RUSSIAN ARMY IS NOW CLOSING IN UPON LEMBERG

MILITIA GUARD WILL REMAIN ON DUTY IN CITY

Vice-President Donaldson Of G. T. P. On Way To Alaska

Military Guards Will Be Resumed At All Points By Fusiliers

VICE-PRESIDENT OF G.T.P. ON TRIP

M. DONALDSON WILL GO ON TO ALASKA THIS MORNING ON VISIT

He Will Make The Round Trip Only On This Run.

There arrived in the city last evening by his private car Transcontinental the Vice-President and General Manager of the G. T. P. Morley Donaldson. He has made the trip west in order to make a general inspection, and also to enable him to take the Alaskan trip by the G. T. P. steame.. He had not been in the best of health a few months ago and while he is feeling very much better, it was thought that the sea trip would be of benefit to him, while at the same time he would see for himself the service that has been provided.

It is Mr. Donaldson's intention to make the round trip to Skagway and back to Prince Rupert.

The Vice-President says that on the prairies now all attention is being directed to the harvest. There has been some loss from hail and from must, but the prairie provinces will again have a big production.

A. Kilpatrick, Superintendent of the G. T. P., with headquarters at Smithers, accompanied Mr. Donaldson over the Pacific coast section of the route.

On the same train there arrived F. Holley, of the Bureau of Commercial Economics, who has been in the west some little time in connection with his work. Mr. Holley's undertaking is recognized by the Governments of Canada and the United States. He will make the trip to Alaska also today.

It had been expected that the Irish Fusiliers, which under the command of Lieuts. Christie and Bowden have been maintaining guard at various points in and about the city, would leave last evening. Acting upon orders to have these soldiers withdrawn, everything was got in readiness for the whole force to embark upon the steamer Chelohsin last evening. For the last day or two the guards have been withdrawn at different outside points and everything was got ready at the headquarters at the drydock for leaving.

About noon yesterday, however, a message was received from headquarters, altering all these plans, and instructing Lieut. Christie to resume his guards at the various points. Action will be taken at once, and by today there will be soldiers again stationed at strategic points about he entrances to the city.

It has evidently been found unwise to take off the guards at these points. The impression locally has been that it would be inadvisable to do so. The soldiers themselves, while looking forward to getting home in many cases, are not put out at staying. The officers, while disappointed at not getting home again, like good soldiers accept their instructions and resume the local duties.

Irrigated Western Lands.

The growing importance of irrigation in the agricultural development of Canada is suggested by a new folder just issued by the Department of Nautral Resources of the Canadian Pacific Railway. The folder deals with the irrigation enterprises in the neighborhood of Calgary. It is handsomely illustrated and complete, with valuable information for the farmer and home-builder. A copy may be had free by writing the Publicity Branch, Department of Nautral Resources, Calgary, Alta.

Are You a Britisher?

Do You Believe That "A Man's Home Is His Castle?"

When legislation is discussed which tramples in the dust cherished British traditions and customs, you ought to know it.

What About The Prohibition Act

CLAUSE 48 OF THIS ACT PROVIDES THAT A CONSTABLE, PROVINCIAL OR LOCAL, MAY AT ANY TIME OF THE DAY OR NIGHT AND WITHOUT A WARRANT FORCIBLY ENTER INTO YOUR HOME ON THE MERE SUSPICION THAT YOUR HAVE LIQUOR IN YOUR POSSESSION. ONCE IN THE HOUSE HE MAY BREAK INTO ANY ROOM, CLOSET, CHEST OR BOX, ETC.
As a Loyal British Subject do you approve of such methods?

READ THE ACT. LEARN WHAT IT MEANS.

Copies of the Act can be secured on application to the Merchants' Protective Association, Room 24, Canada Life Building, Vancouver.

BREWSTER'S MOVE WAS A BAD ONE

OPPOSITION'S ATTEMPT TO TIE UP COUNTRY BY WRIT CONDEMNED

Effort Looked Upon As One To Block Progress And Hurt Province.

(Special to The Journal.)

Victoria, August, 15.—After a month's absence from the capital, the Hon. Lorne Campbell, Minister of Mines, has returned with a cheerful message for Conservatives respecting the political outlook. He declared that while the people of the interior are too busy to spend much time in talking politics they are nevertheless thinking hard, and he is convinced that the Government's programme meets with the hearty approval of everyone interested in the progress of the Province. Of the outcome of the election, he has not the slightest doubt. He is confident that the Government will be returned by a strong majority, because the sole desire of the electors at present is a continuance of the programme which has for its object the up-building of the great industries of the Province.

"It is patent," said Mr. Campbell, "that the people of the interior fully realize the fact that the Liberals are without any clear-cut policy which would make for the development of the resources of the Province. They appraise at its true worth the Liberal policy of criticism and abuse, which is lacking of a single constructive idea; they contrast the actions of the Government with the promises of the Opposition, and the result is wholly in favor of the former. The one definite step so far taken by the Liberals—the issuance of the Brewster writ—is taken seriously there. The mining industry is prosperous, new capital is coming in, properties are being developed, and everywhere there is optimism and faith in the future.

They interpret the Brewster writ as an effort to stop the progress of the country, a direct menace to their growing prosperity; they feel that at this critical stage in the welfare of the Province such a step will jeopardize the interests of the country; and they appreciate fully, I am convinced, that the effort to block the wheels of the administration is a deliberate

(Continued on Page Four.)

SIR ROBERT MAY COME WEST ON TRIP THIS FALL

Ottawa, Aug. 15.—Sir Robert Borden has decided that it will be unnecessary for him to visit England, as Sir George E. Foster is attending to the Dominion business in London.

The Premier contemplates touring the western provinces, probably late in September.

ITALIAN ARMIES ARE GAINING AGAINST AUSTRIA

Rome, Aug. 15.—On the Isonzo front the Italians have made further gains against the Austrians along the Carso Plateau in the Gorizia section.

SOUTHERN INTERIOR WITH GOVERNMENT

L. W. SHATFORD, CANDIDATE FOR SIMILKAMEEN SAYS OUTLOOK IS GOOD

The People Will Continue To Support The Conservatives.

(Special to The Journal.)

Victoria, Aug. 15.—L. W. Shatford, former member in the Legislature for the riding of Similkameen and again a candidate in the Conservative interests for that district, in an interview here said: "The people of the interior are enjoying a period of prosperity such as they have not experienced in many years. The mining, lumbering and agricultural interests are doing exceedingly well, and with every man at work and good prices being secured for all products, conditions could hardly be improved upon. Politically, the outlook is one most favorablee to the administration. The people of the interior seek no change of government. They recognize that the businesslike programme of the Government is the one suited to their needs and they have no desire to place in power a party which has shown itself so entirely devoid of a policy as have the Liberals. The campaign of abuse, which appears to be the whole stock-in-trade of the Liberal party, is not meeting with favor in the interior. The people there prefer action to words."

LEMBERG MAY BE ATTACKED SOON

INDICATIONS POINT TO FACT THAT EFFORTS ARE CENTERING THERE

Austrian Losses In The Fighting Continues To Be Heavy.

London, Aug. 15.—A careful study of the official reports indicates that the Russians have already captured fifty-six thousand of Von Bothmer's army. Half of the entire Austro-German force has been accounted for. The lists have been carefully checked up and it is believed that since June the enemy has suffered the loss of half a million men killed and wounded.

Scherbatchoff's troops are aligning with Sakharoff's and Letchitzsky's armies preparatory to the inauguration of a terrific smash through the Austro-German lines to reach the Galician capital.

Wants Help.

Rome, Aug. 15.—There are renewed Austrian appeals for more German troops to defend the Galician front against the Russians. This is supposed to have been one of the subjects discussed at last week's conference at Vienna between the Emperor Franz Josef and Chancellor Von Bethmann-Hollwegg.

Last evening the Catholic Club baseball players defeated the Colts by a score of 5 to 2. Another match will be played this afternoon at the Recreation Grounds.

Mineral Production In Province Promises To Be Very Great

(Special to The Journal.)

Victoria, Aug. 15.—"I was particularly interested in studying the effect of the legislation which the Government passed at the recent session, with a view to encouraging the development of mining," said Hon. Lorne Campbell, Minister of Mines on his return from the interior. "Although the act appropriating $200,000 for the opening up of trails and roads to mineral areas warranting the expenditure did not set aside a large amount when the immense area to be covered is considered, yet it has been the means of showing to the investor in mining properties that we are willing to do everything possible to assist the industry, and it has had the effeect of stimulating great interest in the development of our mineral resources."

Production of metals, Mr. Campbell stated, is steadily increasing, the high prices consequent on the war having stimulated work in every section. If nothing unforseen occurs phoduction this year will easily beat all previous records. "The mining industry in the early days when things were quiet on the coast was the means of improving conditions throughout the whole Province. The way the country looks from the standpoint of mineral production today, including the coast and interior districts, there is absolutely no reason why, if sufficient capital can be interested, that the industry will not again be instrumental in bringing about renewed conditions of prosperity which will be widespread. In fact, it is my opinion that the people of British Columbia do not take sufficient interest in this, one of the greatest, if not the greatest, of our industries."

The lumber industry, too, Mr. Campbell stated, was in a prosperous condition in the interior. Those interestd in the industry are heartily in favor of the Government's legislation aiding shipping. They realize that adequate shipping facilities from coast ports will mean the marketing of a large quantity of lumber now going into the prairies. With that improved coast shipment the prairie markets will be left to a great extent to the interior mills.

The Morning Journal delivered to your home at 50 cents a month.

MINING ONE OF CHIEF INDUSTRIES

REPRESENTATIVES OF MANY OF THE LARGE CORPORATIONS ARE IN THIS PART

All Eyes On The Continent Are Turned Towards This Mining Section.

The mining industry in this part of the country is fast assuming an importance that is second to no other line of operation. Hon. Lorne Campbell, as appears from a despatch from Victoria, is most optimistic with regard to the mining outlook in the southern part of the Province, through which he has just made a tour. This section of the country,

EX-ALDERMAN MAITLAND STILL "KICKING" IN EUROPE

Interesting Letter Received From Officer Of 102nd Battalion.

An interesting letter received locally from one of the officers of the 102nd Battalion shortly before the departure of that body to France contains some interesting news. He states that the battalion was to leave shortly for France and would be a base battalion with its turn in the trenches a little later.

In the letter he says he could hear Tom Maitland, the Sergt. of Transport, outside kicking because he had to get a field kitchen up to some position before breakfast.

Mention is made that Tom Stewart was in Bramshott hospital, having been wounded for the third time. Capt, Travis Lucas was seen and Capt. Travis Lucas was seen and for the first time.

CITY OF PRINCE RUPERT, B. C.

Tenders will be received up to August 18th next by the City Clerk, Prince Rupert, B. C., for the purchase of the following apparatus:

1—Return tubular boiler, 80. 7 h.p. 125 per square in.
1—4 1-2" x 2 3-4° x 6" boiler food pump.
1—1 1-4" Penberthy injector.
1—Copper coil feed water heater.
1—Underwriters Fire Pump, 16" x 9° x 12". Capacity 750 gallons made by Canada Foundry Company.
Complete set fittings for above.

The above apparatus is now installed in the Morse Creek Pumping Plant of the Corporation of Prince Rupert, and is in first-class condition, being practically new. It was used only for a very short time during the construction of the Shawatlans Hydro system.

Tenderers will be expected to dismantle and remove the plant at their own expense, but the Corporation will do this work if so desired at the following estimated cost:

F.O.B. Cars Prince Rupert $150.00.
F.O.B. Boat Prince Rupert $225.00

Highest or any tender not necessarily accepted.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.

Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

BREWSTER'S MOVE.

(Continued from Page One.)

attempt to secure a mere political advantage—to put the Government 'in a hole.' They realize that, should Mr. Brewster be returned to power he may not be able to withdraw his writ, that the action will probably be carried through to the Privy Council, which will mean in all likelihood a two years' fight, during which time uncertainty would lie over the Provinve, putting a damper on all kinds of activity.

"Everybody is working in the interior and there is not an idle hand. The fact that British Columbia has recruited so many men and all industries are so prosperous would make it appear as if the time will soon come when the women of the Province will be called upon to take a more active part in carrying on different industries, until such time as their men-folk come back from the war. The women are doing it in England and doing it well. It may not be long until they are doing it in British Columbia."

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Prince Rupert people. Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, the Pioneer Druggist. g-1

tf. ORME'S LIMITED.

MINING ONE OF.

(Continued from Page One.)

according to well informed men, is of even greater promise in this line than is the southern part.

This view is borne out by the fact that so many men of wide reputation in the mining world are making their headquarters here this summer. There are at least six representative engineers on the qui vive for anything good in a mining way in this country now. These men are representing large corporations and have reputations second to none on the continent. They are not making any noise about their work for that would not assist them in their mission.

Prince Rupert is fast becoming a mining centre as well as a fish metropolis. The fact that there are mines in this district that are actually "making good" is of inestimable advantage to the country and is encouraging capital to seek fresh investments here.

Pleased With Country.

B. C. Mess, of Findlay, Durham & Brody, of Victoria returned last evening from a trip taken along the line of the G. T. P. as far as Smithers. He was very agreeably surprised. The vast extent of arable lands delighted the visitor.

TO THE PUBLIC.

The Prince Rupert Agency of the Dominion Express Company has been transferred to me, and in future will be conducted at my office, 623 Second Avenue, next door to Westholme Theatre.

No Need To Send Away For Jewelry

If Prince Rupert people will deal at home they will find our price about the same as elsewhere for equal quality, as our freight bills are not heavy, and home dealers will be encouraged to keep proper stocks.

Let us compare, for instance, Eaton's price, $5.70 on a 7 Jeweled Waltham. Our Price is $6.00, but it is worth the 30c to see what you are getting when you want it, and have it guaranteed right here.

Take also the highest priced Waltham, a 23 Jeweled Vanguard at $44.60. Our Price is $45.00. Not very much difference.

Many articles, of course, are not so easily compared, and are made in many qualities and often look big for the money in the catalogue.
