U.S. SENATE DISCARDS RECIPROcity AMENDMENTS

COUNCIL DECLINES TO ACCEPT RESIGNATIONS

Aldermen Newton and Hilditch Have Their Missives Laid on the Table, and Will be Invited to Withdraw Them and Get Back to Work---Proposed Contest is Frowned Upon for Reasons Indicated in Dictated Letter

Letters of resignation were received by the Mayor and city council from Aldermen Newton and Hilditch last night but it is unlikely that they will be accepted, as the following motion and accompanying letter to the aldermen will show:

Moved by Alderman Smith, seconded by Alderman Kerr: That the resignations of Aldermen S. M. Newton and J. H. Hilditch be received and laid on the table, and that the City Clerk be directed to acknowledge receipt and to write them in reply as follows:

Letter to Each Alderman

Dear Sir,—I beg to acknowledge receipt of your resignation as alderman for Ward II in the City of Prince Rupert, and am directed by resolution of the council to state that it appears to the council that the resignations have been made for the purpose of testing the attitude of the electors on the subject of the engineering department, which question was dealt with at the last meeting of the council held on Wednesday the 21st, such test to be made by holding an election to fill the vacancies and the result to be taken as an expression of the opinion of the electors.

The council after full deliberation decided the question of the

engineering department at the said meeting and the members of the council are quite prepared to accept the full responsibility of the action then taken. If a contest was carried out as proposed it is very unlikely that any true expression could be secured upon the question at issue, as undoubtedly other issues would enter into it. Again a vote would only be secured from Ward II so that whatever the result might be the council would not be justified in making any change in the policy deliberately adopted by them after mature consideration.

The council considers that its duty is to discourage in every way the holding of such a contest and cannot accept the responsibility of allowing it to proceed and therefore do not feel justified in accepting your resignation if made for the purpose of holding an election for the purpose already referred to.

If your resignation is submitted for other reasons of a private nature, the council may ultimately have to accept the same, but even then it would be doubtful if it would be advisable to accept resignations of members of the council while living in the city, unless for very special reasons, without im-

posing the penalty provided by statute. If the policy of accepting resignations of hand without imposing the penalty were allowed it might at times work out to the serious disadvantage of the city.

You are requested to reconsider your action, and inform the council further by Wednesday evening of this week at 8 o'clock. It is hoped that after careful consideration you will decide to withdraw your resignation.

Yours very truly,
E. A. WOODS
City Clerk

The Hidden Hilditch

This course was approved by the council, Alderman Newton did not put in appearance in or near the City Hall, but Alderman Hilditch was in the Mayor's private office during last night's council meeting, and appeared in the council chamber after the motion to adjourn had been called. In his letter of resignation Alderman Hilditch stated that he did not wish to be understood as desirous of shirking any responsibility by resigning, but simply to test the matter in question before the people according to his challenge. Alderman Newton in his letter says that if Alderman Hilditch will withdraw his challenge he will withdraw his resignation.

SENATE REJECTS AMENDMENTS

Looks as if the Friends of Reciprocity are in the Ascendant at Washington.

(Canadian Press Despatch)
Washington, June 27.—The Senate last night in order to vote on the amendment of Senator Root to the Canadian reciprocity bill demanding that wood pulp and paper must be placed on the reciprocal list. This was expected by the opponents of reciprocity to prove a dividing point for the reciprocity forces.

When the matter came to a vote the Senate rejected the amendment by a large majority. The majority was so decided that no roll-call was taken. This clears the way to a discussion of the main question.

Steamboat Gold Mines Co. at Shareholders' Meeting Decides on Drastic Action for Alleged Misleading Reports.

(Canadian Press Despatch)
Vancouver, June 27.—After fully discussing the situation which has arisen over the Steamboat Gold Mines Co., Ltd., the shareholders at their meeting last night decided to authorise civil proceedings against Messrs. Greenwall and Stevens, for alleged misleading reports regarding the Steamboat Mountain property.

Some of those present were so incensed that they wanted to take criminal proceedings, but clamer counsels prevailed.

WILL SUSPEND A CLAUSE IN THE LICENSE BY-LAW

The Mayor at First Says It Is to Help Out A. J. Prudhomme, But It Transpires It Is to Cover Two Applicants for Bottle Licenses as Well---Troublesome Clause is the One That Requires Ten Days Notice

A by-law to amend the existing Licensing By-law by suspending Clause 36 for two months was introduced by Alderman Kerr last night and the motion was supported by Alderman Smith. Clause 36 has to do with the applications for renewal of licences, and requires that applications shall be in at least ten days before the sittings of the Licensing Board in June and December. The By-law was read the first time, and the rules were suspended enabling it to be read also the second time last night. Next Monday night it goes into committee of the whole for consideration, after which it will be read for the third time, and finally adopted.

Objection by Douglas

"I suppose this is to cover the granting of two bottle licences the applications for which were irregular," said Alderman Douglas. "I want to register myself against this. I think there are too many licences already in Prince Rupert, and I am against the granting of these bottle licences. The city has licensed places enough without them."

Wants to See Fair Play

"If it is the intention of the licensing commissioners to deal fairly with these licenses, then I will support this," said Alderman

Morrissey. "but if it is the intention to deal otherwise, as has already been done in the matter of bringing about lawsuits, then I will not support it. I appeal to you Mr. Mayor, as Chairman of the Board of Licensing Commissioners."

Cap Evidently Fits

"I might say in regard to this," replied the Mayor, "that in regard to the case just mentioned by Mr. Morrissey, that is the case of Mr. Prudhomme, his application was refused because of the existence of a city by-law which the commissioners did not see their way to violate. Unless the by-law is changed no license can be granted to Mr. Prudhomme on the 15th of July. I am not in a position to say what the commissioners will do except that they will be fair to the parties concerned."

"Is there only one licensee with defective qualities on his application?" asked Alderman Morrissey, to which the Mayor replied. "There are two more. If the Prudhomme case is covered by this, then two bottle licenses will be affected also."

Alderman Kirkpatrick was inclined to have the objectionable clause got rid of altogether instead of for only two months, but this idea was not supported.

FIGHT IS RESUMED OVER THE LORD'S VETO BILL

British Parliament Gets to Work Again Now That the Coronation is Over—Lansdowne Introduces Some Drastic Amendments That Will Never Pass

(Canadian Press Despatch)
London, June 27.—Parliament reassembled today, after the Coronation recess and the struggle over the veto bill to limit the power of the House of Lords was immediately resumed in the Upper House.

Some Drastic Amendments

Lord Lansdowne who is opposing the measure in the Lords, gave notice of an amendments providing for the exclusion from the scope of the veto bill of measures re-

lating to Irish Home Rule, to provide for a joint sitting of the two Houses in case of disagreement between them, and for a referendum in other cases.

Deadlock Will Arise

It is quite certain that the Government will not accept the amendments, and a deadlock seems inevitable. If so it will eventually lead to the creation of five hundred additional peers, unless in the meantime the Lords yield.

COUNCIL WENT LIKE A CLOCK

Three Most Eloquent Members Were Absent Last Night, and as a Result Business was All Over at 9.30 p.m. Appreciative Press.

The Mayor's new Procedure By-law was really working last night at the meeting of the city council, and Alderman Douglas felt the brunt of it when he tried to institute a few enquiries verbally. Alderman Newton and Alderman Hilditch were absent last night and Alderman Clayton has been down below for quite a little while. With the garrulous members absent the business of the council sped along in phenomenally swift manner. At 9.30 p.m. the motion was in order to adjourn. With the cordial congratulations of the press mercifully delivered from their usual liberal allowance of "midnight oil" on Monday nights, the Mayor and Aldermen dispersed in great good humor.

FRENCH-CANADIAN BANQUE COMPLETES ORGANIZATION

Banque Nationale de Canada Will Commence Operations With Rudolphe Forget as President and \$10,000,000 Capital at His Command

(Canadian Press Despatch)
Montreal, June 27.—The organization of the much talked of new French Bank, the Banque Internationale de Canada was completed here today, and will shortly open for business. Rudolphe Forget will be the president of the new institution.

Quite Frenchy

The effort will be made to make the institution French in scope as well as in name. Its stockholders are largely drawn from

the frugal French of Quebec, and as far as possible its operations will be conducted for the exploitation of the resources of French Canada.

The new institution will commence with a capital of \$10,000,000 Of this sum \$7,655,000 has been already subscribed by the French group of stockholders.

Wireless Report Tells of Rain, Fog, and Some Rough Winds

From Skidegate, Ikeda, Triangle and Tatoosh this morning there is news of rain, and Triangle reports dense fog. Cape Lazo reports rain with a gale blowing and rough sea running. Point Grey tells of rain, but reports clam sea.

Shipping is reported from Ikeda stating that the Prince Albert left at 8 p.m. Tatoosh reporting the steamers Olsen and Maloney in at 6.40, and Cape Lazo reporting the tug Tatoosh northbound for Ketchikan and the Lindsay passing Lindsay Ripple northbound at 7 a.m. The G. T. P. S.S. Henriette was discharging cargo all day yesterday at the Marine Station construction wharf at Digby Island.

Tatoosh reports the steamer President and the steamer Henrig in shortly before noon today.

CORONATION SUNDAY

National Anthem Sung in City Churches Yesterday to Mark Occasion.

By the singing of the National Anthem at the morning and evening services in the city churches yesterday the occasion of the Coronation of King George V. was marked. There was no special feature otherwise, of the services in Prince Rupert, though the religious significance of the Coronation ceremonies has not been overlooked by the pastors of the various denominations represented in Rupert, especially in their instruction of the children.

ORCHESTRA ON SUNDAY

Bright Service in S. A. Citadel. Audience Appreciated Music

The newly organized Orchestra of which Prince Rupert can now boast, held a musical recital at the Salvation Army Citadel on Sunday night. Eight members of the orchestra took part and rendered sacred music to the evident appreciation of the large audience. Ensign Johnstone is particularly appreciative of the kindness of the members and organizers of the orchestra for their assistance in making his services bright and attractive.

STRAIGHT TALK

Pastor Scores Congregation—Praises Salvation Army
If you want to stay away from church do so when I am here not only when Ensign Johnstone occupies the pulpit. If you do so then, I wish you would stay away all together! It is not fair for us as a Christian body to leave the Salvation Army to do all the dirty work.

When there is anybody to be helped the Salvation Army is rung up and then when Ensign Johnstone comes here to conduct the service in my absence half the congregation stay away. This is what Rev. F. W. Kerr of the Presbyterian Church said last night in the heat of righteous indignation. He scored the followers of the church for their apathy and unfairness.

HAD NARROW ESCAPE

Fred Brusquar of Stewart, was Swamped in a Gasoline Boat

Fred Bruquar had a close call while returning from Prince Rupert in a gasoline boat last Sunday. The boat left here in the boat belonging to the Stewart Transfer Company to tow back to Stewart another boat that Brusquar had purchased in Rupert. All went well until the return trip when they ran into a terrific storm while crossing the mouth of the Naas River, and before they could get into shelter the Transfer boat was swamped, and Brusquar undoubtedly owes his life to the fact that there was a tow line between the two boats, and it was by this means that he managed to reach the first boat after the accident.—Portland Canal Miner.

Foreign Vessel Piloted to Police Court Dock Today

A foreign looking craft, or crafty looking "foreign" who for lack of a more noble title is known to the police as Toni Capilano after the famous war vessel of that ilk, appeared before Magistrate Cars this morning having been arrested on suspicion of having stolen \$25 from a woman of the restricted district. She gave information against him last night, and identified him, but this morning apparently repented of her action. The case will not be dropped by the police and the human Capilano will berth tomorrow morning once more in the police court dock, piloted by Constable Miller. The two footed vessel was let go for and aft this morning under promise to make port again tomorrow or be towed in.

Pleasant Function at Kitsumkalum

At Kitsumkalum last week a very pleasant "At Home" was given at the Rectory in honor of Coronation Day. In the absence of Mrs. Marsh, wife of the Rector who is away in Victoria, her sister Miss Deacon received in her stead. The rooms were very pretty and cool with ferns and wild flowers as decorations, while the tea table was decorated with a pretty basket made of birch bark which was filled with lovely summer flowers gathered in the vicinity of the Rectory. Miss Groves assisted Miss Deacon in looking after her guests who were Mrs. Frank, Mrs. Hanson, Mrs. Gigguy, Mrs. Creelman, Mrs. Murray, Mrs. Vigor, Mrs. Grant, Mrs. Bell, Mrs. Blair, Mrs. Fortune, Mrs. Ross, Mrs. Johnson, Mrs. Green, Mrs. McIntosh (of Prince Rupert) Miss Washburn and Miss Groves.

There are, too, some very good-looking black and white checked stuffs which differ from the familiar shepherd plaids in weave rather than design, having a suggestion of the loose homespun quality in the weave, though they are comparatively smooth and firm and very light and supple.

There are some good black and white effects in basket weave, too, and all these designs, if in texture light enough for spring wear, make up into serviceable and charming one-piece models trimmed in black and, as a rule, relieved by a touch of color. Some of these models are of the utmost simplicity and made with a perfectly plain skirt with front and back panel and a plain bodice, with sleeve and body in one and a big collar of black satin extending to the girdle in front and of square sailor shape in the back.

RULER FOR PAINTERS

Helps Them Keep Straight Line When Doing Woodwork

One of the most difficult parts of the house painter's work is to paint the edge of woodwork abutting wall paper, window-pane or floor. Heretofore they have had to work carefully along the dege

and fill in later. A New York man has invented a device which he calls the painter's timesaver, and which is in reality a ruler to guide the brush and prevent the smearing of anything over the line to be followed. The device is a piece of metal with a wide, straight edge and legs at the other end. The elevation affords room to hold it in the hand. The ruling edge is held along the edge of window sash of door jamb and the workman can paint along it rapidly without fear of consequences. The implement must be pressed down tight, so no paint works its way beneath. For people who like to do their own painting one of these rulers is almost indispensable.

THE SEA AND THE CHILD

A little child looked wonderingly Within the magic of the sea. The sea looked back, and softly smiled, Watching the wonder of the child. And what the child saw, deep and far Was all the mysteries that are: All things that have been, and will be, He saw these hovering in the sea.

And what the ocean saw as well,

ITEMS OF SPORT

Tom Fisher, the old Southern league pitcher, is now managing the Anniston team in the South-eastern league.

Mickey Sheridan is cutting a noticeable swath in the second lightweight brigade and is worth watching.

The announcement that Billy Lauder had signed to meet Packey McFarland turns out to be premature.

Sylvanius Gregg, the young Cleveland pitcher, has about everything a genuine big league shooter should have.

The champion Athletics started the season poorly, but when they finally caught the step they last no time in marching to the front. Now they are traveling right smart, and may get near enough Detroit to make trouble.

Bill Bergen is catching good ball for Brooklyn. The way the veteran shoots the ball around the diamond is as fine scenery as the Yosemite Valley.

"Young Cy" Young, who has travelled from the minors to the majors, from the majors back to the minors, and returned once more to fast society, is pitching the winning kind for the White Sox.

In a recent game in Boston, Bill Sweeney, of the Rustlers, made a great record. Eleven chances without a bobble and five hits in five times up, was opposite Bill's name on the score card.

The Agcroft Rowing club (Manchester) will visit Norway shortly to row eight-oared and four-oared matches against the Christiania Rowing club. The King of Norway has presented a cup for the eight-oar match, and has expressed his intention to be present at the race.

At the National Duck and Candlepin Bowling Congress, being held at Lowell, Mass., a new world's record for a single string

of candlepins was made by Hedbury, of the Commonwealth team of Worcester. Hedbury rolled 67 four pins better than the previous record. The \$1,000 championship match between Poepler and Martel v. Galway and Christopher has been postponed because of Galways illness.

Right away Matt Wells wants some American cash. The man who beat Freddy Welch for the Lonsdale belt and the title of lightweight champion had no sooner landed from a liner than he was matched. Wells has been doing his training at Chester, Pa. When training Wells wears heavy woolen gloves to protect his hands. He is reported to have improved 1000 per cent since his last visit to the States and up to the present has carried decisions from Leach, Cross and Pal Moore.

John Paul Jones, world's champion miler, whose latest achievement is the snatching of Tommy Conneff's scalp a few years ago, was a weakling, over whose chances the family doctor looked grave. He told Jones to go in for athletics in a mild way. That the forlorn hope took life the measles was proved at Cambridge, when Jones romped home in 4:15 2-5, a champion. This wearer of the middle distance crown is a youth of 20 years and weighs but 145 pounds. He isn't what you would call "a husky," but he doesn't look like the narrow-chested, stoop-shouldered, spindle-shanked boy who was given but a few months to live.

Gr over Cleveland Alexander be gains his professional career at Galesburg, Ill., in 1909, and had won 15 out of 23 games when a thrown ball nicked his bean and he went to a hospital. While incarcerated he drew his release. Then followed the Syracuse engagement and his jump to fame as a member of the Horace Fogel-Charley Dooin combination. To date, Alexander, who was born February 26, 1887, has been a sensation in the National league. His best performance was shutting out Cincinnati for eight innings, when called upon to do rescue work after another pitcher had been bombed.

Potato Salad

Boil six or eight medium-sized potatoes, chop them fine, also the whites of four hard-boiled eggs, three or four stalks of celery, a small piece of onion, and a few English walnut meats. Mix all together. Arrange a number of lettuce leaves upon a round platter, placing a large spoonful of the salad upon each leaf, garnishing the edges of the salad with halves of walnut meats. In the centre of the platter place a large ripe tomato (first scooping out a little of the pulp) and in this tomato shell place a bouquet of fringed parsley, dainty sprays of celery, well blanched, and, if you have them, nasturtium blossoms. Four dressing over the salad.

Spiced Mutton

Mix together a half teaspoonful each of ground cloves and allspice, one-quarter of a teaspoonful of mace, one teaspoonful of black pepper and two teaspoonfuls of salt. In the under side and cut end of the leg of mutton rub half of this mixture and set away for 24 hours, then rub in the remainder. As soon as the hot oven has seared the surface of the meat, pour into the pan a half pint of boiling water, a half-cupful of vinegar and a tablespoonful of sugar. Baste the meat with this mixture, adding more water to the pan if needed.

VOGUE FOR BLACK AND WHITE

"Colors" That are No Colors are Fashionable This Season

The black and white mixtures stand beside the dark blues in the list of favorites, and there is far more variety in this line than ordinarily. The well-known shepherd plaids and broken chicken-foot checks are again in evidence, but there are numerous other neat little designs on the same general order. Tiny triangles or cubes or octagons set together point to point are a relief from the long familiar checks, and sometimes these little figures are so arranged as to give an irregular stripe line instead of an all-over design.
