LEGISLATURE STILL IN SESSION---BUT NO MEMBER FOR SKEENA DISTRICT

UNDESIRABLES MUST GO SAYS POLICE COMMISSION

Mayor Instructs Police Chief to Clean Out All Gamblers, Tinhorns, Blind-Pigs and Crib Keepers--- Will Vote Special Fund for Getting Information.

Today Mayor Manson and his new police commission consisting of Alderman Kirkpatrick and M. M. Stephens' whose appointment has just been confirmed by wire from Victoria, put themselves on record as in support of the vigorous enforcement of law in Prince Rupert.

In his remarks the Mayor said that "There is in the city at present a class of undesirables such as gamblers, tinhorns, blind pigs, and crib keepers I desire that the Chief of Police should give some guarantee that these people should be cleaned out of Prince Rupert" Chief McCarvell said that given a reasonable length of time, and a working fund, he would guarantee to clear out the undesirables as quickly as any experienced officer possibly could.

Commissioner Stephens wanted a specified time mentioned, but this the Chief said was not possible owing to the complications in getting substantial evidence against the offenders. He stated some of the difficulties principally the fact that in such a small town "spotters" are themselves speedily spotted by those they are out to spot.

It has been decided by the Commission that the Chief is to have a free hand, that he is to choose the best men available for his staff, and that the city council is to be approached with a view to applying a sum of $100 per month to the needs of the Police Chief in enforcing the law against the undesirable class.

Undesirables arriving from the north will be warned to set off by the next steamer if they land here. This is being done, but owing to the arrivals of steamers at all odd hours undesirables occasionally land.

Copies of the Liquor By-law and other by-laws affecting the moral regime of the city must be obtained by all concerned and the city clerk is to prepare copies for those who apply. They will be supplied in the meantime free of charge.

The obscuring of the windows of the Premier, and Prince Rupert Inn

(CONTINUED ON PAGE 8.)

APPOINTMENTS ARE CONFIRMED

As forecasted in the Optimist yesterday Alderman Smith and Mr. J. E. Merryfield have been reappointed to the License Board and Alderman Kirkpatrick and Mr. M. M. Stephens have been appointed by the Government as Police Commissioners.

Mr. Manson as Mayor becomes an ex officio member of both boards.

TO CUT DOWN LEGAL EXPENSES

ALD. SMITH IS AFTER CITY SOLICITORS' FEES AGAIN

Gives Notice of Motion at Last Night's Council That Legal Expenses be Reduced. "By How Much?" Asks Alderman Pattullo.

Notice of motion was given by Alder man Smith last night to the effect that the city's legal expenses be reduced. Alderman Smith did not frame the motion in writing nor specify at first any sum he considered reasonable remuneration.

This Alderman Pattullo desired him to do, whereupon he said he had not given the matter much thought, but suggested $150 per month or approximately $1800 per annum as sufficient. The motion will be made at next council meeting.

WINNIPEG IS VISITED BY A DESTRUCTIVE FIRE

Sweeps Through Wholesale District Doing $250,000 Damage--40 Below Zero at Time and Firemen Suffered Tortures With the Heat and Cold.

(Special to the Optimist)

Winnipeg, Jan. 17.—By a disastrous fire which started in the city's wholesale district early this morning, several of the largest wholesale firms were wiped out, and damage totalling over a quarter of a million dollars was done

The names of the firms which are burned out are: Buchanan & Gordon, Manufacturers' Agents; Winnipeg Fur company; Thos. A. Lock, wholesale grocers; Dominion Produce company; John Erzinger, wholesale cigars, tobaccos; Dawson & Co., wholesale stationers; Kilgour Brothers, paper supply house; Petrie Fur company; Chemist Company of Canada; Meakins & Sons; Wingold Stove company.

Threatened Whole District

For a time it seemed as if the whole of the wholesale district was doomed to destruction, so rapidly did the flames spread. The blaze started from some undiscovered cause in the Kelly Building on Bannatyne avenue, and quickly spread, although the firemen were early on the scene.

Was Forty Below

A storm was blowing at the time, and the thermometer stood at forty below zero. The spray from the fire nozzles seemed to be frozen into spray before it reached the flames. Between the intense heat and the intense cold the firemen suffered tortures. Often they had to be pulled by main force from the mounds of ice onto which they were frozen by the drippings from their nozzles. The fire is now under control.

Princess Beatrice In

The C. P. R. boat, the Princess Beatrice, arrived in Prince Rupert harbor from the north yesterday afternoon shortly after the Camosun and the Cottage City had left for their destinations. She left for the south a few hours later.

Social Tonight

The Methodist Ladies' Aid Social will be held tonight, Tuesday, at eight o'clock in their church on Second Avenue. A program, luncheon and games.

NEW COMMITTEES ARE COMPRESSED

MAYOR MANSON NOMINATES THREE INSTEAD OF FIVE

Mayor's Recommendations to New Committees Regarding Pressing Business to Be Undertaken Forthwith by City Council.

Instead of five committees as under the regime of the old city council Mayor Manson has appointed three which with their members are as follows:

Finance, assessment, health, relief and licence—Alderman Kirkpatrick, (chairman) Alderman Newton and Mayor Manson.

Fire, water, light and phone—Alderman Smith (chairman), Alderman Clayton, and Alderman Kerr.

Streets, works and property—Alderman Hilditch (chairman), Alderman Pattullo, and Alderman Morrisey.

Alderman Pattullo pointed out that as the Mayor is ex officio a member of all committees, it is redundant for him to nominate himself a member of the finance committee, but the Mayor stated that he desired that no alderman should be a member of two different committees and had arranged the matter accordingly.

The Mayor asked the city clerk to read a list of recommendations to the various committees:

Finance Committee

The finance committee was requested to investigate the expenditures now being made under the several local improvement by-laws, and to report to the council as to the indebtedness of the city to the banks, how the city

WRESTLING BOUT ENDS FATALLY

TWO FRIENDS FALL THROUGH WINDOW AND DIE INSTANTLY

Having Friendly Bout on Third Floor of Hotel When Slip Causes Them to Shoot Out the Window to the Street Below.

(Special to the Optimist)

Seattle, Jan. 17.—A friendly bout which was engaged in today by John Anderson, proprietor of a saloon, and Ben Christensen, the bartender, ended fatally for both parties. They were wrestling in a room situated on the third storey of the Lexington Hotel when one of them slipped and they both crashed through the window on to the street below. They were both instantly killed. Both men had been in the habit of fooling with one another at wrestling and the bout which had the disastrous termination was but one of their almost daily stunts. The men were the best of friends. The tragic occurrence has evoked the deepest sympathy of their friends of whom there are many.

H. Lane Is Winner

The cushion which was on view in the Hub cigar store window has been won by H. Lane, holder of ticket No. 17

Installation of Officers

The officers of Prince Rupert Lodge No. 63, I. O. O. F. for the current term will be installed tonight in the Lodge Room, Helgerson Block, at 8 o'clock. by Installing Officer, Brother G. R, Naden. A very cordial invitation is extended to every Oddrellow in the city to be present.

THREE NEGROES ARE LYNCHED

MOB RUSHED JAIL WHILE VICTIMS AWAITED TRIAL

Only Two of the Bodies Have Been Recovered by the Police—One Alleged Murderer and Another Assaulted White Woman.

(Special to the Optimist)

Shelbyville, Ky., Jan. 17.—Today three negroes were taken from the local jail and lynched. Only two of the bodies have been found. The police are searching for the third. One of them was charged with murdering a negress. One of the others was charged with assualting a white woman. All three were awaiting trial.

The populace were greatly incensed at the deeds of the negroes and would not wait for them to be brought to justice. They rushed the jail when it was not sufficiently protected, dragged forth their victims and lynched them.

WILL APPEAL TO GOVERNMENT FOR ASSISTANCE

Regina, Jan. 17.—Owing to the recent hold up on the railways no coal has been able to reach this city and the supply is now exhausted. Unless the coal trains arrive very soon an appeal will be made to the government for assistance.

The shortage of coal and wood is not confined to any particular point. It is affecting a wide area, and unless the fuel comes through quickly there will be all sorts of trouble.

ONE TOUCH OF NATURE, ETC.

CUTE MOVE ON PART OF ONTARIO LEGISLATIVE MESSENGERS

Immediately the Members' Raise Is Announced They Start an Agitation for Increased Salaries—Action Causes Amusement.

(Special to the Optimist)

Toronto, Jan. 17.—That Jack is as good as his master seems to be the prevailing spirit among the messengers associated with the Ontario Legislature. Following the announcement that the sessional indemnity for the members of the legislature will be increased a thousand to fifteen hundred dollars the messengers have started an agitation for an increase. One touch of nature reveals the kinship of the world.

MUST NOT CARRY PISTOL

Fear of Personal Violence Not Sufficient Excuse

For carrying a concealed pistol Delmont Zarelli was today fined $5 and costs, and the weapon was confiscated. Magistrate Carss said that while he felt that Zarelli was really in fear of personal violence, still that was no excuse for all and sundry carrying weapons, and he had therefore to inflict the minimum fine.

The maximum penalty is $25 and costs and this will be enforced stringently says Magistrate Carss, upon the offenders caught.

PETITION TO ANNUL VOTE

VICTORIA CITY CLERK SERVED WITH PETITION—SENSATION

Names of Property Owners Are Alleged to Have Been Taken From Assessment Roll Instead of From Registrar's Office.

(Special to the Optimist)

Victoria, Jan. 17.—A sensation has been caused in this city through the presentation of a petition asking that the recent elections be declared null and void. The reason behind the petition is hat the voters' list was not compiled according to law. The names of the property owners are alleged to have been taken from the property assessment roll instead of from the Registrar's office. The petition has been served upon the city clerk. The utmost anxiety is being displayed as to the outcome of the petition.

AN EXHIBITION DEATH

Was Showing Ladies How to Alight f om Cars

Los Angeles, Jan. 17.—(Special)—Death overtook J. O. Nitchker of this city under very distressing circumstances. He was giving an exhibition to a number of ladies on how to alight from a moving car when he fell on to the street headlong and fractured his skull. He was at once removed to the hospital but he died within a few hours. The accident was witnessed by a large crowd and caused a mild sensation.

Windsor, Jan. 17.—(Special)—As result of an explosion of natural gas at the Windsor Malt Works two workmen were severely injured.

Call tomorrow for papers and make money, rain or shine.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

Furnishing Your Library

"Let us consider the bookshelves first of all," says Lucy Abbot Throop in Woman's Home Companion, "for, since the room is to be a permanent library, there should be permanent bookshelves. They should vary in height, according to the size of the room, and they should never be higher than can be easily reached. If the room is small, they ought not to be higher than four or four and one-half feet, or they will make the room seem smaller than it is. They may line the room entirely or be placed as the size of the room demands or special need dictates. Take care that you do not get them carefully built in, and then discover that the door knocks against them as it opens.

"Built-in bookcases should have movable shelves, for the obvious reason that all books are not the same height, and it is often convenient to change them about. If the home carpenter is not equal to fitting adjustable shelves, have the lower shelves farther apart, for there is where the largest and heaviest books should be put to keep the feeling of weight near the floor. If there is a fireplace, with a niche at each side, build shelves on each side of it. Build them on each side of the window, and place a window seat between. If there are two windows near together, place a desk with shelves over it between them and bookcases on each side of the windows with window-seats between. Have the cases turn the corners of the room wherever possible, for this is usually good in effect.

"Do not crowd your library walls with pictures unless you should have a set of fine prints or something quite as exceptional. There should be an air of dignity and quiet about all libraries, whether large or small, and this is attained by the use of restful colors abd keeping away from confusion of the eye with pictures and ornaments. Have a pottery bowl or vase for flowers,a plaster cast of which you are particularly fond, and a piece or two of good metal work, either brass or copper. A map of the world and a globe are valuable aids for reference, and should be in every library."

Learn to Eat All Foods

Indulgence in eceentricities of taste is a course which tends to inconvenience and annoy others. The person who cannot eat this or that, who will not try unfamiliar dishes because she is not sure she would lke them, who must have certain articles of food or go hungry, has something yet to learn in the way of table manners. She had better eat at home until she has acquired more adaptability. For such bad manners as these parents are sometimes at fault because they have allowed their children to foster the foolish notion that they cannot eat special dishes.

It is a usual thing for a child to have a distaste to certain new articles of food, but not on this account should he be excused from eating them if they are items generally served in the ordinary bill of fare. As, for instance, soup and fish, for both of which I have known children to declare dislike. Yet if they are obliged to eat a little of either one or of any other food they are likely to meet at the family table, the aversion may in time be overcome and the child may end by developing a distinct fondness for the food he once condemned.

A Kitchen Cabinet in Miniature

A business girl who wished to brew an occasional cup of tea in her own room purchased an old machine table with the treadle removed. The top of the table, covered with asbestos, accommodated a small gas stove. The machine drawers held knives and forks, small tea, coffee and sugar canisters, and paper napkins. Screw-hooks fastened to the under side of the table held the tea and coffee pots, a saucepan and a frying pan, and a denim curtain acted as a screen. A compact and useful device.

OUR DAILY RECIPE

Salmon Croquettes

Drain one can of salmon and pour over hot water to remove as much of the oil as possible, then dry on a piece of cheesecloth; separate into flakes. There should be one and three-fourths cupfuls. Add one cupful of thick white sauce, using three tablespoonfuls of butter, one-third of a cupful of flour, and one cupful of milk. Season with one and one-half teaspoonfuls of lemon juice, three-fourths of a teaspoonful of salt, and a few grains of cayenne. Shape and fry the same as other croquettes.

WILL CONTINUE SALE

Mrs Frizzell Has Decided Owing to Bad Weather

On accou t of the extremely bad weather all last week, and the inability of the ladies to get out,Mrs. Frizzell has decided to continue the sale she advertised for last week for one week more. This is the ladies' opportunity to get what they want at a very low cost. The reductions apply to every article in the store. Spring goods are o their way and room must be made for them. Visit Mrs. Frizzell's this week. 1t

GRAFT SCANDAL FAILS TO STICK

ALLEGED EXTRAVAGANCE ON CONTRACTS REFUTED

Difference Between Engineers of G. T. P. National Transcontinental Commission in Regard to Overbreak Falls Flat at Investigation.

Ottawa, Jan. 15.—Final refutation of the opposition charges of graft and extravagance in connection with the carrying out of the contracts for the construction of the National Transcontinental is given in the report of Messrs. Schreiber, Kelliher and Grant, the arbitrators appointed to investigate all differences between the Grand Trunk Pacific's engineers, and the National Transcontinental commission's engineers in regard to classification and "overbreak."

The total expenditure on the road so far is a little over $80,000,000, of which about half has been spent on cuttings or excavations, etc., where there was a chance for differences of engineering opinion as to classification or "overbreak." In the commons last session Haughton Lennox and his opposition colleagues charged that hundreds of thousands of dollars had been wrongfully paid to contractors because of overclassification allowed by the government engineers.

Messrs. Kelliher and Grant, representing respectively the G. T. P. and the N. T. R. commission, after a thorough investigation of every part of the line have found that the total over-classification involved over-payments of less than $200,000 on an expenditure of over $40,000,000. These over-payments have all been deducted from the amounts due the contractors, and both chief engineers have now agreed that all accounts with contractors as settled to date represent, in so far as classification of materials excavated is concerned, fair and full value for the amounts paid.

MORE ROOM FOR ENGINEERS

City Hall Grows Cramped for City Staff

The call of "New Business' brought Alderman Hilditch to his feet last night with the statement that the present City Hall is too cramped for even the city clerical work. It will be necessary soon to arrange for the removal of the engineering staff to a more commodious building and utilize the additional space for the clerical staff, etc. This will have early consideration.

Old Subject, New Alderman

At last night's council meeting Alderman Morrisey enquired about the water supply for Ninth avenue. The matter was referred to the fire and water committee. Alderman Morrisey merely wants information about it meantime.

Get Out With a Shovel

Already Alderman Kerr's supporters have been after him to do things. The congestion of team traffic on Third avenue in the narrow way between the snow drifts is the cause for complaint. What can the council do to relieve this? asked Alderman Kerr.

With a smile the veteran Hilditch pointed out to the less experienced alderman, that Prince Rupert can hardly afford yet to pay men to dig snow off streets where the rock has yet to be removed at great expense. The remedy for the grievance mentioned, says Alderman Pattullo is "Get out with a shovel!"

WATER IS MOST IMPORTANT

Question Should Have First Call on Council

"The need for an adequate water supply," said Alderman Pattullo under the head of "Unfinished Business" at last night's council, "should be the first thing—bar nothing—which must be attended to by the new council."

The Mayor agreed, and the matter will come up at the earliest opportunity.

MIRACLE WORKER IN PARIS COURT

EXPONENT OF FAITH CURE UP FOR UNLAWFUL PRACTICES

Accused Is Madame Laloise Whose Panacea Is Simply "A Laying-on of Hands"—She Can Project Her Influence.

Paris, Ja . 14.—A woman has been brought before the courts, accused of unlawful practice of medicine, and the case is attracting considerable interest. One of the principal independent wit esses was a celebrated doctor k own by the name of "Th Mage Papus," who, besides his orthodox practice, is much consulte by believers in spiritualism, of which science he is a leading fashionable exponent.

The accused, Mme. Lalose, a small but vivacious person, professed to heal all manner of maladies by the simple laying-on of hands, and the wit sses she brought, and who came of their own accord, declared that she ositively performed "miracles." She merely had to say to the deaf "hear," and cured the blind and the paralytic at a distance. The presiding judge remarked that he was something like St. Thomas, and there was a general disposition to mirth in the court.

This feeling, however, yielded to astonishment as the roll of witnesses was called. The police com ciss ry of Asnieres, clothed with all the prestige of office, testified that his wife had long suffered from an immovable stiff arm. She had been treated by the best know doctors, whose names created an impression, being household words for skill. Finally she went to M e. L lose, who only touched her. In the evening sh began to move her arm and the next day was quite cured. Another patient was ronounced by the highest authorities to be hopelessly insane. A few passes over her foreh ad were enough, it was said, to bring back her reason.

The most impressive evidence was that of the Mage P p s, who said that in old times Eg ptian priests and Hebrew prophets healed the sick and th t for twenty years e had in vain been seeking the secret of their cures.

To the ques ion s to whether Mme. Lalose was a hypnotist, Dr. Papus answered no because hypnotism was a well known s ience, but a study of a force n t yet defined. "With Mme. Lalose we are in another domain—in that of the mysterious and nknown."

$5,000 WHARF ON MASSET INLET

SETTLERS APPRECIATE THE ACTION OF DOMINION GOVT.

Bunch of Massett News. Lights at the Entrance to Inlet Necessary. Wireless Station to Be Constructed on Virago Sound.

(From our Masset correspondent)

The appropriation of $5,000, which appears in the estimates of the Dominion House, for the construction of a wharf on Massett Inlet, meets with the approval of the settlers who appreciate the interest taken in the welfare of the community by the representative for the District.

The placing of lights at the entrance to Massett Inlet is absolutely necessary. The attention of the Marine and Fisheries Department is called to the requirements of those engaged in navigating the waters, where no lighthouses or buoys have yet been placed. Vessels cannot enter or leave the Inlet, after night, and the traffic to and from Graham Island, in the future, will call for better harbor facilities.

Wireless Station

A wireless station will be erected on Virago Sound, by the Whaling company. It has been suggested that atelephone line be constructed from Virago Sound to the west side of Massett Inlet, thereby permitting the residents to send messages to the outside world. At the present time, with only a semi-monthly steamboat service, the residents of Graham Island are not in a position to ascertain information or to send out news of any kind.

The Hydah's trapped a large number of bear and land otter, during the past month. Prices are high and the Indians understand that the coronation ceremonies will increase the value of pelts.

ENGLISH BOXER IS WHITE HOPE

BOMBARDIER WELLS REPUTED TO BE BEST OF BUNCH

l icked the Whole British Army One by One in India—Will Make "Colored Pusson" Go Some to Win.

London, Jan. 10.—Take it from one who has seen him fight, when the time comes—if it ever does—for Bombardier Billy Wells, "England's best," to meet Jack Johnson for the championship of the world, that large and capable colored pusson will have to go some to hold the title.

Wells licked the whole bloomin' British army, one by one, in India, before he bought himself out of uniform and came to England a few months ago, to be a pro.

He came to Wonderland, in Whitechapel, and begged for a chance in a preliminary. The audience laughed at the tall, thin boy with curly hair and the face of a scholar, whose name they had never heard. He was matched with Corporal Brown, a burly, heavy, rough-and-tumble fighter, with more ring experience than boxing science.

Brown went to sleep in the first round.

Eugene Corri, the referee of the National Sporting club, heard of Wells, who boxed several times for him in private. Then Corri said:

"We have found at last in England a heavyweight worthy of the name. Wells is England's best."

Wells has won all his fights by knockouts.

He is 22 years old.

He is 6 feet 3 inches tall.

He weighs 190 pounds, but can carry 220 pounds without being fat.

He is as light on his feet as a dancer.

His reach is 79 inches.

He spars as daintily as a bantam, but hits the way a mule kicks.

SUBSCRIPTION RATES—DAILY, 50c per month, or $5.00 per year, in advance. WEEKLY, $2.00 per year. OUTSIDE CANADA—Daily, $8.00 per year; Weekly, $2.50 per year, strictly in advance.

DAILY EDITION. TUESDAY, JAN. 17

The Financial Outlook for 1911

Writing in the Toronto Globe's annual financial survey for 1911, Lord Strathcona warns western municipalities against the danger of leaving too long,applications for loans for improvements. He points out that notwithstanding the unsteadying effect of the elections on the markets, and the dear money of the early fall, that Canadian municipal issues showed themselves to be well favored by the British investor.

The extent of John Bull's long stocking, when it comes to dipping down for loans for other countries, is indicated by Sir Edgar Speyer who computes that it reached the extent of $940,000,000 in 1910. Some of this of course came into London from continental agencies, but the net sum subscribed by British investors was not less than $750,000,000. Of this some $200,000,000 found its way to Canada.

As regards the outlook for 1911, Sir Edgar thinks the conditions are all favorable to active trade, and that it is probable the world's commerce will exceed all previous totals. The factors mainly responsible for the favorable outlook are good credit and a large gold production. The manner in which the borrowing countries have increased their agricultural and mineral output has brought about a feeling of confidence, while the increasing gold output is enabling those countries which need gold to obtain ample for their reserves. Argentina has already a gold reserve against its note issue of $200,000,000, while Brazil which at one time had a most depreciated note issue, has now accumulated a gold reserve of $100,000,000.

Sir Edgar points out that the willingness of Great Britain to lend makes it all the more incumbent on Canadians to permit nothing which in any way could impair the confidence and readiness of the British investor to send his money to Canada. Canada should appreciate the paramount necessity of offering only such securities in the home market as are absolutely good, for the margin which separates caution from fear is a very narrow one.

American Gold in British Elections

The aftermath of libel actions threatened by British peers against their rivals who raised the cry of "Yankee dollars" in the recent British general election, lends interest to the following statement of the fortunes which American brides have brought to British peers.

Compared with the few thousand dollars sent to aid the cause of Home Rule, some of the big fortunes in "American gold" brought to British peers by their American wives look very good:

Duke of Marlborough married Miss Consuela Vanderbilt	$10,000,000
Eighth Duke of Marlborough (late) married Miss Lillian Hammersley, of New York	3,000,000
Duke of Roxburghe married Miss May Goelet, of New York	10,000,000
Duke of Manchester married Miss Zimmerman	2,000,000
Eighth Duke of Manchester (late) married Miss Concuelo Yznaga	1,000,000
Earl of Craven married Miss Bradley Martin, of New York	1,000,000
Earl of Stafford (late) married Mrs. Cora Colgate	1,000,000
Earl of Donoughmore married Miss Grace, of New York	500,000
Lord Curzon married Miss Mary Leiter, of Chicago	5,000,000
Earl of Suffolk married Miss Daisy Leiter, of Chicago	amount not stated
Fifth Marquis of Anglesey (late) married Miss King, of Georgia	"
Marquis of Dufferin and Ava married Miss Davies, of New York.	"
Earl of Essex married Miss Adela Grant, of New York	"
Earl of Orford married Miss Louise Corbin, of New York	"
Lord Malcolm of Poltalloch (late) married Miss Gardner Lister.	"

Notes and Comments

Up to the time of going to press, the member for Skeena has not yet reported for service at the Legislature.

The electors ought to organize a search party—or elect another man at the next provincial election.

Nothing more sublime has been witnessed than the way in which the member for Skeena stood ready at duty's call to sacrifice the interests of the constituency he loves so well.

There is only one way in which the Premier can make amends and help his trusty follower out. He should change the seat of government from Victoria to Prince Rupert.

It was very fitting of Alderman Smith to intimate that he will bring in the motion to cut the city solicitors' salaries. The union musicians at Alderman Smith's theatre who were cut down from the union rate of $35 a week to $21 will appreciate the point. Consistency is a gem.

To Water Consumers

The cold weather has practically stopped the supply of water on the mountain. Since the 10th inst. water has been supplied to consumers by pumping, this supply is at present sufficient for all necessary purposes, but on account of numerous taps being left wide open, the pump cannot keep up the necessary pressure to supply the higher points in the city.

The chairman of the Water Works Committee hopes the consumers will assist the Water Works Department by curtailing the waste of water and avoid the necessity for cutting off the supply at night.

F. H. MOBLEY,
Chairman Water Works Committee.

Notice of Dissolution of Partnership

Notice is hereby given that the partnership heretofore existing between us, the undersigned, as fruit, vegetable and fish merchants in the city of Prince Rupert, and known as the Prince Rupert Fish Market, has been dissolved by mutual consent.

All debts owing to the said partnership are to be paid to The Prince Rupert Fish Market of Prince Rupert aforesaid, and all claims against the said partnership are to be presented to the said Prince Rupert Fish Market of whom the continuing partners B. J. Bacon and F. S. Evans constitute the firm and by whom same will be settled.

Dated at Prince Rupert this 12th day of January, 1911.

ALD. NEWTON IS ELOQUENT

EDITORIAL ALDERMANICS OR ALDERMANIC EDITORIALS

In Sonorous Phrase and Carefully Selected Words Prince Rupert's Editor Alderman Introduces Numerous Enquiries at New Council

"Words, words, words!"—*Hamlet.*

"Words without thoughts never to heaven go!"—*Macbeth.*

Was it to heaven, however, that Mayor Manson and the other members of the new city council of Prince Rupert mentally consigned the words, words, words of Alderman Newton at the first business meeting of the council last night?

It was the fatal mention of "enquirirs" that did it. Alderman Newton is of an enquiring turn of mind. He asked about the electric light plant. He wanted to know how the hydrants were resisting the frost. He wondered if the mains were frozen. He enquired about the new auto fire engine. He was concerned about the placing of light poles on Third avenue. He wants more chairs purchased for the City Hall so that the crowds of citizens attracted by his eloquence may go to sleep in comfort during his speeches in council.

This last suggestion appealed to the council themselves and more comfortable chairs may be purchased for the aldermen now they know what they are up against when Alderman Newton gets going.

Briefly Alderman Newton's contribution to the new council's first meeting was as follows: First, he wants the electric light plant hurried up. Second, he wants the order for the auto fire engine cancelled. hird, he want the fire hydrants kept in working order during frost. Fourth, he wants the electric light poles put in the lanes and not on Third avenue. Fifth, he wants the conditions at the G. T. P. Hospital looked into for the benefit of the Prince Rupert Industrial Association.

On this latter point Alderman Newton had a cutting a yard long from the Empire, and was threatening to read it, when Mayor Manson hurriedly awoke to the danger, and said firmly that while communications sent properly through the city clerk to the council would have attention, they could not pay attention to grievances aired only in the newspapers. So Alderman Newton agreed, and held his peace, but said he had a whole lot more enquiries to make. (At this a number of the onlookers hurried out.)

In regard to Alderman Newton's enquiry about the fire hydrants and mains—which is quite an important one, City Engineer Davis stated that not a single main has been frozen up, and the hydrants will be tested now that the weather is milder, and steps taken to ensure their being in working order during frost.

The other matters mentioned by Alderman Newton will have attention in committee, and at next council meeting.

"Strange as it may seem," said Alderman Pattullo. "If Alderman Newton will put his ideas regarding chairs for the public in the form of a motion I will second it. I think those who come to see the city's business transacted should be accommodated with chairs."

The motion was put that the streets committee see about chairs, and carried.

Gasoline to Quench Thirst

It takes three gallons of gasoline per hour to run the pump at present keeping up the city water supply. City Engineer Davis desires to keep a two weeks' supply in hand and has accordingly applied to the council for permission to order 10 drums of gasoline. Permission granted.

Anheuser-Busch's

Budweiser

Appeals to people of discriminating taste because of its superb Quality and Purity—no matter if you drink it in Canada or in its St. Louis home town—it always has the same snappy flavor—its in a class by itself.

Bottled only at the
Anheuser-Busch Brewery
ST. LOUIS, MO. U. S. A.

Clarke Bros.
Distributors Prince Rupert, B. C.

COMMITTEES COMPRESSED

From Page 1

stands with regard to the sale of debentures; which debentures have been sold, and which have been pledged to t e banks.

The chairman of the finance committee was instructed to submit to the council immediately, the annual loan by-law, in anticipation of the current year's revenue, in order that the council may be able to borrow money from the bank to such extent as may be required from time to time for current expenditures, prior to the time when th taxes are due and payable to the city.

Garbage Disposal

Of garbage disposal the recommendation said: "It is important that the health committee make provision as early as possible for the disposal of garbage. This will probably have to be done by means of the use of a scow which, when loaded, will have to be removed and dumped outside the harbor. I would urge that steps be taken in this connection so that provision may be made before the spring is too far advanced and we are exposed to the dangers that would follow when warmer weather is at hand."

Get a Rock Crusher

To the streets committee the recommendation was made: "It is likely that as soon as the present grading of streets in Section 1 is completed, that a demand will be made for crushed rock to be placed on some of the streets instead of putting the planks back again as has been arranged, in which case the planking could be used in other parts of the city that may require attention. With this in view it may be found wise to arrange for the purchase of a rock crusher, which may take considerable time to secure and consequently ought to be planned for ahead."

"This committee should also at an early date give consideration to the organization of a public works department, with tools and equipment for carrying on all public works under the control of the council, whether for streets, waterworks, sewers or other undertakings."

Question of Water Supply

The fire and water committee were recommended to follow up the question of a water supply from Woodworth Lake, and present data to the Council so that a by-law might be submitted to secure the funds to carry out the work.

May Cheapen Telephone

A suggestion was made to the light and telephone committee to inquire into the telephone finances to see if a reduction in rates could be effected.

READ THE OPTIMIST AND THE ADS WELL

CHIPS FROM THE HUMORISTS

Maude—Jack vows that he would traverse seas just to look into my eyes.

Ethel—He called on you last night as usual?

Maude—Not last night; he telephoned me that it was raining too hard.

"Little boy, don't you think you are in great danger on that thin ice?"

"How sir?"

"Well, you might break through and get wet, and even if you don't break through your parents would undoubtedly punish you severely if they knew you went on the pond."

"You ain't no guesser, mister; if I break through an' get wet I'll be a hero at home an' get all the sypmathy an' good things in the house."

"Why are you sobbing, my little man?"

"My pa's a millionaire philanthropist."

"Well, well! That's nothing to cry about, is it?"

"It ain't, ain't it? He's just promised to give me $5 to spend for Christmas providing I raise a similar amount."

The subject of conversation between the last two sportsmen left up at night in the smoking-room after a hard day's shooting was the wonderful scent of dogs.

"Mine is a marvel. Not long ago I went motoring, far from home. My pointer, although chained up, worked himself out of his collar and found me two hours sfterward. What d'ye think of that?"

"I think you ought to have a bath."

Mrs. Slowboy—How is my son getting along at school, professor?

Professor—I have great hopes of him, madam—great hopes. He's the laziest boy I ever saw.

Mrs. Slowboy—Then why do you say you have great hopes of him?

Professor—Because if he ever begins to study he's too lazy to stop.

WHO RAN THE GAME?

Charge Against Ed. O'Shaughnessy Was Dismissed

On the ground that there was not sufficient evidence to prove that Ed. O'Shaughnessy was actually running the alleged gaming house at the Terminal City Club, Magistrate Carss finally dismissed the charge against O'Shaughnessy. The Magistrate observed that he thought there was evidence to support the statement that games of chance had been played there, but after some arguments had been put forward by the lawyers—W. E. Fisher, for the defence, and A. Manson for the prosecution—he dismissed the case as mentioned.

ON WITH THE DANCE

Wednesday Night Assemblies in McIntyre Hall a Success

Tomorrow evening another of Prof. Fred Archer's dances will be held in the McIntyre Hall. From the first these dances were a great success, and a number of beginners took advantage between 8 and 9 of the opportunity afforded them to pick up the steps of those deliciously alluring dances which are enjoyed to the full by all after 9 o'clock. Gray's Orchestra supplies the music which is—it goes without saying—excellent. These enjoyable dances will be an every Wednesday evening feature too good to miss. 1t

bars was enquired about. Chief McCarvell said this matter had been seen to and the windows would be made clear. He had warned all license holders to observe the law strictly or suffer the consequences of non-complaince.

Chief McCarvell mentioned that an increase of salary for the members of the police force was considered desirable. The Commissioners will consider this later on after the Chief has reported on the efficiency of the men in the enforcement of the laws against the undesirable class.

Arrangements have been made for the Commission to meet regularly about the first of each month month. The next meeting is appointed for Wednesday, February 1st, at 11 a.m.

RUSHED THROUGH FINANCE BY-LAW

AMOUNT NEEDED FOR CURRENT EXPENSES $125,000

Suggestion by Alderman Pattullo that Council Should See Financial Statement First Is Ignored. A Fine Example of "Railroading."

A fine example of how to railroad a by-law through, was given at last night's city council when Alderman Kirkpatrick introduced the by-law to raise $125,000 for current expenses for the municipal year. The by-law passed its first, and second readings, was considered in committee as a whole, and passed its third reading in about twenty minutes. Its final adoption will take place at next meeting.

Alderman Pattullo thought that until the financial statement appeared and they saw how they stood it was early enough to set the sum of $125,000 for the by-law.

The Mayor remarked that the sum was well within the anticipated assessment of $183,000 on which it was based, and besides all the money need not be borrowed at once.

"That $183,000 assessment," said Alderman Pattullo, "is practically a fictitious amount as everybody knows. It would be better to wait for the statement."

It was pointed out by Alderman Pattullo that to place the figure too high was to disturb the confidence of financial institutions in the city's financial conduct, and this he thought should be guarded against. He was opposed to the passing of the amount clause in the by-law which, however, wnet through as stated.

Both Alderman Pattullo and Alderman Hilditch remarked on the "railroading" process which is almost a record.

Will You?

Will you give your order for a Fall Suit or Overcoat without seeing the 20th Century Brand models—the styles that set the pace for them all?

You are welcome to inspect them at any time whether you buy or not. If your tailor knows you have seen the new 20th Century Brand Garments he will do his best to equal them and that will be to your advantage.

ADVERTISE IN THE OPTIMIST

BAPTIST CHURCH HOLDS A SOCIAL

PRETTY FUNCTION ATTRACTS MANY YOUNG PEOPLE

A Programme of Music Was Followed by a Series of Games in Which Everyone Joined Heartily—New Friends Made.

The Baptist church was last night the scene of a pretty function. The Rev. Mr. McLeod presided over a social gathering, the purpose of which was the renewing of old acquaintances and the making of new ones. A proper disregard for frigid etiquette and an assumption of youthful abandon conspired most successfully to have the objects of the function realized, so that the new comrades parted like the members of one family.

The early portion of the evening was devoted to the tendering of a musical programme. The principals who contributed were Miss C. Barker, violin soloist; Mr. J. Davey, tenor; Little Miss Grey, who rendered two dainty recitations delightfully; and Mr. Miller, cornet soloist. The latter part of the evening was taken up with a series of bright games after which supper was served. The whole ceremony was characterized by a sincere good fellowship and was greatly appreciated by all The proceedings closed with the singing of the beautiful hymn "God be With You Till We Meet Again."

CITY HALL SITE

Mayor Manson Intends to Approach Government About This

At next meeting of council on Wednesday night Mayor Manson desires to have the views of the aldermen on the subject of the proposed city hall site on Block 15, Market Place. The Mayor is going to Victoria on Thursday and wants to approach the government about this when he gets there. So the aldermen are considering the matter.

Alderman Morrisey has an idea for a city hall site upon Fifth avenue and Fulton street at a point where it was proposed to alter the street plan a little, leaving a space which Alderman Morriesy says is admirably suited for the purpose. This idea will have consideration. It depends to some extent on the agrrement arrived at with the G. T. P.
