

## TROUBLE WITH NAAS RIVER INDIANS REPORTED

### BRITISH TORPEDO FLOTILLA WENT OUT TO SINK GERMANS

**SENSATIONAL STORY TOLD BRITISH PRESS BY COL. SETON OF THE NATIONAL SERVICE LEAGUE—WERE WITHIN AN AGE OF ANGLO-GERMAN WAR.**

(Canadian Press Despatch.)  
London, Dec. 5.—Col. Seton, honorary organizer of the National Service League, has caused a sensation by stating that during the recent crisis with Germany that the Germans had a torpedo flotilla outside the Firth of Forth and that a British torpedo flotilla went out each night with direct orders from the Admiralty to sink the German flotilla on sight if it came across it

during its patrol. At the same time a British fleet lay inside the Forth with lights extinguished, nets down and guns and torpedo tubes loaded. A British torpedo flotilla was also cruising off the German coast.

### NAAS RIVER INDIANS ARE HOSTILE TO THE WHITE MEN

**ARMED PROVINCIAL POLICE EXPEDITION SENT OUT YESTERDAY AFTERNOON TO QUELL DISTURBANCE, WHICH IS RUMORED TO BE SERIOUS—PARTY LEFT IN ROVER.**

News of a disturbance amongst the Indians at Ayansh on the Naas reached Chief Owens of the Provincial Police yesterday, and was evidently of such urgent nature that he arranged for the launch Rover to take him at once to the scene with Constable Godson and several special constables, all armed with carbines. The party took provisions with them for several days.

Chief Owen preferred to keep his own counsel regarding the purpose of the expedition, and a rumor went around that the party of his assistants were gold-seekers going after a new strike on the Naas. It was later rumored that white men on the Naas had been menaced by a number of Indians inflamed with hooch, and that the tribe were hostile to the white men in authority there. Official details are promised on the return of the party.

### NEW WING NEEDED NOW FOR GENERAL HOSPITAL

**BOARD WILL CALL FOR COMPETITIVE PLANS FROM ARCHITECTS IN CITY—SUCCESSFUL DESIGNER WILL DO WORK. GOVERNMENT TO BE ASKED FOR \$10,000 GRANT.**

The most important item in the business of the hospital board yesterday afternoon was the proposal made that the Government be approached to grant a contribution of \$10,000 toward the building of a new wing to the present hospital, and the city be asked for another \$10,000, the hospital board holding themselves responsible for the furnishing and equipment of the new wing.

Mayor Manson was present and assured the board that he believed the Government would most assuredly give a handsome grant and that he would use his own best influence to get the \$10,000 to be asked for. As for the civic grant he was not prepared to say much beyond that he believed the city could afford next year to give, say, \$8,000 or

\$10,000 and that the new wing would cost less than the present building.

A committee of the board will arrange to call for competitive plans from the architects of the city.

A motion by Messrs. Palmer and Scott thanking Mr. Dennis for his unsparing services in getting subscriptions and organizing the establishment of the John Houston ward was passed unanimously.

Applications were received from Misses H. Campbell of Big Bar and Lillian McLeod of Seattle for posts as probationers. These were referred to the house committee. The matter of the scale of salary to be paid the janitor during his illness contracted while at work was a matter of discussion postponed until later.

### ALD. NEWTON QUILTS THE COUNCIL

**Says He Will Leave Them Now to do "Their Own Crooked Business in Their Own Crooked Way," and Marches from Room**

### TROUBLE OVER A LUMBER CONTRACT

**The Alderman Accused the Board of Works of Not Purchasing from the Lowest Tenderer, and When Advised by Ald. Hilditch to "Take a Dose of Salts", Says He Will Not Stay to be Insulted at the Council Table**

The long delayed but inevitable thing has happened. Alderman Seville Martineau Newton has finally broken from his colleagues, and withdrawn from the City Council. The parting took place last night. "I will leave you to do your own crooked business in your own crooked way," he said as he stalked from the council board. He also intimated that he would take "other means" to let the people know what he thought of the council.

### Row Over Contract.

The trouble arose over the letting of a contract for lumber for the city and fire halls. The contract was awarded, without Ald. Newton's knowledge to the Lester David Co., of Vancouver, who were higher on some items than some of the other tenderers, but who quoted for the complete bill as instructed. The Swanson Bay Sawmill Co. sent a letter of protest against the manner in which the contract had been awarded.

Ald. Newton worked it out that the Westholme Co., who were only \$28 behind on a 90,000 ft. lum-

ber order, would have been best for the city.

### The Trouble Started

"Oh, Mr. Mayor, don't let him waste our time with these harangues of his. Show him the figures and let him understand. He is only talking by hearsay," interrupted Alderman Hilditch.

"It's all very well for you to talk of waste of time when anyone tries to criticize your doings," retorted Alderman Newton. "I am ready to sit at this council board from Monday morning to Saturday night if I can get anyone to sit with me in order to give plenty of time to consider these matters of city business." He went on talking about the lumber.

### A Dose of Salts.

Alderman Hilditch corrected some of his figures and said to Alderman Newton directly: "You just want to take a dose of salts." "We are not here to discuss doses of salts," replied Alderman Newton, angrily, and then turning to the Mayor: "Mr. Mayor, will you not stop that man from insulting me with his dirty insin-

uations regarding doses of salts at this council board?"

"The one of you seems to me as bad as the other," said the Mayor.

### Left the Chamber.

At this Alderman Newton, boiling over with indignation, rose and departed from the council table, saying he was done with the council. "I leave you to do your crooked business in your own crooked ways," he said, "and will take other means of informing the public."

Alderman Hilditch, explaining his figures, said the Lester David Co.'s tender was lowest in the lump sum, and Alderman Kirkpatrick remarked that the committee had wished to give the contract to the Westholme Lumber Co. because they were located in the city and paid rates, etc., but had abandoned the idea lest people would accuse them of favoring the Westholme people. Alderman Morrissey said that graft charges or no graft charges he thought the Works Committee in this case had acted squarely in the interests of the city.

### RAILWAY BRIDGE BEGAN NEAR HOLE-IN-THE-WALL

**Fine Steel and Concrete Bridge Will Span the Exchumsick River—Johnson, Carey and Helmers Will Construct the Bridge**

At "Hole in the Wall," Mile 59, work has begun on the G. T. P. railway bridge over the Exchumsick river. The sub-contract for the work has been secured from Messrs. Foley, Welch & Stewart by Messrs. Johnson, Carey and Helmers, bridge building engi-

neers of St. Paul. A start was made last week on the casings for the concrete piers. There will be three of these to span the river. The bridge will be a strongly built steel affair of handsome design something similar to the permanent bridge that now spans Zanardi rapids.

barked today on a troopship for the scene of the hostilities at Hankow. Other British troops are already in the city. The embarkation of British troops is considered in some quarters as

indicating—the intention of the Powers to intervene in the interests of peace at a convenient moment.

### Travel Lecture.

Ex-Mayor Fred Stork will address the Presbyterian Club tomorrow night on the subject of his recent trip to Europe.

### INVESTMENT THAT PAYS.

No home in Western Canada can better invest a dollar than send it for a year's subscription to The Family Herald and Weekly Star. That paper has been a blessing in thousands of Western homes. Its agricultural columns are as good as a course in a college. Its world's news page covers everything in the news line and its magazine section provides ample reading for the whole family. Any person seeing the beautiful picture, "Home Again," in a shop window would readily give two dollars for it, yet it can be had absolutely free by sending a dollar for a year's subscription to the paper. Such a paper for a year with such a beautiful picture all for the price of a bushel of wheat is certainly a good investment.

## WHY "STATION GANGS" ONLY?

From its inception the hydro-electric scheme, an excellent enough project, has been under suspicion of being used as a tool for political purposes. The promoters of the scheme again and again act so as to excite instead of allay suspicion. The latest incident is the decision to have the pipe trench cutting done "by station gangs only."

It is a matter of indifference to the average ratepayer how the work is done so long as it is done expeditiously and economically and without injustice to the workmen engaged. For that reason the unusual stipulation that the work is to be done by station gang only, and that the station gangs are to be prohibited from engaging laborers, sounds like a scheme to bar out both the contractors and the station gangs from doing the work.

Despite the provision that the work is to be done by station gangs only, it is understood that the City Engineer is to be allowed to tender. It does not matter how much he undercuts the station gangs, for the citizens will have to make good any deficit on his tender, just as they are now making good his deficit over the retaining walls, which the City Engineer reported could be built for \$8,000.

The whole scheme looks like one more desperate effort to fool the station gangs and the citizens and inaugurate a civic day labor payroll for January. If the work is to be done by "station gangs only," why is the City Engineer, whose tenders are irresponsible, to be allowed to compete? If the City Engineer is to be allowed to compete, then why not the contractors, also? Their tenders are responsible tenders.

If the Board of Works wants to have day labor on the waterworks, why not come out honestly and say so, and fight for day labor in the open?

## SPORTS

Hyland and Gardner are coming west from Montreal to play hockey with the B. C. Ice Hockey League. They will play with New Westminster.

The New Westminster club has purchased a franchise in the Pacific Coast Hockey League from the Patrick Bros. Ernie Johnston from Montreal has already arrived to play with the team, and others are on their way.

The first championship game of the new Coast Hockey League will be played in the Georgia St. arena at Vancouver early in January.

Vancouver will have a hockey game every week, according to the plans of Frank Patrick, who is busy now working out a schedule. Frank proposes to give Vancouver enthusiasts about ten games in all and a game every week. That would run the schedule pretty well into March and would bring the league season to a finish just about the same time as the National Hockey Association. Then a jaunt after the Stanley cup by the British Columbia champions would be in order.

Ad Wolgast is recovering nicely from his operation for appendicitis, but his surgeons have warned him that for three months he must not put on a boxing glove. Wolgast was under the knife forty minutes.

## = THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

## EAT LESS AND GROW FAT

That is the Theory of a Food Reform Advocate in Toronto.

How would you like to do without your breakfast for six years? Not as a punishment or a penance, but as a voluntary act with a view to improving your health and incidentally adding to your avoirdupois.

Mr. F. C. Wilson of the Toronto Food Reform League says he has done without his breakfast since the spring of 1905, and, as a consequence, has felt stronger, added to his weight and his brain worked better.

Mr. Wilson gave his reasons. The human machine was more than the mere physical body; it was an aggregation of living, conscious cells, and each organ of the body was an organization of these conscious cells, and each organ was therefore conscious, performing a life duty of its own. If one kept the stomach constantly working it would get tired and rebel. It had no opportunity to recuperate. It was not a calamity, as some people supposed, for the stomach to become empty and idle. The stomach was not a furnace to be eternally stoked. With two meals a day, he said, the assimilation was more complete. He said he gained twenty-five pounds in the first five weeks of the no-breakfast period.

## FOR THE BOUDOIR

The Charlotte Corday Cap Has Again Come Into Vogue.

Boudoir caps have come into vogue with a rush, and they are copied from the old style of caps, Charlotte Corday being the most popular of all. They are most useful in hotels, travelling on trains or ships, and add a dainty neat touch when worn with a dressing gown to match in one's own home.

The Charlotte Corday cap is made of Irish lace and finished with white satin ribbon flounce, and edged with white silk fringe, the latest inspiration of this season. It makes a nice Christmas gift or a parting gift to some friend who is to be much in hotels or taking a long sea voyage, and is not hard to make if you are an adept with the crochet needle.

A gift that always pleases—beautiful chinaware. Many things from the celebrated potteries of Europe.—Wallace's.

## POINTS OF ETIQUETTE

Little Things That Help to Make Your Parties Successful.

The duties of a chaperon at a party are to see that the young people are enjoying themselves. When gentlemen call on your husband in the evening and the call is of a social nature you should help to entertain, but if the men have called on business you may and should excuse yourself. Say goodbye in the drawing room or den and allow your husband to see them to the door.

When a gentleman passes a dish to a lady at the table she should help herself first and then offer it to him. When there are only gentlemen present at the table the hostess should always be served first. When a lady introduces her husband it is not necessary to "my husband—Mr. Jones." "My husband" is enough.

When a married lady introduces her sister she should always say "my sister—Miss Jones," or "Mrs. Smith," otherwise the person would not know the sister's surname.

## COMPENSATION CASE

Frank Miller Secures Damages From J. E. Bostrom.

Before Mr. Justice Clement yesterday morning in the Supreme Court Frank Miller sued J. E. Bostrom for damages. The Judge dismissed the case in common law, but assessed compensation under the Workmen's Compensation Act at \$10 per week during disability, total damages not to exceed \$1,500. Miller lost an eye while at work on Bostrom's contract up river.

## UPSET PRICES WERE LOW

Six Thousand Dollar Lots Placed on Market at Less Than \$1,000.

It is interesting to note now that the sale of Section 2 is ended that the upset prices throughout the section were generally placed low in proportion to the prices fetched at the sale. In no case did the upset price exceed \$1,000, even as regards the fine corner lots, which fetched over \$6000 at the auction.

# FREE TRIP ROUND THE WORLD

We have just arranged with one of our clients to place forty-two lots on the market under exceptional advantages to the purchasers. The lots are some of the best in Sections 7 and 8. The prices are as low as any on the market, and the terms so easy—monthly—that anyone can buy. Along with this exceptional offer, each lot admits the purchaser to a drawing for a FREE TRIP ROUND THE WORLD. If you hold the lucky ticket the trip is yours; or you can surrender it for a cash consideration. The chances are good—one in forty-two. Come in and investigate.

Do these names mean anything to you? Do you understand their towering significance in the field of literature and art? Have you ever in all your life seen so many names of such eminence grouped together as contributors to one magazine? Such a group would make it a publication beyond price, and that is exactly what we are calling your attention to at this moment. A magazine whose staff of contributors for 1912 contains all these names. The product of either of the above writers is easily worth the subscription price of \$1.50.

Cosmopolitan has endeavored in the past to give its readers four-fold in return for the subscription price. This policy has increased its circulation until it has outstripped every other American magazine, making it necessary to publish 800,000 copies of the Christmas number. It is our earnest desire to extend immediately the circulation past the million mark, with this end in view we will, until December 10th, accept subscriptions to Canada at the rate of \$1.50.

A case of importance to the citizens comes up before the Supreme Court tomorrow. It is probable that both these cases will be tried in the police court room.

J. G. McKinnon has applied to the Council for the post of stationway engineer to the city.
