British Holding Enemy Well In Hand Around Hulluch

London, Oct. 4.—An official report says yesterday afternoon the enemy commenced a heavy bombardment. They delievered repeated attacks over the open against our trenches, between the Quarries of Seremedes and the Hulluch Road.

These attacks, which were pressed with determination, were all repulsed with severe losses. The enemy failed to reach our trenches.

Further northwest, the enemy succeeded in re-capturing the greater portion of Hohenzollern redoubt.

On the remainder of our front there has been no change.

MOVE FOR ROAD ON FIFTH AVENUE

MOST OF THE COUNCIL OPPOSED THE BUILDING LAST LAST NIGHT

Matter Laid Over For One Week For Further Consideration.

At the council last night a report was received, signed by one member of the Board of Works. It was in favor of the building of a roadway 16 feet wide on Fifth Avenue, from Dunsmuir to McBride Street.

Ald. Maitland said he saw no petition from the property owners for this. The work would cost about $1,300. The street was a very steep one and would not allow for a turn being made. It had been petitioned against before.

Ald. Montgomery asked for the signer to explain reasons for it.

No reply coming, the Mayor said that three years ago the street was petitioned against. The walk there was used by many. It was a dangerous place at night. It was not fair to the residents farther along to have that section left without a road for vehicular traffic. There were several asking for it. He had therefore had it brought up.

Ald. Dybhavn said the place was no more dangerous than for years. The council was not in a position to do the work. It was unfair to force the expenditure on the property owners there.

The Mayor felt there would be money for it.

Ald. Maitland said that people on Seventh Avenue were told there was no money for walks. He did not favor giving a roadway as proposed, when the people there had a walk.

Ald. Beveridge thought they could well leave the work until the people showed they wanted it.

Ald. Montgomery agreed that a road should be there, but in view of the stringency of the time they would have to let it stand. He could not see why it should be forced through until a petition came from residents who desired the road.

The report was laid on the table for a week.

"THE MAJOR" IS NOW SERVING WITH RANK OF LIEUTENANT

Geo. E. Gibson Has Been Promoted From The Ranks.

The latest orders contain the announcement that Geo. E. Gibson, of the 16th Battalion serving at the front, has been given the rank of lieutenant. This refers to "Major" Gibson so well known in this city, who went out with the first contingent from here as a private.

Will Not Buy Camp Kitchen.

The city council last evening decided that it would not purchase the camp kitchen for the soldiers at the front. When the matter was brought up, Ald. Casey moved that the request for the purchase be not granted. This motion carried without further discussion.

HAIR LIFTING AUTOMOBILE ACTS

THIS WEEK'S EPISODE OF "THE DIAMOND FROM THE SKY" VERY EXCITING

Westholme Has Great Attraction To Offer To Its Patrons.

The Westholme Theatre is offering for the beginning of this week a most thrilling section of "The Diamond from the Sky." Two of the scenes last night sent a thrill through the onlookers. These were from Irving Cumming s auto drive.

He is shown cutting across in front of an express train going at full speed. So close is the work done that the train seems to touch the rear wheels of the auto. It is said that Cumming s was arrested for the deed, which was done without permission.

To complete the auto ride, he shoots into mid-air over an embankment, leaping from the machine in the air and plunging into the water below.

The programme will be repeated tonight. In addition to the great attraction of "The Diamond from the Sky," an excellent programme is given.

CLAIMS ADJOINING DOLLY VARDEN AT ALICE ARM SHOWED WELL

The Discovery Of The Lead Was Made By Accident A Few Days Ago.

Another rich find is reported from Alice Arm, a mining camp which promises to become a record maker. The property adjoins the Dolly Varden, controlled by Richard McGinnis. It is said that it has been taken over by him on behalf of the company he represents. Values were high in the ore discovered, running 200 ounces in silver, it is said

The discovery was made by accident at the location. It is believed to be a continuation of the lead in the Dolly Varden.

Drydock Test Was Entirely Satisfactory To Its Designer

The G. T. P. drydock was yesterday subjected to its formal testing, preparatory to being taken over from the different contractors. W. T. Donnelly, of New York, the designer of the dock was present and personally inspected every movement of the great dock, which was put under water to a depth of 26 feet below the keel blocks, giving 30 feet from the floors of the pontoons to the surface. All three sections of the great dock were joined together for the test.

The dock as so joined up has a length of 604 feet. It has a capacity for handling of the Minnesota, the largest vessesl on the Pacific ocean. Taken apart into the three sections which make up the complete dock, the G. T. P. can handle three ordinary ships at the same time.

J. H. Pillsbury has had the supervision of the work as the representative of Mr. Donnelly from the start, and has repeatedly been complimented upon the way he has carried out the work. He has been assissted by Mr. Walker. The inspection for the Dominion Government has been done by Mr. Armstrong. Various representatives of the contracting companies were present yesterday for the test, including Mr. Fey for the Steel Corporation, which supplied the material in that line; Mr. Poole, representing the contractors for the steel work; Mr. Tracy, who supplied the pumps, etc.; Mr. Dietrich, who had the contract for the electrical supplies.

The dock was sunk without trouble, and in 45 minutes after starting the pumps, it had reached its normal position above water. This was very satisfactory to everyone concerned.

This type of dock is one that Mr. Donnelly perfected, and it is only six years ago since the first one of its kind was completed in New York. It has given entire satisfaction and is in constant use. Since that there have been similar ones constructed at several points, including Honolulu, where an addition is now being constructed to supplement that in use there.

French Army Is Maintaining Posts Along The West

Paris, Oct. 4.—An official report says:—In Artois the struggle trench by trench is being continued. On the crests south of Givenchy the enemy was able to regain a footing, at the crossing of five roads, but was repulsed everywhere else.

Artillery and trench gun action has been especially intense south of the Somme.

In the sector of Lizons, Chaulness an enemy's aeroplane was brought to earth within our lines. Two officers manning it were made prisoners.

In Champagne the enemy shelled our positions in the rear guard with shells containing suffocating mixtures. Our artillery replied energetically.

On the western outskirts of the Argonne forest, our heavy batteries took under their fire a hostile column marching from Baulny on to Apremont.

In the Vosges we repelled, after a spirited engagement, an attack of the enemy against our positions to the east of Celles-sur-Plaine.

A bombardment which was very violent on both sides occurred at Hartmanns and Weillerkopf.

QUIET WEDDING TO TAKE PLACE TODAY

Mr. H. P. Wilson And Miss Alice Carss Will Be Married This Morning.

The wedding is to take place this morning of Mr. H. P. Wilson, manager of the local branch of the Royal Bank, and Miss Alice Carss, only daughter of Mr. and Mrs. A. Carss, of this city. The wedding, which takes place at an early hour to allow their taking the G. T. P. steamer at 10 o'clock, will be a quiet one, attended by only a few of the most immediate friends of the families.

Mr. Wilson's mother, his brother, Mr. T. J. Wilson, and his sister Mrs. Melhuish, of Victoria are here to attend the marriage. Mrs. R. F. Green and her daughter, Miss C. Green, of Victoria, intimate friends of the bride have also arrived for the occasion.

The bride is well known in Prince Rupert, where she has spent several years graduating from the High School and taking her place among the most popular of the young ladies of the city. Mr. Wilson is likewise exceedingly popular. He opened the Royal Bank here, and has won a prominent place here in a business way, and also socially.

After a honeymoon trip they will return to Prince Rupert and take up their residence here.

Judgment Deferred.

Magistrate Carss yesterday postponed giving judgment in the charge laid against King Tai for selling liquor. The defense was that no liquor was sold, but was only given as a friendly act.

WILL APPLY TO QUASH BYLAW

D. W. MORRISSEY GAVE NOTICE OF INTENTION TO TAKE LEGAL STEPS

He Will Attempt To Break Early Closing Measure As To Grocers.

D. W. Morrissey last evening gave notice to the council that he would at the end of ten days, apply to have the early closing bylaw, as far as it affects grocery stores, quashed. He gave various grounds for this. Among these were insufficient signatures to the petition; names obtained by misrepresentations; signatures by those not entitled to sign; error as to the whole number of shops in the city; signing without authority; and persons signing more than once.

The city solicitor's report on the notice pointed out that the objections were not exact enough. No action was taken in the matter.

THE SUBMARINE INQUIRY.

The submarine inquiry at Victoria is establishing what was looked upon as certain to be the case, the fact that Sir Richard McBride in purchasing the boats showed splendid discretion. The better thinking Liberals have never believed that the course taken by the Premier was other than a right one. A few have been ready to cry graft, as they will about anything that a Conservative Premier will do. Sir Richard, however, is too well known in the province for the people to have any suspicion that his name will be identified with graft. The Premier has his faults, as every man has. Avarice and greed can never be laid against him. He has too little regard for riches to be guilty of these crimes.

A HYMN OF HATE.

The following parody of the German "Hymn of Hate" appears in the Toronto Daily Star, with "no apologies to Herr Lissauer."

Carrots or beets we hate them not,
We love them not, we hate them not,
Of all the things that land on our plate
There's only one that we loathe and hate;
We love a hundred, we hate but one,
An that we'll hate till kingdom come—
Sauerkraut.

It's known to you all, it's known to you all,
Pilgrims on this terrestrial ball;
Full of vinegar in distress,
Making a most unsavory mess.
Come, let us stand in our eating-place,
An oath to swear to, face to face;
An oath of bronze no wind can shake,
An oath for all sons of guns to take.
We will never forego our hate;
We have all but a single hate.
We love as one, we hate as one,
And we'll hate that dish if we do it alone—
Sauerkraut.

Wienerwurst, laberwurst, lager beer,
Many a time have given us cheer;
Not so bad if made just right;
Bad to take going to bed at night;
Better by far to lunch in——"The Day,"
Then there won't be the devil to pay.
But you we hate with a lasting hate;
We will never forego our hate;
Hate of the stomach and hate of the tongue,
Hate of the senses every one,
Hate of millions who've choked it down;
Hate of the country and hate of the town.
We love a thousand; we hate but one,
And that we'll hate with hate of Hun—
Sauerkraut.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

Deputy Minister of the Interior
