The Prince Rupert Optimist

DAILY EDITION

VOL. II, NO. 67 PRINCE RUPERT, B.C., WEDNESDAY, MARCH 22, 1911. PRICE FIVE CENTS

STRIKERS MAY BLOCK THE G. T. P. SETTLEMENT

Claim They Have 339 Votes Among Them Now, and if the Strike is Not Settled They Will Block the G. T. P. Settlement on the Vote

No conference was held last night between the strikers' committee and the contractors. Mayor Manson said th morn ng t hat since the strikers had appointed their committee to meet the contractors he had communicated with the contractors with a view to fixing an hour of meeting but had had no reply. The Mayor notified each member of the strikers' committee to this effect by letter today.

In an interview with the Optimist today he expressed the hope that the expected conference would be held either today or tomorrow. The meeting when held will be a private one.

A member of the P. R. I. A. stated emphatically this morning that there are exactly 339 qualified voters on the P. R. I. A. roll of membership; and added that in the event of the strike settlement's being unsatisfactory there might be some difficulty in getting a satifsactory settlement of the Grand Trunk Assessment agreement when it comes to a plebiscite.

The laboring class in the city are not too much impressed with the immediate utility of park sites and some of them who own property are inclined to think that more revenue should be derived from the G. T. P. property.

REWARD FOR SERVICES

Vancouver Engineer Gets $4000 Gift on Retirement

(Special to the Optimist)

Vancouver, March 22.—City Engineer Clement who has recently resigned after six years of service has been presented with an honorarium of $4000. equal to a year's salary in appreciation of his services by the Board of Works.

City Briefs

At a late hour last night Harry's autocar was requisitioned hurriedly to convey a patient from the Fulton Hotel to the General Hospital. The patient is a young lad. Doctor Tremayne and McNeill were in attendance. The trouble is internal.

C. N. R. AWARDS BIG CONTRACTS

$8,000,000 TO BE SPENT ON GRADING THE MAIN LINE

This Includes 200 Miles West of Edmonton, and 200 Miles From Vancouver to the Rockies.

(Special to the Optimist)

Winnipeg, March 22.—Contracts for grading amounting to $8,000,000 were awarded by the Canadian Northern today. The work is all to be done on the main line and new western branch lines.

Included in the work is a stretch of 200 miles from Edmonton to the Yeollwhead Pass, and another stretch of 200 miles from Vancouver to the Rockies.

IT LOOKS LIKE A COAL STRIKE

ALBERTA COAL MINERS AND OPERATORS AT LOGGERHEADS

Conference is on at Calgary—It is Still Doubtful Whether There Will be Any Coal Mined in Alberta This Year.

(Special to the Optimist)

Calgary, March 22.—The coal operators and miners' representatives are still in session here, debating over the miners' agreement. It is understood they are still far from a settlement, and it begins to look doubtful whether there will be any coal mined in Alberta this year.

Both sides are stubbornly standing where they were at the beginning, the miners for a closed shop agreement, and the operators dead against it.

BERT POOLE KILLED

Fell Three Stories from World Building at Vancouver

(Special to the Optimist)

Vancouver, March 22.—Bert Poole, employed at the World Building here fell three stories to the ground dying last night as a result of the injuries he sustained.

MINERS WILL STRIKE

Fees Deducted from Their Pay Have Not Been Handed Over

(Special to the Optimist)

Nelson, March 21.—The miners employed by the International Coal and Coke company have decided to go out on strike. The trouble arises out of a dispute over fees deducted from their pay which they claim have not been handed over to the Secretary of the Union.

ROW OVER A WOMAN

(Special to the Optimist)

Winnipeg, March 21.—Nick Monvioson, the man implicated in a row at the Roblin House over a woman, when Antonio Giovanni was shot on Friday was arersted on Sunday in a suburb of the city. He had shaved off his moustache.

CAPT. BERNIER TRYING TO FIND NORTHWEST PASSAGE

Valiant Skipper of the Arctic May Bring His Ship into Prince Rupert Harbor This Summer---Is Also Claiming Arctic Islands for Canada

(Special to the Optimist)

Ottawa, March 22.—Another attempt to effect a northwest passage is to be made by Captain Bernier, who hopes to bring his ship the Arctic into a British Columbian port before the year is over. Incidentally Captain Bernier will plant the Union Jack on the island headlands in the Arctic Sea, so as to prevent the United States from some day setting up a claim to any of the islands off the northern coast of Canada.

The matter came up in the House of Commons this morning before the Committee on Supplies. An item appeared for $59,000 to provide for the maintenance of vessels employed in patrolling the waters of the northern portion of Canada, also for establishing and maintaining police and customs ports on the main land of islands.

In explanation of the vote the Minister of Marine and Fisheries said the government steamship Arctic is now in northern waters on this mission, with instructions to Captain Bernier to try and make a northwest passage, and, if uccessful to continue his voyage round the Arctic coast towards the mouth of the MacKenzie river where it is supposed some American ships are carrying on whale fishing, and making their headquarters on Canadian territory.

As in the past Captain Bernier would compel the masters of these vessels to take out licenses, and pay duty upon such goods as they had on board for trading purposes. The Minister added that in the event of Captain Bernier making good his voyage through the northwest passage, he would continue on through Behring Strait and reach a British Columbian port.

In reply to a question the minister said the expedition was not so much for collecting revenue as for the asserting of Canadian jurisdiction in the far northern waters.

On previous trips Bernier had planted the British flag on many island headlands in the Arctic Ocean, because it was thought if that were not done, the day might come when the United States would lay claim to some of these territories.

PULLED A GUN IN ARGUMENT

EXCITING SCENE IN KELLY'S POOL ROOM LAST NIGHT

Row Over a Game of Pool Leads to William Blackey and J. Carrigee Being Arrested—H. A. Clark is the Complainer.

Trouble arose in J. C. Kelly's pool room in the Helgerson Block at about seven last night. A gun was drawn and a man was standing against the wall with his hands up, so some accounts say, when the police arrived. Words which arose hotly between Jas. Carrigee and H. A. Clark at one of the pool tables, led to a scuffie.

A third man, William Blakely, was appealed to by Carrigee to arbitrate it seems, and did so so enthusiastically that he got over-emphatic, and added point to his arguments by pointing a revolver. In the scuffle someone hit somebody else on the head with a mop used for a humble purpose. Then Mr. Kelly who had been out, came on the scene, and sent for Constable McArthur who settled the argument by arresting Blackey and Carrigee.

The charge against Blackey will be that of pointing a loaded revolver, that against Carrigee will be one of simple assault. H. A. Clark will apprea as complainer. The case is to come up tomorrow.

OVERSEAS CLUB STARTED

Officers Appointed at Well Attended Organization Meeting

A branch of what is known as "The Overseas Club" was organised last night in Prince Rupert. The meeting was held in Mr. J. F. McDonald's store, and about forty prospective members assembled. Officers were elected as follows: Hon. Pres. Mayor Manson; Pres. J. F. McDonald; First V. P. Jos. F. Swift; Second V. P. J. H. Thomson; Secy. Treas. Dr. Clayton; Asst. Secy. H. W. Birch, and an Executive Committee consisting of Messrs. J. Burn Doig, M. Albert, J. Russell, J. Youngman, and J. Cargill.

An Entertainment Committee was also appointed of Messrs. J. S. Gray, J. Russell, and M. Albert, and it is planned to have a social gathering and concert in the Westholme Lumber company's hall on Tuesday next. The purpose of the club is "to strengthen the bonds of empire" according to the statements regarding its institution in various places over Greater Britain, by the Overseas Daily Mail, the Harmsworth Publication which started the movement.

MEMBERS GET RAISE OF PAY

MANITOBA LEGISLATORS TO GET $1500 A YEAR ALLOWANCE

Cabinet Ministers and All Deputy Heads Get Increases—$800,000 for New Agricultural College, and $15,000 for the Salvation Army.

(Special to the Optimist)

Winnipeg, March 22.—Salary increases, and liberal allowances for proposed expenditures were passed by the Manitoba Legislature at their sitting last night.

First of all the House voted an increase of $500 to members on their sessional indemnity, making it $1500. Then it raised the cabinet ministers' salaries from $4000 to $7500, voted $800,000 for an agricultural cooiege, and half a million dollars to start the new parliament buildings the total cost of which will be $4,000,000.

The Coronation vote for expenses of delegates was five thousand, and $15,000 was voted to the Salvation Army to be applied to the rescue of fallen women. The salaries of all deputy heads were raised $400.

LOOKS AWFUL TO THIS EDITOR

NEWCASTLE DAILY CHRONICLE IS SCARED ABOUT OUR FATE

Says That if England Agrees to Arbitration With the United States, That Stars and Stripes Will Wave from Alaska to Winnipeg.

(Special to the Optimist)

London, March 22.—The Newcastle Daily Chronicle in an editorial today anent the arbitration treaty with the United States says:

"If we withdraw our forces it will not be long before the United States will have annexed every inch of territory from Alaska to Winnipeg. It is not improbable that the next move of American diplomacy will be the offering of some concession, like the free passage of warships through the Panama Canal as recognition of the cession of Vancouver Island, Alberta, British Columbia, Yukon, Saskatchewan, Manitoba and Ontario to the United States. There can be no doubt as to the desire of the United States to see the entire wheat belt of Canada under the Stars and Stripes, so that the territory from Chicago to Alaska might be under the jurisdiction of Washington."

Helpful Talks to Business Men

Mr. Storekeeper Do You Know?

People will not assume that your store is as good as its strongest competitor unless its advertising is as good.

Consult The Optimist

DAN KOVICH IS A LUCKY BIRD

HAS CHAMPION NARROW ESCAPE IN HISTORY OF PHOENIX

Was Pinned Beneath Several Tons of Rock While Carrying Three Sticks of Dynamite—Held as in a Vice Yet Escapes Unhurt,

(Special to the Optimist)

Nelson, March 22.—Dan Kovich, a miner, had the most miraculous escape in the history of Phoenix camp this morning through the arching of two rocks over him, supporting scores of tons of ore under which he was held a prisoner for four hours in the chute of Granby mine.

Kovich climbed the gates and went up the chute contrary to orders, when the ore suddenly was released. In the rush down he was pinned under many tons weight. Held as in a vice and completely buried it took dozens of miners for four hours digging to extricate him. The escape is the more miraculous as he carried three sticks of dynamite, one of which was cut in two without exploding. Kovich is practically unhurt after his marvellous experience.

DOGS FOUGHT OVER BODY

GRUESOME FIND IN FASHIONABLE WINNIPEG SUBURB

Street Dogs Were Dicsovered Devouring the Dead Body of a Newly Born Child—A Shock to the Elite of Winnipeg.

(Special to the Optimist)

Winnipeg, March 22.—The inhabitants of the fashionable suburb of Fort Rouge, got a bad shock today by a gruesome discovery made by some children playing on Kinsgway. Attracted by the sight of some dogs fighting, the children went to investigate. They discovered that the animals were quarreling over the dead body of a newly born child. Both legs and one arm were missing.

The police are trying to get to the bottom of the gruesome mystery, but so far without any clue as to the child's identity or the manner in which it came to be deposited on the street.

One of Messrs. Moore Brothers' teams had an interesting lesson in behavior beside an autocar this morning. The horses were held steady close to the car while the driver started and stopped the engine several times to accustom them to the whirring noise.

TO SHOVEL SNOW UP THE LINE

THREE HUNDRED WORKMEN TO CLEAR SNOW BLOCK

Will Go up to Mile 42 and Clear the Way for Letting Five Blockaded Engines and Snow Plows Through.

Engine 112 equipped with an ingenious makeshift tender with water tank, and coal space built from a flat car, left the G. T. P. yards this morning with a long train conveying 300 workmen to mile 42, the scene of the snow bluckade.

Old 112 is the only locomotive on this side of the snow barrier. Beyond the slide are held up five engines, the rotary and wing snow plows, the general superintendent's inspection car, and other rolling stock. The gang of three hundred men are all engaged for the purpose of clearing the snow away and freeing the tied up vehicles.

Thirty cents an hour is the wage offered by the G. T. P. and it was stated that a considerable number of the men going out were those who had been on strike in the city. The statement is not supported by the P. R. I. A. members.

PRINCE RUPERT IN EARLY

Made the Trip in Thirty-three Hours, Many Passengers Landed

This morning about nine o'clock the Prince Rupert arrived after a record passage of thirty-three hours. She brought a large number of passengers, and full general cargo and mail. About a hundred laborers landed from the third class section. They were met and interviewed by the ever-watchful P. R. I. A. committee men and their helpers, but there was no demonstration.

ANOTHER NEW CANNERY

30,000 Case Plant for Hidden Inlet on Portland Canal

Ketchikan, March 21.—Mr. F. J. Comeaux of Vancouver, B. C., has been in Ketchikan this week where he has placed an order with the local mill for a large consignment of lumber to be shipped to Hudson Inlet, in Portland Canal. The order calls for lumber with which to build docks, Chinese and Indian houses, bunk and mess houses and outbuildings.

The company which Mr. Comeaux represents will begin the erection of a 30,000 case capacity cannery there immediately.

Teas For All Tastes

"Twinings" is not a new brand of Tea. Many Old Country people recognize it as an old time favorite and high grade Tea. We have it in 1-2 and 1 lb. pkgs. at, lb...40

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

Social Notes

Mrs. W. M. Law leaves on Thursday to join Mr. Law in Seattle.

Mr. and Mrs. J. F. Ritchie leave on Thursday to spend a month in Victoria.

Mrs. Donald McLeod entertained at Bridge yesterday afternoon. Miss Macdonald was the winner of the first prize, Mrs. G. R. Naden won the second and Mrs. Arnold the booby prize.

Mrs. R. L. McIntosh was the hostess at a small dinner party last evening, given in honor of Mr. L. F. Grant who leaves on Thursday for Vancouver where he will in future reside.

The Fashionable Coiffure

The properly dressed head is pretty in the extreme just now; the shape of the head is perfectly kept, the hair being simply waved and taken back over a low pad, not roll; the curls, of which there are many, are generally fastened on the back, a small twist or plait coming round them, showing a little of the waved hair at the nape of the neck. Women have got so accustomed to the convenience of the additions to their natural hair that it is seldom one has the time to only arrange one's own entirely; a hairdresser can of course make much more out of the natural hair than the owner, but that involves time and money. The curls therefore have come in as a huge convenience. The parting of the hair is charming to those it suits, but extraordinarily unbecoming to those it does not, while the soft waves are nearly always attractive. A pretty bandeau of velvet, jet, pearls, or ornamentation to suit the color of the dress is a very chic finishing touch if not too broad or remarkable in its adjustment.

Some Health Hints

Often the irritation in the throat can be relieved by taking the juice of a lemon.

A simple cleanser which relieves skin smarting is made by dissolving magnesia in soft or rain water. The powder naturally becomes a paste and should be thickly spread over the face. It remains for five minutes, when it must be mopped off with warm water and a sponge.

Mint has many virtues and a few vices. Well washed, the leaves pulled from the stems, slightly mashed and boiling water poured over, there results a "mint tea" that is said to be a sovereign remedy for nervous as well as stomach troubles. In preparing the mint tea the bowl is kept closely covered until the contents are cool, then strain, pour into a bottle that can be closely corked and set on ice. When wanted ice should be pounded very fine and a little sugar added if liked. Some prefer the tea unsweetened.

Proper Breathing

To breathe properly take a deep, slow breath, another and another. Put both the hands on your ribs and see how they expand and contract as you breathe in and out. Put one hand on the low ribs in front and the other opposite it in the back. Feel how the back swells as you breathe. There is a powerful muscle called the diaphragm that divides the chest from the abdomen. As the heart and lungs are in the chest, the diaphragm may be called the floor of the chest. It is fastened to the backbone, the ribs and the sternum, or breastbone. And when people speak of diaphragmatic breathing they mean just what we are doing now—filling the lungs with air and emptying them by the expansion and contraction.

Friendship

There are three friendships which are advantageous and three which are injurious. Friendship with the upright, friendship with the sincere and friendship with the man of much information—these are advantageous. Friendship with the man of specious airs, friendship with the insinuatingly soft, friendship with the glib tongued—these are injurious.—Confucius.

DAILY COOKING RECIPE

Peanut Candy

Put into a granite kettle 2 1-4 cups of sugar and moisten it with 1-2 cup of water. Boil, without stirring, until a little dropped into cold water can be worked into a soft ball. Add a great spoonful of butter and boil until a little of the candy, dropped into iced water, becomes brittle. Have ready shelled and skinned a cupful of roasted peanut-kernels, stir these into the candy, take from the fire and pour into buttered tins.

Maple Ice Cream

One cupful of rich maple syrup, one pint of cream, yolks of four eggs, and white of one egg. Heat the syrup to the boiling point, pour it slowly on the well beaten yolk, and cook in a double boiler until it is thick. Let it cool and add the cream and the beaten whites. Stir well together and let it freeze.

SEATTLE TO NOME IN MOTOR BOAT

SPORTING EDITOR TO GO ON A VENTURESOME TRIP

Mr. J. A. Ricker Will Take His Wife With Him, and Later Will Publish Series of Stories of Their Adventures.

Seattle, March 21.—Accompanied by his wife, J. A. Ricker, manager of the Los Angeles branch of Outdoor Life, sporting and outdoor magazine of Denver, Colo., this summer will undertake a trip in a twenty-four-foot gasoline launch from Puget Sound to Nome, Alaska.

Mr. and Mrs. Ricker will come to Seattle early in June. After two days' stop-over here they will sail for Skagway via the "inside route." They will follow the route of the Alaska Steamship company and all officials and masters of that company have been instructed to be on the lookout for them and if necessary render them aid. At Skagway their boat will be hoisted to a flat car of the White Pass & Yukon route, taken over the mountains and launched in the Yukon river, which stream they will follow to St. Michael and cross Norton Sound to Nome, where one of the vessels of the Alaska Steamship company will pick them up and bring them back to Seattle. Arrangements have just been completed by the Alaska Steamship company to handle Mr. and Mrs. Ricker and aid them in their interesting journey.

While en route they will send telegrams of their progress and also will write and illustrate a series of stories to be published the coming fall and winter.

The trip already is attracting attention from sportsmen, especially those interested in motor boating, and the trip cannot help but widely exploit Alaska from the hunting and sporting standpoint. The Alaska Steamship company later will get up a booklet covering the entire trip.

GRAHAM ISLAND WHALING

New Headquarters for Industry Speeding Towards Completion

(From our own Correspondent)

Rapid progress is being made with the new whaling station at Naden Harbor, Graham Island, under the able direction of the manager, Mr. Rusk. Over one hundred Whites, Indians, Chinese and Japanese are engaged in clearing the site and erecting substantial buildings. A good wharf has been completed and the water supply from a creek, one mile from the station, will be utilized. The boiler and engine room is a large structure, in which six furnaces will be used. It is expected that all will be in readiness for the treating of the whales by the first day of May.

TO RESTART CANNERY

Mr. DesBrisay Will Have Cold Storage Plant Too

After being shut down for several years Mr. DesBrisay has decided to repair his cannery on Prince of Wales Island.

His company is rebuilding the dock and constructing a cold storage plant. They will not only can salmon but become large shippers of fresh fish. The machinery is now on the ground and work is being done.

TO LOCATE LINE TO PEACE RIVER

C. N. R. ENGINEERS LEAVE ON SURVEY FROM EDMONTON

Hope to Have the Survey Complete by the End of This Summer—Several Preliminary Surveys Have Been Attempted.

Edmonton, March 21.—The Canadian Northern Railway will complete the location of a line to the Peace River country this summer. Following the announcement of this, A. Meighton C. N. R. engineer, who has charge of the party which is locating this line, said he hoped to have a line surveyed through to the Peace River by the end of summer. Mr. Meighton left Edmonton in January with his party and will be engaged during the spring and summer in locating the route that is to be followed by the Canadian Northern when that company builds its road to the Peace River. Several preliminary surveys in the direction of the Peace River have been made previously by the railway company, but a satisfactory route has never yet been located. That will be Mr. Meighton's work during the coming summer. The Peace River line leaves the main line west of Edmonton, at Onaway, near Lac St. Anne. It crosses the Athabasca near the junction of the McLeod and Athabasca rivers, at Whitecourt. The location of the line has been completed fifteen miles beyond that point.

WANT RATES INCREASED

White Pass Railway President Sees Railway Commission

Dawson, March 20.—That the rates on the White Pass & Yukon should be raised instead of reduced is the opinion of General Manager Berdoe, who has just returned from the east. The company has been granted a stay in the execution of the order issued by the railway commissioners, effective until the first of June, when the case will come up for reconsideration.

The road at present is only earning 2 per cent on the capital invested, and this fact has evidently caused the commissioners to take another view of the question. The president of the railway, Mr. S. H. Graves, interviewed Chairman Maybee and presented this fact to him and also pointed out that the road was only in operation for about four months in the year, and in that period must earn their dividends. For the rest of the year the road received no revenue.

Alaska Pioneer Dead

Louis Nadeau, who was one of the oldest of Alaska pioneers and for the past seven or eight years a resident of Kefchikan, died at the home of his nephew in Nadeau, Michigan, February 21.

DAILY EDITION. WEDNESDAY, MARCH 22

Little Eva's Dream is Shattered

After we had decided to let the Liquor License By-law rest until next January Alderman Newton in his paper last night revived the matter by accusing the Optimist of having no interest in the subject save that of trying to stir up strife among his colleagues. Little Eva is still afraid of us when we speak kindly to her. She is a shy child, and unused to compliments.

In her haste to fly from the wooing words of the bold bad intruder, little Eva gets so flustered, she cannot distinguish between things that differ. She accuses us of never having any temperance principles except for the purpose of fomenting strife. Nay, nay, Eva, not even then.

The Optimist has never stood for either temperance or anti-temperance principles at any time. Its attitude during the Scott Act campaign was that it was an issue for the people to decide, according to their attitude towards the whole liquor problem. It sought to avoid bringing politics into the matter at all.

The attitude of the Optimist on the change of the hours in hotel bars has been a consistent plea that the people should decide the matter. We leaned neither to the hotel faction, nor to the temperance faction. We stood for the claim of the whole of the voters to decide an issue in which they are all interested deeply, and on which they had given the council no mandate to act for them.

For that reason and no other we supported Alderman Newton. Flattering as it may be to little Eva to imagine that we had designs on her fidelity, the bitter truth must be told. There was no thought of sowing seeds of discord in that happy City Hall family circle. It was just the cold meed of truth and justice we owed to Alderman Newton for his personal stand in the matter—an honor which he must share with Alderman Pattullo and also with Alderman Kerr, who on several occasions has shown a commendable desire to think and speak independently.

It is bitter to have to shatter little Eva's dream, but it must be done. It was the right of the people to rule and not Alderman Newton's integrity that dictated our course.

Notes and Comments

Two weeks from today and the new Congress at Washington will be in session debating the Reciprocity bill.

The Conservative leaders who are crying out for Sir Wilfrid Laurier to go to the country for a mandate on reciprocity are showing doubtful wisdom. If Sir Wilfrid goes to the country it means a sure enough four years of exile for the Conservative party.

A new club, the Overseas Club, was launched in the city last night. Any members laboring under excitement and calling it the Half-Seas-Over Club ought to be either immediately expelled or mulcted in drinks all round.

SMASHED A STORE WALL

Heavy Blast Damaged the Acme Outfitting Co.'s Premises Today

A heavy blast smashed the east wall of the Acme Outfitting Co.'s store on Second avenue this morning. The men responsible are engaged in clearing the adjoining lot to make a way for a row of stores. They took the precaution to warn the proprietor and his staff, who left the building before the blast was exploded. A couple of tons of rock and earth were hurled heavily against the wall of the store, smashing it in, and throwing down the goods and fixtures inside the store.

BOSCOVITCH ASSAULT CASE

Preliminary Hearing Continued Before Magistrate Carss Today

Behind closed doors again today the unpleasant case of Mike Boscovitch was further enquired into. After a hearing which lasted well on to mid-day, the case was adjourned until tomorrow. Complainer with her husband was again present in court.

CHANGES IN BRITISH HOUSE

TWO MINISTERS MAY GO TO HOUSE OF LORDS

War Secretary Haldane is Slated for a Peerage and Probably Reginald McKenna, First Lord of the Admiralty.

London, March 21.—Lobby reports regarding cabinet changes arising from the illness of the Earl of Crewe, secretary for India, include the promotion of War Secretary Haldane to the peerage and possibly Reginald McKenna, the Canadian-born First Lord of the Admiralty, in order to strengthem the representation of the government in the House of Lords. Should such changes be made Colonel John E. B. Seely, under secretary for the colonies, the reports have it, would become sercetary of war.

The Earl of Crewe, who is suffering from concussion of the brain, following a collapse after a fainting fit, is said to be progressing favorably.

WEALTHY BOXER HAD BAD TIME

JOHN O'BRIEN MANHANDLED "TONY "BIDDLE ALL RIGHT

Felt Mad at the Way Biddle Beat up His Protege, so He Loosened Some of Biddle's Teeth in a Mix-up.

Philadelphia, March 20.—"Tony" Biddle, the millionaire "pugilist," was a hero for a few minutes yesterday after he had made Charles Burkhardt of Salem, N. J., the "hope of the white race," as introduced by "Jawn O'Brien, quit in the second round of a six-round battle. Burkhardt stands six feet three and one-half inches, and has a reach of 84 inches. "Tony" managed to reach the "Hope's" stomach twice, and he quit. Following this bout, "Tony" took on "Jawn" O'Brien, and reached the stomach of "Jawn" just once. The n"Jawn" cut loose, and before he remembered it was a friendly bout, had blackened both of Tony's eyes, and knocked two teeth down the red lane of the millionaire.

The New **REAL ESTATE AGENT**

You all know that 99 Real Estate Agents in a hundred list stacks of stuff then peddle it to people that don't want it. My system is the opposite.

At the Moment I Want:

A Lot on Beach Place, cheap.
A Snap on 2nd or 3rd Ave., between 4th street and McBride.
2 Lots on 4th Ave., Section 5.
Particulars of Iron claims, especially if in large bodies.
A quarter section at Hazelton.
More gravel adjacent to Prince Rupert.
I also require a good Lady Stenographer immediately.
I also wish to inform the persons who borrowed my "American" Typewriter on Tuesday last, the 14th inst., whilst I was away in Vancouver that if they do not return it this week there will be "somethin doin" in the shack behind the Government Offices.
One of my acres at Massett will make you a fortune. The only courage worth anything today is money courage.

It's Man's Turn to be Well Dressed

Ever since Eve choose the prettiest, most becoming fig leaf in the garden, the eternal feminine has dressed more richly than the male. It is characteristic of the sex that woman had an intuitive understanding of the economic value of good clothes long before the idea penetrated the reasoning head of man. Always she has wanted them for herself—and usually she gets them. The small boy lifting his voice against the maternal application of soap-suds and scrubbing brush is the early masculine protest against the doctrine of the value of appearances, which met the usual, and most deserved, fate of masculine protests.

It is one of the unending struggles of feminine intelligence to instil the truth of the doctrine in the dull male mind.

But the dull male mind is beginning to understand and appreciate. He is beginning to demand finer raiment, with the result that the demand for 20th Century Brand garments keeps the big tailor shops in Toronto working overtime. Ho! you Adam, come look at these fine clothes.

Send for a copy of our Style Book for Spring. To men who recognize the value of correct and tasteful attire, this booklet is presented as a guide to what men who aim to dress well will wear during the Spring and Summer. The information is absolutely authentic, and the various garments illustrated cover every need for society, business or pleasure.

We will be glad to send you the latest edition of "Dress, a Magazine for Men," illustrating and describing all the new 20th Century Brand styles for Spring and Summer, 1911. Artistically and typographically is a little gem. Eighteen suit and eighteen overcoat styles are illustrated and the 20th Century Brand method of bench-tailoring is fully described. It will help you in choosing Spring clothes. Phone 297 now.

INSERT YOUR LAND PURCHASE NOTICES IN THE OPTIMIST

Millinery—Spring Opening

The Misses Barbeau, Helgerson Block, Sixth street, announce their Spring Opening in Millinery. Their line includes all the most modish styles, selected with great care from the leading millinery houses of the country. They announce that both large and small models will be modish according to the occasion for which they are selected; up-turned brims prevailing. As the spring models will be but little trimmed they depend largely upon their shape for effectiveness, color contrasts being especially considered. They cordially invite the ladies to inspect their stock.

WILL EXHIBIT OUR MINERAL

VANCOUVER IS PLANNING FOR BIG SHOW THIS SUMMER

Leading Mine Owners of B. C. Will be Invited to Send Samples of Their Mineral Products for Display in the Mineral Exhibit.

Vancouver, March 22.—According to Mr. H. B. Brown, a well known mining man from the interior, the greatest mineral display that has ever been shown at any exhibition in America will be placed in the Industrial Hall at the Vancouver Exhibition this coming summer.

Mr. Brown intends to interview the leading imne owners in the Similakameen district, the Rossland district, Nelson district, the leading mine owners at Hadley, Princeton, and Nicola, as well as the Brittannia copper mines, in the hope that everyone of them will contribute towards making the mineral exhibit at the coming show one of the premier attractions.

Mr. Brown will also interview the railroads and he feels confident that he can secure free transportation for the ore. He also intends to have a stamp mill installed on the grounds.

Toronto Varsity Elections

Toronto, March 20.—J. J. Gibson, the old Lit. candidate is President of the Toronto University Literary Society after an exciting election. His vote was 428 to 345 of his opponent, Mr. G. F. McFarland.

The old Lit ticket was victorious all the way through.

DAWSON WANTS RECIPROCITY

Board of Trade of Yukon Capital Goes on Record

Dawson, Y. T., March 20.—The Dawson Board of Trade has unanimously adopted resolutions endorsing the proposed reciprocity agreement between the United States and Canada and asking the territorial legislature to give its endorsation to the agreement. The board also recommends that all classes of mining machinery and power house equipment be placed on the free list, because Canada does not manufacture the class of mining machinery most needed here.

There will be an Irish Dance given at the McIntyre Hall on Wednesday night the 22nd. 66-68

Water Notice

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Skeena Division of Skeena District.

(a) The name, address and occupation of the applicant is S. R. McClinton, Estate agent, Vancouver, B.C.

(If for mining purposes) Free Miner's certificate No.....

(b) The name of the lake, stream or source (if unnamed the description is) Kitsumkalum River.

(c) The point of diversion is near the intersection of the east boundary of lot 1405.

(d) The quantity of water applied for (in cubic feet per second) is 140.

(e) The character of the proposed works is a general plant for the production of heat, light and power, and the manufacturing of wood pulp, lumbers and timbers generally.

(f) The premises on which the water is to be used (describe same) Mill site about 3-4 of a mile below intake; wood, frame and concrete buildings in addition to the masonry, dams, flumes and penstocks necessary.

(g) The purposes for which the water is to be used is power development.

(h) If for irrigation, describe the land intended to be irrigated, giving acreage.....

(i) If the water is to be used for power or mining purposes, describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return. Power plant about 3-4 of a mile down stream from the intake. Difference in altitude 80 feet.

(j) Area of Crown land intended to be occupied by the proposed works is 100 acres.

(k) This notice was posted on the 6th day of March, 1911, and application will be made to the Commissioner on the 25th day of April, 1911.

(l) Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet. None.

S. R. McCLINTON,
James Cross, Agent

P.O. Box 285, Prince Rupert, B. C.

NOTE—One cubic foot per second is equivalent to 35.71 miner's inches.

Pub. March 16, 1911.

Water Notice

Notice is hereby given that an application will be made under Part V. of the "Water Act, 1909," to obtain a license in the Queen Charlotte Division of Skeena District.

(a) The name, address and occupation of the applicant is George Young, Victoria, B.C.

(If for mining purposes) Free Miner's Certificate No.....

(b) The name of the lake, stream or source (if unnamed, the description is) Ain Lake and Ain River.

(c) The point of diversion at or near Ain Lake.

(d) The quantity of water applied for (in cubic feet per second) 1000.

(e) The character of the proposed works, dam, flume, pipe-line, power engines, plant, etc.

(f) The premises on which the water is to be used (describe same) at or near mouth Ain River, Masset Inlet.

(g) The purposes for which the water is to be used is for power development and mill operations.

(h) If for irrigation, describe the land to be irrigated, giving acreage.

(i) If the water is to be used for power or mining purposes, describe the place where the water is to be returned to some natural channel, and the difference in altitude between the point of diversion and point of return. At or near mouth of Ain River, about 150 feet below lake level.

(j) Area of Crown land intended to be occupied by the proposed works.....

(k) This notice was posted on the first day of March, 1911, and application will be made to the Commissioner on the fifth day of April, 1911.

CHIPS FROM THE HUMORISTS

They had quarrelled for the forty-first time, and had bade each other a eternal farewell.

"You've changed your mind again," he stormed. "You're just like a woman."

"Well, that is what I am," she replied calmly, as he went out and banged the door.

A Methodist bishop's wife addressed a meeting of slum housewives on their home duties. The address made the home life seem very fine and ideal. One housewife present, however, said the bishop's wife didn't go far enough to help her. Said she: "She's all right as far as she goes, but what I'd like to ask her is this: What does she do when her old bishop comes home on pay night with his envelope empty and a fightin' jag on?"

A man who made his money in New England selling liquor built an imposing house out of the profits.

He wanted a name for his house So he went to a friend skilled in such things and told him of his need. "I want a fancy name," he said—"some hall or other, you know."

"Sure," said his friend. "Call it Alco Hall."

The Stranger—Are you quite sure that was a marriage license you gave me last month?

The Official—Of course What's the matter?

The Stranger—Well, I've lived a dog's life ever since.

The solemnity of the meeting was somewhat disturbed when the eloquent young theologian pictured in glowing words the selfishness of men who spent their evenings at the clubs, leaving their wives in loneliness at home.

"Think, my brothers," said he, "of a poor, neglected wife, all alone in the great, dreary house, rocking the cradle of her sleeping babe with one foot and wiping away her tears with the other."

ADVENTURES ON GRAHAM ISLAND

SETTLER'S ADVENTURES ON THE WAY TO HIS PRE-EMPTION

Undeterred by Disaster He Devised Ingenious Methods of Conveying Himself, His Goods, and a Whole Poultry Yard Safely.

(Special Correspondence)

Massett, March 21.—After adventures rivalling those of Robinson Crusoe, a pioneer home-maker has reached his pre-emption on Massett Inlet, and until he has built himself a house, has taken up his abode in a hollow tree. Amongst his pioneer equipment was included a consignment of chickens, and his problem at first was how to get his furniture, stores, and the chickens to their destination some miles away along the Inlet.

The water route seemed at first the most suitable, and the ingenious settler got busy and built himself a raft on which Cruso-like to make the journey chickens and all. Alas, shipwreck befell him on the way, and his hopes were sorely dashed. But rising supreme over his ill-fortune and wading ashore with the rescued chickens, he set to work on the sandy beach and built a sleigh on which to drag his property to its resting place over some miles of sand.

Plucky and ingenious as the effort was, it too failed, and sitting down beside his nucleus chicken ranch, the still undiscouraged pioneer got his wits busy on another plan. What it was he will not tell, but its success is undoubted for there he is now snugly ensconced in his hollow tree with the chickens at home on the pre-emption.

TIGERS LICKED THE KUBS AFTER AN EXCITING GAME

First Basketball Match in Prince Rupert Was a Great Occasion---Kubs Made a Strong Finish---The Tiger's Battle Cry Beat Them---A Contest on Skates

Basketball, the first match ever played in Prince Rupert, was the special attraction at the Roller Skating Rink last night. The teams contesting were the "Kaien Island Kubs" and the "Roller Rink Tigers." A big crowd gathered to see the game which ended in a win for the Tigers 13 goals to 8.

Mobley Was Favorite

Brightly lighted, the rink looked well with the Tiger's red and white, and the Kub's dark blue darting across it in the exciting progress of a swift game. From the gallery deafening applause and shouts of encouragement stormed down to the players. High above all other voices there shrilled out always the clear notes of two girl-voices inspiring the darling of their hearts, young Mobley, to hurl himself on to victory or death. It was "Mobley Mobley Mobley" with only an occasional variation to "Ross" who is evidently also a favorite with the fair sex in Prince Rupert.

Strenuous First Half

In the first half the Tigers were particularly agile, and rapidly scored again and again in spite of heroic efforts on the part of the Kubs. Intense excitement swayed the audience, and every goal was hailed with a whirlwind ovation. At half time both teams were well warmed up to their work and keen for the second half.

A Contest on Skates

During the ten minutes rest for the players it was announced that Mr. R. Smith, a tall lithe-looking colored gentleman would engage in a roller skating contest with Mr. H. Lever, the rink instructor. The match was greeted with cheers by the audience, and to a smart two-step the contestants swirled away. Mr. Lever who is very much at home on his skates set some neat steps for his rival to outdo, and holding his own well in these spun into an intricate circle movement which seemed to baffle Smith, who, however, gave the audience a masterly exhibition of "cobbler dancing" which would be hard to do even in plain shoes. Trouble with one of Smith's skates ended the contest Mr. Lever being acknowledged the winner.

Kubs Made Strong Finish

For the second half of the Basketball match the Kubs proved their mettle splendidly. Unaccustomed to play on the rink, they had been at a little loss in the first half. They played up finely in the second, and kept the Tigers hard at work to maintain their lead. The Kubs had only one goal to their credit at the start of the second half. They made seven more before time was called. In the second half the Tigers scored five goals.

Jerry Miller Got Hurt

Miller, the big finely built player of the Kubs' team got a sharp knock on the ankle through a slip near the edge of the rink, and had to lay off for a moment or two feeling the pain severely. But he was determined to play out the match, and pluckily went to it again even more actively if possible than before the accident. After the match the teams gathered in the centre and gave each other three cheers amid the tremendous applause of the audience, who afterwards engaged in rinking for an hour or so.

Are Arranging Dates

R. Bowers refereed the match, and the teams were composed as follows: Tigers; R. Ross, F. Ross, Mobley, Rugg and Dell. Kubs; Arneil, McLeod, Ramsay, Miller and Harrap. L. Waugh, manager of the Kubs' team, announces that it is intended to arrange matches with teams from Ketchikan, Juneau, and other places in the near future.

The Tigers' War Cry

An enthusiastic admirer of the Tigers composed and gave vent to the following battlecry at the pitch of his voice during the height of the excitement:

"Fuzzy wuzzy, hurdy gurdy
Zip, Zue, Zee
Tigers, Tigers, Hully Gee
Howl, bawl, yell, cheer,
Let the people know we're here.
Now then, chaw them, sis, boom, ah
Tigers, tigers, Rah, Rah, Rah"

And so ended Rupert's very first basketball match.

Don't forget the Green Dance at the McIntyre Hall on Wednesday night. Wear anything that looks green. 66-68

Letters to the Editor

A Challenge to Rev. Mr. Kerr

Sir,—On my return to town this morning, I learned that the Rev. Kerr had criticized your action in printing a reply of mine to an opponent who tried to defame my character at an election meeting in the early new year. I understand him to have said that the Red Light district is not a part of the social system. I for my part am willing to debate the question with Mr. Kerr at any public place he may care to name. If Mr. Kerr has the courage of his convictions he will accept the challenge, if only to educate me to his broad Christian views.

The Good Book says, "Come, let us reason together."

BIG CLUBHOUSE FOR KETCHIKAN

ALASKA TOWN TO HAVE SPLENDID BUILDING

Three Story Club House to Face the Waterfront—Cost Will be About $20,000—An Ambitious Scheme Mapped Out.

Ketchikan, Alaska, March 21.—The Ketchikan Power Boat Club, the Ketchikan Athletic Association and the Commercial interests of Ketchikan have decided to amalgamate and secure a suitable site for the erection of a home.

The plan is to incorporate, issue stock, secure the site and build a home suitable for the business, boating athletic and sporting interests. The home as planned will probably cost in the neighborhood of $20,000,00.

The home, as contemplated, will be a three story building, and will face upon the water, where boats of any size and depth can easily approach it on the water side.

The first floor will be fitted up for the purpose of a gymnasium, with baths, bowling alleys, basket and hand ball courts and all necessary arrangements for a first class up-to-date gymnasium. The second floor will consist of a theatre and dance hall. The theatre will have a balcony in one end. and its entire seating capacity will be in the neighborhood of 1,000 people. The stage will be strictly modern and up-to-date in all its appointments. The third floor will be occupied by the commercial club, the athletic and boat club quarters, banquet hall, billiard and pool rooms. On the water side of the building balconies will extend the entire length on each floor, thus making it the observation point of the city.

Knights of Pythias

A special meeting of the Knights of Pythias will be held on Friday night at 8 o'clock in the K. of P. Hall.—C. H. Sawle, K. of R. and S. 66-69

LAST YEAR

REAL ESTATE OWNERS IN

Western Canada

MADE

$100,000,000

From the most accurate figures obtainable, over One Hundred Million Dollars was made by real estate owners in growing cities and towns of Western Canada last year. This vast wealth was exclusive of improvements and represented actual increase in land values alone.

Original records gathered by the Winnipeg Free Press prove that in eight western Canadian Cities the value of land alone—not counting improvements—increased 562 per cent. for the last five years—an annual increase of 112 per cent. for each city during the last five years. These figures indicate that investments in live, growing cities in Western Canada are as safe and sure as an investment can be, and that 100 per cent. profit each year is almost a certainty.

THIS YEAR

THEY WILL UNDOUBTEDLY MAKE $100,000,000 MORE

You have an opportunity now to participate in these immense profits by being one of the original purchasers of town lots in the Grand Trunk Pacific addition to the fast growing Western Canadian cities, otherwise known as

Grand Trunk Pacific Railway Division Points

WATROUS, MELVILLE, WAINWRIGHT, BIGGAR

The Grand Trunk Pacific offers in these splendidly located, fast growing Division Points and in the townsite of Tofield an opportunity for the investor to share in the large profits that are sure to accrue as a result of the rapid and substantial growth that characterizes Grand Trunk Pacific Division Points and well located cities and towns in Western Canada.

The Grand Trunk Pacific does not offer townsites or additions so located as to make investments in them of questionable value. The object in selling these lots at the low prices at which they are offered is to encourage the upbuilding of these cities from which the Grand Trunk Pacific will derive vastly more benefit than from the sale of lots.

Now is the time to buy. Choice lots range from $100 upwards on easy payments of 10 per cent. cash and 10 per cent. a month. You make your purchase direct and secure title from the Grand Trunk Pacific Railway Company. Write for literature and make your selection while the prices are extremely low and the possibilities unlimited. Address

Land Commissioner

Grand Trunk Pacific Railway Co.

Jeremiah H. Kugler, "Uncle Jerry," Agent for Grand Trunk Pacific Lots on Main Line. Prices are fixed by the Land Commissioner and our best services are at your command.—Ask Uncle Jerry, P.O. Box 906, Prince Rupert.

DAILY MESSAGES FROM "UNCLE JERRY"

No. 20

In my last message I told you not to wait till Fortune overtakes you, but to overtake Fortune yourself. Howmany of us are content to be as we are, each one secretly hoping that he will grow suddenly rich some day. We do not know how it will be done. Maybe we will find some, maybe some one will die and leave us a lot of it. So we go on hoping but don't turn a hand to bring that Fortune to us. 'Tis said that Fortune knocks but once at each mans door. That lie is as big as the one ascribed to Barnum that the American people love to be humbugged. Fortune is waiting at your door all the time, anxious and eager to be grasped by the man who WILL. Why not look around you and find the opportunity? No Opportunities? Why, bless you, there are hundreds right here in Prince Rupert, and thousands within a hundred miles of this city.

If you are in dout about your opportunity see me and we'll talk it over. I may know of the opportunity for you. I'll not give you bad advice and I shall not sell you anything unlesss I am sure you want it and need it. I'd rather have one satisfied client than ten dissatisfied ones. Get that?

Come over and let me see whether I can't make you the satisfied one.

ASK UNCLE JERRY

JEREMIAH H. KUGLER

On January 15th and 22nd, Eastern papers on Jan. 15th, Western papers on Jan. 22nd, our Prince Rupert Opportunity advertisement appeared in papers in New York, Boston, Providence, Kansas City, Denver, San Francisco, Los Angeles, St. Paul and 37 Sunday issues of big U.S. daily newspapers in all. On Feb. 25th our Prince Rupert advertisement appeared in 26 Canadian daily newspapers.

"NOW" YOU PRINCE RUPERT PROPERTY OWNERS

please take notice and list your property with a good live broker, if from the above you think our equipment should produce the best results, you should come in at once.

We advise everyone to get in the market this spring and summer. Sell when you have a profit; buy again. That's the way to make money. You can make many times as much money if you will buy and sell and not hold on so long to property. All of you put your shoulder to the wheel and boost—keep on boosting—that's the way we will make a big city.
