"RECIPROCITY RIGHT FOR RUPERT"—NEW SLOGAN

ALD. NEWTON IS ENDORSED BY LOCAL CONSERVATIVES

Delegates to Nanaimo Convention Instructed to Support Him.—Newton Supporters Carried the Meeting by 31 Votes to 29 in Meeting of Sixty.

By the narrow margin of 31 to 29 a meeting of local Conservatives last night endorsed Mr. S. M. Newton as the Conservative nominee from Prince Rupert for the Comox-Atlin seat in the House of Commons. The delegates who are to attened the convention at Nanaimo next Wednesday were duly charged to support Mr. Newton's candidature.

The charges made by Mr. Newton that the previous meeting to elect delegates was packed by parties desirous of injuring his political prospects made last night's meeting of more than usual interest. At the previous meeting Mr. Newton only got in at the bottom of the list by one vote in the contest for delegates, securing less than a third of the votes of the meeting. Last night, however, the Newton contingent in a rather stormy meeting held a bare majority and used it well. In a meeting of sixty, they managed to have thirty-one votes.

The chief object of the meeting was to decide whether or not to instruct the delegates to support any particular candidate. After some discussion a motion was put before the house to the effect that the delegates be left to exercise their judgment as to whom they would support. Mr. Newton's supporters opposed this, and voted it down by 31 to 29.

Alderman Clayton thereupon moved a second resolution that the meeting instruct the delegates to support Mr. Newton's candidature at the Convention, and this was carried by a similar vote of 31 to 29.

This makes Mr. Newton the official Conservative candidate for Prince Rupert.

For row boats and launches telephone 320 green. Davis' Boat House.

PAY BRITISH M. P.'s

Their Honorarium Will be $2000 per Annum

(Canadian Press Despatch)

London, Aug. 11.—The resolution to pay members of the British House of Commons $2000 annually for their services was carried by a vote of 256 to 139 today.

The art of pleasing any lady without the least trouble has been discovered by the makers of the "Queen Quality" shoe. Their shoes are very easy, extremely pretty, and most durable. Scott, Froud & Company have them in all styles.

"BLACK HAND" SCHEME

Kidnappers Relented and Gave Back the Kid

(Canadian Press Despatch)

Chicago, Aug. 11.—Angelo Mareno, kidnapped by black hand blackmailers last Saturday was found by the police within a few blocks of his father's home last night.

School Board to Meet

A short special meeting of the School Board will be held in the police court on Wednesday to go into the matter of tenders for the re-fitting of the old school.

SERIOUS BUSINESS FOR PRINCE RUPERT SAILOR

Witnesses Say That James McCall Who Sent a Bullet Through the Windsor Bar was Threatening the Life of Constable Hamblin all Day Before Shooting.

Matters are looking rather serious for James McCall the sailor from the S.S. Prince Rupert who used a rifle on Thursday evening sending a bullet through the Windsor Hotel bar within six inches of the bartender's head. Seven witnesses were examined at this morning's preliminary hearing of the case before Magistrate McMullin. As a result it came out that McCall had been threatening the life of Constable Hamblin all day, and that he also threatened to shoot the colored man Ernest Gray who refused him the loan of five cents in the Butte Cafe.

Up for Election

Accused comes up for election before Judge Lampman this afternoon, and should he not elect him for speedy trial the case will be a costly one for the city to send down below. Asked if he had anything to say this morning accused remained silent. Evidence of Arthur Little showed how the sailor was obsteperous almost as soon as he landed, and required to be restrained on Centre street. Afterwards he went up town and did the rest of the stunt. Victor Swanson, the bartender who nearly lost his life told how accused had been seen to load the gun deliberately and fire from a sitting position probably with the intention of hitting the coon. "The bullet whistled by within six inches of my head," said the witness.

Other Witnesses

Seven witnesses in all appeared to give evidence this morning. These were Arthur Little, Victor Swanson, Ernest Gray, the colored man, Oscar Gross, proprietor of the Butte Cafe, A. Doyle, Constable Hamblin and Constable Merrit. City Solicitor Peters conducted the prosecution. The accused is charged with "Having in his possession an offensive weapon for a purpose dangerous to the public peace."

THREE CANADIANS KNOWN IN BRITIAN

Reading from left to right they are Private Clifford of Toronto who captured the King's Prize at Bisley, Sir Max Aitken who received Coronation Honors and "Joe" Martin, once Premier of British Columbia but now a stormy petrel of British politics.

"BOB KELLY" TO SPEND $$$

The Popular Little "Nabob" Means to Do Well by His Townsite at New Hazelton—

Mr. Robert Kelly—or more familiarly "Bob" Kelly—"Nabob Kelly" as some say—reached Prince Rupert by the Prince George today.

"I am going to put my new townsite—New Hazelton—on the market early next week," he said to the Daily News.

"It would have been on the market sooner but for an anroying little delay with the government which demanded special papers which I had to send here for.

"Yes, I shall let a local firm handle the sale of lots here but which firm I have not yet settled.

"Messrs. Foley, Welch & Stewart have already secured four blocks 118, 119, 120 and 121. The Union bank will also build there. I shall have agencies selling lots in Seattle, Spokane, Vancouver, Victoria, and other cities. I intend to spend money on this proposition and give it a good start at once."

Prince Albert South

Captain and Mrs. Nicholson went south by the Prince Albert this morning. The old Albert will now take up her long run between Vancouver and Prince Rupert. The Prince John pleases on the Island run formerly the Albert's.

AFFECTS TRAMP STEAMERS

Strike Ordered by British Sailors' and Firemen's Union

(Special to the Daily News)

New York, Aug. 12.—Fifty British tramp steamers which are now in port here may be tied up indefinitely by a strike ordered by the sailors' and firemen's union of Great Britain. While the sailors on the liners of the Atlantic companies sign for the round trip, the sailors on most of the tramp steamers sign separately for the journey each way. The union has issued a new wage scale embodying an increase all round and the seamen are instructed to refuse to sign except under the new scale. Members of the American union are not allowed to take the place of strikers.

COUNCIL MEET TODAY

Special Call by Acting Mayor Kirkpatrick

At five p.m. today the city council will meet by special summons from Acting Mayor Kirkpatrick. A good deal of municipal business requires attention, and as four of the aldermen and the Mayor will be absent from town on Monday there can be no meeting then.

Amongst the business to be attended to today is the passing of a requisition for pumping plant for the new Morse Creek temporary water supply. Alderman Clayton will move the granting of the order. The amount involved is $1175. The city already owns suitable boilers for the plant.

FIRE CHIEF AND THE WATER DEPT. CHARGES

"Water Officials are Wrong in Every Point They Allege" Declares Fire Chief McInnis. He Means to Deal Direct with the Fire and Water Committee. Difficulties His Dept. Has to Meet With Owing to Street Obstructions.

"I do not intend to reply to the water officials' allegations through any newspaper," said Fire Chief McInnis when approached by the Daily News on the subject yesterday. "My business is with the fire and water committee of the city council. My report on the position of the fire department is already in their hands, and it is up to them to deal with it. But I may say that the water people are wrong in every one of the points they have alleged against the fire department."

Want Callmen

Amongst the points emphasized in the Fire Chief's report to his committee is the need for more call men. At present there is an advertisement posted at the City Hall for another call man and the opinion exists that several more should be employed. All the four call-men originally employed did not return to duty after their dispute with the council regarding wages, and it is apparently difficult to get men for this duty at $10 per month though the offer is made of free quarters at the fire hall.

Condition of Streets

Another point sure to be touched on is the condition of the streets. On the occasion of the explosion on Second avenue when the old schoolhouse was burning the big red auto hose car was held up for a few minutes by an obstruction outside the Bank of Montreal. A light pole made ricketty by the excavation of grade around it had been stayed up by pieces of heavy lumber. Two of these had to be chopped away to let the "Red Devil" get by. Notification of this obstruction had not been sent to the Fire Chief, but Chief

NEW ESTABLISHMENT FOR FUNERAL UNDERTAKING

Messrs. Hayner Bros., to Build Chapel, Offices and Embalming Rooms on Grenville Court.—Buildings in Mission Style with Every Modern Device.

Messrs. Hayner Brothers are about to start at once on the erection of a new and entirely up-to-date undertaking establishment on one of the fan shaped lots on Grenville Court adjoining the Salvation Army Citadel. The ground space measures 28 ft. x 50 ft. x 100 ft., and will allow of the erection of a very fine substantial building which is just what the Messrs Hayner have planned. The ground has been leased for a considerable term and the building will be of a permanent type.

Elengantly Equipped

Chapel for funeral services, offices, and embalming rooms, all specious and conveninetly arranged are included in the plans. Inside the furnishings, fittings, and upholstering will be very highly finished and in the very best of good taste, quiet and dignified. Outside the Grenville Court frontage of the building is to be designed in the well known simple Mission Style, which is still rich and substantial looking without being vulgar or pretentious. Thus the building will exactly meet its purpose. Funeral obsequies conducted there and the last sad services rendered the dead will be carried out in quiet dignity without ostentation.

Experienced Undertakers

Adding to their present equipment many of the very latest appliances which have brought to perfection the art of embalming on this continent, Messrs. Hayner Brothers, who have had thorough training and experience in this class of service will be in a position to attend to undertaking work as fittingly as any of the firms in the older centres of Canada. The chapel attached to their offices will be secluded and quiet. While in the earlier days of Prince Rupert there was no lack of dignity about funeral services held in a little rough shack, the growth of the city has demanded development in line with that of all other cities, and in this department Messrs. Hayner Brothers lead the way.

HELD MOCK FUNERAL OVER A DEPARTING COMRADE

Undergraduates of Cambridge University Held an Historic Farewell Over a Student Who Was Expelled for Breaking the College Rules.

(Colonial Press Despatch)

London, Aug. 11.—Never within memory have the Cambridge undergraduates "ragged" as they did on Thursday afternoon, when a well-known Trinity Hall sportsman, who has recently been doing great things on the cricket field, was "sent down," and was accorded a mock funeral on the most gigantic scale the town has ever known.

Every fancy costume kept by theatrical costumers and others was let out on hire and undergraduates too late to hire a costume made one. One had a dress suit made of sackcloth, trimmed with ashes. Others bought a street organ, draped in purple and black.

Early on the scene was a cab containing the Devil, followed by a hansom cab with four undergraduates inside—four outside, and two sitting on the horse—and most of them in pyjamas. Practically every vehicle in the town was chartered.

The procession was headed by a van containing eight masked bandsmen. The hearse came next, with "the deceased" walking at the side. Next came the unfortunate man's charger—a very small donkey. A cab, with a large printed notice, "Alas, my poor brother," contained the "dead man's" brother. But perhaps the most pathetic figure was the heart-broken widow.

For fully half a mile the procession stretched, and so dense were the crowds that it took an hour to make the journey of a mile to the railway station, where the scene was unequalled in the history of Cambridge. Undergraduates climbed on to roofs and even on to the top of trains.

Cambridge will know no more of the student who has been "sent down," but it will not soon forget him.

Are You Down-hearted?

You won't be if you get a pair of those comfortable shoes at Scott, Froud & Company's. Comfort promotes health and health, happiness.

"RECIPROCITY IS RIGHT FOR RUPERT," SAYS "NABOB" KELLY

"Reciprocity is Right for the whole Dominion of Canada. It is right for the Province of British Columbia even more than for the rest of Canada, and of course it is right for Prince Rupert."

These are the words this morning of "Bob" Kelly whose reputation as a business head is unrivalled in British Columbia and whose name is known for sound sense over all the West.

"Reciprocity—Right for Rupert"—three R's for the present election campaign.

"Good man all right," remarked "Nabob" Kelly regarding the candidature of Mr. Duncan Ross.

DAILY EDITION. SATURDAY, AUG. 12

AN ABSURD ARGUMENT

If anything more is needed to prove the utter unfitness of the anti-reciprocity candidate in his aspirations to represent Comox-Atlin at Ottawa, it is to be found in the articles he has written in an attempt to show that the reciprocity agreement if put into practice will make food dearer.

The articles are so childish and immature as to be beneath serious notice. The writer of them may test the absurdity of his labored efforts by a very simple test. If as he says, the abolition of taxes on food is going to make food dearer, then the adding of more taxes ought to make it cheaper, which, as Euclid would say "is an absurd conclusion."

The articles are entirely absurd—palpably absurd.

WHAT RECIPROCITY WILL DO

In addition to reducing the cost of living, opening up great markets for our lumber, our fish and our minerals, reciprocity will double the present population of Prince Rupert. This statement is made on the authority of J. P. Todd of Seattle, whom the Seattle Daily Times declares is "the best posted man on fishing matters in the Northwest."

Not that J. P. Todd is a friend of reciprocity. J. P. Todd is allied to those "interests" who prosper under a tariff. His men have been accustomed to go in their boats out to the Canadian halibut banks and load up. The Canadian fishermen could not come into the market. There was a duty of a cent a pound on the fish caught by a Canadian fisherman. This corralled the market for J. P. Todd and the Seattle fishermen, leaving the Canadian fishermen out in the cold.

This is what J. P. Todd says in an interview in the Seattle Daily Times:

"Under the reciprocity bill fish are admitted free of duty. If this measure carries, the halibut fleet that makes Seattle its headquarters will move to Prince Rupert as soon as the Grand Trunk Pacific is completed to the Coast."

"The loss to Seattle will be whatever money or business 6,000 fishermen involve."

What money and business do six thousand fishermen involve?

In the first place there are the wives and families of the married fishermen. Six thousand fishermen will have at least six thousand dependents; probably twice that amount.

Six thousand fishermen will need between them several thousand homes. Those homes will have to be built by Prince Rupert carpenters. They will have to be built on lots at present held by lot owners in this city.

Six thousand fishermen and their families will need food, they will need clothes, they will bring abundant wants with them, all of which the merchants of Prince Rupert will have to satisfy.

Six thousand fishermen will need boats and repairs. The trade of a fleet of six thousand fishermen in Prince Rupert will keep a shipyard and several engine works busy.

J. P. Todd "the best posted man on fishing matters in the Northwest" states that if reciprocity carries six thousand fishermen and all the money and business involved with them will move from Seattle to Prince Rupert.

Every voter in Prince Rupert without regard to the usual considerations of party should vote for the reciprocity candidate when the time comes.

Six thousand fishermen with all the money and business they involve is just what Prince Rupert needs.

C.P.R. OFFICAL BOOSTS RUPERT

J. J. Foster Travelling Passenger Agent of the Great Company is Big Enough to Believe in the G. T. P. Terminus.

"There's going to be something doing in this city. It's going to be a hummer," quoth J. J. Foster of Seattle, travelling passenger agent for the C. P. R. Atlantic lines, one hour and thirty minutes after he had crossed the gang plank of the ever popular S.S. Princess May yesterday afternoon.

Back in the coast cities and in the big centers across the plains Mr. Foster met many people who wanted to wade chin deep in a community where hopes, that could be realized if backed up with a rolled up sleeve and stiff upper lip tied on to a little patience. They know Prince Rupert is the place and they are coming hither.

This was what Mr. Foster was led to say after he had been shown round a little by J. G. McNab, C. P. R. agent here.

"Tour of inspection and on business," answered the visitor when questioned by the News what he was doing here. He left later for Skagway and on business for the company whose arms of travel extend around the world.

HANDS THAT HELP

Not Soft and White but Very Very Useful

As an example of trademarks have you ever noticed the hands of the hospital nurse? The soft white hand which in fiction is occupied in cooling fevered brows does not exist and could not. It is a skilled hand, but its work makes it rough and chapped. Try bathing your hands in disinfectants twenty times a day and you will find that, look after them as you may, they will soon be seamed with cracks, which an east wind often turns to bleeding cuts. And as they are working hard for some twelve or thirteen hours a day the nurse takes a somewhat larger size in gloves than most women. If you ever see the photograph of a hospital nurse you may observe that she prefers to keep those hands behind her back.

NEW STYLE IN HAIR

Young Lady Surprises the Tonsorial Artist Up River

A Hazelton barber got the tonsorial surprise of his career the other day when a pretty young woman walked in, sat down in his chair, removed her hat, leaned back and said:

"Cut it short please."

"Short hair is all the rage," she continued. "In France and in Germany you're not considered 'it' if long tresses are worn. The 'coiffure' style, the 'Marcell wave,' 'bangs' 'rats,' and the 'bun' are all out of date. I want a 'classic' haircut."

She waited for the shears.

"She had a 'Buster Brown' cut when she came into the shop," said the artist, "but she said she wanted a close trim. I cut her hair 'round' in the back, just as they give the college boys, and shaved her neck. I did not chop her hair off in the front, but left it long enough to comb back over her forehead. On the sides I cut if 'full fluff.' When she left she could wear her hat without hat pins."

A gallery of about 100 males followed every clip of the scissors over the young woman's head, and stopped to talk it over long after she had left the barber shop.

Baptist Services

"Disturbing Voices the Hope of Humanity," will be Rev. Warren H. McLeod's subject for tomorrow evening. Service commences at 7.30 p.m., Morning Worship at 11 a.m., Bible School and Brotherhood Baraca Class at 2.30 p.m.

WILL BUILD NEW BUNGALOW

Mr. and Mrs. F. S. Clements to Build New Residence

On their centrally situated lots on Third avenue and Eighth street Mr. and Mrs. F. S. Clements are about to have built a beautiful modern bungalow residence costing over $2000, and with many of the very latest modern improvements in construction and equipment. A feature is the fireproof construction of the entire building. Steel lath covered with marble hard fireproof plaster will line the walls throughout, and the roof will also be absolutely fireproof.

Mrs. Clements' Suites

Five rooms and bathroom will form Mrs. Clements' own suite. There will be bedrooms, boudoir, dining and receiving rooms all fitted and furnished in dainty manner. Kitchen, pantry, and store-rooms will be arranged most conveniently and all appliances wuill be of p-to-date type. A commodious basement is also planned, including laundry and heating plant with drying rooms.

Mr. Clements' Workrooms

For Mr. Clements own engineering and surveying work a spacious draughting room and office is arranged in which Mr. Clements will have his own working equipment as complete and perfect as Mrs. Clements' domestic side of the household. A cosy den is part of Mr. Clements' suite with study and other apartments conveniently placed to suit his needs. W. L. Barker is the architect for this residence, and contracts will be awarded for the work shortly. It is expected that the bungalow will be complete and occupied within a month or six weeks.

EYE WITNESS AND SHOOTING CASE

Accused Took Cartridge from Box, Loaded Gun and Tried to Shoot an Imperturbable Coon who Never Said "Cough"

James McCall's case came up for trial today. In court today he declared the rifle went off by accident. L. Marre, an eye witness of the incident, who helped take the rifle from the accused says that McCall after threatening to shoot up the Butte Cafe, went outside and standing near the barber's shack at the corner of First avenue and Eighth street caught sight of a negro near by. Accused wanted to shoot this man, and took a cartridge out of a box of shells, loaded the rifle and brought it to his shoulder. While McCall was swinging it round to cover the coon the gun went off. Mr. Marre says that coon stood firmer than the pumpkin pie, never batting an eyelash when threatened. One bullet penetrated the wall of the Windsor drove across the bar just missing a dozen customers and Vic Swanson the bartender, and smashing the mirror. Three empty shells were found, but some people think only one shot went off in that neighborhood wherever the others may have been fired.

ON EASTERN TRIP

Mrs. and Miss Holtby to Spend the Winter in Quebec

By the Prince George on Monday a number of well known Prince Rupert folk will be leaving town on trips. Among them will be Miss Holtby and Mrs. Holtby who are going for a prolonged visit to Ottawa, Montreal and Quebec. They expect to be gone for six months Part of that time they will be guests of Mrs. G. B. O'Neill of Quebec, who before her marriage was well known here as Miss Ethel Holtby.

Mrs. C. B. Wark will journey with the party as far as Toronto on a visit to relatives in the East.

A good silence cloth for the dining table can be made with a double thickness of white flannel laid with the soft side on the inside and quilted on the machine; edge with a binding of white tape.

GRAHAM ISLAND IS RICH IN COAL AND OIL LANDS

West Coast of the Island is Declared by Experts to be "Oil Territory"—News Correspondent Visits The Drilling Camps

(Special Correspondence)

With the construction of the Grand Trunk Pacific Railway, the Queen Charlotte group of Islands standing but eighty miles from the city of Prince Rupert, has been brought prominently before the incoming capitalists and settlers. A wealth of timber covers the main island, where numerous parties of surveyors are now engaged in proving the various claims made by the locators. It has been asserted by the geologists, who visited and reported on the islands, that coal and oil will be exported in large quantities from the depositis on Graham Island.

Expert Opinions

The late Professor Dawson reported, some twenty-five years ago that the coal and oil hidden beneath the land on Graham Island, woulf prove of inestimable value. The geological survey of Robert Bell and R. W. Ells show, that "from Frederick Island to Otard Cove is an oil territory, the tarry matter occurring in the Basalt rock." A few years ago, a Chicago firm installed a plant on Masset Inlet, and boring for coal took place. For reasons best known to the parties engaged in the work, no report was made public of the result. Recently a plant, costing over $10,000 was installed at Tiahn on the West Coast of Graham Island, where your correspondent inspected the ground and found every indication of results that will astonish the most optimistic.

Splendid Showings

Experts from all parts of the world have visited the West Coast of Graham Island, and all are surprised at the showings. Along the shore line the tarry matter is oozing from the rocks. The shale and basalt make a better covering than can be seen in any other "oil camp." The ground in the immediate neighborhood of the plant has been staked and recorded and it is within the possibilities of the near future that oil wells will be pouring forth their "gushers." Already the men engaged have bored over sixty feet below the surface and are poistive that they will meet with success. Seven men, under and experienced "driller," are work ing at the plant and it is reported that there are three more outfits soon to be in the field.

Your correspondent has been over the whole of the territory. With him was a man who owns "oil" property in the United States, and the trip was made to exploit the interior of the island. The indications for oil can be seen on every hand and there is no doubt that the country is on the eve of development work that will bring this Province more prominently before the world than anything before discovered.

A Hazardous Coast

The West Coast of Graham Island is a very inhospitable place. The Pacific Ocean sweeps mountainous waves ashore, which would engulf any small craft, and is even dangerous for large vessels. The rocky shores are seamed and torn it would not be wise for navigators to visit the locality in any craft that would not stand wind and weather. In the interior, the ground is swampy and hilly, the valleys are made up of "muskeg" and there is little clear land. There is a good route for a railway from Naden Harbor or Maeest Inlet, and it is understood that three railway companies have secured charters to build roads—when conditions warrant.

Coal is There

The evidence of coal lands are plain, on Yakoun River and at Skidegate. Two companies are now engaged in development work and others will have their plants on the ground, in a short time. The black sands on the shore of the East Coast, carry gold; but the difficulty in clearing the "rust" from the mineral, and extracting the "iron" from the gold has been a drawback, which has kept many from exploiting the beaches. That they are rich in gold, is acknowledged by all who have attempted to mine from Rose Spit and Cape Ball.

Other Valuable Deposits

The wealth of copper at Ikeda, Jedway and other portions of Moresby Island will mean a source of profit to the owners of the mines in those localities, while the gold deposits at "Gold Harbor" and in other localities are but harbingers of the future development that will bring to light the potentialities of the group of islands.

The waterways and fishing grounds, with the timber and other means of supporting a large number of persons, will be written about in a future report.

Fortunes for Some

At the present time few of the residents of Prince Rupert realize the opportunities offered on the adjacent islands. The increase in population, following the construction of the railway, will bring capital and labor to exploit and develop the territory now almost unknown. The opening up of a country follows in the wake of the "iron horse"; but both land and sea offer inducements on the Queen Charlotte group of islands that will be better understood when those who are now engaged in development work reap the benefits that so many in a new country cannot be brought to realize until the opportunities are lost. The prediction is made that the few now occupying the island, who understand the conditions of things there, will shortly profit by their persistence and a number of thriving cities will result from the splendid opportunities offered on Queen Charlotte Islands.

MINING CAMPS MAKE PROGRESS

Summary of Conditions at Portland Canal Boundary and Rossland District Mines.

Advices from Portland Canal camp are to the effect that the Portland Canal Mining Company's silver-lead concentrating mill is now running at full increased capacity, and the shipment of ore from the Red Cliff Company's copper mine to the Tyee Copper Company's smeltery is likely to be regularly maintained hereafter.

Ore production figures of the Boundary district or 1911 to July 29 are shown by the Phoenix Pioneer to total 889,545 tons. After deduction of 5300 tons from the British Columbia Copper Company's Napoleon mine, which is situated in the State of Washington, there remains a total of 884,200 tons, all of which was treated this year at Boundary district smelters.

Rossland mines have produced approximately 150,000 tons of ore during the expired seven months of the current year. according to the ore production figures of the Nelson Daily News. The Center Star group is first, with an output of about 116,000 tons; the Le Roi No. 2. Company's mines next with nearly 25,000 tons, and the Le Roi about 900 tons.

ATHABASCA MINE CHANGES HANDS

Three Owners Dispose of Valuable Kootenay Property to Mr. Rand of Westminster.

Nelson, Aug. 11.—Messrs. A. W. Constans, W. Shackelton and George Maurer have sold their interests in the Athabasca mine to Mr. A. E. Rand of New Westminster. Mr. C. W. Riley of the Dundee mine at Ymir has been appointed manager of the three big properties in which Mr. Rand is interested, the Toad Mountain Consolidated, the Dundee and the Athabasca. Several gold bricks have been produced by the Athabasca mine, which is equipped with air drills operated by water power.

Sixteen feet of ore, of which seven feet have been sampled and have assayed nearly $140 per ton have been struck in the shaft, which is being sunk on the lowest level of Queen mine at Sheep Creek, according to W. B. Poole, who reached the city from the gold camp last evening. This shaft is now down 1200 feet.

POWDER PRECAUTIONS

Section Fifty-seven of the City Building By-law

"No person shall have or keep in any building within the city at any time more than 50 lbs. of gunpowder, dynamite or any other explosive substance, and all gunpowder or dynamite under the said quantity which is kept on hand by any person within the city, shall be deposited in a fireproof box or safe—said fireproof box or safe to be kept near the front or rear of entrance of building or place to be approved of by the Inspector of Buildings and the said Inspector shall at once hand over to the Chief of the Fire Department a plan showing where such explosive is kept in such building."

When a store bargain is interesting enough to advertise, it's quite likely to be interesting enough to investigate.

To watch The News want ads is to know your chances for finding a better job.

The Visit of Curzon.

From time to time during the last few months the cryptic message "Curzon are coming" has been flashed across the Atlantic. Doubtless many of our readers have seen this message, and seeing wondered as to its full purport. It is certainly not a communication of every day importance, for explained in its entirety it means that the greatest measure tailoring house in England of modern times is coming right into Canada to pay a personal visit to its thousands of customers and friends, living throughout the Dominion. It means even more than this, for with the Curzon contingent come the choicest confections of the leading woollen mills of England, Ireland and Scotland, making a wonderful collection of real British materials in the latest shades and designs. Tweeds, Worsteds, Vicunas, Serges, Cheviots, Meltons, Beavers, and in fact every class of fabric for which the Mother Country is so justly celebrated.

MR. T. CURZON.

The Curzon tour throughout Canada is being conducted by the leading representatives of the house, including one of the Principals, and is conducted not altogether for the purposes of lifting business but with a view to the Principals getting into closer touch with their friends and clients residing overseas.

It is true that the Curzon service annihilates the distances separating Britain's Colonies from their Mother, but this step on the part of the Proprietors to personally pay a tour of inspection to their ramifications across the Atlantic, must do much to even strengthen the very life spirit permeating the house, and enable them to give even more efficient service to their thousands of patrons.

Mr. T. Curzon and his staff will carry with them on their tour all the leading samples, all the latest West End of London and New York and Canadian fashions and will, in short, be fully equipped to take orders and to measure clients for their tailoring needs.

The arrival of the Principal and Staff will be duly advertised in the Dominion newspapers during the tour, and visitors will always receive a hearty reception at the various hotels at which Messrs. Curzons will be staying during their progress through the country. They will always be honored by a visit from clients and will not importune orders. Briefly Messrs. Curzon intend to bring a touch of the Mother Country right into the Dominion. Look out for definite dates.

The Main Line of the G.T.P. Will Pass Through Centre of HOUSTON TOWNSITE

The contract has been let for clearing the right of way for the G.T.P. line.

If you would make money invest in HOUSTON lots.

HOUSTON is situated in the centre of one of the most arable and productive farming countries along the main line of the GRAND TRUNK PACIFIC.

In the country around HOUSTON some of the richest mines of the Province of British Columbia are located. HOUSTON will be a distributing point for the great agricultural, commercial and mining settlers that will soon locate in the Bulkley Valley, the wealth and possibitities of which are so well known.

We have prepared an illustrated folder which we shall be pleasedto give you. This folder explains the honest facts of the district.

The price of HOUSTON lots is very low in view of the assured great future of the place. HOUSTON is not a speculation—it an investment that should appeal to anyone wanting to make money honestly. Call and see us or write and we will convince you of the genuineness of our proposition.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

FINE LADY SWIMMERS

Miss Fletcher Wins English Championship, Beating Record Holder.

London, Aug. 11.—Miss Curwen, of Liverpool, gave Miss Jennie Fletcher, of Leicester, a great race at Leicester in the 100 yards ladies' English championship. These ladies took the lead from the start, and were practically level up to 66 2-5 yards, when Miss Curwen turned just ahead. The decision that Miss Fletcher had won in 1 min. 15 3-5 secs., and Miss Curwen was second in 1 min, 15 4-5 secs., was disputed. If Miss Curwen could have reproduced her form of the previous day she would probably have won with a good margin, for she covered the distance in 1 min. 12- 3-5 secs., beating Miss Fletcher's world's record made at Manchester in October, 1909, by a second.

Miss Fletcher has not been quite so speedy since that splendid performance. Indeed, she seems at present to be a little faster than last year, when Miss Steers of Cardiff, beat her in 1 min. 13 3-5 secs. Miss Steers did not defend her title this year, although a few days previous she easily won the 100 yards ladies' chanpionship of Cardiff in 1 min, 20 secs. Miss Neave swam excellently in gaining third place to Miss Fletcher and Miss Curwen. She covered the distance in 1 min, 18 4-5 secs., or 2 2-5 secs. faster than last October when for the second time she won the Southern Counties 100 yards ladies' championship.

If you want money apply P. O. Box 953. tf

STRIPED MOHAIR

Silk mohair is among the prettiest of the summer fabrics used for summer coat suits and those with stripes are exceptionally good looking. This one is gray with a black stripe, and the braid used for decoration on coat and skirt is black silk soutache.

One could not choose a more serviceable gown for traveling than one of this sort.

HELD TENNIS TEA

Charming Out of Door Entertainment at Mrs. W. E. William's Home.

A most enjoyable tennis tournament and tennis tea was given by Mrs. W. E. Williams at her home on Borden street on Thursday afternoon. The games were keenly contested and the ladies in success and defeat exhibited all the qualities of true lovers of sport. Mr. Melvin refereed the games with all the strict justice of a Roman senator and all the ladies are convinced that he is one of the greatest of men. Mrs. McNeill and Mrs. Patmore won the prizes, the results of the tournament being as follows: Mrs. Melvin and Miss McLenaghen won from Mrs. Patmore and Mrs. R. A. McMordie. Mrs. McNeill and Mrs. Patmore won from Mrs. Manson and Mrs. McClymont. Mrs. McNeill and Mrs. Patmore won from Mrs. Melvin and Miss McLenaghen.

The afternoon was rather cool to enjoy tea on the lawn as arranged for so the tournament over, the ladies retired indoors, arranging themselves around the blazing grate where they enjoyed tea and a friendly chat.

The invited guests were: Mrs. Morris, Mrs. McMaster, Mrs. McNeill, Miss Pinder, Mrs. Tremayne, Mrs. Burritt, Mrs. McIntyre, Miss Craig, Mrs. Naden, Mrs. McLeod, Mrs. Spain, Mrs. J. C. McLennan, Mrs. Lamont, Mrs. Craig, Mrs. Patmore, Mrs. Bondeaux, Mrs. Brandt, Mrs. D. G. Stewart, Mrs. Benson, Mrs. Eggert, Mrs. Bullock-Webster, Miss McLenaghen, Mrs. Bennett, Mrs. McClymont, Mrs. Dawson, Mrs. Cade, Mrs. Ramsay, Mrs. Kergin, Mrs. Young, Mrs. Parkin, Miss McMaster, Mrs. A. M. Manson, Mrs. Beckwith, Miss Sutherland, Miss Campbell, Mrs. Roberson, Miss Drummond, Mrs. Reddie, Mrs. Wark, Mrs. Melvin, Mrs. William Manson, Mrs. R. A. McMordie, Miss Fulton

Mr. E. C. Gibbons will leave by the Prince George on Monday on a three weeks' business trip to the south.

RELIABLE WATCHES
Is the World's Greatest Demand

Our Watch Department is one which gives to the people of Canada that standard of reliability which appeals to all in this busy century, when each moment of time must be rightly spent in order to get the most out of it. With us you will find the best in every make of watch, from the reliable BIRKS' SPECIAL, to the best among the American and Swiss movements. Our leaders are the Howard, Hamilton, Longines, Agassiz and the finest grades of the Waltham and Elgin productions. See our catalogue, or write to us directly for information relating to our watches.

VANCOUVER - - BRITISH COLUMBIA

ITEMS OF .. SPORT

Patsy Kline, the clever Newark featherweight was beaten by Johnny Kilbane, but hopes to prove his worth in his match with Joe Mandot at New Orleans on September 1. Patsy is an aspiring lad and a defeat is not going to make him forget that he has aspirations for the featherweight championship.

Sshwengers of Victoria, Canadian tennis champion at the provincial championship met in the open singles rather easy victory over McDougall, rated as one of the best of the Montreal men, 6-3, 6-1.

After a conference at Milwaukee between Tom Jones and matchmaker Frank Mulkern of the National A. C., the latter announced that every detail had been satisfactorily arranged for the ten round bout between Ad Wolgast and Packey McFarland there on September 15.

The Board of Directors of the National league hearing the appeal of Sherwood Magee, star outfielder of the Philadelphia club, from the decision of President Lynch, suspending him for the balance of the season and fining him $200 for assaulting Umpire Finneran, handed down a formal decision sustaining Lunch in every particular.

Chet. McIntyre is maturing his plans for the next boxing tournament at the V. C. A., set for Labor Day and the boxing talent of Vancouver is now the richer by the incoming of an amateur named Lees, who won the Canadian championships in both the lightweight and welterweight classes. He has had one or two workouts which have demonstrated his undoubted class but the Vancouver fans will pin their faith in Ernie Barrieau, the best amateur lightweight on the north Pacific coast at the present moment.

SEATTLE WRITER SEES RUPERT

Mr. John R. Dreher of Seattle Times Staff Pays Visit Here with His Wife and will Describe City.

Today Mr. John H. Dreher of the Seattle Times, touring this part of Northern British Columbia with his wife on a holiday and descriptive writing trip visited Prince Rupert.

Mr. Dreher has that ideal newspaper assignment "a roving commission" and his story of Prince Rupert will be a series of bright impressions. He very greatly enjoyed the superb sail up the Sound in the Prince George, and Captain Saunders was able to give him ideal weather conditions.

While talking to the Daily News on his arrival Mr. Dreher was loading up his kodak to take as he said, "Something out of the usual" in photographs. He was much interested in one city grading work—particularly in the muskeg and the men who mess themselves up in it for $3 a day.

"How in the world did they ever think of making a city here?" he asked with a glance at our hummocks.

"How ever did you make such a splendid job of your city building?" is his question after a walk round the town.

Mr. Dreher's trip takes him next to Stewart.

FIRE CHIEF AND WATER CHARGES

(Continued from Page One)

McInnis had seen the light department men at work and warned them that the job would obstruct the road for the fire department. The work went on however, and the obstruction was encountered at a most critical moment.

Lesson from Guelph

Under the heading "Things a Fire Chief Ought to Know" the Guelph Herald of 28th ult., says:

"Instructions have been issued by the fire, light and markets committee to the city engineer and other departments who tear up the streets, that notice must be sent to the Fire Chief whenever a street is blocked from traffic."

Alderman Clayton's fire department recommendations might very well include provision of a similar nature.

George an Hour Early

By the Prince George this morning there arrived a crowd of first and second class passengers. The George came in one hour ahead of schedule and brought 180 tons of frieght and mail.

CUPID'S HANDICAP

Tuneful Musical Play at the Empress Theatre Pleased Many.

Though nearing the end of their engagement, the Cleveland Comedy Company is still drawing good houses and putting on good shows. Last night they put on a tuneful musical comedy called "Cupid's Handicap." It gave the company a chance to appear as a bunch of merry co-eds and college athletes and made us all wish we had gone to college with them, instead of wasting our time in serious pursuits.

Special interest attached to the comedy because it was written and composed by Harry B. Cleveland and his clever little wife Drena Mack. There are lots of good songs, and plenty of movement in it. One of the pretties numbers is Elton Ralston's song with quartet chorus in the first act, "Dream Girl of My Dreams." The chorus too made quite a hit last night.

BUILDING PERMITS

Sum Total for Past Week is Well Over Nine Thousand Dollars.

Two considerable items appear in the list of building permits for the week just ended. These are residential buildings for Mr. E. Coates on First street and Third avenue to cost $3000, and store buildings for Mr. R. C. Hyde on Third avenue and Seventh street to cost $4000. A third item just into the three figure standard is a boarding house for Danito Cambro on Ninth avenue, to cost $1000. Other permits issued are as follows:

James Hampton, residence on Seventh avenue, cost $300.

Mrs. L. Shrubsall, residence 3rd avenue, cost $400.

John Storrings, out-buildings on Eighth avenue, cost $75.

George Sutherland, residence on McBride street, cost $350.

Mike Cruch, residence, Seventh avenue, cost $200.

Weather Along Coast

Cloudy weather with here and there dense fog banks though smooth sea prevails along the coast according to wireless reports. The Prince Rupert was passing Harold Bay southbound at 11 p.m. last night.

Frank Kelly returned by the Prince George today, and was driving his light rig down Centre street within a few minutes of landing.

TRIED TO SAVE EDITOR'S GIRL

Newspaperman Drowned Near San Deigo While Trying to Save Daughter of His Chief.

San Diego, Cal., Aug. 12.—While bathing on the beach at Lajolla, Cecil Karberg, newspaper reporter, formerly of Spokane, was carried to sea by a huge billow and drowned while attempting to save the life of Dorothy McGrew, the ten-year-old daughter of the editor of the San Diego Sun.

Inflated wings attached to the child's arms held her up until Gilbert Stafford swam from shore and rescued her. James Rackenbury, a tourist from Denver, Col., displayed rare bravery in attempting to save Karberg. As each succeeding wave carried the reporter farther out to sea, Rackenbury, a powerful swimmer, soon found himself struggling with the huge breakers and was compelled to give uop the fight. Karberg's body has not been found.

Salvation Army

Everyone is cordially invited to attend the services to be conducted in the local citadel tonight and tomorrow. Lieutenant Wright will preach tonight and also sing one of her favorite solos.

A public holiness gathering will be addr3essed by Mrs. Ensign Johnstone at 11 a.m. tomorrow and a public enrollment service will be conducted by Ensign Johnstone at 3 o'clock. The Ensign will also preach at night. Special music by the Prince Rupert Orchestra and plenty of lively congregational singing as well as duets and solos.
