage were some of the finest in Winnipeg. It is believed that all the owners had signed waivers of fire risk, and none of them are covered by insurance. The destruction of the forty cars means a great loss of money, and much inconvenience to the millionaries of Winnipeg, many of whom now are car-less.

ARMISTICE AGREED UPON

Tomorrow Every Man in Mexico Will Lay Down His Arms

(Canadian Press Despatch)

Jaurez, May 18.—As the first outcome of the peace negotiations a general armistice between the revolutionists and the Federal troops has been agreed upon. The order was issued this morning, and will come into effect at sunrise on Friday morning.

BIGGEST STREET BLAST DANGEROUSLY DELAYED

Loaded Fifty Foot Boring on Watson's Cut Found Filled With Sand When Shot Was to Have Been Fired This Morning

Workmen on S. H. Watson's contract on Second avenue beyond the Junction are today engaged in the perilous task of endeavoring to clear a long loaded boring which was found filled with sand this morning when the shot was to have been fired. The blast is to be one of the biggest yet fired on the street grading work here. The dangerous delay caused is occasioning the contractor much anxiety.

Fifty Foot Boring

All week the work of preparing for this shot has been in progress. The boring is over forty feet deep, and the hole is almost fully loaded. Mr. Watson planned to have the last stage of the loading completed this morning, and the shot fired early today. But when the powder man got to the place, he found that during the night the boring had been filled with sand. It is a tedious and dangerous task to remove this, and may delay the shot for days.

While it is a little early yet to attribute the trouble to any particular person or set of persons who may have done the mischief with malicious intent, the matter is being thoroughly investigated.

Go and See

An up-to-date ice cream parlor, fruit and confectionery store, is being opened tonight by Sam Gowen in the premises formerly known as the Washington Cafe next door to the old Optimist office on second avenue. The premises have been transformed in up-to-date style with private boxes and every appliance for the appetising production of delectable ices.

Mr. T. D. Pattullo is returning to Prince Rupert on Saturday on the Prince George on a business trip. He will be coming on behalf of investors whom he has interested in Prince Rupert while down south.

WILL PUBLISH ARTICLE ON PRINCE RUPERT

Editor of the Springfield Union, Leading United States Newspaper, Writes to the Daily News for Material for an Article on Prince Rupert Which Paper Will Publish

The attention which Prince Rupert is receiving in the eyes of the big American cities was emphasized again today, when the Daily News received a request from the editor of the Springfield Union, to forward copies of the Daily News and other material to be used in a special article which that paper will publish dealing with Prince Rupert.

That request will be well complied with, you may be sure, for the Springfield Union is one of the leading papers in the state of Massachusetts. It has editions in the morning, and editions at night. Then to make sure that the news field is not neglected outside of office hours, it has an edition on Sunday also.

The publicity which comes in the form of news articles in the leading newspapers is the best kind of publicity. Money cannot buy it. It comes only by merit. Prince Rupert has entered into the merit class now.

CARPENTERS ACCEPT COMPROMISE

Victoria Strike is Practically at End Now

The carpenters of Victoria have come to an agreement with the employers to compromise their dispute by accepting an advance to $4.25 a day for eight hours' work. There is still a dispute over the question of an increase to $4.50 a day at the end of six months.

"The newspaper, with the law, should assume the accused innocent until proven guilty; should be the friend, not the enemy of the general public; the defender, not the invader of private life and the assailant of personal character. It should be, as it were, a keeper of the public conscience."—Henry Watterson.

DAILY EDITION. THURSDAY, MAY 18

AN AMBULANCE IS NEEDED

The spectacle of the two unfortunate workmen who were injured up the line on Monday morning being conveyed to the hospital from the train on the rocking floor of a heavy freight wagon, emphasised the need the city has for a proper ambulance.

The sight of a strong man writhing in agony, is heart-racking enough. The sight of the two victims—one suffering agonies with a broken thigh—lying on the floor of the wagon, with only the hard tailboard of the cart for a pillow, their heads a foot below the level of their bodies as the cart climbed the steep declivity of Centre street, was one to convict us all of contributory negligence in not having a proper ambulance, or at least some proper stretchers for conveying the suffering men to the hospital.

The scene is one that may be repeated any day. The road-bed of every railway is damped with blood. Accidents and fatalities are an unavoidable sacrifice on the altar of progress. Our own street grading work has meant death to one man, and maiming to several others. With the growth of the city the accident toll is bound to grow larger. An ambulance we are bound to have sooner or later. Getting it sooner may mean all the difference between life and death to many of us who will read these lines; it will certainly mean all the difference between doing all we can and not doing all we can, to alleviate the suffering of injured men and women and children.

At present no one seems to know where even a stretcher may be found. After a day's inquiry, we are told that there is one at the Provincial Office. There is none at the Police Station or on the wharf, the two places where they are most likely to be called for. For lack of a stretcher one of the men suffered till he screamed with pain, as his helpers sought to carry him on a blanket through the narrow exit from the caboose to the street wagon.

One kindly incident marked an otherwise entirely saddening episode. It was the action of the conductor of the caboose. With no equipment to provide for the care of the wounded men, he had tended the two unfortunates from the scene of the snowslide to the city. His bed, he had given up to the Bulgarian with the broken thigh. When the problem of how to move him came up, he proffered a blanket. When he saw how the man still suffered for lack of a proper conveyance he insisted on giving up the mattress from his bed to ease the sufferings of the man as they carried him to the hospital. Then he capped the kind deed by handing over his blankets to cover the unfortunates on their journey.

It was a kindly deed, that deserves more praise than it may receive. It was the kind of thing that made an observer feel glad to share in a common humanity that is capable of such unselfish acts.

But it was a poor substitute for a city ambulance. There can be no question of the city's need for that.

NOTES DUE

Some folk are never satisfied. Vancouver newspapermen are raising a fuss now, because they have been denied admission to the jail.

That story of the United States cruiser Buffalo suffering the tortures of Tantalus in Cordova harbor for lack of coal; would have gladdened the heart of Omar Khayyam. To be facing a territory containing hundreds of square miles of coal lands, which the Govern ment will not allow the Alaskans to work, to be 1,000 miles away from the nearest coaling station, the railway company, refusing to hand over any of its black diamonds imported at great expense from Canada. It is a merry mix-up, which Omar might have immortalised in a set of quatrains.

There is one thing left. The cruiser might take the coal by force. Then would the enforcers of the nation's law, break the law they would be stealing the coal to enforce. The captain of the Buffalo seems to be between the coal fiend and the deep sea.

PEACE NOW IS ASSURED

General Amristice is to be Declared in Mexico

PEACE ENVOY TALKS

Says that Armistice will Follow Within Twenty-four Hours—Madero Announces Agreement Has Been Reached.

(Canadian Press Despatch)

Juarez, May 18.—Peace is almost an assured fact at last. This morning Judge Carbajal, the peace envoy of the Federal Government made an announce ment that his conference with the Provisional President Madero had resulted in terms being reached. He said that barring unforseen difficulties, a general armistice would be declared within twenty-four hours.

Provisional President Madero also made a statement, declaring that mutually acceptable propositions had been reached at last, which assured peace to Mexico.

THESE JURYMEN HAVE NO CINCH

Jurymen at Cammorra Trial Treated Like Prisoners

The reluctance shown by jurymen to serve on the trial of the Cammorroa chiefs now proceeding at Viterbo, in Southern Italy, is easily understood. The case is expected to last a year, during which period they will be kept shut in.

Nor is this all. They know full well that after the trial is over they will stand a very excellent chance of being murdered by other members of the dreaded organization to which the prisoners belong; that is to say, supposing they do their duty in bringing in a verdict of guilty.

This is no fanciful danger. When the jury were released after the trial of a number of members of the Mafia, at Bologna in 1902, they were guarded by soldiers for several months. Yet one was assassinated and another severely wounded. Two others emigrated to the United States under assumed names and settled in New Orleans, yet they were followed and killed. The Mafia is, needless to say, merely the Cammorra under another name. The Black Hand is yet another offshoot of the same terrible murder society, and this was responsible for the assassination of a juryman named Pellizoni in New York a year ago. The unhappy man was the only Italian on a jury that convicted a member of the gang on a charge of blackmailing and arson, and was for that reason singled out for punishment.

He was found dead in his shop one Monday morning, having been first tortured, and then barbarously killed, sometime during the preceeding Sunday. No one was brought to justice for this shocking crime.

SONS OF ENGLAND

Election of Office Bearers Tuesday Night

Office bearers were elected Tuesday night by the Sons of England Society of Prince Rupert (S.O.E. B.S. Lodge Prince Rupert No. 318) at a meeting of the lodge held in the Carpenters' Hall. The following were the officers appointed. President, E. A. Woods: Past President, W. T. Barnes; Vice-President; A. E. Clark; Chaplain, F. A. Ellis; Secretary, F. V. Clark; Treasurer, A. W. Silversides; First Committee Man, S. King; Second Committee Man, J. E. Unwin; Inner Guard, A. W. Silversides.

The society now numbers over twenty members, and is in a thriving condition. New members are at all times welcomed. Englishmen, and the descendants of Englishmen are eligible for membership, also Welshmen. The society is social, and fraternal and aims at uniting Englishmen for mutual benefit.

THERE is an increasing demand for dwelling houses and apartments. Anyone having houses and apartments for rent to be vacant at any time in the near future should list them with us at once as we have many demands by mail from parties who desire to secure quarters by the time they arrive here.

I AM daily asked my opinion as to the permanent values of real estate in Prince Rupert for investment. To all such enquiries I honestly state that any Prince Rupert properties, at present valuations, are a good investment. but I advise my clients who are desirous of taking advantage of "snaps" to invest only where offerings are made at much below present market quotations.

WE are able to pick up for our clients who have ready cash for investments good properiies at from 20 to 40 per cent. below the market by careful watching of fluctuations and chances by our staff. If you have cash for investment and are looking for real bargains call in and talk it over. I can show you how to make quick profits.

Jeremiah H. Kugler

STURDY OLD CENTRE ST.

Under Twice the Traffic of Other Streets

IS STILL IN SHAPE

Lest Any Mistake Exist About the Situation Regarding This Plankway, Gen. Supt. Mehan Explains the Position of the G. T. P.

Users of Centre street (and who does not use Centre street in this city) will readily appreciate the fact that fully a hundred per cent more traffic passes up and down this much travelled plankway, than passes along any other street in town. Considering this Centre street is really in pretty fair shape, but in case the public may be under any misapprehension regarding the relations of the Grand Trunk company with the city council over this particular street, Gen. Supt. Mehan just mentions in passing, that his interview with Aldermen Kerr and Morrissey on the subject was a very amicable one. An impression may exist, however, that the G. T. P. are no longer supplying lumber for the repair of Centre street. This is not so. The city has all along been at liberty to take all the lumber needed from the G. T. P. yards at Hays Cove. Of late the broad planks have been used up, but two of the narrower ones make the same breadth as the single broad one.

Gen. Supt. Mehan wishes to await the arrival of Mr. Chamberlain before arranging for the replanking of Centre street because on his previous visit, Mr. Chamberlain wished to defer the rebuilding of the street until the sites of the station and other G. T. P. buildings have been settled on. This may alter the position of the street, and meanwhile the G. T. P. are supplying lumber to keep the street in repair. The transfer men had offered to haul the lumber free for the repair of the street, but they seem to have backed down, and the city does this. Mr. Mehan remarked that considering the amount of traffic passing along Centre street, its state of repair, and the fact that not a single serious accident has ever yet befallen a team upon it, is evidence of the efficiency of the city employee looking after the planks, and shows that he is supported as regards lumber supply by the G. T. P.

Yukon Now Open

Dawson, May 16.—The Yukon river is now open at Dawson. It is expected that all jams between here and Lake Labarge will be gone in ten days, so that the steamers can start for Dawson, Fairbanks and Iditarod. Eight hundred tons of freight and several hundred head of live stock will be brought by the fleet with the aid of eight scows.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

DAINTY DESSERT

Mock Charlotte Made Good, Makes Good

Mock charlotte is a dainty dessert, and one very appetizing for an invalid. To a pint of boiling water add sufficient cornstarch to make only fairly thick. Flavor with sugar, salt and vanilla to taste. Beat the whites of three eggs very stiff. Into the beaten whites pour the cornstarch and beat with a spoon (as one does boiled icing) until nearly cold. Place in a dish, and serve with a sauce made as follows: Into one cup of milk add the beaten yolks of the three eggs, flavoring with vanilla and sugar to taste. Place in a double boiler and cook, stirring constantly. Do not allow to boil. The result is a smooth, yellow sauce, which may be poured over the white pudding.

EMBROIDERY IDEA

Pretty Plan with White Lingerie Frocks

A new idea in embroidery is to decorate white lingerie frocks with colored oval disks. One very effective dress illustrating this was of white dimity, while the disks were of pale pink linen, and in three sizes. They were applied to the hem of the skirt to form a deep border in three rows, the largest disks being at the bottom. The smallest size only was used on the edge of the sleeves and to form a motif on the blouse-front.

These disks may be easily cut from a cardboard pattern. They are then basted in position, machine-stitched twice close to the edge to prevent fraying, the material beneath cut away and the machine-stitching then covered by two rows of fancy chain stitch. On the gown described, one row of the chain stitch was in pink, the other in black.

"MOTHERING CLASS"

Live Baby Figures in College Class Now

Our schools are turning out thousands of girls every year that are in no essential fitted for matrimony. Every woman should know about the care of babies, whether their own or those of some one else.

In the English school they have added to the curriculum a class which may be called "mothering, practical and theoretical." A real, live baby has been engaged as the "subject," while a trained nurse from one of the hospitals explains to the pupils the best way to bathe and clothe it and generally how to be a good mother.

Girls must be seventeen or over to enter this class. Each girl takes her turn in looking after the baby, a plump little girl aged thirteen weeks. Every little duty which the careful mother has to attend to in the home is taught the girls by the trained nurse. How to bathe the baby, how to cut out and make clothes for it, how to mix foods, scientific feeding and hygiene, cooking for the home and how to detect illness. They are taught to distinguish the "teething" cry from the "stomach" cry, the "pin" cry from just plain temper. The baby obligingly demonstrates all varieties of yell at stated intervals.

AN INCENTIVE TO MATRIMONY

Dame Fashion turns us into slaves;
She makes us fetch and carry,
And now she's doing all she can
To make us spinsters marry.

The bachelor girl is made to see
She cannot live alone,
For fashion has arranged things so
It simply can't be done.

E'en though one wants him not, one must
A husband have, alack!
For all the stylish blouses now
Are buttoned up the back.

KIDNEY ROLLS

Tasty Dish for Breakfast Table

For those who like kidney, rolls made of kidney meat are very tasty. Mix one-half cup stale bread crumbs, one-half small onion, finely chopped, and one-half tablespoon finely-chopped parsley. Season with salt and pepper and moisten with beaten egg. Spread mixture on thin slices of bacon and fasten around pieces of lamb's kidney, using skewers. Bake in a hot oven for twenty minutes.

FASHIONABLE BONNETS

Who Should and Who Should Not Wear Them

Bonnets are worn a great deal at the present time and prominent milliners say that they will be in fashion throughout the summer and probably in the fall. The type of bonnet one sees most often on the street is built up in rough straw, has a round crown quite covering the head down to the neck in the back and a slightly projecting poke brim, and is trimmed with a big bow set low in the back, and perhaps by some little prim nosegay or single flower posed near the edge of the brim in front. The brim may be lined with contrasting color or with self color.

But, it must not be imagined that all bonnets are built upon the same simple and conservative lines. Some of them are extremely audacious and many of them, unfortunately, unspeakably vulgar and ugly. Even the conservative and really pretty models are not suitable for all women. They are becoming and even attractive on a young and slender girl, but look perfectly hideous and absurd upon short fat women who have passed the period of their youth.

ITEMS OF .. SPORT

By the victory in the final of the English Football cup Bradford City has the honor of being the first holders of the Association cup—the third of the series.

Francisco Gordon Brown, one of the best known football players ever developed on the Yale team, died of diabetes at Glenhead the other day. He was a nephow of J. Pierpont Morgan.

Fight promoters declare they have made considerable headway toward securing the signatures of Packey McFarland and Matt Wells to articles calling for a fight in June. Wells is the champion British lightweight. It is said the weight question is the only thing that stands in the way.

After leading by six runs at the opening of the ninth Detroit lost the first game of the series with the Boston Red Sox because Boston got to Willet for seven runs and seven hits in the ninth after Detroit had tied the score in their half of the ninth. Boston batted in two runs in the first half of the tenth while Detroit could not get a man to first in the extra inning.

Manager Jack Tight has shifted his batting front shoving Cruikshank to the top and dropping Coacsh into fifth place. Cruikshank delivered the hits all right, so he will be kept there for awhile. This quiet young man seems to be quite a ball player no matter where he is placed.

James Jarvis, the national amateur champion lightweight boxer, has been suspended for six months by the registration committee of the Amateur Athletic Union for retiring from the final round of the Metropolitan boxing championship recently after a disagreement.

Prominent among the many claimants for the premier honors of the division which Abe Attell has dominated so long will be Pal Moore, Digger Stanley, Billy Allen, the great Canadian boxer, and Al. Delmont. Jem Driscoll may also try to lay a claim to recognition, but it is now taken for granted that the Englishman has graduated into the lightweight class. A study of the records show that Billy Allen has as good a claim as anyone to the title.

Joe Acton, the clever English wrestler, who now makes his home in Everett, must not be confused with old Joe Acton, also an Englishman, who was once a champion, but has now retired. The Everett man is right in his prime, while the veteran of the same name has passed out.

WILL STOP THE MILLS

Lumber Combine Afraid We are Getting too Much

A DRASTIC ACTION

Mills Catering to Retail Trade to Stop on Saturdays—Others to Stop Work on Four Days Each Month.

(Canadian Press Despatch)

Seattle, May 17.—The lumber manufacturers of Oregon and Washington have entered into an agreement to curtail the putput of lumber by 600,000,000 feet per year.

The plan involves the suspension of those mills catering to the retail trade every Saturday. Those mills which deal with the cargo shipping trade will shut down for four days each, every month.

Election of Officers

The following officers were elected yesterday by Prince Rupert Typo. Union No. 413, for the ensuing year: President, S. D. Macdonald; Vice-President, Edgar Choate; Executive Committee, F. Storck, H. R. Potts, E. J. Waterman; Secretary-Treasurer, W. D. Black.

NEW EMPRESSES WILL BE SPEEDY

Contract Calls for 23 Knots on Their Trial

It is stated that the two new Empresses which the C. P. R. are having built for the Pacific trade will be of 16,000 tons, making them the largest boats in the trans-Pacific trade. The contract calls for a speed of 23 knots on their trial, but they will be run at a sea speed of 18 knots. This is a knot an hour faster than the record made by the Empress of Japan eleven years ago, when she crossed in ten days, ten hours. If the new vessels were speeded they could cross in eight days.

BOSTON AND THIS CITY

Grand Trunk May Put Line Into Boston

CONTINUOUS LINE FROM HERE

Big Newspaper Devotes Much Space to Interview with Pres. Hays and Vice-Pres. Fitzhugh Great Significance to Prince Rupert.

Prince Rupert linked with Boston, by one continuous line of railway, sometime in the very near future, is in the horoscope, according to the information obtained by the Boston "American," a powerful daily newspaper in the largest city in New England. Representatives of the "American" interviewed President Charles M. Hays and Vice-President McHugh recently and the information obtained is to the effect that the Grand Trunk are seriously considering building a line into Boston to compete with the other roads entering there.

So eager are the Bostonians to get this project consummated that they have formed a club of prominent business men to use their influence in the matter.

Will Connect With Big Cities

The Grand Trunk already has a line running into Portland, Maine, and the Central Vermont railroad, operated by the G. T. R. runs from Montreal into New London, Conn. Portland is 115 miles from Boston on the Atlantic seaboard and New London is about 90 miles from the Hub City.

The significance of a direct line into Boston from here can easily be imagined by anybody with even half the ordinary imagination.

So much importance does the "American" place on the proposal that in their issue of April 23 almost two whole pages are given to it. Copies of these pages are pasted up in Uncle Jerry's office window.

What Project Means

There is also some talk of extending the G. T. R. line into Providence, R. I. If this is brought about Prince Rupert will be in direct communication with all the chief ports along the Atlantic coast and midway between the Orient, that great commercial market of tomorrow, and the great manufacturing centres of Eastern Canada and the New England States.

VISITED THE ISLANDS

C. P. R. Officials on a Tour of Investigation

Victoria, May 17.—Messrs. H. W. Brodie, general passenger agent, and F. W. Clendenning, general freight agent for the C. P. R., have just returned after a tour of the settlements and ports on the Islands route. The C. P. R. is considering putting a boat on the Islands route.

'Twill Be a Dandy

The Salvation Army officials say the concert in the Citadel tomorrow night will be the best given this year. The others were dandies.

Classified - - Advertisements

One of the best services the modern newspaper gives the public is in the classified advertisement columns. There buyer and seller, employer and worker, landlord and tenant, and a host of others meet on common ground. To put this modern convenience in reach of everyone the News will reduce its rate to a nominal price of a cent a word per insertion. Minimum charge of 25 cents. Here is our Classified Advertising Column for today. Watch it grow.

MINERS ARE NOW BUSY

Budget of News from the Stewart Camp

ACTIVE PROGRESS

New Water Power Plant at Red Cliff is Nearly Completed—Party of British Shareholders Will Come in July.

Stewart, May 17.—Engineer Cowie is making excellent progress in the installation of the water power plant, and has received the last of the shioments, including a Tuttle water wheel for Red Cliff Mine.

In July a large number of English shareholders of the Red Cliff Mining Co. Ltd., headed by Mr. Chadwick, one of the heaviest shareholders, whose son is on the English Board of Directors, will arrive here to inspect the property. By that time a spur from the Canadian North Eastern Railway will have been laid to the property, and the mine will undoubtedly have joined the shipping ranks.

Portland Wonder

There is a rumor going the rounds that strong interests are quietly picking up the stock with a view to securing control. The property has been under development practically all winter and the mine is said to be looking better than at any period in its history.

Glacier Creek

The Directors of the Glacier Creek Mining Co., Ltd., have secured the services of W. J. Elmendorf, M. E., as consulting engineer, and development will be undertaken in the continuation of the present tunnel, immediately.

International

An additional contract for tunnel work has been let to Roy Clothier, who has during the past winter driven over 200 feet on this property.

Big Casino

Word has been received from Vancouver that William Irwin is successfully engaged in a reorganization of the company with a view to secure further capital so that the property may be developed on a proper scale.

Bitter Creek

Manager George Brown who has been ill in California for some weeks is reported to be on the road to recovery, and by the end of the month is expected here to resume charge at the mine.

Iron Chief

Roy Clothier has been instructed to take charge of the development of this property by those who have the claims under bond.

To Resume Operations

Major R. G. Edward-Leckie is expected in camp at the end of the month to resume development on several properties in which he is interested. The partnership heretofore existing between the Major and H. B. Williams, mining engineer, has been dissolved, Mr. Williams having accepted a year's contract to go to Soudan. Major Leckie will be accompanied by another engineer who will have charge of his local mining interests.

The old original Royal 15-cent Lunch, which was formerly on the Rupert Road has re-opened in the Royal Hotel. Entrance off 6th street. 111-113

BRITISH MONEY FOR STEWART

Red Cliff Mining Co. Floats Stock in London

News has been received from Vanouvcer that the Red Cliff Mining Co. of Stewart has been successfully floating on the London market the company's stock, though the control has been left entirely in the hands of the Canadian shareholders. The importance of this announcement lies in the fact that London capital interested in mining ventures has at last entered the camp in almost substantial manner. The direct for securing this interest is due to the excellent work of Mr. A. D. Tennant in placing the property before English investors. A. Erskine-Smith, president of the company, has developed the Red Cliff mine largely on western capital, and it is satisfactory to recall the splendid achievements of the past two years when an undeveloped prospect has been successfully brought to its present stage through his untiring efforts. Mr. Smith, who is the largest individual shareholder, will remain at the head of the company.

The price of Reilly's homemade bread has not and will not drop below three loaves for a quarter. Reilly's Bakery Lunch is putting out a seventeen ounce homemade loaf ofexcellent quality.
