MONTENEGRINS ARE VICTORIOUS ALSO

Scutari Surrounded and at Mercy of the Attacking Forces It Is Believed--Servia Is Also Invested By the Troops From the Little State--Turks Falling Back Before the Attacking Allies In all Directions.

London, Oct. 25.—Scutari has been surrounded by the Montenegrin troops. The place is being shelled and twenty thousand Turks at Servia, a fortress on the Grecian frontier, must surrender or be slaughtered.

The defeat of the Ottoman forces at Kirk Killisseh has been most complete.

The censorship is most stringent and London papers were without authentic news from the Balkans this morning. It is believed, however, that the allied armies are continuing their victorious advances in all directions.

The Servian army, which in turn is occupied with Uskup has a most difficult task as irregular troops of the Turkish army have to be contended with.

Strict Censorship.

The censorshp on both sides is so strict that it is hard to obtain facts, but apparently the battle around Adrianople where the Bulgarians with their Servian allies are reported to have 325,000 men and 400 field guns against 200,000 Turks with 300 guns will be a titanic struggle.

The Bulgarians apparently also mean to strike at the railway from Adrianople to Constantinople, which is only twenty-six miles south of Kirk Kililisseh. If they succeed in seizing this road they will cut off Adrianople and the force there surrounding the great fort as the Germans in 1870 surrounded Metz. This will compel the Turks to abandon their strategic retreat at the risk of a general engagement.

If the Bulgarians capture Adrianople, which is the Turkish Port Arthur, military experts here agree that it will be the beginning of the end for the Ottoman army and empire.

DIAZ MAY BE SHOT.

Vera Cruz, Oct. 25.—Two officers and Feliz Diaz, son of the ex-president of Mexico and leader of the rebellion, have been shot. Diaz himself will be court-martialed and probably shot.

LOCAL LADY MAY SERVE WITH GREEKS

Miss Fulton of the Hospital Staff Is Ready to Leave for Greece at Once to Give Her Services With the Red Cross Detachment-- Greek Party Now Ready to Leave Gallantly Offer Her Transportation.

Emulating the spirit that was shown by Lord Byron when he espoused the cause of the Greeks and left England to serve with the troops of that country in its attempt to gain its freedom, one of the most popular young ladies of this city has expressed her desire to leave for the scene of hostilities and serve with the Greek army in the field hospitals. This is Miss Fulton of the nursing staff of the Prince Rupert General Hospital.

Miss Fulton has felt that there is a work that she can assist in and expressed a readiness to go to the war and see service as a Red Cross nurse. The local band of Greeks who are here winding up their business preparatory to leaving for the front stepped gallantly forward upon learning that she was anxious to go and proffered their services in seeing that she got safely there. They are paying their own way to the homeland, and they added the request that they be allowed to bear the expense of her transportation from here direct to Greece.

Friends of Miss Fulton have been anxious to discourage her in her efforts to leave on this mission. She is ready and anxious to go, however, and unless there is some obstacle in the way it is more than probable that she will be a passenger south to take up this line of work. In order to ascertain whether there would be anything to prevent the voyage being undertaken a message was sent last evening to the Greek consul at New York seeking the information. An answer is awaited to this before any further steps will be taken by the local lady. Had the danger of being rejected not arisen she would have been a passenger probably today for the south.

Miss Fulton is of a most sunny disposition and in many respects is admirably adapted for the work that she feels that she is called upon to enter. She has a very cheerful manner and would be able to instil her spirit into the inmates of the field hospital wherever she was.

The local band of Greeks are delighted with the prospect of a nurse going from here. They explain that there is a large number of their countrymen going from Canada and the United States who speak English quite well. The presence of English-speaking nurses would therefore offer no objection in the camps as they would be readily understood. They moreover feel proud of the honor that would be theirs in having one of the Canadian ladies accompany them and show her interest in them to the extent of serving with the Red Cross brigade that will take the field.

They continued their celebration of the joy at leaving to serve last night, and in that connection the name of the Canadian nurse was on all of their tongues. It was with the greatest pride that they spoke of the fact that she was going to accompany them.

LOCAL MEMBER ON SETTLING THE LAND

H. S. Clements, M.P., Representing Comox-Atlin Spoke Before Provincial Conservative Association In Revelstoke Upon the Necessity of Filling Up the Land --Wants More Experimental Farms for Province.

Revelstoke, Oct. 25.—The Conservatives of British Columbia opened their convention yesterday morning. The secretary's report showed a great growth during the year in organization and in membership.

H. S. Clements, M.P. for Comox-Atlin, spoke on the necessity of getting settlers for the land. In the course of his remarks on this question he advocated the establishment of more experimental farms.

Dealing with the proper filling of positions, he promised that in his riding at least Liberals would be appointed to positions if Conservatives of equal ability were not ready to fill the posts.

BISHOPS OF THE NORTH.

Winnipeg, Oct. 25.—In the House of Bishops the standing committee of the lower house of the provincial synod of Ruperts Land yesterday elected Archdeacon Lucas, of Fort Simpson, bishop of Mackenzie, and Archdeacon Robins, of Athabasca, bishop of Athabasca.

HARRY HOWSON HERE.

Well-known Prospector of the Telqua Country Paid Visit to Prince Rupert.

Harry Howson, of Victoria, a pioneer prospector in the Telqua country, was in the city last night after a trip made to Hazelton. He is still most sanguine of the outlook in the interior.

In addition to the coal properties that are held there, Mr. Howson is interested in a land proposition near Burns Lake. The property is on the line of the Grand Trunk Pacific and is very valuable. A good offer has already been made to Mr. Howson for the property, but he is holding on to it for the present at least.

Mr. Howson goes south today by the Princess May. There will be work done on the coal properties this winter under the management of Mr. Howson.

Meteorological Report.

TEMPORARY CHANGES

Cabinet at Ottawa May Be Re-Arranged Until After the Coming Session.

After that There May Be Reorganization of Ministry With Hon. Mr. Pelletier in Public Works.

Ottawa, Oct. 25.—Only temporary changes are likely to be made in the Dominion cabinet till after the coming session. The latest report says that Hon. Robert Rogers, minister of the interior at present, will take the portfolio of public works. Hon. W. J. Roche, secretary of state, will succeed him in the department of the interior. Either Louis Coderre, of Hochelaga, or Hon. Mr. Marechal, of the local government in Quebec, will be secretary of state.

After the session a reorganization of the cabinet will take place. Hon. L. P. Pelletier is expected to assume the portfolio of public works then, transferring from the postoffice department.

THE BIG BANQUET.

Elaborate Preparations Have Been Made for Thanksgiving Event in Methodist Church.

Full preparations have been made by the ladies of the Methodist church for a bumper crowd at the big Thanksgiving banquet that is to be held on Monday. Abundance of provisions have been provided.

Prof. Kauffman, Mrs. J. J. Chisholm, Mrs. Munroe, Mr. and Mrs. J. Ford Henderson, Mr. Armstrong and Dr. Large will appear on the programme following the banquet hour.

The public is reminded that there will be no fixed charge. A thank offering only will be taken of what the purse affords; the more liberal the more joy to the ladies. The funds are needed.

The ladies have engaged Auctioneer Ellis to sell their handsome autograph quilt at the banquet, so bachelors prepare.

The public is asked to come at 6:30 sharp. All will sit at once. Enter off Fulton street from Sixth avenue by the sidewalk. Each one is invited to bring a friend.

Brotherhood Supper.

The members of the Baptist Brotherhood will give a supper in the McIntyre Hall on the evening of November 4. The Committee in charge is preparing to excel even last year's record.

"I suppose you are proud of your wife's literary success?" said the intimate friend. "Yes," replied Mr. Stubbs, "only I wish she wouldn't insist on making the hero of every novel a tall, athletic young man, with wavy hair and piercing eyes. Anybody can see that I am short, fat, bald and compelled to wear specs."

JURY IS OUT.

New York, Oct. 25.—The Becker case went to the jury at 2:30 yesterday afternoon. At a late hour no verdict had been reached.

RICHELIEU ELECTION.

Montreal, Oct. 25.—In the constituency of Richelieu, P. J. A. Cardin, Liberal, was elected by a large majority in the bye-election. The constituency has always been strongly Liberal.

VESSELS ARE LOST

Two Gasoline Schooners at Nome Met With Accidents and are Totally Wrecked.

All the Passengers and Crews of the Craft Are Safe—Cargo of One Vessel Valued High.

Seattle, Oct. 25.—A cable from Nome reports the loss of the gasoline schooners Silverwave and Mary Sachs. Both of these are a total loss.

The Silverwave had a cargo valued at $20,000. All the passengers and the crews reached safety says the report.

A. Carss is going south on a short trip.

Capt. John Irving, after a visit to the interior of the province, will be a passenger this morning by the Princess May southbound.

GREEKS TO RETURN

Departing Band Say They are Well Satisfied In This Country and Will Come Back.

All Look Upon the War as a Short One and Hope to Return to Canada.

The intention of the Greeks that are leaving for the war is to get back to Canada again as soon as the war is over. They are all agreed upon that course and seem to be more than satisfied with this country.

Many of the men have been employed in the Grand Trunk Pacific construction for more than two years and they are all agreed that the service and the treatment of them has been all that they desire. They state that as soon as the war is over they will return, "every one of us." They moreover look upon the war as doomed to be a short one, and expect to see the Turk completely humiliated in a very short time when they will be again on the way back to Canada.

It is said that the savings of the men represent in the neighborhood of $30,000 which is now available to them.

Police Are Busy.

Last night the cells in the city police quarters were well filled with those who will have to give an account of themselves in the morning before the police magistrate. Among them are some Indians who had liquor and some white men who are charged with supplying.

Very Orderly.

The Greek party that is in the city on its way to the war has proved a very orderly one. There has been no riotous acts on the part of the men. None of them have been troublesome. They have celebrated the occasion in their own way and amongst themselves.

LADY MULOCK DEAD.

Toronto, Oct. 25.—Lady Mulock, wife of Chief Justice Mulock, died here today, following an operation.

TO LOSE LICENSE

Jack Johnson Will Have His Saloon Wiped Out First of Next Month.

Heavyweight Boxer Is Punished for His Mix-up in Love Affair in Chicago.

Chicago, Oct. 25.—Jack Johnson's saloon license will be cancelled on November 1.

The loss of the license is the result of Jack Johnson, the negro heavyweight pugilist having to appear before Chief of Police McWeeny to explain his relations with Miss Lucille Cameron, 19-year-old white girl, the daughter of Mrs. F. Cameron-Falconet, of Minneapolis, for whom the police had been asked to search by the mother.

In a dramatic appeal, Mrs. Cameron-Falconet told of her failure to get her daughter away from the influences of the negro. She described her anguish when she learned last Friday that her daughter was a frequenter of Johnson's cafe, her hurried trip here to rescue the girl, her interviews with the pugilist, who she declared insulted her and flouted here plea that he give up the girl. Johnson, she said, told her he could "get" any woman he wanted.

"When I found Lucille I pointed out the wrong she had done. I pleaded with her. I told her I would give up everything I had in life to get her to go back; and I would go any place with her and shield her from criticism back home. She refused to come, being apparently under Johnson's influence.

"Then I telephoned the pugilist. He said he would send an auto for me. Friends advised me to see if I

(Continued on Last Page.)

TO MEET IN VANCOUVER.

Revelstoke, Oct. 25.—The Union of Municipalities of British Columbia has decided to hold their convention next year in Vancouver. New Westminster was the other point that sought the gathering.

WAY IS OPEN TO ADRIANOPLE

Turkish Fortress of Kirk Klisseh Which Is the Key to the Headquarters of the Third Army Corps and One of the Strategic Points In the War Has Fallen Before the Bulgarians ---Battle for the Fortress Was a Bloody One, Thousands Having Been Killed--Victors Reported to Have Taken 50,000 Men Prisoners at the Capitulation.

London, Oct. 25.—The Turkish fortress of Kirk Kilisseh has fallen before the attacking Bulgarians. This is reported to be the key to Adrianople, which is the headquarters of the Turkish third army corps, commanded by Kenan Pasha.

Another report says that the Turkish garrison of Kirk Kilisseh comprised nearly 50,000 men and that all fell prisoners to the Bulgarians. Thousands are reported to have been killed in the engagement before the fortress.

Strong detachments of Bulgarian troops are stated to have cut off all communication between Kirk Kilisseh and Adrianople soon afterward and that not only one, but the string of outlying forts north of Adrianople were taken by the Bulgarian troops.

It has been added that the success of the invading army has been through reinforcements for Adrianople having been stopped. The Turks after their first reverses seemed to have lost all confidence in themselves and their leaders. Communications with Constantinople have already been completely severed and the Turkish army is now penned up in Adrianople. King Ferdinand personally is directing army operations. He has shown himself, so far, a shrewd and brilliant commander. Some even predict that Adrianople will fall into the hands of the Bulgarians after only a few days' siege.

ALLIES IN ASCENDANT.

The news that is allowed to be let out from the scene of hostilities in the Balkans indicates that the Turks are being out-manoeuvred by the allied forces that are lined up against them. Judging from the progress of the war so far the allies are working with perfect concert. Each of the attacking states has its own territory to cover and it is doing it with splendid co-operation. Unless the Turkish army wakens up soon to the situation it would appear as if the Ottoman empire is doomed as far as Europe is concerned.

THE CALL OF BATTLE.

The action of one of the local nurses in offering her services in the cause of humanity incident to the war is something that calls forth warm commendation. While with the natives of the lands that are being torn by the war there is a strong desire to get under arms and assist in maintaining the honor of their country no such motive can lie behind the expressed determination of one of our own race to participate in the scenes that are being enacted there. Then in addition to the fact that it is a nation foreign to her that is calling there is the fact that the volunteer is a woman who has no desire to use arms in destroying fellow men. There is not the love of conflict behind the act stirring her on.

On the other hand, there is the appeal of the injured and those who require aid. To offer to serve among foreigners in such a work as this means on the part of the one that makes the offer a marked devotion to the noble occupation that she follows. While the spirit of the men of the Greek nation who are leaving here at their own expense to take up arms for their country cannot fail to arouse the highest admiration from us, there is in the act of this young lady a much nobler self-devotion not alone to one nation or people, but to humanity, for her mission is that of ameliorating the conditions of those who may engage in the most appalling of all situations in life. Miss Fulton has shown that she has a Catholic spirit that is worthy of the highest admiration.

LONGER SEASON ON LAKES.

Minister of the Interior Is Making Arrangements to Get Out the Crop.

Hon. Robert Rogers has all summer been working on a plan to extend the period of navigation on the Great Lakes by a month so as to get down that much more grain by water. Arrangements for ice-breakers at Port Arthur and Fort William have already been made, so that this phase of the situation has been met. The main obstacle has been the subject of insurance.

Mr. Rogers has had a conference with R. J. Dale, vice-president of the Montreal board of trade. The question from every standpoint was thoroughly discussed and Mr. Rogers said at the close of the conference that he was very hopeful that a satisfactory arrangement would be reached between the shippers and insurance men for a prolongation of the navigation service. An announcement will be made shortly.

RE VOTERS' LIST.

I am instructed by the City Council to publish the following notice with regard to voting at the next Municipal election:

The persons who will be inserted on the voters' lists are as follows:

1. Owners of real estate. This means any person who has a deed of land registered in the Land Registry Office or an agreement for purchase of land registered in the Registry Office.

Many persons have land under agreement from the Grand Trunk or the Government whose title is not registered in the Land Registry Office, and their right to vote is doubtful. Therefore, voters so situated are advised if possible to register either as Householder or Licence holder.

2. Any person holding a trade licence may vote, but before doing so, he must, in October, make a declaration showing his right to vote in Form 1. These forms can be obtained at the City Clerk's office. The declaration must be filed with the City Clerk within forty-eight hours after it is made.

3. Any householder can vote. A householder means a person who has resided in Prince Rupert from the 1st of January, 1912, and who occupies a dwelling, tenement, hotel or boarding house, or any portion of a dwelling house, tenement, hotel or boarding house. He must also pay all rates, taxes or assessments which are not chargeable on land, and which rates, taxes and assessments so paid amount to not less than $2.00. Water rates and dog licences do not count. Practically the only tax that can be paid is the road tax, $2.00, and any person who being a householder as above described has already paid his road tax must also make a declaration before he can be placed on the Voters' List.

All voters must be 21 years of age and British subjects.

ERNEST A. WOODS,
12,13,20,22,27 City Clerk.

BLACK FOX FARM.

Prince Edward Island Men Pay $600,000 for Antigonish Property.

The largest deal ever put through in the Province of Prince Edward Island was brought to a close in the purchase of the Charles Dalton black fox farm at Antigonish for six hundred thousand dollars by a syndicate of Charlottetown men. This ranch is one of the largest and best equipped in the world.

Among the obligations taken over by the syndicate is the fulfilment of a contract with parties in Russia to deliver six pairs of pups next spring for one hundred thousand dollars.

LIQUOR ACT, 1910.

(Section 4.)

NOTICE is hereby given that on the first day of December next, application will be made to the Superintendent of Provincial Police for renewal of the hotel licence to sell liquor by retail in the hotel known as the Hotel Essington, situate at Port Essington, in the Province of British Columbia.

Dated this 24th day of September, 1912.

R. CUNNINGHAM & SON, LTD.
Per R. G. Cunningham, President.
Applicant.

THE SHOE INDUSTRY.

British Firm With Capital of $4,500,000 Will ploit New System.

An attempt will be made shortly by a company with a proposed capital of $4,500,000 to revolutionize one of the most important industries of the country—the boot and shoe trade. The keynote of the campaign will be a new treatment of the leather—and a sliding sole and heel. Some idea of the magnitude of the trade which this company will attempt to capture may be gained from the following figures:

One hundred million pairs of boots are made and sold in a year in the United Kingdom, their value being $225,000,000. Three hundred million pairs of leather heels are used annually in Great Britain, while in a year one firm sold 20,000,000 pairs of rubber heels.

The sliding soles and heels can be fitted in fifty-five seconds. Between the sliding soles and the foot there intervenes the middle sole, which is treated by a special process.

It is claimed for the new footwear that it will wear from fifty to one hundred per cent. better than any other leather. It is permanently waterproof. It is, to a large extent, a non-conductor of heat, that is, it keeps the foot cool in summer and warm in winter.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wharf at Refuge Bay, B.C.," will be received at this office until 4 p.m., on Thursday, October 24, 1912, for the construction of a Pile Wharf at Refuge Bay, Porcher Island, Comox-Atlin District, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of G. B. Hull, Esq., District Engineer, Prince Rupert, B.C., C. C. Worsfold, Esq., District Engineer, New Westminster, B.C., and on application to the Postmaster at Refuge Bay, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, September 25, 1912.
Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—27393.

Department of Public Works,
Ottawa, October 8, 1912.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section (160 acres more or less) of available Dominion land in Manitoba, Satskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

DUTIES.—Six month's residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price $3.00 per acre. Duties.—must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres, and erect a house worth $300.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wharf at Massett, B.C.," will be received until 4 p.m., on Tuesday, October 15, 1912, for the construction of a Pile Wharf at Massett, (White Settlement), Queen Charlotte Islands, Comox Atlin District, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of G. B. Hull, Esq., District Engineer, Prince Rupert, B.C., C. C. Worsfold, Esq., District Engineer, New Westminster, B.C., and on application to the Postmaster at Massett, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signatures, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, Sept. 16, 1912.
Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—27324.

IN THE OMINECA

Great Activity Marked the Operations In the Far Interior This Season.

Some of the Mining Ventures That Are Being Worked in the Direction of Manson Creek.

A season of great activity in the Omineca river district is reported by Billy Steele, the popular mining recorder at Manson Creek, who arrived here on Tuesday, says the Omineca Miner. It was the first period of active prospecting for quartz, and a large number of claims was placed on record by fortunate prospectors. Mr. Steele and the other mining men who have come down for the winter are united in the belief that the district, heretofore noted only for its rich placer areas, will in the near future prove one of the great silver-lead mining fields of the province.

In the placer line merely preparatory work has been done during the summer, the unprecedented scarcity of water prevented mining on a profitable scale. The large outfits which are developing placer leases on the various creeks, however, have accomplished a great deal of work.

The Royal Standard Investment Company acquired additional leases, giving it a large area of hydraulic ground. Manager A. E. Berry proved himself a man of exceptional ability in equipping the property. He put in a penstock and a long line of pipe, besides digging a new ditch line, ensuring a plentiful water supply for the future.

The Lost Creek Gold Mining Co., of which W. J. Bowen is the chief owner, purchased the noted Steele-Mullan property, on which a great deal of money has been spent during the season by Superintendent Morris. A good plant has been installed and plenty of water conserved, so that the company is ready to operate on a large scale next season. Good pay was found on bedrock, as well as an unexepectedly rich four-foot streak eight feet above bedrock.

The Manson Creek company (Huderle & Otterson) prospected its leases thoroughly, demonstrating that its ground is as good as the Slate creek gravels. Lack of water prevented much actual mining, but everything is in condition for a big season in 1913.

John Huderle and Harry Walker tested their leases at Manson town. The ground prospected well.

Among the prospectors who located valuable quartz claims during the season were Dr. Stanwood, Stanley Green, W. B. Steele, George Gaffney, S. N. Long, S. J. Willton, John Huderle, Harry Walker, G. W. Otterson, Ed Sullivan and George Elliott.

On Blackjack mountain, opposite Manson, Sullivan and Elliott are working on a silver-lead vein, capped by rock carrying high gold values.

Experienced miners predict the discovery of tellurides. Very rich tellurium ore has been found in float.

During the winter Ed. Sullivan will tunnel on his Dry Hill placer leases, in Kildare gulch. He has proved this to be a profitable method of working.

F. T. Child is adding to his ditch system. He has three leases in Mosquito gulch, with a good paystreak.

The beginning of work on the road from Tacla lake to Tom Creek gratifies the miners, who require such a road for the transportation of heavy machinery.

Larry Canty and Max Gebhart have gone to the Stranger River to trap.

Wrigley and partner will winter on the Oslinca.

Dr. Stanwood has a wall of silver-lead ore around his house at Manson.

—o—

OWNERSHIP OF SUEZ.

British Government Is Simply a Shareholder—Majority of Stock Held by French Capitalists.

During the discussions respecting the Panama Canal much has been said of the other great waterway, the Suez Canal. That canal is an Egyptian company, authorized by a decree of the Khedive, March 19, 1866; it is governed from Paris. The British government does not own it, but is merely a private stockholder, and does not own even a majority of the shares. It has, in fact, an equity which might, in conceivable circumstances, be extinguished altogether. On the board of directors there are twenty-one French members, one Egyptian member, and ten English members, who constitute what is called the London committee. The manager and secretary, together with the president and even the manager of the London office, are all French.

The capital of the company, authorized and issued, is 200,000,000 francs, in 400,000 shares, of which 378,231 shares of 500 francs each, fully paid, were in issue at December 15, 1911, 21,769 having been redeemed. These shares are redeemable at par within 99 years from 1869 by annual drawings on December 15.

They are in one sense a mortgage, because they are entitled to five per cent. interest and dividends up to 71 per cent. of the surplus profits. The redeemed shares are replaced by certificates which relinquish the five per cent. interest.

In 1875 the British government, at the instance of Mr. Disraeli, purchased the holdings of the Khedive of Egypt, who was in urgent need of money at the time, and was practically an independent ruler, in spite of the nominal suzerainty of the Sultan of Turkey.

There are 176,202 of these shares and these may be all redeemed between now and 1968 by annual drawings, although they will retain their right to the dividends but not to the five per cent. interest. This amount does not constitute a majority of the capitalization, to say nothing of the 100,000 shares of capital stock.

Underlying obligations take the form of bonds or shares. Of the latter there are 372,531 of 85 francs each, redeemable up to November, 1922; 99,994 of five per cent. bonds of 500 francs each, redeemable on or before July 1, 1918, by annual drawings; 62,944 first series 3s now outstanding, redeemable annually up to 1935; 232,592 second series 3s, redeemable by annual drawings up to August, 1963; while an authorized issue of 150,000,000 francs of the third series of 3 s is now in course of issue and is redeemable at par in 53 years, the company reserving the right of expediting the redemption. It is understood to have this right in all the issues with the exception of the original shares.

So far as any rebate of the tolls is concerned, neither the British government nor the French government, which, incidentally, is not a stockholder although a majority of the shares is owned in France, rebate the tolls, or have the right to do so, says the Wall Street Journal. No doubt, like other maritime nations, they subsidize for mail purposes and possibly for use in war vessels which use the canal.

TO LOSE LICENSE

(Continued From Page One)

couldn't personally get him to give up my daughter.

"When the automobile arrived he was in it himself, although he said it would be empty. When I entered the machine I drew down the shades so as not to be seen. This netled him.

"'Oh, some of the best white women in Chicago ride in this car,' is what he said to me.

"I begged Johnson to give my daughter up. He said he would not, and leered in my face.

"We rode to a home on Sheridan road, where Lucille was staying. She wept, and told me she had gone too far to go back. Every once in a while she would walk out of the room with the negro and talk with him.

"I left her undecided. Finally she came to my hotel. We talked of how she could become disentangled. I was convinced at that time that the negro had a hypnotic influence over her.

"She went downstairs to use the telephone, she said, and never returned. Johnson told me he would give every dollar he had to hold her. I have appealed to the police, but they say they can do nothing as Lucille is 19 years of age."

Johnson made an absolute denial of unduly friendly relations with Miss Cameron, and that his infatuation for the Cameron girl was one of the causes of the suicide recently of Mrs. Ette Duryea Johnson, his white wife.

Miss Cameron told Police Captain Nottbaer that she loved Jack Johnson, and that while he had not as yet made her a proposal of marriage, she expected to soon become his wife. At this announcement the mother of the girl became hysterical.

Later, Johnson, accompanied by an attorney, visited the police station and attempted to talk with the girl, but was denied permission to see her.

"I cannot go back, and I don't want to go back to Minneapolis," said Miss Cameron, who appeared unaffected by the pleading of her mother. "I expect to become the wife of Mr. Johnson shortly, although he has not proposed marriage to me. I love him, and want to stay in Chicago."

GRANBY BAY

The Coming Smelter City of the North

Truly, the future of Granby Bay is bright. The absolute permanancy is one of the most gratifying features—as the supply of copper ores in Northern British Columbia is practically inexhaustible.

Only a few choice lots are being offered for sale in the Town of Granby Bay, and there is not much doubt that they will be sold quickly.

Grasp the fact that ore can be produced at Granby Bay much cheaper than in places where large profits are now being made in mining and smelting. Then you can appreciate what an opportunity confronts you in the chance to buy property in such a place at first prices. There is no earthly reason why Granby Bay will not be the big important mining town of British Columbia—and that means a rapid raise in property values.

Property is cheap in Granby Bay now. Get our prices and you will get a lot. For prices, terms and further information, address
