BOARD IS AT SEA

No Liquor Licenses are Issued Yet—Powers of Commission Not Fully Understood.

Date of Appointment is Somewhat a Debatable Point—Adjourned Till Saturday

The license commissioners are still in the dark as to whether they are competent to grant licenses in the city or not before September. Yesterday the full board met and went into the question, finally deciding to adjourn until Saturday afternoon, when they hoped to have additional information from Victoria upon which they might base an opinion as to what their position is. There were present at the meeting Mayor Stork, and Commissioners V. Smith and J. E. Merryfield.

On opening, the clerk, E. A. Woods read a list of applicants for licenses, which showed that there were seventeen who wished hotel licenses, twelve who wanted wholesale licenses, three sought bottle licenses, one wanted restaurant and retail privileges, two would be satisfied with restaurant licenses, and one a retail right.

Mayor Stork traced the history of the board. He said they met on June 8, and adjourned until June 16 in view of the fact that no official notice of the appointment had been received. On June 30 another meeting was held but Commissioner Merryfield was absent and a further adjournment was then taken. While in Victoria, His Worship said he had asked the provincial secretary about the appointments. That member of the government assured him that they were appointed on June 7, and turned up the minute book of the executive council to confirm it. Later His Worship said he saw the Attorney-General, Hon. Mr. Bowser, who assured him they were appointed on June 7, and that the meetings held were in order.

"I am in favor," said His Worship, "of taking up these applications at once." They had to be dealt with sooner or later, he said, and he saw no good in delaying the matter. If the licenses were issued it would do away with what was now considerable of a nuisance and it would serve the purpose of giving a revenue to the city that would be acceptable.

Commissioner Smith said he had held an opinion similar to that expressed by the mayor, but there had been a good deal of difference of opinion and he was now inclined to wait until some questionable features had been cleared up. He had in an effort to clear the matter up, telegraphed to the Attorney-General on the fourth and asked when the commissioners had been appointed. He had received a message from the Deputy Attorney General, Mr. McLean, on the same date stating that the appointments were made on the ninth. He had wired again on the fifth to the Attorney General asking if it would be in order to issue licenses before September. Under these circumstances he did not feel like going ahead and issuing licenses. He did not want to take steps until there was positive authority Then he was prepared to go ahead Everything except what the mayor found when in Victoria indicated that the appointments were not made until the ninth.

Commissioner Merryfield said that under the circumstances he thought it best to adjourn to a later date. He did not believe they were in a position to go ahead now.

Commissioner Smith added that Solicitor Williams had given him as his opinion that if the telegram was correct that the appointment was made on the ninth, the licenses could not issue until September.

His Worship explained that the misunderstanding might have arisen over the Attorney General being absent and the Deputy Attorney General had referred to the Gazette. It was open to dispute as to whether they were legally appointed on the seventh or the ninth.

Commissioner Smith felt that it was likely the Attorney General was absent.

The Mayor suggested that they adjourn until Saturday. If no word was received by tomorrow, be advised another wire being sent.

Accordingly the commissioners adjourned until Saturday afternoon.

CANADIANS WIN CUP

(Special to The Journal)

Bisley, July 8.—Canada wins the MacKinnon Cup, with an aggregate score of 1,568. The Canadian team won last year also.

WINNIPEG WINS AT HENLEY

(Special to The Journal)

Henley, Eng., July 8.—The Winnipeg crew defeated the Mayence crew of Germany in the finals for the Steward's Cup. The Winnipegs won by two lengths. This is the first time the trophy has ever left England.

CITY WATER RATES

Council Decide Upon a Low Scale For Prince Rupert—Meters May Be Installed.

Ald. Mobley Explains That Revenue Will Probably Hardly Meet Expenditure

The city council has passed the water bylaw of the city, and at last night's meeting a report on the rates to be charged was presented by Ald. Mobley. These rates come into effect July 6. Ald. Mobley said the committee had had before it the rates charged in Vancouver, Victoria and other coast cities. It was decided even at the risk of the revenue from the water not being quite sufficient to pay the cost of maintainence, to make the rate here the same as the lowest elsewhere. It was based on the Vancouver rate largely, with certain reductions.

The explanation of Ald. Mobley was received with general acquiescence.

The rates are on sliding scales. A dwelling of six rooms without a bath or a closet will pay $6 a year. If the house has a bath or a closet it pays $9, while if it has both the charge will be $12.

A dweling with over six rooms will be charged at the rate of $1 for each extra room.

Bakeries will pay from $18 to $46.

For a bath tub in a private house the charge is $3. A public bath tub will have to pay $10.

Barber shops are to be charged $10 for the first chair and $3 for each additional chair.

Butchers will pay from $10 to $20.

Laundries will pay from $36 to $240.

Offices will have to meet a charge of from $6 to $12.

Printing offices will have to pay from $24 to $60.

Hotels are to be made liable for $1 a room.

Stables for one horse or one cow will pay $4.

Provision is made for metering if desired, so that anyone who is dissatisfied with the flat rate may have a meter installed. The rent for a half inch meter is $3, with proportional advances as the size increases, and on a sliding scale as to the amount of water used, the cost will be from 7 cents to 16 cents.

FELL FROM WINDOWS

Fatalities in New York Are Being Investigated by Police

(Special to The Journal)

New York, July 8.—Two women meet death by falling from windows of tenement houses in the city. A third was fatally injured in a similar manner. The police are investigating.

DROWNING ACCIDENT

Launch Capsizes in the Williamette River With Fatal Results

(Special to The Journal)

Albany, Ore., July 8.—Miss Ines Taylor and W. Francis were drowned by their launch capsizing in the Williamette River. Four others of the party had a narrow escape.

SIR WILFRID'S TRIP

Premier Has Started West on Tour Which Will Bring Him Here

The Arrangements Provide For His Reaching Prince Rupert On August 20

(Special to The Journal)

Ottawa, July 8.—Sir Wilfrid Laurier and party left yesterday afternoon for the west on his tour which will take him to the Pacific Coast and extend over about two months.

Local Arrangements

Victoria, July 8.—Sir Wilfrid Laurier arrives here August 17. He speaks here the following night, leaving on the 18th on the Prince Rupert, which is due at Prince Rupert August 20. He will leave Prince Rupert August 22 or early the following day.

GOVERNMENT GRANTS WATER

Wm. Manson, M.P.P., is in receipt of a telegram from Premier McBride informing him that the record for three hundred inches of water at Woodworth Lake has been granted the city. This is in reply to a wire sent by Mr. Manson a few days ago urging that the record be granted to the city of Prince Rupert.

The Government Agent has been notified by letter and a record will be issued by him from the local office.

The reserve of this water was made by the McBride Government for the city of Prince Rupert in 1907, prior to the issuance of certain records held by the Prince Rupert Power and Light Co. on the same stream, and the granting of the water now is carrying out the intention of the Government at the time the reserve was made.

A record could not be granted until the city was incorporated and application made by the mayor and council, which was done a few weeks ago.

The 300 inches of water, it is estimated by engineers, will supply a city of about 75,000 people. If it is necesary, therefore, to secure a greater supply expropriation as referred to in another column may be resorted to. As the situation now stands the needs of Prince Rupert in the matter of water for some time to come have been safeguarded to it by the Provincial Government.

NEW STEAMER

C.P.R.'s Princess Adelaide Has Been Launched

(Special to The Journal)

London, July 8.—The C. P. R. steamer Princess Adelaide, intended for the triangular run among the ports of Victoria, Vancouver and Seattle, was launched yesterday. The steamer is expected to be on the coast this fall.

ENLISTING MARINES

Naval College at Halifax To Open Shortly in Temporary Quarters

(Special to The Journal)

Ottawa, July 8.—The naval college at Halifax opens temporary quarters for between thirty and forty cadets this year. The enlistment of marines for the Niobe and Rainbow begins soon so that the men will be ready when the cruisers arrive.

The Rainbow is expected to reach Victoria in September.

WILL HAVE DOCK

G. T. P., It Is Reported, Will Be Subsidized

(Special to The Journal)

Vancouver, July 8.—Information of a semi-official character has reached here that the government at Ottawa has granted an application made by the G. T. P. for docking facilities at Prince Rupert.

The proposal is to spend about a million and a quarter on the undertaking which the government agrees to subsidize at 3½ per cent covering a period of twenty-five years, the government at the same time having reserved rights to dock vessels owned by it; war vessels of the government having first claims on the dock.

It is anticipated that in this connection Prince Rupert will be made a depot of the Marine Department to have charge of all the northern coast.

Officials of the G. T. P. having in view the final arrangements in connection with locating the dock will visit Prince Rupert within a few days.

TEXT OF JUDGMENT

G.T.P. Was Bound to Deliver Lots Only on Prices Set by Official.

Chief Justice Can Find no Ground For Damages Brought by Moreton Frewen

The full text of the judgment of Chief Justice Hunter in the action brought by Moreton Frewer against Charles M. Hays and the G. T. P. company is now available. The judgment of His Lordship is a short one. It is as follows:—

"In this case I see no reason to alter the opinion which I formed at the hearing, viz., that the action fails.

"The claim is for specific performance of an alleged agreement to sell the plaintiff a number of lots in the Prince Rupert townsite. Considerable correspondence between the parties was put in, out of which Mr. Davis, for the plaintiff, selected two letters set forth in the statement of claim as sufficient to set up an enforceable agreement. By their terms the lots were to be selected by the plaintiff with the concurrence of the defendant company, and it is indisputable that the only lots which the company would concur in transferring to the plaintiff were the lots embraced in the Phillips list. In addition to this, the prices were to be fixed by the defendant company, and because two real estate valuers were employed by the company and the provincial government to put reserve prices on the lots, which prices were not communicated to the plaintiff as the prices which the company would accept from the plaintiff, it is contended that this is a price list binding on the company at the option of the plaintiff. It seems to me that this is clearly insufficient to set up a vinculum juris between the parties, and that the only prices which the company were bound to accept were those set forth in the Phillips list, but which were rejected by the plaintiff.

"There was in my opinion no concluded agreement which the court can recognize and enforce, and the action must therefore be dismissed with costs."

Mr. E. P. Davis, K.C., was counsel for the plaintiff; Mr. L. G. McPhillips, K.C., and Mr. Tiffin were for the defence.

YACHTING REGATTA

Victoria is Selected as Place For Next Year's Gathering Again

(Special to The Journal)

Victoria, July 8.—The International yachting regatta, which has just closed will be held here again next year.

BUYING ELEVATORS

Negotiations on For Purchase of System in Manitoba

(Special to The Journal)

Winnipeg, July 8.—The Manitoba Elevator Commission will buy the elevator at Gretna and is negotiating for others.

LOCAL IMPROVEMENT

Move Made to Start work on Business Section of the City at Early Date.

Plan of Procedure on Report of Ald. Lynch is Agreed Upon—Estimate Has Been Made

The city council is making progress towards the commencement of work in Section 1, under the local improvement plan of street work. There are necessary formalities to be gone through with before the work can commence but the alderman who was charged with working out the scheme has made a very careful study of the local improvement system, and has been able to give the city council valuable information on the subject.

Ald. Hilditch a few nights ago expressed a desire to see work started. What the citizens wanted here was a pay roll. The little points could be decided later.

Ald. Mobley said that he believed that there were no members of the council less anxious to proceed with work than the citizens. The preliminary arrangements must be done legally, however.

Ald. Lynch in setting forth his scheme, was supported by a report from the city engineer on the number of cubic yards to be removed in section one to sub-grade it. This sets forth that on First avenue there would be 53,501 cubic yards; on Second avenue, 65,453 cubic yards; Third avenue, 21,471 cubic yards. With the yardage on the intersecting streets, the total amount is brought up to 221,244 cubic yards. The cost is estimated at about $300,000.

It is proposed to make an early start on the work, which includes all of section one with the exception of block 15, near the Market Place, which has not yet been surveyed.

As a basis on which to estimate the cost, Ald. Lynch proposes that it shall be one-half on the assessed value of the property, and one-half on the frontage. There will have to be certain adjustments in this connection which will be dealt with when the concrete report is presented.

It has been pointed out by Ald. Lynch that this proposal is for rough grading of the thoroughfares. The plank roads will constitute a separate scheme.

On this point a difference of opinion has arisen at the council board. Ald. Hilditch wants the whole work included in the one undertaking, so as to simplify matters.

Ald. Lynch combats this, showing that it is impossible to so carry it out. Under the law relating to local improvements, the cost of any such work must extend only over the natural life of that improvement. The rough grading can be extended over twenty years. The planking must be short lived and can only extend over a few years. Each work must go on its own merits.

Ald. Lynch further holds the opinion that while the rough grading is something that can be carried out on a general scheme for the whole of section one, the cost of planking should be borne by the area that desires it, and the owners should have planking to suit them, either 12 feet or 72 feet as they see fit, only they must pay for it all. In carrying out work on the cross streets, it is proposed to assess local improvement rates on property not only fronting on the street, but on property extending back one-half the distance to the next street.

At last night's meeting of the council, Ald. Hilditch renewed his objections to the dividing of the costs. He feared that with so many different improvements to be carried out under different debentures confusion would result. If something could be done to bring them together it would simplify matters. If that were not done there would be a lot of extra bookkeeping.

His Worship thought that if planking was needed on top of the grading it became a part of the general grading scheme. "How does that agree with your ideas, Ald. Lynch?" he asked.

Ald. Lynch quickly returned: "It does not agree at all."

Ald. Mobley thought there would not be any great amount of extra bookkeeping.

His Worship did not agree that there should be planking on all streets in the city. Some streets would need planking, but other places it would not be needed.

Ald. Hilditch thought the planking would be considered a part of the general grading.

Ald. Mobley felt confident that if these streets were not covered with plank after rough dressing there would be a terrible mess and the streets would be pratically impassable.

Ald. Pattullo felt that it would be better to let those who wanted plank roads pay for it.

The city engineer and the streets committee will prepare the estimate of the actual cost.

The work on Beach Place, Tenth and Eleventh streets, where plank roads are wanted, will be carried out on this plan, the property owners on these streets paying the whole cost.

NO PICTURES OF FIGHT

Toronto, July 8.—The provincial cabinet of Ontario has passed an order prohibiting the exhibition of prize fight pictures in the province. This is aimed at the Jeffries-Johnson series of pictures.

MAY EXPROPRIATE

If Application at Victoria Fails City Will Probably Move Quickly.

Woodworth Interests Have Returned $1,000 Paid By Citizens on Option

The water question in the city has assumed a new aspect within the past few days. Mr. Coutts, who is associated with Mr. Woodworth and others in the rights claimed at Woodworth Lake, paid a visit to the city this week and cancelled the option held by the syndicate of local citizens on those rights.

The $1,000 paid by the local men in order to hold the water privileges claimed by the Woodworth interests for the use of the city, should it desire to take it up, has been returned and now the city has no further claim upon the Woodworth interests that were held at $30,000.

The city has not yet fully decided upon what the next step will be in the matter. The result of the application made at Victoria is awaited with interest and the council seems inclined to put off action if possible until that is decided. Ald. Pattullo at last night's meeting of the council, wished to know if any decision had been received from Victoria. His Worship said there had not been any decision received but he had asked Mr. Manson to take the question up at Victoria, and Mr. Manson had promised that he would telegraph at once.

There is little doubt that if the reply from Victoria is adverse to the city that steps will be taken to expropriate under the water clauses act. Under that system of expropriation the city has only to pay the actual expenditure to which those holding rights have been to with 30 per cent added. Under these circumstances the cost to the city could not be very heavy in any event as the Woodworth interests have expended very little money on the proposition.

Ald. Pattullo states that when Mr Coutts returned the money paid on the option, he offered to bet that the city's claim for rights at Woodworth Lake would not be allowed. If this proves correct, the expropriation proceedings will probably be necessary.

PREPARING TO SHIP

C. H. Dickie is Paying Visit to His Mining Interests at Stewart.

Portland Canal Company Will Have Concentrator on Property Running by August

C. H. DICKIE

Among the passengers on the steamer Prince Rupert on her last trip was C. H. Dickie, of Duncan, one of the best known mining men on the British Columbia coast. As the head of the Portland Canal Mining company, Mr. Dickie is on his way to make an inspection of the work going on at the mine with which he is identified.

Speaking of the mine, Mr. Dickie, who is always conservative in his statements, said that the concentrator was being installed now and would be ready to handle ore by August. The amount to be put through daily was difficult to estimate as it was not yet known how fine it would be ground. There would be at least fifty tons a day treated, however, and it might run to one hundred tons. As soon as the plant was tried out the management would decide whether it would be necessary to enlarge the capacity or not.

An inclined tram line from the mine to the concentrator made the cost of handling very cheap. The company was also in a position to ship the four miles to salt water for not more than 50 cents a ton, so that the cost of treatment was very inexpensive.

His company were at the present time, he said, going along steadily getting the ore out. They were well satisfied with the results. As far as the stock was concerned, the company was not having anything to do with that. The mine was a good one and required no boosting.

Mr. Dickie feels satisfied that Stewart is to be a great mining camp. Everything at the present time points to that. He is inclined to believe that the properties already located are but the first showings in a vast mineral ridge that stretches from the head of Portland Canal to Hastings Arm, Alice Arm, and thence on in the direction of Hazelton. There is no limit to the possibilities of that area, he thinks, and it will all eventually be tributary to Prince Rupert where the business of the whole north must centralize.

Mr. Dickie deprecates all attempts to exaggerate the conditions in the Portland Canal country. He thinks only harm can come from highly capitalizing prospects that have not been proved, and is satisfied that the country is good enough without any misrepresentations. There has been a tendency on the part of some to over estimate the camp and its prospects which cannot help doing harm in the end.

The Milkman—"I am going to buy a horseless milk wagon."

The Housekeeper—"Yes; it will be so appropriate: goes so well with the cowless milk you sell."

WELCOMED PASTOR

Hearty Reception Tendered Rev. Charles Sing and His Wife

Rev. Charles Sing and Mrs. Sing were formally welcomed to the Methodith church here on Tuesday evening. There was a good attendance of the members of the church and congregation, as well as many representing other churches of the city. William Manson, M.P.P., presided, and on behalf of the congregation extended a hearty welcome to the new pastor who replied expressing his appreciation of the kindness shown and also his readiness to embrace the fullest opportunities that offered here to do work for the advancement of the Kingdom of Christ.

Rev. Mr. Des Barres, of the Episcopal church, and Rev. Mr. Ross, of the Presbyterian church, also extended their welcome to Rev. Mr. Sing. Rev. Mr. Litch, of the Baptist church was out of the city, and therefore unable to be present.

A musical programme was rendered during the evening by Mrs. Magar, Mrs. Button, and Messrs. Fletcher, Davie, Clapperton and Derry. At the close refreshments were served by the Ladies' Aid Society of the church.

CITY'S MOTTO

Words That Will Adorn the Corporation Seal of Prince Rupert

The committee having in hand the deciding on the seal for the city met yesterday morning and adopted the words that are to find a place on the scroll. The words are "With net and pick, by rail and ship we will our wealth." The various industries and resources are represented on the design.

The committee in charge consisted of Bishop Du Vernet, W. Manson, M.P.P., and J. M. Christie, manager of the Bank of Commerce.

Bishop Du Vernet is responsible for the motto which has been selected.

Fort George Liberals have extended an invitation to Sir Wilfrid Laurier to visit that place this summer.

Some men can't even drop a hint without breaking their word.

Seventeen Cents a Day

BUYS AN

Oliver Typewriter

This amazing offer—the NEW MODEL AMERICAN OLIVER TYPEWRITER No. 5 at 17 CENTS A DAY—is open to everybody, everywhere.

It's our new and immensely popular plan of selling Oliver Typewriters on little easy payments. The abandonment of longhand in favor of clean, legible, beautiful typewriting, is the next great step in human progress.

Already—in all lines of business and in all professions—the use of pen and ink is largely restricted to the writing of signatures.

Business Colleges and High Schools, watchful of the trend of public sentiment, are training a vast army of young people in the use of Oliver Typewriters.

The prompt and generous response of The Oliver Typewriter Company to the world-wide demand for universal typwriting, gives tremendous impetus to the movement.

The American Oliver, with the largest sale of any typewriter in existence, was the logical machine to take the initiative in bringing about the universal use of typewriters. It always leads.

The OLIVER Typewriter

And the possession of an American Typewriter enables you to earn money to finish paying for the machine.

Mechanical Advantages

The American Oliver is the most highly perfected typewriter on the market—hence its 100 per cent efficiency.

Among its scores of conveniences are:—

—the Balance Shift
—the Ruling Device
—the Double Release
—the Locomotive Base
—the Automatic Spacer
—the Automatic Tabulator
—the Disappearing Indicator
—the Adjustable Paper-fingers
—the Scientific Condensed Keyboard

Service Possibilities

The American Oliver Typewriter turns out more work—of better quality and greater variety—than any other writing machine. Simplicity, strength, ease of operation and visibility are the cornerstones of its towering supremacy in

—Correspondence
—Card-Index Work
—Tabulated Reports
—Follow-up Systems
—Manifolding Service
—Addressing Envelopes
—Working on Ruled Forms
—Cutting Mimeograph Stencils.

Can you spend 17 Cents a Day to better advantage than in the purchase of this wonderful machine?

PREPARE FOR THE RUSH

Prince Rupert, is is recognized on all hands, is to experience a movement such has never before been the good fortune of any place on this coast to pass through. The result of the initial sale of lots in the townsite was but the first promise of what is to follow. The main movement will be concomitant with the opening of the G. T. P. to traffic and the resultant feature, the commencement of this as a trans-Pacific port.

To cope with the rush that there will be when the railway comes through, requires all the time now left at our disposal. Charles M. Hays on his recent visit to the coast, stated in all his interviews that the expectation was that the road would be completed sometime in 1912. That is the goal the G. T. P. has in view and it is not unlikely that the company will attain its desire. With the vast resources at its command the company, in spite of the fact that there is a shortage of labor, will undoubtedly finish the road very close on the limit set by the officials.

Even if the line is not right through until a few months later than is set as the limit at the present time, there is really too short a time to prepare the city for the incoming population and the business that must be done right from the start.

In the natural order of events there should have been a much more pronounced development here than there has been since the sale. The opening up of other new centres in the vast empire that is to be tributary to this port has detracted somewhat from this, the focussing point of the whole of New British Columbia, with the consequent delaying of the carrying out of works that ought now to be well in hand.

The work, however, has to be accomplished and if not done before the completion of the line of railway it will be much more unsatisfactory to do after that event. With the absolute assurance that this city has of becoming a great industrial centre there is practically no limit to which the civic expenditure, if judiciously directed, can be carried. The arrival of the new engineer, Mr. Davis, should be followed very shortly by a decided policy on the part of the city council, the members of which body have by zealous work done a good deal of the preliminary routine.

ESCAPED CRIMINALS

One Man Has Not Yet Been Recaptured by the Authorities

(Special to The Journal)

New Westminster, July 8.—Two men escaped from the penitentiary yesterday. One has been recaptured and the guards are searching for the other. Every avenue of escape is being watched. The men were sent from Vancouver a year ago for three years on a charge of robbery.

HONOR G. T. P. OFFICIAL

G. A. McNicholl Presented With Silver Tea Service in Vancouver

(Special to The Journal)

Vancouver, July 8.—G. A. McNicholl was banquetted by the shipping and commercial men of Vancouver last night and presented with a solid silver tea service. He will leave for Prince Rupert Monday on the steamer Prince Rupert to assume the duties of superintendent there.

GOVERNMENT ROAD

It is more than probable that the Hudson Bay Railway, construction of which will be begun immediately, will not be operated by the government, but will be leased to one of the present companies doing business in the west acording to advices from Ottawa. Owing to the climatic conditions the road can not be operated for several months of the year, which would involve the lying idle of a considerable amount of rolling-stock if the government were to operate the line. One of the other companies, however, could utilize the rolling-stock elsewhere in the depth of winter.

MURDER REPORTED

Japanese Alleged to Have Stabbed Fellow Countryman

Chief Constable Wynn of the provincial police, and Stipendiary Magistrate McMullin have gone to Jedway to investigate a report of a murder which had been made. Two Japanese quarrelled while in a drunken condition, and according to the meagre report sent one was stabbed.

If the facts prove to be as reported, the accused will be brought here for trial.

CITY HALL SITE

Council May Have to Vacate Present Premises

The city council is anxious to get into permanent quarters in the way of a city hall. At a recent meeting of the city council, Ald. Pattullo wanted to know if any information has been received from Victoria as to the government's decision in the matter of the Market Place site. The city was paying rent and should make a move towards a permanent home.

His Worship said he had taken the matter up with Mr. Manson, who had said he would take it up at Victoria.

His Worship added that he had been informed by Mr. Christie of the Bank of Commerce that the G. T. P. was considering the question of purchasing the building now used as a city hall for office quarters. It was desirable therefore for the city to get permanent quarters as soon as possible.

CITY TELEPHONE

Council By Resolution Take Over Assets of Local Company

The city council apparently has no doubt now that the telephone system is to become a city asset. It has been decided to take over the undertaking and operate it by the city.

This move was brought about at Tuesday's meeting by the city council when the following resolution, moved by Ald. Pattullo and seconded by Ald. Hilditch was carried:—

"That the finance and assessment committee be authorized to immediately arrange with the Prince Rupert Telephone Company, Ltd., for the placing of the stock and all the assets of the company in the custody of the city, and the amount to be paid out by the city is the amount paid out and contracted for by the company to be substantiated by voucher, and to be in the opinion of the finance committee fair and equitable, and till the said amount is arrived at and proper arrangements made for the payment to shareholders of amounts subscribed and paid by them, the city upon proper hypothecation of the stock and assets of the company, to at once take over the plant of the company, complete installation, and proceed with the operation of a telephone system for the city."

Local News

The pay roll of the city for the month of June amounted to $2,093.49.

* * *

In future the city council will not hold itself responsible for any debts except such as are incurred on a requisition from the city clerk. This course has been decided upon to avoid confusion.

* * *

The estimate of expenditure for the maintenance of the city police, the cost of transporting prisoners, and other incidental expenses connected with the department is $7,600.

* * *

Ald. McIntyre at a recent meeting of the city council introduced the subject of no mail being carried on the steamer Prince Rupert. He thought some steps should be taken to inquire into the subject. His Worship said he would take the matter up and write at once to Victoria, where the minister now was.

* * *

The city council has decided on the report of the light and telephone committee to pay James Milne, C.E., his account for $1,169 in connection with the electric light proposition. This covers the investigations and reports made by Mr. Milne on the question of electric lighting for the city. The sum will be paid out of the appropriation made by the government and Mr. Milne will be relieved of further duties.

Wash the lamp burner twice a month, using a lather of warm water, ammonia and soap. Rinse and dry thoroughly.

Marine News of the Coast

BIG COMPANIES WAR

There is little doubt but that a rate war between the Andrew Weir line and the Holt steamers is imminent. The Weir people claim that the Blue Funnel line has cut the rate between this continent and Manila, and they are about to slash the rates on the Chinese coolie carrying. Special arrangements will be made to enter this business on a large scale in opposition to the other people.

There is also a probability that there will be a struggle to secure the through freights for this coast from Europe. The Weirs will probably put on freight and passenger steamers, and expect to do a considerable business in carrying saloon passengers, something which the Blue Funnel boats have never done to any extent.

ANOTHER FAST RUN

The G. T. P. fast liner Prince Rupert has again shown her wonderful adaptability for the service in which she is engaged. Leaving Vancouver at midnight on Monday, half a hour late, the fast liner reached this port over two hours ahead of her schedule. She was not run under high pressure at all. The steamer brought a large number of passengers, most of them landing here.

OVERHAULING KESTREL

At last the fisheries protection steamer Kestrel is being overhauled. For some time the little vessel has been regarded as a joke in the way of a protection of the fisheries owing to the fact that she needed cleaning and general overhauling. None too fast at best the Kestrel has for months been in no shape to overhaul fishing schooners.

The steamer is now on the Wallace ship building yards at North Vancouver, undergoing a much needed repair.

NEW C. P. R. STEAMERS

The Princess May and Princess Adelaide, the two new steamships being built for the Canadian Pacific Railway company for service on the British Columbia coast, will be in commission next fall.

The new Princess May and Princess Adelaide will replace the steamships Charmer and City of Nanaimo which will be placed on other routes.

It is learned that an exodus of natives of Finland to Canada is probable at an early date. The Dominion government, it is understood, is prepared to afford them facilities to settle in the Hudson's bay region.

A clever but very eccentric man, who sings comic songs with a great deal of action, was singing one day at a concert given at a lunatic asylum. When he had finished an old woman exclaimed, with a sigh: "And to think I'm in and he's out!"

Personals

Mr. and Mrs. W. P. McCaffrey have returned to Prince Rupert.

* * *

Dr. Eggert, accompanied by his bride, reached the city by the Prince Rupert.

* * *

Mr. and Mrs. W. G. Humble have gone to Portland Canal by the launch Beaver.

* * *

Capt. John Irving, after a few days spent here, went on to Stewart to inspect properties on Wednesday evening.

* * *

Mr. Andrew George and Mr. Archibald Russell, two of Prince Rupert's most popular young men, entertained there many friends at a skating party at the rink on Tuesday night.

* * *

W. B. McLaughlin, of Victoria, who was one of the investors in Prince Rupert real estate at the time of the sale, is in the city for a few days.

* * *

E. L. Kinman, who has a silver proposition near Hazelton, returned by the Prince Rupert. He was accompanied by Mrs. Kinman. He is delighted with the prospects at his mine.

* * *

Sol. Cameron, of the Westholme Lumber Company, returned from Stewart last evening. Work is progressing on the clearing of the right of way on the new railway.

* * *

Mr. and Mrs. John Leeming, of Victoria, were passengers on the Prince Rupert on this week's trip. Mr. Leeming is a member of the firm of Leeming Bros., well known shipping agents and commission men.

* * *

The influence of such a steamer as the Prince Rupert to attract trade was shown on this week's trip. A party of ladies belonging to the great financial family of the Guggenheimers, so prominently identified with mining on this continent, were on board making the round trip. They were Mrs. Hancock, Mrs. Monson and Miss Guggenheimer.

PRELIMINARY SURVEY

Dominion Government is Examining Site on Second Avenue

Preliminary surveys have been made by engineers representing the public works department at Ottawa of the area on the G. T. P. reserve opposite the provincial government buildings. That is one of the sites proposed as suitable for the post office and custom house buildings.

It is reported, however, that the Dominion Government has in view the placing of the Armories on that site rather than the post office.

CANCELLATION OF RESERVE

NOTICE is hereby given that the reserve existing on Crown lands in the vicinity of Babine Lake, situate in Range 5, Coast District, notice of which was published in the British Columbia Gazette, dated December 17, 1908, is cancelled in so far as said reserve relates to lots numbered 1519, 1518, 1517, 1516, 1515, 1510, 1507, 1506, 1506A, 1503 1501, 1502, 1512, 1511, 1505, 1504, 1513, 1514, 1509, 1508, 1530, 1527, 1528, 1529, 1531, 1532, 1533, 1534, 1535, 1537, 1539, 1536, 1538, 1540, 1541, 1544, 1543, 1545, 1546, 1542, 1547, 1548, 1549, 1550, 1520, 1521, 1522, 1523, 1524, 1525, 1526, and 1551.

CANADA'S HOMESTEADERS

The United States Sends the Most to Prairies This Year

American homesteaders in Canada so far this year outnumber those of any other nationality. Canadian homesteaders are a close second, however, with Canadians returned from the United States included. Englishmen are third, Russians and Dutch next, and Scots sixth.

Most of the homesteaders settled in Saskatchewan which seemed to be the favorite province this season. The fame of Canada has spread to Persia, and some of the Shah's people have settled in the Dominion. There are a few Australians, and some hundreds of Norwegians, who make splendid settlers.

Haynor Bros., the well known firm of housefurnishers and funeral directors, have taken up their temporary location in the Dunedin block, corner of Second avenue and Eighth street. They are offering special bargains in some goods slightly damaged during the fire. In a few days the firm will move into new quarters in the Manson block, on Third avenue.

B. M. Armstrong, who has been at Stewart, went south last evening.
