ILL TRY TO GET THE LABOR AGENTS PUNISHED

rkers Send a Delegation to Vancouver to Interview Mayor Taylor--Say Agents Are Deceiving Men They Send by Saying There is no Strike

y the Prince Rupert tonight the . I. A. is to send down to Vancouver e delegates. Their mission is to oach Mayor Taylor of Vancouver, is understood to have labor leanings, rder that he may take steps to deal those employment agencies in his which induced men to set out for ce Rupert by deliberately stating there was no strike here.

special meeting of the strikers is d for tonight to deal with the osal of Louis Vuckavitch who is ng to start up his work again if is allowed to take in thirteen men profit sharing basis, and to employ others needed at 45 cents per hour. s is a proposal which does not meet the general approval of the P. R. . In the event of its not carrying, kavitch will throw up his contract.

M. Gurvitch started his men up yesterday at the 45 cent rate, but weather prevents them working much today. In such weather as this, the strikers say in support of their demands, that only fifteen days' work can be counted on per month.

There was no excitement when the Prince Rupert arrived yesterday. Only a few laborers landed, and no strike-breakers. The men were on the wharf with banners flying, but were very orderly.

A little dispute between the longshoremen and the captain of the Rupert got exaggerated into news of a longshoremen's strike yesterday afternoon. The matter was adjusted in about an hour. The question was simply how many men should be employed in the hold. Wages did not enter into it at all.

AT LAST! AT LAST!

By wire from Victoria today, Mayor Manson announces that it is his intention to return to Prince Rupert on Wednesday, the 15th inst. Acting Mayor Smith may relinquish his duties before the return of the Mayor, as he has been summoned to Vancouver, and is likely to leave by the Prince Rupert tonight.

ADVT. DANCE WENT MERRILY

BRIGHT SCENE LAST NIGHT IN McINTYRE HALL

Ingenious and Pretty Costumes Win Handsome Awards. A. Mills as "The Bell Boy," and Miss May Morrison as "Topsy" Prizewinners.

To combine the ideas of an "Advertisement" and a "Hard Times Dance" was the notion of the popular management at the McIntyre Hall Wednesday night dance last night. Messrs. Rudneick and B. B. Brin, with the all important assistance of Gray's Orchestra, arranged the evening's amusement, and the boys and girls rose to the occasion with a will. Fully forty couples attended, and many of the fancy costumes were exceedingly ingenious.

There were advertisements for every known commodity on sale in Prince Rupert from coal to cough-drops, and the cleverness of the girls in fashioning charmingly becoming frocks out of flour sacks was most marked. Comic masks disguised the handsome profiles of the boys, and the girls concealed their pretty faces in Moorish fashion till the hour for unmasking.

Prizes of a gentleman's umbrella and a lady's jewel casket were offered for the most ingenious boy's and most effective girl's costume. These were awarded to Miss May Morrison whose fetching appearance as "Topsy", in a cunning flour-sack frock which charmingly became her well merited distinction; and to Mr. A. Mill who was literally "there with bells." His costume was a marvel on ingenious electric wiring by Blakely. Bells and push buttons studded his manly form from head to foot. His scarf pin was an electric "diamond," his head gear a cluster shade. It was a clear case of "Rings on his fingers and bells on his toes."

Everyone thoroughly enjoyed the dance which was kept up until after one a.m. Gray's Orchestra responded to repeated encores, and the function was voted a huge success.

EFFORT TO BLOCK VOTE ON RECIPROCITY FAILS

By Vote of 112 to 70 House Refuses to Defer Ratifying the Agreement Until After General Election--- Mr. R. L. Borden's Motion Defeated

(Special to the Optimist)

Ottawa, March 9.—By a vote of 112 against 70, the government voted down Mr. R. L. Borden's motion in the House of Commons today, calling for the postponement of the vote on the reciprocity agreement until after the general elections had been held in the United States. The vote is taken as a clear indication of the intntion of the House to carry reciprocity.

Speaking in support of his motion, Mr. Borden said it had evidently been decided at Washington to refer the reciprocity pact to the new Congress. Therefore, he argued, it was fitting that Canada should refer the question to a new Parliament. He suggested that a census should be taken, the Western provinces be given an increased representation on the basis of their increased population, and let the people of Canada pronounce on the question at the polls.

In reply Mr. Fielding told the House that the honor of Canada was pledged to the question, and Parliament must ratify the arrangement made with the United States government before dissolution. Lloyd Harris of Brantford, the third Liberal to oppose reciprocity, spoke in support of Mr. Borden's motion.

Spoke on Browning

Rev. F. W. Kerr gave a most interesting address on Robert Browning last evening in the Presbyterian Young People's Club. The lecturer illustrated the great philosophy of this great poet with apt quotations from his works.

FORMED BRIGADE OF VETERANS

FORTY-FIVE RUPERT MEN QUALIFY FOR MEMBERSHIP

All Have Either Seen Active Service or Have Served Their Country for Ten Years—Capt. J. W. Hamer is Local Leader.

At a representative meeting and smoker held last evening in the dining room of the Empress Hotel (kindly lent by Mr. Casserly) a branch of the Veterans' Brigade was organised and officers elected as follows:

Captain—J. W. Hamer.

Lieutenants—J. H. McMullin, R. W. Cameron.

Secretary—William Godson.

Captain Hamer outlined the objects of the association as follows:

1. To band together in a united organisation all Veterans who have served the flag for the British Empire.

2. Securing for Veterans what is their just due helping them wherever possible.

3 Patriotic, non-sectional, national in spirit and scope.

4. Cherishing the names and deeds of comrades (living or dead).

5. Annual reunion at convenient points.

There were 45 names registered up to last evening and any man is eligible who has seen active service or served 10 years in His Majesty's Army or Navy.

Mr. Fred Stork and Dr. Clayton were elected Honorary Members by acclamation. Votes of thanks were passed to Mr. Casserly, "Mine Host" of the Empress Hotel, and Messrs. Clarke, Orme and Godson for the cigars and entertainment generously provided.

HOSPITAL BOARD DISCUSS AFFAIRS

MAY HAVE HOUSE SURGEON SOME DAY AHEAD

Entertainment in Aid of Hospital—Provisioning Whether by Tender or Otherwise. Regulations for Admission of Patients Are Discussed.

That sooner or later a House Surgeon will be required at the General Hospital, was agreed by the Hospital Board yesterday afternoon. Meantime, however, the institution is rather on the small side for this, and the arrangement made with the Medical Association is satisfactory. Still in regard to charges for medical attendance on cases where the patients do not engage their own doctor the Hospital Board yesterday went on record as declining to accept any liability. The Secretary was instructed to notify the Medical Association to this effect.

Meanwhile the whole matter of patients admitted by contract with doctors is being looked into be a special committee consisting of the President, Mayor Manson as Hon. President (when he gets back), and Messrs. M. M. Stephens, J. Kirkpatrick, and O. H. Nelson.

Another committee consisting of the President, Mr. Kirkpatrick and Mr. Thomson was appointed as an entertainment committee to discuss with the Choral Society the arrangements for the recital planned to take place this month, half proceeds to go to the Hospital Fund. Mr. Kennaugh, the Choral Society's Secretary, wrote to the Board in reference to this.

The general feeling among the members of the Board is that Hospital entertainments should be Hospital affairs out and out, the whole proceeds going to the fund. But the Choral Society's arrangement stands as satisfactory and appreciated none the less at present.

Provisioning of the Hospital was discussed. Preference will always be given in the purchase of provisions, to the firms that have hepled along the funds. The idea that tenders should be called for provision month by month on a price basis, was mooted by M. M. Stephens but in the form of a motion found no seconder. For the present the plan is to give all provision supply houses which have contributed to the funds, a share of the Hospital's business. The House Committee have the matter in hand.

Various accounts and some minor matters were dealt with and the matter of furnishing the Assistant Secretary's room was brought up. The new Assistant Secretary is just entering on his duties and has not yet taken up his quarters at the Hospital.

It has been left in the hands of the house committee to draft a set of regulations regarding the admission of patients to the Hospital, and these when drafted will have the consideration of the full Board.

SPRING and House Cleaning Will Soon Be Here

and this suggests some of the following articles :

Old Dutch Cleanser.....10c
Sanatine Cleanser.....10c
Lye, per tin.....10c
Chloride of Lime, tin...10c
Lux, just the soap for those fine flannels....10c

Speaking of house cleaning reminds us that during those trying days the culinary arrangements are somewhat disorganized and a quick and tasty lunch is often desirable, for this we recommend :

C. & B. Potted Meats..20c
Bruce's Potted Meats..15c
Van Camp's Macaroni and Cheese 15c

An excellent soup may be made from a jar of Armour's French Potage 20c

A tin of condensed clams or Campbell's soups at 15c will serve same purpose.

In cheese we have choice Canadian, Swiss, Holland, Vaset, also the celebrated Edelweiss from the German Alps.

Do not forged that in conjunction with our complete stock of staple and fancy groceries we have lately received a shipment of choice Yakima potatoes which are selling ac 2 3-4c per lb.

"Five Hundred" Last Night

At the home of Mr. and Mrs. C. F. Robinson a pleasant "Five Hundred" party was held last night. Among those present were Mr. and Mrs. McNab, Mr. and Mrs. Hudson, Mr. and Mrs. Bleaur ck, Miss Morrison, H. W Birch and others. The prizes were won by Mr. McNab and Mrs. Hudson.

A Wonder Box

Mothers, did you ever try making a wonder box for your own family or for someone else's family? If you have, I am sure you will make a few every year. These boxes are to be used only on "rainy days" the mother being the judge of when to open the box.

Having decided on the sort of box and the decorations for it, the next thing is to find suitable fillings for it. We will suppose that you have a small wooden box, like yeast is shipped in to the grocer. We will cover it on the outside with plain wall paper, and letter across it, in colored ink if possible, "WONDER BOX." Next we will begin filling the small boxes, and, as they are filled, each one is numbered, and a list is kept for the mother's use, containing explanatory notes, so she will know just what to give each one. In a small box put a dime and printed directions for peanut candy; in another, put a lot of the red and a lot of the yellow candies and a square of tissue paper, with a five-pointed star outlined in dots; put a candy on each dot; another may have a paper of pins and a design on tissue paper with directions to lay over a pincushion and stick the pins in, almost touching; when all are in, tear the paper off and leave the design traced in bright pin heads. Fill some of the boxes with candies, some with nut meats, some with figs and some with dates; in others put puzzles, conundrums and new games to play; then you must put just a note in some, telling them to go to the attic or the shed or the cellar; then see to it that there is corn to pop or apples to eat or nuts to crack in those places. Some of the larger boxes may contain little glasses of jelly, which are especially nice for unselfishness. Some of the boxes must contain composition subjects all out-those will be for "hard times," for composition time is about the hardest kind of a time for a boy or girl. Some of the boxes contain pretty pieces with patterns for the doll dresses, or for quilts or sofa cushions; others must have beads with needles and designs for making the many pretty things out of beads. A real big box can contain a box of water-colors which may be used by all. Other boxes can contain games cut out of paper, either pictures to piece together or the alphabet with which many new games can be playee.

If one will only put the mind to it, he may provide pleasure for several families of children at next to no cost. Always save all small things which a child may like and tuck them away in a wonder box. In just a little while you will have several boxes full. Be sure and put directions for making lots of things; also put in the material as far as you can, for the child might not have the materials.

Dance Etiquette

A woman waits to be sought by her patrner. When the music for the dance which she hsa promised him strikes up should he fail to seek her out she may expect an apology and plausible explanation for his delinquency.

If a man is doing duty as an escort on coming from the cloakroom he awaits his companion's appearance somewhere outside the ballroom door, at the head or the foot of the stairway or in the hall, having agreed with her beforehand just where they are to meet.

Before he fills his dance program with other names he asks a dance or two of the woman in his charge. He also holds himself in readiness to accompany her to the supper room if he sees that no one offers to serve as escort in that capacity.

To Clean White Feathers

To clean white ostrich plumes move them about in a lather of pure white soap with a little ammonia in it, using about a quart of water if the faethers are large. Then press them from stem to tip between the thumb and finger and do the same in the same amount of clear, hot water. Repeat in cold water slightly blued. Hang them to dry in a draft and shake them occasionally. Before they are entirely dry shake them gently before the fire. Comb carefully and curl any strands that fall apart from the others with a silver knife.

OUR COOKERY HINTS

Gluten Gems

One pint of gluten flour, one pint of milk, one egg, one-fourth of a teaspoonful of salt, two teaspoonfuls or baking powder. Mix the flour and salt; beat the egg, add the milk and stir into the dry mixture. Add the baking powder, beat well, fill greased gem pans two-thirds full and bake in a quick oven.

A Good Thing to Know

Boiled rice dropped by tablespoonfuls around fried chicken or meat ragout makes a dainty border. But the rice should not be pressed down into a solid mass, as many cooks unthinkingly do it. It is as important to lovers of rice that it be light and fluffy as it is that bread should be of such a quality.

MONTREAL NOTARY RECEIVES NEWS OF BIG FORTUNE

George Normandi Said to be Part Heir to Vast Estate Left by French Widow under Romantic Circumstances.

(Special to the Optimist)

Montreal, March 8.—George Normandi, a well known notary of Mont eal, has just rece ve a letter from Paris announcing that he is part he r to he fortune of the late Mme. Marie Dit Beausoleil, a wealthy French widow who recently died at Paris levaing an estate of $60,000,000.

According to the letter, Mme. Marie Dit Beausoleil in her girlhood in 1837 became enamoured of an English officer, and left with him for England after the rebellion. He became a soldier of fortune, and served under the banners of every country in Europe, amassing a large fortune which was wisely invested.

After his death in Afghanistan, where he held the rank of General, Mme. Dit Beausoleil returned to Paris, where she lived in quiet seclusion till her death recently. During this time the inves ments of her estate were piling up, until at the present time they are totalled at $60,000,000. As she left no direct heirs, her family the Naormandi Dit Beausoleil, are making a united effort to secure the fortune for themselves. As a member of the Naormandi Dit Beausoleil, Mr. Geo. Normandi has been invited to join in pressing the family's claim for the widow's fortune.

Sensational Suicide is Reported while Vessel Was at Hong Kong—Brings a aluab e Cargo of Silk.

Victoria, March 8.—The R. M. S. Empress of India, Captain Robinson reached the outer wharf yesterday from Hong Kong, and the usual ports of call with 11 saloon and 192 steerage and a full cargo including silk worth over half a million dollars, cigars and other valuable freight. At Hong Kong a tragic event occurred on the white liner. R. Brown, a boilermaker serving in the firero m, who hailed from Glasgow, while temporarily insane as a result of the heat, committed suicide. He was missed, and a search was made with the result that his body was found huddled behind one of the boilers with the throat cut. H had clambered down a manhole and taken his life when crouched behind the boiler. The steame had an uneventful trip from the Orient.

DAILY EDITION. THURSDAY, MARCH 9

The Council and The Workers

The Optimist has little desire to intrude upon the differences between the council and the workers, save in those aspects of the dispute in which the public in general is affected. The question of broken promises is largely a private one between the workers and the council. In return for their 111 votes the council agreed to grant the men 45 cents an hour. If the promise has not been kept it is a matter to be settled between the parties.

But there are some aspects of the private troubles between the workers and the council which call for comment. Alderman Clayton has already got himself into hot water by his attempt to say how the workingmen should not spend their earnings. A rift between the workingmen and the aristocrat they selected to be their representative was, of course, only to be looked for. There is no occasion to point out the interfering nature of the alderman's suggestion.

In regard to the council's policy of not allowing alien laborers to work for the city, the council it may be pointed out are on somewhat dangerous ground also. Spokane has just had an experience which may make the local council sit up and take notice. Their ordinance providing that no alien shall be engaged on civic work while an American is available has just been made the subject of a judgment of Judge Hinkle in the Superior Court, on habeas corpus proceedings, arising out of the putting into force of the ordinance.

Judge Hinkle holds that the ordinance is in violation of the United States constitution, of the treaties of the United States with foreign countries, and of the constitution of the state of Washington.

The council had better be careful, lest in their deisre to discriminate against the foreign workers they land the city into more trouble.

The Bizzy-Izzy of English Politics

At last the people of England have wakened up to a knowledge of the great man that Joe Martin is. From "John Bull" a popular and widely read British paper, edited by Mr. Horatio Bottomley, M. P., we take the following verbal bouquet which has been handed to our Joe:

"England is crying aloud for a Man. And yet we have him with us all the time From a Vancouver paper just to hand, we learn that the re-election of the 'Hon. J. Martin, for East St. Pancras has given universal gratification,' and that the peers will now 'take to tall timber' (i. e., take refuge up a tree)—'as they did last session, as soon as they discovered that Mr. Martin was bent on their destruction.' It is added that prior to Mr. Martin's election, the peers assumed 'a defiant and supercilious attitude,' but that they are now 'anxious and willing to reform.' And nobody here knew why it was"

Notes and Comments

Every day illustrates the citizen's folly in choosing an absentee Mayor. Yesterday the Licensing Board had to adjourn because of Mayor Manson's absence.

From the "agony column" of the Vancouver World. "Dear Willie, come home and all will be forgiven." Can it be by any chance be a message from Prince Rupert?

Is it a sign of the times that Alderman Newton and Alderman Hilditch were out at Seal Cove early in the week, looking for a graveyard site?

UNCLE SAM IS GETTING READY

TWENTY THOUSAND TROOPS ORDERED TO MEX CAN FRONTIER

Besides This Several Warships Are to Mobilise Off the Coast of Southern California—News Causes Concern in Mexico.

(Special to the Optimist)

Washington, March 8.—20,000 American troops are ordered to mobilise in Texas, close to the Mexican frontier. Orders to this effect were issued today. It is said that the mobilisation is merely for the purpose of the annual manouevres, but the news has caused great concern among the Mexican officials.

Concurrent with this an order has gone out ordering the warships in the Pacific to gather in Southern California.

Nick Williams who is very well known in mining circles and especially in the Boundary and Rossland districts is expected to pay a visit to Prince Rupert this week.

MINING MEN SUFFER LOSS

STAMP MILL AT NELSON CAVES IN WITH WEIGHT OF SNOW

Extent of Damage is not Yet Known, but Will be Considerable Even if the Machinery is not Damaged.

(Special to the Optimist)

Nelson, March 8.—Under a weight of five feet of snow, the roof of the stamp mill on the Sno Sio claim at Sheep Creek caved in last night.

Although the extent of the damage is not yet known, it will amount to several thousand dollars even if the machinery is not damaged. Fortunately the accident occurred at a time when there were no men in the mill.

John Thomson, accused of vagrancy, was found guilty today and released on suspended sentence on condition that he leaves town without delay.

DIED BY HIS OWN HAND

Jury's Verdict in Death of Hamiota Bank Manager

(Special to the Optimist)

Hamiota, March 8.—A jury empanneled this morning to inquire into the strange circumstances attending the death of Mr. A. W. Rutherford, manager of the local branch of the Bank of Hamilton, brought in a verdict to the effect that deceased had died from the effects of a revolver wound inflicted by his own hand.

Friends of Mr. G. R. Naden will be glad to learn that the indisposition which has kept him from business for a day or two is trifling, though a slight operation was necessary. Mr. Naden will be back at business tomorrow or the day after.

"QUADRA" WILL LAY MANY BUOYS

ONE WILL BE PLACED IN UNITED STATES WATERS

Big Lighthouse of the First Order is to Be Built at the Northwest Extremity of Graham Island.

The Dominion government steamer Quadra is to establish an aid to navigation in United States waters on her trip north. In Portland Canal, which follows the boundary, the Quadra will place four buoys in place and one of these is to be laid off Eagle point, at the mouth of Salmon river, just over the boundary.

Two large beacons of the type used in the long chain of lights to assist navigation in the north were taken for Connis island, and Jorkins point. Connis island lies in Chatham Sound, between Green island, scene of the wreck of the steamer Bristol with loss of five lives and of the wreck of the barge Quatsino, and the Pointer rocks.

Several other aids to navigation are contemplated in northern waters, a scheme having been laid out some time ago to erect lighthouses and install beacons in Dixon entrance and Brown passage to light the way from the Pacific towards Prince Rupert. A big lighthouse of the first order, similar to that at Triangle island, will be placed at North Island, at the northwestern extreme of Graham island, as a leading light for liners from seaward making Dixon entrance, and beacons will be placed on the East and West Devils, low-lying pinnacles, and at Rose spit. Another pinnacle, located last season by the Lilloet, the position of which was marked doubtful on the charts prior to this. Sentinel rock will also be lighted.

Salvation Army

The Salvation Army will conduct another special meeting on Thursday night when the story of the Larchmont wreck will be given by Ensign Johnstone, illustrated by solos and duets. Everybody cordially invited.

INDIANS HAVE GOOD TEACHER

REV. MR. PIERCE TELLS OF HIS WORK ON UPPER SKEENA

Practical Christianity Plainly Put is Doctrine of This Efficient Missionary. Amusing Incidents of Work Among Indian Tribes.

In the Methodist Church last night Rev. Mr. Pierce, missionary for years in the Upper Skeena district, lectured on his experiences. Born among the Indians at Fort Rupert, taken from there to Fort Simpson, and in his boyhood brought up in heathen Indian superstition as a "dog-eater" Mr. Pierce after his conversion to Christianity and education at Victoria, has exercised a great influence for good over the Indians.

His conversion dates from an early day in the missionary work here of the Rev. Mr. Duncan. A slave woman brought from Alaska was cruelly killed and devoured by cannibals on the beach under the very eyes of the missionary. Seeing the Rev. Mr. Duncan shed tears at the sight, the boy Pierce resolved to try and help stop such deeds.

Mr. Pierce' work among the Indians is eminently practical. He believes in education, in industry, and the training of the tribes to make full use of the resources of their land both to better themselves with the financial proceeds and to advance Christianity.

Examples of this he gave in the statement that by the establishment of a Co-Operative Store at Hazelton the tribes there had saved half the price of sugar, flour, and similar goods formerly bought from the Hudson Bay Co. The saw mill established under Mr. Pierce's direction has earned profits amounting to $35,000 solely for Indians sharing in its initial cost. Essentially practical is Rev. Mr. Pierce's Christianity. "What is the use of having this great Gospel," he says, "if the man who teaches it does not do some damage with it?"

Amusing little incidents contributed largely to the interest of Mr. Pierce's talk. His advice to a Christian Scientist from Chicago who refused to have fr zen toes treated, was "That may be all right in Chicago, but up here among these big mountains you need a lot of common sense to get along."

Puzzling questions are put to the missionary by his flock at times. The hardest Mr. Pierce was ever called upon to answer was "Whose were the dogs that licked the wounds of Lazarus?" Mr. Pierce baffled at the time by the question, took it to Toronto with him and asked Rev. Drs. Carman and Sutherland for the answer. "When they heard the question they turned white," he added. To this day it remains unanswered in the Upper Skeena, but the Indians are convinced that the dogs were kinder than Dives, which is the main thing.

Describing the conditions und r which the Indians used to live up there, Mr. Pierce declared that about forty families, and thirty dogs used to herd in one house. It was to enable the Indians to build proper houses that the saw-mill was first started by him.

Pretty pointed is this final shot of the Indian missionary's. "There is no use," he says, "of a convert who has nice clothes for Sunday, who comes twice to church, and can sing a very nice hymn, but who is idle for the rest of the week."

On the motion of Rev. Chas. Sing Mr. Pierce was heartily thanked for his interesting lecture.

Among the passengers on the Prince Rupert yesterday was "Charley Burgess" of the Royal Hotel, one of Prince Rupert's most popular old timers.

Charley is setting the youngsters a good example for he had brought back his bride with him.

RED FLAGS O. K. IN NEW YORK

MAYOR GAYNOR DOES NOT TAKE ALD. CLAYTON'S VIEW

Tells Police That Propagandists Are to be Allowed to Carry Red, Yellow, Blue or Any Color Flags—Says Intelligent People Do not Mind.

New York, March 6.—Political or social propagandists of every stripe are to have the right of free speech in New York as long as Mayor Gaynor holds sway. This declaration the Mayor made today in a special message to the aldermen. Explaining that he ordered the methods of the police changed radically, Gaynor said:

"I have particularly made the police authorities understand that those entertaining views on government or of the social order which are different from ours are not to be interfered with or denied the right of free speech on that ground. Propaganda by intellectual persuasion or by any peaceable means for a changed government or in economic or social order is lawful and will not be interfered with, much less oppressed by the police. That the flag of the persons protesting may be red instead of yellow, blue or green, does not annoy or alarm intelligent people."

GAS ON THE BRAIN

Weird Effect of Kitselas Tunnel Explosion Alleged by Drunk

White haired and with features worn by a life's varied expereinces, William Myers in the police court this morning admitted that he got drunk yesterday. His excuse was a strange one.

"I was in the small tunnel at Kitselas," he said, "when five men were killed by the explosion there, and my head is so full of gas now that the least little drop of whisky affects it."

"Well," said Magistrate Carss, "that should have been a warning to you not to take whisky at all. You must pay the usual fine, five dollars and costs.

Myers had no money. He was allowed a week's grace.

He is very deaf as a result of the disaster he came through and did not want to go to prison in case he might lose the chance of getting his claim for compensation upon the contractors. On the strong recommendation of Chief McCarvell Myers consented to be interdicted from having liquor supplied him for six months or a year.

TAFT'S BROTHER IN PROJECT

INTERESTED IN BRITISH COLUMBIA STEEL CORPORATION

Ten Million Dollar Company Will Build Mill on the Coast. Plans Are Prepared and Construction Will Start When Site is Decided.

Vancouver, March 8.—Charles P. Taft, brother of President Taft, known as one of the most forcible writers of Ohio, one of the leading pro oters of the British Columbia Steel Corporation, an industrial concern with a capitalization of $10,000,000, which has selected Vancouver for the site of its immense plant. The Dominion Parliament has granted the steel corporation a c arter, and construction of the plant will begin this spring. Plans and specifications have been prepared by F. M. Andrews & Co., New York city.

Associated with Mr. Taft in the enterprise is Henry Hewitt, Jr., of Tacoma, who has extensive holdings of coal, iron and lime properties in British Columbia.

The company expects to obtain enough raw material along the coast between Vancouver and Prince Rupert at tide water to enable them to keep the plant in operation for an indefinite period.

DONATED A LAUNCH

New Craft Will be Used for Mission Work on the Coast

The annual report of the Rev. John A tle, superintendent of the Columbia Coast Mission, states that Lady Musgrave, the widow of Governor Musgrave has presented the mission with sufficient money to purchase a small launch which will be used for mission work along the coast in connection with the mission steamer Columbia II. She will be put in charge of Mr. Comley, a young man who has been doing missionary work at Alert Bay, and is looking forward to taking holy orders. The launch will be called the Governor Musgrave.

TAKE OVER ALL THE RAILROADS

RADICAL SUGGESTION MADE BY HEAD OF THE MATCH TRUST

C. C. Barber Writes All American Congressmen Outlining a Plan Whereby the People Could Acquire Possession of All the Railroads.

Akron, Ohio, March 7.—The railroads for the people is the gist of a proposition advanced here today by Ohio C. Barber, millionaire, head of the match trust, in one of the most remarkable statements in recent American politics. Barber today wrote all congressmen proposing that the United States government take over the railroads, issuing 3 per cent bonds for all railroad securities. His proposal, as advanced to the congressmen, is as follows:

"A fair solution of the present railroad mixup would be to consolidate all the railroads into one system, capitalize them at their present value and thus give the stockholders and the bondholders justice. Provision ought to be made against any increase in the present capitalization and a rate of annual dividends not exceeding 3 per cent should be fixed, with the government guaranteeing them.

"The bonds, under the plan, would be perpetual, and the principal and interest being guaranteed by the government, they would speedily be valued at considerably below par. They should be issued in popular denominations from $25 up, creating for all classes a guarantee through the necessary establishment of large gold reserves to fortify the issue.

"The government should have authority to call at par from any holdings by individuals or companies any amount in excess of $1,000,000 and to distribute it through postoffices, postal banks and national banks to small subscribers at par and accrued interest. Thus an ideal investment would be afforded to workingmen and those of limited means. The bonds would be the safest possible; they would be as remunerative as deposits in the average savings bank, and would be marketable at all times on the briefest notice.

"Such securities might be used also by national banks to a limited extent, as a basis for their circulation. In time, under such a plan, the people would come to own the railroads."

LAST YEAR

REAL ESTATE OWNERS IN

Western Canada

MADE

$100,000,000

From the most accurate figures obtainable, over One Hundred Million Dollars was made by real estate owners in growing cities and towns of Western Canada last year. This vast wealth was exclusive of improvements and represented actual increase in land values alone.

Original records gathered by the Winnipeg Free Press prove that in eight western Canadian Cities the value of land alone—not counting improvements—increased 562 per cent. for the last five years—an annual increase of 112 per cent. for each city during the last five years. These figures indicate that investments in live, growing cities in Western Canada are as safe and sure as an investment can be, and that 100 per cent. profit each year is almost a certainty.

THIS YEAR

THEY WILL UNDOUBTEDLY MAKE $100,000,000 MORE

You have an opportunity now to participate in these immense profits by being one of the original purchasers of town lots in the Grand Trunk Pacific addition to the fast growing Western Canadian cities, otherwise known as

Grand Trunk Pacific Railway Division Points

WATROUS, MELVILLE, WAINWRIGHT, BIGGAR

The Grand Trunk Pacific offers in these splendidly located, fast growing Division Points and in the townsite of Tofield an opportunity for the investor to share in the large profits that are sure to accrue as a result of the rapid and substantial growth that characterizes Grand Trunk Pacific Division Points and well located cities and towns in Western Canada.

The Grand Trunk Pacific does not offer townsites or additions so located as to make investments in them of questionable value. The object in selling these lots at the low prices at which they are offered is to encourage the upbuilding of these cities from which the Grand Trunk Pacific will derive vastly more benefit than from the sale of lots.

Now is the time to buy. Choice lots range from $100 upwards on easy payments of 10 per cent. cash and 10 per cent. a month. You make your purchase direct and secure title from the Grand Trunk Pacific Railway Company. Write for literature and make your selection while the prices are extremely low and the possibilities unlimited. Address

I'll answer that question that has been on your mind. Does it pay me to do all this advertising? You bet it does, or I would not be doing it.

I am getting better acquainted with you every day and you are becoming better acquainted with me. And I am learning daily of more inducements to offer to the hundreds and hundreds of inquirers from Quebec to Vancouver; from Boston, Mass., to San Francisco, Cal.; and from St. Paul, Minn., to New Orleans, La. The people I am corresponding with have money and are interested in Prince Rupert, else they would not write me. Some of them are coming right off, others want me to make the investment for them. Have you anything that will appeal to them? If you have, better see me. I have orders to buy property in the business section, lots for residences, sites for apartment houses. I am in the field for leases on good business property, where I can put up good buildings. If you own property in Prince Rupert or good lands in its neighborhood it will pay you to come over and see me. I may show you a way to make money.
