STEWART WANTS TO BECOME A TERMINAL CITY

COURT ORDERS RENEWAL OF THE SAVOY LICENSE

Mr. A. J. Prudhomme Wins His Fight Against the License Commissioners---Judge Clements of the Supreme Court Issues a Mandamus Compelling the Renewal---History of Interesting Case Which Has Been Before Public for Eight Months.

"Judge Clements has ordered the renewal of the Savoy Hotel to A. J. Prudhomme, with costs against the License Commissioners."

The above telegram from Mr. C. M. Woodworth, K. C. at Vancouver, to Messrs. Williams & Manson was received late last night, and the welcome news of his victory before the Supreme Court was at once conveyed to Mr. Prudhomme. Messrs. Williams & Manson acted as solicitors for Mr. Prudhomme in the matter, and prepared the case. Mr. C. M. Woodworth K. C., is the Vancouver counsel they selected to argue the matter before Mr. Justice Clements.

History of the Case

The Savoy Hotel dispute, owing to its becoming a factor in the last municipal campaign, is well known to many of the citizens. At the first License Board meeting held in the city, Mr. Prudhomme was awarded a license by the chairman, Mayor Stork, after a rather stormy passage between Commissioner Merryfield and the

chairman, which led to Commissioner Merryfield leaving the room after declining to vote on the application. Commissioner Smith was also absent from the meeting at the time.

Took License Away

At the next meeting of the Board held early in January, all three commissioners were present, and on a motion to consider the renewal, Commissioners Smith and Merryfield voted the renewal down. The Board, however, consented to allow him a few days in which to sell his stock, and Commissioner Smith promised if he would bring in an application at the next meeting for a new license he would support it.

Tried Both Ways

Mr. Prudhomme accordingly applied at the next meeting of the License Board for a renewal of his old license and for a new license. The municipal elections had taken place in the meantime, and Mr. Stork's place was taken by Mr. Manson. The Board ruled that Mr. Prudhomme had never had an old license to renew,

and declined to give him a new license.

Created a Surprise

The ruling created great surprise, for the Savoy Hotel was one of the most admirably equipped and conducted hosteleries in the city. In it, Mr. Prudhomme had invested \$40,000, the savings of a lifetime. The judgment meant financial ruin to him. He advertised the house for sale, and determined to spend his last cent if need be, to secure legal redress.

The Court Ruling

An application was entered in the Supreme Court for a mandamus compelling the License Board to renew the license. It was argued that by their act in considering the renewal and voting against it, the first License Board recognised its existence, and also by allowing him to sell off his stock of liquors. The ruling of the court on the matter, has met with general satisfaction. In the face of the clear case for a renewal and the judgment of the Supreme Court ruling, it is extremely unlikely that the commissioners will appeal from the ruling.

SAWMILL BLAZE AT REVELSTOKE

Bowman Sawmill Totally Destroyed by Fire Last Night—Loss Totals to \$70,000.

(Canadian Press Despatch)

Revelstoke, June 6.—The Bowman sawmill was totally destroyed by a fire which started at 10:30 last night. The loss includes five hundred thousand feet of unsawn timber which was yarded behind the mill. The loss, approximately \$70,000, is covered by insurance.

HAS GOT THE ESCAPING HABIT

Mad Austrian Who Leaped from Train Near Nelson is Once More at Large.

(Canadian Press Despatch)

Nelson, June 6.—The mad Austrian prisoner who made a sensational escape last week while on the way here by leaping through the window of an express train and was later arrested at Bonner's Ferry by Immigration Inspector Davis, is once more at large.

After having breakfast here he managed to escape from the lock-up and is not yet recaptured.

FRENCH WARSHIP ASHORE

D'Estress in Distress in Halifax Harbor This Morning

(Canadian Press Despatch)

Halifax, June 6.—In thick weather this morning the French warship D'Estress struck on St. George's Island in Halifax harbor. Later she floated off undamaged.

ALD. NEWTON'S ULTIMATUM TO THE CITY COUNCIL

At the Suggestion That the Council Will Act Over His Head He Dares the Mayor and Council to Try It and See What Will Happen---Says He Has Other Means of Letting the Public Know---Douglas Plays Sanche Panza to Newton's Don Quixote.

"It has been said amongst this council that if I do not move more rapidly they will move over my head. I should like to see this council move over my head. If this council chooses to move over my head in this way I have other means of making myself heard in this city."

Very distinct evidence of the fact that Alderman Newton is on the brink of war with the council came in these words from his own lips at the meeting last night. Like the great Don Quixote, Knight of the Rueful Countenance, with Alderman Douglas at his back, a very perfect Sancho Panza, Alderman Newton has dared to hurl defiance at the August Body of which Mayor Manson is Grand Vizier.

Hilditch Fired the Train

It sprang from a pointed suggestion made by Alderman Hilditch that the committee appointed to look into the Engineering Department, of which Alderman Newton is an important member, should not be allowed longer than till next Monday

night to bring in their report. Alderman Newton was on his feet in an instant. "I should like to remind Alderman Hilditch," he said, "that he seems remarkably aggressive in taking good care that very short time shall be given this committee to investigate this matter, the most important matter which has come before the council this session. All these months have gone by, and we have not heard Alderman Hilditch pushing and complaining because any other committee has not brought in a special report. I would remind Alderman Hilditch that he promised to look into the Engineering Department himself. He took months to do anything with it, but I never objected to him, but rather gave him loyal support. It ill becomes him now to try at this board, to make this committee move simply because he seems to have changed his tune somewhat on the subject of the Engineering department. I have been using my influence along lines to expedite investigation of this department, but strange to say, all my efforts have been futile until last week.

It has been said amongst this council that if I do not move more rapidly now, they will move over my head. I should like to see this council attempt to move over my head. If this council chooses to move over my head in this way I have other means of making myself heard in this city."

After the Smoke Cleared

With this awful threat Alderman Newton sat down and Alderman Douglas instantly rose to back him up with statements in sympathy, for Alderman Douglas also has had reason to suspect that things are being done over his head by council committees. Alderman Clayton endeavored to smooth it over a little, and Alderman Hilditch defended his own efforts to establish a Public Works Department, which he said took time. But though Alderman Newton met the conciliatory mood expressed, to the extent of saying that he had not intended to imply that Alderman Hilditch had ever retarded reports deliberately, it was very evident that the Editor Alderman has nailed his colors to the mast, and will do battle to the death.

STRIKE AT WINNIPEG

Bricklayers Dissatisfied With Their Arbitration Award

(Canadian Press Despatch)

Winnipeg, June 6.—At a mass meeting of 700 union bricklayers last night it was decided to strike as the report of the arbitration board was unfavorable.

CIVIC PAY-ROLL IS CREDITABLE

Seventy-six Excellent Citizens, Half of Them Married Men

Following is an analysis of the status of various employees as regards their length of residence in, and qualifications regarded as "permanent citizens" of the city of Prince Rupert got from City Engineer Davis's report on the present pay-roll as requested by Alderman Douglas.

The report covers the period from April 1st to June 1st. There are seventy-six names mentioned in it. Of these city employees only five are not rate-payers. Thirty-five out of the seventy-six have been residents of this city for over two years, and most of them have been over three years here. Two men H. Hamilton and G. Wynne have been here for four years and four and a quarter years respectively. Thirty-seven are married men, and of these twenty-nine have their families with them in Prince Rupert. The list speaks for itself.

MAYOR TAYLOR CARRIES COPY OF THE RIOT ACT

Vancouver's Mayor Ready for Emergencies All Right---Mob of Two Thousand Men Visit Police Station Where Seven Union Men Were Detained But no Riot Occurred.

(Canadian Press Despatch)

Vancouver, June 6.—The opening day of the general strike passed off without untoward incident, although Mayor Taylor is reported to be going round with a copy of the Riot Act, ready to read it on the first indication of disturbance.

Bricklayers Working

About 4,000 men of the allied Building Trades quit work, with the exception of the bricklayers who are still at work. There are also a number of non-union men in the building trades at work.

Made Demonstration

There were several demonstrations during the day in front of a large building in course of construction down town, but the work went on without any interruption.

Seven Arrests Made

Seven arrests were made during the day and evening for various offences connected with the demonstrations, and as a result a mob of 2,000 men congregated outside the police station at night. Nothing serious happened, however, and in due time the mob dispersed.

Is Progressing Well

The young man, G. W. Fraser, who is in the hospital is reported to be progressing very favorably though still very weak as the result of his injury. Dr. McNeill who attended to his injuries at the time, will continue to care for him until he is quite recovered.

Indoor Baseball
Printers vs. the Crescents tonight at the Auditorium. Game called at 8.30 sharp. Admission 25c.

Victoria, June 6.—(Special)—Mrs. Minnie Paterson the heroine of the Valencia and Coloma wreck died at Alberni on Sunday.

POINTS TO INEQUALITY IN THE ASSESSMENTS

Alderman Douglas Says That While Mayor Manson's Property in Block 23 Was Not Raised That Adjoining Lot Was Increased \$2000---Some Other Anomalies Are Quoted.

The following interesting address was delivered before the Court of Revision by Alderman Douglas yesterday, when he appeared before the court in the role of an appellant. He was unsuccessful in securing any reduction on any of the assessments.

"Gentlemen; I regret to appear before this Court and appeal against assessment levied on my lots and other residential lots owned by the working class and people of small means while some parts of Section One, the most choice property and greatly enhanced by improvements since last assessment, have not been increased one cent. Especially is this so in the case of Block 23, Section 1, Lot 15, owned by Mayor Manson and Lot 16 owned by Mr. Patmore. These inside lots in this block remain the same as last year yet Lot 13 has been advanced \$2000.

"Lots 13 and 14 are assessed \$23000 and it was reported that these lots with improvements were sold for \$51000 last year.

"I also draw attention to the fact that Lot 25, Block 34, Section 1, owned by Mr. Carss is \$4200 this year, \$200 of an increase or 5 per cent advance while some lots in residential and outlying sections have been raised from 100 to 300 per cent over last year.

"Take Lots 25 and 26, Block 30, Section 5, Comox, assessed \$300 each last year, this year \$650 and \$700. Lot 8, Block 31, Section 5, in the red light district, is assessed \$800 this year, last year \$700. This lot has improvements. Now, while my lots are in the red light district I refuse to build for immoral purposes. I bought these lots at the sale in Vancouver, May 29, 1909, before this district was opened

LAURIER OPPOSED IDEA OF LABOR EXCHANGES

Says Canada Does Not Favor Direct Promotion of Emigration---Wants Liberty to Stand Outside of Imperial Treaties on Occasion

(Canadian Press Despatch)

London, June 6.—At the Imperial Conference this morning Sir Wilfrid Laurier gave notification of his intention to introduce a resolution with the view of securing the liberty of any Dominion in the Empire to withdraw from the operation of any treaty made by the Imperial Government without impairing the treaty in any

respect to the rest of the Empire.

A resolution for uniform navigation laws throughout the Empire and the employment of British seamen in British ships was adopted.

A report issued tonight of the Conference shows that Sydney Buxton President of the Board of Trade moved that the over-seas Dominions consider in conjunction with the Imperial Government some means for the utilization of national labor exchanges, for the purpose of securing employment for those desirous to go to the Colonies.

Sir Wilfrid opposed the motion declaring that Canada did not favor the direct promotion of emigration from Britain or elsewhere. The motion was withdrawn.

"All Liberals Invited"

Owing to the large number of people anxious to meet Hon. William Templeman, and because the Minister wishes on this occasion to have a heart to heart talk with his supporters instead of making a public address, it has been decided by the Liberal Executive to limit the invitation to "All Liberals." The meeting will be in McIntyre Hall, at 8.30 tomorrow evening.

Ladies Will Be Glad

A really up-to-date, florists, refreshment and ice cream store has been opened next door to Wallace's store on Fulton street by Mrs. W. Shrubbsall. Cut flowers, and plants in pots are specialties.

TINY GIRL IS KILLED

Run Over by a Street Car in Vancouver

(Canadian Press Despatch)

Vancouver, June 6.—Enda Price, a two and a half year old girl, was run over and killed on Hastings Street East last night by a street car.

ARE NOW OUR CITY AUDITORS

Messrs. Stewart and Stuart Appointed after Triple Ballot Last Night.

Messrs. Stewart and Stuart, accountants Prince Rupert, have been appointed City Auditors at a salary of \$40 per month during the year 1911. This appointment was made by the city council after a ballot that worked like a game of "Consequences" for a while, and caused much merriment. There were two other applicants for the coveted post. These were J. Thompson, and G. Munro. It was decided that the merits of all the applicants were so similar that a ballot should be taken. With slips of paper and Alderman Smiths hat City Clerk Woods got busy, and took up the first ballot. It resulted in a tie three votes to each candidate. Again the vote was taken, and again the result was the same. For the third time after some amused discussion, the ballot papers were distributed. This time there was something doing. The vote went five to Stewart and Stuart, and four to G. Munro, and Mayor Manson declared the former firm elected auditors at the salary stated.

It's pure ice cream, and fresh fruit at Mrs. W. Shrubbsall's new store on Fulton street next to Wallace's. Fresh flowers and pot plants are a speciality. 156

TUESDAY, JUNE 6

THE GRAND TRUNK ASSESSMENT

Owing to the near approach of the time when the citizens will be called upon to vote on the above question to bind the city to an agreement covering a long period of years, and owing also to the evident reluctance shown in certain quarters to discuss the question with the citizens, the Daily News will print a series of editorial articles dealing with the various aspects of the question.

In so doing, there is no desire to sway the minds of the electors either for or against the proposed settlement. The aim will be to state the case fairly, without prejudice, without exaggeration, and without rhetorical appeal, letting the issues be clearly seen, and allowing the facts to make their own appeal to the individual mind. Our chief concern is not which way the electors will vote, but that the electors may know what it is they are voting for or against.

Article No. 6.—How the Proposed Agreement Affects the Waterfront and Trade Development of the City.

In the last article it was shown that the proposed agreement to grant a fixed assessment to the Grand Trunk Pacific, whereby it will pay \$15,000 a year for ten years, means a reduction in the city's power to borrow capital for civic enterprises by over \$1,250,000 at the lowest computation, and that this in turn will preclude the city from carrying out several needed civic enterprises.

But this, the first by-product of the agreement, would not prove so severe a handicap to the city's development as some of the less obvious effects, notably the effect on the water-frontage.

Arising out of the fact emphasized in previous articles that Prince Rupert was chosen by the railway company, for the railway company, the water-frontage was safely disposed of to the railway company before the townsite was put on the market. The consequence is that Prince Rupert is an island within an island. With commercially impassible mountains behind us, and the whole of the water-frontage divided between the railway company and the Provincial Government, Prince Rupert so far as commerce is concerned, is as effectually barricaded from free commerce with the world as if walls a hundred feet high were built round it. No vessel can bring commodities or raw materials to the city, without paying tribute to the Grand Trunk Pacific. Upon all we eat and wear, on the building materials of which our homes are constructed, even to the paper and ink with which the newspaper now in your hands is produced, tribute in the form of wharfage dues are levied by the railway company.

True there was a Government wharf started by the Provincial Government over two years ago, but the "progress" made on it, and the repeated official promises which are never fulfilled, have raised a suspicion in the minds of many that the work on the Provincial Government wharf is being intentionally delayed for a purpose.

The amount of tribute levied on a sheet of paper and a bottle of ink is infinitesimal. It does not affect the selling price of the Daily News. But the amount of tribute which would be levied for wharfage charges if a smelter, or a sugar refinery, or a flour or saw mill were to locate on First avenue, would make it impossible for the venture to pay. It is imperative that all the heavy industries and large manufacturing plants which propose locating in the city, should be situated on the water-front. Then not only would an economy be effected in the cost of bringing in raw material, and of exporting the finished products, but the whole of the Dominion would be means of the completed railway line be brought to the back door of the factory. That is the economic value of the water-frontage—the value which it possesses over ordinary town-lot sites for easy and cheap transportation of raw and finished materials. The water-frontage is the only place in the city where heavy manufactures can profitably be located. It is that which gives it extraordinary value.

Because the city is interested in seeing permanent manufacturing industries locate here, giving employment to thousands, and because the water-frontage is the only place upon which industries can profitably locate, it follows that the city is deeply interested in the development of the waterfront.

The esteem in which the waterfrontage is held by the railway company is seen by the fact that it is not for sale at any price. It is not even to be had on lease, save for short terms. Leases for a period of more than twenty years will not be considered. Yet it is on this pricelessly valuable property which the railway company is asking for a reduction of assessment, not for one year only, or until such time as the line is linked up, but for ten years.

If the ten year agreement should be agreed to, how would that affect the waterfront development?

One of the consequences of taxing idle lands equally with those which are being used for development, is to make it hard for the speculator who keeps his lands idle, to reap huge profits at the expense of the men who improve their properties.

That is the principle of the single tax theory, the theory upon which taxation in Prince Rupert was based last year, and the principle on which the city council proposes to tax all of us this year—with the exception of the Grand Trunk Pacific.

Why a principle, supposed to be productive of good among a lot of small owners who own from one to ten lots apiece in the town, should be waived on behalf of the greatest owner of all,—the owner of all of the available water-frontage, has not yet been shown. If the city has an interest in making it difficult for individual owners, whose properties can be duplicated, from holding back development until the rest of the citizens have increased the value of idle property, how much more necessary it is to see that the monopolistic owner of the water-frontage—the only place where industries can be profitably located—is not allowed to evade his equitable share of taxation, during the period he is holding his lands from development.

This is a matter upon which the city's interest is so important as to deserve the whole of an ensuing article.

CAMPAIGN IN STEWART FOR A TRANSCONTINENTAL

Want Provincial Government to Guarantee Bonds for the Canadian North Eastern to Link With the C. N. R. and Make Third Transcontinental Terminating at Stewart

Stewart, June 5.—"That the Stewart Citizens' Association is strongly in favor of advocating that the Provincial Government give a guarantee of bonds to the Canadian North Eastern Railway Co. for the construction of a railway from Stewart to the eastern boundary of the Province of British Columbia."

Third Transcontinental

The above resolution was unanimously endorsed at a most enthusiastic public meeting held in Hartley's Hall last Wednesday evening. Stewart has sounded the slogan of a campaign that will embrace every section of the province to urge upon the provincial

authorities the necessity of financial assistance towards building a third transcontinental railway which will have for its Pacific terminus the town of Stewart.

Supported by Many

Mr. T. J. Vaughan-Rhys acted as chairman and made a strong speech in support of the movement. Other speakers included Messrs. R. M. Stewart, W. H. Gray, A. T. Sanders, J. F. Lins, Frank Martin, J. D. Flinn, J. W. Stewart, and H. C. Morris.

The meeting instructed the executive committee to extend invitations to the Hon. Richard McBride, Hon. Thos. Taylor and William Manson of the Provincial House, and to the Hon. William Templeman to visit Stewart.

Can't Stand Stable Air

"The ladies in the cabin couldn't stand the stable air," says Kipling in reference to the voyage made by one Noah. Fred Button has a similar objection to the stable air that permeates the neighborhood of his home on Borden street. This is a matter for the Medical Health Officer who is to look into it, or nose around about it.

Wants Consideration

C. R. Anderson to whom a contract was awarded to deliver piling for city purposes has appealed for consideration as he misunderstood that the piles were to be delivered as directed by the City Engineer and thought they would be delivered at Cow Bay. The streets committee will consider the matter.

Two Under-Sea Pipes

City Engineer Davis's recommendation that there should be two pipes laid across Shawatians Passage under water to convey the Woodworth Water Supply to the city will be acted upon when the waterworks scheme is started.

ANOTHER TRAIN SMASH

Fifteen Persons Injured Near Nashville, Tenn., by Collision

(Canadian Press Despatch)

Nashville, June 5.—Fifteen persons were injured here today when the Lebanon-Akron train crashed into a switch engine on the outskirts of this city.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

SILK AND LACE

Combine the mixture and cut and fold in the whites of four eggs beaten until stiff and dry.

Cracked Wheat Pudding

Take one quart of sweet milk, add one-third of a cupful of cracked wheat, about the same amount of sugar, a little salt and a small piece of stick cinnamon. Place in a moderate oven and bake two hours. When about done stir in the crust already formed, and it will form another sufficiently brown. When done the wheat will be soft and the pudding of a creamy consistency. It can be eaten hot or cold and raisins may be cooked in if desired.

Delicious Indian Pudding

One pint of milk, scald well; two heaping tablespoonfuls meal, one tablespoonful flour; wet these in a little cold milk and stir into the hot milk and cook until thick; when cool add one egg, one-half cup sugar, one tablespoonful molasses, one-quarter teaspoonful cinnamon, two-thirds cup cold milk, a small piece of butter, salt to taste, a few raisins; stir twice while in the oven. Bake slowly two hours.

POLISHING FURNITURE

Quick and Effective Way Costs Little

A great many housekeepers are troubled with the loss of polish from their mahogany furniture, particularly the piano, over which a thick greasy substance seems to settle. The best way to remedy this is to wash quickly, a small piece at a time, with lukewarm water in which a little pure white soap has been dissolved. Rinse with clear water of the same temperature; dry with a soft flannel and polish with the grain of the wood by using a soft piece of chamois skin. Only in exceptionally bad cases is it necessary to apply a furniture polish, and then care must be taken to get a reliable furniture dressing; otherwise the delicate finish may be ruined.

NEVER FLIRT DON'T DANCE

Rules for a Long Life by an Old Old Lady

A "set of rules for long life," compiled by Mrs. Mary Scriggins, famed as the oldest woman in Massachusetts, include the following:

"Do lots of hard work. Fifteen hours a day is not too much. Abstain from idle gossip. Never flirt, for it is a useless waste of energy. Do not read novels. Banish the vanity of dress. Keep away from dances and shows."

UNIQUE HONOR FOR A WOMAN

Mrs. H. von Graevenitz is the first White Woman to Cross Bitter Creek Glacier.

ITEMS OF SPORT

In winning the 52nd race for the King's Plate at the opening of the Spring Race Meet at the Woodbine, "St. Bass" beat "Powderman" by six lengths and broke the record for the mile and a quarter course—time 2 minutes 8 4-5 seconds. St. Bass is a three year old colt owned by Henry Giddings and was the only horse he had entered.

"Cy" Young, the veteran American league pitcher, and the dean of Major league pitchers has rejoined the team after an absence which began four weeks ago, when he was taken ill in Detroit with pneumonia. He has been recuperating on his farm at Peoli, Ohio, and says he expects to be able to play within two weeks.

Tom Robertson, secretary-treasurer of the Ontario Association Football league, is inviting correspondence on the proposal to establish a Canadian Soccer association.

It has been a tough season so far on the manager players. Frank Chance, of the Cubs, Hal Chase of the Highlanders, and Roger Bresnahan, of the Cardinals, have all been out of the game on account of sickness.

Frank S. Elliott, vice-president of the Philadelphia National baseball club, died in a hospital after being stricken with cerebral hemorrhage at the end of a ball game between Philadelphia and Cincinnati. He was 51 years old.

The Montreal Lacrosse Club has had an engagement for some time with the Crescent Lacrosse Club of New York for an exhibition game there on the 17th of June. The Crescents have, however, wired asking the local men to change the date and play instead on the 8th and the 10th of June, as President Taft, of the United States, has promised to be present and see a real good game of lacrosse on one of these dates.

The Saginaw team of the Southern Michigan league is making all kinds of records this season. Their latest stunt was the scoring of eight home runs in a nine-inning game.

In the first night's play of a 600-point match for the world's pool title, Alfredo De Oro made the high run of 32 and Weston's best run was 17. Weston played very boldly, but had little luck.

The Honorable James Murphy has been a familiar figure for years at Lacrosse matches as coach and manager of the Torontons, but the other day he appeared for the first time in public life in his new official capacity of President of the Union, and was an instantaneous and unqualified success.

Philadelphia polo enthusiasts made up a purse of \$50,000 to wager on the American team to defeat the Englishmen in the final match for the polo championship. The purse was subscribed in the Racket Club placed at any odds to get it down.

Bosie, in the Union Association, is going to give Watkins, who was with Seattle early in the spring, a chance at second. Watkins may not be the slowest player in the world, but he has the nerve and gets almost everything within reach.

One very substantial crumb of comfort fell from the table of Victoria Day's sports for hungry Ottawa. It was the fine victory of the cricket team over that of the M. A. A. A. This was the one bright spot in the sky, otherwise overcast by the lacrosse disaster. When it comes to cricket, Ottawa must always be taken seriously.

Because he objected to the ruling of the referee and refused to continue in the recent championship matches at the Irish-American Athletic Club, Jas. Jarvis, national champion lightweight boxer, is suspended for six months by the A. A. U.

KEY TO RUPERT BY SEA IS LANGARA LIGHTHOUSE

"Survey Now Complete and Work Will Begin at Once" Says H. Killeen, Superintendent, Who Arrived in S. S. Newington Last Night

In the trim little steamer "Newington" H. Killeen Dominion Government Lighthouse Superintendent, visited Prince Rupert yesterday evening. He left early this morning. Mr. Killeen's visit is of great importance to Prince Rupert as he has been cruising here to survey the sites of light-houses and aids to navigation in Dixon's entrance through which Prince Rupert's sea trade is to come.

Key to Rupert

"I have practically completed the survey of the site on Langara Island of a 'First Order Light-house,'" said Mr. Killeen to the Daily News soon after he landed. "Langara Island is the key to Dixon's entrance and to Prince Rupert by sea. As soon as my report reaches headquarters the work will commence. The light-house will be a solid concrete structure after the latest plans, fitted with powerful illuminating

apparatus and fog signalling siren. With this lighthouse, and its subsidiary light at Rose Spit which is included in my present survey, Dixon's Entrance will rank with the easiest approaches to a seaport in the world.

Build by Day's Labor

"Owing to the exigencies of the work, no contractor could easily figure on the building of the Langara Lighthouse," said Mr. Killeen. "It will be built by day's labor according to the Dominion Government's system. Not only Liberal in name, but liberal also in appropriation, the Dominion Government has provided for substantial aids to navigation here. They will be ready in ample time for the shipping. Thanks to the vital interest taken in the work by the Hon. William Templeman who is unsparing in energy nothing has been overlooked that will benefit Prince Rupert."

FRENCH AVIATOR MAY BE DROWNED

Lieut. Bagne Left to Fly to Corsica—Has Not Been Heard From Since

(Canadian Press Despatch)

Nice, June 6.—It appears that Lieutenant Bagne, the French aviator, has met a similar fate to Cecil Grace who lost his life in the North Sea while on a flight from Calais to Dover last December.

Bagne left Nice in an aeroplane for a trip to Corsica, 100 miles away, two days ago and nothing is yet heard of him. Torpedo boats have been despatched to seek him.

Pantorium Pioneer Cleaners, Phone 4

REVISION COURT

Nothing Sensational This Morning. Few Holdovers

This morning the Court of Revision sat as usual and got through a good deal of business. There were few holdovers for further consideration, though some appeals will be entertained.

SIGNIFICANT SENTENCE

Heard in Premises Just Fined \$100 as Blind Pig

"No, there was lots of 'Veeskee' to sell yesterday, but there is none today," is said to have been a remark passed in Nick Gurvich's hostelry last night, and as a result of that remark two Austrians are detained by the police for having threatened Mrs. Gurvich with violence because they could not get the liquor they wanted. This case came up in the police court today but was remanded till Friday.

WESTON WILL DO THE SCAVENGING

Ballot in His Favor Last Night. Contract to be Drawn up on Suggested Scale of Rates.

By ballot at last night's council meeting J. G. Weston was appointed contractor for the city scavenging work now to be systematized. A contract is being drawn up by the city solicitor in terms of the schedule of rates made out by Alderman Morrissey and his committee, and Weston will be required to furnish \$1000 bonds.

This embodies exactly the recommendations of the committee to look into this which reported to the council last night. But the report was not adopted right away. Alderman Newton got up to say that while he himself favored the appointment of Weston he did not care to move the adoption of the report "because of possible suggestions made in other quarters that favoritism was being shown." A motion by Alderman Kerr

seconded by Alderman Douglas that new tenders be called for the work was followed by an amendment by Alderman Smith seconded by Alderman Clayton that the report be adopted. The amendment was lost, so too, was the motion, and then a ballot was taken on these four, H. L. Dickson, A. Swanson, J. G. Weston, and P. Black. Five votes went to Weston, three to Black and one to Swanson. Alderman Morrissey threw a sidelong, as he termed it on the scavenging business by hinting that a hog ranch will be run in connection with the contract which will be so profitable that the scavenger may even be ready to pay a fee for hotel and restaurant garbage.

Not the Firing Committee

The fire committee will look into the matter of James Gibson's resignation of his position as chauffeur of the "Red Devil" auto hose wagon. The resignation was read at the council meeting last night. No comment was made regarding it.

LAND PURCHASE NOTICE

Skeena Land District—District of Queen Charlotte
Take notice that George Frizzell of Prince Rupert, B. C., occupation carpenter, intends to apply for permission to purchase the following described lands:
Commencing at a post planted about seven miles west and two miles south of the mouth of Stanley Creek where it empties into Naden Harbor, Graham Island, thence 80 chains south, thence 80 chains east to point of commencement, containing 640 acres more or less.

Dated April 21, 1911. CHARLES M. KNUISE, Francis S. Preston, Agent

Classified - Advertisements

One of the best services the modern newspaper gives the public is in the classified advertisement columns. There buyer and seller, employer and worker, landlord and tenant, and a host of others meet on common ground. To put this modern convenience in reach of everyone the News will reduce its rate to a nominal price of one cent a word per insertion. Minimum charge of 25 cents. Watch it grow. Here is our Classified Advertising Column for today.

A BIG "CHASE"

Ink and Water Artists Will Battle for Honors

According to the boasting of the Crescents, the indoor baseball artists of the Baptist Church, they are going to literally immerse the aggregation of erstwhile "devils," now full fledged printers, at the game in the Auditorium to-night.

As a retaliation the printers say they will easily "stick" the type of opponents they are to meet. They say it will be some "chase" while the Crescents avow they will soak it to the printers.

Nothing has been heard of the make up of the Crescents but the printers have set up theirs and here it is:

"72 Point" MacDonald.
"Italic" Waterman.
"Make Up" Black.
"Long Primer" Cullin.
"Inky" Harris.
"Small Pica" Potts.
"Bold Face" Thompson.

The typos' suits are not yet to hand but as soon as they arrive the "conglom" is to be photographed by "Monkeytype" Baarlaer.

LAWN TENNIS CLUB STARTED

Enthusiastic Membership Organized Last Night. Judge Young is Hon. President.

A real live Lawn Tennis Club with two courts of its own and a membership which is ready to break through its present limit of thirty at any moment, has been started in Prince Rupert. Judge Young is Honorary President, Rev. F. W. Kerr is President, and Mrs. R. A. McMordie is Vice President. The energetic Secretary-Treasurer is Mr. W. O. Fulton, and an executive committee is being completed numbering among its members at present Messrs. O'Neill, Mortimer and Godson. Two other members are to be appointed later. The Tennis Club was organized in the Presbyterian Church last night. It is essentially undenominational. Nets etc., have been ordered, and the Club's own courts will be opened in about ten days. The fees are moderate and the limitation of membership to thirty is only necessary until arrangements can be made for more courts.

Bowling Match

In a live bowling match last night in Morrison's Alley, the Grand Trunk team beat Morrison's All Star team by 147 pins. The winning team made a score of over two hundred. Odds of three to one had been offered in favor of the All Star team in the afternoon for they are a renowned outfit, but apparently the Grand Trunk team outshone them last night.
