NEW C. P. R. STEAMSHIP FOR PRINCE RUPERT RUN

POLICE MUST HAVE MORE SUITABLE HEADQUARTERS

Mayor and Members of the Commission Look Round Buildings—Chief Vickers' Report for Past Month is a Varied One—Police Complimented —Truants Will be Watched

Truants, beware. The police have their eyes on you. At the meeting of the Police Commissioners yesterday afternoon Chief Vickers was instructed by the Mayor to co-operate with the school authorities in preventing youngsters from playing truant. Chief Vickers will see to it.

New Police Offices

Another new matter brought up yesterday before the Commission was the need for a better police station. In the present little shack it is impossible to keep papers and appurtenances of the force as they ought to be kept. The Mayor with Commissioners Stephens and Kirkpatrick accompanied by the Chief of Police went round to the police shack, and had a look at one or two likely places for more commodious police quarters. Nothing definite was decided yesterday. Among the buildings considered were C. B. Schreiber's store on the reserve, and the old Bank of Montreal building. Notice has been served upon Miss Davies who owns the shack now occupied by the police, that the premises will be vacated at the end of the month.

Chief Vicker's Report

There was something quite metropolitan about Chief Vickers' report for the month of April. It referred to the Boscovitch case, to the first disturbance on Kelly's cut, the sending of R. L. Gosden to Westminster for three months, the shooting case for which John Moska is serving a year's imprisonment, the arraignment of the strikers thirteen of whom are to go up for trial, two being committed to be tried at Vancouver for attempted murder. The report also makes mention of the theft of $400 from a shack on Eighth avenue, and of the opium case decision in which was given out today.

The Mayor complimented Chief Vickers on the orderly condition of the city at present after the strenuous times passed through, and Chief Vickers put himself on record in his report in complimentary terms regarding the behavior of every man of the force and the specials employed at the Kelly's cut incident.

AFTER THE AUTO CAR

Council Will Strictly Enforce Traffic Regulations

POLICE CHIEF NOTIFIED

Death of Horse Yesterday and Danger to Women and Children Wakes up City Fathers to Need for Strict Measures.

The noise of the only auto in Prince Rupert yesterday afternoon terrified a team left unwatched at the top of Third avenue. One horse was hurt so badly by the impact when the team brought up against a rock pile that it had to be shot. F. Kelly of the Union Transfer Co., owner of the horse, wrote last night to the council to have something done about the auto. It was proposed to refer the matter to the Chief of Police. This was Alderman Newton's suggestion. Alderman Morrissey was strong for the protection of women and children from risk from runaways considering the condition of the streets.

All the blame was not attached to the auto by Alderman Smith who knew that the team had been left unwatched and untethered.

After some talk on the subject the council decided to leave the matter with the Chief of Police who is to warn the owner of the auto, and also to get after the owners of teams and drivers to have their horses watched or properly weighted when left. Alderman Clayton was emphatic on the weight question insisting on the regulation weight.

SPOKE FROM TREE STUMP

Local Labor Men Held May Day Meeting

Members of the P. R. I. A., and others in sympathy with the labor movement, all wearing red badges, grouped together last evening on that mound of ground near the Queen's Hotel and heard speeches by Messrs. Morse, Montgomery Denny and others. The event was the celebration of May Day, a day that is a red letter one in the world of labor.

The rostrum for the speakers was a stump of a tree which stood on a high knoll of ground and from this the speakers explained the advantages of labor organization, condemned the capitalists and in short, gave instructive addresses to the five hundred odd men and boys who formed the audience.

In the background on the highest point of the hill the red flag of socialism and labor fluttered in the breeze.

The meeting was closed by A. O. Morse singing "The Red Flag." Mr. Morse is a good singer and the sight of him standing on the tree stump with the shades of night falling and all his hearers listening attentively was a novel one.

HENRIETTE ON NEW RUN

Will Carry Freight North Calling at All Way Ports

BRINGS RUPERT GOODS

Grand Trunk Will Cultivate Freight Traffic Along Route from Vancouver to Prince Rupert. Pioneer Boat Henriette Begins the Work.

Believing that there is plenty of room in the trade to Northern British Columbia ports for another steamer, the Grand Trunk Pacific Steamship Company has just completed arrangements for the placing of the Henriette on the route. It is the intention of the company to give a semi-monthly service by the Henriette to all ports as far north as Prince Rupert, including the northern canneries According to the schedule which has been arranged for the Henriette, she will leave here every alternate Wednesday, making her first trip on the run on Wednesday of this week.

Hitherto the G. T. P. has not had any vessel calling at the various ports between Vancouver and Prince Rupert, the large steamer running direct to the northern city. The Henriette is well known as a freighter and besides being able to handle general merchandise she will be well equipped for the carrying of lumber and heavy freight. Much of the freight which is now carried by the Prince Rupert and Prince George will be left over for the Henriette.

It is the intention of the company to use the Henriette on the new run to work up the trade for the Prince Albert, which will commence the work in June on the arrival of the Prince John from England for the Queen Charlotte Islands run.

Repairs to the steamer Prince Rupert are being made in Seattle and it is said that she will go north again shortly.

CABINET MINISTER IS CHARGED WITH GRAFT

Ex-Editor Dan MacGillicuddy of Calgary, Hints That an Ottawa Minister Whose Name is Not Given, Accepted $50,000 Bribe to Let a Railway Company Exchange a Tract of Swamp Land for Prairie

(Special to the Daily News)

Toronto, May 2.—It is stated here that a charge has been made by Dan McGillicuddy, until recently editor of the Calgary News, against a memner of the Laurier Cabinet, in connection with a grant of western lands. The charge is that for a sum of $50,000, said to be traceable on the credit side of a certain bank account, an order-in-Council was put through at Ottawa, permitting a railway company to exchange 660,000 acres Manitoba swamp land for 660,000 acres of fertile prairie land in Saskatchewan. The inference in Mr. McGillicuddy's charge is that the minister charged, accepted the sum for his services in recommending that the order-in-Council be granted.

Responsible officials who have been approached here for an explanation say that the accusation of dishonest dealing is an improper inference from the facts. They say the company is question was entitled to select 660,000 acres of land, and finding none suitable in Manitoba, applied in the usual way for an order changing the territory for selection to Saskatchewan.

DAILY EDITION. TUESDAY, MAY 2

DANGER ON THE PLANKWAYS

The spectacle of an affrighted team in full gallop along Third avenue plankway yesterday afternoon, at a time when women and children are likely to be on their way to and from town, is a sufficient reason for leaving the far off field of foreign politics, and turning our thoughts to things nearer home. Had the team not fallen at the corner of McBride street, a worse accident might easily have befallen. Instead of a valuable horse being killed, it might have been a much more valuable group of children. Knowing that McBride street plankway on a sunny afternoon, is a favorite walking ground for mothers and children, it was with a sigh of relief that many people saw the unfortunate team and wagon go to destruction on the rock fill.

There is a regulation in the Streets Traffic By-law passed by the late city council to the effect that every horse left standing on the street must have a sixteen pound weight attached to the bridle. It is safe to say that few in Prince Rupert have seen a horse tethered to a weight on our streets. No attempt has been made to enforce the regulation. Indeed, the Mayor when asked about the matter this morning did not know there was such a regulation in the city by-laws.

Whatever necessity there may be to enforce such a by-law in other cities, the need is doubled in Prince Rupert. With no wide streets for leeway, or pavements to take refuge on, our women and children are at the mercy of runaway teams. Even to the strong man who may attempt the task of stopping them, the personal hazard is increased by the narrowness of the plankways.

The regulation is entirely to the benefit of the teamowners. As in yesterday's accident, the loss of a valuable horse and the wreckage of a wagon, is the penalty which is liable to fall on the owner, whose team is unprovided with the regulation weight.

ON BEHALF OF THE INDIAN

The interview which Bishop DuVernet gave the Vancouver press on the question of Indian title, reproduced on another page, is well worth reading and paying attention to. The question of the Indian title is one that will not down. The efforts to misrepresent the question, to make it appear as if the Indians are laying claim to the whole of the land, or that they are asking anything other than that the courts should decide the issue, only aggravates the situation, so that not merely justice-lovers, but truth-lovers are compelled to enter the discussion.

Most contemptible of all, is the attitude of the lickspittle press, of which British Columbia has a goodly share, which for the sake of the pap that comes the way of all who care to keep in line, echoes the refrain of "Indians are only Indians." As if that is a reason why honest men should deny them justice?

The white passengers on the Iroquois who were rescued by Indians after the white captain and officers of the vessel had left "to go ashore for help" luckily for themselves were not troubled with the finely aristocratic perceptions of the lickspittle press.

NEWSPAPERS ARE PRAISED

President of Big Advertising Firm Decides Best Medium

RESULT OF EXPERIENCE

Newspaper is Quick Action Rapid Firing Gun That Gets Results — Influences Public Mind in Remarkable Way—Good for All Classes.

Chicago, April 28.—Daily newspapers as effective advertising mediums were given unstinted praise by President David L. Taylor of the Taylor-Critchfield Advertising Company at a banquet given in his honor by the advertising men of Chicago at the Blackstone Hotel this evening. These statements by one of the recognized advertising authorities of the country, after a discussion of magazines, weeklies, bill boards and other advertising mediums, were received with great applause by the advertising men present.

"I am for the daily newspapers strong, because I appreciate the wonderful vitality of their immense circulation," said President Taylor, who as head of a great advertising agency places millions of dollars' worth of advertising for over six hundred of the leading advertisers of the United States and Canada. "The daily newspaper is a great and quick influence on the public mind. Being the carrier of the everyday news in which we are all interested, the advertising it contains naturally becomes a part of that news.

"The metropolitan daily newspaper can no longer be considered an exclusive city proposition. It is a great big portion of the country within the radius of the city in which it is published. It is a quick-action, rapid-firing gun that gets immediate results.

"I recommend the daily newspapers not only to the general advertiser for publicity, but to the mail order and agricultural advertiser who wants to reach not only the small towns, but also the farming communities within the radius of each city."

Among the other speakers were Senator Young, Editor Robert N. Davis and Prof. C. W. Burkett.

Uncle Jerry Put Through Big Land Deal on Saturday

Intending to use the land for speculation some Vancouver capitalists have purchased three hundred and twenty acres adjoining the townsite of New Hazelton from Uncle Jerry. The deal was closed on Saturday by Fisher & Wharton for the Vancouver people and Alfred Carss for Mr. Kugler.

The same people are also dickering for an additional 800 acres near the New Hazelton townsite and Uncle Jerry says the deal will likely be closed this week. The sale price of the land was $50 an acre.

Yes; Some Good Printing Costs Too Much, Too

It's the same as with other good things. The temptation to charge "stiff prices" for high class things, or high class service, is always natural. But it's not always justifiable—not even usually. For in all artisanship nowadays the standard is higher—the doom of the commonplace is pronounced. So that, as to printing, high grade work is not apt to cost you more than its worth; still, you can pay more for it at some places than at others—and this shop is one of the "others." : : : :

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

HANDSOME EVENING GOWN

Very Effective for the Tall Graceful Girl

Here we show a stylish design for an evening gown of white satin over which is a tunic of white chiffon embroidered in black and white beads. Bands of passementerie also in black and white beads cross in front and back on bodice, as shown, over pink satin ribbon which is fastened at top under a jet ornament and a similar ornament finishes at bottom. Shoulder drapery of pink ribbon is held in place on top under a band of bead embroidery.

Social Notes

Miss Grace Davis of the Government office staff left on the Prince George yesterday for Victoria to undergo an operation. After she leaves the hospital she will visit friends and rest before returning to the city.

Mrs. William S. Hall will receive on Wednesday this week for the last time this season.

QUESTION

O soul of mine, to life's new rapture born,
Can'st thou forget the splendor of that morn
When, through the chill and silence of the night,
Stole the warm radiance of the Easter light?

Did not thy Lord, before the dawn of day,
Unseal thy tomb, and bid thee come away?
And in that sacred garden, cool and dim,
Amidst the lilies didst thou not walk with him?

Then why should thou, all trembling and afraid,
Still bring thy spices where thy Lord is laid?
Unto the heavens lift thy downcast eyes;
Thy Lord is risen, and thou with Him did'st rise.

Not for the trump of doom and judgment hour
Waits, through years, the resurrection power.
Today He lives; today His life may be
Eternal life begun, O Soul in thre.

Was man created first?
Did womankind precede?
For knowledge I've a thirst,
But here I'm balked, indeed.

Some say that woman led.
But I cannot agree.
No book that I have read
Confirms that theory.

Man must have been the one
Who got here first, I guess.
With woman here alone,
Who buttoned up her dress?

THREE CLEANING TIPS

Useful This Spring. They'll Save You Worry

White felt hats can be successfully cleaned with a paste of magnesia and cold water, which should be applied with a brush and allowed to dry on. When the magnesia is perfectly dry it can be brushed off and the hat should be perfectly clean.

To clean white marble, wash it thoroughly with soap and water; then brush it over well, especially in the crevices, with whiting, mixed with a little blue, as used for ceilings. Allow to dry thoroughly and then rub with a clean, dry cloth.

To wash chamois leather, make a weak solution of soda and warm water, put in the leather and let it soak for two hours. Rub well with soap and rinse thoroughly in warm, spoapy water. Wring in a rough towel and dry quickly in the open air. Pull until soft.

A New York promoter has succeeded in arranging for a match between Albert Palsor, New York's most prominent "white hope," and Carl Morris, the giant Sapulpa locomotive engineer, who is the most widely-heralded western hope and late conqueror of Mike Schreck. The battle will be staged at Tulsa, Okla., on the Fourth of July. Palsor is regarded as one of the most prominent heavyweights in the east. He stands six feet two inches in height and weighs 212 pounds. The Tulsa fight will go twenty rounds.

New York, April 29.—A speed never attained before, it is believed, was made by Mrs. John Newton Cuneo of Richmond, Long Island, this afternoon at the Long Island Motor Parkway. Driving Louis Dishbrow's record-smashing car, Mrs. Cuneo swept down a half-mile straightway course first in seventeen and then in sixteen and one-half seconds, according to A. A. A. stop watches, or at the rate of 109 miles an hour. The rule of the A. A. A. against women drivers bars Mrs. Cuneo from participating in races, so the record does not officially count.

Instead of visiting Ottawa, Quebec, Toronto and Montreal, as was at first planned this season, the Haverford College Cricket club of Philadelphia, has decided to make a tour in the vicinity of New York this summer.

Battling Nelson and Eddie Santry, each one-time holders of championships in their class, have been matched to meet in a six-round contest before a Fond du Lac athletic club on May 9.

Consecutive Victories

Enquirer: The greatest number of consecutive games won in the National League was twenty, won by Providence in 1884. Lancaster, of the Atlantic (minor) League, won twenty-one consecutive games in 1897.

In his career as a league player outfielder Joe Jackson, again in the Cleveland outfield, has been charged with 1,338 times at bat and has garnered 475 hits, which gives him the sweet average of .355 in four leagues in three years.

Jimmy McAleer figures that few, if any, clubs in the American League this year will have a pitching staff outclassing that of Washington. Johnson, Hughes, Walker, Groom, Gray and Bussey are six strong pitchers. Bussey began pitching in the Canadian League in 1905.

"Old Cy" Young denies that he is too old for the national game, although he is just starting on his 45th year. He has a lot of good baseball left in him yet, and can teach a lot of the youngsters how to shoot them over the plate at the right angle and proper speed.

Thinking ball players are hard to find in these days, according to Manager John J. McGraw. The crop of boneheads is growing larger every year. It was ever thus.

CONDEMNED RESERVES

Bishop DuVernet Talks on Indian Land's Question

HEAVILY BURDENED

Loyal to King Owing to Efforts of Church—Bishop Advocates a Commission to Investiagte the Serious Problem.

In an interview granted to Mr George M. Murray of the Vancouver World last Thursday, Bishop DuVernet who is now in Vancouver with his son on a visit to friends, discussed the situation of the Indians in Northen B. C.

The interview reads:

"Through the influence of the Church of Christ, and that influence alone, the Indians of northern British Columbia remain loyal to His Majesty King George V.' ".

"In this striking sentence, His Grace the Bishop of Caledonia, whose diocese covers one quarter of a million square miles in northern British Columbia and under whose eye falls the spiritual welfare of over 10,000 Indians, closed an interesting interview.

"Bishop Du Vernet, who is in the city after seven years in the north, is probably as well qualified to discuss the Indian problem now facing the nation on the Pacific coast as any other man.

" 'Intelligent Indians in British Columbia should be enfranchised and placed on an equal footing with the white man on the Pacific coast,' " he declared.

Reserve Policy Bad

" 'The Indian reserve policy in the north country blocks individual enterprise on the part of the red men. Under this system, the lands which the Indians have been allotted are held in common by the people. If the Indians were given individual free holdings, they would greatly benefit. This would encourage enterprise on the part of the more intelligent of them.

" 'Under present conditions,' continued the bishop, 'the Indians are treated like children and not like free men. They have serious grievances which should be looked into and righted.'

Get Queer Notions

" 'In the Naas River,' said Bishop DuVernet, 'there has been a particularly bad feeling among the Indians. There, our missionary Rev. J. B. McCulloch, is doing his utmost to promote loyalty to the king. And it is a difficult task. If the missionary attempts to combat the resentment which the Indians bear the land grabbers, the natives get it into their heads that the missionary is against them and aiding the white men who are making it unlivable for them along the river banks.

Has No Treaty

" 'The Dominion government,' went on the bishop, 'has treated the Indians of the province very kindly. Unlike the prairie provinces, though, the British Columbia native receives no treaty. The province did not consult them about the reserves given to them. Though some of the reserves are of the best land in the country, they are not all of the kind that suit the Indian. Yet like children, they are forced to live upon them or go without altogether.

Looks to Ottawa

" 'It is for the federal government,' avowed Bishop DuVernet, 'to come to the protection and aid of these people in the north. They should be guarded from Ottawa. They are being dispossed of their hunting lands by the white invaders and they are practically without homes. Yet, I do not reason that the Indians own the lands of the north. This was probably set forth in the proclamation made by King George III. But I cannot see why they should be recognized as the lawful owners of the province. Yet they are being encroached upon. They are not getting their rights.

" 'A commission should be appointed from Ottawa, I would suggest,' said the bishop. 'The whole question should be gone thoroughly into by this commission and the reasonable claims of the Indians granted.' "

The basket ball game billed for tonight has been postponed indefinitely owing to difficulties in getting the teams together.

TO MANAGE WHITE PASS

Chicago Man Has Just Been Appointed

MR. O. L. DICKERSON

Is Vice-president of the Company Controlling All Departments. A. L. Berdoe Retiring Manager Will Remain Till End of May.

Mr. A. L. Berdoe, general manager of the White Pass & Yukon Route has just received word of the appointment of his successor in office in the person of Mr. O. L. Diskeson of Chicago. Mr. Dickeson, who is expected to arrive in Vancouver early in May, has just resigned the port of special inspector of transportation of the Chicago, Burlington & Quincy railroad. In connection with his appointment to the White Pass & Yukon Route, Mr. Dickeson has been made vice-president of that company. He will have jurisdiction over all departments.

It is unlikely that Mr. Berdoe will sever his connection with the White Pass till the latter part of May as he will have to make a trip north, visiting Skagway and White Horse, to close up the affairs of his office at those points.

GAVE THEM PRESENTS

Dr. and Mrs. Kergin Honored by Port Simpson Folk

LIVED THERE EIGHT YEARS

Presentation Took Place on Saturday. Mrs. Kergin Got Silver Tea Set. Doctor Received Beautiful Dressing Bag Illuminated Address Was Read.

For eight years Dr. W. T. Kergin was medical superintendent of the General Hospital and general practitioner in Port Simpson. In those eight years the doctor and his wife loved and were loved by the people of the town and district.

Last January the doctor and his family decided to come to Prince Rupert. As soon as the folk of Port Simpson learned this they started to talk of giving presents to the Doc and his good lady The doctor left before all was ready for the presentation though neither he nor his wife knew anything about it.

Summoned the Doctor

Last Saturday the doctor and Mrs. Kergin were summoned to Port Simpson. They went. Dr. R. W. Large, now medical superintendent of the hospital, took the visitors in charge. Mr. J. Flewin, president of the hospital board, and all the white residents of the place that could get around after supper to Dr. Large's parlor did so. There were some informal speeches from several citizens, some music and refreshments then Mr. Flewin read an illuminated address which praised the doctor and his wife for their good work while in Port Simpson and regretted their going away.

Mr Flewin on behalf of the white residents of the place presented Mrs. Kergin with a solid silver Queen Anne tea service with a magohany tray and Dr. Kergin with a solid black leather dressing bag fully equipped with valuable articles.

'Twas Unexpected

Dr. Kergin and his wife did not expect or suspect any such exhibition of the esteem they were held in by the folk of Port Simpson. The doctor tried to express his thanks but hadn't enough vocabulary. Mrs. Kergin was so grateful and happy well, like a true woman, she cried.
